PREFACE

These “*Stories From Heaven*” could not have been given to the world at a more appropriate time than now. The world is in a terrible state of corruption and confusion politically, religiously and socially. Honesty, modesty, genteelness and morality seem to have been eliminated from our way of life, at least in effect if not consciously. However, God has given the world a Miracle it needs.

On July 28, 1967, *The Miracle Of Saint Joseph* was formally announced to a True Mystic. God had chosen a woman to give us the sound direction, hope and example we need. It was not the first time God had chosen a woman to accomplish His Purpose, always for a specific task in a particular time. This True Mystic for our day is Frances Marie Klug. She resided in Southern California as a wife, a mother, and a grandmother until her death on November 15, 2009.

In This *Miracle Of Saint Joseph*, Many Saints have come forth to speak through Frances Klug. These “*Stories From Heaven*” are just a few of the thousands of Revelations received through her. Very often these

Revelations were preceded by extensive Teachings which time and space did not allow us to put in print. However, some of these Teachings will be found in several of the many Volumes of "*Stories From Heaven*".

In these Revelations The Saints refer to Frances as "the child", "the funnel", "the spoon", "the instrument" and "the little one". God made her our Spiritual Mother. For many years now, because of this fact, she has been called "Mother Frances", or simply "Mother". Heaven also refers to people of all ages as "children" and emphasizes time and again, This Miracle is for people of all races, all colors and all creeds.

For someone turning the pages of these "*Stories From Heaven*" for the first time, they will easily recognize the sound logic and sound direction the Messages contain. Mother Frances heard the Words with the Ears of her Soul, and would repeat Them aloud when she was told to do so.

This Teaching Miracle is a direct parallel to the time Our Lord walked the earth. He did not loudly proclaim to everyone, "I am The Son of God." He taught in a quiet manner, simple, extensive, but always detailed

in repetitiveness, instilling in those listening what He wanted them to remember. He taught in parables, short, simple stories containing moral lessons. He knew men could more easily understand and remember the point He was trying to make this way. His “Teaching Stories” pertained to everyday living, practical matters, and how to become a Saint. He gave hope through these stories. He gave example.

Now in our time, God is once again giving us “Teaching Stories” through Saint Joseph and His instrument, Mother Frances. Through her, in a quiet, unassuming and genteel way which appears so “natural”, mankind is again being taught the Purpose of life, and what God expects man to be like in his daily living. People feel hope in these Teachings, Example always given.

Two major Revelations of significance have been given for us in our day. Our Heavenly Mother is Part of The Divine, and Saint Joseph is truly The Holy Ghost. These should not bring an immediate rejection, but should pique our curiosity and interest.

Our Faith in God is based upon many mysteries. Whether it be The Holy

Trinity, the Incarnation of God, or The Holy Eucharist, men strive to understand These, trying to grasp a small glimpse of the Beauty of the Truth They Are. These mysteries also pique our imagination and interest. However, even though we know God revealed these mysteries to mankind and we accept them in Faith, they still remain just that, mysteries.

One has only to look at these “*Stories From Heaven*” to see the value They are, and to feel the hope They instill. No man can logically deny purity of thought when it is so obvious. No man can deny purity in direction, when it is based on sound morals, sound values, sound standards. Do not be blind to truth. Skepticism is for people who are unable to see the truth of a matter or situation, and many times skepticism drowns out purity because it is full of ego and pride in one’s self. Skeptics find it an easy out to disclaim truth.

There is no doubt that it takes time for such Phenomena as This Miracle to penetrate even those minds who feel they are capable of discerning such Phenomena. We must not be governed by purely another man’s determination, but we must understand that logic, sound reasoning and purpose must be the criteria of our Faith in God.

PLEASE READ

In some early volumes of “Stories From Heaven”, many Revelations describe edifices to be built on Saint Joseph’s Hill Of Hope. As just one facet of The Miracle Of Saint Joseph, God invited men of all races, colors and creeds to participate in building a “City Of God”. Every building, chapel, bridge, shrine, garden, amphitheater, and even a hospital and a research center, to be included in this Magnificent Project, would be designed down to the most minute detail by Heaven.

This City Of God would be a place of great beauty for men throughout the world to visit, to gain true spiritual strength and to learn firsthand that which Heaven wants all men to know.

Much to the great loss of every man, woman and child in the world, this City has not been built. Innumerable obstacles were placed in the way of Its completion by those who would have benefited the most. Not enough men volunteered to return the gifts of their time and talents to God. Not enough people came forward with the money needed to participate in God’s Plan in a monetary way. Donations became less and less, because the men in the Church said, “Don’t give.” They discouraged people from participating.

For many years, Mother Frances and a handful of volunteers made every effort to overcome all opposition to men’s lack of wisdom, to build this City for God. However, we are not at a total loss. The Sound Teaching and Sound Direction given by Heaven in the many volumes of “Stories From Heaven” continued through the years, and will benefit people everywhere for many generations to come.

In the future, if the hearts and minds of men change, the world will one day see the Beautiful City Of God.

All Revelations are delivered spontaneously and continuously as witnessed by all those present at the time.

SAINT CHARLES BORROMEIO

“I am Saint Charles Borromeo. It is a privilege that The Father has given to so Many of Us Saints, and that is to speak at a time when so much is needed for mankind to more fully understand what a Precious Gift human life is to man.

Though human life has many facets, each facet has a purpose, a goal, to strengthen many areas of human life, because human life is faced with so many different directions, different avenues of learning, understanding and beliefs.

Today is, in many ways, the same as yesterday and that tomorrow will be, but each day is important because each human life, in each day, has decisions to make regarding many issues, some important, some not as important as others, but nevertheless, daily life registers in a Special Place, because of the Importance of each human being’s Soul.

The degree of mentality of a human being is not the most important

part of human life, although much is based on what an individual has the mentality to use, to express, and to aid others on many subjects. The Most Important Part of human life is the Soul that no one sees and yet is evident in many ways, through one's conscience, one's understanding of what is purity over impurity in how one thinks, acts, speaks, or is example of. Purity has many dimensions, and oftentimes is abused because an individual ignores the importance of purity, and succumbs mentally, morally, physically, to what is detrimental in so many ways to the body sometimes, to the mind sometimes; but when it is detrimental in any way, it affects the Soul in degrees that a human mind cannot fathom or understand.

We oftentimes listen to men, women and children with all degrees of intellect, all degrees of faith in themselves and their personal view of what their morals are like, not always on what the morals should be like. Most of the times the moral value of a situation, a conversation, a decision, is not the deciding factor; the decision is based on personal behavior or personal gain, thus ignoring that every human act, decision, physical or

mental practice, has a responsibility to a Higher Authority than what is acceptable as human.

The world has been Blessed by This Gift in which so much is instructed, because human life, with all its distractions, would not have for its Goal ‘Sainthood’ if there were not The Ten Commandments to live by, or stories of how individuals became Saints by how they acted, what they practiced, and how much devotion they had to their behavior on decency, reaching for Holiness so that one day they had a Goal of Sainthood.

Today as I speak, I speak with a deep sincere Love for human life, because The Father has requested so Many of Us Here with Him to instruct in Our Own Way how Important human life is, and how important human behavior is in every facet of life.

I beseech you, do not act harshly, resentful, or abusive to the Soul that you are the custodian of, because it is through your Soul you will one day enjoy the Presence of The Creator. So be it.”

SAINT IGNATIUS LOYOLA

“I am Saint Ignatius Loyola.

The Father has given to the world a Gift of Divine Love beyond what human love can conceive, perceive, understand, but It is a Gift not just to encourage human beings of all natures, all degrees of intellect, all personalities, to fully understand what a Gift of Divine Love human life is, but because it has a Goal inconceivable to the human mind.

This Miracle of The Father’s Divine Love has presented through *one voice*, the Importance of His Love for human life. All that has been revealed thus far and will be revealed, must pass throughout the world, saturating all degrees of intelligence on the Importance of the Soul.

Men, women love to talk. It is part of human nature, but oftentimes what they speak is impure in content, purpose. It is necessary that human beings of all races, all cultures, all creeds, begin to more fully understand what a Precious Gift human life is to

man, and be example every moment of every day, on the importance of purity mentally, morally, physically, because without this practice becoming worldwide, millions of Souls will suffer in many ways. Just as if you hurt your hand, you cut your hand, you will bleed, oftentimes the blood seems endless and the pain unbearable. Compare this to what a Soul will suffer, when the one in whom It was placed at the moment of conception, will face the torments of the damned. So be it.”

**SAINT CATHERINE LABOURE
SAINT CATHERINE OF SIENA**

“There are Two of Us with this *little one* on this day.

I am Saint Catherine Laboure.

I am Saint Catherine of Siena.

The world in many places, in many ways, is in moral decay. To most men, women and children this Statement would not make sense, because in their practical way of life they do not see that each moment of every day they are subjected to times of commitment in everything they do, everything they speak, and always, if they are with others, or a group of others, they are more apt to say many things that they would not act out at other times.

Each of Us speak through this *little one* and do not always announce Our Names. It is this way with All The Saints, because Our Names draw attention, and it is important that the subject matter have attention in

a manner and way pleasing to The Creator.

The reason *the child* hesitates in These Words is because We are talking amongst Ourselves as We speak through her. Sometimes Our Appearance can cause a distraction, and there are other times the Appearance of the One Who is speaking through her is held from her, because of how easy it is to be distracted by what you see over what you are listening to.

We both smile as We say These Words, because of the concentration she places on truth, facts, that are applicable to what is important, what is necessary, what is truth, and what is proof of Our Presence.

The Father, at 'this time' as in other times, allows *one voice* to speak, *a voice* that others are acquainted with, because it is easier for others to understand, and are more apt to accept one who they are accustomed to.

Many Saints are present at this moment, surrounding this *little one*. She sees Each of Them, and We smile at her question, 'Why does This Precious Gift of The Father's not encourage millions to see what a Treasure human

life is, and that it has a Goal worth fighting for, thus ignoring all that is evil, all that is impure, all that is unjust?’

The Value of This Miracle is unlimited, and the day will come when All that has been spoken through It will be the Guiding Light for thousands, hopefully millions of individuals to more fully understand what a Close Association God is to man. If this Statement were false, the human mind would not know, instinctively know, the importance of truth, of purity, of justice, and that there is a Goal to life above and beyond what the human mind can comprehend.

We see thousands each day throughout the world, strive for success in all avenues of thinking, of knowledge, of hope, of dreams, of goals. Many do not find the correct path, because they do not base what they are practicing or doing or striving for, on purity, but many times on lust, selfishness, and many more human ways of thinking.

It is important that All that has been delivered be sent throughout the world, whether It go by air or water, in

script, or one of the communications that man has available today.

We could speak hours on this subject, but We find when Our Words are too lengthy in content, those who read Them lose sight of the important issues. That is why, so many times, when We request Our Words to be put into script, there is a limit to the Words, but the subject matter is always clearly said.

As We leave you today at this time, it is important that no matter how much doubt you are confronted with regarding This Gift of Divine Love, you are to persevere in spreading It in every area possible to reach, and do not judge what Messages will be most applicable to certain places. Send what you have to send, and allow the Words to be the Instruments of Instruction for millions of Souls to be saved from the enemy's daily works, practices, interferences, that are endless in many ways. So be it."

SAINT ATHANASIUS

“I am Saint Athanasius.

Many times those who feel they have much, or great, or deep Spiritual beliefs, it is not fact. Spiritual beliefs, Spiritual Faith, are based on sound reasoning and deliberate understanding of the Importance of human life and the Purpose for which it was created. Too much emphasis is placed on humanism, thus eliminating the Importance of the Connection human life has to The Divine.

The word ‘Divine’ is oftentimes misused, misunderstood, even abused, because those using It do not fully understand or comprehend that this descriptive Word can only be associated with The Father. Granted, It is oftentimes used with Others, but Divine says ‘separate’ from all other human aspects of life.

Today as I speak through *one voice*, I speak with much concern for the lack of All that is revealed not being distributed throughout the world. There is no excuse for this, because

of the systems that are available, connecting many, many places where human life resides, exists.

The Father's Purpose for This Gift of His Divine Love is to awaken all human beings to the Association human life has, and the responsibility it bears because of the Connecting Link called 'the Soul'. We oftentimes hear individuals compare their association with one or many others, saying, 'We are soul mates.' I could speak hours on this subject, because the human interpretation lacks the purpose and reality of what the word is intended to mean, when it speaks of an individual and his or her closeness to The Divine.

There are millions of children of all ages throughout the world who never hear what life is all about, and what human life has the privilege of, the Goal of. The Father has given to the world a Gift of Instruction, allowing so Many Saints to speak on subjects that are given to instill the Importance of human life to a Divine Creator.

When men and women join their lives in matrimony, it is to

use their lives in the manner The Creator designed them for: to raise others to more fully understand that human life is a Gift of Divine Love, has a Purpose and a positive definite Goal. Human life was created a long time ago, and through time, more and more Information has been delivered regarding what human life has to look forward to at a given time.

It is innate in human beings to reach for success, or to win a prize, no matter what the prize may be; so, would it not be wise to see, to understand, that the Purpose for human life had for it available, a Goal? I hear some say, 'Yes, but how do I know if I will reach that Goal, or what it will take me to always remember there is a Goal?'

Let Me put it this way: Logic speaks when it says a Higher Creation designed All there is, and logic says everything has a goal, so human life would be in the category of reaching the Highest Goal available, because of the Purpose for which it was created, and the logic in all that human life has within it: a mind, sensitivities to so many areas in life, and the abilities to use what human life has in many capacities, in many areas, for many

reasons. Is it not wise to understand that as a goal is important to man in the human way, then would this not set the pattern for each human life to have a Soul to be returned to The Father, to The Creator, so that the individual would have the availability to return to a Higher Plane of Living, of Understanding, beyond what the human being is capable of in the human way?

As I leave you I bless you, for you see, I, too, walked the human role; I, too, questioned sometimes what role I was to play. I also questioned, ‘Would I, in how I thought, acted, become a Saint?’ Remember, I did accomplish My Goal, and I sincerely pray that all who reach a point of decision will accept The Father’s Will to return to Him at a given time, one day. So be it.”

**SAINT ALPHONSUS LIGUORI
SAINT JOSAPHAT
SAINT ANTHONY OF PADUA
SAINT BARTHOLOMEW
SAINT GREGORY THE GREAT**

“There are Five of Us present at this time. There is the beloved Saint Alphonsus Liguori, the beloved Saint Josaphat, the beloved Saint Anthony of Padua, the beloved Saint Bartholomew, the beloved Saint Gregory The Great. I will stop count here, for there is much to speak about.

The world is in total chaos morally, mentally, physically, spiritually. The chaos is caused by a lack of sensitivity to sound moral values, sound moral standards, sound moral intentions, sound moral advancements in many directions pertaining to the morals practiced in every day’s habits, needs, concerns, privileges.

Those who read My Words, I will ask you a question. Hopefully, I will receive an answer. ‘Do you believe in The Creator that you know to be evidenced by all that you are

surrounded by, such as the air you breathe, the water you drink, the food that nourishes you, and your ability to associate with others like yourself in all walks of life?’

All of the Heavens have come forth to help human life at this time, human beings in all degrees of intellect, all individual understanding of what is morally right, pure, sound, correct, and what is immoral in all these things.

The Father directs All of Us to *one voice, a small one* in the world, little by stature, and in many ways quiet by nature, but ready to serve whenever Any of Us are present to deliver a Message of Great Worth, Purpose, for the Souls Who will hear What We speak, and all those who will read What We have spoken and requested to be written for a later time.

Throughout the world there are so many desecrations, vile, contemptible, abusive, and totally impure regarding the human body, the human mind. You do live in a time worse than Sodom and Gomorrah. These Words to many mean nothing, but it is important, All that has been delivered through This

Gift of The Father's Love, bearing the Name of The Beloved Holy Spirit, for you see, there is no place throughout the world so much Divine Love is being transmitted through Words understandable.

Today, as Many of Us stand close to where this *little one* is, Our Presence is obvious to her because of All the 'Preparations' that were necessary for This Gift of Divine Love to be brought to a degree that the human minds of millions will be able to understand All that has been, and All that is being instructed on the Importance of being born man.

With so Many of Us present at this time, the Power this *little one* endures is inconceivable to the human mind, but nonetheless, this *small body* has been instructed to tolerate what occurs so that The Father's Will will be heard, because there are so many Souls that will be victimized if This Gift of The Father's Love does not reach great distances, alerting human life to the closeness each human being has to The Divine.

As Each of Us watch this *little one*, We desire to help in This Gift of

The Father's Love, because to walk a Path so lonely, so important, has within it Responsibilities inconceivable to the human mind. As many of you spend time with this *little one*, you initially sense her presence for how you know she walks; also, your anticipation is evident to All of Us regarding which One of Us will talk.

This Gift of The Father's Love that has given to mankind of all races, colors, creeds, ages, so much Personal Instruction, Direction, Correction, is to be spread throughout the world, in writing of course, because thousands will be able to read What has been spoken, whereas *one voice* would find it difficult to travel to every place where human life exists.

As We stand Here, watching what Our Presence does to *one small body*, it is a sadness for Us, because We understand what the pain is. The Responsibility is beyond what human life can imagine it to be, but The Father Wills mankind of all creeds to more fully understand Saints do Exist, and We Saints were humans at another time.

