

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON OCTOBER 1, 1998 AT 12:52 P.M.

SAINT TERESA OF AVILA

“I am Saint Teresa of Avila. The Importance of this Gift of The Father’s, directing so Many of Us to speak in deliberate ways, explaining to the whole world of mankind the Importance of human life and its Closeness to The Divine, as We hear and We see so many doubters to this Miracle Blessed by The Holy Trinity, it is difficult for All of Us Here to fathom such arrogance, such denial, because it is causing a catastrophe.

The Father has handed to mankind a Gift beyond any gift humanly possible to give, because this Gift is a Gift of Instruction for the Most Important Part of human life, the Soul that is within. Granted, a long time ago, mankind was not aware of the importance of human life, and what human life was the custodian of.

All of the Teachings, Instructions, passed down by The Son of The Father, were not spoken in the same format, same degree, on the same subjects that He delivered them to the Apostles and to the crowds that would attend, listening to Him speak regarding the importance of human life, and the Generosity that The Creator placed, putting a Portion of Himself within each human life, supporting human life mentally, physically, morally, spiritually, intellectually.

Many wars were fought on the battlefield, not all for sound reasoning, but fought because of a belief, or from the direction of one in charge who wanted power over others. At the time that the beloved Saint Joan walked the earth, her littleness was many times misunderstood, because men of all sizes used what she spoke as the guidelines for the importance of what was to be done.

Today The Father has sent a small figure, using the voice to instruct mankind on the Importance of What He placed into each

human life, to give strength, hope, and the understanding that human life had a Goal, to win the battle against all that was evil, because of the Soul that is a Portion of The Creator, never seen, never fully understood, but obvious to the individual through the intellect, through the feeling of always having Something Close, Something Within, guiding them on the Importance of all they become involved in.

Today, as Many of Us are present when One speaks, it is important for human beings of all ages, all cultures, all intellects, all backgrounds, to understand that human life is a Gift Greater than mankind sees it to be. There are many factors in human life that give hope, enlightenment, and the understanding of the importance of each moment of every day. These things, of course, are reflected in the Soul, and the Soul, in turn, reflects it into the mentality, and the innate need to protect oneself when physical harm is evident, or physical disgrace.

Millions of Words have been spoken verbally, multi-amount of Words put into script. Mankind has no excuse to not recognize the importance of human life, and that human life is a Gift of Divine Love that should respect all that is moral, because the Soul is the beneficiary of all an individual human being thinks, speaks, practices, is involved in, or encourages others to be a part of.

Mankind must understand that a Blessing of this Magnitude of Instruction, in a degree understandable to the human mind, logically comes from a Higher Source, thus automatically instructing mankind for a Goal beyond what human life could ever comprehend, and that is to return his or her Soul to, from Where It came. So be it."
