## PREFACE

**These “*Stories From Heaven*” could not have been given to the world at a more appropriate time than now. The world is in a terrible state of corruption and confusion politically, religiously and socially. Honesty, modesty, genteelness and morality seem to have been eliminated from our way of life, at least in effect if not consciously. However, God has given the world a Miracle it needs.**

**On July 28, 1967, *The Miracle Of Saint Joseph* was formally announced to a True Mystic. God had chosen a woman to give us the sound direction, hope and example we need. It was not the first time God had chosen a woman to accomplish His Purpose, always for a specific task in a particular time. This True Mystic for our day is Frances Marie Klug. She resided in Southern California as a wife, a mother, and a grandmother until her death on November 15, 2009.**

**In This *Miracle Of Saint Joseph*, Many Saints have come forth to speak through Frances Klug. These “*Stories From Heaven*” are just a few of the thousands of Revelations received through her. Very often these**

Revelations were preceded by extensive Teachings which time and space did not allow us to put in print. However, some of these Teachings will be found in several of the many Volumes of "*Stories From Heaven*".

In these Revelations The Saints refer to Frances as "the child", "the funnel", "the spoon", "the instrument" and "the little one". God made her our Spiritual Mother. For many years now, because of this fact, she has been called "Mother Frances", or simply "Mother". Heaven also refers to people of all ages as "children" and emphasizes time and again, This Miracle is for people of all races, all colors and all creeds.

For someone turning the pages of these "*Stories From Heaven*" for the first time, they will easily recognize the sound logic and sound direction the Messages contain. Mother Frances heard the Words with the Ears of her Soul, and would repeat Them aloud when she was told to do so.

This Teaching Miracle is a direct parallel to the time Our Lord walked the earth. He did not loudly proclaim to everyone, "I am The Son of God." He taught in a quiet manner, simple, extensive, but always detailed

in repetitiveness, instilling in those listening what He wanted them to remember. He taught in parables, short, simple stories containing moral lessons. He knew men could more easily understand and remember the point He was trying to make this way. His “Teaching Stories” pertained to everyday living, practical matters, and how to become a Saint. He gave hope through these stories. He gave example.

Now in our time, God is once again giving us “Teaching Stories” through Saint Joseph and His instrument, Mother Frances. Through her, in a quiet, unassuming and genteel way which appears so “natural”, mankind is again being taught the Purpose of life, and what God expects man to be like in his daily living. People feel hope in these Teachings, Example always given.

Two major Revelations of significance have been given for us in our day. Our Heavenly Mother is Part of The Divine, and Saint Joseph is truly The Holy Ghost. These should not bring an immediate rejection, but should pique our curiosity and interest.

Our Faith in God is based upon many mysteries. Whether it be The Holy

**Trinity, the Incarnation of God, or The Holy Eucharist, men strive to understand These, trying to grasp a small glimpse of the Beauty of the Truth They Are. These mysteries also pique our imagination and interest. However, even though we know God revealed these mysteries to mankind and we accept them in Faith, they still remain just that, mysteries.**

**One has only to look at these “*Stories From Heaven*” to see the value They are, and to feel the hope They instill. No man can logically deny purity of thought when it is so obvious. No man can deny purity in direction, when it is based on sound morals, sound values, sound standards. Do not be blind to truth. Skepticism is for people who are unable to see the truth of a matter or situation, and many times skepticism drowns out purity because it is full of ego and pride in one’s self. Skeptics find it an easy out to disclaim truth.**

**There is no doubt that it takes time for such Phenomena as This Miracle to penetrate even those minds who feel they are capable of discerning such Phenomena. We must not be governed by purely another man’s determination, but we must understand that logic, sound reasoning and purpose must be the criteria of our Faith in God.**

## **PLEASE READ**

**In some early volumes of “Stories From Heaven”, many Revelations describe edifices to be built on Saint Joseph’s Hill Of Hope. As just one facet of The Miracle Of Saint Joseph, God invited men of all races, colors and creeds to participate in building a “City Of God”. Every building, chapel, bridge, shrine, garden, amphitheater, and even a hospital and a research center, to be included in this Magnificent Project, would be designed down to the most minute detail by Heaven.**

**This City Of God would be a place of great beauty for men throughout the world to visit, to gain true spiritual strength and to learn firsthand that which Heaven wants all men to know.**

**Much to the great loss of every man, woman and child in the world, this City has not been built. Innumerable obstacles were placed in the way of Its completion by those who would have benefited the most. Not enough men volunteered to return the gifts of their time and talents to God. Not enough people came forward with the money needed to participate in God’s Plan in a monetary way. Donations became less and less, because the men in the Church said, “Don’t give.” They discouraged people from participating.**

**For many years, Mother Frances and a handful of volunteers made every effort to overcome all opposition to men’s lack of wisdom, to build this City for God. However, we are not at a total loss. The Sound Teaching and Sound Direction given by Heaven in the many volumes of “Stories From Heaven” continued through the years, and will benefit people everywhere for many generations to come.**

**In the future, if the hearts and minds of men change, the world will one day see the Beautiful City Of God.**

**All Revelations are delivered  
spontaneously and continuously  
as witnessed by all those present  
at the time.**

**SAINT TERESA OF AVILA**

**“I am Saint Teresa of Avila. As in your time, we also had difficult times. When I say this, I refer to updating certain areas, too much casualness in other areas, and also times of desecration to The Blessed Sacrament.**

**When many men, women and children in your time read about things that are occurring that are diminishing the Importance of this Treasured Gift of Divine Love, the Sacrament called ‘Holy Communion’, as It has been designated to be a Gift of Divine Love in a Personal Degree, some are desecrating This to the point where it is beyond sacrilege.**

**All of Us Who walked the earth and are now looking at what is occurring in your time, Our Souls are struck by a depth of sorrow indescribable, because We understand the Importance of a Soul, and the Soul is the recipient of all each individual thinks and does. You may ask, ‘If Your Soul is in Heaven with God, how can**

**It feel sorrow in Its Glorification?’ I ask you this: ‘Does not The Father feel sorrow when sins are committed against an individual’s mind, body and Soul?’ A sin is a scar. Think of it as this. A scar is a deep cut, not always easy to heal or to be dismissed.**

**You do live in a time worse than many past historical times, but you have been handed Pure Direction, Pure Information, Pure Love, to give you the strength to be an army against all that is evil. It is true, the enemy of God and man is fighting This Miracle of Divine Love. At each thing he lashes out to cause scars, using disbelief in some, using tempers, using arguments, using lies, using drastic emotional words to discredit what The Father has given to the whole world of mankind for the benefit of the Souls of all races, all colors, all creeds.**

**When I was upon the earth and we had a discussion about purity, and later we discussed it openly, trying to remember all that was spoken, we would find that we did miss certain issues, and would remember them at a later date, thus diminishing their value in some ways. That is why The Father has requested so much to be**

written in This Gift of Divine Love, so that not just those who were present, but so that millions could read What was spoken directly, in Its fullest measure.

All that is revealed through Us is revealed in a manner to cover all types of human life, all degrees of mentalities of human life, and all corners of the world. Many of These will be translated into many languages at a later time, because of Their Worth, Their Soundness, Their Logic. Your tasks are numerous in that you walk, building the foundation for hundreds, perhaps thousands of years to come. You are Blessed in ways you cannot feel, you cannot see, but your Soul in many ways is what encourages you to stay close to where We are so openly. So be it.”

JULY 12, 1995 AT 1:35 P.M.

## SAINT JUSTIN

**“I am Saint Justin. I have spoken many times, rarely mentioning My Name to those present. We hear all the conversations that take place in your efforts to spread This Beautiful Miracle where The Father wants It to be seen, to be read, to be understood for the Magnitude that is the purpose for It, the reason for It.**

**The Father, in choosing such a *small instrument*, did this for a specific reason. There are many who stand outside who wonder why a loud voice, a large structure, a particular vocation of life was not chosen: ‘Why would The Father choose a *small voice*, a *small structure*, and one who was instructed and raised in a manner that was normal, that was in many ways healthy morally?’**

**Many of Us Here discuss with Each Other how to reach unreasonable minds for such a Great Gift, to penetrate in such simplicity, such clarity, such obvious important Lessons.**

**I am speaking briefly, and I will return at another time, but what I have spoken I want you to think about, because it is a question that arises many different places, many different times. So be it.”**

**JULY 12, 1995 AT 2:05 P.M.**

## **SAINT JOSEPH, THE HOLY SPIRIT**

**“I am Saint Joseph. We speak through This Beautiful Miracle at any time during a twenty-four hour period of the day. We do this to assure you that Our Presence is ever present every hour of every day. It is sad to hear some think that We are only present when someone is praying Our Way. True, We are attentive at that time, and no words go astray.**

**I am speaking to you at this time on some very important issues that We heard each of you discussing a short time ago. All points of discussion were and are on important issues, because it will be through your expediency and your follow-through, that will give more strength in many ways to those who will listen, and to all that is to be accomplished by this act of forwardness to help millions of people become more acquainted with the Importance of human life, and how Each Saint Here in the Heavens is a Part of human life, having been human at one time in life.**

**When one hears Truth based on logic, it automatically increases the individual's ability to go forward, stand stronger, be more direct, to reach the fulfillment of life The Father intended, Sainthood. Think about this in total silence, regarding what is important, how can anyone grow spiritually? Each human life should be constantly alerted to the Purpose of life, be grateful for it, and know that it is important to reach the Goal for which it was created.**

**All of The Saints Here in Heaven are not just aware of This Special Gift of Divine Love, but are ready momentarily to be a Part of what will help an individual, or several all at once, more fully understand what a Great Gift of life human life is.**

**This Miracle is a Treasure beyond human understanding. It is always sad when We hear It questioned in any way, in any degree, because Its Purpose is to give to all of mankind, present now and for all future time, a fuller understanding, a more complete understanding, regarding the Importance of each human life, because of What it contains besides**

**intellect, ability, speech. It has a Soul.**

**Though this is difficult for some to believe, you must remember this: Repetitiveness in instruction is important because the human mind reacts to repetitiveness, and sometimes it is the only means for an individual to more fully understand the subject matter.**

**The Father has waited for ‘this time’, regarding My Full Measure of All I Am About, so it is important for each one who has heard This direct through This Miracle that bears My Name, to be a major part of passing down through time This Information, This Truth, This Fact.**

**Each time I speak, it is with The Father’s Love, and of course, with The Heavenly Mother’s Love, for as I am The Spirit of The Father, I am fully aware of the importance of each human life’s practices in intellectual matters, in personal matters, and of course, in their spirituality in how they handle purity of mind, body and Soul.**

**As you have learned, your Soul is a Portion of The Father. I am well-acquainted with what this means, for**

**though you do not see It or feel It, your Soul is many times expressed through your spirit of action physically, through your speech. Do not forget this.**

**When We speak of love, it is a word you can relate to. It says closeness, caring, personal attention. I assure you, the Love from Here is far beyond what you can comprehend love to be.**

**I speak on this day, wanting you to better understand the Importance of human life, and the Beauty of the Goal for which it was created. As you live each day, and the time comes for you to lay your head, remember, We are All still present within you. So be it.”**

**JULY 12, 1995 AT 3:25 P.M.**

**SAINT ALPHONSUS LIGUORI**

**“I am Saint Alphonsus Liguori. The Father has designed a Beautiful Miracle, allowing mankind to learn more about human life, the Purpose for it, and of course, the Goal The Father has Decreed for it to be, as the Final Gift for each human life. There are so many human beings who cannot fathom such a Love as The Father shows, through giving to mankind a Goal to be with Him Forever.**

**Man can only see into the future a short distance. It takes a deep Faith in how God would work, a full understanding of how much Love there is in each human life. The Father would not have created human life unless there was a Specific Purpose for it and a Goal to be reached, because The Father’s Love goes beyond what human life, a human mind, can perceive.**

**As you speak sometimes of the manner in which you were instructed regarding the True Presence of God, and that there were Saints surrounding Him, you learned these**

things through stories, or through a particular form of instruction based on questions and answers that shortened each important fact so it could be more understandable to even the smallest child. Today mankind is being instructed more fully on the Purpose of human life and the Pure Love that was passed at the moment of conception into each human life.

There is much concern Here in the Heavens with mankind's new thinking that is being developed, disregarding the privilege of human life, the Purpose for human life. Mankind has a Soul, not fully understood in the human way, but it is only logical to believe that as man was made to the Image and Likeness of God, there has to be a Portion of The Father within each man, else something Important to this creation would be missing.

If a child is born without an internal organ that basically plays an important part in daily living, there is a tremendous concern, because the child cannot live without this organ. Sadness prevails.

Now let us return to the subject of That Portion of The Father that is

not able to be seen but radiates within the human life, that is rarely spoken about when one looks at a new birth, only stressing the physical aspects of it, ignoring that Important Factor that shows through the newborn child regardless of what race, what color. So many times We Here in the Heavens hear much discussion regarding the birth of a child. Very few times do We hear, 'Cannot you just feel God's Presence in this new life?' and yet It is there.

Let us now go to a nursery. All children are hours old, not one is yet a day of age. They are being treated by those in charge, handled by those supposedly trained hands. There is something in each child that is different. Those handling them sometimes say it is a personality, or a reflection of their race or color. What the handler does not realize is that each child has a Portion of The Father that cannot be seen, cannot be felt, but is obvious in a particular way.

Human life has a distinctness above all other things. It has a Goal to reach, a manner of living that calls for respect, dignity, and goal. These things alone say that mankind has

**a special role. This Miracle of The Father's Love is instructing mankind through It, that each child born to the world is Important because it has within it a Portion of The Father that one day must be returned to Him, and It is called 'a Soul'.**

**Those who surround other forms of life, other than human life, see the necessity for care and concern to a degree. Also, they realize that it is different than human life and must follow in the manner of living from which it was born to live. But human life has more than this, because innately the handlers know there is an intellect different in each life, and that each life has an Important Goal.**

**This Miracle has been given to not just encourage mankind to understand, but to assure mankind that each birth is The Father's Love, and each birth has a Portion of Him within it, and that no man, no woman, has the right to stop the life intentionally, from fulfilling The Father's Will to its fullest potential. So be it."**

**JULY 12, 1995 AT 4:57 P.M.**

## **OUR HEAVENLY MOTHER**

**“For most, the most treasured love to man is the love felt to the mother. There is a union above and beyond all other unions in human life. It is not always addressed openly in this manner, but there is an innate unity that goes beyond human understanding.**

**My Love for all children born to the world is a Love that is indescribable, indefinable, because My Love is that of your Heavenly Mother. When I see a child in distress of any nature, I immediately respond because of a Mother’s Love that innately goes beyond any obvious association.**

**Many Stories have been written about My younger Life on earth, and Points of Importance leading up to that Special Birth, as the Light shone so brightly at this time, where We were. I assure you that your Soul is as close to this Light as any human being can discern.**

**If human life were not so Important, there would be no History**

of My time on earth for all things concerning human life, and all the Stories leading to Important Events regarding the time in which We lived in human life, must be seen as being as close to human life as mankind can feel, understand and realize, that such a continuation of life has a Specific Importance to it, and Great Worth.

I know in the time that you live, there is much dissension amongst learned men and women, regarding the Importance of what human life represents, but what most truly do not understand, is that human life has a Portion of The Father within, which places human life above all other life that exists.

My Love that I have for each child is not just an Important Love, but a Sharing Love, and One that is always available to the call, to the cry of any child of any age, for any purpose. There have been different times in the History of mankind that much attention was placed My Way, much love for Who I Was, What I stood for, but it has diminished through time because mankind has become so humanistic, using only human values

as guidelines and means to getting his or her way.

**M**an uses the word 'love' casually, insincerely, many times indifferently, but the word 'love' to Me has a Tremendous Responsibility, a Personal Responsibility, and a Closeness that nothing else has. The word 'love' has dependence in it, security for the mind and the body, even one's Soul.

**I** have many Titles that I enjoy hearing. They are becoming fewer and fewer verbally, because of so much humanistic dependence on earthly matters, on earthly friendships, on earthly communications that ignore My Name almost intentionally. Children are not being taught to call on Me, My Name. There are so many distractions physically, mentally, morally.

**S**o much dependence is being entrusted to humanistic versions of what mankind is capable of. Much of this is diabolical, because it is causing men, women and children of all ages to disregard speaking My Way, and becoming totally dependent on humanism. Mankind is ignoring the beauty of virtue, purity, dignity, and moral responsibility.

**True, some instruction is being given identifying The Father as the Ultimate Source of The Divinity, but sad to say, mankind is lax in this area in many ways. There is so much independence that it is eliminating Faith in The Father's Will, Faith in the Purpose of human life, and the Importance of All that is Here in Heaven for mankind to gain strength from, strength in.**

**The enemy of God and man is working diligently to cause mankind to have a lapse of memory on the Importance of what life was created for. Here again, humanism is what man would call 'the important issue'. You must understand, you do live in a time worse than many other times in History. This must change, this must even reach the point of stopping.**

**The children must be instructed more fervently, more directly, more intentionally, on the Importance of the Goal of Life, how It can be reached, and to never stop using purity of mind, body and Soul, for the Goal The Father designed: Sainthood.**

**I bless each child in My Presence here with a Love beyond what you**

**know love to be, for as you have been chosen, in many ways hand-picked, We are aware that in all things that are right for the Souls, you will follow through. So be it.”**

JULY 12, 1995 AT 6:19 P.M.

## GOD THE FATHER

**“I address each one of you present here now, and all who will read These Words at another time, in another place. I have placed This Miracle upon the whole earth, instructing mankind on an Important Issue, and that Issue is that each human life has a Portion of Me within it. I have named It ‘the Soul’.**

**I have used many before this time to instruct mankind regarding the Importance of human life; and what I expect mankind to understand is that I, The Father, The Creator, want All that is of Me to be returned to Me at a given time. I use *a small instrument*, a delicate nature, but one who is obedient to All I Will to be spoken for mankind to read, to follow, and be obedient, because of the Importance of Why I come to the world in such an Open Manner at ‘this time’.**

**Many Saints Here Where I Am have responded to My Will, helping mankind to better understand My Purpose for human life. The time**

presently, is a time when many enemies are doing many things to discredit What I Have Decided mankind must fully understand.

Mankind makes many excuses for sinfulness. I, your Father, say: 'I accept no excuses, for in many ways, I have placed openly, purposely, The Rules I have requested man to follow. They are not Rules meant for those who lived at another time. They are Rules for all times and must never be eliminated in any human life.'

This Special Gift I have given man at 'this time', allowing mankind Direct Words from so Many Here, is a Gift beyond what mankind understands, but the lack of understanding is in the form and through the will of mankind, not through man's lack of knowing right over wrong. It does not take ultimate knowledge to understand My Rules, My Commandments, for I have deliberately explained Them through this *little one* through whom I speak now, in extensive detail, instructing mankind to omit any impurity, immorality, that would in any way be detrimental to the purity of the Soul, or the Souls of others.

**My Love is a Love beyond what you know love to be, but to help you understand My Close Association to you, with you, for you, I use the word 'love' because it is so understandable to your nature and your ability to recognize a Close Association with Me.**

**There have been times in the past when there was so much desecration to My Will, by men, women and children who defied morality. This must never reach the point that it has at different times in the past. That is why I have allowed This Miracle of Love, of Mercy, of Hope, with so much Direct Communication, giving mankind the opportunity to change and cast aside all that is from the enemy.”**

**JULY 24, 1995 AT 1:09 P.M.**

## **SAINT JOSEPH, THE HOLY SPIRIT**

**“It is difficult for so many who studied to become priests, because they became so theologically oriented and obedient to a system that was organized, based on control, on supervision. Many times a background such as this can be detrimental to some Souls, because the individual human being has a nature, a personality, and much of what he has practiced in the past was initially dictated by those with whom he lived, thus making the background evident in how the individual would react and practice a form of life that was to control, and supposedly to benefit those who believed in this particular manner of Spiritual practice.**

**This Miracle that bears My Name and that has also instructed mankind on the Full Place in which I Am a Part of, that is, of course, as The Holy Spirit of The Father. Why this is so difficult for so many to accept is a sadness, because it is so logically sound, so logically correct.**

**In the Stories that mankind has read about the Family Life that I was much a Part of, it would have been difficult for mankind at other times to fully comprehend What I Was All About, because My Full Existence was in many ways restricted in conversation by those in charge.**

**It is important for mankind to understand that all through time The Father has chosen 'little ones' to be the ones to receive Important Messages from Him. I hear some say, 'Knowing that Saint Joseph is The Holy Spirit is so logical, for He was always in the background and so little was truly spoken about His actions; also, why was He not at the Crucifixion to support The Mother of God?'**

**With the release to the whole world through This Miracle that bears My Name, mankind will better understand that My Presence at the Crucifixion could not have been. Reality says I would have not tolerated the injustice. I add to this in your time: 'I will not tolerate the injustice that mankind is using to reject This Miracle that bears My Name, and the Important Statement describing What I Am, Who I Am.'**

**The Father has designed ‘this time’ to be, because there is so much diabolical heresy prevalent, and it is important for mankind to know that I Am Present, and I Am The Holy Spirit of The Father, and I will act against those who reject This Gift of Information regarding Who I Am. More will be spoken regarding This Advent.**

**As I leave you at this time, I hand you a Blessing beyond any other blessing, and that is the Gift of Faith to endure all criticisms, but also to conquer them, because you see, criticism is not always truthful. It is many times an act of weakness. So be it.”**

**JULY 24, 1995 AT 2:26 P.M.**

**SAINT BRIDGET**

**“I am Saint Bridget. I have not spoken very often through This Special Gift to mankind that has been so generously Blessed by The Father’s Will, instructing mankind to the Importance of the Creation of man. All things created have a meaning, have a purpose, have a reason, not always obvious, but nevertheless, there is a definite, positive reason for all living things.**

**Mankind is different in its Creation because it was designed with a particular type of intellect, a nature, evident through the habits of mankind, the practices of mankind, and of course, the mentality of mankind. Granted, the animal kingdom has an aggressiveness in it, a purpose in it, a reason for it, but the animal kingdom is minus a very Special Gift of Divine Love, and that is a Soul.**

**Many times We hear mankind show much respect for particular types of animal life, and it is good to hear, good to see, but mankind must realize**

**that no other life, no other living thing has the Gift of a Soul. This may be difficult for some to believe because they place so much emphasis on living things, but the Soul is a Specific Living Part of man different than anything else in the world, because this Soul is a Portion of The Father, which nothing else can compare to.**

**You live in a time considered a civilized world. There are many inventions giving mankind access to superior knowledge. Mankind is in research, looking into evidences of great greatness that is beyond ordinary measures, means. No human life has access to what the Soul is all about, because It is of such Magnitude, of such Greatness in Its very existence, that no matter what degree of invention man can reach, no man can create a Soul.**

**This Miracle that The Father has given to all of mankind, all races, all colors, all creeds, instructing mankind, deliberately describing to mankind what that Special Closeness is to God that makes mankind superior to all other living things. Just because man has never seen a Soul does not mean It does not exist, but logic should say to**

**mankind: ‘Within me I feel evidences of a Higher Being. I feel an awareness that my life is special and I am not considered in the animal form, or in the vegetable form, or any other form of life that surrounds me.’**

**Mankind has an inquisitive mind, a searching mind, but mankind cannot find anywhere written, or through learned minds, What This Gift of The Father’s Love has so generously allowed to be given. All that has been spoken regarding the Soul, a Portion of The Father placed within the conception, is beyond any human intelligence to fathom or to conjure up, with and through imagination, because mankind has been limited up to this time in which you live. The Revelation handed to mankind through This Special Blessing is Monumental in Its Sound Reasoning, and only The Father could explain the Soul as He has done through This Miracle.**

**So Many Here in the Heavens are ready to speak whenever The Father Decrees it to be, for We All realize that mankind has been given, not just an Inspiring Gift of Information, but Sound Logical Reasoning that has never before passed through any**

**human life in the manner This has in your time.**

**All that has been transcribed to be passed throughout the world must be done without question, for no human mind could possibly discern the Magnitude of All the Information that The Father has so generously allowed to be written, for mankind to more fully understand what a privilege human life is.**

**So Many Here wait for The Father's Direction to instruct mankind in ways nothing else can, and for each time it occurs, Blessings abound in All the Words because of The Father's Love and Will that is in Each Word that passes through This Miracle of Direction. So be it."**

JULY 24, 1995 AT 4:00 P.M.

SAINT ALPHONSUS LIGUORI

**“I am Saint Alphonsus Liguori. We are in a courtroom. There is a judge. There is an individual on trial. There are others who are legally knowledgeable in matters that will determine justice or injustice, truth or untruth, regarding the position of the one who is on trial.**

**As you write These Words, there are places wherein some of this takes place regarding this *little one* through whom We All speak. In such matters as this, no man or no woman has the full knowledge of judgment that it would take to determine a decision that would be heard as: ‘This is definitely not of The Father.’ No living human being has the ability to discern the Magnitude of a Blessing of This Nature, of This Caliber, of This Dimension.**

**Mankind reads a storybook, and in the title it is told that what has been written is fact, is truth. Those who read the book find it interesting, and believe what has been written as truth, because it is said to be truth.**

**N**ow I take you to the place where you are. The Father has designed a method and a means of Personal Instruction to mankind, allowing Many of Us Here in the Heavens to partake in delivering Instruction in a manner of clarity that is easily understood. Those who believe in that special manner of life that has intelligence and many abilities, plus a Specific Gift from The Father that connects mankind as an individual to Him, what would give any human being the right to say that such a creation as this could not be? How many would question relentlessly on *one individual* being chosen with this Information personally?

**I** take you to a Courtroom, the type you are not familiar with, for The Father is The Judge Here, and All Saints are present. Many of These Saints took part in the Instruction passed through *a small voice*. The Instruction was important in that it emphasized an Important Part of human life that nothing else has, and that is a Union with The Father, called 'a Soul'.

**N**ow I take you to another place. It is called 'Hell'. The enemy of God

**and man exists in this place. It is not just a story. It is Fact that it exists.**

**Sometimes mankind says, ‘I can’t help what I do; the devil made me do it.’ This is more than a sadness to hear, for We immediately say to mankind: ‘What about your will? What about the Treasure you have to make decisions? Is not right more obvious to choose than wrong?’**

**If you were given a choice, and there was a precious jewel shown to you, and then next to it a small mound of dirt, which would you choose? It is this way in your daily life. You have the ability to choose what is right, you have the ability to choose Sainthood in everything you do. Logic would say, no man, woman or child would choose the dirt. This comparison is extreme, but now let Me put it in this way: Truth is as the gem, it has great worth. Sin is as the dirt is, it causes stain and has no worth. So be it.”**

## OUR HEAVENLY MOTHER

**“As I was present as Each One spoke to you on this day, I could not help but feel your different degrees of love for Heaven. I am your Heavenly Mother.**

**As a human mother knows what is important to a child, I assure you I am aware of Every Word passed through this *little one* to you and to all others, whether it is a casual conversation or a formal declaration of Fact, of Truth, called ‘a Revelation’.**

**There is so much sadness throughout the world, but much of it is caused by so much immorality that is being practiced, that is being accepted as a normal manner of living. It is sad to say what I am going to say: There is so much evil throughout the world, so much immorality, causing desecration to the Beauty of so many Souls.**

**I ask you to remember the Story you have heard so many times, how I stood at the Foot of the Cross. Logically it would say to you, My Sorrow was so intense, the only**

thing that kept Me upright was the Purpose for which it was occurring, else I could not have lived through it. To a normal life, it would have been considered an abomination beyond human understanding.

As you hear the Story, or read about it, you can only sense a certain degree of feeling. In many ways this is a protection for you because of the horror of such a scene, physically witnessed by those who were so close to Him and who loved Him so personally.

This Miracle The Father has so generously given to the world is to instruct mankind on the Importance of human life, and that human life has a Special Goal to it.

