PREFACE

These “*Stories From Heaven*” could not have been given to the world at a more appropriate time than now. The world is in a terrible state of corruption and confusion politically, religiously and socially. Honesty, modesty, genteelness and morality seem to have been eliminated from our way of life, at least in effect if not consciously. However, God has given the world a Miracle it needs.

On July 28, 1967, *The Miracle Of Saint Joseph* was formally announced to a True Mystic. God had chosen a woman to give us the sound direction, hope and example we need. It was not the first time God had chosen a woman to accomplish His Purpose, always for a specific task in a particular time. This True Mystic for our day is Frances Marie Klug. She resided in Southern California as a wife, a mother, and a grandmother until her death on November 15, 2009.

In This *Miracle Of Saint Joseph*, Many Saints have come forth to speak through Frances Klug. These “*Stories From Heaven*” are just a few of the thousands of Revelations received through her. Very often these

Revelations were preceded by extensive Teachings which time and space did not allow us to put in print. However, some of these Teachings will be found in several of the many Volumes of "*Stories From Heaven*".

In these Revelations The Saints refer to Frances as "the child", "the funnel", "the spoon", "the instrument" and "the little one". God made her our Spiritual Mother. For many years now, because of this fact, she has been called "Mother Frances", or simply "Mother". Heaven also refers to people of all ages as "children" and emphasizes time and again, This Miracle is for people of all races, all colors and all creeds.

For someone turning the pages of these "*Stories From Heaven*" for the first time, they will easily recognize the sound logic and sound direction the Messages contain. Mother Frances heard the Words with the Ears of her Soul, and would repeat Them aloud when she was told to do so.

This Teaching Miracle is a direct parallel to the time Our Lord walked the earth. He did not loudly proclaim to everyone, "I am The Son of God." He taught in a quiet manner, simple, extensive, but always detailed

in repetitiveness, instilling in those listening what He wanted them to remember. He taught in parables, short, simple stories containing moral lessons. He knew men could more easily understand and remember the point He was trying to make this way. His “Teaching Stories” pertained to everyday living, practical matters, and how to become a Saint. He gave hope through these stories. He gave example.

Now in our time, God is once again giving us “Teaching Stories” through Saint Joseph and His instrument, Mother Frances. Through her, in a quiet, unassuming and genteel way which appears so “natural”, mankind is again being taught the Purpose of life, and what God expects man to be like in his daily living. People feel hope in these Teachings, Example always given.

Two major Revelations of significance have been given for us in our day. Our Heavenly Mother is Part of The Divine, and Saint Joseph is truly The Holy Ghost. These should not bring an immediate rejection, but should pique our curiosity and interest.

Our Faith in God is based upon many mysteries. Whether it be The Holy

Trinity, the Incarnation of God, or The Holy Eucharist, men strive to understand These, trying to grasp a small glimpse of the Beauty of the Truth They Are. These mysteries also pique our imagination and interest. However, even though we know God revealed these mysteries to mankind and we accept them in Faith, they still remain just that, mysteries.

One has only to look at these “*Stories From Heaven*” to see the value They are, and to feel the hope They instill. No man can logically deny purity of thought when it is so obvious. No man can deny purity in direction, when it is based on sound morals, sound values, sound standards. Do not be blind to truth. Skepticism is for people who are unable to see the truth of a matter or situation, and many times skepticism drowns out purity because it is full of ego and pride in one’s self. Skeptics find it an easy out to disclaim truth.

There is no doubt that it takes time for such Phenomena as This Miracle to penetrate even those minds who feel they are capable of discerning such Phenomena. We must not be governed by purely another man’s determination, but we must understand that logic, sound reasoning and purpose must be the criteria of our Faith in God.

PLEASE READ

In some early volumes of “Stories From Heaven”, many Revelations describe edifices to be built on Saint Joseph’s Hill Of Hope. As just one facet of The Miracle Of Saint Joseph, God invited men of all races, colors and creeds to participate in building a “City Of God”. Every building, chapel, bridge, shrine, garden, amphitheater, and even a hospital and a research center, to be included in this Magnificent Project, would be designed down to the most minute detail by Heaven.

This City Of God would be a place of great beauty for men throughout the world to visit, to gain true spiritual strength and to learn firsthand that which Heaven wants all men to know.

Much to the great loss of every man, woman and child in the world, this City has not been built. Innumerable obstacles were placed in the way of Its completion by those who would have benefited the most. Not enough men volunteered to return the gifts of their time and talents to God. Not enough people came forward with the money needed to participate in God’s Plan in a monetary way. Donations became less and less, because the men in the Church said, “Don’t give.” They discouraged people from participating.

For many years, Mother Frances and a handful of volunteers made every effort to overcome all opposition to men’s lack of wisdom, to build this City for God. However, we are not at a total loss. The Sound Teaching and Sound Direction given by Heaven in the many volumes of “Stories From Heaven” continued through the years, and will benefit people everywhere for many generations to come.

In the future, if the hearts and minds of men change, the world will one day see the Beautiful City Of God.

**All Revelations are delivered
spontaneously and continuously
as witnessed by all those present
at the time.**

SAINT BARTHOLOMEW

“I am Saint Bartholomew. When We speak of innocence, We do not merely mean the newborn or the very, very young. Moral innocence can be in many ages of human life. When someone is of an age man calls a ‘mature age’ or ‘older’, there can be a beautiful morality that bears not just innocence, but a purity of mind, body, love and example.

The time in which you live is like a dark cloud hovering over a time of celebration. By this, I mean there is so much infiltration of immorality passed through so many places, mediums of entertainment, and even in so-called Spiritual circles wherein one would only expect morality and sensitivity to the right and the wrong of conversations, of stories, of personal communications.

Sometimes mankind stands on a podium singly or as a group, and they engage in what they term ‘a normal manner of living’. There is so much foulness, so much human degradation,

so much exposure to infidelity, justified by the fact they agree with it, they experience it, and they advocate it for others who feel it is part of a normal way of life or acceptable in human life.

I, Saint Bartholomew, come through This Beautiful Miracle and say, 'There are too few in the world who are willing to chastise these, not just irresponsible people, but immoral people.' So much is condoned because it is being practiced by so many so freely ignoring God's Commandments, and ignoring that within each human being there is a Special Gift from God, a Soul. We say, 'Why are you not afraid to advocate such immorality, to practice such indecencies and then brag about them, justifying your participation and your encouragement of these things to others?'

So many men and women are afraid to speak out loud because they will appear as Holy in their thinking, ridiculous, and not understanding what the world is today. The Purpose for This Beautiful Miracle was to awaken mankind to the Full True Presence of God and that He is ever

aware of what each human being does each moment of every day.

There were other times in the History of mankind that The Father had to correct things, had to stop the devastation of moral behavior. What a Generous God We have. His Love is demonstrated in so many ways for so long, and in Every Word spoken there is no mistaking that He is behind This Great Miracle for the benefit of Souls. So be it.”

SAINT JOSEPH, THE HOLY SPIRIT

“I come to you now in the Personage of Saint Joseph, the One I have been known as for a very long time.

I am very concerned over families. I am very concerned over the turmoil and the tragedies that are occurring in the home life of so many people throughout the whole world.

There are many excuses being expressed that are truly just excuses. The real problems are being sidetracked because leadership in the home has become a major part of much of the problems. There is so much emphasis on keeping busy, less on keeping track of what being busy involves.

There are so many who are allowing outside distractions, foreign substances to be a domineering factor in the lives of the family. There are so many who are ignoring God as The Focal Point of morality. There are so many who are dwelling on success on the outside, forgetting, ignoring the

total destruction on the inside of the home.

Mankind talks about what things cost, meaning the monetary value. As I speak to you today, I cannot help but alert everyone in the world, 'There is a very high price tag put on unimportant issues, situations, areas, things, totally ignoring what a price the Soul will pay one day.'

There is a Hell. There is a middle place called 'Purgatory'. It is a sadness to see so many gambling with the Soul or Souls involved in a family, ignoring what man was truly created for, the Highest Gift of Love from The Father, and that is to have the individual's Soul bear the name of the individual person in Heaven.

I could speak hours on how deeply I feel over what I see. Please be aware of the importance of being example of pure morality. It is easy to say, 'I do not agree with your way, but I love you so much I hope you will change.' My Words are this: 'Do not speak out loud in weakness, but pray every once in awhile during the day that the child or the children or the

**adult will see through your example,
the right way.' So be it."**

SAINT PATRICK

“I am Saint Patrick. There are many stories about Me when I walked the earth. Many pray to Me for particular favors, necessities, benefits. I hear all prayers. As I look at mankind in your day, I wish that All of Heaven could make a physical appearance so that every man, woman and child living, could recognize the Beauty and Magnitude in what Sainthood is about.

All of Us Here look forward to speaking in such a natural form, with Teachings, Instructions that will make mankind better understand the Purpose for human life, why it is necessary for purity of mind and body to be practiced; plus, pure example for others to follow, rather than practicing any acts against God’s Commandments, thinking that it is all right to do because it is pleasing to one’s senses, one’s eyes, one’s independence, one’s freedom of will, omitting of course, that The Father wants all children of all races, all colors, all creeds, to

cast out all impurities and seek the Salvation of his or her Soul.

Some men and women would refer to This Statement as childish in some ways, old-fashioned thinking, because life is more sophisticated. God's Commandments are so clear, definite, and have great purpose. There is no greater Rule or Law than God's Commandments. Justice systems are based, in many ways, on The Commandments of God. You must also remember Scripture says there were twelve men with Christ. In the time in which you live, when judgment is made in a court of law, there is a judge, and for the most part, there are twelve who work hand in hand with the law of your time.

We stand Here in the Heavens and We do not want one Soul to be lost. Mankind has little sayings about certain things that happen, such as, a shooting star sometimes is mentioned, that this is a sign a Soul goes to Heaven. We smile at this, for this would be a beautiful thing to happen if this were so. Then We Here would wish, hope, that your sky would be full of shooting stars that could be seen day and night, and never stop.

If mankind would only see logically, the balance of the whole universe: the heat, the cold, the atmosphere, the light, the darkness, and so many other things, the gravity. No man could hold this all in place. This proves the Power of God, the Distinctness in His Way, in His Power and Place.

Children of all ages must be strengthened by His Ever-Presence, no matter where they are, what they are doing, what is being spoken, but children are not taught the importance of all subject matter, of all learning matter, and of all things that are physically performed.

We All try to instruct in many ways, so that someone, somewhere, somehow will be strengthened by Our Words. We do not expect one Message to touch all people. That is why All the Messages come through *this instrument* of The Father's with different versions, so that what will be instructive or constructive in one intellect, there will be another Message that will do the same thing for someone else.

The mentality of mankind absorbs certain subject matter to different degrees, humanly accepting according to things that have happened in their life, things that have occurred in their mind, things they have been trained to do, things they have been trained to avoid, and many other such type of presentations that an individual can associate with mentally, physically, emotionally, intellectually, spiritually.

I bless you with My Love, but first I bless you with The Father's Love, because it is because of His Love We are able to reach you. So be it."

OCTOBER 2, 1992 AT 3:55 P.M.

SAINT FRANCIS XAVIER

“I am Saint Francis Xavier. I have not spoken much openly through this Miracle of Hope for the whole world. I come on this day with permission from The Father, because there is so much need for mankind to stop the desecration to The Holy Eucharist, the atrocities to mankind, and for mankind to stop abusing the moral code of ethics that The Father has instilled in His Commandments.

Mankind looks around and imitates so many wrongdoings. Mankind chooses with his or her will to accept what is at that moment considered a thrill, considered being part of modern thinking, considered being one of the group. This type of weakness is a sadness to see because of what it does to an individual’s Soul. It jeopardizes the Soul, plus many times it destroys the physical and does much harm to the mental.

When man becomes ill and the body becomes weak strengthwise, man complains. He immediately

says, 'I feel so weak, my strength is gone.' Sometimes he even says, 'I'm frightened of this.' It is a rarity, when mankind falls into immorality, it is rarely heard that 'I wish I could get my strength back.' In this case, it should be said, 'I will stop what I am doing, because then I know I will be strong again.'

As man says, 'There are two sides to every story,' mankind instinctively looks for balance. Then why does not man look for the balance on moral issues and use every type of effort to accomplish it, to see the value of what is right over what is wrong, and not make any excuses for failure?

Man fears danger to the mind and the body and to monetary measures, but when it comes to the Soul, many times there is no consideration. It is called 'humanism'. Right now, so many learned men and women are losing sight of the destruction that catering to strictly humanistic values is causing to their whole way of life.

Greed is a difficult sin to conquer. Lust is a difficult sin to conquer. Both are tangled with ego. It is like a web

that becomes stronger the more it is woven together.

We see men, women hanging onto this web, and as they pretend or weakly hope they will be released from the web, the web becomes stronger, because they, in their actions, their thoughts, their example, move back and forth in the web of greed, lust, ego, and soon this web is so strong they cannot release themselves from it; but, remember, every time they move in that web, their will was involved, their conscience was involved, and their degree of greed, lust and ego were involved.

They say many times, 'If I could do it over, I would do it differently.' I, Saint Francis Xavier say, 'Your will can change, and through your will your habits will change, and when your habits change, everything that you do will change, and when you pray for help, The Father never ignores the prayer.' Many times though, a prayer for help is not spoken, but if it is, it is outweighed by the will.

There are many men who are teaching heresy, hypocrisy, because of greed, lust for different things,

and ego. I cannot say it is ignorance because there is more involved in it. They desire more benefits from it that are definitely based on self-love and not God's Commandments.

As I leave you, I want you to know that We Here understand that What I have spoken to you now will be understood by certain individuals, because it will not be the same subject that others will be involved in, affected by. Remember This Statement, and be sure that what you read that We have spoken, is what will draw you closer to God. It is important that all individuals understand: one subject can make one man or woman a Great Saint; another subject can make someone else a Great Saint. So be it."

OCTOBER 2, 1992 AT 4:55 P.M.

SAINT ANTHONY OF PADUA

“I am Saint Anthony of Padua. I enjoy hearing every prayer that is directed to Me for My attention. I enjoy the trust, I enjoy the Faith. It brings happiness to All of Us Here when a child says a prayer regarding a need, a hope, whether it is for themselves or for another one who is requesting not just attention, but help in some form.

It is sad to see a lot fewer in the world calling on Us to give aid. We are not past History. We are available at all times. There are no specific hours. We hear every prayer, every request, every plea. Mankind is so busy dealing with the humanistic ideas that are, in many ways, eliminating prayers to Us Saints.

Mankind is being deluged with men and women who are expressing in dramatic ways, the power to heal mankind, to control mankind, and to give mankind not just health, but many other things. These people are eliminating God. These people are

substituting false beliefs for the real thing.

So many men, women, and even children, are depending upon people who are teaching wrong things. Instinctively they should know that what is being taught is contrary to what is not just reliable, but sound, logical, and simple to understand.

I would like to speak on what is termed 'a Sacramental'. In so many ways a Sacramental alerts mankind to a certain portion of Bible History, Spiritual Closeness of Something or Someone that has gone before and is able to respond, in some form, to the prayers passed to Them from individuals who have the Faith to believe in such Spiritual Closeness and Proximity.

Men, and some women, are in many ways forgetting the Importance of Specific Sacraments that should be handled with more than dignity, more than respect, that should be handled with delicacy, honor, love and Faith. There is much desecration in this area of belief.

Man says, 'The world is in such a horrible state.' I agree. It has been

in times before this, and it has been disastrous times in History.

It is a beauty Here when a child of any age expresses Faith in The Father humbly, depends upon The Father humbly, and in this close association, uses the Faith in a loving way, with no doubt, no question, only belief.

When mankind prays it should be done with dignity, but the humanism that exists in so many ways, causes carelessness in the very act of prayer, in the demonstration of an act associated with the prayer.

So many go to rest at night and never think of saying to The Father:

‘Bless me, God. Give me the strength to awaken with more strength in You, more service to You, more love for You, and more example to all I come in contact with.’

I bless you as I am about to leave, and I ask you to remember to say a small prayer any time during the day. It keeps a communication that in many ways nothing can compare to it that is available upon the earth physically, mentally, or monetarily. So be it.”

OCTOBER 3, 1992 AT 8:49 P.M.

OUR HEAVENLY MOTHER

“I know it is difficult for mankind to fully understand This Great Miracle that is not just alerting mankind, but giving definite particulars to what is important for mankind to understand, to follow and to use as a daily guide for living. I am your Heavenly Mother.

It is important for millions to read Our Words because These Words will give a strength morally, physically, emotionally and spiritually, because These Words have so much Love in Them, and Pure Direction in Their Very Presentation.

As I have said before privately to *this instrument* in the world, and sometimes openly, I stood at the Foot of The Cross. This Terrible Happening occurred because of deceit, greed, dishonesty, and of course, because of a lust for attention and many other things. It is amazing how many justifications have been given and explained in detail, regarding this Supreme Sacrifice. Man says it

happened 2,000 years ago. To Me it seems like only yesterday.

In the time in which you live there are so many abominations needlessly practiced, and many justified. Is it not time for mankind to resist such things as this and concentrate on the Importance of human life, its Full Purpose, and the Destiny for which The Father intended it? It is so sad when We see so many in the world acting like savages, yet have intellect, sensitivity, abilities, and in some cases, at one time had a deep Faith in the right and the wrong, the pure and the impure, along with an innate understanding that human life had to have an Ultimate Purpose.

Mankind prays. I speak of mankind in all creeds of spirituality. Much is done in habit, much is done because they feel it is part of the instruction they were given. Many have particular practices that We see as insincere actions, because of what they call 'duty' attached to them. Prayer is a very powerful communication when it is done properly, sincerely, and with respect, dignity and honor.

Sometimes mankind tells others that they are praying. It is not so. It can be an excuse or an insincere remark to appease the other person, or even justification to clarify an issue. Man, in many ways, attempts to use something, some form of implying to someone else that there is a deep spirituality within. It is false, and We know it.

As We look across the world and We see the devastation, human devastation, it is sadness, because there are so many constructive avenues for mankind to make each day, each hour, each moment beneficial and accountable for a pure act, pure example, and the benefit of one's Soul.

The more We talk about the Soul, We are ever watchful of how some accept Our Explanation of the Soul. What has been revealed through This Miracle is new to many, because in the past explanations of the Soul there were many interpretations, and now, since it is explained so plainly, so purely, so logically, it is understandable, and yet many will try to deny the Beauty of Its Real Existence and What It Consists Of.

As I speak to you on this night, I speak in a direct manner. Millions will say, ‘Why them?’ I say, ‘Because I can count on your Faith, which is a very Important Part of becoming a Saint.’ So be it.”

OCTOBER 4, 1992 AT 12:57 P.M.

SAINT BERNADETTE

“I am Saint Bernadette. There are Many of Us Here Who walked a similar path as *this woman* does in your time.

So much is being revealed, and so much of mankind will try to dissect It into areas that the simplicity of What is spoken will end up with interpretations that are not what is truly meant.

When a Phenomenon like This is handed to mankind, there are so many differences of opinions and even personal questions, because of mankind’s lack of understanding in why The Father would reach mankind through one like themselves. It is not a common thing to happen.

Sometimes people get so involved with doubt, they eliminate the Beauty of Fact, of Truth, of Sound Direction, and the Full Expression of Divine Love that is involved in such a Manner of Communication. So much has been spoken, touching all ages of life, all intellects, and All is said in a

gentleness, in a genteel manner, with a clarity undeniable.

This Miracle has been given to the world, constantly saying ‘for all races, all colors, all creeds’. The Father has covered every area of human life, because no one is to be eliminated with These Beautiful Instructions, These Revelings, that give mankind not just interpretation, but Lessons to aid mankind in every facet of life, mainly to teach mankind What has never been admitted before, never has been said so simply there is no need for interpretation.

Things have been delivered through This Beautiful Miracle that has placed much responsibility on one small *child of God*. Only innocence and sound Faith could have the courage, the strength, the endurance, the Faith, the love, the belief, to stand up against the monumental odds that such Revelings would be disturbed by, or contradicted, because of what is so deeply imbedded in the practice of, according to interpretive intelligentsia of Spiritual determinations.

Many times, as I hear what is passed through *this instrument* of The

Father, I feel deeply for the lack of Faith many will have when they read or hear what is spoken through her; but, what all these opinions forget, what all these criticisms ignore, is the soundness in the Faith to accept what the so-called learned men and women would not dare to say, nor have they been instructed in such a personal way.

I say to *this woman*, ‘God has Blessed you, and He blesses all who have the Faith, have the strength to accept the Enlightenment, stand up for It, because in Its Reality, It has and gives so much more Purpose to many things of the past, and to human life as it is.’ So be it.”

OCTOBER 5, 1992 AT 4:25 P.M.

OUR HEAVENLY MOTHER

“Mankind cannot fully comprehend, how We can be aware of all that is being done by every individual throughout the whole world. There is no secret to this. Our Communication is through the Soul of every living human being.

When man hides in some form, no place can man hide from Us. We are constantly aware of every decision man makes. We are constantly aware of the choice of purity or impurity.

The system that mankind refers to in connection with Us is a very generalized word, ‘Faith’; ‘Heaven understands whether I have Faith or I don’t have Faith.’ It is more than this.

This is the first time that so much has come through to the world regarding the Soul that is given to each human conception. There is an understanding to the Soul that is innate, regarding the necessity for purity and obedience to a Higher Law.

Satan, in his jealousy, envy, hate, tries in every way possible to encourage mankind to do what he wants, think what he wants, say what he wants, act like he wants him to act. Satan says, 'It is freedom of the will,' but satan offers so much in the guise of what would be nice to have, fun to do, and in reality, it is against one of God's Commandments.

Sometimes man's expression of something being offered is like 'the icing on a cake', making it sound all right, better, not wrong, and more palatable to man's taste.

I come to the world at this time to encourage mankind to listen to Our Words, follow Our Direction, and see the Love that comes forth, comes through an individual human being. It is a Direct Communication that has no interference and bears only Love for everyone's Soul.

I have spoken many, many times and I plead with mankind, 'Cast out all that is wrong, all that is against any Commandment that is The Father's, all that would put a scar on your Soul.'

I have spoken so much today, through a very tired *instrument* of

The Father's. Remember this: The Father's Love is not a sterile Love, It is a Love that has so many advantages to It. He puts Awareness in It, He puts Direction in It, He instills Hope in It, and do not forget, His Love has a Goal that is the Highest Goal man can reach; that is, Sainthood for the Soul.

Some men, some women, would find it difficult to talk about having a Soul, because they have never seen One, but the Soul has a Reality to It, because man has the ability to choose right from wrong, good from evil, purity from impurity. If man will but think about it, man's intellect alone would not have full capacity to do this, because man's intellect is programmed in many diverse ways. Man's conscience plays a tremendous part in decisions of the will.

Logic says there has to be something very distinct in a human being, to be able to so quickly relate to a moral or immoral confrontation, situation, predicament, decision.

I bless you with Love far beyond human love, because you see, I want your Soul to return to The Father in all purity. So be It."

OCTOBER 6, 1992 AT 10:35 A.M.

SAINT ALPHONSUS LIGUORI

“Words spoken pass quickly, and many times are never remembered in the meaning they were expressed.

Words written indelibly, can remain for thousands of years. That is why the Messages given to mankind in such a direct way and are recorded immediately, are like carved in stone for hundreds of years, so that the Messages cannot be forgotten or incorrectly remembered.

Written Words from Here are Treasures because They bear Instruction, Information beneficial to that Part of human life, the Soul, that must be protected from impurities and wrongdoings.

God has Blessed This Miracle and all who accept the responsibility of perpetuating the Messages that are meant to live on for all time. As long as mankind is present in the human life, mankind will always need the Direction that Our Words have given to them. So be it.”

OCTOBER 7, 1992 AT 4:40 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. As We listen to the discussions on various experiences in different times of your life We smile, because We know that This Miracle is the Greatest Miracle that anyone could experience. Whether they hear only a Portion of It, they read the Words that have passed through It, It is truly a Beautiful Experience that The Father allows to occur, giving mankind more knowledge, more insight, more information, more understanding of the Gift of Spiritual Guidance, Practice, Goal.

Man does not understand the Beauty or the Greatness that man has the ability to seek out, to better understand the Full and True Purpose of human life.

There are so many who stand in many places, preaching, directing in Spiritual matters what they themselves do not fully understand, because they do not have the knowledge presented to them by One of Us Here. Many times interpretation on specific issues

is shouted out, hoping that the tone of voice will make others feel an emotional reaction to their preaching.

Please understand, it is not always done just for attention, but they feel they have a calling to instruct others, and then this calling becomes more of a demanding. Some hold a book and shout a passage from the book, making this passage a point of information, a signal for concentration, and they act as though it is an in-depth knowledge of interpretation.

There are so many of these people, men and women, who feel the need to instruct. I send out a warning: It is not always constructive instruction. There is much misinterpretation, even miscalculation, on the soundness in what they profess to be ‘the Word of God’.

This Miracle that has been given to the world, has fully instructed men, women and children of all cultures, all colors, all creeds, a sound evaluation, foundation, for a more Beautiful Relationship with God, and more understandable Facts that are logical in concept, context, reasonable, because of how mankind can, through

Faith in God, see more Purpose to human life, to the Goal of human life.

As I hold *the instrument* deeply and I speak Words to you, at the same time I am Instilling within her Other Things that must be spoken soon. So be it.”

OCTOBER 7, 1992

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. I have spoken much through This Miracle of Divine Love, of Divine Intercession, of Divine Teaching, Instruction. It was The Father’s Will for Me to do this. He did not say, ‘Alphonsus, would you please talk?’ He did say, ‘Saint Alphonsus, I want a Message delivered; mankind is in great need.’

When The Father speaks to Us Here, We respond immediately. Mankind does not fully understand that as Saints We have responsibilities, as Saints We must be obedient, because Our Tasks are to gain more Souls to be with The Father for All Eternity.

I have asked *the little one* through whom I speak to deliver My Words immediately. It is for you to see, for you to understand just a minute of the pressure, responsibility she is in constant contact with, for. Mankind underestimates This Beautiful Miracle. Mankind takes It for granted. This must cease.

I will allow you now to rest, but do not forget, this was not a test; this was to help you understand what this *small instrument* of The Father's is alert to every moment of the day, every moment of the night, and has been for more years than man has counted.

I bless you with The Father's Will, and in this Blessing I say, 'You have been given so much Divine Love for so long, in so many ways.' So be it."

OCTOBER 7, 1992

OUR HEAVENLY MOTHER

“My beloved sons, it is a long time since I have opened My Words to you in this manner, but as your Mother, your Heavenly Mother, I want you to be totally aware of all the wrong that you could be exposed to, and those you love could be hurt by, because there is so much in areas that look very innocent, in areas that look like they are enjoyable, interesting.

Children are not being cared for, cared about, in the manner that will protect not only their physical lives, but their Souls.

At the moment of conception the Soul enters; difficult for man to understand, impossible for some men to understand, and of course, improbable in many men’s eyes, thinking, conception, of such a thing occurring, but it is true, it is so.

At the moment of your conception a Soul entered, this Beautiful Gift of Life, a Soul that was to be with the life until the time The Father decided

the physical would end and the Soul would rise to be with Him once again.

There are so many things on this earth that you walk on that are sadness to Us, because things could be so full of purity, so full of pure love; it is not so.

The enemy of The Father, the enemy of you, walks the earth in many ways. When he cannot discourage someone, he takes action, and sometimes the individual does not see the horror of what is occurring, because the individual becomes so involved partaking in or being amused by, or being encouraged because of it, to do some evil things.

I come on this night to give you a Blessing, with a desire in It for total purity. You can be pure. It is your will, your decision, your conscience. You have the right to say 'No' to anything that is wrong for your Soul. You have a right to be what you know you should be. You must understand that as you have rights, you have responsibility to be example to others in the manner, the way of purity.

Purity does not mean that you cannot enjoy all the things of life. It

means you must choose what is right, what is good. It says you must be aware constantly of That Part of you that was placed within you at the moment of conception, and as you lead children into understanding What The Father Is All About, you must let them know that within them they have a Portion of Him that is Special to them, and when they see wrong they must say 'No' or walk out.

They must become aware that they cannot accept everything that is put before them. They must become totally aware that all things in life are not right. They must be taught to see the beauty of goodness, respect, honor, dignity, and be totally aware of God's Love for them, because you see, He is a Part of them, they are a creation of His.

