## PREFACE

**These “*Stories From Heaven*” could not have been given to the world at a more appropriate time than now. The world is in a terrible state of corruption and confusion politically, religiously and socially. Honesty, modesty, genteelness and morality seem to have been eliminated from our way of life, at least in effect if not consciously. However, God has given the world a Miracle it needs.**

**On July 28, 1967, *The Miracle Of Saint Joseph* was formally announced to a True Mystic. God had chosen a woman to give us the sound direction, hope and example we need. It was not the first time God had chosen a woman to accomplish His Purpose, always for a specific task in a particular time. This True Mystic for our day is Frances Marie Klug. She resided in Southern California as a wife, a mother, and a grandmother until her death on November 15, 2009.**

**In This *Miracle Of Saint Joseph*, Many Saints have come forth to speak through Frances Klug. These “*Stories From Heaven*” are just a few of the thousands of Revelations received through her. Very often these**

Revelations were preceded by extensive Teachings which time and space did not allow us to put in print. However, some of these Teachings will be found in several of the many Volumes of "*Stories From Heaven*".

In these Revelations The Saints refer to Frances as "the child", "the funnel", "the spoon", "the instrument" and "the little one". God made her our Spiritual Mother. For many years now, because of this fact, she has been called "Mother Frances", or simply "Mother". Heaven also refers to people of all ages as "children" and emphasizes time and again, This Miracle is for people of all races, all colors and all creeds.

For someone turning the pages of these "*Stories From Heaven*" for the first time, they will easily recognize the sound logic and sound direction the Messages contain. Mother Frances heard the Words with the Ears of her Soul, and would repeat Them aloud when she was told to do so.

This Teaching Miracle is a direct parallel to the time Our Lord walked the earth. He did not loudly proclaim to everyone, "I am The Son of God." He taught in a quiet manner, simple, extensive, but always detailed

in repetitiveness, instilling in those listening what He wanted them to remember. He taught in parables, short, simple stories containing moral lessons. He knew men could more easily understand and remember the point He was trying to make this way. His “Teaching Stories” pertained to everyday living, practical matters, and how to become a Saint. He gave hope through these stories. He gave example.

Now in our time, God is once again giving us “Teaching Stories” through Saint Joseph and His instrument, Mother Frances. Through her, in a quiet, unassuming and genteel way which appears so “natural”, mankind is again being taught the Purpose of life, and what God expects man to be like in his daily living. People feel hope in these Teachings, Example always given.

Two major Revelations of significance have been given for us in our day. Our Heavenly Mother is Part of The Divine, and Saint Joseph is truly The Holy Ghost. These should not bring an immediate rejection, but should pique our curiosity and interest.

Our Faith in God is based upon many mysteries. Whether it be The Holy

**Trinity, the Incarnation of God, or The Holy Eucharist, men strive to understand These, trying to grasp a small glimpse of the Beauty of the Truth They Are. These mysteries also pique our imagination and interest. However, even though we know God revealed these mysteries to mankind and we accept them in Faith, they still remain just that, mysteries.**

**One has only to look at these “*Stories From Heaven*” to see the value They are, and to feel the hope They instill. No man can logically deny purity of thought when it is so obvious. No man can deny purity in direction, when it is based on sound morals, sound values, sound standards. Do not be blind to truth. Skepticism is for people who are unable to see the truth of a matter or situation, and many times skepticism drowns out purity because it is full of ego and pride in one’s self. Skeptics find it an easy out to disclaim truth.**

**There is no doubt that it takes time for such Phenomena as This Miracle to penetrate even those minds who feel they are capable of discerning such Phenomena. We must not be governed by purely another man’s determination, but we must understand that logic, sound reasoning and purpose must be the criteria of our Faith in God.**

## PLEASE READ

In some early volumes of “Stories From Heaven”, many Revelations describe edifices to be built on Saint Joseph’s Hill Of Hope. As just one facet of The Miracle Of Saint Joseph, God invited men of all races, colors and creeds to participate in building a “City Of God”. Every building, chapel, bridge, shrine, garden, amphitheater, and even a hospital and a research center, to be included in this Magnificent Project, would be designed down to the most minute detail by Heaven.

This City Of God would be a place of great beauty for men throughout the world to visit, to gain true spiritual strength and to learn firsthand that which Heaven wants all men to know.

Much to the great loss of every man, woman and child in the world, this City has not been built. Innumerable obstacles were placed in the way of Its completion by those who would have benefited the most. Not enough men volunteered to return the gifts of their time and talents to God. Not enough people came forward with the money needed to participate in God’s Plan in a monetary way. Donations became less and less, because the men in the Church said, “Don’t give.” They discouraged people from participating.

For many years, Mother Frances and a handful of volunteers made every effort to overcome all opposition to men’s lack of wisdom, to build this City for God. However, we are not at a total loss. The Sound Teaching and Sound Direction given by Heaven in the many volumes of “Stories From Heaven” continued through the years, and will benefit people everywhere for many generations to come.

In the future, if the hearts and minds of men change, the world will one day see the Beautiful City Of God.

**All Revelations are delivered  
spontaneously and continuously  
as witnessed by all those present  
at the time.**

**SAINT ANASTASIA**

**“I am Saint Anastasia. To speak through This Gift of The Father’s is a Blessing beyond what mankind can understand a Blessing to be. After having lived in the human way, partaking in many human practices, events, obligations, to speak as a Saint is a privilege beyond what human beings understand a privilege to be.**

**To be able to instruct others, as is so often allowed through This Gift of Divine Love, All of The Saints, not just appreciate this privilege, but thank The Father for allowing Them to partake in helping others’ Souls reach Here Where All is of a Divine Greatness, Divine Love, that no place in the world can imitate.**

**So many Words of Direction, of Help, of Hope, have passed through This Gift, and for such a long, long time. When We see some who read the Words, or hear about the Words having been spoken and put into script, their denial of This Communication that is Totally Divine in Its Orientation,**

leaves with All of Us a request to The Father: *'Help them to know, Heavenly One, what a privilege they have in Your allowing so much Direction, so much Help to be given to them while they are still able to understand that human beings such as they are, are Special Creations because of the Soul that is instilled at the moment of his or her conception.'*

Many times when We are present amongst the ill and amidst those who are using their intellect, their talents, their desires to help people physically, We oftentimes encourage them to try to remember that the physical is important, but your kindness will help the Souls also.

So few things are truly thought about in regard to what a Beautiful Gift of Divine Love human life is. It is beyond any other living matter or thing.

When The Father Decreed that at This Time He would give to the world of mankind, through *one voice*, thousands and thousands and thousands of Words, put into script so that They could be read, reread, and seen for what the Value of Them truly was to the mental, the physical,

**the Spiritual, and the Goal for which human life was created, All that has been put into script should never be delayed in being passed throughout the world.**

**Let no rejection stand in your way, because there is no human being born to human flesh that does not have a Soul that is a Portion of The Father, and He expects It to be returned at a given time. I add: He wants It back, so this Soul, in Essence, is the remaining Factor, the remaining Gift, that a human life walked with this Soul and now returns to The Father through this Soul, to live Forever. So be it.”**

**FEBRUARY 19, 1999 AT 1:35 P.M.**

## **SAINT IGNATIUS LOYOLA**

**“I am Saint Ignatius Loyola. As We Saints listen to mankind in all degrees of educational benefits, We oftentimes hear a lack of full understanding of the Importance of what human life fully consists of. For the most part, men, women and children can relate only to the physical aspects, the physical appearance of other men, women and children. The mentality, also the moral behavior, does not openly exist in its full degree, because in the manner of speech, only a certain degree of words can be spoken. In appearance, only certain facets of human life are truly seen.**

**Today as I speak My Words, it is important for mankind to see human life as a Gift of Divine Love, far greater than what the physical appearance or the words of an individual show at given times.**

**The world has been Blessed by The Father’s Love, allowing so Many of Us to speak, giving to mankind important issues to think about on**

important subjects that, to some, are not seen as important, but they term them as 'automatic subject matter in daily life'. Daily life has many responsibilities that oftentimes are ignored.

First of all, how many men, women and children throughout the world begin a day in a prayer to The Creator, recognizing that they are creations of This Creator and should recognize it as a daily, and in a daily thanksgiving, because of the privilege, the opportunity, and the Goal for which human life was created?

We hear many say, 'In the beginning of human life, it is logical that men, women and children could not have had all the advanced understanding that we have now.' This is true, but as the first creations were gifted with the Gifts applicable to that time, and progressed over years of mankind learning more, and being more adaptable to the progress, to this time.

Children are not learning what a privilege it is to walk the human way, because so little is being instructed on what a Special Gift human life is,

and how different it is than all other living matter or things. Human life has a Goal, and though this Goal is not spoken about much, innately men, women and children instinctively know that there is a Goal to human life that is above and beyond all other living matter or things.

**When The Father introduced This Gift of His Divine Love, bearing the Name of The Beloved Saint Joseph, His Intentions were Phenomenal in Reasoning, in Hope, in Love with mankind, because He wanted mankind to learn from All The Saints the Importance of human life, because it was through Their lives that They learned there was a Goal awaiting all who one day would be born to this manner of living.**

**When We hear doubt, rejection, sarcasm, or blasphemous remarks against This Miracle of The Father's Love, This Miracle of Instruction, it is unbelievable that mankind, who has experienced so much progress on many subjects, openly defies what a Great Gift human life is, and what a Precious Goal it has that nothing else created has.**

**So Many of Us Saints are so eager to speak, because We know that mankind needs to know that human life has a Goal more Precious than any material matter or thing, and there is no human being living that dares to, cares to, wants to, speak openly with encouragement on the Importance of the Goal that awaits every living human being, because human beings have a Connecting Link to The Creator, called 'the Soul'.**

**My next Statement is sad, because there is so much refusal, rejection, and a total ignoring what a Blessed Gift human life has from the moment of conception until the day the heart stops, and there is Judgment for what the individual practiced in every facet of human life. The Judgment, of course, is for the Soul.**

**It is difficult for mankind to understand what a Great Divine Meaning there is in the Words 'Divine Love, Divine Hope, Divine Gifts'.**

**Today, through All the Words I have just spoken, I have asked The Father to bless many, many, many who will read These Words, and find in Them the Goal they have been**

searching for and could not find in any human area of involvement with other human beings, or with the tasks they performed so they could afford to have things, material things, as they lived the human way.

**As I close My Words, I want you to know, Everything The Father allows to be delivered is to help the Souls of millions of individuals Who will one day be separated from the body, and stand before The Father in a Judgment Way. So be it.”**

**FEBRUARY 22, 1999 AT 12:56 P.M.**

**SAINT JOSEPH, THE HOLY SPIRIT**

**“I am Saint Joseph. The Father Decreed This Gift of Divine Love would bear My Name, for mankind to more fully understand the Importance of The Holy Trinity, and what a Treasured Gift each human being has at the moment of conception: a Soul, this Soul a Portion of The Creator.**

**Why is this so difficult for individuals, men, women and children, to understand the closeness they have with The Divine, and that this intimacy of Love, this Gift of Divine Hope, so Personal that It should be treasured in every act of human life that an individual practices throughout life?**

**It is never difficult to understand the full meaning of what All the Words mean, spoken by Any of The Saints through This Special Gift of Divine Love that bears My Name. Theologians feel superior because of a subject or subjects they were bound to read, to learn about, bound by the authority under whom they were a member of, or just in a learning stage.**

**Millions of Words have been delivered, millions not put into script. As you know, personal conversation is oftentimes more understandable, and more readily remembered. Through This Gift of Divine Love, through *one small voice*, much has been directed to be written, but just as much, if not more, has been spoken in a natural tone of voice on subjects that men, women and children readily understood.**

**Today as I speak, I speak with a Deep Concern for those who reject This Gift of Divine Love, that in no other place throughout the world is there This Close Communication, even through so-called 'learned' men and women who have studied consistently to be able to speak about what the Soul is all about, and the Purpose for which human life was created.**

**When This Gift of Divine Love, bearing My Name, was first announced some years ago, It was a pleasure to so many, even spiritually exciting to feel that once again evidence of Who I Am was brought to their attention in such a Personal, Loving Way.**

**Today as I speak, I must say These Words: There is a sadness in the Heavens, because so many who have read so many Beautiful Instructions have cast Them aside, determined to disbelieve, making ridiculous comments, and avoiding the Sincerity, the Beauty, the Love, the Concern, the Hope, the Interest of so much Truth passing through *one voice*, and requested to be put into script so the Words will remain, whether They were accepted voluntarily or involuntarily.**

**Love, to mankind, is an individual's personal form in a manner and a way of how they feel emotionally, sentimentally. The Love from The Father is an undeniable feeling of Truth that nothing human has the ability to project.**

**Today as I speak, My Words must be read so that individual human beings of all ages will begin to understand the closeness that each life has in the way of man to The Creator of All Things. So be it."**

FEBRUARY 25, 1999 AT 1:37 P.M.

## SAINT PETER

**“My Name is not often mentioned in regard to the way I walked with The Beloved One because mankind has chosen to omit past History, thus feeling that they are creating a new millennium of life, of moral practices, and intelligent, aggressive intervention into what they call ‘scientific progress’.**

**Many of Us speak through this *little one* with Important Words, full of meaning, full of integrity, desiring those who read These Words to look into the Value that each Word gives to human life: Direction, Hope, Understanding, and Belief that human life was created for a Specific Goal.**

**Mankind of all ages must begin to understand the Greatness of the Gift of human life. It was gifted with, and is gifted with, many abilities to learn mentally, physically, morally, spiritually, what a Valuable Gift human life is because it bears a Soul, a Portion of The Creator, that no other**

**living matter or thing has the privilege of doing.**

**The Father has Directed This Time to be, because mankind was and is in great need of the Personal Communication that is so evident in the Words that are spoken for mankind of all types, all backgrounds, all degrees of intelligence, to realize that there is more Reason for human life than what exists in the world that mankind is a part of.**

**Children are not being instructed; in fact, they are being omitted on so many important subjects, reasons, ideals and goals, thus allowing them to follow weaknesses of the mind, the body, permitting them to ignore the Soul that no human being is without from the moment of conception.**

**Those who read My Words, ask yourselves: ‘Do I ever speak to my Soul? Do I ever concern my actions, my companions, my work habits, my educational involvements, with my Soul?’ because the Soul is not just a Companion but a Portion of every human being, and of course, the Soul, as a Portion of The Creator, should never be forgotten, neglected, rejected,**

or put into a category of a nonexistent entity, designed by someone with imagination.

**T**here are so many things of importance that mankind ignores, rejects, omits and declares unimportant.

**M**any Blessings are handed to mankind, and through This Gift of Divine Love, so much is put into a script so It cannot be dismissed in the memory of those who hear about It, or can It be cast aside without some Portion of It always evident to be read, to be followed, and to be remembered from Where It came, because of the Purpose for which It was delivered. So be it.”

**FEBRUARY 26, 1999 AT 1:15 P.M.**

**SAINT ATHANASIUS**

**“I am Saint Athanasius. I am sad to say, it is even sad for Me to think about the degree, the number of heresies that mankind is involved in throughout the world. There are so many heretical instructions, teachings, examples, directions.**

**Mankind should ask themselves: ‘What does a heresy do to my way of life? How does it change it? What causes it to be present in so many ways? Also, why doesn’t the Hierarchy deliver statements instructing all ages of human life to recognize what heresy does to the morals, the values, the Spiritual activities, and also, what claim it takes on what is important for all ages?’ Of course, to speak about this is not a common subject to mankind, because so much of what is occurring is taken for granted or accepted because of the time in which mankind lives.**

**Let Me take now an issue and ask you to, in some way, speak about this issue to family or friends. The issue,**

of course, is on The Commandments of The Father. As These Commandments were delivered to a man, They were delivered in an extensive degree of description, thus leaving nothing for the imagination to reject when it was important to the Statement, beneficial to the Souls that would one day read about it, hear about it, and hopefully use as Guidelines for everyday life.

It is sad when We hear rejection, emotionalism, when a discussion comes about regarding the morals that should be instructed or followed, or important to be example of.

Let us now go through a few of The Commandments of God.

*Thou Shalt Not Commit Adultery.* It is a forgotten Commandment, not just ignored, because to watch from Where We are, the rejection of obedience to this Commandment is a sadness beyond what can be described in words.

Another Commandment: *Thou Shalt Not Steal.* It is sad to say that it is only thought about on physical things, ignoring totally moral values, moral standards, integrity of what one believes in, stands for, is example of.

**So much emphasis is placed on modern day thinking, thus ignoring the importance of the fact that The Commandments of God never said that The Commandments were for one period of time in the lives of human beings, and that period was meant strictly for the period in which They were delivered.**

**Volumes can be written on this subject and there will be much more, but it is important that all The Commandments be delivered in Their full concept of meaning, and stop being diluted to one word or short phrases that diminish the importance of each Commandment to a degree that brings happiness only to the enemy of God and man. So be it.”**

MARCH 3, 1999 AT 1:22 P.M.

**SAINT ALPHONSUS LIGUORI**

**“Mankind throughout the world asks the question, ‘What can we do to improve all the wrong that is occurring, blaspheming all The Commandments of The Creator?’**

**Throughout the world this question is being asked by those who possibly could help in the answer, help to provide a solution, but oftentimes men, women, and even children, want others to have the responsibility of commitment on important decisions regarding moral values, moral standards, moral integrity, moral justifications, moral behavior, that is evident in the closeness of one human being to one or more at a given time.**

**The courtrooms throughout the world are filled with many, many immoral problems, some much more evident in practice than others. Judgment of a case, when an individual or more have been assassinated or brutally abused, causes much confusion to some, because for some it is difficult to fathom what it would be to be**

the victim of such an abomination, physically, mentally, morally.

You live in a time wherein so many injustices are justified, because the full account of what occurred is easy for many to see it as a natural act, a natural anger, a natural retaliation.

Many of Our Words passed through this *little one's* voice have much meaning, extensive degrees of meaning, and We find that when certain individuals, in reading What is written, do not want to understand what applies to their manner of actions, or their practices in daily life, so often one will say: 'I know it's a problem to many people, but I cannot connect it to how I am, how I have been raised, or how I live. I cannot find that subject connected to what I am all about.'

In a legal form, mankind reads extensively on the deliberation of interpretation, and yet so many actually refuse to place themselves into the category of blame, only that it does not exist in their thinking regarding themselves.

