

REVELATION DELIVERED THROUGH FRANCES M. KLUG  
ON JANUARY 25, 1996 AT 2:49 P.M.

SAINT JOAN OF ARC

***“I am Saint Joan of Arc. The Father has given a Great Gift to the world, a Gift of Instruction, Direction, including all the avenues of human life, the Goal of human life. What better gift can mankind have than to have the Written Word in what human life truly, fully, consists of, and the Importance of the Goal it was Created for?”***

**T**here is much desperation in many areas of the world, desperate for help, physically, mentally, starving from a lack of food, also being mistreated physically by those in charge. Have you ever asked yourself what keeps a country going physically, mentally, morally, when there is so much devastation, so much corruption, so much physical abuse, harm, rejection? Have you ever asked yourself what motivates the people of these countries to survive, to be active in any area, and to have the will to understand all the situations, the reasons for them? Plus all this, most times there is a total, immoral corruption of the mental, the physical, that is never spoken about or physically seen.

**Y**ou do live in a time worse than Sodom and Gomorrah. You live in a time where so much emphasis is put on humanism, and yet, at the same time there are so many actions that are totally devastating to the human body, mind and Soul. Hunger to the body is one thing, but confusion regarding what is right, what is wrong, with no sound direction, can be immobilizing to any age.

***This Miracle that The Father has given to the whole world is on a battlefield of justice fighting injustice, sound instruction fighting corruption of all dimensions, truth fighting egoism, jealousy, immorality.*** The Father has handed to the world a Gift beyond human ability, and when We see some read What has been given, they openly see and speak about the ***Value of It***, but then in the next breath say, ‘I can’t see it working, because of how things are today.’ The negativism is always

what the enemy of God and man instills, because it is a weakening factor, and diabolical in every measure of its tactics, influence.

**T**here is hope for mankind to see the Beauty of this Miracle. There is strength in those who will fight for this Miracle, and there is much moral advantage to standing up against all odds, because in morality there is strength, hope, accomplishment, that nothing else has.

**Y**ou cannot carry a sword in your day like the sword I used in my day, but there is an even greater sword than this kind. There is the sword of truth, values, standards, beliefs, and yes, not allowing anyone to diminish all these things, or even one of them, because what you stand for, stand in, stand by, gives strength beyond any adversaries that you might meet up with. Hope has strength in it, goodness has strength in it, morals have strength in them, sound values have strength, and it doesn't take a great amount of courage to use these things. It takes perseverance, because in truth, there is advantage in sound moral values and sound moral standards, there is a strength of iron against all adversities.

***It is important that you never deny yourself or your Soul what you have been given as the Greatest Strength in the world: your love for God, your Faith in conquering all adversities. So be it."***
