## PREFACE

**These “*Stories From Heaven*” could not have been given to the world at a more appropriate time than now. The world is in a terrible state of corruption and confusion politically, religiously and socially. Honesty, modesty, genteelness and morality seem to have been eliminated from our way of life, at least in effect if not consciously. However, God has given the world a Miracle it needs.**

**On July 28, 1967, *The Miracle Of Saint Joseph* was formally announced to a True Mystic. God had chosen a woman to give us the sound direction, hope and example we need. It was not the first time God had chosen a woman to accomplish His Purpose, always for a specific task in a particular time. This True Mystic for our day is Frances Marie Klug. She resided in Southern California as a wife, a mother, and a grandmother until her death on November 15, 2009.**

**In This *Miracle Of Saint Joseph*, Many Saints have come forth to speak through Frances Klug. These “*Stories From Heaven*” are just a few of the thousands of Revelations received through her. Very often these**

Revelations were preceded by extensive Teachings which time and space did not allow us to put in print. However, some of these Teachings will be found in several of the many Volumes of "*Stories From Heaven*".

In these Revelations The Saints refer to Frances as "the child", "the funnel", "the spoon", "the instrument" and "the little one". God made her our Spiritual Mother. For many years now, because of this fact, she has been called "Mother Frances", or simply "Mother". Heaven also refers to people of all ages as "children" and emphasizes time and again, This Miracle is for people of all races, all colors and all creeds.

For someone turning the pages of these "*Stories From Heaven*" for the first time, they will easily recognize the sound logic and sound direction the Messages contain. Mother Frances heard the Words with the Ears of her Soul, and would repeat Them aloud when she was told to do so.

This Teaching Miracle is a direct parallel to the time Our Lord walked the earth. He did not loudly proclaim to everyone, "I am The Son of God." He taught in a quiet manner, simple, extensive, but always detailed

in repetitiveness, instilling in those listening what He wanted them to remember. He taught in parables, short, simple stories containing moral lessons. He knew men could more easily understand and remember the point He was trying to make this way. His “Teaching Stories” pertained to everyday living, practical matters, and how to become a Saint. He gave hope through these stories. He gave example.

Now in our time, God is once again giving us “Teaching Stories” through Saint Joseph and His instrument, Mother Frances. Through her, in a quiet, unassuming and genteel way which appears so “natural”, mankind is again being taught the Purpose of life, and what God expects man to be like in his daily living. People feel hope in these Teachings, Example always given.

Two major Revelations of significance have been given for us in our day. Our Heavenly Mother is Part of The Divine, and Saint Joseph is truly The Holy Ghost. These should not bring an immediate rejection, but should pique our curiosity and interest.

Our Faith in God is based upon many mysteries. Whether it be The Holy

**Trinity, the Incarnation of God, or The Holy Eucharist, men strive to understand These, trying to grasp a small glimpse of the Beauty of the Truth They Are. These mysteries also pique our imagination and interest. However, even though we know God revealed these mysteries to mankind and we accept them in Faith, they still remain just that, mysteries.**

**One has only to look at these “*Stories From Heaven*” to see the value They are, and to feel the hope They instill. No man can logically deny purity of thought when it is so obvious. No man can deny purity in direction, when it is based on sound morals, sound values, sound standards. Do not be blind to truth. Skepticism is for people who are unable to see the truth of a matter or situation, and many times skepticism drowns out purity because it is full of ego and pride in one’s self. Skeptics find it an easy out to disclaim truth.**

**There is no doubt that it takes time for such Phenomena as This Miracle to penetrate even those minds who feel they are capable of discerning such Phenomena. We must not be governed by purely another man’s determination, but we must understand that logic, sound reasoning and purpose must be the criteria of our Faith in God.**

## PLEASE READ

In some early volumes of "Stories From Heaven", many Revelations describe edifices to be built on Saint Joseph's Hill Of Hope. As just one facet of The Miracle Of Saint Joseph, God invited men of all races, colors and creeds to participate in building a "City Of God". Every building, chapel, bridge, shrine, garden, amphitheater, and even a hospital and a research center, to be included in this Magnificent Project, would be designed down to the most minute detail by Heaven.

This City Of God would be a place of great beauty for men throughout the world to visit, to gain true spiritual strength and to learn firsthand that which Heaven wants all men to know.

Much to the great loss of every man, woman and child in the world, this City has not been built. Innumerable obstacles were placed in the way of Its completion by those who would have benefited the most. Not enough men volunteered to return the gifts of their time and talents to God. Not enough people came forward with the money needed to participate in God's Plan in a monetary way. Donations became less and less, because the men in the Church said, "Don't give." They discouraged people from participating.

For many years, Mother Frances and a handful of volunteers made every effort to overcome all opposition to men's lack of wisdom, to build this City for God. However, we are not at a total loss. The Sound Teaching and Sound Direction given by Heaven in the many volumes of "Stories From Heaven" continued through the years, and will benefit people everywhere for many generations to come.

In the future, if the hearts and minds of men change, the world will one day see the Beautiful City Of God.

**All Revelations are delivered spontaneously and continuously as witnessed by all those present at the time.**

**SAINT IGNATIUS LOYOLA**

**“I am Saint Ignatius Loyola.**

**It is important that mankind of all cultures become educated in Spiritual necessities, not just likes and dislikes, choosing what they feel is suitable to them. The Father gave to the world for all time, His Rules, His Commandments, in great detail, not just in conciseness as They are shown at this time.**

**When mankind speaks to each other, he or she oftentimes must become very explicit, covering all areas in explanation of the subject. To be so concise would definitely leave out important facts, important features that would be pertinent to the importance of the subject matter.**

**The Commandments of God have been made so concise over the years, since They were first given, that mankind ignores the Value of each Commandment, because of the lack of understanding that allows only specific Words to specify the Commandment in**

a manner, in a way that just suggests what it is all about.

**The Father has given to mankind a Gift beyond mankind's understanding Its Magnitude; not that mankind is not capable of understanding It, but mankind has a habit, a manner of shortening important subjects, not elaborating on the fullness, in the meaning of the subject matter.**

**Let Me take one Commandment: *Thou Shalt Not Kill*. We hear so many say, 'I have never killed anyone, I wouldn't think of it.' This statement does not cover all the facets of what an individual ignores in how they act, how they treat important subjects, and/or how they relate to the fullness of the meaning of a subject.**

***Thou Shalt Not Commit Adultery*. This is being ignored by many different cultures and age groups, because mankind has justified, in many areas, use of the body according to their own amusement, habits, interests, practices, thus ignoring this Commandment's full meaning in how it was delivered, and why it was delivered.**

**V**olumes could be written on each Commandment that would cover every facet of man's thinking, feelings, ideas, practices, uses and understanding. The Commandments must be brought forth in Their fullest measures, never leaving out one facet of The Father's Intention for each one, His Reason for each one, because each Commandment has within it a Directive, a Purpose, due to the fact that human life carries within it a Portion of The Father, called 'the Soul'.

**T**he Commandments were given for many Reasons, and it is important that mankind of all degrees of intelligence, fully understand that The Father's Commandments must never be omitted from daily living. Each day should be begun by thinking Them in the form of a prayer, promising Him that the actions of that day will be in accord with His Will.

**T**he world is trying to ignore These Commandments, constantly justifying humanism as being practical, logical, and necessary. I tell you at this time that mankind must stop ignoring The Commandments that were given to every living human being for all time,

**because of the Soul that every living human being is the bearer of.**

**This Soul is the recipient of every act, every thought, every word, every mood, that an individual partakes in, in any way, at any time, for any reason, and what an individual does reflects within his or her Soul as a definite return of love for God, or a definite act of disgrace for his or her own Soul. So be it.”**

MAY 16, 1997 AT 1:02 P.M.

**SAINT FRANCIS OF ASSISI**

**“I am Saint Francis of Assisi.**

**There is so much to speak about, instructing mankind on the important facets of daily living, because daily living constantly is associated with a condition of an individual Soul. The Soul reflects everything that an individual man, woman or child practices, thinks, performs, learns, and extends to others around them.**

**The mind is a powerful object because the mental, designed by The Father, is capable of absorbing and producing many things morally, physically, spiritually, through the conscience, and through the conscious actions of a human being.**

**In the learning stages of a youngster, the individual is ever conscious of what he or she sees, hears, partakes in, or imagines. The human mind is like a control. It is one of the most important features of human life. It absorbs knowledge on many subjects, and is capable of sharing the knowledge, or distributing this**

knowledge on subjects in which the individual is subjected to, or promotes himself or herself to do, to partake in, and/or share with others.

One of the saddest illnesses for mankind to be subjected to is what is termed 'a mental disorder', a breakdown in continuity in the mental participations that are taken for granted. Sound educational studies, practices, should be based on moral values, moral standards, because morality gives purpose, and a deliberate balance to what an individual partakes in, thinks about, or practices.

You do live in a time worse than the time of long ago, wherein immorality was satanic in every facet of it, because individuals allowed impurities of the mind and the body to be accepted, ignoring totally the strength in purity of the mind, the body and the Soul.

This Miracle The Father has given is more Precious than anything in the world that mankind can associate with, because This Miracle instructs completely, simply, the Importance and Beauty the human life has been

endowed with. Nothing is ever spoken that is impossible for mankind to understand, to relate to, to comply with, or even to strive for.

**H**uman life is a Gift of Divine Love, because The Father instilled in human life so many things associated with Him, and He also went one step further, giving to each human life a Loving Portion of Himself, called 'a Soul'.

**W**hen We hear individuals doubt any facet of This Great Miracle of Love, We deliver Another Message through this *little one* The Father uses, hoping that This Message will strengthen any doubts, so that the individual will see the Value of the Importance and not allow the doubts to supersede the Truth, the Facts, the Divine Love that is in Every Revelation through This Gift of Divine Love that bears the Name of The Beloved Saint Joseph Who, in reality, is The Spirit, The Holy Spirit of The Father. When We hear doubt of This, We say, 'Who else could take the position of being The Protector of The Son of God, but The Holy Spirit of God?'

**So much Information, Direction, Counseling, has been passed through This Gift of Divine Love, giving to mankind a more fully structured idea, understanding of what a Gift human life is because of its closeness in so many areas, ways, to The Creator of All Things.**

**It is important that This Miracle be passed throughout the world, and no matter what rejections may arise, nothing is to ever stop It, because of the Importance of the Souls that will be saved from desolation of any kind, or undue harm. Even when it is not mentioned verbally in each Revelation that is dictated, the Words abound with Love, Strength, Hope, beyond human recognition or understanding, because What is spoken has Strength in It, Direction in It, Knowledge in It, Information in It, beyond what anything else could give or do. So be it.”**

## SAINT STANISLAUS

**“I am Saint Stanislaus. Many times We speak and do not announce Our Names. The conversation reflects Something more than an ordinary conversation, and those close to this *little one* many times pick up Our Presence.**

**The Father has a great sadness when so many men, women and children ignore what a Beautiful Gift human life is, and they practice many things that appease and please only the enemy of The Father and of man. It is sad when We hear men, women and children doubt there is an evil influence, because they cannot fathom an angel becoming so jealous when the angel had everything that was beautiful, and could be in the Presence of The Father at all times.**

**There is much evil throughout the world, and the evil comes from within the individuals practicing it. Mankind is given a ‘will’ at the moment of conception, and this ‘will’ enables the body to be born. The will is an**

**instrument of strength, hope, purpose, fact. The will of every individual human being has the right to commit to what is right, or deny what is right.**

**The free will of mankind is a Gift of Divine Love, allowing no human being to not have the freedom to choose, to act, to project decisions of the mind of the individual. This Gift of The Father's is special to mankind, because human life was designed, created with intellect, and the ability to choose, make decisions; also, the ability to see right over wrong, purity over impurity, good over evil.**

**When a human being gives another a gift, the giver is no longer the controller of the gift. The one who receives the gift has choice to do with the gift what he or she wills. Many times the giver of the gift becomes saddened, because there is no care given to the gift. This, of course, is minute to what The Father feels when an individual man, woman or child abuses the Soul that is a Portion of The Father, by impure thoughts, words, actions, deeds, emotions.**

**If mankind could but see that the Soul is the Greatest Gift every human**

being could be the custodian of, and that this Soul is a Portion of The Father to be returned to Him for All Eternity, logic would tell individuals to protect this Soul with purity, and be ever conscious of the Importance of It, the Value of It.

This Miracle of The Father's Love has been given to the world, allowing so Many Saints to speak, to instruct, to deliberately instill important ideas, ideals, regarding what a Treasured Gift man holds within his or her being.

Not thousands of Words, but millions of Words have been written and spoken through This Miracle, over a short period of time according to man's years. When We hear doubt, it saddens Us, because doubt delays or even eliminates important issues, facts, practices, goals.

Many Blessings, physically, mentally, spiritually, pass through *This Miracle Of The Beloved Saint Joseph* daily. It is a Miracle of Strength, Hope, Purpose, beyond what human beings could possibly have through their own imagination, intellect, or Spiritual understanding.

**This Gift of The Father's Love has in many ways instructed all ages on the Importance of human life, and the necessity to protect one's Soul through one's speech, actions, interpretations of what is given, and the example that an individual reflects to everyone they meet, everyone that sees them, whether they are silent or in action. So be it."**

SAINT DOMINIC

**“I am Saint Dominic.**

**It is important that mankind begin to more fully understand the Importance of the Holy Rosary. It is being neglected, in some ways rejected, in other ways forgotten. The beauty, the love, the importance, the value of this dedication of love to The Beloved Heavenly Mother must never be cast aside, must never be diminished, because in this practice of devotion to Her, the repetitiveness is important, because it is a continuous reminder of Who She Is, What She is All About, and the Importance of Her Place in Heaven.**

**When an individual says, ‘*Holy Mary, Mother of God,*’ this statement does not just imply an Importance, but it states an Important Fact and leaves no doubt as to Who She Is, What She Is, the Greatness in which She stands in Heaven.**

**Children are not being taught about this prayer that is repetitive because of Its Importance. It is**

**important for mankind to understand that in the repetitiveness of particular words, there is an instilling of Grace, Strength, Love. The Holy Rosary must never be cast aside because of time, or because of a lack of energy. This causes an individual to supersede what this prayer of Divine Love really means, by putting a human idea or act before praying the prayers of the Holy Rosary.**

**There is strength in the act, and there is observance and dedication for The Mother of God. Though it is a human love, it is Blessed by a Divine Love, and mankind must never forget this. The repetitiveness is important because it instills, through the words, a monumental amount of Faith, Hope, to the Association of an individual talking to The Mother of God.**

**Remember What I have spoken, because These Words are important for the Soul that was placed within you at the moment of conception. You must remember that She, as The Mother of The Son of God, is a Mother to all of mankind, and She must never be set aside or rejected because of something human that would be put before or**

**instead of praying the Holy Rosary. So be it.”**

MAY 20, 1997 AT 4:12 P.M.

## SAINT BARTHOLOMEW

**“I am Saint Bartholomew.**

**The world has been Blessed by This Gift of The Father’s Love: a Gift of Direction, Facts, Truths, Instructions, a Gift beyond what mankind would ordinarily think as a Gift.**

**To each prayer, in each prayer, there is a communication between the individual and the One to Whom they are praying. No prayer is ever ignored, no prayer is never not heard, even when it is a prayer with no sound, a silent prayer of thought, desire, hope and love.**

**The Father has Blessed the world so many times through individuals, and This Blessing that I speak through today is for all races, all colors, all creeds, all degrees of intellect, and all degrees of Spiritual understanding, Spiritual desires, hopes.**

**Ask yourself: What would life be without a feeling for The Divine? How would life respond to tragedies,**

sicknesses, despair, and/or a lack of hope?

**Prayer is a Blessing because it is communication between a human being and The Divine. The Soul is the Communication, the Communicator of this Association, and the Soul is ever present to be able to be Part of this closeness man has to The Sacred Heart of The Creator of All Things.**

**The senses of mankind in many ways are Gifts of Divine Love. They are not always thought as Gifts, but nonetheless, this is fact. The sense of sight is connected to the mental acumen of individuals who depend upon their sight for so many things. The sense of touch is important, because through touch there is communication, also identification through the sense of touch.**

**The mind of a human being has so many facets to it, because through the mind, the intellect, it gives to an individual something that nothing else can. The mind absorbs knowledge, alerts an individual to fears that are evident. The mind is a close association to an individual's understanding of the Existence of God and All The Saints,**

and the reason how individual Souls became Saints.

**Ask yourself:** What if there was no Goal for life, nothing to look forward to, wouldn't this be a sadness unbearable? Human life is a Gift of Divine Love, and human life has a Purpose, for a Goal indescribable to mankind in Its fullness, but nonetheless, It is available to every living human being, because of the Soul that is within every living human being.

**We** sometimes hear individuals say: 'How do I know I have a Soul? No one has ever seen a Soul. I feel nothing, I hear nothing, and there is no communication evidenced by me to this Soul I am the custodian of.'

**Let us take one step at a time:** Do you see your brain? Do you see yourself swallow? Do you see your heart beat? Do you see what your brain is thinking, or do you just know it's thinking? When you have pain, do you see the pain, or do you feel the pain? When you are learning a subject, how much of the subject do you see?

**Think much on what I have just spoken and then see for yourself the**

**magnitude of the Blessing of your mental abilities that also are used to join you and your Soul to The Father's Will, in everything you do, everything you think, everything you say, everything you feel.**

**Human life is a Blessing beyond human understanding because there are so many facets to it, and each facet has an important part in everyday life.**

**We hear mankind talk about loving another human being. Human love has many facets to it, because it has an understanding, a closeness, and also, it is a support system that gives much meaning, strength to what the love consists of. Now imagine God's Love, how much Greater It is for human life, and how Important It is to human life.**

**Volumes could be written on this subject, but try to absorb What I have just spoken and It will give you strength when obstacles arise. It will encourage hope. It will also help you to understand that human love is but a facet of Divine Love. This facet of Divine Love helps each living human being to know right from wrong, good**

**from evil. It is truly a Gift of Divine Love. So be it.”**

MAY 21, 1997 AT 1:27 P.M.

**SAINT CATHERINE OF SIENA**

**“I am Saint Catherine of Siena.**

**It is important that mankind be fully aware of This Gift of Divine Love The Father has given to the world, the whole world of mankind. There are many subjects, issues, intentionally talked about, not just helping mankind, but encouraging mankind to become more aware that human life has special qualities, also special talents to do many things. Everything given to mankind morally, physically, spiritually, is to strengthen the Values of human life, and the Reason for which it was created.**

**We hear men, women and children ignore so many facts, issues of great importance, that basically would be beneficial to their mentalities, to their daily practices, and to their moral views, that would strengthen them in so many areas dealing with other people. We see men, women and children seeking to become skilled in languages, in arts, in crafts, and also taking lessons to become more**

sociable, more presentable, so that others will have a higher opinion of them; also, having this extra talent for attention, there can be much physical and monetary gain.