A long time ago when The Son of God walked the earth, and the

time came for injustice to be brutally practiced to the Purest, Most Decent Human Being ever created, what caused others to become so violent, so vile? Was it just related to what man calls 'mob violence', or was it due to fear of one's self, for one's self being chastised by the brutality, and faced with harm by shouting: 'He is innocent. Stop what you are doing!' What occurred to stop Truth from being what would win out over the injustice that basically collapsed the Truth, and the violence was beyond human nature, human understanding? Why was there not sympathy? Why was there not a demand for justice openly?

As you think about this, ask yourself, with a Miracle of This Dimension, wherein so Many of Us are allowed to speak in the language of this day, there is so little attention that mankind responds with facing a Gift of Divine Love again, once again, and finding it so easy to ignore the justice, and the great Gift of understanding the Importance of the Soul that each human being is Blessed with at the moment of conception.

**When We hear doubt, We hear weakness. When We hear someone guilty of many things, reject This Gift of Divine Love, it can be compared to the Time of the Crucifixion.**

**I could speak for hours, but it is important that as We deliver subjects to be thought about, to be recognized as important because of the Souls that will be sacrificed if mankind does not change, and continues to rally around immorality, sins of the mind, sins of the flesh, sins of the body, sins of hate, sins of curiosity. This list is endless. So be it.”**

MARCH 4, 1999 AT 1:47 P.M.

## SAINT THERESE OF LISIEUX

**“I am Saint Therese of Lisieux.**

**During the period of time when so many young women, young men, chose vocations they felt would give to them a higher goal in life, the vocations were to serve in the religious life.**

**Today as I speak, this desire is almost beyond what mankind would call ‘obsolete’, because mankind has, in so many ways, become accustomed to all things that are based on humanistic values, ideals, using in many ways, materialistic values as the basis for practice in vocations, plus practice in moral values.**

**The world is the same as it was thousands of years ago. By This Statement, I mean the structure that holds human life, and the lives of many other types of living matter or things. The change in human understanding of the Importance of human life has been totally classed in what could be, and is called, ‘a commercial form of thinking, acting, goals’.**

**Ask yourself:**

**‘Upon awakening on this day, was my first thought to pray, asking The Father to bless the day, or was it what I was to do according to how I live, what I am bound to morally, physically? Was prayer the first thing I thought of, asking The Creator to bless my day?’**

**‘Also, did I promise to keep Holy the day, because of The Commandments that were given to remind mankind of all ages, cultures, creeds, that each day there would be times when The Commandments could, and would, encourage me to practice what was pure in thought, word, action, deed, for myself and for all others with whom I would be acquainted, in just meeting them or living with them, working with them, or just for a few moments to recognize them in a very light way?’**

**‘Do I remember to examine my conscience before I lay my head at night to sleep the tiredness away? Do I go down The Commandments one by one, and question my thoughts, actions, reactions, or my conversations with others? Also, during the day do I ever remember to ask for help morally?’**

**Is it not so, that most times a request for help from The Creator or from a Saint comes through a need for aid physically, mentally?**

**Today as I speak, I speak as I have at no other time, because men, women and children, of all ages, use each day living it according to the habits they have formed, what is important to them at the moment, most of the time ignoring totally that each day is a Gift from The Divine, and will be accountable at a given time.**

**It is sad to say, throughout the world human life has forgotten Who created them, the Purpose for their creation, the Divine Love in their creation, and the Goal that nothing else in the world can exceed in any way, because at the end of one's life the Soul is the remaining Factor that represents the one in whom It was placed at the moment of conception, and this Soul, as a Portion of The Creator, can be 'a victim' of the one in whom It was placed, or can be 'a Saint' immediately, because of whom It was placed. So be it."**

**MARCH 5, 1999 AT 1:02 P.M.**

**SAINT ELIZABETH**

**“I am Saint Elizabeth. To many learned men and women throughout the world, This Gift of allowing so Many of Us to speak, and have Our Words put into print, is being rejected in many forms, many degrees, and in all areas of Spiritual understanding, human beliefs.**

**Casting aside the Importance in which the first words mankind was told to read, learn from, called ‘the Bible’, interpretation to mankind of concise wording made it difficult for the full understanding of a subject, and matter of importance.**

**It still is this way in the minds of human beings. That is why The Father has Decreed and Designed This Gift of His Divine Love, to speak in some ways extensively on issues that mankind must understand as important to the benefit of his or her Soul, and not just Something to be read, and cast aside because it is not useful to their vocation in the world.**

**Today as I speak, I have chosen My Words carefully, because so much is and has been spoken by so Many from Here, but We hear and We see individuals who desperately need to read, to understand, to uphold, to follow to the letter the Directions, try to ignore the Value, the Importance, the Love, the Reasons, and from Where All This Divine Love comes from.**

**Many times as *the little one* speaks, *the one* through whom All These Things pass, her voice is small, and so much sounds as a human version, a human idea, when in reality it is One of Us speaking through her, so that those listening may feel more comfortable with the subject matter, and feel it more humanistic in Its Content.**

**The Divine Love that flows through This Gift of The Father's is a Love beyond what human love can be compared to, because human love is based on the relationship that man has with man, and the things they have in common with each other on worldly measures, worldly practices, and many times on financial awareness.**

**So much passes through *one voice*, because so Many Saints have the privilege to enlighten those who will write What is spoken, and those who will read It with an open mind, using the Value of What is spoken to make their lives fuller mentally, emotionally, spiritually.**

**As The Father has Blessed the world, using so Many of Us to speak, using the fact that We, too, walked the earth in the human way, and the Communication should be felt as One Who can and could associate with the present day manner of living.**

**I smile through this *little one* that speaks My Words, because as Each of Us speaks in a different manner and Our Words pass through her mentality, through her love, it is a Closeness difficult for mankind to understand, but evident when the Words are read, because no human being would have the ability to take on so Many Characters with so much Love, so much Obedience, and so much Truth. So be it.”**

MARCH 8, 1999 AT 12:56 P.M.

## SAINT BERNADETTE

**“I am Saint Bernadette. I speak today with a deep feeling of Happiness, Joy, Love and Concern for those who are trying to understand what a Deep Gift of Divine Love is being presented to the whole world through *one voice, one body, one Soul.***

**We see men, women of all degrees of intelligence, talents, energies, trying to give much worth to their way of life, to develop within themselves a sense of worth.**

**The Father, in handing to mankind This Gift of His Divine Love, alerting All of Us Saints to partake and to deliver Directions, Hope, and Instructions on the Importance of human life, the Goal for human life, mankind must understand that if there was no Goal for human life to reach for, there would have been no logic in instilling purity from impurity, right from wrong into the logic of human life; also, there would be no necessity to give to mankind a History based on instruction, helping mankind to better**

understand that the human mind has many abilities, and that all these things were given because of the Soul that each human life is the custodian of.

**The Soul, a Gift of Divine Love, not just to encourage human life to choose right from wrong, but a Foundation of Value for human life to more fully understand that life doesn't just start and end at a given time, like so many material things that mankind is used to dealing with. Human life, created by The Creator, is a Gift of Divine Love with a Purpose, and an innate sensitivity to a Goal.**

**So much Love has been delivered through this *one voice* at 'this time', to encourage all races, all colors, all creeds of human life to logically understand that each human life has a Goal created by The Creator of All Things, so that mankind, as a Special Gift in human life, would never have a hopeless feeling that there was nothing to reach for, no Goal to aim for.**

**The Goal is natural to understand, because of the human mentality of knowing what is right, what is wrong, what is pure, what is impure,**

**what is just, what is unjust, because there is reasoning understandable to the human mind, that human life is Special, and no other living matter or thing has What human life is instilled with at the moment of conception — a Soul. So be it.”**

MARCH 9, 1999 AT 1:30 P.M.

**SAINT ELIZABETH**

**“I am Saint Elizabeth. It is with great Love, deep respect that I come to speak today. My Words are of Great Importance to the whole of mankind.**

**Mankind in many ways thrives for success, constantly trying to defeat what is wrong, and lacks a genuine purpose.**

**The world has been handed a Gift of constant Communication through *one small voice*. Everyone who reads the Words try to ignore the Value of Them, the Necessity of Them, the Truths in Them, the Importance of what These Words mean for every portion of human life, especially the Soul that each individual is the custodian of.**

**When We hear individuals speak of the importance of a child, and what hopes they have for this child, We, too, hope that this child will have enough instruction morally, physically, mentally, spiritually, to fully understand what a Precious Life human life is to man.**

**Children are not being instructed properly on the importance of every act they partake in that can be considered physical, mental, moral. Most individuals in charge of all age groups, many times eliminate proper instruction on what is pleasing to God.**

**Granted, it is important that youngsters be involved in many aspects of life: the arts, the sports, and the challenges that give strength to their mentalities, helping them to better understand many important subjects that can give to their lives a greater understanding of things outside the realm of the basics they are instructed in formally, to aid them in the natural responsibilities of daily life.**

**The Father has given to the world a Gift beyond what mankind understands, This Blessing through The Beloved Saint Joseph, allowing so much to be written, so that It will remain in the minds of those who will read It, and strengthen their understanding of the Importance of human life, and how many Beautiful Gifts The Father instilled that are not just helpful in daily life, but advantageous to a fuller knowledge on many subjects, inspiring**

individuals to see further into areas that allow an individual to be more adept in understanding how much there is available for individuals to grow mentally, spiritually, physically.

So many Blessings have been given to the human way of life, and so few are appreciated. So many are willfully abused, and so many are lost because of laziness, indifference, and a total disinterest in the importance of what can be gained by taking the time to use advantageously, things that will give strength to the mind, the physical, and the Spiritual growth that, in essence, can touch the lives of others through one's voice, one's example, in just daily living.

I end My Words with a Blessing, and all who will read My Words are promised that this Blessing will pass on to them if they will but seek The Father's Love, His Will, for the sake of their Soul that is an Important Portion of The Creator. Granted, It cannot be seen physically, but It is felt in every moral decision, every act an individual partakes in, through the right or the wrong that an individual accepts at a given time."

### SAINT ALPHONSUS LIGUORI

**“I am Saint Alphonsus Liguori. We find so many people of so many nationalities reading the Words from Us, using definitions contrary to what the subject matter is all about.**

**Many feel that because These Messages are dictated from a Source different than the human source, They must have a different background of Facts unlike the ones that the words of this day would mean.**

**Ask yourself if you are one of these individuals. When you say, ‘*Our Father Who art in Heaven,*’ Who do you mean? When you say, ‘The Son of God was Crucified for me,’ Who do you mean? When you say, ‘The Beloved Heavenly Mother is The Queen of Heaven,’ Who do you mean?**

**Mankind must understand the Importance of Logic in the Supernatural Pattern of things is understandable, because the human mind, in using logic, will find each Revelation delivered through This Gift of The Father’s Love has no confusion**

in It, but is obviously, in every way, easy to understand, easy to reason out regarding the Importance of human life, and the heritage of it from one generation to the next.

Granted, in the very beginning human life did not have a formal education as it now has, so human life, in each step of the way, learned what was right, what was obviously wrong, what was feasible to the whole being, what was contrary to the whole being.

Many times, as We watch men and women of all degrees of intelligence read What has thus far been delivered through This Gift of The Father's Love, We see so much eagerness in the discernment of the most logical Wording that would be difficult to not understand, because It speaks openly in a manner and way that has no confusion attached to It.

In a court of law, one side very often tries to confuse the issues through words or dramatization, thus causing the other side to also waste a lot of time, energy and double-talk, making things appear superior, when in actuality fewer words, less emotionalism and sound logic would

**automatically show the importance of what would be correct over what is obviously wrong.**

**Those who read These Words may say, why would I speak like this? It is because The Creator of All Things has Blessed the world with a Gift of Divine Love, allowing so Many Saints, as you know Saints to be, speak openly, deliberately, gently, firmly, calmly, assertively, instructing in a manner and way that has not been done since the Time The Son of The Creator walked the earth.**

**The world has been Blessed abundantly, openly, in a manner and way easy for the uneducated individuals to understand, as well as those who find themselves theologically knowledgeable on all facts, factors, regarding the Spiritual World.**

**Yes, there are two worlds. One World is The Kingdom of God, the other world a Gift of Divine Love wherein human life has been gifted with intellect, logic, and many abilities that at no other time were so obvious to so many others living at the same time, because of the ability to create methods visible to the eye, and**

**allowing the hearing to hear clearly on the whole concept of what was being shown.**

**This, of course, mankind takes for granted, but ignores what a gifted tool of Instruction can be used to teach millions and millions of all ages of human beings on the Importance of human life, and the Closeness it is to The Creator of All Things. So be it.”**

**MARCH 15, 1999 AT 2:15 P.M.**

**“In the Creation, many things were created before the Creation of human life. The foundation for human life was established so that when human life arrived, all the basics to sustain it were already in place.**

**Human life was and is a Special Gift of Divine Love, because there is no other Gift of Divine Love that bears What human life is the custodian of, and in many ways is the Protector of human life. It is called ‘the Soul’.**

**Up to this time, this year in which you live, much has been taught, instructed on what human life is all about, and the Reason for which it was created. Some of the Words are plain, simple, understanding, when human life was told to have been made to the Image and Likeness of The Creator.**

**Now, this Likeness that is spoken about, is in many ways not exactly as man imagines it to be, but so many of the Gifts in human life are Treasures: first of all, the Gift of speech, the Gift of understanding, the Gift of sight, the**

**Gift of alertness to danger.** The Gifts are so numerous to mention at this time because mankind rarely reflects on the Gifts, many times ignoring how many there are, and the full significance of what they are, what they mean, and the advantage each one has to an individual's daily life.

**Human life has a Soul.** No other living matter or thing is the custodian of such a Divine Gift, because through the Soul human life has in-depth understandings of moral values, moral standards, moral traditions, moral integrity, and many other such Gifts that, at this time, would take a full page of writing.

**Children are not being instructed on the Importance of what their life contains and the importance of protecting themselves against all that is not clean mentally, spiritually, physically.** There are so many different versions conjured up by individuals who feel they have found the mystery in human life, but most of the time it is to gain attention for themselves, not fully understanding their theory on what they have smugly, egotistically admitted to be the advantages they proclaim to have.

**So Many of Us have instructed in light terms, easy for individuals to understand practical values in each human life. There are millions of Words yet to be spoken. The Father, in handing to mankind This Specific Gift of His Divine Love, has been Gentle in delivering Important Facts on what human life is the recipient of. Needless to say, there has been much put into writing by Many Who lived before this time. The Father Decreed This to be for the Foundation of more to come.**

*The little one* through whom We speak knows that The Rules for which human life will one day be Judged on, must be put in an in-depth manner so that there is no way, no one who will be able to find an escape route, an excuse for disobedience to These Commandments that are a Gift to mankind beyond what mankind realizes.

Today as I speak, I speak with a deep Love and Understanding, but also Caring, that mankind of all ages will stop accepting impurities, will stop making excuses for them, and will begin to value what a Precious Gift human life is, because human life was made to the Image and Likeness

**of The Creator, though This Statement is ignored by many, not understood by many, because of the responsibility it places on each human life to value what human life means and the Reason for which it was created.**

**There are so many words that could describe to human life why human life is oftentimes victimized by sickness, by unhappiness, by mental hurts, by disappointments, and many other things such as these are. It is important for mankind in general, to realize that without these other things, mankind could not fathom or relate to moral injustices, imperfections, hurts, denials and wrongs. If all things for the body were constantly, consistently without problems, there would be nothing to relate to. This should not be difficult for mankind to understand the Words of Wisdom are Gifts of Divine Love.**

**We hear some say, ‘How come What was delivered, so many times has approximately the same length in the Words, Some a little less, Some a little more?’ I answer this firmly when I say, ‘The human mind has a capacity that only The Father understands its degree of being able to cope with**

**subject matter of This Magnitude,  
This Importance, This Ultimate Gift of  
Divine Love.’ So be it.”**

MARCH 17, 1999 AT 1:50 P.M.

**SAINT JOHN OF THE CROSS**

**“I am Saint John of The Cross. For many men, women and children it might be difficult, in reading My Words, and the Words of Many, Many, Many Others Who have spoken through This Gift of Divine Love in such a natural way, delivering Instructions along with Divine Love, on so many areas in which human beings are not just attracted to, but are part of in daily living, and in their daily associations with others of all ages.**

**The Father has given to mankind Volumes of Information that no one else would have the ability to dictate so much Personal Communication, Direction, because human life would not have the insight, the reasoning, or the ability to speak as Each One does Who walks with The Father, speaks with The Father, communicates with The Father of All Things.**

**To some My Statement will be hard to understand, perhaps even questionable, but as This Gift of The Father’s Love has been given to**

mankind, enlightening mankind to the close Association human life is to The Divine, logic speaks for itself, because Divine Love is Logical, Loving, and constantly aware of the Importance of This Gift of The Father's Love that has been allowed to be put into script, proving to mankind of all degrees of intellect what a Precious Gift human life is, and that All of The Saints Here in the Heavens have joined in speaking in different ways, using terminology at different times, knowing that the terminology will be important to different individuals and give them Strength to better understand what a Magnificent Gift human life is to man.

*The little one* through whom We All speak, delivers the Words as We deliver Them through her, not necessarily to her. This is a Fact, not fictional, not imaginary, but one in which others should see as an Important Statement, because this *little one* speaks the Words as They are implanted into the mind Word for Word, and there are no exceptions to Anything that has been delivered.

Today is a day of great importance to every living human being, because as each day awakens one to a new day,

**every man, woman and child should understand the importance of what occurs is important to the Soul they are the custodian of, responsible for, never doubting that the Soul, as a Portion of The Creator, is the Sole Purpose for This Gift of Divine Love, because the Soul, working Hand in Hand with The Creator, is an Instrument of Divine Love.**

**Many of The Saints request The Father to help all who are a part of This Gift to have the additional strength to be able to encourage hundreds, thousands, even more individuals, to pass the written Words throughout the world, because of the Souls that without These Words, will be 'the victims' of the individuals in whom They were placed at the moment of conception.**

**A Great Blessing goes with each time The Father requests One from Here to speak, and as One speaks, Many of Us are present because of the Importance of This Gift of Divine Love.**

**When an individual says to another one, *'God bless you,'* or *'God***

***be with you,' in many ways this short prayer is heard by All of Us.***

**Hopefully, thousands of individuals will read All of the Words thus far delivered and Those yet to come, and many Souls will find peace in Them, because of Them. Please, I beseech you, remember These Words. So be it."**

**MARCH 28, 1999 AT 10:17 A.M.**

**GOD THE FATHER**

**“This Gift is Greater than man can perceive It. My Love abounds through All I have and am still giving to the human Creation of Mine.**

***A child* stands in total acceptance of All I Decree to be handed to mankind.**

**Let My Love and My Words travel throughout the world. Believers will gain strength, courage and hope. Disbelievers will find they are lacking hope.**

**Today I hand My Love to the world through What I have just dictated to be read and handed to millions of men, women and children, to let them know I am Ever Present, Ever Aware of each one of them.”**

MARCH 29, 1999 AT 1:34 P.M.

