

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON JULY 26, 1999 AT 1:10 P.M.

SAINT JOHN THE BAPTIST

I am John The Baptist. Many unknown Saints speak through this Gift of Divine Love. They do not mention Their Names but oftentimes join in conversations wherever this little one through whom We All speak is present.

The world of mankind, all degrees of intellect, all backgrounds, all ages, have been given a Gift beyond what they truly understand a Gift of Divine to be.

So many times, in a quiet conversation, or a conversation that has for it a subject that is worldly in nature, context and description, no one present understands it to be Someone such as a Saint adding ideas, even Their Personality.

The Father, in His Love for mankind, has blessed the world at this time with a Gift, using a voice or script to encourage men, women and children to more fully comprehend what a Great Gift of Divine Love human life is to man.

Granting, throughout the world there are so many desecrations daily against the Commandments of The Father, and these desecrations are looked upon as normal thinking, actions, activities, beliefs, forgetting that sometimes in the vile intentions or subject matter of the enemy of The Father, the Souls of all of human life become victims at this time.

Some men, women and children cannot fathom that within themselves they have a Portion of The Creator. They know right from wrong, they know what is pure from impure, whether it be physical, conversation, thoughts or actions. If they can honestly say they know right

from wrong, should they not ask themselves, 'How do I know this? It is so deeply ingrained in me, this knowledge, this understanding.'

The question needs some looking into, using the logic of what the human life was created for, and how in human life it is innate to know what is pure for the body, or impure; also, how speech enters into what would be pleasing to The Father or displeasing to Him. The reason, of course, has to be that human life has and is a Close Connecting Link, unseen, but innately felt because of an individual knowing when they are acting, speaking something impure.

Today as I speak to a small group, it is My Hope, My Love for human life that pleads with these Words: Please use your energies, your love for God, to spread All the Words that have been delivered through this Gift of His Divine Love. Do it with love, and do it in a generous way. So be it."