In many ways, at that horrible scene wherein The Son of God, My Son, was tortured to such an extreme, it is occurring again in a different way because of so much desecration in the name of 'modernization'.

As I speak My Words through such a *little one*, she feels My sadness, because so many Souls are being attacked with so much impurity. So many men, women and children are disregarding what human life was

created for, the Special Gift it is, and the Goal The Father has awaiting each Soul to be returned to Him.

**M**ankind does not want to understand the responsibility that the Gift of human life is, because it automatically says human life has a Goal, a Purpose beyond what daily life shows. The Ultimate Gift of human life is to return the Soul to The Father, to be with Him and All of Us for All Time to come. Mankind ignores time in this sense of the word. Mankind relates only to a designated period of time, and in many ways refuses to see the Importance of Eternity. Man says, 'I cannot think that far in advance.' This remark is not just foolish, but it is a remark of denial regarding the Goal The Father has designed for the Soul of all human beings.

**O**ur Words pass through *a small voice*. The Words are gentle and have much Instruction in Each One of Them. Ask yourself: Would you accept These Words more if They were so loud They would shatter your whole nervous system? The gentleness and the genteelness that is used to instruct mankind in the Purpose of human life, has Purpose, has Love, even to those

who in their manner of life, of daily living, have strong voices, definite mannerisms that draw immediate attention.

**As a Mother, I want you to read as much as you can on the Importance of The Father's Love for man, and do not forget, the Sacrifice He made in a human way was to be Example for all time to come. Sometimes sacrifice saves Souls. Sometimes sacrifice, whether it be monetarily, physically, has a goal beyond what anything else can have.**

**As My Blessing comes through My Words, I want you to be assured that All that has been given through This Gift of The Father's, instructing mankind of the Purpose for which human life was created, must be read throughout the world.**

**There is no Blessing as This One is, and it is your responsibility to spread All that you have been given. I want you to fully understand, each child close to this *little one* has been picked to be a part of saving Souls, and it is your task to pass throughout the world so that others will be able to spread The Father's Will and Words. So be it."**

JULY 25, 1995 AT 1:46 P.M.

## GOD THE FATHER

**“When My Name is heard, that I have spoken to *a little one* in the world, directly announcing Who I Am, and delivering Words of Direction, Words of Love and Words of Hope, It is many times rejected, because mankind in so many ways cannot fathom My Personal Attention, My Obvious Presence in their daily life, and of course, My Delivering Personal Messages through a human being such as they are.**

**It is sad to hear learned men and learned women reject My Presence in such a Personal Way, such a Loving Way. Mankind forgets that I appeared to a man a long time ago, and What I delivered to him were the Most Important Words that mankind could receive. By Name, They are My Commandments, limited in number in your day, also in description. As I spoke the First Commandment, the one to whom I spoke was immediately aware from Where These Words came. The Words in your time have been shortened, but I gave lengthy details**

at that time on each Rule, each of My Commandments.

Through this *little one* that I have given, and allowed to be given so much Direction because of the Importance of human life, and the Importance of the Gift of My Love within each life, called 'a Soul'. You say to others, 'I give you my love; I love you.' You mean these words through actions and through expression. I, your Father, say: 'I placed within each conception a Piece of My Love, a Portion of Me. Granted, you cannot see this Gift of Love, but through your Faith in Me, through your belief in Me, through your human love for Me, you innately know I Exist within you.'

As you pass through one Rule at a time that I delivered, each Rule pertains to you as an individual. Each Rule designates a certain portion of your behavior, what you are capable of doing, and what you are to refrain from doing, for the sake of this Soul that I placed within you. Sound logic should tell mankind if I did not have a Special Purpose for human life, why would I have given Specific Rules, Commands, to give mankind the necessary means, facts, and measures

of importance, so that this Soul would be protected against all impurities that mankind, through the freedom of will, was capable of accepting?

As I speak through *a little one*, I consider all who write My Words and who will read My Words, as little ones. Do not forget the importance of a child in a family that is expected to be obedient to the authority of the family, the parental authority. This is My Closeness to you. My Words are Blessings, My Words are Gifts, My Words are My Love for you. My Purpose is for you to return your Soul to Me in the State of Purity that I gave It to you at the moment of conception. Some say, 'That is not possible.' I, your Father, say: 'I would not say it if it was not possible. I would not expect it if I thought it was impossible.'

The Rules that I gave are being passed over. They are being ignored and in many ways cast aside, because of the modernization man places on human life at this time. This is foolish thinking and it must cease. Daily life has a purpose, and each day should bring you closer to Me in the physical way, because you have that Direct

**Connection to Me at all times, your Soul.**

**I bless all who accept My Words. I bless all children who use the Words so that their Soul will be returned to Me spotless, in a Beauty that nothing on earth can compare to. Remember My Words, be example of My Words, and hold My Words close in every decision you make. Let no man, no woman, no child, weaken your love for Me in any way, for any reason, at any time. So be it.”**

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother. There has been so much Instruction regarding the Importance of human life, and the Goal for which it was created. The Father gave to the world a Special Gift of His Divine Love. It is called ‘*The Miracle Of Saint Joseph*’. Why is It called ‘a Miracle’? So many ask this question, because a Miracle, to most, is something that happens instantaneously, most times connected to a physical cure. Of course, there are many kinds of Miracles, many degrees of Miracles, and many reasons for Miracles.**

**There have been so many Instructions delivered by so Many from Here, regarding the Importance of human life, and of course, the Greatness of the Soul that is within each human life. As God The Father is Distinct in His Name, and as the Ultimate in Meaning and Reality, each Area of Heaven has a Distinctness in It, and Each Saint has a Distinctness in Their Place Here in the Heavens.**

**A Beautiful Lesson was delivered this morning to *the little one* through whom We All speak, used as *an instrument* of Communication, of Instruction, for all of mankind throughout the world. The Lesson described that each man, woman and child is seen by The Father as an individual, not in the same category as those close to them, as those related to them, or with whom they associate. Each child born to the world is accepted as an individual, is designed as an individual, is responded to as an individual, in all actions, all thoughts, all deeds, at all times, every moment of every day and every night. Each life stands alone in The Father's Eyes, in The Father's Love, even though the individual can be considered associated physically with many other lives.**

**When a child of any age says a prayer, or performs an act of communication, physically, in The Father's Presence, each human being is responded to as an individual, and in no way is connected to the one next to them doing the same thing, or to anyone they are physically related with, or associated with. Each child,**

or each adult, must understand that in the Eyes of God they are individual to Him, and will be Judged accordingly, because each one born to the world receives a Portion of The Father called 'a Soul', and the individual is responsible not just for physical protective measures, but for the moral protective measures of their Soul.

**M**orality is connected to every act in life; so is immorality. That is why The Father gave to the whole world His Personal Commandments for the benefit of Souls. These Commandments, through time, have diminished in Wording, making Them easier to learn, but putting Them in such a concise manner, eliminating the Magnitude of what each one not just alluded to, but showed its full meaning, thus giving Importance to the Magnitude that each Commandment consisted of in detail, that the Soul of the individual was responsible for.

**A**s two people gather, ten people gather, a hundred people gather, a thousand people gather, ten thousand people gather, there are no two Souls that are exactly alike in purity, or in the same category of understanding and obedience, where The Rules of The

**Father are used as the Guidelines for daily living. This Lesson is of Great Importance, because mankind has a way of putting all things in a group, according to the subject matter, the direction, the results that are to be attained.**

**So many Blessings have been handed through This Miracle of The Father's Love, so much Sound Direction, and none of This must ever be cast aside, because the Importance of What has been spoken must never be denied by anyone. The Value of What has been taught, in All of the delivering through This Miracle, is to save Souls, and to help mankind use human life as the means to what The Father created human life for: to become Saints for All Eternity."**

OCTOBER 31, 1995 AT 12:45 P.M.

## SAINT JOAN OF ARC

**“I am Saint Joan of Arc. We are always present wherever The Father puts this *little one* that has been chosen to speak Our Words at the slightest sign of Our Presence.**

**It is important for mankind to understand that This Gift of The Father’s Love is a Gift Greater than mankind can comprehend, because This Gift deals directly to the intentions, the actions, the motives, the decisions of human life, always with the Soul of each life as the receiver of all that is directed to be done, to be changed, by the individual or individuals who are in receipt of the Words spoken by One of Us Here in the Heavens.**

**When I was upon the earth, the Voices I heard were as the Voices are that *this child, this little one* receives Directions, Lessons, and Communication. It is sad when We hear some deny that This could be happening at this time, because when something of This Greatness is handed to the world by The Father, there many**

times is much jealousy attached, and also, the greatest defense against a Miracle of This Magnitude is to ignore All that is given. It is sad when We see this, because mankind is forever needing Spiritual help, advice, and This Miracle is giving It firsthand from The Father's Words, and He is allowing All of Us to partake in This Miracle. There has never been One quite like This until 'this time'.

It is a consistent, constant Direction, not overpowering, but in Its Manner of delivery, It is consistent and constant in Its obvious caring for the Souls of all races, all colors, all creeds. It is important that These Words that The Father has allowed to be delivered, be passed throughout the world as quickly as possible, because mankind is devoting much time to what is called 'unorthodox etherealism', that in its meaning is accenting humanism more than it is the Soul that is a Portion of God. Humanism has its place in the life of mankind, but humanism can become so much more important than the Sanctity of one's Soul.

Many who have not heard of This Miracle, are beseeching The Father each day to send a sign of

some kind that they will recognize as Him instructing them, because there is such a great need for His Love, His Protection, His Intercession, to correct the worldliness based on total humanism in every culture that is superseding what The Father is All About, what sound Spiritual values are all about, and what morality truly means. A cry for help! No one hears the cry, because those close to them, or those who are spiritually oriented, are too preoccupied, too busy, and do not see what is actually taking place.

Even though there are many shouting religion and religious beliefs, there is much more humanism adapted to what is being practiced than mankind realizes, thus ignoring or bypassing the Sound Values of what The Father stands for, what God's Commandments mean to each life, to all ages, to all occupations.

Mankind talks about battles, and in many ways sees the devastation of physical battles. The world at this time is in many ways on the battlefield of destruction, because so many who are shouting religious orders are ignoring the Foundation of Christianity, the Foundation that is based on The

**Commandments of God, sound justice, truths, sound moral values, sound moral standards.**

**M**ankind uses symbols. It has always been since the beginning of man. Some of the symbols intended to mean one thing can actually mean several things. The Father gave to mankind a Symbol of His Divine Love. It was the Crucifix. This Crucifix should be in every home, and in other places also, to remind mankind of what occurred, how wrong it was, how evil it was, and that mankind should, at this time, raise a symbol depicting God's Commandments in Their fullest meaning.

**This might be difficult for some to understand how it can be. We smile at this and say, 'Mankind can find a way with the degree of intelligence, imagination, love for God that man is capable of, because These Commandments are the Key to many having more understanding of the importance of their actions, for the Goal God intended life to be.' So be it."**

OCTOBER 31, 1995 AT 2:14 P.M.

## SAINT ANDREW

**“I am Saint Andrew. This Gift of The Father’s, This Miracle that delivers to mankind so much Direction for the good of the Soul, so much Love for the human role, must be seen throughout the world as a Gift of Tremendous Dimension, based on Hope and Divine Love.**

**It is difficult for some to fully understand that The Father would love mankind to such a degree that He would speak openly, and then allow, and direct Others of Us Here to instruct all of mankind on the Importance of the Soul that is instilled at the moment of conception. The repetitiveness of This Statement is to assure mankind of the Value of It, the Importance of It, because of the Reason for which mankind was created.**

**The Father is beyond any human comprehension, because mankind has the ability of understanding to a degree that The Father designed, and intended man to be able to use, to achieve the Goal of Sainthood.**

**Mankind very often uses a power play to get something done, and then sometimes pressures an individual or individuals to accomplish a goal. The Father, in His Love for human life, has given mankind a will. This will allows all individuals to make decisions that they understand, and also, to be able to reason the importance of the decision, the direction for which the decision will carry them mentally, morally, even physically.**

**The Father has designed human life with so many valuable senses, intentions, attentions, drives, encouragements, intelligence, in many ways, for many purposes, in many degrees. These Gifts are Gifts of freedom to use as an individual chooses, which of course is why The Father gave a free will to mankind. The Creation of man had many Reasons. It was The Father's Love, to share a place with Him, Portions of Him, so that mankind would one day be a Part of What He is, for All Eternity.**

**It is sad when We hear so little from mankind about the devastation that the enemy of God and man can cause to the mind and the will of many individuals, not just through confusion**

of thoughts and words and deeds, but through deliberate rejections of sound moral values, sound moral standards, sound reasoning for what is good, what would please The Father.

**M**ankind has the ability to make decisions that automatically reflect in the judgment of the individual, and the individual has the will to make a choice, right over wrong, truth over untruth, and of course, all this based on what the individual can associate to God's Commandments, relying on The Commandments to make the right judgments. What The Father wants for mankind through This Special Gift of This Miracle is to enlighten mankind to the options available, and to the Goal that awaits their Soul that was given to them at the moment of conception.

**I**t is amazing to watch a small child, in making a decision, instinctively knowing what would be right, what would be wrong. Decisions come at a very early age, and then grow with the child to bigger decisions. You live in a time that is saturated with evil in many ways, but also much confusion because of the evil. There are so many whose judgment is not practical, not logical, but in many ways selfish and

**ignorant, purposely, to what they know the correct decision is to be made.**

**Historically, mankind has passed through stages of severe attacks from the evil sources, and though it is not recognized openly at this time, it is obvious it is occurring throughout the world. Mankind has a saying: ‘Turn a deaf ear to what you do not want to hear, pretend you do not see what you see, and then you are not liable for any infraction you might commit immorally.’**

**The Father looks at all things, and in the onslaught of so much diabolical intercession, He gave to the world a Miracle that was to instruct all of mankind on the Importance of the Soul, and that mankind has a responsibility to not ignore morality, but to fight for it, stand for it, and accept it, above and beyond anything that would be considered slightly immoral.**

**Needless to say, All the Teachings, All the Instructions, delivered through This Miracle of The Father’s Love, are limited in length but are multiplied in number, so that mankind is capable of reading, absorbing What has been**

**delivered, to a degree that is not beyond capability. There is so much Instruction for all types, personalities, nationalities, and Spiritual matters. It is true, there are some who will be changed by the reading of one Revelation that has Sound Direction, and then it might take several more Revelations for others to see the Value, the Beauty, the Strength, to help them become ‘a Great Saint’.”**

NOVEMBER 1, 1995 AT 11:37 A.M.

SAINT CATHERINE OF SIENA

**“I am Saint Catherine of Siena. So Many of Us speak through this *little one* who walks totally for The Father’s Will to be done. She is constantly alert to Our Presence. The Father created This Miracle to help mankind more fully understand what a Precious Gift human life is, because human life is forever. Of course, it has been taught extensively on the meaning of this word ‘forever’.**

**As the body no longer exists as man knows it to be, the Soul of the individual returns to The Father, and will be Judged by The Father according to the way of life in which this Soul lived. The Soul is a protective Means, Measure of The Father’s Love for every living human being. No one has ever seen a Soul in a state It truly is, because It is a Portion of The Father, a Light that radiates from Him, that in every way, when It is placed within a conception, takes on all that the child in the conception will ever do, will ever be a part of. That is why it is so important for purity of mind,**

**body and Soul to be a constant point of understanding. That is why The Father gave to mankind Definite Rules to live by, because of the Precious Gift of His to each life, the Soul.**

**A child's actions sometimes are not in what mankind would call 'easy to be with'. The temperament of the child can affect everyone else the child comes in contact with. That is why it is important that the human part of the child be corrected in the proper manner, be instructed in what is right, what is wrong. The Soul is the recipient of so much more, because the Soul is involved in what the nature of the individual acts with, acts upon, acts in, acts for. The will of the individual must never be ignored, because the will usually results in the final actions, final decisions.**

**Mankind does not realize that within each life there is a Portion of God. This subject, when it is brought up, is many times totally ignored, because it is inconceivable to mankind to be endowed with such a Gift as a Portion of God. No one has ever seen God as He Truly Is. God is beyond any human comprehension, and of course, beyond any human understanding.**

**Sometimes, when some people preach to others about the Love of God, the Generosity of God, they have in their own way, structured more of a humanistic idea of what God is truly like, and/or all about. There is so much humanism throughout the world, and there is so much diabolical intercession that mankind totally ignores, humanly exclaiming that, 'That's life,' and justifying all that is wrong.**

**Sometimes, when We hear so much indifference to what human life is all about, the Goal for which it was created, We want so much for mankind to realize that human life is a Special Gift of Divine Light, Divine Love. There have been many times in past History that can be seen as totally diabolical, because of so much, so many actions, that in every aspect of them were impure to a degree where it only pleased the enemy of God and man.**

**We hear sometimes, someone make a remark regarding someone they know or they hear about, and the remark is that the individual they are referring to has a twisted mind. When something is twisted, it very often**

means it is not in a normal state. It could even mean it is ugly.

**This Miracle that has been given to the whole world, must be passed throughout the world as quickly as possible, because there is so much time being lost, so many Souls being, not just disgraced, but on the verge of being the victims of the sins of the individual in whom They were placed.**

**As I go down the line, and I give some words to you that mankind throughout the world should be thinking about, because if they are not shown the words, it will not give them the motivation to change to more pure thinking. The first word is 'false' idolatry, idolizing humanism. The next word is 'abuse' to the bodies, through sins of adultery, incest, humanism. The next word, 'idolizing' false gods. There is more of this than mankind realizes or understands. The list I could give you would be pages and pages and pages, because mankind does not hold The Father's Commandments in Their fullest measure, as the Guidelines for daily life.**

**We hear some say, 'I know The Commandments,' but We say, 'You have**

memorized Them in a conciseness that eliminates many wrongs you are participating in.' The conciseness must be eliminated, and a fuller degree of each one's meaning must be passed throughout the world, so that there are no excuses for impurities of any kind, any degree.

As I speak to you, there are Seven of Us present. This Miracle of The Father's Love is continuous all through the day and all through the night. There is no time that One of Us is not available to speak, to dictate, because The Father Wills it to be done.

There are so many who are standing out of 'this place', who must find out What is occurring here. You have an obligation, a duty, a responsibility. You have been chosen to accomplish similar tasks likened to what the first Apostles were given. Remember this."

NOVEMBER 1, 1995 AT 12:44 P.M.

## SAINT JOSEPH, THE HOLY SPIRIT

**“I am Saint Joseph. We are with *the child* through whom We speak, all through the day, all through the night. This has been told to you by Another, and perhaps More.**

**It is important that This Miracle not be set aside, because mankind is in great need of All that has been delivered. All the Direction, All the Encouragement, All the Instructions that have been so lovingly, formally delivered, are not just for those who are present at the time, but for the whole world. Even though They will have to be translated into many languages, this must eventually occur.**

**We have chosen *one funnel, one child*, to be Our Communication, and if all who hear It, all who write It, all who read It, will see the Beauty, the Love in All that has been given, It could pass by word of mouth rapidly, because mankind is in many ways gifted to understand, to share, to speak in a positive manner, an instructive way, encouraging others through his**

**or her own love, understanding of a Situation such as This One is.**

**Be aware of every opportunity. Do not at any time question your own ability to hand to others what you believe in. This is where much of the delay is occurring. Speak out, speak up, instruct as you have been instructed. Do it in a manner and a way that the Apostles did in Their day. This Miracle must pass through the world more quickly, and never allow anyone who feel they stand in authority, to weaken your spirit of honesty, clarity, love for God.”**

NOVEMBER 1, 1995 AT 1:10 P.M.

## SAINT ANNE

**“I am Saint Anne. As I speak through This Gift of The Father’s, I speak with a Mother’s Love, and a Grandmother’s understanding. It is important for mankind to see the beauty of truth that is so important for the human life and for the Spiritual life.**

**The Father, in His Design of This Gift of His Love, did not leave one thing out. He gave This Miracle through His Holy Spirit, because He knew that by presenting This Miracle to the world on the Winds of His Power and in the Power of His Winds, It would reach every place where man was living, whether it be a long distance away from this place, or right next door.**

**Few people fully, truly understand the Importance of The Holy Spirit. Somehow or other, they associate It with a spirit like they feel within themselves; that is, a mood, a desire to take action, but The Spirit of God is Far Greater than the spirit that man associates It to. The Spirit**

of God is in every child born to the world, in every Soul that He places within the conception, no matter what race a child is born into. A child is born with a Soul, and this Soul is what guides the child in many ways, gives the child understanding of what is right, what is wrong, what is needed. The Spirit of the child sometimes is in a cry when help is needed. The Soul is the watchful Guardian many times over the life of the little one, because the little one cannot speak for himself or herself.

The Holy Spirit of The Father was once upon the earth in a physical form, protecting Two Others that were closely associated with The Father: Our Heavenly Mother and The Son, that many things have been written about regarding the Birth. The Holy Spirit of God is everywhere, and it is sad when It is not recognized for the Magnitude It is, the Greatness It is, and of course, the Importance of It being a Gift to every human life via the Soul.

Mankind says to another one, 'I love you.' This is an expression that dignifies the relationship and encloses the relationship with an importance,

**with a feeling of caring, of love. Mankind robs himself or herself of so much happiness, when sin of any kind, any degree, dulls the Spirit within them or causes any unhappiness.**

**The enemy of God and man envies mankind in many ways, but especially because of the Soul that is given to each human life at the moment of conception. Little children should be taught about this Precious Gift they carry within themselves. They should be taught to protect It, because It is a Portion of God.**

**It is sad to see so many not instructed on the closeness they have with The Divine, with God Himself. Some who read this might say, ‘How can I explain this to my child, or anyone else’s child?’ Very easy, just say it! It is amazing how quickly truth is accepted and valued, because truth has a definite encouragement in it. It gives stability, honor, dignity, to a place, a situation, a condition, or a personal feeling.**

**Be sure that you remember what I have spoken, because as I stood upon the earth, I remember many times when something that was so important**

**was spoken with such love, such truth, that the value of it remained, and nothing could wipe it out or destroy it. Remember what I have said, and when you practice what I have asked you to practice, you will find a return that nothing else can give; that is, nothing monetary has this power in it. So be it.”**

NOVEMBER 1, 1995 AT 1:50 P.M.

## SAINT AGNES

**“I am Saint Agnes. It is important for those in charge of the young to constantly remind them that The Commandments of The Father must be obeyed, because if They are not, it will displease Him, and He is concerned about their Soul, because that Soul is a Portion of Him.**

**Children are not being instructed properly. Much instruction is being dismissed as being of the past theory, thus ignoring that mankind has a Soul, and that this Soul is the recipient of all actions, all thoughts, all words of the individual in whom The Father placed It. The Soul is not even being spoken about, nor is there any instruction on It. Everything points to the human side of mankind: human talents, human values, human pleasures, human abilities, human friendships, relationships.**

**The humanism is destroying the soundness, and the reasonability that there is more to life than pleasures that pertain only to the body, and the**

**experiences that many times are so threatening to the purity of one's Soul. It isn't just a lack of respect, but a lack of understanding to the importance of moral values, moral standards, and that there is more to human life than physical experiences, that many times embrace much immorality.**

**We often see people of all ages searching endlessly for what they call 'experiences', ignoring of course what the experience entails, or ever questioning whether it is moral or immoral, and whether they would want God standing there while they were experiencing something that was utterly demonic. So little is spoken, taught, instructed on weaknesses in human beings. There are so many things that are available, are accepted, that are beneath human dignity, constantly violating the Soul.**

**As I speak, I am fully aware that there are places at this time where all ages are participating in total violation to what is morally acceptable. I did not say they were enjoying it, because for the most part such violations cannot be termed 'happy times'. There are always clouds of unhappiness where**

**there are sins being committed against an individual's Soul.**

**This Miracle of The Father's Love is Greater than any man, woman or child can truly, fully understand, but It is, and has been given in such a general form, with so much Divine Love, that there can be little doubt, or no doubt, from Where All These Messages are delivered from.**

**When We hear some say, 'This Miracle cannot be true; God would not take this much time to say so much, knowing that mankind is going to do what he wills to do,' and then there are others who say, 'If This is true, why do These Messages not come from those who have dedicated their lifestyle, their vocations to Spiritual instruction?' The answer to this is: The Father has been known, many times, to choose one who He knows will do What He Wills to be done, in spite of all criticism and in spite of all the rejection, because you see, The Father's Will is Far Stronger than any human will can be, but above and beyond this, as The Creator of All Things, there can be no question as to how He can always conquer any**

**problems that arise, because no one is equal to Him. So be it.”**

NOVEMBER 1, 1995 AT 3:04 P.M.

### SAINT CATHERINE OF SIENA

**“I am Saint Catherine of Siena. It is important for mankind to fully understand the lack of sound reasoning where prayer is concerned. There are so many who pray, not thinking of what they are saying, but they are speaking so quickly the words they have learned or they are reading, that they do not concentrate on the full meaning of what these words identify with, or what these words request of the One to Whom the prayer is addressed.**

**Children must be taught how to pray, and in this instruction, they must learn that their acts of kindness can be a prayer. They can also learn that if they fulfill their obligations on their duties it is important for them, because in doing it, their responsibilities can be offered up for a specific reason, or a Soul that is in need of this act of love.**

**Mankind is not being instructed on Purgatory. Mankind has become so sophisticated in so many ways, that**

**prayers for specific reasons, situations, has almost become a thing of the past.**

**We hear some say that there cannot be a Hell, it is too unreasonable to think there is a Hell, that most people pay their debts while they are alive. When We hear this, We are concerned, because mankind has a way of justifying everything to suit his or her own ability to see the value of situations, actions, or what they have learned that will have to be faced in some way, at some time, to some degree, either for neglect, or for a wrong attitude or decision.**

**Every day, in an examination of conscience, which in most cases is a thing of the past, each individual should think of how they can improve their attitude, their manner of thinking, their practice in how they do things, also in how they treat other people. Sometimes changes in these things can make daily living happier, more constructive, and in many ways more conducive to more understanding about the Goal of life, that for the most part rarely is ever thought about.**

**If you were to take a poll of everyone you know, and ask them**

if they felt at that moment, if they were to leave the earth, where would they expect their Soul to go, Heaven, Purgatory, or Hell, some would laugh at you, because they would feel either embarrassed, or that this question was not suited to their way of thinking, or their Spiritual understanding, even those who were trained into the strict understanding regarding the Soul, and what would happen to the Soul when the physical life would end.

**R**ight now, if you were to leave where you are and go to some places in the world, you would be sickened by what you would be seeing in some places. Man has a word for it, 'moral corruption', and then ignores what it truly involves. Moral corruption involves the mentality, the physical, and of course, the Spiritual aspects that are so important to daily living.