There is a Goal to life, there is a Purpose to life, there is a Reason for human life, and as you read All These Words, hopefully you will remember what a Precious Gift human life is, above all things. So be it.”

FEBRUARY 16, 2000 AT 1:12 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. This *little one* The Father uses to repeat What We speak, stands in a very delicate way, but a very strong way, because of the Task she has been appointed to.

Throughout the world men, women and children are practicing many impurities of the mind, the body, accepting all that is available to them to experience, allowing only the enemy of The Father and man to be pleased.

If you were to be asked, ‘What do you feel an act of purity of the mind would contain?’ most would have a difficult time answering this, because it is not a subject very often thought about. Rarely does a man, woman or child think about the importance of what they speak, in regard to what effect it will have on their Soul.

Several of Us stand with this *little one*, are constantly present every moment of every day. It has been for a very long time, and when We desire to speak she knows it immediately.

Today it is important that as each one reads Our Words, they recognize how the Words pertain to a Portion of human life that cannot be seen, and yet every act in each life affects the Soul. This Gift of The Father's Love has been given to all of mankind throughout the world, alerting them, instructing them, making them aware that the physical is only a touch of the Importance of human life, and that human life has a responsibility to use the time, energy, means, intellect and values, to one day be able to be pronounced 'a Saint'.

All who read These Words, I ask you to think once a day: Would you, if you were judging yourself, be happy with the judgment in every way? Would you condemn yourself for being impure in thoughts, words or deeds, or would you be happy that at the end of the day you could face The Father and say, 'I walked for You today, my Father, in a pure love, a pure state of every activity I was involved with, and I left a mark on each one I met, reminding them that they had a Soul that would one day be in a position to be Judged according to the Purpose for which It was given one day'?

My Words come through this *little one* in many ways difficult for her to say, for by nature she wants all things to be right, to be pure, and always worries about the time that will come that there will be accountability in every facet of human nature, human practices, human deeds, and all that a human said.

Today as I speak, **My Words** come difficult to her, for she has been looking at **My face**, watching the expression in **My eyes**. I am firm in **My looks**, because there is not a Saint Here in the Heavens that does not care about This Gift of The Father's that is the Most Precious Gift human life can have: awareness to the Importance of human life, its actions, its practices, its abilities, its intelligence, and its love for The Divine. All these things show every moment of every day.

As I hold *the little one* deeper, the Power I use is One not understandable to human life, but evident in how she speaks, she acts, she appears.

This Gift to the world is Special in so many ways, because It compares to the Time that The Commandments were given to a man indepthly, not in

a concise way. These Commandments must be placed in the open in Their fullness, because the conciseness oftentimes leaves those who see it in writing, in script, to not look into the full measure of each one, because the conciseness is easier to handle, and allows less responsibility to Them.

As I leave you, I beseech you to see that the full measure of The Commandments given to a man one day will be spread throughout the world. *The little one* knows exactly what I mean, and she has been given the order to accomplish it. It is also your responsibility, because at this time The Commandments are being ignored, forgotten, because many say They are of the past. This statement, of course, is a human way.

Today you must look into how you practice Them, and how much you feel you will be part of Their distribution throughout the world.

As I leave you I smile, because I am fully aware of your sincerity, and your love for The Creator, and this will aid you, help you, encourage you, and give you the direction to accomplish His Will right away. So be it.”

FEBRUARY 18, 2000 AT 1:15 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

Throughout the world All of Us Here in the Heavens get requests for monetary measures. Of late, few individuals request help for their Soul. Humanism is prevalent, in that only humanistic values seem to be the dominant goal throughout the world.

The Father has given to mankind a Gift of Divine Love that constantly instructs on the Importance of the Soul. Oftentimes We hear an individual say, ‘How can I have It if I can’t see It, and if no one else talks about It?’

Basically, you are conscious of a Soul, because you have the sensitivity to what is pure, what is impure, in your actions, your thoughts, your words, your deeds, your communications. Your sensitivity to what is proper strengthens you in many instances when other things are totally improper, and others are encouraging you to take part and you know you should not.

How many men, women and children throughout the world greet each other with a ‘Good morning’, or a ‘Good night’? Would it not be wise to use this same advantage of speech to greet The Father and The Heavenly Mother with a short recognition that you are aware of Their Presence? And then when night falls it would be so easy to say:

*‘I love You for giving me
this day, and as I say good
night to You, I pray You will
be with me all through the
night.’*

Children are not being instructed on the importance of daily communication with The Divine. So much is being lost because children are not being given the example of how human beings should recognize, understand, that the closeness human life has with The Divine is above all other living matter or things.

As I leave you today, I beseech you: instruct the young, and be example to the older ones, reminding them that they are a Gift of Divine Love, in many ways. So be it.”

FEBRUARY 18, 2000 AT 1:41 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. This *little one* through whom We All speak, stands alone amongst millions of other human beings.

This Gift of The Father’s Love, bearing the Name of The Beloved Saint Joseph, has released to the world the Fullness of How He Is, Who He Is, and that is, that He is The Holy Spirit of The Father. This Statement is difficult for many so-called ‘learned’ men and women to believe, but nonetheless, it is Fact.

Since the time began that script was put into practice on important issues, much of What has been revealed through This Gift was not revealed in the same manner in the beginning, because The Father Decreed This Time to be, to enlighten human beings of all ages, all cultures, all creeds, the Magnitude that mankind must see in the True Existence of The Creator, the Importance of The Beloved Heavenly Queen, and the Purpose for which The Holy Spirit became man, and walked

in the midst of many, many human beings.

So little is being instructed at this time on the Facts that were given down through History. Somehow or other, mankind seems to have lost interest or understanding, even belief, that History was made in every era of time, so that human life would more fully understand what a Gift human life is to man, and that it was evident from the beginning.

We oftentimes see an individual pick up the Bible, read the verses, but not fully understand the in-depth concept that was meant to be. The Bible was written in verses, because to have it written in full description of all Bible History, the amount of time and material that would have to be, caused it to be impossible to write all things in their full lengthy degree; plus, the human mind and the human physical finds it difficult to be put to such a task of monumental physical energy.

Today as I speak, I speak through *one voice* prepared and trained to repeat Our Words as We declare Them to be. It is important that the world

read All that has been given, because it will update them individually on the Full and the True Existence of All that Heaven is capable of, because of the Souls that are returned to The Father as Saints.

It is important that morality be stressed in every way, on every issue, because through morality, the Soul is in many ways the receiver, and the Soul, as a Portion of The Creator, desires only to please The One from Where They came, for They want to return That Portion in the Light that They have seen, because it is the Only Light that has Hope in It, Happiness, due to the fact that The Creator is Present.

Though it is difficult for some to believe that such an Entity of Living Matter Exists, such as The Creator of All Things, best that mankind be not too concerned about the reality of It, but the True Existence that is obviously Present for all things to be as they are, even when they are not able to be seen. So be it.”

FEBRUARY 21, 2000 AT 1:01 P.M.

THREE SAINTS

“It is innate in human life to understand to a certain degree, emotionalism, sensitivity, endurance, but many times when there is judgment regarding another person other than one’s self, they tend to feel indifference and somewhat of a lack of concern for the one who is complaining, or is uncomfortable because of a physical change that could either be a subject contrary to what an individual can accept, or physical pain that occurs from out of nowhere.

As human life is subjected to this type of anguish at different times, very seldom is it thought about when one commits a sin of the mind, the flesh, to themselves or to anyone else, or with anyone else. The responsibility fades; it is ignored.

Today as I speak, there are Three of Us present. Oftentimes We appear to this *little one* in number rather than in a single Form. You might ask, ‘Why is this necessary?’ It is because there is so much that All of Us desire

human life to become sensitive to, helping them to more fully understand that human life, as man, is responsible for each act, each thought, each word, each deed, each decision that has a purity to it or an impurity, a right or a wrong, a just or an unjust acceptance.

The human mind oftentimes justifies what is comfortable to the individual, what gives him or her a feeling of satisfaction, a feeling of success, a feeling of involvement that pleases them.

Today as I speak, it is different than I usually speak, but it is to bring out openly that human life has the ability to understand what is right over what is wrong, what is pure over what is impure, in every action, every thought, every involvement, every deed. It is so easy for an individual to blame someone else for an unhappy act, an impure act, one that makes an individual feel guilty about.

So much has been delivered through *one small voice*. The Father has given to the world of human life a Gift beyond what human life of any dimension of intellect fully sees as a Gift of Divine Love.

It is sad for All of Us to see so little taught by the so-called 'learned' men and women, regarding morals and the Importance of why human life was created. It has a Goal, and the Promise is to live Eternally with The Father in Heaven, but to listen now to so many misinterpretations about what is pure in thought, word, deed, actions, must be looked at because much of it regarding what is pure, what is impure, is how a person feels, disregarding what is morally pure, sound, and would be pleasing to The Father's Will for the individual or individuals involved.

As We leave you, I cannot, nor can Those Who are not speaking openly, put in Words for each one to fully understand that human life is a Gift of Divine Love, and is responsible for every act, every thought, and every involvement in human life they come in contact with at different times, under different circumstances.

As We leave you today, We beseech each one who takes These Words in print and those who will one day read Them, to be ever conscious that though you may have been created as one, you were gifted with a Gift of Divine

Love to give you strength, hope, and a Special Goal for your life to return to as 'a Saint'.

I could speak hours on end on how important it is to be ever aware of everything you do, how you do it, everything you say, what you say, and what example you are every moment of every day. So be it."

SAINT MARY MAGDALENE

“I am Saint Mary Magdalene. It is a privilege for Me to be able to deliver Words at this time, because This Gift of The Father’s Love is beyond what human nature, human understanding, can possibly perceive the Magnitude of; so as Each of Us speak and deliver Words The Father Decrees to be, This Time can be recorded in History as The Father’s Divine Love for His Creation of human life, and His Will for this life to be returned to Him.

As I speak to many who will read These Words, My Words are different than they would expect Them to be through This Gift of Divine Love bearing the Name of The Beloved Saint Joseph.

The world has been Blessed in many ways, many areas, many, many, many times, because of the Truths, the Instructions that so Many Saints Here have been allowed to speak about, reminding mankind that there is a Divine in constant watch over all human life.

A human being is Special because of the Soul that is placed at the moment of his or her conception. The Soul, in many ways, is a Guiding Light, always reminding an individual of the necessity for purity of the mind, the body, and all that an individual practices in daily life.

I speak differently in My Wording, because it is important for every individual to understand that every individual life born in the human way is expected to use all that is pure in the mind and the body, and cast out what is impure, because of the Soul each one is Blessed with at the moment of his or her conception.

There is so little instructed by so-called 'learned' men and women regarding the Importance of human life, and that as it was made to the Image and Likeness of The Creator, it was endowed with many abilities, many Gifts, giving to human life what no other living matter or thing is capable of.

Today as I speak, I speak with deep Love, because it is important that This Gift of The Father's spread throughout the world, allowing no one

or nothing physical to detain It, abuse It, reject It, dismiss It, or ignore It. It is a Gift beyond what human life can fathom It to be, because It is a constant Instruction on the Importance for which human life was created. It is the only life that has ever been created that has a Soul, a Portion of The Father Himself.

We hear some say, ‘If no one ever sees God, how do I know He Exists?’ This is always a sadness to hear, because the very existence of human life and all other living matter or things cries out loud: ‘There is a Higher Being, Divine in Nature, Divine in Every Way, and yet a Being unseen, because It is Far Greater than any human mind or body could handle in the human degree.’

Faith in a Creator is important because it gives strength, hope, logic and reality, because the first question that the human mind would ask would be, ‘Who started all this, and Who gave us a mentality, also the ability to see what is right over what is wrong, to understand purity over impurity, and to see lust, anger, hate, as offensive traits holding only ugliness, each in their own way?’

As I leave you today, I beseech you to use your Faith, your energy, your love for The Creator, to help the Souls of millions of men, women and children who do not have the privilege that you have, to hear All The Saints Personally deliver Words of Divine Love, Divine Hope, Divine Truth, Divine Purity.

As I leave you, I add the Words: As you awaken each day, know that the day can draw you closer to Sainthood, through your thoughts, through your actions, how you speak, what you do, and the love you use in sharing what you have, what you feel, what you know is The Father's Will for you. So be it."

SAINT POLYCARP

“I am Saint Polycarp.

It is important that all ages of mankind, all degrees of intellect, all degrees of Spiritual understanding, read All that The Father has Decreed to be put into script through This Gift of Divine Love, alerting mankind to the Importance of The Beloved Saint Joseph.

So many times in the past, He was referred to as ‘The Foster Father of The Son of God’. In many ways this placed Him in a lesser position of Glory than He should have been, because behind the Story of The Holy Family, there were many great, great realities, that at that time, and after, it would have been difficult for the human mind to realize in its full measure.

The Beloved Saint Joseph stands in a Very High Place, and It is being Announced in Its Full Manner, Degree, Way, through This Gift of Divine Love that bears His Name, He is The Holy Spirit of God, and for a period of time

took the sight, the view, the form, the way, of a human man.

Ask yourself: Who else could have been chosen at that Time to be The Foster Father of The Son of The Creator? Does not logic say it had to be More than a special individual, but definitely a Divine Being for many reasons; mainly to protect The Beloved Heavenly Queen, and then The Son Who was to be born for many Reasons, many Purposes, allowing human life from that point on, to more fully understand How The Creator, Why The Creator of all human life designed This Plan, because it would give to human life the importance of the family way, in ways that nothing else could or can?

Today as I speak These Words, I beseech you: always remember that as you walk the human role, you have been given many Gifts to help you understand that human life is Special, and has always been in Divine Plan. It is important that purity of the mind, of the body, reflects in one's Soul, and the Soul, as a Portion of The Creator, will return to Him representing the individual in whom It was placed at the moment of conception.

Remember to always say:

‘Heavenly Father, give me the strength to follow all that is right, good, clean, and how You expect me to be, because I want to return to You my Soul as a Saint, bearing my name for All Eternity. So be it.’”

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

The Father, in His Love for His Creation of human life, finds it important for all of mankind, all races, all colors, all creeds, to receive the Messages that have been delivered for a long time through *one voice*. Each Message was to give strength to the values, the concerns, the habits, of all degrees of intelligence, and all what man calls ‘nationalities’.

As I speak These Words today, it is important that no day passes in the life of any human being, any age, that he or she does not think about the Fact that he or she is the custodian of a Portion of The Creator that cannot be seen, heard or felt, but is obviously Present because of the innate knowledge human life has been gifted with, and that is to recognize purity over impurity in every facet of human life.

The Father has given to the world a Gift of such Great Dimension, instructing constantly through All

Here in the Heavens on the Importance of That Portion of Him, called 'the Soul', that will be returned to Him at a given time.

We hear individuals of all ages say, 'I do not feel Anyone close to me, I do not feel the Presence of Anyone in me, so what am I to look for, how am I expected to protect what I cannot see nor can I feel?' This statement, of course, is not sad but in many ways ridiculous.

As each human being has the Gifts of senses, it is important for them to understand that though they are not aware of every moment of every day, the sense of touch, the sense of sight, for they sleep, do not forget; also, the sense of smell is not always evident, the sense of taste is not always evident, and of course, I could go on and on, on this subject, but logic says that a human being innately knows there is a sensitivity to Something they cannot see, but is obviously there. Granted, some refer to It as 'conscience', or many such other words.

This Gift wherein so many Lessons are instructed through script, is not being delivered in the degree

The Father intended It to be. Also, I must say, those who have heard about It, there is much jealousy; of course, this is the enemy using a weakness in them, depriving them of the full measure of Beauty, Hope, Understanding, and Divine Love that they are what man would call ‘privy to’.

As I leave you, it is important that All that has been delivered through This Gift of Divine Love not be cast into corners for a later date, but be scattered throughout the world, even though It is in one language. There are those who would be able to read the Words, and put them into another format of understanding. This I know to you sounds almost impossible to happen, but if you do your part, All of Us in the Heavens will do Ours.

As I leave you, I must warn you, the enemy is throughout the world, even in places you would not expect him to be. Remember to fulfill your will to The Father for the Souls of millions of men, women and children who do not know they depend upon you, but We Here in the Heavens depend upon your love for The Creator to deliver the Words in every place possible. There

is truly no place unreachable where there is a human life. So be it.”

SAINT AGNES

“I am Saint Agnes. As I speak to you today, I speak with much sadness in My whole being. My Soul cries because of what is occurring throughout the world, regarding what human life should be practicing, and is in many ways paying more attention to what is indecent, impure, regarding all facets of human life.

You say you live in a time of modernization, thus allowing yourself to partake, and even enjoy what is common in nature, in practice. By common, I mean it lacks value, it lacks dignity, it lacks truth, it lacks honesty, and it lacks gratitude for the Soul you have been gifted with at the moment of conception.

All through life, a gift, when it is given to an individual with love, with concern, there is much responsibility to the gift, because of the association of two minds, two hearts, two bodies, connecting through a gift of love.

Today as I speak, I desire My Words to be fully understood, because

it is to alert all of mankind to the laxness in what is important for the Soul of every human life born, because the Soul is the recipient of all an individual does, thinks, practices, uses, and projects to others, so that others can perhaps imitate what is best for them; or sometimes it is sad to see that what was given to be seen is impurity of the mind and the body.

