PREFACE

These “*Stories From Heaven*” could not have been given to the world at a more appropriate time than now. The world is in a terrible state of corruption and confusion politically, religiously and socially. Honesty, modesty, genteelness and morality seem to have been eliminated from our way of life, at least in effect if not consciously. However, God has given the world a Miracle it needs.

On July 28, 1967, *The Miracle Of Saint Joseph* was formally announced to a True Mystic. God had chosen a woman to give us the sound direction, hope and example we need. It was not the first time God had chosen a woman to accomplish His Purpose, always for a specific task in a particular time. This True Mystic for our day is Frances Marie Klug. She resided in Southern California as a wife, a mother, and a grandmother until her death on November 15, 2009.

In This *Miracle Of Saint Joseph*, Many Saints have come forth to speak through Frances Klug. These “*Stories From Heaven*” are just a few of the thousands of Revelations received through her. Very often these

Revelations were preceded by extensive Teachings which time and space did not allow us to put in print. However, some of these Teachings will be found in several of the many Volumes of "*Stories From Heaven*".

In these Revelations The Saints refer to Frances as "the child", "the funnel", "the spoon", "the instrument" and "the little one". God made her our Spiritual Mother. For many years now, because of this fact, she has been called "Mother Frances", or simply "Mother". Heaven also refers to people of all ages as "children" and emphasizes time and again, This Miracle is for people of all races, all colors and all creeds.

For someone turning the pages of these "*Stories From Heaven*" for the first time, they will easily recognize the sound logic and sound direction the Messages contain. Mother Frances heard the Words with the Ears of her Soul, and would repeat Them aloud when she was told to do so.

This Teaching Miracle is a direct parallel to the time Our Lord walked the earth. He did not loudly proclaim to everyone, "I am The Son of God." He taught in a quiet manner, simple, extensive, but always detailed

in repetitiveness, instilling in those listening what He wanted them to remember. He taught in parables, short, simple stories containing moral lessons. He knew men could more easily understand and remember the point He was trying to make this way. His “Teaching Stories” pertained to everyday living, practical matters, and how to become a Saint. He gave hope through these stories. He gave example.

Now in our time, God is once again giving us “Teaching Stories” through Saint Joseph and His instrument, Mother Frances. Through her, in a quiet, unassuming and genteel way which appears so “natural”, mankind is again being taught the Purpose of life, and what God expects man to be like in his daily living. People feel hope in these Teachings, Example always given.

Two major Revelations of significance have been given for us in our day. Our Heavenly Mother is Part of The Divine, and Saint Joseph is truly The Holy Ghost. These should not bring an immediate rejection, but should pique our curiosity and interest.

Our Faith in God is based upon many mysteries. Whether it be The Holy

Trinity, the Incarnation of God, or The Holy Eucharist, men strive to understand These, trying to grasp a small glimpse of the Beauty of the Truth They Are. These mysteries also pique our imagination and interest. However, even though we know God revealed these mysteries to mankind and we accept them in Faith, they still remain just that, mysteries.

One has only to look at these “*Stories From Heaven*” to see the value They are, and to feel the hope They instill. No man can logically deny purity of thought when it is so obvious. No man can deny purity in direction, when it is based on sound morals, sound values, sound standards. Do not be blind to truth. Skepticism is for people who are unable to see the truth of a matter or situation, and many times skepticism drowns out purity because it is full of ego and pride in one’s self. Skeptics find it an easy out to disclaim truth.

There is no doubt that it takes time for such Phenomena as This Miracle to penetrate even those minds who feel they are capable of discerning such Phenomena. We must not be governed by purely another man’s determination, but we must understand that logic, sound reasoning and purpose must be the criteria of our Faith in God.

PLEASE READ

In some early volumes of "Stories From Heaven", many Revelations describe edifices to be built on Saint Joseph's Hill Of Hope. As just one facet of The Miracle Of Saint Joseph, God invited men of all races, colors and creeds to participate in building a "City Of God". Every building, chapel, bridge, shrine, garden, amphitheater, and even a hospital and a research center, to be included in this Magnificent Project, would be designed down to the most minute detail by Heaven.

This City Of God would be a place of great beauty for men throughout the world to visit, to gain true spiritual strength and to learn firsthand that which Heaven wants all men to know.

Much to the great loss of every man, woman and child in the world, this City has not been built. Innumerable obstacles were placed in the way of Its completion by those who would have benefited the most. Not enough men volunteered to return the gifts of their time and talents to God. Not enough people came forward with the money needed to participate in God's Plan in a monetary way. Donations became less and less, because the men in the Church said, "Don't give." They discouraged people from participating.

For many years, Mother Frances and a handful of volunteers made every effort to overcome all opposition to men's lack of wisdom, to build this City for God. However, we are not at a total loss. The Sound Teaching and Sound Direction given by Heaven in the many volumes of "Stories From Heaven" continued through the years, and will benefit people everywhere for many generations to come.

In the future, if the hearts and minds of men change, the world will one day see the Beautiful City Of God.

**All Revelations are delivered
spontaneously and continuously
as witnessed by all those present
at the time.**

AUGUST 15, 1996 AT 1:25 P.M.

SAINT DOMINIC

“I am Saint Dominic. Many of Us wait for The Father to request Our giving to mankind His Love, His Attention, instructing mankind regarding the Purpose for which He created human life.

As Saints, We are constantly in His Service, using every means We can to help mankind understand why human life was created, the Goal for which it was created, and the Divine Love that is instilled at the moment of conception.

When an individual says, ‘I love you,’ it is sometimes an act of human expression, letting the other individual understand that there is a degree of personal love felt, and this always gives strength.

When The Father hands to the world a Gift of His Divine Love, It is above and beyond what human love is, because The Father’s Love is a Love incomparable to what human love is to those close to them.

The world is in a tragic state of diabolical intervention, due to the fact that mankind uses false expressions of love, many times for control purposes, for attention from one or more other human beings.

The Father has given to mankind a Miracle of Soundness that continuously instructs every degree of intelligence on the Importance of the Soul that is a Portion of The Father, placed in the conception of every living human being. When an individual expresses fear, it is most times due to a human event, a human experience, or a physical factor.

Today as I speak to you, there are Many Saints with Me Here now who join with Me in a Message to all of mankind. Human life was designed for a Reason, a Purpose, a Goal. Human life is different than any other creation, because of the Soul, the intellect, and the ability to understand that there is a God, and there is a Reason for a human being to exist.

We hear some pray, all ages, all nationalities, all degrees of Faith. Sometimes the faith in their own human way of doing things is greater

than their Faith in their having a Soul, a Portion of God within them.

This Miracle of Divine Love has been given to mankind to help mankind understand that along with the Gift of Divine Love, the Soul, The Father gave The Rules, His Commandments, so that mankind would use These for the benefit for which They were given, and that was to protect the Soul from being lost to the enemy that truly exists.

The world must understand that This Time in man's life, God has given to mankind in a straightforward manner, Information, Direction, Personal Love, and a constant reminder that human life has a Purpose beyond all other creations.

When We hear doubt of any degree, or from any source, regarding This Miracle, it brings a sadness to All of Us. We hear some say, 'What do They mean, Miracle?' because Miracle to most individuals is an occurrence that is spectacular in their eyes.

This Miracle of Divine Love is beyond this, because This Miracle of Divine Love has been and still is, audibly and through the written Word,

instructing mankind on the Precious Gift of Life that abides in every human being. The Soul is a Living Portion of God, and mankind must remember this.

There is so much evil throughout the world based on every type of humanism, because mankind in so many ways sees only the human ideals, purposes, practices that he or she feels they are capable of, or proficient in.

The world at this time is in chaos morally, mentally, physically, spiritually. The Father foresaw what was at a particular time leading up to what is occurring now, so He deliberately gave to the world *a small voice* through which All of Heaven speaks, not just instructing mankind, but deliberately helping mankind to feel the Importance of the Messages and see the Value of Them that nothing else is doing, because everything is based on selfishness, impurities, immorality.

Today as I speak, it is important for mankind throughout the world, not just in the place where These Messages are delivered, but to every nation, every culture, every age,

because mankind is not receiving what is necessary for mankind to value that Gift of Divine Love, That Portion of The Father, the Soul. So be it.”

AUGUST 18, 1996 AT 5:50 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

This Precious Gift of Divine Love that The Father has so generously given in Words clearly stated, clearly defined, for all of mankind to understand what a Precious Gift human life is, and the Importance of the Soul He places within each human conception that, though difficult for mankind to understand, is a Gift of His Divine Love to man.

This Miracle that directs so Many in Heaven to speak to mankind in a manner and way that can be understood clearly the Importance of human life, and the Importance of That Portion of human life that is closely associated with The Father of All Creation, This Gift that The Father has allowed through Many of The Saints Here in Heaven, telling mankind of the Importance of human life, Who truly created it, and The Father’s Love that is instilled in each conception, must never be rejected,

defamed, ignored, or humanly denied regarding Its True Existence.

Human life has been given many Gifts that entitled human life to use the mind to be able to understand many things: happiness, reality, sadness; but with all these things, human life was given abilities to use the mental for great intentions, understanding and logic in knowledge, putting mankind above all other living things.

The senses of mankind are diversified. The morals of mankind have the option within them to practice sound moral values and sound moral standards, giving mankind choice.

The enemy of God and man uses weaknesses, because of his innate jealousies and hate for the human life that is so Important in so many areas of its existence, because of the Soul that is within it.

It is sad when We know that the Soul is not being spoken about, thought about, but is being denied conversation regarding Its Importance in every human life, thus making humanism likened to all other things that have no purpose other than what

their existence produces or practices on the earth.

A blade of grass does not have a Soul. It has a purpose for the benefit of mankind. The soil man walks on has a purpose but it has no Divine Attachment. The universe has a purpose and only The Father can hold it in its place, on its course, for reasons that were designed by Him.

This Miracle, though denied by many, is a Miracle of Facts, Intentions, Instructions, that no one else or no already written words fully can explain. The Father has chosen 'this time' to explain much to mankind in a deliberate way. All the books in the world, full of information, do not contain what This Miracle of Divine Love is addressing to every living human being at this time.

Daily We hear requests for help on many issues. These requests are answered according to the benefits The Father knows are best, because no human being has the ultimate mentality of understanding the full sound reasoning why all things are not as they desire them to be.

Faith in God's Will must be exercised daily, because mankind has been given the Gift of mental, physical and Spiritual strengths to be able to use the physical and the mental for what is good, what is pure, what is logical, what is sound, for the mind and the body to practice what is best for the individual.

So little is being spoken about regarding the Soul that each human being is the recipient of at the moment of conception. Mankind is ignoring this Close Association, Personal Communication between themselves and The Creator of All Things.

God is The Creator of All Things. He is The Controller of All Things, and He created mankind for a Purpose beyond all other creations of His.

Any infirmity mankind can claim to have, he or she must remember that the Purity of his or her Soul is the Most Important Part of human life. A man or a woman says, 'I am blind in one eye; thank God I can see out of the other one.' We smile at this, because the human abilities carry much more understanding than that Precious Soul that is the Living Part of mankind

between every human being and God, continuously.

Without the Soul, mankind would be like all other things, but mankind is made to the Image and Likeness of God, in that the Soul is instilled at the moment of conception, and is to be used as a Personal Communication and a Personal Strength, to conduct every day in life in Union with God's Will, because of the Importance of this Creation that bears a Portion of Him, the Soul. So be it."

AUGUST 19, 1996 AT 12:50 P.M.

SAINT AUGUSTINE

“I am Saint Augustine.

The Father, in His Love for mankind, has given mankind a Blessing called ‘*The Miracle Of Saint Joseph*’.

Though it may be difficult for some to believe, to accept, that Joseph is but the human title for The Holy Spirit of God, mankind must understand that only The Holy Spirit of God could have been chosen to be The Father of The Son of God, thus keeping The Divinity in a proper order through what mankind knows to be ‘The Holy Family’.

There is no other situation, condition such as This, because mankind must understand that The Father has always given to mankind Something, or a Situation to follow, to accept as the Ultimate Source, Force to imitate. The Father has never left mankind without some form of Instruction, Direction, or Means to associate human life with.

Example is a tremendous source for mankind to use, to benefit by, to imitate; thus, The Holy Family was given a long time ago, and is yet to be honored for What They stood for, because of from Where They came. At this time in which you live, there is little spoken about this Gift of Divine Love, The Holy Family. Mankind places much emphasis on updating, using modernization as being the accepted protocol in which life exists.

It will be difficult for some to fully understand the Beauty of This Miracle of Divine Love, called *'The Miracle Of Saint Joseph'*, because spirituality has in many ways dwindled because of humanism that so much emphasis is placed on and accepted, losing sight of the Importance of the precious Gift, belief in God, belief in how He created all things, belief in why He created mankind, and belief in the sound reasoning that mankind has within each one a Portion of God, called 'the Soul'.

We hear some say: 'If I have a Portion of God within me, wouldn't I sense It, wouldn't I feel It? Would I not feel the Power of It within me?' I say, 'You do, because you instinctively

know right over wrong, truth over untruth, purity over impurity, justice over injustice, hope over despair, love over hate, kindness over unkindness.’ I could go on and on with what the human mind could use to prove to himself or herself the reality of having within one’s self Something that innately tells the individual that human life has a Purpose greater than any other living thing.

When This Beloved Miracle began a long time ago, mankind was in human terms ‘spoon-fed’, because at that time the world was in chaos, and this extreme lack of human understanding was not capable of being able to accept a Miracle of Divine Love that was continuously instructing on the Importance of human life, the Importance of the Soul in human life, because there was so much moral confusion that had to be taken into consideration at a time This Miracle of Divine Love was handed to the world through *a small voice, a small body*, but a strong will to obedience to The Father’s Will.

The world must be saturated with All that has been delivered, because Souls are being lost through the

humanism that mankind is accepting to a degree, eliminating that human life has a Goal Higher than any human goal can be, and this Goal is for the Soul to be returned to The Father for All Eternity.

Numerous Saints have spoken through This Gift of The Father's Design, Direction, and yet We still stand in line, waiting for Him to tell Us when We must speak because of the need throughout the world. It is sad to watch mankind make decisions against This Gift of The Father's Love through their own lack of ability to see the Value in All that is given.

This Miracle was given to the world for all of mankind, not just a segment. That is why so many areas of What We say openly does not designate one group of Spiritual understanding but encompasses the whole world, because God is The Creator of all of mankind, the whole universe, but also The Controller, and must never be rejected by anyone for any reason, because of the Importance of Who God Is, and mankind must never forget, as He has created All Things, He is The Controller of All Things. So be it."

AUGUST 21, 1996 AT 11:26 A.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. It is important that all of mankind receive Our Messages, because every human being has a Soul, a Portion of God within them. This Gift of Divine Love is each individual’s Personal Communication, Closeness to The Divine.

We hear many speeches elaborating on what God is all about, and the importance of mankind. We hear many interpretations of how things were when The Son of God walked the earth. We hear little about The Mother of This Son, We hear little about The Father of This Son, because at this time in which you live humanism is acceptable in many ways, some deliberately mentioning The Holy Family in a humanistic version of existence; and also now, the humanism that mankind relates to, ignoring That Portion within each life that is not human. It is the Soul that is a Portion of God Himself that gives to mankind an existence over and above all other creations.

Mankind spends much time on pleasures of the flesh, pleasures pointed to positions of importance amongst mankind. Not often do We hear the Importance of human life and its Goal that God designed for human life. Mankind many times exaggerates a point, a subject, to gain personal attention.

Ask yourself: How many times do you hear anyone talk about the Importance of that unseen Portion of human life, the Soul, and what this Soul is subject to in daily living, or subjected to because of the morals of the individuals in whom the Soul is placed at the moment of conception?

To many theologians, the Soul is not a topic of discussion as it should be, because the Soul is not obviously seen, but logic should tell every living human being that their ability to be able to judge good from evil, right from wrong, truth from untruth, is automatically an innate ability, not just a sense such as touch, and the other senses to human life.

The Father has given to mankind a Gift of Divine Love that nothing else can be compared to, and It must be

seen for the Value It is and The Divine Love from Which, from Where, from Whom It is delivered. So be it.”

AUGUST 21, 1996 AT 12:21 P.M.

SAINT COLUMBKILLE

“I am Saint Columbkille. Many of Us find speaking through This Miracle a Blessing from The Father, beyond what mankind knows a Blessing to be.

As Each One from Here speaks Words of Direction, Instruction, those who read the Words must understand that at no other time in the History of mankind has so much Personal Direct Love been given through so Many Saints at one given time. Of course, the Blessing of This Miracle is beyond man’s comprehension, due to the fact that The Father has spoken Personally, The Beloved Heavenly Mother Personally, and The Beloved Sacred Heart Personally, plus The Holy Spirit of God, Saint Joseph, Personally.

It is sad when We hear individuals deny This Gift of Divine Love. Their source of denial is only their inability to understand what a Great Love Divine Love is to man.

Children are taught to love their parents, others in the family. It is many times an innate feeling for each other,

but few men, women and children of all ages are taught how to love God in a way, in a manner of communication, and of course, of obedience to His Commandments.

This Miracle that has been given to the whole world through a *small voice*, but an obedient love for All that The Father wishes the world of mankind to know, to learn, to practice, and to follow. A Blessing of This Magnitude is One Alone, and It must be translated in every language possible so that no human being, in any place, will be deprived of What has been taught about the Soul. No human being is born without a Portion of God, the Soul, within them.

It is important for mankind to understand that this Gift of Divine Love is beyond any Gift mankind can ever receive, because It is a Gift for all time, to be with God, very close to Him. So be it.”

AUGUST 21, 1996 AT 12:47 P.M.

SAINT BARTHOLOMEW

“I am Saint Bartholomew.

It will be difficult for many who will be reading All the Revelations that pass through this *little one* at the Direction of The Father, because mankind will find it hard to believe that This Occurrence at ‘this time’, is truly happening through *one* like themselves.

Small children are not being instructed on the importance of prayer at different times during the day. So many are being told that prayer is to be said at a specific time, thus ignoring that the individual can be heard at any time during the day or during the night. There are no special hours for mankind to communicate with The Divine, with Any Saint in Heaven.

The world has been Blessed by This Miracle of Divine Love, and many men who have dedicated their lives to service, instructing others on the importance of prayer, are definitely ignoring their promises and their practices, because of so much

humanism that surrounds them, and that they have become a great part of.

We hear many learned men try to rationalize This Gift of The Father's that is instructing constantly on the Importance of one's Soul, and the importance of purity of mind and body, plus the importance of communicating because of the Soul, That Portion of God, that is within each human being.

