PREFACE

These “*Stories From Heaven*” could not have been given to the world at a more appropriate time than now. The world is in a terrible state of corruption and confusion politically, religiously and socially. Honesty, modesty, genteelness and morality seem to have been eliminated from our way of life, at least in effect if not consciously. However, God has given the world a Miracle it needs.

On July 28, 1967, *The Miracle Of Saint Joseph* was formally announced to a True Mystic. God had chosen a woman to give us the sound direction, hope and example we need. It was not the first time God had chosen a woman to accomplish His Purpose, always for a specific task in a particular time. This True Mystic for our day is Frances Marie Klug. She resided in Southern California as a wife, a mother, and a grandmother until her death on November 15, 2009.

In This *Miracle Of Saint Joseph*, Many Saints have come forth to speak through Frances Klug. These “*Stories From Heaven*” are just a few of the thousands of Revelations received through her. Very often these

Revelations were preceded by extensive Teachings which time and space did not allow us to put in print. However, some of these Teachings will be found in several of the many Volumes of "*Stories From Heaven*".

In these Revelations The Saints refer to Frances as "the child", "the funnel", "the spoon", "the instrument" and "the little one". God made her our Spiritual Mother. For many years now, because of this fact, she has been called "Mother Frances", or simply "Mother". Heaven also refers to people of all ages as "children" and emphasizes time and again, This Miracle is for people of all races, all colors and all creeds.

For someone turning the pages of these "*Stories From Heaven*" for the first time, they will easily recognize the sound logic and sound direction the Messages contain. Mother Frances heard the Words with the Ears of her Soul, and would repeat Them aloud when she was told to do so.

This Teaching Miracle is a direct parallel to the time Our Lord walked the earth. He did not loudly proclaim to everyone, "I am The Son of God." He taught in a quiet manner, simple, extensive, but always detailed

in repetitiveness, instilling in those listening what He wanted them to remember. He taught in parables, short, simple stories containing moral lessons. He knew men could more easily understand and remember the point He was trying to make this way. His “Teaching Stories” pertained to everyday living, practical matters, and how to become a Saint. He gave hope through these stories. He gave example.

Now in our time, God is once again giving us “Teaching Stories” through Saint Joseph and His instrument, Mother Frances. Through her, in a quiet, unassuming and genteel way which appears so “natural”, mankind is again being taught the Purpose of life, and what God expects man to be like in his daily living. People feel hope in these Teachings, Example always given.

Two major Revelations of significance have been given for us in our day. Our Heavenly Mother is Part of The Divine, and Saint Joseph is truly The Holy Ghost. These should not bring an immediate rejection, but should pique our curiosity and interest.

Our Faith in God is based upon many mysteries. Whether it be The Holy

Trinity, the Incarnation of God, or The Holy Eucharist, men strive to understand These, trying to grasp a small glimpse of the Beauty of the Truth They Are. These mysteries also pique our imagination and interest. However, even though we know God revealed these mysteries to mankind and we accept them in Faith, they still remain just that, mysteries.

One has only to look at these “*Stories From Heaven*” to see the value They are, and to feel the hope They instill. No man can logically deny purity of thought when it is so obvious. No man can deny purity in direction, when it is based on sound morals, sound values, sound standards. Do not be blind to truth. Skepticism is for people who are unable to see the truth of a matter or situation, and many times skepticism drowns out purity because it is full of ego and pride in one’s self. Skeptics find it an easy out to disclaim truth.

There is no doubt that it takes time for such Phenomena as This Miracle to penetrate even those minds who feel they are capable of discerning such Phenomena. We must not be governed by purely another man’s determination, but we must understand that logic, sound reasoning and purpose must be the criteria of our Faith in God.

PLEASE READ

In some early volumes of “Stories From Heaven”, many Revelations describe edifices to be built on Saint Joseph’s Hill Of Hope. As just one facet of The Miracle Of Saint Joseph, God invited men of all races, colors and creeds to participate in building a “City Of God”. Every building, chapel, bridge, shrine, garden, amphitheater, and even a hospital and a research center, to be included in this Magnificent Project, would be designed down to the most minute detail by Heaven.

This City Of God would be a place of great beauty for men throughout the world to visit, to gain true spiritual strength and to learn firsthand that which Heaven wants all men to know.

Much to the great loss of every man, woman and child in the world, this City has not been built. Innumerable obstacles were placed in the way of Its completion by those who would have benefited the most. Not enough men volunteered to return the gifts of their time and talents to God. Not enough people came forward with the money needed to participate in God’s Plan in a monetary way. Donations became less and less, because the men in the Church said, “Don’t give.” They discouraged people from participating.

For many years, Mother Frances and a handful of volunteers made every effort to overcome all opposition to men’s lack of wisdom, to build this City for God. However, we are not at a total loss. The Sound Teaching and Sound Direction given by Heaven in the many volumes of “Stories From Heaven” continued through the years, and will benefit people everywhere for many generations to come.

In the future, if the hearts and minds of men change, the world will one day see the Beautiful City Of God.

All Revelations are delivered spontaneously and continuously as witnessed by all those present at the time.

MAY 17, 1996 AT 11:44 A.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. I smile as I pronounce My Name to this *little one*.

It is difficult for mankind of any Spiritual beliefs to fully understand The Father’s choosing *one child, one voice*, to speak thousands or even millions of Words that He wants all of mankind to read, or be read to, so that they will better understand, more fully understand, what a Treasured Gift human life is, because it is the Ultimate Gift of any living creation.

We hear some say: ‘If it is the Ultimate Gift, why are there so many impurities attached to it? Why does mankind not understand the Value of it, the Importance of it, the Reason for it?’ There is not much taught by the so-called ‘learned ones’ on the importance of the behavior attached to being a human being.

The Father now gives to the world in a personal way, an understandable way, the Reason for which He created human life. Though many creations of

His are magnificent in their purpose, their manner of existence, there is no more closely related creation of God than mankind, because of the Soul that is a Portion of Him, not understandable to the human mind, but logic helps mankind to understand that there is a Union, a Closeness undeniable, not understandable, between God and man.

The Father has given a Miracle to the world. Much jealousy surrounds It, much envy, some hate, but this does not make This Miracle of Divine Love less than It is, because This Miracle is instructing mankind personally on the Importance of human life, the Goal of human life, the Reason for which it was created.

True, it is impossible for mankind to fully understand the Greatness of Who God Is, What He Is, because man can only associate to a limited amount, limited degree, such a Source of Greatness.

This Miracle hands to mankind in a Personal Way, Help, Instruction, always giving Hope, that mankind has been designed and created for a

Greater Purpose, to enjoy a Greater Place with Him one day.

There are so many men, women and children who are never instructed on the Importance of human life, either by the location in which they are born, or the circumstances in which they are raised after they are born, but This Gift, This Miracle, All that has been written, will be the Key to give strength, hope, understanding, and the will for millions to strive for Sainthood through the Soul that they were given at the moment of conception. So be it.”

MAY 17, 1996 AT 1:58 P.M.

SAINT ANNE

“I am Saint Anne. As We hear you speak of family ties, family experiences, preferences, likes and dislikes, We enjoy your humor, your interests, and definitely your love.

When We walked the earth as you do, We, too, used many hours enjoying each other and cherishing our time together. No matter what the occasion would be, We would find happiness in our close association with daily living.

At this time throughout the world man thinks of it as ‘a modern time’, in some ways setting it aside as being totally different than other times in the lives of mankind, in what man would call ‘historically written’. It is important for all nations to understand that God created all things, and that it is God’s Design, in how, in the manner, that mankind has continued on and will continue on.

The birth of a child is in many ways a wonder, because it is a life in Special ways. It is a Union of Divine

Love and human love in its proper manner, proper way, proper purpose. Mankind talks about love. Some see it emotionally, some see it in a sensitive way, some see it as a necessity, because it draws them closer to others, and gives more strength to human life.

This Miracle The Father has given is a Miracle of Creation. It is The Father's Love for mankind, giving to mankind so much Personal Information, Direction, helping mankind to understand the Importance for which life was created. Mankind is a Special Design, has a Special Purpose, because it is designed to the Image and Likeness of The Father.

The ability to think, the ability to move freely, the technical abilities within some minds, help these individuals do creative works that give hope to others, sometimes physical strength to others. Mankind should stand back and look at the Magnificence in the design of human life. Everything in each life has a purpose, a meaning, a sensitivity of understanding, a sensitivity to project to others love, hope, instruction, and yes, things that should be imitated, can be imitated, to further what someone

else is capable of doing, of practicing, to make life fuller in some way, some form, some ability.

It is sad when We find despair in some who find no happiness, no hope, no desire to see things for the greatness they are, the worth they are. That is one of the reasons prayer is important, because prayer to some gives strength and helps the individual to stop feeling adversely, and to look forward to progress and participate in what mankind is capable of doing.

The world must see This Miracle for the Interest The Father has through so many Words openly shown. Man was not created and left alone. Through time there have been those who were chosen especially to deliver Certain Messages, Encouragements, Advice, Strengths, Hopes.

At 'this time', The Father has given a Great Miracle to the world, because in This Gift there is a strengthening emphasis put on sound moral values, sound moral standards, and that human life has an Ultimate Goal beyond what living on the earth can give.

This Miracle must travel throughout the world, not just to encourage others to respond to It, but to give them the strength to become so strong in working to become ‘a Saint’, that they will conquer all obstacles, no matter what the obstacles may be like or who they come from.

A Blessing is a Gift when It gives Strength, Hope, Direction, and a Love such as This One does, because no human being has the power to enlighten individuals to see the Magnitude of the Goal for which human life was created. So be it.”

MAY 18, 1996 AT 5:00 P.M.

GOD THE FATHER

“A *child*, older than most would consider a child to be, works in many ways according to My Will. The work is different than most would expect work for Me, because as I have instructed Many Saints to speak through this *little one*, it is important that men, women and children of all ages recognize Me as The Deliverer, and not she.

The world is in a bondage of humanism, satanism, and it is difficult for all of mankind to see the ugliness of all the situations, in all areas of life that are occurring, that are detrimental to the Souls of those who are involved in what I would term ‘escaping reality, purity of mind, body and Soul’.

This *little instrument* is available to Me all the hours of day and night. I chose her at the moment of conception. This is difficult for many, most, to conceive or perceive such a destiny based on obedience to My Will, but nonetheless, it is Fact, it is Truth, it is Reality.

This Gift of My Divine Love is the Greatest Gift mankind can have, because It is Personal to all who will read the Words, abide by Them, and see the Value in Them that I mean for them to follow.

Mankind talks about love. Ask yourself, ‘Where did love originate?’ Logic should tell mankind I designed love and I hold love for Me special, because through love for Me, the Soul that is in the individual or individuals glows in a way mankind cannot conceive. A Soul in jeopardy is a sadness to Me, because the Soul cries out, *‘Father, please help Me!’*

This Gift of My Divine Love must be saturated in every place throughout the world. It is the Greatest Gift mankind can receive, because you see, Love ensures the Bond between the Soul of mankind and Me. So be it.”

MAY 20, 1996 AT 1:57 P.M.

SAINT TERESA OF AVILA

“I am Saint Teresa of Avila. So Many of Us speak through this *little one* and never mention Our Names, because Our Names often draw attention and the subject matter lessens, because so much emphasis is on Who spoke.

Mankind says: ‘I live in a civilized world. I live in a world where so much progress is evident, and the progress is increasing all the time.’ I would like to ask these individuals what type of progress are they speaking about, and how beneficial is this progress to the Souls of millions of people?

Thousands of children, perhaps millions throughout the world are not being instructed properly on the importance of the physical actions that are necessary to practice, because mankind in many ways, has become less and less and less kind, understanding, protective, interested, regarding the benefits of others.

What mankind does not see is there is a ‘great war’ taking place throughout the world, and ‘this war’

is attacking the moral values, moral standards, moral actions, moral understandings of all age groups. There seems to be very little attempt to follow The Father's Commandments, because there is so little attention paid to Them. Why? Because in the conciseness They are being practiced, shown in print, has diminished Them to a point that totally ignores the full meaning of each Commandment.

Modernization did not do this to The Commandments. Mankind has a way of blaming wrong on what is not fully detailed for the protection of the Souls that are so Precious to God, and also to man.

Ask a child nine years old, what the Fifth Commandment is. He or she might know the few Words that this Commandment has been brought down to. The definition can only be to a degree of understanding, because the child would not be aware of the long list of ways that mankind can practice 'kill'. Just a few are practiced constantly belittling enthusiasm, pure thinking, desire to learn something beneficial. I could go on for hours on this one definition, because the word 'kill' does not mean just flesh,

even though it is included in this Commandment.

Now let us take the word 'stop'. How many times does this word save lives? How many times does the word 'stop' give a chance for something right to happen, something good, something important, something logical?

Now let us take the word 'slander', 'gossip', 'cursing', 'lies'. In many ways there are many definitions; 'bearing false witness' is only one of them.

'Taking the Name of The Lord in vain' is oftentimes acceptable, because it has become for a very long time, an expression that mankind uses to make a point, or give others the idea that they mean what they say.

So many words could be written, the numbers go into the millions. That is why The Sacraments, The Commandments must not be just learned in Their conciseness, but in the full value of what They are meant to mean, and the importance of practicing all that is in Them for the benefit of one's Soul. So be it."

MAY 30, 1996 AT 11:38 A.M.

THE SACRED HEART

“I am The Sacred Heart.

It is sad when We hear negativism where This Miracle of Divine Love is so obviously giving to mankind the necessary Instructions to give strength to their mind, their body, and Grace to their Soul.

There is so much moral confusion throughout the world. There is so much dominance by those who are not really competent in being in charge of others' lives, because they are not morally sound within themselves to be able to guide the mental, physical, or Spiritual of other individuals.

Man talks about enemies, human enemies. They refer to others as enemies, in respect to physical abuses, mental abuses, but many times do not include moral abuses in their full concept of what they concern abuses.

Children are not being taught the importance of The Father's Commandments, and how These Commandments must be applied

to every day's actions, thoughts, suggestions, intentions, directions, conversations, example. The Father has given to mankind so many beautiful, positive, informative reasons for all ages to fully understand what a Treasure human life is, and the Importance of it because of the Goal it is created for.

We hear men and women who consider themselves as having high standards of intelligence, of learning many subjects regarding what is important to men, women and children of all races throughout the world, but oftentimes there is complete omission of the Purpose for which human life was created, and that is to look forward to a Future Designed by The Father for the Soul of every individual born as man.

Through This Miracle of Divine Love, so much has been instructed to all ages on the importance of an individual's thinking, actions, participations, sense of judgment, moral or immoral. So much has been clearly stated regarding that for all human life there is a Goal, because of the Soul that is placed within each

human life individually, that is to return to The Father at a given time.

We see some of all ages read What We have delivered, and We find it sad when those who read the Words see the Logic, the Love, the Intention in the Words, and yet reject the practice of what is so important for the benefit of their own Soul, and the Souls of everyone else who they are associated with, or come in contact with. This Miracle has not been given to the world for one individual, or for a few, but for mankind throughout the world, because of the Importance of human life and the Goal for which it was created.

I see pictures of My Sacred Heart displayed in different places, but oftentimes, or most times, those who look at It do not see the full content of the meaning for which It is displayed in this manner. Mankind understands that the beat of his or her heart is the open acknowledgment as being a living condition, able to act, to think, to create, to express, to speak. Then why does man look at My Heart and not feel that through the openness of showing mankind My Heart, that My Heart is My Love, My Gift of Life to

mankind, for a Reason beyond what human life is all about?

It is important that mankind understand that I am handing at ‘this time’ to the world, Instructions on what human life was created for, and that is to return to Me My Love, by becoming ‘a Saint’. So be it.”

MAY 30, 1996 AT 3:17 P.M.

SAINT ANDREW

“I am Saint Andrew.

In so many places throughout the world, mankind in many ways has become remiss in making prayer a particular act of love and commitment in daily life.

Prayer is important, because it is communication between man and God. When one prays to a Saint, the prayer is immediately heard by God, because All Saints are in communication constantly with God. When an individual chooses a Particular Saint for specific devotions, honor, requests, it is oftentimes heard by Many Other Saints at the same time.

Mankind must learn to understand that Heaven is open to all that is occurring upon the earth. All of Heaven is aware of what mankind is doing, needing, and praying for, also fully aware of all those who are neglectful and/or rejecting this communication that many times is encouraged by an individual's Soul, because the Soul, as a Portion of The Father, is constantly

in direct contact with Heaven, All Areas of It, in ways inconceivable to man's ability to understand.

Today is an important day, but tomorrow is also an important day and time in everyone's life, because each hour of every day gives mankind the opportunity, the privilege to speak personally, intimately with Everyone Here in Heaven. The Father is constantly aware of all conditions, situations, needs, and personal prayers.

The world in many places is in conflict, physically, mentally, morally, but mankind must remember that the Presence of The Divine is as close to the Soul in every individual living. The Soul is not just a Contact for communication, but is a Living Portion of The Divine in every human being.

In learning about this Closeness, it should give every day of life strength, hope, and encourage more communication in a personal way, because no one can ever hide from God or Any of The Saints, because the Soul, as a Portion of The Father, is constantly evident in every way.

A man loses a finger. It is gone, and he or she must learn to use the hand productively. The finger is remembered to be more important than it was thought about when it was evident in reality.

Mankind must understand that each living human being lives with a Portion of God each moment of every day, and that is the Soul. When the Soul is subjected to an impurity, the Soul does not leave the body but the Soul is affected in a way not understandable to man, but the Soul must be protected with acts of purity. It is sad when We find mankind subject themselves and their Souls to impurities, that in so many ways could be avoided.

We talked much today on The Commandments of God, and that mankind should see Them for the Greatness in the Gift They are to mankind, and children of all ages should be instructed on what each one of Them fully consists of, so that any impurities, indignities offensive to the Soul can be avoided immediately.

The world must hear of This Miracle of Instruction, Direction, Divine Concern and Divine Love,

because so much has been delivered and is yet being delivered, to awaken mankind to what a Precious Gift human life is, and the Importance of the Soul that no human life is without.

Many Blessings abound through This Gift of The Father's Love, because His Love for this creation of man is a Love that supersedes all other things He created. So be it."

JUNE 9, 1996 AT 2:15 P.M.

GOD THE FATHER

“Mankind depends upon armies to protect countries any time there is a hazardous problem that lives of a few or many are in danger. I have sent to the world a Miracle of Direction bearing much Information for mankind, to help men, women and children to more fully understand the importance of moral obedience based on My Commandments.