I know I speak differently as I speak today, but This Gift of Divine Love covers every facet of the human mind, the human body. Be aware constantly of what example you are, and be aware that all you are reflects in your Soul, and you must remember also that your Soul is That Portion of you that will be Judged by The Father at a particular time.

These Statements sometimes, that All of Us Saints make, are difficult for some to fully understand, but I assure you This Gift of This Divine Miracle, with so much Instruction, is a Gift Greater than any monetary gift human life can receive.

Remember, the Soul will remain because It is a Portion of The Creator, and that Soul represents you as an

individual human Creation of Divine Love. The Soul is a Gift beyond what any gift can be. The Soul was created by The Father to be returned to Him, a Saint. So be it.”

FEBRUARY 29, 2000 AT 1:37 P.M.

SAINT COLUMBKILLE

“I am Saint Columbkille.

Several of Us stand in this room with you today, and feel in the expression of your words and what you speak openly to each other, will be a strength in many areas in which you work together, helping to inform many other human beings on the importance of prayer and togetherness in ideals, because of the Soul that is within each of you.

Sometimes when We speak through This Gift of The Father’s Love, Each of Us Saints thank The Father and desire only for each one who writes the Words or who reads the Words, to find more understanding regarding the Importance of the Reason for which human life was designed, created, and continued for such a long time.

I ask you to remember when you pray, to not forget that one day your Soul will be with The One Who created you and all things, for it is through this Gift of His Divine Love that human life has so many assets, giving

to human life the beauty of knowledge and the importance of hope in actions, in thoughts, words and deeds.

Each day Many of Us Saints gather where This Miracle of Divine Love is, and Each of Us asks The Father if it is His Will We speak openly. It is with Divine Love that We react, because of the necessity for Things to be said to aid those yet to come This Way.

There is so little taught or instructed by knowledgeable human beings regarding the importance of Spiritual practices, understanding, beliefs. Do not forget, human life was created to give a Goal, to one day return to The Creator one's Soul.

As I leave you today, I bless you with the Love of Many of Us here with you, because as human life has a Divine Goal, do not forget We, too, walked the path of human experiences, trusted many things, many people, many ideas, oftentimes having to make choices on what We would do, what We would say, and how We would do it The Father's Way.

So Many of Us Saints enjoy speaking through This Gift of The

Father's Love, because there is no place throughout the world such Personal Association is obvious, and the credibility in What is spoken proves that We are All close and can hear you any time of any day when you pray.

The Father's Existence and Will never end, and it is through this Divine Love, though inexplicable, is evidenced in many ways, because the human mind, the human will, instinctively knows what is pure in thought, word, deed, actions, so this closeness in these ways with The Divine can assure you, as you have a Goal to life, you have the privilege of reaching It, using one day at a time. So be it."

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph. *The little one* We All use to deliver Words of Love, Hope, Concern, has in many ways been *the instrument* of The Father’s Love for a very long time.

As This Time is Important for the whole world of mankind, it is sad to find some find it difficult to believe, to understand, that so much would be put into script, instructing human beings of all ages, all creeds, all mentalities, on the importance of each day they walk in the human life, what they practice, how they think, what they do, and the impression, the example they are to all they come in contact with.

Some so-called ‘great leaders’ at this time, lead out of egotism, not because they are truly, sincerely understanding of the obligation that being in the public eye demands of them, even commands of them. So many times human nature is blinded by egotism, self-importance, and totally

committed to self-satisfaction on how they think, what they say.

The Father, in His Divine Love for this creation, human life, has instructed All of Us in the Heavens that We must take part in delivering Words understandable in all degrees of intelligence, that 'this time' in which so much is being delivered will go down in History for others to follow for a very long time.

I hold *the little one* deeply, because it is through her obedience to The Father's Will that so much is released in script, rather than just by word of mouth. The Value of This Gift of Divine Love is beyond human comprehension, because in many ways It is a Gift beyond human ability to understand, even by the most learned men and women who feel that they have the scientific knowledge to discern anything that is Spiritual in nature.

Today as I speak, it is with Deep Love for those who work, using their daily time in This Gift that bears My Name, because there has never been a Time like This in the History of human life, that so much has been

openly spoken and allowed to be put into script, Word for Word, Sentence for Sentence.

As I hold *the little one* tightly, the Power that flows through her body is a Power unknown to human life, and this Power is what allows All We speak to be delivered in a manner understandable, and in a way that allows her body to cope physically, in an Extraordinary Way, to deliver All that is given.

Throughout the world there is so much sinfulness, bigotry, and a lack of understanding or belief in The Divine. It is a rare acceptance in some of the most learned minds.

As I leave you today at this time, I beseech you to spread throughout the world All that has been delivered, because there is no human life throughout the world that does not need This Spiritual Protection. So be it.”

MARCH 2, 2000 AT 12:58 P.M.

SAINT PETER CANISIUS

“I am Saint Peter Canisius.

The little one The Father has chosen to speak in Words, with Words of Great Importance, because of the Importance of the Soul that every living human being is the custodian of, *the little one* is obliged, commanded to be obedient whenever One of Us touches her Soul, alerting her to Our Presence.

The Value of This Gift of Divine Love is more Precious than the most precious gem that man can associate with, can own, can use, for you see, This *Miracle Of The Beloved Saint Joseph* was a Gift given to mankind beyond what any human measure can design.

Today as I speak, it is of great importance that everyone who works with *this child, this gifted one*, uses every ounce of energy or mental acumen, and their desire to become ‘a Saint’.

The world has been Blessed abundantly, and This Gift of constant Instruction must never be cast aside or discounted in any way, form, manner, degree. Human life has been gifted with a Soul, a Portion of The Creator, plus all the Gifts that are important to human life, such as mentality, sight, sense of reasoning, and an innate understanding of what is pure over what is impure, what is sinful over what is The Father's Will according to The Commandments He gave a long time ago.

Perhaps I speak differently than Others Who have spoken before this time, but it is important that My Words be cast upon the waters, so that many races, many degrees of intellect, will more fully understand how close human life is to The Divine.

The little one through whom We All speak is burdened with many Responsibilities. It is sad when these are not seen as a tremendous weight, because of some individuals' lack of perception on how burdensome others can be when such a Gift as This is attacked. Sometimes the attack is very short, but most times It is attacked by indifferences on the Importance

of This Gift, because This Gift was created to touch millions upon millions upon millions of lives, thus being able to penetrate the mentalities, the physicals, the courage, and the innate realization that human life was created by a Supreme Power, not something that just happened through acquaintances or relationships of human beings.

All We speak is clearly spoken, clearly delivered. All races, all colors, all creeds, cannot deny a degree of understanding in All that has been written for a long time. We hear some plead ignorance, We hear some plead because of their arrogance, denying the Value of All that has been spoken, saying it could not be from a Saint. This is always a sadness to hear, because you see, the indepthness of What is delivered is unnatural to how humans think, but it is obvious by Its Content, Its Importance to the human lives of all human beings.

Before I leave you, I beseech you to never ignore such a Gift of Divine Love, because humanism is in desperate need of This Gift, and it is not a Gift to be cast aside, but It is a Divine Gift of Love to be used for all

that a human mind does, thinks, acts, projects.

As I leave you, I beseech you: help others to understand what a Precious Gift The Father has given to man. So be it.”

MARCH 3, 2000 AT 1:02 P.M.

MOSES

“I am Moses.

There have been many requests of late, that this *little one* through whom All of Us speak, put into script the details that The Commandments of The Beloved Creator has given to the world, to give to human life The Rules necessary for Sanctification of his or her Soul.

These Commandments are never to be ignored, and it is sad for Me to say the conciseness in which They have been put into script is an abomination to the full meaning presented for the Protection of Souls of millions, and millions, and millions, and millions, and millions of human life.

Human life has a distinction above all other living matter or things, and this distinction is seen through the mentalities, through the sensitivities, through the ability to apply to daily living, purity in actions, in thoughts, in words, in deeds, for others to recognize not just as good

example, but to be able to imitate what is correct in the Eyes of The Creator.

It is not impossible for human life to obey The Commandments given at another day, at another time. *The child* has been requested, and I add commanded, to put into script in much detail The Commandments that were given at another time, for as I received Them I did not put Them down in such a concise form, because within me it was instilled mentally, the full length, the full degree, the full purpose, the full need of each one, because of the Souls that would be affected by Them through an individual human being.

It is now as it was in My day, there are believers and there are disbelievers, but disbelievers have a weakness that conquers nothing. Disbelievers are weak in many areas, because of selfishness, self-love, and a lack of sound understanding regarding the Importance of human life, the Purpose for which it was created, the Beauty for which it was created, the Divine Love for which it was created.

Logic says to human life, The Father in creating it, had a Goal for it, and His Love for this life sent to

mankind, delivered to mankind, in script, the Way to live the human life.

I could speak hours on end, but it is important that What I have spoken thus far be cast upon the waters, and sent throughout the world to awaken men, women and children to the Precious Gift of Divine Love, the Soul. Logic should tell human life, that for such a Gift as a Portion of The Creator, only logic would be expressed in how to protect this Soul for Another Life.

As I leave you, I bless you and I say in a language you know, and in a way you cannot mistake what I mean, *'In Nomine Patris, et Filii, et Spiritus Sancti. Amen.'*"

MARCH 6, 2000 AT 1:08 P.M.

SAINT BONAVENTURE

“I am Saint Bonaventure. It is with deep Love I speak today, because What I am about to say is important for the Souls of millions of young people throughout the world. There is so much poor example being passed on to them, that they are not able to discern what an Important Thing life is, in many ways. It is time that all that is immoral cease.

I hear some who read These Words say, ‘It would be impossible to even decrease immorality throughout the world, because it is prevalent in many ways, and wears disguises by many prominent people.’ This statement is true, but I add to this: Change comes easy to human beings when they desire to make changes, so this change of attitude, actions, thoughts, speech, would be much easier to do than any individual cares to think about, or dares to think about, because it would change his or her association with other people.

We see so much indifference to what immorality does to the mind, to the physical, and of course, to the Soul, but also to the reputation of an individual, how others see them, feel about them. Men, women and children oftentimes follow what others do, only because they feel that it is natural, normal, and expected to be like others. Rarely are the consequences a matter of thought, because consequences are something people of all ages rarely attach to what they say, do, think, feel, or take part in.

The Father has given to the world a Gift of Instruction in all Degrees, for all degrees of intelligence, all degrees of Faith in a Creator, all degrees in what human life was created for, all degrees of communication with others like themselves, and of course, all ages are involved in making decisions: proper, improper, pure or impure, right or wrong.

Today as I speak, it is important that All that has been delivered thus far through This Gift of The Father's for human life, be passed throughout the world, not being overly concerned with distance, language, beliefs, intellects or different conditions,

living conditions that others are acclimated to, or climatized to.

So Many of Us have spoken in rather short Notes, so that those reading These Messages will not have to delve into volumes to find the important Facts.

As I leave you I want you to know: It is important that All that has been delivered verbally, put into script, is important for all Souls of all degrees of purity or impurities, because the Soul is in need of help, even though the Soul is not the One or Entity of Life who committed the wrongs or impurities, but the Soul is the recipient of all that an individual does in their daily life, regarding the morality or immorality, the purity or the impurities, because you see, the Soul is a Gift of Divine Love that no other living matter or thing is the custodian of.

I beseech all human life to cherish the Soul, for It is a Living Gift of Love, Hope, Life and Light to every human life created. So be it.”

MARCH 7, 2000 AT 1:20 P.M.

**SAINT PEREGRINE
SAINT GREGORY THE GREAT
SAINT PIUS**

There are Three of Them: Saint Peregrine, Saint Gregory The Great, Saint Pius.

“Human life was created for a Special Purpose according to Divine Will. The Father instilled in each human life, and still instills in each human life, a Portion of Himself, giving to human life a fuller understanding that there is a Creator, there is a Goal for life, there is a Reason for life, and that life is a Gift of Divine Love separate from all other living matter or things.

There are More than Three of Us present at this time. It is important that each day be seen as a step toward Sainthood, a step of accomplishment, a step bringing one closer to a Higher Place in Heaven. This thought never enters most human minds. It is a rarity when some thought in this direction occurs.

If there was no goal in ordinary things that a human being is involved in, life would lack interest, so The Father has given to the world something special in human life, and that is the ability to seek success, to have hope, and most times, an innate interest in doing something special, different, causing the mind to feel enthusiastic and giving strength at the same time to what human life is all about.

So many Beautiful Informative Messages have been delivered through *one small voice*, not a natural occurrence, not something common to human life, but All Things spoken are obviously from a Higher Power, and Divine Love. So Many Saints have spoken because The Father Wills mankind to know that there is a Heaven, there is a Goal to human life that no other matter or thing has the capability to arrive at.

Today as I speak, it is important that the young be taught about what life is all about, the Purpose for which it was created, and the Goal to be reached by everyone. This Statement gives hope to every age. This Statement gives strength to the mind of every age. This strength is to

give what nothing else can, and that is to use one's intellect, personality, ability, to communicate for a Purpose, for a Goal.

As I speak, I speak not in a voice through *this child* in the world, but as We implant Our Words in her being, she is instructed to deliver Them accordingly. All ages must remember the personal prayers, whether they are formal, or the thoughts of an individual, are important for Every One Here to hear.

As I leave you I bless you, for you see, This Gift of Divine Love is like a tree, for Every Message that is delivered from Where We are, it is another Branch of Divine Love, for someone or many to cling to, to learn from, to become a part of the Extension of Divine Love for the Soul that each human being is the custodian of. So be it."

MARCH 12, 2000 AT 12:45 P.M.

GOD THE FATHER

“This *little instrument* of Mine is tortured by the evils of mankind, because so many try to ignore My Will and use only their humanistic tactics, egos, determinations and goals, to disprove All I have allowed to be delivered through *one small instrument* of My Divine Love.

Mankind is standing on a precipice of Hell because of so much diabolical interference in This Gift of My Divine Love.

I have given to the world a Gift beyond what human life is capable of designing and/or accomplishing in the human mind, abilities, and/or capabilities.

I speak often through her being because I have chosen this *little one* to give to all of mankind My Divine Love, and Instructions on how to see and control their humanistic weaknesses that cater only to the enemy of Mine and man’s.

The world has been Blessed and I intend This Blessing of Mine to win over all obstacles, all interferences, and all entities of the enemy's desire to rob Souls of returning to Me."

MARCH 13, 2000 AT 1:23 P.M.

THE SACRED HEART

“I am known as ‘The Sacred Heart of Jesus’. This Name given to Me is a Name of Great Depth, Great Importance.

When one human being says to another, ‘I love you with all my heart,’ it is because the heart is connected or involved in the life of a human being, thus when you love with your heart, it stems from life that you know it to be.

Today as I speak through *one small voice*, I speak with Deep Love as The Son of The Creator of All Things. Whenever The Sacred Heart of Jesus is mentioned, it is immediately thought by those present that what they feel about this Title is personally connected to them, associating Itself with their heart, which is the Gift of life.

So many Beautiful Gifts of Divine Love are not held in the esteem They should be held, because human life has a way of belittling important Phrases, important Words, ignoring the Beauty in which These Words stress something Special, or close Association to an

important decision, or a manner of doing things.

The Father has given to the world *one small voice*, for millions of Words of Direction to be passed through *the voice*, easier for human life to handle; also, the sincerity in the Words, the meaning of the Words logically instills in those hearing Them and/or reading Them, that the meaning says from a Higher Source, and it is important to remember The Divine is constantly associated to the Souls of every human being.

Children are not being instructed on what a close Association they have with God. To many, God is a Name, but the Reality of Who God Is, is rarely explained in full measure.

Today as I speak, it is important that children of all ages begin to understand that they are subject to a Divine Creator, and that life in the human way has a Goal. That is why so Many Saints have responded to This Gift that The Father has given, allowing so Many Saints to speak in an instructing way, in a loving manner, so that men, women and children will be able to associate to Them and have

Direction, so that in daily living there will be a constant consciousness that human life was designed and created for a Goal beyond what human life has to offer in the human course of life.

As I leave you, I beseech you: let no hour through the day pass that you do not try to remember to bless yourself, or to say one short prayer, thus keeping in close contact with All The Saints, because The Father uses this measure, this means, to keep you close to Him, and also, as a constant reminder to you that you were created for a Goal. So be it.”

MARCH 14, 2000 AT 1:14 P.M.

SAINT CLARE

“I am Saint Clare. Many of Us are present wherever this *little one* is present. It is important, for This Gift of The Father’s Love that reveals to mankind of all ages the Importance of human life, and the Purpose for which it was created. It is rare to hear someone speak openly, reminding men, women and children that they were born to the Image and Likeness of The Creator.

So many times men, women and children of all ages fall into paths that destroy their mentalities, their moralities, even to the point where the physical changes in many ways, some indescribable, because though a human being appears with all that he or she was born with, the mental has a great impact on how an individual presents himself or herself. Sometimes it is in the manner of dress, sometimes in the manner of speech, sometimes in the manner of the form of discussion, the content.

The human mind is a Gift of Divine Love, because it is gifted with the ability of purity over impurity, justice over injustice, love over hate, respect over deception, vulgarity and inhuman attitudes, attributes.

Today as I speak, I speak in a manner different, probably expressive in ways rarely thought about in daily living, but it is important for men, women and children of all ages to look at human life in all that it is gifted with, and all that The Father expects from it, and of course, the Goal that each human life has the ability to reach for.

