

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON JANUARY 5, 1975 AT 7:43 P.M.

SAINT TERESA OF AVILA

“My beloved children, I am Saint Teresa of Avila. I come through this child. I have not been through this Great Miracle for some time now, but I come through to deliver a Great Message on this night in your time. There are so many Messages to be given to the world through this Great Miracle of Love from The Divine.

First, children must first begin to better understand that this is a Teaching Miracle for man. This Miracle is to give to the world, as The Son did one time, the basic truths for The Divine, the basic love of The Divine, and the Rules to live by, one at a time. There are so many children in the world who must come to this Great Miracle to see this Hill of Hope, as you call it, as The Father has named it to be, and The Beloved Saint Joseph stands Here, High in the Heavens, and smiles when children say, ‘Don’t forget, say **“Saint Joseph’s Hill Of Hope”**.’

So Heaven does have a sense of humor, my little ones, and remember, that as you walk in this Great Miracle of Light, children must better understand that Light is the Wisdom from The Divine, and light is the thing that makes you pay attention to certain things; for, what if you were sitting in the dark now? You would want to leave this place. But, the light that God allowed to be man’s way is lighting the room in a special way. But there is a Far Greater Light coming to you every day and it is the Light in the Wisdom, of the Wisdom of The Divine, through this Miracle, guided, governed, controlled by The Father Himself, for all men to better understand the privilege of the human role.

And now, I, Saint Teresa of Avila say, ‘The world must see this Miracle for a lively, happy, loving, giving, serving One in the world.’ This Hill must be given to the world firsthand. It will teach Bible History, it will teach Church History, and it will give men Direction according to God’s Plan.

Also, children must see this Hill in picture form so they will better understand, with their eyes, what this place is all about. And children must be taught through this Hill that there are Sacraments to be followed, to be honored, and yes, to be shared with other men according to the Commandment controlling it, according to the Sacrament and its way.

Children will come to this place. They will sit and ponder over what it is all about, and when they go away they will remember the time they spent here was very special that day. Children — little, larger, taller, older — will begin to better understand what a privilege it is to have this place in the midst of man.

Also, remember that all the happy events you have, connected with this project for God, is also in His Plan, for when you dance, when you sing and when you adorn yourself with happy things, Heaven smiles, for if you did not get accustomed to beauty upon the earth, how would you truly accept it when you got Here?

We smile when We say, 'Happiness should reign upon the earth and you must enjoy all things in your day, for truth, love and beautiful things are not against God's Will, for He says, "Enjoy them and love them, for you will be better used to them and want to have more of them, so you will desire to come This Way".'

I, Saint Teresa of Avila, loved The Beloved Saint Joseph when I was upon the earth, but I love Him more Here, for you see, He stands High in the Heavens, He stands close with The Divine, and in many ways, He radiates what Divine Light is. Remember what I have just said. So be it."