So much conciseness has diminished My Commandments to a minimum of meaning. The Miracle of My Divine Love must spread throughout the world the full Meaning of each of My Commandments.

As I first delivered Them, They were lengthy and touched on every facet of life. Mankind has a way of shortening and/or making such important things concise so there are fewer words to remember. This must not be allowed where My Commandments are, because in Their full in-depth Value, Meaning and Purpose, mankind will hopefully recognize the importance

of Them, thus helping to eliminate so many immoral, indecent practices, occurrences, habits, and sinful acceptances. Sound moral values, standards and practices must begin to overtake the abominations to the Souls of millions of people throughout the world.

I gave This Miracle of Instruction to mankind in the Manner I have because It has a better chance to travel throughout the world by word of mouth, and through the written Words. My Will must not be ignored, because the Souls of all of mankind are a Portion of Me, and mankind must understand This Gift of My Love to mankind is a Blessing beyond what mankind could ever give to those they love or care for. So be it.”

JUNE 9, 1996 AT 3:20 P.M.

GOD THE FATHER

“Man permits, commits, submits to many things that he or she instinctively know are dangerous to their moral code of ethics and to their logical judgment of values in their morals.

Little ones are not being taught the seriousness of their decisions when they are faced with right choices and/or wrong choices regarding their Soul. In fact, rarely is the Soul thought about in any decision, because mankind makes the excuse he or she cannot see the Soul, and have no concept of Its reality except through Spiritual instructions they have been exposed to a few times. This is why My Commandments must be spread throughout the world to all degrees of intelligence, and to all degrees of Spiritual teachings, writings and instructions.”

JUNE 11, 1996 AT 11:17 A.M.

SAINT ATHANASIUS

“The process of delivering the Information regarding This Miracle of The Father’s Love is slower than it should be, because of the Importance of These Messages that have flowed through for a number of years, instructing mankind of all ages, all degrees of intelligence, and all Spiritual understanding.

It is important that All that has been passed through this *small instrument* of The Father’s, reach mankind as soon as possible, not just locally, but it must be handed worldwide because of the Souls of every individual born in the human way.

The educational systems throughout the world many times eliminate the importance of sound moral values, sound moral standards. Also, justice in many areas of how man deals with other men has decreased in many ways, and this must be notably seen for what it is doing to mankind

in every area of human life, mentally, socially, spiritually.

Mankind makes excuses, basing things on the necessity to follow new trends, ideas, ideals, because of how civilization is changing. Since the beginning of the Creation of mankind, there have been many types, degrees of intellects, opinions, practices, and human understanding regarding all areas of life.

This Miracle given to mankind by The Father is concentrating on the Importance of the Soul of every living human being, because the Soul, as a Portion of The Father, must be cared for, respected, and seen as the Portion that will live on Forever, because of Whom It is a Part of.

We hear so many opinions from mankind that are deliberately based on humanism, eliminating the Soul, and We hear so many concepts on the Importance of human life that are in many ways based on self-love, self-importance.

The world must hear of This Gift of Divine Love, This Gift of Importance to every living human being, because mankind having been designed for

the Goal of Sainthood, must never not see that human life has a Goal beyond all other things, and that human life has a Soul that nothing else has, thus making human life, through the intellect, through moral values, more fully understand that human life has a Purpose to be reached, a Goal to be reached.

So much has been instructed through This Gift of The Father's Love. All degrees of intellect can understand It because It has been put so simply, so logically, so clearly, so lovingly, so directly. Truth has a way of standing above all other things, and in All that has been delivered, mankind must understand that Truth is not just the Foundation in This Miracle of Divine Love, but is the Purpose that The Father has designed for mankind to see as a Gift of His Divine Love made 'openly'. So be it."

JUNE 11, 1996 AT 1:13 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. It is difficult for many men, women and children to understand Our speaking at this time, directing mankind to a fuller understanding of the Importance of what human life is all about, What it contains that is worth more than any wealth, jewel, that mankind can have. It is called ‘the Soul’.

We sometimes hear individuals say, ‘If the Soul is so Important, why does not God allow us to see It, to feel It?’ These people who ask this question should think of it this way: Do they see their heart beat? Of course not. Because of the precious importance of the heart, it would be vulnerable to so much danger if it were placed on the outside of the body, vulnerable to everything wrong that could happen to it.

The Soul is a Very Important Part of human life because It is a Portion of God that is placed within the conception, and all through an individual’s life, It is vulnerable to

everything the individual partakes in, speaks, or is example of, just as the heart is the recipient of the same things. Children must be taught about the Soul, how Precious It is, how Important It is, and never omit It has a Goal.

So Many of Us Saints feel what a privilege it is to partake in This Miracle of The Father's Love, for all of mankind to be better informed, more correctly informed of the Importance of human life, and how closely associated it is with The Father, with His Divine Love.

Children are being neglected in many ways physically, morally, spiritually, because they are not being instructed on the Purpose for which life was created, the Goal for which it was created, the Divine Love in which it was created. We hear so many false statements, false accusations, false interpretations, false ideals, and false personal opinions on what human behavior is responsible for, and who it is responsible to.

So Many of Us Saints could speak continuously, never allowing one minute to pass. It would not be

humanly possible for mankind, nor physically able for *an individual* to speak All Our Words, Our Directions, Our Concerns, because the human body has to have time to rest, to give it strength for all the other things in life that are necessities.

Granted, We talk much more than is written through this *little one* The Father has chosen. Many times What We say is so indelibly written, remembered in her mind, that it appears as conversation, allowing those who hear the Words to feel comfortable, feeling and understanding All that is spoken to be human communication.

The world has been Blessed abundantly in an Extraordinary Way through This Miracle of Divine Love, that in truth is available to mankind every day. So be it.”

JUNE 15, 1996 AT 5:30 P.M.

“This *little one* The Father uses to deliver so much Information, Instruction to mankind of all degrees of intelligence and all nationalities, never leaving out the Spiritual Values that are pertinent to every human life.

It is difficult for many to understand such a Gift of Divine Love, because in every facet of It, what is best for mankind’s thinking, actions, motives, interests, goals, is in many ways not just touched upon, but many times thoroughly spoken about, so that mankind can obviously see the value of decisions that will in every way give strength in all areas of human life.

As this *little one* is seen by many people who have no concept of how she walks, it is evident to those close to her that these people, no matter what age they are, feel Our Radiating through her Words, her Actions, and her Care for each of them in a personal way.

This *little one* is going through a very difficult ‘Preparation’ mentally,

physically and spiritually, because of the necessity to be able to continue to not just be able to dictate what We say, but to face all the inevitable persecutions of envy, jealousy, lies, and even hate, that she is aware of in many ways.

Each time a Blessing of This Greatness is given to the world, there is much sacrifice by the one chosen to be *the instrument* of direct contact where God Wills it to be. It is a sadness to Us to see so much opposition to such a Great Gift of Divine Love.

Mankind rarely recognizes the value of a Gift, whether it is Spiritual or a Gift that puts a big hardship on another individual. Mankind's justice is totally different than The Father's, because mankind, through his or her understanding, many times does not fully see the Greatness they are faced with, but only see a slight, almost shadow of the reality of such Divine Love.

So many have been Blessed through This Great Miracle. So many have denied This Blessing because of their lack of understanding the Greatness of The Father, and the Love

extended in each life; that is, through That Portion that each conception receives, called 'the Soul'.

We hear men and women with much formal learning, Spiritual and otherwise, totally ignore the Fact that within each human life there is a Gift of Divine Love that makes human life different than all other living things. This Miracle is a Blessing to all nations, all races, all denominations of Spiritual Faith. There is no place, no group of people or individuals that It is not meant for. So be it."

JUNE 17, 1996 AT 2:18 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. As Each of Us are allowed to speak through This Miracle of Divine Love, We consider it a Personal Privilege from God, because it is important for mankind to understand that the Creation of mankind was Special in God’s Eyes, in His Design. The Eyes of God are beyond man’s understanding, because the Eyes of God are not as mankind knows eyes to be.

In the Design and the Creation of mankind, The Father instilled into this Creation of His, certain important parts, giving to this Creation the abilities that would make this Creation, mankind, superior to all other Creations of His. He gave mankind the senses, because in the senses it ables mankind to see, touch, hear, speak, feel, smell, and be able to act efficiently because of these senses, also purely.

Then He instilled into mankind the ability to learn many things, many subjects, thus allowing mankind to

be able to be committed to different abilities in life, and not just be aware of one source that would put all of mankind in an area where there would be no way to use everything that He instilled that was meant to be beneficial to a life of action, a life of motion, a life of learning, teaching, instructing, understanding; a life that was given to participate in so many areas that was to give mankind an understanding that through the abilities, the sensitivities, they were special in design, and that The Father used many of His Capabilities, His Intellect, for mankind to be closer to Him and see the Importance for which He created mankind, which in terminology, He allowed mankind to be able to say that He designed mankind to His Image and Likeness.

These Words are important because so few men, women and children see the Generosity of God, or do they understand the Importance of human life as He intended it to be. When an individual realizes, accepts, that he or she has the opportunity to reach a Goal of Sainthood, this should give to the individual a feeling of equality with all others born to the world, but also should give a moral and mental, plus

a physical strength in how to use this human life for the Goal He intended: to become ‘a Saint’.

We hear some say, ‘What does a Saint do?’ This, of course, is a human question. My suggestion is: Make It your Goal, and The Father will then show you the Beauty of Sainthood, the Importance of Sainthood, because it will be at that time that His Personal Love will definitely show in a way, in a manner, at a time that He knows you are ready to accept the Gift of His Divine Love, that no other living thing is given. So be it.”

JUNE 19, 1996 AT 11:42 A.M.

SAINT CHRYSOSTOM

“I am Saint Chrysostom. So Many of Us are privileged to speak through This Precious Gift of The Father’s Love, helping mankind to better understand, encouraging mankind to see the Value of what a Gift human life is.

Mankind talks about receiving expensive gifts, diamonds and other jewels that to mankind bring joy, happiness, love. It is important at this time that mankind throughout the world begins to see what a Great Gift The Father has given, instructing mankind on what a Precious Gift life is to every human being.

Mankind cannot see the Soul, but innately man knows that human life has More to it than what each day shows. First of all, it is innate in men, women and children to seek important goals, to desire gifts of worth, and also to be able to partake in important roles. If mankind were not designed in the way The Father did, how could mankind feel so strongly about all

these things, and know that human life is Special, and that human life is different than any other living thing?

Mankind does not hear the Soul speak, nor does mankind feel the Presence of the Soul, but logic should tell them that knowing right from wrong, good from evil, gives mankind automatically a Special Role, a Special Purpose, a Special Goal.

Little ones are not being taught the importance of what is right, what is wrong. There is too much leniency in their actions, their practices, and this is detrimental, because it does not give them the strength to use what they know is valuable over what is unimportant, or even trite.

The Father has given mankind This Miracle of His Divine Love. It does not take a great degree of intelligence to understand All that has been given verbally and through the written Word, for mankind to see what a Blessing The Father has placed in the midst of mankind.

Much Love passes through this *little one* to those close to her, and many times to those who casually come in contact with her, because One or

More of Us draw her attention to them, and many times cause her to say things that the individual or individuals will think about, be concerned about, or remember at a time later that will help them in some way, some form, some manner, to say things or to act out in some way that they will never connect the situation, the time.

This Gift of The Father's is beyond human ability to fully understand how He extends His Love so generously, but all through time He has used 'an individual' in many ways, so that many will be the receivers of Information, Guidance, Truths, Directions, and His Love, even though they will not associate Him when they use it for a purpose, a need, at the time they do.

The world has been Blessed by The Father through This Gift, by allowing so Many of Us to dictate Words of Love, Direction, Hope, that nothing else written can give in such a concise way with so much Love from Heaven. So be it."

JUNE 19, 1996 AT 12:55 P.M.

**SAINT COLUMBKILLE
AND SAINT KILIAN**

“We are sharing this time through This Gift of The Father’s that mankind should treasure, because of the Love that is in This Miracle of His Divine Love; so much Direction that is always given, encouraging mankind of all ages to see what a Precious Gift human life is, and that the Gift within mankind is of Divine Origin.

When an individual receives a gift and they know that this gift is given with sincerity, the gift is treasured many times, not always because of its worth monetarily, but because of the intention in which it was given. The Father in His Design of This Gift of His Divine Love, called ‘a Miracle’, is truly a Miracle. Mankind cannot fully understand the Greatness of This Miracle, but mankind must, in listening to the Words, in reading the Words, value what is meant by the Words.

When a man, woman or child hands a gift to one they love, there is

happiness in it, joy, and oftentimes the gift, no matter what it is, draws them together in a way that gives strength to the relationship. This is The Father's Intention through This Miracle of His Divine Love; All the Instructions, plus the Words of Direction showing His Love for mankind, allowing Us to deliver His Words in the Order He Directs Them to be, because of the Souls that are being protected by an individual or individuals who are the custodians of these Souls.

When an individual is given the task to protect another one, it is an important task, and it is expected that the protector does not deviate or get sidetracked because of the responsibility. Compare that Statement to All that has been delivered by so Many The Father has directed to give to mankind strength in many areas of life, plus hope, plus the security of knowing that The Father is close to every living human being, because of the Soul that is within each human being.

This Miracle of The Father's Love must be passed throughout the world, in every language and in every way possible for mankind to accomplish,

because it is so important for no Soul to be neglected because They are not in the immediate area where This Gift is being verbally given, and the written Words quickly available to everyone close by.

We hear mankind talk about responsibility. This Gift of The Father's Love is a responsibility to everyone who is close to It, and those who will hear about It in distant places, because no human being would have such Personal Love for mankind, due to the fact that living every day has many distractions in it. That is why The Father has permitted and directed so much to be recorded Word for Word, so that no human being could possibly be left out on What He has directed to be spoken about, because of the Soul of every individual that is a Treasure beyond what mankind can know a treasure to be.

Ask yourself: What could be more important than to know that within you, you have the Greatest Possession in the world, a Portion of The Father, called 'a Soul'? So be it."

JUNE 19, 1996 AT 2:50 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

It is difficult for some learned men and women to accept a Miracle of This Greatness, because basically, mainly they do not have the Faith in how much The Father truly loves mankind. Faith is a powerful connection, closeness to reality, because Faith gives strength, purpose, and oftentimes enables an individual to perform great acts of service, and great acts of love for others, to others.

The Father designed This Gift of His Love, This close contact with mankind through *a small voice*, because it is easier for mankind to hear a soft voice than a booming expression of Direction, of Love.

There are so many important facts, factors spoken about through This Miracle. Some men say, ‘Why is It called “a Miracle”?’ This is a sadness in one way, because mankind has faith in so many areas of life that are really not helpful or suggestive of what is morally sound, morally good, morally

protective of the lives of human beings or their actions.

A Miracle of Divine Love covers every facet of human life, every area in which mankind can be, or is involved. This Miracle has been in many ways a Miracle of Instruction, touching on every facet of life, every age of life, and every degree of mentality.

It is important for mankind to not just hear of This Miracle, but to read What is spoken through It, because there is so much that in reading It, all ages will be able to associate personally some portion of their life, and will be helped in many ways to more fully understand that human life is a Gift of The Father's Love, and that human life has a Goal beyond any other living creature, living thing.

Many times when We see people of all ages involved in permissiveness of any sort, sinful, impure actions that can cause the Soul harm in any way, brings a sadness beyond what mankind knows sadness to be. We hear men, women and children say: 'I am only human, I'm not perfect. I'm expected to participate in what life is all about, even though many

disagree.’ This, of course, is a brash statement, a statement that could be termed ‘insolent’, ‘degrading’, because mankind knows of God’s Commandments. Mankind knows that These Commandments are the Foundation of how The Father expects mankind to approach every avenue of action, of thinking, of acceptance.

These Commandments are rarely written in Their full degree of meaning, of interpretation, because mankind has a way of diminishing the Content, of course, making excuses every time he or she does this. The Commandments were delivered in a fullness covering every facet of human thinking, human abilities, human actions, human participation with each other and with many areas of life. It is a great sadness to see These Gifts of Divine Love shattered by Their briefness.

Mankind must have These Commandments placed before them in the fullest degree The Father Decrees to be, because without this mankind will not see the Greatness, the Importance These Commandments are for, in every facet of human life, for every age group.

It is important that children not be allowed to ignore The Commandments of God at a very early age, because if this occurs it will become a habit, and as mankind knows, habits are difficult to break. The world right now is in a terrible state of immorality. The world today is accepting all forms, all degrees, all types of immoralities, bent on modernization in their humanistic evaluations regarding moral values and moral standards.

A thousand pages, a million pages could be written on the importance of These Commandments to every race, color and creed of mankind in existence now and for the rest of time.

Today These Words spoken by Me are of Great Importance, because The Commandments of God must be forced to be openly brought to the attention and not hidden from the world of mankind, no matter what language they speak or what so-called 'religion' they follow. So be it."

JUNE 20, 1996 AT 12:50 P.M.

SAINT CHARLES BORROMEIO

“I am Saint Charles Borromeo. I have spoken through This Gift of The Father’s many times, not always announcing My Presence or the Words coming from Me. Wherever this *little one* is, oftentimes One of Us is speaking.

We see those to whom she is talking look at her in a different way because of Something they feel, but they do not make an issue out of it because the time is more important, and they want to be sure they don’t miss the time or the Words.

A short time ago, We were present when this *little instrument* of The Father’s was explaining a very important issue to a young man. He listened intently, and as he knelt down by her side, the Words We spoke through her, he will never be able to deny. He felt her protection, sincerity, honesty, concern, and a love for him that he would not be able to explain at another time. She knows who I speak of.

There have been many times in her lifetime, before the Formal Announcement of This Gift of The Father's Love, that many who came upon her presence were fully aware that the conversation between them was different than their conversation with anyone else. Granted, some were concerned about the subject matter, because they immediately knew there was a warning in It to them, a concern for them, and a form of Love felt because of the warmth in which they were spoken to, the sincerity in the Words, and yet in the Words there was a deliberateness so they would remember this time with her. This happens often, more times than anyone is aware, because We are constantly by her side, in touch with her Soul, in case there is some need for a moral repair.