We hear men, women and children in much need, not just financially or physically or emotionally, but spiritually, and many of these same people feel they have the foundation of the necessities that comply with sound Spiritual understanding. We say to all of them, 'Never forget that as you are a human being you have the Greatest Communication with The Father within you, your Soul, and this Soul hungers, many times, to be the recipient of, and the Communicator of your love to The Holy Trinity.'

It is sad in so many ways, that so many during the day do not speak to their Soul in the same manner that they communicate with other human beings, because through the Soul The Father hears every need, every word

of love, and is constantly aware of the individual's belief in this Close Association with God through the human way.

We hear some human beings say, 'I wish that I would hear someone say to me, "I love you."' Would this not also be logical to understand that God, as The Creator of All Things, desires personal communication?

Much Love is passed through This Miracle to mankind, all degrees of mentality, all degrees of spirituality, all degrees of love, of need. This Gift of Divine Love should not be dismissed, but It should be nurtured by every individual, because through the Soul, The Father is in Direct Communication every moment of every day. So be it."

AUGUST 21, 1996 AT 1:39 P.M.

SAINT GREGORY THE GREAT

“I am Saint Gregory the Great, a Title given to Me. It is a Title of Love and I answer to it with much Love.

This *little one* The Father has chosen to speak the Words from so Many, is in many ways a *Victim Soul*. This is a Statement of Love, not a Statement that many who read These Words should criticize.

The Love that passes through This Miracle is beyond human comprehension, ability, understanding, because Divine Love through This Gift is giving to mankind a Personal Communication that nothing else can give. No books already written can compare with the Divine Love that These Words from so Many from Here, explain to mankind the Importance of human life, and the Importance of the Soul that is instilled at the moment of conception.

We see many highly intelligent human beings become totally enthralled, animated by stories written about human life, situations,

conditions. There are no greater writings at this time in the world than What This Miracle of Divine Love is giving to mankind. We many times see an indignant attitude, most probably based on human jealousy, from some who feel more worthy to be the recipients of This Communication.

Obedience to what is good, what is right, what is pure, many times is difficult because of one's own personality, desire for attention, and also, one's own feeling of expressing personal opinion. There is none of this in This Miracle of Divine Love, because The Father is in Complete Control of All that is spoken, delivered and written. The world must be made aware of All the Messages that have been put into script so that mankind of all Faiths, all degrees of intelligence, will have the advantage to read much about the Importance of human life and What it contains: the Soul.

We have heard many give great speeches on the Importance of the Soul, and many truly believed what they were saying, but some picked the subject because it was a subject not always spoken about. The Soul is a Portion of God, and thus, in His Love

for mankind, places within each human life the Soul, a Portion of Himself.

Mankind says, ‘I must remember to ask for a Blessing.’ Sometimes this request is made out of respect for someone, a personal affection for someone, but whatever the reason, everyone must learn that whenever The Father is requested for some special purpose, special need, the Soul is immediately responsive, because This is the direct Communication to The Father that every living human being immediately has.

There are so Many Saints Here that stand by constantly to speak, because of the need of men, women and children throughout the world. The need is to know that there is a God present at all times, and that they have an immediate Connection to Him, called ‘the Soul’.”

AUGUST 22, 1996 AT 11:12 A.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother. The Father has requested I deliver Words at this time, that mankind of all races, all creeds should value, should understand, and should remember Them as important to their mental, their physical, and their Spiritual lives.

When mankind hears a story, a suggestion about something evil, they immediately attribute this to human misbehavior, but I come on this day to confirm to children throughout the world that when something is diabolical, it is beyond normal human behavior. The enemy of God and man has many degrees, uses many degrees of volatile injections that affect the moral values and moral standards of all ages of mankind.

The Father has given to the world a Miracle of Instruction, and This Miracle is a Miracle informative beyond any other instruction that has ever been relayed to mankind in such a Personal Way. Daily We see men, women

and children of all ages attracted to events, situations, participations that are obviously demonic in their very essence, but We hear excuses, and the main word used is, 'I am only human.'

I am Your Heavenly Mother. To be human is a respectful, loving Creation of God, and it must be held in dignity at all times, at all costs, under all situations, because human life has a Soul within it at the moment of conception, and this Soul is a Personal, Loving Gift from The Father that is a Portion of Him that mankind cannot see, but It is evident through mankind's abilities to know right over wrong, good over evil, love over hate.

This Miracle of Divine Love, called 'The Miracle Of Saint Joseph', will be understood by millions of people throughout the world, so It must be released to give Strength, Enlightenment, Courage, Hope, to every area wherein mankind is present, from the crowded places to the place where there is one individual living alone.

There are many enemies throughout the world, but they do not always show themselves or itself

as being an enemy. That is why it is important that mankind close to This Miracle of Divine Love take the responsibility of seeing to it that all places throughout the world receive All that We have delivered, even if It is rejected by some.

Never allow a rejection to stop what you are responsible to accomplish, because satan works diligently through many people, many places, many professions, many social areas, to diminish what mankind should see as a need to be protected, a situation to be protected, people to be protected, Instructions to be seen for what They are, and if protection is needed, some course or source should be used so that these things are not destructive to the vulnerability of any man, woman or child who is exposed to it.

We hear some say in reading This, 'That is an impossible order, impossible condition to control.' Not really, because a major degree of control can be asserted through All that has been given through This Gift of The Father's Love, because in All that has been given there is some Phrase, some Sentence, even One Word

that could be the greatest weapon in the world to fight the evil that is surrounding mankind throughout the world.

One small voice, but always remember, We are behind this voice, We are in this voice, and it is Our Love for mankind that delivers the Words, the Instructions, the Directions that must be handed before it is too late. The time is of the essence that This Miracle of Divine Love saturate the world with All that has been given, protecting the Souls of every living human being so that They will one day return to God in Heaven. So be it.

AUGUST 26, 1996 AT 12:43 P.M.

SAINT JOHN OF THE CROSS

“I am Saint John of The Cross.

At this time throughout the world, in many ways, many places, there is so much superficial understanding, practices and instructions regarding sound Spiritual values and sound Spiritual standards, sound Spiritual morals.

The Father has given to mankind the privilege of so Many Saints, allowing Them to instruct mankind on the Importance of human life, and how much Love He has instilled in it, His Personal Love, by giving to each human life a Soul. Very little is being instructed on this Gift of Divine Love, because mankind throughout the world practices more humanism in his or her thinking regarding why human life was created, and the Goal for which it was created.

It is important for mankind to teach what they learn through This Gift of Divine Love, to those who do not have the opportunity to be present, or to have the advantage of reading the

Material. This Gift of Divine Love is Extraordinary in many ways because It explains to mankind what a Treasured Gift human life is, and because of the Soul that is instilled at the moment of conception.

We hear many heretical outbursts, suggestions, decisions, from many who read What We have spoken through This Special Gift to all of mankind, directed by The Father, so that mankind will more fully understand what a Precious Gift human life is, and that the Goal for which it was created is Superior to any other goal that any human being can reach, attain, or live, for all time.

We hear sarcasms, some based on a lack of Faith, understanding, but some are intentionally spoken because of the individual or individuals' humanistic evaluations of all areas of human life. Humanism justifies unjust emotionalism, impurities of the mind and of the body; also, for many to practice not just impurities, but the use of the human body for obscenities unnatural for which human life was created.

I know My Words are harsh, but They are Just. Sometimes it is necessary to say things that are difficult for some to feel that a Saint would speak, but nonetheless, the important issue is that mankind awaken to the realities, and stop misinterpreting or justifying the free will of every human being to do with their own body what they will to do, thus ignoring the Presence of the Soul within each human being that is a Portion of God, that automatically gives to mankind a Personal Closeness, Association to Almighty God that nothing else created has. So be it.”

AUGUST 26, 1996 AT 1:44 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

When We hear children play, We always search for the manner in which they are playing, the constructiveness in what they are doing, because at this time throughout the world, children are not being instructed on the Importance of the Presence of God wherever they are, whatever they are doing, and He is aware of everything they are saying.

There is so much human liberalism in regard to how children are directed. There is a great lack of sound direction in their learning, in their time with each other, called ‘playing’. There is also a lack of moral instruction when they are dealing with those who are in charge of them.

The world is going through a very terrible, impure state of mankind literally ignoring God’s Commandments, and as the adults ignore Them, children are not finding the example necessary for them to be able to understand the Value, the

Truths, and the necessities that The Commandments of God protect them with.

A few of The Commandments seem obvious in Their Statements: ‘*Thou Shalt Not Steal,*’ ‘*Thou Shalt Not Kill,*’ but These are also diminished, leaving an individual or individuals to see one meaning to each of These Commandments. Each Commandment is extensive in its meaning, to the point where it covers every facet of human life to a degree, and in a manner easy to understand when it is explained in a normal way.

Many adults underestimate a child’s understanding, so they ignore the fact that their presence, their actions, are instructors on all The Commandments of God. Then, of course, there are the Words that should be elaborated upon so that the full meaning of each Commandment is fully understood. But I ask you: How many adults think of God’s Commandments on what they practice in their daily life, and how many of them truly understand the full measure of meaning in each one, or do they just see Them in a concise, quick learning format that does not cover one hundredth of

the full meaning that each one means in regards to the behavior of human life, human beings?

This Gift of The Father's Love, This Miracle of His Divine Love, has in many ways opened doors to the minds of mankind, helping them to more fully understand the true Significance of human life and its Goal for which it was created by God.

So much has been delivered and We see so much arrogance, not just intellectual arrogance, but jealousy over the Importance of What We deliver for the good of the Souls of all of mankind, all races, all types, degrees, and beliefs in God.

It is important for mankind to stop, think, and see the Value in What This Gift of Divine Love has intentionally delivered to awaken all of mankind, all degrees of intelligence, all degrees and types of spirituality, all ages, informing mankind that human life is a Gift of Divine Love and that each human being must be thankful for it, and understand there is a responsibility for this Gift, and it must never be taken for granted. So be it."

AUGUST 26, 1996 AT 2:07 P.M.

SAINT KILIAN

“I am Saint Kilian.

We hear mankind say to someone, ‘*God bless you,*’ and usually this remark is because of a human act that involves the body to what man would call ‘a sneeze’. My question is this: Why is this phrase not used more often and not just on the occasion I just mentioned? How many parents say to a child or children, ‘*God bless you*’? Usually a child only hears this on that one act.

Children are not being taught the importance of prayer, the need for it. They should be told that as they feel it is important to communicate with their family, their friends, or other people, it is equally or more important for them to speak to God silently at different times during the day. They can tell Him how they feel or ask His Help on certain issues that are troubling them, because He is a Constant Communication through their Soul.

There have been many times in the History of mankind that there was not enough instruction on the closeness that every human being has with God. Many are under the impression that it is more natural to speak to Him if they are in a church. This is not so, because they must begin to learn that He is constantly with them, always present. They are never out of His Sight, because they have a Soul and this Soul is their instant Communication.

You live in a time where there are so many different opinions on man's communication with God. There are so many who stand before crowds, instructing in ways that make them look important, even when the individual is telling them about God.

There is much going on throughout the world that is making humanism a more important factor than mankind understanding that obedience to God's Commandments should be practiced daily, and reviewed daily in Their fullest measure, because of the Soul that is within each human life that must be considered to be the closest Part of human life to God that mankind has that must never be

ignored or scarred in any way by sinful acts of any nature, any degree.

It is sad for Me to say, to make this comparison: You do live in a time worse than Sodom and Gomorrah, and yet there are many other times in the History of mankind that were as equally demonic as Sodom and Gomorrah.

The world is driven by a force of energy for individuals to be successful. Most of this means educationally, financially, but how many truly feel that Sainthood should be the Goal, and it should never be ignored as the Ultimate Goal for which each human being was born.

We hear so much criticism regarding This Miracle of Divine Love. You must remember, the criticism is most times a biased opinion that does not cover all facets of the subject, and is based on one's own personal ability to perceive the actual condition, or meaning, or value of the subject matter.

It is true, We could All speak endlessly on every subject to mankind, because everything mankind is involved in reflects in the Soul of the

individual, and This Miracle has been given to the world to alert mankind to address the Value of, the Importance of human life, and that this Creation of God's has an Ultimate Goal, Ultimate Purpose, Ultimate Love, Ultimate Reason, Ultimate Source. So be it."

AUGUST 26, 1996 AT 3:10 P.M.

SAINT TERESA OF AVILA

“I am Saint Teresa of Avila. So Many of Us stand in *this child’s* presence, ready to speak as The Father decides it to be.

There are many men, women and children who try desperately to fully understand Bible History. They read the words and they use their abilities to discern the full meaning of what they have just read. It is difficult to understand the meaning of a short segment of words that must be interpreted for their full meaning.

That is why it is important that This Miracle of The Father’s Love be passed throughout the world, because What is dictated by so Many from Here is understandable, because the Words speak clearly, leaving nothing to be decided by an individual’s interpretation.

When you say a prayer and the prayer is clearly stated, it carries with it a mutual understanding of what you mean, to an Individual to Whom you are praying.

When We hear mankind say that he or she is fully capable of determining scripture, We question this statement, because every individual has a different degree of understanding what is written so concisely. It is important that mankind read All that has been given through This Miracle of Divine Love. There is no area wherein mankind's imagination is left to fully discern what the Words mean.

Children should be taught about the Importance of life with a clarity, so they understand there are no secrets between God and man, because secrets have a way of limiting understanding and limiting the intentions of the subject matter.

Prayer is an important communication when it is spoken in a full manner of communication. There should be a sincerity in every prayer, because a prayer is communication that has a purpose, a value, a reason, and mankind should see each prayer as an immediate communication that is received as it is being said. There is no time lapse between the words and the One to Whom the prayer is being said.

I know it is difficult for some to fathom such an immediate communication with the unseen Recipient, but Faith in God, Faith in The Saints is reassuring in many ways, because there is an inward feeling indescribable that when an individual speaks to a Saint, the Saint immediately hears. Also, that God Who has created all things, sees all things, and is ever present at all times, because as The Creator of All Things He is everywhere continuously.

It is difficult for mankind to understand, but there should be no need for any apprehension on this subject, because logic tells mankind that every living breath has a purpose, and every prayer is immediately heard. Mankind is surrounded by Miracles: the Miracle of the universe, the Miracle of all different types of living things. The Miracle in which the human body exists every day says there is a Supreme Being that loves all human life.

One day when you feel lonely, think of these things. It will help you understand you are never alone because you are in the Presence of a Portion of God continuously, and

this Presence should give you hope, strength, and give you assurance that you are never alone, because human life was so designed that the Soul would be the closest Connection to God that any living thing was capable of having.

There is so little respect for Souls. They are taken for granted, but remember to thank God for This Soul, This Portion of Him that you were given at the moment of conception. The privilege is beyond human understanding, but the Soul is what gives mankind sensitivity to what is right, what is wrong, what is good, what is evil, what is logical, what is illogical, what is truth, what is untruth, what is practical, what is impractical, what is hope, what is hopeless.

Mankind has been Blessed in an Ultimate Way because the Soul never goes away. So be it.”

AUGUST 28, 1996 AT 12:50 P.M.

SAINT JOHN OF THE CROSS

“I am Saint John of The Cross. Whenever One of Us mentions Our Name, those present know immediately that We desire to speak through this *small voice* The Father has allowed so much Love, Inspiration, Hope, Information to be delivered.

At this moment there are many men who disagree with Our Presence, because through their lack of understanding, they respond with an immediate denial that The Father would choose ‘this time’, ‘*this little one*’, to repeat Our Words as We speak Them through her, delivering to mankind not just Words of Love but Words of Direction, because of the Importance of human life because of the Soul that is within each human being.

When We hear denial We immediately respond, many times intentionally allowing the individual or individuals who are negative to This Miracle, see or feel the necessity to seek the Truth in some form, some

manner, comfortable to their way of thinking.

The Father has designed This Gift of His Divine Love, alerting mankind to the closeness that human life has to Him at all times. There is no time that a human being is not in close contact with The Father, because the Soul, as a Portion of Him, is within the human being, because human life was designed for a Purpose beyond any other living thing. This Purpose was and is a Gift of Divine Love, giving to human life the ability to more fully understand what a Blessing life has, because of the Goal for which human life was intended.

When We hear denial it is not just sadness to Us, because We find that mankind can accept so many unreasonable, ridiculous falsehoods, and yet not see the Magnitude for which they were born, and that is to become 'a Saint' and live with God Forever.

As We stand looking, watching many read the Words that Many from Here have delivered, We find that some immediately see This Gift of Divine Love as a Treasure, and yet others

will find It unbelievable because it is beyond their ability to understand, to recognize that God is All Giving, All Loving.

Everything that has been delivered in This Gift of The Father's Love must be transmitted throughout the world, no matter what language others practice. Translators must read to them in their manner of understanding that This Gift was meant to touch every human life, at this time and for all time to come. There is never to be a cutoff date where These Words are to be kept from mankind.

The world is saturated with hypocrisies, humanisms, satanism, and children are not being instructed properly on the Sound Reasoning behind God's Commandments. They have been cut so short that there is little reasoning in how They read. If it was up to All of Us Saints, We would speak more strongly because of the Importance that the Soul is to human life, but The Father, in His Design of This Gift of His Love, has directed All of Us to speak in a manner that mankind can handle, can understand, and can practice.

The world has been Blessed. Mankind has been Blessed. It is evident in All that has been delivered through This Gift of The Father's Love, constantly instructing mankind that within them they have a Soul. Though unseen by the human eye, It is evident in many other ways.

Mankind must read All that has been delivered, and see that human life has an Ultimate Goal to return to God from Where it came. So be it."

AUGUST 28, 1996 AT 1:46 P.M.

SAINT IGNATIUS LOYOLA

“I am Saint Ignatius Loyola.

As mankind walks a path of Spiritual freedom, emotional freedom every day, mankind often forgets that freedom is based on the individual’s responsibility to understand that freedom is a Gift, and must be cared for in ways not just to support it, but to keep it in a pure state of practice.

The Father’s Commandments were given with the freedom to each human being to obey each one of These Commandments to the degree necessary with their individual way of life, their moralities. Today We rarely hear mankind speak on the necessity of moral practices. It is very much like the time when Sodom and Gomorrah, and other such times, the freedom to act immorally was practiced more, not because of its enjoyment, but because of an inward defiance that registered in many ways humanism, to demonic pleasures, in demonic pleasures.

Mankind has not practiced learning or delving into the importance

of God's Commandments. In so many areas and ways, We hear mankind say that what they are doing is the time in which they live, making it acceptable no matter how wrong it is. In many areas of life man speaks of the necessity for things to be untainted, untarnished, because these diminish, whether it is something to be eaten, or some type of possession that an individual cherishes. The time now is 'tarnished', is 'tainted' in many ways, and these words I refer to are closely associated to mankind's moral values, moral standards, moral views, moral practices.

