OUR HEAVENLY FATHER

“I am your Heavenly Father.

I come on this day with Words sad for Me to say, but I must say Them so that in this Communication you have with Me, it is Important how I see things, how they need to be. *This little one* walks a tightrope for My Will to be done through human beings.

So much could be spoken for All there is to know, but it would be too difficult for many to be able to understand or cope with such a figure that I use in Divine Plan.

The world is a Gift of Divine Love, and all those created in a human way are blessed abundantly, because of the *Goal* I Will them to reach one day.

So many excuses are evident, in not just to *defy* what is physically, morally, mentally, socially, but it is *casting aside* the Treasure of knowing the benefits of, and in, how I address them.

Needless to say, I could speak hours in an endless way, just delivering My Love, My Hope, My Will for the Souls I created that I want returned to Me, representing the human body and mind in which I placed them at the moment they were physically conceived.

There are so many things I want human beings to understand. They were not created a vegetable, an animal, a rock, or water. They were created with flesh, blood, abilities

unlimited, and the mentality that would never let them down if they used it properly.

My Gift of Creation of human lives is a Gift beyond what it is seen to be, but this is because to walk the path, to live the way I designed it for, is just a weakness, not seeing *how close I am to them*. I instilled into human life the ability to understand there has to be A Creator, A Power Above and Beyond man.

I smile at *this little one* because of her love for Me, and if I were present I would wipe her tears, because as a little child she talked to Me and told Me she loved Me.”
