

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON JUNE 7, 1999 AT 1:18 P.M.

SAINT JOHN OF THE CROSS

I am Saint John of the Cross. It is sad to see so many men, women, and even children, ignore the importance of morality, purity of the mind and the body.

Today as I speak, I'm asking that My Words be made so that thousands of individual human beings will read Them. ***There is too little emphasis put on morality, allowing immorality to be acceptable in all phases of it, all desecrations to the body, the mind, and to the Soul of the individuals who openly ignore what human life was created for.***

Children are not being instructed in an in-depth way. We hear their instructions put so lightly by people who believe that a child would not understand, could not understand the meaning of the importance of truth, using purity of the mind over all temptations.

So many Blessings have passed through this Gift of The Father's Divine Love, each subject matter instructing on the importance of human life, and that it has a Closeness, a Connecting Link to The Creator. It is sad when We hear individuals dramatically discuss the impossibility that human life contains such an Important Factor, and all that has been spoken about It is myth.

I beseech all who read what has been written, delivered according to The Father's Will, encouraging, instructing human beings, to see and to practice through words, actions, deeds, communications, a living example of purity of one's mind, one's body, for the protection of the Soul that no human being is born without, the Connecting Link to The Creator, a Connecting Link to God Himself.

This Gift of Divine Love, bearing the Name of The Beloved Holy

SAINT JOHN OF THE CROSS

Spirit, must travel throughout the world to protect Souls of individuals who without this Miracle will be condemned to hell, because of the lack of knowledge, understanding of the importance of human life, and that each human being is the custodian of a Portion of The Creator, called the Soul.”