You must understand this, for if you do, you will be able to pass to them, children of your own or other people's children, the beauty of being man, the beauty of loving God, not emotionally, but expressing happiness, joy, love, concern, and constantly being aware of the choice each one has. When a child knows he or she has a choice, it's something to watch, how many

determinations come into that choice. We Here in the Heavens say, ‘Child, make the right choice.’

You, too, must do that to all the little ones you know, because you see, it is so easy to say, ‘Well, they’ve gone too far, I have no more control.’ You do have control. By what you say, you have control, because what you say is direction, and if you say it, that means you have faith in it, and if you have faith in it, then it has strength in it.

I bless you with a Mother’s Love and I say, ‘It is important that you understand All that has been spoken on this night, and that in some way, you help things develop in the manner they should, the way they should, and please protect the Words, because the Words are to live on for a very, very long time.’ So be it.”

SAINT TERESA OF AVILA

“I am Saint Teresa of Avila. Mankind’s form of communication has always been verbal, many times through signs. There have been areas of time when pictures took precedence over other forms, and of course, words written that were understandable so that mankind would be able to see, feel, and read the meaning of the subject matter.

This form of communication has proved, over the years, that mankind can gain full knowledge of a subject, and is able to retain the subject more easily and for a longer period of time.

This Beautiful Miracle that has been handed to the world, most times was spoken verbally, then written so as not to lose the Messages through the memory of some people when the Words were spoken verbally.

Many prayers are thought, some whispered, some spoken out loud; personal in nature, an individual’s own communication with God or One

of Us. We enjoy this communication. It is personal.

This Miracle, in Its basic foundation, is very personal. The Words are spoken, Each Word written as We say it, so mankind will have Instruction, Information, Direction, and feel the Personal Communication.

These Words will live on for hundreds of years. These Words will be read for hundreds of years. The Lessons must remain. The Instructions must remain for mankind to fully understand the Beauty, the Love that The Father handed one day to every human being, a Portion of Himself, a Soul.

Some men say, 'I want to go to Heaven.' When man says this, he instinctively feels the human side, not fully understanding that he would be represented by that Important Portion, given at the moment of conception, bearing his or her name for All Eternity. What better way could mankind go to Heaven?

There is no portion of man that is capable of representing mankind in Heaven. Logic says it has to be Something of The Father's, Something

closely associated with The Father. If it were not, satan wouldn't bother; he would have no use for anything else, no desire for anything else.

All the explanations down through time have never put it so simply. This Miracle has been a Blessing to the world, because no man, woman or child could have had the knowledge within themselves to make such a Revealing that is so logical, so realistic, so important, so understanding. This Revealing gives sound purpose to the desire to become a Saint.

Mankind innately knows right from wrong. Now mankind has been given a beautiful reason for right to be chosen over wrong. So be it."

SAINT THOMAS AQUINAS

“I am Saint Thomas Aquinas. There were many times in the past, when My Name was brought up, there was much significance to things regarding My life. The time in which you live, man has cast aside much information that was written about not only Myself, but Many Others Here.

This Miracle is a Special Gift of Divine Love, because It is allowing so Many of Us to come and speak openly, personally, giving Instruction, Direction and Hope to millions of people.

Years past, mankind would read books, hear stories about those for whom the book was written, but this time in the world is Openly Special because it is so Direct, and there are so Many of Us Here Who are able to speak Words of encouragement to help all who will hear the Words, or read the Words, to better understand that human life had and has a Great Purpose, not always understandable by mankind because of the daily

necessities and the daily care for others.

Man says, 'I live in a modern world.' Many times Many of Us Here thought of Our time being modern, or I should say 'updated' in its way of thinking, manner of doing things, and the progress that was obvious to us in so many areas.

Let us look at two thousand years from now. No matter how many inventions become evident, no matter how many rules are made to be followed by everyone, all human beings will have the One Goal for life. There will be no change in this Fact, or Reason, or Purpose: Human life will contain a Soul.

Right at this moment, many sit in educational classrooms, some sit in workplaces, some in their homes, eagerly learning new subjects, new ideas, new practices in how to do things, striving for higher goals. Many men, women and children are diligently learning languages that are practiced throughout the world. These things are not being condemned, but there is, along with Our Words in this Way, in this Direction, 'Never forget

you have a Soul, never allow anything to distract you from this Important Goal.'

Man has a mind, physical abilities, and a way of communication, usually through the voice box, usually through actions, making appearance known. This Miracle that has been situated, not isolated, but situated in a manner and a way and a place, to allow It to use all the medias of expression so that It can be transferred through the written Word, throughout the world.

In the time I was upon the earth, my words were important words, my actions also; but as I look at the time in which you live, there is such great advantage to spreading God's Love, God's Will to the whole world in a short time and through such a personal manner.

There are so many differences of opinions. So many times these differences cause many problems, but when something as Great as This Miracle, so Direct as This Miracle, giving Facts of Great Value, common sense would have to tell mankind to see the Value in such Information and to value this Information, not just

because of Where It comes from, but because of Its Logical Reasoning that is evident in every Lesson. So be it.”

OCTOBER 9, 1992 AT 3:14 P.M.

SAINT CYRIL

“I am Saint Cyril. I have spoken many times since the beginning of This Miracle, and even before Its Announcement through *this woman* in the world.

There is great emphasis on mankind learning about the Soul. In My day we did not have the privilege of such important information in the explicit manner that is being given to the whole world in your day, the importance of mankind knowing the privilege that each one is responsible to be aware of, within their whole being, and the importance it is for each one to see the responsibility that is an individual's and should not be allowed to be taken for granted.

Children should be taught that as they have an intellect, the ability to walk, to run, to play, to make decisions, they must be aware of that Special Portion within them, a Gift from God, to be returned to Him one day. Mankind will be surprised at how

children will feel responsible for such an important responsibility.

Children are taught about Heaven, about their Guardian Angel. This is right, it is good for them; but they are not always taught that they have a responsibility to God, because as He made them a human being, He placed within them Something of Himself. If they are taught correctly, they will feel the importance of doing things to please Him, instead of just pleasing themselves.

Mankind says, ‘Selfishness is part of human living.’ I, Saint Cyril say, ‘What made this a fact?’ and I add to this, ‘That is why there is so much sinning.’ Mankind accepts self-love so easily, but This Beautiful Miracle is helping mankind to understand The Father’s Love is Ultimate, and It must be guarded, protected. It bears a responsibility above all things.

Tell a child, if he or she could stand Face-to-face with God, it would be impossible for them to choose impurity. Then, is it not almost the same thing when you remind them that within them there is a Portion of Him, aware of all things, and That is

the Portion of them that will return to Him when the physical life is over?

Children are not being taught the Importance of the Soul. As they learn about their Guardian Angel, it is a form of protection for them; they must learn that through The Commandments of God they have the responsibility to protect the Soul within them. As I see children of all races, all colors, all creeds, led into areas that are obscene, sinful, the little one is victimized in many ways, and taught all the wrong things.

I leave you now, but I want My Words spread, and if mankind says, 'The Soul is not a Portion of God,' say to him, 'I want proof of your words before I will believe them.' So be it."

OCTOBER 10, 1992 AT 8:44 P.M.

SAINT PIUS X

“When I was upon the earth, I was called ‘Pius X’. The tasks I had to perform covered the whole world, covered what man calls ‘Christianity’, mankind who believed in and who followed the Roman Catholic Church.

In My time, as in your time, there were many differences of opinion and yet we had, hopefully, one goal in mind, and that was to instruct, to hold together, this particular place in Christianity, wherein we felt there was a great truth and much direction, for the benefits in the Spiritual lives of those who followed this religion.

You live in a time where there is much dissension because the structure, in many ways, has slipped into catering to humanism, much based on more leniency in the formal structure where there were more strict rules that would give strength, and did give strength to the individuals who practiced this particular religion, this formal Faith called ‘Roman Catholicism’.

There is so much heresy in your time. There are so many areas in which it is practiced. There are so many who, because of the laxness in the structure, are ignoring the strength in the values connected to Definite Rules, guided by, hopefully, men who would be devoted to helping mankind understand the importance of obedience to God's Commandments, using specific ways to pray, more unity in prayer, and not in emotionalism.

All through time, there have been individuals who falsely felt they had specific special gifts. Those who truly had the Gifts were quiet about Them and did not brag about Them. In the time in which you live, scattered throughout the world, there are people searching to be special. Some can be called 'fanatics', some want special attention, some find it beneficial monetarily, some are so full of greed that they dominate areas. All these things lack Holiness.

Mankind must begin to understand that ceremony, when it is properly exercised, gives strength spiritually. That is what religion should express, more for the benefits of those who need to have organized

ceremony to give strength to the Faith, to give hope to their manner of living, and for them to become stronger in concentrating on what is best for their Soul.

In common language I say, ‘There is so much in religious circles now that can be termed “helter skelter”.’ An odd term for Me to use, but this is how We see it. There are so few who see the value of formal prayers done properly, with respect; devotions that give hope. Mankind says, ‘I pray,’ but I say, ‘What is your manner of prayer and is it sincere?’

I have spoken quietly in This Miracle many times, but I announce Myself on this night because I feel that What I have spoken will be written and My Name will be associated with It. There are so Many Here in the Heavens eager to speak Words through This Miracle. Please believe Me, there are many heretics throughout the world. There are many false prophets, and there are many who are so convincing that they are leading many astray.

I will close My Words now with a Blessing that you understand: *In Nomine Patris, Et Filii, Et Spiritus Sancti. Amen.*”

OCTOBER 12, 1992 AT 11:30 A.M.

OUR HEAVENLY MOTHER

“No one in the world could possibly comprehend, understand, or in any way be able to fully, theologically understand the Magnitude of This Miracle. In times past there have been True Mystics designated by The Father, given many hazardous tasks. When He gave the tasks, He knew that they would be carried out because of, and through the strength of, and an innate Spiritual obedience, innocence, and willingness to put His Will above all things.

It has been noted in some stories about these individuals, that there was an aloneness to their life, and another descriptive word would be an ‘extreme loneliness’, because of the responsibilities placed within them, upon them, to come from them, that was not of their own initiative, ability, or their nature.

This Miracle is a great combination of Many Who walked in times past. We could name numerous Ones, but Many of Them have

spoken silently, openly, and always determinedly, so there was no mistake in this *Victim Soul's* intellect, that what was being ordered to be done, would be done.

Mankind, in your time, sometimes hears the Words passed through This Miracle, sometimes reads the Words from Here through This Miracle. It is oftentimes annoying to listen to the determinations that result from their short association with This Miracle, because they base so much on their opinion, and their inability to comprehend such a Great Occurrence through such *a little one* in their time of living.

Moses is constantly present by her side, with a strength beyond what man could associate with or understand. He knows the path is difficult and He also knows the responsibility can be compared to the weight of all the oceans, all the waters throughout the world. Think of this pressure on a human body.

I am your Heavenly Mother. This Great Miracle has come to a very large fork in the road. Mankind will have to take sides, mankind will have to

choose belief or disbelief. For some it will be difficult, for some impossible, and for some it will be like a great sign in the sky that will save their physical life, their Spiritual life, and give them hope in all directions.

Spiritual strength is not always easily accepted because Spiritual strength is not something man can define. It is an inward thing, and it is in the intellect, in the will, in the conscience, and it is so closely involved with the Soul.

Many times, those close to one such as you are close to, this *small one*, this *Victim Soul*, find a lack of full understanding, and yet within you, you feel the need to understand, the responsibility to understand, the desire to understand.

Many men and women, in approaching her, find it difficult because they do not have a sound understanding of how The Father would choose one so little and yet so strong. There are so many in the world who would fall to their knees in thanksgiving if they but had the opportunity to hear Our Words

so direct, because the need is so tremendous.

We also understand that one of the most difficult parts of This Great Miracle was for this *little one* to be on exhibition at any time. That is why The Father has allowed her to remain anonymous in many ways. At first it had to be shown, but no one truly understands how she has begged for anonymity.

The Books, with so much of What We have given, must be spread throughout the world. You say, 'But how?' I, your Heavenly Mother say: 'The Words are Seeds to be planted. Let Them fly to all corners of the world. Someone, many will pick Them up. It is innate in man to do this.'

I leave you with a Blessing, as I always do, but I want you to know, courage is a beautiful form of Grace and for Grace, and though much has been revealed that many try to not accept, *the little one* through whom It was revealed has never rescinded One Word, no matter what the attack.

When it was announced openly about Me, she would not bend. The words spoken to her so adamantly, by

more than one individual, could not supersede the Truth she knew had to be given to the world.

The Revelation regarding the Important Place of Joseph, why was it so easy for mankind, saying He walked a simple role? That they could handle. And then they could accept easily that He had been proclaimed 'a Saint', when all the Evidence, all the Reality that was associated with Him spoke logically that He was The Third Person of The Beloved Holy Trinity.

My, what a reaction We saw. We heard men say, 'Now we've got her.' We said, 'No, you don't.' Then, when this *little one* was handed the responsibility to say what the Soul of each man truly Is, those who studied theology found it difficult, because this was the final blow to many of them.

Look at What I have spoken. Would God have chosen a weakling for All This to be passed to the world?

And then there is the subject of ecstasy. True ecstasy is not understandable to man. Ecstasy is not something that mankind could fully understand. It is a form of communication. It is accepting the

Presence in a manner, in a form, imitated by some, but cannot truly be termed in any way an ability that could be practiced by man.

Ecstasy is difficult, for it is a complete acceptance of a Presence unseen. It is complete obedience, wherein the whole body is reserved for whatever is to be done, to be said, to be seen.

I bless you, My children, for as you are present your Faith grows, not just within you, but will radiate from you, and that is important because This Miracle was given to the whole world to save Souls. So be it.”

SAINT BENEDICT

“I am Saint Benedict. In My time I was in a particular area, wherein those who were ready to serve in the vocation that would be dedicated to extend to thousands of people more love for God, and to teach a lot about Him that mankind would not have known, if it had not been for those who followed this pattern of life.

I speak openly through this *small woman* in the world, small in stature. I wish My voice could be heard by all people, because I would want to shout what I am about to say.

Each human being is a ‘special creation’, not in the same category as vegetable, animal, or universe objects that are under much observation in your time. If more of mankind would spend more in the direction of God, for the Purpose of each one’s Soul, the world would be a much, not just happier but more beautiful place for man to live in, live on, be a part of.

Many men and women, in years past, struggled in hardships for

survival, hardships beyond what you, in your time, are aware of. I remember those days. I lived in that time, when everything we did was important, every statement we made was important. We had tremendous hope. Our vision was diversified, because we had to use everything available, everything that we could possibly find to use, to better our way of life and to extend the beauty of what man calls 'immortality'.

The time in which you live is a humanistic time. There is much selfishness, much self-love, greed, lust, possessiveness, and outlandish ideals and ridiculous goals.

As I stand Here speaking to you, some who will read My Words will try to picture what I would look like, and they will remember stories about the time I walked the earth. I smile at this, for you see, no human being is truly an open book. All things can never be recorded: the secret moments with God, the secret prayers for help, the secret caring about others, the secret hopes, the dreams, and the secret in how we loved in different ways.

Love is a tremendous Gift of The Father's. Love expresses hope, caring,

service. Pure love is special in that in its purity, it is selfless. Pure love many times is misunderstood. When those of whom I was in charge would come to me with concerns, worries, my love for The Father's Will to be done by them, many times was not understood by them, because I wanted them to understand that though they felt the hurt they had, some were ambitious, some wanted so to be able to share what they felt within them.

As I would speak to them, I could read their hearts, and if I listened to their words, I would beg The Father for direction because I did not want any one of them to be misdirected. Sometimes I would feel the presence of their Soul, yearning, pleading, for the right direction. Sometimes I would feel the sadness in them because of some problem they had, and I would, in my love for them, I would ask The Father to be generous with them.

Sometimes when they left me, they did not feel the consolation they hoped would be there, but I would kneel and I would make a request and in this request I would say: *'Please, my Heavenly Father, let the loneliness pass, let them feel only Your Presence.'*

Help them to not feel the hurt. Tell them to not be distracted by others' remarks, by perhaps a little discord amongst them. Help them to rise above this. Help them to be so strong, so at the moment they come Face-to-face with You, their Soul will glow to such a degree, because they conquered hurt, hostility, misgivings, and yes, wondering if they had the vocation they chose, because it seemed like such a battle within them, even touching their Soul.'

There is great sadness throughout the world in which you live. Men, women and children are running in all directions, grasping everything at hand to fill the moments of the day, to make the day more enjoyable, more complete. They feel keeping busy is the correct way. If you were to take a poll of how much time was spent by every individual during the day, on what condition was their Soul, you would find very little time, for there are so many distractions, so many areas that are filled with empty pleasures, needless goals.

I am always so happy when I am given the privilege to speak through This Miracle of Hope.

You talk many times about what a terrible thing war is. You are lucky in one way, that you do not see the real war that is occurring, that satan is, in so many ways, using means, enticements, and all sorts of promised treasures to gain Souls, so the Soul will not be, one day, in the Place Where It belongs, Where It must return to, and that is Heaven.

I bless each child who ever mentions My Name, and I bless all who try, in some way, to be good example for the benefit of another's Soul in your day. So be it."

OCTOBER 12, 1992 AT 5:45 P.M.

SAINT ANASTASIA

“We smile when We announce Ourselves to this *little one* through whom All of Heaven speaks. This Statement might be difficult for some men and women to believe or understand. This Miracle, though It is called ‘a Miracle of Hope’, is a Constant Form of Instruction to all people throughout the world.

There has been so much written by learned theologians. We are not saying it is all wrong, but We are saying that many of the interpretations were according to the theory that they interpreted through what they had learned.

As I speak, there are Many Here Where I am, not just listening to What I am saying, but like in your human way, when you are interested in a conversation or a happening, you find yourself congregating to either participate, or learn about a new subject, or be entertained, or find what is going on interesting, and many times you cooperate.

When mankind talks about Heaven, it is like Heaven is a Place far beyond. This is not so. As long as you have a Soul within you, Heaven is near you, close to you. That is why it is so sad when a man, woman or child accepts impurity in any form, any manner, any degree, for any reason, because the Soul bears a terrible brunt, scar, and it causes great sadness to the Soul and to All of Us.

Mankind ignores, so many times, unkindnesses, impurities, indecencies, and frivolous promiscuities when he or she is involved, or they are participating in the way of watching others in these particular actions or situations. Yes, We are very serious in All Our Statements. Yes, We care very much about every living human being, because We are fully aware of that Special, Important Portion that is instilled at the moment of conception.

We do not say, ‘Do not enjoy life, do not enjoy laughter.’ And do not feel you must walk around constantly leery of places that could bring you happiness. Do not be so afraid of life. There should be, and there was meant to be joy in it, because through joy and happiness, there is strength, there is

hope. We do say, 'Ignore places that are demeaning to your physical, your mental, and of course, your Soul.'

As I speak, Many Here nod Their Heads in agreement. You see, there is no Miracle exactly like This in the whole world.

Little ones must be taught the importance of obedience to God's Will. They must be instructed that this type of obedience begins in their home life; also, whoever they are with, wherever they go, whatever they do, especially when they must make a decision of purity over impurity, right over wrong.

The Father is so Generous to all of mankind through This Miracle of Hope. Millions of men, women and children are struggling right this moment for sound Spiritual hope, sound Spiritual guidance, sound Spiritual understanding, sound Spiritual instruction. Through This Miracle, It is being given constantly.

All ages must understand the Importance of God's Commandments, the full meaning of each one, the full direction in each one, and the course

of obedience that must be taken regarding each one.

As I speak, I extend My Love, My Hope, to each one who hears Me speak through this *small one* in the world, who will read the Words I have spoken through her. Some men and women will say: ‘Why her, God? Why not one like You have chosen before?’ We All smile at this, for you see, there are many reasons for the manner in which He does things.

I have the privilege to give you a few more Words. Be sure that you open the day with a prayer, requesting a Blessing for yourselves and for others. Be sure you close the day as you say ‘Goodnight’ or ‘*God bless you,*’ to those with whom you live, but remember to say to The Father:

‘I love You, God. Thank You for today. I hope tomorrow I will show, in every way, more expression of my love for You, more example to everyone I am with, or who sees me and I do not see them. Thank You, God, for the ability to pray. Thank You for giving me the strength to know that You Exist, and that I can one

***day be with You again for All
Eternity.' So be it."***

OCTOBER 13, 1992 AT 1:52 P.M.

SAINT AGNES

“I am Saint Agnes. It is important for My Words to be written on this day. There are many areas where Souls are at great danger, areas that are not looked upon as any chance of satanic intervention being possible.

Many times mankind looks at things unrealistically, not wanting to see anything that would be disturbing to one’s way of life, one’s manner of living, one’s workplace, even one’s church of choice, religion of choice.

Many youngsters are in educational institutions, being hindered by those who are in charge, because of the moral values and the moral standards that are not in the same code of ethics as The Father’s.

Many men and women in authoritative places are not seen for how they truly think, truly live, what their moral code of ethics includes, because their outward appearance is like all others. The dress code gives a oneness that covers many immoral thoughts, actions and example.

Those who sincerely believe in the Beauty of The Father, the Greatness of The Father, the Love of The Father, must begin to recognize the values of those with whom they come in contact with, they are friends of, associated with in business, or who they depend upon regarding their children, their loved ones, or even their own communication, their own association, because sometimes when immorality is not seen as something to be concerned about, because it is not one's own thinking, does not mean it will not affect your life or those close to you.

When you go to a doctor for a physical reason, you respect his knowledge or her knowledge. You comply with the diagnosis, and hopefully, the correction of what might be wrong. Many times you have immediate trust. Sometimes the trust should not be, because to the individual you are routine.

Now let us compare this situation with those to whom you feel you are closely related or have deep friendships. Please do not take morality for granted, but use judgment for the benefit of your Soul.

Do not allow yourself to become so complacent, so vulnerable.

The time in which you live can become a time that many Great Saints will rise from. At this point in time, what We Here see is so many walking into the briar patches designed by satan, too trusting, too weak, too careless, too indifferent, too eager to please, and yes, omitting the fact that there is much at stake, and that is the Salvation of one's own Soul. So be it."

OCTOBER 13, 1992 AT 2:55 P.M.

SAINT ELIZABETH

“I am Saint Elizabeth. In This Beautiful Miracle, mankind is having such a close association with so Many of Us Here. We did not have this advantage in Our time of life. This is a Blessing beyond what man could ever imagine, beyond what any human being could even put into a real life story. It is incomprehensible. It has a beauty, a love, a tenderness, a hope, personal communication that some men and women strive for, but a Miracle such as This could only be accomplished when It would be provided by The Father Himself.

Heaven is a very Real Place. When We look down upon the earth, from Where We are, and We see so many men, women and children neglected in spirituality, neglected in direction that would help them better understand the True Purpose of human life, no way could God’s Commandments have remained for three thousand years unless The Father Himself perpetuated Their existence.

Mankind has a way of eliminating many things, redesigning to fit his or her own purpose, adjusting to accommodate their personal views, and of course, taking things apart so the original meaning no longer exists.

The world is being handed a Precious Gift, a Treasure. There were two other Major Times in the History of what We call 'Christianity'. It was formally begun when The Father handed to Moses The Rules He Commanded to be for all time, a Constitution wherein the full meaning of morality was made evident. In that time, mankind found it difficult to be obedient, not just because of the culture or cultures that were evident, but mankind has a History of stubbornness, egoism, and many times delights in ignoring rules, commands.

Man was created with a nature, with an intellect, with a personality, with a conscience, and yes, all these things filter into the will; the will, the decision maker, but do not forget, guided by all these other areas of human life.

You live in a very precious time, precious because it has been given

Divine Direction in such an intimate way, in such a personal manner; that is, by Its being written, It can travel throughout the world. A voice can only go so far, but Words can travel on the Winds of The Holy Spirit of God when They are written so that others can read Them, absorb Them, apply Them, live by Them, and be example of Them.

To do all this, The Father needs only a small voice, but an obedient voice, and one who is ingrained with responsibility to never deviate, and to allow no man, woman or child to inject other than What is Spoken Direct.

The world has been Blessed, and as We are given the privilege to alert mankind, to teach mankind, and to pass to mankind the Importance of What The Father Wills for each one's Soul, also what the Soul Truly Consists Of, in spite of what any man, woman, could deny It to be.

How else would you have such an understanding of Christianity, of the strength in Christianity, of the purpose of Christianity? Without a Portion of God within you, you would lack the understanding of the Importance of

this Great Gift of Love, this Great Gift of Hope, and the understanding that life has a Purpose beyond the time of living the human life, the human way.

God has Blessed the world in many ways. God has given Hope, because through Hope there is Light, and when there is Light, there is Enlightenment.

Be sure when you pray, you remember that prayer has a tremendous communication, prayer has strength, and through prayer, there is a truly meaningful way of saying:

'I love You, God. Thank You for giving me the Faith to know You Exist, because just knowing this, I feel the strength of a oneness with You, and that You truly hear my prayers, my needs, and all I wish.' So be it.'

THE SACRED HEART

“I am called ‘The Sacred Heart of Jesus’. When mankind looks at My Heart in a picture, in a statue, they relate to the physical portion that they can compare to what they know a heart is.

My Heart beats constantly with a Love no man could ever understand. The Blood you might see in some places, It shows a Drop or two or three. It is to draw your attention to what I feel. Think of the Drops of Blood as Tears falling from Me, because of the sadness I must endure because of mankind’s immorality.

Mankind has a saying when he or she is disturbed regarding a situation, an individual. Man says, ‘My heart aches with sorrow, my heart aches with pity.’ Man associates the heart with feeling, with love, with hope, with desire, with courage, with strength. My Heart says to mankind ‘Immortality’.

When I suffered a great loss when I was hung upon The Cross, the

loss was My Worry, My Concern over the Souls that would be lost in spite of what I was going through for the Salvation of Souls.

Man says, 'I see my life passing before me.' I say, 'There were times, as I hung upon The Cross, I had a clear sight of the Souls that were then upon the earth, and all those who were to one day be present in human life, and would suffer because of the decisions made by the living individuals wherein the Soul was placed.'

I hold this *little instrument* deeply for I show her a scene. I am hanging upon The Cross man gave Me. The agony was beyond endurance, and when the blow came and it pierced My Flesh, My Plea to The Father was, '*Let This never be forgotten, so mankind will understand that This Passion, This Sacrifice was to show mankind what a terrible thing it would be to allow anyone to cause them to not see the Importance of What This was all about, and to learn to protect their Soul in the same manner they would protect their heart from evil.*' There was more to My Crucifixion than has ever been written.

I once said to this *little one* through whom I speak, 'You cannot reject My Will, no matter how difficult the tasks may be.' I said this many years ago, and she accepted, but with much fear, for I instilled within her the importance of obedience, the importance of dedication, and the importance of submission, that was not ordinary.

It is true, the first thing I took was her heart. She wanted it back immediately. To this day, she knows I am in possession of it, for as long as it is with Me, I am assured The Father's Will, will be done accordingly.

We All smiled when a very personal thing was taken from her, her personality. She still searches for it. We give it back only at times, but only to a degree.

When I came for her nature, she fought a battle unbelievable, because nature to man is very, very real. Not always is there an awareness of it, but human nature has a strength in it, conviction in it, conscience in it.

Then one day, when she came to see Me, I said, 'Now you will have to give freely, your will.' She said, 'I

cannot do this, I will have no control of my being.' What you see whenever you are with her is a full submission of her will directed by The Father's Will, so that mankind would be able to have the Information He Decreed.

I must hold her tightly. The body is physically very tired, very weak. It is because We use it so much.

In the coming days, she will have many decisions to make, not all comfortable for her, but each one will have to be. She does not agree with all of them, but We know Our Will, will be done, for do not forget, this *little one* through whom I speak is totally resigned to the Will of The Holy Trinity.

Some men say, 'I could do it.' Not so.

She still asks for her personality to be returned fully. Human nature depends much on that particular facet of human life that is associated with human communication, human response, human companionship, human intellect.

When she was commanded to share a picture of My Heart with all of

you, she never questioned it, but she did say one thing: 'Be kind to them, for I know, as You knelt me before this picture, there was much physical hurt.' It was the preparation for this day to be and more to come.

