PREFACE

These “*Stories From Heaven*” could not have been given to the world at a more appropriate time than now. The world is in a terrible state of corruption and confusion politically, religiously and socially. Honesty, modesty, genteelness and morality seem to have been eliminated from our way of life, at least in effect if not consciously. However, God has given the world a Miracle it needs.

On July 28, 1967, *The Miracle Of Saint Joseph* was formally announced to a True Mystic. God had chosen a woman to give us the sound direction, hope and example we need. It was not the first time God had chosen a woman to accomplish His Purpose, always for a specific task in a particular time. This True Mystic for our day is Frances Marie Klug. She resided in Southern California as a wife, a mother, and a grandmother until her death on November 15, 2009.

In This *Miracle Of Saint Joseph*, Many Saints have come forth to speak through Frances Klug. These “*Stories From Heaven*” are just a few of the thousands of Revelations received through her. Very often these

Revelations were preceded by extensive Teachings which time and space did not allow us to put in print. However, some of these Teachings will be found in several of the many Volumes of "*Stories From Heaven*".

In these Revelations The Saints refer to Frances as "the child", "the funnel", "the spoon", "the instrument" and "the little one". God made her our Spiritual Mother. For many years now, because of this fact, she has been called "Mother Frances", or simply "Mother". Heaven also refers to people of all ages as "children" and emphasizes time and again, This Miracle is for people of all races, all colors and all creeds.

For someone turning the pages of these "*Stories From Heaven*" for the first time, they will easily recognize the sound logic and sound direction the Messages contain. Mother Frances heard the Words with the Ears of her Soul, and would repeat Them aloud when she was told to do so.

This Teaching Miracle is a direct parallel to the time Our Lord walked the earth. He did not loudly proclaim to everyone, "I am The Son of God." He taught in a quiet manner, simple, extensive, but always detailed

in repetitiveness, instilling in those listening what He wanted them to remember. He taught in parables, short, simple stories containing moral lessons. He knew men could more easily understand and remember the point He was trying to make this way. His “Teaching Stories” pertained to everyday living, practical matters, and how to become a Saint. He gave hope through these stories. He gave example.

Now in our time, God is once again giving us “Teaching Stories” through Saint Joseph and His instrument, Mother Frances. Through her, in a quiet, unassuming and genteel way which appears so “natural”, mankind is again being taught the Purpose of life, and what God expects man to be like in his daily living. People feel hope in these Teachings, Example always given.

Two major Revelations of significance have been given for us in our day. Our Heavenly Mother is Part of The Divine, and Saint Joseph is truly The Holy Ghost. These should not bring an immediate rejection, but should pique our curiosity and interest.

Our Faith in God is based upon many mysteries. Whether it be The Holy

Trinity, the Incarnation of God, or The Holy Eucharist, men strive to understand These, trying to grasp a small glimpse of the Beauty of the Truth They Are. These mysteries also pique our imagination and interest. However, even though we know God revealed these mysteries to mankind and we accept them in Faith, they still remain just that, mysteries.

One has only to look at these “*Stories From Heaven*” to see the value They are, and to feel the hope They instill. No man can logically deny purity of thought when it is so obvious. No man can deny purity in direction, when it is based on sound morals, sound values, sound standards. Do not be blind to truth. Skepticism is for people who are unable to see the truth of a matter or situation, and many times skepticism drowns out purity because it is full of ego and pride in one’s self. Skeptics find it an easy out to disclaim truth.

There is no doubt that it takes time for such Phenomena as This Miracle to penetrate even those minds who feel they are capable of discerning such Phenomena. We must not be governed by purely another man’s determination, but we must understand that logic, sound reasoning and purpose must be the criteria of our Faith in God.

PLEASE READ

In some early volumes of "Stories From Heaven", many Revelations describe edifices to be built on Saint Joseph's Hill Of Hope. As just one facet of The Miracle Of Saint Joseph, God invited men of all races, colors and creeds to participate in building a "City Of God". Every building, chapel, bridge, shrine, garden, amphitheater, and even a hospital and a research center, to be included in this Magnificent Project, would be designed down to the most minute detail by Heaven.

This City Of God would be a place of great beauty for men throughout the world to visit, to gain true spiritual strength and to learn firsthand that which Heaven wants all men to know.

Much to the great loss of every man, woman and child in the world, this City has not been built. Innumerable obstacles were placed in the way of Its completion by those who would have benefited the most. Not enough men volunteered to return the gifts of their time and talents to God. Not enough people came forward with the money needed to participate in God's Plan in a monetary way. Donations became less and less, because the men in the Church said, "Don't give." They discouraged people from participating.

For many years, Mother Frances and a handful of volunteers made every effort to overcome all opposition to men's lack of wisdom, to build this City for God. However, we are not at a total loss. The Sound Teaching and Sound Direction given by Heaven in the many volumes of "Stories From Heaven" continued through the years, and will benefit people everywhere for many generations to come.

In the future, if the hearts and minds of men change, the world will one day see the Beautiful City Of God.

All Revelations are delivered spontaneously and continuously as witnessed by all those present at the time.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. There are Several of Us present. This usually happens when something is to be put into script that is of Great Importance for the Souls of millions of human beings.

Human life has so many Gifts; first of all, the Gifts of the body, because it is through these Gifts that other Gifts are allowed, or able to become important acts, actions, theories, ideas, and successes.

The Gift of hearing is an unusual Gift because, do not forget, it has to determine sounds, not just of speech, but of many things.

Now, let us take the eyes. There are so many Gifts attached to the eyes, because without the eyes much danger would cause some catastrophe, mental, physical, to an individual.

Speech — this is a Gift unto itself. It allows communication, personal. It is a Gift of instruction, and a Gift permitting many, many decisions.

Needless to say, I could go on for hours on the Importance of the Creation of human life.

The brain is a Gift of understanding, realization, and it has the ability to see clearly through many occurrences, because what could be missed by some of the other senses, this tells and explains circumstances that a touch with the hand cannot fully explain, and of course, I could speak on and on, on the importance of the brain.

The ability to walk gives to human life a freedom; also, it has a degree of health for the whole body, because of its activity. Needless to say, the whole body has been designed for multiple benefits to every individual born. That is why when something happens to one of these areas, a human being is a victim of circumstances, and this oftentimes causes much dismay, fear, and other things.

When The Father created human life, it was a Gift beyond what anything else was the custodian of. That is why, within human life, it is necessary for every individual to understand that The Father's Love for this Gift,

instilled into it a Portion of Himself, called 'the Soul'. If you think you do not feel the Soul, you are wrong. The Soul is very active in your conscience, in your mentality, and many other areas of what you know to be right, wrong, pure, impure, just, unjust. I could go on and on and on.

As a human being awakens to each day, it is a Gift of Divine Love, helping an individual to grow in so many ways, and to see a greater understanding that the creations of human life are Special, because everything about human life has a Purpose that nothing else has. It also has a Goal that nothing else has.

Children should be instructed on this to help them appreciate more indepthly what a Treasured Gift human life is, and they should be aware that only The Creator of All Things could create human life to one day return to The Father, through the Soul that was implanted at the moment of conception, giving to human life a Future Forever.

I could speak hours on this subject, because it is a subject All of The Saints Here in the Heavens see

as so important to human beings: to know that there is a Goal to life, and to never forget that as each day arises, through the responsibilities important to human life, the Soul is the recipient of all that is practiced, accomplished, and also the Soul, as the recipient of all, tries in many ways to give strength, unseen but obviously there when there is a decision to be made of right over wrong. So be it.”

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

This Gift The Father has given to all of human life throughout the world should be translated in many languages; of course, in Its correct Wording, correct Meaning, because of the Importance of Each Word.

As Each of Us Saints speak through *one small voice*, how We speak shows in how she determines to say the Words, because it is Our Manner of doing it, in using her voice, that tells those present Our Intentions, and how We feel about a particular subject.

Throughout the world, men, women and children are looking for success. The Greatest Success in human life is to become ‘a Saint’. We hear some say, ‘Will my body be there?’ In reality, no; but no Saint misses His or Her body as They know a physical body to be.

It is important that children be instructed on the importance of prayer, but also, the understanding

of the meaning of it and the reason for which The Father created prayer, else there would be no communication between human life and The Divine.

Prayer, oftentimes, deliberately allows the individual saying it to be reminded that there is more than what the human body and mind is used to, and that is a Greater Place Where The Creator Exists, and Where the Souls of All The Saints partake in All that is There.

This Gift of Divine Love, bearing the Name of The Beloved Saint Joseph, must be spread throughout the world, because it is important that all of human life more fully understand that as The Foster Father of The Son of The Creator, His Place, His Background, was Greater than the human role.

There is so much logic in All that has been spoken, All that has been delivered, regarding the closeness human life has to The Divine.

Children are not even being instructed on saying prayers at bedtime, or when they awaken to begin each day, remembering that The Creator of All Things is allowing that day to be, to give them more time on

the earth, and to more fully understand that within them they have a Portion of The Creator, obviously there, because in the conscience and in the mind, human beings know there is a Greater Entity of Life, Supreme and Divine.