### SAINT ALPHONSUS LIGUORI

**“Time has allowed so much instruction on important facets for which human life was created. Mankind looks at a diamond and counts the facets in it, many times proud of the number he or she can readily see, because these facets have a message to the beholder.**

**Ask yourself: Your Soul is standing alone, and The Creator, The Holy One, is staring at your Soul, determining what each facet reflects, because of the Importance of the Soul being a Portion of Him. We hear many individuals say: ‘Who said The Creator was a Father? Who gave Him this Title that is so common to human life?’ It is so easy for inquisitiveness to instill in others a touch of rejection, questioning in a humanistic manner a subject beyond what the human mind can possibly fathom.**

**Today as I speak, I speak with a deep Love for human life, for I, too, walked it in another time, with many of the obstacles that those who**

walk today are faced with: disbelief in a Higher Being, disbelief on the Importance of human life, and openly questioning, 'Why, if I have a Soul, should I not be able to see It, instead of just assuming because of others' instructions, that they are correct?'

Mankind questions so many things of importance, and openly accepts things that are dangerous to their physical, their mental, their moral way of life. The Father has handed This Gift of His Divine Love to a handful of individuals, expecting these individuals to practice their love for Him, and walk as the Apostles did, instructing others.

Granted, at this time it would be much easier to handle a Gift such as This One, because All of the Important Messages are being put into script, and the individuals accepting These Messages are not bound by a brilliant mind of perception, forcing them to speak openly, rigidly, firmly, in defense of the Most Important Gift a human being is the custodian of, the Soul.

Each of Us Who speaks through This Gift, speaks with a Sincere Love, because it is important that the

**whole world know of This Gift of The Father's Love that instructs so clearly on the Importance of the human Gift of Divine Love, the Reason for It, the Purpose for It, the Love in It, and the necessity for every human being to understand they are the custodian of It, with the responsibility to return It to from Where It came. Also, without this Gift, human life would be no different than any other living matter or thing, no Goal, no Special Purpose higher than all other living matter or thing.**

**Remember My Words, remember The Father's Love, remember the Soul that you are the custodian of. So be it."**

**MARCH 31, 1999 AT 1:15 P.M.  
(WEDNESDAY OF HOLY WEEK)**

**SAINT CECILIA**

**“I am Saint Cecilia. Many times when We speak through This Gift of The Father’s, We do not announce Our Name, because We feel it could be a distraction to the content of Our Message.**

**There is no time in any day Many of Us are not present in This Gift of The Father’s. It would be difficult to fully understand the Beauty in how Many of Us cherish this time, in this place, or in any place where this *little one* speaks openly in conversation, natural to human life.**

**The world is about to celebrate a Special Time in the History that marked This Time with a Special Event. This Event, as all know it to be, had much pain in it, plus it was a cruel act of human jealousy, hate, and many other unkind or wicked beliefs, understanding and practices.**

**It is not easy for some to fully understand what These Specific Days truly mean, because there are so**

many human involvements, practices, and means of distraction that draw attention away from Important Events, because These Events are to help individuals of all races, all colors, all creeds, to more fully understand the Importance of human life, and how much History passed through time, allowing so many generations to become acquainted with Important Facts.

The Facts, of course, are not always spoken about in Their full meaning, but it is important that mankind be reminded of past Events so that in each period of time, human beings have the advantage to be able to relate to the importance of what preceded the actions, that in many ways were abominations to The Holy Trinity.

I bless each one who writes My Words, and I beseech each one who reads These Words, and All Other Words passed through This Gift of The Father's Love, to see the Importance of human life, and recognize The Divine Love that has allowed so much of past History to be a great means of learning, of instruction, in teaching those who live the human way to be

**able to honor what a Blessed Gift human life is, and that it was Blessed with The Rules to live by that so many in the past, and now the present, refuse to acknowledge as being The Father's Will for the good of all Souls that are a Part of Him. So be it."**

## THE HOLY SPIRIT OF GOD

**“Man says: ‘I am told I am the custodian of a Soul, responsible for It because It is a Portion of The Creator, called “God”.**

**‘I am also told that the Soul I am the custodian of will remain long after I am gone.**

**‘I am also told that the Soul that was given to me at the moment of my conception was chosen especially for me, to take care of, to be responsible for and to.**

**‘I have also been made aware that human life has a Great Purpose, because of this Soul that is instilled at the moment of my conception. Not just historical Writings tell me that there is Something Special within me, because I feel Something I cannot see, I cannot touch, but I know of Its Presence constantly.**

**‘I also know that in my knowledge of what is pure in my actions, my thinking, my words, also tells me when I am impure in any of these things. I**

**am told that human life is Special, Gifted, and has a Great Goal.'**

**As I speak today, I speak with a Deep Love for All that is instilled in all human lives, because it gives to human life hope, and a closeness to The Divine that no other living matter or thing is capable of.**

**So many things are important for the world of human life to know about, but the enemy of God and man uses many sources, forces, conditions and misinterpretations to distract what is important, for what is easily recognized as replacing the instinctive knowledge of purity over impurity, Divine Love over selfish obligations.**

**I could speak hours and hours and hours on these subjects, but mankind is able to remember when important subjects have a conciseness, and are obvious factors, features innate in human capabilities that the mind can cope with.**

**I could speak hours and hours and hours, instructing mankind of all natures, all degrees of intelligence, all personalities, but The Father has Declared that mankind learn more about the Importance of human life**

**in terminology that is within the understandings that mankind is used to coping with. So be it.”**

APRIL 7, 1999 AT 1:37 P.M.

## SAINT CHRISTOPHER

**“I am Saint Christopher.**

**When you see a child kneeling, appearing to be praying, does this not make you feel the Presence that you cannot see, but you innately know is hearing what the little one is speaking? Some reading This Statement may very well say that this act is natural, normal; it is the human way.**

**As I speak to you on this day in your time, you must believe What I say. All that is occurring throughout the world is pleasing the enemy in many ways. This enemy that is never seen in the form it exists, but in reality, it has many limbs, facets to it, and is always armed with revenge. The foundation of this revenge is jealousy, jealousy of all that is Good, Pure, Heavenly.**

**The Father has given to the world a Gift beyond what mankind could ever be able to give in the human way. Only The Almighty Creator has This Deep Love for the Creation of human life, and in this Creation, there is a Portion of Him, never seen in a physical form,**

but constantly evident in a multiple of ways.

**T**oday as I speak from Where I am, My Words travel to you through *a voice* you can understand. It is important that children begin to be instructed on the Importance of what human life was created for, and that many things they learn must be handled with decision of being correct, or possibly damaging to them in some format of what is available to harm them.

It is so easy for some to speak about what is moral, what is immoral, what is just, what is unjust or based on injustice, but how many individuals weigh what they say, practice in the human way, on whether they are proud to be remembered by for its good, or they act in a way that only the enemy of God and man is pleased with?

There are so many Lessons of Instruction that have been handed to the world through This Gift of The Father's Love. The Messages are not being spread far enough or fast enough. There must be a way found for All Things that have already been spoken to be cast on the waters of the world, to countries throughout the

world, demonstrating openly that in the True Existence of a Creator, they are never left alone, that He, too, speaks at 'this time', and His Directions must be learned, followed, and treated according to how He Decrees it to be for the good of the Souls that need the guidance of the ones in whom They are placed at the moment of conception.

**W**e hear some say, 'I believe All that has been delivered and I know that the Words must pass throughout the world, but I feel helpless in my abilities to do this.' The Father's Love for you will give you the energy, the strength and the way, if you but allow It to be seen, for it is evident that within you, you have the ability to pass to millions upon millions upon millions, What has been delivered thus far regarding the Importance of human life, Purpose, because of the Soul that is present in each human life, no matter what race, color or creed, no matter what degree of intellect.

**R**emember What I have spoken, and I beseech you to not cast These Words aside. They are important. There is no other place in the whole world that a Gift of This Divine Love

**can be traced to; only where you are.  
Remember this. So be it.”**

### THREE SAINTS

**“M**ankind has been given the Gift of communication. This integral part of mankind’s abilities to be able to express, extend, deliver, and communicate verbally, physically, or with his or her actions, can be elaborated upon in so many ways, because The Father’s Gift of Divine Love is in this Gift to human life.

In the beginning of human life, men, women and children were not able to communicate beyond the available degree they were instilled with, but there was communication through expression, through touch, through feel, through actions.

Through time, The Father allowed formal education so that mankind would be more well-equipped to be able to relate to many subjects, many practices, many opinions, and many avenues wherein human life could develop greater measures of advancement in multiple fields, beneficial to the lives, the safety, the abilities, and of course, the sciences

that mankind uses daily for many beneficial gifts to human life.

What I have just spoken is not the full measure of what human life has been instilled with. It would take volumes to write and many hours to evaluate what privileges, what Gifts mankind is the custodian of, but all in different degrees.

The Father has given to the world a Gift, Personal Communication, instructing on the Purpose for which human life was created, and the value that each thing is to the mind, the body, and the Ultimate Portion of human life, the Soul. The Soul is a Gift of Divine Love, in many ways an extension of The Father's Love, uniting man with The Creator in a formula, in a degree not fully understood by human beings, but nevertheless, evident in so many ways, for so many things, for so many reasons.

So much has passed through *one small voice*. We hear some individuals say, 'Why that *one voice*?' We say: 'Why not? The Father's Will knows what is best, and should never be questioned,' when We hear questioning regarding This Gift of Divine Love that has handed

to mankind insight, and a deeper understanding of the Importance of human life, unmistakable because of the Words that have been allowed to be delivered openly, not secretly, behind hidden doors.

So many times individuals read a book. It is entertaining in some form, or it enlightens one on a subject. Then again, there are many written articles, in many forms that are demeaning to human life, human intelligence, and it is sad to see individuals become so enraptured by these human intercessions that can only be delivered by what is impure, what is against the Importance of the Souls that come in contact with it.

Mankind oftentimes ignores the Importance of another Portion of himself or herself. The Portion is attached to a conscience, which is a Direct Communication with The Creator, God Himself.

There are Volumes of Words that have been delivered and are yet to be delivered, because of the Importance of human life above and beyond all other living matter or things.

**We see many individuals read continuously on what they feel is higher learning on subject matter that is written by those who feel they have the understanding of great inventions, but how many really understand the Importance of what they stand for as an individual? and that is, to be the custodian of a Soul, a Portion of The Creator, that should be the Ultimate Goal to return this Soul in the Spirit, the Light, the Purity, and the Love It was originally given.**

**I do not say man should not seek knowledge, but I do say, ‘Put it in the right perspective, and in understanding the knowledge, be aware of its importance to one’s Purpose for life first, foremost, and then adapt to it according to its need or its association to what one’s life was created for.’**

**As I bless each one who puts My Words in script, I say to you, ‘Each time you act in His Name, the Blessings abound in your Soul, because your Soul, as a Portion of The Creator, grows in more ways, helping you to one day be with The Creator in a Personal Way.’ So be it.”**

APRIL 12, 1999 AT 1:01 P.M.

**SAINT CATHERINE OF SIENA**

**“I am Saint Catherine of Siena. It is with a great sadness I speak today because of the conditions that mankind are allowing. To put it into one word, a ‘behavioral’ pattern of thinking has diminished to reluctance to obey The Holy Commandments of The Creator.**

**For so many, These Rules for life are not just conditions to be thought about, but to be understood as the Source, Force, and Means that mankind must honor, because of the Importance for which human life was created, and what the human life is responsible for.**

**So few want to recognize that human life has a great purpose of responsibility attached to it. Mankind cannot ignore what is so logically obvious in what is right, what is wrong, what is pure, what is impure. The Soul is the recipient of every thought, word, deed, action, intention, practice and ability of human life. We hear so many excuses, and they are just excuses. We hear so much doubt,**

only because human life feels that doubt bears no responsibility to one's actions, thoughts, deeds, intentions, or goals.

**Much Love passes through This Gift. It is a Divine Love, Divine Origin, Divine Guidance, and It must not be ignored any further, because mankind at this time practices constantly insulting what a privilege human life is, and the Importance of it, the Reason for it, and the closeness it is and has to The Divine Creator.**

**We hear so many excuses, 'Why can I not see God if He is such a reality?' This is blasphemy. The very existence of human life, and the intellect, no matter what degree it is termed in, logically tells an individual there is a Higher Being in charge of All Things, a Purpose for All Things, and a Judge of all that is practiced in every facet of human life. So be it."**

APRIL 13, 1999 AT 1:04 P.M.

## SAINT GREGORY THE GREAT

**“I am Saint Gregory The Great. My Title is a privilege for Me, because in many ways, it is a Gift of Divine Love.**

**Today as I speak through a *small voice*, I beseech all of mankind of all ages, to be fully aware that human life has a Great Reason, a Great Purpose, a Great Goal. So few men, women and children ever think of this being a Fact connected to them in their daily way of life, but nonetheless, it is true.**

**The Father has Decreed This Time to be, to help all races, all colors, all creeds of human life to realize, and more fully understand the Purpose for this creation of life as man.**

**Many individuals involved in great scientific discoveries are commended by all they do, all the success that they are a part of. In the honor paid to them, it points them out in an admirable way, which is good. It is necessary because it helps many men, women and children connect to**

human life advantages, and the ability to achieve goals that are important.

Today as I speak through *a little one*, she is *a funnel* of All The Father Wills for mankind to more fully understand the Importance of human life, the importance of the will that each human being is gifted with; also, the ability to understand that human life has a Goal beyond the one the birth gave, at a given time.

So few men, women and children ever even think that their life as an individual has a Purpose, a Reason, a Goal. There is not enough instruction by so-called 'learned men' on this subject, because many times all the learning in the world, all the ability to have knowledge, eliminates what Part The Creator has in each human life, and the Purpose for each human life.

Mankind becomes so humanistic in evaluations on what human life is based on, created for. Through This Gift of The Father's, constantly giving to human life much Information, Direction, We find that it is difficult for many to see the Value in This Gift of Divine Love. We oftentimes ask The Father to help those who hear, who

**read What has been spoken, to believe what a Precious Gift human life is, and that it has a Higher Being, a Higher Purpose than all other things created by Him.**

**As Each One of Us has the privilege to speak, it is with Great Love for The Father's Will to be done, and that each one who will read What We have asked to be written, will find in the Words more meaning to everything they say, they do, they practice, and use as goals for their way of life.**

**It is sad when We see individuals use the Gift of human life in such a casual, indifferent, uncaring value. It had a Great Purpose to be created, and it must be remembered for this by all men, women and children. It is time for mankind to seek Facts, seek Truths, and read What The Father has allowed to be given at 'this time', because These Words must pass down through time as The Father Wills it to be. So be it."**

APRIL 14, 1999 AT 1:07 P.M.

## SAINT JOHN OF THE CROSS

**“I am Saint John of The Cross.**

**The Father, in His Design of human life, chose this life for many Special Reasons, and a Special Goal. So few who are born to this life fully recognize what a Gift of Divine Love it is, and for.**

**The human mind is a treasury of understanding, the ability to think, speak. In many ways the mind is truly a Gift of Divine Love, because in this mind, The Father has instilled what is pure, what is impure, what is morally right, morally wrong, and of course, the meaning and ability to understand many subjects that no other living thing has the ability to do.**

**Today as I speak, I speak with a great Love, and yet concern for this time in which you live. First of all, because there are so few who are able to fully understand the Purpose for which human life was created, and the need for individuals to see the Value of human life, and the Truth that is important regarding every facet of it.**

**In taking so much for granted, it delays the full understanding, the true understanding of the importance of how an individual thinks, acts, projects himself or herself; also, how they handle situations that are morally sound, morally correct; also, how many times they misjudge the value of the moral involved, and they desecrate the purity of it through several moods, actions, temptations.**

**The Words are numerous in explaining the Value, the Beauty, of What human life is gifted with. The Father has given to the world a Miracle similar to the Time The Son of The Father walked the earth. Purity of the mind is important, because every impure act affects the Soul. It impairs the Soul, it denies the Soul.**

**We hear so many men, women and children strive desperately to reach goals of all dimension, on all subject matters, but it is a rare thing for Us to hear:**

***‘Help me to become a Saint.  
Help me to prove to God I love  
Him above all things. Help  
me to be example to all others  
of the Importance of human***

*life, because it has a Goal  
nothing else was created to  
reach.'*

**As I leave you today, My Words I want you to remember, not just because I am a Saint, but because of your desire, your will, your conscious effort is to please The Creator and to return to Him your Soul in a Pure State. So be it."**

APRIL 15, 1999 AT 1:01 P.M.

## SAINT JOAN OF ARC

**“I am Saint Joan of Arc. For a long time mankind has associated Me with being the leader of an army of men. This statement is truth, and at this time I would like to say, ‘The men with whom I walked the earth were men of much courage, and in many ways, willing to give their lives for the purpose of the fight.’**

**T**oday as I look at the world from Where I am, it is important for men, women and children to realize that in human life there is an Ultimate Purpose; needless to say, to be the instrument of returning his or her Soul to God, a Saint.

**I**n human life men look for credit for what they do, honor in their name, and in every way can aspire to high degrees of challenges, commitments. Every living human being has a Specific Goal to reach for, and that Goal is to return the Soul to The Creator, a Beautiful Saint.

**I** hear some say, as I say These Words: ‘To be pronounced “a Saint”

takes other human beings to assign this Title to one's name. Is this not so?' It is not necessarily so, because each human being gifted with the ability to know right from wrong, good from evil, has within them not just the chance, but is promised the Goal they were created for, and that is to become 'a Saint'.

**M**ankind uses the Word 'Saint', but in many ways, the True Goal for which this Soul has the ability to reach, is to return to The Father in a Glory beyond what mankind can describe It to be, understand It to be, because the Soul, as a Portion of The Creator, desires constantly to return to from Where It came, because The Father chose It to be with an individual He created for a period of time, helping the individual to better understand that the Gift of human life can go on through the Soul. There is no Greater Gift that an individual human being can achieve.