It is not easy to deal with mankind in the manner she must deal with mankind, because to some she is an oddity, and that is why We took her personality, We took her nature. It had to be. No human being could ever fully understand what the full submission of a will is to Divine Plan, because as they stripped the garments from My Body, I, too, wanted them back. I felt alone and naked of any protection from man.

This *little one* through whom I speak carries a very heavy burden. Nothing in the world can compare with it or to it. It is one alone. As I release her, it will be some time, not yet determined, that she will be able to be the way she responds automatically, for as I came today with My Heart open, the small Drops of Blood for her to see, I took something else from her. She felt it. She said, 'What have You taken this time?' I could not smile, but because of My Silence in answering

her, she quietly said to Me, ‘I know You will tell me when I am ready to handle it,’ and I said, ‘Ah yes, now you are truly in tune with The Holy Trinity.’

I bless all who have the Faith to understand the Importance of This Great Miracle that has been so generously handed to man. We call her ‘*Our little Victim Soul*’. She does not like the Words, but nevertheless, the Words are true. As I was a Victim upon The Cross for all of you, this *little one* through whom I speak is *a victim* beyond mankind’s understanding or belief. So be it.”

SAINT BARBARA

“I am Saint Barbara. Many of Us are surrounding this *small instrument* on this day with much Love, much Compassion, much Hope, for her physical, her mental and her Spiritual have been presented a tremendous task, greater than mankind will ever know.

As We listen to her pray for help regarding this way, We ask The Father to be easy on her, for you see, We can associate with physical pain, mental anguish, and of course, Spiritual hope.

There are many issues she is about to face. Of course, they will not be made public, but you will find, when you are in her presence, a tiredness, and yet you will see a particular type of strength. This strength can only be when she calls for it, and I have to say, there will be many times she will scream for it, try to demand it; for This Miracle that you partake in, that you are the recipients of, you are also the ones who must distribute

This Miracle, the Importance of It, the Lessons passed through It, the Reality of It, throughout the world.

Many times she has said to you, ‘Well, my part is done, now it is up to you’; maybe in a different terminology, because as she finishes in one area, she is immediately driven spiritually, mentally, and many times physically to another area, not always recognizable by those present.

All of Us Here walked in different paths. All of Us, though, are aware that This Miracle that has been given to the world is One to be remembered for all time, because It has delivered Specific Facts, Facts that will give strength to every area of life, Facts that will give hope, Facts that will bypass theory with Solid Statements, not questionable, not theory.

This Miracle in which you share so much, is not merely a Miracle of Faith, but It is a Miracle of Growth, a Miracle teaching mankind the Importance of human life, and its true and full worth.

As I leave you, I want you to know, as We surround her today, it is always this way, but at a time such as

this, when We know there is a change to be made, more directions to go, We feel the need to encourage her, to aid her; I add to this: it is a very lonely road.

The important issues are not always accepted by mankind because man says, ‘I heard it differently before.’ Many wrong judgments are the first reaction from some. So, as All These Lessons pour throughout the world, it will be through your efforts, your time, your love, your service to perpetuate The Father’s Will. So be it.”

SAINT ANTHONY OF PADUA

“I am Saint Anthony of Padua. There are many men and women who, after reading the Revelations that have passed through This Miracle, will scrutinize Every Word and make many wrong determinations. This is a sadness to Us, because mankind should see the Value in the Truths that have been constantly delivered according to The Father’s Wishes and Will.

Many theologians will see the Beauty, but their positions in life may cause them to reduce the Magnitude of what This Miracle is to the world. We are All Here prepared for such negativism, because of human jealousies and human error.

The importance of prayer is not always recognized by individuals. Many people do not understand that prayers can be spoken, acted out, and mentally passed to Us Here. Sometimes it is not feasible to say a prayer out loud because of circumstances, because of where you are. Mental prayer has a tremendous power in it, for it is

uniting one's thoughts, one's feelings, one's needs, one's desires, through the Soul to Here. These prayers are not missed. These prayers are heard.

Little words to someone else, '*I will pray for you,*' usually mean more to the receiver of this than many times shows. '*God bless you,*' even to an atheist, a pagan, radiates a goodness in you. An outward expression of charity, no matter what Faith the other person may follow, there is a meaning that sometimes carries more weight than if the person were to read a book, a pamphlet, or a story.

Man does not realize the importance of genuine openness regarding belief in God. In politeness, man will say, 'Excuse me.' When he doesn't, sometimes there is a reaction, and he is called 'ignorant' and other names.

A Spiritual gesture when something happens, such as, '*Thank God,*' when it turns out right, leaves a good thought, a good feeling, a good understanding, even though someone professes to not believe in God, or professes to believe in some unusual manner or form of religion. They feel

safer when they are with someone who is not afraid to speak openly of what they believe in, how they believe.

Remember what I have said, because many times in a lifetime, these situations arise, and you have a responsibility to let others recognize through some small gesture, some small statement, that you believe in God. So be it.”

SAINT MATTHEW

“I am Saint Matthew. For two days I have been speaking to *this instrument* of The Father’s, in some ways trying to help her through this severe period of the changes occurring within her body and within her receiving All of Us.

It is a beautiful sight to see men, women and children respond in such a positive loving way to This Beautiful Miracle designed especially for your time, giving such Personal Instruction to aid mankind spiritually, morally, even physically.

If those who take part in all the physical aspects in the background of This Miracle could but see the happiness of their individual Souls when the human portion responds so lovingly, understanding more about the Importance of one’s Soul.

As I speak through this *Victim Soul*, I thank The Father for this Precious Gift, because as I partake in the act of encouraging men, women and children to be constantly aware of the Importance of this time in their

life, that has so generously been given to give Hope, Enlightenment, Love, Direction, for that Important Portion of every human being, the Soul.

Up to this time, there have been many deliberations, theories, and made-up interpretations, regarding what the Soul is. The Soul is a Portion of The Father, as The Holy Ghost, or some call It 'The Holy Spirit of God', is to God. It is the Core of Spirituality, Purity, and It has Great Purpose beyond this. It is the moral strengths that react and act through the conscience and will of every individual.

Much has occurred in the physical aspects behind the scenes, mainly, where mankind has been catered to, where mankind has been allowed to not depend solely on memory, but has been given the written Words, sometimes even the chance to write Them; plus, The Father chose a 'special piece of land'. It was Him Who saw to it, that one day it could be used as 'a cornerstone', marking the place for those who would work together, to join in several areas so that this Special Gift of Divine Love would have a home to be used for many to work from, so that millions would benefit.

This Beautiful Miracle, in every Facet of It, has Reason, Purpose, and has been designed by The Father to give stability in your time, so that spirituality could spread through dedication, commitment, dependability, follow-through, and Faith.

I walked the earth. Even at that time We had many difficult things to overcome. I, Saint Matthew say, ‘You, too, can overcome all obstacles, and with your dedication, awareness of your Soul, the Importance of It, will conquer all enemies.’ So be it.”

SAINT ATHANASIUS

“I am Athanasius. When The Son of God walked the earth, people of all kinds gathered to hear the Words. They were Words of Direction, Words of Caution, Words of Hope.

As He walked, men gathered, some women gathered, because the Words that were spoken had Great Meaning to Them, Purpose in Them, and a type of Fulfillment for human life.

As He walked, some men decided to walk along with Him, intrigued by how He spoke, what He spoke about. It all made sense. It gave strength to their very existence. Some would walk as far as they could and then they had to turn back because of responsibilities or for some other personal reasons, but those who clung to His side were not men of chance, but men who felt deeply that What He spoke was full of encouragement and definitely full of courage.

They lived off the land. These men, when they would hear stories from

others that were detrimental to What He had said, they would strike out, for do not forget, they were men who saw the Magnitude of His Teachings, in the Teachings, and they were given the Grace to see how Valuable All His Words were. He talked about life, He spoke about purity, and many times He rose in anger against diabolical occurrences, heretical happenings.

Many times He gave Great Lessons regarding purity, explaining how mankind was obligated to fight for what was right, what was good. He taught them not to become vulnerable. He taught them how to have strength.

Two thousand years have passed. Much of What was given then, is being given to mankind in a manner that is understandable in this time of life, of living.

When I was upon the earth, I fought heresy. You have much heresy in your time. To get men to fight these problems is difficult, because for the most part, it is not a profitable dedication — ‘Let someone else do it,’ because for the most part, individuals do not feel it has touched their lives, but it has.

It has been spoken so much that you live in a time worse than Sodom and Gomorrah. Please believe Me, there have been many times in the History of mankind that the heresies, the desecrations, have been equal to Sodom and Gomorrah, and many times worse; but the reason 'Sodom and Gomorrah' has been used as the point to associate with, is because it has been a point spoken of more than many times.

Many times I look down upon the earth and I see men in power, only interested in their position, their authority, their popularity. They are ignoring what is happening; they feel above it, but in reality they encourage it, the desecrations, the obscenities, by merely ignoring them. It takes courage to say things are wrong, they must be changed.

This Miracle is so similar to two other Great Times in History. The time of Moses, it was not easy; it took strength, fortitude, courage, drive, to face all the obstacles.

In the time of The Beloved Son of God, He was not treated as a King,

He was not catered to, He was not pampered.

The time in which you live will one day be marked as a 'Great Time in History'; that is, the History connected to Christianity. Many people say, 'I am a Christian,' and they follow so much disorder. They follow because someone says it's right. They do not see the illogical direction, the illogic in the stories they are told. They are looking for something to give them strength.

When This Miracle speaks out and says there are heresies throughout the world, how many people realize that This Statement is serious and that if there are heresies they should be stopped?

Mankind is not concentrating on The Commandments of God. After all, They are three thousand years old. The Commandments of God are for all time. Everything God gives to man is for the good of man and must be obeyed because of the Importance of What is Spoken, What is Given, and the Importance of what It means to the life of every human being.

Humanism is a word that does not truly tell in detail, all of the wrongs, all of the mistakes, the desecrations, the obscenities, the impurities, plus more that are taking place every day, every hour, every minute.

As I speak to you today, I speak with a hope that My Words will not float away, but will be read for the Fullness in Value, in Truth, that Each One of Them is meant. So be it.”

OCTOBER 15, 1992 AT 3:45 P.M.

SAINT MARY MAGDALENE

“I am Saint Mary Magdalene. It is a great sadness Here in the Heavens, seeing so much promiscuity, so much deliberate adultery. It is true, My Name is mentioned in a manner that was a disgrace in My time, just as it is in your time.

History also shows mankind that when I was asked by that Special Person to change my ways, I knew it had to be that way.

The time in which you live knows right from wrong. There is so much permissiveness, so much immorality, and people are ignoring the importance of how dangerous it is to the body and to the Soul.

Many times I turn to The Father and I say, ‘Why are they ignoring the beauty of purity when, when it is spoken about, it is so logical?’ Man brags about adultery. He partakes in adultery. He calls it ‘the oldest business in the world’. When this is spoken it is devastating to hear, especially when We know that the individuals who speak

so flippantly are openly desecrating the Words The Father gave, that man was to be obedient to.

Why has mankind cast aside The Commandments The Father gave? If mankind will but think that when These Commandments were given there was Great Reason.

Man says, 'I live in a civilized time,' and in the next instant man forgets this statement and acts uncivilized, immoral, and rejects What The Father Himself gave to the world.

As you know, children are not being taught God's Commandments. Even many men who wear clerical cloths do not practice These Commandments.

The Man who spoke to me one day was so Pure, it radiated from Him. There was no doubt in my mind that He was Special.

This Miracle has given so much, in simple form, for everyone to understand, reminding mankind of the privilege of being man, because of the Soul that is in each man.

How can mankind be so arrogant, insolent, and defy the Laws of God in so

many ways, and practice indecencies, obscenities, and justify them?

Every building, every home should have upon the wall a copy of God's Commandments, in a place not too high for little ones to read, but a reminder that These were from God and that every human being has to obey Them. They are the Constitution for life. Children should learn Them but they should also learn the fullness that each one means.

This is very important, for if I had not met The Beloved One, one day, I would not be Here. It was a Blessing, and I cannot bear to see so many Souls being lost, being disgraced, being caught up in the whirlwind of permissiveness, promiscuity, justifying it by ridiculous words; some saying, 'The time in which we live is different.' It is not different when sin is involved, when disobedience to God's Commandments is involved. So be it."

OUR HEAVENLY MOTHER

“When you pray to Me, every word you say I hear and I do respond, perhaps not always in the manner you request, but My Motherly Love for you always determines what is best. As I speak through this *little one* in the world, I want My Words to reach millions, so they too will understand what I have just spoken.

Mankind, in conversation, speaks lightly about his or her Faith in God, understanding His Commandments, and how sometimes situations in life draw them from full obedience to His Commandments. They do not always say it in this formal way, but through their actions, their human manner of describing what they believe in, what they do, seems to be their personal description of their actions, activities, and manner of living they are used to.

There are myriads of problems throughout the world. Many are being ignored because of mankind's lack of deep concern, full understanding, or feeling the ability is within himself

or herself to control or to correct the problems that are so detrimental to millions of people, regarding moral values, moral standards, moral obligations, moral obediences to God's Commandments.

As this *little instrument* of The Father's Will stands obedient to His Will, it is not always understandable to those close to her, nor will it be understandable to those who will read What passes through her.

We have said before, there is no lonelier road than the road that is handed a cross to carry. By this cross, I mean the cross of obedience, total obedience; the cross of responsibility, the cross of seeing first What The Father Wills, having to ignore the will or willfulness that is associated with human love, human rejection, human inability to comprehend the Importance of such a path of life that is totally directed for the Salvation of Souls.

There are many throughout the world who will understand This Miracle, more than those who are close to her in your time. Be blessed by what you know, and be sure that

you do not walk away because of your indifference or your feeling of disagreement. So be it.”

OCTOBER 21, 1992 AT 11:33 A.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. As These Words leave your hands and pass to millions of people, some supposedly learned men will do everything they can to dissect the Words, to prove Them false, and to make Them look as though it would be impossible for This Beautiful Miracle to come to the world at this time in History.

Many sit before many books now, as I speak, and they are going through historical events, trying in many ways to ferret out information regarding the times gone past, that gave Messages regarding Those Who lived and had Special Favors from The Father.

You live in a time of One of the Greatest Miracles that has ever passed to the world, a Miracle of Teaching, a Miracle of Instruction, a Miracle designed to give mankind Truth, a Miracle to give Hope, a Miracle that is designing a City so that mankind will be able to grow spiritually and be spoon-fed on the Purpose of the Soul.

There will be much History involved in This Place, but it will take mankind a tremendous degree of love for God, Faith in His Love for mankind, to accomplish this great feat. It will take perseverance. It will take Spiritual strength to face all the obstacles, and it will definitely take people who will be dedicated to use their lives for the benefit of all mankind yet to come.

The little instrument We use belongs totally to The Father. Many things occur within her, not understandable by mankind, but this does not matter to her because she has been trained mentally, physically, spiritually, in obedience to His Will, and to never allow human interference to cause her to be distracted from what must occur.

Those of Us Who have spoken many times through This Miracle feel a Great Love that would be difficult for mankind to understand, and We smile many times because the Magnitude of This Miracle, in such a *little instrument*, is what makes It so Beautiful. Though the littleness shows, the strength in the will shows more.

We All stand by and We All are happy when We are allowed to speak. If the full truth be known, and The Father would allow it, *this child* would never sleep, because of Our Love for What He is giving the world.

Do not forget, We are aware of the obstacles, We are aware of the unkindness of mankind and their disbelief. We are aware of how difficult mankind can be in the moments of great trial, but remember this: she will defend It, This Great Miracle, to the very end, and when error arises, her gentleness is not the gentleness you know gentleness to be. Her concern for the Soul or the Souls sometimes delays the strength she will eventually not just display, but will have the order of the day. So be it.”

OCTOBER 21, 1992 AT 12:18 P.M.

SAINT BERNADETTE

“I am Saint Bernadette. I know what it is like to walk in open obedience, and in full belief of What is being spoken through the Soul that no one else can hear, can feel, or personally associate with. I also know that honesty is not always understood. By this, I mean sincere honesty that What is being spoken is of Great Importance and The Father wants It to be let known. Rejection seems to pass quickly because of an in-depth knowledge that What is being spoken is far greater in Importance, more beneficial to others’ lives, and any rejection from anyone because of their disbelief must be cast aside.

Satan continuously tries to interfere, but there is an absence in his ability, because God’s Power is the Ultimate Power, so satan cannot interfere once *the instrument* who is being used is totally subject to Divine Will.

Some men who believe in theology would disagree, but that is

human determination, guided by a lack of full understanding of when Something is Truly of God, It is Strong, It is Right, It is True, and He is in Control. Any small interference is usually by mankind, because you see, in mankind each has a will, and not always full understanding of the importance of moral obligations, moral obedience, moral submission, and moral integration with God's Will.

I happily say that We Here desire all of mankind to remember their moral obligation to God's Commandments and their moral obligation to one day become a Saint. So be it."

OCTOBER 21, 1992 AT 1:05 P.M.

SAINT TOBIAS

“In your day not many people speak My Name openly. I am Saint Tobias. I am so happy to be able to speak through this Miracle of Hope.

All of Us Here want so much for mankind to fully understand the benefits that are being passed to man by The Father’s Will, through *a small instrument* of His, that is beneficial for the whole world. Great inventions of modernistic ideas cannot compare to the Greatness of This Miracle to earth from Here.

Mankind, in many ways, has separated totally the importance of purity of mind, body and Soul, from all the things that are destructive to this issue, to this behavior that involves every individual’s Soul.

So many times The Father hears, ‘*Have mercy on me, God,*’ but how many times does man say: ‘*I will repent. I will seek only Your Will in my daily way of living, in all my example. God, help me to be merciful to others. God, help me to be a strength of sound morality*

to others. God, help me, through my example, to help the Souls of others become Great Saints'?

This Miracle is Divinely Designed and it is through Divine Will It reaches you.

Mankind goes to many places to find treasure. He is exhilarated when he finds something from the past that has History connected to it. I want you to know you are the beholders of the Greatest Treasure man could ever have, and that is the Soul that is within you. Take care of It, nourish It, treasure It, and constantly be aware of protecting It. You do not have to go to faraway lands to find a great treasure. You contain It within you. It is your Personal Connection to The God of All Things, The Creator of All Things.

It is so important for mankind to begin to realize why God created mankind and the Magnificent Goal that He has placed for mankind to reach. Throughout the world, men, women and children are racing around, trying to find experience, enjoyment, new ideas, great goals. I do not say, 'Stop these things,' but I do say, 'You must be conscious of, and aware of, that within you, you hold the Greatest Treasure

in the world, your Soul.’ Protect It, guard It from all wrong, and remember to return It to The Father the way He requests It to be returned, in Purity, Happiness and a Beautiful Glow. So be it.”

OCTOBER 21, 1992 AT 2:02 P.M.

SAINT IRENAEUS

“I am Saint Irenaeus. I have spoken many times through This Miracle, and each time I do, I find Myself wanting to say more, but I realize that I must not speak too long at one time for a few reasons; first, of course, because the one through whom I speak is at a point of physical exhaustion.

The next reason is, those who write what I speak would become exhausted. The Messages are kept to a degree where capability is important, the physical, and of course, the Message, if It were too long would not be absorbed fully.

As I speak today, My sincere desire is to encourage mankind to evaluate his or her daily practicing of ethics, also morality. Also, what type of example would you rate yourself at the end of the day: indifference, caustic, sarcastic, permissive, truthful, helpful?

Mankind rarely takes a good look at his or her attitude, personality, nature; many times spends much more

time looking in a mirror, or concerned over other people's opinion of them, their importance, their talents and personal attitudes.

I have come today to talk about how God is being treated by mankind. Is He first when you awaken in the morning? Is He the last One you say 'Good night' to? Do your actions during the day show that you have sound moral thinking, sound moral values, sound moral standards, and that you definitely have a Spiritual nature that you adhere to and that you do not mind others knowing about? Do you radiate love for God, or do you radiate self-love? Do you mind letting others know that God is first with you? Do you feel they will not understand, they wouldn't care?

You know, some small expression of yours regarding God could change the course of another individual's life, could make them more conscious of the beauty that exudes from you when you show, in some form, your spirituality. Some people are so afraid that they will be tagged 'fanatical', that they eliminate so many kind acts, so many kind words. Think about this, for one line, maybe even a phrase, will be what

the other person needed to get them on the right track. I did not say, ‘Preach to everyone you meet.’ Most likely you would be rejected. But I do say, ‘Live your Faith, believe it yourself, and through this you will express it in a manner others will react to it, and it will give them strength.’ So be it.”

OCTOBER 21, 1992 AT 3:20 P.M.

SAINT JUDE

“I am Saint Jude. Many times when mankind thinks a situation is impossible, it is not. Many times a man or woman feels they cannot cope with what is going on. The major situation, condition in the world today, is moral in its very essence. I mean it is a moral issue and it can be conquered.

So many areas have taken morality and turned everything into immorality, indignities, obscenities. There are so many issues that must be corrected, because if they are not, many Souls will become lost for all eternity. Now when I say ‘Souls lost’, I do not mean it in the same context that some men and women would put it. A Soul cannot go to Hell, but a portion, a part of the human being, connected to the will, could be lost forever. Mankind says, ‘I do not understand this.’

The Real Judgment belongs to The Father. It is a Judgment not fully understood by man, but in order to give mankind a structure, Words

were given to give a definite point of understanding.

There are many men arguing the right and the wrong that comes through This Miracle. No man in the world knows the full definition of all that man consists of. You know you have a personality, you know you have a nature. Do you fully understand the meaning of these two things you possess?

Intellect. Some people are called 'illiterate', some are called 'geniuses', some are called 'highly intelligent', but the intellect sometimes is influenced by the liking of a particular subject, or the interest in a different subject, or the obsession of a different subject, or a particular understanding of a subject, wherein it exceeds where others understand or know.

There is another Very Important Part of mankind, the Part that is rarely spoken about, because there is not full understanding of Its Full Meaning and Its Form of Existence within each human being. For years there has been much theory regarding the Soul. This Miracle has given the Most Important Fact, that the Soul is

a Portion of God. There is definitely more to this Fact, but I would say that this was a Beautiful Beginning.

Let us take a human being. First, we have an outward appearance, and sometimes from the very beginning of life there is a resistance seen. There is gentleness seen. Some respond to a smile. Some show irritability, sometimes temper.

There are many, many areas of human life that mankind is trying to study, and give others not just instruction, but solving problems, due to their interpretation on what they have learned about different portions of attitude, human communication, ability to learn, ability to be socially oriented. Many weaknesses have been closely watched, narrated upon, and some people feel they have the ability to help others conquer problems, problem areas. Perhaps some of this has great help to a lot of people. Sometimes just the attention that someone gets makes them feel worthwhile.

Man is a complicated Creation of God, due to the tremendous degrees of mentalities, emotions, ambitions, talents, capabilities,

degrees of retention, and many other things. Man can take a simple subject and complicate it, using all facets of learning, of understanding, of interpretation, so when it was handed through This Beautiful Miracle that 'the Soul in each human being, given at the moment of conception, is a Portion of God,' men became upset, confused.

My talking to you today is to alert you that God's Love is Far Greater than any love in the world, and you must, in your way, feel assured that God is with you every moment of every day, and there is a Mystery to life. Do not forget that love is a mystery. There are many times love is explained in so many ways, but God's Love for mankind is truly inexplicable.

Remember, don't allow yourself to be so caught up in interpretation, but know that God's Love for every human being is a Portion of Himself placed within you. So be it."

SAINT ATHANASIUS

“I am Saint Athanasius. Heaven is repeatedly saying, ‘ATTENTION PLEASE!’

We are talking to you because God wants you to understand the importance of everything you do, think, and are example of, because all you do, all you are, reflects in your Soul, and your Soul is the Connecting Link between you and The Father. In fact, It is more than this. It is more than a link, as you know a link in your terminology to be. As your Soul is a Portion of The Father, It is Special in more ways than you sometimes think regarding It.

The materialistic humanism is devastating to sound spirituality, because it is enveloping everyone in the direction of total self-love, total self-indulgence. It causes so many varied distractions that hide what is sound, what is good, what is best for each human being’s understanding of the Importance of human life.

There are many men and women throughout the world who find they must have attention. It gives them importance. Sometimes, many times, they use this attention in such vulgar, distasteful, sinful ways, that it is totally desecrating to their very existence as a human being, and it definitely reflects in the Soul. Man says, 'I know there is a God,' but many times it stops there.

When I lived upon the earth everyone did not agree with me. Many times I was all alone in my effort to fight for what I knew was right. Many learned people tried to cast me aside, belittled what I claimed to be fact, and in fact, they were dangerous to be around because of how they felt regarding my feeling about the heresy in my time. It is not easy to fight when so many others sometimes are too lazy to stand up for what they feel is good regarding your position. Sometimes they would walk away from me, I thought out of cowardice, because it is a lonely road to feel so strongly on a subject that others feel will pass.

The time in which you live has much heresy in it, many diabolical plans, inversion of despicable

immoralities. Mankind is sinking into the briar patches, not just through gullibility, but through weaknesses in natures, personality, and is reacting more animalistic, ignoring the Purpose for which the human body, human mind, human nature was designed and created for: to return the Soul to God for All Eternity.

Man talks about charity. There are some who speak out about it, but there are thousands more who ignore it. I mean charity for good causes, concerns for the benefit to dignify mankind's status in life.

We have spoken for years through This Miracle of Divine Love, of Divine Hope. We do not see the changes We hoped for. Perhaps there are a few, but they are hidden behind closed doors, because too few feel they are capable or willing to say What We say.

Millions of Words have passed through This Miracle. They must not be hidden anymore. The earth should be covered with Them, because as I speak to you, the good is not increasing, but evil is taking over in many areas, attacking first the wills of mankind, and then, ultimately, the Soul.

We watch people read the Words. Some say, 'These are so impressive,' and then they set It aside, instinctively feeling that it's up to others to take the stand, do something about or with the Words, Instructions, Lessons, but they cannot take part; it is not in their way of life or in their personal control.

Say to yourself, if you kept talking and what you were saying was important, yet you knew that nothing was being done with what you said, or regarding the importance of what you said, you would automatically stop talking.

Just imagine the Love The Father has when He has sent so Many of Us with so much. When you pray and you ask for a particular help, you expect Him to answer. He has Himself spoken many times and He has given Us permission, and some of Us He has commanded to speak. What a Beautiful Miracle you have! The very fact that so Many Here have spoken should make everyone see the Value, the Magnitude, and the Purpose to God's Love taking this action at this time when the world is in such turmoil.

There is so much paganism, and yet so many preaching religion. There is so much Communism, Fascism, and many other things, many other ways of life that are not designed for Souls.

Just remember What was spoken in the beginning: Heaven is repeatedly saying, ‘ATTENTION PLEASE!’ So be it.”

SAINT AMBROSE

“I am Saint Ambrose. I have spoken through This Miracle in a Form of Teaching. Those who listened, considered It conversation. When I spoke, I gave Information regarding conditions that needed to be observed and changed, because of the insidious impact they were having on the personal lives of thousands of people.

Times in the world could not be termed ‘malicious’, but most certainly could be termed ‘vicious’. There is much taking place that is totally based on satanism. The disguise, though, is so cleverly covering the in-depth scars on mankind’s ability to see clearly what is sound morally, and definitely what is important, for mankind to understand not just the need to remember God’s Commandments, but to follow Them.

Mankind draws lines of what he will do, according to his position in life, his character, and his understanding of what is expected of him by those close to him, or those who he considers friends or acquaintances. The line he

draws is many times more self-serving, more full of personal interpretation, than what he feels he has based it on.

Many of Us Here have spoken on the desecrations, the obscenities that are being practiced by people throughout the world. Modesty does not exist, but when it does, it is scoffed at, laughed at, and immediately not just suggested, but regarded as past morality.

If mankind were to take a scale, and on one side put a sign saying, 'This is how much morality would weigh if all the morality in the world were placed on this scale.' The opposite side would be immorality, and the same words would be used, declaring that all on that side would be weighed. Now let us take and use Truth as the foundation, the basis on which all things throughout the world are divided, according to morality and immorality. I guarantee you, the side with immorality would far outweigh the morality.

This is a terrible tragedy, a terrible neglect. This is devastation to man's ethics. How can mankind

truly trust each other, with so much immorality outweighing morality?