Ignorance to this is blasphemous, and in many ways sad, because it is illogical not to value the Importance of human life, because there are so many facets to it that give human life courage, strength, hope; so there has to be a Divine Origin, else human life would be like all other living matter, and there would be no Goal.

As I leave you, it is My Wish that All that has been delivered through This Gift of Divine Love for the benefit of Souls, will travel throughout the world, giving Light and Hope where there is nothing else for human beings to see that human life has a Portion within it, a Portion of The Creator, called 'a Soul'. So be it."

JUNE 14, 2001 AT 12:58 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

The History of Sound Logic, Sound Rules are clearly stated, is demonstrated through The Commandments of The Creator. As These Commandments are read in these days in which you live, and have been for a very long time, They are not as clearly stated in detail like when They were given to the man called ‘Moses’.

In each Commandment that He was to remember, each Commandment was lengthy, pertaining to every facet of human life, and every important reason for each Commandment to be obeyed.

It is sad to see The Commandments put into script in such minute terminology as: *Thou Shalt Not Kill, Thou Shalt Not Steal, Thou Shalt Not Bear False Witness Against Thy Neighbor, Thou Shalt Not Covet Thy Neighbor’s Wife.* Of course, each Commandment could be explained indepthly, and it would take pages in

how They were delivered a long time ago.

The numerals on the tablets basically say nothing. They are just reminders, and this is sad, because without the meaning there is much lost in the sign.

Children are not being instructed properly on what is best for them. Everything is humanistic, and the influence for self-acclaim is being dramatized. Ask yourself how many times you have seen or heard a conversation on the importance of The Commandments that are the Basic Values, Truths, Laws, Rules, that The Father so generously gave to a man, Moses, a long time ago.

The rules today are generous rules, and they cover very little importance. They are usually based on trite items, situations, conditions, or personal feelings regarding all these things.

How many human beings of all degrees of knowledge, all backgrounds in life, awaken each day and automatically remind themselves of The Commandments they are to obey, The Rules of life, for life, based

on The Father's Will, not human interpretation of what is just, what is feasible, what is easy for others to be able to understand?

The Father gave to each human being The Commandments, because each human being bears a Portion of The Creator, and this Connecting Link, so lightly talked about on general terms, is a Gift beyond what is ordinary, and each human being throughout the world should begin to realize that as they have the Gift of life, there is hope in the life that they will return a Portion of themselves to from Where It came.

No Greater Gift of Love could a human being receive than a Portion of The Creator of All Things. Nothing else has this Gift. Hours could be spoken, thousands of pages could be written on what this Gift gives to each one born in the human way.

The Commandments are being ignored. It is time that They be brought to the surface and stressed in Their full meaning, because of the Souls that are 'victims' of all the human beings that They are a part of, from the moment of conception until

The Father Decrees the separation of the human body and the Soul that is a Portion of The Holy Trinity. So be it.”

SAINT THERESE OF LISIEUX

“I am Saint Therese of Lisieux.

Through This Gift of The Father’s Love for human life at this time, it is important that All that has been put into script be passed throughout the world.

Human nature, abilities, conscience, concepts, are not always applicable to all occasions, because in the human way of thinking, sometimes individuals are more apt to digress into areas that they are not familiar with, and basically do not see the full measure of meaning in.

It is natural to some individuals to want to partake in other people’s lives. It is called ‘curiosity’, but it has other dimensions of value that sometimes are not helpful morally to all parties involved.

Children are not being instructed on the definition of what is morally sound, acceptable, because so many individuals find every thought interesting, at least to a degree that is

entertaining to them, or they feel they have found a new interest.

Today as I speak, I speak with great Love for human life, because in human life The Father is present at all times through the Soul that is a Portion of The Creator, not understandable, but obviously there, because through human life there is logic and a sense of justice, judgment, hope, and abilities that in so many ways pertain to accepting what is right, what is good, over what is evil, what is vulgar, what is impure.

Today as I speak, in some places throughout the world, all ages of human life are trying to learn more about The Creator of All Things. All that is being learned is not fact. In many ways, it is someone's interpretation of how they see it, how they feel about it, how they understand it could be.

The world has been Blessed through a Gift of The Father's Love that has allowed so Many Saints to partake in, allowing Them to dictate Words of Direction, helping the minds of hopefully millions, to more fully understand that human life, as a Creation of The Creator, has a Goal,

and that is to return a Portion of it to The Creator at a given time.

Logically, This Portion is never seen, but It is oftentimes felt in one's conscience, one's logic when decisions arise, because through The Commandments that were given a long time ago, men, women and children should base their decisions on what the Content of The Commandments in Their fullest measure mean.

I know I have spoken differently, but there is much to what I have said, because you see, it is important that human beings of all ages, backgrounds, all degrees of learning, understanding, value human life in its full worth, and never forget it is 'the only living thing' that bears a Portion of The Creator.

I repeat what I have said earlier, because the Soul is ever present, and is That Portion of human life that will be Judged for all that occurred through the human life. So be it."

JUNE 18, 2001 AT 12:51 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother. I will speak, because it is important that men, women and children of all backgrounds more fully understand that heritage is important, but what they develop in daily life, how they approach each decision, is what will make them, as an individual, ‘a Saint in Heaven’.

Others’ ways of life may have some effect, but each human being has the privilege to act on what they know is truth, because each action affects That Portion of them that will one day be Judged.

The body of the human being is of great importance, but the Soul that a human being is the custodian of is of the Greatest Importance, because the Soul is That Portion that will be left, will be Judged, and will be assigned where It is to spend Eternity.

If you think about certain methods in human life that human beings are judged by, it will be natural for you to more fully understand that

human life has a Cause, a Purpose, a Goal, and that is to return the Soul to The Father of All Things.

Human life has an important task, and has been given many capabilities to fulfill the tasks. One of the tasks is Truth, another task is to earn the Gift that nothing else has, and that is a Portion of The Creator, and in earning This, It will be Judged by The Creator for All Time.

The responsibilities of human life are numerous, and it is sad to see so many ignore the responsibilities, and choose something to please only the enemy of The Creator and all human life. Choosing immorality, impurity of any kind is deadly to the Soul, because the Soul is the recipient of all that an individual does.

One can relate the Soul to how life is in the normal way. When purity, goodness, right, is accomplished, it brings out a happiness, an interest, but when the opposite of these things is practiced, it brings out an ugliness. The foundation word for all of this is 'justice', pertaining to one's actions, thoughts, words, deeds.

I know My Words are difficult, and not easy for some to fully comprehend, but it is important that human beings of all ages, all backgrounds, all degrees of intellect, understand that there is a Purpose for human life, and The Father did not allow this Gift of His Divine Love to be left alone. He purposely gave to human beings The Commandments He Willed all human beings to live by. It is sad that They are put in such a concise form, because They were not delivered that way.

I could speak hours on the importance of each day in the life of a human being, and what it will mean to his or her Soul at a given time.

As I leave you, I beseech The Father to bless you, and all who will read These Words, because it is important for the Souls of millions of human beings to more fully understand they are not alone. Each one has within them a Soul, Someone to talk to, Someone to listen to, and when I say listen, I mean to what the Soul will reflect through the mind of the individual, and that is right over wrong, good over evil, love over hate, truth over untruth, and many more such words as these that every

human being is aware of, conscious of, and know what each word means to their way of life, to their Goal in life; and never forget, you cannot blame someone else for your mistakes. You have a will, and your Soul is the recipient of all you say and all you do. So be it.”

JUNE 19, 2001 AT 1:04 P.M.

SAINT MARGARET MARY ALACOQUE

“I am Saint Margaret Mary Alacoque. Many of Us gather where This Gift of The Father’s has been placed, and Each of Us understand what a Great Gift This is to man.

When two human beings discuss an important subject, it leaves an in-depth understanding in them, and also a desire to fulfill any important matter the subject is about.

As All of Us speak through This Gift of The Father’s Love for human life, We are fully aware that What He has designed or decided to be said at that time is beneficial to all facets of human life, and all degrees of understanding regarding Divine Love, Divine Existence.

Children must learn more about the importance of self-discipline, because it is through self-discipline that logic becomes more practical in all aspects of life.

Many who decide to become theologians read extensively on

subject matter that has been dictated by so-called 'learned' theologians. Theology has for some individuals too much theory to fully understand the value in it, and the full meaning that each statement uses to instruct others' minds on particular points of value that The Father wants to be recognized as beneficial to the Soul.

Throughout the world, the understanding of human beings as the custodian of a Portion of The Creator is quite impossible for many to understand, or even partially believe, because the human mind does not see the Magnitude of the very Creation of human life, and all other things that were created in the whole universe.

Mankind must remember that the ability that the human mind is able to cope with and be content about, is in each human being a Gift, but there is so much controversy in determinations, that confusion exists.

I know I am talking in a manner perhaps difficult for some to fathom, but nonetheless, it is All factual.

The human mind has the capability of making an individual 'a Great Saint'. This should be

remembered by all who hear These Words and who read These Words. If there was no Goal to life, there would be no Rules to live by, no restrictions on what a human being was allowed to practice, participate in, or initiate.

