

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON MAY 14, 1999 AT 1:15 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. As I speak today It is of Great Importance, because Truth oftentimes leaves a mark of Instruction, Value, that nothing else has the ability to do.

At this time throughout the world there are thousands, if not millions, of living human beings who are relentless in diabolical practices, but also relentless in selfishness, and an innate desire to be popular.

As I speak today, it is to encourage all who will read My Words to take a strong look into their motives, their conscience, their goals, because these three items in human life have a tremendous effect on their Souls. ***So much has been spoken about, instructed on, and openly, clearly, plainly told about the Importance of that Unseen, Important Portion of human life that exists. It is the Soul. Human life has been gifted with a Personal Touch of Divine Love that nothing else created has.***

Children are not being instructed properly, nor are they being taught how to control their motives, their wills, their actions, their intentions. There is so much instruction on humanism, eliminating totally that Important Portion of human life, that Precious Gift of Divine Love that innately registers when an individual is impure in thoughts, or pure in thoughts; also, how this Soul is in every thought, word, deed, example, instruction, to every other human being an individual comes in contact with in a normal way, in a formal way, in a spiritual way, or in an ugly way.

So little emphasis is put on that Important Portion of human life, basing all things on humanistic pleasures, ideals, promises, impurities, called sins of the flesh.

As I speak, I speak with deep affection and love for those who will

read these Words, and who will make these Words Important to their daily way of life. Each time One of Us speaks it is to touch individuals, because it is through living as an individual that each human being has a power unto itself, a strength of moral values.

I beseech you, be thankful for the Gift of life, but use this Gift for the Goal for which it was created, to return the Soul to The Creator, a Saint. So be it.”
