PREFACE

These “*Stories From Heaven*” could not have been given to the world at a more appropriate time than now. The world is in a terrible state of corruption and confusion politically, religiously and socially. Honesty, modesty, genteelness and morality seem to have been eliminated from our way of life, at least in effect if not consciously. However, God has given the world a Miracle it needs.

On July 28, 1967, *The Miracle Of Saint Joseph* was formally announced to a True Mystic. God had chosen a woman to give us the sound direction, hope and example we need. It was not the first time God had chosen a woman to accomplish His Purpose, always for a specific task in a particular time. This True Mystic for our day is Frances Marie Klug. She resided in Southern California as a wife, a mother, and a grandmother until her death on November 15, 2009.

In This *Miracle Of Saint Joseph*, Many Saints have come forth to speak through Frances Klug. These “*Stories From Heaven*” are just a few of the thousands of Revelations received through her. Very often these

Revelations were preceded by extensive Teachings which time and space did not allow us to put in print. However, some of these Teachings will be found in several of the many Volumes of *“Stories From Heaven”*.

In these Revelations The Saints refer to Frances as “the child”, “the funnel”, “the spoon”, “the instrument” and “the little one”. God made her our Spiritual Mother. For many years now, because of this fact, she has been called “Mother Frances”, or simply “Mother”. Heaven also refers to people of all ages as “children” and emphasizes time and again, This Miracle is for people of all races, all colors and all creeds.

For someone turning the pages of these *“Stories From Heaven”* for the first time, they will easily recognize the sound logic and sound direction the Messages contain. Mother Frances heard the Words with the Ears of her Soul, and would repeat Them aloud when she was told to do so.

This Teaching Miracle is a direct parallel to the time Our Lord walked the earth. He did not loudly proclaim to everyone, “I am The Son of God.” He taught in a quiet manner, simple, extensive, but always detailed

in repetitiveness, instilling in those listening what He wanted them to remember. He taught in parables, short, simple stories containing moral lessons. He knew men could more easily understand and remember the point He was trying to make this way. His “Teaching Stories” pertained to everyday living, practical matters, and how to become a Saint. He gave hope through these stories. He gave example.

Now in our time, God is once again giving us “Teaching Stories” through Saint Joseph and His instrument, Mother Frances. Through her, in a quiet, unassuming and genteel way which appears so “natural”, mankind is again being taught the Purpose of life, and what God expects man to be like in his daily living. People feel hope in these Teachings, Example always given.

Two major Revelations of significance have been given for us in our day. Our Heavenly Mother is Part of The Divine, and Saint Joseph is truly The Holy Ghost. These should not bring an immediate rejection, but should pique our curiosity and interest.

Our Faith in God is based upon many mysteries. Whether it be The Holy

Trinity, the Incarnation of God, or The Holy Eucharist, men strive to understand These, trying to grasp a small glimpse of the Beauty of the Truth They Are. These mysteries also pique our imagination and interest. However, even though we know God revealed these mysteries to mankind and we accept them in Faith, they still remain just that, mysteries.

One has only to look at these “*Stories From Heaven*” to see the value They are, and to feel the hope They instill. No man can logically deny purity of thought when it is so obvious. No man can deny purity in direction, when it is based on sound morals, sound values, sound standards. Do not be blind to truth. Skepticism is for people who are unable to see the truth of a matter or situation, and many times skepticism drowns out purity because it is full of ego and pride in one’s self. Skeptics find it an easy out to disclaim truth.

There is no doubt that it takes time for such Phenomena as This Miracle to penetrate even those minds who feel they are capable of discerning such Phenomena. We must not be governed by purely another man’s determination, but we must understand that logic, sound reasoning and purpose must be the criteria of our Faith in God.

PLEASE READ

In some early volumes of “Stories From Heaven”, many Revelations describe edifices to be built on Saint Joseph’s Hill Of Hope. As just one facet of The Miracle Of Saint Joseph, God invited men of all races, colors and creeds to participate in building a “City Of God”. Every building, chapel, bridge, shrine, garden, amphitheater, and even a hospital and a research center, to be included in this Magnificent Project, would be designed down to the most minute detail by Heaven.

This City Of God would be a place of great beauty for men throughout the world to visit, to gain true spiritual strength and to learn firsthand that which Heaven wants all men to know.

Much to the great loss of every man, woman and child in the world, this City has not been built. Innumerable obstacles were placed in the way of Its completion by those who would have benefited the most. Not enough men volunteered to return the gifts of their time and talents to God. Not enough people came forward with the money needed to participate in God’s Plan in a monetary way. Donations became less and less, because the men in the Church said, “Don’t give.” They discouraged people from participating.

For many years, Mother Frances and a handful of volunteers made every effort to overcome all opposition to men’s lack of wisdom, to build this City for God. However, we are not at a total loss. The Sound Teaching and Sound Direction given by Heaven in the many volumes of “Stories From Heaven” continued through the years, and will benefit people everywhere for many generations to come.

In the future, if the hearts and minds of men change, the world will one day see the Beautiful City Of God.

All Revelations are delivered spontaneously and continuously as witnessed by all those present at the time.

OUR HEAVENLY MOTHER

“I have many Titles, giving to human life much about What I am All About. I am your Heavenly Mother.

The Father has given to the world many, many Gifts, always to strengthen each child born, in regarding to the Purpose for the birth, and the Divine Love instilled in it at the moment of conception.

Many Saints Here in the Heavens are so pleased when The Father chooses *one individual, one Soul*, to speak Important Words dictated by Him or Many of Us Here in the Heavens with Him. Heaven to many is a mythical word, not realistic, but in Truth it is a word with Great Meaning, Great Value, and It Truly Exists.

In the Creation of human life, it had to start in a manner, a degree, far different than you understand it to be at this time, but all great things start small but have purpose, meaning, and goal. A diamond starts small and then it grows. The Soul of every human being can be compared to a diamond

that is pure, important, and has great worth.

As I speak through *one small voice*, My Words are to travel throughout the world, because at this time there is a great need for Communication from The Divine, and It must be seen not just for the Beauty It is, not just for the Divine Love that is obvious, but for all who see human life as a Great Gift of Divine Love. There is a Soul, a Portion of The Creator, that must be taken into consideration to be returned to The Creator, because of The Divine Love in which It was placed at the moment of human conception. There is no greater love than This Love. It is Pure, It has Meaning, and It has a Goal for the Soul to be returned to from Where It came, representing human life, a Creation of The Creator with many Gifts that The Creator has: the ability to think, to learn, to speak, and to love.

To many people, love is a term, many times only with the idea of liking someone more than someone else, or being interested in someone more than others. I could name a list such as this is, but it is far different than that. Divine Love is Superior in every Facet of It. It is like a diamond.

Every human being born is Important, because within them they have a Portion of The Creator. They cannot see It, but they obviously know right from wrong, good from evil, justice from injustice, hope from despair.

There are so Many Saints Here in the Heavens that love to share in This Gift that has been given to the world through *one voice*. The Beauty of This Miracle also, is that The Father has asked others to put into script What they are asked to do, because This Gift of Divine Love is for the whole world, and through script, It will pass through the whole world, hopefully like a lightning rod, to awaken people that human life has a Goal, and it was created above all other creations, because it is connected to the Soul.

Needless to say, there is no end to What can be delivered verbally through *one voice* for the whole world to begin to understand the Importance of being a human being, gifted with a Soul, a Portion of The Creator. The way The Father has designed This Gift, This Particular Gift, is for all of mankind throughout the world, to awaken them to the Importance of human life that has within it a Portion of The Divine.

Love, to mankind, is not always pure; sometimes it bears self-love, self-importance, self-righteousness, but the true meaning of what love is, is to see the Importance of human life as a Gift with a Goal.

I could speak hours on this subject. It is so important that All that has been delivered through This Gift of The Father's be translated correctly, and passed throughout the world.

As I leave you, I say to you: 'Every act you perform, every thought you have, you are accountable for. Your Soul is the One to Whom, in Whom, all you are will show.'

As I leave you, I give you a Blessing to give you the strength to carry on, because of the Importance you were created for, to remember at all costs that you are the custodian of a Portion of Divine Love, and each individual human being stands alone. So be it."

MARCH 20, 2001 AT 1:18 P.M.

“There are Many of Us Saints available all through the day and night, and We are willing to hear all you have to speak, all you would like to tell Any of Us. As there are no hours in Heaven, remember, We are always available to your wishes, requests, and love.

As Many of Us are present now, We speak with great respect for human life, and We All understand that each day is different for every man, woman and child. There are many problems, and yet along with the problems, there is courage to face the problems. Never forget, All The Saints are available to hear what you have to say. It is Part of becoming ‘a Saint’; it is Another Way to serve The Father in a loving way.

Children are not being instructed on the closeness they have to Divine Way. Humanism is natural, but the realization that there is a Divine Being, Divine Will, should be a priority in every human being’s day. Children are not being instructed on how close their

Soul is to The Father, to The Heavenly Queen, and to The Holy Spirit. So much humanism is expressed on all issues, and in so many ways.

Today Many Saints are ready and available to speak through *one voice*, one act of love, because The Father Wills so much to be instructed, so much Direction to be put into script, giving men, women and children the Message that because of their Soul, they are in close contact with Divine Will every moment of every day.

As *one voice* has been instructed to speak, millions of Souls will profit by What is spoken, because All that is delivered is to give hope, strength, and more purpose to living the human way.

When We say We are leaving you, always remember, We are only a thought and a prayer away.”

MARCH 21, 2001 AT 1:30 P.M.

SAINT BENEDICT

“I am Saint Benedict. The world has been Blessed by a Gift of Divine Love wherein so Many of Us Saints have been requested to speak openly, verbally, to have Our Words put into script to be remembered for all perpetuity.

Today as I speak, it is important that men, women and children understand they must never ignore The Commandments given to a man in full detail. The man’s name was ‘Moses’. At the time They were given, They were not in the concise form They are being learned at this time. It is important that each Commandment be stressed in the full degree They were meant to be learned, followed.

Children are not being instructed on what life was created for. Men and women are allowing too much so-called ‘playtime’ in all areas of life to be acceptable, rather than to have a time set aside for each child to better understand the Importance of their birth, and the Goal for their birth,

at another time. There is very little instruction in homes, in schools; also, there is very little example in these places, and in all other areas in which human beings gather for pleasure of many kinds.

All that has been delivered thus far is not being read, because there are some who feel the Words are not meant for them. The 'clergy', as you call them, should never be without These Books that have been so generously delivered by so Many Here in the Heavens.

We see much reading going on, but most of it is to appease the personal feelings, the mind, and other things regarding human life that in many ways, or some ways, ignore what human life was created for, and the words in these books only encourage permissiveness, promiscuity, and a laxness in morality, thus demeaning the Soul in every Portion of It, disregarding the fact that oftentimes what is read is followed, even when it is impure in meaning, and detrimental to the Soul in many ways.

We hear some say, 'I have never seen my Soul; how do I know I have It?'

The Soul is a Portion within human life that in many ways, though unseen, is evident through one's conscience, one's abilities, one's actions, one's intentions, and one's sense of logic in what is morally sound, morally pure, morally pleasing to The Creator.

Thousands of words could be written on this subject, but We find so much diabolical intervention in all lives, and the evil one acts promptly when it feels the need to direct an individual or several individuals to something more so-called 'pleasing' to their nature, personality, or their pleasure at a given time.

As I leave you, I bless you with The Father's Love, because as you take My Words down and put Them into print, hopefully They will be the Saving Factor to help Souls one day return to The Creator, Saints. So be it."

MARCH 22, 2001 AT 12:52 P.M.

SAINT STANISLAUS

“I am Saint Stanislaus.

In the Creation of human life, The Father, in His Love for human life, created a system, a method, a condition, so that all men, women and children would not look alike, and would not have the same degree of intelligence; also, within He gave to many, talents too numerous to mention at this time, but all in all, He made life interesting, so that each one born into it could use many of the Gifts He implanted in them to give to their life incentive, courage, hope, through many of the abilities they were prone to enjoy, become a part of, or to be able to pass on to others, giving to others an interest, an incentive, for the mental, the physical, and the moral strengths.

It is through these strengths that makes human life above all other living matter or things. Each human conception of human life bears within it a Portion of The Creator, unseen, and in many ways inexplicable, but It is obvious by the sensitivity that human

life has in so many areas; first of all, the ability to use the mentality above and beyond anything else created; the conscience within a human life that gives to an individual the ability to understand what is right, what is wrong, what is truth, what is untruth, what is valuable, what is not valuable, what is genteel or gentle over what is crude, mean, unkind, unjust.

All the Gifts in human life can be used daily, because there is a Great Importance to another Portion of life that has an Unending Purpose. That is the Soul. The Soul will live on, representing the one in whom It was placed at the moment of conception. The Soul is the recipient of all that an individual partakes in, causes, or becomes part of morally, mentally, physically, spiritually. This Gift of human life is superior, and in its in-depth creation, it is capable of returning a Portion of it to The Creator of it. It's called 'the Soul'.

Human beings have a way of acting out their feelings over another human being, and they say they are 'soul mates', thus meaning they are close, they understand each other in many areas. They are compatible,

and of course, many other words that make their association look special, feel special, and understand to be special. In reality, the Soul in a human life causes that life to be a Soul Mate with The Creator of All Things, with the responsibilities for the Soul that nothing else created has.

Volumes could be written on This Gift of The Father's Love, His Open Expression of How, Why He created human beings in the manner He did and does.

As I leave you, I beseech you to understand: to be a human being is a Gift of Divine Love, in Divine Plan. So be it."

MARCH 22, 2001 AT 1:55 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. Many of The Saints Here in the Heavens constantly ask The Father to help in many areas where men, women and children have forgotten that He Exists Spiritually, Physically, and in many ways, too many to count.

So much humanism has spread throughout the world, ignoring the True, Full Existence of a Divine Existence. Though it is difficult to explain The Creator of All Things, logic should tell each man, woman and child that they didn't just happen like a weed in the ground, because human life is superior to all other things. The ability to make decisions, and the ability to use the mind to learn extensively on many subjects, automatically speaks openly that the human being is different, and there is a logical reason for all this, and the logic says there is a Goal for this type of creation, because reaching a goal in the human way is innate in the human mind.

Children are not being instructed on the importance of everything they do, they say, they think, and/or they become physically.

There is a sadness Here amongst All of Us when We see so little understanding, or even thoughts on what is important in each day, what is good for the whole being, not just the physical, but the mind, the senses, and the Goal, the Future, and the preparation to accomplish many things.

Children are not being instructed on what a Precious Gift human life is. There is little initiative, little concern, little instruction that life is capable to do many things, and each individual has the opportunity to set a goal. Naturally, the Most Important Goal would be the Goal of the Soul, eventually.

Great theologians are not teaching about The Creator. There is much dwelling on their sensitivities to trying to evaluate, using their own concepts, forgetting to call on help from The One Who created All things. The sad part of this is, that there is so much dependence on the human mind,

that there is much elimination, not calling on The Divine.

As I leave you today, I beseech you to always remember: Every practical Gift in your life is important, because you are capable and able to use it beneficially in your daily ways, and to help you grow more spiritually oriented. So few individuals value what they have, what they are, what they can do.

This time has been chosen for human beings of all ages, all degrees of intellect, to look deeper into what they are all about, and to seek the Goal that awaits each one's Soul, and that is to return to God, The Creator of All Things. So be it."

MARCH 23, 2001 AT 1:00 P.M.

SAINT IRENAEUS

“I am Saint Irenaeus.

So little thought is being seen on the Importance of the Creation called ‘human being’. Scientists many times work diligently on research, using terms, terminology, ethics, and conduct on being more better able to distinguish what is practical, necessary to aid human beings, human life, separating it from, in many ways, many areas, from that of an animal. Some even try to say that what is good for a human being is good for certain animals. Animals do not have Souls. Animals do not have what human beings have, and that is the knowledge to know the difference between human life and animal life.

I say all these things, because it is necessary for human life to more fully understand the Creation of human life has a Special Plan, due to the fact that it is gifted with a Portion of The Creator at the moment of conception, called ‘the Soul’.

In the first Creations of human life, human beings did not fully understand there was much learning to be accomplished regarding the nature of man, and that it eventually was to have different traits, abilities, and goals.

Today, throughout the world, with All that has been instructed on the Importance of human life, there is a lack of respect for This Gift The Father gave a long time ago.

So many times men, women and children ignore the privilege of human life and behave animalistic in nature, in will, and how they express what they feel emotionally and other ways.

At the time This Gift of The Father's Love, through The Beloved Saint Joseph, was presented to the world, It had a Great Purpose, Goal, because It was to enlighten the whole world of human life about the Importance of human life, plus the fact that human life was the custodian of a Soul, a Portion of The Creator, thus making human life see the value of dignity, and more understanding of the necessity to use human life with dignity, thanksgiving for it being

gifted with the Ultimate Purpose for a Goal.

So Many Saints Here in the Heavens desire to speak more on this subject in an in-depth manner, helping men, women and children to recognize that the Purpose for their existence has a Goal: the Soul is to be returned to The Creator, because It is a Portion of The Creator. In some ways It could be called, for the privilege of being human, there is a debt to be paid for the Goal to be reached as The Father Wills It to be, because in the Creation of human life, it was immediately recognized that human life was different. Even in the first Creations when mankind did not have knowledge, there were innate sensitivities that spoke openly to the individuals that they were different than any other living matter or thing.

As this Message is different that I speak today, it is to enlighten men, women and children to the privilege of what human life is to them, and they are gifted with a Portion of The Creator that nothing else has. Hopefully, All I have spoken will be seen for the Worth and the Divine Love that is expressed in Every Word, because you do live in a

time worse than all the immoral times in the History of human life. What is not seen on the surface is practiced in a hidden form, manner, way, dismissing the Importance of human life and the Goal for which it was created.

Needless to say, I have only touched on this subject. Perhaps The Father will Will it to be spoken more extensively on another day. So be it.”

MARCH 25, 2001 AT 12:15 P.M.

GOD THE FATHER

“The world has been Blessed because of My Will. I want all human life to more fully understand the Importance of a Blessing in the way of man. No other entity of life has the Gift I place in man, a Portion of Myself, so that human life would understand the Importance of human life and the Goal for which I created it in My Divine Plan.

Though it is difficult for human life to understand, such a position does not make Me change My Will, for all human life I created with a Portion of Me instilled. I want It back as Pure as I gave It. Please help Me to fulfill My Divine Plan, because of My Love of That Portion of human life that is Mine, that is called ‘a Soul’.