**M**uch work goes into learning, practicing, and becoming extraordinary in areas of this nature. This is not wrong when it is done based on sound moral values, sound moral standards, carefully doing things so as to not be destructive in any way to the Soul.

*This Miracle Of The Beloved Saint Joseph* has been given to the world, speaking on all types of subjects regarding all areas of life, plus helping individuals to be able to apply morality to things they are interested in, things they enjoy doing. This list of things could be almost endless, because of the talents of so many who have the abilities to be creative in writing, to be artistic in numerous ways, and to be able to associate with others in a dignified moral practice in many areas of daily living.

**T**he Father does not say you must pray all day, all night, to become a Saint. The Father does not say you must not enjoy living, practicing, and

doing things that encourage helping others in friendships, and learning how to improve one's mind. Heaven does say: 'All this can be accomplished, but it is important to remember that every individual has a Goal for life above and beyond what is natural, what is normal, what is practical, through human behavior, and that is to one day return the Soul that was given at the moment of conception.'

We hear some say, 'What is a Soul?' Mankind must understand that human life was designed for a Goal, not just a Purpose, and that human life has the Highest Goal of any living thing, and that is to one day return to The Father through the Soul. To those who say, 'How do I know I have a Soul?' ask them this: 'Do you know right from wrong? Do you know what is pure and what is impure in your actions, your thoughts, your intentions? Do you not many times know, instinctively, that what you are doing, or thinking of doing, would be sinful and please only the enemy of God and man? At this time, what do you choose, what causes you to choose what is right?'

We hear so many say, 'I cannot believe in the devil.' We, at this time,

want an individual to think rationally and say to himself or herself: 'Is this right or is this wrong? If it is wrong, then it is logical it is not to be done. If it is right, then it is logical to do it.'

**M**ankind has been given a conscience and an understanding of right, wrong, truth, untruth, purity, impurity. Even a small child, most times knows when they are not being right in what they are doing, and that is why it is important for them to be corrected in a manner and a way understandable. This builds the foundation for times to come. It is sad when a child is allowed to do things that are morally, physically wrong.

**T**he world has been Blessed by This Miracle of Instruction, and those who do not accept It fail to see the Importance of what life was created for: a Greater Goal for All Eternity. Mankind looks for success in so many areas of life. There is no Greater Success than to one day have one's Soul stand before The Father and be told, 'I am happy with You, for now You have returned to Me, from Where You came.' So be it."

**MAY 21, 1997 AT 2:27 P.M.**

## **THE SACRED HEART**

**“I am The Sacred Heart. Man says, ‘How can a Heart speak?’ Mankind does not understand that The Heart of God speaks constantly, because of the Love He has for mankind.**

**When an individual says, ‘I love you,’ the words are immediately connected as coming from the individual’s heart. Through This Miracle of Divine Love, Divine Hope, Divine Grace, All that is delivered by Any One of The Saints, passes through The Heart of The Son of God, which basically can be understood to be The Heart of God Himself.**

**It is important that mankind understand that This Gift of Divine Love, This Miracle that bears the Name of The Beloved Saint Joseph, has been given to all of mankind, all races, all colors, all creeds, so that everyone can more fully understand the Importance of human life, and that in its creation, it has a closeness to The Father, The Son, and The Holy Spirit, that nothing else has.**

**As We hear sharp criticism about This Gift of Divine Love, it is sad, but it is also understandable, because there is no place, no human life, that has the ability to speak in a Personal Way as The Father can Himself, or through The Saints.**

**The world has been Blessed, mankind has been Blessed, and it is important that All the Words that have been delivered, helping mankind of all races, all colors, all creeds, to more fully understand the closeness man has to God is above and beyond any other living thing, because nothing else is the custodian or the bearer of a Soul.**

**All that has been delivered is to be passed throughout the world, because mankind in so many ways, restricts himself or herself to what is human, and ignores or rejects the Fact that all things created came from a Divine Formal Manner of Existence, not human as man knows human to be.**

**Human life is a Gift of Divine Love because of the Soul that is present in human life, automatically promising the individual, no matter**

what race, no matter what color, that there is a Goal for which they were created, and this Goal is a Permanent, Indestructible Source, beyond human understanding.

**P**rayer is important because it is communication. Compassion for other human beings is important, because as the individual is in need, it is important to act Godlike on all issues, in all areas, because God will intervene, and help when it is necessary that another human being be the instrument of His Will and Way.

**A**ll living things have a purpose, but human life has a Great Goal. Without this Goal, human beings would be like all other things, temporary in existence, and then at that end there would be no place to go.

**H**uman life is exceptional because of the sensitivities of it, the abilities that mankind is endowed with, to speak, to hear, to see, to understand, and to be able to comprehend the importance of so many things, because of the mentality mankind has been Blessed with, and the ability to distinguish what is right, what is wrong, what is practical, what

**is impractical, what is truth, what is untruth. Also, reasoning that human life was created in a Special Way, for a Special Purpose, Goal, gives much responsibility to human intellect, sensitivities, understanding and Goal.**

**Life to mankind should be understood in its fullest measure, because life will go on in a Greater Role. Man strives for success. There is No Greater Success than to return the Soul to God, Pure. So be it.”**

**MAY 22, 1997 AT 12:53 P.M.**

**SAINT ALPHONSUS LIGUORI**

**“I am Saint Alphonsus Liguori.**

**Let us picture a courtroom. The Judge is The Father, the lawyers are the priests. The victims are millions of people who have been questioned as to their beliefs, their understandings, also what Spiritual practices they are involved in.**

**The scene of the courtroom is simple. Man can associate it with the type of courtroom he or she is used to seeing, but this courtroom is a Courtroom of Total Justice, and also, Those present are Thousands of Saints.**

**Let us say that you are on trial, and as this trial goes on you find yourself digging deeper and deeper into your conscience, your will, your practices, your intentions, also what you basically believe in. The trial is active because there are so many who want to speak out loud, defending themselves, or also defending someone they love.**

**The Father calls for Justice to be spoken from everyone present; also, for sincerity, dignity and love, a human love for others. Divine Love is in charge and human love is in many ways questionable, because each one who represents human love sees life in a different manner, different way, different degree of honesty; also, association with those they know and with those they just see there.**

**The courtroom is unusual, because the Souls of every individual are the Ones Who are really being, not honored, but dealt with because of the individuals in whom They were a Part of since the moment of the conception of the individual.**

**This courtroom scene will be brought up at a later time. This is but an introduction for you to think about and for you to relate to because, do not forget, as a human being, your Soul is in the room and is being put on trial for all that you practiced, participated in, accepted, in many manners in which the Soul was victimized because of your indulgence, your jealousies, and many other human aspects. So be it.”**

## GOD THE FATHER

**“A *child* of years and much closeness to Me, is bound by Me to repeat Word for Word What I want mankind to learn, to know, and to value.**

**The world of mankind is in chaos, due to the infiltration of so many diabolic acceptances, ignoring the Beauty and Purpose for which I created human life.**

**At different intervals of time I use ‘an individual’ to stand strong in the Manner, Way and Degree I Direct, because a human being can reach openly thousands of people I have created.**

**Human life has a Goal beyond all goals, so This Gift of My Divine Love has been given at a time when mankind must see, understand, and value the Love I have for this Creation of Mine. No other creation has the Goal human life has, or the abilities to understand and/or achieve the Goal of returning to Me for All Eternity.**

**Some will read What I have just dictated through this *little one* and not want to accept It, but through each individual's will, they have the privilege and opportunity to return to Me their Soul that is a Portion of Me.**

**The Lessons of what human life is all about should be passed throughout the world in all languages and never be stopped, because I want all human life to read All I have delivered so clearly, so concisely, and with Divine Love, because mankind has a Portion of Me in them from the moment of conception. That is why the enemy of Mine and man tries in so many ways to cause impurities, indignities and confusion, where mankind has the ability to make decisions that are beneficial to the Soul for All Eternity.”**

MAY 27, 1997 AT 1:05 P.M.

**SAINT ALPHONSUS LIGUORI**

**“I am Saint Alphonsus Liguori.**

**Mankind places much importance on legalities that safeguard many areas of life. Mankind is aware that if legalities become remiss in their importance, it could be dangerous to the lives of human beings either physically, or monetarily, but few fear that there would be danger spiritually. Nonetheless, Spiritual values, standards, obligations, have an importance unto themselves, where legalities are needed for the protection of the values in these practices of every living human being, every hour of every day.**

**You live in a time that mankind has been so updated on human values, standards, practices, but it is important for every individual to look indepthly to their actions, how they deal with subject matter that has a right and a wrong to it.**

**Mankind through time, has in many ways progressed mentally, but spiritually has not progressed in its full**

value, because of so much humanism, so much dependence on men, women and children using what they term 'practical' ideas, decisions, regarding their moral values and standards, thus in many ways making excuses for the errors in these things.

There is so much for mankind to become aware of, valuable understandings in which the Soul of every individual can become 'a victim' of immoral judgments, immoral practices, debasing the Soul of every living human being that is the victim of what an individual uses to become more popular, more wealthy, more important in the eyes of other human beings.

This Miracle of Divine Love has delivered to mankind in such clarity, the Importance of human life and What it was created for. We All speak with a Deep Love for This Gift of The Father's Love, because human life has a Goal beyond any goal that mankind can think about in its fullest degree, or reach without it being The Father's Will for the individual.

I could speak continuously day and night on this subject, but mankind

**is limited to degrees of information, because man's mentality is many times distracted.**

**I bless those who will read My Words and will try to understand Them, because Everything I have spoken is to aid mankind to reach for Sainthood, and ignore any distraction, no matter how appealing it is, no matter what it offers. So be it."**

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother.**

**So much Love, Inspiration, Hope has been given to mankind through This Gift of The Father’s Love, because of the Soul that every living human being possesses. This Soul is a Portion of The Father. It is important for mankind to understand that the Soul that is spoken about so much must be understood for the Greatness The Father has for this Creation of His, mankind.**

**In placing a Portion of Himself in each human being, was to give Strength, Knowledge, Hope, Perseverance, Love, to fully understand that to be created as man was, in many ways, a closeness to Divine Way that nothing else has.**

**Mankind knows right from wrong, good from evil. It is an automatic understanding in the human mind, reasoning, practice, because of the Soul that mankind is the custodian of. The Soul, as a Portion of The Father, granted, is indescribable, but it is logical to understand the Presence of**

**this Soul, because human life is above all other creations, mentally, morally, spiritually.**

**In giving to mankind a Gift of His Divine Love, namely called '*The Miracle Of Saint Joseph*', assured mankind of the Presence that is continuous in the life of every living human being. The logic in the Lessons in instructing the Beauty of this Gift, the Importance of this Gift, and the Personal Association man has with God, should give a moral strength of justice, of hope, of closeness to Divine Love, Divine Will, that nothing else could possibly give.**

**The Words previously given in so many Revelations must be passed throughout the world, because mankind of all races, all backgrounds, all intellects, all beliefs, must not just hear of This Miracle of Divine Love, but must be able to personally read What has been delivered, and see through the Instruction continuously spoken about, that every human being is included in All that has been said.**

**I cannot promise that this will travel as rapidly as We All would like It to pass, but time will be of the utmost**

**importance, because there is no place in the world, in the universe where men will one day be, that should not be aware of the closeness every living human being has with Divine Love, Divine Will.**

**Those who are close to This Gift must work to help in every way, to pass on to millions of others the Words, so that others will learn the Beauty that each human life is given, because of the Soul that is within each human life. By Beauty, I mean an innate understanding of what a Precious Gift human life is, and that each human being with this Gift, has available to them the Promise to return to God with the Soul He placed at the moment of conception, representing them for All Eternity. So be it.”**

**SAINT AGNES**

**“I am Saint Agnes. It is happiness for All of Us to see so much dedication, coordinated with so much love for This Gift of The Father’s for all of mankind.**

**Children of all ages, and I mean the very, very, very young, should learn what a Gift The Father is giving at ‘this time’ for all of mankind to better understand the Importance of human life, and there is no age not included in His Love. Children are not being instructed on how close The Father is to them. There is little description regarding the Soul that is instilled at the moment of conception.**

**When a little one is lonely, he or she should be told that they are not alone, there is always a Portion of God within them to keep them company. They perhaps will ask questions, but I assure you their innocence will be receptive of this important Fact, and it will remain with them their whole life.**

**L**oneliness many times gives to an individual despair, hurt, mentally, even physically, but if all of human life could understand they are never alone, because they have a Soul within them that is available to help them endure whatever hurt they are feeling, fear they are feeling, and the Soul does respond, maybe in a form of distraction, maybe in a form of helping them to remember a happier time, a more enjoyable incident in their life.

**T**he Father has given to mankind This Miracle of His Divine Love, helping all ages to be aware they are never alone. He is always present in a Form, in a Means, in a Way, that just knowing He is there gives strength, courage.

**T**hese Words must be passed in many places, because there are so many areas where human life feels there is no hope, no love, all despair, and this includes all ages of mankind.

**Y**ou have a responsibility to see that This Gift of Divine Love goes to places no one else cares about, because there are many in destitute areas that need This Miracle to help them restore their Faith in God and feel they are not

**alone, but have Something, Someone to listen to them, to help them.**

**Remember what I have spoken. Do not put These Words in a drawer and forget Them. So be it.”**

## SAINT JOSEPH, THE HOLY SPIRIT

**“Yes, I Am The Spirit of The Father. Mankind finds it difficult to find This as Fact, because mankind has read My Way in such a human form, format, as The Foster Father of The Son of God.**

**Let Me say this to the whole world: In the description of The Holy Family, mankind must remember that The Beloved Heavenly Queen was Immaculately Conceived with a Son. This Statement alone proves that I, as The Foster Father of The Son of God, was not man in the sense man knows man to be.**

**Since This Gift of The Father’s Love to the world, *a child* walks following All Instructions, repeating Every Word she is told to have spoken and written, thus giving to her a Responsibility of Great Importance, to reveal to mankind a Truth that was suspected, but not allowed to be spoken.**

**As I stood with The Beloved Queen of Heaven and The Son of God,**

**I was The Protector. Also, who else would The Father have allowed to be The Protector, other than His Own Holy Spirit? As I walked in the world as man, it was necessary to be done this way, because of the Importance that The Son of God was to play, giving to mankind the task of walking with men one day, teaching these men in manners they could understand, and they then could deliver to others the Important Messages that The Son was revealing, regarding why man was created and the Goal for which man was created.**

**In the writings that spoke of Our Family Way, All that was Fact was not written, and that is why This Gift of Divine Love, Announcing to the whole world the Truths of how The Holy Family stood, how It was joined together in a way, a manner, that mankind could morally understand, morally handle, because of the In-depth Greatness of The Father, giving to mankind a Family that mankind could relate to.**

**Through the years, there have been some who have thought about the Truths that were evident to them, but most were afraid to say them openly,**

so The Father chose This Time in the History of human life, to appoint This Time, giving to mankind Sound Reasoning regarding What The Holy Family fully consisted of, how It was formed, making It appear normal, natural, unquestionable, because of mankind's inability to understand the Magnitude of The Divine.

The Father has Blessed the whole world with This Miracle of His Divine Love, and though it will take some time for This Revelation to be acceptable by many, nonetheless, Truth is evident and will one day be spoken openly. There are volumes I could dictate at this time regarding the Power of God, and All that He yearns for mankind to follow, to better understand that each human being has within them a Portion of Him.

This, of course, is difficult for mankind to understand, but I say, 'Accept This Statement as Fact, as Strength, because the Soul is a Portion of The Father that automatically tells an individual the Truth is important, and that sound moral values must be practiced because of the Soul that is the recipient of all that an individual says, does, is example of.'

**Mankind should ask himself or herself, ‘What would life be like if there was no Goal to reach for?’ This question alone should help an individual understand that human life has been designed to live again through the Soul. So be it.”**

## OUR HEAVENLY MOTHER

**“As I pull *the child* in deeper and deeper and deeper, I erase you from her presence, because I want her to be totally with Me. She searches your faces and sees no one. I am your Heavenly Mother.**

**The Father has given to the world a Gift beyond human understanding, a Gift of Assurance that human life is Special, a Gift that enlightens each of you who will read or who will listen, on the Importance of your life in the Eyes of The Father.**

**I pull *the child* in more deeply.**

**Children are not being taught the Importance of the Soul that they are the custodian of since the moment of their conception. Children of all ages are not being instructed on the necessity of communication with The Divine, but they are all being encouraged to deal with other human beings in so many ways, thus putting The Father last.**

**I** openly ask those present at this time: ‘Do you remember to open your day with a prayer to The Divine? Do you remember, at different times during the day, to say a prayer, allowing your Soul to know that you care, and that you feel a closeness to The Divine? When you talk to others, do you recognize in them a need to understand purity of the mind, the body, and the Soul? Do you feel this will make them reject you, or say other things, calling you “a fanatic” and being “out of line”?’

**I** hold *the child* more deeply. I am showing her the ocean, and now I take her over the water to a place far away.

**T**here is a man kneeling and praying. That is the first thing she noticed. The man is not praying for himself, but she can hear him say, ‘*God, take me, not her, for she deserves to live.*’ He is referring to his wife who is ill in the next room.”

**O**ur Lady is smiling, because She says to me, “Don’t cry, he will hear you,” but I said, “He cannot hear me, he can’t see me.” She said, “He will hear the cry because his love for The Father

**is so great, so deep, he is sensitive to your presence and sensitive to Mine.”**

**Please take me away. “I will,” She says. “I will take you back from where you came, but you must remember that mankind must understand prayer is important, and there is never a prayer that passes by unheard, unanswered.”**

**I’m asking Her about the man because I feel so sad. She says, “I will take care of him, because it will not be long and he will follow her. He is very ill and does not know it.”**

**We are back on earth where I know I am, but the ecstasy, She said, will be there three days because of the long distance We had to go.**

**Our Lady is saying to tell you that no prayer is not answered, and She said to tell you that you must understand that many times Heaven uses a Miracle of This Dimension to save Souls.**

**JUNE 3, 1997 AT 2:00 P.M.**

**OUR HEAVENLY MOTHER**

**“I am your Heavenly Mother.**

**It is important that mankind throughout the world begin to understand, the Most Important Part of human life is encased within each of them, and It is called ‘the Soul’.**

**For some this Fact is difficult to understand, because mankind sees all things in a humanistic version, reality, but it is time that mankind of all races, all colors, all creeds, begin to find the reality in how The Father would create the Gift of human life, and how He would have for it a Special Purpose, a Meaning, beyond what is ordinary for mankind to see, to understand.**

**Children of all ages are not being instructed on morality. It is true that you live in a time worse than all the other times in Human History, even those that were talked about as being evil in every way.**

**As We speak through *a little one*, Our Words are to be read and understood as Words of Love, Direction,**

because of the Soul in every human being that can be easily victimized by an individual's laxness in morality. The Father, in His Love for this Creation of His, has sent to the world This Miracle, allowing so Many of Us Here to alert mankind on the Importance of life and the Dignity in which it was created.

