

OUR HEAVENLY MOTHER

“I am your Heavenly Mother. It would be difficult for mankind to fully understand the degree of Blessings that are handed to those who accept The Father’s Will, under circumstances that takes time, energy from their daily tasks.

For a long time now children of all ages have ignored the importance of prayers to Me. So much is happening in the world that mankind is distracted by the entertainment, and all the political issues that are causing mankind to make decisions that are not spiritual, but are for humanism and for humanistic values, determinations, practices, and goals.

I say these Words today because there are fewer children saying the prayers I love to hear them say, the Rosary in My Name. Also, there are so many ways in Honoring Me that have been cast aside, such as Novenas. These times with children of all ages, always drew My Attention to them individually.

You live in a very humanistic world with much denial of respect for The Holy Trinity. It is important that those who have dedicated their lives to support the spiritual values of other people, begin to see that they have become remiss in their duties, and they have become socially oriented and desire to apply their time in many ways, to worldly experiences that in many ways lacks sound moral values and sound moral standards.

Throughout the world there is much resistance to dedicated times of prayer. Throughout the world there is much emphasis on the emotions and the immoral practices of mankind in all ages. It is sad for Us to see this, ***because mankind needs to see the importance of***

the communication daily with The Heavenly Father, with The Beloved Saint Joseph, and with Me.

I do not say, do not pray to the Saints, for They are constantly attentive. So please be aware of the necessity of starting your day remembering to pray, so when you lay your head at a given time at night, your final words of the day are to ask for a Blessing from Us, your way.

As I leave those who write My Words and I see each one who will read My Words, I want you to know that My Blessings will give you the strength to endure all obstacles, and along with this They will give you the strength to help you become Saints. So be it.”