Today as I speak, I know I am being heard by those who love Me. I beseech you to spread My Love for this Creation of Mine I have Blessed and become a Part of, called ‘man’.”

MARCH 26, 2001 AT 1:04 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother. I have many Titles, and each one pleases Me in so many ways.

A mother’s love for a child or children, is a love that is many times inconceivable to fully understand because of a mother’s concern, interest, and I must add pride, in what a child accomplishes or is capable of doing to further his or her experience in life, especially when it is something good and favorable to The Father.

All The Saints Here in the Heavens are aware every day of everything that occurs throughout the world. The reason for this is because there is no human being that does not have a Soul, and as this Soul is a Portion of The Creator, The Beloved Father, the Soul is Important and must be returned to Him in a Pure State at a given time.

So few men, women and children throughout the world fully comprehend that they are never alone, because within them they have a Portion of The

Creator, whether they realize it or not. It is this Gift of Divine Love that gives one the strength to go on under many obstacles, because of many obstacles, and always gives hope when things appear hopeless.

Children are not being instructed on the Importance of their life. There are so many distractions, and so many things that replace what a child should know, should learn about, and be cognizant of.

There is a great sadness when We see anyone of any age ignore The Commandments in Their fullest degree. There is very little proper instruction on These Rules. Everything has been made so concise, ignoring the full meaning for which each Commandment was designed: to give aid, help, to the Soul of every age of human life.

Men, women and children want happiness. This is innate in the human mind, but to have true happiness, all actions, thoughts, words and deeds, must be based on purity, honesty, justice, and of course, all that The Commandments contain.

As I leave you, I beseech you: begin each day remembering that your

Goal is Sainthood, and that this Goal is possible, because everything your will causes you to partake in, your Soul depends upon to be pure in every dimension of it.

My Words are a Mother's Love, because there is so much sadness when a Soul becomes tortured by the one in whom It was placed, when that individual does all things contrary, never thinking of the damage that is being caused to That Portion of The Creator that each human being is the custodian of.

As I leave you I want you to remember: As each day has a beginning, your love, your desire, your will has a beginning, to renew what you feel, to reject all that is impure, and to desire only to have Sainthood as your Goal for All Eternity. So be it."

MARCH 27, 2001 AT 12:54 P.M.

SAINT THERESE OF LISIEUX

“I am Saint Therese of Lisieux. I had the privilege to be present at the Introduction of This Beautiful Gift of The Father’s Love for human life. It is a Blessing beyond what any human mind can comprehend or discern a Gift to be. Through This Blessing, many Souls have become happier, because those in whom They were placed at the moment of conception find more reason to believing in all that is necessary to become ‘a Saint’.

We All speak through this *one small voice*. The Father, in His Love for human life, has given to the world a Blessing that, in other times, would have taken many, many living human beings to fulfill His Will for the Souls that, at this time, are being helped because of *one voice* that they can hear; but the script is voluminous, and they have a choice to be able to see in terms they understand, because script to many is tangible, understandable, and gives a permanent feeling of closeness when It is read.

The small voice The Father uses is indescribable, because *the voice* is a projection of What *the little one* does not hear spoken in the same tone as she repeats the Words so clear.

You live in a time wherein the Soul of human life is many times ignored, as if It were not present. At the moment of conception of every living human being, the Soul is immediately present, because it is through the Soul that the individual is able, more capable to see the purpose of so much more that occurs, than they would without the Soul being present; also, the ability to better understand that there has to be a Creator Greater than man.

We hold *the little one* tightly because of the exhaustion in the body. Though Our Words sound easy when she speaks Them, Our Presence takes a great toll on her physical, her mental.

Today there are so many men, women and children defying what is morally sound, morally pure, only making excuses for what they do, saying it is natural for them because they are human.

At this moment We show her a vision. There is no purity in the vision. There is all foulness, devastating to even the human mind, so imagine what it is to the Souls of all who are acting so demonically.

We will close this for now. It is too difficult for her to handle, but We beseech you to be aware of the Soul you are the custodian of, responsible for, and that That Portion of you will be Judged by The One you call 'Lord'. So be it."

MARCH 28, 2001 AT 12:54 P.M.

SAINT ROBERT BELLARMINE

“I have returned. I am Saint Robert Bellarmine.

As I speak today, it is sad for Me to say there is so little sound understanding on the Values, the Importance of human life, and the Goal that it is created for. There is no place throughout the world that the Importance of human life is being discussed in a full, true manner of reality, except Where We All speak through This Gift of The Beloved Holy One, The Beloved Holy Spirit of The Creator, Who walked the earth as man, as The Protector for The Heavenly Queen, and The Son that was to be born, giving to human life Importance, more than anyone ever truly sees the Reasoning behind this Treasure of a Gift that was shown openly.

Children are not being instructed on what they must practice in the way of speech, attitude, practice, so that others will more fully understand the dignity of human life, but that it is a Gift of Divine Love from God to man.

Children are not being instructed in a manner and way, helping them to grow morally because of the Soul they are the custodian of, and that will remain for All Time, All Eternity, representing them with their name.

It is sad for All of Us Here in the Heavens to see so little being instructed on the need for human life to more fully understand The Commandments that were given to man, through a man; each Commandment for the benefit of the Souls that were to come forever after Them.

I speak differently perhaps, but Everything The Father directs, permits, allows to be given through This Gift of His Divine Love, has an Importance in It, to It, for It, with It, that nothing from the minds of man could compete with, or could be as clearly stated as.

Each day every human being should remember they are the custodians, the protectors of a Portion of God Himself, called 'the Soul'. Some say: 'I cannot see It. How do I know I have It?' I say to this question: 'You have a brain. Do you see it every day, every moment, with everything you

say? You have a voice box. Do you see it, do you feel it, are you aware of its presence every moment of every day?’

The truth is not always available to see, but it is important that logic gives support where it is needed, where it is practical, where it is valuable, and where it gives strength to the meaning of all that an individual thinks, does, practices, or gives others the courage to follow and to see the importance of it, the truth as a stable force of how one thinks.

Before I leave you at this time, be assured that as you live in the human way, your Soul is ever present, and your Soul is responsible for everything you do and you say, because your Soul is the recipient of what you are in the human way.

As I leave you, My prayer is: Obey The Father’s Commandments in Their fullest way, and remember that a Portion within you is What will be returned to The Father at a given time, in a given way. It is important that you remember These Words, because as it is human to reach goals, All of the Heavens, All in the Heavens are awaiting for your Souls. So be it.”

MARCH 29, 2001 AT 12:55 P.M.

SAINT IGNATIUS LOYOLA

“I am Saint Ignatius Loyola.

In so many ways, all the advancements that mankind is proud of, are being seen as something above what man is used to, but in reality, advancement means many, many things. The human mind has been given the ability to advance in what mankind calls ‘progressive ways’, thus making a point of machinery, science, and other such talents that have grown since the early days.

Oftentimes the word ‘advancement’ eliminates what is spiritually valuable, because men, women and children look to what was written in the earlier days regarding the Importance of a Soul, that It was spoken about as being a Portion of human life given at the moment of conception.

If you were to ask one hundred people of all degrees of intellect what condition they felt their Soul was in, some would laugh at you, some would ignore you, and some would give a

casual remark, basically diminishing the importance of the question. Even some very learned people would not answer this question in a dignified manner, way.

I ask you, 'Is this progress?' How can it be, because in logic it would tell every human being that, as in the human life there is much hope for progress, for advancement, there would also be a Goal to be achieved; thus, why would 'death' be such a frightening word, when logic would tell an individual, the Soul, as a Portion of each human being, would be the recipient of all that a human being accomplished in life?

Volumes could be written on this subject, but a lot of individuals do not like to think of it. It is time that more lessons be instructed, alerting men, women and children that life has a Purpose, a Goal beyond what human life can give. The Goal, of course, is within the life, and It is called 'a Soul'.

If you were to walk up to one hundred individuals and ask them if they truly believed they were the custodian of a Soul, a Portion of

The Creator, can you imagine what they would think of you? and yet this question has great worth, and definitely has soundness, because if human life did not have a Soul, there would be no Goal.

As I leave you today, I beseech you to work for the good of your Soul, and to have respect for others' Souls, because the Soul, as a Portion of The Creator, is That Portion of you that will remain long after your physical no longer exists in its primary goal, role, way. So be it."

MARCH 30, 2001 AT 12:35 P.M.

“Even though We most times only announce One Name regarding Our Presence during This Gift of The Father’s Love, most times there are Many more present at any given Revelation through This Miracle of Divine Love. One is chosen to speak the Words, but unknown to those who take It in script, oftentimes One of Us or Another will speak a few Words, or even many.

The time has come for human beings of all ages to more fully understand what a Priceless Gift human life is to man. Children are not being instructed in a proper way regarding why they were created, or the Importance of Creation, or the Plan The Father has for it, that lies ahead.

The first prayer a child learns is to help the child be conscious of The Divine, but then oftentimes very little is spoken about the value of learning more of what life has been created for, until the one in charge

of the child or children, presume it is time for the child to be able to consciously understand the Full and True Existence of Sainthood and Its meaning to man.

So much has been instructed through This Specific Special Gift, wherein so Many Saints have been given the privilege to speak, alerting those who will read the Words that human life was created to become 'a Saint'. Without a Miracle of This Measure, This Design, there would be little full understanding of human life in regards to The Divine.

Children at a very small age are taught to be good, to be kind; that if they are not, it is wrong and it displeases everyone with whom they are, and of course, sometimes even God is mentioned here.

It is sad when We see so little understanding of what This Gift, at this time, is giving to mankind of all ages, all degrees of intellect, all backgrounds, because the simplicity in the Words prove a point, and this point is that the naturalness in human life can understand What is being said, and that It is good for the person's

personality, nature, attitude, and willingness to see that there has to be a Goal for human life, because of All that is being revealed.

Ask yourself: When you awaken in the morning, do you ask the day to help you become ‘a Saint’? Do you say a prayer asking for help in every way, or are you so preoccupied with what you are accustomed to doing, that this thought would be far away?

Children are not being encouraged to say:

‘Good morning, God, I love You. Thank You for the day. Help me to live it Your Way.’

Many adults would not think of saying these words, because they are too preoccupied with either the task that they will face, or they are too busy in so many ways, to think of saying to The Creator:

‘Good morning, I love You. Please bless my day.’

All of Us Saints Here in the Heavens lived a human way, and that is why The Father has given to the

world a Miracle for men, women and children to understand they are the custodian of a Portion of The Creator, and are born with the responsibility to return That Portion at a given day. All that has been delivered is to give Hope, Strength, and emphasize the Purpose for which human life has been, and is being created. Be thankful for It, because It offers to every human being a Gift Greater than anything on earth could give, and that is to return to The Creator, a Saint. So be it.”

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

There are Several Saints present Here with Me today, All desiring for human beings of all ages, all intellects, to more fully understand there are so many facets to human life, helping men, women and children to more fully comprehend the distinction between one thing against other things similar in view, design.

As identification is important to all areas of human life, this should automatically reveal what is practical, what is impractical, what is pure, what is impure, what is just, what is unjust. Also, that as it is innate in human life to strive for goals, would not The Father have created a Purpose for human life, giving to each one born this way the incentive, the ability to strive to reach the Highest Goal, thus after the human life ends, It being a Soul, a Portion of The Creator that they were born to live with, and this Soul, as a Portion from the moment of conception, logically bearing a Great

Purpose and Goal, representing the one in whom It was placed at a given time, a given place?

It is so sad when We hear men, women and children identify only with material things, or their association with other human beings, thus ignoring that all that they do, they think, they become part of, becomes part of a Portion of them, called 'the Soul'. What is the Soul? The Soul is a Portion of The Creator instilled into human life, giving to human life a Divine Love that nothing else is conceived with.

All that surrounds human life has a purpose, but each individual man, woman, child, male, female, instinctively understands that human life is different than all other things, and they identify to it having a Goal, but it is sad for Me to say so few understand that to reach the Goal for which human life was created, there must be strength morally, physically, spiritually, socially, because the enemy of God and man, through jealousy, hate, and many other words such as these, constantly tries to win over the Souls of those who will appease what is

wrong, what is unjust, what is impure, morally, physically, spiritually.

Needless to say, volumes of books could be written on this subject alone. There are so many facets to human life that have great purpose.

Today as I speak, I speak with deep concern for all that is impure, unjust, going on throughout the world through human beings, by human beings who are ignoring why they were born, and the Precious Gift of Divine Love that is within them, that will one day stand before The One Who created It, for Judgment.

Needless to say, over a million volumes of Words could be spoken on this subject, but human beings could not handle a million volumes. That is why This Gift of The Father's Love that is now present in the world, is a Great Gift of Divine Love that should be read, heard, and yes, seen for Its Worth.

Today as I speak, I speak with hope, because without hope there seems to be no goal. As This Gift of Divine Love was handed to the world through *one voice*, It was also requested to be put into script so It could travel

throughout the world in a way, in a measure, in a degree, that the enemy of all there is could not stop It.

As I leave you, I beseech you, as you write These Words, you bear a responsibility to see that They do not stay where you are, but They travel to many, many places throughout the world. So be it.”

SAINT JOHN OF THE CROSS

“I am Saint John of The Cross. There is always Someone present where this *little one* is.

Human life has been gifted in many ways, for many reasons, but the Ultimate Gift and Reason was that human life had a Soul, has a Soul, and this Soul is a Portion of The Creator that no one ever sees, or do they feel It within them like they feel a portion of an organ within their body.

The Soul, as It is within a human body, is still a Portion of The Creator, giving to It the Purpose for human life, to aid the human body to one day return to from Where It came. It is difficult for some to understand such a Close Connection God is to man, but nevertheless, it is Truth, it is Fact.

There is no other creation that is gifted with a Soul that The Father, in His Love for human life, wants back. Without a Soul, human life would be like all other living matter or thing, no purpose, no goal; but The Father, in His Love for this Creation, gave it

a Portion of Himself, to assure this Creation of a Future Life through the Soul at another time, at a given time, a time in which the Soul, in representing the one in whom It was placed, would be recognized for all that the individual did, said, practiced, accomplished.

It is difficult for some to understand the Tremendous Purpose of Divine Love in the Creation of man, but nevertheless, it is logic in its full essence of the Purpose, because without the Soul, there would be no reason for human life to understand the purpose for purity of the mind and the body, because there would be no conscious evidence that there was a Connecting Link, called 'the Soul'.

There are so many habits that men, women and children have because of the Soul that in many ways guides, corrects, imparts and protects, without It being seen this way. Sometimes an individual wonders why certain things happened, how they happened, because it seemed like such a perfect or good thing to occur.

Another Great Gift The Father instilled is called 'a conscience', because through the conscience an

individual is more apt to realize what is morally sound, morally good, over what is only pleasing to the enemy of God and man.

We could speak hours on this subject. It is important that All that has been delivered thus far should be traveling throughout the world, whether It is accepted or not, because the Souls of millions of people of all ages want all of human life to know that Souls exist, because They are a Portion of God, and that it is through human life that They will return to from Where They came, now with another Title, called 'Saint'. So be it."

APRIL 3, 2001 AT 12:43 P.M.

SAINT ELIZABETH

“I am Saint Elizabeth. What I am about to say is of great importance for all of human life throughout the world. First, respect for human life has diminished to such a degree, that amongst human beings there is very little respect for each other mentally, morally, or perhaps I should have said morally first, and then mentally.

Why it is so difficult for any age group to not have so much disrespect for human life is an abomination to the Souls of those who are involved, and those who are affected by all that is occurring. There is so little respect, sincerity, honesty, thus causing much confusion in meaning of speech, actions, and other areas of life, thus demeaning to the physical life, insulting the Soul or Souls of those who become the victims.

Another Statement on this would be: Those who mistreat others mentally, morally, psychologically, physically, is a sadness to Us, because logic says there is a right and there

is a wrong, there is a decency to be practiced in life; so why practice indecency when it is so harmful to all parts of human life, but especially to the Soul?

When adults talk to children, do they respect the child or children by being good example in actions, in words, in directions? Throughout the world there is a great sadness, because so little respect is given in all areas, all backgrounds, all ages.

I will make My Words close sooner than I desire Them to be, because in having to give a Message such as I have just given, is a sadness in many ways.

I hear some say as they read These Words, ‘How can a Saint be sad?’ All Saints have times such as this when They see so much abuse physically, mentally, morally, ignoring the Purpose for which human life was created, and that in human life there is a Gift of Divine Love Greater than any gift human life can perceive It to be. The Soul is ‘the victim’.

This is a sadness to The Holy Trinity. All of Us Saints Here in the Heavens request to partake in This Gift of The Father’s Love that bears

the Name of The Beloved Holy One, called 'Saint Joseph', because The Holy Spirit of The Creator cannot bear to see such disgrace to the Souls of such a gifted Gift of life that being a human is.

Before I leave, I beseech you who put These Words in script: pray that those who will read These Words will find in Them a change within themselves, to better understand that human life was created different than any other living matter or thing, and for a Goal for the Soul to be returned to The Father in a State of Purity as It was given in the beginning, because the Soul is a Portion of Him. So be it."

"When you see another individual of any age cry tears, do you not automatically respond to how they feel, how sensitive they are?

The next time you are present when something foul, indecent, impure is being practiced or spoken about, will you have the courage to speak against it, or let those involved know that you are unhappy at such an occurrence, no

matter what their reason is to do this, because it is vile, contemptible and abusive?”

APRIL 4, 2001 AT 12:30 P.M.

SAINT CATHERINE LABOURE

“I am Saint Catherine Laboure.

You live in a time of much Spiritual misinterpretation. There are so many interpretations that are blinded by, and are blinding by the soundness in them.

Today as I speak, I speak with much concern, because throughout the world there is much diabolical acceptance, preference, over what is morally sound and what would logically be The Father’s Will, rather than what individuals are accepting in behavior, in practice, and in association with others.

Human beings at this time find fault with each other, whether it be on monetary matters, or just on personal behavior, but there is little thought about morality and the importance of it in all ages of human life.

We hear so many say: ‘What’s the difference? Everyone is doing it. It’s natural to think this way.’ This subject of what is normal, what is

abnormal, what is subnormal, rarely enters a decision, and yet there are many offices of great distinction who practice the so-called 'art' of knowing whether another person is guilty of a minor crime, or sometimes a major crime.

All of Us Here in the Heavens say out loud, 'Your Soul is "a victim" of what you are, what you practice, everything you say, you do, you accept.'

