

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON SEPTEMBER 30, 1992 AT 2:20 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. I have once again received permission to speak to a group who would take the Words down that The Father is allowing to be written, so that thousands, perhaps millions, will read, will follow, and become closer to The Father’s Will, for the benefit of each one’s Soul.

Many men, women and children are not aware of having a Portion of The Father within their being, called a Soul. Even when most speak about a Soul, they do not have full realization of Its True Existence, True Being.

As I speak through this Miracle of Hope, it is to teach mankind the importance of what human life is all about and the privilege man has to be the custodian of this Special Gift of The Father, a Soul. Some men who have studied theology cannot relate to being the possessor of such an Important Portion that is truly a Portion of God. They say, ‘It cannot be so.’

I, Saint Alphonsus Liguori, have spoken much through this Beautiful Gift of Love, Designed by The Father, continuously watched over by The Father, because there were so many Important Revelations He wanted mankind to be aware of, to better understand, because of the importance of human life. If mankind will see the Value of this Great Gift of Love, man will better understand the necessity to obey God’s Commandments.

Just one of the greatest sins in the world today, that has existed through mankind since the beginning of creation, and that is infidelity. Many times man does not feel this is a sin, but categorizes it only as a human mistake, or even merely a human act to be expected of man; wrong thinking, wrong determination, on this.

Every Commandment has a purpose and, in reality, is not difficult to

understand. Mankind argues, debates, and even uses physical violence if he or she is offended in some small way, yet when these same people are told they have a Soul, the Soul is a Portion of God, and they must obey God's Commandments, they can dismiss this statement as if it had never been spoken. They cannot relate to it, they ignore it. Why?

As I speak, My Words may not touch some who will read Them, but some who will read Them might be able to gain the strength needed to correct the wrong they are doing, and to protect the Soul that God gave them, so this Soul will return to God in a manner pleasing to Him, and with a love that will radiate, because of the one with whom the Soul lived for a given time.

As I speak to you now, and as We Here in the Heavens look into many hidden and even some open places, what We see is not just a sadness, but a horror, because of the desecration to the Souls, but also, the lack of respect for human life, for the purpose man was created.

So Many of Us have been speaking consistently on the Soul, because of the necessity for the Soul to be protected from impurities and many other disgraceful acts, actions, thoughts, words, and promiscuous behavior, that mankind feels is just a normal human part of life. As We said before, many men and women who are involved in the instruction of others, in the spirituality of others, will deny many things that have come through this Great Miracle.

Mankind rejects The Beloved Heavenly Mother's Prime Position Here, Prime Station Of Being, Here in the Heavens. Mankind uses all theory against Joseph, called Saint Joseph, as being The Third Person of The Holy Trinity. Let me say this: They have no proof that These Things Are Other Than What We Have Said Them To Be.

Another issue desperately rejected by some, and that is that each human being has been handed at the moment of conception, a Soul,

basically a Portion of God, to one day become a Saint with Him forever.

Another subject many men will fight secretly, some will put it on paper in denial, that theology is not based on theory, but fact. These men and women learned this through other interpretations of it.

I come today to say, 'What has been passed through this little woman in the world is never to be denied by her, or anyone who has the Faith to believe in this Precious Gift of Love from God, called The Miracle of Saint Joseph.' So be it."
