PREFACE

These “*Stories From Heaven*” could not have been given to the world at a more appropriate time than now. The world is in a terrible state of corruption and confusion politically, religiously and socially. Honesty, modesty, genteelness and morality seem to have been eliminated from our way of life, at least in effect if not consciously. However, God has given the world a Miracle it needs.

On July 28, 1967, *The Miracle Of Saint Joseph* was formally announced to a True Mystic. God had chosen a woman to give us the sound direction, hope and example we need. It was not the first time God had chosen a woman to accomplish His Purpose, always for a specific task in a particular time. This True Mystic for our day is Frances Marie Klug. She resided in Southern California as a wife, a mother, and a grandmother until her death on November 15, 2009.

In This *Miracle Of Saint Joseph*, Many Saints have come forth to speak through Frances Klug. These “*Stories From Heaven*” are just a few of the thousands of Revelations received through her. Very often these

Revelations were preceded by extensive Teachings which time and space did not allow us to put in print. However, some of these Teachings will be found in several of the many Volumes of "*Stories From Heaven*".

In these Revelations The Saints refer to Frances as "the child", "the funnel", "the spoon", "the instrument" and "the little one". God made her our Spiritual Mother. For many years now, because of this fact, she has been called "Mother Frances", or simply "Mother". Heaven also refers to people of all ages as "children" and emphasizes time and again, This Miracle is for people of all races, all colors and all creeds.

For someone turning the pages of these "*Stories From Heaven*" for the first time, they will easily recognize the sound logic and sound direction the Messages contain. Mother Frances heard the Words with the Ears of her Soul, and would repeat Them aloud when she was told to do so.

This Teaching Miracle is a direct parallel to the time Our Lord walked the earth. He did not loudly proclaim to everyone, "I am The Son of God." He taught in a quiet manner, simple, extensive, but always detailed

in repetitiveness, instilling in those listening what He wanted them to remember. He taught in parables, short, simple stories containing moral lessons. He knew men could more easily understand and remember the point He was trying to make this way. His “Teaching Stories” pertained to everyday living, practical matters, and how to become a Saint. He gave hope through these stories. He gave example.

Now in our time, God is once again giving us “Teaching Stories” through Saint Joseph and His instrument, Mother Frances. Through her, in a quiet, unassuming and genteel way which appears so “natural”, mankind is again being taught the Purpose of life, and what God expects man to be like in his daily living. People feel hope in these Teachings, Example always given.

Two major Revelations of significance have been given for us in our day. Our Heavenly Mother is Part of The Divine, and Saint Joseph is truly The Holy Ghost. These should not bring an immediate rejection, but should pique our curiosity and interest.

Our Faith in God is based upon many mysteries. Whether it be The Holy

Trinity, the Incarnation of God, or The Holy Eucharist, men strive to understand These, trying to grasp a small glimpse of the Beauty of the Truth They Are. These mysteries also pique our imagination and interest. However, even though we know God revealed these mysteries to mankind and we accept them in Faith, they still remain just that, mysteries.

One has only to look at these “*Stories From Heaven*” to see the value They are, and to feel the hope They instill. No man can logically deny purity of thought when it is so obvious. No man can deny purity in direction, when it is based on sound morals, sound values, sound standards. Do not be blind to truth. Skepticism is for people who are unable to see the truth of a matter or situation, and many times skepticism drowns out purity because it is full of ego and pride in one’s self. Skeptics find it an easy out to disclaim truth.

There is no doubt that it takes time for such Phenomena as This Miracle to penetrate even those minds who feel they are capable of discerning such Phenomena. We must not be governed by purely another man’s determination, but we must understand that logic, sound reasoning and purpose must be the criteria of our Faith in God.

PLEASE READ

In some early volumes of “Stories From Heaven”, many Revelations describe edifices to be built on Saint Joseph’s Hill Of Hope. As just one facet of The Miracle Of Saint Joseph, God invited men of all races, colors and creeds to participate in building a “City Of God”. Every building, chapel, bridge, shrine, garden, amphitheater, and even a hospital and a research center, to be included in this Magnificent Project, would be designed down to the most minute detail by Heaven.

This City Of God would be a place of great beauty for men throughout the world to visit, to gain true spiritual strength and to learn firsthand that which Heaven wants all men to know.

Much to the great loss of every man, woman and child in the world, this City has not been built. Innumerable obstacles were placed in the way of Its completion by those who would have benefited the most. Not enough men volunteered to return the gifts of their time and talents to God. Not enough people came forward with the money needed to participate in God’s Plan in a monetary way. Donations became less and less, because the men in the Church said, “Don’t give.” They discouraged people from participating.

For many years, Mother Frances and a handful of volunteers made every effort to overcome all opposition to men’s lack of wisdom, to build this City for God. However, we are not at a total loss. The Sound Teaching and Sound Direction given by Heaven in the many volumes of “Stories From Heaven” continued through the years, and will benefit people everywhere for many generations to come.

In the future, if the hearts and minds of men change, the world will one day see the Beautiful City Of God.

All Revelations are delivered spontaneously and continuously as witnessed by all those present at the time.

JUNE 5, 1994 AT 12:55 P.M.

GOD THE FATHER

“I am with you on this day, and it is with much Love that I speak.

My Will must be done according to the Way I have designed It at this time, because of the terrible offenses against My Will, that men, women, and even children are acting in, and deliberately using for selfish reasons that pertain only to physical responses that are obviously initiated by man’s enemy.

The projects that this *little one* is in charge of and has been directed to carry out in My Name, are to be accomplished immediately. I will not accept excuses, for every excuse a Soul could be lost, and I have come to the world at this time to divert all the wrongs and all the impurities to satisfying the enemy, and destroying the Salvation of My Souls that I have so lovingly given to return to Me.”

JUNE 15, 1994

SAINT JOSEPH, THE HOLY SPIRIT

“I hold *this child* in a deep ecstasy, a condition not fully understandable by man, but in this Personal Communication with her and through her, I can speak openly, fully, directly, to those present, but then also through the written Words that follow. There is no Miracle like This in the world at this time.

There are so many who are deliberately trying to say wrong things because of jealousy, egotism, and an impure understanding of such a Phenomenon as This is. Many in the world might say, ‘Why would anyone reject such a Personal, Loving, Giving Miracle as This One obviously is?’ The Words are not reaching these people.

The Words must pass throughout the world at a continuous rate of speed, because there is so much diabolical intervention in the daily lives of all people, of all stations of life, of all ages.

Man says We would not speak through such *a little one* as this.

The Father says, ‘Why not?’ All through time The Father has used the innocence, the love, the obedience of particular individuals, to work in specific manners, specific ways, for specific reasons, always for the benefit of Souls.

Many say, when they think of Me, that I am a Saint, and great arrogance is shown when it is told that I Am The Third Person of The Holy Trinity.

The Father has waited for this time to be, to spread this Information about Me. Logic says He would use an innocent child to stand before mankind and say These Words, for if one of great stubbornness, great pride, were, was, could be handed These Words, the human side might reject such a challenge to be responsible for, because of the egoism in man.

The Announcement was difficult for many to accept. This in many ways was a ridiculous reaction, for logic was evident in all things that were spoken about Me from the beginning of time.

When there is criticism of this *little one* it saddens Me, for it takes great courage to say What We want spoken, stand strong in It, not falter,

and be responsible for the reasons behind It, the reasons for It, and the unreasonable reactions to It.

The world has been Blessed by This Great Miracle. It is called 'a Miracle' because *a child* is used to transmit to the whole world What The Father Wills To Be Spoken. There has never been a Miracle such as This, through all time.

The Father knew that if the Words were not written, all things would be passed off as imagination, forgotten, because the mind of mankind could not remember the Exactness in the Words, the Magnitude of the Truth that was being extended for mankind to better understand the Beauty of the Soul that is placed within each conception.

The Soul is Special. The Soul must be protected at all costs, and right now, in the world in which you live, the enemy of God and of man is working diligently every moment of every day to destroy the Souls of mankind, all ages, all intellects, all cultures, all creeds, all dimensions of intellect.

As I speak, I speak through a tired voice. We have used *this child*,

***this voice*, for a number of years beyond the ones counted since It was formally announced to her. Many who came in contact with her wondered, because they reacted to Something they did not know. We were constantly present at times that We knew, through her, We could reach Souls.**

As I leave you on this night, it is only through *a voice* I leave you, for I am ever present with you day and night. You are never without My Presence, for in your Soul I am The Light. So be it.”

JUNE 22, 1994

VISION

I'll tell you what I see. I see Him smiling. He looks nine feet tall to me. The garb He has on looks like a sandalwood color, but it's got a brighter look to it than sandalwood. It's open down the front about, I would say eight inches.

He's smiling. He's moving back because His size is overpowering to me. He's still smiling.

SAINT JOSEPH, THE HOLY SPIRIT OUR HEAVENLY MOTHER

“With her eyes she sees Me. In her words, she speaks My Words. In the expression on her face, she reveals to you the seriousness of My Presence. No matter how wide My Smile would be, her expression would be one of a deep serious nature.

There is so much that has been revealed through *a small voice, a small child*. The Words, the meaning of All the Words, the Direction in the Words, the purpose for All that has

passed through her, has been given to mankind for the benefit of the Souls of those who hear the Words, those who will read the Words, and those who will understand the meaning of the Words.

There is no human being in the world who could ever understand the suffering that has to take place so often by this *little one* through whom I speak because of the tremendous Responsibility of the consistent, constant listening for One of Us to enter her Soul, for the benefit of all Souls throughout the world.

Ask yourselves: How would you describe the burden, the responsibility, that you have in a minute way, when you stand firm to those who criticize the manner in which you believe, the manner in which you follow your Spiritual manner of doing things? The burden is one billionth of what This Miracle uses every day, through This Miracle of Divine Love for the Souls of all of mankind.

I speak slowly because of the exhaustion *this child* carries in My Name, for the world to know about Me, and the Fullness in How I Am in the Heavens.

Mankind must learn to pray with more sincerity, more honesty, in a more loving way, instead of acting as though the prayer is time-consuming, or the time is not right to say it, or at that moment it is not a comfortable thing to do. A silent prayer can be said any time of the day or night. When We speak of prayer, We do not mean you must speak the words out loud, but We do say, ‘Say them with sincerity, and with the understanding that it is important for your Soul.’

If you lived every day and never talked to anyone that you live with, work with, socialize with, or come in contact with for any reason, it would be difficult for the other, or others, to understand your behavior. Your communication with Us is important, for each prayer you say draws you closer to understanding of Our Existence, in communion and union with your existence, and it has an important impact on Our togetherness, just as it does with the human life you come in contact with every day.

Mankind says, ‘I have so much responsibility.’ It is usually meant as a financial burden, or a burden of caring for someone or others, or

something that must be done in daily chores. Mankind rarely speaks of the responsibility of sound moral values, sound moral standards, and obedience to God's Rules. It is usually something physical, something monetary, something associated with human life that is a habit, or something that is associated with a human relationship.

I have Blessed so many through this *little one* through whom I speak. Mankind has no understanding of the Responsibility We pass through her, for your sake and for the sake of all who come in contact with her. Her naturalness, her lightness, and her human love for mankind sometimes appears as though it supersedes her love for her Responsibility. We smile at this, because she is always aware of the Responsibility above all things, and she many times will ask Us to be easy on the child she is with, or going to be with, because she knows the child, of any age, can only handle her presence through a natural association, communication and appearance.

As We have said before, the depth of the ecstasy she is in continuously is greater than man's ability to comprehend, but We watched you on

this night as We used her so verbally in so many areas. You saw a very human association. This association is allowed, because if it was not, it would be impossible for her to walk through the lives and into the lives of so many others, in the ecstasy you are aware of at this moment, for they would not understand, as you have been taught and allowed to see.

The Heavenly Mother is appearing to her with Me. She is smiling at *the child*, and says in Her Way, ‘*My little one*, let no man ever interfere with the monumental Task of service to The Holy Trinity.’”

He is leaving and She is leaving. She is smiling, and She says, “Tell the children present that I bless them with a Love beyond any human love they are acquainted with, associated with, or is understandable to them. So be it.”

JULY 3, 1994 AT 1:07 P.M.

GOD THE FATHER

“This is Our Way of confirming that We are ever present at all times, in all places, where *this instrument* is present.

Mankind finds it difficult to understand such a Closeness, such an Immediate Connection to Divine Will. I will speak later.”

JULY 3, 1994 AT 2:28 P.M.

SAINT ALPHONSUS LIGUORI

“We are always present through this *little one* that has been chosen to relay to all of mankind What The Father Wills mankind to be aware of and to live by.

There is sadness Here when men and women do ridiculous things to deny the Truth of This Miracle wherein We speak so clearly of the Purpose of life, and the Goal for which human life was and is intended.

Through All the Messages already delivered, there is something in Every One of Them for individuals to see as a Valuable Point of Reference to use as Sound Direction, Sound Logic, and Sound Value, to the physical and Spiritual means for what human life was intended for — Sainthood.

Man has been, and is becoming even more so, ignoring The Rules that God Himself delivered through Moses; also, All the Lessons on morality that The Son of God so generously and humanly delivered for mankind to

understand the Love God had and has for all of mankind.

Man is becoming so immoral in all areas of life, desecrating to all that is spiritually and morally important for himself, herself, and others they are associated with.

Man fears a bomb and any other destructive measure of violence, but mankind ignores the greatest disaster mankind can foster and/or become a part of, and that is immorality, all things against The Commandments of God.

I am Saint Alphonsus Liguori, and I have the privilege to be a Part of This Great Gift of Divine Love that The Father has so generously given for all races, all colors, all creeds. So be it.”

JULY 3, 1994 AT 3:09 P.M.

OUR HEAVENLY MOTHER

“As your Heavenly Mother, I have a Love for you beyond what you know love to be.

I am very evident in many areas of This Beautiful Gift of Divine Love because of the Importance of Its Purpose, and the Love that is extended by The Father and Me, because of the Souls in all human beings that must be returned to Here from Where Each One came.

The whole world must learn about the existence of This Beautiful Loving Gift of Divine Love, and all of mankind must see It as a Gift that comes Direct from Here.

The Books that must be delivered throughout the world are far more important than man can comprehend. There are so many children of all ages getting lost to humanism and to diabolic forces because of the lack of instruction that mankind is not giving, even when their chosen path was to teach, be example of, and to direct the lives of all ages to understand and be

aware of the Purpose of why man was created, to enjoy the Beauty of Heaven for All Eternity.

As your Heavenly Mother, I come with a Love beyond human love, but also as The Deliverer of God's Love, embracing the beauty of Faith in the Supernatural Existence that is One of Divine Love.

I bless all who say prayers to Me, and want all children to know that My Love is ever present when a decision must be made on morality over immorality. Listen at that time to the Presence of My being close, and My Love to supersede any temptation regarding impurity. So be it."

JULY 3, 1994 AT 3:40 P.M.

GOD THE FATHER

“I hear many say I would not speak through a human being in the world, I am above such a manner of doing things. I say, ‘I Am God The Father, and I do speak through This Beautiful Gift of My Love, because It is so desperately needed at this time because Souls are being desecrated and drawn away from Me.’

Evil is lurking in every area of human life: the religious areas, the family areas, the social areas, the work areas, entertainment, and every other area of human life that mankind is involved in.

There are so many false prophets delivering words, directions, and even mandates, to thousands of people throughout the world.

Paganism is rampant, and men and women of all cultures are adopting this form and manner of expression, because they think it is adaptable to the so-called ‘modern way’ of thinking, addressing it in all forms and areas of their life.

Paganism is associated with diabolic existence and is displeasing to Me in every facet of its existence.

Mankind must turn around completely and see the truth, before I will be forced to Raise My Hand To Enforce What I Want Mankind To Follow.

There is much tragedy in the world now as I speak through *this child* to all of mankind. The innocence I use is My Way of showing My Love for all My Souls.

Be aware of All I have said, and What Others have delivered through This Beautiful Gift of My Divine Love. So be it.”

JULY 6, 1994

VISION
SAINT JOSEPH, THE HOLY SPIRIT
SAINT JOHN THE BAPTIST
MOSES

I'll tell you what I see. I see Three of Them. I see Saint Joseph and He is in gold, and He's smiling. I see a huge Crown, not over Him, but I would say about three to five feet in back of Him.

The Crown has many jewels in it. The Crown is the Crown that was to be on the Hill. It's huge. It was the Crown that was to be in the Basilica. There was to be one in the Basilica and one in Our Lady's Chapel. This one was to be in the Basilica.

***"The child* is staring at Me. She says, 'I don't know Who You are.' I smile at this."**

He's still smiling. He won't tell me Who He is.

"I will pull her in deeper."

It is John The Baptist. He's smiling.

“She keeps looking for the Third One she sees. She does not recognize Him either.”

He smiles and He says, “I do not expect you to recognize Me because the pictures you have seen of Me do not look like Me.”

It’s Moses. He still smiles.

Saint Joseph says:

“They have spoken many times through this *little one* in the world, but They did not speak Their Names for many reasons. They walked a similar road as this *little one* walks. They were strong men, and in her thinking They were powerful, and she finds it difficult to associate with Them because of the manner in which They have been spoken about in books.

Each of These suffered greatly at the hands of others. It was men against man. This *little one*, in many ways, fights a battle as difficult as Theirs, but in her gentleness and genteelness she does not see it in this manner, for she knows that the physical strength is different.

But I, Saint Joseph, say to you on this night, ‘As We All speak through a small voice, a small body, a strong will, We bless everyone who comes in contact with her physically, or through the Words passed through her.’

As she walks in what man terms ‘a normal world’, that is, a world in which man can relate to, be a part of and consider as a normal manner of life, she walks in two worlds: the one We control and the one I just described to you. The Words that have passed through her have a continuity to Them, a deliberateness in Them, a goal for Them, and reason behind Each One.

She is watching My Face and looking at the Other Two. They are yet smiling at her, for even though she has seen Many Here, she can humanly relate in some areas of what Their tasks were, and yet it is Their physical aspect that overpowers her.

I draw her in deeper, because of the gentleness within her being.

We heard her describe to you the existence of noise when We speak to her and through her, and how it is conquered by the Relationship she has with All of Us. It would not

be humanly possible to write, retain, or be able to submit totally, if it was not Divine Power, Divine Will, Divine Intercession, because man would be incapable of the interruption and yet be totally submissive to the rhetoric that must be written in a manner of understanding to all mankind.

I add more to this on this night. The world in which you live is gathering to speak more of the language We speak through her, because of so much interest in this language than in any other language throughout the world.

I am speaking slowly because of *the little one's* exhaustion from listening day and night to Our Entrance, to Our Words, to Our Instructions, to Our Manner of doing things.

Many men, many women desperately work at rejecting what This Miracle that bears My Name is all about. There is great sadness Here when We hear falsehoods, lies, misinterpretations, and spiteful accusations against her, and so much regarding the jealousy that surrounds her by men of high positions.

This Miracle of Communication is the Most Important Thing in the whole world. It is a Miracle of Instruction delivered by Us, for the Souls of all mankind.

She stares at My Face because she is fully aware that the Power that radiates from Me through her Soul, through the intellect, holds her whole attention to Everything We do, We say, We present, and We show her, that has to be done.

Ecstasy is not a manner of condition that mankind fully understands. It is not a physical submission. It is a Manner of Control that We have over one who has the Responsibility to commitment of service designed by The Father, for the good of mankind.

I will release her slowly, for if I did it quickly it would be too difficult on her physical. She is always in ecstasy, as you know, even when all things look normal, natural. There is too much to be accomplished to allow it to be any other way.

She says to Me, ‘Why don’t You speak faster?’ and I smile at this. She has a Oneness with Us that is constantly

there, and not seen by others when We decide it to be that way.

There is danger, there is envy, there is jealousy, regarding this *little one* who walks totally in My Name. She stands up to all, even you, when she feels things are not being accomplished according to The Father's Will. We always smile, because you see, her human love for you, her understanding of you, is greater than you realize or know.

This is not easy for her, Our speaking so much, but I, Saint Joseph say, 'This Miracle must be seen throughout the world, through the Words that have been spoken through this *little one*.'

The world is in great danger, great turmoil, and great resistance to The Father's Rules. It is a great sadness Here when We see so much desecration to an individual's Soul. The Father has given mankind the means, the source, to return this Gift to Him in Light beyond what mankind can understand light to be.

You have been Blessed because of your belief, your Faith. Don't toss it away for anyone, anything, because

the more you use it, it will strengthen you in many ways. It will give you hope that nothing else is capable of doing.

So much has been spoken, so much Divine Love passed to you. Ask yourself this: If We did not use *a small instrument, a voice* you can understand, and a physical place to speak to you in, you would have missed My Message on this night.

We All raise Our Hands to bless you, for this Blessing will give you the strength of mind to be better able to withstand the problems, the trials, the temptations, the indignities, and this Blessing will also give you a hope, because in hope there is strength, there is love.

She will tell you what she sees now.”

They took the Crown away. Moses is smiling. He says, “What a *little one* God has chosen to repeat What He gave Me a long time ago.”

And now John The Baptist is over here. Moses was here, Saint Joseph was here. (Frances points Their positioning in the Vision.) John The Baptist is smiling and He says:

“Never allow anyone to diminish the Great Love that is in ‘the pouring of the water’, the Blessing that goes with it, and teach them to remember it was My work upon the earth, Guided by The Father, Blessed by The Son, and in it was The Spirit of God, for the Souls that it touched.”

Saint Joseph is smiling and He says, “I know it’s serious, *child*, but it must be done. So be it.”

JULY 10, 1994 AT 12:15 P.M.

SAINT ALPHONSUS LIGUORI

“*A child* was born some time ago. *This child* had a destiny to fulfill. At certain times those close to *the child* wondered about things that were said and many things they knew were unsaid.

The day has come for all of mankind to accept the Gift of Divine Love that passes through this *little one* for the benefit of all men’s Souls.

We All speak through her because Each of Us can relate to personalities, natures, responsibilities and abilities of all individuals born in the human form. I will talk later on this.”

JULY 10, 1994 AT 1:05 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. This Beautiful Gift of Divine Love is a Gift to mankind that is constant because of so many men, women and children who need This Gift for the Salvation of their Souls.

Men and women are accepting all that is evil, all that is based on humanistic monetary pleasures.

There is so much cruelty in the world, all types, all degrees, and in all areas of human life.

Today I come through this *little one* to say once again, that All the Words that have been given through This Miracle of Divine Love, must be handed to, passed on to everyone that mankind can physically reach; that is, by hand, air and water.

There are many enemies doing many things, saying many negative phrases, even some simple words to deny This Gift, because if mankind will see the Beauty of such Truth, man would change and turn his or her life

around completely, desiring to love God more and do more to please Him.

Children must be taught the value of prayer, and the value of morality. Children must be shown by example, the importance of obedience to God's Commandments.

Much Love comes to you today. Some of you are present when people are drawn to something they cannot see or hear. So be it."

JULY 10, 1994 AT 1:40 P.M.

SAINT ALPHONSUS LIGUORI

“Mankind fears being physically poisoned. What mankind ignores is being poisoned spiritually, morally, and mentally.

Poison is many things, and deadly in many ways. Poison is a word that alerts man to danger.

Today, and for a very long time there has been and is, a deadly Spiritual poison saturating the whole world, and it is based on ignoring God’s Truths, Truth about God.

So many men in all stations of life are and have been subjecting themselves and others to diabolical poisoning. This type of poisoning can not always be identified as such, because it enters the mental, emotional areas of man’s behavior, plus it encourages mankind to ignore the reason for which man was created, and that is to return to God, the Soul.

God, in His Love for man, gave to man Rules. These Rules are based on sound basic reality that apply to

man's life. The Commandments must be talked about, written about, and passed to many areas where mankind passes and is able to be reminded of Them. So be it."

JULY 10, 1994 AT 2:07 P.M.

SAINT JOHN VIANNEY

“I am Saint John Vianney. I am known as a Frenchman and I am also known as a priest who spent much time with great concern for the Souls of those who I came in contact with, on Spiritual matters and other situations.

It is time that men who wear the clerical garb and are responsible for the Spiritual and moral instruction of others, realize that their responsibilities reach deep into the moral values and moral standards of individuals that have no other instruction available to them.

The Sacraments have become less important to mankind, and this is a great sadness, because through the strength and importance of each Sacrament, there is a definite Union with The Father, The Son, and The Holy Spirit.

The Holy Sacraments must be put in their proper place for the good of mankind, because many Souls are being lost, due to the laxness and

indifference to the need and the importance that each Sacrament automatically insures in the Spiritual strength of an individual, and/or several people at one time.

I leave you now, but as I do, I raise My hand to bless each one who will read My Words. So be it.”

JULY 10, 1994 AT 2:31 P.M.

SAINT FRANCIS OF ASSISI

“I am Saint Francis of Assisi. So much has been written about My life, and so many have been given the name ‘Francis’ in honor of how I walked, and Others Who have the name ‘Francis’.

I speak through a *small one* in the world, and as I speak I know that thousands will read My Words that I pass through her, for man’s attention to specific serious issues pertinent to the Salvation of their Soul.

It is important that men, women and children of all races, all colors, all creeds, concentrate on their moral behavior, their actions and activities that involve decisions of whether they will accept or reject what is good over evil, right over wrong, decent or indecent, kind over selfishness, honest over dishonesty, truth over untruth.

Mankind has for so long accepted so much invasion of humanistic, diabolical intervention into his and/or her lifestyle, that decisions are not being based on sound moral values and sound moral standards, but on sheer

humanistic opinions, eliminating God's Commandments and sound moral evaluation.

I have spoken often through This Miracle of Divine Love and I have not always mentioned My Name, but today I send a Personal touch by adding My Name to These Words, because to some reading These Words, it helps them associate to Someone Who passed through the role of human experiences and decisions. So be it."

JULY 10, 1994 AT 2:58 P.M.

SAINT JOHN OF THE CROSS

“I am Saint John of The Cross. My Message today is that mankind must begin to renew their attention to the many books that have been written by Many Here, and about the Lives of The Saints; also, a renewed thinking and understanding of God’s Commandments to the beloved Moses. So many have begun to ignore Their True Existence and the obvious important Directions in each One.

Humanistic ideas, ideals and goals are understandable to a point, but mankind has practically obliterated the Importance of God’s Commandments by allowing, accepting and taking part in everything that is against the moral interpretation of each Commandment.

I speak many times through This Miracle that bears the Name of The Beloved Saint Joseph.

It is so sad and even more than sad, it is beyond this understanding, that mankind could and can deliberately defy All that God has

given, and turn to totally humanistic interpretation of all things that are opposite of the Truths and Importance of God's Will.