Throughout the world there is very little, if any, true understanding of What human life is gifted with, and children are not being instructed on issues that pertain to That Portion of them that will be Judged at a given time by a Higher Source, Force, than human.

Needless to say, there is much sadness Here in the Heavens, because there is so much happening amidst mankind that is never truly considered as detrimental to That Portion of human life, unseen yet obviously always there, called 'the Soul'.

We hear many talk about being 'soul mates' with another individual. This supposedly is a caring situation,

but it is time that human beings of all ages awaken to the fact that they are the custodian, at the moment of conception, of a Portion of The Creator of All Things, called 'a Soul'. Basically, that's where the saying came from that is so often used by individuals who want the comfort, or others to see the closeness they are to another individual by saying, 'We are soul mates.'

I could speak hours on this subject. My Words today are only to alert all ages to the importance of looking deeper and more consistent into what human life is responsible for, with, and to. So be it."

APRIL 5, 2001 AT 12:52 P.M.

GOD THE FATHER

“It is difficult for many to believe that I would speak through a *human voice*, but My Words prove Who I Am.

In the Creation of human life, My Plan was evident because of what human life was created to be like, and to be created to be returned to Me in what is known as ‘a Saint’.

The Power I come in with is difficult for *the little one* through whom I speak, because the body of human life physically is weak.

There are so many men, women and children who believe I Exist, but most times they forget, because to constantly be aware of Who I Am, What I Am, interferes with so many basic human ideas, ideals, plans.

I created human life with a mentality, and in this mentality, to know what is pure over what is impure, mentally above all things, and then in regard to many other things that human life would come in contact with.

You live in a difficult time. It is not My doing. The time, in so many ways, pleases the enemy of mankind, and this is disregarded because men, women and children ignore what is logical. They ignore what is to be abhorred by their logical senses, to what is pleasing to Me. I created human life for a Goal, to be returned to Me; the Portion, of course, is the Soul that is a Part of Me. This subject is many times ignored, because We hear so many say, 'Life goes on.'

I speak slowly, because the Power I radiate through this *small body* is difficult on her whole being. Many changes must take place, not just in the minds of human life, but in the actions, the values, and the goals.

As I speak on this day, Several Saints surround Me, All desiring to give this *little one* I use, strength to endure the Power that I use to send through her My Words. As I speak, The Heavenly Mother has a tear in Her Eye for what *this child* endures.

I have given to the world a Personal Gift, using My Spirit of Love for human life, and of course, All The Saints to speak on what is right, what

is wrong, for the mental, the physical and the Spiritual of those who have been born in the human way.

The Commandments that I passed through one man a long time ago, are no longer The Rules that men, women and children uphold, and see for the purpose, the reason for which They were given a long time ago. Granted, They have been reduced so that human beings of all ages could more fully understand the important point they decided was in each one of Them, but so little is emphasized on how each Commandment stood for a more complete understanding, covering every portion, every action, every thought, word and deed of a human life, thus more understanding of the importance of purity that I intended each Commandment to reveal in its fullest measure.

The Heavenly Mother many times fears for the Soul that is being abused because of the one in whom It was placed. I created human life with a Portion of Me so that there would be no way that they would not have the ability to think purely, and be protective of the Soul. I gave the responsibility willingly.

Today as I speak, there is a sadness, because throughout the world the word 'Soul', as a Portion of Me, means nothing, only an imaginary source of being. Needless to say, I could speak endlessly on this subject alone.

I gave This Gift of My Divine Love that speaks All there is to be spoken by All Here in the Heavens with Me, because of the Importance of the Soul that I want returned to Me, because It is a Portion of Me. No Greater Gift can a human being receive.

As I close, it is because My Power is so Great that *the little one* I use could not handle much more of My Divine Weight. Her body is close to collapse, but I know her will is to accomplish My Will in every Task. I will release her slowly. It is important I do it this way. So be it."

APRIL 6, 2001 AT 12:50 P.M.

SAINT PETER

“I am Saint Peter.

This Gift of The Father’s Love for human life has many Facets to It, and His Intentions are to reveal to all of mankind that there is responsibility through the free will of human life, not just to suggest what is right or wrong, impure, but to be example for all things that pertain to following The Father’s Will, in the Words He gave a long time ago.

Sometimes it is difficult for individuals, men and women, also children, to hear what they hear as a command. They want the suggestion or the conversation to be quiet, gentle, not so firm, and with no demand, but logic should tell human beings of all ages that sometimes it is more important to be firm, rather than not be specific, concerned over the feelings of what the others hear, and all that is to be heard.

Justice is important, truth is important, understanding is important, but also to be fair in what is spoken

and to be sure that the words are clear, so they cannot be misunderstood and cause weakness rather than strength, despair instead of hope.

It is important that human beings of all ages awaken to the Fact that human life has a Goal. When the time comes and there is no more breath, there is Something Else that exists, much more Important, and that is the Soul, for the Soul does not breathe human life. The Soul, as a Portion of The Creator, lives in a different Format, Way, and exists on the goodness The Father Wills for It, in It.

As the custodian in the human way of a Soul, there is much responsibility. Compare it to the responsibility that a parent has to a child or children of all ages. Just because all things are flesh and blood, does not mean there is no responsibility. Some animals feel very responsible in their protection of each other. It is innate in them to do this.

So much has been delivered through This Gift of Divine Love on all facets of life, because human life is the custodian of a Portion of The Creator, called 'the Soul'; no better Name

for This Connecting Link of Love, Purpose. The Soul is a Gift beyond realization of the human mind, but bear in mind, It exists and It is What will speak for the one in whom It was placed. It bears the responsibility of all that took place.

As I leave you, I beseech you: be sure to pass on to millions of other human beings, All that has been delivered through This Gift that is Important for the Souls of all who have been given the advantage to be a human being. Many Blessings pass through This Gift of Divine Love every time One of Us speaks. So be it.”

APRIL 9, 2001 AT 12:55 P.M.

SAINT AGNES

“I am Saint Agnes. My request to The Father, He answered with much Love, for I desire to speak to the young, because they are oftentimes left out of what is important regarding what behavior should be acceptable, what degree of understanding should be acceptable, at a given age.

Many times they are overtalked. Also, many times much is expected of them that they have not grown to understand its value, its necessity, for the time in which they live.

Today as I speak, I speak to the young, but also to those in charge of the young. There are so many options, because there are so many things that are attractive and draw attention for the young to be part of. Needless to say, though some of it looks like it is safe, it is not.

There is too little attention being properly examined on the importance of events that the very young should not partake in, because

of the improprieties that occur that they should not be vulnerable to.

So many times so-called ‘adults’ ignore what is truly occurring, because at their age it is natural for them to see in a different way, degree, manner, thus allowing the young to be exposed to things that basically could be very immoral, wrong for their Souls, and temptations in many areas of growth.

I will speak very shortly on this subject, because the Words thus far are but a lead into All that will be delivered for more attention on the youth at this time, and the future.

So many adults take for granted that youth must learn, but they forget learning must come in stages, and in the right values, context and content. So be it.”

APRIL 9, 2001 AT 2:11 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

Many times an individual feels what they want to solve is a legal issue; rarely do they count it a moral issue.

If men, women and children would daily examine their conscience, attitude, sincerity, they would see things in a light of honesty, truth, and of course, more Spiritual understanding regarding why they were created, and the Goal for which Creation was created.

Throughout the world at this moment, the impurities of the mind and the body are so numerous that it would be impossible to count them. The basic for immorality is always based on an excuse, or a priority of what an individual feels necessary or feasible, or will give them mental happiness.

Children are not being instructed on the importance of their decisions, because those in charge of children feel that a child cannot commit a sin

against any Commandment. This thought is indifference to what a sin is, can be; also, the destruction a sin causes in many areas of a human life.

There are so many descriptions for a sin. It can be against one's moral views, standards, but it can also be based on an individual's abstract understanding of what is morally sound, good, just.

Needless to say, Hundreds of Saints have spoken through This Gift of Divine Love. The reason the word 'Divine' is used, is because What passes through this *little one* on the subjects is because of the Souls that become the victims of all that an individual partakes in, justifies, or projects as a normal practice, condition, and/or a human trait.

So Many Saints, every day, beseech The Father to help all degrees of intellect more fully understand how Important the Soul is to man. He gently says: 'I have given them The Commandments. I have given them the ability to adjust, to make decisions, and to see what is moral over what is impure in its foundation.'

Today as I speak, there are Several Who stand Here with Me. It is always this way where This Gift of Divine Love is the Messenger to all of human life for the sake of the Souls that are involved, because the Souls, as a Portion of The Creator, become the victims of the ones in whom They are. That is why This Gift has covered so many subjects to awaken the minds of human beings of all degrees of intellect, all degrees of sensitivity, to the moral and immoral standards, that there is a Goal for human life, because of the Soul each one is the custodian of, from the moment of conception until the time The Father Wills the human part to end.

As I speak today, you would be shocked if I were to tell you at this moment, how many individuals are pleasing the enemy and ignoring totally that they have a Soul, a Portion of The Creator, that they are in many ways not just insulting, not just ignoring, but treating It in a manner and way only pleasing to the enemy of The Creator and all of human life. So be it.”

APRIL 10, 2001 AT 12:53 P.M.

SAINT ANNA MARIA GORETTI

“I am Saint Anna Maria Goretti. It is a privilege for Me to be active for The Father, for His Will to be done, and for His Love to be shown through the Words He allows Us to speak, instructing on the Beauty of what human life was created for.

All of The Saints Here in the Heavens are happy when They are told Their Words will be put into print to help thousands, perhaps millions of human beings, to remember that within them they have a Portion of The Creator, called ‘a Soul’.

So many Blessings pass through This Miracle of The Father’s Love. Some say, ‘Why is It called “a Miracle”?’ It is called ‘a Miracle’ because of The Father’s Will and His Desire to have all ages, all backgrounds, learn more about the Beauty and the Purpose of human life, because it is so closely connected to Him through a Portion of Him, named ‘the Soul’.

Each day is important to human life. It gives the opportunity to better

understand that human life has a Goal, and this Goal does not stop when the human life ends, because the Goal is a Gift of Divine Love for the Soul of the one, Who was handed to the individual at the moment of his or her conception.

So Many Saints Here in the Heavens wait for The Father to tell Them to request Words be written, so that all of mankind will more fully understand what a Precious Gift human life is to man, and the closeness it is to The Creator of All there is.

It is important that children, when they are very young, are instructed on the Facts of why they were created for a Goal, to be returned to The Highest One, God, in His Divine Plan. Children are not being instructed. There is so much humanism that is taking precedence over what human life was created for, and that is to one day return to The Creator and remain for All Eternity in a Place beyond what the human mind can conceive, perceive, in the human form.

So much has been delivered by *one voice*, and it is important that all

of human life understand that The Father, in His Power, has the ability to use *one voice* at His Command, thus giving to millions upon millions upon millions of human beings What The Father Wills them to know, and to more fully understand that there is a Goal for each Soul that He places within human life at the moment of conception.

As each day occurs, it is important for all ages, all degrees of intellect to understand more indepthly that they are one day closer to returning to The Creator a Portion of them; not to fear the time, but to see the time as a Gift of Divine Love within them.

As I close My Words, I close Them with deep Love, for as Each of Us are with The Creator of All Things, it is Our Hope that all Souls will be returned to The Father, Saints, at a given time.

In human life, men, women and children want to reach success. There is no greater success than to return to The Father, because you see, there is no Greater Gift of Divine Love that human life can, in any way, associate human gifts with.

Much Love comes with This Message, much Hope, that All the Words that have passed through *one voice* according to The Father's Will, will be seen for the Great Worth Each Word is, and that This Miracle of His Divine Love is a Gift beyond what human life could have without Him being The Deliverer, expressing openly the indepthness of how He feels for this Creation of His. So be it."

APRIL 10, 2001 AT 2:24 P.M.

SAINT PETER CANISIUS

“I am Saint Peter Canisius. *The little one* through whom I speak is familiar with Me in some ways, for there was a time that she was educated in a place under My Name.

The world has been Blessed abundantly by the past History of what was not just acceptable or just practical in the educational fields for the young, but it had an obligation to it. The world today feels little obligation to what is morally correct, sound, logical, valuable. There is so little logic used in every facet of life, sometimes even in fields wherein lives are at stake. Human beings are not using what could be termed ‘highly educated forms, formulas’. Everything appears to be put in a manner of simplicity, or what is easier to handle in daily life.

Children are not being instructed on what is morally sound, logical, and pleasing to God. There is far too much freedom for them to act according to their whims or their sense of humor.

Also, their attention span is not being regulated on important times, issues, values.

Today as I speak, it is with deep concern in many areas, even though men, women and children are instructed to believe they live in a great time of progress. I ask you: What do they mean by 'progress', when All of The Saints Here in the Heavens see much more laxness and looseness in morals, abusing The Father's Will and The Commandments He gave? The Commandments were given not just for mankind to confess their sins in an orderly way, but The Commandments were given to instruct human beings of all degrees of intellect on what The Father Willed them to understand morally, and to resist immorality.

The Commandments had much more Purpose than mankind sees Them to be. So much diabolical interception is acceptable at this time, but human life is ignoring what it is doing to them mentally, physically. It is destroying the Gifts of Purity that The Father Wills men, women and children to follow according to His Concept in The Commandments that He allowed a man to give a long time ago.

There are so many Lessons given through This Gift of The Father's Love, because there is so little outside this room that is fulfilling to human life regarding why it was created, and the Goal for which it was created. The laxness in manner, speech throughout the world is devastating, because it pleases only the enemy, and it distracts and detracts the moral values The Father instilled.

The Commandments were given to help mankind of all ages, to give to human life not just Rules to live by, but a pattern to accept as what He expects, expected, for human life to live by, to follow and to use as the Guidelines to become 'Saints'.

It is sad for Us to see so much dedication on personal values, but each man, woman and child should ask themselves: 'What do I value more, a moment of material happiness, or a life of returning to The Father my Soul, to live a Life beyond what can be explained? But I know It is a Life of Glory with no pain.' So be it."

OUR LORD

“As The Son of The Father, I have Several Names.

It is important that all men, women and children understand the Words that have been given to man, and These Words are ‘Holy Trinity’.

***‘The Sign of The Cross’* has a very special definition to It, because It is the Manner and the Way that The Second Person of The Holy Trinity openly expressed, and gave Hope, regarding the importance to mankind of all ages being aware, and understanding that as The Father Exists, The One Who created All things, there was a Portion of Him that came to the earth in the form of a ‘man’, so that all who would follow in this manner of living could relate to Him, and then through these Two Major Facts, The Holy Spirit of Light, Enlightenment, shone through Them, Their Connection to man.**

In the Creation of human life there was a Divine Plan. The Heavenly Three, as They are known to be, wanted to share the Importance, the Love,

the Purpose and the Hope, in which, through which, and by which, so much is revealed.

Mankind only counts two centuries of human life. There were more, but it is important now that through This Gift of Divine Love, that human life understand that in the Creation of human life there was a Divine Plan, Higher than any other plan, because in this Creation, The Father wanted to share the Beauty, the Greatness, and the Love that was innate in Who He was, because He was More than man.

I speak These Words through *one small voice*. There is no need for Them to be shouted, because the logic in Them radiates in the meaning of Them, through all the abilities and the conscious knowledge that human life has.

The Creation of human life was from a Higher Plan. Yes, a Portion of The Creator is placed into each human conception, giving to the conception the ability to better understand there is a Goal for human life when human life comes to an end.

So many Stories have been written, and so much good intention was involved, but through This Miracle of Divine Love that bears the Name of The Holy Spirit, human life has been given an exceptional degree of Information, allowing human beings of all degrees of intellect to more personally understand what a close Association they are to The Holy Trinity.

As I leave you, I leave you only in a manner of verbal obvious Communication, but you are to remember that there is no moment in life that you are not close to Where I Am. So be it.”

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

Every morning as you awaken to the day, a prayer should come from your heart to The Creator, because it is He Who blesses the day, He Who guides you through the day, and it is He Who will be Part of you the whole day.

Children are not being instructed on how close they are associated with The Creator. They are told to pray, but oftentimes the one who is told to pray has no concept of the True Presence of The One with Whom they are speaking in a very personal way.

There have been so many times when a human being is in need, they seek help from everyone, but ignore a small prayer, because they feel they cannot see The One to Whom they are praying, but this is only true one way. No prayer is ever unheard when it is requested by a human being.

The Words that have passed through This Gift of Divine Love are too numerous to count the human

way, but every man, woman and child should constantly be aware that their closeness to The Creator and All The Saints is only a prayer away. So be it.”

GOD THE FATHER

“As I speak to you today, I want you to understand that to walk a path for Me as man, is much more difficult than any human conception can be. Every Word I speak each time I enter openly, along with All Those Here with Me, *the channel* of My Love pays a price unseen.

Love is necessary to human life. It is considered in many areas, because without a sign of love, all things are empty in many ways.

At different times I have given to the world what mankind should call ‘a Victim Soul’, because the Soul of the one that I choose to use, is the Communication that spreads What I Will to show. Words to human life are easy, conversation is a pleasantry, but to ‘a Victim Soul’, there are many times the Words are weakening physically.

I have given to the world a Communication of My Love, and I have requested so Many Saints to speak openly, instructing those who will read the Words, on the Importance of what

the human life is the custodian of. Being the custodian has responsibility, but so many times, at different times through the History of human life, the responsibility is ignored, and the individual only allows the enemy to be pleased.

Each human being has a Soul, a Portion of Me. It cannot be seen, but It is felt through the innate sense of an individual knowing if an action is pure or impure, if a thought is pure or impure. Logic speaks this way.

So much has been given through This Gift of My Divine Love, because I do want all Souls returned to Me Here in the Heavens.

My next Line is difficult for Me because I do not like to say it, but with so many men, women and children, they ignore the word 'Heaven', and if you will think about it, the word 'Hell' seems to be announced more times. Heaven is rarely heard regarding something proper, moral, sound, good.

Today, as I speak through *one small voice*, I want all of mankind to know that human life is a Gift of My Divine Love, because in human life,

I have placed a Portion of Me, called 'the Soul'.

I am Always Present where you are, so please, when you find yourself in a state or a place of impurity, or a condition, remember, through your Soul, I am there. Call on Me, and when you hear My Answer to what you must do or take part in, do it for the Soul, and do it purely. So be it."

SAINT PETER

“I am Saint Peter.