**S**ome We hear, say: 'What difference will it make? I won't have any choice at that time anyhow.' That is true, but many people of all ages like to prepare for a celebration that they are going to attend, or for something that they are going to be involved in that will be a new experience. It is sad to hear, to see, that mankind respects

**all that the human part of life is involved in, ignoring totally what life will be for the Soul for All Eternity.**

**Some We hear, say: ‘If I had another chance at life, I would do things differently. I would choose another vocation, one more pleasing to me.’ I ask again, ‘When the time comes, and the Soul must be placed wherever The Father decides is right, is best, then logic says, if it is not Heaven immediately, isn’t it wise for mankind to plan that the Soul that they are aware of, they have, that is a Part of them, is well taken care of, and will immediately be with God in Heaven?’**

**We hear very little instruction on this subject. This Miracle has been given to mankind, instructing mankind on so many aspects of human life, and many times not just alluding to the Soul, but emphasizing the Soul as the Most Important Part of human life.”**

## SAINT JOHN OF THE CROSS

**“I am Saint John of The Cross. It is sad to see so much controversy in Spiritual matters, to the degree where sound Spiritual practices are being not just forsaken, but in many ways aborted.**

**My next Words might be difficult for some to believe, to understand, to accept, but in many homes there are fewer displays of a Crucifix. It is difficult to understand why, and it is sad, because even though the sight of a Crucifix does not always cause a prayer, a silent prayer from the one seeing it, the sight of it says many things. It says that the people who reside in that place recognize that The Son of God made a Great Sacrifice for them and for all of mankind.**

**There is too little spoken about how many sacrifices were made by those who were devoted and devout to a prayer life that was not just for personal needs, but for others; sometimes for safety, financial help, education, for work, for more**

**happiness in the home, and many other areas of life that mankind deals with continuously.**

**We see so much occurring in the world today that appears as a state of confusion, more than a solemn event. There is very little peace in families, and many times the relationship is strained because of differences in how one feels about his or her Spiritual ideas, versus what others feel, thus causing a strain instead of a unification.**

**This Gift The Father has given is a Gift of Instruction, and a Gift that is alerting mankind to the Importance of The Divine, and the necessity for respect in their Faith regarding The Father, The Son; The Holy Spirit, Saint Joseph, and of course, The Mother of everyone.**

**It is time that mankind stop abusing those that they are close to, and use the relationship as a means of better understanding the importance of solemnity in their prayer life, dignity in their physical life, and always respect for Spiritual acts that honor what is right, plus the obvious outward belief, The Father's**

**Commandments. It is sad to see so many of These Commandments being diminished, because of the so-called ‘modernization’ of Faith in God.**

**Mankind must begin to stop dissecting the beauty of Spiritual acts, and see them for the benefit they are, the beauty, the importance, and the in-depth love that is associated with them.”**

NOVEMBER 2, 1995 AT 1:07 P.M.

**SAINT CATHERINE OF SIENA**

**“I am Saint Catherine of Siena. There are a few words that mankind is not just acquainted with, but obviously feels have great meaning to them. One is the word ‘update’. This word means to many, social issues, moral issues, and of course, mechanical.**

**There’s another word that mankind seems to use a lot, and that word is ‘modernization’. For a while modernization emphasized physical things, structures, and things for the home, but now We see it as using the physical body to emphasize how an individual thinks; in other words, a more open-mindedness regarding social issues, updating practices that open doors to many areas of life that only depict immoral practices, saying that more things are acceptable openly than the past one hundred years accepted.**

**It is sad to hear young children feel that they must become a part, an active part, of so many immoral practices. It is not just in imitation,**

but it is so openly advertised as a logical manner of living. I say: Who talks about the impurities in so much of this advancement? How many men and women openly reject, and obviously speak out, that the market for becoming so modern is not the way to Sanctity? Mankind uses words for acceptance of what he or she wants to practice, wants to become a part of, and/or wants to use to modernize his or her manner of living.

We hear so many preachers shouting the word 'alleluia', and reading scripture as the basis, the foundation for the word 'alleluia'. They are not all using what they are saying in the proper manner, because their liberalism is, in reality, based on what they can gather monetarily, by being so courageous in speaking out loud, words that many feel are connected to scripture.

There is much confusion in the world, because mankind does not always look at the value, the moral value, of what is suggested, what is directed, what is proposed, what is being given as important in the Eyes of God. The Commandments of God are being diluted, minimized, and in

many areas erased, because mankind, in some ways says, 'We live in a modern world, and the world is going so fast that if you do not cooperate, everything will pass you by.'

Let Me say this, and I pray that what I am about to say will reach millions of people: Mankind has gone through stages of immoralities, and each one of these stages proves detrimental in many ways to the lives of all ages. This Gift of The Father's to the world, This Miracle of His Divine Love has continuously instructed mankind on the importance of sound morality. If this does not come to pass, The Father will have to take a strong stand.

Man must understand that within each human life there is a Portion of The Father, and this Portion of Him, the Soul, must be protected, because of the necessity of Its Purity when It is returned to Him with the name of the individual to whom It was given at the moment of conception.

In many ways, what I have just spoken could be termed 'a Warning', 'an Alert', that should be looked at,

**and into, for the Greatness of Its  
Worth. So be it.”**

**SAINT ROBERT BELLARMINE**

**“When man receives a gift, this gift can be of the utmost importance, because the gift can be from a loved one, that in the very act of receiving it, there is a personal communication that makes this gift a treasure. This can be the same each time a prayer is answered, because in the communication there is an understanding, and a treasured belief of communication.**

**When mankind of any age uses prayer to God The Father, to Our Heavenly Mother, to The Beloved Holy Spirit of God, Saint Joseph, or to Our Lord, it is an innate understanding that They will hear the prayer, and They will answer the prayer; that is, in the best way for it to be answered.**

**When an individual has devotion to a Saint, there is a personal communication that has a love in it, a sincerity, and a Faith that the Saint will hear what the individual wants the Saint to hear. This is so easy for man to understand, because there is**

so much reality in the closeness of man to Heaven. When an individual, or several, deny having Faith in God or in a Saint, it automatically radiates a deep sense of sadness, because the rejection of the individual to believe in All that God is About, and All that The Saints are About, radiates an emptiness, a hopelessness, a rejection, and a total dismissal of God, and All Those Who are with Him.

Children must be taught at a very early age that it is important to say prayers, not just at nighttime, but upon awaking in the morning, and then remember to say a few during the day, like they would talk to a friend. This type of understanding with The Divine has a particular strength in it that nothing else has. The show of Faith, believing that the Existence is real, gives an individual help when it is needed, even though the individual cannot see or hear the Other speak, but what happens is that there is an automatic response that travels from Them to the individual. The ability to transport this response is Divine Revelation, Divine Belief, and also Faith that goes beyond what faith in human life contains.

**A child goes to a parent for help, and the child expects help, and sometimes when there is a disappointment, the child feels rejected, but when an explanation is given, the child is relieved, and then the child feels strength once again. Heaven has a way that, when an individual is praying for something that is not quite right for it to be given, or for something to happen that the individual is praying for, something else is always received. It is called 'strength to persevere and go on', not feeling rejected, but many times feeling that the right decision was made by Them, because They know what is best.**

**Some who will read This or hear This might say, 'Sounds like a story, an excuse,' but if they will but see the Value, the Truth, the Honesty, the Reality of the Greatness of Those Who are in Heaven, they will feel strength from the very communication they trusted in so deeply, so sincerely, so directly, so patiently, so lovingly. Many times negativism seems to be a factor to some people who will never see the Beauty in Faith in God and in All that Heaven is About.**

**Mankind must understand that human life is a perfect example of what represents the Gifts that The Father has in such Greater Measure. A human being has intelligence, has likes and dislikes, has moral values, moral standards, knows right from wrong, knows good from evil, and is Blessed with Faith, courage, and the ability to conquer weaknesses. These all come to mankind from The Father, because mankind is made to the Image and Likeness of God. So be it.”**

NOVEMBER 3, 1995 AT 11:55 A.M.

**SAINT FRANCIS OF ASSISI**

**“I am Saint Francis of Assisi. The Father has given to the world a Gift beyond what mankind could ever equal anything to It, because This Gift is a Gift of Personal Instruction, encouraging mankind to more fully understand the Value of human life, the Goal of human life that is beyond anything any man, woman or child could ever see in monetary measure. To become ‘a Saint’ is beyond human understanding, and yet within each human life mankind carries with himself or herself, a Soul, that in Its Full Measure, Meaning, is a Portion of The Father.**

**There have been many times since the beginning of human life that could be termed ‘troubled times’, this meaning that so many ignored the Value of God’s Commandments, and practiced selfishness, egotism, meanness, vulgarity, and all things that are offensive, each in their own way, to the dignity of human life.**

**I**dolatry is present throughout the world, idolatry in many forms. Many idolize the power that certain things in life promote, many times financial gain, or a position that can be termed 'so important' that the individual's word is equal to The Commandments of God, not in structure, but in control, definition.

**T**hroughout the world there is so much confusion of what is morally correct, what is immoral. Many who stand in high offices in religious circles, ignore the importance of morality, and they structure everything according to humanistic values that promote only their positions, their names, and how people will see them as superior in many areas. When the subject of egotism comes up, it is amazing how many different definitions are thought about, usually not in the degree of what the egotistic practices are undermining, or causing false statements, false goals, false promises.

**M**an talks about Sodom and Gomorrah in such a general term, because only what has been written about that time is what can be remembered. Needless to say, what

was written was minute in the real practices of so much diabolical actions, practices, thoughts, degrading human life in more ways than man would recognize. If you were able to see the in-depth, obvious comparative practices of now and then, you would be shocked. If you were to speak to someone about Holiness, you could very well be laughed at, because they would term it 'fanaticism', ignoring the Greatness, the Beauty of Holiness. It is not just liberalism in man, it can be termed 'paganism' in many facets of its practices.

At this time in your life, even though many are shouting 'Praise the Lord,' it has become a practice of what will make people feel better about the situation, but if truth were to be faced, there is much bigotry being practiced, and in this bigotry, those who follow are following paths of fanaticism, ignoring the solemnity and the in-depth calmness, beauty, that automatically is attached to sound moral values, sound moral standards, and sincere Spiritual attitudes, practices.

Saint Clare, in Her openness, talking about the times that She was concerned over the modernization

**that was occurring, said to Me: ‘It is not modernization that is destroying the beauty. It is what goes with this modernization, and that is ignoring what true love is based on: sincerity, belief, goodness, and a desire to please The Father in everything one does, everything one thinks, because of the Goal of human life to become a Saint.’ So be it.”**

**SAINT PETER**

**“I am Saint Peter. There are so many Stories written about the time that several of us walked with The Son of The Father. At that time we knew He was Special, Different, Unusual, and we considered Him One Alone in His Ability to deliver Lessons of such Great Importance, directing our minds and our ways of life to a stronger manner of thinking, acting.**

**He taught us how to teach, He taught us how to preach, He taught us to obey what was right. He taught us how to deliver to others, through our example, through our words, the Importance about life, what it was created for, the dignity that life was meant to have, and of course, that human life had a Goal beyond all other living things, as we walked with Him, as we all lived together, not as a family, but as a group of men who were on a mission, who were being given a mission to follow, and to extend to all others the Purpose of human life, and how to attain its Goal.**

**O**n the sight of a big pool of water, a small stone, a rock can be picked up, and when it is tossed into the water, the water immediately moves in a way to show the extent that one little thing can cause when it is put in the right spot for the right purpose, because each ripple of that water, He taught us, was similar to a word we might speak that would, in its meaning, move throughout crowds of people. And He taught us that the Gift of being able to speak had a great purpose to it, because this is how mankind would communicate and be able to instruct millions, through just passing a word, or a few words that would awaken the mind of the other, or the others. The motion it could cause would be unbelievable.

**S**o it is with This Miracle of Divine Love. The Words are to awaken, to alert, to remind mankind of the Importance of what life is all about. Through This Miracle, mankind has been extensively instructed about one word, and that word is the 'Soul'. No place, at any time since the time We walked with The Son of The Father, has so much Instruction been deliberately

**given regarding that Precious Gift of Divine Light, Divine Love, the Soul.**

**Each time One of Us speaks, those who take Our Words and put Them to use, or in print, They are like the ripples of the pond, or the water, reaching those near and far away with the Importance of what human life is all about, and of course, the Importance of the Gift of The Father's Love in each human life, the Soul.**

**A Blessing goes with Every Message, a Blessing of Strength, a Blessing of Hope, a Blessing that draws attention to the Goal for which mankind was created."**

### SAINT PETER CANISIUS

**“I am Saint Peter Canisius. Mankind is aware that each time a gift is presented, it is not always appreciated. Of course, there are different reasons for this reaction.**

**Today in the world, The Father has given to mankind what can truthfully be termed, ‘Personal Communication’, The Miracle called ‘*The Miracle Of Saint Joseph*’, instructing mankind in so many ways, the Importance of human life, beyond the human part of life. The Soul has never been truly felt or seen, or thought about in the Greatness It is, but through This Gift of The Father’s Love, through The Holy Spirit of The Father, mankind has been instructed in many ways, that each human life is presented at the moment of conception, the Soul, and this Soul is a Portion of The Father, a Portion of Divine Light.**

**No human being fully understands the Magnitude of The Father. The word ‘Father’ does not give the full meaning, because the word ‘Father’ to**

most, or to all even, says ‘the provider, the caretaker’, and the father of the family in human life is seen as the one who supports, who instructs, who protects. Some might say, ‘This is not always true.’ Nonetheless, this is the sound, true definition of what the word ‘Father’ expresses, when it is spoken or written or addressed.

**God is All Things, God controls All Things: the earth, every facet of it, the whole universe. God is More than mankind can mentally imagine God to be, but mankind instinctively knows that there had to be a Creator, a Superior Intelligence beyond any human understanding, to create the world, the universe, all human life, and have a Reason for it all, on top of all of this.**

**We hear some men, women and children praising God, and yet in one way, diminishing what He Truly is, by feeling that they have the power to do many things, above and beyond what other human beings can do. Mankind in all different areas of the world, differs in opinions, and also, in how they instruct others about life, because in each part of the world, men, women and children adapt to that area**

wherein it is governed by nationality, professions, and different beliefs in political ideas; also, the culture of the people was begun a long time ago, and continued to build in that manner, according to the type, the form, the manner of communication called 'language'.

If one would look at the whole world, they would see a magnificent diversion of so much talent, so much beauty, in the different manner of life that people have been placed in, regarding and according to where they were born; it's called 'nationalities, cultures, languages'. It is important for mankind to understand that people from all countries, of all countries, are born to become 'Saints', because there is no human being not instilled with a Soul at the moment of conception.

When mankind talks about the dangers that lurk from those who are of the mind to be wicked, to be thieves, to be corrupt, it is important for mankind to see the Value of The Father handing to the world Direct Communication that will awaken their thinking to the importance of what is right, what is wrong, in what they are doing, participating in, and

**that human life was created for a Very Important Reason, for a Goal beyond any human goal.**

**So Many of Us Saints speak through This Miracle and We do not always announce Our Name, because there are times when We speak Our Names, it would be a distraction, and it is easier at these times to just be in conversation. This *little one* through whom We All speak is told many times to begin a subject, and let the subject flow so that others will join in, and it will give them the time, the reason to communicate their feelings about what they feel is spiritually correct, morally correct, and sound.**

**Mankind does not fully understand what a great Gift communication is from man to man. That is why The Father sends to the world at different times a Gift of His Divine Love, communicating with mankind through ‘a small one’, one like everyone else, so that the Communication is not just acceptable, but understood. This type of Communication with The Father does not leave everything up to the imagination or the enthusiasm of a profound happening in the sky, or someplace on the earth that no**

one can fully understand, but just use different forms of imagination, different degrees of ideas on what it means, what it could mean, why it happened.

**This Miracle of The Father's Love spells out in a distinct way, directly to all who hear It and to all who will read It, the Importance of human life, and the Importance of the Soul that is within it."**

NOVEMBER 3, 1995 AT 3:23 P.M.

**SAINT THOMAS AQUINAS**

**“I am Saint Thomas Aquinas. The Father gives to the world Important Messages regarding how the physical life should be treated, and how Important the physical life is, because of the Reason for which it was created.**

**Human life is a Special Gift of The Father’s. It is a sharing a Particular Love, and has a definite Reason. It is the only living thing that The Father has placed within, a Portion of Himself. All things are important because all things revolve around human life. True, the earth was created, the planets were created long before human life was created, but human life, in its own way, has an Important Part amidst all this Great Creation of The Father’s.**

**There are many living parts of different things in the world. There is animal life, vegetable life, there is food in the sea, and these things very often live off each other. A plant in the ground is nourished by**

**other plants. There is always some form of nourishment for everything that is created. A tree has special nourishment.**

**Human life has a specific form of nourishment. Mankind only refers to the food that mankind consumes, but there is a Greater Nourishment inside human life. It is called 'a Soul'. It nurtures the responsibilities, and as It nurtures the responsibility of human life. It also gives human life a Distinct Purpose, Distinct Value, Distinct Goal.**

**Mankind does not realize what human life has above all other living things, above all other things that encircle the world. Human life has a Goal that is difficult for some to accept or some to relate to, but mankind, through This Miracle, is learning about the importance of daily living, daily actions, thoughts, words, cares, needs, practices. Daily living gives man responsibilities, because mankind must learn how to nourish the physical, and also the mental of man instructs man on what is right, what is wrong, sound, reasonable, pure, impure.**

**M**ankind has a mentality that is capable of extensive learning about many things. Mankind has a Soul that innately tells mankind that there is Someone Greater, Someone not of the ordinary means or measures, but Someone Who had the ability to create all that there is. Mankind looks for justice, innately knowing that there is a right, there is a truth, and there are benefits to these things.

**C**hildren, in learning to speak, learn words from hearing others speak, and through this learning they are to develop in many ways their talents, their abilities, their goals. It is what man calls 'hereditary advantage'.

**I**t is important for mankind to understand that as the Soul is an unseen Matter, Light, that is evident because of the knowledge mankind has of justice, in justice, for justice, that The Father, in His Love for this Creation, created within it Something Greater than any other creation of His, Something closer to Him, Something that has to be directly connected to Him, not some inanimate object that stands all by itself.

**D**aily living can be a happy experience, or an unhappy experience. Most would say, 'It depends upon the nature, character, personality of the individual, the educational faculties of the individual.' In many ways this statement has merit, but rarely is the Soul spoken about in how an individual feels, because a Soul is not thought of in such close union with all the individual consists of, such as the personality, the nature, the human abilities to perform certain things, the talents, the likes and the dislikes, but the Soul is closely connected to every part of human life. Mankind must begin to understand this. It is easier to ignore the Soul because It cannot be seen, because It cannot be physically felt, but I assure you It is present within each human life.

**T**he more that is understood about the Soul, the happier a human being will be, because then disappointments, problems, troubles, dissatisfactions will not be as monumental, and the Soul will be felt and be seen as such an Important Part of human living, that this knowledge will supersede any other thought, disappointment that an individual will be subjected to.

**I smile as I speak These Words, because They are so full of Love, Direction, and Each Word is given to mankind to give more meaning to mankind regarding human life.”**

NOVEMBER 6, 1995 AT 11:23 A.M.

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother. This Gift that The Father has given to the whole world must spread throughout the world, because of all the Souls that must learn the Importance of What The Father Wills to be followed, to be understood.**

**There are so Many of Us Who speak through This Gift of The Father’s Love, because of the Importance of the Soul of every living human being. We hear some say: ‘What’s this about the Soul? Has anyone ever seen It?’ So much has been written for mankind to read and learn from regarding the Importance of this Gift of Divine Love.**

**Mankind wants security in every part of life, mental, financial, social, and yes, even moral security, but so few truly understand the Magnitude of the Soul that depends on the individual’s moral values, moral standards, moral actions, moral views. There are so many children of all ages who are not being taught the importance of**

**choosing what is right, what is good, what is sound, what is reasonable, what is important. There is so much freedom in so many areas.**

**The Father has given to the world Direct Communication through *one Soul*, instructing mankind of all ages, the Importance of the Soul, the Goal of the Soul, the Reality of the Soul. We hear some say, ‘Revelations are a thing of the past.’ That is not so. The Father has never allowed mankind to be left without some show of His Caring, His Love, His Concern, His Presence.**

**When We hear children of all ages say prayers in Our Direction, We hear every word, and all prayers are answered. There are many occasions in an individual’s life where a prayer gives more support than anything else, because the prayer is understood to be heard, and that there will be a response in some form, some degree. It is called ‘Faith in what is sound, what is reasonable, what has proved factual through time’.**

**Mankind’s idea of Heaven is in many ways not as elaborate as It truly is, because mankind**

**associates Heaven with what he or she can relate to: worldly measures, worldly accommodations, worldly associations.**

**As We speak through this *little one*, We are fully aware of every individual's thoughts, reactions, intentions, beliefs, disbeliefs. It is The Father's Will that all who read What is passed through This Miracle, will grow in such Spiritual strength that it will be obvious to their every day of living that their Goal is to become 'a Saint'."**

NOVEMBER 6, 1995 AT 12:40 P.M.

### SAINT JOHN OF THE CROSS

**“I am Saint John of The Cross. Everyone born to the world eventually becomes aware of the act of prayer, whether it be silent, or in an open manner of speech. In so many places prayer is being spoken by many who do not realize the power in prayer, yet when mankind talks to an individual, or several people, they feel the power of their own words in getting a point across in discussing a subject, an idea, a goal; yet We see and We hear many who do not feel the same about prayer, because they do not physically feel the Presence of the One to Whom they are speaking, yet We also hear mankind talk about how they can communicate with other people through what they call ‘mental telepathy’.**

**When an individual first hears a particular prayer and they can associate this prayer with their own needs, they will memorize the prayer. Most people have favorite prayers that they say mentally or with their voice, that appeals to them, that makes them feel the communication is clear.**

**T**here is much humanism throughout the world at this point in time, and there are many who are deliberately shouting whatever comes to their mind, doing it to impress others in what they call 'Spiritual aggression, Spiritual updating, Spiritual communication'. A silent prayer is many times said in much earnestness, deep thought. When people join in saying prayers out loud, it sometimes helps them, because they feel a unification with others, and that in the sound of all the voices, God will surely hear these prayers.

**I**n reality, prayer can be a private communication or a group communication, but no matter how it is done, it has an importance in it, because it is calling upon Someone to hear what they are in need of, or sometimes the prayer is for someone else's benefit.

**P**rayer is a special communication. There is another thought in prayer, and that is in an individual's sensitivity, awareness of the Existence of God The Father, Our Blessed Mother, Our Lord, Saint Joseph, or any One of The Saints that have been recommended to be prayed to. There are Many Saints

**in Heaven, definitely not All written about, because Every Soul that is in Heaven is a Saint, and there is always a real communication heard by Many, when those who are upon the earth say it silently, or with sound.**

**Children should be taught to remember, to think of the Closeness God is to them, whether they are all by themselves or with others. Words do not have to be spoken, because all thoughts are recorded, all actions recorded, all requests recorded, all thanksgivings recorded. I must say though, that thanksgivings are few and far between, because thanksgiving is somehow taken for granted.**

**As We All are constantly aware of what is occurring in all places throughout the world, We constantly try to use some measure of means to attract an individual to what is important, what is best, when there is any question of a decision to be made that the results could be beneficial to the Soul, plus advantageous to what the individual desires, or feels or wants.**

**Mankind is never alone, first of all because of the Soul, and then of**

course, because of all that, through the Soul, mankind is constantly seen by, in a way and in a manner different for mankind to fully understand.

When a child is born, everyone close to the child has a responsibility of caring for the physical needs, plus instructing the child through the caring, talking to the child, and doing everything for the child to give the child a foundation, a basis for being able to one day be independent.

Many times when an individual prays, We do all We can to help the individual make the right decision, if that is what is needed, or to help in some form, some manner, some degree, for the prayer to be answered.

This Miracle of The Father's Love is a Gift beyond what mankind can fully understand, but We have seen many grow stronger in love with God, for God, and Many of The Saints, because of the open, verbal association that in many ways strengthened the Spiritual growth of the individual or the individuals, beyond what anything else could be credited with.

It is sad when We see so much humanism dedicated to many areas

that are detrimental to the dignity of human life, but it is The Father's Will that This Miracle will help much of this be erased, because humanism has many facets wherein it is destructive, not constructive, and this is a sadness, because it causes the understanding of the Importance of Spiritual Strength, Purity, Goal, to be secondary, thus the Souls of the individual or individuals are the victims eventually.

We could All speak rapidly and every moment of every day, but the physical and the mental of human beings could not handle this, because it is important that mankind live each day caring for the responsibilities of daily living, and accomplishing what is necessary in what the human being must take care of in so many ways.

Each time We speak, We speak with a Love, an Understanding, a Hope, and yes, a Manner of prayer that mankind will grow so in love with The Father's Will, that he or she will strive in every way to become 'a Saint', when the time comes, 'Immediately.'"

## SAINT MARGARET MARY ALACOQUE

**“I am Saint Margaret Mary Alacoque. This Miracle had many reasons for It to be given to mankind. The reasons have not all been listed thus far, but they are so obvious when anyone reads one or two Revelations. It is a Miracle of Instruction to the minutest detail, on subject matter that is important for mankind to be aware of, and to use in daily living.**

**There are so many false prophets throughout the world. By this, I mean there are many showing up, dedicated to speak on Spiritual matters, to read quotations from past Spiritual records, but not all of them fully understand that in many areas, they are misleading thousands of people.**

**True, so much has instructed formally on the Creation of mankind, and on Many Who took part in great Historical Events that definitely pointed to, They were chosen by God Himself to walk Paths wherein millions of people would learn of Them down through time, and learn much from**

**What They were given by The Father to teach. Mankind has heard about Some of These Individuals in great length, but there are Many Who lived a normal life and became famous for Their works, Their love for God, after They left the earth.**

**Each time, mankind is in either moral decay or strictly a humanistic manner of living, sinning openly, accepting all forms of diabolical ideas, practicing immorality to the point where it would only please the enemy of God and man, because there is no purity involved.**

**You live in a time when The Father has given to the world so much Instruction, because the world of mankind was and is on the brink of total disaster. It is not just a wickedness, but total moral depravity throughout the world. All ages are involved in what can be called 'hell on earth'.**

**This Miracle hands to the world Instruction that in no way can be denied that It is not directing all things, all people, to achieve Sainthood for the Soul. It is necessary for mankind to see the Value of This constant, consistent**

**Instruction, as never deviating from what is best for mankind physically, mentally, morally.**

**There are some men who look at This Gift in great jealousy, and are obviously disrespectful regarding It. There are some who know the Value of It, but do not dare to speak up in the midst of others because of their positions, also because of those who are in charge of them.**

**Ask yourself: If there were ten children sitting, let us say, from the ages of six to ten, and you were going to instruct them on the importance of everyday living, where would you begin? In reality it would be easy, if you yourself believed in the importance of purity of mind, body and Soul. There would be no question as to where you would start, how you would portray a subject so that the children would understand.**

**Well, This Miracle has been given to the world for all ages of mankind, all degrees of intellect, all degrees of spirituality, and there have been and still are, Instructions being given that are totally understandable regarding the Importance of human life, the**

**Reason for which it was created, and the availability of Heaven for the Soul of every living human being.**

**When mankind chooses something of importance, something valuable, he or she wants to be sure that the payment for whatever it is, is just, fair, acceptable. The Father has handed to mankind the Greatest Gift in the world, and We All see so many use this Gift with a price tag on it. Sometimes this price tag means many things. It can mean pleasing someone who, in reality, is deplorable in their acts of immorality. Others balance everything out as to what is available to them immediately: pleasure of the flesh, pleasure of notoriety, pleasure of becoming a part of a situation, a condition, or another's life, that will only be detrimental to the Soul.**

**What mankind should think about is that human life was created through God's Love, because of His Generosity, and the freedom of one's will is a Gift; no price tag was put on it. This Gift has so many reasons to it. One can learn as many things as they want to learn. They can do many things that give pleasure, beauty, to their way of life. There is no limit**

to what mankind can use, become a part of, that has all beauty in it, and of course, purity that is so closely associated with his or her Soul.

It is true, All of Us Here in the Heavens could speak continuously, but We know mankind's limitations in recording what We say. Mankind many times ignores What The Father has given and is ready to give, but a wise man, a wise woman, uses all things for the good of the Soul that was given to them to be returned to The Father Forever. So be it."

