

SAINT THERESE OF LISIEUX

**“I** am Saint Therese of Lisieux. I have not spoken lately through this Generous Gift of Love from The Father.

**T**here are so Many Here Who have been directed to teach, instruct mankind, and I was told that on this night I would speak. I am grateful to The Father for this privilege, because you must understand that a Gift of such Divine Love must be understood for the Benefits that are passed through It, in It, with It.

**T**his Beautiful Miracle that bears the Name of A Divine One, One of Greatness, One of Service, One with a Closeness to The Father indefinable, and through All that has been spoken of this Precious One, mankind must understand the Importance of the Goal of Sainthood for everyone.

**T**here is great sadness Here in the Heavens when so many act indifferently regarding the Soul that is given at the moment of conception. This Sign of The Father’s Love is never eliminated from one human conception. It is sad to hear so much disregard for this Precious Gift, and so much misunderstanding regarding the importance of human life.

**M**any pray formal prayers, ones that were written for those who would choose to pray this way, but you must understand that a formal prayer, though beautiful to hear, sometimes lacks sincerity when it is spoken too quickly, without thought, without full understanding of what is being said or read.

**T**hink about this on this night: As you are an individual, you have the privilege of talking secretly, making up your own prayers, your own speech, your own format, in greeting, in love, in getting attention, for We All hear

your prayers. We are fully aware of what you are doing. Your Soul is in close contact with The Father at all times. Never forget this.

**Y**our Soul is an Important Part of your daily living, your daily hopes, your daily cares, your daily responses, the soundness in what you do, the laxness in your manner of living, and your refusal to respond to God's Rules.

**Y**ou say, 'I love God.' It is a beautiful thing for Him to hear, but then ask yourself, are you obedient to His Rules? Your obedience is most important to Him because there are so many definitions in each one of Them, meanings that many refuse to fully understand, look into, or even accept, because you see, they look at just the immediate words, *kill, steal, adultery*, and many other words that are easy for them to bear in mind, keep in mind, react to.

**'Honor Thy Father And Thy Mother'**, actually a very abbreviated form of what this Commandment is all about. It has many areas in which it is involved in your daily living. Of course, it means first The Heavenly Father, The Heavenly Mother. It means the earthly parents, but it also means authority that is good. Do not forget this.

**I** could go on and on with all the areas in which this one Commandment should be remembered in. And then, yes, 'Remember Keep Holy The Sabbath Day'. How many are falling away from this practice of Honoring, showing love, respect at a given time, and it is so seldom requested for you to do.

**I** could go through each Commandment on this night, but I would like you to think about Them, apply Them to your daily living, and remember, you are responsible to Them, for Them, and you are also responsible that in this example that you extend to others, they will see your obedience to Them, your respect for Them, in how you live.

**S**ometimes, if you're not sure, think about it. Don't pass it off as '*it's okay*'. Think about it, force yourself to understand it more, and you will be better able to examine your way of life, your actions in life, your communication with others, your association with others, and you will be better able at the end of day to make a good *examination of conscience*, because if you make a practice of this you will be guaranteed Sainthood.

**D**on't walk each day just thinking, 'Well, I'm glad this one's over, I hope tomorrow is better.' You make it better by being special, by understanding more the dignity of what life is all about, and do not accept a wrong action to be popular, to be acceptable, to be accepted, or to please someone else.

**T**hink about this, my little ones, for tonight, as I speak to you, I hold each of you close to me, because there is not one here I do not want to one day be Here in Heaven with me. So be it."

**S**he said to tell you that one of the greatest sadnesses Where she is, is the denial of All They say, by some who are in some ways afraid to believe, to accept, or see the Magnitude of the Lessons They are handing to the world through The Miracle Of Saint Joseph.