God's Commandments must begin to appear in many places, reminding mankind of God's Rules, and that without Them, man will not only walk in the briar patches, but will be physically, mentally, spiritually scarred in ways, by these briar patches wherein satan exists; and in the long run, the jealousy he has for mankind will show, the hate he has for mankind. What fools mankind are, allowing themselves to be subjected to this, by ignoring God's Commandments.

It is important that children, at very young ages, begin to be taught the Greatness of God's Commandments, the Purpose for Them, and the Love He had and has for mankind, in giving Them to mankind, and keeping Them available since They were first given. So be it."

SAINT STEPHEN

“I am Saint Stephen. Mankind will not understand the Full Beauty of This Miracle, because it is humanly unbelievable that so Many Saints would be allowed to be Part of such a personally identifiable Miracle as This One is. First of all, man should see the logic of and for so Many of Us to speak, because of the Nature, the Purpose and the Reason for This Miracle to be released to the whole world at this time.

The release of the Revealing that ‘*Saint Joseph is The Third Person of The Blessed Trinity*’ encompasses the Whole Reality of Heaven and Its Goal for mankind.

Our being permitted to speak gives credence to why mankind should strive for the Goal of Sainthood, and This Miracle, in Its Delivery, including so Many Known Saints, verifies the Truth that Saint Joseph’s Place is not ordinary, but Supernaturally Extraordinary.

This Statement does not mean that other times, when an individual was chosen to be the instrument of delivering Messages, was not important. NOT SO. All Phenomena that is from The Father has Special Purpose and Meaning. God's Love for mankind supersedes any and all of what mankind can conceive and/or relate to.

I come today because of the Bound Words that are being released to the world. When someone cannot concur or speaks out negatively, ignore this, because it means that the individual lacks a certain degree of Faith in How God would work. He chose *a little one* but a strong will, because He knew nothing or no one would not be stood up to, the Truth that passes through her.

We see so many charlatans preaching under so many guises of preaching interpretively regarding Scripture. Many of these do it for fanatical reasons, monetary, or attention. They feel they have a calling to direct others. Mankind, in searching for answers, Spiritual help, guidance, is many times drawn into this course of learning. We stand by, and

are sometimes very concerned of and about the listener's interpretation.

Please understand, Faith in God is for all of mankind, and Truth, where God Is the Subject, must be nurtured by This Miracle for the benefit of the Souls of man. God is always Present and always saying to Us, 'Protect My children, for when You do, You protect the Soul that is of Great Importance to Me, for as You know, It is a Gift of My Love for this special Creation, man.'"

SAINT ELIZABETH OF HUNGARY

“I am Saint Elizabeth of Hungary. I have taught much through this Beautiful Gift from The Father called *‘The Miracle Of Saint Joseph’*. All of Us Here watch closely over This Miracle, also very protectively, because of the nature of this Gift of Love, the Importance of It, the Purpose of It, and the Deep Love that extends from The Father through It.

You live in a time where it takes great courage to express, to follow, and to be example of moral values, moral standards, moral truths. True, Those of Us Here Who have once lived the human life, were born in many areas of the world, but We All had one thing, a Soul. Now, Our Soul had no nationality, no preferences in human things, nor does yours.

This Beautiful Miracle, to many of you is so natural to understand, because It so clearly states Direction for the benefit of each one’s Soul. It is a Miracle of Hope, a Miracle designed to alert mankind in how to live and what

to strive for: Sainthood as the Goal. It is not a complicated Miracle. It is a Miracle that has spelled Everything out in your terminology. Mankind is being spoon-fed by Heaven.

The Bound Words will be read and will reflect in many ways through those who read Them. Do not look for personal gratification when people do not exclaim over the Beauty, the Magnitude, or how much effect These Revelations have had or are having in their daily life.

This Miracle follows a Great Plan. The Plan is to get mankind to better understand why the Father gave, three thousand years ago, His Commandments to live by. They were not meant for just that era of time, but for all time to come. If The Father did not mean for all time, you would not be hearing about Them three thousand years later.

These were followed one thousand years later by a Great Sacrifice, not just human but Supernatural, giving evidence of the necessity for mankind to follow in many ways, the path of purity, the path of understanding, and the path of Christianity.

There is great sadness when We look at so many areas in the world you live in today. It is not just the briar patches that mankind is struggling in, but it is sad to see so many ignoring the Importance of God's Commandments, and diluting moral actions, thinking, example, not caring what the consequences could be or will be.

Satan is rampant throughout the world. Mankind is ignoring all the desecrations to the mind, the body and the Soul. Mankind says, 'It is the time in which we live.' I, Saint Elizabeth say, 'If this is what you base your decisions on, better you look to what path is taking you straight to Hell, and then get off of this path.' There is a Hell. So many times We hear mankind of all races, all colors, all creeds, remark about something they're displeased with and they say, 'I am going through a hell on earth over this thing.' Their comparison is far inadequate to what Hell really is.

I have come today, hoping that when My Words are passed down They will be fully understood by someone, hopefully many, and when They are understood It will change direction, thinking, of the individual

or individuals to practice more purity of mind, body.

There are so Many Saints Here Who would talk all day and all night in your time. Of course, We know this is not feasible, but there is so much for mankind to think about and for mankind to see. The values of living each day need looking into, the accepted morals need looking into, and of course, obedience to God's Commandments.

As I speak, there are Others Who stand with Me and They say, 'Saint Elizabeth, tell all who read These Words, We constantly pray that God's Will, will be done, and mankind will better understand the Importance of the physical life and be aware of the Soul that is within.' So be it."

OCTOBER 29, 1992 AT 12:30 P.M.

SAINT JOHN OF THE CROSS

“I am Saint John of The Cross. I have spoken many times through this Gift of Life and Gift of Love from The Father.

Mankind looks at the Cross The Beloved One hung upon. Mankind sees horror in Its very presence, in Its existence. True, this was a terrible atrocity, especially to One so Pure and One Who was so Important. The Purity and Importance did not eliminate the Physical Suffering. In fact, if it could be fully, truly recorded, These Things made it worse in its degree.

Mankind in your day, is justifying all atrocities, all abominations, all desecrations that make The Crucifixion less painful, because in comparing the two, what is happening in your day is affecting so many Souls throughout the world.

Mankind ignores what is happening because he or she does not associate it with their own lives, and yet as I speak through This Miracle, the immorality that is being practiced

at this very moment is beyond human comprehension, and there is no sorrow attached to it, only greed, lust, anger, weakness, and an in-depth retaliation that no one is capable of fully describing. There is so much hate, so much ugliness, so much envy, all based on excuses, poor excuses, excuses that have no validity to them.

Let us all go back two thousand years ago. Let us stand at the Foot of The Cross. Now let us look at the soldiers pounding the nails. Now ask yourself, could you be one of them? Now step back three feet and watch the Body sagging, feel what He must have felt, the inside of His Body collapsing, dropping so low, getting torn by the nails, and suffocating from this position. Would you cry out? Could you cry out?

The immorality in the world today is without a doubt, great suffering. Perhaps no one sees it, but We Here see it, and We Here are crying out through This Miracle for mankind to stop and begin to realize what is happening, what you are partaking in, what you are accepting, what you are allowing in many areas of life. As I speak I want to shout, 'Stop it!' I want to tell each

individual man, woman and child, to see the Importance of human life, why it was created, and the Purpose for which it was created. Man thinks only of each moment: 'Is it satisfying? Is it what I want?' Mankind must look deeper into what life is all about. Life is not just a daily role, but life has a Goal that supersedes all other things.

If man would say: 'Why am I reaching for greater things? Why do I desire greater things? What motivates me to have greater things?' I, Saint John of The Cross, want you to think about that innate feeling that there is more to life, and even wanting the most and the best is all right when it is for good, when it is pure, when it is honest, but the Soul in each individual is What creates that innate feeling for a Higher Place, a Better Place, more understanding, and believe it or not, It is a Goal Setter.

Faith in God passes through the Soul. When there is great evil in a human being, the Soul is tortured in some ways unknown to man, because there is a struggle within for right and purity to win over wrong and impurity. Mankind, through This Beautiful Miracle, is being taught to think, to

respond, to act, and to reach, to better understand what the Purpose of life truly is, and sound Faith says it out loud: 'It is to return the Soul to God in the State and the Manner and the Light He once gave It.'

Do not forget, when you borrow something from another human being, they expect it back. God has loaned the Greatest Gift that man could ever have. Through returning It to Him, you can be sure of one thing: as He blesses your Soul, He will make It a Saint. So be it."

SAINT CATHERINE OF LABOURE

“I am Saint Catherine of Laboure. It is a privilege for Me to be able to speak at this time through This Beautiful Miracle of The Beloved One, Who is now known by many in the Rightful Order in which He Exists, as The Third Person of The Holy Trinity.

This Miracle that has presented to the world so many Revelations, with so much Direction, allowing so Many of Us Here to partake in giving mankind Sound Truths, through Loving Sound Direction, when We speak it is Important, for Every Word We say is to direct mankind to understand what a Valuable Supernatural Gift of Love he is the custodian of, a Soul.

In years past it was taught to a degree, it was discussed to a degree, and it was spoken of to a degree, but through This Miracle of Divine Love, Divine Hope, the True Value of the Soul has in many ways been described. The Magnitude of This Miracle shows through Every Revelation, because The Father’s Intent is so Magnanimous by

the mere fact He is allowing so Many of Us to partake.

Our Heavenly Mother watches over This Miracle, guides It and guards It to the fullest, because of the impact It is having and will have, on millions of Souls throughout the world. Do not forget, Her Protection before this time was also when They walked the earth in human form, and yet were Divine. What a Lesson in Divine Love this was. Mankind in those days knew This Trio was Special, but did not know to what extent, for they could not have handled such Phenomena, and The Father knew at that time It was not to be shown in the Magnitude It truly existed.

Ignore any contradictions, ignore any insistence that This is not a probable Fact. What you have learned is Fact, not fiction. What you have learned is for the benefit of the Salvation of your Soul and the Souls of millions more.

When mankind feels he or she cannot handle This Beautiful Revelation, tell them this: ‘Read more of Them, and perhaps you will find the Direction you need for the benefit

of your Soul in One of Them.’ There are so many men, women and children throughout the whole world who try to ignore Truth because Truth bears responsibility. Truth has a pattern to it, a goal to it. Truth has within it an undeniable factor. Truth is bound by good, respect, hope, Light, and in Truth there is a strength beyond human understanding.

In My Love for This Miracle, I oftentimes look at those who have benefited so much because of an openness to the Beauty that the Revealing of so much has given a Beautiful Strength in everyday living.

Before I leave I want you to know, when I walked the earth and I would kneel and pray, I sometimes felt I was all alone, but then when I found within my belief that God did hear what I would say, I found peace and I could face another day. So be it.”

OUR HEAVENLY MOTHER

“When We announce Ourselves through This Beautiful Miracle, *the child* through whom We speak must act immediately, no matter where she is, what she is doing. It is important that We be heard when We decide to reach you. I am your Heavenly Mother.

As you partake in the food of your day, All of Us stand Here and wish you well, for you see, We love you in many ways.

I speak through one such as you, a woman, a girl, feminine in every way, and as I come today as your Heavenly Mother, there are Words I want you to understand. I want you to feel close to Me, for you walk in a world that has so many things in it, on it, that are displeasing to God.

I come with a Motherly Love and I say the following Words: If you listen to what you know is right, you will be blessed for your decision in ways you do not know, in ways you cannot comprehend, but the Blessings will be received in your Soul. No matter

what the outside world thinks, no matter what the outside world does, remember, you hold within you, your Soul, and your Soul must be returned to God for All Eternity.

Your Soul is a Portion of Him. Your Soul He watches over every day, but He has given you This Portion of Himself, for It is a Life within you. It is a Life and a Light that must be returned to Him. You have the way, you have the privilege, you have the honor, you have the knowledge, you have the trust, you have the Faith.

So much has been taught through This Great Miracle of Hope, of Light. So much has been given to the world, and so much will be passed through the Bound Words. We say to The Father, 'Can We not pass Them through the skies so others will be reached immediately?' He says to Us, and We smile, 'The children will act out the Words, the children will pass the Words, because of their deep Faith in Me.'

So remember, My daughters, and My sons, as you stand here together you have an obligation, you have a responsibility, and by the way, you

have permission from All of Us to give to the world What We have already given, and then there is so much more, because you see, as you act out goodness, as you are good example, as you radiate Divine Love through your purity of mind and body, it will reflect in others in ways you may never see, you may never recognize. Please be assured, as I speak today, one such as you acted in obedience, out of love, and yes, great responsibility.

As I bless you I move her hand where you cannot see it, but the Blessing was a Triple Blessing, for One was from The Father, One was from The Son, and One was from The Holy Spirit of God. And now, as I give you My Blessing as your Heavenly Mother, I say, 'Remember that what goes through your mind is important, because when it passes through your intellect, the rest of you will react, and others will react to it.'

So be aware of everything you hold within the intellect, because what is in the intellect, what is in what you do, what you say, how you feel, how you respond, will reflect in your Soul, and never forget that The Father wants That Portion returned to Him when

you take the last breath of life. So be it.”

NOVEMBER 1, 1992

SAINT THERESE OF LISIEUX

“I am Saint Therese of Lisieux. I could not allow this day to go by without addressing you.

I love you for your thoughts My Way, and your willingness to follow My Little Way. I love you because of your Faith, I love you because you want to do what is correct, what is right. I love you because you desire to serve God in your own way.

I, too, walked in that manner of life. I wanted to serve, I wanted to let Him know how much I loved Him. True, sometimes I failed Him in some ways. There are many on the outside of This Beautiful Miracle who will doubt, but there will be many who will regret, I promise you, because in the time in which I lived, many with whom I lived did not quite understand how I lived, because I was quite silent about many things.

But I come to the world open now, to pass on to each of you, and others too, willingly, hopefully, that you will find that as you live in the world as a

single human being, you can serve The Father in so many ways, lovingly, and in ways that will give others hope, will give others strength, and will point the direction through your love, so they will better understand the Importance of becoming a Saint.

As I speak through this *small woman* in the world, I speak to you in a loving way, for you have an opportunity to serve God every day, through the way in which you walk, the way in which you live, and those with whom you are associated. You have the opportunity to teach the young, to help the elderly. You have, in your way, the ability to be a strength beyond what others can see themselves having this great strength.

So as I bless you according to The Father's Will today, with His Permission, I say, 'As you live each day, remember to say:

“God, let every little thing I do today be for Your Will to be done. Teach me to be strong. Help me to understand that as I stand as a woman in the world, I can have great influence on every man, woman and child, and

***through this influence they,
too, will become a Saint.”” So
be it.”***

NOVEMBER 1, 1992

SAINT TERESA OF AVILA

“I am Saint Teresa of Avila. Many times mankind is subjected to criticism because of actions, because of beliefs, because of particular understandings, because of a desire to please God above all things. I know, because I lived in the same way that you live the human role.

As I speak to you today, I want you to know that Many of Us Here are with you, and as We join you, in union with everything you say, please remember one thing: Whenever you are in need, speak to Us. Whenever you forget to pray, turn to Us and say, *‘I’m sorry, I will remember to do it better on another day.’* We are so much a Part of your life because We are with you in so many ways.

This is unbelievable to many men throughout the world, but please, as I speak These Words today, understand that when we walked the human role, we used to wonder if Anyone was with us during our trials, our problems, our troubles, our hurts, but we found out

that there is always Someone close by to every human life, because you see, through the Soul of every human being there is Constant Touch With God. So be it.”

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. I have spoken many times through This Beautiful Miracle, sometimes just in a Teaching Manner, not announcing Myself, because certain situations or those present could not handle a Formal Announcement. So many things have been brought to life through This Beautiful Miracle.

When it was spoken before this time, about The Beloved Heavenly Mother being referred to as ‘Saint Mary’, it was not done with disrespect, but at the time it was done so mankind could relate to Her in a manner more easily acceptable, more personal, and yes, the word ‘Saint’ referred to the Personage of Her Existence. At the time in which you live, the Higher Titles are more evident, and this is important because She is truly The Mother of God, The Queen of Heaven, The Immaculate Conception, The Heavenly Mother, bearing many Titles of Love and Respect, but also Titles pertaining to the Full Coverage of All

She Is, spoken in words man can relate to.

There is more to be revealed on this subject. You must always remember, She is The Mother of all mankind, and in this Love for mankind, is constantly aware of every act, every thought, every word, that any human being does, any time of the day or night.

A title specifies a particular place. It is difficult to truly give Her the Full Title that would be able to describe the Greatness of Her Place. So be it.”

NOVEMBER 2, 1992 AT 3:35 P.M.

SAINT PETER CANISIUS

“I am Saint Peter Canisius. There is so much happiness to Each of Us Here when We hear children speak so lovingly regarding love for The Divine. The world you live in now is full of sadness, full of disgrace, full of permissiveness. Love for The Divine is not spoken of in the correct manner, for the correct reason, very much of the time.

There are so many self-appointed ministers who stretch their imagination regarding their ability to speak in a teaching manner regarding The Father, and mankind’s manner of responding to The Father through prayer, through Spiritual exercises. There is so much misinterpretation of past History, wherein Christianity was developed and Christianity was spread, for people to better understand the importance of living a pure life and the importance of communication with Divine Love.

There are so many different forms of teachings in your time, directing the

minds of all ages to the necessity for following a path that is to be beneficial to the Soul of an individual. Mankind takes Christianity for granted. There are so many now who say, 'I was a Christian once, but I have changed my way of life; I have renewed my thinking and I feel a great strength in it.' My question is this: What form, what manner, what type of thinking have you acquired? Has it given you more strength in The Father's Will, the Directions, the Clarity, the Understanding, the Benefits? Has it given you a stronger will to reject sinfulness, impurities? Has it made you more staunch in being example so that others will grow stronger in love for God, Faith in God, strength in their actions, and their admission of their Faith?

The world is so full of distraction, some of it caused by mediocre feelings, beliefs in the Full True Existence of God, of Heaven, of every individual's responsibility for the Soul within the human being.

I have not spoken much through This Miracle, but that does not mean I have not watched It and listened to All that has been given. So much

Teaching, simple and yet profound, is constantly administered, many times to the unsuspecting listeners, many times in just a Phrase or a Line. I have watched this and it is a Beauty to see.

There is so much strength sometimes, in a short phrase, a sentence, similar to a human phrase from one to another: 'I love you,' 'Thank you,' 'You're so nice to be with,' 'I enjoy your company,' 'It's fun having you around.' These are phrases people enjoy hearing. Remember, The Father enjoys hearing short phrases:

'Thank You, God.'

'Please help me, God.'

'I love You, God.'

'I'm sorry, God.'

'Please forgive me, God; it won't happen again.'

'Help me to be good example.'

'Help me to be the strength needed.'

'Please, God, help me to be better.'

As I end My Words with you today, I say to you, ‘Your Faith is beautiful to see.’ I love you, because I know that with your Faith, your Soul will one day be with God for All Eternity. So be it.”

NOVEMBER 4, 1992 AT 1:06 P.M.

SAINT CYPRIAN

“I am mentioned in the Holy Mass. My Name is Cyprian. This Miracle was not given to the world to provoke the Hierarchy of Holy Mother Church. It was given to substantiate specific conditions, situations and Truths that in some minds have been thought about, but fear of making such statements entered into the individual’s fears, and the fears took over because of the reaction that would take place.

All that has been spoken through This Beautiful Miracle, through a very *small woman*, has been given so that the Proper Identification would become part of the teaching of Holy Mother Church.

Man does not like to be the brunt of rejection, but All of Us Here use this *little one* to say the Words powerful men have been afraid to say: ‘Saint Joseph is Truly The Third Person of The Holy Trinity. The Soul is Truly a Portion of God.’ How else could We speak to you? Logic is so obvious when mankind even mentions

Sainthood. Logic says: What part of man could become a Saint? What part of man could represent the individual in Heaven? Obviously not the body, as you know a body to be. Obviously not just the brain. That would be ridiculous thinking.

When a man, woman or child is identified in the world, it is because of the human structure that is obvious. The name belongs to the human identifiable individual. Now ask yourself, 'How could this be associated with in Heaven?' No human part arrives bearing the name. So logic says it has to be the Soul. And why all the emphasis on the necessity for purity of mind, body and Soul? Because in the human form they are interrelated.

Man's creation had a specific Means, and also a specific Purpose, Reason. Mankind denying that the Soul is a Portion of God, is openly rejecting the Power of Divine Love, the Power of Divine Light, and the Power that would automatically instill a Special Portion that would be directly connected to God; else, why would He Desire so much to have the Soul return to Him for All Eternity?

Mankind says, ‘I feel so alone.’ That is in the mind, circumstances, and in forgetting that within the human body there is a Soul. The Soul is the Strength that initiates, cultivates Faith in God. The Soul is the Force that teaches mankind purity from impurity, right from wrong, good from evil. The Soul is what gives mankind the sensitivity to understand that human life is Valuable, has Reason, and must be protected.

I sincerely hope that My Words will spread throughout the world, because My Words are given to help mankind better understand the dignity of human life, and the Divine Love that was in its plan. So be it.”

OUR HEAVENLY MOTHER

“All the Beautiful Titles that I am addressed by to get My Attention, I love. Each Title has a Special Meaning to It, Reason for It. The Father is constantly alert, aware, and happy when He hears a child of any race, color or creed call My Attention to a particular situation, an act of love, or a need.

I come through This Beautiful Miracle in the world to help mankind gain strength in love for The Divine. My Desire is greater than man can truly understand, because I am fully aware of how much strength, how much hope, how much courage passes quickly to a child when they request in a form of prayer, or merely in words they can speak, think. A plea for help is never unheard. A plea to help someone else is never dismissed. It is given attention immediately.

A mother’s love, in mankind’s thinking, has a warmth in it, a strength in it, a concern in it, a hope in it. Compare an earthly mother’s love

with My Love. My Love for mankind is an Instant Love and a Love that, in so many ways, gives a Blessing when My Name is spoken, and passes through the Soul of an individual or individuals to a degree, in a manner that is many times evident by the one who receives It, because through Faith, through belief, through a love for Me, it is like a mother's arms around the individual, showing care, and of course, answering in some form, some way, some manner, the prayer.

There are men who stand outside This Beautiful Miracle, and they are making accusations. Some are hoping that This Miracle is of Truth. Some are provoked because it is a woman through whom We speak, *a little one* in the world who acts in obedience immediately. Some who stand close to her, many times feel the Light of Our Love. Many times anyone who envies her feels restricted, confined, and some feel left out.

There are many throughout the world that need the Words We have passed through This Miracle, and your indecision in how to reach these people, We understand, but you cannot take the time that will stop

These Words, because it is necessary for Them to be released to all corners of the world. You will find a way. It will take effort, but your love for This Great Miracle, your love for Me, will be a great aid. So be it.”

SAINT JOSEPH, THE HOLY SPIRIT

“I am known by the Name ‘Saint Joseph’. It is a Name I love very much. It is a Name that has been a point of imitation because of what It depicts, what I stood for, and what My manner of life was directed to in the physical form.

When mankind says, ‘I’m praying to Saint Joseph, I know He will help me,’ I always do, because you see, man can relate to this Figure of human nature, human responsibilities, human love, human protection.

It is true, I stood upon the earth as a man. There was great reason for this. If those who are learned in sound theology, they will see the benefits of My being called ‘Saint Joseph’, but they will also see that, in reality, there had to be Another Way that I was from, and also, Another Way that I had to return to at a given time, when the time came for Me to not be around at that critical stage of the Crucifixion.

Sometimes it is difficult for mankind to look beyond and see the

Magnitude in how The Father allows things to occur, to be established. Many times mankind becomes so set in his or her ways, that the inflexibility does not allow them to see the soundness that is possible in how The Father permits things to occur.

If I had come to the earth as the Head of The Family, and it was announced that I was The Third Person of The Holy Trinity, that it was truly The Son of God that was crucified on these strips of wood, and that The Woman standing at the Foot of The Cross was Divine, no one could have understood it then, and man has a way of putting things in a simple form of being able to believe.

Mankind cannot understand the Magnitude of The Holy Trinity. The human mind can only perceive a certain degree of what the Supernatural is all about.

We picked *a little one* who would speak Our Words, not question Them, and have the obedience, the responsibility to make This Announcement to the world, that We knew would be difficult for mankind to handle, for mankind to accept, for

mankind to believe. But through this *little one* that We All speak, much has been revealed, too much for some very learned men throughout the world; but the simplicity in the Words spoken through her, will in the long run, be What mankind will base their beliefs on. We have not spoken above anyone's ability of knowledge. All has been done in Sincerity, Simplicity, Divine Love.

My, what a *Victim Soul* mankind has in its midst. If a very learned man was handed This Information, there is no doubt he would have been afraid to reveal It, because in his human mind he would say, 'No one will believe it.' But innocence is a Blessing, love for The Divine is a Blessing, obedience to The Divine, a Blessing, for you see, when you reveal truth to a child, the child accepts what you say, and the child will stand up for it against all odds. This is what has been done through this *little one* in the world in your day.

You live in a time of so much heresy. You live in a time when sacrilege is rampant throughout the world. You live in a time of confusion, and much misunderstanding. You

live in a time of immorality, wherein The Commandments of God are passé. You live in a time where mankind is searching for answers, for direction, for truth, for strength, for honesty, for hope. Through This Beautiful Miracle, It has been given to the world in a simple form, through a very delicate human being.

I bless you, for What I have spoken is Truth, and to be a warrior for Truth needs help, needs guidance, because We know Here that many human beings throughout the world will fight the Truth. Some will try to ignore It, but once It passes through their intellect, It will remain, and as long as It remains, they will have something to think about, and many will want to learn more about It.

I bless you, for you have been given a task, but do not forget, you have also been given the Faith to maybe not understand totally, but you have been given the ability to see the Reality of What has been handed to mankind. So be it.”

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. It is difficult for mankind to fully understand a Miracle of This Dimension because mankind measures all things in the degree of personal identification.

As I speak through *this woman* in the world, I fully understand the many problems she faces because of mankind’s inability to comprehend such Phenomena. It is difficult for mankind to understand the strength it takes morally, physically, mentally, spiritually, to face the odds that she is exposed to daily.

All of Heaven stands by in This Miracle because of the Importance of It and the Greatness of the Revelings that pass through It to mankind.

A Miracle of This Magnitude is wrapped in a Protection of The Divine. I have spoken These Words on this day because it is time that mankind understand This Gift to the world is The Father’s Will. It is Important in every Facet of It, and the Revelings that

have passed from It, through It, are to become acceptable because of the Truth of Them, the Logic of Them, the Importance of Them and the strength that will be derived from belief in Them.

It is sad to see mankind structure all beliefs on past Revealings alone, because this says all things stopped where The Father was concerned, regarding mankind's Souls.

Be aware of the Truths you have, to be delivered to the whole world, and understand that as you are strong in your Faith, your beliefs, your strength will be a beacon of Light for others throughout the world. So be it."

SAINT BENEDICT

“I am Saint Benedict. Mankind searches for information regarding all kinds, all types, all areas of experimentations, of areas where monetary profit can be learned about and used for gain.

This Miracle has given to the world a Great Gift and has, in This Gift, produced All the Information necessary to live a happier human life, to better understand the Purpose of life, and also, the Direction to become a Great Saint. Some say only those chosen to work in particular areas have the benefits necessary to become a Great Saint. Not so. It is important for mankind of all races, all colors, all creeds, to understand the Goal of life is to return to The Father for All Eternity.

Purity is based on the actions, the thoughts regarding moral decisions, applying sound moral values, sound moral standards to daily living, whether one lives a life of aloneness or a life that involves one or more other

human beings. Mankind is ignoring the Basics, the Directions for Sainthood. They are without a doubt, without question, God's Commandments. Every day man has decisions to make, many very small ones, sometimes important ones, sometimes decisions that involve others' lives. There should be no question as to the foundation of what should be the bottom line for any decision, concern, promise or involvement. All should be based on God's Commandments. Then there is no misinterpretation, because These are based on purity of mind, body, and Spiritual acceptance.

Many men and women, when they read the Words Delivered from Here, will say: 'It is unbelievable that So Many Who are proclaimed Saints would speak this personally in my time of life. I can see it happening in the past but not now.' And then, when they read the Words from The Father, some will find it difficult that He would speak through a human voice at any time. My, what little Faith mankind accepts when a Gift of Divine Love is so Beautifully Delivered, not just for attention, but for the benefit to help mankind in every area of life become a Saint.