Human life has been gifted in so many areas at this time. The Gifts are far greater than they were in the beginning in which human life was first created. Knowledge on many things at that time was difficult, because it was a learning stage in many areas, such as speech, understanding, and learning to live with others like themselves.

As time went on, education became an important factor, then an issue, then a demand, because education gave to human life a worthwhile way of understanding things, of accomplishing things, and seeing the purpose of many things.

You live in a time where progress has become evident in many ways, but you also live in a time wherein the Purpose for human life is not fully understood by many.

When an animal dies, it no longer exists. When a flower dies, it no longer exists, unless there is a seed that falls

to the ground, and this seed has the ability to produce one more time in the manner it existed the first time.

You live in a time wherein The Father has given so much for human beings to understand that human life has the ability to continue on in the physical way, but even Greater than this, through the Sacrifice of The Son of The Creator, gave to human life the ability to understand that human life was chosen out of all other living matter or things, to continue, through a Portion of it that nothing else had or has. This is called 'the Soul'.

We hear many say, 'What is a Soul?' Basically, the Soul is a Living Portion that The Father, in His Creation of human life, included in the Creation for further life to be returned to Him, because of all He instilled in human life: knowledge, hope, understanding, and the ability to know purity over impurity, justice over injustice, hope over despair.

Human life is a gifted way, and should be remembered in this way. Though the breath ends, there is a Portion of it that continues on, according to Divine Love, Divine Will,

Divine Way. If all this were not true, human beings would not feel the Value of life, the Importance of life, and also the sensitivity to so many things that pertain to the Soul.

As I leave you, I bless you, for in your human way you have been gifted with Divine Love. Remember What I did say. So be it.”

APRIL 13, 2001 AT 1:21 P.M. (GOOD FRIDAY)

GOD THE FATHER

“The world of human life must be made aware of All that has been delivered because I, your Father, Care.

It is important that All the Messages from Here be delivered every place, so there can be no excuses made by mankind that My Love for one kind was more than others.

My Love for human life is a Love based on Who I Am, What I Am, and My Creation of human life was to share Divine Plan.

I accept no excuses, nor do I accept vulnerability as an excuse, because I have given to human life a mind to use, to be able to discern what is best for how they live as a human being, even though it is amongst, amidst, all of different types, different backgrounds, different intellects.

Human life has the opportunity to understand, that as I created a body, to live in the way of man, I instilled in each body conceived in the human plan, a Portion of Myself, to give

strength to be man. When I say ‘man’, this includes the genders equally, because My Plan was not just for man, but for women too.

I speak Words understandable to the human mind, and in translation, it will be necessary to cover All that individuals have learned, to understand the Importance of Truth, Value, and the Goal that I have for all of human life, because within it I placed a Portion of Myself, called ‘a Soul’.

As the Soul returns to Me, the individual is a portion of That Soul that I will remember as once being in a particular human being. So be it.”

“It is My Power that holds the universe and all things together. My Power reigns throughout the world, throughout all there is, because only My Power has the Ability to permit what exists.

Human life has many Gifts, because in human life, I placed within it a Portion of Myself, but that does not mean that human life is able to take on All I Am. The limits to what human

life is capable of doing is because human life is a Creation of Mine, to partake in certain areas of My Divine Plan. So be it.”

APRIL 16, 2001 AT 12:50 P.M.

“Immorality is running rampant throughout the world. The wrong in it is being ignored.

Many times We hear individuals make excuses for the foul actions that they are performing mentally, physically, thus destroying in many areas, many ways, the Importance of human life, and the Reason for which The Father created it. There is very little good example, but there are many, many excuses for everything that is occurring.

It is sad for Me to say that the definition of what is correct, what is right, what is pure, has been dwindled down to satanic acceptance. Why is it difficult for men, women and children to understand mentally, physically, morally, socially, or just when they are alone and have no one to consider for their decisions on how they act, how they think? Impurity of the mind is ignored, but so is the fact that this type of action, thoughts, words, is pleasing

to all that is ugly and demeaning to the Soul.

It is sad to see throughout the world so little caring on what a human being of any degree of intellect finds acceptable, even when it is demonic in every facet of it.

Children are not being instructed on the full meaning of The Commandments. It is not because they do not know about The Commandments, but the excuses outweigh what the importance of The Commandment is all about, are all about, will always be all about, and have always been all about.

I cannot repeat this Line in the sadness We All feel when so many thousands of human beings each day, not just mar the Soul, but abuse the Soul in a demonic way. If you were to go out to a crowd of people right at this moment, and ask them what condition their Soul is in, most of them would either laugh at you and walk away, or ask you why do you care, it's their Soul.

There is no Importance placed on the Souls of human beings. Everything that a human being practices, accepts, lives for, lives with, does not include

the condition of his or her Soul. Needless to say, volumes could be written on this one subject.

As I leave you, I beseech you to spread the Words that have passed through This Gift of Divine Love for the Souls of all people living now and yet to come.”

APRIL 16, 2001 AT 2:00 P.M.

“So Many of Us stand Here with this *little one*, Each of Us ready to speak through her, Words to help to encourage all who will read the Words to better understand and to more fully comprehend the Importance of human life.

Each human being looks at another human being, seeing a different face, a different structure, and this is in many ways part of the Great Gift of Divine Love. If this were not so, human life would be what is called ‘clone’, ‘clones’, because the difference in appearance, in many ways helps others to be able to associate more clearly with The Divine, believe it or not. If every human being looked exactly the same, then the human mind could not imagine or perceive that The Divine will be different in Appearance, and All that It is About.

In The Father’s Design, He gave to human life a Gift Greater than human life can understand It at this time.

It is important that much thought is given on all the facets of human life that make human life Special, and obviously have a Purpose, because within the human mind there is an innate understanding and desire to be able to express openly, mentally, many things, many subjects that give to human life a worthiness that nothing else created has the ability to claim: the difference in appearance, the difference in personality, nature, character, ideas, ideals; also, the beauty of the mind that a human being is Blessed with, being able to contain, retain so many subjects, so many comparisons in the subjects, so much knowledge in the brain, in the understanding, giving to human life a Gift similar, but not exact, that The Creator has.

The Creator, in the Creation of All Things, designed human life to be able to have many assets, but not exactly like each other, because then human life would be absent of enthusiasm, interest on values, on intentions, on qualities, and so many other facets of human life that give to human life the capabilities and the

abilities to discern more than other things are capable of doing.

As I speak, there are numerous topics that I could discuss with you, Gifts in the Creation of human life that are above and beyond what the average human being fully understands, but there are so many things that each man, woman and child has not just the character or the ability, but the capability to see indepthly in areas, giving them more insight into the logic that there is a Hereafter, there is a Goal, and there is a Purpose for human life that nothing else has.

I beseech you, remember These Words and remember what a Precious Gift human life is, because in the Goal, It has a Future to return to The Father, from Where It came. So be it.”

SAINT CATHERINE OF SIENA

“There are Many present Here with this *little one* today. She looks at Each of Us and asks: ‘What are You going to say?’ We All smile, for Our Presence to her is as natural to her as your presence is to her.

I will give you the Names of a Few standing Here, All smiling at *the little one’s* remark, because to her Our Presence is Personal, Important, and in many ways, Endearing.

I am Saint Catherine of Siena.

Without the written word, so many important subjects would never be seen as their worth, or in their worth, or by their worth. Conversation oftentimes has the subject on important events, issues, concerns, but unless something is put into script, much of the detail is lost into memory, and does not always show its full worth. In The Father’s Love for the Creation of human life, It was the Greatest Gift that He could give to human life. The Reason for this Gift is because human life bears a Portion of The Creator

from the moment of conception; It is called 'the Soul'.

We hear so many talk about life, talk about death, but rarely do We hear that when the human life is taken, the Soul remains, and the Soul is to The Heavenly Father, a Portion of the one in whom It was placed by Him at the moment of conception.

There are millions of words that men, women and children could learn so much about The Father's Love, His Will, and of course, What is waiting for the Souls of every human being at a given time. Children throughout the world are not being instructed on the importance of everything they do, say, think, practice. There are so few so-called 'teachers, instructors', basically believers in the Importance of human life.

Human life was designed with so many, what man would call 'assets', that nothing else born is gifted with; first of all, the mind, and a very important part, for all of the individual's thoughts, deeds, words, actions, cover a very important portion, never truly seen, rarely felt; it's called 'a conscience'. And then,

too, there is another Portion of human life available every moment, since the moment of conception, and That is the Soul that The Father places within the conception. That is why human conception is so important, and should never be abused in any form.

Without the Soul, human life would be like other living things: no conscience, no true sensitivity valuable in many areas of life, and definitely not a Divine Goal.

To speak These Words comes easy, for Truth is easy to speak, Divine Love is easy to express, and Protection of all a human being is all about has a strength in it that nothing else has.

So Many Saints Here in the Heavens are ready to speak every moment of the day. The Father smiles at this, because it is through Him, and only Him, that permission is given. His smile is because The Saints All want to protect every living human being, and want them to realize that there is a Soul that they must keep intact, because It is a Portion of The Creator, and must never allow It to be marred in any way, for any degree, for any reason.

My Words to you today are Words of deep Love for human life, and the importance that each human being must understand there is a Goal to reach, and it is based on Divine Plan, so do not allow anything or anyone to lead you the wrong way, because it is only a sadness to see the evil one become a part of any individual, because in this sad situation the Soul pays a great price, due to the fact that the Soul wants to return to from Where It came, representing the one in whom It was placed at a time when The Father Willed It to give strength to the individual, and reminded the Soul, He wanted It back. So be it.”

SAINT TERESA OF AVILA

“I am Saint Teresa of Avila. What I am about to say is important in many ways.

A child of two must learn certain things to do.

A child of four has much more expected of it by those who are in charge of it.

A child of six learns to practice certain habits, sometimes difficult at first, but eventually the child becomes accustomed to adjusting to new things and what is called ‘progress’.

A child of eight appears and feels as though he or she is ready to take on some responsibilities in accordance to their age.

A child of ten feels that life begins on certain things they watched for so long, others do, others partake in. It seems like a year of progress, a time that they feel their life is more important.

A child of twelve looks forward to getting older, having more responsibility toward being an adult.

A child of fourteen sometimes begins to relax a little, almost feeling the worst is over, the learning part that is, to being stronger.

A child of sixteen automatically feels confusion, not truly feeling a belonging, standing on the edge of having to be more sure of what they are all about.

As the age of eighteen comes about, many changes are expected, for eighteen says 'adulthood'; more reasoning, more facts, more responsibilities are acceptable and expected.

As age goes on, there is much learning, and this continues into many areas. The one thing I have not covered in anything I have spoken, is that from the beginning, the emphasis should have been stressed openly on That Portion of human life that will remain after human life no longer exists, and that is the Soul that is given at the moment of conception.

My Words, I know, sound different in how I speak Them than how I usually speak, but time is important to human life and it must never be weak, because there are always challenges and always new things to learn.

This is a Gift from God Himself, because you see, as one increases in age and learning many things, within the body there's a Soul that basically is responsible for all an individual practices in everything.

The important thing for children to learn is that life, in itself, was created with Something within it more Important than any advancement they could make. That of course, is the Soul, a Portion of The Creator, that gave them the strength to learn all they learned, and the strength to partake in being a human being. So be it."

SAINT ATHANASIUS

“I am Saint Athanasius.

A pearl in the ocean or in any body of water is a treasure when it is found, because to the individual or individuals who find it, see worth in it.

Today as I speak, My Words are to be remembered. For every act of purity, it is greater than a pearl in the Eyes of The Creator. An act of purity, justice, kindness, reflects in one’s Soul, shines like a diamond.

My Words are different, but for those who will read Them, I sincerely hope that they will remember the importance of goodness, and the value in it, because through a human being, all a human being thinks, practices, is like a jewel to the Soul they are the custodian of.

The Soul is Precious, and it is up to the individual in whom the Soul is, to help that Soul shine. There will be a time the Soul will be the only thing left of the human body and mind. The

Soul will be returned to The Father in the state the individual caused It to be.

Remember your Soul in every act, every word, every deed, because your Soul is the recipient, and it is That Portion of you that will return to The Father, showing all you have done, and The Father Wills your Soul to be returned to Him Greater because of all you have done, and in the form of human language, ‘to shine like a diamond’. So be it.”

SAINT GREGORY THE GREAT

“I am Saint Gregory The Great. Each time I am requested to speak in This Gift of The Father’s Love, it is a privilege to be able to speak Words that will be put into script for men, women and children to read, helping them think on the Importance of human life, and that it has a Goal to be reached.

Very little sound instruction is being given from so-called ‘learned’ men and women. The subject matter oftentimes is put into a text encouraging more entertainment, than putting the emphasis on what is valuable for others to think about, practice, using the words for a goal.

Today as I speak it is a privilege, because so many times when We Saints are sent on Missions, no one hears Our Words, and Our Words are not put into script for others to read, to learn from, and to be more knowledgeable on the subjects that to human life give hope, more understanding of the advantages

of human life, because of the Goal The Father has designed for the Soul.

Every day Each of Us Here in the Heavens do all We can to help men, women and children of all ages to practice purity of the mind, the body, because of the Importance of their Soul. Granted, they do not hear Us, but We try, in some way, to make them think or to use their sight to see the value, the importance of how to do right over what perhaps temptation is encouraging. The word that mankind uses regarding the actions of human life: Is it moral, is it immoral, is it practical, is it impractical, is it just or is it unjust, is it personal or does it involve others' lives, intentions, actions?

There is so much to human life, so many valuable things to learn besides the routine that individuals become accustomed to, according to the manner in which they live or think. Routine is good; it gives strength. Many times it helps an individual to not do something that would be impure, or dangerous in some form, some manner, some way.

Today as I speak, I speak with deep Love for human life, because it is ‘the only creation’ that has the Highest Goal to reach. Man-made contests, using contestants to prove a point or a goal, is no comparison to the Beauty of the Importance of the Soul, because the Soul, as a Portion of The Creator of All Things, is the Highest Goal that a human being can reach, and that is, to return the Soul ‘a Saint’ for All Eternity. So be it.”

SAINT JOAN OF ARC

“I am Saint Joan of Arc.

Many times Several of Us deliberately let *the little one* through whom We All speak, feel the Presence of Several at one time. She immediately questions, ‘Which One of You will speak?’ This brings smiles, because her concern is the Name of the One Who speaks. She feels a deeper Presence with and a closer Communication at that particular time.

Mankind puts much emphasis on the personalities, the backgrounds, the upbringing, the nature that they are associated with. This, in essence to them, makes their association more understandable, because in so many ways backgrounds are important in discussions, in associations, and how individuals think pertaining to how they were raised, in the background they were born to.

There is much more sensitivity in this *little one* through whom We All speak than ever shows in the physical way. It would have to be

this way, because in the ‘Preparation’ for This Great Miracle to reach all of mankind, many of her senses were increased to give the strength to be able to associate, comprehend, and understand such Communications as she has been chosen to understand, to cope with, to deal with, and to speak the Words that she does not hear, but They are implanted in her Ears for others to write, to remember, and to see the Value of the importance of the truth in Them.

We hear many discussions outside of this room from many so-called ‘learned’ men and women, regarding This Gift of Divine Love that has proven Its Value, Its Truth, Its Validity, through All that has been spoken through It — so much Direction, Concern, always evident in What is said. It is sad when We hear some deny the Value of This Gift, but denial is oftentimes based on weaknesses, jealousies, or other such portions of human life.

Today is an important day. Yesterday was an important day. Tomorrow will be an important day. There is no day that is not important, that The Father Wills it to be, because

human life is 'the only creation' of Divine Love that has within it a Portion of The Creator of All Things.

That does not mean that human beings should be unkind to other living matter or things, but should remember that in the way of human life, it bears many, many responsibilities in what is spoken, how one acts, and what example an individual portrays when there is a possibility of others to imitate, for others to see as important or unimportant, because of unkind ways.

As All of The Saints speak through This Gift of Divine Love, Each One speaks because The Father Wills It to be. It is the 'only place' throughout the world there is such Close Association, and so much Divine Love expressed verbally, many times a very important Lesson in the importance of what an individual partakes in, or how they treat another human being, or how they act in obedience to The Commandments The Father gave.

All This is put in such a concise order through *one voice* for thousands upon thousands upon thousands to read, to learn from, and to adjust to

beginning to think of the Value of human life, its responsibilities.

As I leave you, I bless this *little one* through whom I speak, and of course, in This Blessing you all partake, because the task is not easy, and her love for The Father never weak.

Always remember, in the human way you automatically want justice in everything you partake in. Never forget, The Father wants Justice for That Portion of you that belongs to Him in a very Personal Way. You call It ‘a Soul’. It is a Connecting Gift of Divine Love to give human life the strength to see the value of morality over immorality, hope over despair, kindness over unkindness, and a deeper feeling that life in the human way has a Goal that nothing else created has.

As I leave you, I remind you: Live each day remembering you have a Soul, a Portion of The Creator of All Things, and you have the responsibility to return to Him in a Pure State, That Connecting Link of Divine Love, the Soul. So be it for today.”

SAINT CECILIA

“I am Saint Cecilia.

This present Gift of The Father’s Divine Love for all of human life, is a pleasure to All of Us Here in the Heavens. Though Many of Our Names are mentioned in the written word, and stories of how We thought, acted, felt, were added to Our Name, but through This Gift of Divine Love that The Father has given to all of mankind at this time, is truly a Gift of Divine Love to human life and to All of Us Saints.

It is a privilege for Each of Us when We are beckoned to speak Words to aid, to instruct, to encourage, to help those who are yet in the human living stage of life. It is so important that men, women and children of all degrees of intellect, all backgrounds, understand that they were created for a Goal, a Portion within them, called ‘a Soul’.

The birth of a child has an excitement to it. It is a Miracle. What human life truly feels is, in the

human life no matter how small the child is, there is Something Greater to behold, and there is Purpose to the birth, a fulfillment of some order and definitely a Goal.

So many times in being introduced to different individuals, the little one, though just born, feels a connecting Link. It is one Soul to another Soul, not just human instincts.

So much has been delivered through This Gift of Divine Love bearing the Name of The Beloved Holy Spirit, Saint Joseph, to enlighten all ages of human life of the importance of each day of life, and what they do in the day, throughout the day, has meaning to it, even though it is not interesting to them at the time.

Throughout the world there are so many different denominations organized, each one believing that there is a Purpose to life, and there is a Divine Being in charge of life, but it is always sad to hear any desecration to This Name, because The Heavenly Father uses so Many Portions of What Exists within Him to give diversion, and an Importance to the Many Facets of What He is All About.