I could speak hours on this subject, but before I leave you, I am going to ask you to do one thing: As you awake in the morning and are ready to begin a day, never omit a prayer to The Creator, asking for guidance and strength to be example to others as He Wills it to be, to give hope to others where it is needed. If you practice this in dignity and love, it is a preparation for Sainthood. Remember this. So be it.”

JUNE 20, 2001 AT 12:50 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother. *The little one* We All use to deliver What The Father Wills for human life to know, to more fully understand, is constantly available to Our Entrance, Our Presence.

Though This Gift is delivered at ‘one place’, It is to be delivered throughout the world in print. *One voice* is all that is needed to speak Our Words, for others to learn so much about The Divine and Heaven. Each Word spoken verbally is heard in a different manner and way than how a human being hears sound, or the presence of a human being.

There are millions of men, women and children throughout the world that must learn of This Gift of The Father’s Love, that has allowed so much to be put into print so It would not end from where It came in through *one voice*.

The world is in great need of All that has been delivered and is being delivered, no matter what language

an individual speaks. Granted, translation would be important, but the Sound Facts in All the Wording would be a lot easier to translate than individuals dare to think, because it would mean a lot of work for some, they say.

This of course is sad, because in the Creation of human life, The Father instilled a logical knowledge in how human life was created, and that it had a Goal. Logic should also say The Father would never let human life alone. His first Gift to human life was a Portion of Himself, called 'the Soul'.

The Soul is ever alert to what an individual hears, feels, senses. The Soul oftentimes is That Part of human life that awakens the mind to listen more clearly, or to remember certain facts. Without the Soul, the human body would not know all it knows, not understand all it understands, and not have within it the reasonable logic that human life has a Goal.

As the Soul is a Portion of The Creator of All Things, the Soul, as a Portion of Divine Love, is the Greatest Gift a human being has the privilege to receive.

It is sad to hear so much theory of individuals who really and truly think only humanistically, materialistically, thus ignoring the Beauty and Love of The Divine Mystery of The Holy Trinity.

All that has been spoken must never be delayed in being sent throughout the world, because those who are in control, support of All that is delivered, must realize that the whole human race, no matter what state of life they live in, should be the recipients of What is being and has been delivered through This Gift of The Father's Love, because within each human being, barring no human being, each human being is the custodian of a Portion of The Creator, and must use the logic that The Creator wants That Portion returned, thus letting the one in whom It was placed, live on Forever.

Though My Words are very strong, the Love with which They are delivered is a Love of The Divine Will, because of the Importance of human life and the Purpose for which it was created. So be it."

JUNE 21, 2001 AT 12:52 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

It is very important that men, women and children of all ages, all backgrounds, learn more about the Purpose for which human life was created. Very little is being instructed by so-called ‘learned’ men regarding the Purpose for human life, and that the only part of it that ends is the physical.

The word ‘Heaven’ is casually spoken about, many times indirectly meant, regarding Its Very Existence, but all men, women and children should fully understand that the basic knowledge they have of human life tells them that human life has a Goal based on the Purpose for which it was created.

So many men, women and children carry books, supposedly on the subject of Spiritual understanding, teachings, theories, but the human mind has an innate understanding, whether it is openly expressed or not, that human life has a Goal.

Children are not being instructed on the importance of communication with The One Who created them. So much emphasis is placed on the humanistic role.

Today you live in an era of time that has a great sadness in it, even though it has great progress regarding talents of human beings. The world must understand, that is, the people in the world, that each day is a Gift of Divine Love, and should be understood as that, because each day basically gives more insight to the mind, that human life is Special and evidently has a Goal to attain.

This last Phrase of Mine is important, because it should be easy for human beings of all ages to understand more clearly that it is innate in human life to want to do things, learn things, practice what they've learned. The pride in learning or being able to express what one learns is good, because it strengthens how a human being thinks. There's purpose to it, and there's a form of success, giving to the mind a greater purpose.

I know I speak differently today, but everything that a human being

has been gifted with can give to each human being more reason to fulfill obligations that are necessary, and to use what they know in a beneficial manner, way, degree. Let nothing go stagnant, because it has a purpose, a reason, a goal.

I speak differently today, because throughout the world there is so much waste of the human mind on areas that mean nothing, have no meaning, have no goal, and definitely have no purpose, not even to console the one that is practicing it.

Prayer is very important to human life, because through praying it develops more understanding of the communication between The Creator, The Saints, and the human being. It is one of the greatest reasons for prayer, communication, because the Soul of each human being, as a Portion of The Creator, through the prayers gives more strength to an individual's way of life, because the prayer allows the Soul to be recognized. No foolish thinking does this, and very little other thoughts connect the Soul to what an individual uses for entertainment, or to be important to other people.

I know I have spoken differently, but it is important that the human minds of men, women and children be alert to all that is beneficial to their way of life, to their understanding of life, and of course, to the Goal for which the Soul will one day be the last Portion of human life, bearing the name of the one in whom It was placed a long time ago.

Those who take the Words that Everyone from Here speaks, are Blessed abundantly for their participation, cooperation, and Faith. So be it.”

JUNE 22, 2001 AT 12:40 P.M.

SAINT CLARE

“I am Saint Clare. I do not speak often through This Gift of The Father’s Love for human life, but I find it a privilege when He beckons Me to participate.

The world has been Blessed, and it is so sad for All of Us Here to see so little recognition on All the Important Things that The Father is giving in an understandable manner for people of all ages, backgrounds, to understand the Beauty of human life, and it has a Goal Greater than the human mind can comprehend.

This should not be something difficult for men, women and children to understand, because so many areas in life, there are times when important things change the course of one’s life, or sometimes how they decide to act.

This Gift is beyond what so many men, women and children want to accept, because they do not see or wish to see that in their daily way of life, change would be more advisable for the safety of their Soul, but even

for the safety of their physical, faults that they must change because they are detrimental to their life in many ways.

We hear so many excuses on individuals not wanting to change, because they are used to doing what they do, thus ignoring the advantage to change in most cases; also, the benefits of change that would help them mentally, emotionally, morally, spiritually.

I cannot give you the number of how Many Saints participate in This Gift that The Father has given to the world of human life. Each Saint wants to participate to help those who have no other way of understanding or learning the importance of their changes that would give them, give their Soul, a Greater Place, a Higher Place in Heaven. It is not just stubbornness, it is weakness of the mind that causes individuals to try to ignore the beauty of what the change would do.

At the time of the Apostles, they had to learn to change, to adapt to a more realistic logic in human actions, behavior, because of learning they had

a Portion of The Creator within them, and that there was a Goal to their life after the physical no longer existed.

What a Beautiful Gift The Father instilled in human life, a Portion of Himself above and beyond all the talents, abilities, knowledge that He gave to human life, so that each human being could take part in dealing with so many areas that nothing else living has, or would ever have.

As I leave you, I beseech you to read These Words once in awhile, because each time you do, it will help you better understand the Importance of human life that you were Blessed with at the moment of your conception by man. So be it.”

JUNE 22, 2001 AT 1:24 P.M.

SAINT JOHN THE BAPTIST

“I am Saint John The Baptist.

The Father has given to the world a Gift of His Personal Divine Love, using *one individual, one Soul*, to deliver What He Wills others of all races, all colors, all creeds, to know and to be able to learn more indepthly on the Importance of human life, and about the Precious Gift each human being has that is a Portion of Him for all time.

In the Blessing of a Gift such as This is, much Instruction is delivered to aid hundreds, perhaps thousands of human beings to more fully understand what a closeness, because of their Soul, that man is to The Creator of All Things.

The Soul cannot be seen, but many times It is the Link between decisions, helping an individual choose what is pure over what is impure in actions, thoughts, words, deeds. The Soul, as a Portion of The Creator, wants the one in whom It was placed to be returned, by Name, to from Where

it was to one day return with the Soul that was assigned to it at the moment of conception.

My Words may be difficult for some to understand, but I beseech you, the Heavenly Plan is always Just, and the Heavenly Plan is Something that every age of human life should understand, because the Soul that can never be seen in the human way, is a Portion of The Creator and desires to be returned to Him when He decides the time to be, and also the way.

I could speak endlessly on this subject, but it is difficult for some to read lengthy Lessons on such important things.

As I leave you, I bless you with The Father's Love first, with The Heavenly Mother's Love, and the sincere desire of All The Saints Here in the Heavens that you will make a promise to strive, in every manner of life, to one day become 'a Saint'. So be it."

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. In the past several weeks, months, The Father has ordered All of Us to instill into This Gift of His, through *one voice*, the Importance of the Possession each human being is the custodian of.

The Soul is not thought about because It cannot be seen, but the conscience of a human being is evident regarding many things. Even little children have a conscience. They are not aware of what it is, but they know that what they have done, what they have not done is important in the outcome of it, the reason for it, and their intention of it.

Today as I speak, it is with deep Love for human life, and the Importance of human life. Each human being has the opportunity of decision, and of more understanding on what a decision will cause them to be accountable for. Sometimes it is monetary, sometimes it is moral, sometimes it is just because of the relationship with another human

being, so the relationship does not end abruptly.

There are so many ways to teach others the Importance of What they possess. The first one, of course, is by example in what you speak, your emotions, and your cleanliness in how you look, how you act.