The world has progressed in many ways, but the progressiveness has not diminished the ugliness of sinfulness. When some individuals hear the word 'sinfulness', they immediately omit themselves from this type of life, or acts they feel are conducive to being considered immoral.

If every human being today took each Commandment of God, and truthfully asked himself or herself how deeply they understood each Commandment to its fullest extent, degree, and then were to write down if they had tarnished or tainted any one

of these things, how would they grade themselves, or would they simply ignore the truths that their answers should contain?

We hear mankind talk about a balanced life. Just what is a balanced life? To some it might mean to participate in everything sound or unsound, good or evil, because in so many ways mankind's judgment is not always pure, but very humanistic, based on what is pleasurable rather than what is moral.

The world has been Blessed by This Miracle of Divine Love. We see many reading the Words and immediately casting doubt on the validity of These Words, from Where They come, through *whom* They pass. How many people through all these years knew Moses personally, and yet The Commandments of God are the Greatest Directions in the world for every living human being.

Mankind has a way of justifying weaknesses, indifferences, when it is comfortable to their way of life, but This Miracle has been given to the whole world. No one is excluded.

The Commandments of God must be learned in Their fullest degree, not just accepted in the conciseness that They have been listed as, and mankind must awaken to the Fact that human life has a Soul and this Soul is a Portion of God, and as God is All Purity, the Soul must never be tarnished, because this Soul must return to God in a Pure State of Being, as It was handed at the moment of conception. So be it.”

SEPTEMBER 9, 1996 AT 1:22 P.M.

SAINT TERESA OF AVILA

“I am Saint Teresa of Avila. I speak through *a small voice*, but *a child* chosen by God to relay Messages to the whole world.

In so many places throughout the world, millions of people are distracted by the confusion regarding Spiritual matters that have been placed in the category, one could say, ‘lesser in value, content, procedure, understanding’, than The Father intended this to be. Mankind depends upon a vocation in life to earn monetary measures for the natural, practical needs of everyday living.

Prayer has become more of an emotional contact with The Father and Everyone Else Here in the Heavens. Prayer basically is a personal communication that should be practiced quietly, in a dignified way, because of to Whom the prayers are directed, and in this communication there should be respect, honor, dignity, and a sincere manner of communication because of the importance of this format, formula

of speaking to Someone Who once lived a physical life, and has now earned Sainthood.

We hear some individuals violently swear, using The Father's Name in vain, The Son's Name in vain, and this is a great sadness to All of Us, because in this ugliness there is more than disrespect. The vulgarity has a demonic overture, and is insulting in many ways to The Heavenly Trinity.

The world has learned through others' writings about Spiritual values, needs, practices. This Miracle of Divine Love, called *'The Miracle Of Saint Joseph'*, has for a long time now, instructed mankind on the Dignity and the Beauty that each human being has with The Divine, through the Soul that is placed within each conception.

This Soul, as a Portion of The Father, has a Greatness beyond what mankind understands greatness to be, because without It mankind would not be above all other living things, but the Soul gives to mankind a Special Purpose, a Special Goal, a Special Reason to practice all that is necessary for mankind to communicate with The Father, with The Son, with The Spirit

of God, called ‘The Holy Spirit’, and with All of The Saints Who have earned Their Place in Heaven.

We hear what We would term ‘nonsense’ in a humanistic terminology, when an individual denies that each human being was made to the Image and Likeness of God. It is important for mankind to teach this to the young, and be example of it to all others of all ages.

Throughout the world satan has loosed many demons. This is difficult for some to understand, but the enemy of God and man is more than jealous of the Importance of human life, and in many ways uses many means to distract men, women and children from practicing sound moral values, sound moral standards, always enticing immoralities, impurities, indignities.

This Miracle of The Father’s Love is beyond human understanding, but yet It rings with such Valuable Truth that logic says to those who want to do what is morally sound: ‘Be cautious and obey The Commandments of God as the Foundation for every act, every word, every thought that an individual is faced with every day, and

never allow the weaknesses of others to entice, encourage one's personality, one's nature, one's intentions, one's goals, from ignoring, in any degree, The Commandments God gave to mankind for the benefit of the Goal He intended for the Soul to reach.' So be it."

SEPTEMBER 9, 1996 AT 2:27 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

There are many important areas of vocations for mankind to study for, and then practice in, for the benefit of practical reasoning, social position.

It is important for children of all ages to use the talents, the abilities, the mental prowess that they are endowed with, for beneficial results, helping them be seen by others for the logic that they are using, by the usefulness of these talents, productively giving of themselves and to others what they have been so generously given by God to use.

Sometimes an individual has an awareness of a gifted talent, and yet is unable to use this talent productively because of financial reasons, or social reasons. It is important for the individual to not stop and ignore talents that could be utilized to a fulfillment, that could possibly be beneficial to others as well as themselves.

God has given mankind the senses, intelligence, certain degrees of wisdom and abilities to conquer frailties, faults, so mankind should evaluate many areas of everyday living, and not ignore what can be accomplished, but strive to fight the odds and be productive in every way possible to use what God has endowed them with.

Mankind must remember that the Soul of every individual has a Mission in life, and that is to return to God in a Pure State. This takes effort, time, practice, and in many ways takes an individual into areas that others may not understand, because in these areas they are helpful to many other people through example, instructing, correcting the wrongs that are present there.

The world is a place wherein mankind can do many things productively for the mind, the body and the Soul, and every living human being should see the Value of this Gift of life, and that this Gift has a Precious Goal for the Soul. Everything a human being does reflects in the Soul, and the Soul can be compared to a mirror that mankind uses many times in many

ways to see the exterior, but mankind must always remember that the Soul is the interior reflection, recipient, custodian, of all that an individual practices, partakes in, and uses in daily life.

One day when the time comes, the Soul will reflect to The Father all that the individual has taken part in, been a part of, practiced, conquered, or been of great advantage and/or help for the benefit of others' Souls. Being a human being is truly a Precious Gift of Divine Love because of the Soul that is a Portion of God, that will one day be Forever with God for All Eternity because, do not forget, the Soul is a Portion of God and He wants It returned to Him in a Pure State of Light. So be it."

SEPTEMBER 12, 1996 AT 10:44 A.M.

SAINT ANNE

“I am Saint Anne.

It is important for mankind to pray, not just think about it, but actually use the words of communication to Whomever they desire to speak to in Heaven.

As man talks to each other, a response is expected. It is important for mankind to know that every prayer is responded to, not in an open manner like human conversation, but definitely in a Communication that is beyond human communication.

We see and We hear so many men, women and children reading what others have written, and finding the meaning, the words important, at least on a given subject, but then easily forgotten after a period of time because there was no real, active, verbal communication.

When The Father designed This Gift of His Divine Love, called ‘*The Miracle Of Saint Joseph*’, He did not do it in secret, nor did He do it in a

manner for the Words to be heard only by one individual. He said: 'I want This Miracle of My Love to be obvious as I deliver It, whether I Myself speak or Others Here with Me speak, because in this way it is Personal and the Words are complete, whether It is on a specific subject, or just to draw attention to the Importance of Sainthood in a general way.'

Mankind must always remember that at 'this time' in man's time, God has once again openly, lovingly, handed to mankind a Personal Communication by speaking Himself and allowing It to be written, or directing One of Us Here with Him to give to mankind Words with Sound Reasoning, for mankind to more fully understand what a Treasured Gift human life has, a Portion of God within them, called 'the Soul'.

So Many of Us have spoken, sometimes not requesting It to be written because of the circumstances at hand, but millions of Words have been requested to be written, because in a verbal way mankind would not have a reference to use to remember the Beauty, the Greatness, the Sincerity, and also the subject that

was important for mankind to follow, to absorb and/or to use, to one day become 'a Saint in Heaven'. So be it."

SEPTEMBER 12, 1996 AT 12:16 P.M.

SAINT TERESA OF AVILA

“I am Saint Teresa of Avila. Each time I speak through This Miracle of The Father’s Love, His Gift of Divine Love, I find It more than a Treasure to share with all of mankind. Mankind seeks treasures of many dimensions, many types, and mankind treasures things of value, things that are monetary, but when The Father offered to mankind This Miracle of His Divine Love, It is truly more than any human can consider a treasure.

Personal Direction, when It is done with Sincere Love, and in This Love there is Direction, Hope, Consideration, it is beyond human ability, understanding, to truly recognize This Type of Treasure, because It bonds mankind to Divine Grace, Divine Hope, Divine Love, to a degree, in a manner that nothing material could ever do.

When We hear men and women say that they cannot believe The Father would speak so openly at this time, or any other time, and they

cannot believe that a Miracle of This Nature could be given to a *human being* to be transferred to mankind throughout the world, because God does not work this way, and after all, mankind has the Bible, mankind has The Commandments that were given to Moses, I ask you a very simple question: Does everyone who reads the Bible fully understand the meaning of the content? Does every human being think about The Commandments of God daily, in Their fullest measure, fullest concept, and does each human being guide their daily life according to what each Commandment means? If so, why is there so much desecration, diabolical action, and so much ignoring the importance of what The Commandments of God mean to mankind's daily life?

Right now as I speak, there are hundreds, thousands of places, in different places throughout the world, that We see deliberate sins against every one of The Commandments of God, by men, women and children who are not thinking of God, but are doing what they feel is acceptable because they are human beings.

There is total ignorance, rejection, of what these sins, abominations, desecrations, are doing to the Souls of every individual who totally ignores that within their being they have a Portion of God that must be returned to Him when human life ends.

Ask yourself, those who read These Messages: ‘What condition is my Soul in? Is It pure? Does It have some marks against It that mar the purity?’ Ask yourself: ‘Do I really believe in God? Do I really believe I have a Portion of Him within me? Do I really believe I am accountable for every act, thought, word, deed, that I participate in as a human being?’

This Miracle is not for just one religion throughout the world. This Miracle is for every living human being, because at ‘this time’ The Father has given, through *one small voice*, Words simple to follow, simple to understand, and yet Words that are intended to awaken mankind to what a privilege human life is, and the Goal for which it was intended, Sainthood, returning the Soul to God from Where It came. So be it.”

SEPTEMBER 12, 1996 AT 2:32 P.M.

SAINT JOHN OF THE CROSS

“I am Saint John of The Cross. The Father has given a Gift of His Divine Love to every living human being. The Gift I refer to is This Gift in which I speak, because This Gift is a Gift of Instruction, Personal to all of mankind who will read It, and who will practice what It describes as important for the Soul of every living human being.

So many times, through What is spoken in This Gift of The Father’s Love regarding how Important the Soul is to every living human being, and the necessity to protect the Soul against all impurities of the mind, of the body, in all activities in all areas of life, it is important for mankind to be thankful for This Miracle, because in a few Words The Father expresses Deep Love, Sound Direction and Encouragement, giving to mankind Knowledge and more understanding of the Importance of life because of the Soul that He places within human life, a Portion of Himself.

When a child is born to two people, husband and wife, man and woman, the child is Important, because this Gift of life is closely associated with and connected to The Father Himself, because of the Soul that is a Major Portion of this human life that mankind has the privilege to be a part of, the Miracle of life. God, in His Love for mankind, places within that life a Portion of Himself that will one day return to Him.

It is sad when We see, hear a lack of understanding of this Precious Gift of Divine Love and the Important Part It plays in every birth of human life. Mankind must understand that human life is a Special Design and Gift, because He Himself is a Part of it that never leaves, and is always present every moment of every day and every night.

There is so little taught about the Importance of the Soul. It is sad, because mankind ignores the subject, and also ignores the full understanding of the Importance of the Purity of this Soul being uppermost in the mind of every human being. The Father's Love radiates through the Soul, and mankind must understand that the

Soul must be protected against all sins, all impurities.

When The Father delivered The Commandments to be obeyed, He delivered Them to a specific man. Logic should tell mankind that These Commandments had Great Reason, Purpose for all time to come, because in These Commandments He elaborated on every portion of human life, and how important it was for mankind to obey These Commandments because of the Soul that in each human life is the recipient of all that an individual thinks, practices, says.

Mankind says, ‘When I speak to another human being, I must speak in a way they understand.’ I am not denying this, but I am saying: ‘Speak, knowing that God is present and that what you speak reflects in your Soul and the Soul of one or more who are listening to you. Speech is definitely a Gift of Divine Love, and mankind is lost without it, but I beseech you, your Soul is a Greater Gift than your speech, and It must be returned to God in a Pure State of Being.’ So be it.”

SEPTEMBER 13, 1996 AT 12:29 P.M.

SAINT ANTHONY OF PADUA

“I am Saint Anthony. So many times it is a treasure of communication to Me and with Me, when a child of any age has the confidence in Me to help them on a situation, in some condition that calls for strength, hope, correcting something, finding something.

Mankind must understand that there are Hundreds, Thousands of Us available to them with the slightest request, in a moment’s notice, because We are aware of all things that are occurring, all needs of every human life, all degrees of Faith, in every individual. No prayer is said that is not heard. No request is ignored.

Mankind throughout the world sometimes forgets to say a prayer, because what has happened, or what they fear, takes precedence at that time, and it is important that mankind know that We are always Here. Granted, every prayer is not answered immediately, and there is always a reason behind how a prayer is answered, but men, women and

children must understand that prayer is a form of communication that is different than the communication between men, women and children; also, different between the different languages throughout the world. No matter what language a child speaks, no matter what age the child is, the prayer is heard.

Sometimes an individual feels that No One heard them because there is no quick answer to what they want, what they need, but there is always a reason for the delay, because perhaps there is a situation that calls for the delay, that is more beneficial in the long run than if the prayer is answered spontaneously.

Faith in human life is a Beautiful Gift of Divine Love, and there are many ways to have faith: Faith, first of all in God, in The Saints; faith in justice, faith in hope, faith in the love of another human being. Faith is not just a word, it has tremendous meaning. Mankind says, 'I love you,' and there are many degrees of love. Sometimes this line is spoken for selfish reasons, possessiveness, and yet many times it has so much goodness in it, so much trust, sincerity, hope, strength.

Mankind has been favored by The Father with the ability of being able to think, to speak, to understand, and the abilities are so numerous in addition to the previous mentioned ones. Human life is not dull. There is so much for every individual to use for beneficial reasons, and also to more fully understand that God's Presence is continuous, and through This Presence no human being is ever alone, because of That Portion of God that is within each human life, the Soul.

So much through This Miracle has stressed the Importance of the Soul because It gives strength to the mind, to the body. It helps every individual know that there can be no loneliness because of the Soul that is within the body, that is a direct Connection to God Himself. This Miracle has taught mankind what a Precious Gift human life is, and that it has a Goal.

We see men, women and children throughout the world striving to reach goals of attainment. We sometimes wish that more would look for a goal of atonement for their weaknesses, because of the Soul that is the recipient

of all that an individual does, stands for, practices.

Every time One of Us speak it is a Gift of Divine Love, and every time an individual tells others of This Miracle, the Soul of the individual radiates a happiness unknown to the individual, but in the sharing there is an inward glow.

Many of Us speak because it is important for mankind to know that human life is Special in many ways, but human life has a Soul that is a Portion of The Father, indescribable, but present from the moment of conception, because through the Soul mankind instinctively is given senses of right over wrong, truth over untruth. It is important for mankind to know that to be human is a God-given Designed Role. So be it.”

SEPTEMBER 13, 1996 AT 12:54 P.M.

SAINT PEREGRINE

“I am Saint Peregrine.

There are so many people throughout the world, all ages, who are suffering terrible maladies of the flesh, of the mind, and some do not understand that to offer this to God in a prayerful way, He will help them.

Mankind very often ignores prayer because of a lack of understanding the closeness man has with God, because of the Soul. Prayer is an immediate communication, one-sided that is true, but there is no prayer ever spoken, thought, that is not heard, recognized immediately, because the Soul is the Transporter of everything an individual thinks, says, does, participates in, desires, practices, and/or devises for some reason, right or wrong.

When mankind awakens from sleep the light most times is shining, or there are times when there is darkness all around, but it is important for mankind to see the reason for lightness and darkness, because

these two things affect the character, the motivations, the interests, the practices, the emotional interaction with many other things, places, times, people.

In looking at human life, it has so many interesting aspects because it changes from moment to moment, hour to hour, day to day, and in every one of these times mankind, as an individual, has a unity with God Himself, called 'the Soul'. There is no other living thing that has this closeness to Divine Love.

Some people say, 'I am sad today,' and they want someone else to lift their spirits. What they forget is that they themselves have the power to act, react, through their own abilities, and also through their communication to God through their Soul. Man says, 'I am lonely,' because man forgets that he or she is never alone.

Mankind has been Blessed in so many ways because mankind has a Portion within himself, herself, that is a Portion of God, and if mankind will but see the Value to This, he or she will become more aware that daily living is never alone. In all hardships no one is

ever alone. In all weaknesses, there is always the Soul present.

To some reading This Message it might be difficult for them because they will say, ‘I do not feel the Soul’s comfort.’ This perhaps could be, because they do not have the Faith to see beyond their own self-love that God is present at all times, in many, many ways, and that God is always present in every individual’s Soul. So be it.”

SEPTEMBER 13, 1996 AT 1:40 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

It is important that men, women and children throughout the world learn about This Gift of The Father’s in which He allows so Many Saints to speak, encouraging mankind of all ages, all cultures, all creeds, to more fully understand what a Beautiful Gift human life is, because of its Close Association to Him.

Mankind talks about love for one another. Man’s degree of love is not to the degree The Father’s Love is for mankind, nor is it on the same level of Greatness. Mankind’s love for each other is instilled by The Father so that mankind can associate with each other in a dignified, respectful manner, way, and also be understanding of the motives, the actions, the intentions, the ideas, ideals, the practices, the mentalities, that are so different from one individual to the next.

The Father has Blessed mankind with This Miracle of His Divine Love, allowing so Many to instruct in a

manner understandable, to console when it is needed; also, to encourage mankind to see the Divine Love that is placed within each human being at the moment of conception.

There is nothing in the world that compares to The Father's Love. Since the beginning of time, The Father has allowed many circumstances, many ideas, to give to mankind comfort, and also to instruct mankind that there is a Power Greater than man's abilities, man's mind.

At this time, throughout the world there is much confusion from different types of mankind's understanding regarding the Importance of what human life was created for. Mankind makes many excuses for impurities of the mind and the body, but there is no excuse that is fully satisfactory to the reasoning that man depicts as totally acceptable.

It is difficult for some men, women and children throughout the world to accept the Greatness of This Gift The Father has given through *a small voice*, because mankind instinctively believes that if The Father were to give to the world a

Miracle of such Great Dimension, the voice would be like thunder and heard in great distances, but this is not The Father's Way, because first of all, this type of sound would automatically frighten millions of people because of the sensitivity of the human body and human mind. So He has given a *small voice*, one who is obedient to His Divine Will, and in His Love for mankind, He has introduced Many Saints throughout This Miracle of His Divine Love, so that mankind would recognize that These Individuals at one time walked the earth in a human way, and had to face obstacles just like mankind has to face today.