In daily living, men, women and children find competition. Many find the desire to achieve what they feel is important, or will make them happier in some particular way. Others have no desire because of circumstances, or their mentality lies dormant in any enthusiasm to be successful, to have growth in many areas of abilities to show creatively, materialistically or spiritually.

So Many Saints have spoken through This Gift of Divine Love, All encouraging human beings of all ages

to adjust their thinking, their motives, their goals, to using everything they have, they are, they do, to reach the Highest Goal of human life, and that is Heaven.

If each one taking These Notes would interview one thousand people, all ages, all cultures, and all of different creeds, you would find much distortion, much negativism, also much confusion in why human life was created.

Granted, it has been written by some who have had the opportunity to put into script the Importance of human life, its Goal, but how many individuals of all ages, when approached by decisions appealing yet not proper, ignore the importance of the Goal of purity of the mind and the body, rather than look for the interest or experience, that in many ways, could be detrimental to their whole being?

You live in a time worse than Sodom and Gomorrah, and you may ask as you read These Words, ‘Why is Sodom and Gomorrah always pointed at as such an undesirable goal, practice?’ There were many times

in the History of human life that were undesirable morally, mentally, physically, spiritually, but Sodom and Gomorrah stood out because of the vileness in it that was obvious, and the disgraces attached to human life that were practiced.

Today as I speak, I speak Words of importance to encourage all who will read These Words, and all the Other Words that have been delivered through This Gift of The Father's Love, that human life has a Goal, a Distinct Purpose above all other living matter or things, and that is to return to The Creator, the Soul.

We hear so many say, 'If I have a Soul, why can I not see It?' You do, in the very fact that human life has all the sensitivities that causes human life to know right over wrong, good over evil, love over hate, truth over untruth, decency over indecency.

The enemy works many hours every day, something that the enemy of God The Father and man has the ability to do, never stopping because of the jealousy, that one Soul, two Souls, a hundred Souls, a thousand Souls

will one day be with The Creator, to be together once again for All Eternity.

As I speak, I speak with deep Love for human life. I speak with deep concern, because throughout the world at this time, there is so much unhappiness, so much discord, morally, mentally, physically, and such a lack of understanding in not just the possibility of The Creator's Presence, but the Truth that there is a Creator of All Things that is Present every moment of every day.

I could speak hours on end, no stops in between, but I plead with you: read to the extent you are capable of, and see the Value in This Gift of Divine Love that no human being would have the ability to express, in such a personal way, the Importance of human life because it has a Soul that exists because It is a Portion of The Creator.

Do not forget, as you become attached to certain people other than in your own family, many times the Souls are what draw you together, because the Souls desire to be returned to The Creator for All Eternity. So be it."

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph. Even though it is difficult for men, women and children of all denominations of Faith to believe that I am The Holy Spirit of The Creator, it does not make their opinion or their background proof that I am not.

I say These Words with Deep Love and Compassion for human life, because as I was at one time in the human form for a period of time, I experienced so many ways, areas, that human beings experienced according to circumstances, conditions, or personal involvements.

Today as I speak, I speak as One Who walked in the human role for a Particular Reason, and that was to walk beside The Queen of Heaven. As I walked as The Protector, I also walked as The Holy Spirit. This was not known by mankind, but as She gave birth to The Son of The Creator, I stood and watched This Phenomenon.

The Gift of Divine Love in the Birth of The Son of The Creator, was a

Gift beyond human understanding or any degree of human love. This Gift, unto Itself, was beyond what human life can comprehend, because This Gift of Divine Love had many Reasons: to instruct mankind on the Importance of the birth of a child, and the Reason for each life that arrived in the world in the form of a dependent individual, with a Goal of Sainthood in time to come.

As We walked as The Holy Family, those around Us saw Us only as a family. It was important, because it was the beginning of a Great Revelation to human life. To arrive in the physical form, bear the responsibilities of the family way, had great Purpose for all time to come.

Today as I speak through *one small voice*, I speak with Great Love for This Time, because so much has been allowed to be instructed upon, also revealed, giving to those who read These Words a better understanding, a fuller understanding of how Deeply The Creator of All Things feels toward and about human life.

Human life is a Gift of Divine Love, because within it there is a Gift

of Divine Love called ‘the Soul’. The mentality of human life, the abilities of human life, and the innate understanding in the minds of human beings, gives hope to a Future Life. Whether an individual recognizes it or not, it is Fact, it is Truth.

Today as I speak, My Words must spread throughout the world, as All Other Words spoken through This Gift of Divine Love, because human beings of all degrees of Faith, of intellect, of knowledge, need to understand that to be a human being is a privilege beyond any thing, any other creation of living matter, because it is ‘the only creation of life’ that bears a Personal Gift of Divine Love, called ‘the Soul’.

It is a common expression amongst many men, women and children, saying they are ‘soul mates’, giving to their relationship, their companionship, a closeness, an understanding, and a valuable gift that they depend upon for many human reasons.

Today as I speak, it is The Father’s Will that All that has been delivered through This Gift that bears My Name, never be held behind closed doors, but to be spread in all corners

of the earth, with a willingness that radiates The Father's Love for human life, because within human life there is a Portion, a Gift, a Reminder that human life has a Goal, to return to The Father, the Soul. So be it."

SAINT IRENAEUS

“I am Saint Irenaeus.

This Gift of Divine Love in which so Many of Us have the privilege to speak Words of Direction, of Concern, of Divine Love, is constantly delivering to mankind Words The Father Decrees are important for all ages of human life to read, and to use as Guidelines for daily life.

One small voice is the deliverer of All These Words of Hope, Love, Direction, Concern, because a small voice to mankind is easier to handle, easier to understand, because the Words that flow through it are Evidence that it is a Higher Degree dictating the Words, not needing to expound. The Content is Pure in Thought, Direction, Purpose, Love, and Goal.

True, Each of Us Who speak through *one small voice*, are directed by The Father to speak in a manner understandable, bearing much Direction for the good of each one's Soul.

Human life must remember that as each day arises, and folds into association with other human beings, the physical contact, the mental contact, the verbal contact, joins human beings together, and through this connecting link of listening, of speaking, there is much to be thought about, much information to be looked at as being good, practical, enjoyable, or profitable. Now, each of these words has a particular gain to them, because oftentimes, in what mankind would call 'mere conversation', there is much to be learned, or sometimes much to be cast aside if it is not pure in its meaning.

Animals have communication, but it is far from the communication that human life is capable of. Human life has been gifted with a Goal. It is through the physical and the mental actions that human life decides which goal it desires to reach: One with Great Honor, Hope, and pleasing to The Father, or a goal that is sad for each Soul.

In daily life this is rarely thought about, and that is why This Gift of The Father's Love is so Important. It is in so many ways reiterating the importance

of purity in the mind, of the mind, in the speech, with the speech, in every action, with every action, the Dignity, the Love, and the Purpose for which human life was created above all other living matter or things.

As Each of Us Saints receives the privilege to speak through *one voice*, and request that What We speak be put into script, for hopefully millions of others to read the Words direct, and better understand the Importance of human life, the Dignity in which it was created, and of course, the Goal for the Soul that nothing else is privileged to have.

As I leave you today I bless you, and in My Words of Blessing, it is My Hope, My Wish, closely connected to The Father's Will, that each Soul that puts into script My Words, and each Soul who will be the recipient of These Words, will one day return to Heaven. So be it."

SAINT MARGARET MARY ALACOQUE

“I am Saint Margaret Mary Alacoque.

A child kneels and says a small prayer. The prayer is in request for someone to love the child more than the child feels loved.

It is important that mothers and fathers show love in how they speak, show concern, but in a loving manner, and give thanks to a child when he or she does something that is obviously approved.

It is important that the world begin to better understand, more fully comprehend the importance of childhood and its connection, its closeness to older ones.

Today as I speak, I speak with a deep Love for human life, because human life is Special in many ways. The Father created it to be able to understand that human life had an Importance in it, and that Important Part was to one day be returned to The Father, a Saint.

To speak to some about an individual's Soul is oftentimes not clearly said, because it is difficult for men, women and children to comprehend that they are the custodian of a Special Portion of The Creator of All Things. Without the Soul, man would become like all other living matter or things. There would be no understanding that the life that they were given was Special in many ways, for many reasons, and had a Goal that no other living thing was the custodian of.

It is important that all ages of human life more fully understand that they are the custodian of a Portion of The Creator, and This Portion is a Gift of unification to The Divine with the human being's mind, body, and of course, the Soul.

As I leave you, I request that you remember each day to pray that you will live that day protecting That Portion of The Father that He gave to you in a Special Way. So be it."

MARCH 20, 2000 AT 2:04 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

The Father has given to all of mankind a Message of His Divine Love, through *one small voice, one small body*, but one dedicated since a very small age to desiring to please The Father’s Will more than all other things.

Today as I speak, I speak with a deep Love for human life for I, too, walked the path, using intellect and the abilities to associate with others like myself, plus many of an older age.

The Father, in giving to mankind at ‘this time’ so many Personal Messages, using so Many of Us Saints is a happiness to Us, because of the Personal Communication He allows Us to have, to encourage those who will learn how to appreciate more readily, more fully, the Beauty of the Gift of human life.

There are so many areas that need to be changed because of so many diabolical practices, indifferences,

and dangers to the Souls of more than I can tell you in number, because every word spoken reflects not just an opinion, but oftentimes a direction that another or many pick up, act out, or use as something to follow, to practice, or use as a means to either profit or present as a necessity, thus not knowing the full measure, the full impact of what it will cause to another Soul.

As I speak These Words, I speak Them to help you understand that human life is gifted in so many ways, so many degrees, more than any other living matter or thing.

I show *the little one* a scene difficult for her to fathom, but the scene is one of brutality, unrest, based on hate, based on indifference to the harm that is being caused to an innocent human being by the crudeness, the vulgarity to another human being. Her heart beats wildly within her because of so much destruction that she sees and cannot stop.

It is sad for Me to say that religious leaders many times please only the enemy and themselves.

I show her a scene. It practically blinds her with disgust for the meanness that is occurring, based on brutality of what you would call ‘bullies’, abusing someone unmercifully. She asks Me to stop the scene. I will, but before I do, I want her to know that though This Gift of Divine Love has a tiring effect on her body and her Soul, the Words will one day help millions that do not have the privilege to meet her at this time. The Words will be effective, because the Words will give Strength where it is needed, Hope regarding The Divine, because at this time there is so little taught, instructed on the Beauty and the Love in which The Divine participates in the lives of all ages, all colors, all creeds, all degrees of intellect.

We show her a child who will one day be able to read These Words, and We foresee the child thanking Us, All Saints, for allowing a Gift of This Dimension, This Purpose to exist.

The Father, all through time, has sent help when it is needed, and most times the help lasts a long time, because where human lives are actively living, the disagreements, the dissensions, the jealousies, the

differences in beliefs in a Creator, oftentimes separate individuals, in not just what they strive for, but the actions that they use in standing up for what they believe in, how they feel, and the purpose for these things to be real.

As I leave you, I leave you a Warning: The world is saturated with diabolical measures of indecencies, impurities, and also, disgraceful practices that are totally impure in every facet. Do not forget My Words, because as you have been given the Gift of being able to put into print so much, you have been Blessed abundantly, and those who follow will not have this advantage, so please be grateful and help others to more fully understand that human life is a Gift in Divine Plan for all ages, all races, all colors, all creeds. So be it.”

MARCH 21, 2000 AT 1:34 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“My beloved children, I am Saint Joseph. Human life is faced with many issues: important, unimportant, sound, unsound, pure, evil.

An individual many times bases all decisions on how they feel at that moment, thus ignoring the responsibilities attached to their decisions, because of the Soul that resides within them from the moment of their conception to the end of their human life.

Everything a man, woman or child speaks, practices, participates in, reflects in the Soul, rarely in the conscience. The Soul is like an automatic recorder, bearing the brunt of all the decisions of an individual.

When a child is born and the child makes its first noise, sound, or reaction, there is happiness with those around, because the sense of the reality of human life triggers an emotional response, a happy response, because human life, though it does not speak out loud, shows that it is Special

in many ways, and there has to be a Great Purpose for it. The obvious is evidenced by those who surround the child, many small remarks, catering to this new birth, seeing the Supernatural in it, yet many times looking at it in a totally humanistic conception.

The Father has Blessed the world with This Magnificent Gift of Instructions, bearing My Name.

Today as I speak through *one small voice*, My Words come to you with a Deep Concerned Love for human life, and a feeling that the Importance of human life is based on your understanding of what you are all about, what responsibilities you must endure, and how many times you must reject occasions that are totally impure, unjust, incorrect, even obscene, because they will affect your Soul.

The world has been Blessed abundantly by so Many Here in the Heavens giving to human life not just Stories, but sound Facts regarding the Value of human life, the Purpose for it, and the Goal for which it was created.

As I stand in statue form in many homes, many places, it is important,

because My Presence says to all of human life I was upon the earth to protect The Heavenly Queen, and of course, The Beloved Son of The Creator of All Things. Though it is difficult for many so-called 'learned' men and women to believe that I am The Holy Spirit of The Creator, it is important that they pay homage to The Creator and to The Beloved Holy Queen, because by doing this they are using their Holy Spirit, their Soul, that is closely connected to The Divine.

As human life can compare their Soul to The Holy Spirit of The Creator, it is with Deep Love I say These Words, because as I stand Here in the Heavens, I immediately understand the Importance of what the Soul's responsibilities are, and that is why The Father has given to the world This Miracle bearing My Name, so that mankind can associate a Portion of themselves with What I Am, What I Stand For, and how closely each human life is to The Divine. So be it."

MARCH 22, 2000 AT 12:58 P.M.

SAINT MARGARET MARY ALACOQUE

“I am Saint Margaret Mary Alacoque.

For a long time this *little one* through whom We All speak has been obedient to Divine Will, because if this were not so, All that has been delivered would have been wasted, and this would have been a terrible thing to occur.

Mankind must remember that the written Word does not allow any evasiveness to Truth, but in many ways it confirms important Words, Messages, Facts, that mankind is to learn to follow because of the importance of Each One of Them.

You live in a precious Time of Divine Love. Some will question what I mean by ‘precious’, but I use it in the same manner as, that if you had a jewel that was precious because it was perfect in every way, and in this jewel there was great worth.

Every Word that is spoken through this *little one*, even when

It is not formal, there is evidence of Someone from Where I am is speaking in a casual tone, casual manner, so that the Message can be easily acceptable to their nature, to their form of life, their manner of doing things, or even their temperament, and ability to understand facts, figures.

The little one through whom We All speak, in many ways is a *channel of Hope* to all of mankind, irregardless of color, race, creed, or Spiritual understanding. The Love The Father has placed within This Gift is far beyond a human love. It is Divine in Origin and Fact. Each Message is to encourage someone to more fully understand that human life was created in the Image of The Creator, with a knowledge, a sensitivity, and the ability to fulfill obligations; also, the Gift of caring for one's fellowman.

Today is an important day for many reasons, because this *little one* through whom We All speak has been ordered to give Firm Declarations on important subjects. She knows this.

The world has been Blessed in many ways. There has been no other time in the History of human life that

so much has been openly stated, also requested to be put into print so that those who follow in the human way will be guided more personally, more directly, more clearly, on what human life must see, feel, and use to become 'a Saint'.

As I leave you, I beseech you to allow All that has been delivered and put into print, to saturate the world, even in places where many cannot read, but the Books alone, the Statements alone, in some way, some form, some means, will have an impact.

As I leave you, I bless you, for as you are the instruments of Divine Love, never forget your Soul is a Portion of The Creator, and It expects you to serve The Father well. So be it."

SAINT ROBERT BELLARMINE

“I am Saint Robert Bellarmine.

So many so-called ‘religious vocations’ are falling into the category of accepting more laxness in Spiritual vocations, Spiritual instructions, Spiritual practices, Spiritual identities, and Spiritual love.

Though it is difficult for those living at this time to understand what a tragedy it is to human life, to allow so much diabolical interference, example, to one’s moral and Spiritual understanding that immorality is against all that The Father has given in His Commandments, touching every subject of human life, I could speak hours on end on what is occurring, and at another notable time in the History of human life, known as ‘Sodom and Gomorrah’.

Morality is at a low ebb. This Statement is putting it mildly. The Commandments that The Father gave to one man a long time ago are being denied, rejected, ignored, dismissed, as not being important at this time; in

fact, They no longer exist. In so many ways, so much is taken for granted, allowing only a lax motivation to be the focal point of everything an individual is involved in, aware of.

Today as I speak, I speak with a deep sadness because Each Saint Here in the Heavens is allowed by The Father to speak through This Gift of Divine Love, in a manner, a way totally understandable to the human mind, yet not passed on to the millions of other human beings that need What is spoken through This Gift of The Father's Love.

True, when one of the Teachings, Revelations, is passed into a group of individuals, it is not often accepted for the Magnitude, because through a long period of time there has been so much laxness regarding The Commandments. True, They have been put in such a concise manner, degree, that in many ways They do not speak in a full concept of Their meaning, as They were given in the beginning of Their introduction of and to human life.

This *little one* The Father uses and permits All of Us to use, has the

Responsibility of delivering what so many others do not want to be burdened with. The freedom that mankind allows himself or herself, oftentimes chooses diabolical acceptance of practices rather than to look into the sound moral values, the sound moral standards, that are more basically suitable, practical, logical, in definition and in truth.