We hear some say, 'Father, purity of the mind is difficult sometimes, because of the circumstances I am exposed to, and I cannot find myself being released from where I am, because it is the only place I have to live, to work, and to be with people I know.'

That is true in some essence, but remember, you have a Gift Far Greater than what is normal to you now. You have a Soul, and the Soul is the recipient of all you can say, think and do.

Today is an important day in your life as you read These Words. Tomorrow will be an important day, because perhaps some of the words you speak today, you will either have to take credit for tomorrow, or perhaps adjust some of the things you had to say.

Needless to say, I could speak hours on the importance of this subject, because to be human is a Gift of Divine Love, to be a Saint is the Greatest Gift that anyone can receive, but you must earn It, you must work for It, and you must, in your own way, see that there has to be Another Way, Another Time that you will exist, because of the Soul you are the custodian of every day.

I could speak hours on this, but What I have said so far is to awaken some individuals into the Importance, of the Importance, of what a human being is born for. So be it.”

SAINT ROSE OF LIMA

“I am Saint Rose of Lima. It is a privilege to Each of Us Saints Here in the Heavens, when The Father beckons Us to speak through This Gift of His Divine Love for the Souls of millions of human beings.

It is sad for Me to say there is so little conscious understanding regarding the Importance of human life. Men, women and children are more preoccupied with daily things and familiar communications, thus ignoring the value of the communications: Are they moral or immoral? Do they please The Father, or are they pleasing to the enemy?

The Soul is a Portion of human life that cannot be seen, but if thought about, something within the human mind understands It to be, because it is logic to know right from wrong, good from evil, truth from untruths, and also purity over impurity of the mind and the body, in actions, in thoughts, in speech, and in what an individual partakes in with another individual.

There is so much that has been taught, encouraging more understanding of the Importance of the Soul that each human being is the custodian of. We hear so many say: 'I cannot feel It. Is it my conscience? What part of me tells me of Its Presence?' The answer to that is easy: knowing what is right over what is wrong, what would be pleasing to The Father and what would not be pleasing to The Father, what is moral over what is immoral, what is just over what is unjust, what is truth over what is a lie.

As I leave you, I beseech you to pass throughout the world All that has been put into script, because The Father, in His Design of This Great Gift of Divine Love, has in so many ways put into script What He Wants millions of human beings to more fully understand: that to be created in the human way, human form called 'man', is a Great Gift of Divine Love, because through this manner of living there is a Portion of Him in it that will one day be returned to Him, bearing the name of the one in whom It was placed.

I beseech you, do not forget These Words. They are a Blessing because

They are Words of Fact, Truth, Love and Hope. So be it.”

SAINT ANASTASIA

“I am Saint Anastasia.

One of the Greatest Gifts The Father gave to human life was to hear, to see, and to observe. Also, the Gift of responding is greater than an individual understands it to be.

At the time in which you live there is too much acceptance of an individual who is doing wrong, who is acting impurely, because there should be some response showing indifference to it, anger, or many other sensitive feelings.

We hear so many say, ‘Live and let live.’ That is true. No one says to take another’s life, but the important thing is to be example, and to stand up for what is pure morally, in the mentality and in the physical aspects of human life.

So little attention is given to morality, to decency. These two things are important to the Soul as well as the physical, because the Soul is the recipient of all an individual thinks,

speaks, practices, or is open to accept. Sometimes imitation of others is very dangerous, because it allows an individual to act in ways impure.

The Father has taught so much through This Gift of Divine Love, but so little is being spread with the Words.

Today there are Several Saints standing Here with Me now, All desiring to speak, to help those who have yet to live a long life and be responsible to The Father for it, and have much to change.

I could speak hours on this subject, and I would do it if The Father permitted it, but He says it would be too much for some to understand at one time.

As I leave you, I beseech you to practice what is pure because, as example, you can be the greatest gift to the Soul of another human being, even one you do not know. So be it.”

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

There is no Miracle of This Nature or This Degree in any portion of the world you live upon, except where you are; thus, this gives you a great responsibility.

All that is delivered is delivered because of The Father’s Love and Will for human life. The Father has chosen This Time to be, because it is a time that in many ways is a disgrace to moral values, moral standards, moral integrities.

Children are not being instructed on the beauty, the necessity, the meaning for purity, and obedience to The Commandments that are easy to follow, because through The Commandments there is Guidance, Instruction, and also Protection.

I will not speak long today, because All that I have spoken the whole world of human life must see, must read, and adapt before they become so much a part of all the demonic measures that

are being accepted, thus giving to the Soul a sadness.

Today is an important day in the life of every human being, because each day gives you the opportunity to learn more about what is expected of you, and the Purpose for which you have a Soul.

All of Heaven stands waiting for human beings of all degrees of backgrounds to fully understand there is a Goal to human life, giving to That Portion of human life, the Soul, a Place in Heaven. So be it.”

JUNE 29, 2001 AT 12:52 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

There are too few people throughout the world practicing their understanding of the True Presence of a Creator.

The world has been Blessed through The Father, by giving a Son to the world, instructing in many ways the Importance of human life, and that it had a Goal, due to The Father’s Love for this Creation of His.

Too little is being instructed on the Purpose for human life, and the necessity of The Commandments that were given a long time ago. Sometimes We hear total rejection regarding The Commandments, saying, ‘It was for that time, but not our time.’ There is no way to update The Commandments that Moses was given to say and to present to the whole world. Everything in Them was clearly stated and definitely put into the category of purity over impurity.

Throughout the world today We see so little attention paid to The Rules that were given at another time, that basically were given for all time to come. The meaning of each Rule has a purpose, because in the First Statement The Father claims to be The Father, and this shows that He is in charge of All that exists, All that was created, so logically His Words must be obeyed.

Volumes of books could be written on the importance of each Commandment. It is sad for Me to say that each Commandment has been put in such few words that the younger people of this day do not see the fullness in Them, or the Great Purpose for which They were given to man.

So little instruction is delivered regarding the morality that is necessary, the purpose for morality, and how The Father wants each human being to practice purity of the mind, of the body. This, of course, is difficult for some to understand. They say they are human, they are man.

So much has been delivered through This Gift of Divine Love. It is sad when We hear an individual

say, 'Isn't This repetitive?' Many Saints Here in the Heavens say, 'Yes, it is through repetition one learns the fullness of the subject matter that they perhaps missed the first time, or second time, or third time, or fourth time, or fifth time they read it.'

The Father has given to the world a Gift beyond what mankind knows a Gift such as This to be, but This Gift is to enlighten the minds of millions of human beings, that though they were given a free will to choose, it is important that they choose what is morally sound, pure, else the Soul is marred in some form.

Each mark on the Soul will cause the individual to have to make amends for it. Some cannot understand this, some refuse to believe it, but it is important for logic to be seen, because even in the way of human life, when something is impure or wrongly practiced, it disturbs others in many ways, sometimes physical, sometimes even monetarily; but it is important that This Gift of Divine Love not be held in one place, but should be allowed to travel throughout the world, no matter what language others

Speak, what backgrounds they have been born to.

The time has come for human beings of all races, all colors, all creeds, to bond together and fight for what is moral against what would please the enemy by it being immoral.

Needless to say, All of Us Saints could speak hours on one subject, one intention that would be beneficial to the Soul that an individual does not see, but It is obviously there because, without saying it, a human being recognizes that as human life is different, it has the sense of judgment regarding what is moral, what is immoral, what is pure, what is impure.

No excuse is acceptable. I could speak hours on end, not stopping.

This Gift The Father has given to the world to awaken human beings of all races, colors, creeds, to the Importance of the Soul they are the custodian of, responsible for in many degrees; also, the innate knowledge that is instilled in even the youngest, that when something is not right, it is wrong, and should not be acceptable in any degree.

One voice, but Hundreds of Us speak. The Father Wills it, and We obey His Will for the benefit of millions of Souls that are to be saved from the abuse of the enemy that always waits, jealous of all that a Soul is capable of having, of returning to The Father, a Saint. So be it.

SAINT THOMAS AQUINAS

“I am Saint Thomas Aquinas.

This Gift of Divine Love that bears the Name of The Beloved Saint Joseph is Important to millions of human beings, because It has in many ways, many times, delivered Directions for the benefit of human life, because of the Souls that are the victims of what every human being practices in his or her life.

The Father uses *a small voice*, not a shouting, hard, coarse voice. There is reason for this, because it is easier for the sensitive ears of human beings to more fully understand the sound, and the Words that come through the sound, especially at a time like this.

Children are not being instructed on The Commandments. Some adults feel the child will not understand, and then they use the excuse there is time for the little one to learn.

Time to human beings is oftentimes wasted on opinions, because of opinions; also, egotism plays a big

part in how some individuals cope with logic, truth, and the value of speaking openly in full description of what is meant on important subjects, especially those subjects that deal with the Soul as the recipient.

Today there are thousands, if not millions of human beings, acting in ways and degrees that are totally diabolical in nature, character and meaning. We hold the tears back from *the little one* so she will be able to speak Our Words.

There is little instruction being given to all ages of human life on the Importance of the Purpose for which human life was created, and the Personal Gift of Divine Love that each individual is the custodian of, called 'the Soul'.