Our Entrance through this *little one* is one in which mankind cannot relate, but the very Words are proof of the Validity and Purpose of This Miracle.

I say to all of mankind, 'This Miracle is not only a Teaching Miracle, but a Warning.' So be it."

JULY 10, 1994 AT 5:15 P.M.

THE SACRED HEART

“I am The Heart. You refer to Me as ‘The Sacred Heart’.

Many men would say, ‘How can a Heart speak?’ I say, ‘In and with the Sincere Feeling of What I Am to all mankind.’

The heart is the working organ that keeps man alive. It works to supply the living faculties and mind operations of human life.

My Heart is extended to mankind because of a Divine Love for mankind. If mankind would only see that the Extension of The Father’s Love for man passes through The Heart that was given to the world in a Human Form a long time ago, in the form of human life as The Son of God.

Mankind must begin to look at My Sacred Heart as a Living Connection to all of man’s moral and Spiritual goals contained in Faith that is Blessed by Divine Love.

The enemy uses every means to distract mankind from association with My Heart, because in Its very sight, It allows mankind to relate to a human force of action, to an Ultimate Force from The Creator of All Things.

I bless all who read My Words and cling to the Support that My Heart extends to mankind. So be it.”

JULY 13, 1994

GOD THE FATHER

“There are so Many I request to speak through this *little one* in the world, because you do live in a time of great tragedy. The tragedy is the tremendous amount of desecration directed My Way, and it is affecting so many Souls in many ways.

I allow Many to stand in her sight. The Responsibility I hand to this *little one* is a Responsibility unknown to mankind. It is a Responsibility that no moment in the day is absent from her.

Sometimes I hear different ones say: ‘Why doesn’t she speak up if she knows it is wrong? Why doesn’t she say what she knows it should be?’ What they do not know is that it takes a great strength to not say many things, and allow the will, the intention, the reasonability and the personal views to be used, because the individual or individuals, know right from wrong. So in essence, it is My Will that she responds to, because you have a free

will to act upon, act in, act with, and use to the degree of your love for Me.

Many clerical men would say I would not speak. I say: 'Why not? I have all through time. There are many records of My having spoken for specific reasons, delivering Important Messages for the good of all mankind.'

Man associates Me with a physical form. Man does not see the reality of How I Really Am.

I pass through *this child* the Words. I am The Father. Some men say it cannot be. She says, 'God, they do not believe,' and I say, 'Say what I tell you to say and I will take care of the rest.' So that is how this *little one* walks in your midst, obedient to My Will, ever conscious of all human life, and ever willing to give you the strength that I Decree.

Many learned men could learn from This Beautiful Miracle that has a Gentleness in It, has Survival in It, has a Beauty in It, has a Distinctness in It, and a simplicity that is unquestionable, if the individual listening or reading has the Faith that it takes to believe in My Love for mankind, My Goal for mankind.

There are so Many Here that I have allowed to speak through this *little one*. I do not say to her, ‘Are you too tired to listen?’ for she is always available. Your time she is not subject to, only My Will.

Through This Gift of My Love that I have handed to the world, millions and millions and millions must be touched, for if they are not, I will have to take some form of action. There are too many who are denying so much about Me, and are experiencing personal identities to power they do not have.

I alerted mankind a long time ago that ‘this time’ would come. Mankind was warned, and with This Warning, this time should have passed without the turmoil that is occurring in so many areas.

There are so many falling into the path and into the pit of total desecration to My Will. They are ignoring All that has been spoken, and their aim, their goal is to be and look important in the eyes of others. They feel they have the ability, the talent, the knowledge, to guide. They do not have it, because it is not What I Have

Instructed To Be. They have made changes that are incorrect. They have doubted so many things that gave mankind strength, but in the updating of Faith in Me, they have destroyed ‘a unity with Me’.

As you say prayers in the form you understand, remember: when you say them with a loyalty, a hope, a love, I always respond. I never allow one prayer to be unheard, for you see, it is your communication personally with Me.

I bless you, My children, in a manner you understand, but I have also Blessed you with the Words I passed through *a little one* at this time, for you to use as a reminder that though I Am The Father, I am present at all times in My Way, with you. So be it.”

JULY 16, 1994 AT 4:25 P.M.

SAINT CHRISTOPHER

“So many men want to chastise this *little one* because of their envy in how she walks for The Father.

I am Saint Christopher. Man has in some ways eliminated My Name from their order of thinking regarding Saints. I smile at this, and yet there is a sadness also, because All of Us Here enjoy and desire to help everyone who calls Us to their attention, either in hope, request, and/or just to have Someone hear their plea for some special purpose that We are known for.

This *little one* stands alone in the world and is constantly the topic of discussion, mostly negative.

So much must be accomplished that has been requested by The Father, either by Him, or that He has asked Others of Us Here to see is accomplished.

Mankind, in the Gift of human life, has been Blessed with a Special Gift of Divine Love, and that is in

the Light of the Soul handed at the moment of conception. The Soul is also a reflection of the individual's moral or immoral values and/or standards, behavior and example.

Please allow many to read All that has been written for so long, because in a few Words it could change the path of wrong to the path that leads the individual's Soul to the Feet of The Father. So be it."

JULY 17, 1994 AT 3:35 P.M.

SAINT JOSAPHAT
VISION

“I am Saint Josaphat. Many of Us stand and wait for the sign to speak. Mankind is unfamiliar with such Phenomena.

This *little one* through whom We All speak must be alert every moment of every day. When We awaken her, she is told through words understandable in the language of her way, the subject and the format that will be understandable in Direction, to develop in more Spiritual understanding, more human understanding, that is applicable to the lives of one or many.

I bring her in deeply because of her physical and mental exhaustion. I move closer to her and she will describe what she sees.”

I see a big Chair, one which man would expect one of royalty to sit in. Above the Chair, a Huge Crown that is gold, and all different gems. This Crown has no attachment to the Chair.

It appears to be standing in mid-air by itself. It is a Place of Honor.

“Now she sees, parading before this Chair, Other Saints, Each One laying at the foot of the Chair, a gift. The gifts are gold, and other things decorated with jewels, and in their very structure, condition, are significant of great value.

She keeps looking for the Chair to be occupied. We All smile at this, for *this child* is constantly concerned about all things being proper, conclusive in all details, and inclusive of all areas that logic relates to.

This Vision is representative of human life, preparing the Soul as a Treasured Gift to The Father; also, arriving in a different degree of Light, due to the human life that It was attached to.

As I speak on this day I have an Important Message: Mankind must understand that through This Miracle of Divine Love, there has been constant Instruction and Direction verbally, and through the written Word copied from vocally permitted means, so that mankind cannot make excuses that

he or she cannot remember what was spoken in their presence.

Many of Us Here say, ‘We were not this fortunate in Our day.’ The Father is handing to all of mankind, complete Instruction, Definition, and the reasonability for All of It that is not complicated but can be and should be fully understood, for all races, all colors, all creeds of human life.

We hear many excuses, many definitions, many interpretations, many false promises when the Words are read, and the individual or individuals fully understand the subject.

Mankind must understand that human life was created as the Ultimate Gift of Divine Love, and all things connected to it, in it, were Special in Purpose, in Reason, in Goal. All of Us, Those Here with Me now, send This Message to help mankind stop walking in the shadows, thinking they are hidden from The Father’s Eyes.

All human life is born with a Soul. Some men say, ‘If It is such an Important Part of me, why can I not see It?’ You experience the Soul in everyday living, through the knowledge

of what is right, what is wrong, what is good, what is evil. It is experienced through conscience, intellect, nature, hope, Faith, and the will.

I have come to say: ‘Mankind must stop playing games with this Precious Gift. It was not given as a toy, but as a Gift beyond human life. It is an individual Gift of Divine Love, never to be tampered with, never allowed to be jeopardized for any reason, for any human decision. It is a Gift of Divine Love to be returned to from Where It came.’ So be it.”

JULY 18, 1994 AT 3:40 P.M.

SAINT THOMAS AQUINAS

“Man says, ‘Why does not God stop all the confusion, turmoil, hypocrisy, and diabolical actions, activities that are occurring throughout the world, through people, circumstances and confusion where so much sacrilegious abusiveness is obvious in Spiritual areas?’

GOD HAS INTERVENED. He has sent a Great Miracle to the world. This Miracle has been One of such Great Distinction in that It is a Teaching Miracle, Instruction in all areas of life, showing how man can use a constructive attitude, use a constructive position, in acting through moral avenues rather than permitting immorality to be the course of action taken.

Man has a choice. This in itself is a Gift of Divine Love. Man has a will. This in itself is different than any other living Creation of The Father’s. Man has a nature. Man has a mind.

Even the most illiterate human being instinctively knows when

something is good, something is bad, something is harmful, something is in some way advantageous in a good way.

Man is aware of sound theory but oftentimes abuses it, because he or she feels it is not what they desire to accept at that time, so they allow confusion and infusion of facts, based on liberalism that cannot be defined as sound reasoning.

I have spoken often through This Miracle. No child has been used for so much Information, so much Direction, so much Clarity, instructing mankind in the Importance of What is instilled in mankind at the moment of conception.

Also, there has been so much taught on the reiterating of the Importance of God's Rules to be the Guidelines for daily living.

I am Saint Thomas Aquinas. So be it."

JULY 20, 1994

SAINT JOSEPH, THE HOLY SPIRIT

“I use the backs of *the little one’s* eyes to see My Presence, for as This Great Gift to mankind bears My Name, I Am Ever Present, and always willing to speak to her, through her, with her, and many times for her.

Many situations arise that are difficult because of the obstacles connected to them, around them, in them. When the situation is of great importance, this *little one* through whom I speak fights a battle indescribable to man, never daring to lose, never accepting a negative, always a drive to accomplish What I Will, because she knows that All Things that pass through her are to save Souls.

This Miracle has been given to the world so that Souls will not become lost. Mankind has become so active in so many despicable areas of life. Immorality attracts so many, and it causes so much desecration to the Soul of the individual, or the individuals who encompass it, because they find

diabolical pleasures more appealing at that time.

When We first mentioned that you live in a time worse than Sodom and Gomorrah, it was difficult for many to believe, but you do live in a time far worse than Sodom and Gomorrah. It is the story that most of mankind can relate to as a horrible time, a horrible place, horrible conditions, bearing so much desecration to the Souls and to the Gift of human life.

Mankind says, 'I cannot see my Soul.' Logic tells mankind, the very fact if there is a thread of Faith in God obvious to an individual, it radiates from the Soul to the intellect, else man would be animal-like and not have the ability of judgment. Also, mankind would not understand the importance of dignity, respect, honor, hope, and love.

So many men, when they speak of This Beautiful Miracle that has been handed to the world through *a little one*, they deny My Position. This is sad, for in reality there is no one that truly has facts, except through theory. Theory is not as dependable as sound truth.

I hold this *little one* tightly. The strength in her speech on this night with you, is as a warrior for all that is good. We allowed her to share some of the Truths that she is responsible for. Such Responsibility is far greater than any human mind can comprehend.

She oftentimes says, ‘Saint Joseph, they do not understand the Magnitude of What The Father has given to the world.’ We say, ‘Yes, We know.’

That is why it is so important that many of the Words that have been spoken through *this little instrument, this little funnel*, will be important to those who are incapable of coming close to her, who are incapable of ever hearing about This Beautiful Miracle, except through the passing of the Words that have so generously been given for the benefit of Souls to be returned to The Father for All Eternity.

I hold her in a deep ecstasy. She is never free from degrees of ecstasy, but to be *a warrior* in My Name takes great strength, great love, great purpose, and in many ways, a love of this depth, this perception, would be difficult for others to understand,

because mankind has in many ways ignored the privilege of developing personal Faith and personal resistance to weaknesses, to suggestions that are impure, and to the Beauty that the Soul is entitled to.

The world must hear of This Beautiful Miracle. Some men say, 'Why do You call It "a Miracle"?' It is a Miracle, a Miracle that *a child* can be used so continuously in so many areas of life, for a Purpose of such Magnitude; submission of a will that was never weak, submission of all time in life, commissioned to act at Our Request any time, all times.

It is difficult for mankind to understand, but that is not the important issue here. The important issue is that as you understand the Value of This Miracle, the Magnitude of This Miracle, the Purpose of This Miracle is first for your own Soul, and for the Souls of all you come in contact with, and all you can reach through sharing All the Words We have spoken, with Direction in Them, giving strength beyond what human beings can give.

There are Many Who stand Here with Me on this night. They feel the sorrow in *the child's* heart, They feel the sadness, They feel the hurts, but They also feel the strength that is used to make you understand that you have been Blessed in many ways by being a part of This Miracle, as man.

There are millions upon millions upon millions in the world, who could be touched by one phrase, one sentence, one paragraph, one thought, one suggestion, one reminder, that human life was born for a Beautiful Life to come.

There are so many in the world who are denying this Fact, but as you are present here tonight, and have been present before, you must understand you have been Blessed by Us, for each time We are with you, We bless you to give you the strength to carry on, to give you the strength to follow what is moral, what is good, what is beneficial to your Soul.

When you turn your back, there is a sadness Here. When you reflect a love and you think it, act it, or say it in some open manner, We are totally

aware of the degree in which you mean it, feel it, know it, accept it.

There are so Many Saints Here in the Heavens that want millions and millions and millions to share with you, All that has been given through This Miracle that God has handed to the world, because of that Precious Soul He placed in each one at the moment of conception.

Man says, 'I cannot see my Soul.' You cannot see your brain, but you know it is there. You cannot see the inside of your body, but you know it is there, else you would not be capable of doing anything.

Think of this when you say to yourself or anyone, 'I cannot see my Soul,' but always remember, no matter how many disagree with you, That Soul is a Portion of The Father's Love for you. It reflects within you in the Form of a Light, 'His Light, His Love, His Hope'.

As I leave you I say, 'Remember as much as you can that was spoken on this night, for each of you must be aware that you have tasks to perform; you have, in many ways, to work

**helping others be aware of their Soul.’
So be it.”**

JULY 27, 1994

OUR HEAVENLY MOTHER

“This *Miracle Of The Beloved Saint Joseph* is beyond any known time. You must remember that Statement.

Great Gifts from The Father were handed to mankind over centuries, and at the time, dealt with such as This One is being dealt with: men theorizing, acting out against, and then later on realizing, in some cases, the Benefits of such a Blessing given to the world.

It is sad when it is done this way, because if mankind will but recognize, accept openly the Magnitude of What The Father is handing in such a normal beautiful way, great Spiritual progress could take place because of the tremendous Love from Him that is instilled in Every Word, Every Direction, every time there is Something spoken or Something written.

I speak through this *little one* on this night, to help you to understand that This Miracle was handed to the world at a very critical time of Spiritual breakdown, at a time when

immorality was growing and Souls were in great danger, and are in great danger yet.

Mankind is passing over the Magnitude of This Beautiful Gift of Divine Love. *The child* through whom I speak is *a voice* We have handed to the world so that mankind would not become lost. Many men, women and children should be instructed in All that has been given through This Gift of Divine Love.

It is sad when We hear people say, 'I better teach it another way, because I will be criticized if I teach it in the manner in which It was given through This *Miracle Of Saint Joseph*.' 'Why do you think It was given in this manner?' We want to say to everyone who makes those words heard, or who even thinks the thoughts of those words.

Man says: 'Why her? Why not me?' Man says: 'Why her? I know someone who would be good at that.' Do you not trust The Father's Will, the Father's Way, The Father's Decisions?

The day will come and all of mankind will be standing at The Father's Feet, waiting for a Decision to be made as to the direction of the

Soul that The Father once gave. There will be no conversation at this time, for The Father's Will, will be done according to what He knows, what He has seen, and of course, the reflection of the Soul that will show to Him immediately.

There are thousands in the world who say: 'I no longer believe in God. My life has been difficult, all things have been hard. Others get favors. Others find life much easier. I have been deprived of so much.'

I say to all who speak these words: 'What effort have you put forth, or have you sat back, waiting for things to happen without any effort on your part? What effort have you put forth to become a Great Saint? That is the Goal of life.' Granted, responsibilities are important for every child born to the world, personal responsibilities.

My children, on this night I have come to bless you with a Mother's Love, but also hoping that My Words that I have spoken will guide you, and help you guide others as you greet each day with your chores, with your ambitions, with your goals, and yes, with your responsibilities in the human life. But

always remember that wherever you are, your Soul is present wherever you are. You have the opportunity to say prayers Our Way. It is a communication with Us that no one has to hear. It is private.

Please remember What I have said, for My Love for you is Special. It is The Father's Love that I pass on to you, because of My Love for Him, and Who I Am.

Please do not forget that when you pray, say your prayers with sincerity, whether they be short or long, and do not forget, as you walk alone you can say a prayer. We hear it. Every move you make, every thought you have is registered with Us every moment of the day.

I bless you with Love, because this Love I have for you is, yes, a Divine Love beyond any human love.

The important time of every day are the times that you think Our Way, and the other times are when your kindness shows to those you love and those you know, and many times those you just meet along the way. Life is an important state of being to all human life, not just those who

**have tremendous responsibility The
Father's Way. So be it."**

JULY 28, 1994 AT 11:30 A.M.

**THE TWENTY-SEVENTH ANNIVERSARY OF
THE MIRACLE OF SAINT JOSEPH**

THE SACRED HEART

“There is much sadness Here in the Heavens on this day, because of the attitude that mankind has taken toward Our Love for mankind.

There is so much diabolical intervention being allowed to discredit This Miracle of Divine Love that was given to give Strength, Direction, Purpose and Goal. We All band together, concerned deeply over the irresponsible attitude, actions, that have been and are so discrediting to This Gift of Divine Love.

There have been many times in the History of mankind that The Father gave, through human beings, a Distinct Direction that was to be given to mankind for the benefit of Souls. This time is equal to those times, and in some ways, more open, more direct, more personal, giving much Direction, much Reasoning, more Information, to strengthen the Purpose of human life and the Goal it was created for.

In so many areas, men, women and children have become demonstrative instead of respectful. Solemnity in the proper order of things has been set aside, using humanism as the focal point for mankind to address situations that call for personal time, observance, respect.

I hold this *little one* tightly, for the armor she wears is becoming heavier and heavier and heavier. This has been necessary because of the destructive forces that mankind is using to destroy What We have given to the world for the Salvation of Souls.

This Message is from My Heart. This Message is given because of My Love for My Creation, called ‘man’. You have seen pictures depicting My Heart with Drops of Blood. Today, because of how much is known through This Beautiful Gift of Divine Love, My Heart weeps for those who are defying, who are desecrating, who are deliberately trying to destroy This Gift of Hope, This Gift of Truth, This Gift of Instruction, This Gift of Divine Love. So be it.”

JULY 28, 1994 AT 11:57 A.M.

**THE TWENTY-SEVENTH ANNIVERSARY OF
THE MIRACLE OF SAINT JOSEPH**

SAINT THERESE OF LISIEUX

“It was My privilege at a given time, to be the Messenger of This Gift of Divine Love that the whole world of mankind was to receive, so all would better understand the Love, the Desire, the Hope of The Holy Trinity. I am Saint Therese of Lisieux.

So much Information, Direction, Love, has been passed through *one Soul, one human life*, for the benefit of all mankind in this time and for all time to come. Gifts of Divine Love are oftentimes not put in the form of such obvious Delivery, but This Gift has been One, from Its inception, that was given to encourage mankind to better understand what the Gift of human life had, that nothing else that was created by The Father would ever have, and that was the Gift of Life in His Presence for all time.

So Many of Us Here have been Blessed through Our being able to

use *a human life* for the benefit of individuals and their Souls.

This Miracle is Extraordinary and goes beyond what any human mind could understand. It is a Miracle of Divine Love that is to one day saturate the whole world with the Messages that have passed through *one Soul*.

Those who argue verbally, emotionally, destructively, arrogantly, jealously, against This Miracle, must understand that their Soul will bear a great sadness because of the destruction that the individual, individuals promoted, permitted and conducted.

My Love for This Miracle is a Love of gratitude, of hope, because I had the privilege of being instrumental in Its inception.

This *little one* through whom I speak is totally aware of the anger that mankind has directed toward her, and what the anger is based upon.

Today marks a Date, but We see her different than mankind sees her. He sees her only as a step to more responsibility, and in some ways is

physically weakened by the weight of such a burden.

The whole world should be celebrating The Gift of Divine Love. It is sad to say, mankind does not always recognize a Treasure that is irreplaceable. This is such a Treasure. So be it.”

JULY 28, 1994 AT 2:18 P.M.

**THE TWENTY-SEVENTH ANNIVERSARY OF
THE MIRACLE OF SAINT JOSEPH**

**SAINT ATHANASIUS
SAINT ANNE**

“So much History has not been recorded because man did not see the time as important as it was meant to be. The Father told Us when This Gift from Him was begun, that mankind was never to be allowed to forget the Date nor the Time, the Purpose nor the Reason.

It is not difficult for mankind to remember important dates. We oftentimes hear many speak of celebration designated to an event worth remembering.

The Date of This Beautiful Gift must be written in an historical manner because of Its Greatness, Its Reasoning, and the Purpose for which so Many Here in the Heavens have been given permission to speak, and to allow It to be written at the same time It was being heard openly to the ears of mankind.

This Time is to be documented and All Written Words to pass down through time, so that mankind in future years will understand the Importance in what it meant to be born as man, have a Soul within this conception, and be able to fully understand the Reason for human life and the Goal God Intended for it.

I am Saint Athanasius. I have spoken many times, not always mentioning My Name.

So many men, women and children would repeat a fairy tale before they would repeat the subject matter of so much that has been given to mankind through This Miracle for the benefit of Souls.

I consider My privilege to speak in your time a Special Gift of Divine Love, for Those of Us Who have passed on before you, Our chance, Our ability to speak and encourage, instruct, teach all who will listen and all who will read the Words from Here, is truly an additional Blessing, because We see the world in such a diabolical state, wherein satan is in many ways using everything possible to destroy the

chance of a Soul becoming ‘a Great Saint’.

Never allow any man, no matter what garb he walks in, or she wears, to prove to the world a religious belief, practice, or way of life, to cause you to not understand the Beauty of Truth that The Father Wills to be understood, for the protection of Souls.

I stand Here with Another. She smiles as I speak. It is the beloved Saint Anne. She sends Her Blessing, Her Love, Her Hope, and with it She says, ‘Remember I, too, walked in the world, and I fully understand the distractions and the weaknesses that can occur, but remember, you have the strength, the will and the power to make decisions in the direction you know will please The Father.’ So be it.”

JULY 28, 1994 AT 3:47 P.M.

**THE TWENTY-SEVENTH ANNIVERSARY OF
THE MIRACLE OF SAINT JOSEPH**

SAINT JOSEPH, THE HOLY SPIRIT

“When man plants a seed, man waits for it to grow. The seed can be for several things, and most times has a purpose to it, for it, in it, with it.

This Beautiful Miracle that bears My Name began with the Seed I planted, and as I planted the Seed, I used the Wind of My Power so that the Seed, after multiplying, would be blown in all areas of the world.

I am The Holy Ghost. I am The Spirit of God’s Love. I am The Hope in His Love, and as This Miracle of Divine Love spreads throughout the world, It will be spread on the Winds of My Power and in the Power of My Winds.

This *little one* that is used to give to the world the Directions for the benefit of all Souls to be returned to The Father, is in constant obedience to The Father’s Will, and as the Words are spoken through her by Anyone Here, They reach her on the Winds of My Power and in the Power of My Winds.

To many this is difficult to comprehend, but it is not necessary for mankind to dwell on understanding It, but it is important for mankind to see the Importance and the Value, the Beauty and the Goodness, that such a Manner of Teaching is of great benefit for all Souls.

As I bless you on this day I say, ‘I need not raise My Hand in the manner you are accustomed to in a Formal Blessing, but your Faith will be enough when you accept that I am speaking through *a small instrument*, and I am reaching you on the Winds of My Power and in the Power of My Winds.’ So be it.”

JULY 28, 1994 AT 4:40 P.M.

**THE TWENTY-SEVENTH ANNIVERSARY OF
THE MIRACLE OF SAINT JOSEPH**

SAINT ALPHONSUS LIGUORI

“You live in a special time in History, a time wherein there is much conflict, even tragedy, in the Spiritual lives of many people throughout the world.

Even though there are many in number who have taken the vocation in Spiritual direction, they are not as active or as knowledgeable as they should be, as they can be, as they must be.

Due to the exactness that is necessary in this manner of vocation, there is little emphasis on exactness, and humanism is the point of instruction they dwell on, because they are familiar with the human areas of life and do not fully understand the values of the necessities for Spiritual growth.

When there is a large body of water and it is available for mankind to use as an exercise place, as a place for relaxation, man is a fool if he or

she is not prepared to withstand or conquer any problem where water is concerned. Some automatically accept the errors, and in this foolish way put their life in a dangerous position, condition.

Many who use a 'hit and miss' Spiritual practice are also taking their life, and the life of his or her Soul, into a dangerous condition or place.

I am Saint Alphonsus Liguori. I will speak later, for I know that *the little one* through whom I speak is physically spent. So be it."

JULY 30, 1994 AT 2:54 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“This Miracle that bears My Name has been given to all races, all colors, all creeds, informing them of the Importance of the Gift of human life, and the Precious Goal The Father has so generously reserved for the Souls to be returned to Him by all men, women and children born as man.

This *little instrument*, delicate, frail, and in many ways incapable of all the accusations that so many are making against her, because of their lack of Faith in how The Father would give to mankind a Blessing of This Magnitude, revealing Important Facts regarding The Divine.

As This Miracle was introduced to mankind, there was a great surge of interest by men. Then because of jealousy, a lack of understanding in how The Father would so openly entrust to mankind such Phenomena, many acted out against the Gift of Divine Love.

We have watched it grow in this way because of jealousy, envy, and a

lack of Faith in God, in how He would introduce so much Instruction at a time when man felt and feels that all previous Revelations covered all the facts necessary for man to believe.

As I speak through this *little one*, no human being could understand the fullness, the exactness, the dedication, the obedience that it takes to repeat Our Words so openly.

I add to this: Man enjoys courage when it is shown, sometimes even brags about moments of courage that are obvious. I ask a question: ‘Why does not mankind see the courage it takes to stand so alone against all of the intellectually acclaimed people, and use simple Words that We pass through her at a given time?’

This *little one*’s physical is beyond human comparison, so as I close this time with you, I say: ‘Success in life is an idealistic aim. Better mankind reach for the Greatest Goal for which human life was created; that is, to return to The Father a Pure Soul.’ So be it.”

JULY 31, 1994 AT 12:41 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“Ancient times did not record all the great occurrences in writings that would be understood in this time.

You live in a time wherein the language We are using is one in which many areas of the world are familiar with.

