

OUR HEAVENLY FATHER

“I am your Heavenly Father.

There are so many times Many of the Saints Here Where I am, try to aid, help, or assure those yet upon the earth, because of a situation, a condition, a disappointment or a broken hope, that would have meant much. Those who pray, those who, in the living state, should understand that they are not always given *exactly* what they request to be, because it may not be suitable or advantageous to the results they think is best at that time.

In the manner of human living, there are so many means to happiness, to joy, and to feel the *Goal* that gives to human lives the ability to understand that in the manner of human living, there are so many things that are able to be contributed to happiness, to progress, to joy, and to looking at conditions, situations, not as failures, but as *the ability to conquer* what could possibly be not ordinary.

My Words may not mean to some, what They will mean to others, but *the Gift of human life is a Gift Far Greater than it is seen to be*. There are so many various means in which other things can be used to give one's sensitivities the ability to see them *as sensitivities*, and conquer them very easily.

I know I do not speak the way you would want Me to, but My Feeling, My Love for all who are created, is to give when I am capable of giving it, in an open manner, *Hope*, because *Hope* sometimes conquers disappointments faster than something the individual feels is the answer.

I could speak hours on this, but I hope you will read that one small Segment that gives Logic. Always remember: *Logic is the foundation many times, not just to be attracted with or by, but to give strength in decisions that are needed.*

I speak differently, but I speak these Words knowing that perhaps if They are not needed at this moment, They might be needed another time, maybe even for another individual who needs to hear or to feel *the Strength from The Divine.*"
