

OUR HEAVENLY FATHER

“I am your Heavenly Father.

A Gift of this Measure, this Purpose, this Divine Love, should never be passed over in a weak manner of acceptance, because a *Gift such as This is, is obviously from Me.*

I speak so much and do not announce Myself to *this little one*, because each time I mention Who I Am, she feels a Strength and a Power, and yes, *responsibility above and beyond* what other things of importance would mean to her.

In *the Gift of loving The Creator*, there are many *Gifts*, because it is important for individuals of all ages to understand that there is *An Ultimate Source, Living Matter*, that has control and definitely uses a Particular Power on those who are created so small, yet with the ability to be intellectual; also, the ability to serve The Divine at a time when it is conceivable to be.

Children should learn prayers, and it should be done in a way and a manner, helping them to know and to more fully understand that Those they pray to, at one time lived on the land and were made *Saints because of how They acted, how They thought, and the goodness that They displayed*, helping others to learn the importance of moral decency and kindness in a pure state, where they dealt with everyone their age, or of another age.

So much is not spoken to the young, helping them to understand points that are important for the sake of their Souls, and of course, how they think in the human way, and for Divine Plan.

So much has been delivered through *one small voice*, out of an Act of Love for human beings, for all ages, for all abilities to think, to speak, and to address The Divine.

I could speak hours on this Subject because it is important that all ages of human life not just learn, but understand that there is *A Source of Divine Love* they cannot see, but *It* created them a human being a long time ago.

Speaking like this and having It put into print is a pleasure for All of Us Here, because it is Our Manner of Communication that The Father is so happy to hear. It gives hope. It gives Strength morally, mentally, psychologically and physically, but It gives to the Communication a *Oneness* that nothing else can.

As I close these Words, I do it rather resistantly, because I enjoy this time with you, communicating in the Value of what life is all about and the *Goal* that awaits it, and from that point on, *is closely associated with The Holy Trinity.*”