This *little one* is ever at Our Command. Needless to say, there is much jealousy that surrounds her.

This Beautiful Gift of Divine Love is meant to give the whole world insight into the Reason for human life, and that men of all races, all colors, all creeds, must use this knowledge to become ‘Saints’.

A Blessing such as This is not common, and This Blessing must be seen for what It is for, and why It was given at this time.

The noise rises as I speak. You say, ‘Why?’ I say, ‘This is a definite sign that the enemy is ever present and always fighting to override the

good.' God Will Always Win but the real sadness is that man allows evil to enter and diminish the good.

This *little one* fights day and night against the interference. Mankind never sees the real battles that take place. It would be too frightening and man could not stand the blows that are so obviously made to shut Us out. Never will they, I promise this.

***The little one* endures much in order for mankind to be able to gather Our Messages of Instruction for the benefit of each Soul — those near, those far away.**

I am truly The Holy Spirit. Men fight this, but We expected this because mankind finds doubt easier to handle.

Millions of people must read Our Words. There can be no time from the beginning of This Miracle until the end of time, that The Father does not want the Messages from Here to be read. So be it."

JULY 31, 1994 AT 1:45 P.M.

SAINT ALPHONSUS LIGUORI

“Many men mention My Name and speak of how I walked when I was on the earth.

In the time I lived there were so many things that occurred that I was privileged to be a part of.

I was intent upon doing all I could to serve God in the manner I was most capable of. I found happiness and much drive to fulfill a measure of tasks that I sincerely felt would be beneficial to others.

My Name is in print in several places, but this was not my reason for leading the life I was permitted to live.

Today in your time, there are many men who deeply desire to fulfill a great measure of good sound ideals. There are so many heresies and so much negativism by authorities in the clerical fields, that it is sad to see so much good being cast aside, allowing so much rash judgments to be accepted.

Also, prayer in this time lacks the sincere love in it that was evident in My time.

This *little one* is used constantly to deliver Our Messages to the world. No child has ever been so personally used, to so much from so Many Here.

The whole world must be given All that is possible to give, that has been given so directly, and with so much reason.

I am Saint Alphonsus Liguori.”

JULY 31, 1994 AT 2:57 P.M.

SAINT CHARLES BORROMEIO

“I am Saint Charles Borromeo. There is a great emphasis on education at this time, but as I speak to you on this, I must say that many of the educators are not concerned about the moral code that should go hand in hand with education, in every facet of its existence and practice.

Education covers many fields of subjects, and each subject should and could be taught and learned in a strength that demonstrates moral values and moral standards, instead of omitting this very important facet of its practice. This Statement is made to not one age area of education, but all.

Our Messages are always given to alert mankind to the importance of seeing all angles and areas of the subject matter, not just the key subject matter.

The young should be instructed in a consistent manner, and this should be accepted as a privilege, to learn the value of all things that make the

**student, or one practicing the subject,
more astute and valuable.”**

JULY 31, 1994 AT 3:08 P.M.

OUR HEAVENLY MOTHER

“We smile at and through this *little one* that is used for so much Communication to all of mankind.

As your Heavenly Mother, I want you to understand the Importance of being man, and the importance of everything you do, you say, and you are responsible for.

There are so Many Here that have been given permission by The Father to speak in a manner that is totally understandable, because of your responsibility of the Treasured Gift of a Soul.

Never allow anyone, anything, to turn you away from keeping your Goal on Sainthood.

At this time that God is permitting so much to be said to not just encourage purity of mind, body and action, you are also being given the strength through Our Intercession and Love, to fully understand that there is responsibility to having this

Gift of Divine Love, and that is, to return It to Him in a State of Purity.

There are thousands and thousands of men, women and children who will not have the ability to read the Words and the Others that have been given, so it is up to all who have had the privilege to be able to hear or read, to pass on to those others, the Messages of Our Love.

Responsibility in daily life includes All of These Messages, because moral issues are an important factor to all human activities, work, family, friends, entertainment, and social life.

We speak in a manner understandable and We are aware of your comprehension. I send This Message with a Mother's Love and Direction.

Man says, 'Repetitiveness is the greatest form of learning.' I say, 'That Is Why We Speak So Often And Repeat Our Love So Often.'"

AUGUST 3, 1994

SAINT JOSEPH, THE HOLY SPIRIT

“He said, before They speak He would like to explain to you that a Phenomenon such as This One is not common. It is a rarity in the world, and ‘the place’ was chosen for It to be, for many reasons, and it was decided a long time ago where It would be, the timing of It, the Purpose of It, the Reason for It, and what It would be like and how They were going to allow It to spread, and how They were going to allow It to be given in the manner It’s given and in the way It’s given.

There are so many Truths that have not been revealed to the world because of man’s decisions on withholding certain Important Messages that would give great value to conditions, situations, and placement of Important Things, Important Saints, and ‘this time’ was chosen for mankind to hear openly, through *a voice* first, and then be able to read what was going to be told, revealing many things that men in power did not have the courage to reveal.”

VISION

I will tell you what I see. It's Saint Joseph, and He's smiling. He's in gold and He has something in His Hand. I can't see what it is. It seems to be — it's a book.

His Hand is very large. The book is very large, and He's going like this with the book, and then He goes like that and like that with the book. I say to Him, "Do You mean *The Sign of The Cross?*" and He smiles at this, and He said: "In this gesture at this time, I mean All the Words We have given must pass throughout the world, and from the top of the world to the bottom of the world. There is no denomination to be left out. All of mankind must read the Words from Here."

"**M**y sons, We pass so Much through *a small one*, and many times before this time, 'the littlest ones' used usually were given the most to say. This occurred for many reasons."

He's turning and looking both ways. He's still smiling.

“I will hold her more tightly. This Miracle must not be set aside. It must travel at great speed throughout the world. Many Souls are becoming lost because they do not have the correct information regarding what human life is all about. Many live under the threat of torture, but these places are governed by diabolical men and women.

You must understand, there is Great Strength through this *little one* We use so continuously, verbally, and through the written Words.

There are millions throughout the world who are being threatened by those who are diabolical in nature, character, mind, actions.

As you are in My Presence physically tonight, wherever you are, you are always in My Presence. Know this.

There are many things that you must do to fulfill your obligations for the Salvation of your Soul. Man says: ‘I cannot see my Soul, I cannot feel my Soul. How do I know I have It?’

Your Faith, through your intellect, allows you to know that

there is more to human life than what you have now. There is a Goal.

All things in life can be compared to man's innate desire for success, for progress, to reach a goal. This is also in that innate understanding you have been endowed with regarding good from evil, right from wrong, moral from immoral.

I speak to you on this night through a *small voice* that works day and night, listening for Our Directions, because of the Importance of all Souls born to the world, for all Souls, of all ages.

A little one, at the age of infancy, responds to certain attentions, certain attitudes, certain comforts, certain needs.

The next age responds to what is right, what is wrong, what is happiness, what is unhappiness, what is sharing, what is not being shared. Also, the hurts, mentally and physically, are felt to a great degree.

Then the next age, finding a way, a reason, a newness, a more comfortable atmosphere for the development of

hopes, dreams, abilities, strengths, participations.

Then the next age, using this time to develop, to be a part of what is termed 'living an adult form of life', looking at things more realistically; sometimes, in many ways, more competitively.

Then when we move on to another age, wherein the daily life is practiced in terms of vocations that are beneficial, practical or necessary, sometimes not to a full enjoyment, but used to be productive because of responsibilities.

Then we move on to another age where the very manner of living has a strength in it because of all the past experiences, and this is a time when those who are young, who are small, must see as a form of authority and act respectively in and for it, to it.

There are so many stages of human life that mankind passes through. And now I talk about the phases of Spiritual growth.

A child is told a story about The Living God Who Knows All Things, and then the child grows to be able to talk

to that Living God. This education, this way of life must be taught in strength. This must be shown as a very important part of human life, because in this part of life the Goal for Sainthood is obviously understood, for as there is success in the physical life, it is logical to understand there must be a Goal of Success for the Spiritual Life.

As We stand in the Heavens at this time, We see so much diabolical intervention attacking all ages of life, all areas of life. In your Faith, in your love for God, no matter what your age, you have the responsibility to act as example, no matter where you are, no matter who you're with, no matter what the situation or the conditions are.

You are to express purity of mind, body and Soul, for as you do, a mark will be left on everyone you have come in contact with. Sometimes this mark is not seen in an obvious manner, but it might show up at a time when it is forced to be seen because of conditions that call for such a response.

I speak slowly through this *little one*, for as We use her whole being,

not just her love for Us, it takes more strength, more obedience, more reliability, more responsibility, than any human mind can measure.

As it was spoken on this night, each one has the privilege to stand strong as a leader. This is the right way to think, because as you stand at a given time before The Father, you will stand for all the things you did, you thought, you spoke, when you walked in the world as man.

You will stand, responding to obedience to The Great Commandments that were given as the Foundation for human life. In a particular way, you will be responding to many issues on stealing, on killing, on impurities, on selfishness.

You will be responding on your love for God, how you used all the things in life, keeping Him in mind at all times. You will be accountable for the condition of your Soul. You will be reminded of many things because, as an individual, you were given the intellect and the ability to know right from wrong. This you will be answerable for. Keep this in mind.

There will be no excuses. There will not be time for them. You will be a leader representing yourself, because you used your own will on your decisions, on your practices, in your attitude, and for all things you acted upon, in, with, and for.

I am saying these things to you on this night so you will examine how you live, how you act, and in how many areas of your life do you need to improve in strength for the benefit of your Soul.

I will release *the child* slowly, but I have spoken in a manner on this night to sons. You are here, not just because of your will, but The Father has gathered you because of your strength, your ability to be leaders, to help others understand the importance of man's will, man's obedience to God's Will for the Salvation of Souls. So be it."

AUGUST 4, 1994 AT 11:55 A.M.

SAINT JOSEPH, THE HOLY SPIRIT

“There are many distinct changes in This Beautiful Gift of Divine Love.

Nowhere on earth is there such an Important Happening. That is why We have requested that All of the Written Words be delivered to all corners of the world.

Many times when man is physically hungry, he feels he cannot wait to get nourishment. All We have given, and are giving, is Complete Nourishment for the Spiritual needs of all of mankind.

This *little one* is in a change of Receiving, and it will be difficult on her physical for a period of time. She is fully aware of this, and is ready to fulfill the Tasks according to The Father’s Will.

I am Saint Joseph, and yes, I Am The Spirit of The Father, His Love and Intercession for His Will to be done.”

AUGUST 4, 1994 AT 12:37 P.M.

SAINT ANTHONY OF PADUA

“I am Saint Anthony of Padua. I am standing very close to *this child* that All of Us Here speak to and through.

The Father has designed This Miracle to give mankind Special Graces to be able to fight the diabolical interruptions that are prevalent throughout the world.

Man fights an enemy he can see but he ignores the enemy he cannot see, but I add to this: this type of enemy is far more treacherous to man in many areas of life.

Many children of all ages pray for specific favors, needs, and/or things they desire to have. We All hear these prayers, but I add to this: remember to pray for the strength to fight evil in your life, and in the lives of all other people throughout the world.

There is great physical and Spiritual devastation due to the laxness in moral obligations, but I say it can be turned around through,

first the knowledge of its presence, then the results that are being shown in so many sinful, impure, immoral acceptances by so many people.

I speak often through this *little one* and I do not always mention My Name. Many Others Here do it the same way, because you see, when a Name is attached to what she hears, it emphasizes more responsibility to her. We All love her and know the magnitude of these Tasks she is faced with. So be it.”

AUGUST 4, 1994 AT 12:58 P.M.

SAINT TERESA OF AVILA

“I am Saint Teresa of Avila. We All smile at the obedience of *this child*. Her obedience is security to, and in This Miracle of Divine Hope and Love for the whole world of mankind.

She listens to man while she listens to Me, and We love her for this.

My Name is known in many, many places throughout the world, and My desire is for mankind to fully understand the privilege of human life and its responsibilities that are not just for daily living, but for the Soul to be returned to God for All Eternity.

So many people of all races are not fully aware of the Soul they have within their human life, that is Special to Life Forever.

Man must hear of This Blessing that has been given to the whole world of mankind, to better understand how important it is for purity of mind, body and Soul to be the daily point of concern and reality. I will speak later.”

AUGUST 4, 1994 AT 1:35 P.M.

SAINT JOHN OF THE CROSS

“I am Saint John of The Cross.

Terrorists have invaded many areas of the world, all with different ideas in what they are acting out against. Many of these people are driven by satan and they never see the one from whom their anger, direction, reasoning comes from.

When mankind practices sound Spiritual means and measures, there is always more peace in the world.

Due to the lack of sound religious groups of men and women, there has been an increase in bending to satanic rituals, endeavors, and discrediting to moral values.

The time must be seen as an alert to all of mankind to recognize the need for more sound Spiritual admissions to God, instead of to the humanism that is misleading and has taken over in so many areas of daily living.

This Miracle’s Words must pass quickly throughout the world, thus

putting the correct way of life before mankind so there is something positive, definite, for mankind to learn, follow, believe and practice. So be it.”

AUGUST 4, 1994 AT 2:12 P.M.

SAINT THOMAS MORE

“I am Saint Thomas More. I rarely announce My Name but I speak often through what is called ‘Teachings’.

This time in which you live is special, in that This Beautiful Miracle of Direct Teachings and Formal Revelations are giving to mankind Direction that has never been so complete in Manner, and Direction through Words so understandable to follow.

We see thousands of people, all ages, living each day, only allowing the immediate things to draw their attention and goals.

We do not expect all of mankind to turn into fanatics because of This Gift of Divine Love, but We want mankind to see the necessity for an army of truth, logic, respect and moral values to be the guidelines for all walks of life, because of the Reason for which mankind was created.

Time is important to man and it should be dealt with in a sound,

reasonable manner, never ignoring the possession of such a Divine Gift, the Soul. So be it.”

AUGUST 4, 1994 AT 2:40 P.M.

SAINT ANGELA MERICI

“Why would I not speak through such a gifted child as *this one*, when I remember how she worked in My Name to conquer odds that, at that time, were many times insurmountable. I was constantly with her, and so were Others Here with Me.

This Blessing that The Father has so generously given to the world is One of Utmost Importance, Necessity and Beauty.

When mankind goes to school to learn a subject, or subjects that are to be beneficial in life, there is challenge, dedication, and certain areas of work to accomplish good results.

So it is with This Gift of Divine Love. Many subjects have been taught and there has been much repetition on them, because through repetitiveness there is the ability to retain more.

Children of all ages must be taught about This Beautiful Miracle, and also taught the subjects It covers from All Here in the Heavens.

This Blessing would be difficult to describe to those who make it a practice of rejecting God, but even then there is a good chance some will be touched, and begin a new way of life because of the learning about the importance of purity and impurity, Sainthood over damnation.

There is so much Love in This Miracle, and those who are close to It are Blessed abundantly. Those who will be touched through the written Words will be touched and given strength beyond what they could ever realize. So be it.”

AUGUST 4, 1994 AT 3:09 P.M.

SAINT THOMAS AQUINAS

“I am Saint Thomas Aquinas. It appears as though We stand in line waiting to speak through This Gift of The Father’s Love. It is at His Command We dictate through this *little one*, what The Father wants mankind to realize and understand is important for their Soul.

Many learned men and women in past years were confronted by the Hierarchy of The Church, forcing them in some ways to be found wrong in how they were speaking out against the wrongs being permitted, exercised and accepted.

This open Miracle that began immediately as a Miracle of Many Here speaking through *a little instrument* designated by The Father, because of the necessity for mankind to see the Importance of their Souls.

Mankind rarely associates such an Entity to human behavior, strengths, weaknesses, abilities, talents, and purity of mind, body and Soul. It is important that all people of

all cultures, all creeds, not ignore This Gift, This Blessing of The Father's.

Look at the Directions, the Value, the Purpose, and the Reasonability in All that has been given. Do not judge erratically, but see the Truth, Love, and Advantage to All the Words that have been given to draw mankind's attention to the Life to come.

I bless those who read These Words, and it is The Father's Will that Each Message touches millions, so that Souls will not be lost. So be it."

AUGUST 4, 1994 AT 4:48 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“There are so Many Here Who wanted to speak today, because of the tremendous need in the world for proper direction and sound principles to be understood.

This *little one* is a *funnel* of Our Love for mankind. Repetitive Statements flow through her at all times of the day and night, and she is told when They are to be recorded.

When mankind hands a gift to another for a celebration, a remembrance and/or just an act of love, mankind receives it with so much pleasure and reassurance of the personal association that can be from a family, friend or associate.

Today, as many Words were delivered through this *little instrument* of The Father's, We All stood in Happiness and Love, because of the positive immediate response to responsibility that is for the good of Souls.

So much more is to be revealed through This Gift of Divine Love, and many who deny Its Value, Validity, will one day have to respect It, not reject It.

Many Blessings of Direction, not common to previous instruction by mankind, are evident in All the Words that mankind must read, follow and use as the correct manner of seeing the Generosity, Love and Hope that comes from The Divine.

A Blessing from Me is evident to this *little one*, because in the Words she is totally aware of Our True Presence. So be it.”

AUGUST 10, 1994

Note: The following Revelation was preceded by a Vision of Our Lady, Our Lord, and Saint Joseph, The Holy Spirit.

OUR LORD
OUR LADY

“Courage is not always easy when it is approached by great danger, many enemies, and difficult warfare.

You live in a time that has been Blessed abundantly, because in this time in which you live, thousands of Words have been given to give you strength, to give mankind throughout the world strength, to stand in courage against the odds of so much demonic intervention.

I speak through *a little one*. All that has been spoken to you on this night is to give you the strength to better understand the importance, the privilege, the beauty of what you have in the human life, to use to one day stand Here in the Heavens.

Sometimes courage takes less effort than you realize: courage to stand for truth, honesty, hope; courage to stand up to all that is wrong, all

that is evil, all that is temptation, all that is neglect to your Soul.

As I speak, I deliver Words that are familiar to you, easily understood by you, and that will remain with you when the time comes to use the Direction for the good of your Soul.

Your Soul is real. The Soul is not a figment of imagination. It is not a fleeting thing injected into human life, but It has a Reality to It, a Purpose to It. It is your *Funnel of Faith*, and through your Soul, all you are is what I see. I understand your hurts, your dilemmas, your anxieties. I understand the littleness you are and you feel. I understand your worries, your cares, your loves.

On this night I have come through *a little one* who is strong in the balance of Truth against the enemy's intervention of so much evil.

As We All stand Here, it is a rarity, this Vision, but it is a Vision that will remain with you when you reread the Words that will be passed to you, that have been spoken by Me at this time.

There are so many who walk a tightrope in human life, because they

do not want to displease those who they feel are in authority. You must understand that you must stand for truth, you must stand for purity, you must stand for morality, and you must remember at all times that the Soul you have must be returned Here for All Eternity.

I bless you, My little ones, with a Very Deep Love from Here. Let your Faith understand that This Beautiful Gift of Divine Love from The Father is a Gift of Hope, a Gift of Strength, a Gift to give all who will listen, all who will read, all who will follow, the ability to become ‘Saints’. So be it.”

Our Lady is smiling, and She said:

“Let no Lesson passed through This Miracle be cast aside, for All things that were spoken before this time, and now, and that will be, are to give you the strength The Father Wills you to have, to fight what is wrong, to stand strong for what is good, and to use All that you have been given, both for yourself and for those with whom you come in contact. So be it.”

AUGUST 11, 1994 AT 12:45 P.M.

SAINT ALPHONSUS LIGUORI

“When this *little one* is requested by Us to speak to you in what would be termed ‘a personal informal manner of communication’, Those of Us present smile, because in what is spoken gives an in-depth understanding of the personal side of a Miracle from The Father that you can relate to, that you can understand because of your association, relationship to her.

There have been so many formal Revelations, and informal Revelations that We called ‘a Teaching’, because through this manner of communication, through you, others will learn and be better able to accept what is beneficial to their Souls. Mankind spends much time on discussing material matters, and very little time on important issues that are relevant to the condition of their Souls.

This Miracle of Divine Love hands to the world of all of mankind, a tremendous volume of Information regarding the Gift of life in its human

form, and the Gift of Life that the Soul in each human being is to return to.

Children of young years should be taught about the treasured Gift of life. Children should be taught to understand that human life is a Gift from God, and that it is important to learn to respond to what is pure and reject what is impure. They should learn the importance of respect regarding special times of prayer. They should be taught that good is important and that evil is detrimental in many ways to how they think, how they act, and to their Soul that God holds close to Him every moment of every day.

There is no age that mankind passes through that should be allowed to neglect purity of mind, body and Soul. There is no age that should be neglected through the indifferences, lack of concern for the age of others. Mankind has lost respect for so many things because of the diabolical influx that has permeated the whole world. If The Father would allow a stench to arise from all the evil that is taking place, mankind could not live with the harm this stench would cause to human life.

Mankind has the ability to choose. This in itself is a Gift of Divine Love. Mankind has been handed, in an orderly manner, what The Father judges right over wrong. These Rules are seldom talked about because of so much diabolical acceptance, setting aside These Rules, ignoring These Rules, and acting as though These Rules never existed.

I am Saint Alphonsus Liguori. We have passed thousands and thousands and thousands of Words through a human voice, because a voice to mankind allows mankind to hear firsthand, in a manner where mankind does not have to take the time to read the Direction. Then We have said, 'Write It down so you will remember It and can teach It to others.'

What a Loving Miracle of Divine Love at this time with so much distraction and vile intervention attacking sound moral values, sound moral issues. This Gift can only be called 'a Gift beyond human comprehension, human ability, human love'. So be it."

AUGUST 17, 1994

SAINT PETER

“I am Saint Peter.

Picture yourselves together on a battlefield.

Now picture yourselves on the battlefield, and you are all by yourself, you are the only one standing amidst the enemies from every direction. They are all shouting at you, they all want to attack you. They are all waiting for the order from the head one to say: ‘Charge! Take him away, do him in, get rid of him.’

Heaven is comparing this to *The Miracle Of Saint Joseph*. Men are standing in all directions because they do not appreciate or want to have *The Miracle Of Saint Joseph* standing where they are. The Miracle gets in their way. It is not agreeing with them in any way, and many of them become very angry and few tolerate What passes through The Miracle.

The Words We give through this *little one* in the world are Words of Direction, not just Hope. The Words

are to give not just courage, but strength to fight the wrong that is occurring throughout the world.

There is no place in the world at this time who is fighting verbally so much wrong, so much diabolical intervention, so much immorality. There is no man in the world who is willing to stand up against all evil, because as man he says, 'I cannot fight all that is wrong.'

But through this *Miracle Of The Beloved Saint Joseph*, We have placed a *little one* who does What she is told, says What she is told to say, in spite of all the enemies that surround her. Some stand around corners, some stand behind doors, some stand in offices that speak power in their words. Some stand across the waters. Some stand in great weakness, but harsh speech when they speak of her.

As I said, I am Saint Peter, and I come to you on this night in your time to alert you to the enemies that surround this *little one*, and their lack of courage in some areas, to see the Truth in What is spoken through her by Us, for the good of all mankind.

I warn you on this night that what I have spoken is Fact, not visible to you, but I have drawn you a picture of what it truly is. She looks to the right and sees enemies. She looks to the left and sees enemies. She looks forward and sees enemies. She says, 'God, should I look to the back?' He says, 'No, *child*, for you will see the same thing you see in the other directions.'

It is difficult to fully understand this picture I have just handed to you, but know that I would not give you an untruth. There is too much at stake at this time in the world. There are too many Souls that, without This Miracle, could be lost to the enemy for all time.

I hold her deeply, for there has been much in the last days that have been difficult on her, for her, and through her. I will draw her out slowly so she can proceed in what We have requested her to speak to you on this night.

Much Divine Love passes through This Miracle that has been given to the world at a time of great need. There is sadness to see and to hear men say,

‘I want proof.’ We have passed to mankind Full Proof in writing, as to the Validity, the Purpose, and All that is necessary for man to know, so that mankind can fight for the benefit of his or her own Soul, plus the Souls of others.

The battle rages around This Miracle. You cannot see it. That is why We are speaking about it to you, at this time. So be it.”

AUGUST 29, 1994 AT 12:02 P.M.

SAINT ALPHONSUS LIGUORI

“The Father requests Many of Us to speak, so the Words will be written for thousands upon thousands, even millions, to read and to better understand the dignity, the responsibility, and the Purpose for which each man is born to the world. When there are negative responses to This Gift of Divine Love, it is sadness We feel, because it does not just diminish Our True Presence through This Miracle, but it is rejection.

I hold *the little one* deep because of the tremendous Power that passes through her whole being, in order for Our Important Words to be able to be read by millions in this time and all time to come.

Many Directives have been given as responsibilities. This *little one* through whom We All speak understands fully the Magnitude in the meaning, and suffers much physically and mentally because of the lack of follow-through that obviously does not occur. She has been directed in so

many areas and she finds it difficult to put so much strain on so few around her.

Some of the Instructions I will submit to you now: She was instructed to once again get involved in areas of instructing the young, so that fewer will become lost to the world, in the world. She cries many tears because of the monetary values that she knows are beyond what are available. She says to The Father, 'The City was the answer to all the major moral problems, and I am sorry it failed to be built.'

I, Saint Alphonsus Liguori, communicate constantly through This Gift of Divine Love, because it is a Gift beyond human ability to recognize on one's own degree of Faith, what a Miraculous Happening, Occurrence, This Miracle truly is.

Many men gather and discuss wrongfully regarding this Treasure of Divine Love, that so many Souls want to be seen for Its Greatness, Its Love, Its Truth, Its Purpose, Its Goal. We fear for all ages. This moral tragedy did not occur in a few hours, in a week, in a month, in a year. So much

impurity, immorality, total indecency, has been a great pleasure to the enemy of God and man.

These Books, All of Them, as each page turns, the individual who is turning the page will not see it, but the Soul will feel happiness because of What is being taught, described and instructed for the benefit of the individual Soul.

I speak slowly because of the exhaustion in this *little one's* whole being. We All understand all of the problems connected to what it physically takes to spread These Pages throughout the world. Think about this: No price tag can be placed on the Value of the Instructions, the Messages, the Information that has been put into script. It is important for These Pages to pass throughout the world from one hand to the next, from one culture to the next, from one house to the next, from one country to the next. Nothing must stop These Words from Here.

I could speak hours continuously, but *the little voice* I use must rest. So be it.”

SEPTEMBER 7, 1994

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. I speak through a small voice, *a little one* in the world, giving to you direct, firsthand, a Lesson in the Importance, of the Importance, of What is happening in your presence so many times, in so many ways, for so many reasons, for the sake of Souls, yours, and those who will read the Words.