This Gift The Father has given at 'this time' is Greater than any human mind can fully understand. It is a Generous Gift of Instruction, of Care, of Sincerity, of Divine Love, awakening mankind to the Importance of human life and the Goal The Father has awaiting each one's Soul, to be returned to Him at a specific time.

Sometimes it is difficult for mankind to be thankful for a very generous gift, whether it is of material ways or Divine Love, but This Gift that is available for all of mankind to

read the Words and learn from Them, is a Gift of Personal Blessing from The Father Himself.

He has given permission for so Many Here to participate because of His Understanding of mankind, knowing that some would be more receptive of a Saint speaking, and that the possibility of This occurring would touch the heart, the mind and the Soul of individuals, because they could relate to this Saint, because the Saint had at one time been a living human being.

The world has been Blessed, and the world must become aware of This Precious Gift of Divine Love, This Miracle of Instruction that is a Blessing beyond what any human being could accomplish with human talents, abilities, love. So be it.”

SEPTEMBER 14, 1996 AT 6:48 P.M.

OUR HEAVENLY MOTHER

“My beloved children, I am your Heavenly Mother. As I speak to you on this day in your time, I speak from The Divine, but I also speak as a Mother to children of all races, all colors, all creeds, because I am The Mother of all mankind.

This Gift of Divine Love that The Father has so lovingly designed, and ordered to be delivered to the whole world, not to those just close to this *little one* who delivers the Words as They are delivered, but for her to record for all of mankind to read and to be guided by, for all facets of life, all vocations of life, because mankind was designed by The Father to one day return the Soul given at the moment of conception, to be with The Father Forever.

***The little one* chosen to deliver Our Messages has been ordered to repeat Everything she is told to record, and to use the abilities of others around her to write Our Words, so that millions of people throughout the**

world will be able to know, understand, and feel the Closeness God is to man.

We hear many denials, arguments regarding The Gift of The Father's Love, that so Many from Here speak openly, directly, with Encouragement, with Instruction, helping mankind to better understand what a Precious Gift human life is, and that human life was and is a result of Divine Plan.

Mankind is conscious of the ability to think, to act, to learn, to work, to enjoy certain facets of human life. Mankind automatically looks for what is beneficial in many facets of daily living.

This Miracle was given with Divine Love to all of mankind, alerting all areas of life, all cultures, personalities, backgrounds, and degrees of intelligence, to understand the logic in the importance of using human life as a step for a Higher Form of Life.

Man daily talks about success in many areas, yet mankind does not realize that the Greatest Success in life is to return to God the Soul given at the moment of conception, a Saint.

It is important for mankind to read Everything We have delivered, and see in each Sentence, Phrase, Meaningful Intention, Direction, Hope, Care, Divine Love.

We hear men, women and children asking for help for many things, for many reasons, and every prayer is heard. Not too often do We hear:

‘Guide me to Sainthood so I will one day return my Soul to God in Heaven.’

To many people, ‘Heaven’ is a word that they learned, and yet this word is a ‘Thing’, it belongs to a Place not understandable. It is not like a territory upon earth that mankind can relate to.

When human life consciously knows that there is a right and a wrong in choices, a wise man, woman or child logically should choose what is right over what is wrong.

This Unusual Gift of Divine Love that I speak through at this time is for all of mankind, all races, all colors, all creeds, all degrees of intelligence, all personalities. There are no exceptions.

I bless mankind in many ways, many times, and when a child of any age requests a moment, or a need for help, the request is heard. We are always present; difficult to understand, but mankind understands many illogical things very rapidly, pointedly. Then, why cannot mankind recognize that human life is Special and has a Goal for it? because no other living thing has a Soul that constantly encourages an individual to know when something is pure or impure, right or wrong, just or unjust, truthful or untruthful.

As I speak on this day in your time, I desire My Message, and All Others that have been delivered by Many from Here, to be available to mankind forever. So be it.”

SEPTEMBER 16, 1996 AT 1:04 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

The Father, in His Love for mankind, has decided to give to the whole world a Blessing in the form of Instruction. It is important that mankind see *This Miracle Of The Beloved Saint Joseph* as a Personal Treasured Gift of Divine Love, because of the continuous effort to give strength morally, physically, spiritually, to every facet of human life, constantly informing mankind of the Soul that man is the beneficiary of at the moment of conception.

We hear some say: ‘What is a Soul? I can’t feel It, I can’t see It. How can I be sure I have It?’ I say to each of them, ‘Do you have the ability to think in a free manner on subjects that automatically have a judgment attached to them morally, physically, spiritually, and even some of these can make you make decisions immorally?’

Mankind every day of his or her life is faced with hundreds of decisions: what time to awaken, what

time to begin the day properly, also what accomplishments must be an important part of the day; also, who will you be with that day — family, friends, business associates, or strangers? What will the responsibilities be like? Will they all be physical with no real decisions to make? This statement could be ridiculous, because anything physical most likely has a moral or immoral reasoning, suggestion.

It is important for mankind to approach each day with an awareness that each day is a Blessing, and it is never in disguise. Human nature has many facets and many faculties in which it is responsible for.

The world at this time is quoted as being a 'world of modernization'. This could mean buildings, new inventions, furthering a capacity of man's abilities, but no matter what state or conditions are present, mankind individually has the responsibilities to see the moral and/or immoral aspect of all things that are available to be practiced, accomplished, or renewed.

The Father has given to mankind This Miracle, and It is a Miracle of constant Instruction because of the

Importance of every living human being. Human life was designed for a Special Reason, and human life bears a dignity because of the Soul that is within each human life. If human life was not unto itself Special, when a terrible catastrophe affected human lives, there would be no remorse or care. It would be accepted as natural, like a tree falling, a flower dying.

It is important that mankind see This Miracle as a Gift of Instruction, Information, so that mankind sees human life with dignity, in dignity, and in close relationship to God, because God is The Creator of All Things and God is The Judge of All Things, and the Soul that is in human life, as a Portion of God, must be returned to Him in a Pure State of Being. So be it.”

SEPTEMBER 16, 1996 AT 1:52 P.M.

SAINT CHRISTOPHER

“I am Saint Christopher.

Mankind has been given a Gift beyond any gift of great value that one man can give to another man.

The Importance of human life is beyond human understanding because human life has a Goal, and this Goal is priceless. No man, woman or child can buy a Soul. The Soul is given at the moment of conception. The Soul is more priceless than anything earthly because the Soul, as a Portion of God, will live for All Eternity.

Children are not being taught, instructed, on the Importance of that Special Gift of Divine Love that instinctively makes an individual know right over wrong, truth over untruth, justice over injustice, hope over despair.

Mankind depends upon the process of learning many things regarding the necessities of life, even to the medical profession that studies the human body, the human mind, and

what is needed to keep the human part of man alive. Very, very little is spoken about the Soul that is a Living Portion of God, so consequently, is a Living Portion of Divine Love that exists within each human being from the moment of conception until It returns to The Father when the life of a human being comes to an end.

We hear men, women and children sob over disappointments monetary, but we do not hear men, women and children sob when a mortal sin is obviously practiced, and the Soul of the individual or individuals bears a mark that no one sees, no one feels, and yet that mark is obvious to God and to All The Saints Here Where I am.

This Miracle, called '*The Miracle Of Saint Joseph*', is continuously instructing mankind on the Importance of the Soul that will remain, because It is a Portion of The Father that no one or nothing has ever seen, because this Gift of Divine Love is a hidden Treasure connected to The Father, and through this Connection there is a Close Association that nothing can separate until the human life ends, and then the Soul is immediately returned

in a state of existence that was arrived at by the individual through whom It was placed at the moment of conception.

We can hear some now say, 'I don't understand this remark.' The Soul is the beneficiary of all that occurs during the lifetime of the individual in which It was placed at the moment of conception. The state of purity of the individual is important because the Soul, as the recipient, will be the One Who will be directed to the place of atonement so It can be returned to The Father in a Pure State of Being.

As some will read These Words, We are fully aware of all the remarks questioning, and of course, rejections to a situation that they would say the Soul is blameless and should not suffer. What they forget is: the Soul, as a Portion of The Father and as the recipient of all that the individual partakes in, is the Connecting Link between the individual and God, and is also That Portion of mankind that was given so that the individual human being would be able to return to The Father in a Form, a Manner of Closeness, when human life ended.

Human beings must understand that all human life has a **Connecting Link to The Father's Love, Generosity, and human life is Important, to return the Soul in a State of Purity as It was first given at the moment of conception.**

We hear mankind talk about men, women and children being victims or victimized by impurities, and many other unkind actions. That is why it is so important for This Miracle to reach out to the whole world, instructing mankind that human life has a Personal Connection to God, a closeness above and beyond all other creations, due to the Soul that is instilled at the moment of conception, and this Soul is what is to be one day a Saint in Heaven. So be it."

SEPTEMBER 16, 1996 AT 4:20 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

To be a mother is a very important station of life. It is a role that carries much responsibility, caring, hope, attention, direction, to all those with whom this mother is associated.

A mother’s love is based on caring for every area of life, because a mother’s love has within it responsibilities that no other way of life has. A mother’s love cannot be careless. It must always be even, sincere, honest, and instructive. It must always be example of purity for the mind, the body, and the Soul.

Many times We hear men, women and children receive a gift that they wanted, and they are so pleased with this gift, even if the gift is impractical and/or breakable, and/or in many ways useless. Much joy goes with the protection of this gift, even though the individual knows this gift is temporary because of its fragile nature, ingredients.

The Father, in His Design of human life, instilled many strengths: the mind, the physical abilities, and the need to accomplish many things, and strength in many areas that would bring happiness, progress, hope, even Everlasting Life. Mankind often forgets that love was designed by The Father, because it is in many ways a bond that gives to those involved a oneness that nothing else can give.

When The Father designed This *Miracle Of The Beloved Saint Joseph*, within This Gift of His Love He allowed, He instructed, and He combined His Love with All The Saints in Heaven, to participate in This Gift of His to mankind. Oftentimes the reality of This Gift is unseen or rejected or minimized, because certain individuals do not have the Spiritual Faith to see the value of all they are, all they feel, and the importance of the dignity of human life that no other living thing has.

Along with what I have just spoken, I smile at Those Who are Here with Me now, and My Love is in the Words for others who will read These Words. No day should pass without thanking The Father for the Gift of

human life, and the knowledge that it has a Goal for the Soul that is within it, because that Soul is a Portion of Him that will live Forever. So be it.”

SEPTEMBER 20, 1996 AT 12:55 P.M.

THE SACRED HEART

“I Am The Heart of Jesus. I Am Sacred because of Whom I Am a Part.

It is important that mankind look at a picture describing This Heart that appears to be as the heart of mankind. Mankind must understand that this picture is an important picture, because in reality, the heart that beats in the human life is closely connected to the Living Soul of every human being.

The intentions of an individual, practices, values, are much a part of the individual’s manner of using their way of life, because in life, in living, there is evidence that a heart beats in every individual. This heart is associated to mankind with love, happiness, sorrow, but this heart also demonstrates the Importance of human life, and that in human life there is a Dignity, a Cause, a Purpose, beyond any other living thing.

Man touches his chest and feels the beat of the heart. He or she knows that in this beat there is

a Higher Authority in charge. The sight of a picture of The Sacred Heart tells mankind that The Son of God once lived a human way, open to the world, obvious to mankind, and there was a Purpose to This Life that The Father of all mankind allowed to be, demonstrating openly to mankind that the obvious living portion of every individual is in many ways connected to the Heart of Divine Love.

Mankind too often looks at life in such a practical way because mankind does not see the Soul, and yet mankind knows moral values, moral standards are important for the Soul, because through these the Soul will be Judged as an individual, because every living human being is given the choice of choosing right over wrong, truth over untruth, love over hate, purity over impurity, and each human being instinctively, innately, knows the human life is Special above all other living things.

It is important for mankind to pray to The Heart of The Beloved Son of God, because This Heart beats with the heart of the human way, and yet This Heart belongs to The Divine, and through This Existence, the human

heart of an individual responds in a way that is not always evident, but is obvious because of the decisions that are made, accepting purity over impurity in all things, in all ways, at all times, in all situations.

It is important that children be taught that The Son of God represents human life, human love; human love in a way that The Heart is shown so that others can see that The Son of God had a Heart just like all human beings. So be it.”

SEPTEMBER 25, 1996 AT 11:49 A.M.

SAINT STANISLAUS

“I am Saint Stanislaus.

It is difficult for many who hear of This Gift of The Father’s Love to comprehend such an Occurrence in what mankind refers to as ‘modern times’.

The world has always been in need of The Father’s Attention, Concern, Direction and Love. This time, considered a time of modern thinking, modern actions, modern discoveries, is no different than other times since the beginning of mankind, because mankind was instilled with an intellect, a sense of judgment, a sense of truth, and the ability to act according to the time in which they were born. Granted, History instructs mankind on the different phases in which mankind practiced all human activities, ideas, abilities.

It is important for mankind to fully understand that ‘this time’ in which so much is being delivered, directed by The Father Himself, allowing The Saints to partake in

the Personal Communication with mankind, because it is important for mankind to understand that human life has a Dignity, a Purpose, a Plan and a Goal, due to the Soul that is placed within the conception, bar none, of human life, that mankind must understand is Distinct and above all other living things.

This Gift of The Father's Love, 'this time' of Personal Instruction is Important for mankind throughout the world, because the enemy of God and man uses every avenue of distraction because of jealousy, based on the Beauty, the Importance of the Soul of every living human being.

Mankind says, 'You tell me I have a Soul but I feel nothing.' I, Saint Stanislaus, say: 'You do feel something; you innately feel the dignity that human life bears, consists of, and is capable of showing in many normal manner of ways through the intellect, through the power of discernment, through the moral responsibilities individuals feel, whether they are acting in sound moral values or in impure moral standards.'

It is important that mankind throughout the world receive This Miracle as soon as possible. Let no individual or mechanical object stop The Father's Will from reaching the far corners of the world.

Human life has an advantage over all other things, because human life was designed with an intellect and the ability to act morally, soundly, lovingly, courageously, under all circumstances that in any way affect the mind, the body and the Soul.

This Message is given so that mankind will understand that with All that I have spoken, mankind has an advantage over every other living thing, and that is the Soul. So be it."

SEPTEMBER 25, 1996 AT 12:54 P.M.

SAINT ANTHONY MARY CLARET

“I am Saint Anthony Mary Claret.

It is difficult for some men, women and children when they hear of This Gift of The Father’s Love, allowing so much to be delivered in a Personal Way to men, women and children throughout the world.

When mankind thinks of God, they oftentimes do not feel the True Relationship there is between God and mankind. This stems from their lack of understanding that every living human being is physically, spiritually united with God through the Soul.

We hear mankind, all denominations of Faith, refer to the word ‘Soul’, but not fully understanding the logical evidence of Its Existence. Without the Soul, mankind would have no Spiritual Bond with The Divine. Mankind would be like a plant, an animal, and many other things that could never be considered to have a human life, nature, or abilities to think logically on many matters. An animal is limited, and when We see mankind

work tediously, arduously, to get an animal to perform, to act according to a signal, a situation, We do not want the trainer to feel that this animal is totally like a human being.

The world is saturated with people who are constantly searching for the unknown, the indescribable. In some ways this is a form of curiosity in the mind, the need of the individual to find the unusual. It is important for mankind to understand that this type of inquisitiveness or desire to learn is not wrong, but it is important for mankind to see that human life was Blessed with a Soul, a Portion of The Father, that gives to mankind the logic of right over wrong, truth over untruth, fact over fiction, logic over illogical reasonings, understandings, practices.

This Miracle in which I speak, through which I speak, is a Gift of Divine Love, allowing mankind to more fully understand what a privilege it was, it is to be born man, because mankind is separate from all other living things, and mankind has a Goal that is more Precious than any other thing in the world, because the Soul is a Personal Gift from The Father to

every living human being, and every Soul has a Goal, and that is, to return to The Father at a given time.

We see so many who hear about This Miracle of Divine Love, called *'The Miracle Of Saint Joseph'*. We hear doubters, jealousies, and many other types of aversions to such an Occurrence, such a Divine Gift.

So much has been given to mankind, instructing mankind on the Importance of human life because of the Soul. If there was nothing Special in human life, why would man have reasoning, logic, and the ability to openly see and understand when situations were morally sound, or immorally against an innate feeling, knowledge, understanding? And mankind knows right from wrong, truth from untruth, justice from injustice, hope from hopelessness, dignity over indignities.

It is important that this small list of words be sufficient to help mankind understand that human life has a Special Goal, and it should never be tampered with or ignored, because sound logic tells mankind when he or she is right or wrong. So be it."

SEPTEMBER 25, 1996 AT 2:17 P.M.

SAINT JOHN OF THE CROSS

“I am Saint John of The Cross. Many of Us stand ready every day, at all times, to speak to those present wherever this *little one's* presence is. This may be difficult for some to understand because it is a Very Important Supernatural Plan.

Always in the History of mankind, when mankind needed help regarding the Importance of human life and the Goal for which it was created, The Father designed a particular type of help to become present in an obvious way to those who were close at that time to where His Direction would be placed, so from there It could travel from place to place. This time He has openly allowed so Many Saints to instruct mankind in an understandable way regarding the Importance of human life and the Reason for which it was created.

God's Love is Boundless and in His Love there is a Generosity, a Sharing, and a Personal Closeness to His Creation, mankind, because

mankind was designed to the Image and Likeness of God, not in the sense that mankind sees Him as their brother or sister, but it is Greater than this, because in all human life He placed an unseen Portion of Himself, and this was named 'a Soul'. This is mankind's Personal Closeness to The Father, but also What each life has in common with all other lives.

We hear so many conversations on what life is all about and the importance of striving to be successful. To some this is a force unbelievable within them, but in this force of human and for human attention, they forget that the Goal for which life was created was to return the Soul to God.

One of the Greatest Gifts mankind has received through time were The Commandments of God, Personal Rules of Direction, but time, like so many other things, has watered down the importance of These Rules, and also the Importance of that Personal Gift within each human life, the Soul.

Children are not being taught why they must be obedient to purity of their mind, their body. Children are not being instructed on what a

Precious Gift human life is, and that it has a Special Goal above and beyond any human goal they can reach in a manner of success that they can equate their knowledge to, their experience, their abilities, their hopes, their dreams, their personal goals.