Children are not being instructed on the importance of their behavior. They are being misled in so many ways, because there are so few individuals who truly care about protecting children, and being example to them, for them, in regards to what they were created for.

The enemy of God and man is prevalent in every area of the world. Some might say, 'How can this be?' Mankind must understand that there are many so-called 'fallen angels, fallen souls', who are in the army of the enemy of God and man.

The Father has sent to the world This Gift of His Divine Love, alerting mankind to be cautious because of the evidence of so much evil in so many areas, openly attacking lives of all ages. Immorality is oftentimes ignored. We hear many saying, 'It is

a sign of the times.’ This is sadness, because mankind does have the mentality to know right from wrong, good from evil, so there is no excuse to choose what is diabolical over what is purity in the simplest form, because the simplest form, many times, gives to mankind sound reasoning, not allowing anything to be complicated or impossible to discern.

So much has been passed through This Gift of The Father’s Love through *a small voice*, and mankind instinctively knows that What is spoken by Us is Truth. Mankind must see the Importance of the Soul that is the recipient of all an individual thinks, does, partakes in, instigates, practices, because for every act an individual does, all things reflect in the Soul.

All that has been passed for so long through This Blessing of Direction must be delivered throughout the world, because the enemy of God and man works diligently in many ways to stop All the Messages from being seen, read, and fully understood. So be it.”

**JUNE 3, 1997 AT 2:54 P.M.**

## **SAINT STANISLAUS**

**“I am Saint Stanislaus.**

**The Father, through This Gift of His Divine Love, is deliberately instructing mankind on the importance of obedience to His Commandments, to His Will, to His Love, because His Love is for the benefits in all of mankind’s abilities, hopes, desires, practices.**

**Children are not being instructed on the importance of moral standards, or on the quality of practicing sound reasoning, thus ignoring wrong judgments in so many areas they are involved with others their own ages, or with those who are older than they. There is so little being taught to the very young regarding the importance of their being truthful, being honest, and using prayer when they are confused, they are in trouble morally, physically, spiritually.**

**Mankind throughout the world is being attracted to so many things that are evil, obviously so, but this does not encourage them or discourage them in any way. By encourage, I mean for**

them to see what their decisions must be. By discourage, I mean that they must reject what is foul, what is ugly, what is immoral.

The world has been Blessed in so many ways, but it is sad to say that those who have accepted positions of authority are ignoring their responsibilities. They should be relentless in fighting all that is wrong. They should be relentless in instructing all ages to obey The Father's Commandments, and fight the enemy of God and man.

Today as I speak through this *little one*, I see so many things throughout the world that could be termed 'diabolical practices' in work areas, in social areas, in educational institutions, and in many family-oriented places. Prayer is not being spoken like it should be, because mankind in so many ways uses self-indulgence where it is harmful to the body, degenerating to the mind, and diabolical in nature.

All the Messages that have been passed through This Precious Gift of Divine Love should be passed throughout the world, and not

questioned whether They will be used in the right manner, because there will be no way of knowing where They fall, or who reads Them, or who finds Them what they have been looking for to guide them, to guard them, to help them, because of the Soul that they feel is within them.

**When an individual is Blessed by a clerical source, there is a feeling of support, help, and in this feeling there is hope. Today as I speak through a *small voice*, you must understand that This Miracle of Divine Love has handed to mankind more Hope, more Love, more Valuable Information than mankind can truly understand, because Divine Love is Far Greater than human ability or attention. So be it.”**

JUNE 5, 1997 AT 1:39 P.M.

SAINT CATHERINE OF SIENA

**“I am Saint Catherine of Siena.**

**M**ankind talks much about educational areas that have improved over time. I speak today with much Love for mankind, but with some criticism regarding the satisfaction that men, women, and even children have regarding the educational practices in so many areas, that in many ways is morally unsound.

**T**here is so much liberalism in every area of life: educationally, in the marriage state, and also in all areas where the young are concerned. We hear liberalism spoken as a broadening of understanding of many subjects, giving more factual information and allowing all ages to more fully understand the in-depth meaning of so many subjects, even when it comes to Spiritual beliefs, concerns, practices.

**W**hat mankind calls ‘modernization’ is in many ways contrary to what morality means. This Gift of The Father’s Love, This *Miracle Of The Beloved Saint Joseph* has a

**human Title because it is mankind's understanding of how He walked upon the earth, thus ignoring the Fact that to be The Foster Father of The Son of God had to be Great in Importance, Stature, and Area from Where It originated.**

**The world has become so humanized, so humanistic, so bent on practicing all forms of human versions regarding morals, educational fields, neglecting The Rules that The Father gave for mankind to learn, instructing mankind through These Rules, These Commands, that mankind had a conscience, plus mankind had an innate understanding of what was morally sound, morally good, what was immoral in all facets of life.**

**The Father has given to the world a Gift of His Divine Love, just as He did in the time that mankind knows as 'The Time in which Moses was given The Commandments'.**

**We see so much rejection of What is spoken through this Updated Gift of Divine Love, but much of the rejection is unfounded. Much is based on jealousy or a lack of sound reasoning, or a lack of Faith in how The Father, at**

different times, comes to the world to caution mankind, to correct mankind, to instruct mankind, not in an updating, but to clarify the Meaning that perhaps through time and man's imagination, was changed to a humanistic version, leaving out What The Father intended each Commandment of His to help mankind understand more deeply, more consciously, the Reason for His Commandments to be Guidelines for every human being born to the world.

True, translation sometimes causes a differentiation in one's perception of the meaning, but nevertheless, logic prevails and is evident in Every Revelation that is passed through *a small voice*, is written for mankind to understand and not have to just remember What was spoken.

The Father, in His Wisdom, has given to mankind a Blessing of Direction, in a Manner and Way that mankind cannot feel that he or she has to guess at what is meant, but there has been so much explanation that there is no need for any individual to play ignorance to the Value of each Commandment.

**The Commandments are necessary to everyone's life, because as man has laws to live by amongst man, all of man's laws should be based on The Commandments of God. So be it."**

**JUNE 5, 1997 AT 2:37 P.M.**

**SAINT CHARLES BORROMEIO**

**“I am Saint Charles Borromeo.**

**It may be difficult for many to believe a Miracle of This Dimension that The Father has designed, allowing mankind to more fully understand the closeness mankind has to God.**

**Children are not being instructed, encouraged on the Importance of what human life was created for. There are so many who see human life as a temporary measure of having to do certain things, having to learn certain things, having to tolerate certain things, but they are not truly understanding that human life was created for a Purpose, to live Forever, because We hear some say, ‘How can I live Forever?’; of course, ignorant in some ways, and in other ways just rejecting that human life is not just Special in Design, but Purpose.**

**Mankind searches for all fields of learning subject matter that they will never use, but they find it interesting, even when it can eventually be harmful to them. There are so many**

also, who find an interest in believing in the Existence of God, but in their beliefs they question so many things, thus ignoring the realization, the Facts that Someone of a Higher Being, Higher than mankind can comprehend, had to be The Creator of the universe, the earth, and all that human life is surrounded by.

**M**ankind is a Special Creation, because mankind has been given intellect, understanding, and abilities that no other living thing or matter has. Mankind looks at most things and takes them for granted, ignoring the importance of them, the purpose for which they came into existence.

**T**he human mind has a tremendous ability in so many ways, because the human mind is the close connection man has to The Creator of All Things. Through the mind man has the capacity to learn, to produce many talents effectively. The mind alerts an individual to be conscious of what is right, what is wrong, what is moral, what is immoral; and also, the mind, in its capacity of creativity, helps mankind to learn about everything that man is surrounded by, whether it be a part of the earth, or a part of what

**man calls where the moon is, the stars are, where the sun is, 'the universe'.**

**The Father, in His Love for this Special Creation of His, also instills into mankind that there is a Future for every individual, and this Future is to one day return to Him, to live with Him for All Time.**

**Mankind has also learned that there is an enemy evident who, in many ways, has ways of encouraging human life to defy all that is good, all that is moral, all that is pure, because this enemy defied at one time What The Father Was, and this enemy is also an enemy of human life in many degrees, many ways.**

**Sometimes when We hear that individuals must go to war, physical attack on each other, it is devastating to the individual. It is a battle based on human differences or even human greed. These wars are horrible, because so many become victims of what the wars use to kill the bodies, the minds of individuals.**

**This Gift of The Father's Love, This Miracle of Divine Hope, Divine Guidance, Divine Intervention, is a Miracle beyond what human beings**

could ever design or be the directors of, because human life belongs to God. Human life is a Gift of His Divine Love, and human life, through the will, is allowed to make decisions to be obedient to the Will of The Father, and it is important that all ages understand that there is a Goal for human life, because there is a Soul in every human life to be returned to The Father at a given time.

The Soul, many times through an individual's life, has a way of encouraging an individual to choose right over wrong, good over evil, but the individual does not always follow what is good, what is right, what is innately, obviously the right choice.

The world has been Blessed by This Miracle of Divine Love. It is sad when We see rejection of It, because *The Miracle Of Saint Joseph* is so simple to understand, to relate to, and to feel that such Love could only be encouraged by The Father of all humanity.

The world has been Blessed, and that is why it is so important that All that has been delivered never be stopped, but given out in a generous

**way to all who are near or far away, because human life is in great need. There is so little sound instruction, sound confirmation, regarding what a Blessing human life is, and the Goal for it is to return to The Father for All Eternity. So be it.”**

**JUNE 6, 1997 AT 2:23 P.M.**

**SAINT ALPHONSUS LIGUORI**

**“I am Saint Alphonsus Liguori.**

**This Gift of The Father’s Love is More Precious to mankind than the biggest gem in the world. By This Type of Love from The Father, there is a Warmth, a Closeness, and a Love beyond human love, because of so much Instruction regarding the Importance of what the Gift of human life has waiting for it, through being the custodian of a Portion of The Father from the moment of conception.**

**There are millions of men, women and children throughout the world who, in hearing what This Gift is all about, would give their lives to hear All that The Father Wills them to know, because there is no one, no other place, that so much Divine Love is being handed in such a Personal Way to mankind of all races, all colors, all creeds.**

**My next Statement is a sadness for Me to speak, because it is an open alert regarding the presence of so much diabolical action, activity, passing**

through the mouths and example of thousands upon thousands of supposedly highly Spiritual thinking, learned men and some women. Children should begin to have Lessons taken from This Miracle, instructing them on the importance of daily living, through their actions, their conversations, their moral practices, and immoral temptations.

There is no place in the world that so much is being delivered as 'this place' where you are has been given the privilege to do, and to be able to hand in the written form, to millions of others throughout the world.

We hear men and women pray, but their prayer is many times not in the manner prayer should be. Their prayer is based on egotism, self-assurance, self-love, their own supposedly Spiritual expertise on what prayer should consist of. Prayer basically should be humility, recognizing the importance of an individual of any age speaking in a childlike manner, submissive to The Creator of All Things.

This Gift of The Father's, delivered through The Holy Spirit of The Father, has within It a Direct

**Communication with His Divine Love, and His Sensitivity to the vulnerability that mankind is constantly subjected to, by, and through the dominance of so-called 'Spiritual authorities'.**

**The world has been Blessed. Mankind has been Blessed, and you have been handed much personal understanding and responsibility, to be the instruments of delivering What The Father has so lovingly and so willingly allowed so Many Saints Here in the Heavens to instruct through Words, on the Importance of human life and Goal for which it was created.**

**As My Hand rises in a prayer of blessing you, you must understand that this prayer is a Gift of Strength, Hope, that you will dedicate your lives to helping others more fully understand what a Great Gift human life is, and that it has a Goal for it, in it, to it, above all other living things, matter, ways or means. So be it."**

PADRE PIO

**“I am Padre Pio. I speak today to openly announce that those of you close to this *little one* through whom I speak, must understand there is much jealousy, envy, arrogance directed to what certain, or I should say many, hear about This Gift of The Father’s that is instructing all ages to better, to more fully understand what a Precious Gift human life is to man.**

**Mankind speaks of others being arrogant, unyielding, determined to be the final confirmation of such a Gift of The Father’s Love as This One is.**

**So much has been instructed in detail, logical for mankind of all denominations to understand, but many deny the Truth that passes through her, because they feel that she should be holding a book and explaining to mankind the translation of that book that is understood to be the proper form, method of teaching about The Father, The Son and The Holy Spirit.**

**M**ankind must recognize that What passes through this *little one* is Direct from Any One of Us Who mentions Their Name as the Dispenser of the Information to be written and to be read, helping mankind to better understand what a Precious Gift human life is, and that human life has a Goal beyond all other living things.

**T**he world of mankind is in turmoil, due to the fact that there is so much diabolical acceptance, practices, ignoring the Gifts that Christianity gave to mankind, so that mankind could more readily understand the Importance of human life, the Goal of it, and how others were chosen before this time to be strict in instructing, correcting, and giving to mankind reasonable Facts to base morality on and to strike immorality from their daily life.

**M**y speaking is much like I spoke in My time: direct, sincere, and many who spoke with me saw in my words a sincere caring for The Father's Great Love that mankind should be constantly aware of, obedient to.

**T**he world is in so many ways confused, because of so many who

feel they have the capabilities and the calling to instruct thousands of people on the Importance of human life and what they should follow in their daily lives. There are many false prophets who have demanding voices, but are driven by ego, self-love, self-importance, desiring to have themselves recognized as great leaders.

There is a famine throughout the world, a Spiritual famine, and this famine is not being corrected with so many so-called 'self-made evangelists' who have accepted this format of action out of ego, needing attention, and of course, the monetary gain that many look forward to and even demand.

I speak often through this *little one* and I do not always announce My Name. My entrance is many times difficult on her physical, but My Love for her is a Love she understands, because at a given time, a long time ago, I was made aware of her presence and I did hear her call My Name. So be it."

**JUNE 9, 1997 AT 1:52 P.M.**

## **SAINT THERESE OF LISIEUX**

**“I am Saint Therese of Lisieux. It was My privilege to be a Part of This Gift of The Father’s Love for all of mankind.**

**Time is important to mankind, because time gives every individual so many opportunities to practice in so many areas of life, things that are beneficial to the mind, to the body, and to the Soul. The only reason I mention the Soul last is because all things an individual does, reflect in the Soul.**

**We hear many say: ‘I do not see the Soul. What does It consist of?’ The Soul is an Entity of Purity of Divine Love that is to return to The Father when an individual no longer can claim human living. I put it in this way, this format, because it is easier for some to handle the Wording. The Soul, as a Portion of The Father, will live on Forever.**

**It is important that all of mankind understand that human life was designed and created for a Special Cause, a Special Reason, a Special**

**Goal.** So many things The Father has instilled in human life are things that can be termed 'similar' to What The Father is Capable of; of course, always subject to The Father's Will, The Father's Love and The Father's Way.

**T**he ability to reproduce human life is a Blessing, because each life is given so many areas that help an individual use the mentality, the physical capabilities, and the morality that is instilled knowing right from wrong, truth from untruth; also, that each individual has within it at the moment of conception, a Portion of God, called 'the Soul'.

**I**t is sad that human life is not understood in its fullest degree of the Gift it truly is, the very fact that mankind has a decision area of being able to choose so much, so many important abilities that are relevant to the mind, to the human capabilities, to the human likes and dislikes.

**M**ankind has innately an understanding of what is reasonable, what is unreasonable, what is good, what is wrong, what is truth, what is untruth, what is practical, what is impractical,

**what is safe, what is volatile, what is important, what is unimportant.**

**The mind of every human being is different in degrees of learning, and each human being can reach for higher learning. Granted, sometimes circumstances in which an individual resides can limit their initiative, their perception, their ideals, and of course, many other areas of human capabilities, but life is a Gift which should never be ignored or taken for granted, because human life has a Goal beyond all other living things, and this Goal is because of the Soul that is instilled at the moment of conception.**

**Small children should be taught about this Gift, and some will say, 'I cannot see It, I cannot feel It.' In many ways this is not true, because knowing right from wrong, truth from untruth, makes the Soul a noticeable Part of human life. I could speak hours on this subject.**

**It is important that mankind all over the world begin to see human life as a Treasured Gift of Divine Love and a Gift with a Goal. In so many ways it is instinctive in a human being to reach for goals, some good, some**

**foolish, but it must be instilled in all ages that every human being has the opportunity to reach, to attain the Highest Goal that mankind can reach, and that is Sainthood one day. So be it.”**

## **SAINT STANISLAUS**

**“I am Saint Stanislaus.**

**Mankind fears wars that take lives, fears burdens that attack the physical, the mental. Mankind fears physical harm, but mankind does not fear abuse to God’s Commandments.**

**There are millions of peoples throughout the world that range in all degrees of mentality, of justice, of what is spiritually correct, what is morally sound for daily living, and yet We see and hear so much immorality, indignities, impurities, indecencies practiced by all degrees of intelligence.**

**Mankind fears harm to the body. It is innate in mankind to fear this, but if a poll was taken, what man calls ‘people’s opinions’ taken on a given subject, it would be shocking to the mentality of millions of human beings throughout the world, to see the figure in numbers that fear in any way, abusive immorality to the Souls of mankind, no matter what age,**

**no matter what Spiritual beliefs, no matter what walk of life they follow.**

**That is why This Miracle has been sent to the world, openly dictating instructively, constructively to mankind's mentality, the importance of purity where the Soul is 'the victim' of what an individual is doing, saying, practicing, involved in, to any degree, in any manner, for any reason.**

**The Father chose a small group to be close to where this *little one* through whom I speak stands openly; a small group, faithful to Him, faithful in the degree of understanding the Importance that each one's Soul plays, participates in, every day of every life throughout the world.**

**There are many theologians who speak with great words that only they understand. They omit the simplicity in how they describe morality that is so important to the Soul of every living human being.**

**The Father has Blessed the whole world with a Miracle of Instruction, openly saying what is expected of every living human being, because of the Soul that He places at the moment of conception, that is That Part of**

**human life to be returned to Him at a given time. It is sad to see so many millions of people ignoring what a Treasured Gift human life is, and the Importance of it to be returned to God for All Eternity.**

**Those who blaspheme This Miracle will be Judged by The Father. Those who ignore what This Miracle has given will be Judged by The Father. Those who are envious of This Gift, deny This Gift, will be Judged by The Father.**

**There has not been a Gift of This Magnitude for centuries. It is important that What I have spoken be put in print and passed throughout the world. So be it.”**

**JUNE 16, 1997 AT 3:04 P.M.**

**SAINT AUGUSTINE**

**“I am Saint Augustine. I speak today on a subject and for a particular reason, because Many of Us are very concerned over what is occurring amongst the young at this time, and for some time in the past, and in the future.**

**Children at very young ages are being abused in many ways and in many areas of life. There is little attention on instructing them, according to their age, what is important for them to know, to understand, and to practice. We hear so many parents, teachers, instructors, in all sorts of games, place much emphasis on what is important, humanistically speaking, ignoring the importance of what is morally reasoning on all subjects, in all degrees of what the young people are involved in, privately and/or socially.**

**Modernization in thinking has in many ways diminished what is morally not just practical, not just reasonable, but what is important for an individual child to understand and to be able to**

see as a standard for their practices with others their own age, or their attitude, and their companionship with those of older years.

