

REVELATION DELIVERED THROUGH FRANCES M. KLUG
ON OCTOBER 13, 1999 AT 1:06 P.M.

SAINT MARGARET MARY ALACOQUE

I am Saint Margaret Mary Alacoque. As The Father declares so Many of Us to be the Instruments of Helping, Encouraging, Directing, and even pleading to all who have yet to live a fuller life, before the time arrives that they will no longer have the physical abilities to carry on, and their Soul will be in a Judgment Place to be judged for all time.

I speak in this manner different than other times, because there is a sadness throughout the world, due to the fact that so few human beings appreciate, understand, or believe that human life was created for a Special Purpose, based on a future for each life to continue through that Portion of life that no other living matter or thing is the custodian of, responsible for, and that is the Soul that, in words not understandable to many men, women and children, is a Portion of The Creator.

The lack of understanding comes from the fact that as the Soul is unseen, never physically felt, every man, woman or child does not feel a connecting link to such a Living Entity of Purpose, of Love.

Through this Gift of The Father's, through The Beloved Saint Joseph, so much has been instructed upon, and also indepthly described, because of the Importance of It, the Purpose for which human life was given a sense of justice, a sense of hope, a sense of truth, a sense of believing in a Divine Creator. Animals don't have this. No other living thing is conscious of such a Close Connecting Link to the Supreme Power, Supreme Being, Supreme Existence.

All of the Words that have passed through this Miracle were, and are of Great Importance. The Written Words must travel throughout the world because of the Importance of Them. It is the Greatest Living, Learning Tool that mankind has, of assurance that human life is Special, has a

Purpose for its existence, and a Goal to reach that no other living matter or thing has the privilege of.

The Father, in His Love for human life, allows so Many of Us Saints to be the Link of His Love for mankind by allowing Us the privilege to deliver Important Words, Facts, Information, Direction, so that all human life can more fully understand that the Soul, as a Portion of God Himself, must be treated with the utmost care, utmost love; also, the desire to return It to Him in a State of Purity.

I could speak endlessly on this subject. It would be incapable to take All I could speak on, because there would be no time to do anything else. This subject is that Important.

As I leave you I say: 'Remember as you have been gifted with a Closeness to this Gift, share your Gift for the benefit of Souls. You could reach millions of other human beings by your very act of love and concern for the Souls that all human beings are given at the moment of conception.' So be it."