Children are not being instructed properly in the Fact that in every act they participate in, every conversation, they are responsible for.

As I speak today, it is with great Love for human life, because in human life the Purpose is beyond what a human being realizes. There is a Goal, and The Father is in control. The Father constantly says to the Soul of an individual, ‘Encourage the one in whom I placed You to be aware that what they are involved in reflects in You, My Soul.’

Today as I speak, My Words may not be like Others Who have spoken before, but it is important that This Gift of Divine Love, bearing the Name of The Beloved Holy Spirit of The Creator, travel throughout the world. So be it.”

SAINT JUDE THADDEUS

“I am Saint Jude Thaddeus.

At the time the Apostles were first joined to follow a Man they considered Special in many, many ways, they found in this Man more things than they ever saw in each other or other people of all dimensions of life.

One of the things that attracted them the most was the fact that He could speak openly, not repetitively. Each Word, Each Sentence had meaning in It that could be associated with a human being’s actions, thinking, willingness to understand, not just the practicality of What was being spoken, but the Goal for which It was spoken.

Today, throughout the world there are so many so-called ‘learned’ men in religious circles who are prompted to become the center of attention in the eyes of others, but in many ways fail to be the example that would want other men, women and children to use the same tactics, because there are certain things missing that others feel are necessary.

The next time you hear a sermon made by an individual whose occupation is to deliver words of direction regarding how an individual should think, and what the individual should stand for, because of the Soul the individual is the custodian of, ask yourself: Would you dare greet another human being and say to them, ‘What condition is your Soul in today?’ Of course you wouldn’t, but you will ask about their health and will attempt many subjects for conversation.

The reason I speak this way is there is so little communication regarding the standards of another human being, how they think. Is it purely how they respond? Is it truly sincere? Are they always just in how they address many situations?

Now let Me ask you a question: ‘Are you a good Christian?’ If you say ‘Yes,’ what do you base it on? If you are prone to say ‘No,’ what improvements should you be making? Once a week, do you go through The Commandments that were given a long time ago, and judge your behavior on how you can answer Them in an honest manner, way, degree?

Most of what I have spoken is not part of how a human being thinks or acts, even personally, and yet We see individuals be very concerned over some injustice regarding some portion of life that they are displeased with. This takes time, because there are many facets of it to consider, according to how they think. Sometimes they never forget it; it always remains in the back of their mind. Some have even been known to, years later, remember the incidence, occurrence, and they still feel within them, an injustice.

Now, let us look at what sound, true belief in The Heavenly Father is thought about in the right order of thinking. Daily do you say:

'God, please forgive me for what I have permitted to occur impurely. God, forgive me for acting unkind, losing my temper, when all I wanted was self-satisfaction, thus ignoring the other individual's time, thinking and opinion.'

I know I speak differently at this time, but it is important that each human being begin to look at

themselves regarding the effect they have on others' lives. When one looks into a mirror, they see what they appear like, but what is in their mind does not show, and yet at this moment that I speak, there are thousands and thousands and thousands of human beings throughout the world looking in a mirror, seeing only the outside of what they are appearing like to others.

I know My Words are different and some may be concerned, but it is really time for every human being to look at things realistically and for their full worth, and what affects them morally, mentally, spiritually; also, where their strengths are, regarding their Soul.

Everyone should remember that his or her Soul is a recipient of everything an individual thinks, says, does, participates in, agrees with, disagrees with, and of course, all the things that are thought secretly — are they pure as they should be for the benefit of the Soul?

Thousands of Words could be spoken on this subject, but to some reading Them, they would think only

one thing: ‘That’s life in the human way, and I’m human,’ but these words do not change all the wrongs and make them right. So be it.”

**SAINT CHARLES BORROMEIO
SAINT ROBERT BELLARMINE**

“It is with deep Love We speak to you on this day, because of the importance of how you believe in the Beauty and Glory of The Creator, and that your life has a Purpose beyond what a normal situation would say.

Today as I speak, there are Several Here with Me, and We smile at Them, because you see, each time We are told to have Our Words put into print for the whole world, it is a privilege of Sainthood to do this.

Many children will never know that they were born to return a Portion of them, the Soul, to The Heavenly Creator. There is no one to tell them this Very Important Information, because throughout the world there is very little understanding of the Importance of human life, and What The Father placed within it, holding each individual close to Him in a Personal Touch, Personal Way.

The Soul is in many ways a Protector, and the Soul is the Part of

an individual that will be returned to The Father on a given day. We hear some say: ‘Why does It return to The Father, when my life I lived in a personal way? Is there any part of me that is important enough to be seen, to be returned to The Father?’ We All smile at this, because the human mind does not see beyond, and that within the human body there is a Portion of The Creator of All Things.

Children should be instructed on what they are, and the importance of the responsibility they have to protect Something within them that is to be returned to The Creator at a given time. So many times when We see children at play and they hurt each other, it is sad, because the one who is hurt feels something inside, rejection above all things.

So as These Words are given today, remember: As you walk through life and you do all the things expected of you, and that you expect to do, never forget you have a Portion of The Creator within you, and in many ways, That is the Part of you that will bear your name when It is returned to The Father on a given day. So be it.”

SAINT JOHN OF THE CROSS

“I am Saint John of The Cross.

Today as I speak, it is important that All Words passed through This Gift of Divine Love that bears the Name of The Beloved Holy Spirit of The Creator, of God Himself, be seen for the Importance of what effect All that is spoken has on the lives of those who read the Words.

So little time is spent on men, women and children desiring to understand more clearly on what occurred over two thousand years ago. This number is a number only, because the time, in Divine Time, would read differently.

Children are not being instructed on what is morally sound, morally acceptable for the good of their Soul. There is so much freedom of what is called ‘personality traits’, ‘behavioral attitudes that are normal’. It is time that all things begin to be seen in the right context, because each human being is the custodian of a Portion of The Creator of All Things.

These Words to some mean nothing, because they cannot conceive or perceive What The Creator of All Things could Be or Is. It is important that This Gift of The Father's Love be passed throughout the world for the benefit of millions of Souls that are in need of the Help, because the individuals They are a Portion of, constantly neglect all that is morally right, sound, good, and accept all the weaknesses of evil as being justifiable.

This *little one* through whom Many Words are passed, experiences many 'Preparations', physical, mental, so that so much can be spoken, giving to all degrees of human life, more understanding, more reasonability on the Importance of human life.

***One voice* is given the Responsibility. Some say, 'Why not more?' This would not be logical, because the human minds of human life would become distracted. This way, when there is only *One Point of Direction*, then there is only One Point for them to accept. More points would cause the enemy to intercede, intercept.**

This Gift to all of mankind is a Gift Far Greater than mankind of all degrees of intelligence can fully understand. We hear some say, 'If This Gift is so Great, why are not more chosen to participate?' My answer to this is: *One voice*, but thousands and thousands and thousands of written Words, instructing the indepthness, the Importance, the reality that human life was created for a Goal, and all things that interfere with this Goal must be not just cast aside, but cast out, and not allowed to enter into any harm to the Soul.

Logic tells you I could speak hours on this subject, but sometimes, when things are so important to be understood for the sake of an Important Part of human life, it is better to hear the Instructions in smaller doses.

Right now, if there were to be announcements that the world was going to end, it would be horrible to see human lives purposely coming to an end so they would not experience the harm they would expect at such a decree, but what about the Souls that human beings never see? The Soul is 'the victim' of all you think, you say, you practice, you participate in.

As I leave you on this day, I beseech you first, to bear in mind at all times that The Father's Love is within you, and He wants happiness for you. If this were not so, He would not place within you a Portion of Himself, called 'the Soul', because This Portion of you confirms that one day you will be returned to Him Forever. So be it."

SAINT AUGUSTINE
SAINT ROBERT BELLARMINE

“Very little is thought about regarding one’s Soul. We hear some say: ‘Perhaps if I saw It, I would more accept having One. I cannot feel It. I’ve just been told I have It.’

All of The Saints Here in the Heavens have spoken through This Gift of The Father’s Love, This Miracle that has, in so many ways, instructed on the Importance of human life, What it contains, and the Goal for a Portion of it, called ‘the Soul’.

We hear some individuals say, ‘Perhaps I could understand more if I felt that my body, as I know it to be, would be what would be in Heaven.’ In many ways, this statement is foolish in context and ridiculous in meaning, thus ignoring that human life is a Gift of Divine Love, first in the human flesh, and then bearing the responsibility of a Portion of The Creator. That should be so logical in meaning, understanding, reality, because of the human mind having the Gift of understanding that

human life is above all other living matter or thing, and obviously has an Importance in it that cannot be seen, but is inwardly felt.

All ages of human life have responsibility, even the youngest to the oldest. There is so much logic in all that a human being is capable of understanding, is capable of learning, doing, and of course, the innate sensitivity to there being a Goal.

Today as I speak, there are Several of Us Here. The Statement that All of Heaven wants This Gift of The Father's Love to enlighten human beings of all ages, all cultures, the Importance of human life, and that it has a different Goal, Higher than any goal that could be achieved in the human way, We hear some say, 'I can understand a goal to win on certain issues, but I also understand that there is some sort of praise or honor or prize to reach a goal.' In telling human beings of all degrees of intellect that there is a Gift of Divine Love awaiting each one's Soul, there is no greater Prize or Gift available to human life. Please remember These Words.

Each time you speak, you act, your thoughts, your needs, and what you decide when you have to make a decision that you know has a moral justice in it, you have the responsibility to choose justice, morality, over and above all other human thoughts, actions, deeds.

Needless to say, more than just volumes of books could be written on the Importance of one human life, because each human life has an Importance to it because of the Soul that it is gifted with at the moment of conception.

There will be more on this at a later time, but All of The Saints Here in the Heavens beseech you and plead with you: release All that has been given in the written form, as far away from this place where you are, because those in distant places need What has been delivered, because each human being has a Soul.

My next Statement is sad for Me to say: The rarest thought in a daily life of any human being is the Fact that within them they have a Portion that is Above and Beyond what they can understand It to be, because It is a

**Portion of The Creator that has never
been humanly seen. So be it.”**

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph.

It is important for men, women and children of all ages to fully understand that many who claim to be perfect in all they do, are only perfect in their own eyes, not always in the Eyes of The Creator.

Human life has a way of setting rules that they feel are applicable to their way of life, but they do not always clarify the rules to a degree that is unmistakable in content, discretion, obedience, facts, truths; also, the possibility of impurities that only cause one’s mind to accept all things of a demonic nature.

As I speak, I speak firmly, because it is time that human beings of all ages, all degrees of intellect, awaken to the fact that the privilege of human life is the Greatest Gift, because there is no price tag on it that cannot be in the same category as sound moral values, sound moral standards, and belief in a Creator Above all things.

I will cut this short, for *the little one* through whom We All speak has heard so much on this day from early on, her body is weak. So be it.”

MAY 1, 2001 AT 1:43 P.M.

PADRE PIO

“I am Padre Pio. I have oftentimes spoken through This Treasury of Words The Father has designed in His Love for human life.

There are so many places that practice impurities of the mind, the body, and the Soul. There are so many individuals who basically concentrate only on what is immoral, indecent, and against The Father’s Will.

I have spoken many times through This Gift. My time was to give to mankind The Father’s Will for the Souls to not be lost to the evil that an individual was surrounded by. I still speak strongly through this *little one*, but I promise her there will be a time My Presence will not be as difficult on her as it is now, and has been at other times.

Children are not being instructed on moral issues, practices, inclinations, values and truths.

Today as I speak, I speak with deep Love, and with a sincerity that

I was known by when I walked the human way.

As I close My Words, I remind you: Prayer to The Creator and to All The Saints is your Greatest Strength for the benefit of your Souls, because you see, humanistic values are not Saintly issues, but only acted out for selfishness, wrong reasoning, and personal satisfaction. I will close now and I say, *'In Nomine Patris, et Filii, et Spiritus Sancti. Amen.'*"

MAY 2, 2001 AT 1:00 P.M.

OUR HEAVENLY MOTHER

“I have many Titles. I love Them all, but when I speak at a time like this, I want My One Title to remain within your mind so you will remember the Message I give came from Me, your Mother.

The world has been Blessed by a Gift of Divine Love. Some ask, ‘Why at this time?’ We always smile at this. There have been many times in the History of human life that The Father Decreed would be Special, because of the Souls of all human beings.

Children are not being instructed on the Treasure they possess, a Portion of The Creator that has been Blessed at the moment of his or her conception. Some might say, ‘If my Soul is from God, why would It have to be Blessed?’ This is a joy to hear, because it proves that in the mental there is always a need for assurance of something being extra-special, based on truth, values and love.

Many Saints stand with Me Here today, wanting This Gift of The Divine

Love to spread in the right way, to give to every human being now, and those who are coming later, the Facts of the Importance that they are the custodian of a Soul they cannot see but they innately feel, because through their conscience they are aware of a Higher Being, and the Importance of human life, because of how they think, they feel, and also, the importance of truth in everything they say and what they hear from others, because truth has strength in it, hope.

Today is an important day, and some who read this might say that That Statement is oftentimes made. Isn't every day important? Yes, it is, but when One from Here speaks, it gives to that day a Special Gift of Divine Love, encouraging those who write the Words and those who will read the Words, to more fully understand, comprehend what a Gift of Divine Love human life is to man.

So Many Saints ask if They might speak, because Each One Here wants to participate in helping the Souls be returned to from Where They came. A Soul, to human life, is the Greatest Blessing that any living matter or thing has the privilege to have. It

is more than a grain of sand. It is a 'Living Portion of The Creator' to be returned to Him, bearing the name of the one in whom It was placed at the moment of conception.

There is so little sound instruction on important facts, reasonings, values to human life, because human life has been gifted with many abilities to learn more about what human life is all about, and that it has a Goal. Nothing else in a living form has this Gift or Advantage or Goal.

As I leave you, always remember, I am only a few, not even seconds away from you. If you think of Me, I am available. If you speak to Me, I hear you.

As I speak today, it is because you are Important, through the Gift of life you have been gifted with, a Soul, a Portion of The Creator. This Soul fills many facets of your life, because this Soul, as a Portion of The Creator, is available through your mind, and one day It will be through your sight. So be it."

MAY 3, 2001 AT 12:55 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

It is important that more men, women and children hear of This Gift of Divine Love. There is no place throughout the world that The Father has designed such a Precious, Important Gift as This One is, at This Time. We know it is difficult for many to accept, even the written Word, on a Phenomenon as Great as This One is.

So many men, women and children are constantly asking for help, personal, and for others who they feel need help in certain areas. It is important for everyone to remember that through prayer, through the communication of human life to Anyone Here in the Heavens, the communication is heard.

Human life has been gifted with so many Gifts that nothing or no one can fully understand, but it is important to recognize the Fact that a human being has been gifted with a Soul, a Connecting Link, a Portion of The Divine Creator.

So much has been directed to be put into script from This Gift of The Father's Love, that bears the Name of The Beloved Saint Joseph. It is important never to stop spreading This Gift, because there is no one in the world who should be left out of learning of their close Association to The Divine Creator.

We hear individuals say to each other, 'We are soul mates.' This means that they understand each other, they communicate well together, and they are there for the other one on conditions or situations that could be troublesome to one or the other. This definition obviously came from the fact that there is an innate understanding in human beings that the word 'Soul' has an Importance in It, with It, to It, on It.

As I close My Words, I beseech you to always remember: You are never alone, because within you, you have a Portion of The Creator given at the moment of conception, and will remain until The Father causes It in some way to return to Him.

Today as I close My time with you, it is important, All that has been

delivered through This Gift of Divine Love that applies to every facet of human life, that encourages human beings to more fully understand the Importance of human life in Divine Plan. So be it.”

MAY 4, 2001 AT 12:51 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“There are Many of Us gathered with you today, and We smile when Our Names are mentioned through this *little one*: Saint Athanasius, Saint Peregrine, Saint Dominic, Saint Rose of Lima, Saint Catherine of Siena, Saint John Bosco, and Many more.

We All smile at the View We are showing her. We are lined up. In some ways it is overpowering to her. She says, ‘Which One will speak?’ We All look at Each Other. We act this way to help her relax with Our Presence in such a Great Degree. I am Saint Joseph.

This View of so Many present at this time is important, because All of Heaven speaks through This Gift of The Father’s Love for human life, as This Gift that bears My Name is to give to all living men, women and children the Importance of human life, and that The Father’s Gift of putting ‘a Holy Family’ on the earth was to show those who would come after, the importance of family life, and the importance that

men, women and children must work together, because each one has a Soul, a Gift of Divine Love from The Father.

She stares at Us. We All smile. This Gift that has been handed to the whole world of human life, is a Gift to remind men, women and children that human life has a Purpose, and this Purpose is not beyond anyone born to the human life. The Goal depends upon what each individual practices, uses, participates in, expresses in all matters that human life is involved in, with, for and how.

We hold *the little one* tightly, because the Magnitude of Our Presence is difficult on her physical. The Power is Greater than the human mind can comprehend.

All through time, men have made decisions on the purpose for which a man was put with The Beloved Heavenly Queen, and The Son of The Creator. The only description was a human form, taking upon Himself the duties of the family life. This was Example to be imitated down through time.

All that has been put into script for others to read is of the Utmost

Importance, because It has described human life as a Special Gift of Divine Love, bearing a Portion of The Creator, that nothing else has; responsible for This Portion.

We hear some say, ‘How can I be responsible for Something I have never seen?’ This statement is in man’s terms, ‘ridiculous’, because the motivation, the logic in all that is created in the human way has dignity, necessity, and definitely a Purpose that should be natural to the human way.

So Many of Us speak, and to those who hear the Words It appears as though It is a natural phenomenon. This, of course, is the only way a human being can think, because very often a human being can only accept such Phenomenon if they see with their eyes what is taking place. To hear about It, or to say It is occurring does not fulfill their thinking, but some of the most important actions in life are not seen happening. First of all, one of the main ones is the conception of a human life in the body of another human being. It is not seen until it is at a completion state.

I will close, because what I have put this *little one's* body through, on this time revealing certain Facts, is difficult for her because of the strength I used.

I will return at a later time, and in My Love for you I say: 'As you have the Faith to believe the way you believe in This Gift of Divine Love, The Creator blesses you, I bless you, and The Holy Spirit of God blesses you.' So be it."