It is difficult for many to see the Supernatural Action in This Miracle of Divine Love, because mankind places so much emphasis on human practices, meanings, advantages, purposes, successes, likes and dislikes. This Miracle of Divine Love is truly a Gift of The Holy Spirit of God, because It includes all of mankind in every Revelation, Teaching, Instruction, that passes through in Words written and in Conversation unwritten.

The Father is using many ways through This Miracle of His Love to touch mankind, and instruct mankind on what a Precious Gift of Divine Love human life is. It is sad when We hear negative reactions to Our written Words, because many times We speak openly as if the Instruction is coming through *a small voice* direct to an individual or individuals present at that time.

Mankind says: 'It is more what I feel than what I understand. I feel it is too much for me to remember All that is said.' We smile at this because these words are logical, factual, truthful, and said in innocence. Human beings have the ability to learn and to practice what they learn, and to teach others. Human beings also have the ability to lead others morally, by their actions and what they practice in their daily life, their example in how they treat those close to them, those they meet.

Human life has been gifted in many ways, and there really are no excuses for mankind to deviate from what is right, what is morally sound, what is pleasing to God. No excuse suffices.

As We speak through This Miracle so many times, each time We speak it is The Father's Will, because it is His Way of having a Personal Contact with mankind that mankind can handle, can understand, can learn more about the Close Association each one has with The Creator of All Things.

The Father blesses those who work so diligently for Him, whether it is in just being example of what is

right, what is pure, and He blesses those who openly use their abilities, physical and otherwise, so that others may receive His Expression of Love; and many times through This Miracle of Divine Love He is using the written Word to be passed throughout the world, so that millions not present where He delivers These Words, can be the recipients of His Love and His Desire for them to return to Him their Soul.”

SEPTEMBER 30, 1996 AT 12:40 P.M.

SAINT MARTHA

“I am Saint Martha. It is a privilege to speak through This Gift of The Father’s that is so Precious for the world of mankind at this time.

It is truly a Gift of Divine Love that The Father has allowed so much of His Love to be passed to mankind for the benefit of every living human being’s Soul. When We hear doubt as to the Reason for This Gift of Instruction, it is a sadness to Us beyond what a human being knows sadness to be.

When one human being says to another, ‘I love you,’ it is an act of personal communication that says so much, giving strength to the one hearing it and giving security. Imagine, if human love has this much in-depth caring, what must The Father’s Love, in His sharing the Soul with human life, express to mankind personally, realistically, obviously? The Soul to mankind is the Greatest Gift mankind can receive because of What the Soul is, and from Whom It came.

We hear mankind talk about treasures; some consider gold, diamonds, jewels of all kinds. Sometimes a work of art is a treasure because it gives to an individual, or many, a feeling of someone's accomplishment, ability. This Miracle of The Father's Love has handed to mankind a Gift of His Ultimate Love, instructing mankind on the Importance of the Soul that is a Portion of Him. Man can ask for No Greater Gift, No Greater Love.

It is sad to hear disagreement to All the Words that have been delivered from so Many close to The Father, because mankind oftentimes ignores what is important in Words, or allows himself or herself to be distracted by others' opinions of such a Gift of Divine Love as This Miracle is to every living human being.

Languages must never be a stumbling block where These Messages must be delivered, because no human being is not to have access to the Importance of What The Father has Decreed every living human being from this time on must understand, because of Its Greatness of God's Love for man. So be it."

OCTOBER 2, 1996 AT 2:56 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph. I am also The Holy Spirit of God.

My life on earth had several reasons, and as the so-called ‘human’ husband and father of The Son of God, it had to be this way so mankind could relate to the human roles, so they could recognize the responsibilities of married life and family life.

My time was shortened for many reasons. That is why I was not physically present at the Crucifixion, and before this time, when The Son of God was instructing the Apostles and mankind on the moral issues that were important to their Souls.

So much has not been written by man, but at ‘this time’ in your time, The Father has sent to the world a monumental amount of Information, Direction, to help mankind of all races, all intellects, to better understand the Importance of human life and its Goal.

Mankind, through the human way, is always looking for success. Then, is it not logical that human life was created for a Higher Goal to be reached when the living part of mankind's life comes to a close?

Enough has not been taught about the Importance and Purpose of human life, so The Father has chosen 'this time', 'this place', '*this little one*' to be the mouthpiece He uses to give to mankind the Goal of human life, in a practical, logical reasoning that has never been so clearly stated before.

Mankind prizes himself or herself on becoming successful. Sainthood is the Highest Goal any human being can reach, and logic should tell mankind It is not impossible for anyone or everyone to reach."

OCTOBER 5, 1996 AT 5:32 P.M.

OUR HEAVENLY MOTHER

“I speak on this night in your time because it is important for mankind to understand that The Father has handed to mankind a Gift of Instruction, Important to every human life, because This Instruction informs mankind to be constantly aware that every living human being has within them a Gift of Divine Love, called ‘the Soul’.

We hear many arrogant remarks regarding This Statement that has been delivered before this time, and it is a Statement that is Fact, and bears an importance to every living human being, to help mankind understand that human life is different and above all other living things, because of this Gift of Divine Love that is called ‘the Soul’.

As We told this *little one* through whom We All speak, there are many jealous enemies where This Miracle is talked about, even when they read the logical, factual Statements that are obviously Truth, and a God-given Gift of Divine Love, because They

are handing to mankind Facts about human life that no one could give them, because no human being would have the knowledge to understand this Miracle, the Soul, that is handed to every living human being at the moment of conception.

The sin of abortion is a vile act against The Father's Will, because abortion denies the child or children of the advantages that human life gives, due to the Soul that grows in Grace and Heavenly Glory, based on the child or individual in whom It is placed at the moment of conception.

At This Statement, We hear individuals say, 'How could human life improve on what the Soul is, and how would an abortion affect the Soul?' Let Me put it this way: The Soul, when given to a conception, is given with a Divine Love which allows the Soul to become a Part of human existence, and through the human existence, the Soul is the recipient of the nature, the abilities, and all that the individual projects, accepts, stands for, and practices through a lifetime.

This may be difficult for some to understand, but the Soul, as an

Extension of The Father, is given the opportunity to represent in Heaven, the one in whom It was placed.

It is more than mankind can understand in the way that mankind evaluates logic, but This Miracle of Divine Love has been given to the world to help mankind participate in a greater degree, the Love that is in The Holy Trinity.

Let Me say it this way: When a child is born, the child learns, experiences, becomes acquainted with many facets of human life, and human life reflects in the Soul, giving every Soul in every individual a Distinction of Presence in Heaven. The Soul represents the one in whom It was placed at the moment of conception.

The Father's Love for mankind is above mankind's knowledge of love. Mankind has a certain portion of this Love, through sharing in the family way, love for each other, love for others, and also, through kindnesses and a multiple number of things that make one family different from the next.

Here in the Heavens All The Saints, plus Many Souls that have not

been pronounced 'a Saint', represent what They were part of when They were in the human form of someone, from the moment of the individual's conception until the time came to return the Soul to God.

TTrue, All That God Is, is not understandable, but logic says that there has to be a God Who is indefinable, indescribable, and obviously Divine.

Mankind has been Blessed through The Beloved Miracle that has been designed and carried out, to give mankind Personal Instruction regarding what a Precious Gift human life is, and that human life is associated through the Soul, with Divine Love, because of The Father's Love for this Creation of His."

OCTOBER 15, 1996

GOD THE FATHER

“This *little one* through whom I speak, speaks only Our Words as I Decree Them to be.

You live in a time of great despair. You live in a time of many impurities: mental, physical and Spiritual. You live in a time where mankind feels a power beyond what he truly has, and a need to show it to everyone to whom he comes in contact.

There is no living human being that has the power to instruct as I instruct through this *little one* in the world. What has been handed to mankind for so many years must spread throughout the world, because as I look upon mankind, man is starving to know more about Me, and to be told the Things that you have been told for some time.

I see children sitting alone and wondering if there is help anywhere, a Superior Help, Someone perhaps Who loves them. I want them to know that I am everywhere and I know of everyone’s existence throughout the

world. I know of their needs, their hopes. I know of their tears. I would wipe them away with My Hands, but this would not be good for them, because they must grow strong in many ways, and they must use their love for One they cannot see, because you see, within them they have a Soul that is a Portion of Me, and they must lean upon that Soul, but they must also cherish that Soul because that Soul is to be returned to Me.

I know it is difficult for some who stand outside where *this child* is, this *little one* through whom I speak, to fully understand the Magnitude of This Miracle in which I preach, but it is important for you who have been handed the Words for such a long time, to hand Them to others, give them the chance to read Them, give them the chance to more fully understand the Importance of human life, the Dignity in human life, and the Purpose for which I created it.

I have created life for a long time. Man uses years in his own time to count according to his way of life, his thinking, but for generations I have created life in different areas of the world, and in each life I placed a

Portion of Me. Man says: ‘How can that be, with all these people? How big can God be?’ I smile at this for man forgets I Am All Things, and I have made man to My Image and Likeness, in a much smaller way than I Am.

But if mankind will but feel and see, and try to understand the Wisdom that has passed through This Miracle of My Divine Love, man will grow in more love with Me, because mankind will feel the Peace, the Strength, the Hope, and he will better understand the Goal for which he was created.

The Creation of man was designed by Me, because you see, it was My Love for this creation; I wanted to share All I Am, and My Design was to do it through mankind.

I have given mankind the stars. I have given mankind the moon, the sun. I have given mankind the temperatures that mankind can handle throughout the world, that mankind does not have to fear going out of a shelter. Mankind’s body has been prepared by Me to withstand many things. There is Hope Where I Am, and there is hope when man believes in Me.

So as I speak through this *little one* in the world, and All the Messages that have been given thus far, mankind has been given Volumes of Love, and yet I sometimes hear certain ones resist What I have given, not because they do not care, but because they do not have the Faith to see Someone, to feel Someone that could love them as deeply as I do, as sincerely as I do, and they do not comprehend the Value of the Soul that I placed within them, because they want everything to show.

How many times have you cared about someone, and openly you did not show how you cared because of circumstances, because of timing, because of place? You had a reason. Remember I, too, have a Reason for how I do things, why I do things the way I do, because one day I will have your Soul return to Me in the state of purity that you make It.

Remember My Words and remember My Love, and remember that through This Miracle I have given Hope to the whole world.

I see doubters everywhere, I see jealousy everywhere over This Miracle. I hear men disagree, I hear women

disagree, and I see many try to throw It away physically, by taking the Words and tossing Them, by disagreeing. This is a sadness to Me, because if they will but read the full meaning of What I have spoken, and have allowed Others to speak, they will find Hope, they will find Love, they will find Security, and they will find the Goal that I have for each of them.

I bless you, My children, who are present here now, because you took the time, each one for a different reason, and each one came a distance, but your Faith will be Blessed in many ways, because as I have handed to the world a Gift of My Divine Love, through *a small voice, a small figure*, I find your love for Me a love I hold close to My Whole Being. So be it.”

“I have erased your faces from *the little one* so there would be no distraction to My Words, and because of the Power that I use, she will be with Me at least three days. I cannot release her as quickly as she would like to be released, because she knows there is much work to be accomplished, and many Souls to be touched by All that has been given through This Gift

of My Divine Love; difficult for some to understand, but nonetheless, a Fact of Truth from God to man. So be it.”

OCTOBER 17, 1996

GOD THE FATHER

“I speak to you through *a voice* of one such as you, one who innately knows that she must obey My Will. She oftentimes worries about those who she finds cannot believe such a Miracle of My Love that I am handing to the world.

My Presence to her is as evident to her as yours is to her, but It is Greater in depth and there is a Closeness beyond what mankind can comprehend closeness to be, for as I use her mind, I use her will. I draw her attention to Me, and through this attention My Direction is followed immediately.

The world has not experienced a Miracle such as This One, and many throughout the world find it difficult to believe that I would pick such *a little one* for such a Major Gift of My Divine Love. It is sad when I hear some say they cannot understand a Gift of This Measure, through a human being. I have always used human beings,

because you see, man can relate to man easily.

It is important for you to understand on this night that you have been Blessed because of your Faith. You also have been Blessed because your awareness of Truth and the Importance of That Portion of you that is Part of Me, is within you.

Maybe on the surface it will not show to others what you feel, what you understand, but you are the custodian of a Soul, and you must remember this at all times, no matter where you are, what you are doing, who you are with. This Portion of Me that is within you is Special, because It is quiet and it is My Love for you that placed It there, and when you return It to Me, I want It to be in a Light of Glory because of your love for Me.

For some it is difficult, outside This Miracle, to believe such an Occurrence as This, and it is also difficult for many to believe that I would speak through *a little one* such as they are, but all through time I have used different ones to reach mankind, instructing mankind in how to love Me deeper, more personally, because

of the Soul that I placed within them at the moment of conception.

It saddens Me that I hear so many impurities, immoralities, indecencies being used against children. The innocence of a child is important to Me, because in that innocence that child can become 'a Saint' immediately.

You have been Blessed in many ways by your Faith in This Miracle of My Love. Your love for Me shows in many ways when you offer help to others, to give them strength physically, morally, mentally, spiritually. Though your love looks very normal to you, there are many facets to it, and I recognize each facet as important, because you see, I created you.

I am deeply saddened by those throughout the world who are ignoring The Commandments I gave a long time ago. They are yet to be seen as having come from Me, but mankind feels They are of the past, They no longer exist, and that is why, through This Miracle, I have many times and in many ways, made Them put in print so that others may read Them and see the Value of Them, in Them, for Them, because The Commandments of Mine are for

all mankind, no matter what religion, no matter what age, no matter what country they are in. All races, all colors, all creeds are Mine. I created them.

It is important that This Miracle be spread throughout the world, and be done in a way of dignity, respect, and conscious of what It is all about, the Beauty It is, the Truth It is, the Love of Mine that is in It. When I hear someone reject It, it is sadness to Me, because you see, they make excuses to ignore That Important Part of them of Which I am a Part.

Right now, as I speak to you, there is sin going on throughout the world, all races, all colors, all creeds, and some of them stand open to mankind and act as though it is a normal act because they are human, but it is nothing but a vile impurity.

I see all ages ignoring the Fact that they were born for a Reason. I hear excuses all the time. That is one of the Reasons I gave This Great Miracle to the world. This Miracle did not just happen. It was planned a long, long, long time ago.

It is important that mankind understand that as you speak to others, you should speak to Me. As you think about being kind to someone, think this way about being kind to Me. I share everything you do. I am a Part of everything you are a part of. This may be difficult for some to understand, but as you have a Soul within you that is a Portion of Me, I am Present in everything you do, everything you say, everything you think.

You are Blessed, My little ones, for your Faith on this night, and you must, in your actions, pass this love on in dignity to others you know, others you see, others you talk to, because you represent a Portion of Me. And let no man, woman or child rob you of this love you have for the Soul you know is within you, because as you meet others, your Soul responds to their Soul.

You do not feel It, you do not understand It, but it is this way, and sometimes I see one Soul crying out to the other One, saying: 'I need help, because the one in whom I am walks in total impurity. Pray for Me, and pray for the one in whom I am, because I do not want The Father to be upset. My

Love remains with Him in every way, in everything that I am involved in, through the one in whom I was given at the moment of conception.'

Now if you were to tell this story to some who have studied many, many books, perhaps they would not understand it, but don't stop there. Let their own abilities, their own degree of Faith act accordingly, but I promise you that the goodness you show, the love you show, will leave a mark wherever you go, and that mark will one day remind them that they met you, and you were kind, you were generous, but you also represented something More they could not put their finger on, but their Soul will know.

Your Soul is much a Part of you and your Soul is a Portion of Me. Allow no one to ever disagree with you on that Fact, that Truth, because your Soul will one day stand before Me. When that day is, only I will know, but every day that you live, your Soul is in contact with Me. So be it."

OCTOBER 21, 1996 AT 1:20 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

The Father has so generously given to mankind a Miracle of His Love Wherein He constantly instructs mankind of all ages, all degrees of beliefs in Him, and the Messages are even meant for those who do not believe in Him.

He oftentimes speaks Himself, and there are many times He allows Many of Us to deliver His Words, His Love, to awaken mankind to the reality of His True Existence, and that mankind was created for a Specific, Special Purpose, and also contains within himself or herself a Special Gift of Divine Love, namely ‘the Soul’.

Each individual has a different Portion of God, and this Soul is identifiable in the one in whom It was placed at the moment of conception. Just as each human being has a name to identify their individuality, their Soul has an identification different in some way that The Father Himself applies to It. This may be difficult for some

non-believers to fully understand, but nonetheless, it is Fact, Truth.

We smile when families gather and they immediately identify each other; so it is for the Souls of each one of them, because this Soul, as a Portion of The Father, is recognizable in Its own way, because It is a Portion of Him given at a particular time, at the moment of conception.

Right now throughout the world there are many heresies, and in these heresies there are many confusing ideas, interpretations; also, heresy causes a lack of sound communication. The word 'heresy' to many learned men and women is out of their realm of thinking, whether they just ignore it or blind themselves to its real presence, because to accept it would cause them to see the wrong in the heresy or heresies, and they would have to reconstruct their mode of living, perhaps even those they are close to, or places where they may place their social life in.

It is important for mankind to look at Every Revelation that has passed through This Miracle and see the reasonability that is obvious, the

practicality in Its Advice, worthwhile to remember and to follow. In so many places We see mankind of all ages standing on a precipice of Hell, ignoring totally that their will has the ability to strike out against all that is immoral, indecent, impure, and their will has the ability to be example of all that is moral, sound, reasonable, and pure.

The world has been instructed for such a long time through This Miracle of The Father's Love, but there have been many times in History that The Father has allowed much to be revealed. I could go back in time, in the terms of 'thousands of years', and reiterate the Importance of how The Father worked through people at different times, such as was necessary at the time of Moses. I bring His Name up because it is a Name that mankind can associate with, due to The Rules of life that The Father wants mankind to follow even now, because time is endless to God, and His Commandments are endless Directions, Commands to man.

When This Miracle of The Father's Love was first given to the world, regarding Who Saint Joseph really Was and Is, it was sad to hear denouncement

of such a Revelation, egotistical arrogance defying the Messages, but The Father's Persistence in Truths continued to instruct mankind on the Value of This Information, and along with This, to alert mankind constantly that The Commandments He gave to Moses are as important now as They were at the presentation of Them to this man, a long time ago.

Truth has a way of remaining. Falsehoods, in their weaknesses, do not have the strength that truth has, and falsehoods many times take on many faces, due to the lack of value to them, truth in them, and that they are not from God, but from the enemy of God and man. So be it."

OCTOBER 21, 1996 AT 2:10 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

This time in which you live can be compared to the time of Moses, and the time when The Son of God openly spoke Words of Great Value to throngs of people, so they would understand what a Great Gift human life was at that time, and of course, you are learning now much the same.

