

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**I know it is difficult for many to understand that I would speak so much and so many times through *a voice* such as you all have, but I assure you, the reason I use *one voice* has an Importance to it. In this way, there can be no others who would take the advantage of preparing themselves for the attention they will to have, by trying to speak What I Will others to learn.**

**My Words are usually Very Direct through one voice, because What I Will others to know has an Importance in It that, in many ways, could be confusing if there was more, than Words being repeated bearing My Name to several human beings.**

**Throughout the world, My Love for human life is obvious. Each portion of the world has been instructed in My Presence in many issues, thus partaking in Communication with those in the living state, What I Will them to more fully understand regarding the Importance of being a human being, and following *What is Consciously Moral Wording* for understanding, to apply only to What I Will them to have.**

**Children of all ages should be aware that though My Presence is not visual, I am constantly present in My Manner of how I understand My Presence to be able to aid, to comfort, and to closely relate to what is being practiced in many places.**

**Some individuals want so much to be able to speak words of direction. That is why My Will supersedes My Interpretation**

before It reaches you.

**I** know I speak differently, but I speak in Truth and Protection for the *Souls* that are the *victims*, are the *recipients* of all you think, say, do and participate in.

**T**o be created a human being is a *Gift of My Divine Love*, thus giving to human beings My Personal Association, able to communicate when it is needed, when it is feasible, and when it can be the turning point of decisions that might not be correct if I were not present during what was spoken or practiced.

**M**y Words at this time are different, but I assure you, My Love for human beings of all backgrounds, is My Desire to be able to help them. One day when They are with Me in the Heavens, They will remember Our Communication, and it will draw Us closer in more abilities to practice, thus making what occurred helpful to progress morally, mentally, spiritually, in a degree understandable for Us to be 'One', not separated by the need for elaboration in discussing What was spoken to be understood as *giving the privilege to work together for the sake of Souls*, to not just be remembered, but to give Them *the privilege of Sainthood*. Remember these things. They are of Great Importance."