In the Time The Son of The Father walked the earth, very few knocked on His door to ask questions. They heard about Him, and they would listen when He spoke openly, but the same is occurring at this time, in your time. There are very few willing, or even desiring to find out What This Gift of Divine Love is all about.

There is such a tremendous sadness to this, because there is no individual that does not need more understanding on the sound facts, sound reasoning that there is a Divine Being that created All things, and that each individual, human individual born to the world, is gifted with a Promise that one day they will be able to spend Eternity with This Creator, through That Portion of them that is a Portion of The Creator, and in human life It is called 'a Soul'.

I could speak hours on this subject, but We find that when Our Messages are too lengthy, those who read Them lose sight of the importance of the subject of Them.

As I close My Words at this time, I bless those who take Them, and I commend those who will deliver Them, because you see, it is important that millions of human beings of all ages, all descriptions of personalities, of nature, character, beliefs, need All that has been delivered, because each human being is the custodian of a Soul that is the Most Important Part of human life The Father gave at the moment of conception. So be it."

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. There are Several Saints standing Here with Me today. All say They want you to know They are very proud of your service to God for the good of men, women and children throughout the world. To accept what you are doing, in the manner you are accepting it, has a Blessing in it, because This Gift of Divine Love is to be known throughout the world.

All that has been spoken should be put into many languages. When We say this, We hear *the little one* say, ‘Will everyone be able to describe Your Exact Words?’ We smile at this. Her concern is serious, and has a great obligation in it.

The world has been Blessed by This Time, because of so much Divine Love that is offered through not just the spoken Word, but the written Word, so It can be remembered without error in Its Content, and the innate sense of Love that Each Word expresses in the delivery.

There are millions of men, women and children who, in many ways, would see the reality of This Gift, but due to the language barrier, We know it is difficult for translation to be correct. The Important Words must always be remembered, and that is, that each human being is gifted with a Portion of The Creator, and this Gift of Divine Love must be protected from all evil attacks. The enemy thrives on using an individual's manner of speaking when the words deprive their Soul of purity in any degree, any way, for any reason.

Today, ask The Father to give you the strength, those who write These Words, to help you distribute Them throughout the world. It is the most important task that any human being can take upon themselves as a duty, and a reality that is necessary because of the Magnitude of the Gift of human life, because it bears a Portion of The Creator, and many times is the victim of what the individual allows the enemy to encourage he or she to do; some would say 'him or her' to do.

As I close My Words, I beseech you to understand and remember, you have been handed a Gift beyond what

you know a Gift to be, and that is to fulfill the obligation you have in being an important part of delivering All that has been delivered to the whole world. So be it.”

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

We hear so much conversation on Spiritual ideals and humanistic progress on issues that pertain only to monetary measures or social issues.

The Father has given to human life the intelligence, the sensitivities to so many things, but it is sad to say so much is taken out of context, thus making what is right not so right, always making excuses for the weaknesses in it. To say to an individual, ‘Purity of your mind is a Blessing to your Soul,’ that too, is oftentimes not understood in its full measure.

The Father has given to the world, the whole world, This Gift that so Many Saints Here in the Heavens find it a privilege to be a Part of. It is important that children of all ages begin to read What has been written through This Gift, because very little sound direction is available to them.

This may be difficult for some to understand. When I say ‘some’,

I mean all ages, because sometimes the element in which an individual lives has a tremendous effect on not just how they think, but how they adjust to the surroundings, oftentimes accepting what is morally unsound, unreasonable, surely out of the imitation of those with whom they come in contact, or they see with their eyes in acts that are diabolical, impure, and even unrelated to the present situation at that time.

Many times it is very difficult for Us Saints to speak in the manner I have just spoken, because We want everyone who reads Our Words to see the Beauty in life, and how close each human being is to The Divine, because of the Connecting Link of Love that nothing else is created with, that is called 'the Soul'.

It is oftentimes easy for an individual to tell another one, 'I love you.' It is not always meant in the manner it was expected to be, or should be. Some think the word 'love' opens the door to many actions that could violate the purity of the association.

I could speak endlessly on this subject, but All of Us Saints Here in

the Heavens want everyone born to the world of human life, to the way of human life, to fully understand that they are gifted with so many forms of understanding, and the ability to learn more than they are born with. Also, there is an innate sensitivity that each human being is aware of, but sometimes denies its existence, and that is purity of the mind, the body, over all that is foul, evil, and enjoyed only by the enemy of God and man, because much hate comes from the enemy that is not available for men, women and children to visibly see, but it is evident in how it affects the minds of some people when they accept what is immoral over what is pleasing to The Father.

As I leave you at this moment, I beseech you: when you know an act would displease, don't just resist it, but reject it in every measure and degree. Remember, you have a Portion of The Creator within you, and all you do and all you say reflects in It, the Soul that The Father wants returned to Him, a Saint. So be it."

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

This Time in which you live is of Great Importance, because The Father has chosen it to be a time of learning more regarding the Importance of human life, because it is the bearer of a Portion of Him that nothing else has.

Children are not being instructed on why they should pray, why they should learn more about not just Christianity, but the True Existence of The Creator of All Things. The Gift of human life was given for a particular Divine Love that no one sees, no one feels, and yet is obviously a Portion of human life, due to the fact that human life is sensitive to many things, and in so many ways the sensitivity has a strength in it. It also has a Purpose.

In the beginning of time, things were created according to the necessity for their existence. Human life was one of the last things to be created. When the first of human life walked the earth, there was much for them to

learn, because there was nothing that had gone before them, for them to learn from. The Gift of human life is beyond what men, women and children understand it to be. The Father created it in a manner and way that nothing else has, or will ever have.

The first creations of human life had much to learn and no one to learn it from, except physical experience; innately, though, in human life there was a degree of feeling of what was right over what was wrong.

This was the beginning of all the lessons to come through experience, and through The Father's Will, instructing human life on the importance of certain portions of human life. Steadily these things became more evident, and as time passed, the intellect of human life was instilled with more knowledge, more perception, more understanding that human life was different than all other living matter or thing.

Today, as so Many of Us Saints speak, The Father Wills Our Words to awaken all who live in the human way now, more fully understand that human life was created to have a Goal,

so one day The Father's Will would show.

Many men, women and children throughout the world are oblivious to what a Treasure human life is, because they accept each day either in boredom or in little interest, feeling they have to struggle to accomplish what they will it should be, thus ignoring that human life has come a long way in more understanding regarding the Soul that human life was gifted with since its beginning day.

Without the Soul, human life would be like all other animals, limited to only a degree of how to handle what occurs in their presence, or to them. As time has passed, many men and women were chosen to leave Historical Teachings for others to learn that human life has a Portion of The Creator within it, and that is why human life must honor the dignity of human life, because it bears within it a Portion of The Creator that nothing else has.

Some might say These Words are prehistoric in content. I smile at this, because sometimes it is so difficult to instruct many individuals on the

Beauty and the In-depth Love The Creator has for all things, and how gifted human life is over and above all other living matter or thing.

The Father created human life with a mind, with the ability to understand, and also an innate understanding and conscious belief that human life has a Goal, because reaching goals is innate in human life, so why would not life itself have a Goal? Having a Goal has hope, strength.

Today as I speak These Words, it is important, All that has been delivered through This Divine Gift to human life, bearing The Holy Spirit of The Creator, humanly called ‘Saint Joseph’. Blessings are abundant when an individual helps someone more fully understand that human life is a gifted Gift of Divine Love that, in reality, will never end. So be it.”

**SAINT PEREGRINE
SAINT JOHN OF THE CROSS
SAINT JOSAPHAT
SAINT ANASTASIA
SAINT MARY MAGDALENE
MANY SAINTS**

“There are Many of Us present: Saint Peregrine, Saint John of The Cross, Saint Josaphat, Saint Anastasia, Saint Mary Magdalene. There are even More of Us, but We will not mention All the Names.

Where This Gift of The Father’s is, We are always present, because This Gift was given for the benefit of the Souls of millions of human beings. Having a Soul is difficult for many to believe, to comprehend, but logic should tell the human mind that the Creation of human life has many benefits, many talents, and in so many ways, has a Goal for the Soul that each human being is the custodian of.

In the beginning of life, the body and the mind are the important issues, because they are the portions of human life that are evident in many

areas, for many reasons. They are the foundation for the Soul.

Today as I speak, it is important that many more men, women and children learn about what a Precious Gift human life is, not just because it is intelligent, has a memory or has sensitivity, but it is Important because it has a Soul that no animal has, no flower has, and water does not have a Soul, soil does not have a Soul. The Soul, to human life, is a Portion of The Creator, designed to be present, but in many ways totally unseen.

When an individual speaks, they speak the language they have learned to speak, and they have a sound to their words, thus being able to pronounce in sound what they want heard, understood, because this is the communication gifted to human life to make human life not just more bearable, but Special. In the ability to speak, one must remember that there is a mind, an intellect, that works hand in hand with what an individual understands, and has the capability to learn more with.