**W**e hear some individuals boldly say, 'What difference does it make if I was never born, my Soul would exist.' What they miss in this statement is this: Through the human life, the human part will be remembered in a

**distinct way, and will enjoy in certain forms, degrees, manner of life, to be recognized as the individual in whom the Soul was placed at the moment of conception on a given day.**

**I leave you with a Blessing, and I say, ‘Your free will is your path to doing what you know is best for your Soul, to one day return to The Father with your name.’ So be it.”**

## GOD THE FATHER

**“Each time I send a Special Gift of My Love to mankind, It is quickly regarded as not from Me. Why? Because human life innately disregards My Closeness to human life, and My Willingness to keep them informed of My Existence and their close Association to Me, and My Reason for their creation.**

**Children are not being instructed on the Full Truths of My Existence. Humanism has not allowed the Truth of My Existence to be spoken about or instructed on, because mankind prefers to feel a foolish freedom of humanism that ignores the Purpose for human life, and the Soul in it that is a Portion of Me, placing human life superior to all other living things or matter.**

**I shout through this *little one* I use constantly, to use the Gift of human life for the Goal of human life: ‘Sainthood With Me Forever.’”**

## SAINT THERESE OF LISIEUX

**“I am Saint Therese of Lisieux. Though it is difficult for men, women and children to believe, to accept that We Saints do speak at ‘this time’ through *one voice*, does not make their thinking correct.**

**The Father, at no time since the beginning of human life, has not sent forth to the world some manner, some degree, some ‘individual’, dedicated to helping others better understand the Reality of a Creator of All Things.**

**As I speak today, I speak with a great sadness, because fewer and fewer and fewer individuals are dedicating their lives to the Spiritual Goals The Father intended mankind to reach for. So many men, women and children have no conception of the value, the need, or the reality of human life, in its creation, is different than any other creation.**

**So few men, women and children use prayer as a communication. Granted, many say it in force of habit, or sometimes to impress someone else,**

but the intention is not what it should be, and that is a sincerity of love for The Divine.

Today as I speak, it is important for human life of all degrees of intelligence, all degrees of belief in The Divine, to more fully understand that sound reasoning regarding the True Existence of there being a Divine Entity in Control, has diminished in many ways.

Humanism is rampant throughout the world. Human beings have forgotten the Importance of the Purpose for which human life was created, and the Goal for which it was created. Also, that the Basic Truths, Values, Love, in the Creation of human life, were because The Father's Love for this Creation of His, giving to each human life an unseen Portion of Himself to one day return to Him.

This Gift of The Father's, This Miracle of Divine Love, passes Words through *one voice*, but the Words are always meant to give strength, understanding, and more belief in the Purpose for which human life was created. Innately, mankind tries to reach goals of achievement. This

basically can be stemmed from the innate Gift of Divine Love in human life, and only in human life, to achieve progress and to gain what is important for the mind, the body, and of course, the Soul.

Today as I speak, there is somewhat of a sadness in My voice, because so many men, women and children throughout the world are and have been eliminating from their way of life, the Importance of their Soul that is to be returned to The Creator to be with Him Forever.

If you were to count by number how many individual men, women and children of high learning, or just natural capacity of understanding, truly believe that human life has a Great Goal because of the Soul that is a Portion of The Creator, you would be not just surprised, but shocked, because it is not being taught, it is not being spoken about, and in most cases, there is great doubt regarding it.

As We speak through this *small voice*, Each One of Us Who speak ask The Father to help those who will read These Words, to more fully understand

**what a Precious Gift of Divine Love,  
life is to man. So be it.”**

**SAINT ALPHONSUS LIGUORI**

**“I am Saint Alphonsus Liguori.**

**All ages of human life should ask themselves a very important question: Do all the laws made by man agree with the Laws of The Creator? If so, in what manner, what degree? If not, then should not man look into the full meaning of The Commandments of The Creator?**

**You live in a time when the full Concept of The Commandments, given approximately two thousand years ago, have dwindled down to a few words that supposedly depict the full meaning. Mankind oftentimes deletes, for his or her own comfort, sound reasoning, sound facts, and the real Purpose that was intended by The Father for that Important Part of human life, the Soul.**

**To man, the most important part of human life is the physical. Granted, this is a sound foundation of value, purpose, and it does have its reasonable understanding, but at this time, as in other times in the History of human**

life, so little reality is concentrated on regarding the Purpose for which human life was created.

**Logic tells mankind the physical body, the mentality, come to an end. Would it not be wise to value a more Important Portion of human life that has been spoken about, instructed upon, and is logically sound in Its Value, Presence and Reality? The name for It is simple. It is called 'the Soul'.**

**My Words are to be sent throughout the world, because in These Words it is to awaken human beings of all races, all colors, all creeds, all mentalities, to the Fact that human life is the Greatest Gift The Creator could give, and of course, it is because of the Soul that is evident in the individual's innate ability to know purity from impurity, love from hate; also, that human life, having an instinct desire for higher goals, carries within it a desire to live beyond the time the body no longer exists. So be it."**

## THE HOLY SPIRIT

**“The word ‘dignity’ regarding human life, to many people expresses the manner in which an individual lives, works, acts, and uses his or her talents to aid them in some source, force, course, manner of life.**

**It is important that men, women and children fully understand that dignity in every area of life gives strength to those an individual is associated with, whether it be through birth, friendship, or in some form of association that brings them together, in expression of their beliefs in a Greater Entity of Creation.**

**This Gift The Father has given to the world is a Gift to enlighten all of mankind on the Importance of what the human life is capable of morally, mentally, spiritually. This fact is oftentimes ignored, blaming culture or other people, on an individual not being able to set high standards for how they live, how they act, what impression they leave on others, what example they are to others.**

**A Gift of the Dimension of This Gift encourages men, women and children to value the Gift of human life, never to ignore its Purpose or the closeness it is to The Creator. We hear so many individuals cast aside what is so logically sound, ignoring totally that human life has a Goal above all other creations of living matter.**

**Many times an individual, or several individuals, are gifted with talents that will put their name down in History, because of what they were able to show they were able to accomplish in the human way. Mankind many times thrives on this type of recognition, but mankind must remember that the Most Important Portion of human life is the Soul that never should be surrendered to the enemy of God and man. It must always be remembered to be kept pure, through the actions, the speech, the talents, the abilities, and all the mundane, necessary actions that man must practice each day while alive. The day comes for each human being to be accountable.**

**All that has been delivered through This Gift of Divine Love must never be cast aside, but looked upon as a Gift of Divine Love, above and**

**beyond any gift that mankind could achieve from his or her own talent.**

**I bless the world with a Love beyond what mankind understands love to be, for as The Heart of The Son beats, It beats with Life for all human beings to be returned to The Father as He Wills It, a Saint. Do not feel it cannot be, it can. You have the will, you have the way, you have the ability. So be it.”**

APRIL 23, 1999 AT 1:10 P.M.

## SAINT ATHANASIUS

**“I am Saint Athanasius.**

**In some ways it is sad to see so many so-called ‘various understandings’ of belief in The Father, The Creator. Many different ages of individuals of all degrees of mentality, oftentimes base their beliefs on what is comfortable for them, not what is sound fact in the subject’s full meaning.**

**Today as I speak, I speak in a manner and way that mankind can refer to as ‘deep sadness’, deep within Me, because of all the indecencies, impurities and diabolical practices that men, women and children of all ages, all cultures, all degrees of intellect allow themselves to accept, and to be frequently involved in.**

**We hear some individuals speak of standards of practice on moral values. Not always are these standards based on the same format in which The Commandments were meant to be honored, adhered to, and obeyed.**

**If you were to ask each one you meet every day, ‘Did you break a Commandment of God today?’ they would likely be upset, perhaps even angry that you would ask them such a question; but then, there would be some who would say, ‘I have not killed anyone today, I have not committed adultery today, so I feel I have not failed in any way.’ Now ask yourself: Do you examine your conscience, your practices in life, how you associate with others, and how your actions can be imitated in a moral standard according to what The Commandments of God are all about?**

**How many so-called ‘Christians’ throughout the world base their whole way of life on taking into consideration their moral values, their moral standards, putting God above all they do, they act out, knowing that through the Soul they are the custodian of, that The Creator of All Things, All Human Life, Knows All Things?**

**How many times have you been asked by someone you know, ‘Have you committed a sin today?’ Would not your reaction be anger? What if you asked everyone you meet, ‘Have you committed a sin today?’ How welcome**

would you be the next time you met, and yet each day every human being's Soul is in constant contact with The Creator of All Things. The Soul is the Connecting Link between human life and God.

**M**any of Us Saints speak often through This Special Gift of Divine Love, but We see so little in a daily reflection of how one practices sound moral values, sound moral standards, always keeping in mind the time will come, and the Soul will face The One in Whom It is a Portion of, bearing the name of the one in whom It was placed at the moment of conception.

**I** could tell you what reaction there will be from hundreds, if not thousands of individuals when they read These Words I have delivered. There will be many excuses, many justifications, even some rebellious attitudes, but also, there will be a rejection of how closely united human life was to The Creator, God Himself.

**A**s I leave you on this day, I bless you to give you the strength to help others understand that the Creation of human life has a Goal, a Purpose Greater than any other living matter

**or thing. Be mindful of it, be aware of it, every moment of every day. Be example of it, because your example has more impact on others' lives than you could ever imagine it to be. So be it."**

APRIL 27, 1999 AT 1:47 P.M.

## SAINT JOSEPH, THE HOLY SPIRIT

**“I am Saint Joseph. At This Time throughout the world, The Father has Decreed My Name and What I Am All About, to instruct mankind on the Importance of human life, the Purpose for which it was created, and never to ignore the responsibilities that are part of the human way of life.**

**So much emphasis is placed on what man calls ‘a birthday’. The first birthday is when an infant makes entrance into the world. At this point in time it takes those of older years to give strength, protection, and care to the growth of the individual. This is a very important time in every child’s life. Though it is not seen, but definitely affected, is the intellect of the individual child.**

**Those in the care of this child immediately ignore what they are instilling into its mind by how they act, speak, and interact with others around. A child can be considered like a blotter, absorbing all that it comes in contact with. Logic would**

say to mankind, 'Well, that sounds reasonable, because it is the first learning stages that teaches the child speech, reaction, action, and responsiveness to what is going on.'

Today there are many children who are situated in places that are not just vulgar in their manner of doing things, but more than vulgar, there is no love for The Creator openly expressed, because a child can learn when it is not expected to be learning, because when a child hears, and what it sees, remains in the mind long after the incident passes.

We hear children say things, and it is usually a surprise to those around them, but what those in charge forget is that the human mind observes, responds, remembers, and uses all that the human body accepts; true, a learning process and an important process of growth in every living human being, many times the total foundation for the rest of life in ideas, practices, ideals, and personal pride, or personal desire to succeed.

It is important for human beings of all ages to more clearly understand how important their example is to

everyone they meet, everyone they speak to, no matter what age, what background, or what the circumstances are. Purity in all these things, dignity, and a true understanding that association with another human being, no matter what age, what degree of intelligence, what the circumstances are, has an important impact on both lives.

Also, one of the greatest teachers in the world, and sometimes the most instructive gift one human being can be to another, is through one's manner of speech, one's moral actions, views, example, to teach mankind the Importance of life and the Goal for which it was created, is Blessed by The Father in many ways, because in being moral example, it is a gift Blessed abundantly in a form, a manner, a way, a degree, unseen, but the Soul of the individual or individuals is the recipient of all that is important when morality expresses concern for the Souls, love for God, and a desire to please Him at all times. So be it."

## SAINT JOSEPH, THE HOLY SPIRIT

**“I smile as I make This Statement: There are always Many of Us present where This Holy Gift of The Father’s is present.**

**The world doubts so many important facts, issues, claims, truths, because mankind innately uses his or her ability to understand to their degree of understanding important facts, oftentimes when facts on specific issues tend to cause them to have responsibility, or force them to be alert to things that are binding to their conscience, attitude, perseverance, and way of life.**

**So many times when We speak through *this voice* that just a handful hear, We request that Our Words be spread to all areas of the world, all languages, because of the Importance of the Content, the Purpose for the Souls of every individual born in the human way.**

**We hear so many individuals clamor for attention, oftentimes based on sinful conditions, thus ignoring**

**what is important to the Values, the Purpose for an Inner Portion of human life, called 'the Soul'.**

**Granted, thousands and thousands of Words have been spoken, instructing on the Importance of human life, and the Goal for which The Father designed for it.**

**When a seed falls from the plant, the seed many times grows into the same type of plant from which it fell. It is important that human life, all ages, all colors, all creeds, remember that what they speak, how they act, is like a seed for others to imitate, to follow, thus making every thought, word, deed, action of one individual important, for maybe hundreds or thousands, because of the manner in which a topic of conversation travels from one individual to a numerous number, after it is first spoken or read.**

**I speak with much Love, but I also speak with much Concern. The world you live in is not a world of Godliness, but a world based on selfishness, egotism, and diabolical influence.**

**This Gift of The Father's has a Divine Reason, Purpose, and it is**

**necessary for mankind to remember that there is a Portion within each human being that is More Important than anything mankind can own or seek, as he or she lives in the human way.**

**Perhaps I speak differently on this day, but My Love for human life is a Love in wanting to share All that is important for the Soul of every human being, because the Soul is what will return to The Father, and My Words are to ask each human being to take care of this Soul. It is the Greatest Gift human life could ever receive, ever be responsible for, because It is to be returned in a Pure State because of The Father's Pure Love for It since the moment He gave It to a human life. So be it."**

APRIL 30, 1999 AT 1:45 P.M.

**SAINT ALPHONSUS LIGUORI**

**“I am Saint Alphonsus Liguori.**

**Mankind must learn to understand the Importance of being given the privilege to be born as man. In so many places throughout the world human life is not held in the esteem it should be. First of all, little instruction has been given on the Purpose for which human life was created, and that in human life there is definitely a Portion of The Divine. This would be a natural fact for mankind to understand logical because of all that mankind is capable of doing, of learning, of accomplishing.**

**Within the human life there is a Connection to The Divine, a Link that cannot be broken under any conditions, except at the time the human life separates from That Portion of The Divine, according to The Father’s Will, Reasoning.**

**Today as I speak, I speak with a deep understanding of how little men, women and children understand what a Precious Gift human life is, no matter**

what part of the world an individual comes from or is born in, also what background that they are related to.

**So much has been delivered through This Gift of The Father's. No other time in the History of human life has so much Direct, Consistent Information been distributed, so that mankind can better understand the Importance of what human life consists of, and of course, the Goal that no other living matter or thing is the custodian of.**

**Children of all ages are not being taught or instructed on the importance of what they say, what they do, what they practice, what their Goal should be, because of their being a human being, and that as a human being, they have been granted a Gift of Divine Love to carry with them every moment since their conception, a Portion of The Divine, called 'the Soul'.**

**As This Gift of Instruction has been delivered in so many ways, so many times, We see very little of It being passed to thousands, if not millions of other human beings. It is needed by every living human being, no matter what culture, what creed**

they practice in their daily way. The time is immediate because so few men, women and children truly understand the Importance of human life, and the Goal it has been created for.

We hear doubts, even some drastic condemning words against this Truth, because it is difficult for so many to value what human life was endowed with at the moment of conception, a Soul. We hear some say: 'How can I have a Soul? I can't feel It, I never see It. All I know involves my intellect, my senses, and my personal feelings.' True, but remember, all of these things contribute to how they respond within each Soul. Is it pure in essence, in content, in purpose, in reason, or is it vile and only pleasing to the enemy of The Creator and man?

We hear daily comments and many other forms of verbal and physical actions, ignoring totally that what an individual participates in, what example each one is to someone, or many others, reflects in that Portion unseen, yet recorded in a way, in a manner, for a reason, because of the Soul that ends up to be the Responsible Entity of communication,

**of closeness to The Supreme Power that has created All Things.**

**All of the Revealings through This Gift of Divine Love have been to not just encourage human beings to think more purely, but to act with the Goal in mind to one day return to The Father his or her Soul in a Form, in a Manner, and in a Degree that All of Those in Heaven will be pleased with. So be it.”**

**MAY 4, 1999 AT 1:37 P.M.**

**SAINT MARGARET MARY ALACOQUE**

**“I am Saint Margaret Mary Alacoque.**

**The beat of one’s heart tells the individual that life exists because the heart is an important living part of human life, and through this heart, The Father designed a chemistry of His Love, giving to human life a way of life.**

**Today as I speak, it is to encourage human beings of all races, all ages, to be thankful for this heart, because it is so closely connected to, associated with, The Sacred Heart.**

**In so many ways men, women and children ignore important facts, issues, that if they would but open their mind to the importance of them, it would awaken them to what a Treasured Gift human life is, because it is alive, able to think, able to see, able to feel, able to recognize, able to learn, able to practice beneficial acts, actions, and great deeds, all based on one consistent moving part of his or**

her body, dependent upon this spot, this organ of life.

Today as I speak, it is to encourage all who will read My Words to more fully understand that human life is not like a rock; it has within it action, hope, interest, abilities, and the knowledge of what is right, what is wrong, what is pure, what is impure.

I hear some say, 'Well, much of that passes through their brain.' Ah, yes, but without the heartbeat there is nothing to the body that can radiate, demonstrate or show, or even perpetuate what an individual has the ability to do, to practice good over evil, love over hate, purity over impurity, always remembering that within them they have a Gift of Divine Love that without It they would be nothing, and have nothing to look forward to.

Today as I speak, it is to remind human beings of all cultures, all denominations, all degrees of intellect: Treasure your heartbeat, and as it beats, practice acts of charity, extending to others the Importance of human life, the Reason for which it was created, and the Goal that awaits it at a given time.

**Many Blessings go with This Message of Mine, and much Hope that My Words will be read in the manner They were given, to remind mankind what a Treasured Gift human life is from the moment of conception to the day God decides to end it. So be it.”**

MAY 5, 1999 AT 1:20 P.M.

