

SAINT STANISLAUS

**“I am Saint Stanislaus. All of Us Who stand Here with The Father in a form, in a way, in a degree, not understandable to human life, but it is a way of service to The Father that has within it a Greater Love than human life can determine Love to be.**

**As I speak through *a human voice* to you, I speak with much Love, much Hope for all who will read These Words to more fully understand what a Precious Gift human life is to man. In the human way it is natural for human beings to strive for success, and even when they do not achieve success to the degree they desire, there is an innate satisfaction to know that they tried, and this gives strength to all areas of their life.**

**Today as I speak through *a voice* that you understand, it is important that mankind learn to more fully appreciate what a Great Gift of Divine Love human beings have. Some place much emphasis on intellectual prowess. Some place much emphasis on popularity, becoming famous, having others think of them in a very successful frame of life. The Father has given to mankind a Personal Gift of His Divine Love, allowing so Many of Us Here to speak, to encourage mankind to more fully understand that human life is more than flesh; it is the custodian of a Portion of Him. This Portion is called ‘a Soul’. This word, of course, in many ways has an anointing factor when one depends upon his or her Association with The Creator of human life.**

**Today as I speak, I speak in a manner understandable to the human mind, but also to encourage all who will read These Words to more fully understand that human life has a Goal. As mankind reaches for success in so many ways, whether it is to accomplish a definite project or to achieve a difficult role, it is implanted in mankind through the Soul, through the intellect, to reach for a goal. The Father has given to human life the Greatest Goal, and that is to return the Soul at a given time in a State of Purity, after walking through a time with an individual human being.**

**Through This Gift of The Father's Love, This Miracle that speaks in so many ways on so many subjects, instructing in a Personal Way that human life was designed, created for a Goal Greater than all other creations, and that is to one day return his or her Soul to The Father in a State of Purity, a State of Grace. No other living creature or matter has this responsibility or this Gift of Divine Grace.**

**So much has been delivered through The Spirit of The Father, Holy beyond man's understanding of Holiness, because mankind automatically wants to achieve success. There is no Greater Achievement that mankind can reach than to become 'a Saint'. So be it."**
