GOD THE FATHER

“You are never alone. First of all, your Soul many times allows Me to know what is occurring where you are. In many ways, this was decided to be because of the Importance of human living, human life, and the Goal that it was created for: to return a Portion of it to The Spirit of Divine Love.

There are so many Words that Many of Us are prepared to speak to enlighten the mentalities to the Purpose and Reasonability that was created to aid not just the living portion, but the Spiritual Gift, because of the Soul in each human life is to return to The Creator, because of how It was addressed to be one day ‘a Saint’.

Thank you for taking These Words. I could speak a longer time on the Importance of what every human being has the responsibility for, to, and the Divine Love that awaits every Soul at a time when It is designed to be.

I will talk more on This, because of the Importance of It to be understood what a Great Gift of Divine Love It is.”
