

OUR HEAVENLY MOTHER

“I am your Heavenly Mother. Mankind does not realize what occurs so many times where this small instrument is concerned. We call it putting her through, similar to what man does when he plays the game called ‘a tug of war’. As All of Heaven constantly stands by on the Other Side, there is mankind pulling in another direction.

No one hears inward cries of this little one who says oftentimes, ‘I know, God, I must not ignore You or Anyone with You, and I do not want to hurt any man, woman or child.’ I oftentimes step in because she is totally, she is fully adaptable to what We tell her is what she must do.

Many men and women, claiming high technology in the spiritual field, could not withstand, tolerate or handle what this little instrument does during a full days time. There are many men in the Priesthood who would be so enamored to be counted in this type of living.

I smile at her littleness because it has an innocence in it that would be difficult for most of mankind to understand.

Many who have served in what is called religious vocations, were finding it difficult to adapt to the rules, regulations, and orderly manner that was insisted upon a long time ago. I can say, it would have been a rare one, an unusual one, to take on the responsibility, the humility, the honesty, that this little one through whom I speak, takes as a normal way for her to live, never questioning the Messages in what They reveal.

Many religiously oriented men must read what We have spoken, because if they have a genuine determination to protect the principles

of Faith in God, they will benefit much; in fact, more than from any other manner of instruction, learning, reading, or interpretation of what bears so many demands of what they should follow.

I speak slowly through her for her body is physically weak and has been put through a tremendous 'tug of war' lately.

Mankind talks about personal responsibilities, interpreting them in the context of their living habits and routine.

It is important for every human being to put great value on God's Commandments, loyalty to Them, pure expression of Them, and not being ashamed to teach Them. In so many areas of different forms of life, mankind has not just rejected Them but has totally dismissed Them, because of the attitude and the misconception that They do not exist for this period of life.

Let Me say this: At no time has The Father ever announced at any time, through any changes that have occurred regarding man's behavior, that God's Commandments no longer are applicable.

The world you live in has become more impure in the minds, the actions, and example in tolerance, than is understandable to those who value purity of mind, body, associations, and any physical expressions.

I could speak hours at any pace that this child would be able to accept, but I am aware that this is not the time nor the place. What mankind does not fully understand, even those close to her, is that she is constantly aware of Our Entrance, and this alone takes energy from her, because of the need for alertness at any moment of the day and night.

I bless many when they open their mind to the Importance of this Great Miracle of Hope, because in doing this, it takes a distinct feeling, grasp, understanding, and desire to become more spiritually purified in the correct way, for the correct reason.

As I leave I bless you for the time you take, so that My Words will pass to many who, in reality, unknowingly wait for some intercession, for some explanation, for some information, to help them grow in loving God in more ways. So be it.”