As This Gift of The Father's Love is such a Precious Gift from Him, It is also allowing Us to share Our Love for Him with all of mankind. This may be difficult for some to understand, but what I am saying is sound Fact and important for mankind to know. Our Presence is constant, continuous. We hear all that is happening, occurring,

because The Father has given to mankind This Precious Gift of His Divine Love, a Communication verbally, physically, so that mankind can more fully understand the Closeness The Father is to every man, woman and child through the Soul He gave at the moment of conception. So be it.”

JUNE 24, 1996 AT 12:30 P.M.

THE SACRED HEART

“I am The Sacred Heart. I hear some say, ‘How can a Heart speak even if It is The Heart of God?’ In words such as this there is truly a lack of Faith in how The Father expresses His Love for mankind.

Mankind says, ‘I love you with all my heart.’ In reality, it is an expression that tells others the same thing that The Sacred Heart says to all of mankind. The only difference is man’s heart is of human flesh, The Heart I speak with is The Heart of Divine Existence, Divine Love.

It is important for youngsters of all ages, all degrees of talents, all manner of living, get to know All that has been spoken through This Miracle of Divine Love. So many times We hear parents or adults speak only to others their own age regarding This Miracle that has been given to mankind with Divine Love, Divine Hope, Divine Guidance.

Children are not being taught what an Important Part God is

through their Soul that is a Portion of Him. We hear some say: 'How could I explain a Soul to my child? It would be impossible, because a child's mind could not comprehend such a situation.' I say to all who think this way: 'You are wrong, because as all ages know that the heart is in many ways an expression of love to others, this was started a long time ago. So why would not The Sacred Heart of God be seen as the Ultimate Act of Love from God to all ages, and all people throughout the world?'

Mankind many times ignores a simple Statement that could change another individual's whole life, whole understanding of what human life is all about, thus allowing this Statement to be seen for the importance It is, because My Heart loves all of mankind. My Heart does not say that one color, one type, is all I concentrate on.

Every home should have a picture of My Heart. Every human being should be able to depend upon My Heart, because My Heart says that I beat with Love for you, and that My Heart is Sacred and Ever Aware of all you do.

Children should see The Heart, and grow to depend upon It, respect It, and yes, love It, because a child's mind can associate the beat of his or her heart with a Living Part of What I Am, Who I Am. So be it."

JUNE 24, 1996 AT 1:14 P.M.

SAINT JOHN, THE APOSTLE

“I am Saint John. This Gift of Divine Love The Father has given to mankind is a Gift beyond man’s understanding, because it is a Gift of such Greatness, such Divine Love, that mankind finds it difficult to understand such a Degree of Love.

As The Father has directed All of Us Here with Him to continuously instruct mankind in a Way, a Manner, in Words that mankind can easily understand, The Father has sent This Gift of Divine Love to the whole world at a time when It is much needed, due to so much diabolical presence in every area, in every place that mankind exists.

I hold *the little one* deeply, because there are Many of Us present. Our faces are evident to her and she is fully aware of the Importance of Every Word she must repeat, because millions of people throughout the world must read All that has been delivered, and find in the Words that Personal Love that radiates through What is spoken,

and of course, because of the Nature of This Gift of Divine Love that is so Precious to the Soul of every living human being.

She stares at the Vision and tries to see the faces more clearly. We All smile at this, because she tries to identify Who Each One is. Mankind would say, 'What would prompt her to think she could recognize Each and Every One present?' What they do not understand is that since her birth, her 'Preparations' were continuous, to be able to deliver to the world on a second's notice, What The Father Willed for mankind to hear, or to read, or for many, both of these things.

I ask you now to picture for yourselves, first a thousand people, and try to identify their faces. Now let that number rise to five thousand, then ten thousand, and even more. Have you met that number in your lifetime, that you would recognize them by name? I doubt that you have, but what mankind does not fully understand regarding This Miracle of The Father's Love, is that We are always present at good times and at bad times, and We are aware of all things that occur, all things that are

spoken, and We are aware of sadness, happiness, and all things that make up the nature of human beings, for do not forget, Most of Us Who speak were at one time living as you live. We had what mankind would call 'an intellect, certain abilities, feelings, human feelings, sensitivities to situations and people'. I could go on and on.

It is important that All that has been delivered be passed throughout the world. Some may say, 'That is an impossibility.' I say, 'Have you ever heard an expression used oftentimes: "If you say it loud enough, someone will hear it, someone will repeat it, someone will agree with it, or disagree with it"? because you see, the voice, on any subject, has the way of remaining in the minds, the thoughts of everyone who hears them.'

There are those who just need to read on a subject matter, and they automatically share it, especially if they are questioning it; or some who get enthused about a subject want to share it, or want an opinion on it. Speech in every language connects mankind together.

Another thing that is very important is the will of man, how he or she uses it. This can have a lasting effect on all who come in contact with it.

All the Facts on the Crucifixion dwindled down through time, but remember one thing, the Fact that It occurred is yet spoken about, and oftentimes used to drive some point of direction to those who hear what is said, or who may one day read some descriptive form regarding It.

I will draw her slowly out of the Vision to partially erase the Vision, because it is so overwhelming, and also, What I have said is important to be remembered. This Miracle must travel throughout the world because mankind is in great need of It throughout the world. If you were to see all the demons that are working with such great energy, you could not stand the sight, nor could you stand the stench. I promise you, you could not stand the scene.

I will withdraw her slowly, but I want you to know that What I have spoken is of Great Importance, because This Gift of The Father's must become

known throughout the whole world because of the need of Souls. So be it.”

JUNE 27, 1996 AT 12:23 P.M.

SAINT TERESA OF AVILA

“I am Saint Teresa of Avila.

This Miracle of Divine Love, This Gift of The Father’s for all of mankind, is in many ways being victimized by those who feel degrees of jealousy because so much is being given to mankind that speaks only Logic and Sound Values, Sound Reasoning, Sound Purpose.

Whenever The Father sends to mankind a Great Gift of His Divine Love, ‘the receiver’ of the Gift is punished by many who do not have the Faith to understand the Magnitude of Divine Love for all of mankind. When I say punished, I mean wrongly spoken about, and much of this is based on jealousy.

The Father, in His Design of This Miracle, had the whole world of mankind in mind, and that is why it is important for mankind to accept the responsibility of putting All that has been delivered into as many languages as possible, so that no one can say

they have not heard of This Miracle of Divine Love.

Everyone cannot be present where It is being delivered. That is why it is so important that the written Word be passed throughout the world and as soon as possible.

Some might think this to be impossible. I say, 'Nothing of this nature is impossible, because there are many who speak many languages, and they are to be approached to perform this task, because of the Nature of the task, the Reason for the task, and of course, for the Importance of this task for That Portion of human life, the Soul.'

Never allow a denial or a negative response stop you from doing what you must do. When the physical is in need, mankind reacts immediately and looks for all sorts of help, all means to gain strength, because mankind knows that this is important for the whole body, mental, physical, and of course, the enthusiasm, the practicality of an individual or several individuals, whatever the case may be.

We oftentimes see long lists of things that are good for the physical

portion of mankind, but We do not see as much enthusiasm for the Spiritual Living Part of human life.

There are sermons by some who feel they have the ability to preach, but for the most part, much of themselves is integrated into what they say, what they write, and much is omitted because they do not have What This Miracle of Divine Love is giving to mankind, and that is, All of Us Here with The Father have been requested to watch over This Miracle and to instruct mankind in a way, a manner, a degree, on the Importance of human life, and the way to use what they are as an individual, to help others understand that each human life has a Soul, and this Soul is a Portion of The Father, handed at the moment of conception, giving human life a Special Purpose.

Thousands and thousands and thousands of Words have been spoken through This Miracle of The Father's Love. It is important that no one, no remark, no gesture, no written words that deny This Miracle should interfere with It being passed throughout the world for the Souls of millions of all races, all colors, all

creeds, all personalities, all degrees of intelligence, all vocations of life.

It is important that mankind receive What We have delivered. So be it.”

JUNE 27, 1996 AT 12:59 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

It is difficult for some very learned people to understand what a Great Gift of Divine Love they are receiving when they read What The Father has Directed to be delivered by Himself and Many of Us Here in the Heavens.

It is sad to hear mankind say This is not true, and yet the very same ones who say it, need It to help them follow a more secure way of living. By secure, I mean morally, physically, spiritually, using their intellect to make choices, helping them to avoid wrongdoing and look to what would be logically sound morally.

It is sad to see so many ignoring The Father’s Commandments, because They outline the importance of man’s actions, thinking, and help mankind interpret more soundly, more purely, what is right, what is impure, what is sound in thinking, in practice, in actions, also in example.

We hear some who read What We have spoken, and openly make excuses against the reality of What God would allow to be done so Personally at a time like this.

We hear men, women and even children, screaming out loud, ‘I am a Christian.’ I ask you: What is a Christian? Would not a Christian, in its full meaning, mean to live by God’s Commandments, and to be conscious that within each human life there is a Portion beyond man’s understanding that has to be Something of Superior Being, to give man the conscience that man has been endowed with, and the ability to choose right over wrong?

All that is spoken through This Gift of The Father’s Love is not to be held in a drawer or in a place where no one is able to read the instructive, constructive Gift of Divine Love. All the denials of those who do not have the Faith to understand such a Gift, do not make What is spoken untrue.

Children at very young ages should be taught the value and the importance of loving The Father, and that they have a Portion within them. They cannot see It, but the very fact

that they know right from wrong, should tell them that because they have the ability to make a decision, to choose, to accept, means that they, within their mind, have been given not just intellect, but the ability to choose right over wrong, good over evil.

When We hear an individual or individuals boldly deny that This Gift of The Father's Love through so Many of Us Here in the Heavens can be true, We say, 'Do not stop reading What you have been handed, but look within yourself where changes must be made, because you have a Soul that is the recipient of all you do, all you think, all you say, all you participate in, all you are example of every moment of every day.' So be it."

JUNE 27, 1996 AT 1:45 P.M.

SAINT ELIZABETH OF HUNGARY

“I am Saint Elizabeth of Hungary. It is a beautiful sight I see on This Side Where I am, and when The Father Wills that One of Us speak through This Gift of His Divine Love to mankind, We All share in Everything that is to be spoken for the good of mankind.

Children are not being taught what a Beautiful Gift of Divine Love human life is. Sometimes when books are read that are not always facts but imagination of the writer, a great impact is felt by the reader. The impact says enjoyment or an awareness of what others have experienced, and there is a deep mark left on the memory of the reader.

Today, all ages are being exposed to many forms of activities, interests, entertainment, that are definitely detrimental to the purity of the mind and the body, and the recipient of these things is the Soul that each living human being has been gifted with.

The Soul, as a Portion of The Father, is given in a Pure State at the

moment of conception, and this Soul is the recipient of all that occurs through the individual during the individual's time of life.

The Reason for God's Commandments were to give mankind His Personal Direction, because of the Soul that is the recipient of all that an individual participates in or does willfully through the human way of living.

Let us go now to one of The Commandments. We could speak hours on each Commandment because each one, in its full meaning, covers many areas of mankind's thinking, actions, responsibilities, and example to others.

The Commandment I would like to mention is, *'Thou Shalt Not Steal.'* I can already tell you that those who will read this Commandment out loud will deny the fact that they ever participated in stealing, because they associate this word, this act, only in the way they can relate to.

There are many forms of stealing that are rarely thought of in this word. Ask yourself: 'Did I ever steal the dignity of another human being

by lying about them, by lying to them, by speaking in a manner to them that was impure, demeaning? Or did I ever steal a personal item from someone, not really thinking I was stealing, but I borrowed it and never returned it?’

Volumes could be written on how many sins could be committed against this one Commandment that mankind deals with in many ways.

God’s Commandments are not being instructed on in Their fullest measure to any age group, and it is important that mankind of all cultures, all ages, begin to look at These Commandments personally, individually, characteristically, because there is so much humanism throughout the world and These Commandments, if looked upon, looked at in Their in-depth meaning, there will be fewer sins violating the purity of one’s Soul.

Many times, when What We have spoken has passed on to others, We are fully aware that the individual or individuals are reading What We spoke, but their interpretations very often omit their behavior and they look at It in such a general form, and

almost as if the Words were meant for another time, other people.

This is a sadness, because This Miracle in which I speak and Others speak, has been given to mankind to awaken, to alert the human mind, the human actions of an individual or individuals, to the importance of everything they do, they say, because of the Soul that is the recipient of the individual's motives, ideas, practices, and understanding of the importance of purity of mind and body for the protection of the Soul that they were gifted with at the moment of conception. So be it."

JUNE 27, 1996 AT 2:48 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph. This Miracle that bears My Name is truly a Gift of Divine Love. I know that the Words ‘Gift of Divine Love’ are repetitive in This Miracle, but The Father’s Love for mankind cannot be described more fully than to say, ‘This Miracle is a Gift of Divine Love.’

Throughout the world We see men in high positions of theological background ignoring This Gift that is so generously, lovingly given to the whole world, to all people throughout the world, people of all ages and all different Spiritual beliefs, strengths, and sound manner of communicating with The Father; also, in the language of their birth, the place where they live.

When The Father gave This Gift of His Divine Love through *a small voice, a small child*, a long time ago, it was not just for this present day, but for all time to come, because All that has been given and is being delivered is the Basis for which mankind must

understand what a privilege it is to be born as man, because of the Soul that each one has within him or her from the moment of conception.

The Soul is not just the recipient of all that an individual does, thinks, speaks, participates in, but in many ways the Soul is an Inner Voice in every individual, letting the individual know what is right, what is wrong, what is special, what is important, what is logical, what is truth, what is untruth, what is important for the Soul at any given time. The Soul, as a Living Portion of The Father, is truly a Living Portion of every living human being.

We hear It called many names: ‘Conscience’ is one, ‘sound Spiritual values’ another one. Conscience is sometimes used as the line of distinction between right and wrong, good or evil, truth or untruth. Whatever It is referred to, gives an individual a sense of reasoning, and this reasoning can be a feeling of doubt as to the correctness of something or in some ways a reluctance to participate in some way, some form, some manner, some degree, because instinctively the

individual feels a reluctance, or has an innate questionable attitude.

Human life has so many Gifts, the list is endless. Sometimes people only refer to the Gift of hearing sounds, voices, the Gift of sight, the Gift of touch, the Gift of smell, the Gift of taste. These are only Gifts of drawing an individual's attention, but there are a multiple number of Gifts in every human being.

This Miracle has been given to the world, instructing mankind on the Importance of the Gift of human life, and the Importance The Father feels for this Gift by placing within each life a Portion of Himself, namely 'the Soul'. This Soul is a reflection constantly in participation in everything that an individual is involved in; also, the Soul is the recipient of all decisions in which an individual is involved.

It is sad when We see so little understanding of what human life is, and how The Father designed it with dignity, in dignity, for a Purpose beyond any other living thing He created.

This Miracle has been given to awaken mankind, to alert mankind, to

instruct mankind on the Importance of human life, to treat it as a Gift of Divine Love, and never debase it in any way. The Love that is shown through This Miracle is beyond human comprehension, but there is no human being born that does not sense that in their being there is Something they cannot see, they cannot touch, they cannot physically feel, but they know It is there.

When an individual says to someone close to them, ‘I love you,’ they mean that they feel in that relationship a unity, a togetherness, and a responsibility.

The Soul is a Gift of Divine Love. Should not this Soul be treated purely in every way, responsibly in every form of action, thoughts? There is no love greater than The Father’s Love for mankind, and all of mankind should be aware of this. So be it.”

JULY 8, 1996 AT 12:08 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

Even though it is difficult for many to believe, This Great Gift of Love, of Instruction, that The Father has designed, giving to mankind Personal Guides, Guidelines through Words of Direction, must never be dismissed or ignored, because there is no place throughout the world addressing so many Spiritual Guidelines, Facts, Truths, Directions, as This Miracle is constantly doing, and has been for a very long time.

Children should be instructed by What is contained in These Books that contain so much of What The Father has Decreed to be written. If the Words were not of such Great Importance, there would be no need to write Them down. All the Lessons, Instructions, would have remained in a verbal form for only those present at given times.

As I stand Here in the Heavens, and am allowed by The Father, instructed by The Father to deliver to mankind the Importance of the Soul

that is a Portion of The Father, that each human life becomes the custodian of at the moment of conception, it is important for mankind to see the closeness human life has with The Divine.

We hear negativism, insulting accusations by those who do not have the Faith to believe that a Miracle of This Magnitude is being given to the whole world, leaving no race of mankind out, because All the Writings that have been delivered must be translated in every language possible.

Children must be taught how to pray, and be instructed that prayer is communication between themselves and The God Who created them. It is important that children become fully aware that they have a chance to become 'a Saint'. Some will say, 'What is a Saint?' The explanation is simple. Just say, 'Your creation by God was a Gift of His Love for you, and everything you are capable of doing should be the best you know how, to return to Him That Part of you called "the Soul", that is a Portion of God within you.'

It is amazing how many children will more readily understand These

Words than some who have grown in years, because the mind is open to learning, to loving, to sharing, and to the Importance of a Goal that will give them a Place that nothing else in life can. Children, many times, think deeper than they are given credit for, also more exacting, and once they learn the Importance of their human life, no matter what occurs, it is indelibly marked within them. It is The Father's Gift of Divine Love, for the Purpose for which He created mankind, and they should be told this.

If you say to a blind man, 'You will see soon,' even though the blind man does not understand how, you have given him the indelible hope, whether you understand its degree or not. So it is when an individual is told that they have a Soul that is a Portion of God, that will return to Him representing them for All Time.

Man talks about Life Hereafter. It is through the Soul that represents the individual, and this State of Being is Greater than human life could ever be. So be it."

JULY 8, 1996 AT 1:00 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. It is difficult for mankind to fully understand Any Saint saying, ‘It is a sadness to Me when We hear someone say they cannot believe in What We speak, and that We speak through a human being in the world.’

The world is saturated with ideas and ideals based strictly on humanism, totally ignoring Who The Creator had to be; first of all, of the universe, and then all other things. Mankind thrives on many advantages such as the ability to do things, say things, and physically do things that cause the physical part of an individual to be active, such as the arms, the legs, the head, the eyes, the mouth, the nose, the fingers on the hands.

So much has been taught through This Miracle of The Father’s Love, so many things delivered in such a Personal Way, causing some reading or hearing the Words to say, ‘I understand that Phrase, that Wording, because I

can apply it to what I am, how I live, how I think.'

It is a sadness to All of Us Here in the Heavens to see so much desecration to human life, so much violence, so little understanding of the Importance of human life, and of course, so little respect, love, for The Creator of human life.