So many books are being written on subjects that in many ways never take the Souls of the individuals as a subject matter. This of course, in some places, for some people, would destroy the subject matter they are interested in, or would make the conversation more religious than morally sound, morally practical, or be considered a moral obligation.

We see children throughout the world being entrusted with information that they cannot possibly understand, because the conversation is based on what mankind would call 'adult moralization' of how an individual should act, and should respond to others.

When children are taught The Commandments of The Father, They are simplified in such a degree that there is little information practical to a child, so the child, in learning The Commandments of God, cannot relate to Them in Their degree that They are written at this time.

**It is important that when The Father decides for These Commandments of His to be delivered in a format, and in a degree that children will be able to connect, associate, understand, and realize that These Commandments are important to everyday life, and that They must be obeyed for all ages to understand the Reason for which They were given, and They were given for all ages to obey.**

**I will not speak too long on this subject because there will be much more forthcoming. This is just an introduction for mankind to think about, and I would say to savor, because of its importance. So be it.”**

## GOD THE FATHER

**“This *little one* knows she is being falsely accused and criticized because so many cannot believe that I would choose one such as she to speak for Me and so Many Here with Me.**

**The world is in great turmoil and mankind is ignoring the influx of so much diabolic practices. I have seen times like this before, and they are a great dishonor to Me because of the Soul in each human being that is a Portion of Me.**

**Many desecrations are being practiced in the name of justice and/or being judged right according to the time in which you live, but this is ‘diabolic’ in essence, structure and deliverance. Mankind is being bombarded with immorality, and many men, women and children are being led, and leading others to perdition.**

**This Miracle is a Miracle of My Love, My Gift to mankind at a time It is greatly needed for millions of people throughout the world. It is not traveling fast enough, because men**

**and women in places of importance are rejecting It and/or discrediting It and/or diminishing Its Truths.**

**The world is in need of All that has been delivered, and each one who has the Faith to believe in It must understand the responsibility to scatter It in all corners of the world.**

**In the beginning of All Creation, I used one Seed of Mine. Today I use another *Seed of Mine* to help mankind save That Portion of Me inside each of them.**

**I could talk hours without a stop, but *the little one* I use could not keep up with Me, nor could any other living human being.”**

**JUNE 23, 1997 AT 12:38 P.M.**

**SAINT ALPHONSUS LIGUORI**

**“I am Saint Alphonsus Liguori.**

**Mankind throughout the world many times dwells on the subjects of financial security, moral values, moral standards, in-depth need for educational advancement, also success for their individual needs. To hear mankind speak openly about the Goal for life as being ‘Sainthood’ is rarely heard, because there is so little instruction regarding this Goal for life, because of all the monetary, mental and physical goals that mankind eagerly seeks, works hard for, dwells on, and enjoys the competition.**

**The Father has given the world a Miracle of Direction, Sound in Value, Purpose and Instruction. An individual does not have to have a high intelligence to understand that human life was created for a Higher Goal, and an individual does not have to be extremely wealthy, financially secure, or outstanding mentally on given subjects, because sound moral values and sound moral standards reflect in**

how an individual thinks, acts, lives, speaks, and is example in every area, so that others can imitate what they see, what they feel.

This does not mean that they are expected to live in the exact manner, place, way, that the individual we speak of lives, but every individual born to the world has the ability to think morally. Some might say, 'There are some who are not mentally capable.' That is true, but those in charge of these individuals have a responsibility to be example, and to help in every way possible those who need to learn from others' actions, others caring.

We hear mankind of all degrees of mentalities, all degrees of backgrounds, innately feel that there must be a Higher Being, but for some there is a block wall that they themselves produce. It is never put there by God. Granted, physical illness, mental illness is definitely a deterrent, but in so many ways example is the greatest teacher for these individuals.

It is sad to see, to hear, and to know that millions of people at this moment have no feeling, no under-

standing, no knowledge regarding the Importance of human life, the Goal for which The Father has waiting for it, because mankind sees everything in a physical mode, automatically resisting, rejecting that human life is Precious because within it there is a Soul, and this Soul must be protected because this Soul will be what is left, what is recognizable, what will be the Representative, bearing the name of the individual in whom It was placed at the moment of his or her conception.

There are so many logical reasonings to mankind understanding that human life is Special, and the very energies that men, women and children use to succeed, to want more, live better, should innately tell every living human being that this innate drive, desire, care, tells them that there is more to human life. It doesn't just end at a given time but there is a Future to it, a Goal for it, and this Goal, of course, is beyond human ability to understand, but nonetheless, it is innate in a human being to know that the Goal of life is Superior than what human life registered on any subject, in any action.

**The Father has Blessed the world with This Miracle of so much Personal Attention, helping mankind to more fully understand the benefits of human life over all other creations.**

**Many children are being denied instruction in what is important to think about, and to use as a Goal, because so many ways, times, a child is blinded by the interference of something that robs them of thinking purity over impurity, destroying something within them, encouraging them to go with the flow of what is occurring.**

**There is so little moral example being presented to children of all ages. So much progress in so many areas is in many ways robbing all ages of the Importance of their Soul.**

**The Father has Blessed the world with This Miracle, and it is of the utmost importance that It be spread without question throughout the world as quickly as possible. So be it.”**

**JUNE 24, 1997 AT 9:43 A.M.**

**SAINT LOUIS DE MONTFORT**

**“I am Saint Louis de Montfort. Many will try to deny that so Many of Us have spoken, and continue to speak through *the little one* who has the Responsibility to not deny All Our Words, but to allow Them to be written for mankind for all time to come.**

**There are so many sacrilegious acts, participations occurring in all walks of life, basically abominations to the purity of millions of Souls.**

**It is sad to say, whenever The Father gives a Great Gift to mankind there is always a great necessity for It, because The Father, in This Gift, is protecting the Souls that are All a Part of Him.**

**Millions of men, women and children say that they believe in God but they do not show it, and this is a great sadness to All of Us Here with Him, because mankind is the only living matter that has within them a Portion of The Father, a privilege beyond human understanding.**

**M**ankind has been warned that **This Entity of Divine Love** must be protected from all sorts, degrees of impurities that are based on diabolical anger, jealousy.

**W**hen men, women and children see something that they would like to have, they earn it or they will ask someone else to help them get it. **The Father** has requested **All of Us Saints** to speak, instructing, encouraging mankind to protect the **Soul** that is a **Portion of Him** that **He** wants returned to **Him**, to be with **Him** once again for **All Eternity**.

**I**t is a sadness when **We** see man's indifference to having a **Portion of God** within them, because without this **Gift of Divine Love**, mankind would be like all other living matter, with no **Goal** to work for, to live for, and to return to **The Father** for **All Time**.

**S**o **Many of Us** are requested to speak through **This Miracle**, **This Special Gift of Communication** **The Father** has given to enlighten mankind of the **Importance of human life**, and how **Special** it is to **Him**, because in it **He** shares so many **Gifts**, making

**human life above all other living things.**

**The world has been Blessed in a degree and a way beyond what mankind can understand, but for such a long time The Creator of All Things has directed This Gift of Divine Love to be scattered throughout the world, so that mankind will be informed in a way and a manner understandable, that there is a Life to return to, because of the Soul that every living human being is gifted with at the moment of conception.**

**Each time One from Here speaks, It is a Gift of Divine Love, and a Gift beyond what mankind could ever receive from any human being. So be it.”**

**JUNE 24, 1997 AT 1:19 P.M.**

**SAINT IGNATIUS LOYOLA**

**“I am Saint Ignatius Loyola.**

**At this time throughout the world so many educational facts are being diminished, because of the influx of so much diabolical interference by those who do not see the importance of instruction being delivered and practiced on the foundation of ideals rather than humanism, or I should say, just humanistic practices.**

**It is important for mankind to know that though there are many devoted to shouting out their theories on the contents of the Bible, I have come to make you aware, and request that you be the instrument of awareness to others, that all that is occurring in the name of religion, spirituality, is not based on truths, facts, but the interpretations of those who want attention, want others to hold them in esteem.**

**Children of all ages are not being taught, shown the importance of using prayer as a communication between themselves and The Divine. So much**

is being ignored that is valuable to the daily life of every human being, and that is the personal communication every individual has the right to, without someone interceding, leading them, instructing them in what to say, how to say it.

Let us look at one Commandment, *'I Am The Lord Thy God; Thou Shalt Not Have strange gods Before Me.'* How many individuals, knowing The Commandments, do not understand the full meaning of each Commandment? Two words, 'strange gods' has many definitions. One mainly is obedience to the wrong authority. This can be one who chooses a Spiritual vocation, or someone the individual leans on for moral direction, moral guidance, and to imitate this individual because of how this individual presents himself or herself as being the epitome of understanding what The Divine is all about.

We hear children of all ages asking for help, pleading for assistance, and they find themselves totally alone, with no direction except to depend upon their own abilities, own theories.

**Strange gods come in many forms, and there are many of such ones who are godless in their actions, their thinking, their performance, their practices, their beliefs.**

**You do live in a time of much confusion, and yes, in many ways equal to, or sometimes worse than Sodom and Gomorrah. Sin is prevalent throughout the world, all forms. There is no Commandment of God that I can say is practiced to its fullest degree of instruction. The Father's Commandments are rarely thought about, if ever, and are rarely instructed on by those who claim to be professional religious instructors.**

**The time has come throughout the world for mankind to awaken to the Importance of human life, because of the Soul that is within each human life.**

**When a human being gets a physical problem they look for medical advice, protection, help. I say to you: 'You must understand that prayer sincerely practiced is an armor that you cannot see, but this armor is for the benefit of your Soul, that no medical professor of any**

**degree can help you with, and those who have degrees in theology cannot walk with you every moment, instruct you constantly, because you see, they too have a Soul, and they must, many times, be reminded of this Fact, that they are responsible to God as well as you, and you must see your daily life as being on a path to a Greater Life that you are responsible for, and have the ability to accomplish.' So be it."**

## SAINT STANISLAUS

**“I am Saint Stanislaus. Early in This Gift of The Father’s, so Many Saints spoke through this *little one* to hundreds of people. It was always sad when We saw skepticism, or devious actions, in trying to discredit Our Presence and What We would speak about. We kept telling *the little one* she must persevere because The Father Willed mankind to know more about the importance of man’s communication with others, and communication with All of Us.**

**So often communication between two or more people thrives on impurities of the mind, the body, affecting the Soul in a sadness that mankind cannot fathom the depth of. Those who wanted to accept This Gift of The Father’s were oftentimes placed in defensive arguments, statements, because the enemy of God and man used every instance possible to deflect the Beauty of What was occurring for the benefit of Souls to become more acquainted with the closeness each individual has with The Divine.**

**Much time has passed since the beginning of the Announcement of This Gift of The Father's Love. We have seen many gain Spiritual growth but they do not want to claim it, or openly recognize it, because of the possibility of criticism or questioning, or inevitable doubts that will automatically be destructive to the Beauty of The Gift of The Father's Love.**

**Today as I speak, I speak in a manner, a way, hoping that Every Word I say will leave an Indelible Mark on your memory for those who were present as I speak, because you see, This Gift of Divine Love is a Personal Blessing to mankind, that mankind must recognize as a Gift beyond what human life could possibly give, because The Father, in instilling a Soul in every conception, also instilled in this conception a knowledge of understanding what is pure, what is impure, what is right, what is wrong, what is logical, what is illogical, regarding what human life will be exposed to, have to make decisions on, and also that each human being is responsible for the decisions they make throughout their life.**

**When We hear excuses, perhaps the individual feels justified in the excuse of having been dominated by someone, or the situation made them vulnerable to participation in the wrong. What mankind must understand, that the Judgment of The Divine on all the individual's decisions will always be Just. That is an Important Statement I have just spoken, because Justice is the Key to Divine Love, Divine Hope, Divine Purity. So be it."**

**JUNE 26, 1997 AT 1:40 P.M.**

**SAINT AGNES**

**“I am Saint Agnes.**

**We hear so many conversations on the education of children, with adults concerned over the concepts that are used regarding subject matter that is different than what mankind usually considers the subject matter for children, such as arithmetic, reading, spelling, history, geography, and some science, according to their degree of age.**

**Let us now talk on the subject of what a child of any age thinks as right or wrong. Little ones do not look at two words: ‘moral or immoral’. It is strictly ‘right or wrong’. How many adults, in their decisions, choose these two words to base their decisions on: Is it ‘right’ or is it ‘wrong’? I would say at this time, it is not done so simply, nor is it practiced so logically. Many decisions are based on the conditions the individual or individuals are faced with, the degree of morality they are faced with, also what complications could arise on certain decisions.**

**You live in a time that is worse than Sodom and Gomorrah, but when We Here speak Those Words, They are oftentimes passed over, ignored or even replaced, because of the year in which mankind is almost addicted to, regarding decisions of modernization of the times that supposedly have changed what is moral, what is immoral.**

**I could speak a long time on this subject, but what I have said so far is sufficient, hopefully to alert some individuals to realize that whether you were born in the year one, or in the present time, right is right, wrong is wrong, pure is pure; impurity, impurity. Just because a year goes by and another number is used for the year, does not change The Commandments of God, or replace Them with what man calls ‘updating’, ‘modernization’, or the idea that The Father meant The Commandments for only a certain length of time. So be it.”**

**JUNE 26, 1997 AT 2:19 P.M.**

## **THE SACRED HEART**

**“I am The Sacred Heart. I announce Myself in this manner to draw your attention to an important word, and that word as you know is ‘heart’. The heart has an importance in it, for it, to it, because the heartbeats are necessary for life to exist.**

**I ask you, ‘Have you ever connected your heart, the beat of it, with the conditions of your Soul?’ Because, do not forget, your Soul is a Portion of God, and it is necessary for this Soul to be constantly in His Grace, and this depends upon how you act, how you think, what you say, and the purity in all these things reflect in your Soul.**

**Mankind must be aware that a day comes, a time comes, when every individual stands with their Soul, I would say, then recognized by the condition of the Soul, thus allowing The Father to be pleased, sad or happy.**

**Just as an individual has portions of the body that are connected to each**

**other, the Soul of every individual is connected to The Father, a Link of Love beyond human comprehension. Without the Soul, human life would be like all other living things. The Soul gives Distinction, Purpose, with Divine Love as the Connecting Link between God and man.**

**There is no place in the world that This is being spoken, instructed upon, or used, as how important mankind is from the moment of conception on. It is sad for Us to see degradation to human life in any form, any degree, because human life is the custodian of a Portion of The Father that nothing else has, and that is the Soul.**

**It is time that learned men and women in high places of instruction, who are considered the custodians of spirituality, recognize that What passes through This Miracle should be scattered throughout the world, omitting no country, no human life, because of the Importance of human life in its closeness to Divine Love, Divine Will, Divine Existence. So be it.”**

**JUNE 27, 1997 AT 12:57 P.M.**

**SAINT BERNARD**

**“I am Saint Bernard.**

**Children are not being instructed properly on what is important to the safety of their Soul. This laxness is due to the fact that mankind does not have the Faith in God that he or she should see as an important part of life, and that Faith in God gives strength to all that mankind has, such as sound thinking and the benefits of prayer that are being ignored in so many ways.**

**What I am about to say some may find difficult to handle, but mankind must understand that the enemy of God and man is vicious, sly, and always evident when abuse to the body, to the mind is practiced, because these things affect the Soul of an individual or individuals, sometimes those who are present, sometimes those who just hear about the atrocities.**

**Immorality is being ignored, because most of mankind is accepting it as normal, as part of human life, due to the fact that people of all ages**

have different personalities, different tendencies to act according to their own will. Logic is being tossed to the winds, and these winds are like a hurricane.

Let us look in on a Catechism class. There are several ages of mankind present, some very young, some older. It is sad to see the innocence of the young destroyed because of the manner in which the subject matter is being presented to please the older ones, ignoring the innocence of the young.

One might say that mankind has become hardened by so much acceptance of impurities of the mind and the bodies, that encourage mankind to act abnormally regarding his or her association with others.

Children are hearing things they should not hear, because they do not have the ability to discern what is proper, what is pure, and they are being exposed to so many areas of life that can be termed 'diabolical'. Nothing seems to be censored from the young. They are expected to be able to understand what is right for them, what is wrong for them. This

of course, is satanic, because a child must be handled more delicately and be strengthened by what is pure, what is good, what is pleasing to God.

I repeat What you have heard from Many Others Here, 'You live in a time worse than Sodom and Gomorrah.' That time in History is notable because everything diabolical was practiced, demeaning to human life, in every facet of it.

Many men, women and children who live at this time and are not openly exposed to filth based on immorality, find it difficult to visualize the extreme measures that are being practiced against God's Commandments. This *Miracle Of The Beloved Saint Joseph* wants mankind to more fully understand the degree of each Commandment that was given, enlightening mankind on the full measure of what each Commandment truly consisted of when They were delivered to Moses.

Mankind has a habit of cutting everything short, making it concise, thus leaving out or ignoring important words, definitions, meaning. They call it 'modernization', living in a different

**time than those who lived in the past. Of course, these words are foolish, because they are empty of soundness, reality, truths, and values.**

**Mankind throughout the world must find somewhere in their presence, the Words that have passed through This Miracle, because mankind throughout the world is in great need of All that The Father has directed to be addressed in Its full manner, in all languages, allowing no one to not have the privilege to know the Importance for which human life was created because of the Soul, That Connection to God that every living human being is the custodian of. So be it.”**

**JUNE 27, 1997 AT 2:13 P.M.**

## **OUR HEAVENLY MOTHER**

**“I am your Heavenly Mother. I speak with you today and I request My Words be written, so that in time millions of children throughout the world, all ages, will be able to find Sound Direction and Hope that is not evident in ordinary ways.**

**My Words to mankind are based on Love, Protection, Sincerity, Hope, because mankind, no matter what nationality, what year they were born, has a Portion of The Father within them that they cannot see and they cannot physically feel, but oftentimes there is evidence of It through the conscience of an individual, when they become aware of causing, or being a part of an act of impurity.**

**Children of all ages must understand that no individual is ever alone, because they have This Portion of The Father within them from the moment of conception, and very often, though they cannot hear this Gift of His Divine Love, their conscience tells them if something is right, something is wrong,**

and We hear them say, 'Something tells me this is right,' and then sometimes We hear them say, 'Something is telling me this is wrong.'

We always smile and desperately try to encourage the individual to accept what they feel, through their conscience first of all, and then through that voice that mankind calls 'integrity', or 'a silent reminder' to act accordingly.

This Gift of The Father's in which so Many are allowed to speak is not just a Verbal Contact with mankind. It is a Blessing in that It is directed to be written for the benefit of millions to read, and to better understand the Closeness God is to man.

Children who feel they are hiding must know that they are never out of The Father's sight, and He is always aware of their presence because of the Soul that they cannot see, they cannot feel, but It is the Closeness, the Connecting Link between each one, individually, with God Who is The Creator of All Things, physical and human.