SAINT ELIZABETH OF HUNGARY
 SAINT JOHN OF THE CROSS
 SAINT PETER CANISIUS
 SAINT ROBERT BELLARMINE
 SAINT AUGUSTINE

There are Several of Them present: Saint Elizabeth of Hungary, Saint John of The Cross, Saint Peter Canisius, Saint Robert Bellarmine, Saint Augustine.

“We All smile. There are Many More of Us present than this *little one* could possibly see, because We All gathered to join in a Deep Love for The Gift The Father has given to the world through *one small voice*, but an *obedient one*.

All of Heaven listens constantly to all of human life. The Love that is extended through Everyone Here is to help those in a living state to become ‘Saints’. We hear so many individuals openly say: ‘I cannot believe that there is a Goal to human life. If there was a Goal, I would have a chance to see it, to feel it, to understand it, and to be

able to prepare myself in a positive, definite manner.'

When We hear a statement such as this, it is sad to Us, because the same individual is inclined to believe so much hearsay that takes place in the human way.

At this time in the History of human life, there is so little instruction on the Importance of human life, and its close Connection to The Creator of All Things. We hear so many doubters, complainers, and negative approaches to what is important to the morals, the manner, the status of human life.

It is impossible for millions and millions and millions of human beings to even imagine that human life has a Goal for the Soul. It is also difficult for many, if not most, to fathom a Soul, a Portion of The Creator, within them. Sometimes We want to shout and say, 'Use your imagination; how could all have been created if there was not a Divine Entity, Superior to all that you know!'

Children are not being instructed properly on the importance of honesty. So much is being accepted as just being part of the human role, even when it is

an abomination to the Soul or Souls of a numerous amount of people.

All of human life knows that no matter how clever, intelligent, wise, or a desire to have attention, could so much be revealed through *one voice* and say It was from Heaven.

In many ways there is celebration¹ today in a personal form, way, manner, degree, because this is part of human life, the human way, to give thanks for being born.

As We look across the world at this moment, there are hundreds of little ones being born. All will not have the opportunity to be instructed on the Importance of human life, and how they will be treated will be according to the circumstances of the area in which they are born to life.

It is very important that All that has been delivered be sent throughout the world, irregardless of whether It is accepted or unaccepted. At least give them the opportunity to have the Communication that perhaps one day will help someone, or many, more fully

understand the Closeness that Heaven is, in all Aspects of It, to mankind.

We also celebrate today¹, because as a child *the little one* did not know what Responsibility she would face at a later time, but today as We All stand close, We assure you that your Soul is happy for This Gift of The Father's Love, because through It you have learned to more fully understand how close you are each day to The Divine. So be it."

SEVERAL SAINTS

“There are Several of Us present. It is The Father’s Will that All of The Saints Here in the Heavens partake in This Gift of His Divine Love for millions of Souls that are to one day be returned to Him in a State of Glory.

This, to mankind, is not understandable, because it is difficult for human beings of all ages to fully comprehend that human life was created for a Goal, the Goal different than human life is accustomed to. The Goal, of course, is for the Soul.

We hear some ask, ‘What is a Soul?’ A Soul is a Portion of The Creator, unlike any other thing that mankind can relate to, but nonetheless, the Soul is given at the moment of conception to every human being.

If, in the womb, the infant dies, the Soul is returned immediately to from Where It came. If the infant arrives at the point wherein it becomes a normal living Gift of Divine Love, called ‘human being’, the Soul then, as It remains within this human being,

the Soul is a Caretaker, responsible for many things; and the one in whom the Soul is, for everything that individual does, the Soul is accountable for it.

That is why it is important for human beings of all ages to understand, that the Soul that they do not see, cannot feel, because It is a Portion of The Creator, is in many ways, the Greatest Gift The Father could give to any living matter or thing, because the Soul, as a Portion of The Creator, oftentimes saves the life of the individual in unknown circumstances.

There is so much more to be talked about on this Living Gift of Divine Love, difficult even for some so-called 'theologians' to fully understand, but nonetheless, the Soul is an Important Factor in the life of every human being.

I know to some My Words will not seem clearly spoken, because they have to accept what they cannot see, cannot feel, but the Soul is Real. Think of this: Can you touch The Father? Can you touch The Holy Spirit? Can you touch The Heavenly Queen? No. So if this Soul is a Portion of The Creator, then is it not realistic that you cannot

physically feel the Presence? But the Soul is more than just a Gift. It is a Portion of Divine Love, separating human life from all animal life, and giving to human life a Goal. Even the smallest intellectual human being innately feels that human life is different than anything else, different than a bug, different than an animal.

That is why it is so important for children, at a very young age, to be instructed that as a human being, they are Special and have responsibilities. Responsibilities are to protect a Certain Portion of themselves they cannot see, cannot feel. The Father, The Creator, gives This Portion of Himself to every living human being, to be returned to Him, bearing the name of the one in whom It was placed at the moment of his or her conception.

That is why it was important at one time for The Rules for life to be put into script, so that human beings would have the abilities to know and to recognize what would be pure in thought, words, deeds, actions; also, what would be honest, what would be truthful, and of course, justice has a very important place in this whole situation of how a human being was

given so much more than any other living matter or thing.

We hear some individuals talk about highly educated individuals. It does not take the type of education that mankind assumes to make them Special. It takes Faith in The Creator. It takes love for the privilege of becoming a human being, having a Goal Higher than any other thing.

So much has been given through This Gift of Divine Love, to enlighten the minds of millions of men, women and children, on not just the duties of human life, but the Importance of human life, because it has a Goal to return to The Father, the Soul, bearing their name. The Glory is indescribable, the Divine Love impossible to comprehend, but the Logic is evident, because through the Divine Gift of the mind of mankind, the intellect is able to discern right from wrong, good from evil, love from hate, and yes, the Logic of a Creator that is Far Greater in Concept, in Ability, in Reality, than man. So be it.”

SAINT BENEDICT

“I am Saint Benedict.

There is a great necessity for men, women and children to begin to realize, and then practice the importance of morality.

Throughout the world The Commandments of The Creator are being disgraced in so many ways, by so many individuals who are thoroughly ignoring the Reason and the Purpose for which These Rules for human life were given.

It would be easy to pick one Commandment and tell you the number of sins, at this moment, that are being committed in many areas of this Commandment. It is the Sixth Commandment. It is sad when We see such disgraceful behavior practiced by so-called ‘intelligent, moral’ human beings.

Another Commandment that there is much abuse to, and that, of course, is: *Thou Shalt Not Steal.* So many individuals feel that this

Commandment only covers monetary measures, but that is not true. Many times the reputation of another human being is abused, stolen, because of jealousy, and many other weaknesses. This Commandment has many sins, because of lust, anger, hate.

Today as I speak, I speak as a Saint. I, too, once walked the earth in a human form. It is important that there is more emphasis in homes, in public places, on what is morally decent, morally correct, because through human life people of all ages should realize that The Commandments were only really delivered for human life. Animal life was not included.

Today is an important day in the life of every human being living, but it is also a very important day for the Souls of those who have passed away, for do not forget, retribution must be made.

It is sad for Me to say there is too little prayer for the Souls in Purgatory or in Hell. Granted, no one knows just where, the ones they loved or knew, or even strangers to them to a degree, but it would be an Act of Faith in The Creator, and an Act of Love in

thanksgiving, knowing you have the ability to pray for the Souls of those who, perhaps at one time ignored the full meaning of sound morality.

I could speak hours on the importance of the need for all who now live, all ages, to recognize that what is right as you live, what is pure as you live, what is good, what is sound, must be remembered, because the Soul is the recipient of all an individual partakes in, acts upon, and causes others to respond morally or immorally, purely or impurely, just or unjust, right or wrong.

Volumes could be written on the importance of how an individual should look at each day, but in reality, the basics have already been explained, and as I leave you I say, ‘All you are example of will one day be seen by you in a different way.’ So be it.”

MAY 9, 2001 AT 2:07 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother. We All smile when this *little one* We All use, joins in conversation on different subjects, usually to point out a point that is important to the Souls, to the mind, to the abilities, and to the practices of those present, and those who are not present who will read What is spoken.

Children are not being instructed properly on sound reasoning regarding their mind, their reputation, and especially their Soul.

All The Saints enjoy speaking through This Gift wherein the Words are put into script for thousands to read, because All that is being delivered through This Gift of Divine Love is meant for the Souls of all races, all colors, all creeds, and yes, all degrees of intellect that, basically, sometimes feel free to speak impurely.

When the world of human life receives a Blessing of This Degree and is allowed to put It into print for millions to see, to learn from, and to

be able to practice accordingly, many who read the Words are surprised, even amazed that Heaven would speak this way.

Throughout the world This Gift of Divine Love is needed, and *the little one* through whom We All speak oftentimes asks: ‘How can this be done? Should not all know What You Will them to know, What You want them to see, What You want them to follow, because of the Soul they are the custodian of?’

Today is an important day in the lives of millions of people, but it is sad to say that only a handful will realize this fact and the meaning of it, because there is so much preoccupation in the lives of all ages of human beings.

Every Word that passes through This Gift is to strengthen the values of all who will read What is spoken through *one voice*, but delivered by Many, Many Saints. Very little that is put into script can be said to be difficult to understand. It is very easy to understand the sound logic and the clarity of the Words, because the subjects are a part of daily living.

As I leave you, I bless you, those who write My Words; and All of Us Here in the Heavens feel it a True Gift of Divine Love, when We are chosen to share in This Gift to mankind that has been made to awaken the mind to all that an individual does, thinks, says, and that each thing is important because of That Portion of The Creator, the Soul, Who is to be returned to Him in Heaven.”

MAY 10, 2001 AT 12:48 P.M.

SAINT PEREGRINE

“I am Saint Peregrine.

Everything created has a purpose, many times not fully understood, but nonetheless, eventually the purpose is evident.

Today as I speak, I speak with a deep concern for every living human being. The Father has given to the world the Greatest Gift He could. He has instructed and is instructing human life on the Importance of it, the Reason for it, and the Goal that each human being has awaiting their arrival.

Today is important, yesterday was, and tomorrow will be.

Throughout the world there is too little understanding on what human life was created for, and its major responsibilities. The Father would not have given responsibilities to human life if He did not put a conscience, understanding, sensitivity, logic, and a mentality. All these things help individuals to realize and to

understand all facets of what they say, do, think, or become a part of.

All of The Saints Here in the Heavens take Part in This Miracle of Divine Love that bears the Title of The Beloved Saint Joseph. His Position in the human way was one of Honor, Dignity, Responsibility, but the Real Facts, Understanding, Truth behind Him, was and is, that He is The Holy Spirit of The Creator of All Things.

Too little is being instructed on the importance of morality. There are too few human beings dedicated to helping others more fully understand that human life has a Goal, and that each day is important morally, mentally, physically, spiritually. If this were not so, why would human life have a conscience and an innate understanding of what is right over what is wrong, what is truthful over untruths. The list is endless.

Today, what I have spoken is to encourage all ages of human life to first be aware, and then practice only in the ways that will be beneficial, thus ignoring all that is pleasing to the enemy of The Creator and man.

There is so much more to be spoken on this subject, but as I close My Words today, I say: ‘Every human being is aware that there has to be a Divine Creator. It is obvious, because of all that has been created that no human being has the power to do.’ So does not this Statement of Fact help you to understand that there is a Goal that awaits each human being? And I promise you, That too is a Fact. So be it.”

MAY 11, 2001 AT 1:02 P.M.

SAINT MICHAEL

“I am Saint Michael. It is with deep interest, concern, I have been asked to speak today, for My Words to be put into script to be read by millions of people of all ages, all degrees of intellects, personalities, intentions, hopes, desires, and many other things.

The world has been Blessed by This Gift of Divine Love that bears The Name of The Beloved Holy Spirit of The Creator. It was also used at another time to a Great Measure, because He was selected by The Creator, to be The Foster Father of The Son of The Creator, and a Protector for The Holy Mother of The Creator.

In giving to the world of human life, a Family Unit of so much Dignity, and also with so much Divine Love, it is sad to hear individuals ignore the Value of What they have received through what would be called, ‘a natural phenomenon’.

***The little one* The Father uses and The Son of The Father uses, and The**

Holy Spirit of The Father uses, and All The Saints have the privilege to use, is subject every moment of the day to listening to What They desire to say for the benefit of the Souls of millions of human beings. Though this may be difficult for some to understand, it does not erase the Value, the Truths from the Words; in fact, it should sometimes frighten many human beings to be subjected so closely to The Divine.

I could speak hours on this subject, and *the little one* through whom I speak knows this. Mankind has been Blessed abundantly by This Gift of Divine Love, by All that has been taught, All that is being taught, and All the obvious logic in All the Words.

As I close My Words at this time, I remind you, respect for The Miracle of The Beloved Holy One, called ‘Saint Joseph’ in the human form, is truly The Holy Spirit of The Creator. Now logic should tell all of human life that The Father would use This Particular One to be The Foster Father of The One He calls ‘Son’.

As I leave you on this day, I remind you: Human respect must

constantly be observed for other human beings, because if it is not, it would be impossible to respect what you cannot see, you cannot feel, you cannot hear. Logic shouts out: Human life has a Purpose and responsibilities. Abide by them, because in each human being there is a Portion of The Creator. It is called 'the Soul'. So be it."

GOD THE FATHER

“There is so much more to be revealed through This Gift of My Divine Love for all of human life.

No man, woman or child should not hear of This Gift of My Divine Love, because in many ways, It will give them more understanding of My Purpose for human life, and that is to return a Portion of Me to be with Me for All Eternity.

This is My Love for this Creation of Mine: to share All I Am for All Time to be. I love each one born in the human way. It is because I created human life to share My Divine Existence and Love for All Time.

Remember Me each day, because you are never without My Being with you at any time during one day.

I Love This Creation Of Mine, And I Want It Back To Me, Pure In All Ways.”

SAINT PEREGRINE

“I am Saint Peregrine. There are Several Others standing Here with Me. It is a Beauty to see, because as All of Us are present, listening, watching out for, and contributing to The Father’s Love for human life, as We join in This Gift, Each of Us finds the Beauty that no human being can feel or fully understand.

The Soul, as a Portion of The Father, responds immediately to Our Presence when it is in such an open way. Granted, no human being can see their Soul; It would be a Sight indescribable and not understandable.

Today as I speak — and All The Others Here with Me smile each time this *little one* is approached by One of Us — her response is immediate, and she waits for the Words that pass through in a manner and a way, unable for the human mind to understand, who watch this occur, but it is obviously The Father’s Way of wanting to save Souls, and He uses All of The Saints through This Gift of His Divine Love,

not just to enlighten men, women and children, but to give strength, more understanding about the Future that He has planned for the Soul that is a Portion of Him, that at one time walked through man.

My Words may be difficult for some to understand, but I am sure, eventually It will be seen for the Importance of Them.

Today, throughout the world there are men, women and children asking for help on some manner of action, or for some hope to help them through a crisis of some sort.

Prayers are heard. Never forget this, because the communication between human life and The Divine is always heard, not in the manner you understand hearing, but because of the Magnitude that The Divine has in Understanding, in Abilities, and the Care. No prayer is unanswered, and though it may appear that the request is denied, there is always something else given, because of the Faith of the individual who had the courage to request help from What they cannot see, they cannot hear, but innately know It exists.

As I leave you, be assured, you are never alone. Even though you cannot see your Guardian Angel or The Saints Who surround you, you are free to call on Them and They will hear. So be it.”

MAY 16, 2001 AT 12:02 P.M.

GOD THE FATHER

“As I hold all things in place, I mean by this, the world and all the planets, plus all other things associated with these areas of importance.

I created human life to understand that within this Creation of Mine, I placed a Portion of Me, so that human life would have a greater understanding of the Goal I have given for it to attain, and that is a Portion of My Love, My Way, My Existence, to be returned to Me, a Saint.

Even though human beings cannot see this Gift of My Divine Love, they are consciously aware that as a human being, there is an Importance to their very existence. This, of course, is the Soul of each one that is a Portion of Me, My Love and My Will that gives to human life a Special role.

I have given the world of mankind a Miracle. Some say, ‘What kind of a Miracle are You speaking of?’ It is My Constant Closeness to human life that encourages human life to see right over wrong, purity over impurity, love

over hate, and reasonability through these Gifts of My Divine Love, for them to better understand there is a Goal for the Souls of all living human beings. I will speak more on this at the appropriate time.”

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

What is termed ‘morally’, ‘purely’, ‘legally’, ‘illegally’, are many times just the concepts of how an individual understands people or situations or conditions.

Today as I speak, My Words are to encourage all ages of human life to concentrate on what is morally sound, morally appreciated, and morally, how The Father will wish, hope, that each human being would make a habit of.

The word ‘moral’ is rarely used, because there is so little concentration regarding the actions, the intentions, of what human beings associate their lives to.

Today as I speak, if I were to allow you to see with your eyes all of the immorality that is taking place at this moment, you could not stand the sight, you could not stand what causes human beings to act in this manner of living.

Morals, in many ways, are no longer an issue, and the young are not being instructed properly on why morality is important. Throughout the world there are many men, women and children who suffer physically and mentally because they are the recipients of so much immorality, indecency, impure acts, actions, speech.

The world has been given a Miracle of Divine Love from The Divine. A Gift such as This is, is of the Utmost Importance to all ages of life, human life that is.

Today, so few men, women and children are accustomed to thinking pure thoughts, because there is so much diabolical displays on subjects of abuse, moral abuse. It is an acceptable thing, very little rejection. We hear some say, 'It is common in our day.' 'Common', in some ways, is a good word to use, but does not describe the ugliness of the impurities mentally, physically, morally.

It is difficult for Many Saints to speak so openly on a subject such as this, because We All know that all ages of human life desire to hear what is

beneficial to them mentally, physically, morally.

One child, one voice, can change the lives of many people through disobedience, arrogance and practice in all that is indecent.

In This Gift of Divine Love that so much has been revealed, put into script, it is important that human life of all degrees of backgrounds, read What has been given and use It to the advantage of their mind, their body, and of course, their Soul.

All of The Saints Here in the Heavens speak through This Special Gift The Father has given, because at this time throughout the world, and it has been for a very long time, the minds of human beings have accepted so much impurity of the mind, the body, ignoring the Soul totally.

Before I leave, I say: ‘Take five minutes each day, and as you go through the five minutes with remembering what you might have done to harm your Soul in some way, you have tomorrow to make amends for it, but the day will come, and physically you will not be able to look at the ability to make amends in a way that is natural

to you. It is important that each day prayer requesting help to be stronger morally, mentally, and to be more of an asset to the lives of others, because they, too, have a Soul.'