As I bless you, I want you to understand that the Blessing I give to those present now extends to those who read These Words at another time. No human being can fully understand Divine Love, the Generosity It is, and the Full Depth of Its Desire to give mankind All that is necessary to one day find the direct path to Here. So be it.”

NOVEMBER 6, 1992 AT 1:10 P.M.

SAINT STANISLAUS

“I am Saint Stanislaus. At one time, when an important personage of a particular title was presented to the people, or sometimes a salute of some form was given, men would shout, ‘Hail to the King!’ It would be loud, and many times spoken several times.

The King of Kings has come to the world, has allowed much Information, Direction, Correction and Instilling for the physical good of mankind, the moral code of ethics of mankind, and for the Spiritual growth of all of mankind.

When man thinks of The God of All Truth, The King of Kings, The Ultimate Source of Power of all the world, for the world, you never hear even a whisper saying, ‘*Hail to The King.*’

This Miracle has been given to the world to give mankind the Spirit of Understanding, the Spirit of Light, the Spirit of Life that is so beneficial to strengthen man’s understanding as being the custodian of a Soul.

When man walks into a place wherein there is to be solemnity, Honoring The King of Kings, man chatters and he omits to recognize the place wherein he is, as being special. He omits the Respect, the Dignity, the Attention, the Honor and the Recognition of The Divine Presence. Man forgets the building was built for this. Man ignores that he is walking into a chamber that is to be met solemnly, and of course, the form of dress is to be respectful. Small children are not being taught respect for The King of Kings, and yet the very same children will be told, will be reprimanded for not saying 'Excuse me' at a small interruption of things.

As We look at mankind We do not understand, with all man has, why there is so much heresy, mockery of the House wherein only respect should be seen. Man accepts all the false doctrines that are being taught. Man accepts all the imperfections of other men. Man says, 'I cannot correct what is going on.' 'Then,' I, Saint Stanislaus say, 'be example; it carries more direction, more weight, than just talking about it.' So be it."

SAINT AGNES

“I am Saint Agnes. Astronomers have given much information to mankind. They have delivered information that helps those in your time, to make decisions on things that can determine important information regarding extraordinary occurrences.

Astronomy is a subject that is not as popular as many other vocations of life. You live in a time that what has been passed on through this subject is becoming more important, because of the invention of many new instruments that help to better understand this science.

There is a science also to Spiritual life. There is a science that is innate in mankind, regarding the fact that there is more to life than what exists upon the earth. The Core of this Information is directed by the Soul within each human being. If there was no Soul, there would be no direction in spirituality.

Some men and women read books, decipher what they read, and

then attempt to encourage others to believe how they have theorized what Spiritual needs each human being has. There are many who dwell on the desire to teach Spiritual goals, but they do not have the Foundation of Truth within their knowledge to be able to fully explain, conduct, or teach the fullness that spirituality is to human life.

Man says, 'I know there is more to life than what I see, what I feel, what I understand,' so man picks a book up, glances through it, and arrives at no real conclusions.

This Miracle was given to the world so that mankind would better understand the Real Reason for the Creation of man, the Goal God intended for man. It is not as complicated as man tries to make it. It is simple, it is personal, and it is innate in man.

The subject I first mentioned is beyond many men and women's comprehension, but God is not beyond comprehension. Many men and women strive for popularity in several forms of life. Some strive for knowledge. Some strive for monetary gain. Some

strive for just satisfaction in what they do, and find pleasure in doing it well.

Through This Miracle, We have urged, encouraged all of mankind to strive for Sainthood. It is attainable. It is not beyond any man or woman's reach. There are no tedious classes to attend. There is no reason to know astronomy. There is no necessity to be financially wealthy. There are no strict rules to be famous. There is no set manner of intelligence. Anyone can become a Saint. The Father, in His Love for mankind, desires all to become Saints. Many Who have walked before you, felt as many in your day feel: getting through the day was an accomplishment, getting to a safe place was something to be thankful for.

It is time for mankind to understand more clearly, the Safest Place is Heaven, and It is available to everyone born to the world. So be it."

NOVEMBER 10, 1992 AT 10:12 A.M.

SAINT SEBASTIAN

“I am Saint Sebastian. Though it will be difficult for many people to believe I would speak at this time in their life, through one like themselves, does not mean My speaking is not so, for it is.

The world has been in extreme turmoil many times since it was first created by The Father. Each time such turmoil and upheaval would attack the morality of mankind, The Father would use someone or some thing that would be of such impact that it would cause many individuals to be reminded of Him, and the alarm would trigger changes; plus, He would use an individual, a particular situation in which several would see the Divine Light, and use their Faith in Him to stand up for what was needed to put God and His Will in the forefront, so mankind would see the Intervention of Divine Light and stop the heretical, diabolical, blasphemous, humanistic destruction to the Souls of millions of people.

When man has a human enemy, there is always need for caution, mistrust, and concern. So it is when mankind has a threat against his or her Spiritual welfare. The enemy must be cast out, cast back into darkness, because the Soul of a human being is used to purity, Divine Light and Divine Hope.

This Statement is so logical, because it is innate in a child to want love, affection, trust, happiness, security, hope, progress, and even cleanliness. How a child is held, fed, corrected, talked to, instructed, has example to follow, cared for, is an indelible mark on its whole existence. Even when there are times later in life when things are introduced that are obviously the opposite of what had gone before, there is hope because of the foundation that is indelibly an innate everlasting experience.”

NOVEMBER 10, 1992 AT 1:40 P.M.

OUR HEAVENLY MOTHER

“I walked upon the earth. This story is true. A Son came forth. It was the beginning for much History to be revealed through. A Man stood by My Side. He was pronounced the Father of this Child. This is all true. A Sign was shown to alert the world of what had occurred. Astronomy was evident, because in that time in which We lived, mankind looked to the sky, to the stars, and found information in them.

As time passed and the Child grew, the Wisdom that poured forth through Him was beyond the ability of anyone His age, or older, to reveal such Important Information. As time passed, We walked upon the earth. Many gathered to hear Him teach. Not All has been handed down through time, in the fullness It was given at that time. Learned men stood by. Wise men listened, because the Wisdom that passed through Him was beyond their knowledge, their human comprehension.

Time was of great importance to All of Us. The One Who walked as My Husband fully understood What was spoken and fully knew all that was to take place had reason beyond man's reasoning. Mankind many times has difficulty in accepting wisdom, especially if the wisdom concerns the Soul.

When the time came and I stood at the Foot of The Cross, logic would say: Where was the Man Who was the Head of the house? Why was He not with Us at this crucial time, this time of sorrow, this time where need of protection was obvious? It has been spoken about through This Beautiful Miracle in your time.

In Our time, when things would occur that were Extraordinary, those around would see it to the degree they could handle. Many could not see the Magnitude of What was occurring because It was so far beyond human understanding, such Phenomena. Also, those who would desire at that time to strike out and protect, knew that they would be slain because of the power of those who were performing the act.

You live in a time that in many ways has been described gently, because if the real words describing this time were delivered, mankind could not handle the fear that such truth would divulge to them. Our Words have been gentle. We have said ‘heresy, humanism, blasphemous,’ but I, your Heavenly Mother say, ‘You live in a time of moral degeneracy that is equal or more in degree, than any time in Human History.’

The Father hands a Miracle. It is Sound in Logic, Sound in Delivery, Sound in Wisdom, and man now, as in times past, does not want to accept, does not want to agree, because envy, jealousy, and fear enters into it.

You have just touched on mankind’s reaction to This Gift of Divine Love in your time. Mankind says: ‘I cannot accept. I won’t accept. I refuse to accept, because what I learned a long time ago is all I need.’ We say, ‘You are wrong.’ These very same men and women are constantly updating their information on meaningless things of the world, things that will pass in the night, will change on the morrow, and will definitely not give any strength to the

moral code of ethics that should be held without question, based on God's Commandments.

I have spoken firmly because mankind is getting deeper and deeper and deeper, destroying their Spiritual growth, strength, Goal. There is so much that mankind tries to ignore because it means changing one's attitude, one's example, one's manner of choice between purity and impurity. Man says, 'I will live today and worry tomorrow.' I, your Heavenly Mother say, 'Better you seek balance in what you do, how you think, what you say, and what direction your example leads others to follow, to believe in.'

I bless you with a Mother's Love, but I come through This Miracle to substantiate All that has been given thus far. You seek My Help in many ways. Now, through What I have spoken, I want you to base your trust, your love, your understanding, your foundation for daily living on being the example for All that has been handed to you, because you see, there are many heretics throughout the world who stand and say a loud profession of faith, but there is an undercurrent in

what they say that bespeaks idolatry the wrong way.

All of Heaven stands where This Miracle is, and All of Us Here Deliver Truth so that mankind will seek a Special Place for his or her Soul to be welcomed by The Father in His Will. So be it.”

NOVEMBER 11, 1992 AT 7:25 A.M.

SAINT MARGARET MARY ALACOQUE

“I am Saint Margaret Mary Alacoque. Mankind looks to The Sacred Heart of Jesus for comfort, for understanding, for favors.

Mankind depends upon the beating heart of his or her own human body to keep life, understanding, and abilities to live each day in the world of mankind. A heart says many things. It is referred to as ‘love’, ‘hope’. A heart is a continuously active portion of man’s life.

The Father, in His Divine Love for mankind, instilled Another Living Portion in every human conception, and that is the Soul. Just as the beating heart of the human body means life exists, mankind must understand that the Soul is an Important Living Portion that is affected by man’s moral actions, thoughts, example, understanding of the Existence of God, and the Importance of returning this Soul to Him at a given time.

Man is a sensitive creation, and each an independent creation of The

Father's Will. It is sad to see so much desecration on moral issues where the Soul is concerned. Man says, 'My heart beats with love for you,' when he or she feels emotional in a human relationship. He or she does not say this regarding any other unit in the body's makeup, but when man ignores that Definite Connection, Association with his or her Creator, it leaves a void of communication and it opens the door to much impurity of mind and body.

As the Soul is a Living Portion of God, It must not be ignored, misunderstood or rejected as to Its Importance, Its Reality, Its Purpose, Its Goal. All of mankind must understand that as he or she depends upon the pumping of his or her heart, there is even a More Important Living Portion within each one, that belongs to God.

Some might think this a strange Message, but this is an Important One, because many learned men and women place so much dependence on the human body that they will not accept the Ultimate Gift of Love, of Life, God has placed within them. Many believe there is a Life Hereafter. Then, is it not logical that It (the Soul) cannot be

an organ of the human body, but must be a Supernatural Entity that is closely associated with every individual who has been given the Gift of human life for a Specific Purpose? So be it.”

NOVEMBER 12, 1992 AT 1:00 P.M.

SAINT FRANCIS OF ASSISI

“I am Saint Francis of Assisi. It is true, there are and will be many areas wherein many will find envy, anger and disagreement when the Words get out that, in reality, are late in reaching the whole world.

In My time, I found disagreement in what I knew was right, was reality, was truth. This *little one* through whom I speak has been given a Task so monumental, but this Task is based on Solid Truth, Sound Facts and Deliberate Delivery because of the Importance of What is being revealed through her, for mankind to better understand the Beauty of The Divine and the closeness of the Supernatural to human life.

Up to the time of This Beautiful Miracle, mankind was satisfied with what they learned, even though many felt there was much not given regarding the beauty, the importance of the Creation of man. This *little one* stands alone amidst good and amidst many enemies. The Foundation of This

Beautiful Miracle is stronger than any rock in the world because It is All based on Supernatural Timing, revealing to mankind Important Issues.

The time in which you live is not just a time of turmoil, but a time wherein a lot of misinformation is the basis for which mankind is placing the value of his or her Soul on. What has been delivered regarding the Soul is for mankind to understand the Importance of the Soul, and of course, the reason for which The Father Himself gave to the world His Commandments. All decisions should be based on what God's Commandments use as the line of decision.

You have been taught so much. A Blessing like This is a Rare Blessing and One to be seen and held not just in Respect, but as a Protection for every human being's Soul. So be it."

NOVEMBER 12, 1992 AT 1:25 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. It is such a joy to be able to speak so openly through This Beautiful Miracle Named after One Who, in reality, has more than One Title.

The Beauty of This Miracle is the privilege for Us to reveal to mankind, Information that for years past was not available to mankind; the Blessings that man now is able to see in his or her creation, giving mankind more Purpose to human life, more reason for mankind to see the reason for The Father’s Commandments, and more reason for mankind to follow Them.

It is true, it will be difficult for some to not reject This Beautiful Miracle, but like all important issues, information, it sometimes takes mankind time, allowing himself or herself to see the rationalization and then recognize the value of what has been learned.

Many of Us Here desire so strongly for mankind to recognize immediately the Value, the Beauty of

What has been revealed. Sometimes We want to shout, ‘Think for yourself!’ Don’t be stubborn, and see the value in the Truth, for it will give you strength, courage, perseverance, understanding, growth in all your Spiritual activities, especially your loving The Father with a deeper love, feeling the necessity for obedience to His Commandments, and perhaps organizing a better form of prayer life and always remembering to thank Him for your Soul. So be it.”

NOVEMBER 12, 1992 AT 2:14 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. The History of My time upon the earth has been recorded to a degree. The time in which I lived, I had to stand strong on many issues that I felt needed to be spoken about, and many times explained thoroughly.

I come through This Miracle that has been handed through a delicate human being. There are many reasons for this particular *chosen one*, because The Father’s first Rule to her was immediate responsibility, and then He emphasized obedience, and then He said, ‘Allow no one to ever make you feel What has been spoken is not for real.’

All of Heaven takes part in This Beautiful Miracle, for as you know, It has been given to the world regarding The Third Person of The Holy Trinity, and the Portion that is within each of you, a Gift of Life, a Gift of Love, a Gift of Hope — the Soul.

Mankind finds it so easy to surrender when an argument or a

subject is controversial, because to stand up to what one truly believes in is Truth, sometimes takes tremendous courage.

This Miracle has taken great courage, but as you pass It on to others, be mindful of what I have spoken. Courage is sound belief in something that bears great truth. Courage against all opposition gives credence in what you believe in, and many times this is all the other one or ones need, to see the value in what was spoken, or written, or delivered in a form of example.

I bless you, because I know what it takes to stand up against all odds, and to pass to others Truths that have not been topics of conversation in circles you are used to. So be it.”

NOVEMBER 12, 1992 AT 3:45 P.M.

SAINT ALOYSIUS

“I am Saint Aloysius. Many times those who study to follow the vocation of the Priesthood are influenced by their instructors and by the books they are told they must read. Many times their Gift of Faith hangs in the balance, because they omit the necessity for a personal feeling, a personal love, a personal desire to seek for themselves, to develop an individuality to their practicing Faith in God. They become dominated by what they have learned and the structure of the organization to which they are so closely connected.

Many times when I would kneel before the Crucifix, I would try to understand such an Ultimate Sacrifice. I would try to understand the fullness of the Sacrifice, and if I was capable of not a comparable sacrifice, but a sacrifice in which I could totally dedicate my mind, my body, my life, my desires. As I would kneel, I would pray for strength. As I looked about me, I would wonder if those around me had a tremendously greater degree of Faith than I did. I felt I loved God. I

felt my vocation was what was for me. The more I thought about it, the more I desired to be able to express myself in my attitude, my actions, my talking, my directions.

You live in a time that is called 'a modern world', and so many in your time are searching for human pleasures, accepting human weaknesses, and truly not looking into what life was given for, what its Purpose was intended for, and of course, there is so much self-love, self-determination. I see some who look at the Crucifix and to them It is just a Figure that they cannot relate to because It is of the past.

The Father, in your time, has sent a Great Miracle of Instruction, of Explanation, of Direction, of Teaching, to give all of mankind the benefit of better understanding the Importance of human life, the Reason for human life, and what a Tremendous Gift of Love human life is.

The next time you look at a Crucifix, remember It was not just a sacrifice by a man who had no choice at that time, but It was a Sacrifice of Divine Love, Divine Hope. There was

much Purpose, much Reason to This Sacrifice, and as you think about It, remember one thing: the crowd stood back and let it happen.

You have a Great Miracle to lean on and to learn from, and through What you have learned, you can better understand the Goal The Father has for you in the way of man. The crowds who stood in terror when He hung upon the Cross, did not have what you have. You have been taught what you are all about, the beauty of human life, the purpose for prayer, its full significance, and the Treasure you have within you, the Soul.

There is so much yet to be taught and millions to be reached by This Miracle. One Teaching would not be sufficient. That is why you have been handed hundreds of Words of Instruction, thousands really.

Nothing in the world is worth the sacrifice of your Soul for. Remember These Words. So be it.”

NOVEMBER 14, 1992 AT 8:15 P.M.

SAINT ANDREW

“I am Saint Andrew. Many times when I speak through This Miracle, I do not say all the things that I would like to have put in print for millions of people to read, because the human body through which I speak could not tolerate such lengthy Messages at one given time.

Tonight as I speak, I hold a very tired *child* of The Father, for she has just endured a lengthy conversation with an individual so dedicated to a form of vocation that follows in the Footsteps of The Son of God.

My Message tonight is for mankind to stand strong against all the odds that are being used to defy This Beautiful Miracle, trying to cause It to be defenseless against such odds. Solid Truth, Solid Logical Facts are difficult for mankind to accept, because they have been trained to accept without question, interpretations of Spiritual Facts that have not been complete in structure or in content.

This Miracle, in Its Sound Logic, has created controversy in some areas, but I, Saint Andrew say, ‘The Strength in the Truth, in the Logic, that has been revealed through This Miracle, will eventually find Its place in History, and in the thinking, in the acceptance of millions throughout the world, because Sound Logic is evident in the Revelings, even though at this time They defy the preceding interpretations.’

Many of Us Here have used the obedience of *a small one* in the world because the logic was so evident, and the necessity for strength to be shown could not be questioned.

The number is limitless who will shout out loud, ‘The Soul is not a Portion of God.’ I, Saint Andrew say, ‘This statement is ridiculous, because you are looking at God, comparing Him to your physical limitations, physical structure of being, and seeing Him on a scale of a limited degree.’

God is a Mystery. Man cannot, in the human mind, decide that it is impossible for the Soul to be a Portion of The Father. This concept is

ridiculous. Man uses the Statement in such a personal, literal degree.

It is also important that mankind understand, though much has been taught regarding The Heavenly Mother's Existence, and certain stories revealed pertaining to Her regarding what made Her so Special, and different facets of Her physical life, brought Her into a vacuum wherein mankind held Her, because the human mind was forced to accept, through theology, interpretation, and man's comfortable state of understanding Her, holding all things in a place, in a manner, that was forced to be understood for centuries.

I cannot help but wonder how many in the past would have stood strong in the responsibility and in the obedience, to be *the Victim Soul* of the New Revelings that have passed through This Miracle of Hope, of Love, of Truth, giving mankind more strength, more in-depth knowledge to better understand that mankind was created as a Special Gift of Divine Love, to share with God more than human life, but Life with Him to a degree, in a way, that mankind could not truly

fully comprehend, yet have Something of Greatness to look forward to.

My Words are meant to be handed to millions. They are not to be locked up, but are to spread to all corners of the world. So be it.”

NOVEMBER 16, 1992 AT 12:55 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius. So much has been delivered through This Miracle to encourage mankind to better understand the privilege of being man; also, to emphasize the Purpose for which mankind was created. Granted, at the beginning of this Creation, the first ones had different forms of survival, different characteristics in their communication with each other. Time gave mankind improved manners of associating with each other, and progress was made at a slow rate regarding the intellectual abilities of mankind.

We go back mentally to three thousand years ago. Historically it was written, regarding many informative happenings, occurrences, and specific statements on the morality that mankind was to accept.

I come to the world today through a *Victim Soul*. Some will say: ‘What is a Victim Soul? What has that got to do as an individual life?’ It is an expression used because of a

complete submission of a human being to The Father's Will, bearing much responsibility and complete obedience. It is not a surrender of one's physical life in a form of death, but it is a surrender of the physical mind, body and Soul in complete service for the Souls of all mankind.

The years in which you live have been Blessed by a Great Miracle that is being denied by many, because of the lack of understanding in the Information that is passed through This Miracle, giving mankind more understanding, more reality to the Purpose for the Creation of human life. Jealousy surrounds This Miracle, much antagonism, much denial, many lies and misinterpretation, but this has been since the beginning of the time that This Miracle was presented to the world.

I lived in a time of a very debilitating heresy. It was one in which so many were drawn because they found it acceptable, and in accepting it they helped it progress into a greater degree of belief in those who accepted it.

As I stand Here in the Heavens, I speak openly and in a manner understandable to those who listen, to those who will read the Words in print. I speak the language of your day, your culture, your time, for it would be ridiculous for Me to speak as I did in My time.

This Miracle that is giving to the world so much Strength, so much Information, enlightening mankind to a Precious Subject, reminding mankind also of God's Commandments, This Miracle has given dignity to human life, and has in many ways presented the Facts to substantiate the Loving Gift of human life The Father meant for mankind.

I could speak at great length. I will return, but before I leave I want you to know, All The Father has directed to be given is of Precious Worth to all of mankind in your time and all time to come. So be it."

OUR HEAVENLY MOTHER

“A mother listens. A mother cares. A mother has hope. A mother teaches. A mother shares. A mother loves with a love deep, because this love is a love that is one alone. I am your Heavenly Mother.

For centuries there have been so many discussions, ideas, interpretations, and of course, forceful decisions on My Place in Heaven. I listen to remarks that are so misleading. I listen to children requesting My Help, My Intercession for many, many things. I hear all prayers and I see the one from whom the prayers come. You are never out of My Sight. You are never any distance from My Motherly Love.

Some learned men, in reading All the Words, or even Some that have passed through This Miracle of Hope, of Direction, of Teaching, of Personal Instruction, walk away unprepared because of their insolence, egoism, and inability to see the Greatness in

**This Miracle of Light, Enlightenment,
and of Pure Direction.**

I have oftentimes made Appearances in the world that were spoken about, looked upon, and were the points of much attention. It is important for mankind to see the Value of the Supernatural Intercession, to see what a Treasure It is, because It gives human life Sound Direction.

As a Mother, I see each child born to the world as an individual, not all grouped together, for each human being who asks the same question, at the same time, for the hope in some direction, each child says it in a little different way, for a different reason, with a different degree of love, and definitely with a different degree of Faith that I will hear.

I come on this day to reassure you, to reconfirm All that has been spoken through This Beautiful Miracle is a Treasure to behold, for It is a Gift from The Father because He is concerned with each one's Soul. Heaven is a very Real Place. Reparation for one's sinfulness is definitely a part of the 'place between', separation for a period of time, before standing with

The Father, Face to face. Do not ignore This Statement, because this time is to give the Soul what It needs to arrive in that Very Special Place before The Father's Eyes.

Mankind looks at The Father and at Heaven in such a literal sense of understanding. I come on this day to alert mankind to look beyond human limitations, because it is important for each individual's Soul to return to The Father in Grace.

I bless you with a Mother's Love; It is a Pure Love, It has no restrictions, and I bless you with the Light of Divine Grace, for in this Light, your Soul is to one day stand in a Particular Place. So be it."

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. As We hear men in authority speak amongst themselves regarding this Spiritual, Mystical Happening in this time, We hear them speak unjustly, because they have been trained to reject such Phenomena as This. True, there have been many false prophets through time, but the Magnitude of Truths that have been delivered through This Miracle should never be looked at in such an adverse way.

Man says a woman would not be chosen, because of the structure that is in the authoritative powers in Holy Mother Church and other denominational religions. I, Saint Alphonsus Liguori say, ‘This is not just nonsensical, but deliberate arrogance on the part of the Hierarchy and those who belong to the teaching authorities.’

Mankind has forgotten the Important Place where The Heavenly Mother was chosen to stand. She was the Deliverer of The Son of

God. She walked in a Special Role of Protection, Instruction, and Caring for the Needs. She stood at the Foot of The Cross, knowing the injustice that was being done to This Very Special Important Figure. She was present at the Pentecost. How can men who have learned all this be so negative, so envious, so heretical in their thinking that they cannot accept a woman being chosen to deliver Important Instruction, Information, and Words of Propheying in this time of man's life?

Lawyers stand in courts of human law. They have rules to live by, and order to their abilities to protect what they are to protect and reject what they are to reject. It is a vocation learned from past procedural understanding of the law.

As I speak through *a Victim Soul*, there is a sadness in how I feel because so much could be accomplished, so much enlightenment given to mankind by individuals, if they but had the Faith to understand the Beauty, the Importance, and the sacrifice in how These Revealings reach mankind in such an orderly manner and in such

clear terminology for the benefit of Souls.

Many times, as I listen to some conversations, I would like to have those involved listen directly to the Consistency, the Constancy, and the Beauty of the Teachings that are given through a human voice to the whole world.

Beware of those who defy This Gift of Miraculous Love. Defend what you know is Truth, and remember, the more love you grow in, your Soul will benefit in strength, hope, and have assurance that through your love, your understanding, Sainthood is evident for your Soul. So be it.”

SAINT ATHANASIUS

“I am Saint Athanasius. I said I would return and I do keep My word, just as you are expected to keep yours when you make a commitment or a promise.

So much has been openly spoken regarding the problems in the time you live. Do not dismiss the Fullness of Their Meaning nor the Very Real Source from Where They came from.

There are so Many Here that have been assigned to alert mankind to the necessary needed changes that must take place for the benefit of their Souls.

The Soul is a Very Real Portion of man’s life, and of course, a Very Real Portion of God, not able to be understood by man, but logic says man should not dismiss the Reality of Its True Existence and Real Presence.

The world is in terrible distress physically, morally, and there are so many who will see the reality of this too late, unless they adhere to the

**Soundness of Our Advice, Direction
and Instruction. So be it.”**

SAINT BENEDICT

“I am Saint Benedict. There are many men in authoritative positions in churches that are depended upon by millions of people, and the men in these authoritative positions are not always men of sound Spiritual living, or are they men who are capable of the correct interpretation of Bible History. So much that has been written has been written according to the individual’s ability, personal understanding, and personal interpretation, and much was not elaborated upon in the manner, in the form that covered its complete background.

This Miracle that has come to the world in a manner difficult for many, who are trying to set It aside as being blasphemous, because to them It does not appear to be fully in accordance with how things were interpreted a long time ago. The simplicity in the Information, in the Instruction that is being delivered through *a Victim Soul*, has more logical understanding in It than past historical writings. There are some individuals who find

This Miracle of such Sound Logic to be the Greatest Gift that mankind has received since the beginning of time. So many men in authoritative positions cling to the past decisions, because it is what they know to be the standards wherein Spiritual acceptances, Spiritual beliefs, and Spiritual practices must be followed.

Now I ask you a question: Why, how, can mankind reject What has passed through This Miracle when so many of them are not just accepting, but are practicing, teaching and demanding followers to update their Spiritual program, and for the most part, it is full of humanism, full of desecration, and in many ways justifies a lack of dignity, and most certainly, a lack of spirituality in its very essence?

This Miracle, as it has been said before, must pass to millions so that millions of men, women and children of all races, all colors, all creeds, will have the opportunity to personally read, absorb, dissect and look for themselves into the Valuable Instruction, Logic, that is passed through This Miracle, not just to the intelligentsia, not just to the authoritative figures, but to all

mankind, all ages, all races, all colors, all creeds.

The Father felt the time was right because there were and are so many men who feel, because of their vocation of life, they have the authority, many omitting the responsibility to not just encourage mankind, but to inflict their modernization of Spiritual understanding, growth and benefits. So be it.”

NOVEMBER 17, 1992 AT 3:44 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother. I treasure All the Visions that I was apparent in, and as I look back on Them, I also treasure the Spiritual Faith that so many children gained by These Visions. Faith in God is the most important thing that mankind can have, can use, because it is a communication of love, of hope. It is a communication of silence and a communication wherein requests are made, prayers are said, and thanksgivings offered.

The Visions in which I appeared to individuals are long remembered because of the Messages that were given, because of the Love that was felt by My Presence. I blessed the whole world at these times in an open way, and These Visions will remain in the hearts, the minds, for many, many, many, many years to come.

This Miracle that I am speaking through now is a Miracle of Teaching, of Instruction. It is also a Deliberate Miracle, giving mankind more Facts

to understand The Father's Love for mankind. This Miracle will spread to all places throughout the world, and years to come many will speak of It. Some will even say, 'I wish I had been born to be present during the Direct Communication at those given times.'