SAINT PIUS X

**“I am Saint Pius X. It is necessary for so many men who have accepted the office of the Priesthood, to think more clearly on what they are instructing others about, or what they are tolerating, that in many ways is corrupting the sound moral code of ethics that in many ways is a strong, indelible responsibility of their chosen profession.**

**The Father’s Commandments are being ignored because of so much humanism that has escalated in the past years, to a point where logical insistence on morality has been cast aside and immorality is rampant throughout the world. So many men have forgotten that The Father’s Commandments insisted upon, and in many ways regulated man’s actions in a manner that the individual thought first of what complications could occur if they did not obey the sound structured meaning of obedience to The Father’s Commandments, and the Purpose for which He gave Them to the world.**

**C**onfusion has a destructive force, materialism has a destructive force. Both of these things are in many ways not just toys, but implements of the enemy of God and man. So much Instruction has been delivered through This Gift of The Father's at a time when It was much needed, because of the humanism that was so obviously being favored over sound Spiritual practices.

**S**o many throughout the world in high places, have accepted homosexuality and lesbianism as practical, as normal, as needed. This is definitely not in accord with several of The Commandments. The Father, in His Design of Creation, gave to mankind a will, and in this Design The Father also instructed mankind on the importance of purity, and that within purity there was dignity, and in the dignity there was a natural instinct that purity would radiate through, with, in, and from.

**W**e hear mankind shout justice, and how little he feels justice is shown in the world, throughout the world today, but what does justice truly mean to mankind? Wouldn't the first sign of justice be seen in man's obligation

**to hold human life in great respect, in thanksgiving, seeing the majesty The Father used in creating man?**

**Man has intelligence, abilities. Man has the senses to use, to become a great part of all things: a sense of speech, a sense of sight, a sense of touch, a sense of taste, a sense of smell. These are important things to mankind. And The Father, then handing to mankind more abilities, gave mankind a superior place in the world: intelligence, physical strength, the mind to use in many avenues, for many reasons, on many subjects, talents unlimited. I could go on and on with how The Father favored human life.**

**It is important for children of all ages, the little ones on up, to be thankful to The Father for having their will to accept challenges, and to use these challenges for the Greater Honor and Glory of God.”**

### SAINT ALPHONSUS LIGUORI

**“I am Saint Alphonsus Liguori. Many times We speak through this *little instrument* of The Father’s in general terms, so that it appears as logical communication between two people or more. In this Type of Communication there is a feeling of understanding, and in this understanding, one or many are more capable, more able of handling any Direction that is meant to be a strength to a situation, for the good of the other one’s way of life.**

**We have used this *little one* many times in the stretch of time amounting to twenty to twenty-four hours, all in a consistent manner of what appeared as ‘normal conversation’, but in fact, was Our Direction. The reason it is done this way sometimes, is so that the ones who are listening will find in the conversation logical Direction that is acceptable, because it is treated as one human being to another.**

**These are never called ‘Formal Revelations’, but are definitely considered by Us as revealing to**

mankind the strength to take action that is necessary, that will give more strength for the positive values to be exercised according to man's thinking. There is a difference in some people's reactions when they hear This is a Formal Revelation, even though the Formal could be telling them the same thing as what appears to be a one-to-one basis of communication through this *little one*.

We talk to strangers; that is, people who are totally unaware of This Miracle of The Father's Love that uses *a small voice* for so much Direction. The receiver does not always react immediately, but the thought, or thoughts of What was spoken are instilled to be thought about later, perhaps at a more acceptable time to the individual or individuals.

So much has been given to mankind because the world is in great turmoil. There is much confusion, and there are so many who are being directed by those who are themselves not sure of the soundness that they are instructing others in, or on, or with. The human mind is a tremendous Gift from The Father, because the human mind has the capabilities of

**discernment, of retention, of decisions, of understanding, that in so many ways enables the individual to make judgments that are beneficial to the mind, the body, and the Soul.**

**Millions of Words have been spoken through This Miracle of The Father's Love. It is called 'a Miracle' because of His Direct Attention and Intention to give so much to mankind in such an open manner, always instructing the Value of human life, the Greatness of the Soul that is within each human life, and of course, the Goal for this Soul that will return to The Father at a given time."**

NOVEMBER 8, 1995 AT 1:55 P.M.

**SAINT TERESA OF AVILA**

**“I am Saint Teresa of Avila. It is sad for Us to see so few Orders of women and of men being formed to serve The Father in the many areas that give strength, instruction, support to millions of people. Orders such as I was a part of had a purpose, a meaning, a goal, and in each one of these things there was great support for mankind in different fields that were needed. Schools, for instance, were based on a definite form of instruction that basically gave to each one there, sound moral values, sound moral standards, and a fuller understanding of the importance, of not just prayer, but obedience to God’s Commandments.**

**At this time there are so many false prophets, so much confusion, so much dissension, little stability in moral values, moral standards, and sound practices in prayer. Throughout the world there are hundreds of individuals who feel they have a calling, but in reality what they feel is they want to instruct others, but humanism seems to rise from all**

**their intentions, their attitudes, thus complicating what they start out to do, based on their own abilities, and of course, their own lack of abilities.**

**It is important that mankind realize that to have an Order of men, an Order of women, each dedicated to specific duties, have strength in them, because they are in many ways not just devoted to a particular format of doing things, but use every avenue to instruct and be example of the instruction, so that others will see the value of spirituality over humanism.**

**Throughout the world there are so many men and women who say they feel the Power of God within them, to be able to teach others how to praise God. I am going to make a rash Statement here. Very often, praising God has a belittling effect, because the individual is more apt to be showing his or her own pride in what they are doing, thus drawing attention away from what they feel that they have started out to do.**

**I will talk much more on this at a later time, because it is important for mankind to evaluate more clearly what they are involved in, and not forget**

**there was much importance, much dignity, much sacrifice, much love in the dedication, not just to charity, but to different areas of people's lives, such as instructing children, also adults, working with the sick, helping the poor, and giving strength where it was needed; also, representing physically, love for God. So be it."**

## SAINT BONAVENTURE

**“I am Saint Bonaventure. It is impossible, it is difficult, it is impractical, it is inconceivable for some who hear of This Great Miracle, first to believe in It, and then to conceive that The Father would give so much through *one small instrument*, so much Instruction, so much Direction, so much Love.**

**When We hear such reaction to This Gift of The Father’s, We do not always smile at it, because in some ways there is a sadness, knowing that when a Gift of This Magnitude is present, and is given with such Perfect Love, for so many to reject It distracts from the Beauty, the Direction, and of course, the Divine Love that is obviously in It. It is very easy for mankind to use the word ‘love’, because it is an expression that gives more depth in meaning, but Pure Love is The Father’s Love, and This Love has, in Its Very Essence, ingredients that are far above what man can determine love to be.**

**Many times, when We hear people pray, We see the routine in it, We see it as an automatic thought, action, that eliminates in so many ways, a personal association to Whomever they are praying. Little ones are taught to pray to their Guardian Angel, and when they learn the prayer, they are many times taught about a prayer to God. It is important for the little ones to say things that they can relate to, that they can feel is coming from them in a personal way, not always a formal prayer that has been designed, created for older ones to say.**

**At a very early age children should be taught that prayer is a beautiful communication that would give them strength when it is needed, and will always be returned with an Act of Love because of the Soul they have within them that is a Portion of God, and that Soul is in constant communication with God regarding everything the little one does, says, or intends to do.**

**Children respond quickly to communication from baby on. If you smile they respond to you. If you talk they hear what you say, and the tone of your voice many times says**

more to them, because they do not understand the words at a very early age. The Soul of an individual is very often the mediator, and helps instill, or creates a closeness between a child and others. Of course, this is never, or rarely taught, but the Soul is a Very Important Part of every age of life. It is the Connector, the Connection between the human and The Divine. A child is told, 'God sees you all the time,' but they are not told about the Soul, that Gift of Divine Light that was given to them immediately, so when they were born, the Soul had been in there a long time.

Many adults cannot fathom a Soul being so much a Part of themselves, because they never think of It this way. Some may think more of what they have heard about the Guardian Angel. That is why it is so important for This Miracle to be transmitted throughout the world, because all of mankind must understand that their personal communication with God is closer than they think; It is within them. It is not through others that they must pass their ideas or their prayers, their requests, but the Soul is the Link between them and God, because It is a

**Portion of Him, and that is the Part of them that will become ‘a Saint’.”**

NOVEMBER 9, 1995 AT 2:32 P.M.

## SAINT CALLISTUS

**“I am Saint Callistus. We have used this *little one* in many ways today, more than would be obvious to those with her. It is important for the whole world to know about This Miracle that has been given to all of mankind, instructing mankind on the Beauty of the Gift of human life and the Goal of this Gift: to return to The Father Forever.**

**There are so many who need to better understand the fullness in which human life was gifted. Mankind is aware of only the physical, and the importance of the physical because of the mentality that each has been given.**

**When mankind talks about color, there is an understanding of what a definite color is versus a color that is combined with two or more, thus giving the color a definite tone, a definite degree of color, and of course, usually a different name. This can be compared in many ways to daily living. Upon awakening there is a**

**definite routine; one most times, a definite place to go, or definite chores that should be accomplished because of the necessity in certain areas that must be taken care of.**

**The Soul of every individual has a Great Purpose, and every day the actions, the habits, the thoughts, the words, the conversations, have an effect on the Soul of the individual in many ways. For the Soul's sake, hopefully all things are said, done, or accomplished according to how The Father Wills it to be: in a pure way, in obedience to His Commandments, never deviating because of the circumstances, companions, or workplaces that the individual is subjected to.**

**It is important for mankind to understand, though human life is said in a terminology as though it were putting all of human life in the same category, this in reality is not true, because each life, under the same circumstances, can differ immensely in attitude, in acceptance, in a pure way or an impure way, a serene way, or even to the degree of a diabolical way. Human life differs in many ways from one individual to the next, even**

**though each one involved can be totally understanding of The Father's Commandments, fully aware of moral values, or immorality.**

**It is important for mankind to fully understand what a full Gift human life is, the importance of the decisions in human life, and that human life has a Goal beyond any other living creature or thing. It is sad when We hear so many block out what is right, what is sound morally, and accept everything that is actively or inactively connected to permissiveness, promiscuity, immorality, in any form, to any degree, even the slightest degree or intention.**

**The world has been Blessed by This Miracle of The Father's Love, because It is a Miracle of constant Instruction, constant Protection. The Soul is the continuous Connection to The Father from the moment of conception, so no human life is ever alone, ever without that Association with The Father that nothing can change, nothing can destroy, nothing can disconnect It.**

**It is important that mankind fully understand that human life is a Gift beyond any gift that mankind can**

**give to another human being, because human life is a Creation of The Father, and it is His Design, and also, He is a Part of every human life through that Portion of Himself. For some it may be difficult to fully understand, but it is important that mankind see what a Treasure human life is; first, for all its abilities, the nature, the mentality, and the Spiritual understanding that is innate. It is not something that an individual buys to make life complete. There is no way to purchase a Soul.**

**The importance in This Message is for all who read It to be fully aware of what life contains, and because of all it contains, is proof to mankind that human life has a Special Goal. There can be no other word for this Goal, other than the Word The Father has given to It, and that is ‘Sainthood’ for the Soul. So be it.”**

## OUR HEAVENLY MOTHER

**“This Miracle that The Father has given to mankind at this time when there is so much disturbance, chaos, immorality throughout the world, it is Our Intention when We speak, to give mankind of all present generations, an understanding of the necessity to see morality as the key to everything one does, everything one says, and in all associations, personal or otherwise.**

**It is true, there have been many Stories about the Goal of life, the Beauty of Heaven, and the Purpose for the Soul of each living human being. Each area of life has an importance to it, and it is important for mankind to see what a tremendous Gift of life, as man, truly is.**

**You live in a time when mankind is created just as mankind was since the beginning of time, but through the changes in how man lives, how man thinks, how man learns, and also all the different upgrading of everything that makes life easier, more practical at this time, over and above all other times.**

**Each day, as an individual looks at the day ahead, there are certain practical things that must be accomplished, and of course, man must eat to stay alive, man must have water to nourish the body, must also have action because of the nature of the body.**

**The mentality of human life differs in each human being. The logic also differs according to the individual's mental abilities, living conditions, work habits, and perhaps the educational fields that have been much a part of life. Then there are the experiences with other people who are associated in educational fields, social areas, even in the family atmosphere where there are two or more involved. Spirituality plays an important part in the motivations, the practices, the beliefs. Spirituality many times is the greatest strength an individual has over and above the physical.**

**It is important for mankind to see all the different areas of human life that evolve around each other, and evolve within each other. We hear so much controversy regarding what is spiritually correct, spiritually incorrect. There are so many opinions that it is difficult for some**

**to fully understand the practicality in adjusting to what is morally sound, morally comfortable, morally based on The Father's Commandments.**

**At this time there is very little accent, emphasis, on The Commandments of God, because of the updating of so much humanistic values, involvements, practices, goals, acceptances, that it is more acceptable for many to ignore The Commandments and practice what they term 'more realistic values'. I ask you, what can be more realistic than seeing human life in what it truly is? First of all, the senses are important to mankind, the sight, hearing, smell, taste, touch. All these things are associated with everything mankind comes in contact with. Then the ability to walk has a tremendous effect on many things that one becomes involved in, because walking is a communication system to reaching others, going places, doing things, partaking in activities.**

**There is so much modernization that so many place so much emphasis on, but what is modernization? To some it is being able to make excuses for accepting more vulnerability to what is wrong, what is sinful, what is**

impure. Purity is an important part of human life. If one were to drink impure water, they could die from this, yet water is very much a part of daily life. In itself it is needed and practical, and yet it is also used to dilute, or to be used as an additive to other things to make them more palatable, more acceptable. In some ways water is a cleanser.

Man could not live without water, just as man could not live without acknowledging the importance of morality that is definitely an active part in actions, activities, thoughts, words, motion, a lack of motion, interests and disinterest in many areas that call for participation, accommodation, involvement of some kind, some measure, some degree, for some reason.

This Gift The Father has given to the world, is a Gift beyond what mankind could ever give to another human being, because This Gift is associated with every sense of human life, for every degree of intellect of human life, every moral issue in human life, and of course, a constant reminder of the Soul that is in each human life.

**This Lesson must be taught, and much instruction must be given on What I have just spoken, because there is very little emphasis in daily living on the Importance of what a human being is all about. So be it.”**

NOVEMBER 13, 1995 AT 1:30 P.M.

SAINT CATHERINE OF SIENA

**“I am Saint Catherine of Siena. There is no place in the world that there is a Miracle of This Dimension occurring at this time. *The little one* through whom We All speak was chosen at the moment of conception; also, in many ways, trained to put before all things, what she instinctively knew would be The Father’s Acceptance, irregardless of what others would criticize, chastise or condemn. These Words are not easy for her to repeat, but it is important that They be written for others to read, because at this time, in This Gift of The Father’s Love, this *little one* faces much confrontation, many decisions that are beyond what she would choose to be a part of.**

**The humanism that is prevalent and evident throughout the world in so many lives, is a sadness to All of Us, because the humanism in many ways is defiance against The Father’s Commandments.**

**So many shout, ‘Praise the Lord!’ In what context do they mean this?**

Many times it is said as a matter of speech, an emotional action, and they truly do not know the full concept of what this statement should mean, because in the manner in which it is being done, there is more humanism being expressed than a sound, respectful attitude, manner, love for The Divine. Children are not being taught the importance of their decisions, because there is so much humanism that takes precedence over the moral issue that is being expressed or is being put into action.

There are so many throughout the world, men, women and even children who are emotionally caught up into a format, even a formula of what they call, 'Praising God'. In reality, it is more of an exhibition than a sincere practice, because of the emotionalism and the lack of an in-depth understanding of what they are truly saying.

This *little one* The Father uses is a target of many unkind, irresponsible, jealous remarks. We always smile at her reaction to this, because others' opinions of What is occurring through her does not affect her obedience to Us, or her personal feelings regarding

the value and the standards which she knows must be first, through her, from her, in her.

**M**ankind in many ways is suffering a great loss in practicing so much humanism, because humanism is in many ways a weakening force. It is sad to say that this practice touches all ages, all races, all cultures. There is much weakness throughout the world based on egoism. *The little one* through whom We All speak stands strong against opposition. She uses Our Strength, and it is sad to see so many who talk against her, even despise her for What she stands for.

**T**he whole world is in a great turmoil morally, physically, mentally, socially, spiritually. The Father has sent to the world a Gift of His Divine Love, using *one small voice*, using the written Word, so that mankind in all areas of the world can read for themselves What We have All spoken, What The Father has instructed to be spoken, so that all of mankind will more fully understand the Importance of human life, the Value He has placed on it, and the Goal for which He created it: to return the Soul to Him.”

**NOVEMBER 13, 1995 AT 2:33 P.M.**

**SAINT ALPHONSUS LIGUORI**

**“I am Saint Alphonsus Liguori. There are many occupations that mankind uses for attention, for monetary measure or political reasons, and for purposes that feed their egos, as well as their monetary means.**

**The Father has given to the world a Blessing, through This Miracle that is beyond any human ability to be able to express to millions of people, the Love The Father has for mankind, and the Goal He has for mankind.**

**When a child is born, there are many things that surround each child. Some can be termed ‘love’, some can be termed ‘responsibility’, and then there are others that can be termed ‘guilt, hope, love, sadness’. No matter what the feelings are, there is a great responsibility because each child is born with a Soul. This is rarely if ever thought about, and it is never thought about at the moment of conception.**

**This Miracle that has been given to the world, instructing all ages on the Importance of human life, the**

**Purpose for which The Father created it, and What each human life contains that gives to human life an Importance above all other living things. It is called 'a Soul'.**

**We see so many look at a newborn child and see only the physical, the immediate care that is needed, that is necessary. We see happiness, concern, a certain amount of excitement, enthusiasm, but if ever We see a serious understanding that therein that child's body, there is a Portion of God. The world, in all its progress, still does not look at mankind's birth in the Greatness it is, in the Importance it is, in the Goal it has.**

**You live in a time where the enemy of God and man is active in every part of human life because of the jealousy; basically, based on his inability to create like The Father creates, and of course, there is an unlimited amount of other areas of human life that he is jealous of.**

**The world of mankind is a world unto itself. In many ways the earth, the atmosphere, the sun and the moon, the stars, the clouds, are all so secondary to what mankind truly is,**

because mankind has within his or her own being a Portion of God. It is sad when We hear so little importance placed on what man truly consists of. We hear flesh, blood, but We rarely hear that man has a Soul.

The Soul unseen is of the Greatest Importance, because This is the Portion of that individual that will return to God. So many preachers who decided that they will instruct others, find themselves talking in many ways in a confused form of structure, because they have not been instructed fully on what human life truly consists of. We hear them announcing and prophesying what they call 'The Lord, The Creator', but in the same text they apply their humanistic evaluations, thus ignoring the Soul as It truly is.

One of the main stories passed down through time: that refers to Sodom and Gomorrah, thus accentuating the horrors of immoralities that occurred in these places, the desecration of human life. Today, though there are many shouting religious remarks, they are not instructing on the seriousness of the basics that mankind should be constantly aware of, and that of course is sound morality, obedience, in

**the form of purity of mind, body and Soul.**

**So many have been Blessed through This Gift of The Father's Love, and so many have not truly seen the Value of This Gift because of so much distraction and humanistic preferences, so-called 'practical thinking'. This Gift of The Father's has been a Gift of Enlightenment that must never be ignored, a Gift wherein the Instruction has been direct from Heaven. This Gift has been given at a time when It is much needed by all of mankind.**

**Though mankind has reached much modernization technically, physically, mankind has become less understanding of the importance of sound moral values and sound moral standards. In fact, there is so much immorality throughout the world in so many areas, that I dare to say, 'Those who lived in Sodom and Gomorrah would be shocked to see what is occurring in this day, in your time, man's way.'**

**Children are not being taught how to be moral. There is such a struggle from those in charge of**

**children, forcing the children to think strictly educationally, materially, physically, that they are ignoring the need for morality.**

**Each of Us Who speak through this *little one*, speak for a given period of time, otherwise We would speak endlessly, because there is so much yet to be given to mankind, to alert all ages, all cultures to the necessity of putting God above all things, and using prayer in many areas, at many times, to gain strength to act purely. So be it.”**

NOVEMBER 14, 1995 AT 2:53 P.M.

SAINT JOHN THE BAPTIST

**“I am Saint John The Baptist. This Gift of The Father’s Love that has explained so much regarding the Importance of human life, the Goal of human life, must be read by mankind throughout the world.**

**Many who will read the Words will more easily understand the fullness in Them, than if They were spoken to them directly. This Statement may be difficult for some to understand, but just think about this: Everything you hear that has meaning, do you always remember it word for word? Do you remember it when you want to connect it to something that is happening at a particular time?**

**Logic says the memory will remember some, but not always the fullness of what was meant. That is why it is so important for many of Our Messages through this *little one* to be written, so that thousands, hopefully millions will one day read Them, and They will trigger into the mind or minds, the importance of Faith in God, prayer,**

obedience to God's Commandments, the importance of taking the time for charitable acts, charitable words, that otherwise would never have been even thought of. The written Word has a positiveness in It, and a lasting of Its Content, that the spoken Word does not have the ability to be remembered in Its fullest degree.

A short prayer is many times a prayer that is said in a quick communication, and this prayer is heard. Many times, along with this prayer, a child or an adult will have a specific reason for the prayer. It could be a request. It could just be a means to speak to Someone that the individual knows will hear. Mankind, in many places, depends totally on ritual, and oftentimes ignores the personal communication that each one has daily, hourly, even by the minute, with The Father, with Our Heavenly Mother, with Any Saint. The power of prayer is important to understand, because it says no one is ever alone, under any circumstances, in any place, at any age.

We hear some people of all ages say, 'Say a prayer for me, I need it.' What comes to Our thinking is, 'Have

you said one yourself, or are you just depending on someone else's Faith in this communication?' Prayer should be an important part of daily living. It should be practiced automatically as a personal communication of love, of belief, sometimes for guidance, sometimes just to feel better, knowing that Someone is listening.

Children should be taught to say a prayer at any time, in any place, quietly, not letting anyone know that they feel this communication is important and gives them a strength. All of The Saints Here in Heaven enjoy this type of communication, because in it We feel that a habit like this gives an individual of any age, moral strength, moral courage, moral satisfaction, and also, in some way radiates to others, without a word being spoken, that the individual has something special about them, something that radiates from within them because, do not forget, when a prayer is spoken, to Whomever it is spoken, They become present in a way that would be impossible to explain, but it can be depended upon to occur in a silent way, without any distraction.

**The written word gives many definite words to say. These words are helpful in so many ways, because there are many of all ages who find it difficult to remember a prayer suitable to the occasion, the place, the condition, the situation. So do not forget, a personal communication is always heard, never dismissed. So be it.”**

NOVEMBER 14, 1995 AT 3:30 P.M.

SAINT THOMAS AQUINAS

**“I am Saint Thomas Aquinas. So much has been written about the importance of theology by theologians. It is important for mankind to not be overly concerned over the definitions of theology, but to practice in daily life the importance of sound moral values, sound moral standards, and never forget that these are based on God’s Commandments.**

**It is amazing how many adults do not realize that God’s Commandments have a deep meaning in each one of Them. As They are shown now in such a concise manner, makes Them less important, so it is important that mankind of all ages reflect on a more in-depth knowledge of what each Commandment contains. Granted, every individual’s life will be more prone to disobedience to particular different Commandments. Some will be more prone to disobeying the Sixth Commandment in all forms of sinfulness against this Commandment, but this Commandment can also be closely connected to the Ninth**

**Commandment, according to the manner of living that an individual practices.**

**There are those who sin continuously against the Third Commandment, and each time they do, they rationalize the reason that this Commandment is difficult for them to practice, because of circumstances that they are not able to equate their manner of life to.**

**Then there are those who sin continuously against the Fourth Commandment. This Commandment does not always register in the individual's thinking, because they see it in a totally humanistic evaluation.**

**The Fifth Commandment is rarely thought of as part of the average person's ability to even conceive, because they say, 'I have not killed anybody; I have no desire to kill anybody, so that Commandment does not affect me in any way.'**

**And then the Seventh Commandment is not always considered a personal part of an individual's life, because they feel that their conscience alone says that they steal from no one, never have, never will, but they**

**automatically ignore what these Words mean in Their fullest measure.**

**This Gift of The Father's has deliberately instructed mankind on the importance of His Commandments. First of all, if someone practices freedom of action, there are many ways they can kill another individual besides taking one's life. This same person can commit many sins against the Seventh Commandment, because they innately feel that what belongs to someone else, whether it be material, mental, are abusing this Commandment to a degree beyond what they can personally conceive being done.**

**There are no real instructions on the dimensions of each of These Commandments at this time in which you live, because mankind takes everything so practical, literal, excusing himself or herself from the in-depth knowledge that is meant by The Commandments, the in-depth meaningfulness of each Commandment.**

**Children should begin to learn at a very early age that everything they do is important, and that their actions should be monitored by themselves,**

always keeping in mind that God is always present, and God is as close to them as the Soul within them. Some might say, 'No child can understand this.' I say: 'If it is done in the right manner, done with the intention that the child has the ability to comprehend, to understand to a degree of his or her own capabilities, the child will begin to understand morality, something that is not talked about, not spoken about, except in something either being right or wrong, usually determined by personal actions or words the individual might be expressive with.'

This Gift of The Father's is not One to be overlooked, because in every degree of Its Instruction there is something in It for every age, every mentality, and everyone's personal beliefs, actions, environment. So many times We hear adults minimize a child's understanding, and yet the very same child could be complimented continuously on something that is important for the adult to feel that the child excels in. This could be any number of things: bouncing a ball, running, learning new words; of course, this list could go on and on.

**There is so much humanism, basing everything on what is pleasant to the human side of life. It is important for mankind of all cultures to see what is important for the Souls that must be returned to The Father. Some would say, ‘What is a Soul?’ You might be shocked at how many would make this statement. That is why This Miracle has been given to the world, to instruct mankind on this Great Gift of The Father’s Love that is ‘the victim’ or ‘the victor’ of everything an individual practices, participates in, or says. So be it.”**

## SAINT JOHN THE BAPTIST

**“I am Saint John The Baptist. Wherever this *little one* is, Many of Us are ready to speak. This Miracle that The Father has given to the world in the Name of His Spirit, His Holy Spirit, Saint Joseph, is One Alone in Its Purpose, Its Love, Its Design, Its Reason, Its Goal.**

**Mankind must hear about This Miracle, and be given many of the Revelations that have passed through It for the benefit of their Souls. So little is taught from men and women who have felt they walked in Spiritual roles, and who feel that they have great insight into the importance of spirituality that is necessary for each man, woman and child to know more about, and to understand the importance of it for the benefit of their Souls.**

**When We see one or several attracted to This Gift of The Father’s and then walk away, We know what a loss it will be to each of them, because it is important for every human**

being to have a continuous access, understanding, to be able to practice sound Spiritual values. By access, I mean to hearing what is important, reading what is important, in regard to the Soul that is within human life at the moment of conception.

We hear so many false prophets evangelizing on humanism, not truly understanding what they are 'not saying' to those who are listening. So much is based on human understanding, human application.

It is important for mankind to understand This Time to be a time like other Great Times, because The Father has given to the world openly, continuously, through The Saints, and even He Himself has spoken, instructing mankind to a fuller understanding, a greater measure of being capable to one day be able to stand before The Father with a Soul that is ready to enter the Kingdom of Heaven.

