

OUR HEAVENLY FATHER

“I am your Heavenly Father. In My Design of human life, I took many things into consideration, because in My readiness to instill in it a Gift of this Measure, based on My Divine Love, the Soul that was to be the recipient in human life of My Closeness to each human life, was meant to be That Portion of human life that would be returned to Me and be named ‘Saint’.

Throughout the world there is little, or really no full understanding of the Importance of human life, because the human mentality could not, or cannot perceive the Power I am Capable of, even though they believe I Exist in a Place called ‘Above’.

I am present many places at one time. That is why it is so important that men, women and children understand that I am never away from them, or they from Me.

The Soul, at the moment of conception, that is a Portion of What I Am, Who I Am, is connected to Me in degrees and ways inconceivable to the human mind.

When an individual makes what is called ‘*The Sign of The Cross*’, mentioning the words, ‘*In the Name of The Father and of The Son and of The Holy Spirit, Who are Three in One*’, this is an important way of recognizing much more than they understand it to be.

I have given at This Time, and am having It put into print, script, the Importance of being a human

being and its close Association with Me. Nothing else created is the recipient of all that a human being consists of, even though there are many things created to surround human life with necessities. Human life is a creation unto itself, unlike any other thing.

I have given to the world at This Time, Words to help all of human life more fully understand not just the privilege, but the Honor and the Goal for this Creation of Mine, called 'man'.

I have much more to speak on this issue, but at this time I will close My Words with a Blessing. As The Father and The Creator of All there is, I gave to human life, and still do, a Portion of What I Am, because I want That Portion of Me to be returned to Me, Pure in every way, so I can greet It in a Form of My Divine Love for It.

Those who read These Words must understand, that human life has a Future and a Goal that nothing else created has."