A child looks at his or her hand, and the child automatically understands that hand is an important tool, because it is useful. It can hold things, it can do things that the head cannot do, the arm cannot do, the feet cannot do. A child is told he or she has a heart. They cannot see it, so they are taught to feel the beat of it, but a child does not concentrate on its heart like it does its hands, because through the hands there is activity. They use the hands to eat, to play with toys, to put things together, to use utensils, to dress themselves. The hands are almost unlimited in the eyes and the mind of not only children, but adults.

When We look at a human life, We see the Magnitude of the design, the importance of every part of that body,

because every part, every portion has a purpose.

Now let us look at the mind, the intellect. The intellect is special in that the intellect is the driving force in many areas, most areas of human life. The intellect has many degrees of understanding, of purpose, of goals. The intellect is like a perpetual form of motion, able to think on one subject, and another subject, and another subject, and another subject, in a very short time. The intellect has in-depth abilities, and it is through the intellect that mankind can understand the privilege of human life, and that human life has a Purpose because of its manner of creation. The intellect tells mankind there has to be more to human life than how one exists in a normal way, actively using each day either in a routine form or in many activities that the body and the mind are capable of doing.

Children should be taught to think purely and to not allow anything to interfere with what is right, what is good, what is best for that very Precious Gift, human life.

I could speak on this subject for an unlimited time, but it is important that mankind receive Our Messages that are not too lengthy for them to absorb important points of Direction, of Instruction, of Divine Love. So be it.”

JULY 8, 1996 AT 2:47 P.M.

SAINT ANNE

“It is important for mankind to be aware that God is everywhere. Perhaps this Statement was taught or spoken about a long time ago. You might have been one of the ones who heard it, but ask yourself: ‘Do I remember it every day? Do I think about it in any way? Am I so aware of God’s Presence that I watch every word that I say, everything that I do?’

So Many of Us speak openly, clearly, with much detail, and as It is written, We whisper into each one’s ear, ‘Others must read What We have just said, because they were not here.’

Every prayer is heard and every prayer is answered, but not always in the degree, manner or way as the individual feels it is best, for some reason, some time, for some need or care.

We use *a small voice* for many reasons, because if the voice were shouting at all times no one would listen, because it would be difficult for many ears. The reason for All of

Our Words to be written is so that millions will be able to share Our time with those who are writing the Words, because obviously everyone cannot be near.

My Love for mankind is a Love that is easy for everyone to understand. It is the love of a mother for a child, and the necessity to care, because in caring there is protection, in protection there is an obvious sharing, and in the sharing there is a closeness that gives to life a very important association, connection, in ways nothing else can.

We hear men speak after they read Something that has been delivered. We hear negativism, and We hear them make determinations because they lack a degree of Faith in how much The Father loves each human being, no matter what age, no matter what degree of intelligence the individual may have.

The world is in turmoil physically, mentally, emotionally, spiritually, because mankind resists understanding the Importance of why human life was created, and the Goal for which it was created: to return to God, a

Saint. We hear pessimism beyond what mankind could possibly understand, because very often pessimism is a way of disagreeing, choosing a way to misunderstand an important issue, statement, point.

I ask you to picture a room full of children, all ages, all backgrounds, all degrees of intelligence, all degrees of Spiritual understanding, Spiritual goals, Spiritual beliefs. In this room you might find more hate than love, more nonsense than truth, more egoism than humility, more chaos than tranquillity.

The Father has given to mankind a Miracle of Instruction, a Miracle Designed to give mankind, all ages, all cultures, all creeds, a formula to follow that is not just simple but practical, not just practical but logical, because human life was Designed in the Image and Likeness of God Himself. This may be difficult to fathom such a Gift, but I urge you to see It for Its Worth, for Its Supernatural Love that is definitely in It.

The world must see This Miracle that is so constantly, consistently delivered, entrusting to mankind a

Volume of Knowledge, Understanding, Truths, to base human life on and to learn to live by, so that each individual will seek out for himself or herself the Goal intended for human life — Sainthood.

I turn to The Father at this moment, and I thank Him for My time with you, because there is no child born to the world that should not read the Words We deliver, because of the Importance of the Soul that is within them and you. So be it.”

JULY 10, 1996 AT 1:00 P.M.

SAINT BARBARA

“I am Saint Barbara. I have rarely mentioned My Name when I speak through this *little one* who has been assigned a Major Task for the benefit of millions of Souls.

All of Us Here are aware of This Gift of The Father’s to the world of mankind. Man does not always recognize what a Treasure a Gift such as This is, because they cannot hear Our voice, they cannot see an appearance of Life, they must depend upon their Faith in how God would reach them.

This Miracle of Divine Love cannot be fully understood in the true concept of what It is all about, but mankind, in reading the Words, understanding the Words in the full and true manner in which They are meant, should automatically be grateful to The Father for the Personal Attention, Counseling, Information, and obvious Caring that occurs when One of Us speak through this *small voice*, because of the Importance of

the Soul that each human life receives at the moment of conception.

When We hear denial in the slightest form, manner, degree, regarding This Gift of The Father's Love, it is a sadness beyond what mankind knows sadness to be, because you see, the Soul of every living human being is a Portion of The Father, and must be returned to Him at a given time, representing the individual in whom It was placed at a special moment in man's time.

As I speak through this *little one* today, I want to stress the Importance of the Gift of human life, because of the Goal for which it was designed, and the Goal that is above anything that mankind could in any way make. To many people Sainthood is in some ways a myth, because they cannot see It, cannot feel It, and it is difficult for them to understand the very fact that It exists. I promise you Sainthood is a reality, Sainthood is for every Soul that The Father hands at the moment of conception.

You live in a time of tremendous immorality, with so much acceptance of purely humanistic values, ignoring

the Treasury of Life that is within each human being. In the Creation of mankind, The Father gave in this design abilities beyond what most use in a lifetime: the ability to think, to act, to speak, to rationalize; the ability to use the mind for great avenues of understanding. The ability to see with the eyes, color, light, forms, and to be able to read to enlighten the mind should give to every human being the logic that he or she was born for a Reason, for a Purpose, for a Goal beyond what exists at the present time.

Many times We wait for this *little one* through whom We All speak, to be in a place that others will be able to hear Our Words direct, so they will be able to learn more about what a Great Gift of Divine Love human life is.

Mankind thrives on new inventions, new ideas, goals that make life more profitable, more interesting, more exciting, and yes, more hopeful in some form, some way, some manner.

Human life is a Gift of Divine Love. Human life has many Gifts within it. The mind alone is a Gift beyond what man understands it to be.

It has the abilities that no other organ of the body has, because the mind has the advantage of discerning the practicality, the logic, the reason, the purpose for other things to happen.

God has Blessed mankind with a Miracle, and when We hear This Miracle denied, it is a great sadness, because denial of This Miracle robs millions of people of the Importance of so many things regarding why life was created, and the Generous Gift within each human life that is a Portion of God Himself. Just because This is not a visible Portion of human life does not mean It does not exist. It does exist and there is no human being born without It, no matter what color, what degree of intelligence, what area in which the individual is born throughout the world. All men, women, are created for a Special Goal, a Greater Goal, because of the Soul within each human life. So be it.”

JULY 10, 1996 AT 2:01 P.M.

SAINT CHARLES BORROMEIO

“Mankind finds it very difficult to understand a Miracle of This Magnitude wherein So Many Known Saints speak so openly, so clearly, through *one small voice* at a given time.

This *little one* through whom We All speak was prepared from the moment of conception to be aware of Our Presence, because a Miracle of This Magnitude is beyond human comprehension, human ability, human design. So much is being instructed through This Miracle on the Importance of human life, the Dignity, the Reason, and of course, the Goal for which human life was created.

No human being could deliver Our Words in the exactness They are, in the subject matter They are, because when Each of Us speak, it is The Father’s Direction, Will, Instruction that We follow at a given time, for a given reason. This Gift of The Father’s Love is more in-depth than mankind cares to recognize, or some even dare

to recognize, because Each of Us Who speak cover the Importance of the Soul that is to one day return to The Father.

As The Father is All Purity, the Soul must be returned in a Total Pure State of Being. That is why This Miracle has been given to enlighten mankind, to inform mankind, to instruct mankind on the necessity for sound moral values, sound moral standards, and purity of mind and body, obedient to God's Commandments at all times, under all conditions, regardless of what the situation encourages that would, in any way, be detrimental to the purity of the Soul.

We hear *the child's* voice plead with Us requesting that, 'Have they not got enough at this point to realize that the Soul must be cared for above and beyond anything in the world?' This Miracle is a Gift of Divine Love needed much, because mankind has been putting so much emphasis on humanism instead of the Importance of That Sacred Gift of Divine Love, the Soul. We hear men and women in high places speak in vulgar ways, because they feel that it is human communication and it is totally acceptable. This, of

course, is an abomination, because of the rejection that God is present at all times wherever a human being exists.

You truly live in a time of great confusion, totally ignoring the importance of dignity that human life should automatically express in every area, but as We see mankind today, there is no regard for The Father's Commandments in any area of work, entertainment, or even in some so-called 'Spiritual places'. There is so much leniency, accepting, tolerating what is blasphemous against one's own Soul.

Men in high places refuse to face this *little one*, because in denial of What she stands for, it justifies their absenteeism from meeting with her.

There is so much to be spoken about, but We keep the Messages to a length tolerable to the mind and concept of individuals who will read What We have spoken.

It is important that These Messages pass throughout the world to spark interest, understanding to everyone, because mankind rarely, if ever, thinks of his or her Soul. So be it."

JULY 11, 1996 AT 12:03 P.M.

SAINT CLARE

“I am Saint Clare.

It is sad that more people do not read about the Lives of The Saints. Not all the details of the individual lives are written about, but many highlights during Their lifetime were of major importance for others to learn about, helping others to understand that daily life has its obstacles, concerns, and is not always one hundred percent happiness, but there are many events that took place that were monumental in meaning for the Soul of the individual, or the Souls of others who would later read the particulars.

Mankind oftentimes seeks the written word to learn about a subject, a situation, a condition, or the life of an individual that was particularly used for specific things, so that the life of this individual could help others better understand that human life has many facets to it, and has many areas in which it is used to help others understand the importance of

loving God, of being morally sound in thinking and in plans.

Many times We speak through this *small instrument* of The Father's, and those listening have no understanding of the real Purpose for the conversation, or Who is involved in the conversation. The important thing is the subject is enlightening, encouraging, and stresses sound moral values, sound moral standards, sound reasoning, and of course, sound direction.

We see children of all ages struggling to learn more about life. This Gift of The Father's has given so many ways, subjects, that if an individual reads the Words, Direction is evident. What mankind does not understand is that when mankind is in a time of moral decay, The Father never leaves mankind alone, and He always sends Information, Direction, in a way that is easy for mankind to follow, to accept, and to be directed by, without interrupting one's personal life.

This Gift of The Father's Love is a Gift for all races of mankind, all degrees of intelligence, all degrees of man's understanding that there is

a Supreme Being constantly aware of every individual life.

In the time I lived upon the earth, we had many obstacles, many concerns, and in several ways there was much contradiction in Spiritual matters, so My time was not that different than your time.

Prayer is important because it is communication. Mankind somehow does not always see the reality that prayer is a personal communication that is always heard, and this should be important in everyone's life, because even though an individual cannot see the One to Whom they are praying, they must understand that the Soul is the Connection between the individual and God. It is a path that cannot be interrupted by anything or anyone. It is an immediate Connection, and it is sad to see that some who pray do not understand this Connecting Link that has a name. It is called 'the Soul'. So be it."

JULY 11, 1996 AT 12:30 P.M.

SAINT JOHN OF THE CROSS

“I am Saint John of The Cross. It is sad when We hear those who doubt The Father’s Generosity at this time when mankind is in such desperate need of learning about the communication each one has through their Soul, with The Father, with Our Heavenly Mother, with The Holy Spirit of The Father, Saint Joseph, and All The Saints. No matter Who one chooses to speak to, whether it is for a request or just a prayer of communication, it is heard in many ways.

It is sad to know that mankind has taken the spirituality that man has innate within him or her, and tries to deny This Gift of The Father’s Love by foolish remarks, ridiculous indifferences, and placing all values, all needs, all concerns on humanism, because humanism dwells on the limits of what mankind is capable of doing, practicing, accomplishing.

When We see neglect of an individual or several, regarding the personal communication that man

innately has with God, We find it difficult and sorrowful, because it is obvious that the individual is rejecting Who created him or her, and the importance of the communication with a Higher Being.

We hear men, women and even children deliberately speaking of having a successful life, and one of the important issues, of course, are the monetary measures, irregardless of what the moral disasters could be.

This Miracle The Father has given to all of mankind is a Strength to everyone who reads the Words, practices what the Words say, and grows internally morally, spiritually. Mankind must remember that one of the greatest weaknesses of man is wasting time. Of course, mankind has many different titles for this, and they are not all reasonable or logical.

Communication with God takes no time, because it passes through an individual's mind, and the Soul immediately is the Dispenser of every word, every subject. There is no lag in time. We hear some say, 'My prayers are never answered.' This is a ridiculous statement, because for

the most part, the individual does not always understand the manner and the way in which prayers are answered.

This Gift of The Father's Love, This Miracle, has been for a long time and is continuing instructing mankind on the closeness man has with God. It is important that These Messages reach all over the world, because Each Message is delivered by Someone from Here through *a small voice*, and there is no excuse that mankind can think of, that justifies These Messages not reaching everywhere throughout the world.

We see men, women and children starving for This Miracle, begging God to send them a sign. This Miracle is The Sign all of mankind needs to see. Do not keep These Words where They are being delivered in such an open way, because These Words must be shared with mankind throughout the world. So be it."

JULY 11, 1996 AT 1:15 P.M.

SAINT CHRISTOPHER

“I am Saint Christopher. It is important that My Message be given to many; that is, more than those who are here present, writing My Words down.

Throughout the world mankind is not conscious of The Father’s Commandments. It is evident because of so much wrongdoing, also that there is so much confusion concerning what is morally right, what is morally wrong. Mankind is in many ways ignoring What The Father has given as The Guidelines for living in the human way.

I take one Commandment and this Commandment deals with the vile sin of adultery. We hear some who indulge in this frequently, not make excuses for what they are doing, but boldly speaking out and saying that what they are doing is acceptable because of the time in which they live. Some of these very same people have the habit, when they are in distress over something they feel is important,

will say, *'God help me,'* but it is said in a demanding cold way with very little conscience as to what they are saying.

All of The Commandments are being abused in several ways. One of the reasons for this is because of the conciseness in which They have passed down through time, eliminating the Meaning, the Purpose that each one contains.

Another one is *'Thou Shalt Not Kill.'* My! How many ways are there to kill another human being? Volumes could be written on this Commandment alone. Of course, the first line would be *'abortion'*. It is acceptable by thousands who at one time could never have even thought of it.

There's another stage of this sin that has an ugliness in it, and that is a lack of concern, a lack of care, a lack of understanding, and definitely a lack of love in taking care of those who have grown in years.

It is important that This Miracle be delivered throughout the world before The Father must allow a very strong Chastisement that will be devastation to millions of people, and the innocent will suffer because of It.

There are many sins against each one of The Father's Commandments. Let us take 'Thou Shalt Not Commit Adultery.' One of the major sins, of course, man refers to as a natural way of life, but then there is another factor openly being accepted, and that is the practice of what mankind knows as 'homosexuality and lesbianism'. Why these are so acceptable is not understandable, because these major offenses were very evident in Sodom and Gomorrah, and that is why, with all the other abuses to the mind and the bodies, The Father had to destroy the whole area, because no one acted openly to protect what was to be corrected.

I could speak for a long time on this, and as I would go through each Commandment, those who are writing it would run out of physical strength and also equipment.

Mankind is using every means degrading to human life. It has become more than animalistic in practice. This Miracle of Divine Love has been given to the whole world for all of mankind, not just one form of Spiritual practice.

When an individual needs to be awakened at a specific time, they very often set an alarm so they will be able to perform what they are supposed to perform and not be late. The Father is sending an Alarm to the whole world, most often put in a general way, but These Words I speak today must alert mankind that The Father is holding back, to give mankind a chance to correct all the wrong that he or she is performing against the Soul that is within each human life that is a Portion of The Father, and is not to be abused any longer. So be it.”

JULY 11, 1996 AT 2:28 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

It would be difficult for mankind to fully understand the Degree of Blessings that are handed to those who accept The Father’s Will, under circumstances that takes time, energy from their daily tasks.

For a long time now, children of all ages have ignored the importance of prayers to Me. So much is happening in the world that mankind is distracted by the entertainment, and all the political issues that are causing mankind to make decisions that are not Spiritual, but are for humanism and for humanistic values, determinations, practices, and goals.

I say These Words today because there are fewer children saying the prayers I love to hear them say, the *Rosary* in My Name. Also, there are so many ways in honoring Me that have been cast aside, such as *Novenas*. These times with children of all ages, always drew My Attention to them individually.

You live in a very humanistic world with much denial of respect for The Holy Trinity. It is important that those who have dedicated their lives to support the Spiritual values of other people, begin to see that they have become remiss in their duties, and they have become socially oriented and desire to apply their time in many ways to worldly experiences that in many ways lacks sound moral values and sound moral standards.

Throughout the world there is much resistance to dedicated times of prayer. Throughout the world there is much emphasis on the emotions and the immoral practices of mankind in all ages. It is sad for Us to see this, because mankind needs to see the importance of the communication daily with The Heavenly Father, with The Beloved Saint Joseph, and with Me.

I do not say, do not pray to The Saints, for They are constantly attentive. So please be aware of the necessity of starting your day remembering to pray, so when you lay your head at a given time at night, your final words of the day are to ask for a Blessing from Us, your way.

As I leave those who write My Words and I see each one who will read My Words, I want you to know that My Blessings will give you the strength to endure all obstacles, and along with this, They will give you the strength to help you become ‘Saints’. So be it.”

JULY 12, 1996 AT 12:51 P.M.

SAINT BONAVENTURE

“I am Saint Bonaventure.

The Father has given to mankind a Gift filled with Divine Love, Divine Grace, Divine Hope, Divine Instructions. It is important that This Miracle travel throughout the world, letting no language, no culture, stand in Its way of reaching men, women and children, because it is important that all of mankind become aware that each human being is close to The Father every moment of every day. We hear some say: ‘How can this be? We cannot see Him, we cannot feel Him, our conversation is all one-sided when we talk to Him.’ This is not one hundred percent fact or truth.