These are not just words. What I have just spoken has great meaning in It, much Instruction, and yes, is given with a Love beyond human love, because no human being could care as

**much as We All Care, for mankind to more fully understand the Greatness of the Soul that is within each man. So be it.”**

**SAINT BONIFACE**

**“I am Saint Boniface. There are so Many of Us Here in the Heavens Who find that to instruct mankind through This Miracle of The Father’s Love, is in so many ways a Gift of His Love to Us, because Each of Us wholeheartedly want mankind to know what a Treasure the Soul is, the Purpose for which the Soul was created as a Part of mankind at the moment of conception, and that That Soul has a Purpose: to be returned to The Father Forever.**

**Mankind knows that whatever he or she has materially will not last forever, and yet We are fully aware that mankind many times seeks information on the longevity of what they are purchasing, because it is innate in mankind to want to have something that is worthwhile, practical, useful, and that in man’s terminology ‘will last forever’.**

**This Miracle has instructed mankind to great lengths regarding the Soul, that in Its Very Essence says It will never be worthless or have no**

**value. It is important for mankind to value the Soul, because the Soul is a Portion of The Father and is to be returned to Him in a Pure State.**

**All of Us feel privileged to be able to instruct mankind through This Miracle of Divine Love, because We have experienced so much since the time We left the earth in the human flesh, and We want mankind of all races to not just believe in It, but to practice everything that is morally sound, so that at the moment life ends, Life will begin through their Soul that The Father instilled at the moment of conception. So be it.”**

**NOVEMBER 15, 1995 AT 2:15 P.M.**

**SAINT CATHERINE OF SIENA**

**“I am Saint Catherine of Siena. Children are not being instructed in the fullest manner that they should be. They are learning certain portions of what spirituality should be, but there is a definite laxness in how they are being told about their personal prayers, personal behavior, and little is spoken about how important their conscience is, because their conscience tells them in a direct way, what is right, what is wrong, in how they are acting, how they think, how they pray.**

**It is important for children to better understand that through their Soul, God is Ever Present within them. Some children are taught to concentrate on all kinds of activities to help them be more compatible with others of their age, or also with different ages close to them. Prayer should be an important daily practice, and children should be taught that because of their Soul, this prayer or prayers with God, with Our Heavenly Mother, helps them mentally, physically and morally.**

**F**or the most part, children understand the importance of what is good over what is wrong. Children innately respond to kindness, and must be instructed on the importance of it in every facet of life. When a child becomes ill, it is an automatic reflex to become frightened, anxious, so if a child at this time is told that there is consolation when a prayer is said, because in the prayer they are asking God to help them. Those who are considered of an older age, advanced adulthood, very often need almost the same advice, but approached in a little different way.

**P**rayer has a power within it that nothing else has, and many times it is overlooked because of the physical occurrences that are taking place, that seem to precede the act of prayer. The world is in chaos morally, physically and spiritually, and though there is much spoken about so much evangelization taking place, there seems to be less personal, quiet communication with The Father, because people have become accustomed to groups, people leaning on each other.

**I**t is important that all ages be reminded that the individual's Soul,

**as a Portion of The Father, has an ideal Personal Communication as an individual, so each human being, no matter what age, must understand that they have a Personal Closeness with The Father, and they should use this as their means to pray.**

**The Father has delivered so much Care, Instruction, and Divine Love through This Miracle, by allowing so Many of Us to speak, to instruct, and to clarify many areas that help individuals more fully understand what a privilege it is to be born as man, and that this privilege was based on Divine Love. This Miracle The Father has given to the world with so much Personal Instruction is duplicated no other place as It is where you are. So be it.”**

### SAINT ALPHONSUS LIGUORI

**“I am Saint Alphonsus Liguori. This Miracle that The Father has given to mankind is Special in many ways, and has a Divine Purpose in It.**

**The world at this time, like many other times, is in great moral turmoil, distress, confusion. Humanism has taken over, accepting all types of immoralities, defining them as ‘human nature’. Logic says that mankind is not looking at the soundness that sound moral values and sound moral standards have in concept, in benefits, in value, regarding the Soul of an individual or groups of individuals.**

**There are so many men, women and children basing human life on all that is indecent, impure, totally ignoring the Goal of human life that lately has not been a subject of morality where men are supposed to be instructing others on the importance of the Sanctity of the individual’s Soul. Some are saying, ‘The Soul is there but we cannot see It,’ and then in the next breath they say, ‘It is all**

right to do what you are doing; that's human nature.'

**We** have been speaking through this *little one* for the last eleven hours regarding the Importance of This Miracle that she must defend against all odds, all personalities, all of the organized training that some have gone through to preach about God, and how mankind should live. Most of the instruction now eliminates Rules that should never be ignored. This Miracle has given to the world through *a small voice*, an intensive, extensive Instruction on the Importance of human life, on the Soul of each human life, and on the Goal for the Soul of each human life, barring none.

**When** man talks of a battle, the word automatically brings to mind a field wherein there is open battle face to face. This *little one* at this time is on a battlefield, and many think she stands totally alone, but I say at this time, 'There are Thousands of Us with her to defend what is right.'

**We** hear some men say: 'God would not choose a woman for this Task. It is too Magnanimous in structure.' Mankind must remember this, that

The Queen of Heaven stood alone at the Crucifixion, watching the bigotry, the hate, the envy, the jealousy, the humanism that was taking place. We show *the child* the scene. It is difficult for her, because as she speaks Our Words to you, she speaks her words to Us. The scene would be impossible for a mother to behold. The horror was too great.

When The Father sends to the world a Gift to an individual that supersedes all other manner of life, through obedience Great Strength comes, and of course, in This Strength there is always Great Purpose, because This Strength is not ordinary; It is based on the Purpose for which It is given, and that is to stand up to, stand up for, stand up against all the negativism that mankind, in weakness, presents. When We say 'stand up for', We mean for the Value of the Soul of each individual that This Gift will touch, whether it be immediate in a personal way, or later in a written way.

No man's love for another man can compare to the Love The Father has for all of mankind. Truth, in its clarity, has strength in it. This Miracle

that has been so deliberately given to all of mankind, of all races, all colors, all creeds, will one day be seen for Its Value, because the Value of It will erase the jealousy that attacks It.

Children must be taught the importance of what is right, what is wrong, based on The Commandments of The Father. Children understand more than they are given credit for.

When it has been spoken that you live in a time worse than Sodom and Gomorrah, We see in your minds that This Statement is true, it is fact, but We also see in your minds the inability to recognize how ugly, how immoral, how degrading everything was at Sodom and Gomorrah.

Today, as I speak through this *little one* and My Words are being written, I want These Words to travel great distances, as I want All of the Other Words passed through This Miracle to be delivered throughout the world, in spite of anyone's rejection. This is the Greatest Teaching Miracle that mankind has.

Souls are being lost because of the degrading, degenerating actions that mankind is passing off

as excuses, saying it is the time in which they live, it is the way things are. Homosexuality, lesbianism, major problems at this time; physical, moral, mental desecrations to children are abominations, because of what these things do to the Souls of all of these who are involved.

**T**hrough This Miracle, the Soul has been talked about in so many ways, and for some it is difficult to comprehend that they could have a Portion of God within them. We find this only an excuse that mankind uses to accept his or her own weaknesses of immoral actions, thoughts, words, participations. I could speak for hours, in depth, on all that the world is practicing at this time, that mankind is accepting without question, that is so detrimental to the Purity of their Souls.

**A**s I close at this time, I will hand you My Blessing. My prayer for you, and all who will read These Words, is to treasure your mind and use it for pure thoughts, pure direction, pure intentions. I take My hand to your chest and I say, 'For every beat of your heart, remember that your Soul is an Important Part of all you are, all

**you do, all you think, all you say; that all things reflect into the Soul that walks with you each day.’ As I cross your shoulders from one side to the next, this is to remind you to protect all you are, all you have, all you are responsible for. Amen.”**

### SAINT TERESA OF AVILA

**“I am Saint Teresa of Avila. Mankind speaks much on advanced education; in fact, in many ways it is primary in many conversations for all ages. In many ways this is good, has purpose, and will and could be fulfilling to the individual. We hear little about the morality of individuals, the necessity for pure morals, sound standards of living, honesty. So much emphasis is placed on humanism, eliminating what life was truly created for. Rarely does anyone use the word ‘Sainthood’.**

**The Gift of The Father’s, This Miracle of The Beloved Spirit of God, called ‘*The Miracle Of Saint Joseph*’, should be passed throughout the world as quickly as possible, mainly to avoid so much desecration to the bodies, to the minds, to the Souls of the very young, and older ones.**

**We hear many brag about permissiveness, promiscuity, adventures in impure social methods, means. We hear casualness regarding**

homosexuality, lesbianism, and all other distorted avenues, where all ages seem to find what they call 'experiences'. What they eliminate from this word is the moral and physical damages that occur during these episodes of expression, of interaction, of the acceptance of updating social practices.

The world is in total chaos in many ways. The weak want to be dominated or dominating at times. The strong want to be dominating or dominated at times. What happened to moral values, moral standards, moral practices? What happened to decency, purity of mind and body? What happened to logic in relationships, respect, consideration?

Throughout the world so many things are being justified by a weak statement saying, 'It's a sign of the times.' There are very few men and women who, through reading any historical event, did not see that barbarism, immorality was destructive. It showed its destructiveness, yet We hear so many say: 'We live in modern times. We have progressed so greatly in so many ways.'

**If every human being would look at the Importance of what life was created for and the happiness that is found in decency, morality, how could anyone justify immorality, indecency, impurity, and all the things that are being practiced that cannot be termed 'enjoyable', but can be termed 'diabolical'?**

**Children are not being instructed clearly on what is important for their well-being, the basics that are necessary to keep them healthy. You live in a time where logically it says drugs are wrong, harmful to the mind and the body, and yet We see a constant parade of all ages practicing all that is wrong, all that is unsafe, all that is immoral.**

**All that We have given through This Gift of The Father's Love must be spread quickly, because there are many who must read It. One Line, One Thought is able to encourage an individual to think more logically, and hopefully, to respond more logically, more safely and quickly.**

**Man has a word he uses every once in a while when he or she refers to a situation that can be harmful:**

**‘volatile’; and when they speak of it, they oftentimes forget it shortly after. As We look over the earth and We see so much desecration morally, physically, psychologically, when We know that these individuals know right from wrong, they know that what they are about to do can be harmful, what they are practicing is destroying them, We find that the Soul is the victim many more times than the physical.**

**Mankind does not see the balance that is necessary to stabilize the mental and the moral, as well as the physical practices in human life, because mankind has ignored, and is ignoring The Commandments and the Logic in each Commandment that is based on Sound Reasoning, Sound Values. The Commandments must be spread throughout the world as They have been passed through This Gift of The Father’s Love, in detail, so that many who read Them, will see the Value in Them and conscientiously try to practice Them.**

**It is sad for Us to see that so much has been given to mankind through This Gift of The Father’s Love, and see so many who not just ignore It, but encourage others to ignore It. There**

**have been very few times in the History of mankind that The Father has given so much, so quickly, and all of mankind should recognize this and see It for Its Great Worth, because ignoring It will not erase It. It is in print, and must be duplicated again and again, for the sake of mankind's physical and moral code of ethics. So be it."**

NOVEMBER 16, 1995 AT 3:15 P.M.

**SAINT JUDE THADDEUS**

**“I am Saint Jude Thaddeus. At this time with you, I plead with you to not think, to not feel that things cannot change for the better. It is true, the world is saturated with so many impurities, so much diabolical intercession accepted in many lives that were basically instructed to think more purely, more strongly against all that is vile to the Soul.**

**Some men, women, and even children act outrageously when they are confronted with disagreement of any kind. There is little self-control, little understanding. The world is saturated with violence of all kinds. Most of the violence is due to a lack of self-control, self-discipline, and a lack of dignity in human life.**

**I am many times called ‘The Saint of The Impossible’. To Me this is a Distinguishing Title, because I have always instinctively wanted those who need help to see the positive side of what to expect, to feel the reality in hope, and to strive for sound results.**

**Many times failure in different things in life is caused by one's own inability to see the strength in fighting for what one knows is right, is positive, is sound, is good.**

**This Miracle that The Father has given to the world is directed to a strong Faith in values, in standards, based on purity of the mind, the body and the Soul, strength that has a positive approach, not negative.**

**So many children are allowed to feel little self-esteem because of the dominance of others. This must cease. Children must be taught to feel good about themselves, to recognize their own values, their own abilities, their own strengths, and be able to be firm on how they handle all these things, be firm in dignity, in morality, and in sound practices. We see so much in a lack of integrity. Children are not being taught the importance of integrity.**

**When I hear prayers addressed to Me, and I know that whatever the request is, it is beneficial, I do all I can to help it be accomplished in a way and in a manner, and to a degree that will be totally constructive, eliminating**

**any chance for a destructive input of any kind.**

**This Miracle The Father has given to the whole world is a Treasure beyond what man can conceive a treasure to be. Every Saint in Heaven is involved in This Miracle, because of the need throughout the world for all of mankind to be instructed in a strength of action, of prayer, of hope, of living each day rejecting all that is wrong, all that is harmful, all that could in any way cause the Soul to be delayed in returning to God for All Eternity.**

**The Father's Commandments must not be ignored in the fullness that They are needed, for all of mankind to understand more fully what each Commandment means. The conciseness in which They have been brought to be learned at this point, leaves much to be desired, because if you think about a parent saying to a child, when correcting the child, just using the word 'No' or 'Don't' leaves an open space that does not make the individual child understand the full reason why they should not do it. There must be, there should be, there has to be an added explanation.**

**So it is with The Commandments of The Father. *'Thou Shalt Not Steal.'* This eliminates many areas wherein this Commandment is, in reality, very meaningful to the particular situation, because the word 'steal' can mean many things and should be explained more fully. This is just one example.**

**Many times when I hear a prayer that a child wants to be answered, there are many ways to answer the prayer, many degrees in which it would be helpful, but then if it is answered to a degree that is more than the individual can handle, this could be harmful.**

**All of Us Saints truly enjoy it when prayers come Our Way, because it says more than recognition. It says that the child or children of any age base their needs on Faith in God's Will, and are using Us, because their Faith tells them as We once walked upon the earth, We are in understanding, and their words to Us will be answered because of what We are known for, and that The Father has entrusted Us with serving Him through those who believe that We will respond to them.**

**I add to this: ‘Remember that every human life has a Soul, and that Sainthood is available to all.’ So be it.”**

NOVEMBER 17, 1995 AT 11:15 A.M.

SAINT ANNE

**“I am Saint Anne. A mother’s place in a family has an importance that in many ways is difficult to describe all that it entails. It is a teacher, a consoler. It is a pacifier, and it is strength, a strength in so many ways morally, physically, spiritually.**

**When mankind reads books about the beginning of The Holy Family, it is sad that all the details were not written at the time, addressing all that was occurring, describing all of the moments of Intercession by The Father. By the time the writings came down, they were not complete, of course, not in the exact detail in the way things took place, but the important thing for mankind to understand is that That Time in the History of mankind has Great Significance to the acts of obedience that took place, and the many acts of secrecy that were kept quiet, because there could have been so much misinterpretation by those who had great imaginations.**

**This Gift The Father has given to the world is enlightening mankind to the Importance of human life, plus the Goal for which human life was created a long time ago. When We hear so little spoken by so many, regarding the Soul that is within each human life, it is a sadness, because even though much had been given in another language a long time ago, it was not translated in its full depth.**

**This time in which you live, This Gift of The Father's to mankind has stressed the importance of The Father's Commandments, and what effect These Commandments have on the Soul of every living human being. If mankind would but obey God's Commandments in Their fullest measure, it would be obvious that Saints would be multiplied by the millions.**

**We hear some say, 'Why so much talk about a Soul that we cannot see, cannot feel, cannot hear?' I, Saint Anne, say that humanism in all its actions caters much to the enemy of God and man. So many things are occurring that are deplorable in moral values, moral standards, because so**

**much importance is placed on the humanism in all walks of life.**

**Children of all ages should understand that human life has a Goal, and this should not be difficult for mankind to understand, because man is used to reaching for goals, materially, educationally, so this should be evident that one's Spiritual life has a Higher Goal. Human conscience is important, because in human conscience there is the ability to discern what is right, what is wrong, what is truth, what is untruth, what is strong, what is weak, what is sensible, what is nonsense.**

**We talk very plainly through This Gift. All things are spoken clearly in an understandable way so there is no need for questioning the meaning. Mankind has been Blessed by This Gift that has been strengthening to every fiber of life, to every action, thought, word and deed. So Many Saints enjoy talking through This Miracle, because Their Desire, Their Hope, Their Love, is for the Souls of every living human being to become 'a Saint'.**

**I beseech you to see that This Message is passed to others, because it is important that all ages, all**

**cultures of mankind, understand the Magnificence of the Gift of human life because of the Soul, a Portion of The Father, that is placed within it at the moment of conception. So be it.”**

NOVEMBER 17, 1995 AT 1:00 P.M.

## SAINT CHRISTOPHER

**“I am Saint Christopher. It is important that mankind of all races understand that they have a Soul within their being that is a Special Gift of The Father’s, and He expects this Soul to be returned to Him when the human part of life no longer exists. The Soul will live on. The Soul is the recipient of all things that the individual does, thinks, acts, practices, partakes in while life is in the individual, but there is Another Life that mankind must think about and never ignore, because the Life through the Soul will be a constant Existence, Communication with The Father, because as It is a Portion of Him, He takes It back with the name of the individual within whom He placed It at one time.**

**Granted, all of mankind is not aware of the Magnitude of this Blessing, but This Miracle of The Beloved Holy Spirit of God, Saint Joseph, is instructing mankind deliberately, describing how, in the act of creation of a life, a Portion of The**

**Father is placed immediately. This gives a Special honor, dignity, place for mankind's life amongst all other creations, amongst all other living things upon the earth.**

**It is sad for Any of Us Here to hear doubt, rejection, denial of such a Great Occurrence, Happening, where there is no sensation, no sensitivity, no obvious feeling of Its Existence in the human being, but what mankind does not think about is that at the moment of conception, there is a Unity that gives life to the individual that is beyond human intelligence to understand. It takes Faith in God's Love to believe it, and to see it for Its Great Worth.**

**We hear some say: 'What is a Soul? What does It look like?' One way of describing a Soul is that within a human being, from a very small stage of life, there is an innate expression of happiness or unhappiness, inner action with those around, or sometimes more attracted to distraction, showing that within this living human being there is definitely Something Special.**

**The Father has given to man so many talents, abilities, concerns.**

**Along with these things, He has given man energy, desires, hopes, qualities that no other living thing has. This alone should tell mankind that human life is Blessed beyond what can be seen or heard.**

**We want all of mankind to be aware of what I have just spoken, because in the Words many will be helped to see the Greatness of God, the Generosity of God, the Love God has that is beyond any human love, because The Father gives to mankind a Gift that will remain long after the human life ends. So be it.”**

NOVEMBER 17, 1995 AT 3:14 P.M.

**SAINT CATHERINE OF SIENA**

**“I am Saint Catherine of Siena. We find so many men, women and children in a state of confusion regarding sound practices in their Faith, in how they should respond to so much that is occurring regarding a definite form of religious beliefs.**

**Turmoil, when it distracts from what is sound, can in many ways destroy one’s ability to pray in a manner and a way that is comfortable to their way of life. As We know, there is so much sadness upon the earth regarding the practice of a formal manner of Spiritual love. We also know that mankind has the strength to overcome all the difficulties that have arisen, disturbing their sensitivity to a constructive loving format of using particular times, places, for Devotions that were so acceptable.**

**The whole world is in turmoil in many areas of human life, because the enemy of God and man has and is using the human weaknesses of mankind to allow a state of decency**

to be acted out indecently. There are many, many sinful acts that have been programmed to appear as practical usage of honoring The Father. There has been much disrespect injected, and it is called 'modernization', 'updating', because of the time in which mankind lives now.

Sodom and Gomorrah were also victimized by similar aggressive interpretations of moral values and moral standards. We see so much diabolical intervention being accepted, many times through innocence, contrariness, doubts, and/or the inability to stand up to the so-called 'authoritative structures' that are leading many to perdition.

Mankind is naturally, socially oriented, but is being tricked into accepting what should be solemnity in Spiritual practices, by the introduction of familiarity, and acceptance of a lack of formality in what man terms 'religious beliefs, practices, understanding, goals'.

I speak strongly through this *little one*, because of the danger We see in so much introduction of liberal ideas, eliminating the importance of

solemnity in mind, body, and union with others, because of the seriousness of these times, for the benefit of the Souls of all involved.

**This *little one* through whom We All speak finds it difficult to cater to the looseness, the laxness that is being forced on her and millions of others, where she knows it is dangerous to the Soul of everyone involved. Her patience is Our Patience; her understanding, How We See it; her love for mankind, beyond what man knows it to be; her strength against all that is wrong, greater than anyone can truly perceive. So be it.”**

NOVEMBER 20, 1995 AT 12:35 P.M.

### SAINT IGNATIUS LOYOLA

**“I am Saint Ignatius Loyola. This Gift The Father has given, instructing mankind of all ages on the Importance of the Gift of human life, the Reason for it, plus the Soul that is within each life that will be the Portion of mankind to return to God, a Saint.**

**We hear so much confusion from so many learned men and women when they discuss what is right, what is wrong. In doing this, they are ignoring what the Gift of life is all about, the Purpose for it, the intellect that man has been given to be able to make decisions, especially those decisions that are based on The Father’s Commandments. If every human being would see God’s Commandments in Their fullest degree logically, it would be difficult for anyone to commit one sin, one impurity. Man has a way of casting aside certain facts, especially when they interfere with their manner of life, practicing humanism to the degree where, in reality, it goes beyond what humanism is, and can be termed**

**‘animalistic’ in nature, character, expression, action.**

**Logic should tell mankind that human life is a Precious Gift because of its understanding of what is right, what is wrong, what is good, what is evil, what is sound. In reality, there have been many times that mankind has fallen into a despicable area of living, that purity is never really a question, because the individual, individuals are so wrapped up in doing what is impure, that there is no question that a decision must be made that is good, that is pure, that agrees with God’s Commandments.**

**We see mankind throughout the world practicing diabolical usage of the body, the mind, with no thought that one day there will have to be an accounting to God Himself. It is true, there are many who do not believe in God. It is true, there are many who never feel when they have done something impure, because they feel they have the right to act in any way they want to act.**

**Children are not being instructed in examining their conscience as to whether they have done something**

pleasing to God or displeasing to God. Many children rarely hear the word 'God', because many adults, in practicing so much humanism, ignore totally that they are responsible to God for everything they do, everything they say, and everything they are example of every day.

We see so much diabolical literature being consumed by so many, totally ignoring what this is doing to their mind, to their actions, to their Soul. We see some who are so absorbed in everything that is obscene, immoral to the point where it is a wonder they do not vomit because of its horrible sight, but they have become so accustomed to ignoring God's Commandments that they automatically accept every so-called 'adventure' of human life in its foulest, most obscene indulgence.

So much has been handed to mankind, warning mankind, instructing mankind on the Importance of human life, and the Goal The Father has for it, plus the Reason for which it was created in the first place. Many times when We are present and someone is reading What has preceded, What is being spoken now, What is being written now, We

find all different kinds and depths of interpretation. This Miracle of The Father's Love has been delivered in a Pure State, because Those of Us Who have delivered Everything through this *little one*, do it from a Place We want everyone to return to.

We hear some say: 'I am too practical to think in such an ultimate way. I will live life as I see it, as I feel it, what I am accustomed to. If I am to become "a Saint" it will happen.' Mankind has not understood then, the importance of God's Commandments and that They must be followed, because They are the Guidelines for a pure state of mind, of living.

It is so sad when We see one or more knowingly make a decision that is not just obscene, but beyond what obscenity is, totally diabolical. Mankind is given a certain amount of years to live the human life. We hear many say, 'Make the most of it; live and let live.' Sometimes this is a sad situation, because the actions at that moment are far from any pure intention or result.

So much has been given to mankind, alerting mankind, instructing

**them, encouraging and sharing with them the Importance of human life. This alone should be seen that The Father truly cares, else why would He send so Many, why would He Himself speak many times through This Miracle of His Love, His Design, if What is being spoken, instructed, is not for a Great Purpose, with a Great Reason for mankind? So be it.”**

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother. We speak through *a small voice*, and those who are close to her immediately recognize that Our Presence is evident.**

**It is important for mankind to understand that The Father will use some means to reach mankind when He sees so much humanistic, diabolical, in practicing ordinary actions that are identifiable to daily living. *The little one* through whom We All speak is ever ready to speak What she is commanded to speak, because The Father has designed ‘this time’ to reach mankind in a Personal Way, due to the incessant practices of so many impurities against the body and the mind.**

**Why is it so difficult for mankind to understand the necessity of following what is logically sound, pure, rather than to please the enemy of God and man, by doing everything that is vile in its very act, violent in its manner, despicable in its practice, and so against what would be pleasing**

to The Father, because of what the Gift of human life truly is? Human life has an intellect, a nature, a sense of judgment, the ability to know honesty over dishonesty. Human life has more than any animal created, allowing mankind to make judgments, important statements, see the Value of what human life is all about, and treat human life with dignity, respect, honor, loyalty.

**M**ankind ignores the Gift of life. There are so many babies being aborted. They are helpless against what others do to them. Their screams are not heard, their fears not seen, and suddenly they are no longer a human being. There are so many wrong opinions regarding what life was created for. There are so many diabolical practices ignoring the importance of all the senses that God gave to every human being. The senses are used to be the instruments in so many disgraceful places, times. All things were created to stay within their own creation.

**W**e see so many practicing with human bodies, human minds, losing sight of what human creation was designed for. We see so much

devastation to the young, using them in ways deplorable, so that their whole being is fractured by the abusiveness that they were used to receiving so many times in such violent ways. We see men and women distorting in words, in pictures, in instructions, the Purpose for which human life was created.

**Y**ou live in a time of great sadness, difficult for many to read These Words or to hear These Words spoken, but that does not make These Words untrue. Mankind has a stubbornness, an arrogance, and oftentimes pleases the enemy, daring to do it, never apologizing for it, getting so accustomed to it that nothing else matters.

**A**t different times through time, The Father has allowed 'certain individuals' to leave a Deep Mark amidst mankind. The Mark was always One of Great Instruction, deliberately instructing mankind on the Importance of human life, how it should be cared for, and the Goal for which it was intended. Human life is above all other living things, not just in design, but in Goal, in Reason, in Purpose.

**H**uman life was not created to end. It was created to walk in a different way, spend Eternity in a different way, Far Greater than human life could ever attain. The Father placed within each human life the Portion that was to return to Him in a special way. Animals do not have Souls. Each that has been created was created for a particular reason, purpose, most for a need that mankind would have at one time or another.

**T**he enemy of God and man is ever present because of the jealousy that surrounds him and is within him.

**S**o many times We hear mankind talk about heroes, and the heroes they refer to are human in stature, nature. Very often heroism means that the individual accomplishes something at a given time, and it was above and beyond what was normal.

**H**ow many throughout the world could stand before The Father at this time and say, 'I have accomplished so much in Your Name, My God,' and The Father would say to them individually, 'You are now a Saint'? This Honor is above and beyond any human honor, but there have been different times

since the Creation of man, that the only honor man would seek was to be known amongst others, was to have accomplished a great feat.

There is no competition in becoming 'a Great Saint'. Everyone born to the world has this opportunity. It is not given to one more than another. It is important for mankind to understand this, because in understanding it, it will help more people become 'Saints'.

We hear some say that another person is so good. Make it that another person can say about you that your goodness shines forth, and in its very existence expresses only good example and hope for all others who come in contact with you.

We hear men and women, even some children say, 'I want to be rich, I want to have this, I want to have that.' In the innocence of this statement there is nothing wrong, but it is more important for an individual to say, '*Help me, God, I want to be a Saint.*' So be it."