We hear some say, 'If I have a Soul, why can I not see It?' Let Me put it this way: Logic says that God Exists. You do not see It, you do not see Him. Then does this not tell you that the time is not yet right for you to visibly see All there is? But the day will come, and hopefully you will be prepared to be called 'a Saint', because in your way of life, you valued all that was decent, moral, pure.

I could speak hours, but what I have spoken is hopefully to make you think more indepthly on what a Treasure human life is from the moment you were born. So be it."

MAY 16, 2001 AT 4:35 P.M.

GOD THE FATHER

“Time is an important facet of human life, because it allows the mental and the physical to be productive in so many ways and on so many important issues. It also allows human beings to become more learned in the Importance of this Gift of Divine Love, due to all human life is capable of achieving, and more understanding regarding this Gift that was created to one day return to The Creator in a Way and Manner to fulfill the Purpose for which it was created, a Goal to human life that is seen as Special, Important, and Worthy in many ways. It is the Main Gift of human life.

The so-called ‘normal attributes’ of the human mind and capabilities of human abilities have much responsibility, because it is through them this life is useful, and innately bears hope, talents, interests and abilities that no other living matter or thing is the custodian of, making human life superior, more important, and promised a Future because of the

innate Gift that is a Portion of The Creator, called ‘a Soul’.

The Gift of life is a Treasure beyond any physical gain or ability.”

MAY 17, 2001 AT 11:59 A.M.

GOD THE FATHER

“The time has come for millions of human beings to better understand the Gift that human life is to man. It has Purpose, Goal, and a Privilege above and beyond what any other living matter or thing has the privilege to have.

I have given all of mankind a Blessing of Mine, to help them know and better understand that there is a Goal for human man, and that is, to return to Me That Portion of Me that I gave at the moment of conception, so that human life would innately know the Close Association and Connection each one has with Me.

Faith in My True Existence is evident in many, many ways. Human life is a Gift of My Divine Plan, and must understand that, through time, I enlightened each age of human life to more fully understand the Importance of Who I Am, and that man, as a Creation of Mine, is gifted with a Goal that nothing else has.”

MAY 17, 2001 AT 1:05 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

The expression ‘humanism’ does not mean that all human beings, in all they do, are acceptable to Divine Way and Will. To be a human being is natural and has privileges. The Main Privilege is to one day return one’s Soul to The Father, a Saint. Another privilege of human life is to be able to learn many things, and to become a part of so many avenues wherein the mind of the human being is not just stimulated, but lends to much progress physically, in many things.

Children are not being instructed on all the Gifts of human life. There is more emphasis on behavior, according to those in charge. I suggest that children begin to learn more about the privileges of human life, on subjects, in ways that stimulate the interest in the mind for better things to be accomplished.

Children in many ways are cast aside, because they cannot speak in the same degree those who are older

speak, but children have the ability to learn quickly and imitate. This is an asset, if it is allowed to be.

Children throughout the world can be victimized by those who do not see the interest that a child has in important things. Oftentimes it is ignored, because the older individual is not interested at the moment, or in the subject.

There is not enough being spoken or instructed on the Importance of human life, and that it was created by a Divine Being, not human, but the privilege to be born is through another human being.

I could speak hours on this subject because human life is of the utmost Importance, because it is the custodian of a Soul, a Portion of The Creator, never seen until a given time when the physical no longer is evident.

As you are Blessed through your dedication, remember: Your Soul is the recipient of all you partake in, and your Soul is pleased in your desire to serve The Creator, in helping others to understand the Importance of human

**life, and the Importance of being man.
So be it.”**

MAY 18, 2001 AT 1:03 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. As I speak, there are Many Others Here with Me. The Greatness and the Magnitude of The Father’s Love is beyond human comprehension. All of Us Here in the Heavens wait to be called, to partake in helping Souls return Here with the name of the one in whom They were placed.

Children are not being instructed on what is morally right, in keeping with The Father’s Will. Throughout the world, there are so many misinterpretations in the human minds of individuals, because egotism and the desire to be known supersedes the sound reality of the Existence of Divine Understanding.

In the beginning of time, men, women and children did not have the privilege of knowing all there is to be known regarding what a great Gift of Divine Love the human body and mind was, and is created for. It took a learning stage, but nonetheless, even in the learning stage, there was

an innate understanding that, at that time, was not openly discussed.

Today as I speak, there are thousands of men, women and children who do not fully understand that there is a Goal to be attained for the Soul they were gifted with at the moment of their conception. They do not know this, because they cannot see the Soul, they say. They are more apt to see only the human evaluation because of the human body, the human mind, and of course, all they are associated with in so many areas, that many with whom they are, never discuss the Future of human life, what it was created for, and the need to recognize this, because of the Goal for the Soul that The Father Wills return to Him, a Saint.

All of The Saints Here in the Heavens desire all who are upon the earth in the living form, to fully understand the Importance of human life, and that they have a Portion of The Creator within them. Though this is difficult to understand, it is obvious, because right over wrong, good over evil, purity over impurity is obvious when one acts or participates in actions.

The human mind is a great asset, because it is through the mind that a human being fully understands. The arm does not tell what is right over what is wrong. The leg does not say what is right or wrong, but the mind is endowed with sound realization, whether it is an educated mind or just associated with close associations with other individuals.

Compare this to a cut on the arm. It immediately hurts, it pains sometimes, it bleeds. There is reaction here to the physical that is obviously harmful. The mind is part of the physical, so the mind, in many ways, can be compared to all these other things, because the mind responds quickly, immediately, promptly, in understanding when something is impure, unjust, or totally demonic in some instances.

Volumes of Words could be written on this subject, but The Father has Decreed that in All the Revelations passed through This Gift, be given in a manner and a way that is not too difficult for men, women and children to be able to understand. Oftentimes, the practicality in the Wording speaks

so implicitly, there can be no mistaking what It means.

As I close My Words with you today, I beseech you: make a promise that one day, at a given time, you, through all you have lived, all you have done, Sainthood will be yours to enjoy for All Eternity.”

MAY 21, 2001 AT 12:46 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph.

So much has been delivered to men, women and children regarding the Importance of human life.

At a given time, when I walked with The Holy Queen, The Heavenly Mother, much had to be learned by those who We were acquainted with, and others who were just learning about The Divine Creator. All the Stories that have been put into script are not complete in content. It would have been difficult to accomplish this, because in the human mind it was only capable of speaking in what the human mind could understand in relationship to his or her knowledge of the human life of man.

Today, throughout the world there are so many heresies and so many diabolical differences in opinions, actions, theories, instruction, usually based on a humanistic evaluation, irregardless of how incorrect so much of it is.

It is a privilege for human life to be alive at this time, thus being able to learn more about The Divine, not an individual's perception, conception, or ability to define how they imagine all the Facets of The Divine. So much has been delivered and put into script regarding the Magnitude of The Creator of All Things, and also the Importance of the lives of so many who accompanied The Son of The Creator, and of course, born in a natural form of Those Who were More than just human beings at a given time.

As some theologians read These Words, they will find the Words in a human imagination. This is sad for Me to say, but going back two thousand years, the real script on all that occurred was oftentimes construed in the manner, the degree, the way, that was possible for individuals in their language to discern.

Human life is truly a Gift, not just the body, not just the mind, not just the sensitivities, but all of this surrounding a Divine Gift, called 'a Soul'. Though it is difficult for many individuals to even imagine such a Connecting Link to The Divine, a Connection impossible to fathom in

the human mind; nonetheless, it is true.

Every day, to every human being, is a Gift of Divine Love. Every kindness, every act of hope, and all the purpose in doing things purely, logically, generously, reflects in one's Soul. The Soul is a Magnet for all that is good, because the Soul, as a Portion of The Creator, truly exists within each human being, and is the recipient of the good or evil of every thought, every act, every word, every deed.

This is impossible for some to understand, but logic, in its true sense of the word, puts into life the beauty of all that is sound, realistic, factual and beneficial.

I could speak volumes at this moment, because human life is the Greatest Gift, because within it, it carries not just what you would call a resemblance of The Creator, but 'a Portion of The Creator', unseen but obviously present, always encouraging purity over impurity in every act, thought, word, deed. We hear some individuals say, 'My conscience seems to overpower me sometimes, but I still make mistakes and choose the wrong.'

This Time in the life of human beings has been given a Gift Greater than anything they could receive. It is a Time of Instruction, a Time of Learning, a Time aiding everyone to more fully understand that in one day, all actions, all thoughts, they are accountable for, because of the importance of their responsibility for a Portion of The Creator being within them, called 'the Soul'.

Needless to say, some will read These Words and benefit by Them as it is Willed to be, others will sometimes procrastinate, and this is sad to see. Truth has strength in it that all human beings are capable of accepting, using, and always realize when they are abusing it.

I could speak hours on this subject. It is important that children, and every age of life, understand that to be able to read and to write, to be able to speak and think, to be able to make decisions, right over wrong, pure over impure, is a Gift of Divine Love, so that each individual will understand that if they are capable of decisions in their own will, way, there has to be an Important Goal for Something within them. There has to be a Reason for

the ability to make decisions that have reason, not risk; purpose, not just casual misunderstandings and careless attitudes, not looking at the importance of what a human being is capable of, and that it has to be a Gift beyond what is natural. It has to come from a Higher Authority, because Divine Love is always Present through the Soul, and it is through the Soul that an individual knows what is pure over what is impure, what is right over what is wrong, what is truth over what is untruth, what is good over what is evil, what is love over what is hate, and that there has to be a Judgment Day, because of all the knowledge a human being is capable of being responsible for.

As I leave you, I bless you and I say: ‘God is with you every moment of every day. Human life is Blessed beyond what the human mind can perceive a Blessing to be. It would be nice to remember to thank The Father every day for the Gift He gave through His Manner of Love for this creation of human life, because of the Soul that each one is responsible for to Him, at a given time, on a given day.’ So be it.”

MAY 22, 2001 AT 1:15 P.M.

SAINT THERESE OF LISIEUX

“I am Saint Therese of Lisieux. All Here in the Heavens are so pleased with This Beautiful Gift The Father has given to mankind at this time when there is so much evil throughout the world and very little sound instruction on moral values, standards, for the sake of humans in all degrees of life, all areas of understanding, that they are the custodians of a Soul, a Portion of The Creator, that is to be returned to Him at the time chosen by Him, in a State of Purity, for the Soul to return back to from Where It came.

We hold this *little one* deeply, for the physical in many ways is beyond what a human mind can understand it to be. Exhaustion is but a word, but it is important to more fully understand, Responsibility bears a burden when one walks for The Father in a human stand.

So much has been spoken regarding life as a Divine Gift of Love. Human life bears a Portion of The Creator. There is no Greater Love or

Gift available to human life, no matter what degree of intellect, or talents, or other abilities they may thrive in, or be superior in.

We hold her tightly, because the physical is spent to a limit not understandable to other humans, but it is beyond what any human being would be capable of existing with, because of a Power such as This is, is beyond what the human body could fully partake in without collapsing.

I show her a group of men dressed in the garb of a long time ago. She hears them expressing their understanding of a Creator, but by their words, they show her they do not fully know.

To some individuals, to be important in the eyes of others is important and oftentimes abused, but through this *small figure* used by The Father, this is not so. All of her thoughts are to please only Him in the world of human emotions, practices, understanding and knowledge.

If I were to let go of her at this moment, she would collapse physically because of the Power that is passed through her is Greater than mankind

could ever be aware of; only she knows.

I will add a very important subject to what I have spoken. All that has been delivered and put into script must never cease being passed amidst and to thousands, even millions of human beings, because there is no place in the world so much has been and is being delivered, explaining to human beings the Importance of human life that bears a Portion of Divine Being.

As I close My Words today, you must understand: If you believe in The Creator of All Things, you have a responsibility to fulfill His Will by spreading throughout the world All that has been delivered. There is no place that has so much Love for human life and Instruction on the Importance of the Soul.

I will add one more Note: Though many religious beliefs honor, in their way, a Divine Creator, it is important that through This Gift they learn through the written Word, that human life was and is yet being created to fulfill The Father's Will regarding the Importance of the Souls that He wants

returned to Him, because each Soul is a Portion of Him. Without a Soul, a human being would be like all other living matter or thing, but the Soul is that Connecting Link to The Divine, The Creator of All Things. So be it.”

MAY 23, 2001 AT 1:00 P.M.

SAINT CATHERINE LABOURE

“I am Saint Catherine Laboure.

There is so much resistance to what is morally sound, realistic, pure, and based on The Father’s Will for human life to more fully understand that within each human life created, there is a Goal beyond what the human mind can perceive or understand. If this was not truth, then human life would have no Goal, no incentive to practice morality over immorality, and there would be so much despair in all human life, because it is a Goal that gives to human life, that is a Goal of Importance, Achievement. It is innate in a human mind to desire to reach for a Higher Place; even as a human being it is innate.

It is sad to see so much despair amongst men, women and children, lacking so much incentive to achieve, to grow, and to base their lives on the Purpose for which it was created: to return to The Creator, a Saint. There is so much to say on this Fact that is oftentimes dismissed, because for

some it is difficult to believe in The Divine as It Truly Is.

The Father has given to the world a Gift of Divine Love above and beyond what most human beings truly understand, and that is, He is allowing Saints to speak in a manner and way that is understandable to other human beings. The Father Who created All things, allows This Gift of His Divine Love to be more understandable to the human mind, because logic says that to think of The Divine is to feel Something so far above and beyond what the human mind can comprehend in Its fullest degree.

Children should be instructed that they were created for a Purpose, a Goal that would give them Happiness for their Soul, and that the Soul, as a Portion of The Creator of All Things, is The Father's Will to have It return to Him and It be called 'a Saint'.

Volumes could be written on this one subject, but if volumes were written, so many men who feel learned on so many subjects, so many women who feel exceptionally understanding of so many subjects, would end up interpreting things in totally a

humanistic evaluation. That is why The Father, in His Love for human life, gave to human life This Miracle of Divine Love, because human life came to a point, a standstill of understanding the importance of The Commandments, the full meaning of Them, the reason for Them.

Today as I speak, I speak with deep Love for human life, because it is a creation of The Creator, and each Soul that is within each human being oftentimes pleads with The Father to help where it is needed.

So much could be spoken, instructed, but the human mind desires to cope with only a degree understandable at that moment, or at that time, and that is why This Miracle of The Father's Love for human beings of all degrees of intellect is so Important, because Each Saint Who has spoken and Who will speak, cares intensely for the Souls of every human being alive.

As I leave you, I ask you to say a prayer when you awaken to face another day:

‘Father in Heaven, please help me to be aware, that as I exist in the human form, I will understand more fully that within me I have a Portion of You that is to be returned to You, a Saint, and that is what I want to do.’ So be it.”

MAY 24, 2001 AT 12:55 P.M.

SAINT JOHN OF THE CROSS

“I am Saint John of The Cross. There are Many Here with Me today, and Each One desires to speak because of the Importance of so many Souls that are the victims of the weakness of those with whom They were placed at the moment of conception.

The little one sheds tears because of what We show her today. There is but a handful of people throughout the world, in every vocation of life, that truly understand or are sensitive to the Importance of human life.

So much is taken for granted, and this is what the enemy of all things uses to weaken the understanding on what is morally right, important, and in The Father’s Will. There is a ‘great battle’ going on every day, and the enemy of all that is good uses every form of attention, drawing individuals away from the importance of what is morally sound, and of course, what The Father Wills for the Soul of each human being born.

The tears *the child* shows are My tears, because so many times when We are allowed to speak, We know that the Message is deeper than those writing It or reading It will ever understand, because of the human mind of man.

I speak differently on this day, because of the Importance of This Gift of The Father's Love that is not being seen in the Greatness It is. Everything is so humanistic in value, perception and acceptance. There are Many Saints Who daily ask The Father to speak through This Gift of such Importance, for the Souls to be returned to The Father in a Pure State, as They were once given.

Many of Us are present now, and We show her a street. There is much chaos on the street, much vulgarity, much hate, much indifference, totally diabolical in practice, with no concern for the Souls they are the custodians of, and are to be returned to The Father, Saints.

Believe it or not, I cry with *the child*. The sight she sees is horrible. She wants to scream 'Stop!' but the reason We show her this, and it is to be written for others to know about it, is

that so few men, women and children see what is occurring that is diabolical in all facets of it, and that the Souls of hundreds, even thousands of people are abused by the impurities and the ugliness in pleasing the enemy instead of The Creator.

I will close My Statements soon. It is too much for her to handle.

The world has been Blessed in many ways; first, by learning that The Son of The Creator of All Things, a Portion of The Creator, came to the earth to lay the Ground Rules for many important things. To so many, that seems like the only time that this has occurred, but through time The Father has given to mankind, ‘individuals’ who walked a very tight line between evil and good, good and evil, right and wrong. The only attack on this was to try to destroy the individual who was so obviously acting in a manner pleasing to The Creator of All.

I release her slowly, for what she has seen has tortured her mentally. It is a sadness when this must be done, because the human body, when it is in a State of Grace according to The Father’s Will, cannot bear to see the

ugliness that abounds throughout the world, accepted as humanistic, thus saying it is not dangerous to anyone, anything, thus ignoring the Fact that every human being has a Soul, a Portion that is to be returned to The Father after enduring the human role.

If all that this *little one* sees, many times, was put out in the open for thousands to see, some would die from the sight because of the ugliness that only the enemy of The Father and man has the strength to perform in so many ways.

I am forced to bless this *little one* in The Father's Way because of the horror that she has seen, and what I had to say, because without the Blessing she would want to run away.

It will take her three hours to fully return to how she should feel, because the pain of what she has seen would be unbearable on the body, the mind and the Soul. So be it."

**SAINT PETER CANISIUS
SAINT ALPHONSUS LIGUORI
SAINT DOMINIC
SAINT MARY MAGDALENE
SAINT JOHN OF THE CROSS**

There are Several of Them Here. One is Saint Peter Canisius, Saint Alphonsus Liguori, Saint Dominic, Saint Mary Magdalene and Saint John of The Cross.

“In This Gift of Divine Love, The Father has so generously shown His Love for human life by allowing so Many Saints Here in the Heavens to speak in ways to aid others who are yet alive, to more fully understand that there is a Goal to the life of man.

This should not be difficult for human beings to understand, because from childhood on, it is innate in human life to reach for something more, something better, something more worthwhile, also to increase the intellect on many subjects and become more aware of what is important to the human life.