SAINT PATRICK

**“I am Saint Patrick.**

**There are so many stories written by different types of people on one subject. Naturally, each one introduces their own opinions, their own likes or dislikes, their own reactions to what they understand the real subject matter to mean.**

**Today as I speak through *one small voice, one small body*, human in life, and chosen to work in Close Contact with All of Us, I smile at This Gift because I, too, at one time walked a similar Path, not exactly the same way as this *little one* was chosen to walk.**

**The world is saturated with diabolical satanism covered by interpretations of human origin, some totally denying the negativism, the despair, the injustices, and of course, the immorality.**

**Today as I speak, I speak with deep Love and deep concern, because the number of human beings, men,**

women and children, who deny the importance of The Commandments The Father gave, are victims, and are victimizing others by not just their indiscreetness, but their rejection of the importance of purity of the mind, the body, for the benefit of the Soul.

Little ones are not being instructed on the importance of truth, nor are they being instructed on why they were created, or the Goal for which they were created, or that each moment of daily life they are responsible for morally, mentally, physically, spiritually. So little is being spoken about, in any form, on the Purpose for The Commandments of God. Oh, people memorize Them, but it ends there. Obedience to Them is not really thought about.

Today as I speak through *one small voice*, I speak with deep concern for all human life throughout the world. Mankind has lost sight, interest, and Faith in what a Precious Gift human life is, because of the Soul that is a Portion of The Creator, making human life higher, more Important, than any other matter or thing created.

**Though I speak firmly, I extend much Love to human beings throughout the world, because through My Words I want them to understand the Importance of being born as man, and never to forget it has a Goal; that is, to return to The Creator That Portion of Him, the Soul. So be it.”**

**SAINT ALPHONSUS LIGUORI**

**“I am Saint Alphonsus Liguori.**

**To every living human being time is important, sometimes because of a schedule, sometimes because of a personal habit, sometimes just because a necessity arises. Time is important, but mankind oftentimes ignores his or her morality, immorality, that time takes for them to act in, react in, or communicate in.**

**When individuals discuss personal subjects, they oftentimes become very explicit, and ignore how their conversation is affecting the other individual or individuals.**

**Today as I say These Words, it is important that the Gift of speech, the Gift of action, can affect the lives of many who are exposed to what one individual uses for attention or for communication.**

**I make My Words short, but What I have spoken is important to remember, because time is important for the Soul of every human being born, and**

**time should be used for what is sound morally, what is pure, and not what is vile or contemptible and pleasing to the enemy of God and man. So be it.”**

**OUR HEAVENLY MOTHER  
SAINT ANTHONY MARY CLARET  
SAINT TERESA OF AVILA  
SAINT THERESE OF LISIEUX  
SAINT FRANCIS OF ASSISI**

**There's a Man smiling, and He says, "My Name is Saint Francis of Assisi."**

**"On this day in your time, thousands, hopefully millions will learn through All that has been spoken through This Miracle of The Beloved Holy One, Saint Joseph, that life in the human way is a Gift of Divine Love, a Gift for a Purpose beyond any other living matter or thing.**

**Each of Us will speak. We will not define which One of Us it is, but as We enter into this Communication, We bless each one that walks with *this child*, who believes in This Gift of Divine Love, and who desires to generate It throughout the world.**

**We hear all different degrees of human nature, intelligence, and Spiritual beliefs, desire to have insight**

**into what The Divine is all about. Most find the information they desire through reading what others have written.**

**Since This Particular Gift of The Divine Love was and is being passed through *one voice*, All Things have been put in a format that mankind of all degrees of intelligence can understand. All that has been delivered does not just encourage men, women and children to seek Holiness, but to help them desire the Goal for which Holiness exists, and that is Sainthood.**

**If I were to say a Hundred Saints have spoken through This Miracle, the number would be incorrect, because even though the Names have not been announced, Thousands of Saints, known and unknown to mankind, have spoken in casual ways, sometimes firm ways, to individuals who had no idea Who was speaking to them, Who was caring so much for them, because of the Soul that each human being is the custodian of.**

**Today is a day of celebration to mankind, because of the Gift of life. Compare this to the Precious Divine Gift of becoming 'a Saint', and each**

**one has the opportunity to have this happen to their Soul Who bears their name for all of life.**

**So many Blessings pass through This Gift of The Father's Love, because human life was created with a Soul, a Portion of The Creator, thus giving to human life a Special Gift of Divine Love.**

**We hear some say, 'If I have a Soul, why can I not feel it?' You do, in your abilities of knowledge, and in your ability to know what is morally right, morally wrong; also, the fact that it is innate in human life to feel that there is more to life than just living day by day until a given time, and then everything physical stops.**

**The Soul of every human being never dies, but returns to The Father representing the one in whom It was placed at the moment of conception.**

**As I leave you, I want you to know that This Gift of Divine Love, This *Miracle Of The Beloved Saint Joseph*, is a Gift beyond what mankind can understand, or in any way comprehend the Greatness It is. As I bless you at this moment, I say, 'Many of Us send**

### SAINT TERESA OF AVILA

**“Each of Us Who speaks through This Gift of The Father’s Love, could speak hours at one time on important subjects, facts, directions, instructing mankind of all ages on the importance of every thought, word, deed, action they participate with, in and on.**

**The world is in chaos morally. Although mankind stresses great degrees of learning subjects, there is one subject that is not spoken about in its full degree of meaning, of purpose, of reasoning, and that is, What each human being has that no other living matter or thing is the custodian of. It is called ‘the Soul’.**

**At this moment in your time, throughout the world there are millions of offenses being practiced against the purity of Souls. Rarely, if ever, is it taken into consideration if a conversation, an act or action, is moral or immoral, pure or impure, pleasing or displeasing to The Creator, The Father.**

**M**ankind, even when instructed on having a Soul, most often ignores the subject, because it is not something they say they can feel, they can see or do, or even sense Its Presence. This, of course, is basically not true. The human mind, the conscience, the instinct, feeling, knowledge, realization, that what an individual feels, knows, in all he or she participates, has to realize if it is pure or impure, and that it does have a Supreme Power awareness of it. Some call it 'conscience', some call it 'an innate feeling', and some can deliberately say, 'It is logical to know that as a human being, I should know what I am saying, what I am doing, what I am practicing, what I am example of, results into an innate understanding that through my conscience I am aware of an Inner Being, and That, of course, is a Portion of The Father, The Creator, The Giver of Life, and I am accountable for It.'

It is so easy for millions of individual human beings to try to ignore that what is impure should be seen for what it does to one's innate understanding of the Importance to the life of the individual and an Inner Portion that is unseen yet always

**present, else how would an individual know right from wrong, purity from impurity, justice from injustice?**

**There is much Love that passes through This Gift of Instruction. Mankind of all ages, all backgrounds, all degrees of intelligence, must be given All that The Father has Decreed for them to know. So be it.”**

**SAINT ALPHONSUS LIGUORI**

**“I am Saint Alphonsus Liguori.**

**Mankind wants signs, explanations, proof, of so many things that basically are beyond the average individual’s ability to understand.**

**There are many educational institutions wherein men, women and children learn subject matter, definitions to aid their minds, and better understanding, more understanding on subjects they are sometimes subjected to, or more interested in knowing more about.**

**Today as I speak, I ask those who will read My Words to write down what their feeling is, understanding, and I would add to this, Faith in there being a Creator of All Things, One Who knows All Things, and One to Whom they should speak to informally and formally.**

**Many might say, ‘I hear no answers back,’ but let Me remind you that within the human mind there is a Connecting Link to The Divine, and**

one can begin to learn if one but uses this system of communication through prayer, through speech, through thoughts, because the answers will be compatible to the questions, and compatible to how the individual can handle what the subject requires.

Let us take one subject that mankind is used to. It is called 'mathematics'. So much in human life is based on mathematics. It is important, because in mathematics there are proofs that many other things, if used, would be guesswork. Is this not so?

Today as I speak, I speak with much Love for mankind, because The Father has handed to the world a Gift Greater than mankind can comprehend It to be, a Gift of Closeness, a Gift of Communication, and a Gift wherein many answers are responses to many questions an individual might have.

The world has been Blessed with This Miracle of The Father's Love, and when We hear rejection of It, it is difficult for Us, because in the rejection of This Gift, the individual causes the relationship to diminish, not on The Father's side, but the individual seeks

**humanism as the focal point, the logic, thus ignoring what The Supernatural is happy to instruct on, with, for, in many ways.**

**As I speak today, I speak differently, but it is to awaken mankind to the daily communication man has to The Creator of All Things. So be it.”**

## SAINT ALPHONSUS LIGUORI

**“I am Saint Alphonsus Liguori. As I speak today It is of great importance, because Truth oftentimes leaves a Mark of Instruction, Value, that nothing else has the ability to do.**

**At this time throughout the world there are thousands, if not millions of living human beings who are relentless in diabolical practices, but also relentless in selfishness, and an innate desire to be popular.**

**As I speak today, it is to encourage all who will read My Words to take a strong look into their motives, their conscience, their goals, because these three items in human life have a tremendous effect on their Souls. So much has been spoken about, instructed on, and openly, clearly, plainly told about the Importance of that unseen Important Portion of human life that exists. It is the Soul. Human life has been gifted with a Personal Touch of Divine Love that nothing else created has.**

**C**hildren are not being instructed properly, nor are they being taught how to control their motives, their wills, their actions, their intentions. There is so much instruction on humanism, eliminating totally that Important Portion of human life, that Precious Gift of Divine Love that innately registers when an individual is impure in thoughts, or pure in thoughts; also, how this Soul is in every thought, word, deed, example, instruction, to every other human being an individual comes in contact with in a normal way, in a formal way, in a Spiritual way, or in an ugly way.

**S**o little emphasis is put on that Important Portion of human life, basing all things on humanistic pleasures, ideals, promises, impurities, called 'sins of the flesh'.

**A**s I speak, I speak with deep Affection and Love for those who will read These Words, and who will make These Words important to their daily way of life. Each time One of Us speaks it is to touch individuals, because it is through living as an individual that each human being has a power unto itself, a strength of moral values.

**I beseech you, be thankful for the Gift of life, but use this Gift for the Goal for which it was created: to return the Soul to The Creator, a Saint. So be it.”**

**MAY 18, 1999 AT 1:00 P.M.**

**SAINT JOSEPH, THE HOLY SPIRIT**

**“M**ankind is oftentimes alerted to a disaster or a critical situation by an alarm. This alarm draws the attention to what is necessary for those hearing it to either seek safety, or to help an important event that could cost lives, or danger in many ways.

**A**s I speak today, I desire mankind of all ages, all degrees of intelligence, all backgrounds, to read What has thus far been delivered through This Gift of The Father’s, as an Alarm for attention to protect themselves against a great enemy who wanders through the world, using every device, every issue to destroy the Soul or Souls of one or more individuals.

**A**s This is being read, I hear some say, ‘I have never seen my Soul.’ Perhaps you have, and did not recognize It as the Gift of Greatness that It is, because as you, in your human way know that within you, you are the custodian of many physical parts, and when one is ailing you must take care of it because it affects your

health, and oftentimes your thinking; believe it or not, one's Soul sends out alarms, not always recognized as it being from such a Source in one's body, but nevertheless, the mind is alerted to the possibility of the enemy being present, and encouraging some ugly thought, word, deed, or action. The very essence of this tells the individual the alarm is ringing, the Soul is alerting the one in whom It was placed at the moment of conception to think of the results; also, to think of the type of act or action that would be unacceptable to the Soul, to The Creator.

The Important Facts passed through This Gift of The Father's Love are so simple to understand, and yet rejected by so many who read Them.

Today as I speak, I speak with a Deep Love, because as The Holy Spirit of The Creator, My Love for mankind is Deeper than mankind can comprehend Love to be. Mankind must understand that human life is Important, not just physically, but morally, mentally, and there is a Great Purpose to human life, beyond any great act that an individual is able to conquer in the

**sight of mankind for praise, for glory, for recognition.**

**I beseech you, read All that has been written, and in reading It, make it a personal understanding of this Gift of Divine Love, the Soul that each human being has within them, because It is a Portion of The Creator. I know, because as I speak to you today in a Name you can recognize, you must also remember I Am The Holy Spirit.”**

## SAINT PATRICK

**“I am Saint Patrick.**

**The world that mankind lives in at this time, is a world in many ways eager to compromise important issues, even when the compromise destroys the validity of the subject matter. There is no time, at this time, for one’s Soul to be compromised, because he or she cannot see the Soul, feel the Soul.**

**Logic is evident that human life, in the Design of it, the abilities it is capable of, obviously has been and always will be, created by a Superior Power. Human life is different than all other living matter or things, because human life has a Goal, and that is to surrender the Soul at a given time to from Where It came.**

**Today as I speak, though My Words are strong, My Love is deep. It is important for human beings to recognize This Gift of Divine Love, This Gift of Instruction, alerting the human minds of all of mankind to recognize that being born was not an accident, but a Gift of Divine Love**

above and beyond all other living creatures.

**Why is it difficult for human beings to understand that within them they have a Closeness to The Creator that nothing else living exists with? And it should never be denied that human life must practice obedience to The Commandments of The Creator. True, as These Commandments came down through the writings and the instructions of so many, They have been made so concise, and that is why This Gift of The Father's at 'this time' is of Great Importance to human beings, because of the Souls that are the recipients of all that each human being practices in every thought, word, deed, action, motive, goal.**

**As I speak today, though I sound harsh to some, My Words are delivered with a Love for The Divine, because in so many ways, mankind resists understanding more to what a Treasured Gift human life is and has. The world of mankind has been Blessed through The Holy Spirit of God; His Name in the human way, 'Saint Joseph'; in the Way of The Divine Definition, 'Holy Spirit of The Creator'.**

**There is so much jealousy, even contempt surrounding This Gift of Divine Love, instructing human beings of all races, colors, creeds, on the responsibilities connected to the Gifts of being a human being.**

**I bless each one who reads These Words, and accepts the practicality, the logic, the reality of the Content, because it is important that mankind stop acting totally humanistic, selfish, ignoring the necessity for purity of the mind, the body, because of the Soul that he or she is the custodian of. It is a Gift of Divine Love, Divine Purpose, Divine Revelation. So be it.”**

**MAY 24, 1999 AT 1:13 P.M.**

**MOSES**

**“I am Moses. What I am about to say is of Great Importance to every living human being, and the Record of What I say must pass down through time, so those yet to be born must read My Words, think about Them, and understand Them because of the Importance of Them.**

**As The Commandments of The Creator were delivered through me at a given time, in much detail, much emphasis, I delivered Them in that way to those who heard me. All has never been written, put into script, put into different languages, so that those of all denominations could fully understand the Magnitude of each Word spoken.**

**Today at this time in the lives of many millions of men, women and children, you are to understand that These Commandments delivered are for you as well as those at that time, but you must also understand the full in-depth meaning of each one.**

**True, granted it is easier to learn a short remedy for purity of one's mind, one's actions, one's thoughts, one's goals, but logic must attract a human mind to the Fullness, the Nature, the Reasoning, and the Purpose that These Commandments were meant to give to all generations to come: a Foundation, a Basis for sound moral values, sound moral truths, based on the subject matter in each Commandment. Each Commandment has a specific purpose, a specific meaning, a specific reasoning.**

**Today it is important that all ages reflect on their conscience, their practices morally, physically, emotionally, mentally, and use The Commandments given by The Creator for the benefit of the Souls that are to be returned to Him at a given time.**

**All those who openly accept the responsibility of directing, instructing, teaching, performing in the Name of The Creator, are using showmanship, and their own personal interpretations, desiring attention to their way of life, their interpretations of what is important, and most of this is based on humanism.**

**Today as I speak, I want All I have spoken to be brought to the attention of every age of human life, not giving them the option to accept or reject My Words, but a Firm Instruction to each of them to seek out the ‘full meaning’, ‘full definition’ of each Commandment that was delivered high on a mountain, burning with The Father’s Love for all generations to come. So be it.”**

## SAINT THERESE OF LISIEUX

**“I am Saint Therese of Lisieux. There are many times We speak through this *little one*, and do not announce which One of Us is speaking. A Burden of This Nature, This Degree, is far greater on a human being than any other human being could understand mentally, physically.**

**Today I have been requested to encourage those who hear This Message of Mine, to spread throughout the world All that has been delivered from The Divine. We oftentimes hear a lack of courage regarding this personal act for each human being to undertake, but how else can the world learn about the Soul that each human being is the custodian of?**

**Those who have taken on the task of so-called ‘Spiritual’ help, guidance, instruction, are not delivering to individuals the strength to more fully understand the knowledge to comprehend that human life is Special, because within it The Creator placed a mentality, a sensitivity, an innate**

**understanding that all things human, physical and educational are from a Higher Being.**

**When We hear individuals remark about someone they have heard of, or they know, saying how intelligent the individual is, you rarely hear them say, if ever do you hear them say, that that individual speaks totally God's Way.**

**Mankind knows prayer is important, and if I were to give you an accounting of all the prayers that are spoken each day by mankind throughout the world, you would be shocked at how low the number would be. Numerically it would be far lower than any other discussion mankind would be involved in.**

**Granted, a lot of things that mankind would speak would shock a moral human being, so it is important that These Messages delivered by Many of Us travel throughout the world. No matter what language, no matter what degree of education, great or with none at all, it is important that each human being become aware of This Gift of Divine Love in which, through which, with which, so much is delivered, giving to mankind Facts,**

**Directions, and a Way to live, because of the Importance of the Soul that each human being is the custodian of.**

**We hear some say: ‘If I have a Soul, I never feel It. Where is It?’ One’s conscience, one’s innate understanding of purity over impurity, truth over lies, modesty over immodesty, morality over immorality, are distinct forms of recognition that in decisions, human life has responsibilities. So be it.”**

**MAY 26, 1999 AT 1:19 P.M.**

**SAINT CATHERINE OF SIENA**

**“I am Saint Catherine of Siena. As I speak today, I speak with a sadness, because there are so few men, women and children throughout the world who fully understand the Beauty, the Reason, the Purpose for which human life was created.**

**There have been different times wherein much teaching was delivered, translated from scripture, instructing on the Goal for which human life was created, and of course, the Purpose that human life was designed with, for, over and above all other living matter or thing.**

**As so Many of Us speak through This Gift of Divine Love, We speak at The Father’s Will, instructing on so many subjects that in the natural acts of human life are not always looked at, looked into, spoken about, or really written about, on the importance of each portion of human life that is available to each living human being to more fully understand that the Creation of human life, man, has a**

**Goal to reach for, to attain, that in many ways, for many reasons, allows the individual to remain as a Portion of The Creator, through This Portion of Divine Love that is given to human life, and no other thing. It is called 'the Soul'.**

**We hear conversations, one individual to another, using an expression, 'We are soul mates.' There is a personal feeling about this, but it is far from the true meaning of what the Soul is to an individual. The Soul, as a Portion of The Creator, is a Gift beyond human understanding, or ability to understand, that a Presence, unseen, never heard from, is evident in an individual Gift of human life, and This Portion of Divine Love is What will return to The Father at a given time, but is responsible for all things that the individual with whom They were placed at the moment of conception, practiced in the human way of life.**

**In reading This Message, many will say: 'It does not seem fair that this Gift of Divine Love has the chance to be victimized, made impure in any degree. It is helpless.'**

**Today as I speak, I speak in a very understandable way. It is important that every man, woman and child understand that being born in the human form have many benefits, because first, the Soul is only presented to a human life. Some might say, 'Why?' I answer this, this way: Human life is Blessed with many Gifts, the Gift of understanding, the Gift of speech, the Gift of sight, the Gifts that allow the intellect to learn about so many areas of life, so many things that, throughout the world, such as speech and History in so many facets of what occurred, what is occurring, and the goals that each human being has opportunities to address every day of his or her life. The mentality of human life is a Gift of Divine Love. Conscience is a Gift of Divine Love. Hope is a Gift of Divine Love. Faith in The Creator, the Greatest Gift of Divine Love.**

**I could speak hours on this subject, because of the Importance of human life, and the necessity for each human being to more fully understand what a Precious Gift each individual has within them to know right from wrong, good from evil, love**

**from hate, beauty from ugliness, hope from despair, and that there is a Goal for them to reach for, unseen in the human way, but awaiting them at a given time. There is no human being born that does not have the ‘Goal of Sainthood’.**

**It is important that All that is delivered through This Gift of Divine Love be spread throughout the world, even to those who feel they are so well-read, so highly intellectual on Spiritual matters. Oftentimes having knowledge is one thing, but practicing sound moral values, sound moral standards, standing in truth, and using every means of purity over all distractions, will give the Greatest Gift that human life can attain: ‘Sainthood, The Goal’. So be it.”**

MAY 27, 1999 AT 1:15 P.M.

