SAINT JOSEPH, THE HOLY SPIRIT

“I am The Holy Spirit of The Father. When you talk about the spirit of man, ask yourself, what do you mean by this? Do you not mean action, accomplishment, drive, force, initiative? I could dictate many Words regarding this particular part of human life.

Mankind talks about the spirit of teamwork, the spirit that so many act in where there is competition. Today I speak to you through The Spirit, in The Spirit of The Father’s Love for you and all of mankind.

In the Creation of human life, The Father embraced this creation in a very special way, through placing within each creation at the moment of conception, a Portion of Himself. In this handing to mankind what is called ‘a Soul’, it automatically says to mankind that within each life, there is a Spirit of Love for God because the Soul is a Portion of God. The Soul is also the drive for mankind to want truth, purity, and seek the Goal Higher than human life, and that, of course, is Sainthood.

Now, it is true, all men, women and children do not think daily regarding the Facts I have just spoken, but it is innate in mankind, in so many ways to understand truth over untruth, sound values over unsound values, right over wrong, balance over imbalance, morality over immorality, success over a lack of success, or what could be termed ‘failure’. So few times does mankind truly look into what human life is all about, the magnitude of its very existence, and of course, the Purpose for which it was created.

Mankind is aware of prayer, and prayer, to many denominations of different Faiths in a Higher Being, differs in content, in practice, and it is obvious that when prayer is for good, whether it just be for the body, for the mind, or for the Soul, it is important for mankind to see that prayer was given to mankind to balance things that were meant to be just physical or just mental, through morals, moral values, moral standards, obviously because of an innate understanding in mankind of the Importance of human life.

Children are being exposed to all degrees of immoralities, making many insensitive to the necessity of purity of mind and body. We see so much indifference to what is important for the Souls of all ages, all cultures. There have been many times in past History wherein mankind could be addressed as totally insensitive to God, because immorality was prevalent, acceptable.

This Miracle that bears My Name must be heard throughout the world, because mankind is subjecting themselves to so much diabolical pressure and intercession that it is affecting the Souls tremendously. We hear some say, 'If I had a Soul, I most certainly would have seen It, or feel It.' This is a sadness for Us to hear, because as long as mankind is aware of what is right morally, mankind must innately feel that judgment in all actions, all ways, all words, is a privilege, and not just something that should be ignored. Personal judgment of right over wrong has a special part in each human life, and this includes all ages.

This Miracle that bears My Name has been designed to give to the world, the whole world, an Informative List of Instructions detailing to the minutest point of decision, that man was created for a Special Reason, in a Special Way, for a Special Goal. We sometimes hear men, women, and even children use all terms, all means, all manipulative measures to ignore practicing purity over impurity, justice over injustice. The enemy of God and man can be cast aside by any human being, can be ignored by a small prayer, a decision that makes the choice right over wrong.

The Father has Blessed the whole world with This Miracle. The Father has given mankind a Gift beyond any gift man can receive from another man. Mankind should be rejoicing at the mere hearing of This Miracle. All opposition to This Miracle is being recorded by The Father. It is important for mankind to know that no act, no thought, no word, no deed, is not recorded for each individual that The Father allows to be born. So be it.”