## SAINT JOSAPHAT

**“I am Saint Josaphat. We see so many reading a Bible, hoping to learn more about God, about what is expected of them, but most, as they read this Book, do not fully understand the great value in what the Spiritual life is truly all about.**

**The words in the Bible are many times not as clearly stated as mankind would understand other words to be, more descriptive, more understandable. The conciseness in a Bible is sometimes difficult to discern the full meaning. I do not mean These Words to discredit a Bible, but mankind many times must be shown in a clearer state of descriptive words, the in-depth meaning that is to be received from what is written.**

**The Father has given the world This Miracle of His Divine Love, that in Its Manner of Description regarding what is expected of mankind, there is little or no area that leaves mankind guessing. That is one of the reasons This Miracle is such a Precious Gift**

**of Divine Love to the whole world of mankind.**

**Many times when We see people of different ages reading the Words, people of different backgrounds, people of different degrees of understanding of Spiritual goals, We try to help them see the Greatness in the Love that has put forth These Words, explaining so simply, so purely, in a language understandable, all about the dignity of life, and the Precious Gift the Soul is, and that The Father wants the Soul returned to Him at a given time for All Eternity.**

**No matter what criticism This Miracle of The Holy Spirit of God is faced with, mankind is being taught, instructed in a personal way, the Importance of human life, and the Precious Gift within it, a Portion of God, called 'the Soul'. The beautiful thing that mankind should see about This Miracle, in This Miracle, is that all mankind is created equal. These Words have been spoken before by mankind for different reasons, but when We say it, it is in a different Context, because it means that all are born with a Soul, all are given the will to make decisions regarding the Soul,**

**that will return the Soul to God for All Eternity.**

**When We listen to ten, twenty, thirty, forty, fifty and more men, and some women who have studied theology and feel they have an expertise on the subject, it is amazing sometimes on the differences of opinions that arise from their conversations. Granted, some agree, but the slightest interpretation could differ in the minutest detail, and change the whole concept.**

**We All speak through the innocence of *one little one*. Her obedience is constant and consistent, because of the Importance of What We speak. You live in a time as, of course, there were many times such as this, perhaps some worse, that it could be said that this time is critical in Spiritual understanding, beliefs. It is obvious in many ways that the enemy of God and man uses many ways to distract, distort, confuse what is spoken in such Valuable Truth, because he does not want mankind to follow such an obvious path that can lead the Souls of so many to The Father, when the time comes for the Soul to be assigned Where The Father Wills It to be returned to Him in a Pure State.**

**If mankind will but not ignore all that is occurring throughout the world that radiates jealousy, hate, egotism, self-righteousness, plus many other forms of humanism, and value What is being learned through This Gift of The Father's because of the Soundness in It, the Logic, the Truth, the Hope, because The Father wants the Souls returned to Him. No Soul should ever be lost or in any way be tampered with immorally.**

**I hold *the little one* deeply, because This Gift of The Father's is Far Greater than human nature, human understanding can fathom to the fullest. It is a Gift of Hope, based on Fact, Sound Values, Sound Standards, and a Treasury of Divine Love that is beyond any human comprehension.**

**Each time One of Us speaks through this *little one*, a Blessing passes through the Words to give Strength, Hope, Understanding, Faith, to every individual who takes the time, who accepts The Father's Love, and who will make a decision to grow to a greater degree spiritually, choosing 'Sainthood as the Goal'. So be it."**

## SAINT JOHN THE BAPTIST

**“I am Saint John The Baptist. It is sad for Me to say that there is so much confusion these times in which you live, regarding the importance of how the Sacraments are being used.**

**Children are not learning the importance of each Sacrament, because many in charge are ignoring the Value of each Sacrament and the importance each one is to the moral strength of all ages of men, women and children. In some cases the Sacraments are being diluted to a minimum amount of instruction and purpose. On the other hand, in some cases they are being restricted, according to the individual authority that is involved in particular areas.**

**What I have spoken may be disagreed with by some, but nonetheless, it is important for mankind to think more about what a Sacrament consists of, and Its full purpose in giving strength to an individual for a particular area of human life.**

**The Sacrament of Baptism is, in many ways, up to the individual who is involved. In some ways and places, many changes have been made regarding the act of this Precious Means for the betterment of the individual's Soul.**

**Then there is the Sacrament of Penance being diminished, and in many times and places ignored for the importance of It. In some cases, certain individuals call for little concern for the offenses for which the penance was to be carried out, and then, there are in some areas fanatical appraisements by those who feel a need for control, and overemphasize the penance to a point where it is harmful mentally and physically.**

**The Sacrament of Extreme Unction is losing a solemnity because it is in some areas being ignored, and also being shortened, due to the Faith of the individual who has been given the vocation to be the dispenser of the Sacraments.**

**Each important facet of moral obligation must be treated with a constant understanding, remembrance, that a Sacrament means strength to**

**the individual, and has a purpose for a particular area of human life; plus, in its very practice, leaves a Mark on the Soul, as well as the mind of the one who receives the Sacrament, for whatever It is designated to be important, to enable the individual to better understand, and to more fully apply what the Sacrament was meant to be for that individual life. I will speak more on this at another time. So be it.”**

NOVEMBER 29, 1995 AT 1:12 P.M.

SAINT JOHN OF THE CROSS

**“I am Saint John of The Cross. *The little one* through whom We All speak is alerted to Our Entrance, different than mankind could possibly imitate or conceive. As We speak through her Soul to her intellect, many learned men would be unable to conceive the in-depth meaning of This Statement.**

**The world is in much more chaos than any individual could possibly understand, because there are so many different forms, concepts, areas of corruption that attacks the mental, the physical, the moral, the Spiritual, that mankind would not be, or could not be identified with.**

**As I speak rapidly through her, My Words are as clear to her as your words would be if you were speaking verbally, audibly to her. This Gift of Divine Love The Father has designed for the whole world, instructing all ages, all backgrounds, to help them understand that life as man has a High Goal, a Special Purpose, and though mankind does not see the Light**

through which Our Words reach them, they have the privilege of hearing Them firsthand, writing Them down in script, and then reading Them.

There is no Miracle throughout the world as This One is. It is a Miracle of Divine Love, Direction, Instruction, constantly encouraging, educating mankind on the Importance of human life, on the Greatness of its design, and of course, the Goal for which it was created.

Many Blessings pass through this *little one* to those who surround her, who listen to Our Words, and yes, even those who will eventually read Them, because it is her obedience to Us that enables Our Words, Our Love, Our Instructions, to reach far and wide.

These Words must be translated into many languages, because there is no living human being that is not the custodian of a Soul, and this Soul must return to The Father at the time He Decrees it to be. Each Soul in every human life enters that life in a Pure State of Divine Love, and there is more to the Soul's Presence than mankind truly understands. The Soul is the Connecting Link to The Divine, direct

to The Father, and all things that the individual practices, partakes in, acts out, acts in, registers within the Soul immediately.

Man says, 'I have a Guardian Angel.' That is true, but you rarely hear a man say, 'I have a Soul, and I am responsible for It.' From the moment of conception, human life is handed a responsibility, one rarely or never mentioned, rarely or never talked about by those who are close to the child. Everything that is accented is physical, sometimes emotional, but mankind must understand that the Soul should be recognized, because It is the Center of life. It is in every way a Portion of everything an individual does, just as the beat of the heart says 'life'.

Mankind has been instructed in so many ways, to so many degrees, regarding the Soul. All This Instruction has passed through what is called '*The Miracle Of Saint Joseph*'. It is so logical for This Miracle to be named in this way, because Saint Joseph, as The Protector of The Holy Family, is now becoming known through This Miracle as The Holy Spirit of God.

**It is sad when We hear doubt, rejection, because of mankind's inability to understand that the Great Gift of human life is more than flesh and blood. All that has been passed through This Miracle must find Its way throughout the world, in spite of any or all opposition, because Everything that is passed through this *little one* to mankind has Sound Value in it, Sound Direction, Logic. It is a Miracle of Information, a Miracle of Divine Love. So be it."**

**NOVEMBER 30, 1995 AT 10:24 A.M.**

## **OUR HEAVENLY MOTHER**

**“I am your Heavenly Mother. I am constantly Present in and through This Gift of The Father’s that is so Important, because It is instructing all of mankind on not just the dignity of human life, but the importance of all that an individual does, partakes in, because the Soul of the individual, in Its Very Presence, receives all the results of what the individual takes part in morally, physically, spiritually.**

**The Father has given to the world a Gift beyond what mankind can fully understand, because mankind sets limits for what he or she will accept, according to their station in life, their practice in life, their beliefs in what is right, what is wrong, and also, the manner in which they visualize, through their own limitations, the importance of how they respond to The Commandments of God, and the realization that life has a Goal.**

**It is sad to hear some say that life, as they know it to be, should be used ultimately for all that they desire to**

**do, right or wrong, all that they desire to experience, right or wrong. You live in a time where so many refuse to examine their conscience, their way of life, their manner of living, regarding their moral issues that they face in such a way, ignoring their responsibilities that they are accountable for, that in true essence amounts to every day.**

**This Miracle has been given to the world, not just to alert mankind to the privilege of human life, but to instruct mankind on the accountability that will take place when life as man knows it to be, ends in a finality. The Father has given to mankind a Great Gift, and this Gift is so rarely recognized, rarely accepted, because It cannot be seen nor can It be felt. The Soul is very much a Part of every human being. It is That Connection to The Father that nothing else in existence has.**

**As time, through Stories, has delivered Messages of Great Importance regarding the Distinctness in human life over and above all other things, there has been much spoken regarding that when the human life ends there is a Reward, or there is a time of reparation. These Words should alert mankind to the Importance of**

what human life has that nothing else has, but We see so many who are ignoring openly, the fact that they believe there is more to life than what they experience daily.

We see so much desecration to the bodies and the minds of all ages, totally disregarding, ignoring that human life was meant to have Dignity, Purpose, and that human life was endowed with an intelligence, and the ability to choose right over wrong. Some who see a disgraceful situation that in many ways has nothing to do with themselves, or shows as a monetary means of a material loss to others, there is much response, care, because it is either a material situation or a physical loss of some sort.

As I speak slowly through this *little one*, It is important for My Words to be seen by millions; also, the Words of All Others Who have delivered Instruction, Love, Concern, because of the Souls that must be taken seriously, cared for morally, and acknowledged as being Important, because They are a Portion of The Father, and must be returned to Him when He Deems it the time.

*The little instrument* We All use is beyond human exhaustion, and it must be realized that when a child is chosen for such an Ultimate Plan, every fiber of the human body is used to accomplish more and greater things, because All that is passed through is for the benefit of the Souls of millions throughout the world. All the Writings must not be kept in dark places, but delivered to every corner of the world, even to those who claim they practice a form of life that does not include their acceptance of spirituality.

Mankind must remember that when We walked the earth, some of the greatest sinners who denied the importance of What was being taught at that time, were brought to their knees, openly and in private quarters, because of the importance of what they felt had to come from a Higher Source than they could possibly perceive.

With All We speak, in All that is spoken through This Gift of The Father's Love, it is done for not just one Soul, but the Souls of millions who live at this time, and for millions and millions and millions to come. Our Words must never be cast aside in any generation, at any time. So be it."

NOVEMBER 30, 1995 AT 12:10 P.M.

SAINT ALPHONSUS LIGUORI

**“I am Saint Alphonsus Liguori. I have come to speak, because it is necessary for mankind to fully understand the importance of morality in every sense of the word that it defines, it means, and it ensures.**

**It is difficult for some to fully understand This Great Gift The Father has given, requesting, permitting, directing so Many of Us to speak through *a small individual* in the world, chosen to repeat Our Words in the exact Manner in which We introduced Them. We speak Them, because They are Words that are to direct, strengthen, encourage, and in many ways enforce sound, logical reasoning, actions, behavior, and understanding of the importance of sound moral values, sound moral standards in everyday life.**

**Throughout the world men, women and children of all ages are making excuses for their lack of sound reasoning, purity of mind and body. There is so much rejection of what**

is morally sound. There is so much acceptance of immorality in every stage of its existence, every degree of its action, and also, it is sad to see so many accept only impurity when they have a choice of choosing what is pure.

There have been many times since the beginning of mankind that mankind resisted, rejected sound moral attitudes, actions, involvements. These times are not all written for others to read about, but This Miracle has given to the world much Instruction, leaving nothing for interpretation because of the Importance of the Soul of every living human being. It is sad to see so many active in diabolical actions, seeking pleasures from this diabolical behavior, that in every act it is more impure, and it is in many ways not comparable to the actions of other creations, such as animals, sea life.

You live in a time wherein The Father gave to the whole world a Miracle of Instruction, speaking plainly against all that is immoral, all that is impure, and yet We find those who read the Words from One of Us Here, find excuses to deny Them, and yet internally, mentally, they know

that there is Value in the Words, but they find excuses to not accept.

**As We surround this *little one* through whom We speak, We constantly make her aware of all things occurring, no matter where she is, no matter what company she keeps, and We see strangers look at her and within them registers what you would call 'an attraction'. They cannot decide what it is.**

**The world has been Blessed with This Miracle, and the world must read These Words, because throughout the world there is much dissension in places that should be standing for morality over and above any form of impurity.**

**As you stand where you are, you are only aware of what surrounds you, but We see the whole world in turmoil, and We see millions accepting impurities that are destroying the Beauty of their Soul, because they are ignoring this Gift of Divine Love. Even those who preach about It automatically reject Its Existence, because they do not have the Faith nor the purity of their being, their mind, to stand in strength, ignore weakness.**

**Mankind has been given a sense of values, a sense of morality, dignity, in every facet of life.**

**This Miracle that The Father has given to the world is truly a Miracle, because no human being could speak for Us, nor would it ever be allowed unless it was The Father's Will, Directed by Him, because of the Importance of the Soul of all living human beings. So be it."**

NOVEMBER 30, 1995 AT 12:56 P.M.

**SAINT IGNATIUS LOYOLA**

**“I am Saint Ignatius Loyola. It is difficult for many to understand or to believe that as We Announce Ourselves through This Miracle, it is truly We Who are speaking to mankind at this time, in your time, in such an open, constructive, instructive, understanding form of communication.**

**There are some very learned men and women who feel very self-righteous in their knowledge of what occurs in The Divine, and how The Divine works, but they do not understand All the Facets of The Divine, because they have learned from books, and many have learned from their own interpretations of what they have read or heard.**

**This Gift of The Father’s is a Gift beyond any human imagination, human ability, because as We speak, We speak from a Place beyond what mankind has any real understanding of. The Beauty of This Gift of The Father’s Love, in instructing mankind of the Importance of his or her Soul,**

**and how and when It was placed within the body, is beyond any human imagination.**

**The Father's Love through This Miracle is a Gift of Instruction that goes beyond any gift mankind can ever receive, because in the Instruction there is Divine Love, Divine Purpose, and there is no place throughout the world that a Miracle of This Magnitude is being delivered. True, there are many occurrences that are helping mankind in different parts of the world, that are helping man better understand the Importance of human life and that it has a Goal.**

**Everything that passes through This Gift of The Father's Love where you are, must be translated so that others will understand, and it must never be stopped in its spreading All the Information that The Father has directed Us to deliver. The Father Himself has spoken many times. This, too, is hard for some to believe, to accept, to acknowledge, but that does not make it untrue, because man has a limited capability of understanding certain Phenomena, and in this lack of understanding, man very often is incapable of passing to others what**

he or she should. Sometimes a lack of understanding is stubbornness, a lack of Faith, jealousy, and many other human frailties.

This Gift has been given at a place, at a time, through *a little one* that The Father was sure would not deviate, and would follow through because of the Importance of such a time as This is, so that all of mankind, all nationalities, all colors, all creeds, would maybe find One Lesson that they would cling to, that would give them the strength, the courage, the ambition, to become 'a Great Saint'.

I could speak hours through this *little one*, but We limit Our time so that it is never overpowering in length, so that the individual reading the Words will be able to understand the subject, and the important point of Direction that was given to strengthen the Importance of human life, the Goal of human life, the Love The Father has for human life, that is beyond any other gift that mankind could possibly endeavor to reach. So be it."

NOVEMBER 30, 1995 AT 2:08 P.M.

### SAINT CHARLES BORROMEIO

**“I am Saint Charles Borromeo. It is important for the communication directed to the very young to be established in a manner, to a degree, that more instruction be given on morality, not just the soundness of it, but the importance of it for their daily living, for their whole manner of living, because a great negligence has developed in so many areas regarding the importance of how the young should begin to structure a more solid factor in their behavior, in their goals, in their attitudes, that will enable them to be able to have the strength to conquer many odds they will be confronted with, and also give them an advantage in the abilities to become more able to stand for what they feel, what they know as being beneficial to every facet of their daily living.**

**There is so much acceptance, so much leniency, and so much reluctance in correcting what is occurring amongst the younger generations at this time. There is a tremendous surge of leniency because of indifference, and**

**in some cases, a laziness, wherein there is little strength shown by many who have the abilities, the capabilities in their dealings with the young, because it takes an inner strength, an outward effort, to say what must be spoken, to stand strong in direction, and not to forfeit in any way sound values, sound standards, sound truths.**

**Children of all ages are being subjected to vile entertainment, and violence in many areas. To listen to some, We hear, 'It's self-preservation.' In many ways it would sound as though man was returning to barbarism instead of going forward intelligently, logically, setting goals structured for decency, sound progress.**

**The world is like a cauldron where so many of the young are using confusion to what they feel is advantageous, but in reality, it is nothing but destruction in every form, every avenue in which they apply themselves, or they take part in. We see so much devastation, so much loss of intellect, so many beautiful challenges left vacant of any interest, because there is a tremendous lack of stable caring, stable direction.**

**I could talk endlessly on this subject. I have only opened the door to it at this time. So be it.”**

DECEMBER 1, 1995 AT 10:43 A.M.

**SAINT JOAN OF ARC**

**“I am Saint Joan of Arc. Every once in a while I hear My Name mentioned regarding several of the things that occurred when I was so unjustly put on a false trial for My life.**

**This Miracle that The Father has designed, allowing so Many of Us to speak, instructing those who will read the Words, about the Importance of the Soul that is placed within each conception.**

**We hear so many shout verbally, justifying abortion because of some personal opinion. They ignore totally that the Gift of human life was designed by God, and it should be respected in every way possible; first, because no one has the right to take another one’s life, and then, of course, the fact that human life is a Design of Greatness because of the Soul that is placed within it at the moment of conception.**

**Many who hear This Statement instinctively see the Value of It, the**

**Truth in It, but can immediately erase all this and act in a way they feel is logical, because of the circumstances that surround so much care, so much responsibility that they refuse to accept. The very same person, or persons will find horror in a murder, or be extremely despondent over the death of a loved one, also when they hear of a tragedy. An accident that takes the lives of many, or a few, or even one that they knew, it causes a reaction, a shock. Why then does not abortion shock everyone, because it is a killing of a helpless individual or individuals?**

**The Father has sent to the world a Great Miracle of Instruction, giving to all of mankind reasonable Facts on so many issues, and of course, important Facts regarding the Soul that is within each human life.**

**In so many areas of daily living, We see so much importance placed on the value of something material, not wanting anything to happen to it, not the slightest scar to be allowed. Why then, cannot mankind see the value of the Importance of conception of a human life, that is far greater than any material matter?**

**When I was in prison, I was extremely frightened by those who were selected to guard me in this restricted area, wherein I was not able to have any privacy. I begged God to help me. They would laugh at my prayers. I stood alone, and I knew that the men in charge of the trial were ready to trick me in so many ways, lie to me, to get me to say things that would justify their getting rid of me. I was a great threat to them, and I could not fully understand why truth was scattered to the winds by their deliberate accusations. The foul play was obvious, and I knew all I had was God, because there was so much fear for those who knew in their hearts that I was not guilty of any wrongdoing. Fear can be a strength, it can be a weakness, because fear, when it is a strength, says that one fears what is wrong, what is an abomination against the mind, body and Soul.**

**Children are not being instructed in the importance of moral values, because there is so much leniency in what they are exposed to, that in its very existence is diabolical, and encourages them to accept immorality in every form, in every degree, in**

every way, in all stations of life. The young are not being protected; they are being violated by so many things they are surrounded by, and so many people they are associated with. I say these things because I was a victim of many violations, that because I was a girl, a woman, I did not have the physical strength to fight a system that was so magnanimous in structure, and in the number who were acting out against me. No picture that has ever been made of this time in History, truly depicted the horror, the agony, the fear that occurred at this time.

This *little one* through whom We All speak, gentle in manner, strong in belief, is not an enemy to anyone, but can truly be termed '*a deliverer of Truth*' for all of mankind throughout the world. Each time One from Here speaks, it is to give strength to all who will hear the Words, and all who will write the Words, and all who will read the Words, because there is no place in the world that so much Moral Instruction is being delivered for the sake of Souls that, without This Instruction, without applying This Instruction to daily living, the Souls will be victimized by the enemy of God and man, in ways inconceivable.

**We All speak through This Great Gift of The Father's. It is a Gift of Divine Love, not easy for some to understand, but It is Truth, It is Fact, and in these ways It must be remembered. So be it."**

DECEMBER 1, 1995 AT 12:39 P.M.

## SAINT PAUL

**“I am Saint Paul. I oftentimes speak through this *little one* but I do not announce My Name. This Gift of The Father’s is a Gift beyond mankind’s total ability to appreciate. In comparison to any gift man can receive, It is a Gift of Divine Love, and all other gifts cater to the human nature alone, to the personal pleasure of the individual, monetarily or physically. The Father has sent a Divine Gift, One that is beyond human comprehension, only if one does not have the understanding or the belief that within each creation of human life there is a Soul, a Portion of The Father.**

**The Commandments of God were given so that mankind would have the Guidelines to live by, because of the Importance of that unseen Gift, the Soul. If it were not for the Soul, man would be like all other things. There would be no distinction to human life. There would be no need for moral values, moral soundness to be exercised at all costs.**

**So Many of Us have spoken, so much Direction has been given, so much delivered on The Commandments of God in detail, distinguishing in many ways, human life from all other things. It is sad when We hear anyone speak against This Gift of The Father's, This Miracle of His Love. All that is being instructed has a definite Purpose, and that is to protect the Souls of all human beings.**

**Ask yourself: 'What example am I to all I meet, to all whom I say, "I love you," to all people that I casually pass by on the street? What does my appearance say? Do I express decency, dignity, respect for myself and for others?'**

**All of Us Saints find it a privilege to speak through This Miracle, for Each of Us has a personal feeling for It, and We fully understand what a Gift It is, of Divine Love to man.**

**The Father's Commandments must be stressed in the manner They were given through This Gift of His, because mankind is morally and physically accountable for the full definition of each Commandment every day, in every way, personally and with**

all others with whom they speak, live with, associate with, or meet casually.

**When We hear criticism of This Gift, This *Miracle Of The Beloved Saint Joseph*, it is disturbing, even sad, because at no other time has mankind been so deliberately given so much Personal Instruction, and also the Positive Revelation that The Beloved Saint Joseph is truly The Holy Spirit of God. So be it."**

## SAINT CLARE

**“I am Saint Clare. I have been requested today to speak on the importance of prayer, and to reveal to mankind that prayer is not being made a very essential part of daily living, because of so much distraction, and so much emphasis placed on personal feelings, needs. Prayer, in its full meaning, is communication with The Father, with Our Heavenly Mother, with The Sacred Heart of Jesus, and Any of The Saints Who are always available to listen to any human being who takes the time, requests Acts of Love, or just Someone to talk to.**

**This may be difficult for some to understand or believe, but it is a Fact. We are always available, and communication with Us is heard immediately, and We do respond in any way We can, to any degree that is important for the individual situation or request.**

**Children are not being taught to pray. The little that is being spoken about in this manner of communication**

**is not enough, because prayer has diminished in so many ways; first, in its degree of how much, how many times it is done. It does not have to be a formal prayer. Talk to Us as you talk to each other. We hear all prayers. Many times We have the privilege to intercede when there is a need; The Father allows this. Be aware of the need for prayer, of this communication that hopefully one day will be coming your way when you are Here. So be it.”**

SAINT ATHANASIUS

**“I am Saint Athanasius. This Gift of The Father’s is far more Precious than any man, woman or child can truly understand. The difficult part for mankind to understand is that a Phenomenon such as This is not common, not ordinary in the time man lives.**

**We smile when We see different individuals searching for mysteries, to read novels that are different, especially in scientific measures and means. All We speak through this *little one* has more Information, more Direction than any novel mankind can find in any library throughout the world.**

**The Personal Contact of The Father is not realistic to some. They say, ‘It cannot be,’ but All of Us Here know that The Father has given This to mankind for Important Reasons, and The Father Himself has delivered many Words of Directions, of Love, instructing mankind on the Importance of human life.**

**Even though there may be, in some place, in some language, a little touch of the Mystery of Heaven, the Beauty of Sainthood, what passes through This Miracle is Personal, direct, and has a clarity in Everything that is spoken, is written, is delivered. It is handing to mankind firsthand, the Importance of human life and the Closeness that human life has with The Divine — the Connecting Link, the Soul.**

**When We hear different prayers directed to different Ones of Us Here, Many of Us hear the prayer at the same time. A prayer is always answered, whether it is answered in the form of exactness to the request, or in a way and a manner that, in reality, serves more purpose, or gives a specific strength that is needed at that time. There are many men and women throughout the world who follow different forms of Faith. All are listened to, because God is The Father of all mankind, and God allows no one to not be heard.**

**This Blessing that has been handed to the whole world has been given at a time of great need, because the enemy of God and man has introduced into many areas, so**

much humanism, so much acceptance of humanistic values, practices, that in many ways do not agree with The Father's Will for mankind to practice purity. There are many things that have been introduced also, that cause a blindness to the mental and the physical, that allows mankind, encourages man to act wrongly.

There are millions of people throughout the world who must begin to know about This Gift of The Father, that is instructing constantly on the Importance of the Soul. Even the greatest doubters in the world can be reached, because of so Many of Us Who have delivered Messages, touching on many parts of human life, many avenues of understanding.

This Miracle was given through *a particular child*, in a particular place, at a particular time, and though It has grown immensely and has become known to thousands, It must become known to many millions, because there are millions of people throughout the world who will gain moral strength, physical strength, Spiritual strength, just knowing that This Miracle exists, that We have spoken, that We are this close to their way of life, that We are

as close to their thoughts, because of the Soul that is within them.

**M**ankind places so much emphasis on the mind. This is not wrong, but mankind must understand that the mind is connected to the Soul, and what passes through the mind passes through the Soul, and what passes through the physical actions of every human being, registers in the Soul.

**M**an was given a very special Gift, 'a will'. The will has the ability to give the strength to perform physically, emotionally, mentally, spiritually, in a degree that will cause the Soul Greater Glory when the time comes for the physical to pass.

**A**ll of Us, when We enter to speak, do it according to The Father's Love and Will, because you see, it is important for mankind to see the importance of purity in all acts of life, to see honesty, truthfulness, because in these things there is Divine Light.

**W**hether you are the ones writing This, What I have just spoken, or the ones who will one day read It, I send you a Blessing that will help you to look at All the Revelations that

**have passed through this *little one*, because in Each One of Them there is an important issue regarding the Soul that no one is born without, and that mankind must understand It is the Portion of mankind that is meant to be a Saint. So be it.”**

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother. So much has been delivered, not just instructing mankind on the values of human life, and what a Beautiful Gift that The Father gave, ‘the Soul’, but there have been many Instructions encouraging mankind to see the Importance, the Value, the Reason that The Father intended mankind to be Special in every way, intellectually and independently knowledgeable for the benefits needed to practice many different types of professions, using the mind, the intellect, to a degree that would be beneficial in thousands of ways, for thousands of reasons.**

**You may say, why do I say ‘thousands’? I say it because mankind has been designed to have a multiple degree, a multiple amount of talents, abilities, and the mind of mankind, in many ways is unlimited in its possibilities that are able to open avenues that are far beyond what their basic talents are; but in this intellect there is a knowledge, a belief, an understanding, that in all human life**

there is great evidence that human life has a Goal and a Purpose beyond what is able to take place through the human abilities.

It is important for mankind to fully understand that the enemy of God and man actually suffers so much jealousy, because of the differences in what he practices, that are so different than What The Father is All About.

