

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON SEPTEMBER 17, 1999 AT 1:41 P.M.

SAINT CATHERINE OF SIENA

I am Saint Catherine of Siena. It is sad for me to say there is so much illiteracy throughout the world, because mankind rejects so many areas of human life that produce improvement in human life.

There have been other times in the history of human life that men, women and children did not have the advantages that mankind now has, but they would strive, in many ways, to improve life in general on many issues. It is through those times that mankind was able to reach what is available at this time. But today throughout the world there is a lack of interest in what is sound, moral, and conducive to a greater mental attitude, using the abilities for a Greater Purpose.

In some ways The Father has allowed this to occur, but in other ways it has occurred because of so much lack of understanding in the beauty of human life, the Gifts of human life, and the Goal for which human life was created.

Hundreds of Saints have spoken through this Miracle. All did not announce Their Names, because very often a name draws more attention than the Subject Matter, and individuals reading the Content of What is Spoken, Directed, concentrate more on the Deliverer than the Subject Matter.

Children are not being instructed on the important facet of human life that no other living matter or thing is the custodian of. The Importance of the Soul is, and has been ignored, and It is becoming less important in many ways.

The Father has given to the world a Gift, not just with quick words but with the written Words, so that mankind has no excuse to not remember or

to not learn more about the Importance of human life. Sad for Me to say, is that you do live in a time worse than Sodom and Gomorrah.

Though mankind has many books to learn from, all the written words, instructions, are not beneficial to the Souls of those who read the books. There is so much emphasis on impurities, immoralities, total rejection of the possession of each human being having a Soul. This Soul, as a Portion of The Creator, there can be no Closer Union to The Creator than through the Soul. One can compare It to the closeness of a parent to a child, but the Soul to human life is Far Greater.

It is important that All that has been delivered through this Gift of Divine Love be scattered throughout the world. Do not worry about their degree of understanding or accepting. You have the responsibility to see that It is put into script and passed without question, to every place throughout the world, because this Gift of Divine Love is not for just the time in which you live, but for all time that human life is in existence. So be it.”