There are many Blessings passed through This Miracle of The Father's

**Love, and though We see rejections regarding the Words spoken, We know that It is leaving a Mark wherever It passes, whenever It is spoken to one person, or hundreds of individuals.**

**No one will ever be able to forget totally, the time they heard about This Gift and/or the Messages, whether in part or in full, that touched their life in some way, because you see, the Soul is the Association of Connection that will remind them in some way, for some reason, at some time. So be it.”**

**JUNE 30, 1997 AT 1:00 P.M.**

**SAINT ANTHONY MARY CLARET**

**“I am Saint Anthony Mary Claret.**

**Mankind refuses to accept, to understand, to believe, that there is much diabolical pressure in every area of human life. Sometimes this pressure appears as though it is enticement, encouragement, and/or a chance to develop a new way of thinking, a new way of practicing one’s demeanor to attract more attention.**

**Many of Us see groups of adults in a frenzy regarding their communication with others, their practices in what they call ‘religious Faith’; also, We see a weakness bordering on commitment, because they cannot find in a particular place a strength in what God is all about. There are so many different opinions, practices that are being advocated, and most of these are humanistic in sound interpretations.**

**The value of a coin is what mankind expects to receive when using the coin, whether it be in trading something with someone else,**

or purchasing an item. Monetary things are constantly being placed first on so many issues, in so many areas of individuals who are never reticent to challenge whether the deal is questionable or valuable.

I compare this to how mankind is treating Faith in God. There are so many self-made prophets dealing in matters they do not truly know the value of, but they are constantly using every media to allow themselves to have access to the vulnerability of those who desire to know more about The Creator of All Things, to be closer to Him, and grow more sound in their dealings with Him.

As I speak today, I speak through *a human voice*, requesting that What I speak be put into transcript, so that It can be read and seen for the reasonability in the Value, the importance in individuals understanding that The Creator of All Things created them, and they are subject to Him for all they do, all they say, all they practice, all they represent.

My Words today are different, but I speak this way because if one

**individual reads These Words and they grow more in love with The Father's Will, it is worth all the effort that anyone has used to transcribe These Words.**

**Mankind must remember that human life has a Goal and human life has a Soul, and all things earthly cannot compare to the Value for which human life was created, and there is nothing else created that has a Soul, so as a human being, awareness is the first step, practice the second step, obedience the third step, Sainthood the final step."**

**JUNE 30, 1997 AT 2:04 P.M.**

## **SAINT CATHERINE OF SIENA**

**“I am Saint Catherine of Siena.**

**What is occurring is a Spiritual dilemma that could be compared to an ‘earthquake’ in man’s terms. There are so many factors entering into the truths in Spiritual understanding that are diabolical in substance, shattering love for The Divine and catering to humanism as a stable ground, wherein humanism is far from stable because there are so many areas in which it is fumbling, cracking, and becoming an obstacle of confusion, based on demonic acceptance by so many who feel that they are authorities on Divine Ways.**

**When mankind looks at the sun, it is obvious that the sun is being held in place by a Power beyond human power. The same understanding goes for the moon. It would be illogical for man to suppose that either of these great planets could be held in place by man’s knowledge, man’s human abilities.**

**Now let Me speak about the Soul that every human being is the custodian of. Logic should tell every degree of mentality of mankind that human life has the ability to do so many things, in so many ways, for so many reasons, and that human life then must be Special because of its ability to choose right from wrong, good from evil, and to become learned in many ways, on many subjects; also, to be able to make decisions regarding their physical, their moral.**

**All that mankind is points only to one positive answer, and that is, that mankind was created as a higher being than any other living thing, and that it is obvious because of this that mankind has a Future, a Goal, that nothing else has.**

**It is innate in mankind to reach for goals of many dimensions, in many subjects, so through This Gift of The Father's Love, mankind is being reminded that human life was created to reach for the Highest Goal, and that is 'Sainthood' for the Soul that is received at the moment of every human conception. So be it."**

**JULY 1, 1997 AT 9:35 A.M.**

**SAINT BENEDICT**

**“I am Saint Benedict.**

**Time is of the utmost importance to mankind, because it is through the privilege of time that mankind has the opportunity to use time as a preparation for Service to God in Another Dimension of Time.**

**This Statement should awaken many age groups to better understand that as time is important during one’s life, time in this way was given to mankind to better understand that human life has Reason, Purpose, and a Goal.**

**Daily acts of necessity to life are important, because they automatically instill in mankind the responsibilities of life, and that human life has this Gift of Divine Love to prepare himself or herself to reach a Higher Goal through the human life, and that is Sainthood.”**

**JULY 1, 1997 AT 10:00 A.M.**

**SAINT JOAN OF ARC**

**“I am Saint Joan of Arc. In the time I lived on the earth, I was directed to lead men of all ages to fight physically for not just honor, but a purpose. My age, my stature, directness, many times were subjected to rejection and/or question, but because within me I was assured that what I was to do was being addressed and directed by a Higher Source, and I knew I could not deny my allegiance and service to This Higher Source.**

**The men with whom The Father gathered around me, I knew were chosen by Him, to serve Him for specific important duties, and I was well aware of the obstacles I would be confronted by and with.**

**The Father came to my aid many times when those close to me found in their thinking that I was too young, and just a young girl, but God’s Will and Power made them respond to the tasks that were to be accomplished.**

**It is important that mankind see that at this time, there are so**

many diabolic distractions and diabolic interference, even by men who purposely studied to be able to instruct others on the Importance of human life, and the responsibilities in which it was created for.

**This *Miracle Of The Beloved Saint Joseph* is far more than mankind wants to recognize It for, and learn from It, because there is so much diabolic rejection, hate, and determination to stop It from being accepted by all denominations of belief in God.**

**I say to you at this time, ‘Truth and sound action are the greatest weapons against evil.’ Do not ignore This Statement of Fact and Alert to the realistic practices of the enemies of God and man.”**

**JULY 4, 1997**

**“All *True Mystics* are human beings with an innate understanding of how Important human life is, but also, that it is necessary to understand the needs, hopes, ambitions, concerns, and what encourages some people to need to express how they think, by participating in challenging areas, and/or entertainment, clean entertainment.**

**There are so many types of personalities, talents, and opinions.**

**A *True Mystic* is not always separated from people, because what God wants mankind to hear, read, understand, covers many areas of human life. That is why *The Miracle Of Saint Joseph* is amongst the lay people, able to deliver the written Words for all ages to be informed of the Importance of human life, and the Gifts of human nature that are personal to all humans.”**

**JULY 4, 1997 AT 11:35 P.M.**

**“Mankind of all races, all cultures, all degrees of intelligence, are bound by The Commandments of God. There are no exceptions.**

**Each Commandment, in its most concise form, consists of an important Rule of moral behavior that mankind can easily, readily relate to, because even in this short version of The Rules that were given in lengthy detail, are easily evidenced in the short terms that mankind has reduced Them to.**

**This Miracle of Divine Love through The Holy Spirit of The Father, also known as ‘The Beloved Saint Joseph’, is in many ways, guiding many people to be ‘Saints’.”**

SAINT CATHERINE LABOURE

**“I am Saint Catherine Laboure.**

**As in many past times, the enemy of God and man saturated the world with many humanistic values based on the characteristics of things being properly in place, properly recognized, properly acceptable.**

**Needless to say, the enemy of God and man stands openly throughout the world, assisting in so many areas with encouragements to human practices that are in many ways using selfishness, egotism and personal gratification, so that what is to be expressed, understood and then practiced, is in many ways a form of confusion.**

**Yes, there are Three of Us, really Four of Us speaking, joining *the little one* in Our Conversation. We will release Ourselves slowly and We will return at a later time, individually.”**

**JULY 7, 1997 AT 2:27 P.M.**

**SAINT ALPHONSUS LIGUORI**

**“I am Saint Alphonsus Liguori.**

**The world is in great need of This Gift of The Father’s, because mankind is unaware of what a Beautiful Gift human life is.**

**Mankind becomes more interested in the value of other things. Monetary is of the utmost importance, and yet mankind knows that monetary measures of any value are not included in the Judgment of the Soul at a given time.**

**Children are not learning about that Gift of Divine Love that is within each of them at the moment of conception, and that this Gift will remain Forever because, as It is a Portion of The Father, It will be returned to Him at a given time, Judged by Him, because of the practices of the individual in which It was placed at the moment of conception.**

**The Father has given to mankind a Gift beyond all gifts that mankind is capable of receiving. The Soul is**

**a Precious, Treasured Gift of Divine Love, due to the fact that this Soul is a Portion of The Father that nothing else created has.**

**Children are not being instructed on the Importance of this Soul that is the recipient of all they do, all they say, all they think. This Soul is Precious in Its very Existence, because of The Father's Love that is in It, and also that this Soul has a Portion indescribable to man, that is connected to The Father in a specific manner, way, degree, giving to mankind a Special Heritage, Meaning, Goal, that no other living thing has.**

**Children are not being taught about the importance of what they do, what they practice in everything they do, and that it is important to say prayers at different times during the day, just as they speak to someone they love, someone they are associated with. They would not go all day and not speak, so they should be reminded that God must be recognized by them as a Constant Companion of His Love, and that within them they have a Portion of Him that they are expected to return to Him at some time, when He requests It to be returned.**

**Love for mankind is easy to speak about. Love for God is so often categorized only through the act of saying a prayer. This is not so. Love for God is in all things an individual participates, practices, thinks, talks, and in many ways instructs others.**

**A child says, ‘I love you, Mother; I love you, Dad.’ The parent or parents are many times overjoyed to hear these words because of the innocence of the child, or if it is an older child it reflects respect, hope, closeness, and love. It is important that children be reminded that as they need to know they are cared about, they, too, need to let others know that they care and are grateful for the responsibility that is connected to caring.**

**There are so many areas of human life that are ignored, thought about, but not acted upon. It is time that mankind of all ages, all types of personalities, all degrees of mentalities, understand that human life was created by God, not man, and that human life has a Goal beyond what human life can fully understand.**

**There are so many things that mankind takes for granted, called**

**‘natural’ in the way of life. Some of these are: politeness, eager to learn about things, gratitude, hope, looking forward to times of happiness, togetherness, goals.**

**Remember these things and then see them as a personal communication with not just human beings, but with God, because He, through the Soul, is a Constant Companion every moment of every day, and the Soul is What will be returned to God representing all that was said, done, thought about, accomplished, practiced, by the individual in whom It was placed at the moment of conception.**

**No other matter or living thing has this Gift of Divine Love, and mankind must understand It is the Gift that will live Forever. So be it.”**

**JULY 8, 1997 AT 2:32 P.M.**

**PADRE PIO**

**“I am Padre Pio. There is a great sadness in Many of Us Who understand how it is to walk differently than others in the world.**

**Today you live in a time of great confusion, and this confused state is based on differences in opinions regarding Spiritual values, necessities and purpose. Many who feel they have religious beliefs that are directed to what is correct, what is truth, what is proper, what is extraordinary, yet these very same individuals base their beliefs on what they learn from those who could be termed ‘self-made extraordinaire’ on Spiritual values.**

**The world is in a turmoil and this is, in many ways, centered around the enemy of God and man. He has integrated into all facets of human life, determined to cause confusion, unrest, disagreement, and destroy what could be termed ‘sound Spiritual values, sound Spiritual Truths, and sound Spiritual behavior’.**

**I want you to picture a big caldron, and in this caldron all degrees of understanding, beliefs in a Creator of Divine Origin, Divine Means, is holding a Hand of Divine Love over the caldron. For some it would be impossible to see a picture of this dimension, but at the time I walked amidst mankind, I was fully aware of a sight of this kind, that in many ways was evidence of sound spirituality, and on the other hand the constant interference of the enemy of God and man.**

**As I walked upon the earth, I oftentimes spoke strongly, harshly, and those I was surrounded by oftentimes disagreed with my statements, my furor regarding the diabolical interferences that were allowed to occur. I know I speak harshly and in a different manner than Those Others Who speak through This Miracle, but The Father has allowed My nature, My personality to remain to a degree, so that when I do speak, My manner of doing things expresses more clearly how I was when I was upon the earth.**

**Mankind talks about love. There is No Greater Love, No Love More Pure than the Love The Father has for**

**human life, because of the Soul that is a Portion of Him within each life.**

**As mankind sees different natures in individuals, different personalities, different degrees of intellect, different degrees of Spiritual practices, it is important for mankind to not compare himself or herself with others, but to stand strong with one's sight on becoming 'a Saint' for what an individual feels, knows, practices, and strives to reach the Goal for which human life was created, to return to God, a Saint. So be it."**

**JULY 9, 1997 AT 1:22 P.M.**

**OUR HEAVENLY MOTHER**

**“I am your Heavenly Mother.**

**The Father has given to the world of mankind a Personal Blessing, allowing so Many to speak Who walked the path of human life. Who better can mankind learn from than Those Who walked with choice, with hopes, with needs?**

**It is important that This Miracle of The Father’s Love be recognized as a Gift of Hope, a Gift of Instruction, so that mankind of all descriptions can have the opportunity to understand what a privilege it is to be born as man, and in this privilege there is a Goal.**

**Each day We see men of all ages reaching for goals, doing many things to achieve mentally, physically, and spiritually. Mankind has an innate desire to accomplish on different methods for the same goal.**

**Let us take, for instance, a child born to a culture of royalty. Each child born this way has a different**

**personality, different degree of ability to achieve; also, different moral values, moral standards, that set them apart from others.**

**As I take you now across the world we could stop at many places, some heavily populated with all degrees of mentalities, moral values, and monetary means. There is one important fact that mankind must look at, evaluate, and learn to understand more about it, and that fact is obvious. Why did God create human beings? As God Is, He Is All Things Greater than mankind can perceive.**

**Today, as I speak as your Heavenly Mother, I extend a Supernatural Love to all who are present at this time, and to all who will read My Words. Each time The Father requests One from Here to speak, It is a Blessing of Instruction, Direction, in a Personal Format, Way, Concern and Understanding.**

**Human life was created for a Very Special Reason, because within it The Father places What is called 'a Portion of Himself', known to mankind by name. It is called 'a Soul'. It is sad when learned men and women resist or reject the Faith to believe that This**

**is the Portion of human life that will one day return from Where It came, representing the individual in many ways recognizable to The Father, as to whom He placed It at the moment of conception.**

**Human life is a Gift beyond human understanding or ability to see the Value in it, the Love that is projected through its senses, through its mentality, and through its will to understand what is right, what is wrong, what is truth, what is not truth.**

**As I leave you at this time in a verbal way, My Love radiates within you, and to all who will read These Words, because human life is The Father's Will, and within it the Soul, as a Portion of Him, will be returned to Him at the time He requests it to be done. So be it."**

**JULY 9, 1997 AT 2:06 P.M.**

**SAINT JOSAPHAT**

**“Yes, I am Saint Josaphat. The Father’s Generosity for such a long time, allowing so Many of Us Saints to speak, to instruct through *one small voice*, has been and is a Blessing beyond what human beings fully understand.**

**We hear some say, ‘It’s difficult for me to believe that Saints, or God, would speak through “a human voice” at any time.’ Mankind’s understanding of the Generosity of The Father, is in many ways not according to how The Father intended it to be, in giving to mankind belief in God, and belief in the Fact that every human being is born with a Soul, and this Soul, as an Extension of The Father, is to return to Him one day and remain with Him for All Eternity.**

**We hear so many scientists speak about the wonder of their experiments, and how they started to believe they could find the unknown factor that would make what they thought possible, would actually be understood, realized, as reaching**

**an impossible factor in something that was not tangible to ordinary measures.**

**Today as I speak, I speak to instruct mankind on the necessity of Faith in the Supernatural, and that It truly Exists as a Power beyond what human life can conceive; also, that as human life is an extension of This Power, it is also meant to return to The Power at a given time.**

**At the time in which I lived upon the earth, much was spoken about regarding the logic in understanding the True Existence of God, because of the Creation of so much, and also the mentality of the Creation of man.**

**Children are not being taught regarding the Greatness of The Power of God. So much is being taken for granted, thus ignoring that behind All of Creation, there is a Greater Unseen Factor, Power, that has Existed for All Time, and there is no end to It.**

**The world has been Blessed through a Great Gift called ‘Spiritual understanding’, because in this Gift it gives a moral strength to everyday living, and It automatically instills in mankind that there is a Future to**

**look forward to, a Goal to accomplish, and that it is innate in human life to believe this, and to look forward to It in the full concept of Its Meaning, Its Purpose.”**

**JULY 11, 1997 AT 11:34 A.M.**

**SAINT ALPHONSUS LIGUORI**

**“I am Saint Alphonsus Liguori.**

**Mankind looks at This Gift of Divine Love in the same manner that mankind values human possessions, thus ignoring the Magnitude of All that is given in Direction, for the Benefits beyond what mankind has been instructed, available to individuals of all races, all colors, all creeds.**

**Mankind in legal ways uses forms that pertain to humanistic ideals, ideas, thus many times ignoring the Supernatural Gifts of Divine Love that mankind has available every moment of every day through one’s whole lifetime.**

**We hear men, women and children use the words, ‘In my lifetime I have experienced this or that.’ This Miracle of Divine Love has presented to mankind so much Instruction on what a Precious Gift human life is, because in reality it is not limited to the time it spends on earth. The Soul is a Living Portion of every human being, and It is this Soul that remains**

**for All Time under the Guidance of The Supreme Being of Whom It is a Portion of.**

**This Miracle of Divine Instruction has persisted in instructing men, women and children on the Importance of human life, and that in its Importance there is a Goal for the Soul of every living human being.**

**We hear individuals accepting challenges: mental, physical, even Spiritual, and these challenges are very important to the individuals. To become 'a Great Saint' is not a challenge, but a Gift of Divine Love, with no exceptions to any race, color, creed of human life.**

**Through this *small voice, small body*, The Father allows so Many Saints to speak, instructing continuously, not always in a manner of Formality, but in general Conversation, so that the individual listening will feel comfortable about the subject matter.**

**When mankind receives a gift, it is acknowledged with happiness, because the gift is something personal. When there is a conception of life, mankind receives the privilege of the Greatest Gift that any human being**

could receive, and that is a Portion of The Father, giving to each life a Specific, Individualized Gift of Divine Love, called 'the Soul'.

We hear some say, 'For such a Major Gift, why am I unable to see It?' I say to you, 'The very instinct of knowing right from wrong is a Sign that human life has a Gift that no other living thing has in their possession.'

There is so much for mankind to begin to see in The Father's Love, because it is a Personal Love that no human being is not given at the moment of conception. I could speak hours on this subject, but it is important that the Words that have passed through This Gift not be held in one place, but be spread throughout the world, because there is no Gift in the world of communication greater than This Gift that was handed the Name of '*The Miracle Of Saint Joseph*'."