Mankind treats immoral temptation as a natural way of life, and it is sad when We see so much acceptance, rejecting the reality that such temptation is vile in its meaning, and uses every means to destroy the purity of the individual, or individuals who possibly can be weakened by them.

This *little one* through whom We All speak is in a very serious 'Preparation' and is fully aware that it is of great importance that this 'Preparation' be completed in the specified time that The Father has decided to be.

You must understand that so many men, women and children do not care to make a solid commitment

to follow all that is sound, logical, beneficial to their Soul. They would rather take chances as they come up to be addressed, because they do not want to miss out on anything that could be enjoyable, or make them more popular, more advanced in some way that they would consider successful in the eyes of others.

It is important that This Miracle spread far and wide, and that those who are close to *the little one* not put monetary value as a stumbling block to reach the whole world with What passes through her from Us, because when the time comes for Judgment, there will be no monetary means that will be beneficial to the Judgment of the Soul of anyone.

I hold her in a form of ecstasy that would be easier on her if I did not force her to speak My Words, because the energy it takes for this to happen is beyond any human comprehension.

She has been instructed in so many areas, to such extensive degrees, that it must be understood that This Gift of The Father's is Greater than any human being can discern. There has never been a Miracle of This Exact

**Type in the History of mankind. So be it.”**

## SAINT JOSEPH, THE HOLY SPIRIT

**“There are so many facets to This *Miracle Of The Beloved Saint Joseph* because It is such an Important Miracle for the whole world. It is a Miracle of Strength, a Miracle of Direction, a Miracle of Hope, a Miracle of Instruction, a Miracle that is Personal to everyone who listens to It personally, or who reads the Words that pass through It. It is a Miracle beyond what mankind could make on his own.**

**I speak so many times through this *little one*, and the strength of hers that We use is her love for The Father, her desire to please Him, and her desire for others to know Him in the Greatness He Is, and to be aware of the Love that He has for each human life. It is a great sadness to her to see so many outside of this place, not just disbelieve, but discredit the Beauty of This Gift to all of mankind.**

**We hear some say, ‘There should be some way to stop her from speaking These Words.’ This is not a sadness**

to Us, but in these words We find the enemy of God and man encouraging an individual or individuals, to try desperately to stop What We deliver, but it cannot be, it will not be, for through This Miracle We have passed to the world so much Direction, so much Truth, guiding mankind of all ages, all races, all colors, all creeds, all degrees of financial success, men in places of poverty.

There are so many things yet to be spoken about, and We intend for it to be accomplished. If This Gift of The Father's was not so Important for the whole world, the Words would not have been written, but These Words are to last for hundreds and hundreds of years to come, because the coming generations will need These Words, will need These Instructions, will need the Personal Contact that These Words are to mankind.

Everything that has been spoken, has been delivered with a Love beyond what mankind knows love to be, and there is a Strength in the Words that is above and beyond any human strength, because you see, It is the Power of the Heavens, It's God's Love in Everything that passes through her,

because mankind now is standing on a precipice of destruction, and We see man teetering back and forth, back and forth, trying to decide what is best, what is right, what is good, what is fine, what is most advantageous.

*The little one* through whom I speak is strong in many ways, and as little as she is, she can lead great men to victory; not her words, Mine, for she has been trained constantly, consistently, to give at a moment's notice, her attention, her life, to serve in any way The Father Decrees.

Many on the outside who meet with her, wonder what she is all about. We always smile at this, because her friendliness and her love for other human beings is open to everyone she meets. They feel something, but they do not understand what they feel, how they feel it, why they feel it. Most discern it as friendship, as friendly, as someone who cares about other human beings. We always smile at this because, in essence, this is Fact, this is Truth.

I am Saint Joseph. I speak through her constantly, and sometimes those who feel that it is a form of jest,

I smile at this, because without her sense of humor it would be difficult for her, because innately she in many ways likes to tease. She says, 'Teasing sometimes draws something out of someone, Saint Joseph, that nothing else can.' We smile at this, because it is a love for mankind that is indelibly marked within her, and that is what We use to give to mankind What We want mankind to read, to hear, to believe, to follow, and to understand.

The world has been Blessed by a Great Miracle. The world has been given Something beyond anything that man can buy. The world has been given The Father's Love so Direct, so Personal, and yes, in a way that mankind can communicate with. It is not something that is out of man's existence, out of man's sight. The Words give you so much Important Information, and a Direct Way, Manner of Love, from Everyone Here in the Heavens, because you see, This Miracle is a Miracle of Instruction, a Miracle to give to mankind All there is for mankind to understand, to one day become 'a Great Saint'. So be it."

## SAINT ATHANASIUS

**“I am Saint Athanasius. *The child* is more with Us than she is with you. This Statement may be difficult for some to understand, because they do not fully comprehend what it means to walk a path of what is called ‘True Mysticism’.**

**There are many obstacles yet to be met, and We are assured of her accepting each one of them. Because of the divided understanding in some minds of so many, This Great Gift of The Father’s in some ways has been held back, not in Its Content or through *this child*, but by those who refuse to pass on to others the Lessons, the Words, the Instructions, and the Hope that is in Each One.**

**Mankind many times, when hearing such Valuable Truths, automatically tries to analyze Everything that is given, and in reality is incapable of analyzing how The Father Works, and who The Father chooses to act openly for such**

**Important Words to be handed to the whole world.**

**H**umanism has its place amongst mankind, but when We speak of humanism, its definition is pointed to the fact that humanism is not being practiced in a pure, logical, intelligent format. It is being used as a distraction to all that is right, all that is good, all that is pure. There have been other times in past History where humanism became such an important factor that mankind ignored purity in all measures, because mankind was so involved with humanistic attitudes and inner actions with others, that purity of the mind and the body was totally ignored, obsolete, and not in any way thought to be important.

**T**oday in the time you live, there is so much pornography, and in this pornography there is much desecration to the body, to the mind, and of course, to the Soul of every individual who is attracted to it, even to the slightest degree. We hear so much justification of pornography. We hear so much acception of what man calls 'lust', 'just anger', and all impurities that involve the mind and the body of human lives.

**This Gift The Father has given is to correct all that is wrong, and there is so much in the world at this time that is morally wrong. There is so much deception, self-deception, because so many men, women, and even children are attracted to what they find interesting and being part of the time in which they live.**

**I ask this next question: Who do you know is instructing mankind on the importance of God's Commandments? It is important for mankind to be instructed properly on Them, and all that each Commandment contains, because The Commandments of The Father have never been erased from sound morality.**

**We hear men and women shouting words from the Bible, but their interpretations are self-made. We also hear so much articulation on things that interest the individual, and an overboard reaction on how they themselves feel inwardly about what they are speaking about. The world is saturated with false prophets that take these tasks on for self-importance, self-attention.**

**The Father has given to the world a Miracle that is constantly instructing all of mankind on the Importance of human life, and the Gift He has instilled in each life at the moment of conception. Why are These Important Words not passed throughout the world, awakening mankind to the realization that human life is an Important Creation of The Father, and it alone has a Goal above and beyond any other living thing?**

**As Each of Us speak through this *little one*, We do not speak in anger but in a deep Love and Concern, because Truth must be heard, must be read, must be followed, must be taught, must be recognized as the Salvation of many Souls. So be it.”**

DECEMBER 7, 1995 AT 2:49 P.M.

### SAINT ANASTASIA

**“I am Saint Anastasia. Many times there are so many things We would like to talk about, and to give Hope where it is needed, Love where it is needed, Strength where it is needed, because mankind, through troubled times, prays for strength to endure, strength to conquer, strength to be able to correct something that is troubling, either physically, mentally or morally.**

**We want mankind to know every prayer is heard every time We are spoken to in a natural manner of speech. Just as man talks to man on subjects, We hear all things. The Father has allowed this communication to be, because it is important for mankind to know that Someone is always listening. No one is ever alone. First of all, The Father has placed within each one a Portion of Himself, a Soul, and then an individual's thoughts are heard by Many of Us, and sometimes when a decision has to be made, We oftentimes use this time to help in some ways. Man is never alone.**

**It is important for mankind to understand that as human life is a Special Design of The Father's, in it is the Ever Presence of a Soul which is a Portion of The Father, so this constant Contact that is available opens many avenues for prayers to be heard, Love to be shown, Help to be given when one feels totally alone. As you communicate with each other on many subjects, in many ways, for many reasons, you are never without a Presence beyond your sight, beyond your sense of touch. Remember this.**

**There are many vocations in life, and there are many places wherein mankind finds himself or herself yearning to find help, seek hope and understanding. I know it would be difficult at times like these for individuals to feel they are not alone, because they are unaware of what truly takes place.**

**That is why it is important for everyone to understand that there is someone close by who cares. It is a task for those who are able to visit others, who need to know that someone is available to listen to them, to speak to them, to care. Human loneliness is a sadness that unless an**

individual has experienced it, they cannot fully understand what it does to the mind and the body, and when fear is attached to this loneliness, it is a dreadful experience.

Sometimes when We hear a prayer that is being thought or spoken out loud by someone who is totally lost, full of fear, and bears a loneliness beyond what the meaning of loneliness means, it is important that a kind word, a kind act be given. Try not to hide from those who need these small acts of love, acts of hope, acts that are needed, sometimes desperately.

Some people never have anyone to talk to. There is more of this throughout the world than you can possibly conceive. Much of this occurs because of separate means and ways of living, but it is important to be aware that perhaps some even close to you could be the loneliest person that you could ever conceive loneliness to be. At times when you become aware that an individual needs a kind word, a smile, an act of love, of care, don't walk away, but take the time to share a moment that will give hope, strength, purpose, and love, because in many ways, at this moment there are millions

**of people who fit the description I have just given to you.**

**Remember what I have spoken, and be sure to thank God it is not you. So be it.”**

DECEMBER 7, 1995 AT 3:30 P.M.

PADRE PIO

**“I am Padre Pio. It is a privilege to be able to speak through this *little one* who in presence, manner and being, is delicate, yet firm, concerned, and yet has a genteelness that mankind feels immediately.**

**When I walked the earth, I was none of these things, but then even though our work was similar, I was a man, and she is a woman. What I am saying will be difficult for some to understand why I would speak this way at this time.**

**The world you live in is now as it was when I was living: people of all kinds, with all different vocations of life, all different personalities, different strengths, different weaknesses, different goals, different practices of what they had to give to daily life that touched so many lives they came in contact with.**

**There should be no question as to why I would speak, because logically speaking, everyone who takes These Words down, and everyone who will**

read Them, is different in personality and in the manner in which they live, plus their likes and dislikes differ immensely from those close to them; so as one looks at what I spoke before this, there should be no question why I would speak at this time regarding this *little one* who has been handed a tremendous Responsibility.

There is a saying that, 'If you have not walked in the sandals, do not be critical.' Perhaps the saying is not as you know it to be, but I assure you This Statement fits this situation. The Father hands a Gift to the world, a Gift Blessed, based on so much Instruction for the benefit of not one Soul, not two Souls, but millions of Souls, knowing that all people are different in their thinking, their practices, their beliefs, their wishes, their dreams, their hopes, their desires, their likes, their dislikes, their intentions, their goals. As so much is spoken through such a *little one*, the Content is Monumental in Direction, and should never be dismissed as something less than It is.

The Father uses different types to be able to show mankind that not just one vocation is more special to Him, but that all vocations, all personalities,

**all degrees of intelligence, of Faith in Him, are equal in His Eyes, and that mankind should understand that each human life is Important, and represents a Miracle that demonstrates in many ways the beautiful freedom of choice, through personality, through nature, that The Father designed; plus, then He chooses ‘an individual’, to use all that the individual is, to be able to relate to What He Wills to accomplish through the one He chooses to walk a specific Path that could be considered timely, tiring, deliberate, and yes, important in every facet of its every daily life.**

**The world has been Blessed by This Miracle, because in This Gift of The Father’s, every human life is included in what can be attained, obtained by living at this time and time to come, using What has been written, for the Goal The Father intended for human life, to become ‘a Saint’.**

**Ask yourself, ‘Wouldn’t it be sad if there were no Goal to reach for after the active part of human life could no longer be active?’ What a Blessing The Father has Blessed mankind with: ‘Living Forever’ through the Soul that**

**He gave at the moment of conception.  
So be it.”**

## SAINT MARK

**“I am Saint Mark. Many of Us are present at all times wherever This Miracle of The Father’s is present. The world must read All that has been delivered by Many Saints in Heaven. The Father’s Words should be the first Ones they read, Our Heavenly Mother must be next, because Everything They have spoken through This Miracle is a Gift to mankind, Greater than any gift mankind can receive.**

**Mankind accepts instruction from so many different sources, so many individuals who proclaim to instruct others on different subjects, but This Miracle of Divine Love has more than instructed mankind, because through the Very Presence of the One Who was speaking, gives to the Words spoken, Divine Love that nothing else in the world can be placed in the same category with.**

**The world is in turmoil morally, physically, in many forms, in many areas. There is destruction morally, physically. There are so many**

**differences of opinions on what is right, on what is wrong, and much of this is based on individuals who are not fully capable of such responsibility, because of the magnitude of the responsibility that affects so many lives, so many situations, so many conditions.**

**We hear some supposedly knowledgeable people make rash statements regarding the lives of others. We hear what man calls ‘harmful jargon’, referring to language that, in essence, is the subject matter of groups that have particular ideas that they want to use as control measures over the lives of millions of others.**

**Let Me take you back to the Values of human life, the Importance of human life, the Goal of human life. The best way is for every individual to sincerely evaluate their life according to their obedience to God’s Commandments, not just a short version of each Commandment, but according to the full version, definition, meaning, concept, for which each Commandment was so properly delivered. Man has a way of shortening everything: names, places, and all areas wherein major subjects of great importance are involved.**

**There is a saying: ‘Don’t make the speech, or what you want to say, so lengthy. Cut it short.’ This may be good in some cases, but most times on important subjects, it causes the subject to eliminate the sound, true values that are necessary for the subject to be spoken, heard, written, remembered to its fullest measure and degree of importance. You live in a time that so much is done quickly, without thinking. Time seems to be the important thing, and the actions and the words not as important as the time. This is ridiculous in concept, because to eliminate important information can be disastrous.**

**God’s Commandments are evidence of what I have just spoken, and there are millions of people who recognize some Words being a Commandment, but they have no concept of the full meaning of what was meant for that Commandment, to be able to instruct millions on the importance of what God expected man to accept, to eliminate, to practice, and/or to be able to be example of.**

**The world is in chaos, because too many are ignoring the importance of honor, dignity, and the need to**

**persevere in morality in every facet of life. Human life has a Purpose, human life has a Goal, human life was created to do many things, not just to stand still in what could be termed ‘a silent mode of living’, but man has been given intellect and the ability to use it, logic and reasons to practice it.**

**It is time that mankind stop following what others are doing, what others are enforcing because they want to get their way, to have it done according to their thinking. Mankind should now look at the value in all that is presented, and make decisions that will be beneficial to their own manner of life, intellectually sound, reasonable, practical, logical, and definitely in accord with God’s Commandments.**

**Let no one interfere with your integrity, your moral abilities, your freedom of will. So be it.”**

DECEMBER 8, 1995 AT 2:14 P.M.

### SAINT CATHERINE LABOURE

**“I am Saint Catherine Laboure. What I am about to say is of great importance. Though many speak out loud, shouting words to The Father, to The Son, and to The Holy Spirit, their words are more for attention to themselves, and the manner in which they speak these words lacks devotion, sincerity. There is so much confusion in Spiritual matters at this time, because so many are demonstrating physically, wanting attention for what they say, what they do, what they want others to see them for.**

**The Father has given to the world, in a quiet way, a quiet manner, yet deliberate in Its Content, the importance of spirituality to every living human being. Sound spirituality has an in-depth meaning to it, and in it. It encourages mankind of all races, all colors, all creeds, all mentalities, to fully understand that human life has been handed a Gift Greater than any other living thing. It is innate in mankind to feel there is more than the human side.**

**Ask yourself, 'What could this mean?' Would it not mean that there was a Superior Being that was The Creator of All Things, and that This Superior Being was aware of all things that occur every day, every night, at all times?**

**Human life has so many Gifts; first of all, the Gift of sight, the Gift of speech, the Gift of hearing, the Gift of taste, the Gift of smelling something that could alert them to their surroundings. Mankind very often ignores the Gifts because of so many distractions.**

**Let us take one thing that mankind has, and that is the 'will', unseen but evident: the will to make decisions, choices; the will to be a part of many things; the will to understand what is right, what is wrong; the will to say 'Yes,' 'No,' 'Maybe.'**

**Human life is a Treasure unto itself, because it has a Goal that nothing else has. The Goal is Sainthood, but at this time in which you live there is so little spoken about the Goal of human life that The Father created human life for. Sometimes We hear man say, 'When I die there's**

**nothing left.’ These words can only be spoken because of a lack of Faith in the Importance that God placed in human life, on human life, for human life, to attain Life Everlasting.**

**So much has been spoken deliberately, in terms that mankind can understand, and anyone who reading These Words, dares to deny Them, walks hand in hand with the enemy of God and man. The Father has handed to the world through *a small child*, so much Information, so much Direction, to support all that has previously been given, so that mankind will resist all that is wrong, condemn all that is wrong, and use every moment of life to attain the Goal planned by The Father Himself for man, through the Soul that was placed at the moment of conception. So be it.”**

DECEMBER 8, 1995 AT 3:54 P.M.

### SAINT JOHN OF THE CROSS

**“I am Saint John of The Cross. It is difficult for so many of the clergy to fully understand, even partially understand the Magnitude of This Miracle of The Beloved Holy Spirit of God, Saint Joseph.**

**Sometimes when mankind finds something difficult to understand, and they resist all avenues to It, it is because of jealousy, or they do not want to be told that at ‘this time’, in the year they live, that The Father would permit so much to be released, so much Direction be given on the practices that in many ways are not saving Souls, but almost deliberately directing mankind to perdition.**

**For some of the clergy it began in an innocent way, but then in their instruction of others, it interfered with their personal Faith in how The Father would work in the time in which they lived, through such a *small instrument*, releasing so much Spiritual Guidance from so Many Saints, and from The Father Himself.**

**It is sad when We hear rejection, because if they would but see the Value, the Protection, the Necessity, the Greatness of All that is given, that has been delivered because of the Souls, that at this time of so much confusion, so much humanism, so many false prophets accenting their importance, their values, their blessings, their knowledge, thus in many ways causing unlimited confusion.**

**This *little one* that is used listens daily. There is no time that We speak she is not available to Our Presence. It is difficult for mankind to understand such obedience, because mankind is not resilient when it comes to obedience at uncomfortable times. Often man thinks of self-preservation, before man thinks of preservation of the Soul, because as the Soul is unseen, to many It is only Something that they heard about, Something that liturgically was suggested in some ways, but the human mind very often believes only what it sees, when the subject matter has a total submission of one's will to The Will of The Father.**

**Many have been Blessed through This Miracle and there are many more to be Blessed, because millions must**

**hear All that has been given because of the Souls that are involved, that without more understanding of What the Soul is, Who It is a Part of, what Real Connection It has to God The Father, mankind will be cheated of the Greatest Revelation that man could ever receive. So be it.”**

DECEMBER 8, 1995 AT 4:11 P.M.

## SAINT BONAVENTURE

**“I am Saint Bonaventure. When man walks out into zero weather it can be a shock to the physical, even when the man is warmly clothed to be able to endure such a cold. At this time many find it difficult to stay out in the cold because of the discomfort of things called ‘frostbite and numbness’, plus the temperature of the body having to succumb to the change. Imagine what a terrible shock it is to a Soul when the Soul is a victim of horrible sins, and the Soul is defenseless against what is occurring.**

**Mankind never thinks about this shock that the Soul must endure at moments when it is struck by foul impurities. There should be more instruction by those who practice Spiritual vows, to be able to relate to what the physical endures at certain times, and what the Spiritual endures at certain times. Both of these examples can possibly suffer extreme degrees of harm. Much depends upon many things where the body is concerned, physical and even mental,**

but then so does the Soul suffer a tremendous amount, because of the peace, the beauty of what purity is versus what pain must occur when the Soul is victimized by foul impurities.

So little is taught about the sensitivity of the Soul to immorality, because mankind does not understand that the Soul, as a Portion of The Father, has a form of reaction, not just disgrace, when it comes to impurities performed by the one in whom the Soul was placed. When an individual breaks an arm or a leg, or sometimes the neck, the pain is excruciating, and it takes time to mend; also, in most cases it takes help from those who are trained to take care of such things.

What about the restitution the Soul must hope for? The Soul, during times of great impurities cannot heal Itself, because It is the victim of the individual in whom It is, so the Soul is dependent upon the individual to restore It back to a Pure State. Not enough is spoken about, preached about, regarding the Soul of every living human being, but science is constantly looking into all ways to help the physical. There is nothing wrong with this.

**Mankind is being instructed through This *Miracle Of The Beloved Saint Joseph*, The Holy Spirit of God, to protect the Soul in every way, and children must be instructed on the Importance of the Soul, as well as protecting the physical, because We see so much moral desecration, moral abandonment to the protection of the Soul that is Important because It is a Portion of God, and This never should be ignored or passed over as not something to worry about just because you cannot see It.**

**You cannot see the inside of your body, all the functions that make life occur in the right order every day, yet you desire all things to be correct. Mankind must begin to better understand that the Importance of human life is no more important than the Spiritual of life that is evident in every man, woman and child, from the moment of conception to death. So be it.”**

**SAINT PETER**

**“I am Saint Peter. Many of Us speak through This Miracle that has been given to the world so that mankind will have the Direction needed for the Salvation of his or her Soul.**

**It is important that the whole world hear of This Miracle, that the whole world understand the Value of It, the Importance of It, and the Direction that is passed through It, so that all who hear, all who will read the Words, will have a stronger understanding of the importance of The Father’s Commandments, what each Commandment includes and what each Commandment directs. The Commandments in a concise form leave too much for one’s own interpretation. All ages should begin to learn the full extent of each Commandment, the full degree of how it was intended to cover every facet of human life.**

**We hear men and women say, ‘Well, when The Commandments were given in such lengthy detail, it was for the people of that time.’ I say, ‘Look**

around you, and look at everything that is occurring, and then make your own judgment as to how important it is to apply The Commandments regarding everything you partake in, you are exposed to, and the manner in which you live; also, all those with whom you associate.' Man is good at making everything concise; he practices it daily. It shortens everything, makes it more understanding, supposedly.

It is important for mankind to be instructed on what morality truly is, the importance of it, and also what immorality covers in actions, speech, personality, companionships, work areas, even in Spiritual circles, practices. It is important for every human being to examine their way of life, their habits, how they treat other people, what they accept from others morally, physically.

Children are being told in such a concise way, 'You can't do this,' but there is very little explanation as to what the subject entails. Some might say, 'I cannot constantly speak about The Commandments; they will think I'm a fanatic.' You don't ever have to use the word 'Commandment'. It can all be done as one human being

to the next: what is moral, what is immoral, what is sacrilegious, or what is Sacred.

**As** We watch mankind in so many places throughout the world, We see so little attention, so little importance on what mankind judges in actions, in thoughts, in speech, in communication, that can fully be identified with sound moral values and sound moral standards, based on The Commandments of God.

**This** Miracle The Father has given to the world has been One of continuous, extensive Instruction, because of the necessity for men, women and children to see that human life was created to be handled in dignity, and that human life has a Goal for it, in it, to it, and that is to return the Soul when the human life no longer exists. Children should be taught that the Gift of human life is Special. It was created out of The Father's Love and with The Father's Love, to continue on in a Greater Glory.

**Ask** yourself, when was the last time you thought about this, or you were instructed on it by those who

**profess that they have the ability, the knowledge, and the profession to guide you to become ‘a Saint’? So be it.”**

DECEMBER 14, 1995 AT 12:02 P.M.

**SAINT STANISLAUS**

**“I am Saint Stanislaus.**

**The Father hands to mankind all the things that are necessary for mankind to exist. He hands mankind the sun, the moon, the stars. He hands mankind water, He hands mankind the way to grow food, to nourish the body. All these things are taken for granted, because mankind does not look beyond where all these things come from; they are natural to life, they are necessities.**

**This Gift of The Father’s Love, This Miracle that has instructed on so much, in so many ways, for that Other Part of man, the Soul that is a Portion of The Father, must be seen as It truly is. The Soul is a Gift beyond what human life can measure, because the Soul, as a Portion of The Father, automatically says to mankind, ‘Nourish the Soul and live with Me Forever.’**

**Children are not being taught the Importance of What they have within their body. Children are not being instructed on the importance of**

**truth, on the importance of purity of mind and body. Children are not being instructed on communication with The Father. Children are not being taught the Importance of human life and for the Reason it was created.**

**It is sad when someone sees someone who is blind in the eyes, because blindness is a tremendous loss in many ways, for many reasons. It is a darkness beyond what man knows darkness to be. What mankind does not realize is that sound Spiritual values and sound Spiritual standards, and purity of mind, body and Soul, have been in many ways set aside, ignored, as necessities in everyday life. I ask you, 'Why?' Surely there has to be some answer to My question.**

**The world, in many ways, practices so much diabolical actions, always thinking of the humanistic side that they feel is beneficial to their feelings, or their monetary measures. Humanism, in many ways, has cast aside the Importance of what human life was created for. Some reading This Statement will not truly agree with It, because to them the human part of them is what they cater to and they please more.**

**It is important that mankind, all races, all colors, all creeds, all cultures, all degrees of intelligence, read All that We have passed through This Miracle, instructing mankind in a Personal Way on the Importance of human life, the Generous Gift The Father gave to man in giving human life a Soul.**

**It is difficult for Us to understand why there is not more taught about the Soul, why there is not more Importance put on the Soul, when We hear mankind, many ages involved here, say that: 'The Commandments are Things of the past. They were given thousands of years ago. We live in a modern age.' Human life has not changed. Human life is as it was created, and still has the Goal of the Soul within it. Human life, without a Soul, would be like all other animal life.**

**Logic should tell mankind that as man seeks safety in all facets of life, he should seek safety in the Life that waits, because as the Soul is the recipient of all that the individual does, says, takes part in, mankind should be constantly aware of the responsibility that each one has for**

**the safety of That Portion within him or her, that logically relates to What The Father Is. So be it.”**

SAINT ANNE

**“I am Saint Anne. This *little one* We All speak through to reach millions of people throughout the world, listens for Our Entrance. Today, as I speak to you, it is with a Love Greater than any human love mankind can personally be associated with.**

**There are so many men, women and children who walk each day, not in full knowledge of the Beauty, the Magnitude, the Love that is within each one of them, and for each one of them. Sometimes when We see an individual of any age, We fully understand what they are mentally and/or physically going through, and We want to say out loud to them, ‘Reach out to Us for help, for strength, for hope, and for the energy to do what is best for you, for the ability to do what is right for you.’**

**I want you to think of one thousand people in one place all at one time. When you look at these people you see only the physical structure, and you see a difference in physical**

appearance, but you cannot read what is in their mind. You cannot become fully aware of their physical strengths, ailments; you only see human beings. When We look at mankind We see more. We are aware of their Soul, their mentality, their abilities, their morality, their immorality. We are aware of their likes and dislikes, their hurts, their fears, their desires, their goals, if they have one or many. The Father allows this, because of the Importance of human life, and the Importance of the Soul that every human life has within it.

We see in the world at this time many moral weaknesses, much misdirection in Spiritual matters, and We know that We cannot change the will of any one of these individuals, because the 'freedom of the will' is a Gift of The Father's, just as the Soul is a Gift of The Father's. We see small children being misdirected in such unsound, unreasonable ways, permitting them to act in weaknesses and abusive ways to themselves and to others.

As I show Myself to this *little one* through whom I speak, it is important for you to know that she is allowed to

see My lips move, and My garments sway in the breeze. Not often does this happen, but The Father has allowed it for reasons of His Own.