Today as All of Us stand Here, Our Presence is not felt by those

who write Our Words, but Those of Us Who speak hear Each Other. It is a joint effort for The Saints Here in the Heavens to be able to instruct millions of men, women and children on the Importance of human life, the duties that human life is gifted with, but also the Purpose for which human life was created, and that is to return a Portion of it to The Father, not just in thanksgiving, but to return to The Father the Soul that is a Portion of The Father, that no other living matter or thing is gifted with.

All of The Saints Here in the Heavens are totally aware of This Gift through which, and in which, The Father has directed so much to be instructed, helping human beings of all degrees of intellect, all ages, all backgrounds, to more fully understand the Importance of being called 'man'.

In daily life, many individuals thrive to be more intelligent than others, and to be able to handle situations above and beyond what others are capable of.

Today as I speak, there are Many Here with Me, and it is important that

All that has been delivered through This Gift never be cast aside, because there are millions of Souls throughout the world that need the one in whom They were placed at the moment of his or her conception, be aware of the Importance of human life.

It is sad when We hear that human life is taken for granted, abused morally, mentally, physically, spiritually. It is a gifted Design of creation, higher than any other portion of creation. True, an animal can do many things, but the animal is different than human life. Human life has the intellect to see purity over impurity, justice over injustice, and so many other valuable traits, understandings.

When We see an individual hold a flower and admire the beauty of the flower, yet know the flower will die, it has no goal; perhaps the seed of it may one day produce another flower, but that is not always so.

But always remember, the conception of human life is truly a Gift of Divine Love, and it has so many Gifts that nothing else created has. The mind alone, the senses alone,

the ability to be conscious of what is morally sound, pure, just, correct, is automatic in the human mind. It is a Gift beyond what a human being truly understands.

Many of Us stand Here because This Gift is to be treasured by all of human life. The Words are Words of Sincere Love, Concern, and They are The Father's Will for human life to know the Importance of why He created human life, and gave it a Soul.

The Soul is never thought about by most; in fact, it is a rare thought, but nonetheless, the Soul, as a Portion of The Creator, is the recipient of all that an individual partakes in every moment of every day of life.

As All of Us Saints are present at this time, We join together and say, 'Always remember human life is a Blessing, because within it there is a Portion of The Creator that nothing else has.'

All of The Saints are smiling, and say, 'Remember, as you are Blessed with so much, be grateful for It, because you have a Soul that one day must join All of Us.' So be it."

SAINT THOMAS AQUINAS

“I am Saint Thomas Aquinas.

In This Gift of The Father’s Love to the world of human life, instructing and continuously alerting men, women and children, to fully understand what a Precious Gift of Divine Love human life is to man.

In the beginning of time, in the Creation of human beings, much had to be changed, because the foundation for what was to be understood, to be learned, was in a state of constant need for being able to communicate properly in human ways.

Today as I speak, the world has been Blessed abundantly, because through The Father’s Creation of human life, He gave it a Purpose Greater than any other living matter or thing. He gave it a Goal, something that is innate in human beings.

Oftentimes a goal gives strength, purpose, courage, hope. This was The Father’s beginning in Love for human life, by instilling this desire to reach

for a goal. If it was not for a Goal, human beings would not understand the Importance in being a human being, unless they felt or feel there is a Goal.

After a long period of time in the development of human life, the Goal was finally realized through much education The Father's Way, that this Creation of human life was instilled with a Portion of Him. In the beginning, human life did not understand such a Phenomenon; but now, today, as there has been so much revealed on the Beauty of human life, having a Goal for the Soul that is within them, is a Blessing beyond what a human being can fully understand.

Volumes could be written on the importance of every step that human life was passed through to reach the importance of what is known now, and that is, that human life, designed and created by The Creator of All Things, has within it a Portion of The Creator that He Wants and Wills to be returned to Him, what will be known as 'a Saint'. The Soul becomes 'a Saint', because It returns to from Where It came.

As some read These Words, they will refrain from discussing Them, because they will feel this Lesson is being taught under different conditions than they first learned it to be, but nevertheless, or nonetheless, human life is gifted with a Portion of The Creator, giving to human life an in-depth understanding of the importance of purity in the mind, purity of the body, and that there is a Portion within them, unseen but obviously there because of the innate knowledge, understanding, sensitivity to the Presence of Something that is different than what any other living matter or thing has.

Every day should be a day of thanksgiving, and a request asking The Father to bless the day with more strength, morally, mentally, physically, psychologically, for the Goal that human life was created for: to return to Him, a Saint. So be it."

SAINT ATHANASIUS

“I am Saint Athanasius.

It is important that all degrees of Spiritual Faith should understand a major factor that is taking place. The world is saturated with sins of all dimension, thus the Souls of thousands, even millions of human beings, are becoming ‘the victims’ of the laxness in moralities in honor, in dignity, in purity of the mind and the body.

So many individuals do not see the disgrace in the immorality. They are more apt to be upset by a financial burden, or cost in some item.

There are many heresies prevalent throughout the world. Those who have given their lives to be religious leaders have weakened their beliefs in some form, some degree, some manner. They openly make excuses that it is ‘the time’ that causes things to change what they believe in, what they held in high esteem.

Throughout the world today, if every man, woman or child were questioned on what state their Soul would be in, most would not know how to answer, or would they feel that such an answer was not practical, not feasible.

Children are not being instructed on what is morally sound, nor are they being instructed on the importance of prayer. There is so much freedom in so many areas of human life, thus ignoring that human life basically was created to one day return a Portion of it to The Creator in a Pure State, being able to be called 'a Saint'. It is not ignorance to what is right, it is resistance to what is morally correct.

Needless to say, I could speak hours, but so many times when a subject is elaborated upon, those who read about It, or listen to It verbally, get lost in the Content, or begin to ignore the Value of the subject.

As I close My Words with you at this time, I beseech those who will read My Words, and those who will be example in many areas of life, to think of what you hold morally correct, and always remember that you have

a Portion of The Creator within you, that everything you do, speak, partake in, That Portion is affected in a manner and way and degree you do not understand now, but at a particular time, as your Soul stands in Judgment because of you, I plead with you, I beseech you to work each day remembering that your wrong will reflect in a Very Important Portion of your being, and That Portion is a Portion of The Creator Who created All things.

Some who read My Words may find Them difficult, but I beseech you to read Them again and again, because then repetitiveness very often clarifies any question that might arise, and by repetitiveness, you will be better able to see the purity that is necessary to become ‘a Saint in Heaven’. So be it.”

SAINT ELIZABETH

“I am Saint Elizabeth.

So Many Saints Here in the Heavens have been anxious to speak Words of Direction through This Gift of The Father’s Love for human life. Each of Us want every individual and their Soul to more fully understand that there is a Gift to Divine Life that nothing else has.

Children are not being instructed on what a day means to them. Many times they are guided through the day by their innate close communication with The Divine. A prayer said in Honor or request is always heard, because it is a form of communication All of Heaven understands.

In thinking on subjects that an individual is interested in, much occurs in the mind, and many decisions result from the thoughts the individual had. Some thoughts are moral, and sad to say, some can be very impure, but thoughts are important to human beings, because thoughts are within the mind on subjects that an individual

is capable of thinking. They are used as something to associate something or someone else with.

It is important that an individual of all degrees of Faith in a Creator use thoughts, not necessarily formal prayers, even though formal prayers give more strength in an individual's communication, but those who think in a quick manner, casual manner, regarding what is right, what is wrong, what is pure, what is impure, is and can be considered a communication with The Divine.

As I speak These Words, I know They are different than you usually hear or you usually read, but it is important for a human being to more fully understand thoughts have a reason, a purpose, and can be a great strength or encouragement to follow through or to accomplish a goal worthwhile, and this goal could affect the Soul to a great degree.

As I leave you, I smile. My Words are different, but do not forget, My Love for you is from The Divine. So be it."

SAINT BERNARD

“When The Father gives permission for One of Us to speak openly, it is always with Deep Love for The Holy Trinity that Our Words come forth, because all the Souls throughout the world need the ones in whom They were placed at the moment of conception, to fully understand that human life is Special, because within it, it has a Portion of The Creator.

We hear some say, ‘With all the millions of human beings, how can The Creator be a Portion of each one?’ This, of course, is a humanistic version of what The Creator is all about. The Souls of every human being, as Portions of The Creator, are Gifts of His Divine Love for each human conception, because to The Father, in creating human life, He designed it in a manner and form, using some of the things, perhaps called ‘attributes’, that He is the Possessor of.

We see so many reading All that has been delivered thus far, and questioning the Wording; then, to

others, it is perfectly sound, realistic, understanding, logical, and in many ways, gives strength to everyday living.

The human body has many Gifts, and the ability in so many ways to understand, to comprehend things that could be difficult if one did not have a Soul, because the Soul is a constant Companion to the human mind, the human body, and the Soul has the ability to explain in a more full degree of perception, the importance of what is spoken or being practiced.

Today as I speak, I know My Words are different, but with all the different intellects reading These Revelations, it is logical that some will find more understanding in Wording when it is done in a way they are comfortable with, or used to, or knowledgeable in.

The Father has Decreed that All that has been and is being delivered, become an Important Issue to those who hear the Words, read the Words, because of the Guidance that is in some ways so discreetly projected, due to the fact that all minds are different, all intellects have different degrees of perception on issues that give to them

more understanding for the mind that they have been Blessed with at the moment of their conception.