At the moment of conception, a Gift of Divine Love called ‘the Soul’, is instilled in every living human being. It is a Gift beyond human measure, because this Gift is the Connecting Link between God and man. The Soul is more than mankind understands It to be, because the Soul, as a Portion of The Father, is extended to mankind

in a Living Form, a Living Manner. It is connected to mankind's conscience, will, integrity, understanding, and all aspects of mankind that make mankind different than any other creation of God's.

We hear so many instruct on different forms of so-called 'religious beliefs'. All are not adequate in their detail or are they totally pure in their content of understanding. Many times humanism overshadows the True Identity of Who created all things.

You live in a very humanistic time. This is not in just one place in the world, but it is practiced throughout the world. Children are not being instructed on the importance of morality, its full significance, and how important it is to the individual's Soul.

We heard a child not too long ago say to an adult, 'What does my Soul look like?' The parent was lost for words, because the child had heard this statement from a friend and the parent could not answer the question, nor could this particular parent connect the Soul to God.

That is just one of the Reasons why This Miracle of Divine Love is so Important. It is a Miracle of Instruction, casting out all doubts regarding the Importance of human life and why it is necessary to understand that there is a God, and it is through This God that all things were created. This Miracle has handed to mankind a Personal Gift of Divine Love, because through All that has been spoken there is some Portion that will help one or more people to see what a Treasured Gift human life is, and that human life has a Goal because of the Soul that was received at the moment of conception.

We hear some individuals constantly cry out negativism. It is sad, because just knowing that they are never alone should give them the courage, the help to conquer many obstacles, many disappointments, many hurts, many denials.

The Love that has passed through This Miracle for every human being can only be The Father's Love, and as Each of Us Saints Here in Heaven are told to speak so that others will become aware of the Importance of the Soul, it is a privilege and an additional Gift of Divine Love for Each of Us, because

you see, Heaven is Real, Sainthood is Real, and God is Real. So be it.”

JULY 12, 1996 AT 1:45 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. It is difficult for many to understand so Many of Us speaking through *a woman* at this time, in this year, when so many feel that The Father ended reaching mankind in a Personal Way a long time ago.

Whenever chaos is practiced, The Father responds because of the Souls that are devastated by the immorality that accompanies the chaos, and becomes the center of the chaos. It does not take a formal, highly educated human being to understand moral values, moral standards, nor does it take one who is dedicated to the work of a Spiritual leader. Decency, honesty, purity of mind and body is evident in all ages, all cultures, all degrees of intelligence. It is not limited in its origin, in its time, in its place.

The Father has handed to the world a Gift of His Divine Love, Instruction, directing mankind to the importance of morality, purity of mind and body, because these things are

important for the Soul that resides in each human being. To question the existence of a Soul's Presence is ridiculous, because it is obvious that The Father would place within human life a Portion of Himself, because human life was designed to the Image and Likeness of God.

Some foolish remarks are made about This Statement because no one can see God in a human form. That's true, because God is Above and Beyond all intelligence, all human understanding, all concepts of relating or relationship to human likeness, but in His Love for mankind, He gave a human form; It is called 'The Son of God'. There were more Reasons for this than any human mind can truly perceive or conceive.

At different times, through time, The Father has chosen 'an individual' to be the transmitter of Important Messages for the benefit of the Souls of millions. The time is now, and All The Saints Here in Heaven have a responsibility to help as often as They can, instructing those who will listen, who will respond to the Importance of the Creation of human life, its Goal,

and that it has a Soul that is to be returned to The Father Forever.

We hear mankind say to another one, *'God bless you.'* This can be for many reasons, or just a quick act of love, of acknowledgement, of concern. What the one who says it does not realize, that The Father in hearing these words is pleased to be remembered openly, lovingly, sincerely. Some people have the habit of saying, *'God love you.'* This, too, is beautiful to hear.

The world is saturated with humanism, to the point where a human being is the ultimate source of communication, consolation, concern, admiration, totally ignoring that that human being is, in many ways, going to be standing before The Father at a given time, with a responsibility of the Soul that he or she was given at the moment of their conception.

This Gift, This Miracle of Divine Love is a Miracle of Instruction, giving to mankind much Information, Direction, Reason for why human life was created.

As I leave you at this time, I say to you, ‘*God bless you, because God loves you.*’ So be it.”

JULY 15, 1996 AT 10:45 A.M.

SAINT CHRISTOPHER

“I am Saint Christopher.

The world is in total chaos in many areas: spiritually, politically, humanistically, educationally. It is important for mankind to judge values in a more critical way, judging them for their truths; also, for the goodness that is within them rather than what is socially acceptable for prominence amongst mankind.

It is difficult for many to understand a Gift of This Magnitude, called *‘The Miracle Of Saint Joseph’*, because It touches on every facet of human life, every degree of mental acumen, and every area of social living.

We hear men, women and children argue on points of values, and most of them are not worthy of the time put into them, because there is so much dependence on what the leadership, governmental and Spiritual, have control of. Man says, ‘I live in a free world.’ Does the individual saying this truly believe it? We hear men of all

degrees of intelligence accepting what is beneficial over what is moral.

This Miracle of The Father's Love has a Clarity in It that cannot be denied, no matter what degree of intelligence an individual has, because logic is evident in Every Facet of What is spoken and What is written for others to read. Denial comes easy to those who do not want to follow God's Commandments, and This Gift of The Father's Love instructs much on the importance of sound moral values, sound moral standards as the basis for daily life, as important in every facet of life, because of the Soul that is within each life.

As We see some read What We have spoken, and We hear their derogatory accusations, rejections, it is a sadness, because you see, at Sodom and Gomorrah the people who had become so diabolical, so humanistic regarding what life was all about, plus the depravity in their manner of thinking and way of life was similar to today. This Statement will be difficult for some to believe, many to even conceive the possibility of the comparison between the two times.

The Father has given to mankind a Personal Blessing, a Personal Gift of Direction, allowed to be written so that those present will understand and will realize the benefits of a Blessing like This One is, but even more than this, that This Blessing is to be passed throughout the world, not sheltered where no one else can profit from It.

Mankind must be enlightened, because throughout the world there is so much ugliness due to the lack of understanding, the lack of caring, the lack of obedience to God's Commandments. It is sad to see men in high places make ugly, disparaging remarks about This Gift of Divine Love through *a little one* at this time in the world. What most are forgetting and/or ignoring is the Fact that every human being is born with a Portion of The Father, called 'the Soul'.

We hear derogatory remarks disputing the whole idea that This is a possibility. That is why The Father has given to mankind This Miracle of Instruction, so that mankind can understand the closeness each life has with The Father because of Divine Love for them.

All of Us Here wait to be requested to speak because it is important that mankind, all races, all colors, all creeds, stop abandoning God's Commandments and see Them for the Fullness in which They were meant when They were given, because of the Soul that is within each human life. So be it."

JULY 15, 1996 AT 12:03 P.M.

SAINT JOSAPHAT

“I am Saint Josaphat. Many of Us Saints stand watchful over This Gift of The Father’s Love that constantly delivers to mankind, not just Words of Encouragement, but Words of Direction that give strength to man’s emotions, communications, weaknesses, and Purpose for which life was created.

There is no Gift in the world at this time as Precious as This Gift is to mankind. This Gift is Personal, Direct, and the Words not difficult to understand, plus the Power that is in each time One of Us speaks, the Power is noticeable, because there is no book written, no human ability to deliver such Direction so Personally, to every living human being.

When We hear an individual deny the Value, the Truth, the Benefits in All that has been delivered through a *small instrument*, it is not just a sadness to Us, but We find that We cannot believe that an individual cannot see the Strength in What We deliver, or the Goal for which We deliver It. This

little one through whom We All speak has been instilled with a patience, because of all the derogatory remarks, even complaints, that individuals might make, or I should say, do make.

It is difficult for some to believe that God The Father would come at a time when mankind feels security in the manner of life that they are part of, active in. It is important that mankind view things from a different perspective than merely materialistic, humanistic, because life in the way of man was given an intellect, a will, the Gift of speech for communication, the Gift of understanding, the Gift of morals, and the Gift of a sense of right over wrong; the very ability of mankind to be able to see, and through this Gift of sight be able to capture what is right, what is wrong, what is dangerous, what is safe, what is correct, what is incorrect, what is pleasurable, what is deceiving, what is acceptable, what is deceitful.

We see throughout the world so much power aggressively sought, desperately trying to control the wills of other human beings, and in some cases succeeding, in spite of the wrong that is intended, the wrong that is

detrimental to the will, the body, and of course, the Soul.

Prayer to many is not seen for what it is meant to be, and in many cases prayer is for someone else. We hear some say, ‘Not for me, my actions speak louder than on what I feel is right, what is correct, what is beneficial.’

The world is saturated with symbolism and many ‘orders’ with names that openly deny God, because humanism is prevalent, and mankind should understand that humanism is what the enemy of God and man depends upon, because in so many ways humanism has a weakness that is destructive to sound moral values and sound moral standards, totally denying that obedience to God’s Commandments are The Rules for life.

At no time, in no way, should All that has been delivered through This Miracle be stopped, because It is a Life-saving Factor in more ways than mankind can consider, can understand, even believe. My Words must reach millions of people, just as All that has been delivered through This Gift of The Father’s Love, because human life

is different than any other creation. Human life was designed to the Image and Likeness of God, and has within it a Soul that is to be constantly remembered. So be it.”

JULY 15, 1996 AT 12:59 P.M.

SAINT COLUMBKILLE

“I am Saint Columbkille. As I look throughout the world at this moment, even in the places where the clock that spells out time says it is dusk and many people preparing to lay their heads for the night, I see very little who are praying.

I see so many attitudes, ideas, electrified by their own emotions, problems, differences of opinions, fears, anxieties. The whole world has lost sight of the Importance of what God is to human life and all other things. God is The Creator, The Designer, The Judge. God is a Part of everything mankind uses where man lives. God is The Provider of many senses that encourage mankind to learn to be able to use what they are to earn a living; also, the use of the legs to walk, the use of the hands for many things, the use of the eyes to see, the mouth to eat, the nose to breathe. There are many parts of human life that it would be difficult to live without, but We see very few thanking God or even

thinking about Him in relationship to daily living.

The Father has sent to mankind at different times, 'an individual' that He Personally would instruct on what their life should mean, and through this individual He would teach, to strengthen others in their values, in their morals, in their goals, in their daily practice of human life, in their relationship with other people of their own kind, or from another part of the world. Where does mankind think all these things came from? They did not just happen. There are reasons for all the senses that man has been gifted with: the abilities, the logic, the understanding, the energies that extend to living each day, and performing in each day the responsibilities first.

The world is in chaos because of the lack of attention, sound attention, that is making God The Important One to be looked to, respected. Humanism has become so prevalent, but humanism in itself bears many changes, because it is totally oriented to self-love no matter what it involves, even if it is degenerating to the morals of an individual or individuals.

We hear some say: ‘There has always been immorality, homosexuality, lesbianism, adultery, so what’s different about it? These times are no different than other times.’ What a sadness to hear. Why has mankind lost sight of God’s Commandments? God never gave a Command that They were to be ignored or cast out because They were of another time.

This Miracle has been given to the world, the whole world, and All of Heaven is shouting, not whispering, ‘Wake up and realize that you have God’s Rules to live by, and ignoring Them will not make Them less or will make Them disappear!’ It is important for every age, every culture, to learn all there is to know regarding the full meaning of each one of God’s Commandments before it is too late throughout the world. So be it.”

JULY 15, 1996 AT 2:42 P.M.

SAINT MARY MAGDALENE

“I am Saint Mary Magdalene.

There are so many times during the day that an individual man, woman or child could silently say a prayer. The prayer could be short. It could be a few words, saying ‘*Thank You, God, for today.*’ It could be a prayer asking to help someone make a decision or to help someone get well. It could be a prayer that would request helping someone to learn more about a situation that would give them strength, hope, encouragement.

Ask yourself: ‘Is every moment of my day used, or do I let it just go by, omitting those small moments that a small prayer would be communication, that would show God I was thinking of Him, and that I truly cared about a given subject, or someone else that I knew needed His Attention in only the way that He could show it?’

How many who, before they lay their head to sleep, say a prayer in thanksgiving for the day, or even remember to ask for a Blessing for

someone or some others close to them, or far away? Prayer, in many ways, is a forgotten act of love because of so many distractions that are more entertaining, more humanistic.

Children are not being taught the importance of prayer, the value of it, or the closeness in which it gives strength in a personal way. You live in a time of callous feelings, because there is a lack of warmth that is so obvious in the lack of prayer that is being said. We hear people of all ages say they are so busy that prayer is an afterthought, if thought about at all.

Children are not being taught the importance of this communication that is so necessary, because of the Soul that is within them that is a Portion of God. We know of many who would not even touch this subject, because they would not want the criticism, or as they say, they would not be able to explain it properly and their meaning would be useless to the one to whom they would be talking. These very same people would be very apt to start a conversation with someone they barely knew.

There is little balance, little understanding, little perception of how man sees the closeness he or she has with God. The very sight of all that is created, the very air that man breathes every day, every night, should automatically tell mankind there is a Higher Being, a Caring One, and that This Being should be recognized as not just a human individual, but an Entity of Great Intellect and Power beyond anything human.

So the next time you find some time that you have nothing important to do, you might remember to say a prayer, or more, to The God Who created you. So be it.”

JULY 17, 1996 AT 10:55 A.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother. There are many Names that refer to Me that draw attention to Me, and that is ‘Blessed Mother’; then there is ‘Holy Mary, Mother of God’; then there is ‘Queen of Heaven’. I could go on and on.

When My Name is called, I immediately respond. It is important that children of all cultures, all ages understand I am always available, because a prayer to Me is cherished. It is a child of any age requesting help, and I do in several ways answer these prayers, perhaps not always in the way the child requests it to be answered, but know that I will answer it in a way best at that particular time.

Small children are not being taught about the Importance of Heaven. There is so little instruction on what Heaven consists of, and that each individual has a Soul that is to one day return to Heaven.

We hear agnostics and different disbelievers speak openly about:

‘There is no place like Heaven. It’s a figment of imagination. It’s a control factor by organizations. If there was a Heaven, wouldn’t it be more obvious in some way, some degree? It is just a word to get people to believe that there is a Greater Place awaiting them, waiting for people for their goodness in life, for their tranquillity, for their abstinence from certain things that they are told are offensive to their Soul.’

Please believe Me, there is a Heaven, and every living human being has a Soul. It is a Portion of The Father that is given because of His Love for His Creation, human life.

Mankind is constantly shown the importance of how good affects the whole body, the mind, and how evil destroys so much of what is beneficial to the body, the mind. You live in a time similar to other times in the past. The only difference is that the time in which you live is called ‘modern’, but do not forget, other times had similar definitions attributed to them.

Children must be taught about The Father’s Commandments, not just in Their brief form that so many

have become accustomed to, but they must be instructed on the detail in which each Commandment explains the importance of particular facets of human life.

The Father has given to the world *a human voice*, soft in nature but strong in obedience to His Will. The Words dictated through *this voice* are not to be held in secrecy, or in one area of the world. The Words are to be delivered because of Their Content and because of Their Reason for which They were delivered.

We see so many who read Them, some who have even heard Them, become so reticent in speaking openly about Them. The world is in great need because of so much immorality that covers so many areas of human behavior. It is important that men, women and children understand there is more to life than their daily way of living. There is a Goal that is beyond what human life can enjoy, and that Goal for their Soul is Heaven.

It is wrong that children are not being instructed properly on why they should be good. It is wrong that children are not being told that they

should be protective of That Important Portion of themselves they cannot see, they cannot feel, but in their conscious mind they know that an action, a thought, a word, a suggestion can have totally good in it, or totally wrong in it.

When a little one is told to stop when they are acting against what is right, it is important that they see the wrong in it, and it is explained to them that they must learn to choose what is right, what is best, what is good, no matter how tempting it would be to act wrongly.

The world had been Blessed by This Miracle, and when We hear doubters, complainers, radical reactions, it is not just sadness, but We see the enemy of God and man taking advantage of the weaknesses that the individual has allowed, or is trapped by, through his or her not understanding that human life was created to one day return to The Father, a Saint. Never feel self-conscious when you speak about this subject; that is, a Soul becoming 'a Saint'. It is Fact, it is Truth, it is Logic.

In the world today We hear men and women shouting their interpretations about God, about The Father. Some of them truly feel that what they are doing is good, but many are doing it because they feel good about themselves, and they are doing it for monetary pleasure, plus egotism and self-adulation. This Gift of The Father's, This Miracle of His Divine Love in many ways has a quietness to It, a solemnity. There are no great outbursts of humanism.

It is important for mankind to understand that in the time The Son of God, Who was also My Son, instructed in a practical, logical, meaningful way, He did not shout, He did not demand, because it was important for mankind to fully understand that as He stood as man with them, He understood how to speak with them, to them, instructing them so they would be better able to carry on when He would no longer be there with them.

It is important for All the written Words to be delivered down through time that came through Him, and What now comes through This Gift of The Father's Love again, through His Holy Spirit, that is beyond man's

comprehension but is obvious in Its Content, because of the Souls that are to be returned to Him in a State of Purity.”

JULY 17, 1996 AT 12:45 P.M.

SAINT BERNARD

“I am Saint Bernard. What mankind does not understand is that We are as close to them as their hands. It is sad to hear some say: ‘I do not believe in The Saints. I pray my way.’ Children should be taught that We are constantly present, close to their Soul in every way.

Mankind does not understand the full impact of what prayer should mean to man. It is communication to an Entity beyond what mankind can see or fully understand, but prayer is the closeness that mankind should rely upon and be totally aware, because within each life there is a Portion of God called ‘the Soul’, and We are ever in contact with man through his Soul.

We hear so many in your day shouting advice to others, relying on what they feel comes from the Bible, and they feel that they are truly experts on these words, and can guide others to live according to their strength in these words, their vocal power in these words, their determinations on

what these words mean. In some cases this is not totally wrong, but in many cases it leaves a certain amount of misinterpretation.

The world is in a chaos because of so much manipulation of powers between men throughout the world. There is not enough accent on the value of an individual's love for God, and of course, communication with God in a personal form, manner, and way of thinking. The zeal that so many have in their voice, attitude and structure of wording, to instill in others their enthusiasm regarding how they feel about the written word in the Bible, interpretation is not always correct. It is many times interpreted according to the degree of knowledge that the individual feels he or she has, plus many times emotionalism drives others on to feel the impact of the one who is speaking, more than the individual feeling that God's Existence, Understanding and Presence is above and beyond the individual who is speaking.