**JULY 11, 1997 AT 12:40 P.M.**

## **OUR HEAVENLY MOTHER**

**“I am your Heavenly Mother. Mankind is aware of a mother’s love, and they expect much on every facet of this love. The father’s love is similar, but his is of direction in a different way.**

**I smile at These Words, because I know those who will read Them will see not just the Value of Them, but they will connect Them with their own way of life.**

**The Father has given to the world a Miracle of Great Dimension, a Gift that covers every intention, habit, intellect of human life. Everyone may not see This Gift of His Divine Love in Its fullest measure, but We are fully aware that The Father, in giving so much Himself, and allowing so Many Saints to speak in ways that mankind can readily understand, is a Treasure beyond human understanding. We say These Words often in connection with This Gift of Divine Love, because the word ‘treasure’ to mankind means**

**something above average, something that gives happiness, hope.**

**Throughout the world there are men, women and children starving for food to nourish their bodies, but in the same context there are men, women and children starving to know if there is a God to help them; also, are there really Saints available to their prayers?**

**Everyone who is instructed on what Heaven is all about is not always capable of applying such Deep Love to their way of life. That is why it is so important for all races, all cultures, all creeds, to feel the closeness of The Divine, because of the Soul that is a Portion of God and is the closest Thing that mankind could possibly be connected to, to give strength, hope, understanding, and more fully understand that there is a Goal to life. No matter what circumstances one is surrounded by, no matter how privileged or underprivileged they are monetarily, they are equal to all other human beings because of the Soul that no human being is born without.**

**It may be difficult to understand, but not every woman, man, throughout**

**the world, feels equal to everyone else. Some feel as though they have been forgotten by God. That is why This Gift of His Divine Love is so Important.**

**All that has been delivered with one Major, Basic Fact, is that every human being has a Portion of God, from the time of conception until the Soul is returned to God at a given time.**

**The words that: ‘Mankind throughout the world has been created equal,’ are the Greatest Words of Fact and Truth that mankind can lean on, be supported by, and thank God for. So be it.”**

**JULY 16, 1997 AT 2:03 P.M.**

**SAINT JOSEPH, THE HOLY SPIRIT**

**“I am Saint Joseph. The time has come for mankind of all races, all creeds, all colors, to be awakened to the Importance of human life, and the Treasure it is to each human being.**

**Life to mankind is, in so many ways, obviously a Gift of Divine Love, and that is why it is important that every man, woman and child understand that human life must be treated with respect, dignity, always representing what it was designed for, and that is to return to The Father in Glory.**

**In the human way mankind automatically strives for success, using mental energies, physical energies, to accomplish an obvious goal, giving to human life what it was created for: to use all the talents, all the abilities, all the understanding of the nature, the mentality; and, of course, the Goal for which all of this was intended to return to, a Saint with God in Heaven.**

**We hear mankind speak of different types of Miracles that pertain**

to the mentality of life, and many of the characteristics of life. It is important for mankind of all ages to be thankful for being a human being, and not feel that everything is a struggle, that there are so many difficulties attached to being a human being. With too much emphasis on these things, it allows or encourages individuals to ignore the Goal for which human life was created, and It is the Highest Goal for human life, and that is to return to God and be with Him for All Eternity.

There are so many examples that mankind can relate to, based on human intelligence, human behavior, human goals. These mankind should see as the foundation for reaching for Sainthood.

We hear some disagreements amongst many learned people regarding This Gift of The Father's Love, called '*The Miracle Of Saint Joseph*'. Somehow or other, mankind cannot see a Miracle bearing My Name being so Ultimate in Purpose, so Reasonable in Understanding, and so Important for every living human being to use All that is directed to be practiced, understood and shown, as an Important Factor for which human

life was created. Logic says The Father had Reason to create human life. Why would He not have a Great Goal for it?

We hear differences of opinions from those who will not accept This Great Gift of Divine Love, and their opinions are not just unreasonable, but they are illogical in context, format and formula.

As I speak through this *little one*, I speak with a Deep Love, a Divine Love, because so much can be accomplished when so much is for the good to be seen, to be practiced. Human life was designed to be returned to The Father. This should be obvious to mankind, because as it was spoken historically, We walked the earth as Examples for mankind to imitate, and to be able to associate human life with a Greater Goal.

It is important for mankind to be aware of This Gift of The Father's Love that bears My Name. We hear some say, 'Why would It be called "*The Miracle Of Saint Joseph*"?' Has it not been written that when I existed in a human form, I was The Foster Father of The Son of God? This Statement

**should have within it an audible understanding of Divine Power, Divine Love, because of the Manner in which The Holy Family came to be.**

**This Lesson of Divine Love should help the doubters, help the skeptics to see the reality of Divine Love in such a Masterful Design, to help all degrees of intelligence, all degrees of Spiritual understanding, to more fully understand that human life is not just a reflection of Divine Love, but is a reality of the closeness that human life has in the Divine Plan designed by The Father, giving to each human life a Soul, a Portion of Himself, giving to mankind a closeness to Him that nothing else has. So be it.”**

**JULY 25, 1997 AT 1:24 P.M.**

**SAINT ALPHONSUS LIGUORI**

**“Mankind, by nature, fears being in the presence of a volcanic explosion, eruption, because of the danger in which the lava flows so rapidly, in a power beyond what mankind can in any way relate to. First of all, in the eruption it spreads fear because of the enormous heat and volumes of lava that will destroy everything it comes in contact with. The world sees this occurrence as a natural phenomenon, and is aware of it occurring in specific places.**

**Today as I, Saint Alphonsus Liguori speak to you, I want you to visualize what I have said, and then look at another matter that is occurring with great danger, as if it could be compared to a volcanic explosion. That is the way mankind is destroying what is pure in the minds of millions of people throughout the world.**

**First of all, there are so many vile sins accepted that are as dangerous to the Souls of mankind as a volcanic**

explosion is to the lives of those who come in contact, or could come in contact with it. Immorality has, in many ways, not just a threatening, deafening, destructive force to the lives of millions of people, but the Souls of every individual that are touched by the vile manner of destruction to mankind in so many ways, involving the Soul in every one of these ways.

I could speak hours on this subject, but what I have just spoken is not just a Warning, not just an Alert, but helping in some way to get mankind to see what is occurring in such a volatile way, manner, degree, destroying the Souls of millions of people throughout the world.

Immorality is prevalent in all ages. It is acceptable by many thousands of people who at one time restricted their behavior to sound moral values, sound moral standards, fearing that they would die with a sin upon their Soul. What happened? There are so many excuses saying, blaming the time, and this is false. Mankind has allowed this to happen, due to the immorality that has become so prevalent in all ages accepting all acts, no matter how foul, how

**degrading, how unnatural they are to human behavior.**

**It is time that mankind awaken and see Truths, Values, and God's Commandments as the Guidelines for everyday living. So be it."**

JULY 27, 1997 AT 1:32 P.M.

SAINT ALPHONSUS LIGUORI

**“I am Saint Alphonsus Liguori.**

**The world has been Blessed beyond what mankind understands a Blessing to be. The Father has given to all of mankind, all religious beliefs, all backgrounds, a Personal Contact with Him through *one* such as they are in the human role.**

**Much has been taught to all ages through This Miracle, and It must spread throughout the world, allowing no race or language to be eliminated, ignored, or not seen as having a Soul to return to God at a given time.**

**The Soul is hidden from the sight of mankind, because It is of a Different Entity of Being that mankind is unable to see with the human eye.**

**This *little one* through whom We All speak is *a funnel* of Divine Love, and This Gift must never be allowed to be ignored. *The child* is always aware of everyone around where she is, but We also allow some of these to be attracted to where she is, so that**

**one day they will associate *the person* with ‘a time’ and ‘the written Words’.**

**The Father’s Love abounds for mankind through This Miracle of His Divine Love. Many must learn of This Miracle of Divine Closeness that man has to God at ‘this time’. So be it.”**

**JULY 27, 1997 AT 8:00 P.M.**

**“Proof of God’s Love for mankind was when He put His Son on earth as a human being.**

**Also, the Exceptional Love for mankind by obviously allowing Our Blessed Mother to be the human Example of the Importance of motherhood, and Saint Joseph as the father figure, for mankind to see the Importance of this precious Gift of fatherhood.**

**These Three Portions of Him, as Example to mankind of the Beauty of family life, were obviously a Gift of Divine Love.”**

**JULY 28, 1997 AT 1:25 P.M.**

**THE THIRTIETH ANNIVERSARY OF  
THE MIRACLE OF SAINT JOSEPH**

**OUR HEAVENLY MOTHER**

**“I am your Heavenly Mother.**

**The Father has given to mankind a Blessing beyond human understanding. It is sad when We hear individuals not be able to feel that The Father would give to mankind a Miracle of This Dimension, Personal in many ways, and yet of a Magnitude beyond human ability, human capability.**

**Mankind accepts a sunrise, even expects it; also, to some a full moon has a significance, a beauty, and gives to each one seeing it a feeling of a Power Existing beyond any human power.**

**I smile when I say the next thing: Mankind enjoys acts of magic because in them there is an unknown factor, and it is interesting because it causes one to think, and to try to figure out how an act occurred in front of them, and yet they did not see what made it happen.**

**The conception of a child is a Gift of Divine Love, because it is at the moment of conception that a Soul is placed within that will never be seen, never physically felt, but somewhere, somehow, at some time the individual, through conscience, will feel that what they are doing, saying, thinking, is obvious to Something within them, around them.**

**Mankind talks about human love, and it is evident in so many ways between human beings. What emanates from human love is endless in words that would describe it, because human love is a reflection of Divine Love. Divine Love is rarely spoken of, rarely thought about, even when an individual is praying. It seems so one-sided, but mankind should know, should believe, that every act, every thought, every emotion, every decision, has a close connection to Divine Love, Divine Will, because of the Soul that is a Portion of The Creator of All Things. Nothing is not seen from This Creator, for it is The Creator of All Things that holds all things in place.**

**This Gift of The Father's, called '*The Miracle Of Saint Joseph*', has many dimensions to It. It has given to the**

world so much Information, so many things to make an individual think more strictly, more understandably, about the Importance of human life, and the Protection each human life has from the moment of conception, and that is the Soul, a Portion of The Father, inconceivable to man's thinking, but a Promise from God Himself that as He created mankind to His Image and Likeness, He has placed within this life, each life, a Portion of Himself, to aid mankind morally, mentally, physically, spiritually, giving strength and preparing man to one day return to Him, a Saint.

It is sad to hear rejection of This Miracle of Divine Love, not just rejection sometimes, but absolute arrogance in a demonic way.

The world has been Blessed abundantly through This Gift of The Father's Love, called '*The Miracle Of Saint Joseph*', because you see, Saint Joseph has now become known for the True Part in which He Existed and Exists, and mankind must understand that Saint Joseph is truly The Holy Spirit of The Holy Trinity. So be it."

**JULY 30, 1997 AT 2:16 P.M.**

## **SAINT JOSEPH, THE HOLY SPIRIT**

**“I am Saint Joseph. All of Us speak openly at different times through This Precious Gift of The Father’s Love.**

**Many times it appears as though the Conversation, the Lecture, the Teaching, the Instruction is spoken in such a general terminology that the individuals listening find participation, understanding, and can associate with Our subject matter instantaneously, understanding that What is being spoken has an in-depth meaning, and in many ways has a practicality in Every Word, thus allowing the subject matter to be applicable to the present conditions of what is occurring in the lives of those present, and in the lives of many of those who stand outside This Miracle in faraway places.**

**The world has in many ways resisted obligations that gave to mankind hope, and a greater understanding of the importance of morality in everyday practices.**

**We have spoken much through this *little one* on the fact that at**

**this time there are so many immoral violations taking place, that mankind does not recognize as violations against their Spiritual feelings, practices, or are definitely against their moral judgments, moral standards.**

**When mankind hears the word ‘violation’, he or she applies it to a situation other than what he or she is involved in. Rarely would an individual feel it was against their Soul, because in so many ways mankind is naive on important subjects that in many ways are dangerous to their moral values, moral standards, moral concepts, moral behavior.**

**At the Introduction of This *Miracle Of The Beloved Saint Joseph*, We saw so many individuals enthused, encouraged to learn more, to hear more, because they felt a Tremendous Gift of Closeness to Divine Love, Divine Will. After some time, the enemy of God and man used every means possible to interfere with This Gift that was encouraging men, women and children to value to a greater degree, their Soul.**

**Mankind sometimes mistakes an opposition, resentful rejection**

**for being a natural thing to happen, thus ignoring the fact that the enemy of God and man forcefully will use every means to destroy the good that is happening, and will eventually use confusion, plus use highly intellectual human beings to use the power of their intellect to openly, forcefully, cause a discreditation to all that is good, morally sound.**

**I could speak hours on this subject because of the importance of it, but this is but an introduction for mankind to feel, and to begin to see that ‘violations’ are prevalent in every area of life, and they must be seen for what they are, because ‘violations’ are contemptible in their reasoning, and the enemy of God and man is a ‘prince of evil’ on this subject. So be it.”**

**AUGUST 1, 1997 AT 12:57 P.M.**

**SAINT ELIZABETH OF HUNGARY**

**“I am Saint Elizabeth of Hungary.**

**The Father’s Love for mankind is constantly being expressed through This Gift of His Divine Love, His Love through His Holy Spirit. The world has been given a Gift beyond what mankind could ever understand the Magnitude of. This Gift is a Gift of Teaching, of Instruction, based on God’s Love for mankind, and the Importance of the Soul that each human being is the custodian of. No other living thing has a Blessing of this Magnitude, this Purpose.**

**It is sad to see mankind not fully understand what a Great Gift human life is, and the responsibilities that are to give to mankind a fuller understanding that human life has a Goal above and beyond all living matter and things.**

**When All of Us Saints Here with The Father watch diligently the Perfection of so much that He is allowing to be instructed, We automatically reflect Our Thanks, Our**

**Love, Our Hope in each Revelation, Each of Us trying to encourage mankind to more fully understand what a Treasured Gift of Divine Love human life is to man.**

**We see children of all ages not being instructed on the importance of what they say, what they do, what they practice, and what they project to others, not only their age, but all ages that they come in contact with.**

**When We hear rejection of This Gift of The Father's Love, This Miracle that constantly gives to all ages the Importance of human life, and that it was purposely structured in a specific way, being the only living thing that has a Portion of The Father within it, We hear some try to debate This Statement, because they feel that other living things could possibly be as important as mankind.**

**Every living thing has an importance to it and everything has a reason for it, but human life has a distinction in its ability to understand that there is a Supreme Being, and that human life has a Goal beyond all other living things. Some individuals attach goals only to the physical or mental,**

**because they do not understand that human life has been endowed with a Soul, unseen, never really felt, but is obviously there because of the innate understanding that a human being has that there is More to human life than appears on the surface.**

**With each Message mankind receives through This Miracle of Divine Love, there are multiple Blessings in the Information, helping mankind to more fully understand that human life has a Purpose, a Goal above all other living things. Do not forget, human life has the freedom of a will, the ability to express intentions; also, the conscious understanding of many areas in life wherein they, as an individual, can use a mentality to do so many things.**

**The mentality of human life is a Gift that should never be wasted, and mankind must understand that the Soul, like mentality, is not visual to the eye, but it is to the conscience, to the memory, to the mind. So be it.”**

### SAINT SEBASTIAN

**“I am Saint Sebastian. As We Saints watch many men, women, and even some older children read What Many of Us Here have spoken, We listen to their determinations and what they feel applies to their lives as an individual Source of Communication.**

**It is sad to see mankind ignore the reality, even the possibility that The Father would be in contact with man. There are many means of contact from Him and from All of Us Here. Sometimes it is an Alert in some form, sometimes an individual feels a Suggestion to change their mind on something. Sometimes it is to encourage an individual to do something that they feel reticent to do, and of course, reticent as to its value to them at that time.**

**The world has been given a Miracle of Communication, so much being dictated verbally, allowing mankind to be able to write the Words, read the Words, see the Value in the Message. Granted, some Messages**

from Here are meant for particular individuals to think about, especially when They are pointed on a given subject, for a given reason.

This Time in the History of mankind was designed a long time ago, and it is sad to see, to hear what some individuals try to ignore, try to reject, because they cannot believe that a Communication of This Greatness, This Simplicity, could be happening through *one* such as they are, human, with particular abilities, but not in the eyes of all individuals, different than everyone else.

The Father has Blessed mankind many times, in many ways, all down through time, and 'this time' is no different than other times. There were those who accepted What they heard, What they were told, What they read, and then there were those who said, 'It cannot be so; God would not do it this way.'

It is sad for Us to hear this statement, because no human being is an authority on The Creator of All Things. If they were, it would be a Great Miracle, because you see, there is Only One Creator. Mankind expects

**This Creator to be what the human mind can design such an Ultimate Being to be, but no human mind has the capacity, the capability to be able to fully understand the Magnitude of The Creator of All Things.**

**In the human way mankind looks for goals, achievements, benefits, and knowledge to be able to see things in their full measure, full capacity, beyond what it all appears to be.**

**Today as I speak, I speak because it is The Father's Will I speak. The Father Wills mankind to see what a Precious Gift human life is, and that mankind should understand, as it is innate in nature, in desire, in hopes, in dreams, to be successful, to find happiness, to understand more indepthly, it is a Gift of Divine Love, beyond what mankind allows himself or herself to recognize as a Gift of Encouragement, Hope, Love.**

**I could speak endlessly on this subject, but mankind has limitations of being able to write, read, and even tolerate so much Divine Love, Divine Hope, while in the human state of living.**

**My Words are Words of a deep Love for humanity, because humanity is a Creation of Love from The Creator of All Things. So be it.”**

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother.**

**The time has come for all of mankind to be fully aware that human life is a Gift of Divine Love and not superior to Divine Love. Divine Love is a Gift of Protection in many ways, because through This Degree of Love there is a Security, a Hope, an Ideal and a Goal. Without this, human life would be like all other living things, living matter.**

**Children are not being taught nor properly instructed on the Importance of human life and the Reason for which it was created. Human life has been given so many Gifts, making human life different than any other living thing.**

**Man’s intellect is so diversified, so capable of so many beautiful subjects, other subjects that have a distinction in each of them, the ability to learn so many things about the world and all there is available to mankind to work with and be able**

to find so much adventure in so many areas, so many unseen places.

**The Father has given to mankind This Gift that bears the Name of The Beloved Saint Joseph. Logic tells mankind that as He walked as man, He was different than any other living human being. First of all, He was not just human, but The Holy Spirit acting as a human being amidst mankind, so that mankind would have an Example of dignity, and of the need for mankind to see and accept responsibilities.**

**The Father, in His Design of human life, gave to human life The Holy Family at a time when it was important, because The Father intentionally designed mankind to understand that human life was Special to Him, and was to return to Him in a Manner, a Form to be recognized as the individual, at a later time.**

**We hear mankind oftentimes ignore the Greatness of what human life was designed for, and that in human life there is a Gift of Divine Love, supporting what mankind was designed to return to, and that, of course, is for each living human being**

**to return to God the Soul that is placed at the moment of conception.**

**The Generosity of The Father was and is evident in the understanding of The Holy Family's life on earth. He gave to human beings a Family to imitate, a Family to see as being so close to Him that there could be no doubt that They were 'Portions of Him', and in His Design of human life, He placed a Portion of Himself, and called It 'a Soul'.**

**Mankind knows right from wrong, good from evil, purity from impurity, responsibility from irresponsibility. Mankind innately reaches for goals in the human way. Does not logic say that human life would have a Goal, and this Goal would be a Goal designed by The Father for All Eternity?**

**Every Saint in Heaven enjoys participating in This Blessing that bears the Name of The Beloved Saint Joseph, because It is a Gift of Divine Love, instructing mankind on the Importance of the Goal for which life was created: to return to God the Soul."**

AUGUST 5, 1997 AT 1:17 P.M.