All of Us Saints stand by, waiting for The Father to give Us the opportunity, the privilege to deliver to those who are yet in the living state, to be more up-to-date on all they have been given, Blessed with, are capable of, because of the Soul The Father wants returned to Him in Heaven.

As I close My Words, I have one small piece of Love to share. Never forget to say ‘*Good morning*’ to The Creator. Whether you call Him ‘Father’, whether you call Him ‘God’, He hears.

And when you lay your head to sleep at another time of day, it would be nice to say:

‘Good night. Thank You for the day, and remember, God, my love for You is a love I do not understand, but I know it was Your Love for me that created me as man.’ So be it.”

SAINT JOHN OF THE CROSS

“I am Saint John of The Cross.

We hear so many different opinions on the Crucifixion of The Son of The Creator of All Things. It is time that human beings of all ages, all degrees of intellect, all understand regarding the Reason for human life, the privilege it is, and of course, the Goal for which it was created.

We hear many individuals open a speech with the words, ‘Time is of the essence.’ The speech has meaning, but these words have a meaning unto themselves. Time, to human life, is taken for granted, and the nature or the practices of an individual are called ‘human’, but oftentimes denied the full description of what ‘human’ is responsible for.

Today as I talk through *one small voice*, My Words are deliberately stated, because throughout the world there is too little understanding on the Importance of human life, and its close Association with The Creator of All Things, not just certain things.

Children are not being instructed on how a prayer should be stated, because little dignity is oftentimes practiced when one is saying a prayer. There is a term man would use for many prayers that are spoken: 'It is rattled on without thought.' The words mean nothing. The individual saying them feels that he or she has accomplished a deed that was accepted to be natural to human beings, all these things ignoring the importance of prayer, why it was given to human life, and of course, the very fact that it is a personal communication to The Divine, thus making it more important than any big, important project, proposition, or so-called 'deal' that man has between man.

I will keep My Words short, because whenever an individual prays, We All look for the dignity, the purpose, and the innate sense of love for The Divine that should register in the prayer, rather than an individual rattling off something with little regard for Whom and to Whom the prayer is addressed.

My Words should be remembered. There is much purpose for Them, much reason for Them. It is time for prayer

**to be handled in a more dignified,
respectful manner of communication.
So be it.”**

SAINT AGNES

“As I announce Myself, I smile with great Love for those who believe in This Gift of The Father’s Love. I am Saint Agnes.

There are so many men, women and children throughout the world who do not accept the right things, but readily accept something that is not good for them, and of course, this is sin.

As I speak to you on this day, at this moment throughout the world there are thousands of sins being practiced. Many who are doing it apply it only to human life, and saying to themselves, ‘It is natural to act the way I act, to think the way I think.’

The world has been Blessed many times in the past, by many Messages The Father Declared to be delivered through Many Saints.

The History of the Apostles is very important, but sad to say, not all things were put into script. Most that occurred was put into script some time

after it occurred, but at this time in which so much is being delivered, it is important that each man, woman and child become aware that they have a Soul, a Portion of The Creator within them, else they would not have the in-depth knowledge, understanding of what is pure over what is impure, what is just over what is unjust.

It is not the human mind alone that instills in an individual's actions the importance of how they speak, how they think, how they act, how they interact with others.

As I speak today, The Father smiles at Me, because there is so much I want to say to help all ages more fully understand what a Great Gift human life is, and that it has a Portion of The Creator of All Things within it, and The Father wants This returned to Him, a Saint, so It will live on Forever and ever and ever, always with the name of the one in whom It was placed at the moment of physical conception.

Divine Love is not understood, human love is not understood, but what is pure in its way, its reasoning, its practice, is obvious over what is impure in all these things.

The human mind has been Blessed to be able to discern so many things. It is time that the human mind of millions of human beings make the decision that they are going to strive in every facet of life to return to The Father, a Saint. So be it.”

GOD THE FATHER

“No human being is perfect, but there is an innate awareness in all human beings that perfection is not just a word; it has meaning and an innate understanding that perfection in human behavior, actions, talents, daily practices and intentions, lead to more understanding on all important and/or natural conclusions to daily living.

What is the basis or foundation of this Gift to human life?

It is a ‘Gift of Divine Love’, because human life is gifted with a Soul that is a Reflection of God’s Divine Love for this Gift, because it internally alerts the human mind of what is a pure act over an impure act, what is right over what is wrong, unlike the other creations of life.”

JULY 23, 2001 AT 1:42 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

In the beginning of human life, men, women and children were forced to learn all that human life was meant to be like. A story such as this has never been told, but as human life grew in the manner and the degree The Father Willed, human life began to more fully understand that it was a Gift of Divine Love that made them man.

A long time has passed, centuries, and it is important at this time, that All that is being given to human life be fully understood as a Blessing of Divine Love, instructing human beings of all degrees of intellect, the Purpose for which human life was created, and the Gift of Divine Love that is within each human being born in this way.

So Many of Us hear a great deal of emphasis put on human inventions called ‘progress’. Most of the time it is ignored though, that this Gift of progress is based on a Gift of Divine Love that is important to the progress,

designed by The Father for human life of all backgrounds. So little thanks is spoken daily, thanking The Father for life in the human way, thanking Him for the Gifts of human life, all Gifts, not just ones individuals feel make them special to other people.

Human life has many advantages. The communication between two human beings or more, is a Gift that gives the individuals involved a sense of belonging, and a sense of understanding that they are part of a definite Creation of Divine Love.

Children are not being instructed on the importance of each day. There is too much patronization, and too little communication on stressing the importance of everything they do and say; the reason, also, for why they must partake in what is morally sound, and not just ignore what is wrong, but to eliminate it from any part of their daily life.

So many times We hear discussion on moral strength, moral codes, moral beliefs, moral practices. The subjects are oftentimes very logical and valuable, but then there are times when immorality is accepted due to

the weakness, human weakness, that is acceptable on moral issues, moral facts, moral practices, moral values.

Today as I speak, it is with deep concern for the Souls of millions of human beings, because there is so little stressed on the Importance of the Purpose for which human life was designed, was created, and that it has a Goal to be reached that is not just a temporary Goal, but it is for the Soul, a Portion of The Creator, that will remain Forever.

So Many Saints Here in the Heavens desire only to help the Souls of individuals of all races, colors, creeds, intellects, dispositions, because there are so many distractions throughout the world that aid individuals in ignoring the fact that, as a human being, they have a responsibility in the living form, because they are the custodian of a Portion of The Creator, and It is to be returned to The Creator in a Pure State, and in thanksgiving for the Fact alone, that they were entrusted with such an Important Gift of Divine Love that nothing else created has.

Think about this: You plant a seed in the ground because you want a flower to grow. When this flower blooms and gives you pleasure, it is worth the work that you endured that was necessary for this to occur.

Remember My next Statement. At the moment of conception The Father has placed within a human body the Seed of human life, and this life has the ability to reach a Goal, to be returned to The Father, a Saint.

As I leave you now, please remember: at the moment of conception you were given a Soul. This can be spoken about as a Loving Gift of Divine Love to be returned to The Father, a Saint. So be it.”

JULY 24, 2001 AT 12:48 P.M.

SAINT AGNES

“I am Saint Agnes.

Youth is a very important time in the lives of all human beings. Though the backgrounds differ, the age has the same intentions, preferences, and many other degrees of learning how to become an adult.

So few adults understand watching this growth. They have little patience in being example to the individuals who are passing through a tremendously important step into the future.

Today as I speak, I speak on behalf of all ages, but the reason I have mentioned the ones I have is because tolerance, understanding, and sound example is the most beneficial gift that can be given, preparing others to become adults.

A good example of this was when The Christ Child walked amidst very learned individuals. Though He was born with much Wisdom, All that surrounded Him were

Important, because They automatically responded with respect, dignity, and a companionship necessary to give strength where it was needed, when it was needed, how it was needed.

At this time when there are millions of human beings born, all bearing all degrees of intellect, and all from different dialects of language, background, there is one Connecting Link that was in the Time of The Son of The Father, and it yet exists, and that is the innate knowledge that human life is gifted for a Purpose and a Goal, and has the advantage over all other living matter or things to reach a Goal that will give them the ability to be with The Creator of All Things for All Time.

Human life is a privilege. It should never be placed in a demeaning degree by anyone. The very fact that The Son of The Creator of All Things walked the earth in the human form, and remained for a lengthy period of time, thus being Example of All that was to be imitated, is important for all ages to understand the Example for human life was presented to all of human life: Example in how to behave, how to project one's abilities, and the

importance of stature in a dignified, moral, sound way of example.

Millions of Words could be spoken on this subject. It would be too much at one time for any man, woman or child to absorb in its fullest measure.

As each day approaches, bear in mind that every step you take, every word you speak has the ability to affect everyone you know, you meet, or even those who just see you at a glance for a moment. The memory of human life is a Gift of Divine Love. It was given to strengthen, to encourage, and to help everyone learn the Importance of being a human being, bearing a Soul, a Portion of The Creator, and realizing that responsibility that That Soul is to be returned to Him, a Saint. So be it.”