The world is in great need of This Gift of The Father’s, a Gift written, not just spoken; a Gift instructing, not just speaking in *a voice*, with *a voice* that would not be recorded. The world is in great chaos because mankind has misunderstood what the value of spirituality is all about. Spirituality is involved in the human mind, the human conscience, endeavors, associations, communication, the workplace, the home, and amongst friends.

The Commandments of God are a part of every day’s life, but few men, women and children think about Them in their daily associations, their daily actions, and what they communicate

to others like themselves. We hear mankind talk about humanitarian values, but oftentimes We also hear mistaken evaluations on the full meaning of these actions, interactions with other men, women and children.

A voice is a Gift of Divine Love. Without it much communication is lost, so mankind should value what a voice means to understanding many things, to being able to communicate in detail, descriptively, what one wants to reveal to someone else or to many. Many times when individuals talk to each other and they want to remember what was spoken, they find that they cannot repeat the words in the complete manner that they were involved in. Their memory is sufficient to a point, but to remember every word would take memorization constantly which, in reality, would be impossible.

This Gift of Divine Love, *This Miracle Of Saint Joseph* was deliberately designed for much to be written, so that all present at the time, and millions more in time to come, would have the full degree before them to read Our Words, Directions, Information in Its fullest measure, as

It was delivered through *an individual* at a given time. This alone is a Blessing that mankind truly does not see the Great Value of yet. A time will show that This was truly a Gift of Divine Love, so that mankind would feel the Closeness, the Intimacy, the Personal Communication that Divine Love was extending through the written Word.

All of mankind has been Blessed by These Words, even though most of Them, at this time, are limited to the language of one manner of speech, writing, but time must spread All that has been given into languages, so no one will be able to say they had not heard of This Gift of Divine Love, and feel as though The Father left them out of All that was to be given, for mankind to fully understand what a Precious Gift human life is and was, because human life has had a direct Connection in the Gift of the Soul to man, that nothing else has or had.

Human life, though gifted with the senses, with the abilities in so many ways, has also been gifted with a Divine Love, helping mankind to more fully understand that human life has within it a Portion of God, to be returned to Him representing the

individual. A Blessing in This Degree is above anything mankind could design or plan. So be it.”

OCTOBER 23, 1996 AT 11:42 A.M.

SAINT JOACHIM

“I am Saint Joachim. I do not speak many times mentioning My Name, but I oftentimes speak in what man terms ‘appears as like conversation’.

This Gift of The Father’s is in many ways deliberately Personal, so that no individual can feel that each Revelation is not for them. The Father, in His Design of mankind, thought of every area that would give to mankind a practical, logical source, using the physical, the mental, the moral, on all issues, on all subjects, in all areas of human life.

When I speak to you at this time, in this manner, I speak with The Father’s Love, His Direction, His Instruction, because human life has an Ultimate Purpose, Goal, Intention. Human life, in every way, is different than any other living thing, because human life has a Soul.

In the time that I lived upon the earth, we were not instructed as Personally as you are today. Our lifestyle was different and our

educational practices in learning were different, but we were fully aware that human life was different than any other living thing. It was innate in us to feel that in the difference that human life showed from everything else that surrounded us, we felt the purpose, the need, the necessity for moral views, moral standards, moral behavior, had to have an important role. We were not instructed as you are today. We lived in a different order of daily life.

Your time in many ways has a definite order to it, which should help you understand the Importance of being human and that it has a Goal for which it was created. The benefits of your time morally, physically, spiritually, psychologically, are far more beneficial than when I lived.

It is difficult for many who hear of This Miracle to fathom the Magnitude of Its Purpose and the Greatness of the Love that delivers It. Many times you hear of historical events and they are captured by how an individual sees them and can express them.

The lives of those living today should be able to become ‘Great

Saints', because of the generosity in the comforts that mankind is subjected to, allowed to have. It is so much easier to understand Truth, Divine Love, when there is order, system, and a logical judgment of what is occurring regarding man's thinking, man's actions, and man's belief in God.

This Miracle has delivered so much on the Soul that is placed at the moment of conception. This subject was covered in the past, but not in the same loving, deliberate, kind way that it has been through This Miracle The Father has given through His Holy Spirit, allowing so Many Saints to partake, encouraging mankind to more fully understand what a Precious Gift human life is, and the Love He has instilled in it, through a Portion of Him that every individual living human being has.

Each day men, women and children should pray; not all do, but the prayers should thank The Father for the Soul, because the Soul within each human life is His Gift of Divine Love at the moment of conception. So be it."

OCTOBER 23, 1996 AT 12:44 P.M.

SAINT GERARD

“I am Saint Gerard. It is a privilege, an honor, to be able to speak through This Gift of The Father’s at this time, to all mankind.

Mankind does not always recognize a Gift of This Measure, a Gift that is truly Personal from The Father, but He instructs Each of Us Who speak, that We must be sure that What We say will give to everyone listening and all who will read the Words, help to better understand the Importance of the Soul placed into man, because the Soul is Special and the Soul is not of human origin but of Divine Way, Divine Plan.

Many men, women and children throughout the world do not know What life truly contains, and that is why it is important for This Miracle of Divine Love to be passed throughout the world in all languages, so no one can say, ‘I did not know that God was so close to me every day.’ So be it.”

OCTOBER 23, 1996 AT 1:00 P.M.

SAINT PATRICK

“I am Saint Patrick.

This Miracle has been given to the whole world, not for the purpose of joining mankind together, but for mankind throughout the world to understand that human life, no matter where you are born, is Special, has a Plan. The Father has given to mankind so many diversified areas to live in, to work in, to enjoy different atmospheres, different characters, because of the people.

The Father has designed mankind with so much Love, and mankind should understand that human life, no matter what race, color, creed, mankind has a Soul within him or her that is a Portion of God, at the moment of conception.

This should not be difficult to understand or to believe, because mankind, no matter what era of time they have lived in, or no matter what part of the world they were born in, instinctively knows that human life is Special, has responsibilities; and as

life is worth fighting for, then there is an Inner Part that is worth fighting for. Though This Part is not always elaborated upon, it is a personal understanding in human beings to not want to risk life and not want to give life up as they know it to be.

The Soul, though unseen, is an Important Factor in how man thinks, because man does not want to die. It should be understood that this is innate in man, because man feels Something inside that he or she cannot describe, and that is the Soul, because the Soul is in many ways a Strength of and for survival to the human way, and mankind must understand that this indicatively relates to man's desire to live.

I could speak hours on this subject, but I sincerely hope that All that has been delivered will give strength physically, morally, spiritually, and help mankind to understand that God is behind the Plan for which mankind lives, grows, and that is to be attained by the human life as man.”

OCTOBER 23, 1996 AT 1:46 P.M.

SAINT JUSTIN MARTYR

“I am Saint Justin Martyr. I speak many times through This Precious Gift The Father gives to mankind, His Love through Us.

There is so much immorality throughout the world. Men refuse to identify it as immorality. They justify it by saying, ‘It is only human nature to think this way, to act in this manner.’ Throughout the world We are aware of mankind’s actions, determinations, practices, indulgences, and it is sad to say that purity of the mind, of the body, is almost obsolete.

There have been many times in the History of mankind’s existence that impurities were acceptable, never questioned. It is now being repeated in so many forms, so many disgraceful ways, that it is obvious mankind chooses humanism in its most violent way. Morality has diminished to the point where children are not being instructed in what could be termed a ‘normal’ attitude, aptitude, and/or practice in behavioral ways.

There are many things that mankind accepts that are violent impurities against the Soul, and We see so much temptation to so many who are weak, who deliberately accept all that is impure because they do not even think of the results, but they become subject to others who lead them so wrong.

There are many religious leaders who are automatically ignoring, deliberately ignoring confrontation with individuals, because the clerical men do not want to appear to be self-righteous or condemning to anyone they feel could not handle this strong role.

There is too much passiveness in all age groups and in all areas of occupations and all degrees of responsibilities. It would be nice to be able to say that after reading All that The Father has allowed to be written, all sin would cease and only purity would be acceptable to all ages of men, women and children.

We know that at this time immorality is prevalent, and there is so much justification by mankind for it and about it, that the little ones

are being shown so much laxness in strength, so they are automatically accepting what they see, imitating what they see, and this is truly a sadness in that each individual is forgetting that purity is important to not just the physical part of human life or the mental part, but to that Precious Gift of Divine Love, the Soul. So be it.”

OCTOBER 24, 1996 AT 12:20 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

It is a great sadness when We hear doubt from anyone regarding All that has been spoken through This Gift of The Father’s Love for mankind. We say to The Father, ‘How can they doubt such Clarity, in so few Words, describing the importance of purity for the benefit of the Soul?’ We also question The Father on many subjects where We see mankind offend Him continuously, by disobedience to His Commandments. Sometimes He says to Us: ‘The children have not learned The Commandments properly in a complete manner. They have made Them so concise and they lose My Real Intention of each one of Them.’

This Miracle of His Divine Love that has given to mankind so much Love, Information, Direction, regarding the Importance of human life, must begin to spread in all languages, so that no one of any other culture will not have the advantage of learning What The Father Wills every individual to know,

because of the Importance of the Soul that is a Portion of Him.

Let Me use an example here. You physically harm someone you love, not always out of anger, but perhaps out of an act of permissiveness, an act without thought. You logically know you should apologize for the hurt you have caused, and in the whole act that occurred there can be many descriptions of why it occurred, and you should be aware of all the different things that led up to this, and what occurred resulted from it.

Now place this in the category of God's Commandments. Shouldn't They be considered every day in going through Them mentally, asking yourself how you offended God, perhaps in a small way, or in a way that you committed a sin that only pleased the enemy of God, and there was no real reason for the sin, only your negligence for thinking about what you were doing?

Children of all ages, in all places throughout the world, are not being taught the importance of God's Commandments, and the Reason for which He gave Them through a man at

a given time. These Commandments were to carry on through all time, giving mankind moral values, moral standards, Spiritual values, Spiritual standards, that are necessary for the benefit of every individual's Soul.

The Father, in Love for mankind, gave These Commandments, instructing mankind to be cautious in what he or she would say, do, practice, or mentally or emotionally harm someone else, or leave a scar on their own Soul, giving to this Soul something that had to be considered a time of sadness, because of the Soul's Connection to The Father, because It is a Portion of Him.

It is sad that mankind does not see the importance of purity mentally, physically, emotionally, and in all the senses that man has, because the senses are also a protection for the individual and are never to be abused, because in abusing them, it reflects beyond the human act into the Soul.

We hear men, women and children ask for help, and then when they get it We rarely hear, '*Thank You.*' It is important for mankind to understand that the Gift of human life has many parts of it that are closely

associated with The Father. First of all, the intellect, all of the physical abilities that man is capable of doing, using; also, man's understanding of what is right, what is wrong, what is good, what is evil, what is sound, what is reasonable, what is practical, what is impractical.

So much has been instructed upon through This Gift of The Father's Love, and yet mankind ignores what a Precious Union man has with God through a Portion of God, called 'the Soul'. The Soul is the recipient of all that an individual human being acts, speaks and communicates.

I beseech you to remember My Words, and to remember that Gift at the moment of conception is a Gift beyond anything that you can compare It with or to, because It is a Portion of The Father that mankind cannot see, cannot feel, but knows innately that there is a Supreme Being that exists, and this knowledge comes from the Soul. So be it."

OCTOBER 24, 1996 AT 1:33 P.M.

SAINT ALOYSIUS

“I am Saint Aloysius. If the truth be known, there would be no minute in the daytime, in the full daytime, that One of Us would not be available to speak through this *little instrument* of The Father’s, because mankind is in much need of Sound Direction, because of the Importance of the Soul that is the recipient of every act, every word, every deed, every thought, every intention, that an individual is involved in.

We hear some men, women, and even children make a remark that would be considered unkind, rude, or even crude, and then think about what they had said, and wish they had not said it. There is so little being instructed on the importance of thinking ‘before’ speaking, thinking ‘before’ acting. It is difficult for some to tell someone else that they should have thought before they said something or did something, because it is immediately a mark of criticism and causes hard feelings, or even more than that, a separation of friendships

or closeness that one time was pleasant and accepted without question.

If everything that was spoken in one day throughout the world would be written for people to read, it wouldn't be just a story or a novel. In many ways it would be very difficult to understand how so much desecration to God could be spoken by men, women and children in that period of time. Individuals do not consider what they say, or the impact it might have on one or more others who hear the words. So many times these words could be offensive to the point of being judged as 'mortal sins', degrading to human nature, decency.

Mankind does not always think of what he or she says. It is important that there be more, not just tact, but purity in what mankind thinks about, talks about, and shows reactions to. Daily there are a voluminous amount of acts, words, practices, that obviously cause impure thoughts, impure actions, impure intentions, even diabolical in their very essence.

We hear so many men, women and children making excuses for everything wrong that they practice.

We oftentimes hear it is only normal to act, think this way: 'I'm a human being. I have a will of my own.' What about the Importance of the Soul that is the recipient of all that an individual does?

Since This Miracle was given to the world and so much has been delivered on the Importance of the Soul, and how It is the recipient of all that is said, done by an individual, it is sad to say that there is not much change in how people think, act, or react. It is as though they never heard about the Soul.

When a subject is brought up regarding the enemy of God and man, either by the name of the devil or satan, it obviously has a feeling in the words, but in many cases, We see the desecration to the Soul does not seem to be connected to the evil that is practiced in many areas of human life, and yet the very same people, in hearing someone use foul language, might be appalled by the words or wording.

This Miracle is as a Bright Light to the minds of mankind, to awaken the reality that exists in a personal way,

and/or even throughout the world, and that is to become alert to everything one is involved in, everything one practices morally or immorally, and be aware that just ignoring what is wrong does not make it right, and every act, thought, word and deed reflects in the Soul, no matter what age an individual is, no matter what nationality, no matter what language they speak, no matter what degree of intelligence they have, because God is Everywhere and there's a Soul in every living human being. So be it."

OCTOBER 25, 1996 AT 1:17 P.M.

SAINT PEREGRINE

“I am Saint Peregrine. We hear so many request help for a particular necessity in their lives, or for the loss of someone they love or know.

It is important that mankind throughout the world read All that has been delivered through This Gift of Divine Love that I have been requested to speak through, in, and for, at this time in your time.

Mankind many times exaggerates an emotion, a physical impairment, or a personal problem, ignoring that their exaggeration is to get sympathy, recognition, or some sort of help from someone else.

Let us go back to the time a child is born. Millions of children were born with no one around except the mother or one other individual, and the child grew up to have a vocation in life, whether it was Spiritual or just according to the manner in which the individual lived.

Today The Father has given to the world a Gift of His Divine Love, for all nations throughout the world, for all races, all colors, all creeds, and in each Message there is a Lesson of Direction, Encouragement, informative Information that no other place has the ability to give, regarding the Importance of human life and the Importance of the Goal for which it was created.

When We hear individuals instruct others on how to become 'a Saint', We find that many times it is not complete, because the individual instructing omits one of the most important facts that should be spoken about, and that is, that regardless of what direction an individual's life is pointed to, the most important thing for everyone to remember is to be strong, firm, consistent in obedience to God's Commandments, and to never allow a day to go by that a sound, logical examination of conscience is not practiced on the moral values, moral standards, that the individual faced that day, based on God's Commandments.

Mankind is used to making allowances for humanism that

automatically makes excuses because of conditions, situations, or the company in which they were compelled to be. These very same people will many times stand strong on an issue that in content is minor, but they insist on gaining their advantage over others.

We hear mankind say that they are busy in daily chores, responsibilities. The Father's Love for mankind gave to mankind Rules that would make man's life easier, because with Rules such as These are, there can be, or should not be any excuses to not stand firm on all situations one is faced with, as long as one bases all reactions, interpretations, opinions, on God's Commandments. These should leave no room for man or woman to be concerned about being different, when following what has been so generously laid out in a complete way, what is right over what is wrong.

Many men, women and children would find human life happier, stronger, and in many ways encouraging, because inwardly every individual has a conscience, an understanding, and a moral code of ethics that they use every day. I ask one question, and I

ask you to ask yourself this: ‘Does my moral code of ethics come up to the standards that God has requested of me in His Commandments?’ So be it.”

OCTOBER 28, 1996 AT 12:50 P.M.

SAINT PAUL OF THE CROSS

“I am Saint Paul of The Cross. We hear many who hear of This Gift of Divine Love, that The Beloved Saint Joseph is honored by All The Saints Here in Heaven. Many say, ‘It cannot be true; why would *a woman* be chosen for such an Ultimate Goal, Purpose, Instruction to the whole world?’

Oftentimes mankind’s opinion is based on human assumption, human determinations, human understandings, human abilities of discernment, human jealousies. It is important for mankind to read All that We have given and that is yet to come, because there is no place in the world that is dealing with mankind in such a personal, instructive, loving way.

The Father has designed This Gift of His Divine Love in a manner that mankind of any degree of intelligence can understand, can relate to, can learn from. We hear so many disagreements over This Gift of The Father’s Love, mainly from two categories: those who

have studied theology; and the other group, those who have no foundation of Faith and morals.

The world at this time is like a jigsaw puzzle, due to the fact that there are so many who feel they have the ability to tell others about sound Christianity and sound moral values and moral standards. There is a lot of egoism in many places throughout the world, dealing with their interpretation of what God is all about, what God looks like, and God's Manner of Judgment.

This Miracle of The Father's Love has been designed by Him to touch all degrees of intellect, because of the Importance of the Soul that is within each living human being. An individual totally uneducated in any field of knowledge of religion, instinctively knows right from wrong, perhaps on the standards in which they live, but there is an innate understanding instinctively in the human mind, human abilities, to accept what is good, what is sound, what is safe.

This Miracle of The Father's Love is a Gift of Divine Origin, Divine Love, and Divine Hope, and when We

hear those who have studied books on theology and any form of religious beliefs, it is important that each one understands: In the lonely hours, they are never alone; in the work hours, when what they call 'chores' have to be accomplished, they are never alone; and in the times when they are with others of any age, there is a responsibility that must never be denied, and that is the responsibility that everyone is responsible for, and that is to act purely mentally, physically, because you see, in association with other human beings, each human being is responsible for everything they do, everything they say, and everything that the others with them will be able to relate to, respond to, or to imitate.

I could speak hours on the importance of man's understanding the responsibilities of human life. The Best Rules without any doubt are God's Commandments, and 'too few', for a long time, have used These Commandments as the Guidelines for daily life. So be it."

OCTOBER 28, 1996 AT 1:33 P.M.

