

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON OCTOBER 2, 1998 AT 1:10 P.M.

SAINT THERESE OF LISIEUX

“I am Saint Therese of Lisieux. I am recognized wherever my picture appears, because of the roses that are present that are associated with me and my way.

Today as I speak through a small voice, I speak with a great love for all human life, because through the human way, men, women and children have the privilege to come Where I am one day.

When mankind speaks of Heaven each one thinks of It a different way. I would like to describe a Portion of It to you, so that when your Soul arrives, when your Soul is returned to from Where It came, It will remember the details It was once surrounded by.

There is much Light Here, Heavenly Light. There is a Way of Happiness that allows All Here to feel the Presence of The Creator once again. Mankind throughout the world has no comprehension of what a Beautiful Place Heaven Is. Many imaginations run wild on describing what they feel Heaven is like, but what Greater Company can the Souls return to than the Ones with Whom They are a Part.

Every day of life is a blessing to mankind, because through the human way life is given the opportunity to grow in love with The Holy Trinity, through the Soul they were given at the moment of their conception.

As many will read this, what I have just spoken, it might be difficult for some to understand, because as they face each day of life, all things they feel, they see, they hear, they are a part of, is the human attitude; also, what they know to be the human way, thus ignoring that they were created for a Purpose, a Goal Greater than any other living thing or matter.

When mankind hears of this Gift of Divine Love, We hear some say, 'I want to know more, I want to be part of It, I want assurance that It is true.'

As I speak to all of mankind and have asked My Words to be written, I personally put **My Signature** at the bottom of **What I Have Spoken**, and I say, **'I am Saint Therese of Lisieux.'** So be it."