Human life, gifted with the freedom of a will, was meant for human life to use this 'will' protectively, and for what was best in every facet of human life, constantly conscious of what would be correct, what would be right for their whole being, this including the Soul also, the Spiritual Life that is innate in human life.

As I leave you, I beseech you to be example in everything you do, how you look, how you speak, what you say, and how you practice what is morally sound, so that others will see it and apply it to their way, because of the goodness, the logic that they see in you. You have much responsibility. Do not forget this, because human life is a Gift of Divine Love, having Purpose, Reason, and an Ultimate

Goal for the Soul given at the moment of conception. So be it.”

MARCH 24, 2000 AT 1:15 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph. This time in which you live has Great Importance to it, for it, in it. There has been no History as this one is at any other time in the so-called ‘modern’ world.

The Father has Blessed this time with This Gift of permitting so Many Saints Here in the Heavens to speak openly, yet firmly, on subjects important for the human life, for the Soul of every human life, and of course, for the Goal of human life.

So Many of Us speak hoping to reach a number of Souls, using Content of Conversation, of Direction, that would appeal to certain types of individuals, certain generations, wherein the Teaching each one received would help the individuals in understanding the importance of what Each of Us speak.

It is sad when We see areas of human life totally unaware of what human life was created for. It is important that children understand The Commandments of The Father

given through a man, not in Their concise form, but in a full description of Direction regarding every facet of the human body, the human mind.

I speak firmly today through this *little one*, because with so Many of Us speaking, it is difficult for her body to receive so much Power, so much Divine Energy, and so much Responsibility.

The world has desecrated the Important Part of human life, their Souls. The Soul of a human being is the Closeness to The Creator that no other living matter, animal or thing, is the possessor of.

As 'this time' has come about that My Name be spread throughout the world, it is important that each man, woman and child understand that the day will come and his or her Soul will stand before The Creator at a given time, and The Father will look at this Soul as the recipient of all that occurred through the one in whom the Soul was presented at the moment of conception.

All I speak will be difficult for many to understand, only because they reject the logical and use the way of man, which is a constant rejecting of

values, truths, realities, that they find difficult to handle in the human way, but as I speak to you today through This Gift of The Father's Love for human life, as He allows the Information to be delivered to you in My Name, He is presenting you with a Gift beyond what human life can possibly discern without the Instructions from Where I am.

Today as I speak, I speak in a manner, a degree beyond what human beings of all ages could possibly perceive in the human way, unless the Directions from Here were given in this way.

I bless you, and I beseech you to understand and to follow The Father's Will, because of the Soul that is a Portion of The Creator that you are responsible for, and yes, responsible to. So be it."

MARCH 27, 2000 AT 1:32 P.M.

SAINT CHRISTOPHER

“I am Saint Christopher.

In human life, human beings fear many things. In this fear, they many times use prayer, or sometimes they choose going to a medical man, trying desperately to find some kind of help, some means to relax their mind, because it causes much strain in their whole being, to fear, or to feel things are not quite right.

Today as I speak through *one small voice*, it is because of the tremendous need all human beings have to better understand that they have a Source to turn to, using prayer, using their own words, using Faith that they will be heard.

How many men, women and children find despair in so many ways, areas of daily living, and in this despair find themselves doing things that are improper or directly out of context in how a situation should be handled?

The Father has given to the world a Gift, allowing so Many Saints Here

in the Heavens to speak in a normal, understandable manner and way of describing particular things in human life that have ultimate meaning, and can give hope where there is despair or concern or fear.

Each of Us Saints is requested to speak on a different function, attitude or practice of human life. Many times, for those who take the Words down it is difficult, because the Words are so natural in content, and yet innately the individual is listening to the meaning of All that is being spoken for the benefit of those who will read These Words and find solace in Them, comfort in Them, hope in Them, strength in Them, direction in Them.

Today is an important day in every human life, because each day is facing the attitudes, the comforts, the details, the routines, the necessities of human life.

The little one The Father uses for so much to be delivered, has received for so many years, from so Many of Us Here, Words that are not ordinary to human beings, not ordinary in one's thinking, one's practice in following a daily routine.

All that has been given is to instruct millions of other human beings on the importance of how they live each day, because in each day they are faced with the reality of personal care, and perhaps the personal care of others; also, the necessities of life to be able to give life strength through food, water, cleanliness and hope.

How I have spoken is different than Most, but to some they will understand These Words in a clearly personal way.

As I leave you I bless you, those who are writing My Words, because Each of Us Saints has a particular Part to play in This Gift of The Father's Love for all of mankind.

So often it is forgotten by men, women and children to greet each day with a prayer, and to end each day with another prayer. So many things happen during one day that confusion sometimes allows the individual to omit that One close connection to The Creator, but it is important that this Connecting Link to The Divine must be learned, to use a few words of thanks for the day. So be it."

MARCH 28, 2000 AT 1:28 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

Human life is a Gift of Divine Love, bearing so many beautiful facts, factors, interests, abilities, and of course, a Goal beyond what human life can achieve during the human way of life.

It is innate in human life to reach for goals, achievements. Is it not logical then, that because of this innate feeling, urge, to reach for a Higher Goal in life would be based on an Inner Knowledge that there is a Higher Goal for life? ‘Sainthood’ is the Goal for the Soul of human life.

It is difficult to describe Sainthood in Its full Measure, full Purpose, full Degree, but Sainthood is for the Soul of every human being, based on what a human being practices in human life. No individual man, woman or child does not innately feel the necessity to do what is correct morally, because it is innate in human life to feel there is a Goal to be reached

that no one can see, feel, touch or fully understand.

Today as I speak to a small number of human beings, I speak to them with a deep sincere Love for them, because of the responsibilities they have accepted in Faith, regarding the Beauty of God's Willingness to speak at this time, and allow All Saints to speak at this time, Personally instructing human beings of all degrees of intellect, of backgrounds, to more fully understand that there is a Gift, an Achievement, a Goal Greater than any natural thing available to all ages of human life.

Mankind depends upon the natural; mankind depends upon the ability to achieve physically, monetarily, scientifically, and mentally, thus not depending upon the most necessary Achievement spiritually for the Soul.

Hundreds, even thousands of written and unwritten Revelations have been delivered through *one small voice*, because The Father, in His Love for this Creation of His, the Importance of this Creation, at 'this time' is now instructing in a visible form to the

sound of the Words from *one voice*, and then, of course, for the Words that will live on for all time, Those in script for all to read, to understand, and to see the Value for the Future in Them.

The Father blesses all who write the Words and blesses all who believe in the Words, because through His Blessing Strength comes, Hope comes. Perseverance is necessary, and in These Things there is Divine Love for the Soul of every individual who comes in contact with This Gift of Divine Love, and for all who will read the Words and understand These Words to be sound, logical, and a Personal Gift of Divine Love, never to be ignored, never to be forgotten, never to be erased from one's own conscious ability to be thankful for Them, obey Them, and seek the Kingdom of Heaven for the Soul that they were gifted with at the moment of their conception.

Though a Soul cannot be seen, It is obviously present, because the human mind speaks to the one who uses It, and It tells the one there is a Greater Purpose for human life, a Greater Goal than to just accept what is natural in daily life, what becomes normal in routine, and what one's

personality, nature, instincts tend to act out because of circumstances, relationships, and all other things that are human, surrounding one in daily life.

So many Blessings pass through This Gift of Divine Love, Blessings not seen, but innately felt because of being allowed to more fully understand what a Treasure human life is, because it has a Purpose, a Reason, a Goal.

As I leave you, I beseech you: never forget that as human life appears to end, it is the beginning of the Soul to return to The Father from Where It came. So be it.”

MARCH 29, 2000 AT 12:47 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph.

The Father is sending throughout the world an Alarm, for all of mankind to more fully understand what a Precious Gift human life is to man. Though this Alarm is not of sound, it is an Alarm placed within Words that will last for all time, Words that cannot be erased totally, Words that speak of the Importance of human life, the duties for which human life was created, the Purpose for which human life was created, and the need for human beings to understand that human life has a Soul, a Portion of The Creator within it.

Mankind ignores Truths, because in so many ways, Truth makes one think differently, think more purely, more justly. Truth gives credence to what is proper, what is valuable, what is sound, what is necessary.

Today it is important that All the Words that have been passed through This Gift of Divine Love not just be scattered throughout the world, but

be firmly placed to avoid excuses for negligence to obedience of The Commandments that were given for all time.

As I speak today, I speak firmly, because of the necessity that mankind of all natures, all degrees of intellect, all backgrounds, stand up for what is Truth and stop using a facade that in many ways ignores Truth, avoids Truth, and appeases only a sinful nature of habits.

I could speak hours without stop, but I am fully aware of the incapability human life has to put into script such important Facts. I hear some say It could be recorded. That is true, but it is in My Feeling, My Thinking, that to put It into a script by one's hand is more important, because then the individual is witness to How I spoke, When I spoke, the Importance of What I said. A tape does not always reveal the Closeness God is to man. So be it."

MARCH 30, 2000 AT 1:26 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

Mankind can easily become the victim of those with whom he or she places the most confidence. You may ask Me why I speak this way, because to the average person it sounds so demeaning to those they most likely love.

The human mind has many areas in which it can learn and it can teach, it can absorb and it can delete, it can remember personal messages, and it can remember a few words spoken in haste. It can also be the place in the human mind that has strength on many subjects pertaining to health, pertaining to what is moral, what is sound in reality, what is practical.

When The Father created human life, He used many areas of logic, with a willingness to give to human life the abilities to learn many things, and to act out many things through talents or physical abilities. The Greatest Gift human life has is an unseen Portion of Divine Light, and it is this Gift that

is a Treasure beyond what all other talents or abilities can possibly be equal to.

Today, through This Gift of The Father's Love, it is important that All that has been delivered reach every place throughout the world, even when it is not conceivable that those who It would reach could read the Words, but oftentimes the Value of Something of This Nature has within It the ability to draw attention, or a caring ability of human structure that gives to an individual an innate desire to know the Beauty of the Content, because it instinctively feels the importance of It.

As I speak today, I speak in a manner, a way, a degree, to open the minds of millions of individual men, women and children who must awaken to the Fact that human life is a Gift of Divine Love, and must always be treated as Special in its presence and in its worth, thus giving it a Goal that to some, though indiscernible, would be evident by what it stands for.

Today as I speak These Words, it is to awaken the human mind of everyone who will read Them, everyone

who will be example of Them, to help others better know that human life is a Gift beyond what a human being realizes it to be.

So much has been instructed through This Gift of The Father's Love, because within each human life there is a degree of understanding, a degree of hope, a degree of inquisitiveness, and a degree to fulfill what is beneficial in one's personal life.

I could speak hours on this Gift of Divine Love, human life. Be mindful it is the Greatest Gift in the world. No amount of wealth could equal one human life, because no one can buy a Soul. A Soul is given at the moment of conception, that no other living matter or thing can take from another, borrow, or conceive on one's own power. So be it."

SAINT ATHANASIUS

“I am Saint Athanasius.

You live in a time in which many heresies are active and being stressed as important issues. It is sad to say that such heresies are detrimental not only to the Spiritual part of life, but the physical and mental.

The world has been Blessed by This Gift of Divine Love that The Father so generously gave to the world of human life, helping all degrees of intelligence to more fully understand that life as a human being was designed in The Divine Plan.

Sometimes those who read Bible History find that the stories are interesting. This, of course, can be advantageous in many ways, according to how the individual lives, thinks, and practices morality.

At This Time, The Father has given to the world a Gift of Divine Love in a Personal instructive form, allowing human beings of all ages, cultures and degrees of intellect, to

fully understand that human life was designed in Divine Plan.

Many men, women and children throughout the world will never have the advantage of being updated on the latest Lessons from Heaven, unless the Lessons are transcribed properly into foreign languages. This, of course, is a plan that needs much help, much dedication, but I guarantee you it will save Souls from being damned.

The world, in so many ways, has addressed humanism as the normal, practical way of life. That is why This Gift of Divine Love has been given to all of mankind, reminding human beings that, as a human, they are an Important Part of Divine Plan, because of the Gift at the moment of conception that no other living matter, thing or animal is the custodian of.

Of course, I speak of the Soul, though unseen, is obviously present in some ways. Sometimes We hear an individual say, 'My conscience tells me I am choosing the wrong way,' thus not understanding what a positive role the Soul has in daily life, in every human being.

Every Saint requires time, requests time to speak through This Gift of Divine Love, allowing those who are yet upon the earth in a living form to more fully understand that life as man has a Goal, Preplanned By The Creator of All there is.

As I leave you, I beseech you to never ignore what a special role you have been chosen for, because your Soul is to return to from Where It came, thus returning to The Father, a Saint, bearing your name. So be it.”

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph.

When a human being is born, the infant is dependent on those who are in charge of it. From the moment of the birth, the little one is dependent in every area of life, thus causing human life to grow independently, yet dependent on those in charge of it.

The learning stage becomes evident in the eyes, and then in small words that are learned from those with whom they live. The wording depends upon the type of speech used in the home, characterized by different forms of backgrounds and different areas of speech, understanding.

Today as I say My Words to you in a way you understand, I am fully aware that My Words will be translated into languages so that millions of other human beings will be able to read and learn from What is spoken, because the Words will be in languages based on their background, their heritage, their abilities to determine the meaning

that the Words will display for them to understand.

So much has been delivered in a natural, understandable form, way, using Words that those who take the Words fully understand the meaning of, because the Words are being spoken in a place wherein the language has a name, 'English'.

When the Words will be translated into what man calls 'foreign languages', They must be understood, because all people throughout the world do not speak the same language.

The world has been Blessed abundantly by This Gift of The Father's Love, because before this time there was much confusion, due to the fact that people of many nationalities, backgrounds, intellects, began to gather together in different countries. The language barrier became more evident, and even those who took the time to learn the language of where they were, did not always interpret it correctly.

The time now that so much is being delivered, deliberately instructing on the Importance for which human life was created, and

the necessity for human beings of all backgrounds to fully understand that human life is a Gift in Divine Plan, Greater than any other living matter or thing, because within each human life there is a Gift of Divine Love called 'the Soul'. No one sees It, no one feels It, but there is a sense within each human being that they are being seen, heard, even when they are alone, no one else present. Many would try to doubt this Fact of life, but even a child instinctively feels a Presence when they are alone.

Throughout the world at this moment there are thousands and thousands and thousands and thousands of all ages of human life acting impurely, ignoring the importance of, that they are being watched constantly by an Inner Understanding, an Inner Feeling, a Knowledge that what they are practicing has 'a Judgment Call' at some time, somewhere, some place.

There are millions and millions and millions of Words to be spoken, instructing human beings of all ages, all degrees of intellect, all degrees of sensitivities to what is right, what is wrong, what is moral, what is immoral, what is pure, what is impure.

The Father has given to the world a Teaching for every degree of human life, every age, every personality, nature, character, intellect, background, but It is not being sent throughout the world as It has been directed to be. It is important that those who live in far places learn about This Gift.

My next Statement is difficult to say, and that is this: Much jealousy surrounds this *little instrument* through which so many Important Statements are delivered and put into quotes, making Them Special to those who read Them, putting an Importance on Them, emphasizing the fact that They should be noted, remembered, followed, practiced, and passed on to others, because of the Importance of Them, the Meaning of Them, the Purpose of Them.

Ask yourself: If you were born with no Soul, no intellect, but more animal-like in nature, culture, understanding, what would life be like? Would it not be difficult, have no real meaning? But you have not been born this way, you have been born to more fully understand that human life is Special, it has a Goal, a Purpose that nothing else has.

Right now as I speak, I am fully aware that thousands of impurities morally, physically, mentally, are taking place. The Soul is 'the victim' of each one of the individuals. What a sadness it is to see the enemy, satan, gaining so much attention when he is nothing but evil. There is no happiness where the enemy of God and man exists.

Today as I speak, I speak with Deep Concern, because so many men and many women have chosen to respect humanism, advocate it, practice it, deal in it, and make compromises to please the flesh, their egos, and their associations with other human beings.

You do live in a time worse than Sodom and Gomorrah. These Words may not be understood in the fullness They are, because it might be difficult for those who live now to fully understand what a dreadful, horrible, unrealistic, demonic time that was, using all that was impure, relishing in the practice of it, ignoring totally the Importance of why human life was created, and the Soul that each human being was the custodian of, and the Fact that The Father gave to human life a Portion of Himself to be

returned for All Eternity in a Place indescribable for human life, through their Soul, to live Forever.

As I leave you, I beseech you: distribute All that has been delivered, and do it in places even when they resist. Find another way in, because no Soul is unimportant to Our Creator.

As I leave you, I want you to understand, living the human life as man is a Gift of Divine Love, and the Soul is an Ultimate Gift of Divine Love, giving Hope to a Future to return to The Father Forever. So be it.”

APRIL 4, 2000 AT 1:14 P.M.

GOD THE FATHER

“I am your Heavenly Father.

I come to you today to express a Deep Love in All I say. I have given to the world a Gift of My Divine Love through *one voice*, allowing so much to be put into script, so It will be remembered for all time to come.

***The small voice* I use obeys My Will and Command in more ways than is known to man. As I speak each time, or use One of Those Here with Me to deliver Words from The Divine, All that is delivered is because of My Closeness to mankind.**

In the Creation of This Gift of My Divine Love, I have many times used ‘an individual body and mind’ to express My Love. The Words thus far through This Gift I speak through now, are Words of Great Importance, because the enemy of mankind works diligently to erase in their minds the Importance of the Soul that is a Portion of Me, placed at the moment of conception in each human birth.

