

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON FEBRUARY 22, 1999 AT 12:56 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph.

The Father decreed this Gift of Divine Love would bear My Name, for mankind to more fully understand the Importance of The Holy Trinity, and what a Treasured Gift each human being has at the moment of conception, a Soul; this Soul, a Portion of The Creator.

Why is this so difficult for individuals, men, women and children, to understand the Closeness they have with The Divine, and that this Intimacy of Love, this Gift of Divine Hope, so Personal that it should be Treasured in every act of human life that an individual practices throughout life?

It is never difficult to understand the Full Meaning of what all the Words mean, spoken by Any of the Saints through this Special Gift of Divine Love that bears My Name. Theologians feel superior, because of a subject or subjects they were bound to read, to learn about, bound by the authority under whom they were a member of, or just in a learning stage.

Millions of Words have been delivered, millions not put into script. As you know, personal conversation is oftentimes more understandable, and more readily remembered. Through this Gift of Divine Love, through one small voice, much has been directed to be written, but just as much, if not more, has been spoken in a natural tone of voice on subjects that men, women and children readily understood.

Today as I speak, I speak with a Deep Concern for those who reject this Gift of Divine Love that, in no other place throughout the

world is there this Close Communication, even through so-called learned men and women who have studied consistently to be able to speak about what the Soul is all about, and the Purpose for which human life was created.

When this Gift of Divine Love, bearing My Name, was first announced some years ago, It was a pleasure to so many, even spiritually exciting to feel that once again evidence of Who I Am was brought to their attention in such a personal, loving way.

Today as I speak, I must say these words, 'There is a sadness in the Heavens, because so many who have read so many Beautiful Instructions have cast Them aside, determined to disbelieve, making ridiculous comments, and avoiding the Sincerity, the Beauty, the Love, the Concern, the Hope, the Interest of so much Truth passing through one voice, and requested to be put into script so the Words will remain, whether They were accepted voluntarily or involuntarily.'

Love, to mankind, is an individual's personal form, in a manner and a way, of how they feel emotionally, sentimentally. The Love from The Father is an undeniable feeling of Truth that nothing human has the ability to project.

Today as I speak, My Words must be read so that individual human beings of all ages will begin to understand the Closeness that each life has in the way of man to The Creator Of All Things. So be it."