There are millions of children throughout the world who are never instructed properly on the Importance of their Soul. By children, I mean all ages, because mankind to Us are children of God, bound to Him through their Soul.

Today is an important day, but then all days that We hand to mankind, through this *little one*, Words of Direction, Words of Love, Words of Hope, are important days. As This Miracle is delivered through her voice, and then many times written for others to read, it is a Gift beyond anything mankind can compare It to, because It is a Gift of Divine Love.

Mankind finds many reasons to celebrate, and these times are important because it has many aspects to it that give times to remember, that help mankind better understand what a Treasure human life is, and how Important it is to be man.

*The little one* stares at My Face. Even though I am smiling, she is

**serious because she realizes that My Presence to her, My Words through her are important to the whole world of mankind, and that children of all ages must hear about This Gift of The Father's that does not take eyes for mankind to see, but it takes love based on Faith in Him for all things.**

**As I close this time with you, I want you to remember My Words:**

**A Mother's Love is forever,**

**A Mother's Love is beyond  
any human measure,**

**A Mother's Hope is that  
all the children will go to  
Heaven. So be it."**

SAINT CLARE

**“I am Saint Clare. There is no Miracle of Divine Love exactly like This Gift of The Father’s that hands to the world so much Direction, so much Personal Information, so much Love.**

**All that has been delivered through this *little instrument* of The Father’s must be passed throughout the world. If These Messages are not passed to millions of people, millions of Souls could be lost, because the enemy of God and man works every moment of every day, doing everything to encourage mankind to do what the individual wants to do, in spite of whether it is wrong to oneself or wrong to anyone else, or even wrong to a number of people at any given time.**

**In comparison to other times when morality was in such a decline, All of Us Here want you to know that immorality is justified by millions of people, using excuses, plus justification of all the impurities they are active in, or that are taking place amongst others, by others, with others.**

**The Father has given to the world This Gift of His Divine Love in such a Personal, Direct Way, through a *small voice*, and through one who walks in the world like all others. It is important for mankind to see the value in the way This Gift of The Father's Love has been Designed, and the Beauty in how He uses Words understandable, and never anything too deep for mankind to understand the value of the meaning, the importance of the meaning, the reality of the meaning.**

**When These Words are transcribed into other languages, We fully understand that some of the descriptive Words might take on a little different meaning, but the culture of the people, the mentality of those who will read Them, will find in Them a degree of strength that will be sufficient for each of them to better understand the importance of the Gift of choice to mankind, choosing morality over immorality.**

**The Father has given to every human life a Treasure, a Gift, the Soul. No human life is born without It, and every human being has a responsibility for It, but what most do not understand, that the Soul many times, is**

what mankind calls 'conscience'. When there is a decision to be made, the Soul acts as the conscience, so that right will be the decision, not an impurity.

**M**ankind talks about the strength in one's mind, the ability to make decisions, and the Gift of understanding right from wrong, good from evil, justice over injustice. Does it not make sense then, that it is the Soul within human life that has a great influence many times on a final decision? Remember, I said 'influence', because you see, the will of the individual is the final decree.

**S**o much has been spoken through This Gift of The Father's, so much Instruction, Everything so understandable. We cannot see any justification for excuses, for misinterpretation of All that has been delivered through This Miracle of Divine Love. So be it."

### SAINT CATHERINE OF SIENA

**“I am Saint Catherine of Siena. Mankind many times enjoys changes. Of course, changes are not always the same: a change of address, a change of a workplace, a change of friends, a change in a home, a change in a standard of living, a change where new friends enter the picture, new interests, new ideas, many times giving more enjoyment to everyday life.**

**Drastic changes are sometimes upsetting because there are so many things that must be tolerated, accepted, adjusted to, and/or rejected, because of personal likes and/or dislikes. The mental of everyone at these times can be encouraged, or sometimes stressed because of the effect that the different change or changes may cause to the personality, the nature, the habits, the likes and/or dislikes of the individual.**

**With all this that occurs during a lifetime, mankind oftentimes ignores the fact that everything that occurs during a lifetime affects the Soul of the individual. The Soul is the recipient**

of what the individual does in his or her times of acceptance or rejection, moods, and/or manner of being able to cope with the changes in lifestyle and daily responsibility.

**M**ankind must begin to see that the Soul is the recipient of all that occurs in one's physical life, one's mental abilities, acceptions, changes, and one must remember that human life has a Goal over and above all the things that occur in what happens to the physical, mental and moral swings of changes that many times are spontaneous or over a period of time.

**L**ife is a Beautiful Gift of The Father's, and it has a Great Ultimate Purpose for it, so it is important that children, as well as adults, respect daily life in every facet of it because of its Ultimate Purpose, and that human life was designed to one day return to God, the Soul.

**A**ll the activities, all the changes, many times make life more interesting, and can attribute to helping one's Soul become 'a Great Saint'. To become a Great Saint does not mean that one has to kneel and pray twenty-four hours a day. Sainthood in Its Highest

**Form, Highest Degree, can be attained by learning to cope, by doing what one is faced with, by doing it with dignity, with sincerity, with morality, and even using changes as a further step, a stronger step to becoming 'a Saint, a Great Saint'.**

**An individual can use the company they keep, the work they have every day of life, in what they do, what they say, what they practice, how they feel, and of course, their personal association with others. Opportunity is endless in becoming 'a Saint'.**

**Remember what I have just spoken, and make each day of life, with all its changes, with times that you feel are adverse to how you would like them to be, they can be times of great strength morally, mentally, physically, emotionally, spiritually.**

**Human life is a Gift of Divine Love. The Soul is a Portion of Divine Love. Mankind many times forgets to thank God for His Personal Love every day in many ways. It is time mankind think of it this way. So be it."**

DECEMBER 15, 1995 AT 11:15 A.M.

SAINT CATHERINE LABOURE

**“I am Saint Catherine Laboure. There is so much History behind This Great Gift of The Father’s, *The Miracle Of Saint Joseph*. In so many ways, It has instructed mankind on the Importance of human life because of the Soul that is within each life.**

**We see so many men, women and children rushing around from place to place, seeking more information on Spiritual values, Spiritual truths. We have delivered Them continuously for a long time, but the egos of mankind do everything to gain attention for themselves, thus telling others to ignore What passes through This Miracle. There are so many, when saying these things, know in their hearts that This Gift of The Father’s Love is One of Sound Direction and Full Truth.**

**There would be no reason for this *little one* to try to convince anyone of such Instruction, because in the human way, mankind would not have the ability to instruct as All of**

Heaven instructs, teaching so much detail that mankind has never been able to truly see in its fullest measure, even those who have read diligently, historical novels and many religious items that were written by others who lived before this time.

This Miracle takes mankind to the Basic Truths of human life, the Importance of the Creation of mankind, that without the Soul, a Portion of God, man would be like all other creatures, and there would be no Goal other than what others experience; which is, they have lived a time and there is nothing else to look forward to; but God, in His Creation of man, instilled in human life an intellect, plus many physical abilities, a nature, a will, and of course, the Soul. Without the Soul, how could mankind even think or relate to God? The Connecting Link to being created in the Image and Likeness of God had to have a Portion of Him within it, else mankind would be animalistic in all ways and means.

The world must hear of This Gift of The Father's Love. Nothing must stop It and no one has the power to stop It. Never allow any bullish

**approaches of dominance to take over in any area, because satan uses some human life to crush what is right, what is moral, what is good, because of jealousy that is beyond what mankind knows jealousy to be.**

**We see how you think, and many times We see discouragement because of the lack of progress, but at these times forge forward, lead others to forge forward. Each one should be a leader of an army unto himself or herself, because sound Faith is the greatest force and source to lead others to understanding.**

**We hear many say, 'I wish I could be convinced, because It seems to be so natural, so right, and yet I cannot find that link to any one individual.' We hear more remarks than I will dictate, so you must remember, there are millions of people throughout the world who are suffering starvation for what you have the control to feed them With. If someone is physically hungry, you will hand them food. You have a full Reservoir, boundless in size, to feed the world God's Will, God's Love, and in many ways, the Wording that will be understandable throughout the world. So be it."**

DECEMBER 15, 1995 AT 1:52 P.M.

## SAINT JUDE

**“I am Saint Jude. When mankind receives a gift that pleases him or her, much appreciation is expressed, and there is an obvious joy shown.**

**The Father has handed to the whole world a Gift of His Divine Love, allowing so Many Saints to speak, giving Directions for all personalities, all types of people. These Messages are in many ways personal to many, and sometimes when We see someone reading Something that We know will help them immensely, We in Our way, try to encourage the repeating, the time to read more in-depth on the subject matter.**

**The Father has never left mankind alone at any time since the beginning of the Creation of mankind, because The Father has given to mankind a will, a nature, a heritage, and a thirst for knowledge, a desire to learn about many things. The Father introduces His Love in ways that are understandable, so that every individual has a Link to Him that is**

**not just tangible, but informative. The Link The Father has with each human being is a Portion of Himself, the Soul.**

**Sometimes the temperament, the personality, the nature of an individual resists certain things, because of something else that feels, seems, or is more attractive to the individual's way of life, or likes, or dislikes at a particular time.**

**Mankind forgets that God is so close, so understanding, and so much a Portion of mankind. It is difficult for mankind to see human life as it really is, a Special Gift of Love. That is why it is so sad when the subject of abortion arises. Many times this is practiced out of unneeded fear, jealousy, or some issue that could be solved easier with more understanding of what a birth truly is.**

**When We hear mankind talk about the fear of loneliness, it is really the wrong word to use, because man is never alone. God is always within him or her.**

**This Gift of The Father's Love that has been delivered for such a long time, deliberately instructing on the**

**Importance of human life, the Goal of human life, and The Father's Love for human life. True, not all things have been passed on in the complete detail that mankind feels were left out, but The Father is The Designer of mankind, The Creator, and all that man is, is The Father's Decision, because within each human life there is a Portion of Him that is ever present, always available; and there is no time, day or night, that the Soul in each human life is not aware of each and everything the individual does, says, is part of, in whom this Soul has been placed to protect, and to be the One Part of the human life that will remain forever, representing the one in whom It was placed at the moment of conception. So be it."**

DECEMBER 18, 1995 AT 12:02 P.M.

**SAINT MARIA GORETTI**

**“I am Saint Maria Goretti. This Miracle is benefiting mankind in so many areas of life, not just the Spiritual, but in things that life is all about, human things. Many times We talk about personalities, interests, problems. All these things pertain to everyday living.**

**In the Creation of mankind, The Father instilled in human life energy to do many things, to accomplish many things, to make decisions, to conquer many things, to be interested in many things, and to cultivate a natural, normal understanding of the Great Gift life is to mankind.**

**When This Miracle was first announced to the world, the Instructions were not difficult for mankind to understand, because there was so much Divine Love in All that was spoken, sometimes to be written, other times in just conversation. The Father, in His Full Understanding of all that He created mankind to be able to do, to accept, to honor, to**

believe in, to follow, are immediate in mankind's reaction to things, actions, to accomplish things, to perform certain tasks without hesitation.

**The Gift of human life has so many facets to it, and with all The Father has given, He made human life Special, in that He placed a Soul, a Portion of Himself within it. This Soul is That Portion of mankind that will be What The Father will have returned to Him when the human life no longer is active physically, mentally.**

**This Miracle that has been given to the world is instructing mankind on the Beauty of human life, and what a Precious Gift it is, beyond all other creations. The world has been Blessed through This Miracle of Divine Love. Mankind must understand that through This Gift, mankind is being instructed in such a Personal Way, about what man has to look forward to in another day.**

**Nothing else was created to reach the Goal of Sainthood, and though mankind very often humanly sees only the physical aspect, mankind is being Personally instructed on why man was**

**created, and what the Goal of this  
Creation is: Sainthood. So be it.”**

DECEMBER 18, 1995 AT 12:43 P.M.

### SAINT CATHERINE OF SIENA

**“At no time is not One of Us present where this *little one* is. The Father has designed This Gift of His Divine Love so that at any time of day or night, at His Request, One of Us can speak through this *little one* for the benefit of millions of Souls throughout the world.**

**We see so much desecration to human life from all ages: in men, women, boys and girls, all vocations of life; also, there are so many false prophets delivering what they term ‘words of encouragement’, ‘words of praise’, ‘words of Honor to God, to The Son of God’. They use These Names in almost a frivolous manner, speaking the words that they determine will encourage many to believe in The Spirit of God.**

**Many, after reading a book, or two or three, feel they have a vocation to instruct thousands of others on how they determine the meaning of what is in the Bible, and other books. It is important for mankind to love**

**God, and to depend upon God for all one's needs, all one's hopes, all one's physical and Spiritual voids, because of the way human life is addressed in so many humanistic involvements.**

**It has been spoken this way before that, 'You live in a time worse than Sodom and Gomorrah.' The reason These Words are used is because this time in the History of man was shown to be a time of a lack of moral discipline in every form of life. It was degrading to human life, by all ages.**

**The Father has handed to the world through His Holy Spirit, His Divine Love, a Gift beyond anything man can, or could contrive to be so Powerful, so Important, so Direct, so Personal. It is sad when We hear mankind reject any Part, any Phase, any Phrase that passes through This Gift of The Father's Love. We hear some say, 'It's repetitive in many ways.' We smile at this because repetitiveness has strength in it, direction in it, and is not easily erased.**

**All Who speak through This Miracle, speak with a Personal Love for mankind, because They, too, walked the physical path, facing**

**obstacles, interferences, and many times diabolical enticements; so, you see, This Gift of The Father's is a Treasure for everyone who comes in contact with It, vocally or through the written Word.**

**There is no place in the world that there is a Blessing identical to This, no place where so much is stated, not just to encourage mankind, but to define in many ways for mankind to fully understand the Importance of human life, the Reason for which it was created, and the Goal for which it is one day to become slated: Sainthood for All Time. So be it."**

DECEMBER 18, 1995 AT 2:25 P.M.

SAINT JOHN OF THE CROSS

**“I am Saint John of The Cross. The amount of Direction that is able to pass through This Gift of The Father’s is endless in Its Content and Its Measure of Love.**

**It is difficult for some to understand such a Personal Gift of Divine Love at a time like this, through *a human being, a human voice*. This Gift passes through one like all others in the world: a nature, a personality, a code of what is right, what is wrong, and all that pertains to human living. It is important for This Miracle to spread throughout the world, because It contains so much Personal Direction, Instruction for every degree of personality, nature, intellect. No one has been left out.**

**Some might say, ‘Everyone does not speak this language.’ I say, ‘God’s Love is in every language throughout the world, so translation is the answer, good example is the answer, and do not forget, love for one another can be the main ingredient to help others**

understand that The Father is giving to mankind His Personal Love and Direction.'

We hear some negativism from those who find such Truths difficult, because It is not being passed through one who has studied scripture or who follows a cloistered manner of living, not so much behind the walls, locked into a place where nothing can be done without a director, but This Miracle is free to go everywhere, to everyone, instructing every age on the Importance of Sainthood, on the Importance of the Soul within each human being.

We hear some who walk in the clerical way, command and demand attention to their degree, their understanding, of how a Phenomenon such as This should be. When We hear this We say to *the child*, 'The Father is in charge of This Gift of His; let no one stand in the way of Its spreading as It was designed to spread, because throughout the world there are so many diversified ideas man-made, ignoring the Soundness and the Benefits of a Miracle such as This.'

**So Many from Here have spoken, and those who have Faith in seeing the Magnitude of This Miracle are Blessed in many ways abundantly, because you see, to move This Gift of The Father's throughout the world will take a number of individuals using their Faith, their strength, their love for The Father, their belief in how they can become 'a Saint' that will, in sound essence, be the tentacle to touch the lives of millions.**

**There are so many Directions yet to be given, so much Strength yet for many to absorb, so they can be tentacles to touch other lives throughout the whole world. So be it."**

DECEMBER 26, 1995 AT 1:44 P.M.

## SAINT STANISLAUS

**“I am Saint Stanislaus. Mankind fears floods, earthquakes, danger in many ways, and yet We see millions of men, women and children participating in dangerous ways. Chaos is a better name for it, because in the chaos the enemy of God and man moves quickly, rapidly, continuously, allowing no time for man to think, to rationalize, to consider what is actually occurring morally, spiritually.**

**Many men, women and children celebrate different events. Some do it with much vigor, much talent, much energy, very particular in every portion of what they want to accomplish.**

**As I speak today, I glance throughout the world from Where I am, and you truly live in a time worse than Sodom and Gomorrah. Granted, there were many times since the beginning of mankind that could be considered demonic, because of so many violent acts against any chance, any practice of purity of the mind, of the body, of**

those who were participating in such diabolical humanistic practices.

**M**ankind is avoiding purity, because purity to mankind is not of great importance. There have been many times in the History of mankind that vile acts of impurity spread like wildfire amidst cities, countries.

**M**ankind is ignoring the Importance of what human life is all about. Some have a saying: 'Live it to the fullest today, for tomorrow may not come.' There is little emphasis on the Importance of human life and what it was created for. Children are not being instructed on all there is to human life, besides what is obvious.

**H**uman life has a Goal beyond any other goal that mankind can reach for. Daily, We see a constant struggle for some to be considered in high positions that hold glory, honor, superiority, control. We oftentimes say to The Father, 'Can We not see that things will change so the Soul is not lost for all eternity?' and He will say to Us, 'What about the will I have given to make choices, that is a Gift from Me to all who are born as human life, human beings?'

**Heaven is real, Heaven is truly a Place, but so few really and truly believe in This Place they cannot see, because they have little Faith in the Goal for which human life was created.**

**If mankind would but think: Many plants reseed themselves; animal life has a way of coming back after it diminishes to a very small degree. Human life has a Goal beyond any other thing, and that is to one day, for the Soul to return to Its Rightful Place for All Eternity. Human life has a Purpose in the human way, and that is to use logic, intellect, reality, to take each day, be grateful for it, and make it worthwhile for others, and of course, for the Soul of one's self. Always remember that every action, every deed, every word has a way of affecting others' lives mentally, morally, physically, spiritually.**

**Everyone who hears of This Miracle of The Father's Love should make The Father a promise, out of thanksgiving for This Gift of Direction, of Truth, and that is, to be conscious of not only saving their own Soul from being cast into Hell, but to be responsible for the Soul or Souls of**

**many, many others. It would make life richer, happier, constructive, and yes, give to each day more meaning.**

**This Miracle has been given to mankind to awaken mankind to what a Precious Gift human life is, and the Beautiful Goal of each life, to return the Soul to The Father in a Beautiful State of Glory, of Sanctification. Some might say, ‘How could this ever be?’ I, Saint Stanislaus, say: ‘It’s worth a try, and everyone is capable. There are no favorites; everyone, in the Eyes of The Father, has the opportunity, the privilege to become “a Saint”.’ So be it.”**

DECEMBER 28, 1995 AT 1:16 P.M.

## SAINT PETER

**“I am Saint Peter. So much has been written about the time we walked with the Messiah, some of it factual, some of it based on opinion, but nonetheless, most of it tells a story worthwhile, and in many ways special, for all types of men, women and children to read it, think about it, and see the importance that is pointed out regarding many facts, many issues, many problems.**

**You live in a time where there are so many differences of opinions on what ‘true spirituality’ is all about. The word ‘Spiritual’ points to an avenue of thinking, of action, that separates Itself from automatic human behavior. It points to a subject that, in its very essence, causes one to think on a higher plane, think more pointedly, to a more ‘Sacred’ understanding that human life is involved in daily.**

**You live in a time of confusion, because the enemy of God and man is working diligently to draw millions away from the beauty that sound**

**Spiritual values, sound Spiritual actions, sound Spiritual standards are so necessary, to constantly remind an individual that human life is a Special Design, for a Special Purpose, an Ultimate Goal.**

**We hear so much diabolical splendor, instructing mankind on total humanistic values, bending one's mind, one's actions, to a more frivolous manner of looking at what is Divine, and placing It into a substandard theme, goal. Humanism has its place amongst mankind, but it has its limitations, because humanism deals with the body, the mind, the successes, the failures, the hopes, the dreams, the natural part of human life. Sound Spiritual behavior has a Higher Goal to it, a more direct communication to The Father of All Things, Who is God.**

**The time in the year you live has a sadness in it because of so much immorality practiced voluntarily, totally ignoring its vileness, its contemptuous attitude, beliefs, directions, that make it more pleasing to the enemy of God and man.**

**This Gift The Father has given with so much Instruction, saying so**

many things to help mankind avoid moral, physical, Spiritual destruction, is being bombarded by so many enemies of what should be practiced in purity, dignity, love for The Father, and of course, reaching for the Goal of the Soul, for the Soul to one day return to The Father, a Saint.

**W**e see in different parts of the world so much moral destruction. It is prevalent, it is acceptable, and in many ways it is being defined as a normal, natural way of life.

**W**hen mankind is talked to about satan, about demons, about Hell, it is quickly ignored, and yet in many instances throughout the world, there are millions who are participating in everything that is diabolical, everything that abuses the body, ignoring totally what a Precious Gift human life is, because in human life there is a Living Portion of The Father instilled at the moment of conception, to be returned to Him in a State of Pure Love, Pure Caring, and Holiness.

**I** could speak hours on end on this subject, but We are All fully aware that in the human way, it would be impossible for mankind to write

**continuously without stops for rest, and without stops to think about what has just been given as a Lesson for those present, and as a Lesson for those who will read what We have spoken for the benefit of all Souls throughout the world. So be it.”**

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother. This Gift The Father has given to the world is a Gift beyond what mankind could possibly measure in Its Full Worth, because This Gift is Personal to every human being. This Gift speaks to each one in a special way.**

**As your Heavenly Mother, I speak to you as a Mother to a child, because My Care for you, My Love for you is personal to each of you. I am fully aware of everything you do. I am aware of your trust, your honor, your dignity, your hope, and your love for This Gift of The Father’s to the whole world, This Miracle designed to give strength to all areas of human life, instructing mankind on the Importance of the Soul that is within each human life.**

**We hear some who hear about This Miracle question: ‘Why is there so much spoken about the Soul that no one can see nor feel? Why is the Soul so Important?’ It is Important, because you see, It has never been spoken about to the degree and in the**

**manner It has, before This Miracle was given to the world, This Gift of The Father's Love, alerting mankind to the Importance of human life and the responsibility each human life has to protect that Special Gift of The Father's, the Soul.**

**Mankind, when he or she has a possession that to them is priceless because of their love for it, their closeness to it, must understand that they share with The Father a Greater Gift than anything they could possess that could be termed 'material'. The Soul, as a Portion of The Father, will never die. It is a Gift that will live Forever. So, understanding this is important, because this gives mankind the strength to know that human life has a Great Purpose, a Great Responsibility, a Great Future, because through the Soul, an individual will live Forever.**

**This Gift The Father has given, This Miracle, This constant Instruction that so many times reiterates the Importance of human life, the Importance of the Soul in each human life, must never be rejected, dismissed or diminished, because It is a Gift of Divine Love.**

**We see so many who stand in great danger morally, physically, mentally, spiritually, and they feel that they are strong enough to stand up to all the odds, that they will not falter under the pressures, the indignities, or the face-to-face combat with the enemy of God. False strength. This must stop.**

**Mankind is a Treasured Design of The Father's. Human life is a Treasured Gift of His Love, and the Soul that is within each life has a Goal beyond any goal that mankind can fully understand, because the Goal of life is to be returned to The Father Forever. So be it."**

SAINT BERNADETTE

**“I** am Saint Bernadette. The Father has chosen ‘this time’ to reach the whole world through *one small voice*, and the Words that are written with the Messages He wants delivered to all races, all cultures, all creeds, all degrees of mentality, all types of personalities. He uses *a small voice* but *an obedient voice*, to instruct mankind in how to further for themselves and everyone else, the Knowledge, the Truth, the Information on the Importance of human life of all ages.

**A**n infant cannot speak, but the infant is constantly learning from those who are in charge. The infant is taught to take a step, and then imitates others with this manner of living. The infant is taught the sound of a word, and the sound is very often returned, perhaps not in the same diction, but there is response, and it shows.

**T**oday, throughout the world, The Father has given to the world a Miracle of Divine Love, Divine

**Hope, Divine Understanding, Divine Knowledge. The Father, in This Gift, has instructed mankind to pass on to others the Important Messages and the Love that was in Them.**

**Many learned men and women started at the age when they, too, began to just learn sounds, watch others' actions. They, too, had to learn the method of speech and the importance of standing on their own two feet.**

**The Father has given to mankind a Great Miracle of His Love. In the beginning, the Messages spoke in a manner that could be termed 'a beginning instructive way', so that the foundation of learning would make what was to come easier to learn, and yes, easier to obey.**

**We have watched The Father's Gentleness in giving to mankind the Importance of what human life was designed for, and as He did it in a slow manner. The Messages that reach the world today can be called 'stronger', because it is time now for mankind to more fully understand the Importance of human life, and the Great Goal for which it was created to attain.**

**This Gift of The Father's Love must always be passed on to millions of others, because you see, there is no place in the world that This Instruction is being given in such an understanding way.**

**The Soul of every living human being is a Portion of The Father, and those who do not believe, who cannot conceive such a Closeness with God, should read All that has been given and follow All the Directions, because when the human time of living is over, Eternity is Forever. So be it."**

### SAINT CATHERINE OF SIENA

**“I am Saint Catherine of Siena. For some it is difficult to fully believe that God would give to the world a Miracle of so much Instruction, so much Direction at this time in the year in which you live. It is sad when We hear a statement such as this, or even when We are aware of a thought that could reject This Miracle, because We fully are aware that This Gift of The Father’s is more precious than any jewel mankind could acquire.**

**When the Words are written, this means They are indelibly stated and will remain for a long, long time. The more Books that are printed with All of These Words, will secure in many areas, many ways, the distribution of These Gifts that The Father has Decreed to be given, so that mankind will have the benefits, the opportunities that These Words not only represent, but give Strength, Direction for the Souls of everyone who will read Them and follow what is in Them for the benefit of their Soul.**

**The Father uses a *little one*, not one who has a loud voice, a microphone so that millions at one time can hear, but The Father has instructed the Words to be written so that They will remain for a long time, for thousands, even millions, to be able to learn more about the Importance of human life, what a Precious Gift it is, and the Goal for which it was created.**

**We hear men and women, even some children searching for places of honor amongst mankind, places of importance for them to become better known, to be seen for specific issues that they will be remembered for and by. Importance is important to mankind, but this *little one* through whom We All speak sees only the Importance of what We say, because innately she knows that This Gift of Divine Love is not meant to build egos, nor is It meant to build anyone's popularity, but to save Souls for All Eternity.**

**It is sad to Us when We hear so little reference given to the Importance of the Soul, and all the importance put on humanism, human love for one's neighbor, totally ignoring what real**

love for one's neighbor should show, should deal with, should result in.

The world is in great chaos because of so much dissension over power, and in this power, neglecting the Importance of what mankind was truly created for: to become 'a Saint'. Power amongst mankind is to be recognized, to be able to have others' lives at their command.

The Father does not act this way. The Father always encourages individuals to practice self-discipline, and to remember The Commandments that were given are The Basic Rules to be followed, because of the Soul that is the victim of all that is practiced impurely.

A gift is very often received with happiness, especially when love is expressed either quietly or openly. This Gift of The Father's Divine Love is given to all of mankind for the Soul of every living human being to become 'a Saint'. We hear some rejection from some when they hear about This Gift of Divine Love, This Miracle of Instruction, because of the individual, or individuals' lack of Faith in how

**Deeply, how Sincerely, how Purely the Love of The Father truly is.**

**As I on this day speak These Words, I am fully aware that many who read Them will cast Them aside, but I also know that It will awaken some to think more clearly about that Precious Gift of Divine Love, the will, for the Soul to become ‘a Saint in Heaven’. So be it.”**