History is constantly being recorded, for every day History is being made for the future to learn from, and for mankind to be informed that no day in time is not counted, no day in time did God ignore mankind.

Through This Miracle, man has been taught the personal association that each human being has with God Himself. What better information could man have than to be told that he or she has within them a Precious Gift of Divine Love, a Portion of God? When mankind first heard this, he could only relate to the human form, in human understanding that limited the reality, because The Father is not just a human form.

Man says, 'If I have been made to the Image and Likeness of God, I can only see in my small thinking, the relationship of an individual.' The Mystery that surrounds The

Father, the Mystery that is the most understandable word regarding His Presence, is impossible for man to comprehend or understand, but so much has been passed to mankind regarding the Importance of the Soul, so it should give mankind a feeling of the necessity to see the importance of never allowing impurity of any kind to be allowed in one's thoughts, actions, mind or example.

When The Father gave to an individual human being, Moses, Specific Rules that were to be passed on to mankind, it was The Father's way of saying: 'I love you. I am Part of you. You are Part of Me. I want you to understand the importance of purity. I want you to resist all temptations. I want you to stand firm on all issues that confirm your love for Me.' He was also saying: 'Purity is a decision because of your love for Me, My Love for you, and that you truly believe you were made to My Image and Likeness, and in order to have this be as I Designed it to be, I am a Part of you, as you are a Part of Me.'

This Miracle is not difficult to understand. It is sad to see such arrogance fight the Beauty of This

Miracle. It is sad to see men who stand in authority, try desperately to ignore the Beauty and the Greatness of Information that is and has been passed to mankind. Just as The Commandments of The Father were handed to Moses, you and the whole world are being handed firsthand, the Importance of human life, what it consists of, why it was created, and the Goal The Father has given it. This Miracle, when It is toyed with by impertinence, by desecrating language, by insensitive men and women, The Father is not just sad, but angry to think that mankind takes the ugliness of gall and uses it to distort Something so Beautiful.

I bless you with a Mother's Love and I say: 'You may not fully understand the Importance of this time today, but you are the recipients of a Very Great Message and you are handed the responsibility to pass It to millions. It is never to end in Its motion, delivery. It is to go on for all time, so that mankind will be able to survive and return to The Father for all time.' So be it."

NOVEMBER 18, 1992

OUR HEAVENLY MOTHER

“As you have listened on this night, you have been Blessed with a Love and in a Love, different than you know love to be.

The love of the one through whom I speak is a love for The Holy Trinity, and I smile and say, ‘Also for Me.’ And also, This Miracle is giving mankind, of all races, all colors, all creeds, the opportunity to hear Direct, for the first time in the History of mankind, so much Direction for mankind to understand the Importance of human life. Much has been taught, much has been delivered, much Instruction for millions of men, women and children to not just better understand, but to fully understand the dignity of human life, the Purpose for human life, and the Love The Father has for it.

Mankind reads a book. He says, ‘I have learned much,’ and then, when he goes to take a test on the subject matter, he does not always find it easy to remember every little phrase, every sentence that might have had an

important fact regarding the subject. But This Miracle has given to the world so much for mankind to read. In many forms, the same thing has been spoken, and yet one will pick It up and find the phrase or the sentence enlightening. Another one will pick up the same Set of Words and will find another line important.

I am your Heavenly Mother. I speak with a Great Love tonight. I have spoken with much Direction tonight, for you are warriors for Truth, and you must remember you are first a warrior for the Soul God gave you at the moment of your conception. You must return that Soul to Him in purity, with love, when He accepts It.

Mankind has forgotten so much, deliberately forgotten so much, because it was interfering with humanism. Mankind has based so much, so many things, on humanistic ideals, humanistic pleasures, humanistic desires, that mankind has forgotten the importance of purity of mind, body, example. There is so much desecration in your time to important issues and areas of purity.

I hold a very tired *child* in the world. We use her constantly. As I hold her body in an upright position, if I did not, she would not be able to stand and speak My Words. It has been a very long time that We have taught, through her voice, things The Father wanted mankind to know about, to better understand, and to use as Guidelines for daily living.

As your heart beats with the life in your body, The Father's Heart beats with Love for you, because as you are a creation of His and as you hold within you a Portion of Him, not understandable by you or any man who has ever lived, remember one thing: it will be This Portion Who will stand before Him, bearing your name, your record, your love, your judgment. There are so many men and women throughout the world who are omitting this time, in time, and they are casting it aside, using only human thinking, ignoring the Importance of why man was born to the world.

Man says, 'A tree was born for a specific reason.' It was to aid mankind. A tree was not born. A tree has a totally different place, purpose upon the earth. A tree does not live to go to

Heaven. An animal does not live to go to Heaven. All things were put upon the earth for specific reasons, specific purposes, but you, as a human being, are Special in God's Gift of Love.

Many have been taught so many things regarding human life, but there has never been so much taught regarding The Father's Love for mankind, than there has been through This Miracle of Hope, of Enlightenment, and It has been structured for man to easily understand, for man to see the value of respect, dignity, understanding the beauty of harmony amongst those with whom they live, they work, they plan.

I bless you with a Mother's Love. It is a Love beyond your understanding. I bless you, because you see, I know that in each one present here before Me, a spark has begun, and a certain phase of your life will look back on a Phrase one time spoken here, and because of It, you will make a decision pleasing to God, Who Is All Things, Sees All Things, and most certainly will remember the time you received the strength to make the decision to prove your love. So be it."

NOVEMBER 19, 1992 AT 2:05 P.M.

SAINT CALLISTUS

“I am Saint Callistus. I have spoken many times through this Heavenly Gift of The Father’s to mankind. I have not announced My Name because I spoke during Teaching periods, so it was not necessary for Me to be recognized as the Teacher or Instructor at that time.

Man fears a volcano because when it erupts, it sends hot fire into many areas where it causes total destruction. Man would never compare the wrong in the world to a volcanic eruption, because mankind does not see the magnitude of destruction that is occurring because of all the sins of impurity, all the sins connected to the destruction of the children, through many means of association to their mind, their body, their dignity, and of course, to their will.

Let us look at the lava pouring from the volcano. People are running in every direction to avoid it because they know it will take their lives. It is

a killing force that mankind can relate to.

Now let us look at a more prevalent killing force throughout the world, not just in isolated areas. Men, women and children are obsessed with undignified, unrealistic impurities in their mind, in their actions, in their speech, in their activities, in their example.

I want mankind to understand that the pressure of the lava, the force of the lava from the volcano is not as dangerous as the ugliness, the obscenities, the sacrilegious activities mankind so easily is absorbed in, and does everything to draw others into the danger it is.

A clergyman sometimes gives what man calls 'a sermon on Hell and Damnation'. He uses strong language to get their attention. He pounds his fists to wake them up, to emphasize. There is so little, many times, that he truly says or follows up to continue the lesson.

As I speak, it is with Great Love for the Souls of mankind, because the Soul is a Living Portion of human life that has a Particular Purpose, Reason,

Existence, and this Soul must be cared for tenderly, and must be talked about, learned about, recognized as the Portion of man that was designed to Live Forever.

Man's will is a very important part of life. If you did not will to get up in the morning, what kind of life would you have? Would you have life at all, for how would you take care of yourself physically? If through your will, you decided to never talk, how would your life be? Would not these things be self-destructing, actually giving your life no meaning, no purpose, no goal? It would be lifeless.

Remember, your Soul is a Living Part of you and this Soul is the Recipient of all you think, all you say, all you do. So be it."

NOVEMBER 19, 1992 AT 2:51 P.M.

SAINT ANTHONY OF PADUA

“I am Saint Anthony of Padua. Even though there have been thousands and thousands and thousands of Words spoken through This Beautiful Miracle, mankind, in some areas of life, deliberately tries to ignore the Meaning of These Words, because to accept These Words, it will mean change and/or changes in lifestyle, in Spiritual practices, in behavioral methods, and mankind deliberately turns the other way, so he or she is not responsible to make the necessary changes.

Where does responsibility begin when one is informed regarding Truth, regarding sound values and sound standards, the necessity for purity in the mind, in the actions, in the speech, in the example?

Where does responsibility end? Does it end with one act, two acts, three acts in a lifetime? Does it mean that age is the critical line of decision? No.

Logic is very important here, because sometimes logic does not use a definite age to reveal itself. Also, what about conscience? What part does this play in one's lifestyle, one's determinations regarding obedience to God's Commandments?

Ask yourself: Why do so many protect the sin of permissiveness, and they are so adamant over someone telling a small lie to them?

I hear many prayers using My Name for particular reasons, sometimes objects. As I speak today, I say to everyone who will read These Words, 'I will be happy to help you find the road to purity, for this road is important to every facet of your life, and for the Goal of your Soul for All Eternity.' So be it."

NOVEMBER 19, 1992 AT 3:49 P.M.

OUR BLESSED MOTHER

“I listen to stories being told, and I would like to add that I was present when everything occurred that surrounded this *little one* through whom I speak. I was present when The Father came to take from her a very important part of life, her nature.

Mankind is aware of different facets in their human makeup. They fear certain illnesses, because in some illnesses certain faculties can leave the human being in need of help; also, present certain disabilities. Man would not picture the loss of his or her nature as a problem, or as something they would miss. It is an important part of human life, rarely thought about, because it is not something one dwells on in a personal way.

The day The Father came for this *little one's* nature, We All stood by, for We knew it would be difficult for her to release it. Innately, she felt a great loss. The fear stemmed from: ‘What will I be like if You take my nature?’

How will I change? What are You going to do with it?’

Ask yourself: In what capacity of your daily living would you place your nature? What effect does it have on your relationships with family and other people? Do you realize how much you depend upon your nature and what effect your nature has on your daily living?

Perhaps in looking at it in this way, you will understand how difficult it was for hers to be taken, especially when you know that the nature plays a great part in one’s willfulness or actions of the will.

I will speak more on this at another time, but I do want you to think about what I have spoken. Would you willingly give up your nature, not knowing what effect it would have on your life? So be it.”

NOVEMBER 21, 1992 AT 7:38 P.M.

SAINT ANNE

“I am Saint Anne. I have spoken much on this day through this *little Victim Soul*, because I want mankind to fully understand what a Beautiful Gift of Divine Love that This Miracle in your time is giving for the benefit of each human being’s Soul.

Mankind does not fully realize what a Treasure is within the human body, since the moment of conception. Up to this time man has not been told the Importance of this Gift of Divine Love, in which The Father gives a Portion of Himself to human flesh and blood; first, because of His Great Love for this Creation of His, and because It gives man a Great Purpose to live a life of sound Faith, sound morals, sound standards, sound ethics, that have as the Goal the Greatest Gift that any human being can achieve, and that is Sainthood as the Goal.

Mankind hears the word ‘Soul’, but does not truly feel nor understand the Full Purpose of It. This Miracle is teaching, instructing, directing, and

using many methods to help mankind realize that This Gift from The Father is beyond any gift man could ever receive.

When man receives a gift that brings happiness to his or her way of life, there is great joy, gratitude, and a beautiful remembrance of the time it took place.

This Beautiful Miracle is teaching mankind about this Treasure that needs constant protection against the enemy of God and of man, and It shows mankind the responsibility to protect this Treasure that must be remembered as being Greater in Its Reality than any human material gift that man could receive.

There has been no time that so much has been delivered, instructing mankind to guard, to honor, to protect, to treasure this Special Living Part of mankind's life.

Parents innately want to protect those they love from any harm, any disaster, or any loss of material things that they possess. Try to imagine The Father's Love regarding this Precious Gift of Divine Love for every child born to the world, and how much He works

through His Commandments that He gave, and through All the Directions handed down through time, regarding the Purpose for This Gift — Sainthood, the Goal.

Mankind has responsibility, and mankind should realize responsibility gives strength, it gives goal, it gives purpose, and This Responsibility gives equality to all races, all colors, all creeds. No human being is born without a Soul. God's Love is evident in many ways, and He would not deprive any human being of this Great Gift of Divine Love.

So much has been stressed through This Treasure, This Miracle of Instruction. Divine Love is a Pure Love, and in This Love there is no favoritism shown at the moment of conception. So be it."

NOVEMBER 23, 1992 AT 8:25 A.M.

SAINT MATTHEW

“I am Saint Matthew. Many will say, ‘Why would so Many speak through this *one human being* in the world?’ We All Here say, ‘This should alert mankind to the Importance of This Miracle that has been given to the world for some time.’

When man walks on certain streets, in certain areas, he or she is aware of signs of danger, and they are immediately struck by fear and try to use some form of self-protection; either they run, they take shelter, or they use combat of some form, to save their lives.

Millions of Words have been delivered, alerting mankind to the dangers they are active in, because of immorality, and because of ignoring God’s Rules that were given to protect mankind from the greatest enemy, called ‘the devil’, a fallen angel who was cast out of Heaven for many, many reasons.

Man says, ‘That’s a story of the past.’ I, Saint Matthew say, ‘It is a story mankind should never forget.’

The world is the Creation of God. Man is a Special Creation of God. God did not give the trees Commandments, but He created them. It is God Who Controls the whole balance of the universe. How can man dare to, in any way, cause impurity to be so much of everyday living, knowing that it is an offense against God?

There are many in the world who preach what they call ‘religion’. Some may even barely touch on God’s Commandments. But let Me remind you, all things He created have great reason and purpose. Mankind is the closest creation to God, and man must see the danger that is presented every day by the enemy of God and of man.

It is time that millions read Our Words, and it is time they see the Value to This Gift The Father has given to mankind, so that mankind will see the danger and use every source of human love, manner and way, to fight for what is good and defy the enemy who is the master of disguises. I will speak more on this. So be it.”

NOVEMBER 23, 1992 AT 12:35 P.M.

SAINT BARTHOLOMEW

“I am Saint Bartholomew. As usual, there are Several present Where I am, All ready to speak through this *small instrument* in the world.

Many men who have worked for degrees in theology and many other professional areas of life, some doctors, some in the legal field, some who have had the experience to personally invent items of great worth, must read All that has been spoken, that has been put in print, because there is no one living or who will be born in the future, who should not have access to the Deliberate Instructions that have been given to teach mankind the Importance of human life and the Purpose for which it was created.

In the time that Many of Us lived, We did not have a Beautiful Miracle such as This One, present in the time in which you live. We sometimes discuss this amongst Ourselves, because We fully realize what a Great Gift The Father has given to mankind, elaborating on the importance of

purity, morality, understanding, so that mankind can return the Soul to God in a state of purity. Some men throughout the world say, 'This would be an impossibility because of the desecrations, the humanism, that have become so much a part of acceptance for all races, all colors, all creeds.'

Sometimes We hear mankind say: 'Past Spiritual History is not for us. We live in a modern atmosphere and our lives are more constructive, more liberal, and in many ways it is important for us to relate humanistic values so that others will be more apt to be companionable with us, and we will not act superior to their way of thinking, to their manner of living, or their rules of moral values and moral standards.' Let Me say this: 'Satan is evident in so much of this type of theory; he wants you to please man and omit God from your daily practices in living.'

As it has been said before, there has never been a Miracle of This Degree given to mankind so personally. We have talked about speaking through a *Victim Soul*. This is the clearest way to describe the voice We use to reach you.

Human life has been Blessed with a Soul. The Soul is the Foundation, the Basis for one's desire to see the Importance of truth, purity of mind, body and example. You cannot see another human being's Soul. In many ways this is good, for mankind has a way of instinctively having an opinion or a desire to speak openly regarding what he or she sees or is aware of.

The Soul is a Hidden Treasure in every human being. It is a Gift of Divine Light, Divine Enlightenment, Divine Love, Divine Hope, Divine Security, Divine Goal. No human being has the ability to create or take away the Soul in another human being.

There is so much that mankind has learned about this Precious Gift that The Father has placed within each human being at the moment of conception. It is a Special Gift that nothing else in the world is given at any time. Protect It well, and always remember, your human life is special, for in it you have been given abilities no other living thing has been given. You also have been given a Gift of understanding that there is a Higher Supreme Being that holds all things in place. This is called 'the Gift of

Faith', but such a Gift has no reward unless it is cherished, nourished, and is constantly protected for the purpose in which it was instilled at that perfect moment of conception.

When you are aware that an individual is ill or is the victim of a serious problem, many times you innately know that there is Someone you can go to for help. This is your manner of saying you believe in the Strength and the Power of God. If you did not have a Soul, you would not have Faith in God. Remember This Important Statement, and each time you pray a small prayer or a long prayer, keep in mind, it passes through your Soul to Him.

Be sure This Message is revealed to millions outside this room. It might be the Spark of Hope, the Spark of Light, the Spark of Enlightenment, that will save an individual's Soul. So be it."

NOVEMBER 23, 1992 AT 1:40 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius. In the time I walked the earth, there was a very serious heresy. It was destroying Faith in God. There was a tremendous revolt by many who had decided to enforce this heresy, using other names for it, of course. This heresy was a destructive measure and it was difficult to endure because of what it was doing to mankind’s Faith in God.

You live in a time of heresies, and many men and women are fighting, in such humanistic ways, to have power where God is concerned, and these same people are creating havoc where Spiritual growth should be.

There are many evidences of these heresies but mankind, in so many ways, is doing so many things to invoke a new form of thinking, practice, beliefs and understanding, that in reality is diminishing the beauty and the understanding, plus robbing the young of the necessity for respect regarding the Greatness of Divine Love, Divine Existence.

So many throughout the world do not see this as a heretical time in History. They call it ‘updating’, they call it ‘understanding man’s needs’, they call it ‘practicing practicality’. They ignore what it is doing to so much desecration regarding God’s Commandments, and how Christianity was truly designed, and the Purpose for Christianity because of the Souls of mankind.

Man says: ‘I have a head on my shoulders. I can think for myself. I have the ability to make decisions.’ True, but mankind should remember a very important issue: God has the Power to limit all man is. God has the Power to take this man or woman from the earth, especially if it is to protect the Souls of other human beings.

There are so many self-designed, self-organized, self-determined, self-programmed, self-structured forms of Christianity. Most of these lean on great leniency of moral values, moral standards, moral viewpoints. Some are very strict with the listener, the one who is being taught, but many times the teacher, the instructor, follows a different set of rules, a different course of action, and in his

or her way, are full of greed, lust, self-love, permissiveness, promiscuity, and deliberate acts and actions against God's Commandments.

You do live in a time, many times worse than Sodom and Gomorrah, and it will take time, energy, moral strength, moral obligation, to be able to convince mankind that Christianity was formed in the beginning by God's Commandments. These Commandments are the Constitution for Sound Christianity. So be it."

NOVEMBER 23, 1992 AT 2:20 P.M.

SAINT JOAN OF ARC

“I am Saint Joan of Arc. Many stories have been written about My life on earth. True, not all was recorded, because at that time there was no one to take immediate notes. The Voices I heard were very difficult to describe, because when I spoke of Them, I could not use the terminology that might have aided others to understand the Type of Reception I was Receiving firsthand.

As we went to war, the men who walked by my side were men of Faith in God. Granted, they too did not understand how I received my Direction, but the logic contained in the Direction is what they used to accept every plan. We fought many battles hand-to-hand, and when the signal was given and the sword was raised, there was no question asked.

As we sat by the fire on the cool nights, we would confer, and those close to me would say, ‘Joan, listen well, for as you lead us, know one thing: we

depend upon your Connection to Him for we do not want to go to Hell.'

I was small of stature and many times had great fear, especially for those who walked close to me, for they were my protection. When the time came and we dispersed, we said our good-byes, inside me I had an emptiness, for in my heart I wondered if I would ever see them again.

When the time came and I was accosted by men of great strength who cast me into a cell, treating me as though I were a stick, not a human being, I feared every moment from that day on, those who stood in judgment, making a decision that was one that proved only egotistical jealousy, arrogance, beyond what I can now tell.

The story is true, they forced me to be in a man's prison. They wanted to prove I was not what I was. I could not sleep, for in this prison they treated me like a rag, mocking me and doing all things that eventually caused me my life. I pleaded with God every moment I could. I would drop with exhaustion because the Hierarchy, in jealousy, in how they treated me,

showed hate that was unbelievable to me, for I had done nothing but what I was told to do by the Voices The Father sent to me. I knew no other way.

Some were helpless to help me. More than one was killed in protection of me. It was not my youth they were concerned with. It was the Truth I stood for that they could not handle, because they felt one such as I was, could not or should not have been chosen to have such Voices. When it came time for me to be strapped to a place of utter horror, I called out to God and said: 'Why would You pick such a weak one? I am so frightened, I will die with fright. I fear I will lose my Soul because of this fear I have inside of me.'

You, too, live in a time wherein the Hierarchy try very hard to ignore This Beautiful Miracle that is in their midst. *The little one* through whom We All speak is totally aware of their possible deceit, but is also aware of some who, through their jealousy, can be great enemies of such a Thing as This Taking Place.

I wish that All of Us Here in the Heavens could be seen visibly by all of

them. This might be the only way that these men of vocation, who lack sound Faith, could fully understand the Importance of This Time in History, the purpose and the sacrifice that is taking place. As We look in on many who are told about This Beautiful Miracle in the world, it is ironic in how some speak in such arrogance, some foul, some bragging that they, too, could stand up to compete. Some say: ‘Ignore It. It will go away.’

I, Saint Joan of Arc say, ‘The Words will never go away, for long after *this child* has left the human way, All These Words are to be continuously passed out throughout the world, so that mankind will have to eventually be alert to what The Father Wills, and that His Commandments must not just be read, but followed to the letter, according to the Reason for Them, the Purpose of Them, the Fullness in Which They Were Meant.’ So be it.”

SAINT BERNADETTE

“I am Saint Bernadette. We listen, We smile, for We enjoy your company, your conversation, your happiness, and your communication that draws you together through the means of a Beautiful Blessing from God. It is called ‘a Miracle’. It is This, but It is also a Divine Gift of Love.

It is sad in one way, that so many children throughout the world are not present all the time, hearing the Words Direct, being able to write in a personal form, the Lessons, the Instructions, the Descriptions, from so Many Saints.

When The Father speaks, All of Heaven smiles in happiness, in joy, in union with His Love for mankind. Everyone Here, every Soul present, is anxious to hear the Lesson that He so generously delivers.

In the human way, when I walked upon the earth, the responsibility I was given, I knew obedience must always be first. I, too, as this *little one* does, feared the responsibility, because it

is greater than any responsibility on earth.

Mankind, from childhood on, is taught that he or she is responsible for certain things, many things merely daily chores; and then many, hopefully most, are taught the responsibilities attached to the Spiritual life. These responsibilities are never forgotten, even when an individual at some time in life falls by the wayside, ignoring the importance of Spiritual growth.

It is true, there have been many 'chosen children' through time, some with lesser degrees of responsibilities, some with greater degrees of responsibilities. Each of these times have a particular reason, purpose for mankind.

When This Beautiful Miracle called '*The Miracle Of Saint Joseph*' was first announced, there were many questions regarding Its Pattern that would have to be followed, and was It going to be like Others that had occurred previously? *The little one* through whom I speak feared disobedience, and yes, feared the responsibilities, but made a promise that The Father's Will would be done,

but she requested that His Presence be constant so she would not falter, not fail, and omit any Order to His Requests. Little did she know, so Many of Us Here would be a Part of this Beautiful Treasure of Love for the benefit of mankind's Souls, and for mankind to better know the Full Purpose of human life; also, to be sure that personally, mankind would submit to The Father's Will willingly.

This Miracle of Hope has been present in the world, according to man's years, a long time. According to Our Time, it is a fleeting second. So much Information has been passed to man, helping mankind to understand the Precious Value of human life and the Goal for which life was intended, to walk from the human way to Heaven. It is not beyond man's ability, because of the Soul man has to lean upon, to help man grow more in love with The Father's Will than the self-love of man's will.

Mankind has heard about Heaven. It is a rarity in time, that It has been seen while one is still living the human life. Be sure when you pray, you pray for strength to obey God's Commandments, and do not forget,

**through this obedience you will find
Eternal Happiness. So be it.”**

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph. I am The Third Person of The Holy Trinity. I say These Words because many men and women cannot find it in their sense of understanding, that This could be True. I ask you, ‘Would The Father have allowed an ordinary man to walk with Her and with the Child to be born, that was The Son of The Father?’

Mankind looks at Bible History as total fact of description, because man has been trained to see it this way, to understand it this way, and to not allow himself or herself to see beyond what human knowledge can comprehend.

When mankind speaks of love, it is in so many ways, a human feeling, a human thought, a human reaction, a human determination, a human description, of something that there is feeling to, in association with another human being or other human beings. Love, in man’s thinking, can be a transient association and one that can be transferred because of emotions,

interpretations, associations, or mutual understanding. God's Love is Above and Beyond what mankind can associate, because God's Love has a Purity, not a possessiveness. God's Love is a Giving Love, because no human being has This Type of Love or Ability of Love, that He Has.

In past History, the writings had to be in a manner, in a way, in a formula, in a format, that man could understand and associate with human existence. This Miracle has brought to light a Phenomenon of Truth, of Reality, of Instruction. When mankind begins to see the Reality of What I have just Spoken, man will be better in not just understanding, but will be better in being able to see the Magnitude of The Divine, and also feel a difference in prayer life, because These Lessons that have been taught give so much emphasis on the Importance of the Reality that should have been understood before this time, regarding The Holy Trinity, and the True Place in which Our Heavenly Mother stands with The Father, and the Importance of the Soul in each human life.

There will be thousands who will fight These Words, only because they

do not have the Faith to understand the practicality, the logic, and the sound reality, that makes What I Have Spoken, Such Truth. So be it.”

SAINT ELIZABETH

“I am Saint Elizabeth. I have spoken so much in many of the Teachings that have passed through this Gift of Life, of Enlightenment, to all races of people, for all colors of people, instructing all creeds in the world.

As I speak, I speak with a mother’s love, because children in My day were very important, and this has not changed in any manner of living, up to your day. There is the birth, there is the caring, there is the protection, there is the teaching, there is the direction.

There is the importance of time with them, alerting them to what is right, what is wrong, where they are vulnerable, how they should address their elders, how they should fully understand what is sound authority, what vocation would be the best; also, finding out through their speech, their emotions, how they feel inwardly regarding morals, values, standards, hopes, ideals, and what type of

friendships appeal to them. What degree of understanding do they have regarding life, when they are on their own?

There are millions of children throughout the whole world who are being denied such interest, such sincere direction.

How many children do you know that say: 'Yes, I believe in God, but I don't have a feeling. What feeling am I supposed to have toward Him?' I, Saint Elizabeth, would say to all adults: 'It is important that your example radiate your Faith in God, and your manner of open prayer that is obvious, because in seeing this there is strength indescribable but obvious, because there is no shame in showing that one has dependence upon, love for, and humility, regarding an openness where The Father is concerned.'

This mound of soil upon which you stand has strength in it, purpose for it, and in its very presence says 'Hope', without the Word even being spoken.

I discussed monuments before. Monuments are many different things. Some are plaques. Some are walls.

Some show a name. You are familiar with statues. You are familiar with a shrine. You are familiar with a building that says 'Within here God resides.'

For years, many, The Father has directed many Teachings, Some informal, Some formal, to be delivered to the whole world, so that no one would be left out in the full understanding of the Importance of human life, and really, what it is all about.

A child is born. The child is helpless. It takes others to feed the child, clothe the child, take care of the physical, and in many ways, serve in a diligent manner for some time, this human being that will one day be doing this for another.

This Miracle has taught the Importance of that Precious Gift from God that will live on forever. It's called 'a Soul'. For thousands of years mankind has been aware that man is a Special Design. Man is important because of Something inward, not just intellect, not just what some men would call 'brawn', but there is a Delicate Portion innately felt by those who look at a newborn child.

Human life is a Treasure. The will is a Blessing; the conscience, a very important asset to a way of life, to the decisions in life.

As I speak today it is with a Deep Love, because I am fully aware of all the work that has been accomplished in many areas of this Precious Gift from God, and now it is time to spread Monuments throughout the world, to filter into places you have never heard of, you will never go, but remember one thing: there is a Soul waiting for This Monument to arrive, waiting for This Monument to be read, so that the individual who reads the Words will be struck by the Meaning, and will find hope, strength, perseverance, and a deep understanding of the Purity of The Father's Love, the Generosity of The Father, for passing on to them This Enlightenment, into not just the mind, but for the protection of the Soul inside.