There are so many who try to deny This Gift of Divine Love, because in their manner, their mode of living, they find that such a Presence of This in the world, would in many ways force them to change their manner of living, their ideas, and the company that they keep.

There are many Lessons that have been taught in simple ways, simple forms, in a simple manner, that in Their Very Words give Direction beyond what any learned individual could make possible at a given time, spontaneously, for the sake of all Souls present and who will read the Messages at a later time.

The Father uses a *small one*, for through a small voice His Power is heard, seen, understood, and should be followed.

Many of Us stand with this *little one* many times during the day. We awaken her at all times during the night, command her to write one Word or many. We do this because if We were to speak solemnly through your whole day and your whole night, it would be physically impossible for any human life to endure, so We use a method that she is used to, obedient to, constantly conscious of, and ever aware to respond to, whether it be one Word, two, or many.

There are so many who must understand All the Lessons that We have delivered through this Gift of Divine Hope. Men, women and children must be told about It. They must read the Words or have Them read to them, so they will be aware of What is occurring in the world in your time.

It is true, many who will want to know, speak other languages. It is true, the world is hungry for the Knowledge that passes through This

Miracle of Divine Love, of Divine Hope. It is Divine Source, for mankind to better understand why The Father created human life, the Purpose of the Soul that each human life has, and the Goal The Father has intended for each Soul, to return to Him Forever.

Mankind does not understand what forever means. Forever is a word that says 'no time limit'. That is true. But for the Soul Who was delivered to each conception, the Soul is the recipient of all that the individual human life is, does, uses, knows, and responds to.

On this day I spoke many times, and I asked her to write what I wanted you to be aware of on this night. What was spoken was necessary for you to see the association that she has with Others, and the Information that gives you a better understanding of What is occurring.

Be aware of how much The Father loves you, and in this Love, how He is presenting It in an understandable way to you, so you can fully understand what a privilege it is to be man in the world, and to serve physically, mentally, morally, spiritually, for The Father's

Will to be done by you, through you, for the good of your Soul.

We All speak plain, in a language you understand. Now it is for you to represent All you know, All you have learned, and through your actions, your words, your example, pass It to all with whom you meet, with whom you live, with whom you work, and with whom you enjoy recreation.

Bear in mind, you are example in all areas of life. What you are is what others see, and remember, you are example to all ages, to all with whom you come in contact, and yes, to all that hear about you in some little way, some form of communication, through the speech of others who know you a lot, or know you just for a short time. You extend out to many, in all directions. You have responsibilities beyond what you can comprehend.

Remember what I have said on this night to all of you men. So be it.”

SEPTEMBER 11, 1994 AT 2:45 P.M.

SAINT ALPHONSUS LIGUORI

“I have been speaking to this *little one* for at least seven to eight hours on this day in your time. As she listens intently to My Words and the Words of Others from Here, the body that listens this way is exhausted according to the physical mankind knows to be. There are Several of Us always present when *this child* is in your presence, and even when she is alone.

There is no Miracle in the world as This One is, and many try to discredit how she walks, and the Words that pass through her as We speak Them, and when They are being read.

So many times One of Us will speak, and *the child* will say, ‘I want to be sure I do not miss One of Your Words; be sure You say it plainly, distinctly, and in a full manner of how You mean it.’ We smile at this, for as We speak she hears no sound. I am Saint Alphonsus Liguori.

As you speak regarding the necessities that surround This Miracle that is to be handed to mankind

throughout the world, We want you to understand, All the Words that are destined to be in print for mankind are never to stop flowing in all directions, no matter how many men, women, or even children, deny Where These Words come from, the Validity of These Words, the Value of These Words, because you see, This is a Miracle as it was in the Time of The Son of God.

It is a Miracle of Instruction, It is a Miracle designed to give mankind of all ages, all cultures, all creeds, the manner in which the mind, the will, the nature and the abilities are used to practice all things necessary for the protection of the Soul.

There are so many who are self-designated in proclaiming that they are qualified to tell others how they should live, what they should practice, and what moral values and moral standards are satisfactory for life in this time.

We have taught much regarding this issue, and it is time that mankind throughout the world be able to read, to understand, and evaluate for themselves, the practicality, the logic, the Beauty, and the Designated Goal

for that Important Portion of life, the Soul.

I will release her slowly so she can continue on with you, but All of Us Here want you to know: Where she is, Many of Us are always present, for This Miracle has been given to the world to give to mankind The Father's Will, The Father's Divine Love for the protection of all Souls. So be it."

"I will add to this: No human could withstand all the Power We are, because you see, the frailty in the human body is extremely weak, under stress.

This Miracle is constant, and much 'Preparation' had to be allowed, used, and perpetuated. No human being, no matter what station in life he or she holds, could understand how This occurs.

There is great sadness to Us, when those who are in so-called 'authority', use their mentality, their backgrounds, their positions, in the description of what This Miracle is all about. So be it."

SEPTEMBER 12, 1994 AT 11:08 A.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph. When you pray to Me, you think of Me, you speak of Me to others, rightly so, you address Me as ‘Saint Joseph’.

This Beautiful Miracle that bears My Name in this manner of Address, is a Gift of Divine Love by The Father. Those who hear the Words, will read the Words that have been delivered by so Many Here, will grow not just in spirituality, but physically, mentally, morally.

It is sad to hear any rejection, small or in depth, regarding This Gift of Hope, of Love, because It is to help mankind better understand the Importance of human life because of the Soul that is placed within each conception.

The Soul in many ways has a comparison to The Holy Spirit of God. It is a Light, and It is a Special Gift of Understanding. It is also a Portion of Him. Without a Soul mankind would be, and would have been like all

other living means, manner, ways, and things.

Why it is so difficult for some to accept that I Am The Third Person of The Holy Trinity is difficult to understand. It shows a lack of man's full belief in how The Father loves mankind so much that He reveals at This Time, Information, Facts, so that mankind will better understand the association to being made, created to the Image and Likeness of God.

Those who consider themselves learned in Spiritual matters are ignoring What has passed through This Gift of Hope, Gift of Enlightenment, Gift of Love. If they were to look at the reality of such Information, it would All be logical, instead of them making determinations that are comfortable to their limit of discernment.

Man calls it 'a trait of egoism', always an excuse to disregard the fact that man's inability to understand such Phenomena is limited in so many ways, due to the lack of seeing beyond What has been passed through the years, in a format that man can relate to, associate with, and understand in a human manner of thinking. This

Miracle of Divine Love must never be treated as ordinary, or as some form of imagination, guesswork, or opinion.

There is so much more to be given to mankind through This Gift of Divine Love. It is The Father's Will and The Father's Way, showing His Love, through All the Information regarding the Importance of the Soul that is a Portion of Him, placed at the moment of conception. So be it."

SEPTEMBER 12, 1994 AT 1:21 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius.

Man refuses to accept the heresies that surround the whole world at this time. Man says: ‘It is a thing of the past. What we practice now is change, and this change is pertinent to our advancing or advancement in understanding spirituality, Spiritual reality.’

There are many learned men and women who positively refuse to identify with the practice of heretical beliefs. They term these changes as ‘advancement in knowledge’, regarding Spiritual enlightenment, practices, fulfillment, et cetera.

Some who understand the necessity for a practical view of prayer life, devotions, are example, but are not outward enough in what they say and do, to encourage those who believe in heretical practices.

I hold this *small one* tightly, because in My Delivery regarding the extent of heretical practices, it

disturbs her, because she is so fully aware of Our Presence at all times, and knows the difference between these two extremes in Spiritual Light, Enlightenment and practices.

I will leave now but I will return at a later time.”

SEPTEMBER 12, 1994 AT 2:57 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

The Goal of life is rarely spoken of in the time in which you live. Sainthood is not taught to be a Goal for the Soul, identifying or identified with an individual human life.

There are so many areas that have been stripped of the Purpose for which human life was intended. It is sad for Us Here to hear children of all ages speak of times, incidences, occurrences, that diminish the beauty of good over evil and purity over impurities.

So many in this time ignore what is right, what is practical, what is logical, what is Truth, what is Purpose, for the Soul to live forever. There are many who deny the existence of the Goal the Soul was intended for, because so much humanism, so much hypocrisy is evident in all manner of activities, practices of human life.

Mankind is growing more and more in laxness in understanding of

The Commandments of God. This, of course, is evident because of all the impurities of mind and body that are acceptable, and are not thought of as being detrimental to one's Soul.

So Many of Us Here in the Heavens are deeply concerned because of the loss and/or the lack of mankind's rejection, resistance to sin. Mankind says, 'Be patient, things will turn and all will return to what it was.'

Remember Sodom and Gomorrah. It had to be destroyed. This story is not myth, nor is it fiction. Times like this truly existed in past History.

Mankind makes fun of many things that give strength to moral values, moral standards. They prefer to accept being what other people are, acting like other people act, accepting what other people accept, even though it is totally wrong, totally against sound values, sound standards, morality.

I find this time with you a privilege, because We are All deeply concerned for all of mankind, and We want people of all races, all colors, all creeds, to understand that life is a Treasured Gift, because it has a Goal beyond any human goal man can

reach. The Soul, this Precious Gift of Life, Love and Hope, is what mankind should be looking forward to, because It is the Goal of Sainthood for All Eternity. So be it.”

SEPTEMBER 14, 1994

SAINT THERESE OF LISIEUX

“I am Saint Therese of Lisieux. I have not spoken lately through This Generous Gift of Love from The Father.

There are so Many Here Who have been directed to teach, instruct mankind, and I was told that on this night I would speak. I am grateful to The Father for this privilege, because you must understand that a Gift of such Divine Love must be understood for the Benefits that are passed through It, in It, with It.

This Beautiful Miracle that bears the Name of A Divine One, One of Greatness, One of Service, One with a Closeness to The Father indefinable, and through All that has been spoken of this Precious One, mankind must understand the Importance of the Goal of Sainthood for everyone.

There is great sadness Here in the Heavens when so many act indifferently regarding the Soul that is given at the moment of conception. This Sign of The Father’s Love is

never eliminated from one human conception. It is sad to hear so much disregard for this Precious Gift, and so much misunderstanding regarding the Importance of human life.

Many pray formal prayers, ones that were written for those who would choose to pray this way, but you must understand that a formal prayer, though beautiful to hear, sometimes lacks sincerity when it is spoken too quickly, without thought, without full understanding of what is being said or read.

Think about this on this night: As you are an individual, you have the privilege of talking secretly, making up your own prayers, your own speech, your own format, in greeting, in love, in getting attention, for We All hear your prayers. We are fully aware of what you are doing. Your Soul is in close contact with The Father at all times. Never forget this.

Your Soul is an Important Part of your daily living, your daily hopes, your daily cares, your daily responses, the soundness in what you do, the laxness in your manner of living,

and your refusal to respond to God's Rules.

You say, 'I love God.' It is a beautiful thing for Him to hear, but then ask yourself: Are you obedient to His Rules? Your obedience is most important to Him because there are so many definitions in each one of Them, meanings that many refuse to fully understand, look into, or even accept, because you see, they look at just the immediate words, 'kill, steal, adultery', and many other words that are easy for them to bear in mind, keep in mind, react to.

'Honor Thy Father And Thy Mother,' actually a very abbreviated form of what this Commandment is all about. It has many areas in which it is involved in your daily living. Of course, it means first The Heavenly Father, The Heavenly Mother. It means the earthly parents, but it also means authority that is good. Do not forget this.

I could go on and on with all the areas in which this one Commandment should be remembered in.

And then, yes, 'Remember, Keep Holy The Sabbath Day.' How many

are falling away from this practice of honoring, showing love, respect at a given time, and it is so seldom requested for you to do.

I could go through each Commandment on this night, but I would like you to think about Them, apply Them to your daily living, and remember, you are responsible to Them, for Them, and you are also responsible that in this example that you extend to others, they will see your obedience to Them, your respect for Them, in how you live.

Sometimes if you're not sure, think about it. Don't pass it off as 'It's okay.' Think about it, force yourself to understand it more, and you will be better able to examine your way of life, your actions in life, your communication with others, your association with others, and you will be better able at the end of day to make a good *'Examination of conscience'*, because if you make a practice of this you will be guaranteed Sainthood.

Don't walk each day just thinking, 'Well, I'm glad this one's over; I hope tomorrow is better.' You make it better by being special,

by understanding more the dignity of what life is all about, and do not accept a wrong action to be popular, to be acceptable, to be accepted, or to please someone else.

Think about this, My little ones, for tonight as I speak to you, I hold each of you close to Me, because there is not one here I do not want to one day be Here in Heaven with Me. So be it.”

She said to tell you that one of the greatest sadnesses Where She is, is the denial of All They say, by some who are in some ways afraid to believe, to accept, or see the Magnitude of the Lessons They are handing to the world through *The Miracle Of Saint Joseph*.

SEPTEMBER 15, 1994 AT 12:38 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius.

There are always Several of Us present where this *little one* is, because This Great Miracle Designed by The Father is being Delivered because of His Will, for mankind to better understand the Great Gift of Divine Love: human life that has a Soul.

Mankind has never fully known the Importance of the connection of human life with the Gift of Divine Life, the Soul. Many things have been written regarding both, but today in your time, The Father is giving to mankind more Information regarding the Importance of human life, the Reason for which He created it, and that Precious Gift of Divine Light that is given at the moment of conception.

This Miracle that bears the Name of The Beloved Saint Joseph, has also given to the world His Full Title, His Full Place in Heaven. The word ‘Heaven’ to mankind is not fully understood. That is why, through This Miracle of Divine Love, so Many of Us

Here have been permitted to instruct all who will hear, all who will read, the Importance of the Soul.

Daily life to man is many times considered a chore, tiresome, and not as eventful or beneficial as man feels it could be or should be. I, Saint Athanasius say, 'Mankind must understand that through one's nature, one's personal abilities, one's own will, one's understanding of what the Gift of life is all about, should give all of mankind, all races, all colors, all creeds, not just a ray of hope, but an understanding that this Precious Gift of life has a Goal beyond any human desire, imagination.'

Let it be known that This Miracle exists for mankind to feel the comfort in knowing that All of Us Here are ready to speak, because The Father has made 'this time' one in which all of mankind is being helped to better understand His Love and His Reason for the Creation of mankind.

There are so many heresies, so much diabolical intervention in all corners, all areas of man's existence. This Miracle has been given as a

Strength to fight all the heresies, all the diabolical interventions.

We say, ‘Use All that you have been given, All that you are aware of, so that your Soul will go right to Heaven.’ So be it.”

SEPTEMBER 17, 1994 AT 3:22 P.M.

SAINT ALPHONSUS LIGUORI

“We constantly keep this *little one’s* attention to Our Presence, because at a given moment, at any given time, We decide that those present need to hear certain Words. These times are not always obvious to those listening, receiving Direction, sometimes Consolation, and many times Information, guiding their directions because of their lack of understanding of what would be best for them regarding issues that look to them just normal to life. Our Words have a way of penetrating beyond ordinary words.

***The little one* through whom We All speak, many times repeats the most important Directions in such an easy way, knowing that the Words are Ours, but appear on a one-to-one basis with the receiver. There is much jealousy that surrounds her, and as many have noticed, she resists reaction or show of negativism.**

I am Saint Alphonsus Liguori. I have given this Message to assure and

insure All that she speaks so openly, so continuously, so spontaneously. Much Love passes through This Miracle, through *a small voice*.

The Father, in His Design of This Miracle, has left no place for mistake. So be it.”

SEPTEMBER 21, 1994

VISION
OUR HEAVENLY MOTHER

I'll tell you what I see, not with the physical eye, but with the Eyes of my Soul. There is a difference. When you see with the Eyes of the Soul, it's perfect vision. It has a clarity in It that the human eye does not have, because It passes through the Soul, just as The Miracle passes through the Soul into the intellect, so This can get down on paper, exactly What They say. So when there is a Vision, It passes through the Soul.

It's Our Lady, and She's smiling. Her gown is very white, the sash is gold. The veil is white but it has gold on it. Her sandals are white. She is standing on what you and I would call the earth, and She smiles and She says, "*Child*, it is really the sun," but She holds back the brightness of the light of the sun because it would be blinding.

I see Someone Else standing with Her. He's smiling. It's Saint Michael.

He looks very strong, and He is in gold also.

“As I speak through this *little one*, My Words must be remembered by you who hear Them, and by everyone who must read Them.

The Father wants Me to tell you all, that men, women and children are being abusive to the Souls that were so generously given to them by Him. Man says, ‘I do not see my Soul.’ I, your Heavenly Mother say, ‘One day you will see your Soul, but you must work for this Moment of Treasure, of Love, of Goal.’

It is important for all of mankind to fully understand what a Gift of Divine Love human life is. Logic says to mankind, ‘My intelligence says to me I was born as man for more reasons than to walk upon the earth.’ That is true.

It is difficult for mankind to fully understand the Magnitude of the Blessing of the possession of a Soul. It is that Gift handed to human life at a time when man thinks of nothing but a human life that is to be born. Rarely does anyone say: ‘What a Beautiful

Soul must be in this small life, because this life is truly a Gift of Divine Light. There is more to this than what I see.'

Think about this: the mental, the physical, the ability to speak, the ability to make decisions, and that precious Gift, the will, that begins immediately. As the child forms, the will is strong. As the child listens to all who speak, the child is learning. As the child feeds to grow strong, there is life. Also, there is a Soul.

Mankind must understand that the Gift of life is the greatest Gift in the world, besides the Gift of the Soul. An animal does not have a Soul. A plant does not have a Soul. All the intelligence in the world cannot make a Soul. No one has truly ever seen a Soul.

On this night I ask you to help others understand the importance of All that has been given to man in Words that they can learn from, that they can become better because of, and they can understand the Importance of walking the world in the human form, and then entering the Kingdom of God through their Soul.

I have spoken so much through This Precious Gift of Divine Love, Divine Hope, called *'The Miracle Of Saint Joseph'*, because it is important for mankind to learn firsthand what human life was created for. It is a Generous Gift of Divine Love. It has more reasons than mankind has ever been told, but as you walk each day through time, remember to say prayers, things that you feel you want to say. Talk to The Father, talk to Me, talk to The Saints, for We hear all you say and We watch you every moment of every day; difficult for you to understand, but as I speak These Words you must believe what I have spoken. You are as close to Us as My Words are to you now. This Treasured Gift of Divine Love is Greater than anything in the whole world. Its Value is Greater than man can think in the terms of value.

I bless you with a Mother's Love, and I bless you with Strength. I bless you with Hope. It is personal in every way. Remember to read What you received through this Treasured Gift of Love, for in some ways, some will learn personal things, a personal path, in certain Words. Others will find this path in other Words that We

have spoken. There is no one in the world that could get closer than These Words can instruct every individual in how to respond for the benefit of his or her Soul.

Denial by some who hear of This Treasure is a sadness to Us, because they do not want to relinquish the things they are used to doing, accepting, that mean so much to them in worldly ways, but I, your Heavenly Mother say, ‘Think for yourself, act for yourself, be example for others, but let no one distract you from what you know is your way.’

As I bless you on this night, I want you to remember that My Presence is as close to you as your Soul. So be it.”

SEPTEMBER 22, 1994 AT 1:42 P.M.

SAINT ALPHONSUS LIGUORI

“When Our Entrance is apparent, there is an immediate response from and through *the little one* The Father uses to give mankind a Lesson to help mankind better understand the Importance of human life.

The little one through whom We All speak is constantly aware of Our coming and going, and We are asked many times by her, ‘Are You here for a while to speak, or are You just passing by?’ We always smile at this reaction because Our Presence to her is similar to when you walk by wherever she is. We heard you discuss how people are drawn to where she is. This is truth, because you see, her whole life has been like this.

I am Saint Alphonsus Liguori. There are many problems that this *little one* faces every day and every night because of uncontrollable circumstances that she is aware of, because of man’s lack of understanding, lack of charity, lack of belief in how God would work, and

a lack of knowledge in how We Here are requested to give Direction, Help, Hope, and Lessons in many areas of life, for many reasons beneficial to men, women and children of all cultures, of all ages, of all characters, of all degrees of understanding.

As time passes, man counts the hours, then the days, then the weeks, then the months, and then the years. We Here in the Heavens are more aware of what is occurring, what man is accomplishing, and the Importance of the individual's Soul that is the Most Important Part of human life.

The Beloved Mother smiles at This Miracle because It is a Miracle of Divine Grace, Total Divine Intercession, Divine Guidance, Divine Will. It is a Miracle of Instruction, constructively given to help all of mankind now and for all time to come, to understand the Importance of why life was created, and the Goal for which it was created.

The word 'Sainthood' is many times overlooked, passed over, ignored, questioned, doubted, but through This Miracle of Divine Love, much is being taught, encouraged, through the

delivery of so many important issues regarding the Importance of human life.

It is difficult for some who have faith that points to only one way of thinking, and that thinking is more full of self-love than love God's Way, and has little knowledge of the Importance of the Soul.

I bless the whole world many times because it is important for mankind to see the value of human life, and work in every way possible to ignore all that is wrong, fight all that is wrong, be against all that is wrong, and see the benefits, the beauty in all that is right, all that is moral, because there is a soundness in it that nothing else can have or is capable of showing.

The little one through whom I speak has so oftentimes asked Us to help those who cannot believe, because she sees the need in understanding what a privilege it is to be a human being, because of the Soul that is a Divine Gift of Love. So be it."

SEPTEMBER 22, 1994 AT 2:42 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. It appears as though We stand in line to speak through This Beautiful Gift of Love from The Divine. A Gift such as This One is, is not a Blessing in disguise, but in Its Very Wording, Outwardness, and Truth spoken, shows that It is truly from The Divine.

The Father cares so much about all living human life. The Father has placed within each being a Portion of Himself, a Soul. So many try to ignore this Special Gift of Light because they do not see It, they cannot feel It, so they say, ‘If It is there, and It is Part of me, I should be able to see It, to feel It, to get to know It.’ What a foolish response this is from those who doubt the Gift that is a Light beyond any light man can associate with, relate to or recognize.

This Miracle hands to mankind firsthand, Words, Messages, Instruction that can be received from no other source but from The Father’s Will, through His Love, His Direction, His

Mercy, for you see, human love cannot compare to Divine Love.

In many ways, human love is a reflection of The Father's Love, designed by Him for mankind to be able to respond in a loving manner, a caring way, a deliberate form, in relationship to show beyond what is ordinary. Love is many times spoken about, but how many can truly define it?

As I speak, there are Many standing Here with Me. They have spoken many times through This Miracle that bears the Name of a Specific One, One of Great Light, Great Wisdom, Great Hope. Mankind must understand that This Miracle is a Gift beyond human understanding. It is a Gift given to mankind because so many Souls are being lost to the enemy of God and of man.

Man has been given intelligence, a mind, an ability to learn many things, an ability to act with and on specific things, such as human needs, human practices, human Gifts, that are all subject to what the mind is capable of doing. Respect your mind, for it is that portion of you that understands

the Privilege of the Soul that is within you.

The Father has given Me permission to bless each one who will read These Words, for in Them there is Direction, there is Care, Caring, there is Love that is not human, but His Love that is Divine. So be it.”

SEPTEMBER 22, 1994 AT 3:28 P.M.

SAINT JOSAPHAT

“I am Saint Josaphat. I have spoken many times through this *small voice*. The time in which you live is a troubled time, a time that the enemy of God and of man is active and is activating many wrongs, many diabolical interventions in important places. His entrance into the background operations of Holy Places is evident by the disruption that has been caused and is being deliberately caused, rejecting the beauty of what mankind must do to protect that Precious Gift of Divine Love, the Soul.

Many times, Many of Us Here request to speak when there is one or more present to hear Our Words. The Father decides the time, the place, the circumstances, because it is important that at certain times those who will hear the Directions, the subject matter, will grow stronger from it, in it, and will be able to be better example to others because of it.

In the time in which I lived, We were ever conscious of right and wrong, truth and untruth. We were also aware that many conditions, situations were of evil nature. You, too, must understand that all things should be scrutinized before they are accepted. One must weigh what the results will be. One must look into what effects the actions or situations will have on the Soul and on the physical life of the individuals involved.

As you stand in the world, active in the world, involved in many things of value, you have responsibility; you have to understand more than those who do not see the values and the moral responsibilities that are a part of everyday living and everyday involvement. Also, all things you are involved in must be considered for their moral values and their moral standards, above and beyond any chance of there being, or having one speck of immorality or any wrong in any of the standards.

Each of Us that are allowed to speak realize the importance of Every Word We pass through this *little one*, because it is The Father's Will that All We speak be written for thousands,

millions, to read and to be able to follow in their individual abilities, so that they will be informed and not left out of the Guidance, the Beauty of This Precious Gift of Divine Love, *The Miracle Of The Beloved Saint Joseph*. So be it.”

SEPTEMBER 28, 1994

SAINT ALPHONSUS LIGUORI

“It is difficult for many who have studied theology, and have practiced walking in an instructive manner of life regarding spirituality, to fully understand The Father handing to the world a Miracle such as This One through *a small one*. It is sad to hear mankind make snide remarks and question What passes through, but it does not change the Value of the Words, the Lesson, nor does it make It any less because It comes through *a very small one*, not a great big powerful voice.

I am Saint Alphonsus Liguori. I speak many times through This Miracle. It is The Father’s Will that I do. It is a privilege to give to mankind Direction in so many areas of life, Direction that has an instructive format, and is centered on the Beauty of each one’s Soul.

Man does not understand the True Full Existence of the Soul. The Soul is a Portion of The Father. Some men hear this and they become very argumentative, disturbed, arrogant,

because they do not understand this Special Gift of Divine Love, because they learned about It through a different format, a different means.

I hold *the little one* tightly because the physical is close to collapse. We speak the whole day, and sometimes the whole night. There is no time that she is without Someone from Here, difficult for man to accept, fathom, and difficult for some who say they are very strong in their Faith in God, but they cannot believe such an Occurrence as This in any human life.

Nonetheless, the Words prove Our Entrance, the Words prove that We are The Ones Who speak the Directions in a way that mankind can fully understand what is meant, and what is expected of the individual human being.

Small children, little ones of very young ages, would have no problem understanding the Great Love that passes through This Miracle. They would have no doubts, no questions, because if they were told it in the manner you are being told it, their Faith would succumb, their Faith would love to hear the Personal Love

that passes, through a human life, from Here.

When you speak to your children or to children that you meet along the way, speak gently, speak truth, and when you do, the child or children will accept it, because they will feel the sincerity in what you are saying, what you have said, what you mean, and they will apply it to themselves automatically.

