

OUR HEAVENLY FATHER

“I am your Heavenly Father.

As I speak on this day, I have a very important question to make. All human beings become aware that the very instincts in them are from Me. The ones I speak of are the instincts, the caring that would give to their Souls a Blessing, and an opportunity to gain more Blessings.

What I have instilled is the desire to accomplish certain things, some quite measurable in their degrees, their indepthness, and their goals.

In My Creation of this Gift of My Divine Love, I placed a Portion of Myself, called ‘the Soul’. I have not changed My Way in regard to this. The Soul is the recipient of all an individual thinks, speaks, does, or practices in their daily way of living in human life’s way.

I speak on this at this time, because in the human manner of thinking, little emphasis is put on the Importance of human life and the Goal for which it is intended to strive for; that is, to return to Me, That Portion of What I Am, Who I Am, their Soul.

I will close My Words, but I desire What I have just spoken to be able to be seen in many, many places throughout the world, to give a stronger, more important understanding that human life is Special to Me, because it has That Portion of It within it, that is a Portion of Me.

As I close These Words at this time, I bless you who take Them and who will read Them, and who will follow My Will, My Love, My Hope for the Soul that is within you.

I could bless you in a manner you know, because all things done in My Name, and in the Name of The Son, and in the Name of The Holy Spirit, are never forgotten but are constantly with Us at all times.”
