SAINT JOHN OF THE CROSS

“I am Saint John of The Cross. The Father, in His Design of human life, chose this life for many Special Reasons, and a Special Goal. So few who are born to this life fully recognize what a Gift of Divine Love it is, and for.

The human mind is a treasury of understanding, the ability to think, speak. ***In many ways the mind is truly a Gift of Divine Love, because in this mind The Father has instilled what is pure, what is impure, what is morally right, morally wrong and, of course, the meaning and ability to understand many subjects that no other living thing has the ability to do.***

Today as I speak, I speak with a great love, and yet concern for this time in which you live. First of all, because there are so few who are able to fully understand the Purpose for which human life was created, and the need for individuals to see the value of human life, and the truth that is important regarding every facet of it.

In taking so much for granted, it delays the full understanding, the true understanding of the importance of how an individual thinks, acts, projects himself or herself; also, how they handle situations that are morally sound, morally correct; also, how many times they misjudge the value of the moral involved, and they desecrate the purity of it through several moods, actions, temptations.

The Words are numerous in explaining the Value, the Beauty, of What human life is gifted with. ***The Father has given to the world a Miracle similar to the time The Son of The Father walked the earth.*** Purity of the mind is important, because every impure act affects the Soul. It impairs the Soul, it denies the Soul.

We hear so many men, women and children strive desperately to reach goals of all dimension, on all subject matters, but it is a rare thing for Us to hear: 'Help me to become a Saint. Help me to prove to God I love Him above all things. Help me to be example to all others of the importance of human life, because it has a Goal nothing else was created to reach.'

As I leave you today, My Words I want you to remember, not just because I am a Saint, but because of your desire, your will, your conscious effort is to please The Creator and to return to Him your Soul in a Pure State. So be it."