**SAINT TERESA OF AVILA**

**“I am Saint Teresa of Avila. Many of Us Saints are working diligently to spread to the world of mankind The Father’s Gift of His Divine Love. This Gift is for the benefit of millions and millions and millions and millions and millions of Souls, to one day return to The Father in the Beauty that They were first given to an individual, to one day represent that individual at the Feet of The Father.**

**Mankind says, ‘I believe this, I believe that, I believe in the power of the human mind, the power of man’s abilities.’ These very same individuals ignore Where these abilities came from, and the reason for which they were given. Mankind oftentimes relates to other human beings in a way that has a superiority in it, egotism, and a lack of self-discipline.**

**When The Father created mankind it was for a Specific Reason, and that was a Divine Gift of His Love, because within human life He placed a Portion of Himself, difficult**

for many to believe, impossible for many to understand, but Faith in the True Presence of The Divine should be enough for every living human being to see that beyond human life, logic says there is a Greater Living Giver of human life.

We see so many children not being instructed properly on the Truths of Divine Love, Divine Guidance. Humanism has taken over once again throughout the world. It is sad when We see it, because though there are many so-called 'knowledgeable individuals' claiming great gifts of Divine origin, this is not true.

Many practice ways to draw attention to themselves, and they use what they term 'supernatural powers' to give them this distinction. Much of what they say is based on their own determination in how to get attention, how to be important, how to get others to look upon them as special.

This Gift of Divine Love The Father has passed to the world is a Gift of Instruction and Protection, because in All that is spoken there is Direction that is logical, has Hope in It, and encourages mankind to look to

**The Divine and not use human praise as a media of direction.**

**The world has been Blessed, and it is sad to see so many envious of ‘the place’ in which so much Direction has been directed to be what mankind must use to learn more about the Importance of human life, and the Goal that awaits every living human being, from the moment of conception to the time the Soul stands before The Father for Judgment Time.**

**Blessings abound through the Faith that is encouraged, because mankind has the ability to fully understand the logic in Divine Love being Superior to human love. The Blessings in This Gift of The Father’s Love constantly instruct all who read What is written.**

**Be aware of the Soul you have within you. It is to be returned in a Pure State of Divine Love. So be it.”**

AUGUST 5, 1997 AT 3:16 P.M.

### SAINT CHARLES BORROMEIO

**“I am Saint Charles Borromeo. As I speak it is My Love for mankind, that mankind will do The Father’s Will according to the full meaning of His Commandments. In so many ways, in so many places, These Commandments are being ignored, broken, forgotten. Sometimes there is much sadness when We see The Beloved Heavenly Mother show sorrow because of so much rejection of obedience to These Commandments.**

**Mankind automatically desires to have all that is good around him or her, all that is beautiful, comfortable. Physical things are important to mankind, but We see thousands upon thousands daily ignoring morality, ignoring the Fact that each individual is responsible for a Soul that is placed at the moment of conception.**

**Without this Soul, mankind would not have the sensitivity to understand right over wrong, good over evil. The human mind would not have the full concept regarding**

**the importance of all decisions an individual makes, because the Soul is an Innate Gift to every human being, allowing every human being to understand, to recognize immediately what is pure, what is impure, what is right, what is wrong.**

**Every human being has the privilege, the free will instilled at the moment of conception, to be more than any other living thing, because of the Soul that is That Portion of giving to each human being an in-depth understanding that human life has obligations, because of the freedom of will that, through the Soul, is a Gift of Divine Love that nothing else has.**

**Children of very young ages should be instructed on this privilege of human life that they are responsible for and to, because it is in the privilege of using their free will that their Soul will be Judged at a given time by The Creator of All Things.**

**It is difficult for some men, women and children to fathom the Magnitude of human life, because they deliberately ignore that human life has a Distinctness beyond all other living things. The free will is in many ways,**

**consistently and constantly conscious through the mind of the individual, of right, wrong, truth and untruths, justice and injustices.**

**I speak These Words because at this time mankind is ignoring God's Commandments, openly saying that They were of the past, and that now in the world of modernization things have changed, there are more liberties acceptable. This is not so. So be it."**

**AUGUST 6, 1997 AT 1:20 P.M.**

**SAINT JOHN OF THE CROSS**

**“I am Saint John of The Cross. My Title is important to Me because whenever I hear it spoken, I feel that the individual loves The Father intensely.**

**At this time in the world, mankind is not in full understanding of the Importance of the Soul and the Greatness in True Christianity. There are so many diversified opinions on the Importance of the Spiritual Portion of human life. We hear some say, ‘Perhaps I am negligent spiritually because I have not been instructed properly.’ This, of course, is not always true.**

**Mankind in so many ways has sensitivities: physical, mental, moral, and individuals very often are very adept at making excuses for their offenses against morality, also their offenses against denial of The Father’s Commandments.**

**Sometimes We see individuals attach The Commandments of God to Moses as a human being, because they cannot fathom, or even imagine that a**

human man as Moses was, could have this Oneness in Communication with The God of All Things.

We hear many individuals prescribe for others prayer, but they themselves rarely, if ever, connect prayer to their own lives. The act of telling someone else to pray, many times avoids becoming an instrument of caring to the other individual, an instrument of help, an instrument of perhaps some sacrifice of time, or something material.

I speak through *a small individual* and I speak Words of Direction put into a capsule form, because if I were to speak as indepthly as I would like to, it would be hours, days, weeks, with no end.

It is important for mankind of all degrees of mentality, of Spiritual understanding, to read All that has been delivered through This Miracle of Divine Love, because so much Instruction, Direction, has been delivered in degrees understandable to men, women and children of all walks of life, all degrees of love for The Father, and all degrees of understanding the Purpose, the Greatness,

**the Privilege, the Goal for which human life was created. So be it.”**

AUGUST 6, 1997 AT 1:45 P.M.

SAINT THOMAS AQUINAS

**“I am Saint Thomas Aquinas.**

**The world at this time is considered a world modernized, because of so many changes in man’s way of doing things; also, the advancement of so many inventions, giving to mankind the privilege of delving into greater scientific benefits, but I add here: also dangerous.**

**As I look at a child praying, I watch the innocence. I listen to the simplicity, also the dependence of the words that are expected to be answered according to the individual’s hopes.**

**There have been many times, thousands of years ago, that mankind was Blessed with much intelligence, and many ways to handle the knowledge they had, beneficial to the time in which they lived. In many ways mankind has not changed morally; in fact, one could call it ‘a time of secrecy’ that so much was not revealed publicly, due to the fact that mankind found that certain things were not morally acceptable, but that did not**

stop them from practicing what was immoral. To put it in man's terms, 'much was put in a closet, a cabinet, a container'.

You live in a time worse than Sodom and Gomorrah, a time of moral pressures, because of the liberalism that so many men, women, and even some children qualify greatly in accepting.

Let us, you and I, look at the world as it is. We see mankind of all degrees of intelligence, many degrees of personalities, natures, characteristics, talents, ideals, ideas, practices. The Father did not make every man, woman and child exactly alike. He instills into mankind a nature, and the ability to learn in many areas, many things. The very fact that The Father created mankind with the same features, same design, but even in those who are suspected of being exactly alike, there is some difference somewhere, some way.

The Father has given This Gift of The Father's Love, This Miracle of Divine Love, to all of mankind, not one special group, nationality, or religion. This Miracle has been given

**to the world for all races, all colors, all creeds, because all of mankind is, are, and always will be, created by The Father.**

**The Seed of Life is a Seed of Love. The Seed of Life has a Goal to it that is not always recognized as Special, as Ultimate, because human life has a Soul that nothing else has. It is the Father's Connection to human life, giving to human life the Promise of a Goal that nothing else has the ability to reach.**

**Mankind has been Blessed with a mind, a sense of right and wrong, a sense of communication openly, a sense of adjustment, a sense of judgment, a sense of value, and each human being reflects what man calls 'personality'. This has also been a Great Gift because it individualized human life in a manner and a degree different than any other living thing.**

**The Father at different times appointed 'individuals' for specific tasks to be accomplished. Some carried them out, some did not, but in the long run, the Value of human life has remained, because human life has**

**a Distinctness in it above all other living things, and that is the Soul.**

**Granted, no one sees their Soul or the Soul of another individual, but the Soul of every living human being is present, and The Father is in constant communication with every Soul, no matter what the conditions are. Every individual is accountable to God for every act of obedience, and every act of disobedience to a very important factor of life, and that is the actions that an individual performs that are moral, and those that are immoral. The Soul is the benefactor. The Soul is the recipient. The Soul is what will be That Part of each human life that will be Judged according to what the individual practiced during that lifetime.**

**I could speak on and on about the Importance of the Creation of human life and the Goal The Father has for it. My Love for you and all who will read My Words, I say: ‘Protect your Soul. It is the Connection between you and The Creator of All Things. It is the recipient of the Judgment of all you have accomplished in the human way.’ So be it.”**

AUGUST 8, 1997 AT 12:45 P.M.

**SAINT ALPHONSUS LIGUORI**

**“I am Saint Alphonsus Liguori. It would be difficult for even the most learned theologian to understand This Great Miracle of The Father’s Love, wherein He allows so Many of Us to be present at one time, and then directs One to speak.**

**It is important that mankind understand that mankind is not alone in the world; for every human life there is a Soul that is a Portion of The Father. This Soul is in the conscience, in the mentality, of course, and in every act, every thought, every move that an individual does. Human life is different than all other living things because of this Soul that is so closely associated with The Creator of All Things.**

**Mankind is capable of so many things. The mentality of mankind is capable of using the mentality to accomplish things that are obviously difficult, critical, and even unlikely to be understood.**

**The Father has given to mankind a Soul, and this Soul is aware every moment of every day, what an individual thinks, speaks, does. In this Gift of the Father's Love, there is a Great Importance that is not seen. The Soul is more than a Companion; It is a recipient in every moment of every day, of what an individual takes part in, encourages others to do, and is example of.**

**Man says, 'I have the senses to lean on.' Think about this when something happens to one of the senses. An individual wants help immediately, because he or she knows that the body is in need of the use of the sense that is absent.**

**Let us take now, all of mankind, and all Souls are removed at one time from every human being throughout the world. What would life be like? Wouldn't logic, conscience, sensitivity, understanding, and the ability to make decisions right or wrong, good or evil be in a quandary, because there would be no help in this area of thinking, of actions, of doing? What I am saying might sound confusing, but it is far from confusing.**

**M**ankind takes for granted so much of what life is all about, what is right, what is necessary, what gives balance to daily living. From the beginning of time it has always been important that mankind have the privilege of the freedom of the will to make decisions, above and beyond what others are forcing an individual to do. We hear those who are imprisoned and under the direction of those in charge. The freedom of their wills has been stripped from their actions in life. This is indeed a punishment beyond what is tolerable to man, because it victimizes the mentality, the physical, and then the moral standards, values, practices.

**M**ankind says, 'I want freedom to do what I want to do, to think what I want to think.' This is natural in concept, but mankind must understand that no matter what the conditions are that he or she is surrounded with, or by, there is a Soul within them that is a Portion of God, and that Soul is to return to God.

**T**he Father has given to the world This Miracle of constantly instructing on the Importance of human life, and that it consists of a Loving Gift of

**Divine Love, the Soul that is a Portion of God Himself.**

**We hear men, women and children talking about their heritage. Some are very proud, some are indifferent, some automatically take it for granted. If a human association is so important to most men, women and children, should not the Soul be thought about as the Greatest Thing that human life can have, because It is a Portion of God?**

**Children should be taught about this Important Part of their being, and that It has a responsibility attached to It, a responsibility to return the Soul to God in a Pure State. That is why it is important that children learn the values in moral thinking, moral actions, and deny any act, refuse any act, that causes an impurity in the Soul.**

**We teach, We instruct, We alert in so many ways, through Our time in This Gift of The Father's Love that bears the Name of the Beloved Holy Spirit of God, humanly named 'Saint Joseph'.**

**The time has come for mankind of all ages, all cultures, all degrees of mentality to see and to value what a**

**Precious Gift human life is, because it has a Soul that is to one day be returned to The Father with the Title 'Saint' attached to the name of the individual with whom this Soul was a Special Portion of, during the life of the individual. So be it."**

AUGUST 8, 1997 AT 1:30 P.M.

**SAINT MARY MAGDALENE**

**“I am Saint Mary Magdalene.**

**It is important that mankind fully understand what a privilege human life is, because human life prepares mankind for a Life Greater than human life is.**

**The Father, in creating mankind, had a Purpose. The Purpose, of course, has many facets to it, too many to mention at this time, but it is important for mankind to recognize that Divine Love is in every birth of a human being.**

**At the moment of conception a Soul is evident to All of Us, and the Soul, in many ways, is celebrated Here, because We know that the Soul’s Destination is to return to The Father and remain with Him Forever and Ever and Ever.**

**The main Reason for This Great Gift of Divine Love, called ‘*The Miracle Of Saint Joseph*’, is to instruct mankind on the Importance of human life, and the Reason for which it was**

created. Mankind imitates this Divine Love when man practices purity of mind, of thought, of actions, of deeds, and the Soul of the individual at that time constantly thanks The Father, because the Soul is the recipient of all that an individual does.

Mankind must understand that the Stories that have preceded This Miracle regarding the Fact that there is a Heaven, there is a Purgatory, there is a Hell, must in many ways, assure mankind of the importance of their actions, their thoughts, their deeds, their motives, because all things are indelibly marked on the Soul of each individual.

The Father has given to mankind the freedom of a will. This, of course, covers every act an individual performs physically, mentally, morally, so mankind is consistently working with all things that pertain to what is right, what is wrong, and the Soul is the recipient of all the conclusions that mankind arrives at.

Children should be instructed on this important subject, because for the most part, children relate only to the immediate response of those in

**charge. The whole responsibility of their actions is not dwelled on, or are they instructed properly on the Fact that their Soul is the recipient of all they do, they think, they practice. The 'will' must be stressed to them, and the proper use of it, and the importance of it, because through the will their decisions can cause them punishment or praise, rejection or help, but it is also important for them to understand that their Soul is the recipient of the results of all they do.**

**Teach the young the importance of right over wrong, good over evil. Do it in a way that they will feel the strength, the importance, the obligation that decision incurs at all times. So be it."**

AUGUST 11, 1997 AT 2:13 P.M.

## SAINT JOHN OF THE CROSS

**“I am Saint John of The Cross.**

**There is so much for mankind to learn about and to be able to practice in daily life, because of the Soul that mankind is the custodian of.**

**It is true, mankind for the most part is well-read on many subjects, in many areas, but if a questionnaire was given, asking each individual what in their life took precedence over all other things, most of the answers would be shocking. Many would say, ‘Financial security,’ because so much of their thinking is based on what they can afford financially, what they want to have that only an exceptional amount of money could give them. Also, many would say, ‘I say financial gain, because without it I would not have the care for my health.’ It is an important part of human life today, to be able to pay for the services of those who are educated in the field of medicine.**

**We also hear many individuals, all ages, desiring to be more highly**

educated, whether it be to feel that education would be fulfilling or more financially profitable. Many pray for success. Each phase of success, or each type of success oftentimes involves being successful in the eyes of other people, or being financially successful to be able to have whatever an individual wants.

**Ask yourself:** When was the last time you heard an individual openly say, 'I want to be a Saint so that I can work for God, helping others to reach for Sainthood'? The number in this category is far, far, far less than any other category of success. Many men, women, and even children, sincerely feel that the greatest thing that can happen is to be extremely financially wealthy. If you were to ask them individually why this would be so important, you would find their answers many times very weak, selfish, or full of a desire to have power over others, control over others.

**The Father has given to mankind so much for each human being to be wealthy and to reach the Goal for which life was created: Wealth, in a Form, a Condition that supersedes**

**all other avenues, means of being extremely wealthy.**

**The Foundation for such Wealth is obvious, because the Foundation was given to a man a long time ago. His name was ‘Moses’. He was given the full meaning of what every human being should practice daily, basically and utmost, of course, is for the benefit of every individual’s Soul, but through the obedience of These Commandments, life would be full of justice, kindness, hope, goodness, love, and many other goals that mankind innately enjoys, and feels strong when he or she feels the strength of obedience, in their fullest degree, to The Father’s Commandments.**

**Very little is being instructed, or structured around this Great Gift of Divine Love. Each Commandment, in Its full delivery to Moses, has so much in-depth Love, Hope, Reason and Goal for the benefit of the Soul that is given to every human being at the moment of conception.**

**Sometimes We hear those who are in the vocation of instructing others, use every topic that’s comfortable to them, ignoring the Foundation of**

**what The Commandments of God to Moses really were: the Foundation for all ages. It is sad when We hear Them memorized in such a concise way. There was no need for this conciseness if you but look at the mentality The Father put into human life, the ability to memorize and to consciously express the meaning of the memorization, especially when it had so much good in it, responsibility of importance.**

**Mankind has cheated himself and herself in so many ways by not looking at the in-depth Value and the full meaning of Every Commandment The Father gave to Moses. Mankind automatically has the habit of cutting short names of other people, important subject matters that should be spoken in detail, rather than making them easier for the other individual or individuals by ignoring major points, and just giving key words. The so-called 'Key Words' of God's Commandments omit Their full meaning, thus opening many wrong doors to the habits, the manners, the knowledge, the abilities, the concerns of mankind of all races, all colors, all creeds.**

**The Full Concept of God's Commandments cover pages, but**

**mankind, in ignoring the Greatness of These Commandments, is ultimately ignoring God. This must cease. The Commandments of God are to be handed throughout the world in ‘Their fullest measure of meaning’, because These Commandments were not given for one race, one color, one degree of intelligence, but for all of mankind, for all time, not just the period of time that They were first delivered. So be it.”**

AUGUST 12, 1997 AT 1:50 P.M.