I will let this *little one* rest on this night, for there is so much on the morrow to be done. She waits for Our Entrance, not as easy as man thinks it to be, for Our Entrance has a Power in It beyond any power man can think of, react to, or design.

So as I bless you through a *small voice*, through a *small body*, I say, ‘As you are the custodians of Our Words, Our Love, The Gift of Divine Hope, it is your responsibility to use It to the fullest, and always pass It on.’ So be it.”

SEPTEMBER 29, 1994 AT 2:47 P.M.

SAINT ELIZABETH

“I am Saint Elizabeth.

There are so many important subjects spoken about in This Beautiful Miracle that bears the Name of a Very Special Place, Person, Here.

It is difficult for many who hear about This Gift of Divine Love, to comprehend or even imagine such an Occurrence in this time that mankind is looking at Spiritual direction through the stories of past historical writings, based on specific incidences, times, cultures of people, and problems that are associated to individuals who gained prominence through some outstanding work.

So much has been revealed to help mankind better understand the Beauty, the Purpose, the Goal for which mankind was created. Also, there has been much revealed beyond the normal understanding, concept, that mankind was used to accepting through the historical writings that were made for instruction, as instructive measures.

Instead of disbelief or total negativism, one should look at the reasonability, the practicality, and the positive directness of All that has been given, All that has transpired, All that has been so generously elaborated upon.

When mankind receives an expensive gift there is much gratitude, much joy. This Gift of Divine Love supersedes all gifts that mankind can offer.

I do not announce Myself very often, but I am always aware of what this *little one* is expected and/or directed to do, think, or act upon. This is a Love from The Father beyond any human understanding, ability. So be it.”

OCTOBER 1, 1994 AT 7:05 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

There is always much sacrifice when a Miracle of Divine Love such as This One is delivered to the world by The Father.

The sacrifice requested of mankind, in reality, is small compared to the Treasury of Gifts that The Father extends for the benefit of not one individual human life, but for millions of Souls that are to be returned to Him.

Man says: ‘I have read about the Soul a little bit. I have heard about my having a Soul. I realize it takes a Faith in such a Lesson, or Lessons, to make me see the realistic value of such a Lesson on a Part of me I have no way of seeing, I have no way of feeling, and I have no way of fully understanding Its connection to my physical life.’

In the world today there are so many different attitudes toward what is necessary to believe in, to follow, to understand, regarding the Purpose,

the real meaning for human life. As each day passes, men, women and children look at only the physical aspect, the mental aspect, and do not fully comprehend that with these two areas of human life, there is a Portion of The Father that exists within this life. This Portion of The Father has a definite descriptive name. It is called 'a Soul'.

This Miracle named after a Very Special Part of The Father, 'The Spirit of The Father', expresses to mankind of all races, of all colors, of all creeds, a Personal Love, a Personal Connection that joins human life with Divine Love.

Some men stand by and say, 'The manner in which This is delivered cannot be exactly true because we have learned it differently, and if It is true, why was It not delivered before this time?'

I, Saint Alphonsus Liguori, say: 'Only The Father chooses The Time for such a Magnificent Lesson, Revelation, Instruction, Teaching, to be passed on to mankind to give additional strength, additional purpose, to why it is so important for mankind to recognize

the True Value of All that has been given before this time, such as The Commandments that in reality are much more extensive in meaning than the breakdown that man has learned.'

Each Commandment should be elaborated upon to its fullest meaning, because it will then instruct in the details necessary for man to understand more what each Commandment covers for the benefit of more understanding of the morals that man must be fully attentive to, aware of, and follow because of the necessity to value purity of mind and body, over the chance that mankind will not see the full intention designed to cover all aspects of human life.

There is much controversial argumentation, discussions, over so much being passed to the world through *a small one, a small voice*. Man says that such important Information, Revelations would, in their thinking, be delivered through one in high position in theological circles.

The little one through whom We All speak is *a funnel* totally obedient to God's Will. So be it."

OCTOBER 2, 1994 AT 3:17 P.M.

SAINT CHARLES BORROMEIO

“I am Saint Charles Borromeo. I have spoken many times through this *little one* who has been given the Task to pass to millions, Instructions in how to live a life supported by not just belief, but by practicing, in Faith, what is necessary for the Soul that was given at the moment of conception.

Though it is difficult for men and women of advanced theological learning to understand such a simple approach that passes through This Miracle, because they feel that if it was truly from The Father or from Any of Us, it would be dictated in a much more highly educational manner. I ask this question: ‘Is not simplicity the easiest and the most idealistic form, manner, to learn by and from?’

Thousands and thousands and thousands of Words have been said in such a simple form, to give men, women and children of all ages, all races, all colors, all creeds, a simple yet Complete Direction to follow to become ‘Saints’.

The word 'Saint' has been pushed to the background, placed in a category of non-existence, denial, saying that this Purpose for human life is a thing of the past, not for now, and in no way to be concerned about reaching It when the human way is done.

There is so much advanced knowledge in books, concentrating on words that do not say in an understandable way, what is best, what is right, what is correct.

Even though there is much talk, acceptance of what has been presented in the form of a Catechism, I must say this: It is complicated theological concept and must be seen to need more explanation because the rhetoric, though it has attracted many, lacks the simplicity to understandability for most who will read it, who will try to follow, who will try to learn more about what Sound Christianity is all about.

So many times mankind complicates the most simple fact or facts, to make a subject matter more interesting, appearing as a great work of intellectual backing. It is

time for mankind to see that the most important Lesson, Facts, Directives, in connection with sound spirituality and the Goal intended for all Souls, is put simply through a Statement: ‘It is important to follow in all areas of life, sound moral values, sound moral standards, purity of mind, body and Soul.’ So be it.”

OCTOBER 3, 1994 AT 11:00 A.M.

SAINT ALPHONSUS LIGUORI

“As you see a ray of sun from the sky to the earth it brings happiness; to some it’s a wonder.

At this time, All of Heaven is delivering in a personal way, Rays of Hope, Rays of Direction, in a clarity understandable to all who will listen, and to all who will read the Words. This is a Phenomenon. This is a Gift of Divine Love. It has Purpose. It has a Design to the mind of mankind, for mankind to see a Ray of Light, a Hope, a Closeness, a Oneness, because All that is given is given with Divine Light.

As the sun has a great purpose, the Words that pass through This Miracle have equal purpose to the light of the sun, the warmth of the sun, the beauty of the sun.

I am Saint Alphonsus Liguori. Every Word that has passed through this *small instrument* of The Father’s, has been to give to mankind Direction, Hope, wrapped in a Special Light

beyond man's understanding, called 'the Light of the Heavens'.

The next time you feel the rays from the sun, be sure to remember the Rays of Love that were put into Words for you to remember. So be it."

OCTOBER 3, 1994 AT 1:50 P.M.

SAINT AGNES

“I am Saint Agnes.

I have come on this day to request of you to be sure that young people hear of This Miracle, be instructed regarding what It is all about, and be taught what It says.

There is a great abstinence of valuable instruction to young people at this time. Many times they are handed a book, expecting them to read it, to understand it, and apply it to their way of life. There is sadness to this approach, because many times the most simple directive must be explained so it can be absorbed and it can be put to practical use.

This Precious Gift of Love is not just for those who have reached higher years, but for all, even the very smallest, because you see, Instruction on what is good or what pertains to The Father, little ones absorb like little sponges, and believe it or not, it remains within their being even though they do not speak about it, and

perhaps sometimes it does not show through their actions.

I beseech all who read These Books, all who have heard personally the Truth in Wisdom, in Logic, in Hope, in Love, ‘Teach It to all you come in contact with and never forget, when you pass It on you create a chain of events, because the little ones will one day pass It on to others.’ So be it.”

OCTOBER 3, 1994 AT 2:17 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. If We had Our way, there would be no time during one day that We would not speak through this *little one*, because you see, the world is in dire need for All We have to teach, speak on, speak about, and direct mankind in.

Throughout the world, there is so much dishonesty, immorality, and a lack of spirituality. Throughout the world man is fighting man, and many are arguing the True Existence of God. Some say, ‘If there is a God, why does He not bring peace, harmony, and love to the earth?’ It is sad to hear these words, these cries from so many who walk each day in fear of the next moment, in fear of other men, women, and even children.

Mankind says, ‘I have Faith, why is this happening?’ I, Saint Catherine of Siena say: ‘What part do you play in bringing peace, applying peace to your way of life? Do you follow a pattern of Spiritual love? Do you see in others any identification of their believing

in God, their behavior in obedience to The Commandments of God?’

Many times when mankind shouts for help, he forgets to see what he or she is about. Are they part of the problem, the terror, or do they feel they cannot express what they truly feel?

Is it not time for mankind throughout the world to recognize that human life has a Perfect Goal, Sainthood; that human life is a Gift of Divine Love, Divine Hope, and the Goal is for all mankind to first acknowledge, then accept, then practice to reach, because in practicing purity through sound morals, through sound standards, there will be hope, change, progress, and full understanding of the Beauty of the Gift of life. So be it.”

OCTOBER 6, 1994 AT 1:50 P.M.

SAINT ANNE

“I am Saint Anne. I speak many times in conversation through This Beautiful Miracle that The Father has given to give strength morally, physically, spiritually, to everyone who has the Faith to understand the Importance of human life, and that it has a Purpose for the creation of it.

As I speak through *a small one* in the world, My Words come to all who will hear Them and read Them, on the Winds of God’s Power and most certainly in The Power of His Winds.

There is so much desecration in this time throughout the world. There are so many who refuse to obey The Commandments The Father gave. All homes should have Them listed along with the meaning of each one. They should be taught, spoken about, and clearly described, so that all ages present will better understand what is expected of each living human being.

Man says: ‘We have laws to live by. If we neglect our obedience to them we will pay a price.’ Remember,

The Laws of The Father cover all laws between men, women, and children, so it would be wise for all to remember this important Statement: Have The Rules, The Laws obvious where you live, and perhaps even where you work, so others may see Them and begin to recognize the importance of morality, and it is possible it could lead more than one to a purer way of life than anything you could think of, any kind act you could perform, any show of caring you might make.

Many times as I listen to One from Here speaking in This Beautiful Gift of Divine Love, Divine Light, it gives a happiness that is difficult to describe to mankind, because it gives hope that with the Instructions, others will begin to look at the Goal of life in a positive way, a beautiful way, and individually make plans to change what is wrong so they will one day find Sainthood.

So much has been given through This Gift of Divine Love that is so understandable, so Beautiful and so clearly stated. So be it.”

OCTOBER 6, 1994 AT 3:00 P.M.

Note: This Revelation was preceded by a Teaching that was not written.

SAINT TERESA OF AVILA

“I am Saint Teresa of Avila. I have many times spoken through This Precious Gift of The Father’s, not always announcing My Name but teaching extensively. I did not ask you to write, for what I wanted you to learn would be better learned by you if you heard the Words and you were not distracted by having to write Them.

When We speak through this *small one* in the world, We speak in a Direct Manner so that those who will hear the Words, those who will read the Words, will not have to read extensively to understand the point of Instruction We want to be seen, known, followed.

There are millions of people of all ages who must read the Words because of the importance of Each Word that will give strength to their full understanding of why The Father created mankind, why The Father gave to mankind an intellect, talents,

physical abilities, and an innate concept of the Importance of Spiritual life. Even those who doubt there is a God, inwardly want there to be a God.

Human life has so many areas in which it is directed, such as areas to earn what man says 'my living'. There is an area sometimes very strong in some that demands what man calls 'educational' gains, growth, ideals. This list could go on and on.

This Miracle named after and for a Special Part of The Father is truly a Miracle of Love, of Care for mankind. Each day man instinctively is aware of what he or she sees, what is spoken, what is accomplished or not accomplished; also those who have been instructed on Spiritual facts regarding the Importance of God, and of his or her own Soul, thus giving to mankind a Goal.

When one learns to better understand what human life was created for, then the responsibility is evident in all actions, all speech, all goals. Man, through Faith in God, must say, 'I have a Goal,' not be ashamed of saying it out loud, no matter who is around. Sainthood should not be

a word not spoken, but spoken more often, and in a manner it can be heard. So be it.”

OCTOBER 7, 1994 AT 6:51 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius.

Heresy is in many areas of Christianity in your day at this time. It is difficult for many to believe it, to understand it, to accept it, because when the word is spoken, or the idea comes to mind, it is passed over, believing it only to have been a condition, a situation, belonging to times past.

Heresy is a tragedy to Christianity. It is destructive to sound realistic Faith in God, in tradition that is good, and the Importance of man’s Soul.

Today as I speak, thousands will read My Words, and many will not understand the fullness in What I speak, for in their manner of living they find their way of life is comfortable, their manner of belief in God acceptable to the degree they believe in, plus their practice in Spiritual acts is sufficient to their way of life. Some feel if they recognize or accept that there is a major problem existing in the formal

practice of their particular belief, it is not sufficient enough for them to be concerned about.

I, Saint Athanasius say, ‘The slightest inflection, intention of any context of heretical input is damaging to the soundness in which, and for which, Christianity was founded.’

This Miracle through which so Many of Us speak can be described thusly: It is an Ultimate Gift of Divine Love.

As millions must read the Messages that so Many Here have been directed to give, it is important for all of mankind to understand, if it was not Important, God would not design such a Miracle of Divine Hope for mankind to see the Great Love He has for mankind.

As I leave you in Words, I do not leave you in a total way, for Many of Us are constantly present where this *little one* is, because The Father has chosen it to be this way. So be it.”

OCTOBER 12, 1994

VISION

I will tell you what I see. One is Saint Michael and He's smiling, and He said to remind you that The Father Himself at one time took a stand, a major stand, when so much envy and jealousy was present, and He had to cast out of Heaven one He loved very much.

I see Saint Peter.

SAINT PETER

“It is difficult for man to fully understand a Miracle of This Greatness, Magnitude, Determination. It is difficult for mankind to fully understand the Purpose for a Gift of Divine Love such as This, because man sees only what he is surrounded by, and he is not always fully aware of the complications that are destructive to his or her Soul.

Another will speak through this *little one* in the world, because though it is difficult for many to understand that We would come in such large

number in a time in which you live, it is Truth, Fact, and logical that We do, that We are continuously evident to this *little one* through whom We All speak.

The seriousness of This Miracle is more than mankind can comprehend. The Responsibility of repeating Our Words is more than mankind could possibly realize, because of the manner in how mankind must associate with human life every day.

As I speak to *the child* silently, she watches every move I make, because as I move I am walking in the direction of Another. It is not easy for one like you, to say the Words that pass through this *little one* in the world. Our Words are Strong Words. Our Words are Words of Direction. Our Words are to give to mankind of all races, all colors, all creeds, the strength, the ability, the drive, the logic, the Direction, to be aware of the Soul that was so generously given as an Act of Love from The Father, at the moment of conception.”

OCTOBER 12, 1994

SAINT ALPHONSUS LIGUORI

“I stand many times in the presence of this *little one*, and she says, ‘Are You going to speak?’ Sometimes I say, ‘No, not now.’ Then there are other times, as I announce Myself to her, she is readied to write or to speak what I Will to be down, for others to know about. I have spoken often. I am Saint Alphonsus Liguori.

This Miracle is a Gift beyond any gift mankind could ever receive, except, of course, the Gift of Sainthood.

So Many of Us Here listen daily to ridiculous diabolical forces taking place. We watch. It is difficult to tolerate, but The Father always says: ‘Remember the will I have given. Allow the child, or children, to use it. It was My Gift.’ We know this, and that is why This Miracle that bears the Name of such a High One, a One of Great Power, is so Important to the world. His Power, with just One Word, could stop all things that exist.

Your time here on this night, you must see it as important for the

Benefit of your Souls, for you see, as you have learned together, you must respond together, you must help each other and you must help those with whom you live.

You must help many that you come in contact with, not by preaching to them, but by being the example that will make them think, that will give them strength to see, to imitate, to follow. They will not recognize it openly, but that is not important. The important thing is that as you leave here on this night, you radiate through what you say, how you act, and how you treat important things.

Example is the best way many times to turn an individual's mind around, because you see, example can be the most important step you can make to give strength to someone else. They won't thank you for it because they will not see it as you meant it to be, but you, knowing what you know, you can thank The Father for being the instrument that helped someone's Soul have a better chance of coming Here.

So Many of Us speak daily, hourly, sometimes very small subjects,

because It is a Teaching Miracle, and through Our Constant Close Association with this *little one*, We help her absorb what We are going to speak about. Sometimes We say one Word, sometimes We say two, and then when We are ready to speak It she says, 'I understand now what You meant.'

As you are Blessed tonight by Many Here, you must understand it is The Father's Will that This Miracle was placed in the world at this time, because of the desperate need of man. Some men might be critical, but it is important that they hear about The Miracle, perhaps read Something from It that was passed through for the whole world to better understand the Purpose of human life, and the Gift of Divine Love to be born as man.

Blessings come in different ways. Sometimes you find yourself, when something nice happens, something good, you will say, 'That was a blessing in disguise.' This Miracle is a Blessing, but It is not in disguise.

Every Word that has been spoken, that has been written, is to feed mankind throughout the world Instruction, so that many millions will

begin to better understand why life was created, the Importance of human life, and the Gift of Divine Life, the Soul, to live with The Father for All Eternity. Eternity, to man, is a word that bespeaks forever, forever, forever, forever. That's true. That's what it is, to live with The Father as a Saint forever.

As I bless each of you present here, and I bless each who will read the Words, I bless those who will read the Words and try to change. I say, 'Do not forget tonight, because as *one* like you in size, in manner, background, has been chosen to speak Our Words, It is a Treasure beyond what mankind can fully understand, but know that It has been given Direct, for the Benefit of your Soul.' So be it."

OCTOBER 15, 1994 AT 2:37 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph.

Many would wonder and do wonder why one such as this *little one* would be chosen to walk such an Important Road for Me. It is sad to hear any remarks on this subject. Mankind should know never to question The Father’s Wishes, Choices, or Direction.

So much has been planned for This Miracle that is to give to the world Hope, generate love, direction, strength, and in many ways carries a distinct type of Love that emanates without question from The Father’s Will.

This Miracle is a Gift of many dimensions wherein It is a Teaching Miracle, instructing mankind in Volumes of Enlightenment regarding the Precious Gift, the Soul.

I speak many times in ordinary conversation where this *little one* is present. Those who listen find answers, directions, hope, understanding, and

in many ways are able to handle It because it is done in such a normal way.

The world has been Blessed. Mankind has been given a Gift beyond human understanding, human ability, human love. So be it.”

OCTOBER 19, 1994

SAINT JOSEPH, THE HOLY SPIRIT

“Many of Us speak day and night, for this *little one* to pass Constructive Instruction on to you and to thousands of others. As she is with you many times in a personal way, she is also with Us in a very close way.

Many with whom she comes in contact automatically ask her opinion, her advice, her thinking. She always smiles at this, for she knows that what attracts them is Our Presence in her being, and We are ever alert to what they are going to approach her with, for, on, and how.

Many of Us Here speak openly through her. It appears as though she is expressing the thought, the intention of all that is necessary at that time. As We pass through her Soul, Words of comfort, Words of advice, Words of understanding, to a degree that an individual, or several individuals can understand, We are ever conscious of all that will come from It, and all who will be able to follow What has been spoken.

The Father speaks many times, The Heavenly Mother very often, and I speak constantly Myself. I am The One you call 'Saint Joseph'. This Miracle that bears My Name, much about Me, has been given to the world to allow mankind to better understand, to more clearly understand, the Importance and the Privilege, the Love that has passed to mankind through the human way.

Man says, 'I am Christian.' This means that man believes in God, and should believe in The Commandments that were given, for to believe, to be a Christian, says there are Rules to follow, proper methods to follow, and a sound means in which to do this.

Some men say I would not speak, nor would Anyone else. Many say, 'It must be learned from a book first, because there are no more coming to the world in this manner that was given hundreds, even thousands of years ago.'

Man is not aware of the Magnitude of This Great Miracle that passes through *a small one, an obedient one*, one who is in constant contact with Our Voices through her. There are

many solemn moments that you do not see because We do not allow it to be, but it takes great strength physically, to be able to listen so intently that the Words can be passed to others so efficiently.

When you read a book and you get to the bottom of the page, no matter what the subject is, do you remember every word you read, or do you remember just a few? Would you be able to repeat that page word for word, in the manner it was given? Not really, for you would have distraction. But when We speak through this *little one* in the world, her attention is solely on Us, and she, in her obedience, allows no distraction to enter Our Closeness.

We oftentimes smile at the strength it takes to repeat Our Words, Our Lessons, Our Love, because you see, dedication and hope that mankind will better himself, herself, to a degree where all will become 'Saints', has a Love beyond what mankind could ever understand, really could ever deal with on a moment to moment basis, every day, all times.

I speak on this night for I want you to remember the Lessons that

were given today to you. They were Special. There is much in Them for you to remember, to understand, and to be aware of. There is much for you to grow from, in, morally, spiritually, even some ways physically.

As I bless you on this night, I do it because of the importance of what a Blessing is. A Blessing gives strength, gives hope. A Blessing hands to you a Grace to better understand the soundness in morality, and the desire to one day become 'a Saint'.

As I entered with *the child* on this night, I was with each of you in a special way, and I want you to know that if anyone ever says to you, 'I cannot see what you believe in, I cannot feel what you believe,' say to them this: 'If you learn how to walk in the sandals of True Faith, sound love God's Way, it will be easy for you to believe what I believe, because you see, it is such a logical, practical way.' So be it."

"I will add a note to this, My sons. In many ways it is impossible for men in many stations of life, to fully understand why The Father would give a Miracle such as This to mankind, but

remember, the deeper one has in Faith in God, understanding of the Way He Works is easier for the mind.”

OCTOBER 21, 1994 AT 12:08 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“Many times We speak of situations, conditions, occurrences from the past times, that occurred to give strength, to give hope, understanding, knowledge, and to encourage perseverance in the tasks that were ordained to be accomplished. I am Saint Joseph.

As I was always aware that all sacrifices, all actions, all hopes, all work, was done in a human way for Me, I want you to be aware that I am always blessing those who act in favor of My Way.

According to past History, the stories regarding My Path, My Vocation, My Manner of life, was not written or described in Its fullest way. The Father designed ‘this time’ in which you live to allow mankind to be instructed in many things, for which, in which, and That Which I Am Associated With.

Truth is difficult for some to understand when it is different in ways than they first learned through

stories, but now in your time it is important for mankind to see a more realistic portrait of How I Truly Was, Am. As I bless so many through This Beautiful Miracle that bears My Name, I also bless those who find it difficult to understand such Phenomena.

Sometimes Spiritual understanding has limitations because of a structured education that was designed for that time, but now through This Miracle of Divine Light, Divine Hope, mankind will better understand the Importance of the time in which I lived upon the earth, and recognize that if things were not as they are described to be, the History of Our Time upon earth could not have been embraced with such safety.

It is important for those who find it difficult to accept the Revelings through This Miracle surrounding Me, must not allow complicated theory to interfere with understanding such Rational Information regarding Who I Am, What I Am: The Third Person of The Holy Trinity.”

OCTOBER 21, 1994 AT 3:08 P.M.

SAINT THERESE OF LISIEUX

“When a prayer is spoken with sound from the one who is speaking to One of Us Here, We hear the words in such an open manner because sound gives depth to the meaning.

Then when We see a child of any age concentrating, reading the words of a prayer, We feel a Love beyond what man can compare. The seriousness in how the content is expressed, felt, is important to Us. When We hear a child say a quick remark directed to Us, We respond, because there is always a need or a request that needs attention from Us.

The communication between mankind and Us is special in so many ways. It is based on Faith in the human life, for do not forget We, too, walked that way. Prayer is necessary to keep in touch. It can be compared to two children in the world, any age, using conversation as a manner of communication.

Mankind can easily relate to loving someone or many others.

Imagine how Great is The Father's Love, when in reality it is His Gift of life that obviously says 'No one is born without His Personal Love.'

It is important for all ages to see human life has a Beauty in it, a Direction for it, and it is a Special Gift of Divine Love, Divine Hope.

I am Saint Therese of Lisieux. Please do not set aside What I have spoken, but read It so you will remember It in any time of need or hope. So be it."

NOVEMBER 19, 1994 AT 2:55 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

This *little one* through whom so Many of Us dictate Messages of Great Importance, is constantly aware of Our True Presence.

It is difficult for so many in the world to accept, or to even try to understand a Gift such as This for the benefit of mankind. Many stand on the sidelines and say, ‘It can’t be; God does not work this way.’

Past History obviously proves this statement wrong. There have been many times that Phenomena such as This occurred, always of course to correct wrongs, and/or to deliver to mankind Information to give strength, hope, nourishment for the Soul that can be so victimized by sins of the mind, the flesh, and the weaknesses in moral standards and moral values.

We All speak in the language that is understandable in the area where this Great Miracle of Divine Love, Divine Hope has been placed.

There can be no question by anyone regarding the Importance or the Value of All These Messages that bear in Them obvious Truths and beneficial Direction.

It is sad to hear so much diabolical intervention has infiltrated the Spiritual fields of occupation, where everything practiced, taught or directed, should be based on sound moral values and sound moral standards, because of that Precious Gift presented at the moment of conception, the Soul.

If there was no Special Gift of Divine Love, man would not have been given a conscience or an understanding of right over wrong, or by nature be so understanding of the value of truth being more important than untruth, and purity better than impurity in morals, in values, in standards, in all facets of life.

The Words that have been passed through this *little one* are Words clearly able to be understood by all who hear Them, read Them, so It is not questionable, or to be questioned, what is meant by What We All say to mankind.

In the idea that God would not give to mankind at this time a Miracle such as This One, is ridiculous, because the logic in such a Gift of Love should be understandable, especially when immorality has reached such a peak of obvious diabolical presence and intervention.

We All could speak continuously without any stop, but mankind could not handle such a continuity of Our Presence in such a visible form, so Our Messages are designed to a certain length, for mankind to be able to fully understand what is important, necessary, or that morality is to supersede immorality every moment of every day, in every station, every act of life. So be it.”

NOVEMBER 26, 1994 AT 2:30 P.M.

SAINT MARTHA

“I am Saint Martha.

I do not often speak openly through This Miracle of The Father’s Love, but many times I do speak in a manner that would be termed ‘conversational’, on issues that appear normal to the moment, situation or condition that is being the subject at that time.

This *little one* through whom so Many of Us speak, is in many ways recording in a normal manner, Words, Directions, Lessons, that are directed according to The Father’s Will.

It is sad to hear so much diabolical criticism from so many who feel they have the knowledge, the ability, the understanding, to speak out negatively against the Words from Here. We All speak subjects that The Father decides will be beneficial to the lives of many.