**SAINT ATHANASIUS**

**“I am Saint Athanasius.**

**Throughout the world there are many heresies based on humanism, taking pride at what mankind feels are superior acts, conditions, facts, and goals. Of course, with this theory there is much demonic presence.**

**Today as I speak, My Words will be short, because mankind has been alerted many times to all the satanic involvements that are taking place, encouraging men, women and children of all races, all colors, all creeds, to not believe, and to ignore what is important for the Soul that each individual is the custodian of, thus disconnecting the Soul to The Supreme Creator of All Things.**

**It is easy for individuals to conjure up humanistic values, evaluations, practices, and improper decisions.**

**Today as I speak, I speak with a Warning for mankind of all denominations to be more cautious**

**in their practice of morals, because many times morality is ignored and immorality replaces it.**

**I bless all who will read My Words, and I beseech all who will read These Words to remember that human life was created in a Special Way, for a Special Purpose, for each human being to arrive back from Where they were initially created. So be it.”**

MAY 28, 1999 AT 1:18 P.M.

SAINT ANTHONY OF PADUA

**“I am Saint Anthony of Padua. So many times I hear a request for aid, for help, from an individual who prays to Me at no other time. I am happy to hear the request. I am happy to be able to help when I can, because in human life it is natural to request help from Someone you have learned has the ability to help you at given times.**

**Today as I deliver My Words through *one small voice*, I hope you will feel that what I am about to say will be of great help to you. Needless to say, when one walks in the human way, there are many needs, and in many ways there are all different types of help needed.**

**Today I would like to concentrate on the Importance of your Soul. I would like to ask you questions about It: First of all, does a day go by that you do not think about your Soul in any way, for any thing? Also, when you think about your Soul, do you connect It to being a Portion of The Creator, that through your Soul you**

**have a Personal Communication that no other living matter or thing has?**

**Throughout the world men, women and children are seeking to gain much information in many fields available to them. Many of them want to excel so they can use the subject matter to some advantage to their physical and mental practices.**

**Today as I speak openly, and I am assured My Words are being put into script for others to read, I sincerely hope that millions of individual human beings will read These Words, and apply These Words to the benefits the Words are being given for, one especially being more understanding of the Presence in one's body of the Gift of Divine Love, 'the Soul'.**

**We oftentimes hear men, women and children refer to someone as their 'soul mate', meaning a closeness, a feeling of dependence on that 'soul mate', sometimes overlooking that the one they are referring to is a human being and not capable of full understanding, or having the time to give to be protective, to be constantly available, but My Words today are to assure each one who writes My Words,**

and to everyone who will read These Words, that at the conception of a human life, a Portion of The Creator attaches Itself to that conception, and remains with that conception until the human part no longer exists, and then this Soul is returned to The Father, representing the one in whom It was placed at the moment of conception. Also, this Soul is and was the recipient of every thing, every word, every act, every deed, every thought that the individual participated in.

The Beauty of the Creation of human life should be recognized in the Greatness of Divine Love that is placed within it at the moment of conception. This Fact is most times overlooked or ignored.

The Father has given to the world a Miracle of His Divine Love, using His Holy Spirit to be in charge of All that is delivered through *one voice*, from All of Us Here in the Heavens. It is impossible for an individual to fully understand the Greatness in the Degree of Divine Love, because mankind only experiences a small fraction of love from other human beings, but when an individual understands that they are the custodian of a Portion

**of The Creator, it is the Greatest Gift of Support, of Love, that any living matter or thing could ever have.**

**As I leave you, I, in My Way, pray that anyone, that everyone who reads My Words, will think into the real in-depth meaning, and use It as a strength in every decision, for every purpose in the human way. So be it.”**

**JUNE 1, 1999 AT 1:44 P.M.**

**SAINT ALPHONSUS LIGUORI**

**“I am Saint Alphonsus Liguori.**

**This Precious Gift of Divine Love that constantly instructs all ages on the Purpose for which human life was created, and the beautiful Gifts in this creation, of the mind, the ability to speak, and the constant understanding that life was created for a Special Reason.**

**Today as I speak, there are thousands, perhaps even millions of individuals throughout the world who take all things for granted, ignoring the full and true existence that such a creation as ‘human life’ had to be done by a Superior, Supreme Entity of Existence.**

**In so many ways and in so many places throughout the world, men, women and children ignore the Beauty of the Gift of human life and ignore the Purpose for which it was created. Some blame it on a lack of education but, in truth, it is a lack of love for The Divine, rejecting The Divine, because only sound reasoning would**

**understand that a Higher Being was The Designer of All there is, All there ever has been.**

**Today as I speak, I am fully aware of all the obscenities that are occurring at this moment, even by those who have been instructed on the Importance of human life and the Reason for which it was created.**

**It is so easy for men, women and children to accept what is immoral, totally impure, and ignore what is basically based on the Importance of the Reasoning for which human life was created, and that is and always has been, a Goal to return to The Creator That Portion of human life that belongs to Him.**

**So many remarks can be made in a general way, using the word 'Soul', oftentimes referred to in a jest, also as a common phrase, thus ignoring that this word can apply only to That Portion of human life that is a Gift of Divine Love at the moment of conception. The Soul, in Its Greatness, is oftentimes diminished. That is why it is so important that through This Gift of Divine Love, named after The Holy Spirit of The Creator, using a**

**Name that mankind can associate with, 'Saint Joseph', must be understood in Its Fullest Measure, Degree, Reason and Purpose.**

**This Miracle has been given to awaken mankind to the Importance of human life, and the necessity for each human being to see what a Treasured Gift human life is, and must be taken care of morally, mentally, physically, spiritually.**

**My Blessing goes with My Words. My Love is in each Word because of the importance of Them. The Soul is not an Entity of imagination, but is very much a Portion, a Part, a Gift of Divine Love. So be it."**

**JUNE 2, 1999 AT 1:55 P.M.**

**SAINT TERESA OF AVILA**

**“I am Saint Teresa of Avila.**

**The Father, in His Design of This Gift of His Divine Love, promises mankind that All that He Desires mankind to learn about, is being given in terminology understandable to the human mind. Nothing that has passed through This Gift of His Divine Love is difficult or impossible for men, women and children to be able to associate with mentally, physically, morally, spiritually.**

**Many times when two people meet each other, they grow into a friendship that is compatible to their way of life. They are comfortable with each other, find pleasure in their association; also, in some ways, they grow in different ways from this association. When they speak to each other, the conversations can be to the pleasure of both, informative on some subjects, causing the association to be one of pleasure, not despair; enjoyment, not something they would like to not be part of.**

**The Father has presented to the world a Gift, easy for all of mankind to associate with and to better understand that mankind, though human and always in a learning stage on many subjects, is closely associated with The Supreme Power of Creation. Initially, it is through one's background, then through one's learning to understand many aspects of life. These, of course, include sharing many subjects, likes, dislikes, and being able to depend on the companionship giving strength, hope in many ways.**

**To some throughout the world, when they hear of This Gift of The Father's Love that I am speaking through at this moment, called '*The Miracle Of Saint Joseph*', they are attracted by It, but it is difficult for them to believe. Logic should tell them that a Gift of This Magnitude has Purpose, and with so Many speaking, directing, counseling, should help them realize what a Beautiful Gift This Miracle is, because It is not human conversation, but understandable because of Its Close Association with The Divine.**

**When individuals pray a prayer of their favorite way, they expect the**

**One to Whom they are praying to hear what they say. Sometimes the prayer is a habit, other times a request, but there is an intimacy of association similar to the association between two living human beings.**

**There is so much Love that passes through What We speak through this *one voice*, because it is The Father's Will that human beings of all races, all colors, all creeds, learn to acknowledge, to respect, and to believe that because of the Soul, human beings have a close, intimate Association with The Divine at all times, and this is truly a Gift of a Supreme Love for human life.**

**When a prayer is spoken by any age of an individual man, woman or child, the prayer is heard, whether the prayer be mental or physical in sound.**

**So many Blessings have been handed to mankind through *one voice* at this time, but I remind you, a *Victim Soul* has the Responsibility to repeat All We say at any time. This Gift of Divine Love is a Gift to enlighten mankind, to encourage mankind, and to reassure mankind that each human**

**SAINT CLARE**

**“I am Saint Clare.**

**Mankind has been handed a Special Gift, One in which every individual human being can find Great Worth in different Facets, different Wording, different Ideas, according to their personality, their needs, their acceptances, their practices. Nothing is put so pat that it does not give an individual the options that are acceptable to their way of life, their needs, their goals.**

**True, I am delivering This Message in a different way than you have previously heard, because it is important that men, women and children of all races, all colors, all denominations of Faith in God learn that, as an individual, they can practice with their own individuality what is morally sound, what is morally good, what is pleasing to The Creator.**

**Children must be taught that as they have a different personality, different nature, character, mentality, they can use all they are to please The**

**Creator in everything they do. All they must remember is that there have been Commandments deliberately given to human beings to follow, and there is no Commandment that is too difficult to follow.**

**I know I am delivering These Words in a different manner, but it is important that every individual human being find one thing in This Beautiful Miracle of Divine Love that attracts them, draws their attention, and encourages them to act as they understand morality to be: pure, honest, decent and pleasing to The Creator of All Things. So be it.”**

**SAINT JOHN OF THE CROSS**

**“I am Saint John of The Cross.**

**It is sad to see so many men, women, and even children ignore the importance of morality, purity of the mind and the body.**

**Today as I speak, I’m asking that My Words be made so that thousands of individual human beings will read Them. There is too little emphasis put on morality, allowing immorality to be acceptable in all phases of it, all desecrations to the body, the mind, and to the Soul of the individuals who openly ignore what human life was created for.**

**Children are not being instructed in an in-depth way. We hear their instructions put so lightly by people who believe that a child would not understand, could not understand the meaning of the importance of truth, using purity of the mind over all temptations.**

**So many Blessings have passed through This Gift of The Father’s Divine**

**Love, each subject matter instructing on the Importance of human life, and that it has a closeness, a Connecting Link to The Creator. It is sad when We hear individuals dramatically discuss the impossibility that human life contains such an Important Factor, and all that has been spoken about It is myth.**

**I beseech all who read What has been written, delivered according to The Father's Will, encouraging, instructing human beings to see and to practice through words, actions, deeds, communications, a living example of purity of one's mind, one's body, for the protection of the Soul that no human being is born without, the Connecting Link to The Creator, a Connecting Link to God Himself.**

**This Gift of Divine Love, bearing the Name of The Beloved Holy Spirit, must travel throughout the world to protect Souls of individuals who, without This Miracle, will be condemned to Hell because of the lack of knowledge, understanding of the Importance of human life, and that each human being is the custodian of a Portion of The Creator, called 'the Soul'."**

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother.**

**So many things, material things, are important to men, women and children of all ages, all degrees of intellect, all backgrounds. Many of these things basically have little importance to them, because of the nature of what it is, the usefulness, or even its appearance.**

**So much Divine Love, Direction, Hope, Instruction, is being delivered to all of mankind through *one voice, one heart, one obedience*. Mankind in many ways has been Blessed abundantly, extensively, to a Limit beyond what a human mind could deliver in words, thoughts, practices, or actions.**

**Today as I speak openly to a small number who are writing My Words, I want them to know that they are the instruments by which, through which, from which, All that has been delivered is a responsibility to them to see that The Father’s Will be carried out for the Souls Who are unable to be present at This Precious Gift, This**

**Precious Miracle, that is One Alone in Its Manner, Degree, Content and Way, at 'this time', for the whole world.**

**When The Son of The Father walked the earth, He taught extensively in a Manner, a Format, a Degree, that could be simply understood by all who heard Him, but so many at a given time found that it was more practical for them to follow the leaders who were bent on being the ones to whom people of all ages looked up to, and followed what they spoke, even though it was adverse to what was practical, and logically correct.**

**Each time One from Here speaks, it is to encourage all who will read, all who will instruct, all who will deliver the written Words to those who would not have the privilege of hearing firsthand The Father's Gift of Divine Love, because of the Importance of each human life being the custodian of a Portion of The Creator, called 'the Soul'.**

**Small children are told, 'Don't lie, tell the truth,' but it is not clearly delivered to them in a reasonable discussion as to why truth is so important, so valuable, so necessary,**

because of the reason for which truth is necessary, protecting the Soul that is unseen, never openly heard from, but some inner feeling in each human being instinctively knows when a thought or act is morally pure or impure.

**I** bless those who take My Words, and The Father continually blesses those who have devoted themselves to This Precious Gift of His Divine Love, bearing the Name of The Holy Spirit of The Creator, 'Saint Joseph'.

**T**he world needs This Gift. What better way to deliver This Gift than to put It into script, and not allow It to be just through stories handed from one to another. Script is long-lasting, and has strength in It, Instruction, and allows those who read It the privilege to remember It, and in remembering It, the ability to practice what It requests one to do, to be like, to follow, for the good of the Souls, their own and everyone they contact personally, or through the written Words.

**M**y Blessing is Deeper and Greater than you know, than you can conceive. This Miracle of Divine Love that instructs in so many ways, by so

**Many from Here, is the Greatest Gift all of human life could possibly have.**

**As I speak, I speak in a manner understandable. My Blessings come in many ways. I hear all prayers, and all prayers are answered to the degree, the manner, and the way that is best for all areas in which they are requested, to protect and to be a part of.**

**I bless you with a Mother's Love, and I add to this: 'When you pray you are heard, when you cry you are seen, when you work to help others more fully understand how Important the Soul is to them, you are Blessed abundantly.' So be it."**

**“So many men, women and children, at this time throughout the world, practice emotionalism in their prayers or their association with The Divine. It is an act based on humanistic values, ignoring the Fact that human life has a daily Association with The Divine, because of the Soul that each human being is the custodian of.**

**We hear many say, ‘When I pray, how do I know I am heard?’ Logic should tell an individual, because of the close Association of human life to God through the Soul, a Portion of The Creator, that never leaves once It is placed in the conception of a human life until The Father recalls It to be returned for one or more reasons: one, to become ‘a Saint’; the other reason is that the Soul must be in a reparation state due to what the individual practiced in whom It was placed at the moment of the individual’s conception.**

**Many of Us are speaking These Words today, for Several of Us**

**stand together. It is important that human beings never lose sight of the Importance of human life, and its close Connection to the Giver of life, through a Portion of Living Matter that The Creator shares with each human being.**

**There are so many arguments by so-called 'learned' men and women on religious matters, practices, and the reason for Spiritual practices. Many have read books on others' interpretations, thus allowing themselves to interpret what they read in their own capacity, ability to understand what a Precious Gift human life is as man.**

**At this moment, if each living human being could read the Soul of another human being, plus read what their Soul registers in the Eyes of God, how many would believe? Many would feel that it was their imagination, especially if they were displeased with the condition of their own Soul.**

**What I have spoken may be difficult for some to understand, but it is time that mankind realize that human life is a Special Creation of The Creator of All Things, and that**

**human life has a Goal. If mankind would but only rationalize how innate it is in human life to want to reach a higher goal on some subject matter, for some reason, purpose, need. Does this not say it is instinctive in human life to want to reach success, a higher goal, more meaningful and more advantageous?**

**The world has been Blessed by so much Instruction, alerting human beings to facets of life they do not think about, because they have learned to depend upon definitions of others who are presumed to more fully understand what human life is all about.**

**It is important that children of all ages be reminded of The Commandments of God, but not in Their concise version; in Their full version in how They were delivered to 'an individual' at a given time. At this time The Commandments of God are so concise that They do not allow anyone to see the Great Purpose for Them, the Great Intention for which They were delivered, and also the extensive meaning of each one that is never spoken about, because mankind prefers to see things in an easy**

**format rather than its full measure of meaning.**

**As I speak, I speak with Hope. I speak with an intense desire for This Miracle of The Father's Love to reach millions, if not billions of human beings, to awaken them to what a Treasured Gift human life has within it, because It has a Goal for It. So be it."**

**JUNE 15, 1999 AT 1:13 P.M.**

**SAINT JOSEPH, THE HOLY SPIRIT**

**“I am Saint Joseph.**

**At This Time it has been Declared to become known, that as I was ‘The Foster Father of The Son of God’, I was also ‘The Holy Spirit’. It is difficult for some to understand having so many Titles, so many Descriptions, because they learned One Facet of Who I Am, What I Am. Through This Gift of The Father’s Love, today much more is being spoken about and clarified regarding Me.**

**As I speak through *one small voice*, What I say must be understood as Important to the lives of millions of men, women and children, because at This Time, This Gift of Divine Love has been given to instruct all ages, all cultures, all denominations of Faith, all intellects, on the Importance of human life and what it was truly designed for, and that is to return to The Father at a given time, because of the Soul that each human life is gifted with at the moment of conception.**

**So little has been taught up to this time, by so-called 'learned' people, on the Truths regarding The Holy Family, how We came about, and how We were used by The Creator in a normal way, and yet for Divine Reasoning, for all of human life to better understand the Importance of human life because of Our Existence, and because of The Father's Will in instructing human beings in a manner they could understand, to the degree they could believe, even though the Purpose for human life was and is Ultimate in its own way.**

**As I speak These Words, My Hopes, My Will, My Love are in Each One of Them, because This Gift of The Father's Love has a Purpose that only Divine Love would be able to be The Giver of such Information and Divine Love, helping human lives to more fully understand what a Precious Gift human life is, and it was given for a Higher Cause than mankind ever thinks it to be.**

**As I bless you on this day, I bless you with The Father's Hope that as All the Words have been delivered, They will never stop being passed throughout the world to help all**

**types of human life, all degrees of intelligence of human life, to more fully understand that human life has a Special Place in God's Plan. So be it."**

**JUNE 16, 1999 AT 1:01 P.M.**

**“Many times when an individual becomes a victim of another person’s scandal, lies, or physical abuse, the victim suffers intensely, but few, if any, understand what the individual is going through. This is a human hurt and difficult to endure.**

**As I speak to you today, I want you to fully understand that as you are a Creation of God Himself, each thing you do that is in any way abusive to one of The Commandments He gave, it affects Him in a very ugly way. The sadness He feels, no human being can fully understand, because in His Love for human life, The Father created man with a Portion of Himself that, for every act, every word, is responsible, and will account for it when the human life ends.**

**I hear some say: ‘This is difficult for me to understand. How can The Creator feel such pain because of the sins of one of His Creations, who automatically is thought to have weaknesses, and free choice that is not**

always made in the proper manner, for the proper reason?'; of course, ignoring totally The Commandments. We even hear excuses that The Commandments are so concise that They do not cover many issues in which so Many Saints speak about through This Gift of Divine Love, a Miracle bearing the Name of The Beloved Saint Joseph.

