

TEACHING DELIVERED THROUGH FRANCES M. KLUG
IN MAY, 1997

“God’s Commandments point out all the reasons human life is special, but one must remember, the Commandments are not limited to the ten short sentences but in reality, each one of them is lengthy in their full meaning and concept.

Also, there are more than ten. Mankind has a human habit of shortening all things to make them more acceptable, but this should be clarified in regard to the Commandments of God.”
