

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON JUNE 12, 2005 AT 4:25 P.M.

**OUR HEAVENLY MOTHER
SAINT MARGARET MARY ALACOQUE
SAINT FRANCIS OF ASSISI**

“I am Saint Margaret Mary Alacoque. I am Saint Francis of Assisi. I am your Heavenly Mother.

It is so Important that We take this time of yours and use it to address Important Situations, Conditions, that in each day of life they take time to be used beneficially, orderly, and without question.

In the Creation of human life, much was taken into consideration on the purpose of it, the value of it, the need for it, and yes, the love that would come from it, in communication.

Thousands of Words have been given to aid those in the living state to more indepthly understand that so many *Gifts* have been instilled into human living that are needed to follow the purpose of them, the need for them, giving to those involved in activities, and in many practices of useful conditions regarding help for the mentality, aid for the body, and yes, hope for the Soul.

Human life is an active manner of living, because within it, it has many attributes, many conditions, and much purpose. Without the *Gifts*, it would be an empty state of living, thus not participating in all there is, in giving to human life *responsibilities* and *a will* to commit to what would be feasible for the good of living in the human manner, way: the purpose for sight; the purpose for hearing; the purpose for speech; the purpose for walking; the purpose for touch with the hands; the purpose for being able to remember. The list is endless. I add to this list: the

ability to associate with other human beings in a degree of understanding and company to each other, thus giving to human life, human living, *a manner and way to accomplish so many things.*

I will speak more on this another time, but I am requesting that those who read these Words, see in Them the Value They are in how you live, how you think, how you associate with others like yourself, and how Important your *example* is to other human beings; plus, how *pure* you are in how you live, because of the *Soul* you are aware of that resides in you, from the moment of your conception until the day and the time your heart is told, by The Creator of All Things, ‘Much must stop.’

I know What I have spoken may be difficult for some, but it is an Act of Divine Love, because of the Importance of human life and why it was created the way it was. It started as a small seed, and then became greater than a seed could be considered, because of the *Life* that was drawn to a beginning of time in it, *Purpose* for it, and *the Goal to be Heaven.*”