Though it is difficult for some to fully understand My Closeness to man, it is evident in All that mankind is allowed to know and to see as Truth, versus what is immoral, impure, detrimental to the mind, the body, and of course, the Soul.

Many times those who walk for Me stand on a tightrope, because of the indifference of many human beings, or the inability to understand that through the Souls of human life, I am Always Present, Always Available, and Always Ready To Give Aid in a manner and a way allowable at particular times.

Sometimes an individual prays, knows the right answer, but then chooses to follow a path more comfortable to their manner of living, or their association with one or many others.

When I gave This Miracle of My Divine Love to the world, I gave It to instruct millions of human beings, all races, all colors, all degrees of Faith in Me, and hoping that those who could not believe in a Supreme Power, Supreme Being, would find in What would be spoken by Me or Many of

The Saints Here with Me, a strength to better understand that the will of human life is a Gift in Divine Plan.

The world in many ways is in chaos, due to the fact that many human beings rely on impurities of the mind, the body and the Soul, to favor them in what they call ‘the natural senses of human life’. This, of course, is always the enemy’s way to rob the individuals of the purity of their Souls.

Needless to say, I could speak continuously on My Love for human life, and deliver Messages of Great Importance, of Direction, of Concern, but the human mind could not handle such a constant Association with Me in an open manner, thus ignoring all the human aspects of life, the participation in family, the participation in work areas, the participation in what is needed to exist physically, morally, mentally, psychologically. That is why human life was instilled with a conscience, a free will, and a deliberate understanding that through their Soul We are connected physically.

As I leave you, I bless you and I say, ‘Whether you have put My Words into script, or you will be reading

Them one day, My Love for human life is Above and Beyond what human life can see It to be.’ As I bless you I say, ‘The Soul that you are the custodian of, is That Portion of Me that Exists within you every moment of every day.’”

APRIL 6, 2000 AT 1:22 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

Today The Father smiles and says: ‘Those who love Me, spread My Will and My Way, are Blessed abundantly. Each Soul of those who speak My Name with love, and desire to please Me above all things, causes the Soul to show in a Bright Light My Way.’

Throughout the world, millions of human beings are starving spiritually for more knowledge of all that is important for their whole being, not just for their physical, because it is innate in a human being to desire to have the Support mentally, morally, physically, that they know is evident in a Supreme Power they cannot see.

It will be a long time before the human minds of mankind will fully understand what a Precious Gift of Divine Love The Father has handed through *one voice, one small woman*, in obedience to The Father’s Will for all time. There are many men, women and children who are not being told about

the Importance of their lives because of the Soul that they are the custodian of, and have been since the moment of their conception as a human life.

There is no human being alive that can instruct in a full degree of value, of truth, of knowledge, regarding the Importance of human beings bearing a Soul, a Portion of The Creator, God, giving to this life a Connecting Link that nothing else has ever been, ever had the privilege to be the custodian of.

So much can be spoken on what a Treasure the Soul is, because the Soul oftentimes uses Its Own Power to encourage an individual to choose purity over impurity, justice over injustice, love over hate. The Soul is active in many ways, always allowing the individual the privilege of decision, because it is through this privilege that each human life will earn the Goal The Father has set for the Soul they bore in the human life.

Many times We speak in a degree of length that perhaps could be longer, but the subject matter is so important that What is spoken through This Gift of The Father's Love determines the

length of What We will speak to be written, for others to read, to absorb, and to remember.

As I leave you, I beseech you: do not hold All that has been delivered in places that no one can reach, because each human being is gifted with a different degree of curiosity, a different degree of ability to comprehend an important subject, and a different degree of hope in the Purpose for which they live. So be it.”

APRIL 6, 2000 AT 2:31 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph.

You have reached a time in which so much is to be projected throughout the world. Needless to say, it will be difficult for many to accept an Important Issue that will change how they have been instructed to think, talk about, or be a part of.

In the Time that The Son walked the earth, there were various degrees of interpretations on what a ‘Messiah’ was all about. That time can be compared to this time in which you live; this time can be compared to that time in which others lived. Basic Truths are obvious by Their very nature, context, purpose, value.

Today, throughout the world, men are of all degrees of intellect, all degrees of different Faiths in a Supreme Power, Supreme Being, differences that do not eliminate facts, but cause much distraction, disturbance, and also cause a lack of logic in their full concept.

The world has been Blessed by This Gift of Divine Love, because in It so much is spoken about, and so Many Saints have been given the privilege, given the honor to speak as Saints, helping those who are yet in the human way to more fully understand that human life was created in Divine Plan.

Children are not being instructed properly, for the most part. They are being taught more humanistic values than sound facts. Today also, men of all degrees of intellect, Spiritual understanding, differ on subjects to the point where only confusion is obvious.

Granted, at other times in the History of human life these same things occurred, but The Father has given to the whole world at 'this time', a Blessing beyond what human life understands It to be: short Lessons on the Importance of human life, and what a Valuable Gift of Divine Love it is endowed with, and that is to understand that human life is from Divine Love.

The Design for which human life is created is how The Father Decreed

it to be: the perpetuation of human life through human beings, but The Original Designer, Creator of this life, is beyond what human beings can fully understand, but must see as Divine Plan, not human understanding.

Today is a very important day in every life, because each human being has the opportunity to think, to act in a personal way, remembering that there is a Divine Creator that listens to everything an individual says or will say, or could say, or might say, hopefully in a degree of understanding that there is a Divine Creator Who listens every moment of the day.

Some of the greatest so-called 'teachers' in the world practice what they read about, what they hear about, but oftentimes ignore the most important subject of all, that human life has a Soul that is to be returned at a given time, returned to The One Who Created It, The One Who It is a Portion of, in an utterly, totally different way, degree, than human life is known to be.

It is innate in human beings to reach for success. The Greatest Success every human being can reach is to one

day return the Soul that walked with them every moment of every day, from their moment of conception until the time The Father Decreed it to end that way.

Look forward to Sainthood. It awaits all Souls. Look forward to the Degree of Blessings that you have learned firsthand, because in each Blessing, Lesson, there is Direction a hundredfold. So be it.”

APRIL 7, 2000 AT 1:20 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

Mankind gauges many important facts in life on the term ‘generations’, thus separating one type of concern, or one group of what could be termed ‘actions’.

There are so many generations obvious in one family. Children say, ‘I belong to the new generation.’ We always smile at this because the word carries so much weight even when the subject is unimportant. The word does separate one time with another time.

Today as I speak, I speak in a generation in which so much has been delivered by The Creator of All Things. It is important that This Time in the History of human life, this generation of life, be seen, looked upon, as an important generation chosen by The Father to have been given the privilege of putting into Words dictated by Many Saints, and also The Father Himself, on the Importance for which He created human life, and the Goal He has intended for it.

I speak this way to alert all generations now to be sure that at this time much will be remembered, in the remembrance of a Time when The Father, The Son, and All The Saints spoke, instructing human life on the Importance of human life, and the Purpose for which it was created.

Time moves on, time passes, but All that has been delivered through This Gift of The Father's Love is to be put into books, into script, for millions of men, women and children of all degrees of intellect, who speak all languages, to be able to return to All that has been spoken in This Gift of Divine Love. So be it."

SAINT FRANCIS OF ASSISI

“I am Saint Francis of Assisi.

In the beginning of the Time when The Son of The Father walked the earth, as He talked, as He instructed in so many ways, always taking into consideration the type of individuals, their degree of mentality, so the Words would suit them personally.

At that Time the world was Blessed similar to what it is now. The human mind, the human ability to understand what is morally sound, what is evil, what is practical, has a dimension beyond what human beings fully understand it to be.

When a child is learning on simple facts, such as how they must do things, how they must act, the process of the mind is important to each individual child. Some learn faster than others, some forget because they become distracted on other things.

At this time throughout the world, mankind feels highly educated, superior in knowledge, and definitely

feels that he or she can discern facts faster than anyone else, because of the modern attitude and time they feel they live in, having experienced certain things.

How many men, women and children of all ages use a small amount of time each night to think about what they accomplished during the day, how they handled what decisions they were exposed to; also, did morality ever enter into a decision, because if it did, did they remember it would affect their Soul on what decision they would make at that particular time?

Though The Commandments given to Moses are in such a concise format now, *the little one* through whom We All speak has been instructed to put Them into print, in a fuller degree, a manner more understandable, and better able for individuals of all ages to be better able to decide, if they were to die in a moment's notice, what condition would their Soul be in according to The Commandments of The Creator?

As I bless you, I also alert you: There is a time of Judgment and there is a time in which each Soul will be

spoken to by The Father in a Personal Way, because you see, the Soul is a Portion of The Creator and will be returned to Him at a given time, on a given day. So be it.”

APRIL 11, 2000 AT 12:55 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother. I smile as I say These Words: A *child* of years stands in your presence many, many times, always listening to Our Presence, waiting to hear if One of Us wants to dictate Words of Encouragement, Words of Hope, Words of Direction, and definitely based on Divine Love.

The whole world has been Blessed by This Gift of The Father’s Love, a Gift beyond what the human mind can fully understand, because All that is spoken is not the way mankind truly understands or thinks, because it is innate in human life to base all things on a humanistic level of understanding.

I speak with much Love today because of the Importance of human life. I speak as a mother would speak, encouraging her children to think of the future, and always remember there is a Future to human life. Logic says it will be lived in a different manner, way, under different conditions, but

nevertheless, It does Exist. It will Exist.

Today as I speak through *one small voice*, if the truth be known, if there were thousands of people present, they would all hear what I have to say because My Voice would carry, first within their minds, and then touch their hearts, and then hopefully, their way.

I bless the world today through *one small voice* because it is important that all human life understand how close each human being is to Divine Love, and each human being was created to one day return to The Father to be a Part of Divine Plan.

As I bless you at this moment, it is with My Love for your Soul that you are the custodian of every moment of every day, and as the custodian, your responsibility is greater than anything you could compare it to in the human way. It is My Love for you, those who take My Words, those who will read My Words, and those who will obey what I have requested, and that is, to remember the Soul that each human being is gifted with, will one day return in a Pure Way for All Time.

Mankind oftentimes cannot fathom what 'All Time' means, but it is more important for mankind to remember: The Father, in His Love for human life, wants each Soul that is gifted at the moment of conception, to return to Him, a Saint. So be it."

APRIL 11, 2000 AT 1:51 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother. As I speak Words through *one voice, the little one* is always aware when One of Us wants to reveal some Information, some Direction for the sake of the Souls of those present and those who will one day read the Words.

Every morning, every man, woman and child should address the day with a prayer, requesting The Father to help them remember that within them they have the responsibility to bear a Portion of Him. ‘And what is This Portion?’ they will say. We smile at this. The Soul is a Portion of The Creator and It is to be remembered as This, and that is why It cannot be seen but is obviously felt through one’s conscience, one’s understanding of sound moral values, sound moral standards, and the Purpose for which human life was created, and that is to return to The Father, Pure in every way.

If human life was not gifted with a Soul, human life would be like

all other living matter or things, but the Gifts in human life are numerous because of the Soul that each human life is responsible for, because It is a Gift of Divine Love, basically a Portion of The Father.

So many men, women and children at this time ignore the fact, the possibility, the probability, that there is more to their way of life than what they are accustomed to thinking about regarding their habits, ideas, abilities, concerns, or even their goals.

As Each of Us have been given the privilege to speak through This Gift of such Great Magnitude, it is important for those who read Our Words to know and to remember that no human being is born without a Soul. That Soul is the Connecting Link to Divine Way, Divine Being, Divine Existence, and it is That Portion of human life that was designed to be returned to Him at a given time.

There is so little being taught on this subject, so little being instructed on the Importance of human life, and the Purpose for which it was created. Logic should tell human life that as

the Story is passed down through time that The Creator of All Things placed upon the earth a Portion of Himself, as not just a Signal to all who were to come after this, but an Example of human life that He treasured, and that the Purpose for This Life was to remind all who would come after, that The Creator of All Things treasured human life to such a Magnificent Limit of Love, that He Himself gave to the world a Portion of Himself.

Millions and millions of Words could be dictated on this subject alone, but the human mind would find it too difficult, too tiring, out of reach, to be able to read All that could be given on the Importance of the Creation of human life, its Purpose, its Goal.

Throughout the world, the evil that is occurring because of the jealousies, that the evil one cannot stand the Importance of This Miracle of Divine Love. There are so many ways that I can put These Words, but it is important that human life understand that This Gift of Divine Plan, in which so Many Saints speak, not just encouraging, but putting into Words of Direction, how Important the Soul is, and that It has a Goal that no

other living matter or thing has the privilege of.

In so many ways, All of Us Who speak try to shorten Our Words; because of the Magnitude of the subject matter, it is difficult to do.

Today is a special day, because in this day, on this day, much has been spoken and put into script that will one day be read, and many Souls will be helped because of how individuals learned the Importance of That Portion they are the custodian of, that is a Portion of The Creator.

As I leave you, I beseech you: allow nothing to stop the Words dictated through This Gift, because This Gift is for all races, all colors, all creeds of human life, to be reminded that there is a Portion within them that must continue to live, and that is the Soul they were given at the moment of their conception. So be it.”

APRIL 12, 2000 AT 1:17 P.M.

SAINT BARTHOLOMEW

“I am Saint Bartholomew. Each Saint Here in the Heavens used human life in many ways, and now as We All stand together in a Unity of Love for human life, The Father directs Us to instruct, through This Gift of His Divine Love, on the Importance of human life.

To some this may sound difficult to believe, but logic should tell human beings of all ages that there is a constant need for Direction, due to the fact that through a human being’s motives, beliefs, circumstances, activities, many decisions must be made to either culminate an important decision, or finalize in a specific manner an important decision that perhaps would be beneficial to one’s mental attitude, physical health, or future intentions, future decisions.

Human life may seem complicated, but in essence it is not. It is a Tremendous Gift of Divine Love, with a mind that is able to cope with many subjects, many considerations,

many decisions. The learning process of a human being has many stages. A baby is taught to say a word, and then as the baby grows there is much more instructed to the child, so that they will be able to cope with many areas of life, and many subjects in which they will be exposed.

Human life was given a specific privilege: the will to choose what is pure over what is impure, what is right over what is wrong, what is practical over what is impractical, what is valuable over what is invaluable, and what is destructive in these considerations.

I know I speak differently in this format, but it is to awaken the minds of certain individuals, because so much is taken for granted by human beings of all mentalities, all dimensions of understanding. Human life is truly a Gift of Divine Love because it is not directed on one subject, one mode of understanding, closing out all that surrounds it.

Today as I speak, I speak with much Love for human life, for do not forget, I was once a human being.

As I leave you I bless you, for in the Blessing I request The Father to give you strength to fully understand all your responsibilities, and all the need for you to be able to choose what is pure over what is impure, in thoughts, words, deeds, actions, motives, decisions.

The world is saturated with so many different degrees of mentalities, so many different degrees of what is pure, what is impure, and so many who do not truly feel that there is a Divine Creator. This may be difficult to understand, but it is truth, because what they cannot see, cannot physically feel, they automatically say cannot be there.

As I leave you, I beseech you to accept human life as a stepping stone for the Importance of your Soul that will represent you in the Kingdom of God for All Time. So be it.”

APRIL 13, 2000 AT 1:07 P.M.

SAINT JOHN CHRYSOSTOM

“I am Saint John Chrysostom.

In This Gift of Divine Love, bearing the Name of The Beloved Saint Joseph, All of The Saints Here in the Heavens treasure Our Participation in giving Words of clarification on many subjects that human beings, men, women and children, have oftentimes in the past, not realized the full meaning, not attempted to realize the full meaning of so many important Stories, bearing sound Facts regarding the Lives of so many individuals who became Great Saints.

Sainthood is available to every human being. It is rarely spoken about in these terms, because those who claim to have learned theology and have shown an interest in spreading what they have learned, have not fully discussed the Importance of human life, its relationship to The Creator, and the Goal that awaits the Souls of every human being born as man.

Each time The Father requests One of Us to speak, it is a privilege

beyond what can be described in human words, because as Saints We understand, because We experienced the Beauty, the Purpose, the Divine Love that We lived with in each moment of every bit of human time. We call it 'human time', because you see, in the human way mankind works in time, with time, applying different degrees of time to certain actions in a daily way of life. Here in the Heavens time is consistently the same. There is no clock, and there is no special hour of any given day, because as human beings live in different parts of the world, man lives by the clock, but We are available every moment of every day.

The world has been Blessed by This Gift of Divine Love, because in It, It explains through It, It shows that human life has been gifted with a Particular Goal.

Remember this as you awaken to your next day, because in each day so much can be offered for the benefit of one's Soul, always with the Soul in mind in everything that is done, that is spoken, because it affects the lives of everyone an individual meets, lives with, works with, and of course,

those who perhaps are just looking at the situations, not knowing the individuals' names, because each human life has the privilege to be example in many ways, every day. Do not forget this.

As I leave you, I bless you in a way and a manner, hopefully to give you the strength to look at human life, to practice each day in service to The Creator because, do not forget, your Soul is the recipient of everything you do and you say. So be it."

