

REVELATION DELIVERED THROUGH FRANCES M. KLUG

## SAINT CATHERINE OF SIENA

**“I** am Saint Catherine of Siena. I come today to beseech those who will read My Words to pray for the Souls in Purgatory. This subject is rarely thought about, because these Souls are never seen by the human eye, **but mankind must understand that there is a Purgatory, because of the necessity of the Soul to be cleansed before It enters the Kingdom of Heaven.**

**W**e hear men, women and children discuss their way of life, what they believe in. It is sad to hear so few who understand or can conceive the Soul that they were given at the moment of conception, to be that Portion of them that will remain Forever, and that that Soul will be the Judgment that the individual receives at a particular time.

**H**uman life was created for a very Special Purpose, because within the human body there was an intellect placed at a time when the infant could not think for itself, but eventually, when this infant was to be born, there was Something more than the physical causing it to be forced to be born, in spite of many obstacles present at that time.

**H**uman life has been gifted in many ways, because human life was designed to have a Goal, not fully understood by the human mind, but one day it will come to pass; there is a Judgment Call.

**A**t this time throughout the world there is very little understanding regarding the importance of human life, the Goal for human life, **and the Love The Father has for this creation of His, because Divine Love is inexplicable, it is beyond human understanding.**

**T**oday is a special day throughout the world, as each day is special in many areas, but if I were to tell you a child is being born, and this child was

special in its purpose, its reason, you would be ecstatic over wanting to see this child. Let me take you back a couple of thousand years ago, when such a Child was born into the world. Without This Birth, mankind would not have the Goal that it has been gifted with, and That is the Goal for the Soul.

**T**o many theologians, what I have just spoken, they would have contradictions of some sort, but do not forget theologians are individuals who have studied theory, studied the past, and studied indepthly, based on interpretation of what the subject matter was and is.

**T**he world must understand — and when I say world I mean the people throughout the world, all denominations of faith, all degrees of intellect, all degrees of moral values, standards — ***the world at this time has been blessed with a Miracle of Divine Love, reassuring human life for the Goal it was intended to reach, Sainthood.***

**T**o some this is easy to understand, accept, believe. To some, it is what men would call 'far-fetched', because they have not seen the results of the so-called 'Saints'. They have heard about Them, and they have practiced praying to Them, not always feeling that their prayers were answered in the degree they requested them to be. Many times a definite request for prayer is answered in many, many, many, many different ways, because no prayer is ever not answered.

**T**hough it is difficult for some to understand that the physical they live with each day was created for a Divine Plan, for this physical to leave a mark in the world amongst other men, the physical has a Goal. That is why it is so instinctive in human beings to want to be successful in some way, some form, some degree, even when they do not understand the subject matter.

**T**oday as I speak to you, a small group, My Words are being put into script, and hopefully, for thousands upon thousands upon thousands upon

thousands to read one day, to give each one hope, and the knowledge that We Saints are ever present in the midst of human life, and We are always willing to listen to prayers, to words that an individual speaks, whether they speak it silently or verbally, whether they think it, and beseech The Father to answer the prayer. The Father always answers the prayers in a beneficial form, manner, way, degree. No prayer is ever never not heard, not seen, not accepted.

***As I leave you today, I leave you with a Love different than the type of love you understand love to be, because I leave you with The Father's Love that He allows Me the privilege of participating in, to help those who pray to Him. So be it."***