So much can be taught to mankind in a simple way, in a quiet way, understandable. The Father has given to mankind a Miracle of His Love.

We hear doubts, We hear questions, We hear disagreements, but We also see many who say: ‘God, let This be true. It is so logical.’

I could talk a long time on the Importance of human life and the Goal for which it was created, but better I hand you a Blessing that hopefully you will remember.

As I touch your forehead with My hand, My prayer is that you will think more indepthly about what you were created for, and what a Generous Gift human life is, because within each human life there is a Portion of The Father.

Now as I lower My hand to your chest, I ask The Father to give you the strength to endure all obstacles, and to help you remember that as your heart beats, The Father’s Love beats with you every moment of every day. It is a Union of Love that is beyond any human love mankind can feel, hear about, or say.

As I cross your shoulders, I smile at each of you, because I draw together your whole being in union with The Holy Trinity. There is no greater union on earth than for mankind to

understand that every breath man takes unites man with the Beat of God's Love, God's Heart, God's Mind, God's Intellect, God's Greatness, because of the Portion of Him that is within each human being. So be it."

JULY 19, 1996 AT 10:48 A.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. There is no place on the earth, no individual living, that should not be told of This Gift of The Father’s Love, that so Many of Us have the privilege to speak openly on many subjects, in many ways, so that men, women and children can relate to different areas of understanding the mind, the body and the Soul more indepthly than they feel is sufficient at this time.

Mankind must be shown that a Miracle of This Magnitude is given to mankind to instruct on all areas of life: the physical, the mental, the moral, the Spiritual, and yes, even on what mankind consists of throughout his or her human structure.

Physical abuse can attack many parts of a human body and do much damage to whomever it happens to, because physical abuse has a violence to it and is automatically destructive.

Now, let us take Spiritual abuse. There are so many who feel they have adequate, even extensive

Spiritual understanding, whereby and wherein they have the capabilities to direct the minds of many people to a fuller degree of understanding what Spiritual life is all about. They quote from books others have written, and many times interpret it in the manner they feel it means; I add to this: not always correctly done.

Mental abuse is prevalent because it is one of the quickest abuses that mankind can execute because of violence, anger, hate, due to their own weaknesses or desire to control others.

So much has been spoken by Many of Us on the humanism that is occurring in many ways, by many who feel that they have a great love for God and that they can open the minds of others to understand God more adequately. We see these so-called 'religious fanatics' causing much confusion, because they are determined to be authoritative on the subjects that make them feel important.

The Father has sent to the world a Miracle of His Divine Love, and for many years has allowed Many of Us to partake in This Miracle, because

without It mankind would not be instructed on the Importance of human life, the Dignity in which it was designed, and the Purpose for which it was designed.

We hear so many so-called 'prophets', 'evangelists' try very hard to instruct thousands, even millions, on the importance of their Spiritual practices. They hold a book, and they in many ways translate their opinions, not always really seeing or understanding that their interpretation leaves much to be desired, because there is so much need throughout the world, as there was in the time when The Son of God walked the earth; also, when a man who was given The Commandments of God had to face millions, instructing them on God's Will, God's Commandments.

This many years later, The Father has chosen *a small voice*, but one that has been directed to write Every Word down that The Father Wills mankind to read for himself or herself, the Importance of what human life was created for, and that human life has a Goal. Now logic would say that there has to be a connecting means, matter, way, other than the structure

of mankind, to one day return to The Father for all time, so He gave to mankind a Portion of Himself, called 'the Soul'.

Granted, you cannot see It, but when you are put into a choice decision on what is good, what is evil, what is moral, what is immoral, no living human being can say that logic within their being does not relate to them in some form in their conscience, that they must choose what is morally sound over what is morally wrong.

This Gift The Father has given to the world must be passed throughout the world, because there is nothing in the world of This Measure, This Deliberate Instruction that cannot be denied for the Greatness It is, the Clarity in which It is delivered, and the Soundness that Each Thing speaks, without question. So be it."

JULY 19, 1996 AT 12:35 P.M.

SAINT IGNATIUS LOYOLA

“I am Saint Ignatius Loyola.

To see so many Names of Saints Who speak so openly, is difficult for some men and women to comprehend such an Occurrence. We hear many arguments over the validity of This Miracle. We hear much based on jealousy; also, We hear much antagonism amongst those you would least expect to hear it from.

It is sad for Us to see this, to hear it, because This Miracle of Divine Love is a Gift of Divine Love to the whole world of mankind, no matter what degree of Faith they have in God, what format they follow in their prayer life, no matter what age category they may be in.

We hear words like, ‘In the “old school” of thinking, things seem so realistic,’ because they do not value the Magnitude of the Love that is expressed in such an immediate written form, instructing them on the Importance of human life, the Generosity of God, and the Beauty

of becoming ‘a Saint’ through living the human role in a normal way, but respecting The Creator and obeying The Commandments in which He gave to an individual human being, so that this individual would pass on to millions at that time, The Father’s Will, The Father’s Love, The Father’s Directions, encouraging mankind to value what human life was created for and that human life had Rules that mankind was to live by.

These Very Rules gave stability, necessity, and even courage for individuals to obey The Rules, because of the Soul that was in human life that no one could see, no one could feel, and yet man instinctively knew and knows the importance of practicing, choosing morality over immorality, justice over injustice, purity over impurities.

This Gift of The Father’s at ‘this time’ is a Gift beyond what mankind could conjure up himself or herself, because it is beyond human capability to see so indepthly the Importance of the Soul that is within each human being.

All of Us Who speak through This Gift of The Father’s Love could go on

and on and on at one given time, but We are instructed to limit Our time to a degree that mankind is capable of handling mentally, physically, even spiritually.

All of Heaven is joined in a Oneness to serve The Father, because of the Importance of the Souls that are to be helped, guided, directed, and not be lost because of man's inability, or lack of understanding regarding why human life was created and the Goal for which it was created. So be it."

JULY 19, 1996 AT 1:56 P.M.

SAINT THERESE OF LISIEUX

“I am Saint Therese of Lisieux. Many of Us have been speaking through this *small voice* for a very long time, longer than the date that is recorded as the beginning of This Gift of The Father’s Love for the whole world of mankind.

Time to mankind is remembered by special events, occurrences, happenings, that in many ways left some mark, some particular moment of happiness, of encouragement. Time to The Father is continuous, and He has chosen ‘this time’ to speak Openly, Directly Himself, and through Many of Us Saints, with Words of Direction, Words of Hope. Sometimes it is difficult for some men, women, and even children, to believe that All of Heaven would speak, not be heard, and yet What was spoken was for the good of every living human being.

Today, as in many days past, Several have spoken, Some directly, Some indirectly, through this *little one* The Father has chosen for this

Monumental Task, though it is difficult for some to believe that The Father used Many Saints to deliver Words of Encouragement, Direction, Hope, when there is so much humanism, and obviously so much diabolical practice in so many areas throughout the world.

When a war is declared there is much anxiety, and of course, much planning goes into the needs that are necessary to protect man from becoming victimized, maimed, or even slain by the enemy. Mankind can easily become aware of a tragedy such as this, but when immorality spreads throughout the world, mankind ignores it or accepts it, or finds it difficult to see a solution, practical, to solve this type of danger.

Many times We have spoken through This Miracle of Divine Love regarding the immorality that is so prevalent, but We see some who read the Words cast Them aside, because they do not see the great danger in what is occurring throughout the world at this time. They casually say: 'There has always been a great deal of immorality. What's different about now?'

Today, as for some time now, you live in a time worse than Sodom and Gomorrah, and yet mankind finds it difficult to equate this time with that time. This Miracle was given to the world to save Souls. This Miracle must be spread throughout the world to accomplish what It has been given to mankind for. The Words must be seen by millions. I will even add the word 'billions', because This Miracle is not for just this time. What We have spoken is for all time to come, as well as this time.

Mankind must be enlightened in a continuous way, just as when The Commandments were given. They are not past History. They are for this time and for all time to come. They can never be outdated, but it is sad to see Them made so concise. That is why They have been elaborated upon to a degree, and you can expect more because of the importance of These Commandments to every living human being.

We hear many shout words ethereally, wanting others who hear them to feel they have a great power of understanding regarding Heaven and all that is spiritually sound. There are

many in your time who speak to great numbers of people, but it is strictly for monetary advantages, and also because of their egotistical natures that comfort them when they speak in front of a lot of people.

Children are to be instructed on the Importance of their Soul. Children are to be made conscious of God's Commandments in Their fullest degree. Children are to be told that they must not be impure in their thoughts, their words, their deeds, and they must not associate with those who walk ignoring purity of the mind and the body, verbally, emotionally, physically, because their Soul will one day stand before God and be Judged by Him for All Eternity.

My Words are strong, definite, but it is important for mankind of all cultures to awaken to the emergency that is evident in all walks of life. It is important for mankind to awaken to the reality for which mankind was designed, and stop looking at human life in such a humanistic way. It was designed for a Greater Happening. The intellect should tell mankind this, that there has to be more to human

life than what the daily experiences call for.

Heaven, through Every Word spoken in This Miracle, delivers a Love beyond human understanding, so I beseech you to look at Every Revelation as a Treasured Gift of Divine Love, Divine Guidance, Divine Instruction, for every human being of all races, all colors, all creeds. So be it.”

JULY 22, 1996 AT 12:23 P.M.

SAINT STEPHEN

“I am Saint Stephen. The Father has given to mankind a Blessing of Knowledge, Information, through This Miracle of Divine Love. The Greatness of This Miracle may not be fully seen in your day, but as the Words are passed down through time, mankind in all cultures of life will not just learn, but will be happy to see What We have delivered in writing, helping them to better understand the Importance of human life, and the Love that had to be for so much Information to be delivered at a given time.

Children should be taught about the Soul that they have within them that is a Portion of God. This Gift of Divine Love, though It cannot be seen, It is automatically felt, because It is a Union of human life with God Himself.

We hear some at this time brag about not believing in God, not accepting that there is a God, that man has the power within himself or herself to create other human beings,

thus totally ignoring that Gift of Divine Love that, without It, mankind would be like all other animal life.

We hear men, women, and even some children say a quick prayer, ignoring the importance of this prayer, treating it as though it was a quick 'Hello' with no meaning to it, no personal feeling for it, to someone they casually meet in a fleeting moment of encounter.

There is very little truly instructed to children at this time, of the Importance of human life, and that human life is made to the Image and Likeness of God. He proved this to mankind a long time ago by openly declaring a Particular Child as being a Son of His. Logic would tell mankind that The Mother was not ordinary, that The Father was not ordinary, but the Lesson would help mankind to understand the Closeness that God is to man. Through time, We have heard so many interpretations, misinterpretations of the Story of the Birth of The Son of God.

The Father's Love for mankind exceeds any love man can claim to have, because God's Love has a Purpose,

a Meaning, a Goal, a Sensitivity to It. It is a Love that is beyond human understanding, and yet It is a Love that mankind innately knows is a Love of Great Value that should be treated with dignity, honor, respect, and personal communication.

The world is saturated with heretics, plus much evil, much humanism. There is so much self-love in some men and women, even children, yet this love bears moral weakness, physical weakness, and mental rejection of the Importance of each individual's Association with The Creator of All Things.

We hear individuals say to others, 'I love you,' and in their thinking they do, because love is association closely knitted to bond people together, giving strength to human values, interests, concerns, but it is important for mankind to remember that there is a Greater Love than human love, and both are necessary to human life.

As I speak through *a small voice*, I want you to understand that *the voice* We All use, though soft in manner, delicate in sound, is all The

**Father needs to vocally communicate
His Divine Love with man. So be it.”**

JULY 22, 1996 AT 1:17 P.M.

SAINT ELIZABETH OF HUNGARY

“I am Saint Elizabeth of Hungary.

Throughout the world mankind is updating so many humanistic ideas, ideals, that they are encouraging millions of others to see modernization in prayer in association with God, and of course, on many Spiritual values, issues and practices.

I do not mean This Statement as a derogatory accusation, but I do want mankind to understand that there is nothing wrong with progress when it is beneficial to the mind, the body and the Soul, but when it is degrading to the Soul, it is degrading to other areas of human life.

Mankind has forgotten The Father’s Commandments. Some may say, why do I say this? I say this because The Father’s Commandments cover every area of human life and They were Guidelines to man’s actions, association with others, personal practices, and of course, moral views, intentions.

It is impossible for mankind to continue to disregard the importance of The Father's Commandments. There can be no happiness to daily living, to success, when God is ignored, overlooked. How can a human being exist one day without thinking that that day is possible because of a Greater Being, One Who cares for what human life is all about, and the importance of human actions, thoughts, deeds, goals?

All of The Saints have been allowed to participate in This Miracle of The Father's Love, because The Beloved Saint Joseph is truly The Holy Spirit of God. This should not be difficult for anyone to understand. Who else could have been The Foster Father of The Son of God but The Holy Spirit of God, constantly standing by to protect The Beloved Heavenly Mother and The Son of God?

We hear men shouting from the Bible. To some their intentions are good, to some their intentions strictly monetary, to some their intentions purely for the need for attention. It is important that men in high places who have been awarded and rewarded with positions of dignity, responsibilities,

recognize This *Miracle Of The Beloved Saint Joseph* as Factual in Every Statement that is addressed.

All of The Saints Here in Heaven are available to speak in This Miracle of Divine Love. The Father has designed It so it is done in a manner and a degree that mankind can physically and mentally handle. There is so much Logic that has been spoken, so much Sound Direction, and Everything has been delivered with Divine Love, not human inspiration.

The world has been Blessed, and The Father wants no race of people to not be able to read What We have spoken, because of the Soul that is within each human life, which is a Portion of The Father and not just an entity of Spiritual belief.

It is sad when We see delays of Everything that has been delivered reaching mankind in such a slow manner. Everything that has been spoken is of the Utmost Importance, because there is no man, woman or child that does not need This Miracle that has revealed so much in such a short time. So be it.”

JULY 22, 1996 AT 2:27 P.M.

SAINT FRANCIS OF ASSISI

“I am Saint Francis of Assisi. Mankind could not handle Our Voices direct in a sound of a voice, unless they could see a figure in life form as they know a human figure to be. This is not the first time that The Father has used ‘a small voice’ to relate to mankind Lessons of Great Importance, Instruction, to help mankind more fully understand what a Gift human life is, and that it is Special because of the Soul that human life has.

We hear learned men and women argue extensively over the fact that Our Words cannot be Our Words, because to them We are dead. All through time The Father has allowed mankind to be guided by Instruction from Many of Us, because the Instruction We give is directed by Him, and He allows Our Names to be attached to the Lessons so that mankind can associate in a more personal way, What The Father Wills men, women and children to more fully understand.

This Gift of The Father's Love, called *'The Miracle Of Saint Joseph'*, is a Gift of continuous Instruction, so that men, women and children will learn firsthand the Importance of the Soul that is within each of them. The Soul, as a Portion of The Father, is evident in every day of every human being's life. It is Part of everything that an individual is involved in. It is involved in the mind, the actions, the conscience, the love, the hopes, and yes, the need to communicate through prayer to God and/or a chosen Saint.

It is important for mankind to understand that Our Heavenly Mother hears all prayers, and is ever watchful over everyone, because of the Soul that is within each human being. Without a Soul, man would be in the animal kingdom of life. Every animal has a purpose, a reason, a distinct manner associated with its time of living, reason for living, and manner of living. Animal life is different than human life because human life has a Soul, a Portion of The Father within it, because human life was designed to share with The Father, a Portion of Heaven.

We hear so many opinions, even arguments regarding the real Truth, Value of human life. Sometimes it is a sadness to hear such degrading, demeaning ideas of human life, placing it in a category of meaningless degrees, ignoring totally that man was designed to the Image and Likeness of God. Sometimes man takes this design so literally, but mankind must understand that in the design of man, God placed so many traits and factors of association that give to mankind a closeness to The Father that nothing else has.

So much could be written on this subject, but at this time, What has been given thus far is adequate for mankind to see that as a living human being, there is a oneness with God that nothing else has. There is a Connecting Link of association beyond man's understanding, but It is truly a Portion of God placed within each human conception, called 'the Soul'. So be it."

JULY 24, 1996 AT 12:17 P.M.

SAINT BARTHOLOMEW

“I am Saint Bartholomew.

It is a great sadness when We hear anyone say that they cannot believe that The Father would come to the world at this time, so openly, with so much Direction through *one voice*.

We hear men question This Gift of Divine Love. Others dare to say: ‘It’s possibly true. Why don’t we check into It more personally and get to know *the individual* as others know her?’ The subject is usually cast aside because that would mean attention, and a possibility of understanding the Truth in This Gift of Divine Love.

Children of all ages must learn that there is much more to human life than what they understand it to be. Logic should tell them and everyone else that a Miracle of This Dynamic Force has to be True, because no human being could deliver the Words so spontaneously, based on their own mentality.

All that has been delivered must be written in languages understandable to millions of people throughout the world. There is no Miracle of This Degree, This Type, This Manner, comparable to What is being delivered in 'this place'.

I am standing before *the little one* and deliberately instructing her to be sure that All that has been delivered, millions must see, not just hear about but see, because of the Manner in which It is spoken through her, and the Importance of the Souls that will be saved because of These Words, These Sentences that in Themselves say that no human being could love mankind so personally, so inwardly, because no human being is capable of This Degree, or Type of Love.

The whole world has been Blessed because of The Father's Love for mankind. Never has so much been spoken about the Soul that is placed within each conception of mankind.

We hear many discuss This Miracle of Divine Love and they say, 'If It be true, let one of us be told the full significance of It, and how it is done

to one mind, one body, for the benefit of all Souls.'

When mankind receives a priceless gift from someone close to them, or through some game they are involved in, there is great joy and many times much confusion along with the joy. This Gift of The Father's Divine Love has been handing to mankind a Gift beyond any human idea, or ability to produce a Gift of This Magnitude.

It is sad for Us to see doubters. It is even difficult for Us to understand how so many learned men tell others not to accept This Gift because it is not from Heaven.

The world has been Blessed, and it is sad for Me to say mankind does not always appreciate a Gift of such Magnitude. Do not forget, All that has been delivered must reach all races, all intellects, all denominations of Spiritual understanding, beliefs, because there is no one that should not be given This Miracle as The Father Decreed It to be. So be it."

