

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON SEPTEMBER 5, 1995 AT 2:40 P.M.

SAINT JOAN OF ARC

“**I** am Saint Joan of Arc. I have been given the privilege to speak many times through this Gift of The Father’s for the Souls of all of mankind.

When man thinks of the word ‘*warrior*’, it is automatically connected to a battlefield or a specific important subject. You live in a time that can be termed ‘*another religious war*’. This statement will be argued by many who will read the Words. There is a tremendous religious war going on daily. There are so many different opinions involved that, in some ways, it is difficult to recognize which side, or which subject, is fighting for purity of the mind, the body and the Soul, because there are many who are strongly in favor of all that is diabolical, all that is immoral, all that bespeaks everything that is against The Father’s Commandments.

Anyone who disagrees with this statement should look at the daily occurrences where people are either gathered or are just walking into places wherein they are subjected to others acting immorally. For them, there is much more degeneracy of the human mind than mankind dares, or cares, to speak about. Why has this happened?

In reality, it is much easier for mankind to think purity because of the clarity in purity, the logic, the beauty, the sensitivity to all that is good, is normal, not abnormal. Impurities, in many ways obscenities, have a totally different effect on the individual’s mind, actions, sensitivity.

The Father gave to the world His Rules, and there is so much sadness Here in the Heavens now because children are not being instructed on how important a Commandment is in their life, just One Commandment. Of course, that one is, ‘**I Am The Lord Thy God, Thou Shalt Not Have strange gods Before Me.**’ Some, not just through ignorance, but through sarcasm or some other manner of theory, might argue this point, because so many, at this time and have for some time,

accepted all that was evil, making excuses for everything they took part in or take part in.

It is important for mankind to stop and think more clearly on the advantages of purity over impurity, decency over indecency, morality over immorality. These Words that I have spoken are not all that I would like to say at this time, because in discussing these two sides of living, there are so many ways for mankind to think about, there are so many reasons for mankind to see the importance of the Goal of life, and to resist vulnerability to anything that is impure in the slightest form, the slightest degree.

Those who sin continuously cannot be called or termed *'happy'* by nature or practice, because any favoritism of immorality reacts in the Spirit of Life in a human being. There is so much to be spoken on this subject, and there is so much to be done about it. It is important that as an individual, exposed to what is wrong, shows rejection, shows dislike, and this may be the strongest means that will make the other individual, or individuals, think, take heed to their actions, and maybe, not at that moment but in a time later, they will resist the wrong and stand firm on what is morally correct. So be it.”