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

You live in a time worse than Sodom and Gomorrah. When someone reads this Statement, for the most part, they cannot relate to Sodom and Gomorrah in its full content. Why? Because at the time in which you live, immorality has developed into satisfactory behavior in all age groups, in all degrees of intellect, and in all areas of financial status.

My next Statement is difficult to say, but it must be spoken about, because of the importance of it. There is very little moral example throughout the world. You do live in a time worse than Sodom and Gomorrah. The only difference is, there are many more areas in which materialism is more evident than the moral values, moral standards, moral interests, moral participations.

The word ‘morality’ is spoken about as a past concern. In other words, morality is of no importance at this time in which so much immorality

is evident in every age group, and in every area of human life.

As some individuals will read **My Words**, they will differ violently on their interpretation, and many will not see how **True the Words** are, and how important the subject matter is because logic must be evident now. I say 'moral object' because there is so much desecration in all forms: moral, physical, Spiritual, psychological; openly executed, and available in so many ways, so many places where even so-called 'moral people' are present.

The words 'You live in a time worse than Sodom and Gomorrah,' are being ignored by the so-called 'highly religious vocational areas', wherein The Commandments of The Father must be instructed in Their fullest measure. Morality must be a topic of discussion in lengthy detail, stressing the importance of the Fact that human life has a Soul, and the Soul is a Portion of The Creator, unseen but obviously present at the moment of conception until It is removed from the body at a particular time.

I ask you, 'Then where does this Soul go?' It doesn't disintegrate. It

has a Place. It is a Living Portion of The Creator, whether the human mind wants to accept this or not. If this were not Fact, if this were not Truth, if this were not logical Information, then the Time in which The Holy Family lived upon the earth could never have been passed down through time to the degree it has.

There are so many abominations, moral, physical, mental, that in their very existence please only one area, and that of course is the enemy of The Creator, the enemy of all of mankind. To mention the name would give more credence; I will not mention the name.

As I dictate These Words, I beseech all who write Them and spread Them, to keep This Message on the move throughout the world in all languages. Do not feel that you will get acceptance in every area; you won't, because the enemy that is so evil, so violent, so ugly, fights every pure act, action, thought, word, deed, movement.

It is a time much worse than Sodom and Gomorrah, and yet as you look around you, the day begins

like all the other days in time. The responsibilities are evident throughout the day, keeping individuals constantly aware of the natural facts in human life, but I warn you, My Words must reach every corner of the world, irregardless of how many will deny Them. Truth is evident in Them, and Souls must be protected by My Words, because only the written Word will have the chance to make some individuals think. I did not say 'accept', I said 'think', and hopefully in this thought of reality, things will change.

The battle that human life is faced with, not recognizing how extensive the battle is, how important the battle is, but time will be the one factor when it is used, well-used in the manner and way that The Father Wants It to be done, because of the Souls that are at stake, not one by one, but hundreds by hundreds by hundreds every day.

As I leave you, I bless you with a Love you cannot see, but hopefully I have instilled in your mentality the urgency of the battle that all of mankind is faced with daily, and it must be changed, turned, whichever word you want, but The Father's Will

must win because of the Souls that are being cast aside, forgotten about, because of so much sin.

I will dictate more on this subject, but at this moment it is important that What I have spoken not be kept where It has been written, but passed on in several ways, thus causing an awareness even to the most stubborn, most ignorant, because it is important that the Soul be remembered as that One Portion of human life that is to be returned to The Creator, a Saint. So be it.”

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

The little one The Father uses is, at this time, going through a ‘Preparation’ beyond human understanding. She will appear what man terms ‘tired’ because of the exhaustion that a ‘Preparation’ such as this causes on the physical body.

The ‘Preparation’ is an in-depth manner of instilling in her more ability to repeat All that is to be delivered for the Souls of all human beings, no matter what their degree of Faith in The Father is, or what background they come from. The tiredness *the little one* experiences is because of, and due to, the unusual Form of Power that a human life is not accustomed to.

All that has been revealed thus far must be saturated throughout the world, even when It is rejected, because there is no living human being that is not the custodian of a Portion of The Father.

The Soul is a Gift of Divine Love unlike any gift mankind of all degrees of intelligence can relate to.

The world has been Blessed indepthly by This Gift. It is important that all degrees of intellect, all backgrounds, all ages, become aware of the Importance of the Soul that each human being is the custodian of, responsible for.

My Words must spread, because Facts such as These are, act as an Anointing Gift of Divine Love that is not usual to human life.

As I leave you, I bless you because of the in-depth service that, in so many ways, helps Souls of thousands and thousands and thousands of individuals who, if it were not for the Words, would be lost in a degree unbelievable to the human mind.

As I bless you, I repeat: 'These Words must pass through an insurmountable degree of human beings.' So be it."

**SAINT PEREGRINE
SAINT STANISLAUS
SAINT TOBIAS**

There are Three of Them: Saint Peregrine, Saint Stanislaus, Saint Tobias.

“As We gather in conversation and request Our Conversation be put into script, the object of What We desire to say is to alert all ages of human life to look at why he or she was created and ask themselves, ‘Is it not logical that a creation of human life is, in many ways, totally different than all other living matter or things?’

This question, if ever, is rarely spoken, because so much is taken for granted in the human minds of millions of human beings. The human mind has the ability to accept, to remember, reject or perceive a meaning in the Words to their own liking, or to their own ability to understand what is meant.

Let us take a prayer, ‘*The Our Father*’. In every language that it

is spoken, there is a chance that a word or two is changed, sometimes in its placement in the prayer, or in its definition, not always true, but evident many times under circumstances of heritage, of understanding the meaning of words, or sometimes the background of an individual and the behavioral practice in how they were raised to believe.

Spirituality is not complicated. Spiritual growth is available, Spiritual direction can mean many things to many people. Much depends upon who the teacher is or instructor is, or the in-depth manner of what is taught, plus the human ability of the one learning being able to perceive the logic, or the innate ability to understand the intention of the prayer for how they live, how they feel, how they associate with other human beings.

Prayer in itself is not complicated, but sometimes the individual saying a prayer does not say it with an earnestness or a dignity; they just use the words without understanding Who they are talking to. Let us take, for instance, *'The Our Father'*. Everyone reading These Notes should ask himself or herself: 'Do I think of what

I am saying? Do I realize Who I am talking to? Am I sincere in what I am speaking?’

The world at this time is in great chaos, as it has been many other times in the History of human life. There are so many degrees of so-called ‘Faith in a Creator’, so many different types of understanding Who The Creator is; also, so little sincere attention to the Importance of human life in relationship to The Creator of All Things. The benefits of sincere prayer are multiple, because one can relate it to talking about a very serious situation with another individual, possibly life-threatening situation, whereas in prayer it can be termed ‘a Soul-threatening’ situation.

Though it may be difficult for many so-called ‘learned’ people of all ages to accept how so many subjects have been covered in This Beautiful Gift of The Father’s Love, called ‘*The Miracle Of Saint Joseph*’, the time has come for all of human life to be grateful for This Gift, because in so many ways It has instructed in a calm way, the Importance of human life, and the Importance of the Soul that each one is the custodian of, because

the Soul is a Portion of The Creator. The evidence of this is that the human mind has the ability to learn many things, adapt to many situations that all other forms of life are incapable of.

Needless to say, hours could be spent on this subject, but as We All leave you today, remember We are always present wherever human life is. The only difference is, you do not hear Us speak or you do not hear Us request you put into script a Lesson of Great Dimension, because of the Importance of your Soul. So be it.”

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph.

Without sound legal parameters, all actions, directions of human life would be in chaos, with no system to be ruled by, no sound regulations to hold the values of character in human beings, characteristics of how individuals had restrictions when a subject, a matter, a situation or a condition was to be considered logical, volatile, necessary or valuable.

I speak in this manner, this way, to alert the human minds of all who will read My Words to value the conditions of how one’s abilities, intentions, involvements are necessary, or can be lucrative in certain measures, ways. So many times, when one in authority gives permission for something to be accomplished, it is sad to hear negativism because it oftentimes delays success.

I am speaking very slowly through this *little one*, due to the fact that All We have placed upon her in several areas weighs in an immeasurable degree of

concern, worry, obligation. As she cries out for help from Us, We cannot always address the subject the way she pleads for it to be addressed, because of the magnitude of the subject, or the necessity of what is instructed to be done will not show evidence of its importance immediately.

Oftentimes time can be termed ‘abusive’ in its offering satisfaction, help, even hope.

As I leave you, it is important that you know the weight of Responsibilities abound in a manner, degree, way, that a human mind fears to behold.

The world has been gifted with a Precious Gift of Divine Love, wherein so much important subjects are spoken, are written, and must be heeded by those who are exposed to them.

As I leave you I will address one more subject. It is sad for Me to say that throughout the world prayer is not as prevalent as it should be. So be it.”

APRIL 20, 2000 AT 12:57 P.M.

SAINT THOMAS AQUINAS

“I am Saint Thomas Aquinas.

When The Father chooses ‘a child’ of any age to walk obedient to His Will, in a manner somewhat unlike the human mind understands obedience to be, it is never an easy path or is it a path of joy. It is always a Path of concern and deep consideration, and an obvious understanding of an in-depth Responsibility that other men, women and children cannot perceive in the form of speech.

At this time throughout the world there are many heresies, and many men, women and children ignoring them, even going so far as to adjust to them mentally, physically, spiritually.

As I speak My Words, I speak through *a very tired voice* but *an obedient voice*. Ask yourself: Will the next words you speak be words of great worth to a conversation on a subject that will mean or bring hope to others’ lives, or will it be a form of conversation, due to the fact that to be

with others calls for communication of any dimension, any subject matter?

Today as I speak, I repeat Words that have been spoken many, many times: 'You do live in a time worse than Sodom and Gomorrah.' Although you can see with your eyes and hear with your ears and remember with your mind, all human beings find it easier to concentrate on what interests them, to what appeals to them, or what they are concerned about.

The Father has given to the world Himself, and through Many, Many, Many Saints, Words that describe the Importance of human life, and how it is being handled by men, women and children of all ages, mostly ignoring that human life was gifted with a Portion of The Creator that should be protected all the hours in a day, and in every way a human acts, speaks, even prays.

We find that prayer is most times the last thought to be remembered, because of so much activity, interests, and so-called 'responsibilities'.

Today is an important day, and if all who read These Words would but remember that each day in the life of

a human being is a Gift of Divine Love, with a Goal, with a Divine Purpose in mind, to be remembered as a close union with The Divine, in all actions, all thoughts, all ideas, all ideals, and of course, never forgetting that human life has a Goal Higher, Greater and more Important than any other living matter or thing on the world.

As I leave you, I sincerely pray that in some way, somehow, All that you have read coming from Where We Are will make you stop and think before you act, stop and think before you speak, stop and think before you make a commitment, always remembering that your Soul is a recipient of everything you are, you do, you feel.

As I leave you, I want you to know, All of The Saints Here in the Heavens request to speak through This Gift of The Father's Love, because of the Importance of human life and its Goal. So be it."

APRIL 21, 2000 AT 12:53 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

At the time We were upon the earth in the human form, so many events took place that were obviously based on a humanistic version in which human interpretation, human ideas, human decisions, were of the utmost importance, whether these ideas be proper, good, moral or indecent, physically, mentally, spiritually.

The Father has given to the world at this time a Gift of His Divine Love, beyond what the human mind can fully understand as the Greatest Gift besides one’s Soul, to live with, to learn from, to follow, and to perceive as a Guideline of Hope, Greater than what the human mind could possibly decide to be.

As I speak through *one small voice*, I speak with a Deep Love for human beings, because of the Importance of human life, the Purpose for which it was created, and of course, the Goal that it was and is to reach.

Throughout the world there are so many misunderstandings of what is moral, what is pure, what is kind, what is generous, what is valuable. So much of this, when it is thought about, is based merely on a materialistic view, ignoring the Spiritual strengths that will one day be evaluated and Judged by The Holy Trinity.

There is so much immorality and desecration to the human body in every aspect of life, every denomination of belief that there is a Creator and a Divine Way in Existence, ever watchful over everything that is done, spoken, practiced, used, and becomes a part of an individual's human way.

The Father gave to the world a Gift Greater than mankind fully understands It to be, a Gift of Communication through *one small voice*, allowing so much to be put into script so there is little dependence on the memories of those present, or those who will one day hear about This.

When a human being becomes ill physically, mentally, there is much stress amidst those who care about this individual, but there is great evidence that when an individual

becomes immoral, ignoring totally the Soul that is within and is responsible for every action, thought, word, deed, move, interpretation, value, and so on and so on, in a human being, this important Fact is oftentimes passed over with very little concern for the Soul that is the recipient of all that an individual is responsible for.

All that has been delivered through This Gift of Communication must never be held back, set aside. It must be scattered throughout the world, no matter what language barrier appears to be in the way.

To say you live in a time worse than Sodom and Gomorrah does not put the full meaning into place, because at this time, throughout the world there is very little sound reasoning on the Fact, the Importance, the Reality, that there is a Divine Creator, Ever Present in every life, and that human life was created with a Portion of This Creator, to give human life intellect, moral strength, and the abilities to do numerous things, but also, there is one Factor very rarely mentioned or thought about.

The Soul, granted, is the Most Important Part of human life, but indifference to all these things is not just a sadness to see or to hear about, but it is obviously the enemy that has so many names, using the weaknesses of an individual, because of the Soul that is a Portion of The Creator that is being attacked and abused. Sometimes it is so easy for someone to say whether an act is moral or immoral, just or unjust, good or evil, but there seems to be no understanding of the consequence of what these words truly mean.

This Gift, This Miracle that is named after The Holy Spirit of The Creator of All Things, has been given the privilege to instruct at this time, to make all of human life aware of the Importance of human life, the Value of human life, the Goal for which all human life is destined to be Judged, because of the actions of the one in whom It was placed at the moment of conception.

I could go on and on, naming many subjects that are abominations to the Souls of millions of men, women and children, but today, as it was a long time ago, is a day of remembering

the horror of abuse that was placed on One Body, and if the truth be known, the abusers had no concept of why they were doing what they were doing. For the most part, it was only because someone said to do it, and even though they did not understand or agree, the vile, contemptuous act was not only ugly to see, but it is difficult to understand how any individual human being could act like a wild animal that knew nothing about sensitivity.

As I leave you, I beseech you to use everything you know for the good of your Soul, and never allow anything to tarnish It, because It is That Portion of human life that is a Portion of The Creator Who designed All things, and created human life to one day share with it, the Soul. So be it.”

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph.

When This Gift of Divine Love was first Announced, many men, women, and even children found happiness in the fact that I would be speaking at this time in their lives. As time went on, and more and more Saints became involved with Me in This Gift of The Father’s Love, much jealousy, negativism started to be encouraged, some saying, ‘It cannot be; God would not allow a thing like This in our time.’

These words were always a great sadness, to see such a Gift that was to instruct, encourage, and give Hope to all of mankind, irregardless of what religion they practiced, what Spiritual motives they had, and also the rejection of Something that would give moral strength, Spiritual strength, and Light to every day’s way of life through the Enlightenment of Truth.

Each day is important in every human life, though there are many cycles of what man calls ‘ups and

downs' in happiness, in courage, in health, in motives. Of course, this list is endless.

Today as I speak through *one small voice*, it is with Divine Love that This Miracle has been given to the whole world. Sometimes I hear someone say, 'If it is truly the Voice of Saint Joseph, it would be more booming, more loud, and much stronger.' Of course, this depends upon an individual's character and how he or she would imagine a Divine Voice to be, only relating it to human ways, means.

A Blessing of This Measure is far beyond what a human being understands a Blessing to be, because in a Blessing of This Type, This Degree, It instructs the intellect to see The Divine in a deeper, more realistic closeness to the human way; also, giving a more fuller understanding that human life was designed and given many characteristics so as to be able to relate to The Saints when The Saints were human beings.

I could speak hours on this subject, but what I have spoken is to help every individual who reads All

of the Revelations, or even One of the Revelations, to feel the closeness through one's Soul that each human being has to The Divine, and that human life, in its Goal, is to reach a Higher Form of Life.

As I bless you, I do it with Divine Love, because as I touch your forehead, it is to give you the mentality, the mind, in which hope is evident in how you think, how you feel, how you react. As I touch your breast, I remind you that there was a Great Sacrifice once made so that the Gates of Heaven would be opened for the Souls to have a Place, a Goal. As I cross your shoulders, I remind you that Spiritual Existence is a Strength to human life, beyond what a human being knows.

Do not forget, as Saint Joseph, I am The Holy Ghost, The Holy Spirit of The Creator, and each time you bless yourself, you remind Me to bless you in My Way, to give you strength, to give you hope, and to give you the courage to always remember human life has a Goal. So be it."

APRIL 26, 2000 AT 12:49 P.M.

SAINT SEBASTIAN

“I am Saint Sebastian. It is sad for Me to begin this time with you in a way that I am forced to say the Importance of human life is based on so much humanism and so little thought of why human life was created. In the manner in which it is looked upon, it is as though it is like all other living matter or things. This, of course, is wrong.

Human life has been Blessed with an intellect, with sensitivities of understanding what is pure, what is impure, what is just, what is unjust. With these assets in human life, it allows men, women and children to judge the importance of an issue, a practice, a situation, or a condition, as to whether a decision is necessary or pure in its results.

Some who read this might find the word ‘pure’ out of the context they are used to thinking, but it is important that this word be used because purity is obviously what the human mind understands to be right, just, logical,

necessary, and what would please God rather than what would not please Him on any act, on any decision.

