SAINT JOHN OF THE CROSS

“I am Saint John of The Cross. My Title is important to Me because whenever I hear it spoken, I feel that the individual loves The Father intensely.

At this time in the world, mankind is not in full understanding of the Importance of the Soul and the Greatness in True Christianity. There are so many diversified opinions on the Importance of the Spiritual Portion of human life. We hear some say, ‘Perhaps I am negligent spiritually because I have not been instructed properly.’ This, of course, is not always true.

Mankind in so many ways has sensitivities: physical, mental, moral, and individuals very often are very adept at making excuses for their offenses against morality, also their offenses against denial of The Father’s Commandments.

Sometimes We see individuals attach the Commandments of God to Moses as a human being, because they cannot fathom, or even imagine that a human man as Moses was, could have this Oneness in Communication with The God of All Things.

We hear many individuals prescribe for others prayer, but they themselves rarely, if ever, connect prayer to their own lives. The act of telling someone else to pray, many times avoids becoming an instrument of caring to the other individual, an instrument of help, an instrument of perhaps some sacrifice of time, or something material.

I speak through *a small individual* and I speak Words of Direction put into a capsule form, because if I were to speak as indepthly as I would like to, it would be hours, days, weeks, with no end.

It is Important for mankind of all degrees of mentality, of Spiritual understanding, to read All that has been delivered through this Miracle of Divine Love, because so much Instruction, Direction has been delivered in degrees understandable to men, women and children of all walks of life, all degrees of love for The Father, and all degrees of understanding the Purpose, the Greatness, the Privilege, the Goal for which human life was created. So be it.”