SAINT CALLISTUS

“I am Saint Callistus. I, and Many Other Saints, speak many times through this *little one* The Father has designated to repeat Our Words as We say Them, to help mankind of all races, all colors, all creeds, to more fully understand that human life is of Divine Will, Divine Design, Divine Purpose, and that mankind must understand that there is a Specific Goal for human life that is above and beyond all other things.

The small voice We All use is *an obedient voice*, one in which and through which, Our Words of Love, Protection, Instruction and Direction, pass instantaneously as We direct Them to be. We hear many argue, ignore, reject What This Miracle of Divine Love so graciously gives to mankind because of the Soul that is within each human life.

The Soul is not just given to one nationality and not to another, to one color of human life and not to another. It is given at the moment of conception

to every human being. Though It is not seen and not felt, it is instinctive in mankind to know that through their free will they have the right to do many things, and they know right from wrong. This Statement alone should tell mankind that human life is Special, above all other living things.

We hear so many arguments, needless in content and essence, regarding animal life and the life that exists in many other things. No other living thing can be put on the same level that human life was created for, exists in, and is responsible to.

It is important that This Miracle pass throughout the world. We hear some say, 'What do you mean, Miracle?' Miracle is Communication to the whole world of mankind, through the Soul of *one living human being* that follows Our Directions at any given time. This Task of Obedience is unlike any other task mankind can relate to, and if mankind will but recognize that obedience of This Nature, This Magnitude, would not be ordinary to human life, because mankind, having a free will, would be unable, unless it was a God-given Gift of Divine Love,

to dictate All that is requested to be repeated at any moment, day or night.

Ordinarily mankind has the freedom of his or her will. *The child* through whom We speak, *the voice* that The Father has appointed for All of Us to use, speaks in a normal manner on many issues, but knows that there is an Important Gift of Divine Love that must never be ignored, dismissed, because This Gift is for the whole world of mankind to learn from, so that mankind will strive to be obedient to God's Commandments, and better understand the Purpose for human life because of that Precious Gift of Divine Love at the moment of conception, called 'the Soul'. So be it."

OCTOBER 28, 1996 AT 2:26 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. There are Many of Us Who are available and ready to speak at The Father’s Command, through *this voice* that He has chosen to deliver to mankind not just Directions, but to deliver His Love regarding all that He has endowed mankind with: the Gift of Faith, the Gift of Hope, the Gift of Love, the Gift of sound moral values, sound moral standards, the Gift of obedience to His Commandments.

A gift should never be cast aside, ignored, especially not a Gift of This Divine Love, Divine Hope, because This Gift is a constant reminder to mankind that human life is a Special Gift, and within it, it bears a Portion of The Father, called ‘the Soul’. The Soul, though unseen, is in many ways a Transmitter to an individual’s intellect, the importance of moral views, decisions, and is constantly instructing the Value of human life through this Close, Personal Association It has with the mind and the body.

All that has been delivered through This Gift of Divine Love must one day reach the whole world in all languages, so that no human life will not have What This Miracle was designed for, all of mankind to understand what Relationship man has to God, the Closeness, the Intimacy, in which the Soul combined with man's intellect, abilities, senses and rational understanding, is one alone.

We hear so many who have learned what they term 'spirituality' through books, through the instruction of others who have dedicated their lives on Spiritual matters. The Reason The Father has introduced to the world, through so Many of Us, Instruction that mankind receives from no other source, is so that mankind will be able to feel, to understand the close association man has with God in so many areas of human life because of the Goal for which human life was created, and that is to return to God, through the Soul, to be with Him for All Eternity.

We hear men pray, We hear women pray, and We hear children pray, but for the most part the prayers are words said rapidly, with very little

thought as to the meaning, and/or to the direction for which these prayers are to be heard. Mankind, though sincere in a human way, neglects to see the Magnitude of the Association man has with God, with All of The Saints, and of course, with Our Heavenly Mother.

If man were to realize that the Soul is the Connecting Link, and that this Soul is the Transmitter of all that is said, all that is done, all that is practiced, and all that is sincere, then mankind will have found a direct path to Sainthood.

It is important that mankind, every day, review what he or she participated in morally, physically, mentally, and spiritually. Now, without question, all things should be closely associated with the individual's Spiritual morals and values.

An examination of one's day would take a short time, and in this short time one could make a resolution that the following day would be an improvement, and if this were to be followed in a daily form of communication it would become a habit, and as mankind knows, habits

are difficult to break sometimes, but this habit would be so worthwhile, so beneficial, and the rewards unlimited. So be it.”

OCTOBER 28, 1996 AT 3:05 P.M.

SAINT JOHN THE BAPTIST

“I am Saint John The Baptist. As The Father requests I speak to you, it is a privilege, because it is so important for mankind to more fully understand the importance of Baptism for each human life born. It gives strength, stability, hope, deeper understanding of moral values, moral standards. It holds close to the individual the memory of a specific time when certain prayers are said, that in many ways gives happiness to the Soul of the individual, because the Soul is the Connecting Link between God and man. The Act of Baptism gives a happiness noticeable, and yet what occurs basically is unseen by the individual or anyone present.

Ask yourself: What is original sin? Is it a reality or is it a story? Is it fact or is it fiction? Is it reasonable to be born with a sin, or unreasonable? Isn't human birth an Act of Divine Love, a Design for human life that is Special because of the Soul?

We hear some say, ‘Why should the Gift of human life be born with a scar on it because of a sin a long time ago?’ There is an explanation and this explanation is simple: In many ways it is a reminder to mankind that the necessity for Baptism is to give strength to the moral values, moral standards of the individual, and in this act of obedience, of love, there is a cleansing that is unseen, but it involves a Particular Blessing of Faith in God, and it also reminds mankind that sin can be erased, should be erased, and that this Act of Faith, this Act of Love is to give strength against all impurities.

In many ways it is an act of belief that God is present and that any morsel of indignity, impurity connected to the Soul, is wiped away through the Act of Baptism, and the child is given a Blessing to give the child strength for time to come.

So much has not been explained about this Gift of what man terms as ‘Baptism’, but it is a Gift of Divine Love to give the Soul strength for times to come where the Soul will be subjected to, perhaps a sin that will be a mark, that only a Blessing can

**wipe away, that is dedicated to please
The Father's Will, The Father's Love,
because of the Importance of the Soul
that is a Portion of Him and Him alone.
So be it."**

OCTOBER 30, 1996 AT 10:49 A.M.

SAINT JOHN OF THE CROSS

“I am Saint John of The Cross. It is difficult for Us when We hear individuals discredit This Gift of The Father’s Love, that is and has been for a long time, instructing mankind on the Importance of human life, and the Jewel that each human being has within himself or herself, called ‘the Soul’.

I call It ‘a Jewel’ because mankind treasures an ordinary jewel, sometimes even when it is not of great worth, but it always has a feeling about it that mankind enjoys because it is, humanly speaking, special. The Soul that mankind has can truly be compared to nothing physical on the earth. The Soul, as a Portion of The Father, is a Gift of His Divine Love to human life. It is an Association that gives mankind a Special Place in creation, and a Special Goal for human life.

Let us take an ordinary jewel. Most look at it and wonder if it is without a flaw, what is the clarity of it, because this means it has more worth

to it. The Soul of mankind is a Portion of The Father, and every Soul is given in the Purest Manner, and in the Purest Degree of clarity, beyond any human conception of These Words.

Children are not being instructed on this Precious Gift of Divine Love. Some are being told what is right, what is wrong, what is permissible, by those with whom they live or by those with whom they associate. Instructors on Spiritual matters do not instruct on the Soul in the degree it is necessary for an individual to more fully understand the Importance of the Soul, Who It is a Portion of, and that It is a Gift of Divine Love that should be cherished, protected, watched over in every act of life, through associations with others, through one's own actions, beliefs, intentions, and caring.

The Soul should be protected day and night, because the Soul yearns to be returned to The Father in a Pure State of Divine Love. So be it.”

OCTOBER 30, 1996 AT 11:07 A.M.

SAINT COLUMBKILLE

“I am Saint Columbkille.

When mankind feels physically hungry he or she immediately knows that it is necessary, if possible, to eat some form of food to nourish the body, to gain strength for their whole being, because this food will also help them mentally in ways that may not appear obvious, but food for the physical is a great asset to human life for many reasons.

Now let us take an Important Portion of mankind that is unseen, never truly felt physically, but is evidenced in the intellect through the moral values and moral standards that an individual uses in many forms during the span of one day. This Portion of mankind is without understanding, because certain times the morals of the individual do not recognize that within the human being there is Something that cannot be seen, cannot be felt physically, but It has an Important Factor of Meaning on all decisions, on

all sensitivities, in everything a human being participates.

We hear some individuals say: ‘I know I’ve been asked to do such and such a thing, but something tells me it is not right. It has a bad feeling about it. It goes against my nature. I do not feel that it will be what it looks like it might be.’ These feelings many times are connected to the Soul of the individual, because the Soul, without being obvious, is so much a Part of human life that It is sometimes referred to as ‘conscience’ and/or ‘instinct’, and/or the ‘discernment’ of a particular subject that looks ordinary, looks like human opinion only.

This Miracle of The Father’s Love has been handed to the world mainly to make mankind understand that each human life is Important, and bears within it a Portion of God that is to be returned to Him at a given time. This is called ‘Sainthood for the Soul’, because if human life had no Goal, what difference would it make to mankind if a decision of any kind was moral or immoral? Please, I beseech you, think about this. So be it.”

OCTOBER 30, 1996 AT 12:25 P.M.

SAINT TERESA OF AVILA

“I am Saint Teresa of Avila.

It is important that All that is delivered through This Gift of The Father’s be read by millions of people throughout the world, not just thousands. I repeat the word ‘millions’, because there are so many instructing on religious matters, goals, that are using their personal opinions, based on their personal experiences, ideas, ideals, limitations. That is why it is so important that Our Words spread throughout the world, because mankind bases his or her own opinions, thinking, on personal ideas, practices, ideals, and limitations of what they are capable of understanding, or using in their actions and/or in their dialogue with others.

Throughout the world We hear so much concentration on what individuals feel human life was created for, and what human life is capable of, plus what human life can use, or not use, according to the rules that they personally feel apply logically to all

situations, all personal beliefs, and of course, all that is Spiritual in nature, context, and the reality in which each one of these things is acceptable to God.

Many who practice forms of Spiritual matters that they want others to see their importance in, many times allude to self-importance more than sound instruction on The Creator of All Things. God's Commandments have been set aside in so many areas throughout the world because of the humanism that is being practiced, regardless of what Faith an individual has been raised in, or is drawn to.

Granted, humanism is important because human beings have intelligence, many physical abilities, and the basis for each of these things should be sound moral values and sound moral standards, also sound moral behavior in all things.

We see so much desecration in those who practice as Spiritual leaders, directing hundreds, or even thousands to believe in what they say, and to understand the Bible as they term it to be.

Throughout the world there is a great need for This Miracle of Divine Love, because The Beloved Saint Joseph is More than just a Saint. He is The Pure Spirit, Holy Spirit of The Father, and through Him much has been given and is being given to mankind through This Miracle that bears His Name. It is sad when We hear mankind connect Him only to the human side, when logic should tell mankind that no human being was The Foster Father of The Son of God.

Humanism can never be erased as long as mankind uses humanism as the reason for everything he or she does: right or wrong, truthful or untruthful, moral or immoral. There is so much insensitivity throughout the world on sound moral values, issues, standards, controls. Why? What has happened to man's ability to recognize that human life is a Special Creation, and is the recipient of a Special Divine Gift of Love, the Soul? How could man fathom an animal, or a flower, or a fruit, or a vegetable, a tree, going to Heaven? and yet mankind has the Goal for the Soul openly spoken about through This Gift of Divine Love, This Miracle that openly explains so much in a

Distinct Manner, leaving nothing to the imagination, because when a Fact is spoken, it is spoken with Strength, Purpose, Goal, above anything that human life could fathom through their imagination.

Children are not being instructed on the Importance of human life, and that within them they are the custodian of a Soul that is a Portion of God, not defined in Its full measure, but the individual hearing about the Soul must feel the Importance of human life and that God would provide a Goal for this, because of His Part in human life that is so logical, because human life automatically says to an individual: 'I do not want to fail. I want to be successful, and I have hope within me that I do not fully understand, but without hope I have nothing.'

Does this not say to mankind, it is innate to feel there is more for human life to experience, that there has to be a Goal to reach for after human life ends? So be it."

OCTOBER 30, 1996 AT 1:41 P.M.

SAINT THOMAS AQUINAS

“I am Saint Thomas Aquinas. There is no moment in the day that One of Us Here with The Father is not in touch with This Gift of His to mankind.

We are ever watchful of the Importance that All of These Messages are for the Souls of millions of men, women and children. We understand that out of one hundred Lessons, one may be suitable to an individual human being. We also understand that the Magnitude of so many being delivered, makes it possible for even one Sentence, one Word, open the door to one or more individuals, alerting them, causing them to more fully understand the Importance of human life, and the important part their nature, their personality, their likes and dislikes, their Spiritual practices, help them in so many ways, to more fully understand that human life has a Specific Goal when the human way no longer exists.

Let us take one part of human life and concentrate on the value of it: the heart. It is the signal in so many ways that an individual exists. Now let us take that Special Part that The Father instills at the moment of conception: It cannot be seen, nor can It be felt, but mankind's sense of right and wrong, good and evil registers within the Soul, and This in many ways alerts mankind to the importance of the correct decision on any given subject.

Granted, the mentality of mankind is very important, but the mentality is most times subjected to so many different subjects, ideas, places, people, that the mind of mankind has to make decisions that are many times based on personal abilities, acumen, sense of responsibilities, moral judgments, background in training, and/or moral values and moral standards.

Mankind is learning so much about human life through This Gift of The Father's Love. That is why it is important that This Miracle reach millions throughout the world, because it would be a great sadness for many Souls if the one in whom They were, was not informed on the Truth that

human life is all about, the Importance that human life bears in That Part, through That Part, that is never in any physical examination man goes through, or mental examination that mankind is subjected to. Only God is The Judge, The Caretaker of That Gift to mankind, called ‘the Soul’.”

OCTOBER 30, 1996 AT 2:24 P.M.

SAINT FRANCES CABRINI

“I am Saint Frances Cabrini.

The world does not realize what a loss it is experiencing, due to the fact that so many who desired to follow a religious life found themselves walking away, and there are so few truly left in this position of service to God, due to the fact that changes in Spiritual matters caused a collapse of Spiritual motives, desires, and sound reasoning.

Throughout the world there are so many men, women, and even some children practicing humanism rather than spiritualism, spiritualistic vows dedicated to the service of God for the good of one Soul or several Souls. Mankind says the reason for this is the modernization of thinking, the updating of morals, values, practices, and the potential that is available to be participants in a more modern world of activities, of dimensions.

Children are not being taught, or are they being given the example of the Importance of God being First,

and Above all things, and that life was created for a Higher Goal: to become ‘a Saint’.

Where there is a lack of Spiritual communication, there is a lack of sound reasoning regarding the importance of a vocation dedicated to service to God in its full measure, for not just personal goal, but to aid others in realizing and responding to the necessity to better understand, more realistically recognize, that human life has another dimension to it, besides the human activities that ignore the importance of Spiritual endeavors, and Spiritual dedications on specific vocations that lead others to more fully understand that life has a Purpose, and that is to reach the Goal of Sainthood.

What I have just so briefly spoken could be elaborated upon extensively, with much more in-depth reasonings, but at this time, hopefully What I have said will be sufficient to awaken in some that the Spiritual life, dedicated to upholding a personal practice of service to God, will initiate others to think about this, and see the value of it. So be it.”

OCTOBER 31, 1996 AT 10:42 A.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph. I am The Holy Spirit. Mankind, in many areas of the world, refuses to believe This Miracle of Divine Love, wherein It explains to mankind the Importance of human life, and its Association to The Divine.

Mankind must understand the reality of how The Father Designed The Holy Family, and His Reasoning for Defining and Designing It in this way. There is one Statement that mankind says openly, but does not realize the Magnitude, the full perception of this Statement: First: The Immaculate Conception. Number Two, Second: I, as The Father in such a Conception, had to be of Divine Way. Mankind ignores This Important Statement, and has for a long time.

In order to justify My position as the Father, as the Husband, so that all things would look normal to mankind at that time, mankind must understand that The Immaculate Conception was put in this context after The Birth was evidenced by the kings and the

shepherds. The star shone so brightly, Announcing the Coming of The Child, that had been secretly announced to some that a Savior would be born like no other man.

As I speak through this *little one* at this time, that in years has added up to several years, it is Important that This Time go down in History, evidencing so much Direction for the good of the individual Soul of every living human being.

At This Immaculate Conception, it was The Spirit of God that took the place of a human protector by the Name of 'Joseph'.

The Father has given to the world in This Time, thousands and thousands and thousands of Stories, Information, not just to assist mankind in understanding the Importance of the Soul, but encouraging mankind to understand that the Soul is a Portion of God Himself, and though in the creation of mankind, outside of The Immaculate Conception, human life continues on through the union of man with woman, bearing the responsibilities of what is termed 'married life'.

As This Miracle bearing My Name is transmitted through Words, through Writings, We find it not just sad that mankind cannot see what a Generous Gift This Miracle is, but there is so much evidence of jealousy, anger, abuse, and deliberate rejection of What This Miracle, bearing My Name, is instructing mankind on the benefit of the Soul that no human being is born without.

Each time The Father hands to the world a Gift of Great Perception, mankind boldly rejects It, ignores It, and refuses to accept the Importance in It, thus doing all they can to rob others of the Important Information that should be spread for the benefit of all of mankind. Today in this time of man, there are so many false ideals, ideas, practiced in the Name of God. There are so many false prophets loudly speaking their interpretation of what the past was all about, and how God, in many ways, is dealt with humanistically.

We hear so many rejections of What This Gift bearing My Name causes others to ignore This Miracle of Divine Love that is not just Inspiration, but Fact. We hear undue criticism

based on little knowledge, much jealousy, and misinterpretation of the Importance of All of the Revelations that are meant to give Hope, Strength, Instruction and Purpose for each life, because man, created with a Soul, is above all other creations in the world, and mankind must understand that the Soul is a responsibility because It is a Portion of God, and no other living thing has It but human life. Human life has been given a mentality, the ability to exercise important actions through the mind. Mankind is a Special Creation.

There are so many who are interested in writing their ideas regarding Bible History. In some there are truths; in many, personal imagination. It is important that mankind understand that This Miracle of Divine Love is, in many ways, the closest Gift of God's Love to The Immaculate Conception that mankind could ever receive, because God has given to mankind, through *a small voice*, Information, Direction, Hope, Love, that no one else would have the power to do, the creativity to do, the imagination to do.