You truly live in a time worse than all other times in History that were diabolical in many forms, and in

many areas of human life. Man talks about cultures and puts great emphasis on this distinction that supposedly categorizes man's actions, ideas, ideals, mentality and characteristics. When this is done, it in some ways omits the fact that sound moral values and sound moral standards have a definite formula for life:

Purity over impurity;

Right over wrong;

Decency over indecency;

Faith in God over a lack of soundness in morality and values.

Sometimes when We speak through this *little one*, We find Ourselves willing to speak without stopping, because there is always so much to say, so much Love to be shown, and so much Caring for the Souls who hear What We say, or those who will read What We have spoken.

The Miracle is consistent in Value and Truths. When We hear criticism of It, *the child* is directed to work harder to fight the enemies. It is sad that so many who hear of This Gift of Divine

**Love are encouraged to not believe It,
but to reject It.**

***The child* through whom We
speak must continue to do what she is
directed to do, in spite of any obstacle
she encounters. It is The Father's Will
this be done. So be it."**

NOVEMBER 27, 1994 AT 4:07 P.M.

OUR HEAVENLY MOTHER

“It is with much Love I speak on this day to children who I know love Me much. I am your Heavenly Mother.

This Miracle extends to the world particular Facts, Information in descriptive Words, for mankind to better understand the fullness of human life. When mankind was created, it had an obvious distinction above all other creations.

When the time came and mankind was going to be spoken about, and much Information was going to be delivered regarding the Distinct Purpose for the Gift of human life designed by Divine Love, much was written at the different times, so that Information would be left for mankind to be able to learn about the beginning, and also about the many steps morally, physically, that would lead to the time in which you now live.

There are so many things that have not been recorded, because of a lack of ability to describe clearly, particular times, particular incidences,

particular people. At the time I lived, We did not have scribes writing Our every movement, Our every action, so Stories had to be told, and much of These have passed down through History.

I speak through *a little one* who is constantly alert to Our Presence. This was designed by The Father so that mankind would have the Information, the Knowledge, and the ability to see and to be able to act in the correct manner under many different circumstances, for the right reason, the right goal, the right purpose.

Many times mankind has read or heard about that Special Portion of Divine Love, that Gift of Unity with Divine Will, the Soul.

Many stand outside This Precious Gift of Enlightenment and argue against Fact, Truth, obvious Reality. Why? Because to accept such logical Information could mean change in attitude, vocation, acceptance, and in understanding the necessity for purity of mind, of body, and of the Soul.

This *little one* through whom so Many have spoken clearly, directly, in Words understandable, is *an*

instrument of Divine Love. Think of it this way: One of the greatest means to learn about something, a situation, a condition, or past History, is to be through the written word, or through verbal conversation, stories, directions.

This Miracle is doing what is best in so many ways, for mankind to fully understand the Importance of human life, human dignity, human purity. It is not impossible for mankind to think in a pure state, act in pure ways, and be example of sound moral values and sound moral standards. It is something that should come natural because of the inward strength it gives.

There is no confusion in goodness, only in what is wrong. There is happiness in sound purity; there is joy, contentment, strength, hope, in actions that portray soundness, hope and love for being a human being, knowing that this Special Gift of The Father's has a Goal beyond all goals of all living things: Sainthood.

Those who will read My Words, I will be present. Those who pray to become stronger, I am present. Those who strive for Sainthood, I promise to

help in many ways, because the Goal of life is to return to The Father the Greatest Gift He could give mankind, a Portion of Himself, the Soul. So be it.”

DECEMBER 7, 1994

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

I will draw this *little one* in deeper because of the tremendous physical exhaustion that the human body has so continuously because of the Power, the Responsibility, the Purpose, for All Messages to be given to mankind throughout the world.

There is great concern for the amount of translation into different languages that will become evident, but as this language that you are familiar with is one in which so many throughout the world are beginning to recognize, to use, and to understand, it is important that Each Word be correctly written.

This Miracle is a Miracle like no other One, because This Miracle gives to mankind Instruction, Definitions, Reasonings, Purpose, Direction, so that mankind will be able to understand more of the Purpose for life, and that within each life a Soul, a Portion of The Father is placed, so that man will be able to understand the true

dignity of being man, and that it is not like all other creations in the world, but has a definite place, a particular direction, and a Special Purpose.

It is true, We speak almost constantly through this *small instrument*, because there is so much help needed where mankind's Soul is involved. You cannot see, nor can you always recognize diabolical intervention in so many areas of your daily life. That is why This Miracle speaks on so many subjects, gives so many definitions, so if you do not understand one, the other will help you better understand what The Father wants of you, because of That Portion of Him that is in every man.

Man says, 'I cannot believe this to be.' I, Saint Alphonsus Liguori say, 'How could I be speaking to you if I did not have a Soul, for it is through My Soul I contact you.' My Soul has a name, a name you can recognize and relate to. One day The Father wants your Soul to bear your name Where He is, for All Eternity.

It is difficult for mankind to understand fully The Father's Way, The Father's Will, The Father's Intention,

The Father's Purpose for human life, but bear in mind, you were born for a Specific Reason, a Specific Purpose. Never deny this. Your human mind has an alertness, the ability to speak in a knowledgeable way. What would be the purpose for this if you did not have a Greater Purpose for your life to be?

I bless you, My sons, in a way that you understand a Blessing to be, but what I have spoken to you is of great importance, for I want you to remember you are not just a creation to live each day and then die; you are a Creation of The Father's, to live one day with Him for All Eternity. So be it."

DECEMBER 10, 1994 AT 11:28 A.M.

SAINT JOSEPH, THE HOLY SPIRIT

“It is difficult for men and women with high learning abilities to understand a Gift of Divine Love in the time in which they live.

Man uses education through books, through others’ knowledge to accomplish goals that take understanding, application and abilities to accomplish results.

This Miracle in Its Simplicity, Its Character, Its use of understandable Words, says clearly What has been deigned for mankind to believe, to follow, and to understand as beneficial for human life and for Divine Life that is within each human being in the form of a Soul.

So many, when they hear the word ‘Soul’, act and react indifferently, because they cannot, or decide to not address this possibility within their being.

It does not take a diploma to arrive at Sainthood. It does not take a twenty-four hour a day kneeling in

prayer. It does not take a constant conversation with all others on spirituality. It takes an inward Faith, a belief, and an understanding that man was created for a Purpose, and this Purpose was Special.

In human life, man strives for success in many ways, in many fields of education, of work, and of entertainment. It is innate in man to reach for success. Why would so many not see the reality that if all this is innate in mankind, would there not be a Higher Goal to seek to accomplish? So be it.”

DECEMBER 14, 1994

VISION OF OUR HEAVENLY MOTHER

I will tell you what I see.

Our Lady is standing in front of a Throne. She is beautiful. The Throne is the huge gold chair that was to be in Her Chapel. The Crown is huge. It's quite a few feet above Her Head.

She's smiling, because I am trying to see Her Face, but She said that to see Her Face as It Truly Is would be more than any human being could take. So that is why She shows Herself in all Visions, in a manner, in a way, and to a degree that it can be understood, and it represents Her in a Vision that mankind is capable of handling.

OUR HEAVENLY MOTHER

“As I speak through a little one in the world, I speak with a Mother's Love, a Mother's Hope, that all who will read My Words, and those of you who are hearing Them direct, will grow more deeply in love with The Father's

Way, Will, Desire, for the Soul that was given at the moment of conception.

It is sad to hear mankind deny this Gift of Divine Love, ignore It, and in many ways say: 'It cannot be. Why would God give such a Gift to me or any other living human being? I cannot see It, I cannot feel It.' I, your Heavenly Mother say, 'It is, It has a Special Place in your conscience, in your will, in your nature, in your understanding of what is right, what is wrong.'

It is innate in mankind, whether he or she accepts the responsibility of It or not, to know that there is Something in-depth in decisions of, in, everyday life. When mankind talks about what is right, what is wrong, sometimes the decision for wrong overpowers the decision for right when selfishness is present, egoism, and many other things that are negative to goodness, purity, love for God.

As I speak, I speak with a Mother's Love, with a Supernatural Love, with a Divine Love, and with a Love that expresses hope that each one who hears My Words, reads My Words, will remember to understand that Gift

of Divine Love, the Soul, that Precious Gift of The Father's.

My children, it is not easy for mankind sometimes to stand against odds that are so overpowering, when a decision has to be made to stand firm on what is right against all those who want their decision to be the one accepted. Mankind is selfish in many ways. Sometimes when right is so important to be chosen, the enemy of God and of man intercepts and uses some weakness to cause a questionable answer or act.

I speak often through This Miracle of Divine Love. I do not always mention My Name, but This Miracle has been given to the world as a Miracle of Instruction, so that mankind can better understand, fully understand the Importance of human life, the Reason for which The Father created it, and the Goal He has for it.

When you give a gift to someone you love, and the individual or individuals do not handle it with care, it troubles you, it can even worry you, depending on what the gift is.

Think about how The Father must feel when you do not protect the

Soul that is a Portion of Him, when you make the wrong decision and it leaves the Soul with a scar. You must remember that one day this scar must be removed by you. So many times mankind depends upon forgiveness, but mankind sometimes, and many times, forgets restitution.

My little ones, remember, the Love that is in your life every day is the Love of The Father's for you. Let no one encourage you to ignore that Precious Gift of Divine Love, your Soul.

I bless you on this night in many ways, a Mother's Love, a Mother's Wish, a Mother's Hope, a Mother's Care, because you see, I want you to better understand how you must see things in the correct manner, correct way, as you walk in the world as man. Your Soul can be victimized by you. The hurt is sometimes deeper than you can imagine hurt to be, but let no one tell you that just saying you're sorry is the answer to all the wrongs you may do. You must see the reality that you must make it up in some form. You must correct the wrongs.

As I leave you, I say: ‘This Miracle was given to the world, knowing the fact that many would reject It, but remember, Truth, The Father’s Love, the Instructions that are so carefully prepared, are that so one day you will return to Him in a Glorified State, the Soul that you were given to guide you through life, to give you the strength to understand what life was all about, the Purpose of it, the Dignity, the Beauty, the Greatness, and the Love that was behind it, the Goal for it.’ So be it.”

DECEMBER 25, 1994 AT 3:30 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“My beloved children, I am Saint Joseph.

The work that has been designated by The Father to be accomplished at this point in time, has been difficult for many to accept and to defend, because of a lack of Spiritual strength, sound Faith in how The Father would work at this time in History.

Because of so much diabolical intervention, much more emphasis is put on the necessity for mankind to reorganize their individual standards and individual values of their morals.

The simplicity of so much Direction that has been so generously and lovingly passed through *this small individual, this little one*, must never be dismissed or ignored by any age group, by any man, woman or child who has the Faith to see or to practice obedience to the order of The Rules, The Commandments, that were passed to mankind, numerically speaking, three thousand years ago.

This *little one* through whom We All speak, through whom so much has been delivered, will be less tolerant when opposition to This Miracle of Divine Love is expressed by those who feel superior, more knowledgeable, more in tune with theology.

All through time, when The Father chose ‘a human voice’ to pass His Messages, His Guidelines, His Words, His Directions, to a multiple number of people, He basically used a voice, and in many ways an innocence; also, a deep personal Faith in Him, so that What He Desired to be delivered to others would be accepted without question.

Mankind many times rejects what is Valuable when it is not his or her own thinking, totally ignoring the Value of the content of the subject, for the Personal Guidance that is obviously Supernatural, and not how an individual would think, or want to be fully responsible for.

Many Blessings have passed through This Gift of Generosity, Gift of Divine Love, because at this time It was greatly needed, and The Father, in His Love for mankind, addressed so

many subjects in simplicity, not just for one, but millions of people throughout the world.”

DECEMBER 29, 1994 AT 3:30 A.M.

***“This Revelation is to be
read and remembered
by mankind of all races,
all cultures, all creeds.”***

**“Our Words are endless
Our Words are timeless
Our Love unlimited
Our Hope beyond man’s
comprehension
Our Manner of reaching
mankind incomparable
Our Manner of doing things
unquestionable.”**

JANUARY 3, 1995 AT 8:35 P.M.

SAINT ALPHONSUS LIGUORI

“We talk plainly, clearly, logically to mankind, through *a small voice*. Our Words, Our Directions are in many ways understandable and unquestionable, because of the content of All subjects We approach and clearly state. I am Saint Alphonsus Liguori.

It is sad to hear so many speak against the possibility of such a Happening in this time. Mankind must see the turmoil that surrounds daily life as a means of disturbance that can only be determined to be from a diabolical source.

The many Directions that have passed through This Miracle of Divine Love are to secure the safety of the Souls that are Part of every human life.

Instinctively man knows that there is an Inner Force, Source, that tugs at the moral values and moral standards of everyday living. This Force, and/or Source, has a way of entering all moral decisions and all other decisions.

Many times the weakness of one's moral ethics, moral judgments are trapped into a false attitude, and/or perception of the results that will occur from the wrong decision.

It is important that more emphasis be put on the necessity for sound moral values and sound moral standards to be the obvious line, and/or pattern of action.

Repeatedly We have announced the importance of sound moral values and sound moral standards, achieved through sound ethics in all areas of daily living.

The Father's Generosity is becoming less tolerant of abuse to the Soul He so generously gave at the moment of conception.

This Warning Comes In A Softer Way Than Those That Will Come If Things Do Not Change."

JANUARY 5, 1995 AT 6:00 P.M.

GOD THE FATHER

“There have been many times in History that I have appointed, I have chosen ‘a particular child’ to teach, to instruct, to direct, to accompany other children on a Path designed by Me for the benefit of Souls. So many in the world would say I would not speak. I, your Father say, ‘I speak oftentimes in many ways when there is a decision to be made, a decision that will be for the benefit of a child’s Soul or the Souls of many.’

As I have placed This Particular Miracle upon the earth to give to mankind My Love, My Direction, My Hopes, I have oftentimes extended through *a small voice* a Love beyond mankind’s understanding or ability to imitate. This *little one* through whom I speak has for many, many, many years been subject to My Voice, My Way, My Intentions, long before it was announced publicly that it would be this way. As I hold her deeply, it would be difficult for many to fully understand the amount of Power I use

to reach in such a manner, so direct, man.

The time in which you live is a difficult time, for there are many who are walking a tightrope over an abyss that is holding a multitude of evil forms that are controlled by the enemy of Me and man. I have shown her the abyss and it is too much for her to handle, for I put her on the tightrope, and as they reached up, the scene was one of total horror to her mind and the Portion of her that I use to extend My Will to man.

I will release her slowly from this sight, and I will erase most of it from her, because it is too difficult for her to see such a view of demonic aggressiveness that mankind is subjecting their Souls to in so many ways. I am still releasing the sight. She says to Me: 'It is a horror. It is evil. I cannot bear it.'

As you speak on progress, you see it in the eyes of man. All the Directions I have passed through this *little one* Myself, and Others Who are Here with Me, must be delivered throughout the world.

Man has been targeted by the enemy, and These Words from Here will save many Souls. Some men would say, for such a mission as This: ‘Why was such *a little one* chosen? Why was it not someone who had a strong voice, a strong body, and appear as a great leader, to be able to attract volumes of listeners, readers, to get attention to such a Project?’

I, your Father, have chosen a very small one, but a very true one to My Word. Her genteelness and her gentleness, in many ways is a tower of strength in ways mankind does not always see strength.

What has been spoken on this day must be accomplished, because of the need throughout the world for All that has been given for the benefit of mankind to be able to make sound judgments, sound reasoning, for the Purpose I intended for all Souls.

Little ones should be taught that there is more to them than their legs, their arms, their abilities, their brain, their eyes. Little ones must be taught that these senses must be automatically volunteered to seek what is right, what is moral, what is

sound, what is good, what is valuable, what is practical for the Soul.

I speak so much through this *little one* in daily conversation. Sometimes some will look at her and feel that what she is saying does not seem to be coming from her, but they do not understand what they feel or the reason for which they feel it. I Am The Father, and it is sad to hear so many who read This in print, deny that I would speak at a time, or through such a *little one* as this.

I have created This Miracle because of the great need in the world for mankind to understand that human life has an Importance, that human life has a Goal, that human life is a Gift of My Love in the world.

Through her I seek your eyes. Through her I seek your ears. Through her I seek your mind to be used to better understand the Love I have for man, and the Importance of each man's Soul. I will hold her deeply until I decide I can release her to a point where it is safe physically. So be it."

JANUARY 18, 1995

SAINT JOSEPH, THE HOLY SPIRIT

“As I hold this *little one* deeply, I speak to men who have a distinct Faith in The Father’s Way, The Father’s Will, and who join together in gratitude for the Blessing allowed to be at this time in which you live.

As I come closer I hold her more deeply, because of the littleness of *the one* We use to reach all of mankind, with Instruction, with Direction, for the Souls that are so Important to The Father.

Many men sit in rooms, arguing over why The Father would choose such a *small instrument* for such a Major Task for the Souls of millions upon millions upon millions upon millions to better understand the Purpose for human life as man.

When you read a book, and you gather from it something helpful to you for your way of life, you treasure the book, you remember the book, and you tell others about the book. When the Words that have been passed through This Miracle are sent to all places

throughout the world, men, women and children will better understand the Gift of life and the Goal The Father so Generously has waiting for it.

Man says, 'I do not want to die.' We understand this statement, but also, mankind has not been taught the real value of life and the Great Gift that awaits each one's Soul.

Sometimes mankind dwells only on what he has, what he knows, what he feels good with, what he can associate to and with. Man must begin to see that human life is a Treasure, and this Treasure must be understood in the manner it was given.

Human life was a Gift of Divine Love. When man says to man, 'I love you,' and the love is not returned, there is a sadness. Many times there is a great loss. Remember how many times The Father has spoken through This Miracle saying: 'I love you. Within you I have placed a Portion of Myself, a Soul.' What greater love can be spoken about than the Gift of Divine Love?

Each human being must understand that human life is special and has a Great Purpose. Human life

showed how special it was, when Those Who were of The Divine took the time to be upon the earth, to walk in the form of man, to be Example, and to leave a Heritage that has passed on for two thousand years to give mankind Example.

Many who stand on the sidelines and deny that this truly is the way it was, are men and women who do not fully understand the Beauty, the Generosity, the Hope and the Love, in The Father's Way. It is difficult for some to accept such a Revelation in this time in which you live, but it is not impossible, for nothing to The Father is impossible.

Man says I cannot be The Spirit of The Father. Does man truly know What The Spirit of The Father is Like, is All About? No.

Man says The Beloved Queen, The Mother, cannot be Divine. All things through time have pointed to What She Truly Is, to Who She Truly Is, the Greatness She Truly Is. How can man, in his limited way, deny this?

There are many other things that have passed through this *small voice*, for mankind to better understand the

value of human life and the Goal that The Father has planned for it. The Goal for man is entirely different than the goal for anything else that was created. Man is special because of the intellect, the will, the nature, and yes, the Soul.

This *little one* through whom I speak is much smaller than you realize, for as I speak, it is her innocence, her Faith, her belief, her love, her love for The Father above all things, but whether you understand this or not, her love for mankind supersedes any other human life on this subject.

As a little one, We spoke to her and she spoke back, and as time grew, she grew, the conversations continued. She always knew that This Miracle did not happen at her will. It was The Father's Will, because He had prepared her for this time before the moment of her birth.

As she laughs with you, as she talks with you, as she is in your company in so many ways, I, Saint Joseph say, 'She is also more with Us than man can comprehend in the human way.' Her obedience to Our Will is beyond what man knows obedience to be.

You must understand that what you are hearing is for the benefit of your Souls, because your Souls are why I am speaking to you. Your Souls you cannot see, but the very fact that you fully understand the importance of prayer, you fully understand that right over wrong is what you must act with, act upon and act for, that is your innate understanding that Something within you knows the value of truth, the value of purity of mind and body. You are here on this night because Something within you encouraged you, and then your will accepted what you were asked to do.

There are so many things We have spoken about, We have taught, We have directed, We have participated in, to encourage you and others to understand. Your strength in what you know is Truth will give others strength to understand what is in the Books.

There was no better way to give to the whole world what mankind should know about, should think about, and should strive for, than to put It in writing for mankind to read, to more fully understand the Generosity in God's Love for all of mankind.

As I send a Blessing to each, I hand you, in My Own Way, a treasured Word. It was spoken earlier on this night by Me: ‘Awareness’ is many times the first step to progress; ‘awareness’ can be the first step to Sainthood. So be it.”

FEBRUARY 8, 1995 AT 4:20 A.M.

“Nothing we do, accept or advocate, does not reflect as separated from all other parts or extensions of our lives. There are always connecting links to our personality, nature, character, routine, habits, beliefs, intelligence, likes or dislikes, our friendships, activities, education, hobbies, and/or our desires, hopes, ambitions, the type of vocation we choose, or are involved in, our background, and/or our Spiritual beliefs or disbeliefs.

The interlocking extensions of all we are can be interesting, successful, full of hope and challenge. It all depends on our choices of what is right, what is beneficial, what is morally sound.

Also, no matter how independent we are, we are connected to other people through family, friendships, work, school, socially, medically, legally, spiritually, and in all areas of life that our presence is seen and/or heard.

Life is in some ways like a jigsaw puzzle. Sometimes it takes time to fit the pieces together, but when we do, it looks and shows it to be successful and worthwhile.

Many times mankind forgets or dismisses a very important fact of life; that is, that mankind, in his or her conception, is totally dependent on other human beings, and this dependence continues all through the learning structures of life, and even beyond this. Some of the most important facts to be remembered, the dependence is on other people, and this reality is not an isolated case. It is a case that applies to every human life.

In each human life there is a Gift of Divine Love, Divine Life, and this is called 'a Soul'. The Soul is the recipient of the thinking, the actions, the intentions, the doubts, the hopes, the dreams, the nature, the character, the will, the personality of an individual and their Faith in God; plus, the Soul, in Its full Concept and Essence, is That Portion of God that is a Gift beyond man's comprehension, understanding, or ability to physically recognize.

Logic says it is expected, as an individual, to show respect for human life, and to recognize the dignity in its form of creation, manner of creation, reason for creation. Human life has so many Gifts of Divine Love, through the ability of the intellect, of the will, responsibility to carry on the format that was designed by God Himself, regarding the creation of human life, the care for human life, and the development of the intellect that is within each human life.

It is difficult for many to show gratitude to those who were the instruments in their physical creation, many times through self-righteousness, superiority, indifference, instability in what is reality, fully out of sync with reality, not seeing, not recognizing, not accepting the Gift of human life as having a Goal Higher than any creation in the world.

What makes an individual see the Reality, the Purpose, and the Light, based on the Gifts that mankind innately has: intellect, communication, and above all, the ability to recognize that human life had to have a Higher Creator, human life had to have a

Specific Design by an Ultimate Means and Being?

Human life is a Special Gift, not ordinary, and though the word 'dependent' is logical in so many areas, from birth on, that distinct extra Gift of the will must be understood, and Faith in a Higher Being is ultimate in its reality and in its sense of logic.

Mankind must never forget there is always a dependence for others on personal needs: food, clothing, transportation, education, monetary help, needs; instructions in moral values; the abilities of others, to learn history, mathematics, languages, sciences.

Unlimited areas of intellectual prowess is always available, and never forget, everyone born is not the first to be able to be the only or ultimate keeper of the knowledge of all areas they are involved in.

Dependence is evident, but what one does with dependence is the important issue. Logic says dependence must be based on sound moral values and sound moral standards, always remembering that the Goal of life, the Goal for the Soul, is Sainthood."

FEBRUARY 8, 1995

SAINT JOSEPH, THE HOLY SPIRIT

“I have spoken so much on this night in a very natural manner with you, to you, so you would fully understand the Beauty of The Father’s Love for you, the Naturalness in the Love, the Existence of the Love, and yes, the Fullness of the Love. I am Saint Joseph.

It is important for you to fully understand that as ‘this place’ upon the earth bears My Name, It bears a Love you cannot understand, you cannot fully know, because when The Father gave This Great Miracle to the world, He did it in a slow manner, in a manner that mankind could begin to better understand the Closeness of Heaven to man. So be it.”

FEBRUARY 15, 1995

OUR HEAVENLY MOTHER

“It would be difficult for many who do not fully understand This Gift of Divine Love through The Father, that has been given to the world at a time when there is so much need for direction, for care, for love, for understanding, for hope, for a Way to follow, a Direction for the benefit of one’s Soul.

This Miracle of Divine Love was handed to the world a long time ago, many years before the years that were counted. A long time ago We spoke to *the child* through whom We now speak, and We said: ‘A time will come when you will walk a Path difficult, but for the benefit of mankind. It will be a narrow Path of Understanding, a narrow Path of passing Hope to those who will listen, those who will understand the necessity for such a Gift of Love for the life of man.’

I am your Heavenly Mother. I have spoken so many times through this *little one* in the world. All that has happened in her past life happened

for a reason, and at no time was she never close to Us, never listening to Our Voice, because you see, at the moment of conception This Miracle was Decreed to be.

Mankind would find it difficult to understand such a statement as This, because mankind is used to dealing on man's terms. Mankind is used to fighting in areas where he or she cannot agree.

This Miracle is a Gift of Divine Love, Divine Hope. This Miracle is a Gift, not just to a few, but to the millions who will read the Books.

It is sad that it took such a long time for These Books to reach mankind, but there were many obstacles placed in the way of Them being prepared, because The Father's enemy did not want All the Words from Here to be seen by the eyes of those who needed to know, to follow, and to better understand the Purpose of human life that is a Treasure to every man.

I have spoken many times in general talk, through this *little one*. I have watched you smile, I have watched you listen intently. I have heard your laughter, I have heard your inner

thoughts. I have seen much desire to better understand the Importance of human life in the way of man.

As a Mother, I want you to know: a Mother's Wish on this night is that you will grow more in love with The Father's Will, more in love with handing to others, those you know and those you love, and those you have never yet met, for one day when you meet them, you will be able to extend to them a Special Gift of Hope.

And remember this, My little ones, as you hand a Book to one who has no Faith, or has little Faith, has little understanding of what human life is all about, you are handing a Treasure of Love from Here, because you see, the Words through a little one such as *this one*, could not be heard by the whole world. That is why the Words were written, the Lessons written, so that mankind could read, in his or her own time, the Words.

Some men look at the Words and they say: 'It sounds right. Why does not it come out from great places that This is true?' The Father says, 'It does, It comes from Here.'

My little ones, remember, that as you leave here on this night you have a responsibility. The responsibility is first for your Soul, so that your Soul will be Here with Us for All Eternity.

