

SAINT CLARE

“I am Saint Clare. Mankind openly requests The Father, in many ways, to intercede on situations that they fear are detrimental financially, and with their associations with other people. It is not too often a question regarding what will occur in their Soul under circumstances that are not pure in action, thoughts, or words.

This Gift of The Father’s Love at this time, is constantly making mankind of all ages aware of that Portion within each human life that is called a Soul. Granted, We hear many words asking for favors, but few if ever, do We hear an individual request help for their Soul.

It is important that the whole world receive All the Revelations that The Father decrees to be spread throughout the world, because this Miracle of His Divine Love must be like a Star that shines brightly, and can be seen by everyone, no matter where they are in the world. ***It is important that mankind learn to value the knowledge of What has been delivered through this Gift of The Father’s Love, because not since the time of The Beloved Son has there been so much emphasis placed on the Goal for human life, through the Soul that each human being is given at the moment of conception.***

Human life without a Soul would be like all other living animal life. Human life has intellect, understanding, and the ability to feel pain, plus the ability to understand that human life has an Ultimate Plan, Above and Beyond all other living matter or things, because in human life there is an Unseen Object that affects the individual in a way, in a manner, in a degree different than the flesh.

It is important for children to understand that they have a responsibility to The Creator to protect that Portion of Him that is within

them. They cannot see It, they cannot feel It, but their logic and their conscience that they know when they are right or wrong, is what automatically tells them the importance of their actions, their thoughts, and the purity of these things that no other living thing has.

So Many from Heaven have been allowed to speak to mankind in such a logical manner, easy to understand, easy to accept, easy to follow, because within human life there is an innate realization of what is morally sound, or what is impure, whether it be a thought, an act, or words that are impure in concept, delivery, or meaning.

We hear some individuals say that they obey the Commandments of God. This is very probably factual to their degree of understanding these Commandments, but let us take one Commandment here: ***I Am The Lord Thy God, Thou Shalt Not Have strange gods Before Me.***

How many truly understand the full meaning of this Great Commandment? At this point, I would say very few, because there are so many distractions, immoral acceptances, weak excuses, and so many interpretations of what is right, what is wrong, what is good, what is evil, that individuals do not truly examine their conscience, their actions, their communications, morally, physically, spiritually, that they practice every day and are involved in every day, so in their thinking, they use human life according to what they feel like doing, saying, interpreting many issues according to the mood they are in, or the company of others who are present.

This Miracle of The Father's Love has been given to the world, not to just a group of individuals, because mankind is in need of instruction beneficial to the Soul that though not evident physically, is Part of human conscience, continuously. That is why human life knows good over evil, truth over untruth, love over hate, morality over immorality.

The Father allows so Many of Us Saints to be a Part of this Great

Gift He has given to the world, because without It mankind was, and would again be, uninformed. Today as I speak, I speak with a deep love for human life, for I, too, once walked the human role. So be it.”
