

SAINT MICHAEL

**“M**y beloved children, subject to God in all ways, I am one who came to the earth many, many times, to prepare this child to walk for The Divine. At the Command of The Father I delivered all Words, and through these Words I gave Direction for all of mankind. I was the one that this child was responsible to in many areas, for you see, I am known as Saint Michael, the Protector of all Heavenly Things.

**A**s I stand Here in the Heavens, I come to the earth in further preparation of a child who stands upon the earth, delicate in many ways, subject to Divine Will in all things, and in a direct manner, the link between all of mankind and beautiful things. The sincerity that is expressed through this child’s way, the devotedness in many things, the devout manner in which all things must be accomplished, the solemnity that must be seen, the humility that must be extended, and the profession of Faith, the profession of Honor and the direct manner in which it must be displayed, is constantly delivered to all of men. And through this child men will be blessed by The Father, by The Son and by The Beloved One, The Holy Ghost, most certainly not the last, for in Divine Manner, Divine Way, He is the Power of The Father, the Justice of The Father, the Wisdom of The Father, the Beauty and the Love in certain ways.

**A**s We stand Here in the Heavens, My Words come forth to the earth to establish things that must be understood upon the earth. This child has been given a command. The command is to perform in the manner in which The Heavenly Father demands. This must be seen, this must be heard and this must be accepted by all men.

**T**hrough this Great Miracle that bears the Name of The Beloved, The One, The Third Person of The Holy Trinity, The Holy Ghost, this Great Miracle bears the Name that He bore upon the earth in the form of a Man — Joseph. It was a Name that meant many things. It was a Name that

combined many things. It was a Name that expressed singularity, a Name that expressed devoted way. It was a Name that expressed a oneness. It was a Name that expressed love. It was a Name that has always been linked with, attached to, and the subject of The Holy Family.

**S**o many children throughout the world must understand that this Great Miracle that comes to the world is for the good of all men. It was established a long time ago, and at this time, in the time in which you live, this beloved way has come to the earth to re-establish the move, the movement, the moment of Declaration of Faith. Men must begin to understand that this strength upon the earth is truly a warrior for man. Men must look, not to a relaxed manner, a relaxed form of life, but men must look to a progressive point of life, a progressive way of life, that is, regarding the Motion, the Goal, the Light and the Hope of the Soul.

**M**en speak of progressiveness in a material way only, in an emotional way. They speak of it in a monetary way. But I say to the whole world now, 'Look to the Beauty of the Soul. Look to the life that will be, and look to the Goal The Father has set for all mankind to come Here one day and live with The Holy Trinity.' If man rejects this Goal man will have nothing to live for, nothing to look forward to, nothing to believe in, for without it there is no light, there is no hope, there is nothing left.

**I**, Saint Michael, stand Here in the Heavens and I shout through this child, 'Be aware of the distinctness of this Great Miracle. Beware of the evil ones working against it.' My beloved children, the whole world has been blessed by this Miracle and the whole world must look to It for the Direction, the Care, the Hope and the Solution to the agonies in the world, the injustices in the world, the chaos, the frenzy, the turbulence, the lack of hope.

**M**en must look to self-discipline, humility. Men must begin to stabilize and formalize many things. Men must learn to seek out the solemnity of the action that God Himself delivered to the world. Men must begin to see the reality of the gift of Baptism. Men must begin to see the

reality of the sanctity of things.

**I** bless you from the Heavens and I say: 'The Father's Name comes forward to the world openly and in a beautiful way. The Son's Name comes to the world in a loving way, a way of obedience, a way of tolerance, a way of commitment, a way of dedication. And the Name of The Holy Ghost comes to the world in a formal way, through a Miracle that bears the Name of the Portion of The Holy Ghost that came to the world, that went forward to extend the example to all men for two thousand years. Imagine this. The Name has remained for two thousand years and yet men try to say He was only a man. Not so.'

**M**y beloved children, it is of Truth, it is in Truth, it is the Greatest Truth in the world: The Beloved Joseph Is The Holy Ghost. So be it."