And then you have another responsibility, to share your love for What is Truth with others. And if they do not understand, they wish to deny What you hand to them, say nicely to them: 'I'm sorry you cannot see the value of such Beauty and Truth in The Father's Will. Maybe some day you will find the Faith, the understanding, and I will pray for you. Please pray for me so that I will have the strength to do what I know I must do. Pray for me, that I will have the ability to help Souls The Father Wills.'

I bless you, My daughters, and My sons who are hearing My Words on this night. Be assured, nothing you do in The Father's Name for the Souls of others, is not seen, not heard. We are watchful of your way at all times, every day, and it is Our Love for you.

That is why you were chosen to be with *this child*. You did not choose the way. You were chosen for many reasons. The 'place' was chosen to be.

So be aware of this, and do not try to feel that What you are hearing is for others in ‘this place’. I, your Heavenly Mother say, ‘It is for you.’

As I leave on this night, I bless you with a Love you cannot fully understand. It is a Mother’s Love of Hope, a Mother’s Love of Truth, and a Mother’s Love for your Soul. So be it.”

MARCH 1, 1995

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. I speak through *a little one* in the world. As the Words are spoken, many of you recognize Them as Words that give much thought to daily living, much energy to the mind, and much hope in ways you do not always think about.

This *little one* through whom We All speak, is *an instrument* of The Father’s, and has been for a very long time. The Words that pass through are Words of Direction, Words of Hope. As the Words pass through systematically, They are easily understood by you.

***A small form, a loving form* has been handed to the world at this time in which you live, because this is how you, and many, many others, could understand the Magnitude of the Instruction that has been, and is being given to man.**

The Words that have been written, have been written in such a form that would not be difficult for all to understand. The Words are clear, definite, and in all ways

understandable to even those who are not fully educated, because you see, The Father loves all men.

A child picks a book up. A child says, 'I want to read.' Someone assists the child in this, and the child, in learning the new words, learning the meaning of the words, grows more interested in what is being said.

So much was given to you on this night, so much for you to think about, for you to better understand that as you are in the world as man, you have responsibilities morally, mentally, physically, because you have been handed a Gift of Divine Love, a Portion of The Father called 'a Soul', and this Soul is the recipient of all you are, all you do, all you say. This Soul is with you every moment of every day.

Mankind is a Special Creation of The Father, because in this Creation The Father has placed a Portion of Himself. Let no man speak to you in denial of this Gift of Divine Love, for you must understand, as man, you have the ability to become 'a Great Saint'.

I do not say that your name will be known throughout the world. That is not important. But when the time

comes, and the announcement is made that you are amongst All of Us, We will All join with you in a manner and a way that will be a joy to you forever.

Never forget, you have the responsibility of a Special Gift. Make a promise to The Father on this day that you will return It to Him with your name, and when you do, It will be Pure in Its State. So be it.”

MARCH 6, 1995 AT 1:34 P.M.

SAINT TERESA OF AVILA

“This Gift of Divine Love, Divine Guidance, Divine Direction, that has been so personally dictated because of The Father’s Love for mankind, must be handed to mankind, no matter what Spiritual Faith they have become accustomed to, no matter what color they were born with, because no human being is conceived without a Portion of The Father’s Love, and this Distinct Portion of human life is called ‘a Soul’.

So much has been handed to mankind through *a small voice* at this time. It is sad to hear denial, rejection, and in many ways, pessimistic views, accusations, regarding this Ultimate Gift, this Personal Gift of Instruction to all of mankind, because of the need at this time for mankind to fully understand the Importance of human life and its Goal.

Many times We speak through ordinary conversation where this *little one* is present. The naturalness has many benefits to it, because mankind

is inclined to listen to What is said, personally associate to What is said, and it is often easier to remember at a later time.

The benefits of so much of what We speak being written Word for Word has a definite reason, purpose and goal, because even though man's memory has the ability to recall the Wording, the Discussion, the Particulars on issues spoken about, it would be impossible to remember the exactness in What was meant to be remembered.

This *little one* through whom We All speak is never out of reach with Us. There are so many issues on the importance of Faith in God that must be spoken about and better understood by all races, all colors, all creeds, because of the importance of sound moral values, sound moral standards, that are of such great necessity for the purity of everyone's Soul.

I am Saint Teresa of Avila. In the time I was upon the earth there was much dissension, and of course, it was important then also, for people of all ages to understand the Importance of God's Commandments. In these years, the present ones, so many have

dismissed These Precious Guidelines, Rules in daily living. Mankind should ask himself or herself: Who said They were outdated? Only the enemy of God and of man would infer such a statement, or encourage anyone to omit These Rules from daily living.

This Precious Gift of Divine Love that bears a Name of Greatness, should be seen by all of mankind in the Beauty, the Love, the Purpose, and yes, the Ultimate of Revelation in reference to The Divine Position of Saint Joseph.

No man, no woman has the Gift of discernment that it would take to make such a Statement on his or her own perception, but We have spoken It openly, that He is More than a Saint. He is The Spirit, The Holy Spirit of God. He is The Protector of the Souls. That is why This Great Miracle has taught so much, and will continue to do so until The Father says It will stop. So be it.”

MARCH 6, 1995 AT 3:12 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“The Title I have held for such a long time is a Title of Beauty, Love and Respect. When a child prays to Me, a child of any age, I hear the prayer, and in a way suitable, right, for the conditions, the situations, and/or the circumstances, I know that in any area, as I extend some form of aid, help, it is strengthening, and in it there is a Love that at some times is not obvious, but it causes a contentment that is indescribable in human terminology.

The word ‘Saint’ has a Beauty to it, and distinguishes Those Whose Name follows the word in a particular manner, way. It expresses Faith in the Supernatural, it expresses love between the natural and the Supernatural.

Though it is difficult for some to fully understand the Magnitude of the Supernatural, it is sufficient, even when the Faith is of a small degree from a child who is not totally understanding of the magnitude of prayer, the purpose for prayer, and the manner in which results for

prayer can be seen, felt, recognized, or understood.

As I speak through *a little one*, I speak Words for others to read and to better understand that the Gift of Faith in believing in Saints, believing in the Souls of individuals Who have been declared ‘Saints’ is important, because it is strengthening at times when despair, fear, physical needs, are evident and are so important to the individuals who are praying for help.

Faith is a Gift of Divine Love, and children of all ages must never dismiss the importance of Faith in and through prayers to a Saint, to Our Heavenly Mother, to The Son of God, or to The Father Himself. So be it.”

MARCH 8, 1995 AT 1:28 P.M.

“Man says, ‘The Sentry at the Gate of Heaven has to be Saint Michael.’ We always smile when We hear a child speak in such a natural form, way, understanding, regarding the Supernatural Way.

Every child born to the world has a Sentry guarding the child in many ways. A Guardian Angel truly exists as the Sentry for the human life, as well as the Soul that is within.

Remember What I have spoken on this day, for when you remember It, you will feel security in knowing that the Sentry Who is the Guardian of your physical, moral way, will always be present every night, every day.

Remember, when you fear for yourself in a physical way, the Soul is fully aware, but your Guardian Angel is also present every moment of every day.

So many children of all ages forget about this Sentry that was

handed to mankind to protect in every way. So be it.”

MARCH 8, 1995 AT 1:53 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother. We All smile when children are gathered in service to The Father’s Will, His Way, His Love, and the Purpose for which He sends a Gift of His Divine Love.

We listen to all you say, you discuss, and you feel good with, good about, and stronger, from the in-depth meaning of what is spoken. There is so much to be spoken about in many different degrees of language, some of it very simple, some of it to a high degree of understanding, because of the difference in the abilities, backgrounds, and Faith that children have been endowed with.

Many times when We hear laughter, it gives Us happiness unbeknownst to mankind, when laughter has a pure joy in it, happiness, and gives strength to a way of life.

As I speak to you, I want you to understand that whether you stand alone in a place, or you are joined by one or others, everything you are involved in, everything you participate

in, it is always Our Wish that it be morally clean, morally sound, for the benefit of your Precious Soul that you are never without.

In this time that you live, the enemy of God and man has used, and is using many means to distract you from what is sound in morals. Sometimes a child forgets to look into whether a situation is morally sound or immoral in its full essence. Mankind cannot relate physically to the Beauty and the Magnitude of The Divine, but the very fact that mankind has an innate sense of right and wrong, good and evil, says to mankind: ‘You have a choice, and where there is choice, there is decision.’

This Miracle of Divine Love, Divine Grace, Divine Hope, Divine Purity, is a Gift beyond human ability. The Father’s Intention for This Gift at this time is because of the Souls that are so Important to the life of every human being while the child is alive, and of course, when the child one day is no longer a living human being.

You must remember, and all who read This must remember, that the Gift of human life is Special, because it is

a Gift of Divine Love that nothing else has ever had, and that is a Portion of The Father, instilled at the moment of conception.

I add to this: It is innate in mankind to want to be successful physically, mentally, monetarily, socially, and in learned ways. Then, is it not logical that mankind see the Beauty of the Gift of the Soul, that is to one day reach the Highest Rank mankind can reach, and that is to become ‘a Saint’? So be it.”

MARCH 8, 1995 AT 3:25 P.M.

SAINT TERESA OF AVILA

“It would be difficult for many who follow a particular manner of prayer life, to fully understand This Gift of Divine Love, handed to many so directly, and in such a loving manner.

I am Saint Teresa of Avila. I speak many times to different ones who are in the presence of this *little one* We All use, to communicate Personally with those who are close to her, and those who will read the Words, the Directions that are necessary for Souls to be returned to The Father in a State of Love and Purity.

Some say, ‘With the years I have lived and all I have done, I cannot expect to be in a pure state of purity.’ Let Me say this: ‘There can be many beginnings in a lifetime. Of course, the original beginning was the conception, then there was the birth, then there were the growing years where learning took place in stages.’

If mankind will but see the value of beginnings in all areas of life, man will find hope, and there

will be energy in the hope to correct where correction should be made, new direction where new direction should be found, and there will be fulfillment in sound reason, sound logic, for sound purpose.

Mankind, all races, all colors, all creeds, must look at human life in the Beauty it was given, the Purpose for which it was given, and yes, all the challenges that have taken place had reason, had goals.

As man looks at each day, there should be a look also at every action mankind has become accustomed to performing, interaction with other human beings monetarily, physically, verbally, socially, economically, materially. There is so much for mankind to learn about, the Purpose for human life, the Treasure it is, and of course, the Goal for which it was so beautifully planned.

No human being should ever ignore or deny the Guidelines for everyday living. Of course, These are The Commandments of God. There are human laws to live by, rules that enforce the laws. Is it not logical to see the reasoning that there would

be Rules, Laws, Commandments, that would have a Higher Meaning?

I bless those who listen to Me today, and I bless many who want to change their way of living, who want to say that they are on the path to Sainthood, they do not want to stray. The Father allows Us to speak through This Miracle of Divine Love, This Ultimate Gift to all of mankind, because of the Importance of The Father's Gift, the Soul. So be it."

MARCH 9, 1995 AT 11:21 A.M.

SAINT ALPHONSUS LIGUORI

“When man is exposed to absolute truth, it is very often questionable, because of the manner in which mankind handles many situations in life that oftentimes deviate through expression, wording, and meaning, from truth to opinion.

I am Saint Alphonsus Liguori. *This child* is never without Us. This is Truth, this is Fact. This is difficult for most to understand, to believe, to conceive such a closeness in a human relationship bound with, in, the Supernatural and the natural. I hold this *little one* tightly so that My Words will be complete, so that not One Word will be eliminated or omitted from what I have to say. Many learned men and women stand rejecting This Miracle of Divine Love, because they are incapable of full, sound Faith in how The Father would take the time, at this time, to communicate with mankind.

As I oftentimes speak on a level that most can understand, and

could repeat the subject matter, the intention and the reason for which, by which, in which, through which, a Particular Message is given, the whole world, not just the country in which you reside, but there are millions of people throughout the world who are in the state of starvation, spiritually speaking, and it is important for them to know that The Father has not forgotten them, and has allowed, and is allowing much to be handed to mankind in the way of Direction, Instruction, Understanding and Motivation because of the Soul that was instilled in every human life at the moment of conception.

Many who feel learned in the field of religion, find that they, when instructing others, have a tendency to transmit their opinions, their beliefs, their doubts, their manner of interpretation regarding the Purpose of human life.

We know it is difficult to be handed a Miracle of Divine Love such as This One is when there is so much opposition, so much discrediting, so much jealousy through those who feel superior, but I, Saint Alphonsus Liguori say, 'Ignore all opposition,

and obey the Delivery of All We have spoken and will speak, because there are Souls that The Father fears will be lost if the individuals do not see the Value, the Beauty, the Reason and the Purpose of human life.' So be it."

MARCH 9, 1995 AT 3:00 P.M.

OUR HEAVENLY MOTHER

“This *little messenger* We All speak through is *a funnel* from Us to you. Our Words pour into her small body, Words of Strength, bearing important Lessons, Instructions, and Our Love. This Miracle that is so close to mankind is truly a Gift of Divine Love.

I am your Heavenly Mother. Many times this *little one* through whom I speak would kneel and plead with Me for direction, for answers, for guidance on a situation regarding a condition that called for a specific decision.

As I speak through her, and Others Here also speak through her, it is sad to see some who hear Our Words, doubt Our Real Presence, and that the Words spoken are truly Ours.

You live in a time of great turmoil, where great degrees of immorality is a way of life. The impurities in immorality are offensive against The Father’s Will, because immorality defies purity, honesty,

and all that is in accord with The Beautiful Commandments set down by The Father, for the good of all man's Souls.

I hold this *small body* with My Motherly Love, because of the extreme exhaustion that so obviously emanates from her.

It has been said so many times that All the Direction, All the Lessons, All the Words We hand through this *little one* are to be spread throughout the world. We realize it has many difficulties in it being accomplished, due to many circumstances that arise from the means to do so.

Many times this *little one* generates action through Words of Strength, in Faith in things to be accomplished. We then generate the motion, and I have come through her on this day to tell all who will read These Words, that mankind has an obligation to spread This Miracle verbally, financially, physically, and through the Written Words to all nations, all cultures, all creeds, all ages.

Doubt many times is just an excuse. Faith in Truth has much value

to it, and this type of Faith does not just demonstrate success, nor does it advocate success, but accomplishes success.

My Words today are important, and everyone who will read Them, I will be Present; everyone who will act upon Them, I will be Present, for it is time that This Miracle reach every area of the world. So be it.”

MARCH 12, 1995 AT 4:20 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“Due to the many improprieties, desecrations, abominations of The Ten Commandments, it is important that all races, all colors, all creeds stop what they are doing, and begin to more fully understand the full meaning of each Commandment, and not just look at the minimized Wording that has come down through time.

Each Commandment has several definitions, and in each definition, there is a point that must be understood fully, because of its impact on the Soul. Mankind refuses to hold God’s Commandments in his sight, actions, thinking and intentions of everyday life. The abominations are too numerous to mention at this time, but I, Saint Joseph say, ‘Mankind better start looking at and practicing all thoughts, words and actions that are contained in God’s Commandments.’

When it is dark and you want to see, you light a light. This light is also for your protection. Think of The Commandments that The Father

gave as each one being a Light to enlighten the mind to a serious recommendation.

Mankind in so many ways is now practicing all forms of abominations that are degrading to human life, human nature, human decency, human protection, and disregarding the importance of better understanding of what a tremendous Gift human life is, because of its Purpose, its Goal, that is so closely associated with Divine Love in the Soul.

This Miracle is a Gift beyond mankind's comprehension, and It is a Gift that carries a great price through *the instrument We use, the child We use, for the reason We use her.*

Mankind places much emphasis on financial gain, and all that this gain can give and/or does for the human way, but I say to you who are here with her now, and to all who will read These Words: 'There is no financial market that saves Souls.'

What is a Soul? Man has heard about It, cannot see It, cannot feel It. A Soul is a Portion of The Father; It is the Gift of Life, that after the human

life has ended, It is the Life and the Light to live Forever.

No man, woman or child wants to die from the physical, but I, Saint Joseph say, 'It is important for mankind to understand that The Father's Love is beyond human knowledge, human understanding.'

This Miracle was handed to the world at this time, handing mankind a Blessing beyond human knowledge, human understanding, teaching man hope in the future, for the future, lighting a Light beyond human ability, the Light of Divine Hope, Divine Love.

Nowhere, at no time, has there been so much Instruction directed to the Importance of a human being's Soul.

As I speak on this day, I do not want My Words to stop here. I want the world saturated with All that has been given and All that will be given, because there is no way, means, method, or individual who fully understands the Magnitude of human life, in the Manner, the Way that This Miracle of Divine Love has spoken about so thoroughly.

**My Blessings go in Each Word
to all who will read What has passed
through This Miracle, because you see,
It is The Father's Will. So be it."**

MARCH 14, 1995 AT 4:43 P.M.

GOD THE FATHER

“I know it is difficult for many to fully understand the Manner and the Way I have chosen at this time to reach man. I use a *small child* obedient to My Will every day.

This Miracle that bears the Name of The Beloved Joseph, has taught mankind of the Fullness of His Name. So many, in hearing this news, found it difficult to believe, to understand, to accept.

This *little one* through whom so Many speak, is oftentimes more alert to One of Them, than those who surround her and those who are aware of her presence with them.

This Precious Gift of Love from Me, is to help all of mankind better understand the Importance of what it means to be man. True, in My Design of mankind, I placed the ability to see, to feel, to speak, and to do many things.

I also, through time, introduced to mankind more about Me. This

Blessing in which you all take part, says that you, too, were chosen to walk in a special way, as the Apostles were another day.

I know that it appears sometimes that I place much responsibility in your life, different than others you know to be, but your obedience is like ‘a living chain’ that must pass throughout the world link by link, to teach, to instruct, to inform millions from here, to better understand the Precious Gift of life that bears a Precious Gift of Divine Love, a Soul.

Never allow anyone’s doubt to disturb you, distract you, or to confuse you. Your strength will eventually give others strength.

Mankind has a saying: ‘A chain is as strong as its weakest link.’ Be prepared to repair any weakness, any doubt, any fear that might crop up.

As Your Father, I Hand To You A Love That Is Totally Mine, But I Also Hand To You Tasks That Are Important, Because When You Perform Them Well, They Will Lead Millions Of Souls To Me, To The Divine. So Be It.”

MARCH 15, 1995

GOD THE FATHER

“As you are present and you are attentive to the Words that flow through, to instruct you regarding what I Will for you to do, I want you to understand My Love is in All My Words that I pass through this *little one* to you.

Mankind is a Special Creation of Mine. It is a Gift of My Love, because I have a Purpose for it and a Special Love in it, through the Soul I placed at the moment of conception. It is sad to hear some deny this Fact, reject It, cast It aside, saying it cannot be that way. It is, it always has been, and it always will be.

When a child is born, the child has a Portion of Me, a Soul. To see a child treasured by those who will care for the child and love the child, in My Name, for the Purpose I created that child, I smile at this, for human life is a Gift of Divine Love. It is sad that all of mankind does not recognize this, but there are so many who make decisions in My Name. There are so many who

deny What I would do because of My Love and through My Love, in My Creation of man.

Many times in the past, when one would walk in a special way designed by Me, to leave a Mark upon the earth for others to follow, for others to see the Magnitude of what human life was all about, and then have 'this individual' denied by so many who felt superior in knowledge and in many ways.

Today is an important day, because as I speak to you, I speak in your way, I speak in the tongue you understand. I instruct you in the manner you will remember, as man. So many out there in the world say I would not do this, I would not speak at this time. Who are they to decide What I would do, What I would say? Who is capable of understanding the Degree of Love I have for man? It is ignorance. It is a lack of understanding the Magnitude of what man is all about.

I gave mankind an intellect. I gave mankind eyes to see with. I gave mankind ears to hear with. I gave mankind abilities beyond all other

things I created. I gave mankind ‘a Portion of Me’.

The little one through whom I speak, speaks My Words. Difficult for some to understand that I would use such *a little one* and not a great learned man, but the important issue is that the Words will be passed on from this time in which you live, for many times to come. They will never be erased by a generation who will deny Them.

With This Message on this night I send you My Love, because when I read your hearts, I read your minds, I listen to what you say, I know that in so many ways your love for Me is present and you want it to grow, because instinctively you know that My Love for you is within you. So be it.”

MARCH 23, 1995 AT 8:00 P.M.

GOD THE FATHER

“This *little one* through whom I speak, delivering so many Words, so many Directions, so much Information, regarding all I want mankind to better understand, the Importance and the Purpose for which I created man. Those who hear the Words, those who read the Words, cannot fully understand why I would have chosen such a *little one* to deliver My Important Messages to the whole world, to all men.

At this time mankind is in great need for All that I have delivered, because there are so many things distracting mankind from the Importance of the Purpose for which I created mankind.

Many times it has been said, ‘You live in a time worse than Sodom and Gomorrah.’ It is difficult for mankind to fully understand what a horrible time that was.

It is difficult for mankind to fully understand how sad I become when there is so much evil catering to the enemy. There is so much desecration of

what I have created. There is so much abuse through diabolical intercession, affecting the lives of millions, and needless to say, the Souls of millions.

This *little voice* I use is smaller than mankind would expect Me to use, but I do not need great physical strengths when I choose a child to walk for Me, to extend My Will. The Power that passes through My Words is sufficient for mankind to understand the Importance of All I speak, the Meaning I extend in All I say.

There has been so much delivered, warning mankind, instructing mankind, directing mankind, to use what is logically pure, correct, for the benefit of Souls.

Mankind fears physical disaster. Mankind should fear more My Anger. Mankind should show gratitude through obedience, that I would take the time to speak so much, and to use All Here with Me to deliver Important Messages so that mankind will understand the necessity to obey What I speak, for the Reasons I speak about.

Time is important to man. Time and Souls are Important to Me. Through this *small voice* I have

delivered a Multitude of Words, instructing mankind in a manner understandable to all ages, all walks of life, to all races, all colors, all creeds.

I want This Message to be delivered to the furthest corners from where this place is. I want no one to make decisions on who should not receive What I have given, and have requested Others Here with Me to speak about.

My Very Words, My Very Attention is a Blessing beyond what any man, woman or child knows a blessing to be. So be it.”

MARCH 24, 1995 AT 12:00 NOON

GOD THE FATHER

“There are specific times that mankind feels the necessity, or is urged by someone to send a gift for some specific day or reason, to someone they are familiar with, or hardly know, or even a stranger.

As I speak through This Gift of My Divine Love, My Words are to instruct all who will listen, all who will read Them, how mankind can better understand the Gift of human life and the Goal that I have planned for it. There are millions of all ages who are not familiar with this Love of Mine for My Creation of man.

In the human way mankind understands the necessity for love, because in this it brings a oneness in a way of life and it gives strength in every part of life. When a child of any age feels that there is no love for him or her, it is not just lonesomeness, but there is a void in everyday living. It is important that mankind of all races, all colors, all creeds, be assured of My Love, My Constant Presence, and that I

am available for them to communicate with Me every minute of every day.

It is sad when mankind does not understand the Closeness, the Connection, the Oneness every human life has with Me. It is difficult for some to understand the Gift I hand at the moment of conception, but I come to the world at this time describing firsthand the Closeness that I am with man. Those who doubt give Me sadness, those who find the strength in it, is a happiness to Me.

Some say, ‘God is not real.’ This has a facet of truth in it because I am beyond what reality is in man’s definition. Through This Miracle of My Love, I hand to the world a Deep Affection, because I am fully aware of the littleness of man, and yet I am fully aware of the Greatness that awaits each child born to the world.

So much has been spoken, written, and read, but there is still so much for mankind to realize, accept and follow for the benefit of the Soul I have placed within. I hear some say: ‘If I had a Soul, I’d know it. I would have to feel something.’ I, your Father say: ‘You do. Every time you feel the

necessity of choice regarding right or wrong, truth or untruth, it is innate in man to know there is a difference that is obvious.'

I have spoken so many times in general conversation through this *little one* in the world. My Words must reach important places, and what man would term 'unimportant places'. The Words that have been put in book form must be allowed to go to those who are considered wealthy in material things, matters, and those who are poor in these things. You must understand that These Words from Here are to teach, instruct, and verbally dramatize, demonstrate the Importance of My Relationship, the Purpose for which I created human life, man. So be it."

MARCH 24, 1995 AT 1:11 P.M.

OUR HEAVENLY MOTHER

“*The child* is ever cognizant of Our Presence. This Miracle that has been handed to the world, the whole world, began a long time ago. At first the lines were short because it was *a child* of young years, and then the lines, sentences grew in length, according to the subject, the place, the circumstances, and specific reasoning.

Those who live at this time have been granted a Great Gift of Divine Love, because this time was appointed to be the time wherein the written Word would be allowed, so that much of the Beauty and Direction from Here would be Valuable Instruction for all human life to learn from, be guided by, because of the Soul within each human life.

This time, for several years now, is more important than man can possibly conceive, because The Father has designed It thusly in the place wherein you live. The whole world will draw from This Miracle of Divine

Love. You have been granted, you have been commissioned, you, through being present, have been directed with a responsibility to the whole world.

As A Mother Is Fully Aware Of A Child's Needs, A Child's Abilities, A Child's Limits, I, Your Heavenly Mother, Through My Words, Express To You A Mother's Way Of Instructing You In The Responsibility The Father Has Handed To You, And That Is To See That All Children Are Given All The Lessons, All The Instructions, All The Blessings In These Things, To Help Them Arrive Where I Am, As A Saint In Heaven.

A Miracle Of This Magnitude Is Sometimes Difficult For Those Who Are Learned In Earthly Ways, But The Instructions, The Letter Perfect Teachings Have An In-depth Reality, Beauty, Concept, That Nothing Else Can Compare To Or With.

I bless you through My Love and your return of love to Me, for you see, We are closer to Each Other than is obvious for you to feel or see. So be it."

MARCH 24, 1995 AT 3:13 P.M.

SAINT BONAVENTURE

“I am Saint Bonaventure. I have spoken many times through This Miracle that is a Gift to all of mankind. I do not always announce My Name.

As so much Instruction passes through This Miracle of Divine Love, it is sad to hear some say: ‘I want to believe but I can’t. I want to understand all that is said but I find it difficult.’ I hear them say, ‘Would God really work This Way?’ I hear them deny the Beauty of Truth because they feel they cannot live that way.

The time in which I speak to you now is marked by years different than the time in which I lived. It is sad to hear mankind say: ‘These are modern times. We cannot be expected to live like those in the past.’

I ask you a question: ‘Is it not logical that the Creation of mankind had an Ultimate Purpose, an Ultimate Goal?’ Logic should say ‘Yes’ to this, because of the will of mankind, the knowledge of right over wrong, sensitivity over insensitivity.