JULY 24, 1996 AT 12:57 P.M.

SAINT TERESA OF AVILA

“I am Saint Teresa of Avila. We All realize it is difficult for many, many people to believe This Gift of The Father’s Love, that so generously passes on to mankind Words of Direction that mankind receives from no other place.

The world is saturated with egos, with self-love, with a tremendous zeal to be important.

This Miracle of Divine Love has continuously instructed on the Importance of the Soul that is in each human life. There is a great sadness for All of Us Here to see the downfall of sound spirituality based on putting God first, love for God, and seeing God as The Ultimate of All Things.

Humanism is destroying many Spiritual Avenues and Truths regarding the Importance of the Soul that each human being has within him or her since the moment of conception. It is sadness to see so many religious organizations become so negligent in regards to the importance of

leadership in sound Spiritual values, facts, helping others to understand the Importance of the Soul, and the Goal for which human life was created: to reach for Sainthood, to become 'a Saint'.

So little is being instructed to the little ones. Everything is materialistic, humanistic. There is so little that children can imitate because of the non-existence of prayer in a humble, loving way. Mankind should look at spirituality in its degree of obedience to God's Commandments, understanding These Commandments and the Value They are to everyday living morally, physically.

In some places The Commandments of God are no longer The Rules that mankind lives by, or are They rarely mentioned as a Guideline, even in churches throughout the world. It seems for the most part that those who preach, supposedly teach, and are open example to others, have a more prideful attitude than a spiritually-oriented demeanor.

There is so much for mankind to think about and to see as downgrading what mankind was created for. It is

important that children begin to learn that truth is important, values are important, prayer is important, and that all these things be on a keel of logic, soundness, putting God before any humanistic acceptance.

Sometimes We Saints say: ‘What happened to mankind? Why has man reverted back to all the sins against the flesh that make mankind animalistic?’ Even animals have more respect for their own breed than mankind has for human life. Sound values are being ignored, cast aside, and it is sad for Me to say, ‘Sodom and Gomorrah was not as bad as this day.’ So be it.”

JULY 24, 1996 AT 3:06 P.M.

SAINT BONIFACE

“I am Saint Boniface.

It is time that mankind receive God’s Commandments in Their fullest measure, fullest degree, and full content in how They were given at another time in History.

There are so many men, women and children throughout the world who are not familiar with The Commandments of God passed through a man thousands of years ago. These Commandments were not meant for just that time, but in Their full content are, at this time, as meaningful to human life, the human way, as They were then in that day.

These Commandments should be posted in every home and in every church; plus, it would not be wrong to have Them openly posted in workplaces and in many stores, so that all ages could read Them and be able to know they have access to Them.

The world is in great disaster morally, physically, emotionally,

educationally. It is difficult for many to understand that though there is a great accent on learning, there are many men, women and children who are primitive in their beliefs, and in how they live.

We hear mankind brag about the inventions of this day, saying, 'Entertainment is available at a switch any time of the day,' but I ask you: 'Is this always good for the individuals in a moral way? Does the entertainment feed the Soul in any way, or is it sometimes detrimental to the moral values of all ages, because of what it says, what it shows, what it depicts?' The world has progressed, but also digressed.

The Father has given to mankind His Personal Love through Many of Us Saints. It is shocking to see so little of It read, and so little of It passed on for others to read. Has mankind become so artificial in thinking, in morals, that they cannot find Truth, Beauty, and Divine Love more advantageous than man's interpretation of what life is all about?

All of Us Saints could dictate continuously, hoping to help millions

of people see the Beauty of human life, the Importance of human life, and that it is the only Creation of The Father's that is closely connected to Him through a Portion of Him, called 'the Soul'.

In many places, many lives, the Soul is never mentioned, never thought about. It is as though It doesn't exist, but I assure you, and All of The Saints Here in Heaven assure you, you have a Portion of The Father within you.

There are many Reasons for this. One is to give you the strength to practice purity of the mind and the body. Another Reason is so that human life would have a Greater Purpose than any other living matter, and that would be to return to God, through the Soul that He gave each individual at the moment of conception. So be it."

JULY 25, 1996 AT 12:43 P.M.

SAINT JOHN THE BAPTIST

“I am Saint John The Baptist. So Many of Us speak through This Gift of The Father’s Love, and Each of Us has a Sincere Love for this opportunity to be able to reach mankind, at a time when it is so important for mankind to be instructed on the Soul that is within since the moment of conception.

It is important that all ages understand that they are born with a responsibility to protect this Gift of Divine Love from ever having any type of sin mar It. This Statement may possibly be difficult for some to understand, but if they will but think of it, it is so logical, because human life is unlike any other living thing. It is Special, it has Purpose, it has reasoning, it has logic, and These Important Words should say to anyone, ‘This makes me different than all other living things.’

We see so much adultery being practiced, with no fear of what it is doing to either one of the individuals or both of the individuals. Adultery

is a sin of impurity. The justification of it is nothing but an abomination, because adultery cannot be classified as acceptable in any form, manner, or reason.

There have been many times in History that The Commandments of The Father were openly not just cast aside, not just ignored, but brazenly acted out almost in defiance of the Importance of the Soul. We hear some say: ‘Why is so much now being spoken about the Soul? Up to this time we were made aware of Its Existence, but now It is a constant subject that causes many to say, “I cannot see the Soul; how can I know I have It?”’

I ask you: ‘Do you believe there is a God? Do you understand that purity of mind and body is important to your life morally and even physically? Then why can you not believe you have a Portion of God within you, that must be cherished in all pure measures of everything you do, you say?’

The world has been Blessed by This Gift of The Father’s, because He has allowed so much to be spoken about, instructed upon, regarding the Importance of human life. When an

individual doubts the Value of such Truths, the individual needs a Lesson in what life was created for and what human life is all about. That is why This Miracle has been sent to the world, instructing in so many ways the Importance of human life, and that in each human life there is a Soul. So be it.”

JULY 25, 1996 AT 1:13 P.M.

PADRE PIO

“I am Padre Pio. I have heard much about This Special Gift The Father has given to the world of mankind, instructing in so many ways, so many areas, the Importance for which human life was created and the Special Gift of Divine Love that each human life is granted at the moment of conception.

This *little one* through whom We All speak, We call her ‘*a funnel of Divine Love*’, and in many ways, many times, she is referred to as ‘*little*’, because that is the stature in which she walks upon the earth. Numerous Saints have passed Many Words through her being, her mentality, her availability to repeat What she is told to repeat.

The world must understand there is a crisis in the world that man has caused by ignoring the Importance of human life, and the Soul that is within each human life that is a Portion of The Father. We hear mankind say: ‘How can there be a Portion of The

Father in a human being? He is not human.’ This lack of belief, this lack of understanding that The Father is Capable of All Things and that mankind is but a creation of His, these doubts mankind succumbs to, are many times encouraged by the enemy of God and of man.

I have spoken many times through This Gift of Divine Love. It is important for mankind to understand that a Gift of This Magnitude is beyond what human love can understand. To be so Personally instructed, and be able to read the Important Messages, is a Gift beyond what mankind would think of to give to the world of mankind. Mankind is the recipient of a Love beyond human love, because it is The Father’s Love that has allowed and directed so much Instruction, due to the fact that mankind is standing on the abyss of Hell because of so much desecration to the Souls of so many throughout the world.

***The child* knows My voice. To her it is strong, and sometimes shatters her being. The Love that This Miracle of Divine Love has for so long gently handed to mankind should be recognized as solely from The Divine.**

I have been given permission to send a Formal Blessing and My Words are These:

As you awaken, remember you are Divinely made and The Father should be the First One you speak to at the beginning of each day.

Also, as I lower My hand I touch your heart, but in this gesture I also touch your Soul, because your Soul is the recipient of all you say, you think, you do, you suggest, you are example of.

As I cross your shoulders I remind you, as your body has been designed by The Father, and He has given you the limbs to use to aid you in life's way, the Soul that is within you will remain for All Eternity, and it is your responsibility for that Soul to always be in a State of Purity. So be it."

JULY 25, 1996 AT 2:34 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother. I am known under many Titles and I love Each One of Them, because Each Title alerts mankind to the way to Me.

Prayers that mention My Name are important to Me, because I hear a child call for help or for merely a Touch of Love, to let Me know they’re thinking of Me. Love to mankind is important also, because it gives security, strength, companionship, a unity of thought, and in these things it creates a oneness.

When it is said that there are Three Divine Persons in God, This Statement is Important, because human life has a close connection to this, and that is in the family way. There is a unity of growth, understanding, constant learning, companionship, and a togetherness that gives to each one, even when they are separated in time, in place, a connecting link that nothing else can give.

When mankind thinks of The Holy Trinity, this too can be compared

in a certain way to the human way of living. The Words are: 'The Father, The Son, and The Holy Spirit', a Unity of Love, and a Union that stands Together in a Strength beyond what One Name would signify.

The world is saturated with many men and women who are feeling that they have the ability to instruct others on Spiritual matters. To some it is strictly a way of living monetarily, with an additional manner of joining together, to be a part of the lives of other human beings.

The little one We All use is used beyond what mankind understands This Miracle to be, because mankind cannot fathom such Close Communication, so much immediate obedience to reciting What We tell her to recite, so that others will grow stronger in their communication with All of Us. Many Saints Here cherish This Miracle The Father designed, because It gives Each of Them Personal Communication, helping mankind more fully understand the importance of loving God and loving their fellowman.

When mankind talks about war it is a distressful thought or conversation, because war has a devastation to it. It destroys life in many ways, not just physically, but sometimes mentally, morally, psychologically. The values of life dwindle when there is damage to the physical or the mental.

The Father has handed to the world of mankind Hope, Direction, through Personal Communication through This Miracle of His Divine Love, for all of human creation. This Miracle must continue on for hundreds of years so that mankind will know about This Time, and will find the Personal Instruction available to them, so they, too, will profit by This Time in the world.

The Father blesses those who work so diligently, confidently, lovingly, to help others more readily understand the Closeness that God is to man, and that All of Us are also close at hand.

Many Blessings are given through This Miracle of Divine Love, and it is sad when We hear those who chastise some for believing, others who deny such an Occurrence is happening, but

nevertheless, This Gift is to strengthen mankind, so that mankind may more fully understand that God is Ever Present because of the Soul that is a Portion of Him, that is in every man, woman and child, and this occurs at the moment of conception. So be it.”

JULY 26, 1996 AT 12:39 P.M.

SAINT CALLISTUS

“I am Saint Callistus.

In many ways This Gift of The Father’s Love, called ‘*The Miracle Of Saint Joseph*’, is envied because of the Magnitude of the Direction that is so constantly, consistently spoken to alert mankind the Importance of the Soul that is within each human life.

Some who have read This Statement say, ‘If the Soul is within, what can help me recognize that I, or anyone else, truly have a Portion of God constantly with me?’ This is a statement of confusion, and a statement openly stating that the individual does not understand the Generosity of God when He created man. First of all, man’s ability to feel that prayer is an important part of human life, and that all prayers reach a Higher Being, I ask you, ‘How does an individual feel that this prayer is even associated to The Higher Being, unless there is Something innate in human life, instilled in human life, that is a Communication?’

The world is saturated with greed and an intense desire to be famous. This is a great sadness in some ways, because there is so much emphasis on humanism, that mankind ignores or puts in a secondary place his or her association with God. We hear many who deny many things that are of a Spiritual nature, but then We hear these same ones call for help when they are in physical need, or sometimes mental depression. They get help, they receive a degree of help that is needed to persevere at that particular time, but oftentimes when the help is evident and there is relief from the pain or the pressure, the Source of the comfort that was given is totally forgotten.

The Father has given to the world This Gift of Divine Love, called *'The Miracle Of Saint Joseph'*. It is to help mankind more fully understand that Saint Joseph, as The Holy Spirit of God, is closely connected to the Soul that is in every human life.

We hear some say, *'God bless you,'* when they feel that the other one needs strength, hope, and this remark is many times given as an act of love from one individual to another. It

is important that mankind stop and think of all the little things that occur that make them ask God, or a Saint, to help them through a trying time, or to help someone else who is faced with an obstacle that is possibly devastating.

This Miracle that The Father has given to mankind is a continuous instructive Source, Force, to give mankind a personal feeling of the Association that man has with God continuously, day and night. So be it.”

JULY 26, 1996 AT 1:13 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

Mankind throughout the world must be made aware of This Precious Gift of The Father’s Love, called ‘*The Miracle Of Saint Joseph*’. It is a Miracle of Instruction, continuously handing to mankind, delivering verbally to mankind, Messages of Strength, explaining to mankind what a Treasure human life is, because within it, it has a Close Connecting Association, Gift of Divine Love, called ‘the Soul’. This Link of Love is what helps mankind to understand The Father’s Existence, and also the True Existence of The Beloved Heavenly Mother, of The Son of God, called ‘Jesus’, and of course, The Beloved Saint Joseph.

Each of These I just mentioned are Special beyond man’s ability to comprehend the Greatness Each of These are, because They are not of human way but of Divine Love, used in what mankind can relate to so that mankind can more fully understand, more firmly believe the Association

between himself or herself, and The Divine.

This Miracle is a Miracle of Instruction, a Miracle of Love, of Direction. It is called 'a Miracle' because It is different than what human communication is, and mankind must understand that at this time, This Gift of Divine Love is beyond any human comprehension.

The world is in extreme situations wherein the enemy of God and man deliberately uses every means to attract mankind's attention, so that the Souls involved will either have to make extreme reparation or become a total victim of the enemy of God and man. We hear mankind say, 'I don't believe in Hell.' This is not just a sad statement but ridiculous, because there is a Hell, there is a Purgatory, and mankind must understand that these places are governed by ugliness, hate for purity, beauty, kindness, and love.

Children are not being taught the importance of loving God. They are not being instructed on the sound Facts that will make them understand that there is evil greater than they

know evil to be, and it is called 'satanism', 'satanic environment'; it is called 'Hell'.

Why is it so difficult for some preachers who have dedicated their lives to learning important facts about the Soul, helping others to understand this Important Portion of human life? They are ignoring many areas wherein they could play an important part in instructing all ages on the importance of purity of mind, of the body, because of the Soul that is the recipient of all human actions by an individual.

We hear mankind become upset over a situation that is unjust, unfair, and lacks humility, honesty and/or hope. Then is it not logical to think that a Miracle of This Dimension has a Purpose beyond what mankind is used to, when there is so much Instruction on the Closeness God is to human life, and that God intended mankind to one day, through the Soul, be in Heaven with Him for All Eternity?

Any denial of This Statement can be called 'sacrilegious' or purely 'made by the enemy of God and man'. So be it."

JULY 30, 1996

VISION

I'll tell you what I see, and for those of you who have never been here before, I see with the Eyes of my Soul and It is transferred into my vision, but my vision sees you, and internally I see What I'm looking at.

It is Saint Alphonsus Liguori, and He's standing in front of a group of men, and they are the clergy. He's speaking very loudly, instructing, and now He's saying to you:

SAINT ALPHONSUS LIGUORI

"I hold *a very little one* tightly because What she has spoken to you, you must not just listen to, but you must respond to the Truth in All the Words, the Exactness in All the Words, and the Value of All the Words.

The Father uses *a small voice, a small body*, but one who loves Him to a degree greater than mankind could understand this degree to be.

As I speak, I fade your faces out from her. They become as one to her so you are not a distraction, because in the responsibility she feels for your Souls, she looks at you as individuals, because that is how you will be Judged by The Father, as an individual.

The world has been Blessed many times through This Miracle of The Father's Love, and Many Saints Here every day ask if They may speak, so that more children will be able to receive What The Father wants them to have.

The Father has picked *a small voice*, and *a child* in many ways, to stand up against odds unbelievable, because there are many strong politically-oriented men who constantly discuss her, and who consistently want her to stop what she is doing, because no matter what part of the world they are in, there is some attention drawn to them by Words that have passed an individual's way, bearing the Name of '*The Miracle Of Saint Joseph*'.

Those of you who are present with her on this night, hopefully will read What has been spoken by Many from Here, and in What you read, you

will find strength to be able to stand stronger, more firmly, on decisions that you know are important, not just for the physical means, but for the Soul that is within you.

Many have been Blessed through This Miracle of Divine Love, physically and mentally. This Miracle has passed through many places throughout the world. We see men in prisons asking for These Words to be sent to them. We see families who are in a place where they are told: 'Forget it. What I am telling you is just as important, or more important.'

There is much opposition to This Gift of The Father's Love, but *the little one* through whom We All speak is a *funnel* of Divine Love for the whole world.

Her presence with you tonight is a Gift of The Father's Love, because What has been spoken thus far has much Instruction in It, because you see, you have a Soul that must return to The Father in a Pure State of Being. If at this point It is not in this State, you have time to help It in every way, morally, physically and spiritually.

Remember My Words and do not try to ignore Them, because as They are handed to you, They are handed to you through *an obedient child*, one who walks upon the earth but walks totally in The Father's Way.

There is much jealousy, sometimes anger, because of the strength this *little one* shows that no man is strong enough to weaken her, no man has the ability, for since her birth she was chosen for 'this time'. Many who surrounded her knew that she was different than they. There were questions asked, but The Father waited until a particular time to announce this to her, because He allowed her time to do the things that would mean much to her, to do things that would help others first, and also, to have a family, because through this Act of Divine Love she is more able to reach out and be example to those who walk the same path.

In My Blessing to you, you must understand, this Blessing is to give you the energy to walk daily loving God above all things, and remembering that you have a Soul that must be returned to Him in a Pure State, because you see, if It is not yet in a Pure State,

the Soul must make reparation in Purgatory. So be it.”

JULY 31, 1996

VISION

I will tell you now Who's been standing by. She's smiling.

Now, as I see, I see through the Eyes of my Soul, so it has a clarity in it, more of a clarity than what the human eye sees in anything else, and it's Our Heavenly Mother.

She's holding something in Her Hand. She has a gold sash on that I would describe as being this wide. It's turned over on the side in one loop, and the strip closest to Her garment is about this much longer and it's on a slant, and the slant is this way, but it's actually the other way to you.

I see a white here on Her and I see a blue overlay. I see a white toward the bottom, toward Her Feet, and the blue comes down like an overlay and it's like this at the bottom, and then the white shows and the blue shows, and the gold; and there's gold here.

Her hair is very long and very beautiful. There is a light behind Her and around Her. To me it appears as

though it is about three feet out from Her Body, and I would say three feet above Her Head.