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother.**

**The Reason for This Beautiful Gift of His Divine Love through a *small voice*, is a Gift to give to mankind more understanding, a fuller degree of the Importance of human life, and the Goal for which it was created. There are millions of men, women, and children of all Faiths, all backgrounds, throughout the world, that need to know of This Precious Gift of His Personal Love for mankind.**

**Right now there are many diabolical actions being practiced by so many men, women, all ages of life, all degrees of intelligence. The Father sees all things that are occurring, and it is a great sadness to Him when He knows that in the Gift of choice to mankind, in the Gift of understanding right and wrong, mankind is ignoring what a Precious Gift of Divine Love these things are.**

**As mothers read These Words, it is instinctive in them, innate in them to want their children, and others’**

**children, to look at what a Precious Gift human life is, and the Goal for which it was created.**

**In the time you live, there are many who are expounding on their interpretation of what is spiritually sound, spirituality in the manner The Father designed it to be.**

**Mankind has been Blessed in so many ways through This Gift that bears the Name of The Beloved Saint Joseph, Who, it has been Revealed through This Gift, that He is The Holy Spirit of The Father.**

**Human rejection of This Fact does not make what an individual thinks to be true, because it is difficult for mankind to understand such Phenomena as This Miracle has addressed in so many ways, for so many men, women and children who practice all different ways, means of spirituality.**

**The world must be saturated with All that has been delivered, and allow no one to be a door that will not bend, a doorway that will allow nothing to enter because, do not forget, millions of Souls are to be protected and saved through This Gift of The Father's**

**Love that The Beloved Holy Spirit is in charge of, The Protector of, for all races, all colors, all creeds. So be it.”**

AUGUST 15, 1997 AT 1:25 P.M.

## SAINT MARTHA

**“I am Saint Martha.**

**As All of Us Saints listen to mankind’s interpretations, requests, on so many subjects, for so many things, We understand each one’s manner of thinking, ability to understand, because of their backgrounds that are so different in concept. Mankind would say to This Statement, ‘It helps life to be more interesting when there are so many versions of topics, of conversations.’**

**I move in closer to *the little one* through whom I speak. My Message to mankind on this day is to be aware of what a Treasured Gift human life is, and the importance of what the obligations consist of regarding mental interpretations, visual associations, and conversational descriptions of the importance of morality over immorality, decency over indecency, justice over injustice, love over hate, truth over untruth, decisions based on sound moral values, sound**

**moral standards, rejecting all that is opposite.**

**Mankind must understand that he or she is not alone in the world, because the Soul is a constant Companion that never leaves the body of any individual until The Father Decrees it to be.**

**You live in a time where mankind, of all ages, places much emphasis on being educated in different fields of knowledge, different fields of practice, different fields of belief in Almighty God. There is much confusion on this Fact, much dissension, much egotism, more so than on any other issue in life.**

**It is sad to say These Words, because this Portion of life is the Most Important Issue for mankind to fully understand, because of the Soul that is in each human being. We see many individuals stand in control of groups, large and small, supposedly as the one knowledgeable in the field of Spiritual strengths, and the goals for which life was created.**

**It is time that mankind awaken to Values in What is spoken, What is directed to be important for mankind**

**to value the Soul that is within, that cannot be seen, cannot be felt, but mankind must remember that the ability to judge right over wrong, truth over untruth, is what mankind should see, understand as a Gift of Divine Love, a Gift of discernment that no other living thing has. So be it.”**

AUGUST 18, 1997 AT 1:17 P.M.

## OUR HEAVENLY MOTHER

**“I have Many Titles, and Each Title I love, because Each Title uses My Name that a child associates certain of My Titles to be connected with. A few: ‘Our Heavenly Mother’, ‘Blessed Mother’, ‘Queen of Heaven’, ‘Queen of All Souls’. I could go on and on, because these Titles call My Attention to an individual, and many times for an individual personal reason. I do respond immediately, perhaps not always felt immediately by the individual who calls My Name.**

**It is important for mankind to understand that The Father has allowed so much to be known regarding Who He Is, What His Son is All About, What I am All About, and What The Beloved Saint Joseph Is, in Closeness to Him, which is now being handed to the world in Its fullness, and that is telling mankind that ‘Saint Joseph is The Holy Spirit of God’.**

**For many years His Title was ‘The Saint attached to the workers’. We smile at this, because The Holy**

**Spirit of God works endlessly to all who are in need, and all who believe of the Existence of God, and Those of Us Who are with Him constantly.**

**Love to mankind is personal, and has responsibility. Love to mankind says that one or more feels within that individual, strength, courage, help, a personal association.**

**This Miracle of Divine Love The Father has given to the world of mankind, all races, all colors, all creeds, is a Miracle that mankind must see as what man would term 'The Second Coming of Christ to the world', but It is even more than mankind can perceive what 'The Second Coming' meant to those who were told of It.**

**When We see so much ugliness, sinfulness, hate, envy, immorality, in every phase that pleases only satan, and affects the Soul of every individual involved, or are victims of it, has spread throughout the world, not in one facet of human life, but in all facets of human life, all degrees of intelligence, and in all manner of belief in God.**

**Children are not being instructed properly. So much is being left up to**

them, to imitate what they see, what is available to them to learn. There is very little moral protection for children. We even hear some older ones say that strict morals were for those in the past: 'We live in a modern world, modern time, a time of great progress in so many areas. We live in a world of advancement. We live in a world that is freer regarding what is right, what is wrong. It's up to the individual and how they perform, based on their intentions, their upbringing, their background, their way of life.' My, what foolishness in these determinations.

The Father has given to mankind a Gift, called '*The Miracle Of Saint Joseph*'. Logic says that This Miracle of so much Instruction was correctly placed in the Hands of The Man Who is First, The Holy Spirit of God, and then is known as 'The Father of The Son of God'. Logic says His Purity was renowned then, and is obvious now. So much has been delivered through This Miracle that bears His Name. It has never been so clearly put before this time.

It is sad when We hear rejection of This Precious Gift of Divine Love,

**because rejection is just weak denial of wanting to face such Valuable Truths, Guidance, Direction, Instruction, and Hope.**

**As I speak, I speak with a Mother's Love, and I speak with encouragement for all of mankind, no matter what race, what color, what creed, what degree of intelligence he or she has been Blessed with.**

**Mankind must see This Miracle of Divine Love as a Gift beyond what mankind can understand the Magnitude of a Gift to be, and mankind must stop diminishing What This Gift stands For, What It is instructing because of the Soul that each human being is the custodian of, and has the responsibility to return that Soul to God in a State of Purity.**

**There are no excuses acceptable for denial of This Gift of Divine Love. So be it."**

SAINT STANISLAUS

**“I am Saint Stanislaus.**

**Today, as I look at mankind in all areas of abilities, talents, I see so much waste, due to the fact that mankind ignores some very important facets of the Gift that many have been endowed with since birth.**

**There are so many distractions in life, and it is sad to see so many ignore beneficial places, talents, that would benefit them morally, mentally, psychologically, spiritually. It is also sad to see individuals be attracted to what they feel that others are capable of doing, and they ignore what they are capable of doing, that in value is superior to what they are admiring in someone else.**

**Men, women and children look in the mirror, and they see only what is evident physically, thus ignoring the importance and the benefits of what they are mentally capable of accomplishing. Also, the mirror does not show to them their Soul, and oftentimes We try to encourage**

them, silently of course, to look at themselves as God sees them, not just as they see themselves or others see them. A mirror has many benefits, because it allows an individual to see what their physical appearance shows to others, but today I ask each one who will read My Words to remember, that as a mirror reflects the physical, God's Love is ever aware of what each Soul looks like at that particular time.

**M**ost men, women and children never think of the Soul, because they feel and see and understand that the Soul is not evident, and that only their physical is what counts. This, of course, must change. The Father is fully aware of what each one's Soul looks like every moment of every day, because the Soul is a Portion of Him, and everything that reflects in an individual's Soul touches Him in a way, in a manner, not understandable to man's mentality, but nevertheless, it is a Fact.

**W**hen an individual says a prayer silently, asking for a favor, he or she feels that they are in contact immediately, and they are being heard for whatever they are in need of, or desiring help for. Think about this,

and see the rational understanding that man has with The Divine every moment of every day. Then does it not sound reasonable that if this communication is so immediate, would not God be aware of the condition of an individual's Soul at all times? The connection is obvious, the realization obvious. As man says, 'Logic speaks for itself.'

We hear a short prayer. Sometimes it is just a plea for a small item, a small favor. Other times it is heard with a desperation, a begging for something good to happen, to be accomplished. All prayers are heard, because as man communicates with man, man does not always get an immediate reply, but every plea to God, every prayer, every request is heard, and is answered in the manner The Father decrees to be best at that time.

Faith in God is a Gift of Divine Love, and those who feel they do not have it, miss so much in Companionship, in Hope. Mankind must learn that at the moment of conception every human being has a Closeness with God that no other living thing has.

**The Father, in creating human life, instilled into each human life Something of Himself, giving to mankind the desire that nothing else has, and that is to live Forever in a Greater State of Being. Mankind must remember the fear of being lost is a natural feeling. Remember every day to apply this to your life, through your Soul that is a Portion of God.**

**Human beings have so many things to be thankful for. Abilities abound in every human life. Even when they are not seen, they are there to be used in some form, some manner, some way, some degree. Mankind, in the design The Father so generously gave, was to give mankind sight, hearing, motions, the ability to think, to learn, to practice in many areas physical aspects; also, to be able to use all that an individual has, to return to God in a state wherein the Soul is not just the Communication, but the Representative of the individual when the time comes.**

**This Miracle has instructed mankind in so many Personal Ways on the Beauty of What man has that is Part of God. Mankind often forgets, or ignores, or rejects the Personal**

**Communication that he or she always has with The Holy Trinity. The Soul, though an individual cannot hear It, many times influences the individual to choose what is best, and the individual takes all the credit. This, of course, is in The Father's Plan, giving to mankind the ability of decision, the ability to choose.**

**So many Blessings abound through The Gift The Father has given to mankind, in so many Personal Instructions, allowing so Many Saints to speak in Their manner or style of understanding human life. Every Message delivered is an Open Blessing to remind mankind that God is Ever Present, and every human being has a Portion of Him within them. So be it."**

## SAINT JOHN OF THE CROSS

**“I am Saint John of The Cross.**

**The Father has given to mankind a Gift of His Divine Love that is beyond any gift mankind could ever receive, because in This Gift there is an Audible Instruction with Each One Who speaks, from Each One Who speaks.**

**This Gift of Divine Love will only terminate when The Father Decrees that time to be, because in The Father’s Love for mankind, He is allowing, directing Many to speak in a manner understandable, so that at This Time in the History of mankind, mankind is capable of hearing Messages of Direction, Encouragement, Hope, helping mankind to more fully understand what a Precious Gift human life is.**

**Because of this Fact, The Father gave to mankind a Human Son for mankind to be able to relate to, and more fully understand what a closeness man has to God, and that human life has an Importance, due to**

**the Soul that is placed at the moment of conception.**

**This Soul must be understood by all races, all colors, all creeds, as a Portion of every human life, because The Father, in His Design of human life, gave it a Special Purpose, and that Purpose was and is, that a Portion of the individual life will return to God for All Time. This Fact is not being instructed upon, or is it being spoken about.**

**Mankind must know that human life was Divinely Designed to return to The Father for All Time. In human life so much was placed and is placed, giving to mankind the sense of touch, the sense of sight, the ability to learn many things. Mankind was Blessed abundantly, because The Father gave and gives to mankind a Portion of Himself, called 'a Soul'. This Gift of Divine Love is evident in the obvious understanding human life has of good over evil, right over wrong, love over hate, security over insecurity, and many other Gifts of association that no other living thing possesses.**

**So little is being instructed in the proper manner on the Importance**

**of human life, the dignity that The Father Wills it to be used in, stand for, and be seen, because human life is above all other living things.**

**This Gift of The Father's, This Gift in the Name of The Beloved Saint Joseph, is truly The Greatest Gift mankind can receive, because This Gift is instructing mankind on what a Valuable Gift of Divine Love human life is.**

**We hear mankind say, 'I have a free will.' Yes, mankind has a free will, but many times the free will is not just stifled because of a wrongdoing, but extracted because of a wrongdoing, not taken away by God but by other men. It's called 'the law' in man's perception of what human life must abide by. There are so many things that mankind must see as responsibilities that no other living matter or thing is responsible for.**

**I could speak hours on this subject, but logic says We must take one step at a time, and that step is to make mankind aware that human life has been gifted with the knowledge of right and wrong, and that human life has a Goal for the Soul that was placed**

**at the moment of conception, and that Soul is a Portion of The Father that no other living thing has. So be it.”**

## SAINT COLUMBKILLE

**“I am Saint Columbkille. So Many of Us speak through This Gift of The Father’s, This Miracle that to mankind is a Gift of Divine Love.**

**Children of all ages are not being instructed on the Importance, the Value of human life. Mankind takes all things for granted, all things in stride, ignoring the importance of every thought, every word, every action, every accomplishment, every endeavor, every time of prayer that should allow mankind, encourage mankind to concentrate on The Divine and allow no distractions, so that the communication is not tampered with.**

**Men, women and children do not see the value of communication that they each have individually with God. We hear some say, ‘I believe in God; why can I not see Him?’ Then We hear others say, ‘God is a Mystery.’ This statement is not fact, nor is it logical, nor is it truth. Logic shouts that God Exists, and that God is in contact at all times, every moment of the day**

and night. He is available to man's words, man's actions, man's feelings, intentions, love, goals. But also, God is aware of what is being done that pleases only the enemy of His and of man's.

In script, the Word 'God' allows mankind to understand that this Word says that 'God is All Things.' There can be no question, because innately man knows that there is a Higher Being, for all things to be created and to remain in existence.

So many men, women and children are refusing to practice devotions to The Holy Trinity, either All Three at a time, or Individually.

The world is saturated with a diabolical force, encouraging mankind in all facets of life to indulge in strictly humanism, ignoring The Creator of All Things, and the Importance for which human life was created.

Human life has a Goal, thus mankind should automatically understand that the human body has been gifted with an Ultimate Gift of Divine Love, and This is called 'the Soul'. Ignorance of this Fact is sadness, because all individuals have different

abilities, different degrees of justice in their action, their thinking, their goals. This sense of value had to come from some source, and the Only Source it could come from would be The Creator of All Things.

In the Creation of the world, each step had reason, purpose, and each step was a step for a greater step to come; 'advancement', they call it. The human mind, in the Creation of mankind, was given an instinct, and the ability to learn in so many ways, for so many reasons, so many subjects, moral, physical. This list could go on and on.

The Father has given to mankind This Gift of Divine Love, instructing mankind in so many Personal Ways, through so Many Saints, plus Direct from Him, the Importance for which He created mankind, and that is because He instilled in mankind a Portion of Himself, making mankind superior to all other creations.

What Greater Love could human life have than to bear the Soul that is a Portion of The Father, to be returned to Him personally one day, at a given time. So be it."

AUGUST 25, 1997 AT 1:41 P.M.

**SAINT JOHN OF THE CROSS**

**“I am Saint John of The Cross.**

**I am about to ask you a question: As you prepare yourself for the day, do you always put on your person a small Crucifix, maybe in a pocket, maybe around your neck, maybe even on a piece of jewelry? Or do you ignore this little act of remembering the Importance of this small Crucifix with the Body of The Son of God evidenced on It?**

**Some might say, in reading This: ‘That is a thing of the past. That is a thing just for those who follow a formal path of service to God.’ This concept of thinking should be changed, because a small Crucifix is a reminder of the Importance of human life, the Purpose for which it was created, and that the Figure on this Crucifix Suffered and Died for the sins of mankind.**

**It is sad when We see this Act of Love totally ignored, because mankind has so few things to keep him or her conscious of What The Son of God did for Love of mankind. At the motion**

of a Hand all could have stopped. A slight breeze intended to stop It, by Divine Power, could have stopped the Crucifixion that in so many ways gave to Christianity strength, hope, assurance, confidence, understanding that The Father's Love for mankind was Openly Pronounced at a time of Suffering to a Degree unbearable for others to see.

Mankind innately enjoys hearing stories that are happy, bright, but all stories cannot be this way, especially at the time when Christianity had to be Announced in such a dramatic way. Also, without This Sacrifice, The Son of God would have continued to be seen in a lesser way than He Really Was.

We hear so many men, women and children say they are Christians, but We would like to ask them, in their pride in being a Christian: Do they follow The Commandments of God? Are all their actions with others sincere, helpful, caring and honest? Are they good example in their moral values, moral standards, or do they allow promiscuity, permissiveness be seen as a natural practice, attitude?

**At this time in the world there is much hypocrisy, and in many ways little earnestness in how individuals live each day, are example to each other. Mankind calls it ‘modernization’. In reality, it’s only time passing on, and The Father allowing mankind to progress in many ways that are exceptional, because they allow the mentality of men and women to seek achievements in scientific projects.**

**We say to mankind, ‘The first Goal to achieve should be Sainthood.’ This should be a priority in every human being’s life. We are not downing the other types of progress that mankind is not just enjoying, but it is being allowed by God.**

**Logic should say to mankind, ‘As I grow mentally in so many ways, I must grow spiritually to give balance to my life so that my life will not have been in vain.’ So be it.”**

**AUGUST 27, 1997 AT 1:51 P.M.**

## **OUR HEAVENLY MOTHER**

**“I am your Heavenly Mother. As We stood at the Foot of The Cross, the pain, the suffering, was unbearable to watch. We saw so many who did not realize the Magnitude of This Sacrifice that was being portrayed, to instill in mankind how injustice to human life can be an abomination, and can only be a pleasure to the enemy of God and man. We saw men fear what they were doing, but the fear was not for The One being Sacrificed, it was fear for themselves to not carry through what they had been instructed to do.**

**The Father has given to mankind a Gift of His Divine Love. This Gift bears the Name of His Holy Spirit, humanly known to mankind as ‘The Beloved Saint Joseph’. For so long a time, man has only associated His Name with being The Foster Father of The Son of God.**

**The world at this point in time, through This Miracle of The Father’s Divine Love, is being instructed in such a Personal Way, on so many areas**

of past History, awakening mankind to the Importance of Every Thing, Every One that was to become known for Their Presence, because of the manner in which They lived in the human role. The Father's Way of using This Means thousands of years later, was so that mankind could associate to the Importance of The Father's Close Association to human life.

Today in your time, so much has been given to the world, instructing men, women and children to see the Value of human life, and better understand the importance of God's Commandments, for mankind to not just repeat the Words, but to follow the meaning in the Words, and to be ever conscious of the indepthness that is so oftentimes eliminated in Words that would more deeply describe what each Commandment fully meant, and means.

I stand over this *little one* through whom I speak, and the Power I extend through her for These Words to be written, is a Power unknown to mankind. This *Miracle Of The Beloved Saint Joseph* is a Miracle to awaken mankind of the Generosity The Father is extending with so much being

**spoken, instructed, for mankind to not just take for granted the Reason for which human life was created, but to see the privilege it is, and that each human life bears a Soul, a Portion of The Father.**

**If this were not so, would Saints exist? Would so much be understood regarding the lives of so Many Who are now Saints, Who were once human beings? I ask you this.**

**I do not speak in anger. I speak in a Mother's Love and Hope that millions and millions and millions, multiplied by millions, will learn from This Miracle of Divine Love what a Treasure human life is, and the Beauty of the Goal that awaits each human being for All Eternity."**
