

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON SEPTEMBER 13, 1999 AT 1:06 P.M.

SAINT THERESE OF LISIEUX

I am Saint Therese of Lisieux. There are so many beautiful true stories that can be revealed to the whole world of human life, if only men, women and children would read the lives of the stories of the Saints, because they could relate to human life, the problems of human life, the pressures of human life, and the duties of human life.

It is sad for me to say that We rarely hear individuals discuss the Lives of the Saints at this time, in your time, because so many men, women and children of all races have ignored the beauty in the spiritual lives, that just hearing about it would be instructive, constructive, and give a measure of understanding that the human life of All Saints was like the human life of all living human beings at one time, at a different time, but that as human beings they, too, faced the realities of everyday life, the responsibilities of everyday life, and human relationships that, in many ways, affected daily life.

I give these Words with a deep love for human life, because it is the only creation of The Father's that has such a Goal to reach for the Soul that is placed at the moment of conception in a human life.

As I close My Words today, I beseech you, make yourself aware of what an Important Gift human life is, and it does not stop, but it moves into a new beginning, an important beginning, through the Soul that was presented at the moment of conception.

I beseech you to appreciate human life and to allow it to remain in good standing, good example, and remind all who remember you that you played a big, important part on their personality, their thinking, their nature, their Goal to become a Saint, so they too, could one day speak as The Father Wills It to be done, to help others understand that the Goal to human life is the Greatest Goal that human life could reach. So be it."