Today as I speak, My Words are given because of the Importance of human life, and the Purpose for which it was created. So much has been delivered to awaken mankind, to alert mankind, to instruct mankind on the Precious Gift human life is, and that it must be protected against the enemy.

So Many have spoken verbally through *one voice*, requesting the Important Messages to be written so that millions of men, women and children would learn and more fully understand what a Precious Gift human life is.

As I speak to you on this day, I speak with concern, because at this moment there are many sins being practiced throughout the world, sins that violate the purity of the Souls who are 'the victims' of the individuals'

**uncaring attitude, understanding, beliefs.**

**This Gift of Divine Love, bearing the Name of a Very Important Portion of The Creator, pleads with mankind to more fully understand that human life has more Gifts than any other living matter or thing: the mind, the physical abilities, the conscience, and the understanding of knowing purity over impurity, love over hate.**

**My Words could be endless, but I plead with you: use your time to spread the Words of so Many Saints, because as Each One has delivered an Important Message, there will be some individual or individuals who, in responding to What is spoken, will become 'Great Saints'. So be it."**

**JUNE 17, 1999 AT 1:12 P.M.**

**SAINT ALPHONSUS LIGUORI**

**“Many men, women and children ask the question: ‘What is prayer? What do I do to learn how to pray? I know there are formal prayers, but these are not the words I would be inclined to say.’**

**I, Saint Alphonsus Liguori, encourage you at this time to learn the formal prayers of your day and time, but also, in your daily way, speak to The Creator and to All The Saints in a very natural way. You are always heard, because the Soul is the Transmitter of all the things you do, you think, you say. So, as you see These Words so logical, do not ignore Them, because of the importance of personal communication each human being has, every moment of every day, with All of Heaven.**

**Sometimes you might pick a Particular Saint, because the Saint is known for helping in specific ways. Do not ignore this Fact, this Gift of Divine Love, because as each human being has a personality, a different degree**

**of intellect, special likes and dislikes, Many of The Saints, in walking the human way, were the same as you, and They, too, had all the human facets of life, and are known to help when it is requested by anyone who prays.**

**This Miracle of Divine Love, bearing the Name of The Beloved Saint Joseph, is a Gift beyond what mankind realizes It to be, because it is difficult many times for the human mind to be able to fully understand a Communication with The Divine, when they personally have only experienced communication with other human beings.**

**Today as I speak, I speak with a great Love for those who have yet to awaken to the time when they will be Judged according to how they lived. Every Message that is poured forth through This Gift of Divine Love is a Gift of Pure Love, because The Father Decreed This Time to be, helping every human life to more fully understand that mankind, every man, woman and child gifted with human life, has the ability to attain a Higher Life for All Eternity. So be it.”**

**JUNE 18, 1999 AT 12:42 P.M.**

**“In the conception of a human life, time is important from that moment on, until the conception passes into another way of life. Mankind lives by time, works by time, also judges many things by time.**

**This Gift of The Father’s was delivered and is being delivered at ‘a special time’, a specific time necessary for the lives of millions upon millions upon millions of human beings.**

**Today as I speak, it is important for those who write My Words, and read My Words, to more fully understand what a Precious Divine Gift time is, because in time, through time, an individual is allowed to achieve a Higher Goal than the human way. How this time is treated, accepted and used, is important for the Future Time in which the Soul lives on, for All Time.**

**I hear some say: ‘What is a Soul? I have never seen It, and what effect does everything I do have on that Portion of me I cannot see, nor can I feel It?’ This statement is, of course,**

only a humanistic version of understanding. Without the Soul, human life would have no understanding of what is normal, what is abnormal, what is subnormal, what is just, what is unjust, what is truth, what is untruthful, what is valuable over what is useless, with no value to it at all.

Volumes of Words could be written on the Importance of human life, and the Reason for which it was created. It is sad when those who have the mentality to understand right over wrong, truth over untruth, love over hate, do not value the beauty of what is correct and what is more logical, than to accept what is negative and defaming.

The Saints Who speak through This Gift of Divine Love that The Beloved Holy Spirit of The Father has so graciously given to mankind, to more fully understand that human life has a Goal, and this Goal is to return to The Father, the Soul, That Portion of Him that He gave at a particular time. Logic is evident, but so few look at logic, and depend upon their own interpretation of why, what, for, how, when, and the possibility of a Gift of This Measure to be responsible for.

**The enemy of God fights a continuous battle, constantly urging, enticing individuals to fall into a trap of immorality, impurities, indignities, that in some form, some way, disgrace the Soul Who is always present, because It is a Portion of The Creator, subject to The Creator, and yet ‘a victim’ of the individual in whom It was placed at the moment of conception. Without such an Entity of Greatness, human life would be like all other living matter or things, not having the intellect, the understanding, or the realization of the Importance of human life, and that it must have a Goal, because it is innate in human life to reach for high goals, mentally, physically, but the Greatest Goal that mankind should look at, look for, look to, is the Goal of Sanctity. So be it.”**

**JUNE 23, 1999 AT 1:34 P.M.**

## **THE SACRED HEART**

**“I am The Sacred Heart. It may be difficult for some who say, ‘A heart does not speak, so why do you believe this, how can you accept it?’ that I, The Sacred Heart, do speak more often than mankind is aware of, or conscious of.**

**Today is an important day in the lives of all of mankind, because as I speak, I, in many ways, am in every portion of the world guiding those who ask for help, encouraging those who need advice, to do the right thing.**

**I hear some say, if this is so, why can I not be seen? When a human being of any age has an idea, expresses the idea openly to encourage others to know a fact or to encourage hope, interest, or a feeling of well-being, it is obvious that the words spoken are logical, factual, encouraging, and full of worth.**

**I speak often through This Gift of Divine Love, many times in a natural conversation, many times in a formal conversation, announcing Who I Am.**

**Also, another Gift of This Divine Love is that when a Saint speaks, giving to those who will read What is spoken, and hopefully pass on to others the Content so others will benefit, innately human beings have an understanding of the logic, and the necessity to believe that mankind as a whole has never been created and left alone. There is always an innate feeling of a closeness to a Higher Being, and this is through one's Soul.**

**At this moment there are thousands and thousands and thousands of individuals of all ages praying for advice, for courage, for strength, for knowledge, for help on many issues, all degrees of subjects.**

**As I speak today, it is My Love for human life. My Words are to encourage prayer from everyone, because all words of this nature, manner, are heard, and there is help in some form, some way, not always in the manner an individual man, woman or child looks for, but help is never rejected, and sometimes the manner in which it is given is better than the request, when it is stated according to how an individual feels is best for them.**

**No prayer is never heard. No act of love for another individual is never not seen or acted upon.**

**Today as I speak, I speak with a Deep Love for those who innately want to help others morally, mentally, physically, spiritually, and yet find some rejection or dismissal of the communication. I want you to remember that no act that gives to another strength, hope, love, encouragement, is not seen or loved by Us.**

**There are so many children throughout the world who are not being instructed on the importance of their communication they have through their Soul, their mentality, with All of Heaven.**

**As I bless those who write My Words, I want you to know that every effort you put forth is Blessed by The Father in a way, a form, a degree beyond what you can comprehend it to be. So be it.”**

**JUNE 24, 1999 AT 1:00 P.M.**

**SAINT ALPHONSUS LIGUORI**

**“Let us discuss now The Commandments that were given to a man at a given time for the Purpose of the Souls of every living human being.**

**If human life did not have a Gift of the Portion of The Creator within it from the moment of conception until the last breath, there would be no reason for This Gift of Direction, of Hope, of Sincere Concern for human life.**

**Today as I speak once again through This Gift of Divine Love, My Wish is to elaborate in certain degrees on why These Commandments were and are The Rules for human beings of all races, all colors, all degrees of mentalities to follow, for the sake of the Soul they are the custodian of, the Living Portion of The Creator that will stay until the last breath, and then return to The Creator in a state according to the one in whom It was placed at the moment of his or her conception.**

**Why this Fact is so difficult for so many men, women and children to accept is unreasonable, because of the Logic in it, the Love in it, the Hope in it, the Truth in it, the Reasoning in it.**

**Children are not being instructed properly of the responsibility they have to protect their way of life from any intercession of immorality, impurity, injustice, rejection of the Existence of The Holy Trinity, and of course, of The Commandments of God. We hear individuals discuss opinions, their own declarations on what is possible, but most likely impossible, due to their lack of Faith in a Higher Being, a Controller, in other words, a Divine Origin of Life.**

**Today it is important that Every Word, Every Sentence that has been delivered through This Gift of The Father's Love for human life, be delivered to every corner of the world. Some might say, 'It is not my religion.' Tell them The Creator is not one religion, The Creator is All Things, and the Soul is the Important Portion of human life, that is to return to The Creator in a Pure State.**

**Also, tell them that the Soul, though hidden from the sight, is always inwardly felt because of the understanding that every human being is gifted with, and that is, that human life has the ability to know what is pure over what is impure, what is just over what is unjust, what is decent over what is indecent, what is love over hate.**

**I could speak hours on this subject, but What I have spoken must be delivered to thousands and thousands and thousands, multiplied by thousands, to awaken their mind to the Importance of human life, and that each life is Important because of the Soul that is given to it at the moment of conception. So be it.”**

**JUNE 28, 1999 AT 2:30 P.M.**

**SAINT PEREGRINE**

**“I am Saint Peregrine. I have come today to alert men, women and children of all ages, all cultures, that The Father, in His Love for His Creation, mankind, the human life, has in so many ways Blessed it by understanding in the mental way the importance of certain subjects, objects, ideas.**

**Today as I speak to several at one time, requesting them to put into script My Words for The Divine, I smile at their obedience, because they innately know that when One of Us speaks, it is a Blessing from The Divine, usually instructing for the sake of Souls.**

**As time passes, the human minds of many individuals try to ignore The Creator, and use only their feelings on what they call ‘natural’ to their way of life, their understanding of morals, of their conscience regarding morals, thus truly ignoring the Magnitude of human life, because of what it was created for, created with: a Portion of**

**The Creator to be returned at a given time.**

**F**or some it is difficult to believe, to accept that The Creator, God Himself, would place into a human body a Portion of Himself. Then they ask: 'Where is It in my body? What does It look like?' In some cases this might be a natural question. In some cases it is a challenge, but in some cases it is defiance, trying to not understand the Value of human life, the Protection it has within it, and the closeness it is to The Divine.

**S**o many Revelations have been delivered through *one voice, one body*, for the whole world to better understand the Importance of the Creation of mankind, because in this Creation there are so many Gifts, such as intellect, understanding, the ability to like, love, or reject what is wrong. The conscience is a tremendous Gift. No other animal or living matter has this conscience, because the conscience immediately tells an individual if their actions, their thoughts, or their practices are in accordance to the purity in their Soul. This is important, because it is rarely, if ever, seen in the Value it is, the Greatness it is, and

what a Precious Gift of Divine Love it is.

So many Lessons, Revelings called 'Revelations', are available to the whole world at this time through This One Gift of Divine Love, yet We hear rejection, jealousy, even hate, regarding the Facts that are so logically Pure in Value, in Concept, in Truth.

The world has been Blessed in many ways, but human life has been ultimately Blessed, because it is the only living matter that has within it a Specific Gift of Divine Love, called 'the Soul'.

Bible History has come down through time, and it is now as it was then, through 'individuals' who were gifted with the Tasks, the Responsibilities to be 'the instruments' of delivery that nothing else can.

Today as I speak, I speak with great Love for those close to this *little one* The Father uses to communicate in a Personal Way, giving mankind the opportunity to read the Words, absorb the Words, and never omit the meaning of What is spoken by One of Us, because of the Soul that every living human

**being is the personal custodian of. So be it.”**

**JUNE 29, 1999 AT 1:03 P.M.**

**SAINT CATHERINE OF SIENA**

**“I am Saint Catherine of Siena.**

**God has Blessed the world with a Gift of Communication, a Gift with the written Word instead of just some Conversation. Millions of Words have been requested to be put into print so that all of mankind would be instructed on the Importance of human life; also, that God, as The Creator, has Rules for mankind to live by because of the Soul that is a Portion of Himself, placed into each individual man, woman or child. This close Association, this close Union of life gives to mankind, all of human life, a Gift beyond what mankind could ever possibly give to himself or herself, because this Gift is Divine.**

**Today as I speak, I speak with a deep Love for those who put My Words into script for millions of others to read, to remember, and to pass on to others the Beauty of the Communication of Divine Love with human love, human life.**

**Today as I speak, Many stand Here with Me, All eager for This Gift of The Father's Love to be read by millions, followed in detail by all who read, all who learn about the subject matter. The Greatest Gift that human life is the custodian of, is called 'the Soul'. It is the Connecting Link to Divine Love that no other living matter or thing is capable of.**

**Today as I speak, My Will is to attract the wills of those who will read These Words, and that is to remember that within each human life there is a Connecting Link of Divine Love. No matter what degree of intelligence an individual is the custodian of, each human life is an extension of Divine Love, the custodian of Divine Love, and must understand that at this time, throughout the world, The Father wants This Gift of Understanding by so Many of Us Who speak through This Gift of Instruction, to be able to one day become 'a Great Saint'.**

**Love to mankind is a natural thing, life is a natural thing, but the purpose for these things is to associate them with The Divine. So many thousands, even millions of individuals choose to ignore what a**

**Great Gift human life is, its Purpose, its Goal, its Reason, and the Love in which it is gifted with, because of the Soul that is instilled at the moment of the conception.**

**Men, women and children accept responsibilities in many areas of life. This Miracle of Divine Love that so Many of Us speak through, is to encourage, instruct everyone who hears about It to become aware of the closeness each human life has to The Creator, and it has a Purpose to continue on in the Presence of The Creator, because It is a Portion of The Creator that is expected to be returned at a given time.**

**I could speak a million words, but My Words today are shortened, because to lengthen the description of how close each human life is to The Creator could be confusing to some, so remember, What has been spoken is to encourage each individual human being to know that within them they have a Portion of The Creator that is to be returned to Him at a given time. So be it.”**

**JUNE 30, 1999 AT 1:18 P.M.**

**SAINT JOHN THE BAPTIST**

**“I am Saint John The Baptist.**

**The Father, in His Love for His Creation, human life, opens all avenues of Encouragement, Instruction, because of the Souls that are ‘the victims’ or ‘the recipients’ of what an individual human being learns, practices, instructs, or is the model of.**

**This Gift of The Father’s that bears the Name of The Beloved Saint Joseph, is a Gift of Instruction that no other place throughout the world is receiving.**

**It is important that All that has been delivered regarding the Importance of the Soul that each human being is the custodian of, be passed throughout the world in all languages, so that others of other countries, other nations, other degrees of Spiritual understanding, learn about the Importance of what human life is to The Father, The Creator, The Giver of life.**

**It is sad for Me to say this next Statement: Many men and women read books on religious facts, and so many times the books are human opinions, basing all things on an individual's personal experiences, leaving out the Importance of why The Son of God came to the world, to leave a Mark that nothing or no one else could leave; why The Heavenly Queen was given the Task, the Love, though unseen, to be The Holy Mother of The Son of God, born for all of mankind to see the Love of The Creator in giving a human form as Example, as Proof of the beauty of the lineage of life for all of mankind to value, and to see that even The Creator allowed lineage of human beings to be the dispensers of Instruction, of Hope, of Divine Love.**

**This Gift of The Father's in which, through which I speak, is a Gift of Divine Love to encourage all of human life to feel the responsibility, accept the responsibility of being the recipient of a Portion of The Creator, and to use this Gift of life to return to The Giver of life, and remain with Him Forever.**

**Many learned men and women choose to use their own imaginations**

**on what life is all about, how it should be practiced, and of course, acknowledge the talents of human life, most times above and beyond the Importance of That Portion of The Creator, the Soul, for which human life was made different, because it has a Goal that nothing else has. So be it.”**

JULY 1, 1999 AT 1:04 P.M.

JEREMIAH

**“The One Who will speak, not too many are familiar with. His Name is ‘Jeremiah’.**

**The world of human life has always been gifted with different degrees of intellect, different abilities to understand different facts of life.**

**Today as I speak, I would like to speak in a manner and a way and a degree that each person reading My Words would arrive to a higher understanding of the Importance of life, the Love that is instilled in human life, and of course, the Purpose for human life.**

**We hear men, women and children say their prayers. Some say formal ones, and some just speak the words they feel. There is no part that is not revealed to Us that We do not understand.**

**Today, at this time in your time, *a child* of years will make many Commitments, Statements, and it is important that These Words not be**

dismissed, because the Content of the subject matter is for the benefit of millions of Souls Who, without These Words and the completion of These Words, could become lost in the world.

