

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON JUNE 2, 1999 AT 1:55 P.M.

SAINT TERESA OF AVILA

“I am Saint Teresa of Avila. The Father, in His Design of this Gift of His Divine Love, promises mankind that all that He Desires mankind to learn about, is being given in terminology understandable to the human mind. Nothing that has passed through this Gift of His Divine Love is difficult or impossible for men, women and children to be able to associate with mentally, physically, morally, spiritually.

Many times when two people meet each other, they grow into a friendship that is compatible to their way of life. They are comfortable with each other, find pleasure in their association; also, in some ways, they grow in different ways from this association. When they speak to each other, the conversations can be to the pleasure of both, informative on some subjects, causing the association to be one of pleasure, not despair; enjoyment, not something they would like to not be part of.

The Father has presented to the world a Gift, easy for all of mankind to associate with and to better understand that mankind, though human and always in a learning stage on many subjects, is closely associated with The Supreme Power of Creation. Initially it is through one's background, then through one's learning to understand many aspects of life. These, of course, include sharing many subjects, likes, dislikes, and being able to depend on the companionship giving strength, hope in many ways.

To some throughout the world, when they hear of This Gift of The Father's Love, that I am speaking through at this moment, called '***The Miracle Of Saint Joseph***', they are attracted by It, but It is difficult for them to believe. ***Logic should tell them that a Gift of this Magnitude has Purpose, and with so Many speaking, directing, counseling, should help them realize what a Beautiful Gift This Miracle is, because It is not human conversation, but understandable because of Its Close***

Association with The Divine.

When individuals pray a prayer of their favorite way, they expect the One to Whom they are praying to hear what they say. Sometimes the prayer is a habit, other times a request, but there is an intimacy of association similar to the association between two living human beings.

There is so much Love that passes through What We speak through this one voice because it is The Father's Will that human beings of all races, all colors, all creeds, learn to acknowledge, to respect and to believe that because of the Soul, human beings have a close, intimate association with The Divine at all times, and this is truly a Gift of a Supreme Love for human life.

When a prayer is spoken by any age of an individual man, woman or child, the prayer is heard, whether the prayer be mental or physical in sound.

So many Blessings have been handed to mankind through one voice at this time, but I remind you, a ***Victim Soul*** has the responsibility to repeat All We say at any time. ***This Gift of Divine Love is a Gift to enlighten mankind, to encourage mankind and to reassure mankind that each human life is closely connected to The Divine. So be it.***