It is important that This Miracle of Divine Love be spread throughout the world, ignoring all obstacles, all interferences, all rejections, all intimidations, all falsehoods. This Miracle has been upon the earth, in man's time considered a long time, and It must saturate every area, because there are millions of Souls shouting to The Father that what is occurring is despicable, uncontrollable, and diabolical."

OCTOBER 31, 1996 AT 12:37 P.M.

SAINT CATHERINE LABOURE

“I am Saint Catherine Laboure.

It is sad when We hear so much negativism regarding This Gift of The Father’s Love, that He has allowed so much Instruction for the benefit of all mankind, for all races, all creeds.

When One Saint is speaking, there are Many Others of Us standing by. We watch the reactions, also the feelings that some project inwardly, not just desiring the Words to be Truth from Here, but Words of Direction that will strengthen one’s will, one’s understanding, one’s hope, for one’s Goal to be reached at a given time.

Children of all ages are not being instructed properly on the Importance of human life and the Reason for which it was created. At this time throughout the world We hear so many who find themselves preaching from the Bible, and they are encouraging everyone present to agree with their determinations on what they have just read. It is true the Bible is a Book of instruction, but it is also true that

the Bible, in its conciseness, does not clarify every Statement in its full measure, full degree, full text.

The Father has given to mankind at different times what mankind calls '*True Mystics*'. There has never been a Path that anyone of these had or has, that did not, was not, involved in much jealousy, because individuals, hearing the important parts of many subjects, do not always have the ability to see the in-depth meaning. That is why This *Miracle Of The Beloved Saint Joseph* clearly states without question, the Values, the Truths that mankind should hold close to them, and value the informative Directions, Statements that give strength morally, physically, mentally, to the mind and to the Faith that an individual has in God.

We hear careless remarks that bring a sadness to Us, only because We see the jealousy behind them, and the lack of realization that mankind understands God to have where man is concerned.

When an individual is asked, 'Who made you?' it is automatically expected to be answered, 'God made

me,' but mankind has become so humanistically automated to say, 'My parents made me.' This is a sadness, because it leaves out the Most Important Part of human creation, because God truly has a Part in life that mankind has dwindled in Faith of.

The world is in chaos morally, physically, spiritually. There are so many who feel that they have the knowledge, the ability to instruct others on what life is all about. It is sad when We hear some of the interpretations, because there is so much humanism, egoism, and in some cases satanism in their retorts.

So Many of Us Here in the Heavens have spoken through This Miracle of Divine Love, and All that has been presented has been to encourage men, women and children to be aware of the privilege it is to be human, and the importance it is to protect the Soul from all impurities, because the Soul is a Portion of The Father.

No one has ever been, or ever will be, able to describe what The Father Is. He is beyond all explanation. He is The Creator of All Things. He is

beyond human understanding, and He is referred to as 'He' because it is easier for man to handle a word that the intellect can relate to.

The world has been Blessed in many ways through This Miracle that has instructed in so many areas, especially those areas that have allowed so Many of Us Saints to speak, encouraging mankind to see the Beauty of The Father's Love, that when the human life ends, Life goes on in a different manner, different degree, but it is an Active Life, and a Life that is in total service to The Father's Will.

Heaven is a Place indescribable. Sainthood is indescribable, but then would it not be wise to reach for what you know is Special for All Eternity? So be it."

OCTOBER 31, 1996 AT 1:25 P.M.

SAINT ROSE OF LIMA

“I am Saint Rose of Lima. It is a privilege to be a Part in This Gift of The Father’s Love.

The world has been Blessed in many ways because of This Miracle of His Personal Love, for the sake of the Souls of all of mankind. The word ‘love’ to mankind is not always fully understood in the magnitude of its meaning. Love, in essence, means sacrifice, hope, sincere interest, and attention, personal attention.

The Father’s Love for mankind is above and beyond what human beings can understand it to be, because in His Love, He instilled a Portion of Himself in the conception of human life, and It is never seen. It is to be returned to Him at a time when the human life ends, but His Love for mankind was to never end, and that is why He instills in each human life a Portion of Himself, because of His Love for this creation that was to imitate Him, honor Him, and be in close contact with Him at all times.

This Precious Gift of Divine Love is beyond what human love is like, because human love is but an imitation of Divine Love.

This Miracle has Blessed mankind with Personal Attention, Personal Information, Personal Instruction, and mankind, in fully understanding a Love like this, will use every effort morally, physically, spiritually, so that one day the human side will see, feel and enjoy, through the Soul, the Reality of God.”

OCTOBER 31, 1996 AT 2:16 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. I have spoken many times through This Gift of The Father’s Love, because it is important for mankind to more fully understand what a privilege it is to be born as man, because through this human birth, when the time comes, the individual will respond to The Divine Plan that awaits every Soul that is placed in a human life at the moment of conception.

Those of Us Who had the privilege to walk with Spiritual tasks daily, with responsibilities regarding the Souls of many others, We now, as We stand Here in the Heavens, want every living human being to fully understand that the Life after death in the human way, is a Life close to Divine Way, Divine Will, and continues to be in service throughout the world, guiding, helping others that need physical help, Spiritual direction, hope, and many times just the satisfaction to know that as We represent The Father’s Will, We are immediately responsive to their prayers, according to His Will.

We see mankind throughout the world, some totally ignoring the logic that within them they have a Portion of God; else, how would they be able to respond to what is morally sound, morally good, morally practical? Man would be like the animals, on instincts, not sensitivity, nor would they see the practicality that occurs in everyday life through dealings with others like themselves, or the emotions of others that can be very discouraging and/or harmful.

When a clergyman wears the garb of a clergyman, it says, 'I stand for God, I stand for what your Soul needs, feels, responds to.' At least that is what it is supposed to be, because the garb of a human being speaks many things. A uniform says one thing, according to what it represents. A formal dress, man or woman, depicts an affair, an event. A costume may say theater. A hat, a uniform may say service to a country.

I could go on and on because the manner of clothing is an important asset, an important point of recognition. Then there are those manners of dressing that depict only impurities, indecencies, immorality.

This is sadness, because mankind has the freedom of choice, the freedom of the will to respond openly to his or her belief in God's Commandments.

Sometimes We hear individuals say that: 'God's Commandments are a Thing of the past. They were right for that time, but the world has changed. Mankind is updated, more modern, more realistic.' What a sadness to see and to hear such mockery, when God's Commandments deal with sound reasoning, and They do not restrict mankind because of the year They were given in. The Souls of mankind are still in need of God's Commandments, and should never be omitted for any reason, any mental block that supports only humanism, satanism.

The world has been Blessed by This Gift of Divine Love, *The Miracle Of Saint Joseph*, because It is constantly reminding mankind that human life has a Purpose, a Goal, and this Goal has never changed since the beginning of human life.

Sometimes, when We see immorality that is total desecration to not just the moral values of an individual, but to their physical, their

mental, and their values in all areas of life, We would like to say: 'Wake up before it is too late. You have a Soul that cries for help. You have a Soul that pleads with God to awaken you to what you are doing.'

So many Blessings pass through at the request of a prayer, because a prayer is never not heard, and mankind should learn to pray more privately, individually, because prayer gives strength that nothing else can. Prayer is communication and there is no better communication than to say:

'Please help me, God. I need to know what You Will for me to do, and I need Your Help in doing it.' So be it.'

NOVEMBER 1, 1996 AT 1:05 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

A mother’s wish for a child or her children is for their safety in all manner of education, personal associations, and whatever they may be involved in, and with whom they are involved.

My Love for mankind is for every act, thought, decision to be made to please The Father, and to remember The Commandments that He gave for mankind to guide his or her life by. The Laws were for all of mankind, not just for those at the time They were given.

Today, as I look over the world, I see so much desecration to Souls. Man’s excuse is, ‘I cannot see my Soul,’ but what mankind does not realize, or I should say recognize, is that man’s conscience, man’s knowledge of right over wrong is closely associated with the Soul, and the Soul depends upon the individual’s obedience to the Laws of God. No Soul is exempt from this. The Rules of The Father are security

in many ways to the Soul of every individual, no matter what race, what creed, what type of background they are raised in.

Innately mankind knows when something is good or something is evil, when something is right or when something is wrong, when something is truth or something is untruth. Many things are innate in mankind. They did not have to be learned out of books, they did not have to be instructed upon.

When someone says to a very small child, 'Don't touch that, it will burn you, it is hot, you will cry,' the child hears the words, the child many times responds because of the words, and those who do not, have experienced a very hurtful time. Immorality is this way. No matter what degree it is practiced in, it is harmful to the Soul, but it has even been proven to be sometimes very harmful to the physical, and/or even the mental.

The world has been Blessed by This Gift of The Father's Love, because in This Blessing there has been so much Instruction by so Many from Here, alerting mankind of all

ages to be aware of what is morally sound, what is morally wrong, and also, that mankind is a Special Gift of The Father's, because in man there is a conscience, there is an innate knowledge of self-protection, and also, to be able to discern what is right, what is wrong, in many areas of human life.

I ask you, 'Would it not be wise to think about What I have just spoken? because many times a decision to please someone else can be detrimental to the purity of one's own Soul.' There is no Greater Love for mankind than the Love The Father has, and mankind must never forget that The Creator of All Things is also The Judge at a given time. So be it."

NOVEMBER 1, 1996 AT 1:42 P.M.

SAINT CHARLES BORROMEIO

“I am Saint Charles Borromeo. There are so many subjects so Many of Us Saints request to speak about, because of the importance they are to mankind.

It is important that in the educational fields there is a close watch on the credibility of the subjects being taught, on the subject matter that is proposed for certain individuals to learn about, that will give their abilities more aptitude to be able to allow them greater accomplishment in fields of education that will enable their lives to see more indepthly, logic, truths, facts and practices that will not cover just what the book says, but will be beneficial to their way of life.

This Miracle The Father has given to the world is a Miracle of Practicality. There is nothing ever given that is beyond human understanding or encouragement to seek out, to follow what is beneficial to the human mind or the goals.

I speak very slowly through this *little one* that The Father uses as a *funnel* to deliver All that He wants mankind to be alerted to, responsible to, and be able to use What is given to benefit them in many, many ways. As I speak through a very tired *voice*, I speak with a personal understanding of what it means to serve The Father's Will, and what it means to encourage others to more fully understand how beneficial human life is because of the talents that so many have in different arts, different historical valuable information, plus the aptitude that so many are encouraged to use mathematically in so many different vocations of life.

There are Several of Us standing Here together, All eager to help mankind more fully understand that human life is a privilege, and that it has a Goal beyond what the human mind can conceive, can fathom, can understand.

Repetitiveness is important when it is spoken or directed, because within the human mind repetitiveness has encouragement in it, and in many ways has a strength beyond what the

average normal enthusiasm, interest, of a man, woman or child feels.

I smile at each one here because your Faith in God is obvious, your love for Him obvious. That is why it is a privilege to be able to speak through This Miracle of The Father's Love for the benefit of all mankind, because of the Souls that each human life is the custodian of. So be it."

NOVEMBER 1, 1996 AT 2:51 P.M.

SAINT JOHN THE BAPTIST

“I am Saint John The Baptist. I do not often mention My Name when I speak through this *little one* through whom so much is given, instructing mankind on what a Precious Gift human life is, and that it should be cared for in many ways morally, physically, spiritually, because human life has within it a Portion of The Father.

This Point of Importance is not always acceptable to men, women or children, basically because they do not want the responsibility in having to care for Something they cannot see, they cannot feel, so they automatically reject Its Presence.

We see certain men, women and children cherish all types of animal life, and this is good because it shows that mankind has a conscience of caring for other living things. It is also important that mankind understand that human life has a Greater Portion of what human life itself can

be termed, and that is a Portion of God, called 'the Soul'.

This Miracle of The Father's Love was given to mankind to instruct mankind on the Importance of this Special Gift of Divine Love, that is the Portion that will return to God when the human part of mankind no longer exists in living form.

We hear mankind talk about different situations that are troublesome, irritating, and perhaps devastating, but courage forces them to say, 'Life goes on, and we must face it logically, sanely, and not allow ourselves to be so overcome that we do not see the importance of tomorrow.' What they omit is ignoring the condition of the Soul in each situation.

Those who have chosen Spiritual vocations are instructing more on the humanism, and allegiance to those who are in charge of Spiritual matters, but there is rarely, if ever, encouragement or concern regarding the Soul that is in each living human being.

Let us take a 'for instance': If mankind did not have a Soul, how could mankind relate to The Divine?

Conscience couldn't do it, knowledge couldn't do it, sensitivity couldn't do it. Only the logic of belief in human life being separate from all other living things, automatically says human life has a Closeness to God that nothing else has. The Soul is the Connecting Link of human life to Divine Love. So be it."

NOVEMBER 4, 1996 AT 12:27 P.M.

SAINT BENEDICT

“I am Saint Benedict. As Others stand Here with Me, *the child* through whom I speak was made aware of the Presence of Each One of Them. We heard her say, ‘Which One is going to speak?’ We always smile at this, because her innate desire to repeat only what is correct is one alone throughout the world.

When We hear denial of This Miracle, it is not just a sadness to Us, but in essence, what mankind does not realize is that he or she rejects a Personal Gift of Divine Love, and in arrogance, oftentimes, desperately tries to disprove This Miracle to not just a few, but many.

Throughout the world there are different vocations of life, and different rules for different nationalities. It is sad when We see, in some places, so much dominance over the minds of the individuals, not allowing their free will to act according to what they feel is correct, what is proper, what is moral.

When The Father gave to the world This Gift of His Divine Love, He warned *the little one* through whom We All speak, that there would be much opposition, many lies, and in spite of these things she would be ordered to do what she was told to do, because God wanted no interference from What He wanted mankind to learn, to understand, to follow, to practice in daily life, because the Soul of every individual is a Portion of Him, and the Soul must be protected against all egotistical self-righteous individuals who feel that they have learned what is necessary; but also, they feel that their control is justifiable due to what they believe, they accept as being important in position, no matter what the cost is to anyone else.

There is so much repetitiveness going on, wherein mankind, through jealousy, through self-love, wants to be important, wants to have others obey them, look up to them, and value their very existence, even though what they are about is not a God-given Direction, but only a human, willful acceptance. The world is saturated with thousands and thousands of men, women, who direct those under them to pay heed

to everything they say, they do, they deliver, they accept, they direct.

The Father, in His Love for mankind, chooses *one* to develop What He wants developed, to instruct What He wants others to be instructed in. This allows for no jealousy and no personal view. It is always obvious when It is from The Father, because It protects all that man is about, and It instructs mankind to put God above all things, and set aside humanism, humanistic authority, and base all things on purity for the mind, the body and the Soul.

Throughout the world there are so many anti-ideas, persuasions, directions, against what is sound morally, what is sound physically, what is sound spiritually. It is time that mankind awaken to what is logically valuable for the benefit of their Soul, and something in this order automatically eliminates the importance of man's position amongst man. So be it."

NOVEMBER 4, 1996 AT 1:05 P.M.

SAINT STANISLAUS

“I am Saint Stanislaus. This Gift of The Father’s, allowing so Many of Us to speak openly, encouraging and instructing mankind on the Importance of human life, and the Purpose for human life, is to give to mankind a Goal, Hope, and more understanding of the valuable things that mankind has been endowed with: a mind, a conscience, a will, and a desire to grow spiritually, to better understand more about the Importance of human life, and more about God Who created not just human life, but everything.

We Saints hear so much dialogue by learned people, discussing the ifs, the ands, the buts, regarding the values in which mankind has been taught to believe, such as belief in God, belief in His Commandments, belief in The Holy Trinity, belief in Our Heavenly Mother, belief that every individual human being is conceived with a Portion of God within them, and This Portion, called ‘the Soul’, is a constant reflection to God in an intimate form,

of all that the individual does, says, thinks, participates in.

It is important for mankind to never diminish the knowledge that man has been given the ability to know what is right, what is wrong, thus putting it in the category of what is moral, what is immoral. Mankind has been Blessed with so much information. Even when an individual is uneducated, there are instincts in human life that help individuals in many areas of association with others, in how to survive when all things are negative.

There are millions of books written in many languages, and most times one must plow through a lot of words to find something valuable that they can associate with, they can understand, they can use immediately or at a later time.

The Father, in His Love for mankind, has generously given to mankind This Miracle of His Divine Love, through That Portion of Himself, called 'The Holy Spirit'. Though it may be difficult for some who have studied, to find this acceptable, Truth is Fact, and even when it is questioned, Truth

can never be lessened by opinion, because in the long run, Truth has a way of standing open at a given time and showing itself for what it is, because in Truth there is Strength beyond what mankind knows strength to be.”

NOVEMBER 4, 1996 AT 1:42 P.M.

SAINT THERESE OF LISIEUX

“I am Saint Therese of Lisieux. It is important for mankind to know that I was given the task to alert this *little one* through whom I speak, that she was prepared, and being more fully prepared to carry on The Father’s Will and be responsible for many things.

At the Time of the Announcement to her, Many, Many of Us were present, because of the Greatness for which This Miracle of Divine Love was to show to the world. As I introduced the first Words to an individual¹ that was used to hearing from Me, The Beloved Spirit of God, in the form of Saint Joseph, took over, and as the Wind of His Spirit was heard throughout the room, it was not just a Sign but a Declaration, that from that moment on, this *little one* was to be used as *the instrument* of delivering millions of Words to inform mankind of the Importance of The Beloved Saint Joseph.

¹ Refers to a True Mystic, Rita Smith, who worked for Saint Therese of Lisieux.

Even though there are many using every means to discredit This Gift of Divine Love to the world of mankind, they will never succeed, because egoism, jealousy, is a human way, and This Miracle is above all human abilities, capabilities, and mankind must understand that through This Miracle of Divine Love, The Father is teaching mankind, instructing mankind, in a Personal Way, and through Many Saints, the Importance of the Soul that is presented at the moment of conception to every child born.

It was this way for all time, and The Father chose 'this time' to Announce It to the world. In spite of all the denouncements regarding what This Gift is all about, mankind has been given Information, Instructions, that can be received in no other way, because human beings would not have this innate knowledge of the Importance of This Information that should enlighten mankind, enable mankind to more fully understand what a Precious Gift human life is to man.

The Soul, though unseen, is a Living Portion of The Father, and this

Soul is the Part of human life that in a particular way, does not just alert an individual, but instructs the individual when something is going to be done that is against The Father's Will in any way.

Mankind talks about the free will, and what a precious Gift it is, but what mankind should understand about the free will is that morality is always evident when the will is subjected to a decision that an individual is subjected to. Mankind rarely talks about a situation being morally sound, morally corrupt, morally foul, morally obscene, but it is time that all ages, all races, all creeds, begin to see that human life is and has responsibilities, and is unlike animal life and all other living things, due to the Soul that human life is the custodian of at the moment of conception. So be it."