We hear so many so-called 'learned' men and women use their own intentions, dialects, interpretations, to declare points that they feel are necessary to aid others to better understand that life has a continuing pattern.

The world has been Blessed in many ways by The Father's Will to, at 'this time' give Facts, Instructions, Directions, and in many ways, on subjects that are everyday happenings. The world has been Blessed with a Miracle of The Father's Love through *one voice*, on many subjects easy for others to understand. It is important that these subjects be translated into many languages, correctly done for the benefit of many Souls that are pleading with The Father for help to aid the one in whom They were given at the moment of conception.

Throughout the world there are so many great inventions taking

precedence over what human life is all about, thus ignoring that human life was created to one day be returned to from Where It came, and live Eternally with The Creator.

**A**s man sees progress in the world, the progress man should see is how much all ages of human life are doing, catering to the evil way. It has become worse than the time of another time called 'Sodom and Gomorrah'. Intelligent men and women do not guard themselves against the frequency of temptations. They ignore the purity of the Soul that is needed desperately.

**A**s We watch humanism take control, ignoring totally the Importance of the Soul, there is not One Here in the Heavens that does not plead with The Father to send to the world Instructions on how they should practice morality, because of the Soul they are the custodian of. It will be the Soul that will be 'the victim' of so much immorality.

**M**ankind talks about love, but in such a general term, not using it as an important facet, first with The Creator; second, for the Soul, That Portion

of The Creator within themselves. Immorality flourishes at all times, in all ways, for all reasons that only please the enemy of The Creator, the fallen angel, called 'satan'.

**As We speak instantaneously through *one voice*, logic must tell mankind that Our Words are The Father's Will, and must be adhered to in every way possible so that millions of Souls walking with and in a human life, will one day return to The Father in Glory and Divine Light.**

**Much jealousy surrounds This Gift of The Father's Love. *The little one* knows this, constantly ignores it, for she has been instructed in many ways, many times, not to allow any interruption to enter This Gift of Divine Love that is so Far Greater than mankind, in the human mind, can conceive It to be.**

**There are many learned men who try desperately to ignore What We speak through her, but though time passes and We continue to speak, it is for their sake also, that they must awaken to the Fact that they, too, have a Portion of The Creator within them,**

**and The Creator expects It back in a Pure State.**

**Today as I speak, I speak with much Love, much Hope for the future to become more pure in mankind's thinking, actions, abilities and growth, because at this time so many are discouraged by small disappointments, ignoring what a Great Gift of Divine Love human life is, and that What awaits it is Greater than human life can conceive.**

**As I leave, I bless all who write My Words and who will read My Words. May The Father's Will be your will, and may It be constantly obeyed for the Souls you come in contact with every day. So be it."**

**JULY 2, 1999 AT 1:20 P.M.**

## **SAINT BONIFACE**

**“I am Saint Boniface. It is sad for Me to say that so little understanding radiates through intelligence of so-called ‘intellectual’ human beings. So much emphasis is placed on material matters for the physical aspects and knowledge that enters into the relationship of family, friends, co-workers.**

**Many times The Father points to One of Us and requests with Great Love, that through This Gift of His Love, He wants men, women and children to learn more about the Importance of human life, His Closeness to it, and that it has a Special Goal for it.**

**Very little sound instruction throughout the world is based on human life’s Association with The Creator, with Divine Love, and the Purpose for which human life was created. All ages are not being instructed by so-called ‘intellectual’ individuals regarding what a Treasure of Divine Love human life is, because of its intellectual abilities, and its**

**other abilities to do so many things that a human body is gifted with.**

**Those who have requested to instruct others on spirituality, have in many ways ignored the Purpose for this Act of Divine Love, and in so many ways have dismissed their vocation and have become more humanistic in values, especially Spiritual values.**

**When Any of Us Here in the Heavens see men, women or children ignoring This Gift of The Father's Love that is constantly encouraging, instructing, teaching, directing the human minds of human beings to more fully understand that human life is a Gift of Divine Love, because of the Soul that each human life is the custodian of, That Portion of human life is a Portion of The Divine and must be returned at a given time.**

**Think about this: When one human being borrows something from another human being, it is expected to be returned in the state it was given at that particular time. Does this not follow a pattern of the facts of life, the innate understanding in which life is instilled with logic, reasonability, practical in its full content? The Father**

**expects each living human being to return the Soul at a given time, out of love, out of respect, out of hope, that That Soul is in a Pure State of Being, and will return to immediately be with The Divine Giver of Life, from Whence It came, from Where It came at another time.**

**All who take the Words directed through This Gift of The Father's Love are Blessed in many ways, because All the Words that pass through *one voice* must pass through millions of minds, enlightening human beings, encouraging human beings of the Importance of the Soul that each one is gifted with, and that is a Portion of The Creator to be returned to Him. So be it."**

JULY 7, 1999 AT 1:19 P.M.

SAINT ATHANASIUS

**“I am Saint Athanasius. It is important that We mention Our Names when We ready Ourselves to speak openly for Our Words to be put into script for millions of other men, women and children to read the important Statements of Fact that are delivered through This Gift of Divine Love, because of the Souls of all human life that are the recipients of what an individual practices, uses, speaks, and is example of.**

**After hundreds, perhaps thousands of Revelations that have been passed through *one voice*, dictated, because it is important for all of human life to more fully understand the Importance of human life because of the Soul that each individual is the custodian of, responsible for, today I am Blessed by being allowed to speak, and have My Words written as I speak Them.**

**Some might say, ‘Why would a Saint have to be Blessed for such a natural act expected of Sainthood?’ Whenever The Father allows One**

**or Several of Us to act out openly, instructing, or protecting, or encouraging, or helping those who are yet alive in the physical way, it is a privilege and a Blessing beyond what the human mind can rationalize it to be.**

**So little is being instructed on what a Gift of Divine Love is to each human life; first of all, the privilege to be responsible, to participate in human life, in all aspects of human life, because the reason for this is to serve those who do not have the advantage to understand what a Treasured Gift human life is to man.**

**At this moment there are millions of individuals who have no concept of how Important human life is. Most accept the way they live, the conditions under which they live, those who surround them, as being all there is to human life. This, of course, is because they do not realize that in each human life there is a Gift of Divine Love, unseen, never verbally heard, but obvious in the conscience and the realization of what is pure over what is impure in thoughts, words, actions, deeds, also what is 'just' to themselves and to all other human beings.**

**This Gift that bears the Name of The Beloved Holy Spirit of The Creator, bearing the human Name ‘Joseph’, is a Gift of Divine Love, Divine Intervention, Divine Hope, Divine Purification, and of course, Divine Love that is beyond what mankind can perceive Love to be.**

**As I speak, I speak with a deep concern, because All that has been delivered through This Gift of The Father’s is not being distributed in its fullest measure of need. As I leave you, I beseech you: as you have learned to use the instruments to feed your body with, use the instruments of your Divine Love to feed the world All that has been delivered for the Souls of millions of human beings.”**

**SAINT ALPHONSUS LIGUORI**

**“I am Saint Alphonsus Liguori.**

**So many men, women and children accept trial and error on everything they do, everything they say.**

**Today as I speak, My Words are to encourage men, women and children to be cautious when decisions are to be made regarding what is moral, what is immoral; also, temptations in social life that, perhaps in many ways, would not be the time for an individual to think of the Previous Words I spoke about, I mentioned, but in the brash need for acceptance of an idea, an action, a goal, an individual might act too quickly rather than think what the result could be to their Soul.**

**If each one reading This Message would openly say to everyone they know, ‘Have you thought about your Soul today in every act you performed, every thought you had, every word you said?’ the answer in return could be many ways. Anger might be stressed, accusation might be what the other**

**individual resented, yet you would not think of these things, because in your own way you would be counting on the other or others' understanding how you meant what you would say.**

**Basically, this is not a complicated thought for you to remember, because human life is involved with many types, degrees, forms of likes and dislikes, characteristics on many issues that could be pure or vile for the Soul.**

**There are millions of Lessons that could be spoken, instructed, taught to men, women and children throughout the world, through This Gift of The Father's Love that constantly refers to the Importance of the Soul that each human being is gifted with at the moment of his or her conception. Many conversations We hear during the day in different places throughout the world; rarely, if ever, does an individual speak out openly about the Importance of the Gift of Divine Love in each human life, the Soul.**

**As I leave you today, I beseech you in one way, I encourage you in another way, and I bless you in The Father's Love, His Way. So be it."**

## GOD THE FATHER

**“It is sad for Me to say These next Words, and They are for mankind of any age, description, for any heritage, for any degree of intelligence, who deny in the minutest detail My True Existence, and All I Am In All Things.**

**Throughout the world there are so many men, women and children of all races, all colors, all degrees of intelligence, all backgrounds, that defy What I Am, Who I Am, the Importance of My Love in All I have created.**

**In the Creation of human life, I did it for many Reasons: First, to share Portions of Myself so that there would be a constant, consistent Connecting Link of Living Matter with reasoning, though it is difficult for some to believe that within each human life I presented a Portion of Me, unseen, yet obviously felt in different degrees in each human life; also, an innate Connection that is also unseen.**

**As I speak through *one small voice*, I speak in a manner and a degree to give comfort to human life, because**

without the knowledge of knowing how close human life is to Me, it is easy for the mentality to make excuses to follow an attractive source of energy that basically is the enemy.

As I speak through *one small voice*, the Power I Am is most times difficult for *the little one* to repeat What I instill in her to speak. My Words are delivered in a Different Degree than All Others Here with Me.

In so many ways I have Blessed human life with understanding, and with the ability to comprehend the natural course in which human life is connected to Me.

As individuals read Stories in books called 'Bible History', they very often read the words and do not concentrate on the full impact in their Association with Me. They concentrate more on the definition, the reasoning, the purpose, the reality.

Today as I speak through *a very tired voice*, I speak with Deep Love for human life, and I beseech all who will read My Words to find in Them the reality of the closeness that human life has to Me, and never to doubt the Goal

for which I have Personally dedicated to the Souls Who will return to Me.

To some this sounds strange, perhaps even impractical, but I assure you, each birth of a human being is My Gift of Love beyond what mankind knows Love to be, because a Portion of Me exists immediately, and from that time on, I am Ever Present with the human being.

Many learned men and women study endlessly on what others have written. I have given to the world *one voice*, to allow so much to be heard, and so much to be written from Myself, and from so Many of The Saints Here with Me, proving to mankind that human life is expected to be returned for All Eternity, perhaps not with the same body, but through That Portion of Me called 'the Soul', that is a Portion to so many, unbelievable.

Each moment of every day I am Alert, Aware of All Things. I do not expect anyone to fully understand What I Am All About, because human nature, human mentality can only associate a human description to What I Am, but I beseech you to take heed and follow My Plan. So be it."

**JULY 14, 1999 AT 2:02 P.M.**

**SAINT ANNA MARIA GORETTI**

**“I am Saint Anna Maria Goretti. I do not speak openly oftentimes, but there are many times The Heavenly Father allows Me to speak through conversation in This Gift of His Divine Love, in Whom The Beloved Holy Spirit of The Father is present at all times.**

**It is difficult for All of Us Here in the Heavens to hear so many contradictions, and even misgivings, on a Gift of This Importance, so Personal to every living human being, with Direction, with Instruction, with Encouragement and with Love, constantly instructing on the Importance of human life, and What it contains; by this, I mean a Heavenly Portion called ‘the Soul’.**

**Today as I speak, it is with much concern for the little ones of the age groups that are oftentimes told what to do, or ignored in what they are doing, rarely being instructed on issues, on facts regarding the importance of being pure in their mind, being truthful, and ignoring what is evil,**

what is wrong, for their mental, their physical, or their Soul.

It is sad when We see so many of all ages not truly understand that human life was created according to The Father's Will and Plan. It is taught many times that mankind is created to the Image and Likeness of The Beloved King of kings. We hear some say: 'What can this mean? How am I supposed to understand this?' The answer is simple: Stand in dignity and always remember that human life is a Gift of Divine Love, and has a Goal that nothing else created has; it being so Special, so Important, so different, should alert all ages of human life to the Importance of this Gift, this privilege, that has a Goal because of that unseen Portion in it that is a Portion of The Creator, called 'the Soul'.

There are no instructions throughout the world such as These that pass through *one voice* because, as in the past, The Father uses 'one Soul, one individual', to create the atmosphere, the means, and the desire for others to more fully understand that human life is a Gift of Divine Love, and as this Gift is so Important to the

**human life, there has to be a Portion within it that nothing else has. This, of course, is called 'the Soul'.**

**Time, in many ways, will allow This Miracle of Divine Love, named after 'The Beloved Saint Joseph', help men, women and children of all ages to more fully understand, that as Saint Joseph is known as 'The Foster Father of The Son of God', He had to be More than man.**

**As human beings speak about the Spirit of giving, the Spirit of love, the Spirit of hope, and of course, many other terms regarding the Spirit, The Greatest Spirit in the world is The Holy Spirit of God, and It is His Spirit that has given to the world All the Revelations, All the Instructions, to instruct on the Importance of human life, and what it was created for. So be it."**

**JULY 16, 1999 AT 1:45 P.M.**

**SAINT CATHERINE OF SIENA**

**“I am Saint Catherine of Siena.**

**At no place throughout the world are people of all ages, all degrees of intelligence, being instructed on the Values, the Importance, the Reasons for which God, in His Love for human life, instilled a Portion of Himself, so that mankind would always feel a close connection to a Power not seen, not understood, but always evident when it comes, or came to a decision that an individual would be faced with on some point, some portion of The Commandments given a long time ago, for the benefit of all of mankind to have the Sound Foundation for the Soul to be able to follow a direct path on the Importance of What The Father Willed the human mind’s decisions to be based on.**

**We hear men, women and children use what they say is their ‘free will’. Many times they justify immorality, impurity, indecencies, because of their personal mood or mode of life, or their desire to please another individual,**

so they compromise. The compromise never really makes the individual feel right, but the human nature, in so many ways, weakens out of ego or a lack of having to yield to a Higher Being.

Today as I speak, I speak with Love but also a Firmness, because at this point in time mankind of all ages, all temperaments, all degrees of mentality, are ready to accept not just abusing their Soul, but ignoring the Fact of Its Existence.

Many so-called 'learned' men and women constantly abuse themselves and others, because of their egotism, their self-love, or their innate desire to have others see them as knowing, as logical, and as being close in knowledge to what purity means to them.

I speak through *one voice* as We All do, and as We see men, women and children reading all the other materials that are being passed throughout the world, it is sad that All that We deliver is many times delayed or held in abeyance. So be it."

**JULY 19, 1999 AT 1:40 P.M.**

**SAINT AGNES**

**“I am Saint Agnes.**

**At this time throughout the world there is very little concern regarding the Importance of the human life. I ask you ‘Why,’ in a very loving way, ‘though mankind is aware of how much a human life is capable of, in so many areas of talents, of abilities, of mental prowess?’**

**Today as I speak, I speak with a deep Love for the young, because in so many ways the Importance of human life has been disgraced, and the young are not learning the importance of moral values, moral standards, and the responsibilities connected to everything an individual human being thinks, speaks, acts, participates in, or becomes an issue of.**

**We hear so many doubt This Gift of Divine Love that bears the Name of The Beloved Holy One, ‘Saint Joseph’. In so many ways, this laxness is due to the humanistic evaluations in all areas, thus ignoring The Supreme**

**Being's Supreme Power, The Creator of All Things.**

**Today as I speak, I speak to a small group, and though I have requested My Words be put into script, I know that when This reaches to those outside this room, many will ignore What I have said. They will try to analyze each Word, but they will miss on the Value, the Meaning, the Importance All the Words will eventually mean to the Souls of millions of human beings.**

**This Gift of Divine Love appears as though It stops where It has appeared, but time will in many ways be the transmitter of All that has been spoken through This Gift of Divine Love, because The Father's Will, will see to it.**

**As I speak, I speak with a deep understanding of human life, and I plead with those who write My Words and those who will read My Words, to protect the Soul, That Portion of human life that is the Connecting Link of Divine Love to The Creator of All Things. So be it."**

**JULY 20, 1999 AT 1:06 P.M.**

**SAINT ALPHONSUS LIGUORI**

**“When a child says, ‘I love you,’ it immediately extends warmth to the individual hearing these words. When a man, woman or child of any age says these words to The Father, or Any of Us, there is an immediate closeness that is difficult for the human mind to fully understand.**

**Today is an important day for many, many people of all ages, all backgrounds, all degrees of intelligence, because today is a day available for everyone to speak to The Father in a personal way, speak to The Heavenly Mother as they would because of what a mother is to any human life.**

**My Words are important, because in the coldness of the working day and the duties that are expected of each individual, also being part of what man calls ‘the highs and the lows’ that they are exposed to through the personalities, natures, characteristics, values, to everyone they meet, it is often forgotten that no human being**

is ever alone, and that though things may be difficult or lack a happiness in them, the Love of The Divine is constantly present, constantly available to soothe, to comfort, to listen and to radiate hope, happiness, when a human being of any age needs consolation, comfort, or some moral help.

**My Words are different than Most at this time, because there are so many ways for human beings to approach every facet of life, knowing that within them they have a Portion of The Creator to give them strength, energy, understanding, communication.**

**I am Saint Alphonsus Liguori, and as I speak there are Many Here with Me, because it is The Father's Will that Our Presence, Our Availability to help, to console, to encourage, no human being is ever without. None of These Things have ever been taught by those in charge, so human beings many times feel they are alone.**

**Many, of course, believe that they have a Soul, but they are incapable of seeing the Magnitude of this Soul because of their lack of closeness to understanding that human life**

**is Special, and in many ways has an immediate communication through prayer, through just speaking, through actions, through thoughts. You are never alone.**

**Today it is important that those who are with *this child* through whom I speak, more fully understand that what you have accepted as a Treasured Gift of Divine Love is a strength beyond what anything else is. Allow yourself to know and to more fully understand that you have accepted to be a part of The Creator's Great Plan. That Plan, of course, is a Plan to instruct mankind of all ages, all cultures, all degrees of intelligence, about the Importance of human life, and the Goal for which it is planned. So be it."**