I bless you, My little ones, because We read your hearts, We know what you think. Your prayers are heard, and the strength that you have within you is a strength to help you deliver the Monuments, for the sake

**of all mankind throughout the world.
So be it.”**

SAINT PETER

“I am Saint Peter. Much has been spoken about Me, regarding My time when I walked with The Son of God.

We knew Him as a man, yet we recognized what He spoke about, and the manner in which He spoke was more than mere man, because so much was in-depth Teaching, Instruction, giving us Directions that, in a human manner of speaking, were beyond what anyone in Our time was so informed about. What He spoke appeared casual sometimes, and at other times showed a Forcefulness in Meaning, in Direction, in Depth.

We listened as we walked. Some of us would stray to the side and have personal conversations, but His Form, His Presence was like a magnet, and we would close in to hear Every Word we could.

When we would stop for repast, we ate off of the land. He would instruct us regarding the necessity of food for the body, and that He would supply us with the food for the mind,

and direct us in the Spiritual needs, but He always reminded us that we were not to store These Lessons selfishly; it was our obligation, our duty, to share what we learned from Him with others along the way. Needless to say, we sometimes faltered, but in His Way, He would inform us we forgot to obey.

We learned so much regarding what life was all about, and the Purpose for which it was given in the first place. Naturally, we all absorbed these Lessons, these Conversations, to a different degree. Being men, in our discussions we would compare notes, theory, and He would sit and listen, smile, and then say, 'I guess I will have to repeat that Session another day.' Many times we took it lightly, and looked forward to the next day.

As we listened more and more, the repetitiveness took hold, because in His emphasizing good from evil, fairness to unfairness, justice to injustice, and that there were special times for revelry, He covered every facet of human life.

In very serious moments we found His Words so compelling, so dynamic, so important, we would be

held speechless and say to each other: 'This Man is so Special. He knows things no one else knows. Who is He? for He is like no other.'

He would anticipate our behavior, and He would reprimand us violently when we walked on the edge of respect and disrespect regarding What He had spoken about, What He had revealed.

We were men, and to us, when we spoke of the news of the different places, we would watch His Face. There was a Gentleness, yet there was a Tremendous Strength. We knew when He spoke, it was Important.

When we were eating He would teach the purpose of this food, why it had been allowed to be put upon the earth, and many times He would smile and say, 'It gives you strength, it has purpose, but your creation, your physical life, your abilities, your mental capacity, your Faith in why you were created, has a much greater Purpose than the food you eat.'

The times in which we lived had many problems, because you see, we walked amidst thousands and thousands who had not heard what we heard Him speak.

I know much has been written in historical books about us, and true, we were not perfect, but many times we would look at Him and beseech Him to give us His Strength, His Purpose, and He would say, 'As I am One of you, I am of a Different World than you.' We did not know what He meant.

You live in a time of so much humanism. You live in a time where all ages are having many difficulties where sound values, sound standards, sound ethics are so many times eliminated, because there is so little strength in the leadership. There is so much weakness, that it is a time that the whole world must look at this particular place where you are, so mankind can re-evaluate the soundness for which human life was created in the first place.

What a Blessing mankind has, very similar to the time We walked with Him, but now It is even more explicit, more understandable, because It is in writing, in a language that is more worldwide than you suspect.

You have been requested to give freely, without question, the Instructions, the Information, the

Knowledge, the Valuable Words that will be accepted by millions. You cannot worry about those who will reject Them, for you have an obligation as We did, you have a responsibility as We did, to inform mankind in your generation, and all generations to come, What has been given in a simple form and yet can be termed 'Profound In Its Full Essence'. So be it."

THANKSGIVING DAY**

SAINT MARGARET MARY ALACOQUE

“I am Saint Margaret Mary Alacoque. There is much celebration today because of what others did a long time ago. One day is set aside, for mankind to remember that time.

In reality, mankind has the privilege to celebrate every day because of a Special Time in History. This time I speak of has, in reality, far greater Importance than this day today.

Mankind has lost sight of what The Sacred Heart gave for mankind’s ability to see the Magnitude of Christianity, the Importance of It, and Its Full Significance. I do not say mankind should not celebrate, but I do say the privilege granted to man to partake in a Personal Celebration each day with God Himself, is in many ways passed off as ordinary, and not seen in the Full Meaning that It is.

It is important that mankind recognize what is happening to the moral attitudes, understanding,

privilege, and fully recognizing the Gift of God's Commandments that will never be out of date, will never be out of print, will never be cast aside, because They are the Groundwork that man has to use to not just bury, not just cast aside, but to stop all the demoralizing actions, thinking and example that is so prevalent throughout the world.

As The Heart of Jesus beats with Love for mankind, it is because of the Soul within each human life. No age has preference; all human beings were created with a Soul. This Gift of Divine Life is Something to celebrate, to nourish, to care about, to treasure, and to never forget Its Full Significance.

When I lived upon the earth, and I had that great Gift of Divine Communication, the responsibility of It was sometimes so overpowering, because of realizing the Importance of God's Love being demonstrated through a portion of human life, recognizable because it is a portion of man that beats with the flow of human life.

I have spoken much through this Gift of Divine Grace and I am ever

**ready to be obedient whenever The
Father Wills I speak. So be it.”**

OUR HEAVENLY MOTHER

“I am your Heavenly Mother. My Love for mankind has no limits, no boundaries. Man cannot understand a Love of this Degree. My time upon the earth had Special Purpose, Special Meaning, and was to give to mankind a manner of loving and sharing.

In so many ways mankind forgets the importance of example, for others to see, to experience and to be guided by. Example has a tremendous impact on others’ lives. Example is through words, actions, determinations, abilities, personal appearance, personal manners, personal acceptance, spirituality, and of course, one’s obvious obedience to God’s Commandments.

The world of mankind has become increasingly, not just selfish, but in many ways follows improper forms of moral behavioral patterns. Immorality wears many disguises to attract the innocent, the unwary, the selfish ones, and those who want power, sometimes

just over one person, sometimes over many.

Sodom and Gomorrah have been many times used as the epitome of immorality. The time now far surpasses what these places practiced.

As I stand, constantly close to This Miracle, I am protective of all who will see the Value in What is spoken, What is delivered for the benefit of the Souls that are so Precious to The Father; the Love that is and has been expressed, in instructing mankind to fully understand what each human being is the custodian of, that Precious Gift of Divine Love.

Mankind, no matter what race, color, or creed, must not blind himself or herself to the Importance of this Gift of Divine Love that dignifies human life, putting it in a category as being called, 'Man is made to the Image and Likeness of God'. This comparison, many times, is misunderstood and misrepresented by theological experts, but This Miracle that I use to reach mankind has definitely explained so much in logical terminology, why mankind is such a Special Creation of The Father's.

All the Messages that are in print for universal acceptance, must not be detained for any reason. So be it.”

NOVEMBER 27, 1992 AT 12:38 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. Mankind understands that the physical body has many demands every day. It is healthy to have a routine that takes care of the many human needs. Another part of man, the intellect, the mind, should be constantly used, to keep it alert, updated, and of course, directed to be able to live a healthy mental structure of life.

Not as many as should, see the importance of Spiritual understanding, not just Spiritual reference at given times. Understanding Spiritual responsibilities gives strength to one’s mental and physical growth and capacities, because a sound moral structure gives hope, gives purpose, and in its existence, is able to instill strength in every facet of a human being.

Sometimes mankind complains about ill health and is told there is nothing wrong. The symptoms do not leave, the characteristics of illness continue to show. Where there is

sound Spiritual stability, there is a definite feeling of physical and mental control. Where there is immorality, there is much weakness throughout the whole being, making the individual vulnerable to all outside difficulties or outside depraved minds of individuals, that can only express helplessness, hopelessness, weakness, and filter into the mind of an individual, a depressive state of being.

As I look throughout the world, there is so much discouragement, disagreement, provoked by many who stress self-importance, self-knowledge, self-love. The world has forgotten the importance of sound morality. The world has forgotten the necessity for peace of mind, body and Soul. The world has forgotten that human life has a Purpose, and there are so few in the world who are sound example for this Purpose.

Many books are written. Most should never be read by anyone, but mankind, in his or her thirst to be updated, will buy what will be improper for any part of human life. There is great tragedy throughout the world. Mankind should be retaught

what was given three thousand years ago, God's Commandments. So be it."

NOVEMBER 27, 1992 AT 1:51 P.M.

SAINT JOHN OF THE CROSS

“I am Saint John of The Cross. Man is aware of the tremendous force of power that exists in the oceans and other large areas of water. This is a destructive power when it is released by certain elements. It is also a power that is able to supply mankind with certain important aids. The power of this water is often discussed because of its magnitude of pressure and its ability to move quickly, without warning to man.

There are other powers evident in the world: God’s Power. His Power holds all things in place. It is a Power that He is in total control of. His Power holds the universe together. There is no greater power than God’s. The enemy tries desperately to imitate His Power. The enemy of God and of man has the power to do certain things, but his power is minute to the Power of God. This so-called fallen angel uses man’s immorality to show his power. He uses weaknesses of man. He uses what man would call an ‘intrepid manner’, to violate man’s willingness

to seek, to use, and to follow all that is good.

There has been so much taught in this Treasure of God's Love for mankind, called 'The Miracle of Hope', through Its consistency, Its constancy, to speak, to direct, to encourage, to show balance in human activity, behavior, example, obedience to God's Rules, sensitivity to others' disabilities, incapacabilities.

There are so many Words for positive thinking that have poured through and still do, so that if one reads one Phrase and does not see a personal Instruction from It, there is no question, no doubt, that somewhere in All the Teachings, every individual who takes the time to look at the Words, read the Words, concentrate on What has been spoken, the results will be monumental morally, spiritually.

We speak through This Miracle at any given moment during man's day. All is not written, but much is verbally taught. Many have been present during much Instruction, but in a weak moment, found that It would change the course of their life, and they found this difficult, because they

did not see the Importance, nor the fulfillment that It would grant them, to give their life more meaning, more happiness.

Many would say, ‘Why would Heaven come with so much when we already have the foundation on what is expected of us?’ Let Me say this: ‘It is being done because of the need for more Complete Instruction, for more thorough understanding of what The Father wants mankind to be more understanding of, regarding the Importance of human life.’ So be it.”

NOVEMBER 28, 1992 AT 11:25 A.M.

SAINT JOAN OF ARC

“I am Saint Joan of Arc. When I knew I was to speak to many who were of a different manner of living, who were different than I was, because they were men and I was but a young girl, I have to admit, in the beginning, I questioned how I could manage the tasks The Father Commanded of me.

The first Words were: ‘Obedience to My Will, to My Direction, and you will not fail. You will face obstacles difficult, but if you are obedient and do not allow anyone else’s orders to interfere with Mine, success will come. Be strong, My daughter, and be alert, for many will try to convert you to their ways, their interpretations, their vulgarity, but I assure you that the Purity of My Will, My Divine Love, will give you the strength you will need to face what must be accomplished to go down in History.’

I, Saint Joan, want you to know that This Miracle is similar in many ways to how I walked. *A little one* has been given the responsibility and the

Command of Obedience to fight a Great War. You are soldiers. The Father is in Command. The Voices that pour forth are His Directions for mankind.

The world must be delivered, every corner of the world I mean, because time is of the essence. A battle bigger than the ones I was involved with is raging in every corner of the world. Oceans may separate the places, mountains may divide the areas, but each place in itself is a war zone against the enemy of God and of man. These battles must be won. These battles are far more intense than you can comprehend.

It is not always understandable by man for The Father to use such a *little one*, in stature, gentleness, and of course, concern for the lives and the Souls of those who appear so much larger, so much stronger, but this is His Manner of giving to mankind a focal point that would be unbelievable, and yet in its way, showing the need for protection and the necessity to believe All the Directions, because it would not be normal for this to be this way, especially when the war is throughout the world. Man would expect a giant

in size, a military mind, and someone well-known to all authorities.

When the time came and the men felt we were to part, I was alone, I was frightened, because I knew that evil was lurking where they put me. I could not sleep. I was continually taunted, abused. It was a horror to me. But I come today to alert you, to warn you, that this very same thing could happen in your day. The men in political positions were not my enemies. My biggest enemies were the men who walked the Spiritual paths in high positions of not just commitment, but control.

Another Here wants to speak. We All take Part in This Miracle, because of the Importance of the safety of Souls in this war against the onslaught of so much evil. So be it.”

NOVEMBER 28, 1992

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. I, too, was young in years. I, too, faced obedience to The Father’s Will. I, too, was responsible for the Directions that were passed through me, to give strength to one or more who were in charge of Souls.

It is the same in your day. One, small, has been given this responsibility. She cannot worry over the disbelievers. She must be alert to them but never cater to them. She must listen continuously for Words of Direction, unfamiliar to normal living, and she must be firm with passing These Words to others, for These Words must become a chain reaction and not be planted or withheld where They cannot be read or seen. In reality, the Bound Words are but a mere fraction of what has been passed through her to mankind. Much is in ordinary speech. Much is in light conversation.

I, Saint Catherine of Siena, warn you she has a strong temper, but a temper that is protective of This

Miracle, because of Its Importance for the Souls that mankind does not fully understand about, nor does mankind care about. God's Commandments, full in concept, must be passed throughout the world because They are the Guidelines for every human being.

The little one, the Victim Soul, is not afraid to face the enemy. By enemy, I mean those who claim to be clerical, Christian leaders. She has stood up to many. When they differ with the Formal Words, whether They be called 'Teachings' or 'Revelations', it is mostly because they lack sound Faith in the morals of Christianity, and to a great degree, there is much jealousy, saying: 'Why her? Why not me? I am a man.'

Well, if only men could fight for The Father's Will to be done, why was Joan given so much responsibility? I could name many, so 'This,' as man would put it, 'cannot carry water.' It is God's Will and It must be honored, whether He chooses one small in stature or one who He knows will be obedient to His Call at a moment's notice. It is not a simple matter when some Great Miracle such as This is given to the world.

As Christ was stripped of His Garments by mankind, one who walks for God is stripped of personal opinion, also time, and many other important parts of human living, but I end this and say, 'As the stripping of certain areas of human nature, personality, are Part of His Plan, He always asks for the will to be given.'

As men walk in this army for Him, it is important for each one to understand it is their will to do His Will. It is their will to spread the Words He has given to be spread throughout all lands. So be it."

NOVEMBER 29, 1992 AT 2:03 P.M.

THE SACRED HEART

“It is important that My Sacred Heart must not become a thing of the past. It must be seen more often because It expresses to mankind a union with physical life. Mine is called ‘Sacred’ because of Its Supernatural Existence, and Who It represents.

So much has been cast aside, where Sound Faith in the Existence of God, and all things that represent Him, have been put out of sight, and very little reference to them.

Mankind must return to recognizing statuary that is but symbolic of Individuals Here Where I Am, but these statues remind mankind of the necessity for prayer, and the reality that Who the statues represent gives strength to an individual’s Faith, and alert them to the Importance of human life having a Purpose, rather than just spending time for a period of time, with no goal, or why it was created.

It is important that those who say they are Christians begin to

recognize The Commandments of God as their Constitution for daily living. There is so much heresy, so much compromise, so much desecration, so much reluctance to evaluate the importance of every decision that pertains to moral or immoral.

Mankind does not see My Heart beat, but there are many times Signs of Blood where It is shown. The Beat of My Heart is in the True Existence of every Soul. This is the Important Statement of Fact.

When an individual's Soul is compromised or attacked by evil, the Soul's closeness to Me is affected tremendously. The harshness in man's attitude, careless decisions, immoral applications to all facets of human life, are not just damaging to an individual, or an individual's character, but a great price is paid by the Soul.

It is so sad to watch from Where I Am and see so much justification of caterings to an obvious evil plan. Mankind can understand two sides to a war taking place upon the earth, sometimes so completely involved in the justifications of one side against the other, but this is not the case when

man sees evil winning, in any area of life, over good.

Mankind has forgotten that at a given point The Father will take a stand, and there will be no mistaking Who Will Be In Control. As I speak through This Miracle I come in a manner that mankind can understand, Wording difficult to misunderstand.

Man calls it 'glamour' when he or she reads a volume of words on stories of piracy. They refer to it as exciting to read. Mankind must see that piracy is not glamorous, for it represented thievery, evil, and so many areas of immorality.

My Heart says for mankind to see the Beauty of Directions, the Magnitude of What has been spoken in the Bound Words released. Every Lesson can give mankind Something Far More Interesting, Far More Important, Far More Stimulating, than any book that tells a story that man finds interesting. So be it."

NOVEMBER 29, 1992 AT 5:19 P.M.

SAINT BARTHOLOMEW

“I am Saint Bartholomew. The educational emphasis is in so many ways debilitating to the mental acumen of the young. There is so much emphasis on issues that cause too much concentration on personal emotions, personal weaknesses, personal involvements and personal practices that rob the young of the ability, the interest, and the practice of developing their mental prowess on ways, manners, issues and directions that will strengthen their mentality to structure their motives, goals, on developing not just ordinary ways, but giving them goals to reach that will give leadership in the world, rather than catering to a lower practice of moral and mental development.

There are many who are taking the young and trying to direct their Spiritual aims, development and practices, on unsound, immoral, impractical forms of life. God is being tossed around according to the instructor’s beliefs or the instructor’s desires for experience, personal

challenges and control. When man strives to have power over other human beings, it many times is based on insufficient strengths on moral behavior, moral judgment, and lack of self-esteem.

I, Saint Bartholomew, say: 'It is important for every child born to the world to be taught balance, to be taught interest in how to love God, God's Reality in the world, God's Association with the individual, and then to use this basic knowledge to show the beauty of the intellect, the practicality of the intellect, and the sharing of this that God openly does, through the ability of choice in the will.'

A young person must be taught that they have a conscience, and this conscience is a direct line to God, because through this conscience their will responds, and God is the Receiver of all decisions through this Gift of the will.

A child, for the most part, admires the truth that he or she hears, sees, or is instructed in. It is automatic in most, unless there is a physical impairment of some sort. There are

so many lessons that children would absorb if they but had the chance to hear them, hear about them.

Many times a young person is underestimated regarding that Inner Portion of him or her, the Soul. The Soul is like a little sponge. The Soul absorbs all things. The Soul beats with The Heart called 'The Sacred Heart', and what a tragedy it is when there is something improper, indecent, immoral, impure, that interferes with this Precious Gift of Divine Love.

There is so much to be given to the young. I do not limit the age range, year, for some young can be an older age, for there is no time in life that mankind is stopped from absorbing, learning something about God. So be it."

OUR HEAVENLY MOTHER

“I am your Heavenly Mother. So much Guidance, Instruction, Information has been handed through This Miracle that bears the Name that so many can accept, because of past classification regarding the Place He was known to have had when He walked the earth; thus, This is called *‘The Miracle Of Saint Joseph’*.”

We oftentimes smile when man limits the Magnitude of His Way to merely human understanding, existence. This Miracle has passed to the whole world Guidance, Instruction, Understanding, and Information that has never before been released to mankind. True, there have been some who walked specific, special paths in life that wondered if the Title ‘Saint’ fit the total manner in which He truly existed.

The world, through This Miracle, has been taught in a very beautiful, understanding way, more than was ever expected to be available, for mankind to better understand the Magnitude of

How He Stands Here in the Heavens. Very learned men, and some women, find it difficult that such Important Information would be handed through this *small instrument* of The Father's, because they would innately recommend that such Information would come from clerical domains, supposedly giving much credence to This Information, omitting, of course, How The Father Truly Works.

Think about this: If it came from a theological source, would it make the Announcement more believable, and if so, why? Especially, when all through time, The Father has placed much Important Information into individuals who He knew would stand up for what they knew was Truth, and not allow themselves to be cast aside by those who felt superior in station of life, in authority, or in book knowledge, book interpretation.

It is important that mankind understands there are two great hungers in the world: one is to feed the body, the other to nourish, in every way possible, the Spiritual understanding and behavior that is innate, even when it is rejected. It is sad to see rejection, because rejection causes

starvation. This type of starvation affects the mental, the physical, family life, the workplace, and social happiness, social development, social understanding, because in these areas, example transfers itself and affects the lives of all an individual comes in contact with.

I have so many Beautiful Titles. I love them all. Each one is special to Me, for when I am called, I answer immediately. Many times I wipe the tears. You do not feel Me. Many times I extend a Love. You do not feel It physically. I answer many calls for help, especially when I know it is right, it is for good, and it is What The Father Wills to be done.

I speak through innocence to you, and so do All the Others from Whom you receive Words from Here. Innocence is a word you know, but you do not fully understand the full significance of what it means, through the manner in which We speak through *this instrument* of The Father's. Innocence in this case, is an orderly obedience, keeping all things in place, because of the Importance of the task, and because it is The Father's Will

that mankind become more aware of the Soul.

Many Lessons pass through this *small one* through whom We speak. You would call it 'a library', and I say to you, 'There is no physical building in the world big enough, strong enough, to hold What We have passed through her, yet to be taught.'

Man says, 'I am tired.' We understand man's complaint and concern, but I say to you today: 'To hold All We have given, All We have stored, to be readily available to be spoken to any type of human being in any place, for any reason, is stored in this little body through whom I speak. The Volumes of Direction grow heavier by the day and the week. It is only her obedience that gives her the strength to endure the weight.'

When I speak, I reach you with a Love Far Greater than any love you could relate to, because I care so deeply for That Soul that is within you. It is more Precious in Value, in Weight, in Importance, than anything in the world that mankind could compare It to. There is nothing comparable to It. It is a State of Living, All Its Own. It

is a Precious Gift of Light, Life, and Love that is given with The Father's Will.

I bless you with My Love, and do not forget, I am aware of all things, and I want to leave you with the Words, 'You are never without My Love at any time, in any place.' So be it."

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. There have been so many important issues discussed on this day. Though I speak through a tired voice, I know you will understand Me.

There are millions of men, women and children who are all searching for answers to their daily trials, tribulations and needs. Many that call for help to conquer and to survive physical problems, as many as this, in count, does not equal those who are in some ways screaming, practically out loud, for other types of gain, growth. Many people meticulously pray for financial aid, for understanding and for physical health. So many forget to use prayer as a form of request because prayer to some seems to be a way of the past.

As We stand Here, closer to you than you realize, We hear many conversations that omit important ideas, important forms, important prayers that will definitely be granted aid immediately.

Man says, 'I feel all alone in the world.' He repeatedly seeks consolation, but does not feel the need to communicate with the One Source that hears everything. Children are not being taught to rely upon prayer, to rely upon communication with God and All of Us Here. A sad remark for Us to hear is: 'It is a dog's life'; 'I feel trapped'; 'I feel there is no hope.' There is hope in confidence and there is hope in prayer.

Financial problems seem to be the most important issue, and yet We see the Souls and We would like to cry out, 'Your Soul is starving for you to understand It exists, for you to see the value of purity, for you to see how many times you offend God in disobedience to His Commandments.'

We rarely hear anyone say:

'I'm so sorry, God, for offending You today. Please help me to understand that I must make this up to You. I must change my ways. I must not abuse You. I will remember to obey The Rules of Your Way.'

Self-pity has a tremendous effect on one's home life, one's association with everyone they meet. It is a demeaning manner to human life because it lacks hope, understanding, and it causes strife. Human life was created for a greater Purpose than mere human success. It was created to give mankind a Goal that is Far Greater than any financial or talent or social success.

My Words today are different because there is so much, for so many to look at life in the manner it was created, for the Purpose it was created, the highest form of success, Sainthood, perhaps not understandable but nonetheless, Truth. Nothing in life can compare to It. It is an individual privilege for each of you. So be it."

DECEMBER 2, 1992 AT 11:34 A.M.

OUR HEAVENLY MOTHER

“For several days We have been instilling many Important Lessons through This Miracle in the world. Some of the things We have been making great emphasis on are God’s Commandments.

Mankind says, ‘I know Them,’ but I, your Heavenly Mother say, ‘Do you obey Them?’ You say you have learned Them, but again I say, ‘Do you obey Them?’ I add to this: ‘Do you fully understand Them, and do you realize that God’s Rules, God’s Commandments were truly given by Him, and are His Direct Directions to one man?’

If These Commandments were not God’s, you would not have any identification to Them three thousand years later. They would not have lasted. One man had Instructions. Logic must tell all of mankind that if These Instructions were not from a Supernatural Existence, Being, They would never have been passed down through time.

Millions of children are not learning These Commandments; therefore, they base their behavior on what they see others do, and the rules of where they live, where they play, where they have activities, and of course, in their imitation of adult actions, words, moral behavior, and human interpretations of what is right, what is wrong. Along with the children, there are many adults who do not know the fullness meant in These Commandments.

A few questions I pass through *this instrument* of The Father's, I want you to pass on to others. When there is an act that is impure, unjust, improper, permissive, vulgar, and many other things, the individual or individuals taking part in this, most times feel that they are acting in private, no one is present, so their conscience says, 'No one can see me; no one can see us.' I, your Heavenly Mother, rarely shout, but when this happens I cannot describe to you the distress I feel, the sadness within Me, for I want to shout, 'You are WRONG! God sees you, He sees all things.'

Then there are times when someone cheats another person. It

doesn't matter what the circumstances are, the sin is an act of cheating, to the point where it can be termed 'stealing'. The individual or individuals say, 'No one will know.' I, your Heavenly Mother say, 'WRONG. God knows, He sees all.'

Then there are many times when the individual lies, and this lie intimidates or destroys someone in some way, perhaps a reputation, perhaps just some small act that gives another individual a difficult situation to deal with. The person performing this says, 'What's the difference?' I say, 'WRONG. God sees the difference, and it is definitely against His Rules.'

Many times individuals are known for their using The Father's Name in vain, connected to ugly situations, vulgar emotions, and many other situations that defile His Name. They feel the only one that hears them is the one present. I, your Heavenly Mother say, 'WRONG. The Father hears it and He is saddened by it, for it is not just disrespect, but it is bad example.' Many habits mankind accepts are offensive to The Father.

Please understand what I am saying. It is Important, and it must be given in word form, so that millions will read what I have just spoken, and they will realize that they are the instruments of the enemy of God and of man, for any act against God's Commandments pleases this enemy, because he feels it is the groundwork for more disobedience. Do not forget These Words.

So much evil in the world is weakness in values, in standards, in ethics, and these three outward practices of mankind have great effects on others' lives, and never forget, a tremendous effect on the individual's Soul and on the Souls of all who are victimized by these expressions, actions, and manner of communications.

I bless all, but many do not understand what I mean when I say I bless you, I bless all. It is like a passing word of 'Hello', 'Good-bye'. Mankind has lost the Beauty of Faith in the Supernatural. They have put so much of it into merely earthly expression. As I leave you I say, 'I bless you, and I do love you.' So be it."

DECEMBER 2, 1992 AT 12:17 P.M.

SAINT IGNATIUS LOYOLA

“I have not spoken openly very much through this Beautiful Gift of Divine Love, that is being given to the world when mankind is acting out so distastefully, so immoral, against all that is good, that is pure, that is pleasing to The Father.

I have given many Lessons through This Miracle, teaching spontaneously to the unsuspecting listeners, Words that sounded like normal conversations, because I knew that at that time the individuals were not ready to accept a Formal Deliverance, so I allowed it to appear as normal conversation, instruction. Now I come openly, formally. I am Saint Ignatius.

There are many times We listen to individuals who are given a slight touch of what passes through this Gift of Divine Love for the benefit of Souls. They hear a line saying This is occurring. I can give you their questions:

What’s it all about?

How is it being done?

Who is it from?

What's being said?

Why haven't we heard about it?

Who is doing it?

How do you know about it?

Does the church know?

What do the priests say?

Where is this place at?

Is it really true?

If so, why haven't I heard about it before?

It's difficult to believe that in our day God would give one person so much.

Where can I go to see it?

How do I get in touch?

It's difficult for me to believe it.

We hear all this and it is sadness to Us, for so much has been kept under cover. The Order has been given. The

world must receive It and millions must believe It, before it is too late for many Souls to be saved.

It is difficult for some to believe We All stand Here, ready to speak, but Truth many times has such impact that it can change the course of a life. It can change the course of an individual's love. It can change the course of where an individual wants to be, wants to understand.

Mankind is struggling for Truth. Mankind is starving for logical goals of living, something far greater than is offered now by those in charge, by those who have accepted the task of teaching, instructing, regarding the Spiritual Living Part of each human being. Man says loosely: 'Why bother? There are so many "doubting Thomases" out there.' I say: 'Wait a minute, do you read minds? Do you read what the Souls are saying to The Father? Are you so wise in Supernatural Ways?'