Each of Us Saints speak in a manner and way that is dedicated to the minds, the intelligence, the sensitivities of certain individuals. It is important that through This Gift of The Father's Love, all dimensions of intelligence, all values, all in-depth understandings be reached, so that This Gift of The Father's Love, called *'The Miracle Of Saint Joseph'*, never leaves out or ignores the different types of human beings that are to be affected by All that is spoken, mentally, morally, physically, spiritually.

As I speak, it is with deep concern that those who will read the Words that The Father has directed to be put into script, will find in certain Words a personal feeling of Association with The Divine.

I could speak hours, as All of Us could, but the human minds who read the Words would find Them too lengthy. That is why so many Revelations through This Gift of The Father's Love are timed to a certain degree, so that individuals of all races, all colors, all

creeds, all denominations of Faith, will not find the length of Them too much, but the Direction in Them important to the way they must live.

No one sees their Soul, and yet logic tells many, many, many individuals that Someone is always listening, Someone is always watching, and Someone is always caring. This, of course, is evidenced openly by how an individual responds, or carries through on particular subjects or ideals.

So much can be written, and has been written through This Gift of The Father's Love, attracting all personalities, all natures, all cultures, to the Importance of the Purpose for which human life was created, and that is, that it has a Soul that cannot be seen but It is logically felt, because it is innate in human beings to know what is pure, what is impure, what is just, what is unjust, what is true, what is untrue.

As I leave you, I beseech you: never forget that human life is a Gift of Divine Love. No matter what part of the world an individual was conceived in, is conceived in, human life is a

specific Special Creation that bears within it a Portion of The Creator, called ‘the Soul’.”

APRIL 26, 2000 AT 2:30 P.M.

SAINT PATRICK

“I am Saint Patrick. I have not spoken through This Gift of The Father’s for a very long time. It is a privilege for Me on this day to speak to a small group who believe in a very strong way, on the Importance of what life was created for, and that is to one day become ‘a Saint’. Any instruction on this subject at this time is a rarity in man’s way. Humanism has in many ways wiped out the Importance of the Purpose for which human life was created, and of course, the Goal for which it was created.

It is sad for Us to see men, women and children of all ages, striving to reach physical goals, financial goals, ignoring totally the Importance of the Goal for which life was begun, and that was to one day have the Soul return to The Father, a Saint.

Though thousands and thousands and thousands of Words have been dictated through This Gift of Divine Love, We still see many men, women and children of all ages, reluctant to

understand that human life has a Goal, and yet these very same people of all ages, are ready to work to reach a goal in life, either monetary or social, or to be known as important on some phase, some factor, some interest, some idea.

I ask you, ‘Does this make logical reasoning, when the same individuals never think of Sainthood, or the Purpose for which they were created?’ Ask yourself: ‘If there was no Goal to life, how would I feel? Would not I be lost to only the physical aspects, the monetary aspects, the social aspects, which in reality would not give to my life a Future or an innate hope of continuing my life on in a manner and way of Great Purpose, Reasoning, Reality?’

It is difficult for so many to believe, to even perceive, that human life is of Great Importance, because it has a Future, it has a Goal. So many men, women and children, as they live each day, find pleasure in seeking out goals or some form of action, work, or deed that gives hope, has substance, and will be used where it is needed, when it is needed, and be helpful in many, many ways.

It is innate in human life to seek goals, and seek what We call ‘perpetuity’, that what they have done, what they enjoy doing, will not die when they die, but will be important to others.

I could speak hours on this subject, but as I leave I want you to remember: All you have done today will not be remembered in every detail, but if you use today as one step closer to becoming ‘a Saint’, that portion of the day will one day become a part of a way of life for you, that will be long remembered.

Remember, as goals are important in so many ways, human life has the Greatest Goal, and that is to one day return the Soul to The Father. So be it.”

APRIL 27, 2000 AT 1:06 P.M.

SAINT BENEDICT

“I am Saint Benedict. My time with you today is to encourage you to encourage others to have present in their homes a Crucifix in a prominent place. Some will say, ‘Why would a subject like this come up at this time, when so many of us do have one some place in the home, perhaps not in a place where it can be seen by everyone?’

Christianity has in many ways been diminished, due to the fact that humanism is so attractive, so beneficial, and has become so important, in not only a social atmosphere, but in one’s home life, one’s personal manner of living.

It is not only the young who are not practicing more emphasis on prayer at some time during the day, but many who have been instructed indepthly are ignoring how important prayer is in one’s day.

Very few people of all ages would not speak to anyone in their home, at work, or socially when they meet. It

is a natural action between human beings. It is also a natural action for one to remember that they are alive because of the Creation of human life through which a Higher Being was The Designer, and also placed within each human being a Portion of Himself, called 'the Soul'. Without this Portion of Divine Love, human life would be like all other living matter or things.

It is time to alert those with whom you associate that you are conscious of the Presence of a Creator. Some will say, 'How can I do this without looking ethereal?' The word 'ethereal' is out of place here, because to perhaps bless oneself before partaking in food, or making some small expression on different occasions, like saying, *'Thank You, God, for helping me; I needed the help,'* so many short words can help others to know that you respect The One Who gave you life, and you believe in His Presence and that you are never alone.

You cannot feel that things like this cause you to be ethereal. That word is overused; but it is important that you express what you believe in, and are not ashamed to do so. I did not say, 'Be demonstrative,' but you

can fulfill your obligation by just a few words, one small action, allowing others to know how you feel, how you stand, what you believe in.

Rarely do Any of Us speak this way so openly, but the time has come because too much humanism is being expressed, thus letting everyone feel that being a human being is the ultimate form of being, and that it is the answer to all you are, all you have, all you understand, all you desire others to know about you.

To hear someone say, when someone sneezes or coughs, '*God bless you,*' has more meaning in it than you will ever know. An open expression of concern says many things, and the very fact that you add that one word 'God' to your remark, assures the other person, or others there, of your strength in The Holy Trinity. So be it."

APRIL 28, 2000 AT 1:06 P.M.

SAINT STANISLAUS

“I am Saint Stanislaus. In This Beautiful Gift of The Father’s Love for human beings of all ages, all colors, all backgrounds, it is a privilege to be able to deliver Words of Direction, Hope, Concern and Love.

Though it is difficult for many to believe that a Miracle of This Dimension is in the world of human life today, do not allow the skepticism of so many so-called ‘learned’ men and women to cause you to reject the Magnitude, the Beauty, the Love, the Hope that a Gift of This Design is meant to do.

Human beings of all ages have an innate understanding of what is pure in thought, in words, actions. Many ignore This Gift because of an innate desire to practice their own will in a way, a form, a manner that pleases their egos, their own self-righteousness.

Today as I speak, it is for all ages. So many writings have come down through time, not all describing

the many facets of human life that are closely connected to The Divine. Some who instruct speak in a manner they decide, a manner that coincides with how they feel, what they've learned.

The Father, in His Love for human life, has at different times since the beginning of this Creation of His, given to human beings Advice, Direction, using other Saints, other human beings, because of the Importance of what human life was created for.

Never doubt that how you live, how you act, what you reflect in all you are, does not affect those with whom you live or those with whom you associate.

So many Warnings have been passed through This Gift because it is important to be aware that the Soul is a Portion you must protect. Some say, 'I cannot see my Soul nor can I feel my Soul.' This basically is not so. The Soul is evident in one's manner of thinking right over wrong, good over evil. The Soul is also active in one's conscience, one's ability to use the human means to either show purity or impurity, love over hate, decency over indecency. There are other factors that must

be looked for: pride, prejudice, that defies what is good, what is moral.

I could speak hours, but We are told to limit what We speak so it is not too much to be remembered, and also that when It is read, It can be passed on to others, giving them strength in manners, ways, areas, that they would not have if it were not for These Messages. Translation sometimes does not give the full measure of Our Words, but hopefully when They are translated, It will give Direction to help the Souls of those who will read the Words or hear Them spoken.

This Gift of The Father's is beyond what human nature understands It to be. It is a Gift of Assurance, because in What It speaks, It hopefully causes many to remember the possibilities that could occur, and be dangerous to their Soul on subjects that seem so innocent but are actually vile, contemptible, and only pleasing to the enemy of all things. So be it."

MAY 1, 2000 AT 1:01 P.M.

SAINT PEREGRINE

“I am Saint Peregrine.

It is sad to hear so many men, women, and even children, finding it difficult to believe that All of Us Saints are so close to human beings.

Throughout the world there is so much desecration mentally, physically, against what is moral, what is valuable to the Soul, what is worthwhile to the mind, the body.

As I speak to you at this moment, the violations against the flesh are so numerous the total would shock you; the number is insurmountable. There are many places at this moment, where you live and other countries, that there is no belief that the Soul is ‘a victim’ of human life, and that as each sin is committed, whether it be venial or mortal, has no responsibility to it because it is human to do the things human beings do. And yet, if someone’s hand is bleeding profusely, there is much worry, much concern, and many thoughts run through the heads of those present, desiring

for the situation to be taken care of; and yet these same individuals could be standing in the most vile, contemptible, pornographic place and ignore what would be happening to them emotionally, mentally, spiritually, physically.

Throughout the world there is very little being taught on The Commandments that were given a long time ago, and yet These should be The Rules of life for every age group. The fact perhaps that They were broken down into such a concise manner, is the permission for most individuals to not see Them in Their fullest measure, thus allowing permission of some very vile acts to be acceptable.

This Gift of The Father's, allowing so much to be put into script, allowing so Many of Us Saints to speak openly, clearly, on important issues, helping men, women and children to see that they are the custodian of a Portion of The Creator, and that it is important to have purity in their thoughts, in their will, in their actions, and in every act that others besides themselves will be exposed to.

Human life is born with responsibilities. It is important to understand that to take care of oneself is a responsibility; to take care of others, more responsibility, but not limit one's actions, deeds, to a minute situation or point of concern, but to look at every angle that is marred by one's actions, one's example. It is much easier to think purely, and it radiates in one's life to all they meet, everything they do, everything they say. It is easy to feel a difference when impurities of the mind, the body, the words, are foul, indecent, abusive, and please only the enemy of God and man.

So little attention is given to the Importance of the Presence of The Creator at all times. I ask you: 'What causes this? What eliminates a Higher Being in control, in how individuals ignore this obvious Fact, and accept, practice, promote only impurities, indecencies, immoralities to lengthy degrees?'

The Father has given to the world a Gift of His Divine Love, bearing the Name of His Holy Spirit. Now logic should be evident, that if The Beloved Saint Joseph is The Holy Spirit, then

would He not be available at all times in every act, word, deed, thought, that human beings use in their daily lives?

As I leave you, I beseech you to never ignore the Presence of The Holy Trinity, because there is no time, no area of life, that They are not present.

The reason that This Particular Gift of Divine Love, bearing the Name of The Beloved Saint Joseph, has been given to the world, is to awaken mankind of all degrees of intellect, all degrees of belief in a Divine Creator. Some might say, ‘Awaken?’ Yes, the word is ‘awaken’, because it is as though human beings have fallen into a lethargy that consists only of humanistic values, practices, understanding, moods, and of course, destined to find one day that Sainthood may be postponed until the debts are paid, God’s Way. So be it.”

SAINT PHILOMENA

“I am Saint Philomena.

Many stories are written about Many, Many, Many Saints. Oftentimes in the content many things are left out, because records were not kept of the individual’s life. Much that is revealed can be looked upon as research involving others who knew the individual.

The Importance of This Gift of The Father’s Love, What is passing through *one voice*, is coming to you directly from The Saints. A Miracle of This Dimension, This Character, is rare, because at other times in the History of human life, script was not seen as important as it is today, especially when it came to Spiritual subjects, ideas.

The world has been Blessed abundantly, and this has been said many times in This Gift of The Father’s Divine Love for human life. As Each of Us speaks, most times it is requested to be put into script, so What is spoken

cannot be forgotten or confused in Its subject matter.

When an individual receives a gift, whether the gift pleases them abundantly or not, they respond, whether it be considered politeness or sincere interest. The fact that you live at This Time when The Father has Decreed so much Information to be passed through *one voice* by so Many Saints Here in the Heavens, is a Time more Special to human life than even those present can perceive.

Children are not being instructed on the importance of purity in their speech, in their actions, in their thoughts, because so much diabolical sensitivities have destroyed the beauty of purity of the mind and the body, thus totally ignoring that all human lives have a Goal.

Many times, as We hear individuals confer on what is a sin, what is not a sin, this seems to be less important than their feelings on what is proper, or what is improper socially. Morality is not a subject defined in its full meaning, or is it spoken about as being the Foundation for Sainthood. Each Commandment of The Father's

has more meaning, more definition, more reason, than the concise manner it is put into at this time, and I add, has been for a long time.

Human beings have a way of shortening all subjects that are important. We hear many times the words, 'Just get to the point.' This, of course, allows no full definition, which can basically be detrimental to the importance of the subject matter.

Children are not being instructed on what is morally sound, pure, pleasing to The Father. Rarely do We hear one in charge of children use an in-depth definition of why something is wrong, improper, not acceptable, yet the very same person will expound endlessly on something that is unimportant, even unreasonable.

The Father has Decreed that This Gift of His Divine Love that uses *one voice*, but many to write the script of *the one voice*, that this time throughout the world human beings of all ages, all cultures, all intellects, must learn about and learn to recognize what is morally pure over what is immoral, indecent, causing harm to the Soul.

As Each of Us speak, What We say is put into a concise form, because if It were to be too lengthy, it would be difficult for some individuals to be interested in the subject matter. This Statement alone states the Sensitivity The Father has to human life. As each individual has a different degree of intellect, of interest, of hope, of understanding, of behavior, of concern, it is important that All that has been passed through This Gift of The Father's Love be constantly and consistently handed to all degrees of mentalities, and men, women and children in all stations of life.

You are a great part of The Father's Love, because as you assist Him, you are giving service to the Souls of millions of human beings who, without This Miracle of Divine Love, would be lost to the enemy of all mankind.

As I leave you, you cannot see it, but I smile, because you must understand that from Where We are, We see much more than you do, firsthand. So be it."

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph.

It is time for all of human life to know that the full story of the Crucifixion was never transcribed in the full degree, in all that came about. So much envy, jealousy, hate, indescribable in its reasoning, caused this to happen at a time when human beings could not relate to the Importance of a Divine Entity.

This Gift that bears My Name is a Gift of Great Importance to human life, all ages, all degrees of intellect, all personalities, all backgrounds.

So many times mankind is gifted with an important Gift, but they allow what is occurring around them to interfere with the importance of what they are hearing, what they are learning, to help the human way of life, more beneficial in multiple ways, that will give Strength, Purpose, and Goal to their whole way of life since the beginning.

Though the Bible is read and is written in many different interpretations, due to the fact that those who desire to help others better understand Bible History, they implant their own interpretation in many facets of it, basically feeling that they are adding more importance to how they see it, how they feel it, how they interpret it, how they understand it, and how they will others to learn from it.

Each day in the life of a human being's life adds to Bible History, because each human being born has a Soul, and this of course is definitely a Portion of Bible History, a Fact of Bible History.

As I speak today, there are millions of people throughout the world who have no thought on why they were created, the real Purpose for the creation, and of course, the Goal of their Soul.

I hear people of all denominations, all degrees of intellect, question the Fact that within them they have a Portion that identifies them in a particular order of life that has a

Future, even when the physical no longer lives.

It is true, you do live in a time worse than a well-known time in the life of human beings, and that was called 'Sodom and Gomorrah'. In most cases, there is very little concept in the minds of those who live at this time, what things were truly like in that ugly time of so much satanism traveling amidst all those who lived. The enemy of God and man was prevalent in all corners where human life was a portion of it.

It is sad to hear so many feel that a time as memorable as this time was, no one feels that there is a comparison to this time now, but that is not so, because each day proves that it is not just humanism that radiates or evolves from human lives, using every means contrary to what is moral.

This Gift that bears My Name is a Gift beyond what human life, human imagination can understand It to be. It is a Time of Warning, a time similar to the Time that The Son walked the earth. He was sent to alert everyone of the Kingdom of God, and the Importance of the Soul that each

human being is the custodian of, the possessor of, and yes, responsible for.

When a human being shares something of importance with someone else, it is always treated with great respect, love, always feeling that there is a closeness of identification. Every man, woman and child must remember that at the moment of conception, a Gift is presented to this conception, not seen, not felt, but obviously there because of the human conception. What individuals do not understand is that the privilege of conception is a Gift far beyond what a human being could do, unless The Creator of All Things did have a Hand in it.

So much has been spoken through This Gift that bears My Name. So many beloved Saints have spoken because They want others to more fully understand that human life is gifted, and it is to be treasured because it has a Goal Greater than any goal mankind can reach in the human way.

As I leave you today, I beseech you to never forget that the Treasure of being a human being is a Gift beyond what the human mind can fully understand, because the Soul

cannot be seen, but Its very Presence is always there.

There are so many men and women who deny that human life is Greater than what it appears to be, because if they accept Truth in the real Value of human life, they will have to deny sinful ways, sinful occurrences, sinful participations, and they refuse to see the ugliness in sin.

There is so much to be spoken on this subject. It is time that All that has been written on the Importance of human life, through This Gift that bears My Name, be spread throughout the world in places that are difficult to get to, but I am sure that you will find the way. So be it.”