Whenever there has been great difficulty in man's thinking, man's performance, man's integrity, man's spirituality, The Father sends some Sign, some Means, some Source, some Evidence, to correct all that is being practiced for the wrong reason, destroying the purity of one's Soul and/or the Souls of others.

It is sad for Me to say that many who follow designed, designated Spiritual roles, omit sound Spiritual direction and base so much on humanistic practices.

Many times when I have spoken through this *little one*, I was told to be gentle because of the human frailties. It is important to remember that The Father, in His Choice, very often uses the most delicate instrument because of the Importance of what He Wills to be handled properly, cautiously.

As My Words pass to you, I know that My Words will not remain in the manner or in the format I have given Them, but you will remember that I spoke, and in What I said there were things that were instructive, constructive, important, and said because of your Faith in how The

**Father would allow things to be done.
So be it.”**

MARCH 28, 1995 AT 8:53 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“It is sad when We hear such disparaging remarks about This Precious Gift of Divine Love that is instructing mankind in such a Personal Way about the Importance of the Soul, and how to protect It by understanding and practicing more obedience to God’s Commandments, through living each day conscious of sound moral values and sound moral standards.

Human life is a Gift beyond all other living things because of the Soul.

Mankind has fallen into a deep — morally and physically — hole of total deception, misdirection, and misconduct. So much debauchery and impurity has become evident, and is practiced without any conscious consideration of the effect it has on one’s Soul.

GOD’S COMMANDMENTS Must Be Evidenced By Their Obvious Show Of Goodness In Decisions In All Areas Of Moral Standards And Values.

**Mankind Must Remember That
The Offenses Against GOD Must
Cease.”**

MARCH 29, 1995

SAINT JOSEPH, THE HOLY SPIRIT

“I move in very slowly because *the little one* We All use is more delicate than man can understand.

The Father handed to the world a Love beyond human comprehension. This Love can be related to other times, a time when a great man walked the earth and was given The Rules for all of mankind to follow and to live by. To this time, so many thousands of years later, mankind associates The Commandments of God with His Name. You know Him by one Name, and it was and is ‘Moses’.

And then The Father gave to the world a Personal Sacrifice, a Portion of Himself taking a human form, and in this human form He gave mankind Instruction on what was expected of mankind, and the necessity for purity of mind, body and Soul. There were so many Lessons spoken, delivered, and those who were present tried very hard to pass What was spoken on to others, because of the Importance of the Words, the Messages.

Today in your time, The Father has handed you *a small instrument*, and through the vocal chords He has passed millions of Words, much Direction, and in so many ways, a Personal Touch of Himself, because when He instructs *the child* to speak the Words He wants spoken, He is always present.

Many times a Saint will announce Himself or Herself, but you can be sure that also present is The Father of all mankind, for He always oversees all Great Miracles such as This One, because of the Importance of Them and the Reason for which He Decrees Them to be.

On this night in your time, you have been given much to think about, and much to understand regarding the Importance it is to be man, but to stand firm, strong, and be a leader, in the right way of course, so others will also better understand the Importance of the Soul that God gave to man.

It is difficult for many on the outside of This Great Miracle, to fully understand or to accept, that God would pass such a Great Gift of Divine Love through such a small

voice, through such a small figure, and through one who is quiet in the way of man.

As you re-read What you have been listening to and reading on this night, look at the importance, where it is placed, the Beauty in It, and as you do, be assured that when you act according to all that is right, you receive a Gift of Divine Grace.

The Father does not hand medals out for good behavior. The Father does not hand out compliments for good behavior, but He gives Grace, and in the Grace there is strength beyond any gift that you can associate to, with, in the world.

Grace, in Its Very Essence, has a Love in It, a Strength in It, a Hope in It, a Goal in It. As you grow in much Grace, as you find life, loving God more, seeking more Attention from Him by desiring to please Him in all things, you will find the Grace abound within your being.

Some will say, ‘Will I feel It?’ That is a difficult question to answer because there are all types of feelings, but when a man knows that he is doing what is right, he is obeying God’s Will,

God's Commandments, there is a sense of security in this, day and night.

I bless you with The Father's Will and I say, 'Be aware of all you think, all you do, all you accept, and choose your Goal of this life for the Life of a Saint, for your Soul.' So be it."

MARCH 30, 1995

OUR HEAVENLY MOTHER

“As this *little one* searches the room, looking to the exact place where My Presence is, I smile at this, for in truth, as her eyes look for Me, I am wherever she looks.

This Miracle that has been so Divinely Directed for the benefit of millions and millions and millions and millions and millions of Souls, gives to mankind Sound Thoughts, the Right Words, and the Reason and Purpose for the individual’s Direction.

I Am Your Heavenly Mother. This Miracle That The Father Has Designed At This Time, Is To Save Souls.

There is so much corruption, so much violence, so many vile occurrences dictated by the enemy of God. Mankind many times refuses to accept such interference, saying, ‘I don’t believe that evil exists in the manner it has been taught that it does.’ If it did not, My little ones, there would be no need for The Father to take specific times to extend to mankind a Personal Love, Personal

Attention, and give Direction in what to do, what to accept, what to reject, and to especially form a manner of life, using purity in all areas, on all issues, for all reasons.

This Miracle that has so generously been given in such a natural way, so that mankind can better understand the Value of It, the True Purpose for It, and respond to It, because It has been given for the protection of everyone's Soul.

The Soul is real. The Soul of every living human being is a Portion of The Father, which should say to you and all of mankind: 'The Father is close to me at all times through That Portion of Him, else how would I know right from wrong, else how would I feel happiness, sadness, else how would I feel the need to protect those I love, and even some who I do not love?'

I hold *a small body* to deliver to mankind a Message. There is no place in the world that so Many from Here have joined to speak, to teach, to instruct all races, all colors, all creeds, in the Purpose of life, the Importance of the Soul, because from here the

Words must spread throughout the world.

Mankind must read What We have spoken, yet millions and millions and millions and millions and millions must find one line, two lines, maybe just a few Words, to remind them of the Importance of human life, that human life is more Important than flesh; human life has within it a Portion of The Father.

As I bless you on this night, I bless you with a Mother's Love and I say, 'In This Love there is Hope, there is Direction, there is Truth.' Your Souls feel My Presence because your Souls are a Part of The Father.

As I stand in your presence, in a manner you cannot fully understand, I bless each one of you and I say: 'Do not forget the past, but all things that were done in an improper way, be sure when you repeat the same action, thought, deed, or words, you correct them, remembering that you are responsible for all you are, all you do, and for the Beauty of that Precious Gift of Divine Love that was handed to you at the moment of your conception.' So be it."

APRIL 3, 1995 AT 12:59 P.M.

SAINT FRANCIS OF ASSISI

“I am Saint Francis of Assisi. Our Presence is constant wherever this *little one* is. We are always aware of what is happening, and in many ways We are so pleased when those of you gather who love This *Miracle Of The Beloved Saint Joseph* so deeply, so sincerely, so lovingly, and in some ways, so courageously.

The Father, in His Love for mankind of all races, all colors, all creeds, allows Many of Us to partake in This Gift of Divine Love that is to instruct mankind regarding many facets of what is contained in human life. As I speak to you now, there are many men, women and children disassociating themselves from sound moral values and sound moral standards. Their behavior is an abomination to their Souls.

I oftentimes speak through This Gift of Divine Love, and it appears as though it is a normal, natural conversation. Many of Us do it this way. Some would say: ‘Why? Wouldn’t

the announcement of Your Names make what has been said, and is being said, more important, more direct, giving more emphasis to the subject?' I, Saint Francis of Assisi, say: 'The Gift of Faith is a Love beyond human understanding. That is why it is not necessary to present Our Names to prove that the subject matter or the condition that is being spoken about needs confirmation.'

Children are not being taught the beauty, the real meaning of Faith in God. Humanism is, and has been for a long time, superseding the beauty of the Gift The Father gave to man: sound reasoning, recognizing right over wrong, truth over untruth. There are many degrees of intellect in human life. There are many degrees of moral values, moral standards. There are many degrees of sensitivity regarding truth versus untruth.

Mankind must remember a very important critical Fact: that at the moment of conception, life begins. The Soul is immediately placed within this life, and this Soul is Far More than I will speak about now. The Soul has a Wisdom, the Soul has a Sensitivity, the Soul has a Dialogue with God. The

Soul is a Living Portion of Him, and then becomes a Living Portion of an individual's human life.

This Miracle that has caused so much good sound Faith to be embellished, has also been the victim of criticism, based on a lack of sound Spiritual values, understanding and love, due to a lack of Spiritual hope, belief.

As I can no longer be heard at this time, you should understand why Our Messages are limited. It is because Everything that is spoken has an in-depth meaning, and is sufficient at that particular time for those who will read It, those who have heard It. So be it."

APRIL 3, 1995 AT 2:18 P.M.

OUR HEAVENLY MOTHER

“My children, I am your Heavenly Mother. It is with Great Love I speak to you on this day, and I am looking forward to those who will read My Words, because you see, The Father designed a Very Beautiful Gift and He designed This Gift to cover all areas of human life, all facets of every area, because of the Soul that is so much a Part of Him, that He wants to be in a Pure State of being with no stain.

It is difficult for some to fully understand the place or the part the Soul has in every individual life. The Soul is the Communication between the individual and God. The Soul is the recipient of all right things and wrong things that the individual human life is part of, takes part in.

This Miracle is a Miracle of Instruction, because of the Importance of every Soul that is or becomes a Part of an individual human life. Many times I hear you speak of responsibilities: moral, Spiritual, physical, intellectual, and I secretly say to you, ‘Never forget

what effect everything you do has on the Treasured Gift that is Part of you and a Portion of The Father, the Soul.'

Many men and women in so-called 'high positions' intellectually, spiritually, positions of control, you must stand up to them when you know you are right, your thoughts are pure, your actions correct for the benefit of your Soul.

It is sad to hear some say: 'How can I be so responsible for what I cannot see, I cannot feel? I have only someone's thinking to depend upon.' That is why This Miracle has been so constructively delivered, not in what man would term ethereal, emotional attitude, conception, perception, idealistic forms.

It is important that All of the Lessons be passed throughout the world, allowing all of mankind to see for themselves, to decide for themselves, what they will accept as Truth, as Valuable to their personal life.

The Father designed This Miracle, making some things known that to some authoritative figures is

too much for them to handle. In some ways, many ways, it is a reoccurrence of what happened other times: the time that a man was given The Rules man should live by, the things that should be rejected by mankind without question.

Then the time that The Father sent to the world a Portion of Himself in Several Ways. This time was dealt by those around with ugliness, bigotry, and physically harmful.

Now We come to the time in which you live, calendar years, two thousand years. You do live in a time worse than the historical happening at Sodom and Gomorrah, which was worse than any print on paper could describe.

In the time in which you live, there are many men, women and some children who want attention, who are using Spiritual language to get it. It is not correct. There are phases of it, places in it that are incorrect in essence, in content, in direction, because of the humanism that is so obvious.

Remember, that as each living human being is part of another human

**being, the Soul is a Living Portion of
God. So be it.”**

APRIL 3, 1995 AT 3:05 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius. I many times speak and do not announce My Name. There is a reason for this. The reason is so that those who will read What has been spoken so openly, so verbally, will not just associate a Particular Name with the Lesson, with the Message, but will remember from Where It came.

It is important for you who are here with Me now, and for all who will read Everything or Some Things that have been so lovingly dictated because of The Father’s Will, to be handed to the world for all mankind to better understand, and more fully acknowledge the privilege and the Purpose for being born as man.

A child of very young years most times is taught personal, physical cleanliness. Then as years pass, a child is taught truth, and that untruths are not allowed. These first lessons are important. They are the foundation of how an individual should structure

their behavior when alone, and when dealing with other human beings.

The Commandments of God have a realistic value and should never be passed over as They dealing only with past decades of time. The Commandments of God are as modern as in any time in History, including the number of years yet to come. They will never be outdated.

As I speak through *a little one*, I speak to the whole world. This Miracle is a Gift beyond man's comprehension because It is as Two of the Greatest Miracles of the past. This time, chosen by The Father, instructing mankind of all ages, all denominations, all degrees of intellect, the Importance that The Father has always placed on human life.

Some people who have learned how to pray particular prayers, rely upon these particular devotions, communications, because they are comfortable with them. This is good, but mankind must see the value of understanding more deeply and with more concern, that as prayer is a communication, an individual's

actions, moral and immoral, are registered in the individual's Soul.

At this time, mankind has become liberal. By this, man means more things are acceptable, there is not such a rigid rule to be upheld, to follow. I, Saint Athanasius say, 'Mankind must cease all the atrocities, abominations, that are destroying the Gift of Divine Life, the Gift of Divine Light.' It is necessary for small children to understand that God is Ever Present within them, Ever Knowing what they think, what they say, what they do. Children are not being taught to guard that Precious Gift, their Soul. So be it."

APRIL 8, 1995 AT 5:01 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“It is difficult for many to believe in a Spiritual Facet of human life, according to the manner of a particular so-called denomination of religious beliefs.

I am Saint Joseph.

A long time ago it was decided that My Name would come through a *small child*. Much Instruction of Whom I Am, What I would be talking about, would not be totally acceptable to many people who, in essence, devoutly followed a pattern of formal and sometimes informal Spiritual beliefs, practices, and association of specific beliefs.

I am speaking through *one* who is in what is termed ‘deep ecstasy’. It is likened to walking in two specific worlds at one time.

As I and Many Others instruct mankind verbally through this *little instrument*, there is so much mankind is learning about the relationship between God and man.

As the Formal Words are passed to many outside this structured place, you must understand that These Instructions are and will be beneficial to millions of all races, creeds, and degrees of Spiritual acceptances, obligations and practices.

The child We All use is fully aware that sometimes What We say appears controversial, because of the differences in opinions, learned structural Spiritual facts, personal backgrounds, and degrees of how important it is to understand the relationship God has with man.

It is sad when We hear criticism based on envy, jealousy, or a lack of Faith in how The Father would reach mankind so deliberately, so personally, at this time.

As We pass All the Words through her speech and through the Directives for Them to be written, We find it difficult to see so many who reject or just observe, or who look for the Words to be words of instruction, information that they are used to having seen, having heard, having established, as the only ones they should hold as truth.

Through This Miracle that bears My Name, there have been extensions of All Sound Spiritual Truths that should be accepted with gratitude, love, thanksgiving, because of the more in-depth Knowledge that The Father has allowed, expressing to mankind His Deep Love for human life, and His True Association with it, through the Soul that is a Portion of Him, at the moment of conception.”

APRIL 10, 1995 AT 11:47 A.M.

GOD THE FATHER

“I place much innocence in your presence, innocence based on love, sincerity, clarity, and genuine understanding of the Importance of the Soul.”

“So many men who teach, preach, advocate service, love to God, to The Son of God, speak words that are interpreted by themselves, helping them to attract more personal attention, rather than to the sound, reasonable point of attention that should be emphasized in a practical, loving manner and way.

There are so many disasters in Holy Mother Church. You must understand that your strength, your sincere love, your belief in your having within you a Portion, not understandable in content, but understandable in Faith, in how The Father is within you as a Union of Love. Think of it this way: To live you must nourish the body; also now, to be strong spiritually, you must nourish

the Soul. This nourishment comes from you through your obedience to The Father's Commandments. Those who are weak morally, become weaker because they lack nourishment for their Soul."

"As I speak, I listen to your thoughts. I am aware of your understanding of What I have spoken. I guarantee you, you will always remember What I have said at this time, because I am fully aware of your degree of Faith of All I Am, All I have given you.

Each time you say a small prayer, I hear it. Each time you request help, I hear it. Each time you offer help to others, I know of it. Each time you request a small act of love, act of hope, I offer it in the way I know best. You must understand Faith in All I Am is a Gift of Divine Grace. Your Faith in belief that I am within you in a certain manner, certain form, certain way, bears strength beyond what you know strength to be.

This Gift of Divine Love I have handed to the world, must be handed, delivered to every place possible,

because throughout the world there is much confusion regarding All I Am, Who I Am, What I Am. Service by you, through you, in My Name, will never be forgotten, never underestimated, never cast aside. So be it.”

APRIL 10, 1995 AT 12:28 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. So Many of Us Here have been given permission to instruct on many areas, in many ways, Valuable Information to help children of all kinds, all ages, better understand the Importance of human life, over and above all other living matter or things.

Human life has a Special Goal to it, for it, in it. In the design of human life, mankind is aware of heart, of lungs, and many other portions that work as a team to keep the life in existence. Now let us compare the human life to that Special Living Part or Parts of What is associated with, connected to, and active in close association to The Father, to God, to The Creator of All Things.

The mind, able to absorb understanding based on Spiritual understanding, a sense of understanding that human life was created for more than it appears to be. As the human heart beats, there is a Soul that can be compared to the heart.

It is the Lifeline of spirituality, of realization that there is more to life than what a human body consists of. The mind of every human being has been given the ability to learn, to absorb, to understand all things that are available to an individual. It is important for mankind to understand that human life has a Special Plan, a Special Goal. Human life also has the ability of expressing morally or immorally what the individual feels, sees, thinks, speaks, hears, or takes part in.

This Miracle that The Father has so generously given, has been and is in some areas, the most controversial subject because in Its Valuable Truths, It automatically dismisses, closes out, rejects, all of the so-called 'humanistic versions' of Sound Spiritual Gifts of Divine Love.

We hear you talk of past recordings that circulate through writings, and We understand how disconcerting it is to know Truth, and read or hear so much opposition to It, so much prejudicial reactions to It.

Know this: As your Soul can be the victim of wrongdoing by you, be

prepared to look thoroughly, deeply, into all you hear, you become a part of, and you advocate, so that your Soul will be safeguarded by this, and It will be returned to God in a Pure State. So be it.”

APRIL 10, 1995 AT 1:50 P.M.

SAINT FRANCIS OF ASSISI

“Mankind places much emphasis on a sign. A sign to many, alerts them mentally and physically to a situation, an event, or another individual. Through This Gift of Divine Hope, Divine Love, many Signs have been given: some physical, some Spiritual, some in the forms of Speech.

Mankind for many years has been asking The Father for signs, for proof of what is beneficial to certain things they are involved with, some of these things quite unimportant, others important only for personal satisfaction or recognition.

At this time, The Father has deliberately sent many Signs, confirming This Gift of His Divine Love, allowing no place in It, for Its Value, Its Truth, to not be seen. Some still say, ‘Send me a sign.’ I, Saint Francis of Assisi say, ‘Is not Truth the greatest form of a sign that mankind can receive?’ In the time in which I lived, those words were spoken by many, regarding many personal needs,

practices, participations, and areas of living that called for belief, a specific Faith, and/or understanding.

The Father has sent many Signs to the world, giving mankind every avenue of proof that Something is Valuable and from Him. The time now is no different than times past, because mankind makes his or her own decision as to the acceptability of, or the acceptance of Particular Signs.

You do live in a time of much perversion, much desecration to the mind, the body and the Soul. It is evident in many ways. It is obvious through the corruption of and in moral obligations, moral standards. There are so many of The Commandments that are being desecrated by humanism through, in many cases, adoration of the body, thus suffocating all manner of seeing the body as a means of preparation to a Greater Glory, a Higher Place for the Soul.

Mankind casually speaks of sin as though it were something totally acceptable, ignoring the effects sin has on the Soul. It is difficult for mankind sometimes to be different than others, because of the severe criticism he

or she would be subjected to if he or she disagreed with the pernicious obscenities that are so available, so acceptable, and so prevalent in all areas of the world.

The time in which you live is being used as a Special, Specific time to hand to mankind the importance of purity, and of course, the sound practice of it every day of one's life. Sometimes Many of Us Here find it so terrible when We see so much desecration to human life, human practices, diabolically oriented, and We see no resistance to any of it.

As I am about to leave you with My Words, it is important for you to understand the Soul is more than any human mind can comprehend. There is no human value that can be placed on It, because as It is a Portion of The Father, Its Value is beyond human thinking.

I have one last Remark: Treasure your Soul. Return It in the State It was presented to you, and you will be guaranteed a Place in Heaven. So be it."

APRIL 10, 1995 2:43 P.M.

SAINT PATRICK

“I am Saint Patrick. It is with Great Love I come to speak today. Man talks about love, expresses acts of love in many ways, through attention, through service, through a gift, through a compliment. To speak on this day is a Gift of Divine Love, because as I speak I am fully aware of what a Precious Gift Divine Love is.

Man thinks of love as special and is pleased to know when an act of love is expressed. God, in this way, is no different because, do not forget, God created Love, and in this Love, through this Love, He created mankind. When a baby is born to the world and the baby is seen by others, there is an automatic reaction of an inner love that radiates to the human life, even though at this time there is no response from the little one.

This Miracle that bears the Name of The Beloved One, is a Miracle based on Love for mankind, a Love beyond human comprehension, a Love that nothing else can compare to. I could

repeat Myself again and again on This Great Gift of Divine Love.

As a child grows in stature, in intellect, in actions, in the ability to choose right over wrong, this child, this human life, has a Distinction in it above all other living matter or things.

As I stand Here in the Heavens, in the manner in which The Father Decreed the Manner of Life Here to be, there are times I want to shout, ‘Be aware of why you were born, be aware of the Beauty and the Love that is in the Gift of human life!’

Man looks at a flower and man sees beauty in a flower, but man knows that that flower does not have a mind, and that the flower cannot be taught how to exist, so man does everything he can to keep it alive with beauty, because beauty like this is so pleasing to see.

There is no greater gift in life than the Gift of human life, because through human life man can live forever, because of the Gift of Divine Love that is placed within at the moment of conception. It is called ‘a Soul’.

It is sad to hear so many lack understanding of this Precious Gift of Divine Love. On the other hand, you hear mankind talk about a life or lives of those who were prominent in the world, and then many times, after many years, the name is brought to light and all the things are remembered, reiterated upon, and discussions about the importance of what that particular individual performed, accomplished, while living on earth.

This Miracle that is instructing mankind about the benefits attached to that Important Part of human life, Important because It is a Portion of The Father and It is to live Forever, bearing the name of the individual within whom It was placed at the moment of conception.

There are Many Here that were not popular amongst great circles of importance. There are Many Here who served quietly, diligently, purely, innately understanding that human life had to have a Higher Purpose.

As I speak to you on this day through *a human voice*, I want you to remember that This Blessing that has been handed to the world must

not be kept where you are now. It must be spread, and the Words must be scattered on the Winds of God's Power, for millions upon millions to be enlightened about the Reason for human life, the Precious Gift it is, and the Goal it has waiting for it. So be it."

APRIL 10, 1995 AT 3:38 P.M.

SAINT JUDE

“I am Saint Jude. I hear children speak My Name, requesting help. I understand such a human need, hope. Many times when a prayer or prayers are answered, the child does not always recognize that it is a response to their request. No prayer is ever said that is not heard. No request for help is not responded to. When an individual or a group prays for a specific intention, the prayer or prayers are answered in the manner, the way, the degree that The Father Wills it to be.

Many times prayers are answered and it is called ‘a Miracle’. A Miracle, when It is beneficial to the physical or mental is more often recognized than when it is done in a different area for the individual. There are many facets to a Miracle that is sent because of a request for help. The Father knows what is most beneficial to be at that time. Then there are times that the prayers are answered and the results obvious, but there is no thanksgiving because it was taken for granted, or the individual or individuals became

too busy, too empowered by their own input, that they forgot to say, *'Thank You.'*

Think of what a Miracle it is that you are present here today. Think of the Importance of What you have heard and are a part of. Now ask yourself, 'For this Gift I have received, what is my responsibility to be for It, with It, in It?' It is easy for mankind to enjoy a Miracle but so oftentimes It is taken for granted, not fully appreciated. We find this many, many, many times.

Now let Me talk about the Miracle of Faith, its Precious Gift of Divine Love to all who have it. It has strength in it to conquer many things that are unpleasant in daily living. It has courage in it and it has hope.

As I speak on this day in your time, it is The Father's Will that All He allows to be given through This Miracle of Divine Love will be shared with the whole world of mankind, because there is not one human being that does not reach out for some manner of help, words of comfort. This Miracle covers all areas of human life, human need, human hope. So be it."

APRIL 10, 1995 AT 4:15 P.M.

OUR HEAVENLY MOTHER

“I smile with a Mother’s Love, a Mother’s Attention to so much love, caring, that emanates from each one here.

It is important that All the structured Lessons that have been so clearly given, be passed throughout the world. Do not worry to the degree of Their acceptance or rejection. Each individual who is able to read or to be read to, What The Father has allowed to be delivered, will receive a Gift of Grace, a Gift beyond a personal gift from you could be measured.

It is sad when We hear a child say, ‘I will not pass This because they will not believe It.’ This child forgets that with Every Message, Every Prayer delivered through This Miracle, We are in constant watchfulness of It, and many times We add a thought to the child’s thinking, to help the benefits become more clear.

So many times mankind hears of a Gift of Divine Love and fears to share It because of criticism, or the

receiver did not fully understand It. No man, woman or child can fully read the inward desires, hopes of another individual. Only We know what each child hopes for, needs.

This Miracle is so Precious because in It, It has Full Understanding of all types of human life, all generations of age, all degrees of abilities. No two human beings think exactly alike at the exact same time. No two human beings have the same awareness of needs, to the same degree, at the same time.

This Gift is for all ages, all denominations, all creeds, all colors. This Miracle is not just for this place wherein you reside, but Our Words are to be transcribed, translated, so that no place on earth is any man, woman or child not to receive Our Love and Direction.

Man says: 'I love God, but I know nothing about Him. I am told to pray and I do, but my prayers never seem to reach Him, because I never feel I have been answered as I requested to be.' This is a sadness to All of Us, to see such loneliness when so Many Here have spoken, delivering

Hope, Encouragement, Information, Instruction, and the necessity for Faith in God above all things.

All who read What We have delivered must accept the responsibility to hand the Words to others, and if you question the fact that maybe they will not be able to believe because they were not there to hear It, do not allow this infraction of duty, passing Our Words to others.

Many do not understand such a Gift of Divine Love because it is difficult for so many to believe the Magnitude, the in-depth Love, the Personal Association each living human being has, because mankind has not been taught that within each human life a Portion of The Father lives. When We hear learned men and women reject This Statement, it brings tears.

In the time you live you are privileged to hear, to write, to read, and to pass to others Our Words, Our Love, Our Direction, to millions who must become prepared to more fully understand what a Precious Gift of Divine Love each human life lives with, walks with, in the light of day,

in the darkness of night, through all obstacles, all pain and suffering, all hope, all happiness.

The Messages are beyond man's ability to write on his or her own mental prowess. I say to you now, 'Divine Love is present every day, the whole day, for mankind to absorb and to use as a means to become a Great Saint.' So be it."