As We All stand Here looking at *the little one* through whom We All speak, she cannot distinguish certain facets of Our Appearance. At this We smile because, do not forget, We are All Saints, and there is a difference that occurs when the human part of life ends, and the Goal for which it was created is earned.

This Gift of so much Instruction that has been given to a small area of space wherein a number that can be counted to hear the Messages, put Them into script or become aware of What was spoken, is much smaller than We would like it to be, but We find it necessary because of the manner in which so many human beings do not, cannot, and refuse to fathom a Miracle of This Degree.

Human life was created with a Goal for the Soul that is a Portion of The Creator. Now, needless to say, The Creator needs no goal, but the Soul is a privilege given only to human life, because human life was created and is created to the Image and Likeness of The Creator. Granted, this is not in the figure form, but there is a Connecting Link that is a privilege for human life that no one can see, no one can feel,

or fully understand, but human life knows what is moral, what is immoral, what is just, what is unjust, what is truth, what is untruth.

The innate understanding that human life was gifted with, in so many areas, is more than just a Gift; it is a privilege, and also, in this privilege The Father released His Purpose for His Creation of human life, saying to each human being: ‘I have placed a Portion of What I Am in you. Return It to Me with your name.’

The world of human beings ignores many important things, but This is One they should not ignore, but should always remember that it is a privilege to be born a human being, because it has the privilege to return to from Where It came. Human life calls it ‘Sainthood’. It is a perfect Name, but in reality, It is Greater than that.

Remember the Words I have just proclaimed. So be it.”

SEVERAL SAINTS

“There are Several of Us present.

The Words I am about to speak, perhaps you have heard Some of Them at another time: ‘You do live in a time worse than Sodom and Gomorrah.’ This Statement to some means nothing, but in reality, in value, in truth, honesty for the human mind, it should mean much.

It is sad for All of The Saints Here in the Heavens to see so much resistance to belief in a Hereafter, a Goal. Most of Us Who speak through This Gift of The Father’s Love find that Our Words are oftentimes dismissed. This is sadness for the Souls of those who need All that is delivered through This Gift of Divine Love.

We hear individuals say: ‘How can I have a Soul? I don’t see It, nor do I feel It.’ Yes, you do. You know right from wrong, good from evil, purity over impurity in many, many facets of human life. This alone says that human life has been gifted with the ability, the logic, the sensitivity,

the understanding of what is morally correct, morally impure and immorally desecrating to one's whole being, plus the Portion that cannot be seen.

All of The Saints Here in the Heavens plead with The Father to show some sign of all that is wrong, impure, desecrating to the Souls, plus it is desecrating to the human mind, but the Soul is 'the victim' in the long run, in the end, when human life can no longer breathe, think, act or participate.

So much has been stricken from the records of what is morally sound. The Father has given to human life a Set of Rules, passed from Him through another man. At that time They were put in lengthy detail, and then human beings of all degrees of intellect shortened Them so They could be learned more quickly, thus disregarding that in shortening Them, the in-depth meaning of Them was cast aside, no longer a portion of the full meaning.

Each day We see all degrees of human life watch a calendar for the date, the year. They look at an instrument that gives them the hour.

To most, these are the most important things to keep them straight on the practice of what they are used to doing. It would be wiser to have present in every room where every human being exists, the full meaning of The Commandments of The Creator. Remember, I said 'full meaning'. That is how They were given to one man, Moses, a long time ago.

I could speak hours on this subject, but We All find that so much is ignored when the subject of personal behavior is the focal point of What is spoken, What is written.

So as I leave you today, I beseech you: never ignore the privilege of human life, and never not feel that there is a Portion of The Creator within you that is That Portion of you that is to return to The Father for All Eternity.

Remember These Words also: Truth has more value to it, in it, for it, than anything that the human mind can think. So be it."

MANY SAINTS

“There are Many of Us present, perhaps too numerous to mention.

In the beginning of human life it was not as it is now. The beginning was much different, and it took stages of time for life to proceed in degrees that made life what it was to be knowledgeable in certain things, also in certain habits, to give life strength and understanding that life was different than any other thing.

As We speak through *one voice* at this time in your lives, We All smile, because *the little one* whose voice you hear, and whose Words that We say are put into script, has to listen intently, but the Words are not as you know words to be in her ears. There is no sound, only instilling into her mental and physical being.

There have been many periods of human life wherein progress was seen. You have reached a time where mankind feels is an ultimate goal for many things, but mankind must understand that the Importance of

human life is within man; It is called 'a Soul'. The Soul is a Portion of The Creator, never seen, but definitely in each human life created.

Many of Us surround this *little one* through whom We All speak. We are ever present, because of the Importance of This Gift of The Father's Love for the Souls that must be returned Saints. The word 'Saint' in the beginning of time was not evident to human minds, but it took much, many instructions to instill into the human mind of human life that there was a Purpose, a Goal, a way of understanding that 'this particular creation' was Special, Important, and had a Goal.

To go back and speak about all of the things that occurred would not be necessary to do, because there would be too many individuals putting too much emphasis on what had occurred.

The Important Reason for This Gift of Divine Love, bearing the Name of The Beloved Saint Joseph, is to strengthen in each mind of human life, the Purpose and Goal for which human life was originally created.

Needless to say, volumes of the written word could not cover every facet of the stages that human life has endured, but today as the Words flow through *one voice*, it is important that This Gift that the world has now, This Gift of Instruction of intentionally helping mankind of all ages understand that human life has a Goal, because within human life The Creator of All Things places, and has always placed a Portion difficult for the human mind to comprehend, but nonetheless, factual. The Creator, in His Love for this creation, to share All He Was and Is, gave to human life a Gift that, in reality, has a Goal for All Eternity.

I could speak hours on this subject, but it is important at this time that one step be looked at and seen in Its Greatness, Its Divine Love, and Its Connection between The Divine and human life, that gives to human life more Purpose than the human mind can fathom to be.

As We close Our Words, it is important that as you live each day in the human way, never forget that you are the custodian of a Portion of The Creator of All Things, and you know It to be called ‘a Soul’. So be it.”

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

There is not enough attention being drawn to This Gift of The Father’s Love for human life. The human way seems to resent this time. This, of course, is not just a sadness, but a disgrace to human beings.

Who do they think is The Commander of All that occurs: a human being? I would question this thoroughly, because no human being has the ability to create all that exists.

Children are being ignored, to the degree they do not comprehend that to be a human being has a Beautiful Goal that nothing else has.

In the workplaces throughout the world there is little kindness, but much egotism scattered around as if it were the right thing, the right way, the only way to be with other human beings.

What I am about to say next can be a sadness to many who will read My Words, but the Spiritual side of human life walks in disgrace, because there is so much emphasis on human ability, humanistic practices, and so little credit is given to Divine Will, Divine Love, Divine Existence.

All ages are to blame for what is occurring that is only pleasing to the enemy of The Father Who created All things, Who truly is in command of All things.

Mankind accepts weaknesses morally, mentally, physically, as if it is the most practical thing to do. It is time for human beings of all ages to begin to see the Importance of human life, irregardless of how others will think of them, criticize them, or deny that they speak the truth.

As I leave you, I beseech you to stand for what you know is truth, and always put your Soul ahead of what you feel would be pleasant to you.

As I leave you, I bless you for the time you have spent reading These Words, but never forget, The Father has chosen Many Saints Here in the Heavens to deliver not just Words

**of Wisdom, but Words of Direction,
because of the Importance of you. So
be it.”**

**“We come in great number today
to give *the little one* physical support,
because of the physical exhaustion
she endures and is the recipient of,
in more ways than a human mind can
fully understand.**

**The number of Saints Here in
the Heavens that have spoken through
This Gift of The Father’s Love for
human life is so great, because at no
other time in the History of human
life have so Many Saints gathered to
encourage love for The Creator, love
for the Gift of human life, and a desire
to reach the Goal for which human life
was created.**

The child asks Me a question: ‘Why do You use the word “was”?’ We All smile at this. She says, ‘Should not the word be “is”?’ We do not always tell what she speaks, but Each of Us present Here at this time found in this, a deep love for human life.

Children are not being instructed on their responsibility that they awaken to each day. Everything is humanistic and there is very little, if any, suggestion to think of a Saint, to say a prayer, to offer the day for their Soul, in appreciation for the Gift of human life.

When so Many of Us Saints gather to speak through this *small voice*, It is truly a Gift of Divine Love to Us, because to be able to enlighten men, women and children of the Importance of What they possess, and their responsibility for It, gives All of Us a happiness, because This Gift of Divine Love that is occurring at this time, in your day, is a Gift beyond what the human minds of men, women and children can perceive It to be.

All of The Saints Here in the Heavens want to partake in This Gift, because it pleases The Father when

there is attention paid to the Souls that are a Portion of Him. Every human being is gifted with a Portion of The Creator. How else would they have all the abilities, logic, understanding and in-depth realization that human life is Special, has a Purpose, a Goal?

Also, to prove this point, human life has an innate desire to achieve in certain areas that they are drawn to, pleased with, also to use the achievement for attention. This, of course, reflects from the Soul, because the Soul, as the Foundation for more understanding in the human way, is what a human being is instructed to take care of, to protect, because It is to return to The Creator at a given time, and to be called 'a Saint'.

Nowhere in the world is or has been so much given to enlighten the human minds of human beings of all ages, all degrees of intellect, all degrees of Faith in a Creator, than This Gift of Divine Love that bears the human Name of The Foster Father of The Son of The Creator. Who would better know what human beings would need?

Today is a day that is important in every human life, tomorrow will be, the next day will be, because as long as a human being has the Gift of breath, the Soul is evident. The Soul is the recipient of all each human being partakes in, speaks, practices. The Soul is a Gift of Divine Love that nothing else has.

I could speak hours endlessly on this subject. It is important that All that has been delivered through This Gift of The Father's Love for human life can be compared to the Time that The Son walked the earth, instructing, leading, encouraging everyone present that human life is a Gift above and beyond what any human being could accomplish, because human life has within it a Gift of Divine Love, not human source. All men, women and children should always remember this."

JUNE 5, 2001 AT 2:24 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

Today as I speak, My Words are to be put into script so that hundreds, if not thousands of human beings will be able to better understand The Father’s Will for mankind, and that is to return That Portion of Him at a particular time. It is sad when some do not understand what is meant by ‘That Portion of Him’.

In so many areas, human beings of all degrees of intellect ignore, dismiss, erase the thought, the understanding, the reality that The Divine is Greater than human life can perceive It to be, and that human life is the custodian of a Soul, and this Soul is That Portion of human life that The Creator, God Himself, uses as the Connecting Link between human life and Who He Is, What He Is, because without the Soul, human life would have nothing to look forward to, nothing to live Forever with.

Life, to human life, is important, because it has so many facets to it, so

much Importance in it, and human life has been given talents, understanding, abilities, thus giving to human life advantages above all other living matter or things.

Logic says these advantages have a Purpose, a Reason, and logically a Goal. If there was not a Goal, a Purpose, there would be no need for understanding morality over immorality, hope over despair, goodness over what the enemy is like.

Today as I speak, it is of great importance that My Words spread, because so little thought is given on what an Important Gift of Love human life is, not only human love, but Divine Love.

As I leave you, I beseech you to each day remember in your way, no matter what your intellect, what your age, you have a Goal that nothing else has. So be it.”

JUNE 6, 2001 AT 2:24 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

Mankind has become more humanistic in values and in their desires to accomplish important things.

Today as I speak, I hear some say when they read These Words: ‘Why would I not think humanistic? I am a human being.’

It is easy for human beings to forget that The One Who created All things, human life included, was Greater than anything a human being can possibly perceive.

There are so many at this time that believe totally in what they feel is essential, even when it is immoral, impure in every facet of it; very little logic is expressed.

In the birth of life, The Father instilled a brain and the ability to use this to a great extent. At this time so little recognition is given to The Creator, because so much humanism is

shown to be the creator in every facet that exists.

My Words will be short at this time, but as I leave, it is important for everyone to be aware that All that has been spoken through This Gift of The Father's Love for human life, should share in the Beauty, the Meaning, the Purpose for which the Words were meant. So be it."

JUNE 7, 2001 AT 1:04 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

The world of human life has been given a Gift Greater than the human mind can perceive It to be. The Close Communication between The Divine and human life, as It passes through *one voice*, is allowed to be put into script for millions to see, so no one is without knowing the Importance of being human, and the Beauty of the Soul that each human being has responsibility for, is the custodian of, and that is to return to The Father Pure, as It was once given at the moment of conception.

Children are not being instructed on the purpose for Spiritual understanding, and what it really means for their whole being: their mental, their physical, and their Spiritual, because of the Soul that they are given at the moment of conception.

Human life makes many excuses for mistakes. They call them ‘human errors’. There is no reason for so many human errors to take place, because

logic is evident in every decision a human being makes. Though it is present, the individual decides to take advantage of what he or she feels is more comfortable for their own sake, ignoring the danger that a wrong mistake could cause, not just for their physical way, but for their Soul that is more Important basically, than what the human body appears to be, because the Soul is What will remain for All Eternity.

The word ‘Eternity’ is difficult for some to fathom, to consider, to relate to, or to even see that Eternity will have to be a Place, a Situation, a Condition unknown to the human race.

So much has been delivered through This Gift that has been given to the world at this time, always trying to instill in the human minds that life on earth is only the beginning, and that there is more to life.

We hear some say, ‘How can I be sure of this?’ It is innate in the human mind to know what is pure over what is impure, just over what is unjust, truth over what is untruth, and there could be a list so long, with all

the logical reasoning that the human beings are able to discern, relating all of their actions to how they live, how they think, and how they understand that they have a Soul. No other living matter or thing is the custodian of such a Gift as This is.

I could speak hours on the importance of how mankind should value his or her life within the physical role, because it will reflect in the Soul at a given time, All that has been delivered through This Gift of The Father's Love, instructing, teaching, and deliberately putting All Things in the manner of being able to be understood by all degrees of learning, all degrees that the brain is capable of understanding.

As I leave you, I beseech those who take These Words, and those who are in charge of All that has been delivered: deliver throughout the world, no matter what language others speak. You cannot understand in your way of life how many will seek out the meaning of What is put into script in the language you speak.

Thousands of words can be spoken on this subject. Never question

or try to perceive if someone out of your scope of living should receive All that has been delivered for the sake of the Souls of millions of human beings.”

JUNE 8, 2001 AT 12:58 P.M.

“It has been taught to millions of people, men, women and children, that there exists The Holy Trinity, and The Holy Trinity is based on The Father, The Son, and The Holy Spirit.

This Statement lacks so much definition, because in the human minds of millions of men, women and children, there is little understanding of the Importance of The Divine. So much terminology is based on humanistic versions, values, intentions, understanding.

These Words I have just spoken are Words of Great Importance. There is so little true understanding on the Greatness of The Holy Trinity. It is oftentimes thought of in a very casual manner, way.

Also, ‘*The Sign of The Cross*’, when one says, ‘*In The Name of The Father and of The Son and of The Holy Spirit,*’ it is not always spoken with dignity, respect, honor, and an understanding of Who the individual is truly speaking to. This Blessing has been diminished

to a casual indifference, and all human beings must be reminded that this Sign of Belief is one of the most important open expressions that a human being can give to The Divine.

Children are not being instructed properly on the full concept of what *'The Sign of The Cross'* means. Adults do not always feel that what they are doing has an in-depth meaning to it, so *'The Sign of The Cross'* is casual when done, because it is something they are used to doing, rarely thinking of what they are truly supposed to be meaning.

The reason for Me speaking on this today is, that this open Sign of respect is being put in such a casual manner, degree, way, concept, and this must cease.

When a human being greets an important figure there is an obvious respect. It is expected. There is a dignity in the meeting, the greeting. So much of this, though, has been lost between human beings.

I speak differently today, because it is time that men, women and children of all ages begin to see, to practice, and to make it a habit to use

respect in many areas of life, because the casualness has affected much of what an individual, and much how an individual treats The Divine.

As I close My Words, I beseech you to remember My Words, and never forget, when you bless yourself you are calling attention to The Divine, and only respect should be done, practiced, used in the human way, to the Ultimate Source that created life for a Purpose, a Goal, beyond what the human being could possibly be to the same degree. So be it.”

JUNE 11, 2001 AT 12:53 P.M.

SEVERAL SAINTS

“There are Several of Us present where you are. This Gift of Divine Love that you have become a part of, an important part of, is Important to the whole world of human life.

First of all, when The Father chooses ‘an individual’ to speak Words of Encouragement, of Direction, regarding why they were created, and the Goal for which they were created, it is meant to not just feed the intellect, but to encourage through Truths, Facts, the Importance of human life. Human life would not have been created for a lesser goal, because human life has been Blessed at the point of, moment of conception with a Soul.

It is difficult for some individuals to understand a Gift of This Nature to be given to millions and millions of human beings. Some question, ‘How could there be so many Souls?’

Today, as Many of Us speak through This Gift of The Father’s Love, not just enlightening human beings to the Importance of being a human

being, but instructing in so many ways, sound Facts of reality that are not known, unless They are spoken about through The Beloved Father's Way of Enlightening human life, to realize that they are gifted with a Portion of Him, making human life above all other living matter or thing.

Some people believe that there are Many Saints in the Heavens. Some individuals cannot fathom what a Saint could be. Others really don't care, because they use the human part of life to satisfy all they feel, desire, and see no other goal for which human life was created.

We hear some say, 'Would I not feel something if I had a Soul?' The answer to this is obvious. Logic tells you that you know purity from impurity, right from wrong, dignity from lust or anger, or abuse in some form.

So much has been given in Words logical, legible to understand. There is no human being who reads the Words from Here cannot see at least a portion, a Value in Them that pertains to them as human beings.

Doubts, excuses, ignoring, or just human uncaring does not change the Course of Events, or the Course of Truth that is logical because of Its obvious existence, and how it is automatic to a human being to know what is correct, what is incorrect, what is safe, what is unsafe. The Words are endless, too many to write at this time.

As I leave you, I say one thing: ‘Thank The Creator for giving you a Portion of His Divine Love to live with you, protect you, and give you the strength to realize that human life must have a Goal above and beyond what is practical in everyday living, because in human life there is an insight of looking for something greater than what one has, also improvement over what one is used to practicing, doing, or being a part of.’

So Many Saints Here in the Heavens realize that This Time in the History of human life is a Time gifted by The Creator in an Open Manner, Way, Degree, because human life is the custodian of a Portion of Him that He wants returned to Him, a Saint.”
