

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON OCTOBER 7, 1999 AT 1:04 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. When the statement is made, that at this time throughout the world, all of human life lives in a time worse than Sodom and Gomorrah, it is difficult for many to be able to compare this time with the time of the past, spoken about as a time of horror, immorality, and many desecrations to the Soul.

As I speak through one small voice today, My Words are of the Utmost Importance because, in so many ways, all human beings of different degrees of intelligence, different degrees of moral values, use only their own perception of what human life is actually like regarding truths, morality, sound values, and the importance of the character of every human being, whether it be on spiritual matters, physical matters, or matters in which the mind is a controlling factor; also, this includes the background of every individual, how it affects their reasoning, their values, their interpretations, their acceptances, their decisions.

What I have spoken is not complicated. In many ways it points to what a human being is capable of, consists of, and what radiates from their personality, their actions, their nature, their degrees of intellect. Some might say, ‘Why would a Saint speak on these subjects? Would not a Saint speak only on spiritual matters, ideals?’ Does not every facet of human life connect with another facet of human life, thus the results of the action of an individual, the speech of an individual, the ideas of an individual and, of course, the decision of an individual make up what an individual individually accepts morally, immorally?

So many times there is so much contradiction in one’s decisions, because as they speak in one way, act in one way, the results are oftentimes immoral, indecent, impure, and negative to what is correct, because of the emotionalism or the lack of integrity an individual has, sometimes selfishness and, of course, this list is endless.

Today as I speak, my love for human life is because of the Soul each human being is the custodian of, and It is Important because The Father, in His Love for human life, has given to the world a Miracle such as This One is, constantly speaking in a manner, a way, a degree, on Subjects Important for the human life of each one, and for the Soul of each one.

All the Written Words are never to be kept in one place. They are to be delivered throughout the world, ***because of the Importance of Them, the Need for Them, the Purpose for Them, and the Love The Father Instills in Each Word because of His Love, His Purpose for human life.*** So be it.”
