

“FACING REALITY”

“How do I live each day? What do I give to God each day? Is everyone I have been with a better person at the end of the day, through something I have said, done, or given?”

Each day, do I take into consideration what my manners reflect, what my attitude expresses, what my speech says, what my morals are example of?

Each day, do I think of God first?

Each day, do I ask God to bless me so I may walk physically in the way and in the manner that He desires me to walk?

Each day, do I thank God for the day, for the time I was able to use to take care of the human needs, and grow in purity for my Soul?

Each day, do I give those who pay me, an amount of service that is just?

Each day, do I provide for my spouse, for my family, according to God’s Rules that are a must?

Each day, am I concerned over the morals of my family?

**Each day, do I reflect to them my love for God,
my zeal for my duty to Him, and do I show
respect for everyone?**

Each day, do I control my emotions?

**Each day, do I replace any anger I may feel
with humility, or correcting the situation,
respecting all facets of it?**

**Each day, do I project harmony of my mind,
body, and my Soul?**

Each day, do I offer to help someone?

**Each day, do I concentrate on my own self-
control?**

**Each day, do I use self-discipline, even when
I'm alone?**

Each day, do I pray for Sainthood?

**Each day, do I remember that Sainthood is my
Goal?”**