It is important that mankind be instructed by the Bound Words, and of course, by the Spoken Words. Many times, when One of Us Here speaks, We watch the recipient, and One of Our

Lines through this *little one* suddenly shows that the other individual has a spark of new hope, confidence, feels stronger about their own abilities. We see it wipe out a fear of criticism. We see it compliment their appearance. We see them feel differently about their work. We see hope.

She knows We are speaking and It is all in a natural communication. As she departs with Our Words, We oftentimes hear her say, 'I hope I did the job well, for do not forget, I know Who is speaking, I know the responsibility,' and the little one or the little ones that are left standing there, or are walking away, do not know Who they have just heard speak in such a natural way.

I want to let you know she does not get credit for What was spoken. Mankind is not like this, because basically mankind is self-centered and forgets when aid is given, and uses the situation as a personal thought, understanding. We always smile at this, for What We have spoken would have been the furthest thing from that individual's mind, but there is hope for everyone in many ways, many

times, through This Beautiful Miracle of Divine Love. So be it.”

DECEMBER 3, 1992 AT 11:17 A.M.

SAINT ATHANASIUS

“I am Saint Athanasius. It is difficult for many men and women to fully realize or to rationalize the degree of heresies that are being practiced in large groups throughout the world.

Heresy is something man refers to as being in the past, associates with days gone by. You live in a time of many heresies and they are destructive in many areas of life. Many pertain to spirituality, many pertain to political views, many pertain to social matters, manners. Heresy is a word rarely used.

This Miracle that I speak through is One that has been and is still delivering much Information, much Instruction, regarding what is right, what is moral, and what mankind should avoid. Many who hear about This Miracle, and some who read what has passed through It, automatically dismiss the Content, the Context, the Direction, the Instruction, because It is, in reality, beyond their ability to

fully understand. Even very learned men and women reject Truths, because They do not fit into their pattern of life, their social commitments, or the places wherein they earn monetary means.

We see all things as they really are. Mankind does not, for it is easy for man to make excuses and even misinterpret important issues, statements, because it makes life more comfortable and easier to get along with other people.

Picture ten thousand people. Picture a huge communication system. Now picture all these people physically listening to Every Word, formal and informal, that has passed through This Miracle. How many would have the courage to pass to others who are not there, All they heard? I guarantee you, first it would not All be remembered, but many would be reluctant to be so outspoken in so many areas, because of the Magnitude of the Direction. There would be so many who would say, 'Who would believe me?'

Speech has a tremendous effect on the minds who hear the Words, but the Written Words will remain for more

concentration, more understanding, and have much impact, because each individual who reads on a Subject either accepts It, rejects It, or in some way, remembers It at some time later on. This is what We are All depending upon, the Importance of All that has come through, to scatter throughout the world to not just touch lives, but instruct all races, all colors, all creeds, to better understand the True Purpose of human life and the Goal it was intended for, through the Soul that was placed within it at the moment of conception.

When We hear ‘abortion’, it is difficult for All of Us to not shout: ‘You are sinning against God’s Commandments. You are depriving a human being of an Important Part of life, to become a Great Saint through living as The Father intended it to be. You are depriving the will to be the one part of human life that is so strongly connected to The Father’s Will, through the Soul.’

I hope all who read what I have just spoken will remember the Importance of Its Content. So be it.”

DECEMBER 3, 1992 AT 1:05 P.M.

SAINT GREGORY THE GREAT

“I am Saint Gregory the Great, a Title given to Me for reasons that were decided upon by others. There are many times I walk with My hand on *this child’s* shoulder, because there are so many who, when they see her, oftentimes question what they feel about her, and do they know her?

Many of Us guide her directions more times than she understands. The world, as it has been spoken about before, is not just in turmoil, but there is an absence of belief in God’s Commandments. All ages are finding difficulties in trusting, in sharing, in believing, and in acknowledging not just the presence of strangers, but the intentions of strangers. This is sadness to Us because We see in all human life, a very Important Portion connected to the conscience, to the will, called ‘the Soul’. There has never been so much taught regarding that Important Gift of Divine Love, the Soul.

At one time in conversation, It did have some prominence wherein

It was discussed, but This Miracle has delivered so much Information stressing the Importance of the Soul, and This Miracle has given so much happiness to All of Us Here, because it was evident in watching what was occurring throughout the world, that man forgot about the Soul, Its constant Presence within the body, mind.

Many in the clerical vocation do not feel any inclination to teach in sermons or in example, about this Most Important Part of human life. There are so many misinterpretations that evangelism is stressing, elaborating upon and dwelling upon, because they find this manner of instruction comfortable, due to the education they received or their inner feelings regarding Faith in God. I do not say that some of their instruction cannot help in certain areas of alerting certain individuals to better understand the importance of Faith in God. Of course, some carry it beyond its constructive measures and in this form of teaching, lose sight of the fact that those who are listening get lost in the interpretations, the meaning, and do not feel or see reason to hold as gospel truth, what they have heard.

At different times throughout the History of mankind, The Father has sent leadership Designed by Him, Controlled by Him, Delivered by Him, giving mankind Information, more understanding of the Purpose of human life, and the great Gift it is because of the Purpose for which He created it. Many who have learned the basic facts of spirituality, sometimes inwardly crave to have more definite terms, terminology, to lean upon and to strengthen what they inwardly feel, inwardly believe, as important to their daily life.

There have been so many Lessons delivered in such straightforward, clear Wording, that it will be difficult for many who read the Words to say they have not learned, or have not been given a better understanding to the Purpose of human life and its worth.

As I leave, I am assured that My time, in what I have spoken, is not wasted, nor will It be cast aside, because I know that at some time, in some place, someone will read My Words, and hopefully It will give them a strength to conquer one or more impurities in their manner of life,

because they now better understand the Importance that The Father has handed to every human being, the Purpose for the Soul, and of course, that very important part of man, the will, to carry out The Father's Will according to His Plan. So be it."

DECEMBER 3, 1992 AT 1:50 P.M.

SAINT JUDE THADDEUS

“I am Saint Jude Thaddeus. We listen to everything that mankind speaks about. We smile many times because We, too, walked a human role, and our natures, our personalities, our sense of humor, our likes and our dislikes, were part of our daily living because of our interaction with other human beings.

Remember that when The Son of God walked the earth and many gathered around Him, they all had the same ways in life that you have in your time, in your actions with each other, likes and dislikes; and humor, many times, got out of control for a short time.

Human life has so many beautiful areas to it, possibilities to it, and so much advantage when one learns to direct the mind, the intentions, the actions, to better understand that in this variety of the human makeup, God can be the Center. When this is evident, everything gives a depth of happiness, many times inexplicable.

As Many of Us speak through This Beautiful Miracle, We can relate in a personal way to many areas of human life. That is why the Beautiful Lessons delivered through This *Miracle Of Saint Joseph* radiate a Deep Love for man's ability to hold God's Will close, and to desire to fit into daily life much to please Him, for the benefit of one's Soul.

Many times, when We see certain areas where men, women and children are never taught about the importance of happiness and that there are ways to find it, also they are never taught about the Soul, they are ignorant of Its Existence, this is poverty beyond man's conception. These individuals should be prayed for, to encourage God to send them a Sign or Signs, so they will get to know Him and they will learn about the Soul.

So many are sent overseas, over waters, to teach, to aid, to supply other human beings, but there is always evidence of the inability to reach as many as should be reached. Man says, 'I pray.' I say: 'Do you pray for others in a sincere way? Do you pray for the Souls that have been separated from the bodies? Do you remember the

importance, that through your prayers, through your unselfishness, you are giving aid to a Soul, to an individual you are not standing next to, but your act of charity knows no bounds?’

Remember what I have said, and give This Teaching to many, many others, for It may touch a spark of not just interest, not just concern, but a spark of dedication that is so desperately needed for many throughout the world. So be it.”

DECEMBER 3, 1992 AT 3:13 P.M.

SAINT CECILIA

“I am Saint Cecilia. There are so many Lessons yet to be taught. Some men and women would say, ‘Surely there is enough on record now to help the whole world.’ You must remember that This Miracle has been given to the world to help, to instruct all types of personalities in all areas of vocation. Logic says it would take many different approaches because of these conditions, these circumstances.

Each of Us Here speak, hoping that Our Words will touch an individual and give them some type of human relationship that they will associate with, for do not forget We, too, came from different ways of living and family life and personal experiences. We also spent Our time in areas of the world where many who will read just Our Names, will automatically feel an association with Us, and in many ways feel a closeness.

There are always reasons why The Father Designs different Miracles that He allows mankind to learn from.

We always look at Our time in This Miracle as a Precious Gift of Divine Love, because We know the Great Purpose for which It was designed, and it is a privilege for Us to be involved in Its Delivery to mankind.

Many have read things about Me, many have My Name, so maybe one will see, through this little way, that We can be in tune with each other, and it will give strength, hope, purpose, and encourage Faith in a way that will be developed, so that this little individual will become a Great Saint.

Every individual's Soul is Precious to The Father, and there is not One more loved than the Other. Remember this when you pray. Remember this as you walk through each day. There are no favorites in His Love, for each child, each adult, was created by Him and each one bears a Portion of Him, a Soul. So be it."

DECEMBER 5, 1992 AT 7:05 P.M.

THE HOLY SPIRIT

“It would be difficult for mankind to understand the Full Magnitude of This Miracle that now exists for the benefit of all people throughout the world.

I have come on this night to help you and others understand that This Miracle is possible because All Words Are From Me, Through My Power, Through All Who Speak. I am The Holy Spirit of God, and All that has been given, has been delivered on and in the Power of the Force of Wind that travels, never seen, rarely ever heard. Only a few have heard the Wind that surrounds Me and that I use constantly.

Mankind oftentimes imagines Spiritual experiences, but as I gather you together on this night in your time, I am revealing to you a Very Special Piece of Information that is of a Particular Truth, and a Lesson in how This Great Miracle is and has been so direct, so explicit in so much Instruction.

It is through the Power of My Way that Moses was able to receive the Full Meaning of all Details that he was to deliver, and it is this Same Power that has been the Driving Force to see that The Commandments of God were able to still be available in your time of life.

Mankind talks about the spirit of living, the spirit of hope, the spirit of forgiving. The word 'spirit' is used in many human descriptions. It usually is meant to express something living, something active, something that is perpetuating an action, an attitude, a drive, an issue, and many other things. This type of spirit often has sound to it, reaction, and is noticeable.

I come as The Holy Spirit of God, to confirm All that has been spoken through this Precious Gift of Divine Love. When you hear the wind that is part of the earthly forms of changes in atmosphere or weather, no one must ever confuse this with My Existence, as I sometimes allow this *Victim Soul* to hear the Wind of My Power. It is not a natural occurrence. It is done to give her small body the strength needed to endure the Force of energy needed to be able to speak What she

is Commanded to speak, and have written What she is Commanded to have written.

This time is comparable to three thousand of man's years ago. As so much was passed to Moses, Volumes have been passed through this *Victim Soul*, so mankind can be reassured that God has not abandoned man, but is constantly and consistently Instructing, Correcting, Teaching in a very Personal Way, because of the Importance of each one's Soul.

As I have spoken before, regarding how We use her, the Power passes through her Soul, the intellect, and then the vocal area, so It can be released exactly How It is Willed by The Father to be heard and then to be written.

Millions of Words, not thousands, have passed through her speech for many, many years. The listeners were rarely, sometimes never, aware of the Source from Where the Words, the Lessons, the Instructions, the Decisions had originated. It was necessary to do it this way, for many would not have been able to handle such Phenomena.

When the time came and the Formal Announcement was made, it was done in a manner and with a Name, that those who had sound, deep Faith could relate to and could understand. Now so much has been released, and it is time for mankind to understand how it is done, from Where It Comes, and the manner in which it is able to occur.

Mankind says, 'What is a Victim Soul?' I will put it in an ordinary term: 'It is One in which total obedience is a never ending, never questionable thought; also, full acceptance of the responsibility, without one moment of any question.'

I add to this: Your Faith in God is a Gift of Divine Love. How you live with it, how you develop it, is through your desire, your conscience, and your will.

It would be difficult for many in the world to understand This Type of Wording, because they have not been confronted with such a personal association. That is why it is so important for so many Lessons, Teachings, Revelations, to be passed to the whole world.

Man sometimes says, ‘I have Faith.’ What he does not say is: in what, to what degree, and what is its goal?

I know I must stop now, for you see, I could talk through *this child* without any stop, until she would fall to the ground, not just from exhaustion, but from the Magnitude of the Power I use through her to reach you. So be it.”

DECEMBER 8, 1992 AT 4:21 P.M.

THE HOLY SPIRIT

“Many men have deliberately chosen the vocation that is intended and formed to guide, to guard, to instruct millions of people regarding what human life was created for, what mankind should practice in the form of Spiritual Faith and growth. This is not something new in your time.

I have spoken consistently and constantly through this *little instrument* in the world. I rarely announce Who I am, but I Am The One Who is evident in Every Teaching, Every Formal Revelation, even when It is spoken by an individual Saint. I Am The Holy Spirit and I am in Close Contact, Association with each human being’s Soul.

A *small instrument* is used, whose voice is not one that by natural means speaks strongly or loudly or penetrating. The Power I Am uses this small voice to deliver thousands and thousands and thousands of Messages, easily understandable to mankind.

Many times when I speak, I do not announce My Name, nor do I allow the Saint to announce His or Her Identification, because the recipient of the Message could not handle the manner in Who was speaking, so It comes through as a natural form of human communication. Many times We smile at the temper of *this instrument*, for she is aware of Who is speaking and knows that the individual or individual's arrogance is insulting, and it is difficult, not for herself, but because of from Where the Information, the Direction, the Teaching, the Instructing is forcibly coming from.

Mankind has been given a Gift of Divine Love at a time in the world when there is so much emphasis on impurities, and so much acceptable because of the so-called weakness of mankind.

The Father gave to mankind the easiest formula for a happy life: the Constitution,¹ deliberately delivered in Words understandable to all races, all colors, all creeds.

¹ The word "Constitution" refers to God's Commandments.

I hold this *little one* tightly, for the physical has been pounded at in many ways, for many years, for the purpose for mankind to understand, to accept, to follow the path designed by The Father for the return of each Soul to Him.

You stand sometimes in a physical wind that as it touches your body, it can be overpowering and even knock you down. The Power that surges through *this instrument* of The Father's is different than the power of the wind you know, but let Me assure you and confirm that the Power that surges through her being, an army of thousands of men could not withstand the Force unless they were individually prepared by Me.

There are so many in the world who want to be special, but they do not understand nor do they care to learn about it, that a Miracle such as This is not self-inflicted, for then it would have no worth, it would be humanly designed and humanly constructed, and have all human limitations.

This Miracle in your time is The Father's Design, The Father's Will, and it is important that all things

pertaining to It are done for This Miracle to show Its Greatness, Its Full Significance, for there can be no doubt with All that has passed through It, Where It Originates From.

There are so many on the outside of this room, of This Piece of Land, who know of This Place, and connect it to human ability and human design, human desire to teach, but I assure you it is not humanly possible to have been done in this manner.

This *little one* has been prepared, instructed, and I add trained, to reject all that is to be rejected, implant all that is to be implanted, and to design the method, the means, the manner and the way, so that millions outside of this room will not just be able to enjoy What has been passed through her, but one day to see the Importance of This Miracle, This Place, and never doubt from Where It came, to make It possible.

There are some outside this room who would give their lives to walk in the way she has been instructed to walk, but they do not know the suffering, the responsibility, the obedience, the time, and of course, the loneliness in

the midst of thousands that takes place every day, every night. Mankind looks at it as a focal point that is envied.

Inside her, many times a day, she says to God, ‘Don’t ever let them envy me, because in the envy it will cause their delay in serving You, and in learning to obey You for the good of their Soul.’

As The Holy Spirit We hear her tears, for they fall without being seen by mankind, but lest you forget, there is so much to be accomplished, so many Souls to be saved, so many personal changes in attitudes, habits, moral values, moral standards, moral ethics, you should not and cannot waste time, for time truly is important.

Mankind says, ‘I am tired.’

**How many constructive things
have caused this tiredness?**

**How many prayers have you
spoken for the sake of
others or for the sake of
your own Soul?**

**Have you wasted time on
criticism or rejection on
something constructive to
be done?**

Have you ignored tasks that were necessary?

Has selfishness been the path you took, and resisted and rejected a charitable act?

Have you seen the sadness in someone's face and helped in some way by what you call 'social grace'?

Have you ignored another's hurt?

Have you spoken just to get your way?

Have you stolen the happiness, by words of unhappiness, self-pity?

Have you killed in anyone today, the spirit of good living?

Have you taken hope when happiness was around, and added some remark that actually destroyed the hope and registered only gloom?

Have you struggled to get the attention because of your own self-love, and taken the

other person's time, when that time could have been spent on something to give hope, understanding, and a moment of sharing?

Have you respected other people or have you been disrespectful?

So many in the world today have faced this day saying, 'It was special,' but how many will be able to lay their head on this night and feel that no moment was wasted? Daily living is a Special Gift of Love from The Father. What each human being does with it reflects in the Soul. As I speak through a Soul to reach you, I want you to fully understand that when the time comes and the body is no longer the living part of you, your Soul is accountable to God for everything you did, everything you said. So be it."

SAINT TERESA OF AVILA

“I am Saint Teresa of Avila. I speak at this time for you to understand that though you are on a schedule, We are not. My speaking to you now is to assure you and ensure you that Our Presence is at any time in your day and night.

We understand that mankind must have order, scheduling for particular reasons, and this is good, but My speaking to you now is to remind you there is no time schedule Where We are. You have the ability to contact Us, and be aware of this practice you have available to you any time of the day or night.

So many use only a specific time to offer prayer, or a visitation with The Father or One of Us. Mankind many times schedules a time for prayer and ignores the availability for communication at what mankind would call ‘off times’, times that seem ordinary to do other things.

Prayer is a communication for many reasons. As you greet friends,

as you discuss things with your family, you must also remember that We listen when you call Our Name, and We hear what you are thinking, what you are saying.

This time now with you is important, for it is enjoyable to Us when an individual of any age speaks about any subject, whether it is a request for help or hope, or just a salute of remembering Our Presence.

God's Commandments should be a daily practice for every human being. There should be attention on Them, no matter what time it is registered on a timepiece in your time.

Mankind is the recipient of a tremendous degree of Love, because mankind is the custodian of a Precious Gift of Love, the Soul.

I hope you will remember My Words on the morrow, and every day from now on.

It is so nice to hear someone say: *'God, walk with me'; 'God, help me'; 'God, remember, I'm not too sure of what I am about to do or what I am about to say.'* And then there are Others of Us Here Who also enjoy a

small bit of attention from those who walk the human role, for do not forget We, too, walked that road and found ourselves on a schedule, but luckily, there were times when we remembered to speak silently or openly to Someone Who had gone before us, because we wanted Their Attention.

In this type of communication there is much satisfaction and much strength, for though you do not hear Our Response, We do in some form respond; you are never ignored. Some in the world may find this a ridiculous situation, but I, Saint Teresa of Avila say, 'It's worth a try and in it there is a good chance you will find much consolation.' So be it."

OUR HEAVENLY MOTHER

“When I stood in many important places in past History, there were many who surrounded Me who had Faith in My Son only to the degree that they could feel comfortable with. I would see this, and many times it would concern Me deeply.

I stand in a watchful manner constantly where This Miracle is concerned, for *the little one* through whom so much passes, gives to mankind Our Words, many times in such a natural manner.

Many years ago, when she was standing in a hallway, she said a prayer: ‘*God, if what I’m hearing is not You, please take it away immediately.*’ I can give you her age: she was twelve years old. I show her the hallway.

As We spoke quietly in those days, preparing the small body for what was to come, there were many times which We would see her cover her head at night, for she would mistake Our Words, thinking it was someone around, someone where she lived.

This Miracle has been given to the world with Much Preparation, Much Intention, Much Information, for the benefit of millions of Souls to be saved. There are so many who say: 'I would like to believe. I would like to see the one through whom All These Words pass.' We know this, but We also know that the Written Words will be more beneficial for them to read, to see with their eyes, because in the Content they will better understand.

You have been given a great privilege to see the human form, to be with the human actions, and to hear the Words in a human voice. We never stop speaking through her, to her, even when she sleeps, for you see, at that time there is Instilling, so on the morrow she will be able to speak What We Deliver in such a natural form, that under ordinary circumstances it would appear as though she had studied the Words, memorized Them, for Them to come out so complete.

Yes, We call *the child* through whom We speak, a '*Victim Soul*'. Some that We know of, who show envy, gives Us much sadness, for they do not understand the Importance and the trials and tribulations of such a role.

There are so many in your time of life that assist at so many desecrations of The Beloved Sacrament That Is Truly What It Has Been Spoken To Be. There is so much sadness when It is taken so lightly, when mankind says 'I believe,' but in reality he cannot, or she cannot truly believe that The Sacrifice of Life is given through this Act of Love physically, to give strength, to give hope, and to heal the Soul of an individual.

Mankind speaks about many subjects, but when he speaks about Spiritual Events, Spiritual Phenomena, he sometimes rejects the Truth because It appears so final, so difficult, because It is connected to an Unseen Force, Unseen Source, because man has a way of wanting to touch, to feel, to see, to associate with Something that is beyond human understanding.

It is sad when We see that *this child* through whom We speak has to stand so firmly against so many odds, because it takes strength. You see, My children, I am your Heavenly Mother, and a mother many times can weep when a child is hurt or a child cannot succeed to the fullest, especially when

there are Souls at stake or there is Communion with God being desecrated by unmannerly, undignified men, women and children.

It has gone on so long and it is sad that there are not enough who will stand up to those who are allowing it to be. It is a weakness when mankind accepts this desecration. Man says, 'Well, I am not doing it, others are,' but I, your Heavenly Mother say: 'You are not speaking out to those in charge. It is time that they be spoken to, in a mannerly way but in a positive force, because you see, many of them have lost their Faith.'

I bless you with a Mother's Love, through a Miracle that one day will live on longer than anyone present in your time, for the Words must never stop. They must continue to be passed to all of mankind because of the Importance of Them, because of the Significance of Them, and because it is The Father's Will it be done for the Souls of every living human being, for do not forget, man is a Special Life. It is not like that of a tree or an animal or a plant. It has a Special Meaning to it, it has a Special Portion of God within it.

I beseech you, I beg you, protect your Soul and the Souls of others, for the time in which you live is a very sad time in the History of human life. So be it.”

“As *the child* tries to release the physical from the Power that surges through her being, it is a sadness that men who stand in so much doubt cannot see that when it is something as Great as This Miracle, What surrounds her and surges through her body is the Power of The Holy Spirit.

Many try to imitate such an Occurrence but no one can, because It is not a self-inflicted manner capable to be done by any human being.”

OUR HEAVENLY MOTHER

“I am your Heavenly Mother. Many years ago, when This Miracle was in the process of being planned to be presented in an orderly way, in stages that mankind would be able to learn many things, All of Us Here were anxious for the time to begin.

Mankind found It interesting, some even found It exciting, but then did not have the Faith to remain with It, or in a close association to Its Fullness.

Several years have passed and much Instruction, Information has been delivered to help mankind better understand the fullness of spirituality, and more in-depth knowledge of what it contains.

Only a few close to this *Victim Soul* have been exposed to the moral strength that was needed to endure mankind’s patronizations, rejections, complaints, interrogations, and in many ways, false attitudes and false participations. The strength of *the Victim Soul* was the foundation for

many to be able to understand the Magnitude of All The Father was passing through her to mankind.

So much has been taught that was never revealed before. So many try to not believe. Why this is, We cannot understand, because All the Truths give much advantage to Spiritual Faith, Spiritual understanding, Spiritual growth, Spiritual participation, Spiritual goals.

Only in the time of Moses has mankind been so deliberately Blessed, to such a degree of Spiritual growth. Revelations have poured through this *little individual* with Informative Facts that give more credence, more logic, more understanding to those who have Faith in the Gift of Divine Love that is placed within each human being at the moment of conception, called 'the Soul'.

This Portion of life is Extraordinary right from the beginning, because It does not just represent, but in reality is a Portion of The Father, and This is always a Focal Point that must be protected from all impurities, immoralities. That is why He gave to the world that

**Beautiful Constitution for daily life,
His Commandments.**

Those who deny the Value of This Beautiful Miracle are sometimes rejecting It because they do not want to accept the responsibility It automatically presents. Millions and millions must be exposed to This Miracle because of Its Importance, and the necessity, for the benefit of Souls to be returned to The Father in a Pure State of Being.

I bless those who have the courage to fight for This Beautiful Miracle, because you see, there are so many obstacles, so many outside interferences, and so many who try to reject those who believe, because they fear the responsibility, and neglect to understand that this responsibility is a Gift from The Father, Firsthand. So be it.”

SAINT BARTHOLOMEW

“I am Saint Bartholomew. I have spoken many times through this Precious Gift of God’s Love for all of mankind. Our Instructions, Our Directions are not just to encourage, but to define what is best for the Soul of every man, woman and child. Millions, of all races, all colors, all creeds, must read what so Many Here have given, because there is a great need for all of mankind to see, to understand, and to be ever mindful of that Special Portion of Divine Love that is present within every human being.

Up to this time, in the History of Spiritual Direction, much has been delivered to mankind, instructing in the necessity for purity, decency, respect, and the necessity to protect their way of life from all the evil that exists. Even though much has passed in Teaching and Instruction, the enemy of God and man is prevalent throughout the world, using every means of intervention, intercession, to destroy the sound moral values and

sound moral standards that pertain to God's Commandments.

Man says: 'I pray, I go to church, but don't forget, I have to face life every day, I have to face the conditions that are not always palatable, nor are they morally sound. It's just the way the world is, that I live in.' I, Saint Bartholomew say, 'This is but an excuse for allowing one's self to fall into the trap that in so many ways permits obvious immoral practices, whether they be of the mind, body, or just intention.' Sometimes an excuse is justified because of the circumstances, either socially, in the workplace, or just in a casual act or meeting with another individual or individuals.

Let us together look at some of The Commandments and see, by obeying Them, by practicing Them, by using Them openly, what a tremendous effect this would have on one's own life and the lives of many other people.

A few words to remember, to aid one, are these: respect, appearance, actions, wording, and leadership, no matter what station in life one is involved in.

The next thing is the practice of cleanliness, one's appearance, one's speech, one's obvious motives, one's interpretation of what the surroundings depict.

Another one is to practice truth, because in truth there is strength for everyone involved. It expresses courage and it bears openly, in so many ways, hope. Truth can have many facets to it. It can show in many ways, for it carries with it dignity of purpose, standards, values, ethics, and spirituality.

Man sometimes says, 'Sometimes truth is so blunt.' He or she forgets that the manner in which it is spoken has a great deal to do with how it is reacted to. There are so many ways to be good influence and a strengthening force to lead others on a path beneficial for the Salvation of their Soul.

All of Us Here speak as often as We can, in many ways to encourage mankind to not walk with blinders on, but to open their mind and their will to be obvious in example to everyone they live with, they work with, they are socially involved with, or just in occasional meetings.

Some men, in reading This will say, 'I understand what has been spoken,' and We say, 'It is Our Hope you will practice it.' So be it."

THE HOLY SPIRIT

“Mankind, in religious circles, talks about The Spirit of God. It is recognized, but It is not truly, fully understood. The Spirit of God is a Means and a Manner that is within the Soul of every living human being. The ones who understand this the most are those who have learned, been instructed in the Existence of One, True God. In this knowledge, it is innate in mankind to understand, to a degree, that God is a Supreme Being, and not fully understood in His Entirety.

The Spirit of God is referred to as ‘The Holy Spirit’, because it is understood to reflect in Its Presence an innate hope for Life Hereafter. The Holy Spirit is the Connection between God and man. In many ways, It is the Comfort, the Closeness, the Reality of there being Something or Someone that draws human life to the Supernatural Existence.

This Miracle and All Its Words, All Its Instructions, have passed

through this *small instrument* on and in and through The Holy Spirit of God. There are yet so many Lessons to be taught, so much Information to be delivered.

Be aware that as you walk the human role, you have the benefit of knowing that your intellect, in understanding this Closeness with God, can be a driving force to give you the encouragement, the strength to become a Great Saint. So be it.”