She's standing on something, and I see gold on Her Feet. She's standing on a world and the world is approximately this big in width. Her Body is slender, and She is smiling. Her Face is beautiful.

She's not alone. Saint Michael is on one side and Saint Raphael on the other. There's Someone here. He's smiling. He says, "*Child*, you should know Me by now." It's Saint Joseph. He has the most beautiful garments on, but He moves back from Her.

He said He makes this move because it is important for mankind to understand that the Soul is ever present wherever we are, and the Soul, though It is within our body, radiates through our bodies in everything we say, everything we do, and everything we express in our words, our actions, our associations with people. He said:

SAINT JOSEPH, THE HOLY SPIRIT

"Mankind finds it difficult to understand that I Am The Holy

Spirit because mankind, in his own interpretation, has decided that I am totally of human heritage, way.

This Miracle has been given to the world to instruct mankind of all denominations, the Importance of the Soul they have within them, and that I stand as The Spirit of Light, Enlightenment.”

Our Lady smiles at this and says: “Beloved One, mankind must begin to understand the Importance of the Soul that is within each human life, and the knowledge that You are The Holy Spirit should give mankind a fuller understanding of the Importance of the Soul to life.”

OUR HEAVENLY MOTHER

“My beloved children, when you read the Words that were delivered for you to have, to give you the strength to more fully understand the Importance of human life, you must see Them as a Gift of Divine Love, and not words offered by man.

You live in a time of much desecration to Souls because mankind, in humanism, finds immorality

pleasurable and a part of daily living that is expected as a normal factor or way of life.

We hear children cry because they are confused. There is much unhappiness throughout the world because there is so little strength in instruction on moral values, moral standards.

This Miracle has been given to mankind, not just to instruct mankind on the Importance of human life, but to give to mankind the Way, the Means, the Manner to live pleasing God, through the Soul that He gave to each one at the moment of conception.

This is difficult for some to understand because humanism is so prevalent, so acceptable, and mankind has put it before all things. Sound Spiritual practices are being denied because of so many distractions that appeal to the minds and the bodies of mankind.

I speak slowly through this *little one* because of the tiredness that is evident from Us speaking day and night. There are many times Directions are given for a particular individual and she is told to instruct

the individual as if it were coming from her, because the individual could not handle her saying the Name of One of Us at that time.

Humanism is obvious in so many areas of life, and humanism in many ways is degrading to many areas of human life, because humanism ignores purity in many ways: purity of mind, of actions, of direction.

Impurities are prevalent in all races, all colors, all creeds. This is a sadness to Us, because so much through time has been delivered to mankind on the importance of God's Commandments.

This Miracle of The Beloved One is bringing back to man's thinking that The Commandments of God must be a daily remembrance, each one of Them. I could go through Them one by one but I will not at this time, but you have the privilege to do this because of All that has been delivered through This Gift of The Father's Love, instructing constantly on the Importance of the Soul of every living human being born to the world, so that one day the Soul will be returned to The Divine.

There is not one individual present at this time who cannot become 'a Great Saint'. You have the Soul and you have been instructed on what is right. It must all be determined by you, and you can live it each day and night. It will not bring you unhappiness. It will give you joy, it will give you strength, and it will also give you the power to deny any request that is improper, impure.

You must understand that This Miracle of The Father's Love has been given to the world for every living human being throughout the world. It is sad when We know that so much that has been delivered is slow reaching men, women and children in places far from here, but the task must be done and it must be done as quickly as possible, because Souls are being tortured by the evil of so many men and women, even children, throughout the world.

My Talk to you tonight, My Time with you tonight is Important, because I want you to understand that This Miracle of The Father's Love has been given to the whole world, not just this place where you are, but you have the privilege to hear It first; but when The

Father created This Miracle, He did it because of the need for men, women and children throughout the world.

My Blessing goes with What I have spoken, and My Love is in the Blessing, but remember, All that has been spoken is to give you the individual strength you need to face each day, face each individual you come in contact with, and be the person that will be a strength to them under all conditions, all situations, in all places. So be it.”

AUGUST 1, 1996 AT 11:06 A.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

This Gift of The Father’s Love is Important in many ways, and for people throughout the world to hear about and to learn from, so they will be prepared to see, to understand the Importance of human life, and the Purpose for which it was planned.

Children are not being instructed on the True Existence of The Divine. Many who profess to have learned theological facts are not demonstrating, or instructing on the importance of daily living that involve their lives with the lives of other people morally, physically, through family life, educational places, friendships.

Little ones are not being taught there is a God Who created them, Who hears and sees everything they do. Children are not being instructed on and in the various ways that their behavior is important to their Soul, and that through this Soul they have a Connection to God Himself, and everything reflects in this Soul, that

they think, they say, they do, whether it is something in just what they wear, how they act in their family, with their family; also, what their actions with other children do to help others see goodness.

There are millions of words that mankind could use to describe the Importance of human beings, because there are so many facets to human life involved in the practices of daily living, also in all the thoughts that pass through the mind, all the actions and reactions with other people, and also when they are alone with no one around.

Children are not being taught the importance of their association with God, and What they have within themselves that makes them closely associated with Him. Humanism many times is a destructive force, because in many ways it eliminates Who created all things, Who designed life, and the Purpose for which it was intended.

We hear scientists remarkably cold on subjects that pertain to the real Purpose for human life, totally ignoring that human life has a Goal different than all other matter or

living things. We see mankind feeling well-endowed with Spiritual understanding, but We also see a tremendous lack of the real Facts that they ignore, for which human life was intended.

An animal does not have a Soul, but every animal has a purpose, a reason. The fact that an animal does not have a Soul does not mean it should be mistreated, unless it is detrimental to the life or lives of human beings.

Satan is not attacking the animal kingdom, but satan is attacking human beings in many ways: morally, physically, emotionally, spiritually, because human beings have the Highest Goal to reach of any creation of God's, and the envy of the enemy of God and man is prevalent throughout the world. In many ways he works through the weaknesses of other human beings, because he finds this method, manner, productive and more easily workable in his foul efforts, because of the Souls that will be involved.

Evil is destructive. This is obvious when one human being acts out violently against one or more others. This force and source of violence is based on an individual or individuals'

association with evil in some form, some degree, some manner. It is sad when We hear people not want to mention the word 'satanic', because they inwardly feel a rejection of it, so they deny many times that a deplorable situation was activated by a satanic impulse or planned goal.

This Miracle Of The Beloved Saint Joseph cannot be stricken from the records, because Saint Joseph is The Holy Spirit of God and must be seen as bearing This Title from the beginning of His first appearance as man, a long time ago.

Many Lessons have been delivered, instructing mankind on the importance of obedience to God's Commandments. The conciseness that They have been made to be seen must change openly, so that mankind throughout the world will see Them and recognize in each one, the full meaning for which each one was intended to cover mankind's behavior and/or indulgence in humanistic pleasures that, in themselves, were against different ones of These Commandments.

The conciseness made mankind look at the Value of These Commandments in a much lesser way, but it is time now for These Commandments to be elaborated in Their fullest degree, to awaken mankind of all denominations, all backgrounds, because These Commandments are the Foundation to give mankind the sound moral values and sound moral standards that will be beneficial to the Souls of millions, upon millions, upon millions of people, of all nations, all degrees of intelligence, all professions in life.

This Statement is important, and It must not be sealed off or concealed so others will not see the Value in It, and the Divine Love that dictated It. So be it.”

AUGUST 1, 1996 AT 1:43 P.M.

SAINT MARTIN DE PORRES

“I am Saint Martin de Porres.

The world of mankind must not just hear of This Gift of The Father’s Love, but have It presented to them in a manner that helps them become aware of Part of The Greatest Miracle that God could give to mankind in this Form, this Way, so Personally.

We hear some say, ‘What is The Miracle?’ The Miracle is the Gift of Divine Love, Volumes of Information on the Importance of human life, and that Precious Gift of Divine Love that is in each human life, called ‘the Soul’. No human being is born without It.

Each Soul is a Connecting Link to The Father, because It is Part of Him that He instills in each human life at the moment of conception, making human life Special in many ways, along with the intellect, the Gift of understanding, the ability to express many things in a knowledgeable way; and then also, the Gift of sensitivity to what is right, what is wrong, the Gift

that closes the gap between God and man, called 'the Soul'.

The birth of a child is oftentimes treated, greeted with joy, happiness, and many other human forms of gratitude, love, concern, hope. Human life is Special because the human Gift is Special. The Soul makes it Special, because The Father's Generosity is to share with mankind openly, lovingly, personally, a Portion of Himself, a Portion of The Divine.

When We hear some preach about what God is all about and what human beings should do, it is sometimes meant to encourage others to follow a path guided by what they feel was written a long time ago. Sometimes what they speak has some truth in it, some logic, but oftentimes it is based on their personal views, not on what is solidly known to be one hundred percent truth. Imagination plays a big part, and many times their personal need for attention is evident in their instruction to others.

You live in a time truly worse than other times in some ways, but you also live in a time wherein you are being Blessed by The Father's

Love, through Many Saints delivering Words, not just of Encouragement, but Words of Direction, Sound Facts. This Gift of The Father's Love has so Many Here in the Heavens participating continuously for the Souls of millions of people throughout the world.

All languages must be taken into consideration, so men, women and children who live in places where the language of your place is not known to them, they will have the opportunity to read What has been delivered in the language of their way. This Direction is never to be ignored and hopefully never delayed, because of the Importance of Souls that must learn that They have the protection of those in whom They were placed, giving Them the hope that They will be returned to The Father from Where They came.

This Miracle of Divine Love is so simply stated, and bears Love for all of mankind. Everyone must be made aware of This Gift, no matter where they are, where they're from, or what degree of intelligence they appear to have. So be it."

AUGUST 5, 1996 AT 11:04 A.M.

SAINT BONAVENTURE

“I am Saint Bonaventure.

It is difficult for many to believe that a Saint can openly say They are unhappy. For some people to hear this is a shock. It is important for mankind to understand that Sainthood is a Closeness to God of unbelievable Love, because of the Purity that is involved. Purity in itself radiates strength, courage, purpose, understanding, clarity, in a bond of love.

Throughout the world We hear and We see men, women and children allowing themselves to be caught in a bondage of all that is immoral, indecent, based on a total lack of respect of God’s Commandments and the reality of the Existence of God. Children are not being instructed on the power of cleanliness of the mind, and in the power of cleanliness in association physically with other human beings.

You live in a time where so many men, women and children accept all facets of indecencies, impurities, even

to the point of idolizing everything that the enemy of God and man stands for. The momentum of this amongst mankind has picked up so rapidly, that it is generated throughout the world, and has become acceptable in places, at one time, it would never have been even acknowledged.

When a lesson is delivered by an individual, or by the written words of someone who feels the obligation to wake people up to the danger that lurks in so many corners, so many areas of association, is rejected, it is a sadness to All of Us, because it is not just a case of humanism deliberately being practiced, but it is a case of demonic intrusion being accepted.

The world has been Blessed by This Miracle of Divine Love, and All of Us shout to mankind: ‘Wake up and see that you have become, or are becoming a part of Spiritual desolation, and you cannot allow the enemy of God and man to win, because the Soul, as a Portion of God, was handed in a Pure State at the moment of conception, and it is the responsibility of every human being to return the Soul to Him in this condition!’

We hear many men, women, and even children interpreting words that are basically not clear, and in the lack of content in their conciseness, the meaning is being diluted according to the individual who is explaining it to others. Be sure when you read on a subject matter, you see it in its full measure, so you have the privilege and the logic within you to determine the value of the subject, and in the value, what this subject can help you to better understand the importance of what this means to your mind, your body, and your Soul. So be it.”

AUGUST 5, 1996 AT 12:53 P.M.

SAINT DOMINIC

“I am Saint Dominic. It is important that mankind understand that it is The Father’s Love for mankind that is delivering All the Words that pass through the Soul of this *little instrument* that is used by so Many of Us.

The world is in chaos, due to mankind’s not accepting the Fact, the idea, the possibility, that they have a Portion of God within them that is to be returned to Him at a given time, in a State of Purity.

It is sad when We hear so many men, women and children disregard any subject that speaks of the Soul that was given to them at the moment of conception. We hear statements, ‘If God created me and I see my eyes, and I see with my eyes, I am conscious of all my senses, why would God hide from me what is supposedly the Most Important Part of me, a Soul that I am responsible for?’ It is sad to hear such a lack of Faith, because mankind understanding that there is a God,

and they do not see God visibly, then would not a Portion of Him be hidden from their view?

There is one Statement that mankind ignores, and that is, that the Soul is not completely hidden, because mankind knows right from wrong, good from evil, and every individual should ask himself or herself, ‘What makes me know instinctively these things?’

Mankind tries to ignore truths in many areas of human life, because truths bear responsibility, and also bear in this responsibility, justice. Mankind blinds himself or herself to responsibilities when it is convenient for them to practice, try, or have a habit of doing things in what mankind would term ‘bold’, ‘sneaky’, feeling that this justifies their intentions and others will not recognize the intention that caused it to occur.

Mankind plays games with themselves but mostly with God, totally ignoring Who He Is, What He Is, and that everything an individual does they are accountable to Him for.

The world has been Blessed by so much Direction through This Miracle

of The Father's Love for this Special Creation called 'man'.

We hear many learned people openly doubt that there could possibly be within them a Portion of God, because there is no record of It in any physical records, and the medical profession has never seen It.

I close this time with you with a Blessing, and in this Blessing I remind you that what you think, others do not see. The Soul you have you do not see, nor do any others, but I assure you, just as your thoughts are a portion of your daily way of life, your Soul is a Portion of you every moment of your life. So be it."

AUGUST 8, 1996 AT 12:53 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

Throughout the world mankind, through culture, through intelligence, through habits, environment, are susceptible to different degrees on moral issues, moral integrity, moral acceptance.

Today, if each of you present here now were allowed to see the behavior pattern in several areas, you would find immorality to the point of being totally conducted by satanic involvements. In other places, you would find so much naiveté that it would be disturbing, because in this it is often a cover-up, based on the inability of an individual to stand on sound facts, sound truths, sound acceptances, sound standards.

In some areas of human life We hear mankind say, ‘It takes bravery to fight certain systems; I don’t have it,’ and you find others who say they are staunch in every thought, action they partake in, because they believe in what they are doing.

Let us now look at the reasonability of human life; also, the characteristics of every individual, the degrees of mentality in each one; also, the moral values and moral standards. What are all these things based on? We hear highly intelligent people argue over petty disagreements, meaningless in content, and demeaning to the integrity of everyone involved.

The Father has given to the world of mankind an innate conscience of understanding right, wrong, truth, untruth, morality, immorality, conscience over imagination. Through This Miracle of Divine Love there has been much Instruction, Direction, based on the Intention that mankind of all denominations, all degrees of intelligence, all degrees of sensitivities, will better understand the value of sound moral values, sound moral standards, over weaknesses of the mind, the body, the intentions that are innate in every living human being.

Hundreds of Saints stand watchful over This Miracle every moment of every day, because This Miracle of Divine Love has been given

to the world for the benefit of all Souls.

We hear mankind say, ‘I am so sad, I feel like crying.’ Usually this occurs over some disappointment, or some problem that arises that affects one personally, or for someone they love. Just imagine, with all that is occurring throughout the world diabolically oriented, wouldn’t it be understandable to mankind that All of The Saints seeing this, would feel a sadness because of the Souls within each human life that are being desecrated, even some violated to the point where there is no hope because of the individual in whom they were placed at the moment of conception?

The world is in a total immoral, imbalanced form of Spiritual chaos. Remember My Words and see that others receive Them, because so many so-called ‘religious’ men and women are not just participants in this destructive chaos, but have initiated it out of their own lack of love for God, respect for God, and understanding that as The Creator of All Things past, present and future, every Soul is accountable to Him at a given time.

Be aware of how you walk. Be aware of the Importance of what your Soul stands for, and from Where It came when you received It at the moment of conception. So be it.”

AUGUST 8, 1996 AT 1:43 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am known as ‘Saint Joseph’. I Am The Holy Spirit of The Father.

My Mission as man upon the earth was one alone, and this Mission was to give to mankind the importance of this position in life as the husband and as the father, automatically to be seen as the protector, the guide, and the one to whom much responsibility was placed as being picked as the one who would earn the living financially, giving strength morally, physically and spiritually to those who were dependent.

It is important for mankind to understand the necessity for this station in life, to see the privilege of protection, of care, and also as the one everyone depends upon. There is a responsibility that is not always seen but it is evident, because as the husband, as the father, those who one is responsible for must never, in any way, be wrong or poor example.

The Father has given to mankind a Miracle of Instruction, purposely

directed to the Importance of the Soul that is within each human life. Never before in the History of mankind has so much been delivered directly on the importance of the responsibilities that this position bears morally, physically, emotionally.

For a long time now, children have not been instructed on the responsibilities they must face when they reach an age wherein they take on the caring for others. So many times when We see men, women and children of all ages, read What has been delivered through This Gift of The Father's Love, they totally ignore what refers to them personally, in reference to their responsibilities that they have received by being born. Through responsibilities mankind earns Sainthood, and through Sainthood mankind will then see the Importance of that Soul, that Gift of Divine Love that was presented at the moment of his or her conception.

Human life has a Great Purpose. It is a Gift of Divine Love because its Destiny, its Destination is to return to God and be with Him Forever.

We hear people of all ages preach, teach, regarding the Purpose of life, but so much of it is their interpretation, and not enough is on the Full, True Meaning of the Importance of the Soul that is instilled to be the Recipient of Living Forever.

We hear many preach on subjects they feel are interesting, or will attract attention to them because of the content, but so few who instruct others on Spiritual matters, truly or fully understand the value of what they are eliminating saying, regarding the Soul that must be returned to The Father at a given time.

I am requesting you to, at some time, ask someone you know what they feel is meant by 'the Soul', and what they feel human actions do to the individual's Soul. There are many things that could occur from this conversation. I warn you it could cause anger, rejection, or maybe a long dissertation on their opinion that, in reality, might be being made up just so that you do not feel they do not understand what the Soul truly is. I do warn you: Be cautious how you approach this subject, because

it might not be pleasant or it might become very wordy.

This Miracle of The Father's Love is giving to the whole world of mankind Proper, Beneficial Instruction on the Importance of human life, and the Goal for which it was created. The Father's Love for mankind is a Personal Love, just as your love for other human beings many times is a love deeper than you understand, or is deeper than a love you know the other one feels for you. So be it."
