

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

There are many Saints standing with Me as I speak through one small voice, to a group of individuals who, in their respect, their love, their hope, they assist in so many ways in this Gift of The Father’s Love, so that millions of men, women and children will one day be aware of this time that The Father chose for mankind to not just be reminded of the Purpose for which He created human life, but the Goal that awaits each one’s Soul at a particular time.

Throughout the world men, women, and even children thrive on knowledge they read out of books, and thoroughly enjoy their ability to speak on a subject, to teach a subject, to be knowledgeable beyond what others are on a subject. The most important subject in the world is to more fully understand that human life was created for a Goal in The Father’s Plan.

In the conception of a human being, so many portions of each human life have purpose, reason, and also, give to each human life more than what any other living thing, matter has. The human mind is a Gift of Divine Love, because in its capacity to learn, to understand, and to be able to express what is important, is a Gift beyond what any other living matter or thing is capable of, or endowed with.

The Father has given to the world through one voice, so many Words in a Form of Implantation, so that many, many, many, many Saints can use this funnel of Divine Love to instruct many forms of what is right, what is just, what is necessary, because of the Soul that every human life is the custodian of.

We hear the question many times: 'What is a Soul? I cannot feel It, nor can I see It. How can I be sure I have It?' Your innate sense of what is right, what is wrong, what is pure in thinking, speech, actions, over what is impure in these things, your innate love to use your intellect and communicate with other human beings, in knowledge and in times of need, times of care, times of respect, times of learning, and in times of sharing what is good, what is right, what is helpful, what is necessary. Human love is based on The Father's Love for human life, and human life, in its creation, has been given the sense of justice, the sense of injustice, the desire for hope, and the rejection of hopelessness.

This Gift that bears the Name of The Beloved Holy Spirit of The Creator, Saint Joseph, is a Gift beyond what mankind can comprehend a Gift to be, but in each mind there is a portion of logic, that when a subject is brought out in the open the human mind has the ability to see, to examine, and to be able to use a sincere ability of understanding of what would be proper, what would be fair, what would be logical in judgment, in justice.

As I speak to you today, I speak in a personal way, and My Love for all of mankind is a Love Totally from The Divine. So be it."
