

**REVELATION DELIVERED THROUGH FRANCES MARIE KLUG
ON JANUARY 29, 1970 AT 1:30 P.M.**

“All through time, man has looked for obvious things to help him make life easier. There is nothing new in man’s thinking this way.

All through time God has existed, and He has set forth many men to teach others His Way, teaching them the easy way to God, but man gets sidetracked and says he’ll try to figure out a more systematic system.

Now, in the world, men are feeding on a systematic system. One man says, ‘If I touch you, I will learn more about me,’ and I say, ‘If that same man would bend his knee, say more prayers, commit less sin and work more on prayer, he would find the system best suitable for his way of life, whereas he wastes time looking in false places, false ideas, and leaning on the weaknesses of man.’

Bend thy knee, bow thy head, and more will be accomplished. So be it.”