JULY 25, 2001 AT 12:41 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

Very often, when The Father gives to the whole world of mankind a Gift of His Divine Love, It is not always fully accepted in the Greatness It is, the Privilege It is, or the Importance of It.

At this time The Father has given a Gift beyond what human minds are accepting It to be. They hear about It, some partake in It to a degree, but they rationalize their lives and cannot always feel that through their life they are subject to What is revealed, because of the Soul they are the custodian of.

We hear so many say: ‘Where is my Soul? I do not see It. How do I know I have One, and what is It?’

I will put My Words bluntly. Every conception of human life, the individual who becomes the one born, cannot remember each step of the development of his or her life while in the womb, nor can it be remembered

at the time it leaves this place, and becomes a member of human life.

I speak strongly today, because throughout the world there are so many misconceptions on the Importance of human life, and there is so much doubt as to its Purpose.

Today as I speak firmly through *one voice*, It is to be put into script, and hopefully millions will read the Words and recognize in Them the value of Them, the importance of Them.

The world has been Blessed by This Gift beyond what man knows a Blessing to be, because human life is gifted with a Portion of The Creator of All Things, and must be reminded that every act, word, deed, That Portion can be victimized in many ways, and The Father Wills It to become 'a Saint', not a victim of the indiscretions of a human being in which this Soul was placed, to be returned to Him, a Saint.

I close My time with you now, but as I do, I say to all who will read These Words, 'You have the privilege to conduct yourself in a manner and way to be remembered through your Soul, as a Saint.' So be it."

“It is not always one’s own memory that reminds them, but One of Us.”

JULY 26, 2001 AT 12:43 P.M.

SAINT IGNATIUS LOYOLA

“I am Saint Ignatius Loyola.

At This Time, The Father has given to the world of human life a Gift, One that could be called ‘a Follow-up’ of the First Book written, called ‘Bible History’.

Between The Son’s Time upon the earth and another period of time, when men decided to see Christianity in its full Light, full Purpose, full Goal, The Father picked a Time, and that is Now, for so much to be delivered regarding the Importance for which He created human life, and also, Announce in many ways, many degrees, the Purpose for human life, because of the Soul that each human being is the custodian of.

It would be wrong to ignore or dismiss the fact that human life is different than all other living matter or things, because there is a Portion in human life that bears a Portion of The Creator, unseen but obviously there, due to the fact that a human mind knows instinctively that there

is a purpose for sound moral values, sound moral standards, and of course, an ingrained belief in a Creator that Exists, though unseen.

It is sad to hear individuals argue points that are basically ridiculous, because they are only humanistic in evaluation, ignoring Divine Intercession in the Creation of All things; plus, giving to human life a special role to play, because of the Soul that is instilled at the moment of conception.

The birth of a child is not just the birth of a human being. It bears within it a Gift beyond what a human being can see, but the very characteristics of the human part identify an Inner Part.

I could speak hours on the importance of this subject. The 'mentality' of human life is a Gift, the 'ability to see' is a Gift, the 'sense of touch' is a Gift, even 'taste' is a Gift, 'tears' are a Gift. There are many Gifts to human life, all with a sensitivity to some area, some thing, for some purpose. So, is it not logical to not just believe, to not just understand, but to value the Gift of human life for

all it is, and that it has a Portion of The Creator that is to be returned to The Creator in Glory, in thanksgiving, because of What It consists of?

The Goal for This Portion, called ‘a Soul’, is a Gift beyond any human intellect, but the logic of it stands out because of Its Importance. There has to be a Goal for human life, because of all the Gifts that human life has been endowed with. Logic is evident and the Soul is evident, because many times the Soul helps an individual make the right decisions, and the individual only considers his or her mind in this act.

As I leave you, I beseech you to accept the obligation, the privilege, to pass throughout the world, no matter what language others speak, All that has been given through This Gift of Divine Love, because millions of Souls daily are abused, and This Must Cease! So be it.”

JULY 27, 2001 AT 12:53 P.M.

**MANY SAINTS
SAINT JOSEPH, THE HOLY SPIRIT
OUR HEAVENLY MOTHER**

Saint Alphonus Liguori, Saint Bernadette, Saint Benedict. He's smiling, when He says this. Saint Pius The Tenth, Saint Gregory The Great, Saint Robert Bellarmine, Saint Josaphat, Saint Columbkille, and Many more.

“I, Saint Joseph, will speak. *The little one* We All use pleads for the Souls who sin so much, because of the ones in whom They were placed.

Today as We All join in, she keeps questioning Us on which One she must listen to, but it is difficult for her. It is the most difficult part of This Gift of The Father's Love, when she must submit or commit to such an Array of Figures Here in the Heavens.

We hold her tightly, for if We did not, her little body would break under the Power We are, because Each of Us radiates a Power unbelievable to the human understanding. We are All smiling, because Our Heavenly Mother

said She would speak, to save *the child* from the weight of so Many of Us.

I am your Heavenly Mother. It is important that the whole world learn about This Gift of Divine Love, because each Soul placed in a human life, must depend upon the human life for the condition of the Soul, and Its Future.

I speak differently today, because there is so much misunderstanding regarding all that a human life is about. Most thoughts are placed on the flesh, on the human part. Many other thoughts are placed on the intellects, and the importance of them. It is rare We hear an individual ask if they are in the State of Grace, and what the condition of his or her Soul looks like.

Just because the Soul is not seen, it has been instructed many times, that the Soul is a Portion of The Creator, placed into each human body to give it what no other living matter or thing is gifted with: the importance of understanding that there is a Goal to human life.

Throughout life most men, women and children seek goals: monetary,

materialistically and emotionally. The list is endless, but This Gift of Divine Love has been given so that all of human life could come to the realization that the Greatest Goal each one can reach is through their Soul, to become 'a Saint', returning to The Father; first called 'a Soul', and then bearing the Title of 'Saint'.

All through life human beings enjoy progress. The Greatest Progress a human being can accomplish is the day they enter the Kingdom of Heaven, and they are greeted as 'a Saint'.

I know I have spoken differently than I usually speak, but My Words are of Great Importance, because this Fact, this Factor of human life is rarely thought about. It is time that It become a daily consideration, and also, an innate desire to accomplish, because It is a Gift of Divine Love that no other living matter or thing ever receives. It is the Highest Honor in Divine Love.

I could speak hours, and yet What I have spoken hopefully will awaken the minds of thousands of human beings on the Importance of their life, and its Goal. So be it."

JULY 30, 2001 AT 12:53 P.M.

SAINT BENEDICT

“I am Saint Benedict. All of Us Saints await The Father’s Will, to participate in This Gift of His Divine Love.

Human beings talk about a Blessing, because within them a Blessing gives strength, hope, sometimes even a cure of some sort.

Through This Gift of Divine Love that bears the Name of The Beloved Saint Joseph, All of Us Saints Here in the Heavens have been given the privilege to speak. It is difficult for many human beings to understand what a privilege it is for the Souls of so Many to be active in helping others to prepare to be Participants in Heaven as Saints.

All of Our Words could be spoken indepthly, but there are so many individuals who fear believing in This Gift of The Father’s Love, because All that has been revealed awakens the minds of all ages that human life has a Goal, and It is the Greatest Goal, because It becomes totally a Portion

of Divine Love in all areas, all actions, all ways, all participations.

It is sad for Me to say the next Words, but it is important for truth to be spoken. The enemy of The Creator and all of humankind is prevalent, and constantly motivated to destroy Souls. To some people, they cannot understand what a Soul is. The Soul of every living human being is a Portion of The Creator.

Today as I speak, I speak with deep Love, deep concern, because there is a great need for This Gift of The Father's Love, This Miracle that bears the Name of The Beloved Holy Spirit of The Creator, humanly called 'Saint Joseph', to travel throughout the world, because throughout the world the greatest enemy human life can have, is using all kinds of temptations to destroy Souls.

Needless to say, I could speak hours on this subject, but All I have spoken at this time should be seen, understood and believed, because human life innately has the ability to see what is pure over impure, right over wrong, just over unjust.

As I leave you, I bless your participation in writing what is important on a subject that is difficult for many learned men and women to speak about, but This Gift of Divine Love must travel throughout the world.

I speak differently on this day, because I am trying so to keep My Words concise, hoping that in the conciseness more men, women and children will read Them, absorb Them, value Them, and find within Them the strength to practice love for The Divine, love for the Soul that they were given at the moment of conception, and also respect and love for every other human being's Soul.

There are so many ways to close My Words, but it is difficult to stop speaking on a subject of such great meaning to the lives, the Souls, and the future of millions of human beings. So be it."

JULY 31, 2001 AT 12:40 P.M.

SEVERAL SAINTS

“There are Several of Us Here.

There is no Miracle of This Degree throughout the world. The Father, in His Love for human life, chose ‘one place’, ‘*one child*’, a human being, because if it had been done differently, It would have been infiltrated with too many imitations regarding the Words that are so important for the Souls of millions of men, women and children throughout the world.

Confusion is easy to the human mind, especially when there is a choice on the line. That is why so much has been requested to be put into script by so many individuals, through the dictation of *one voice*, and basically the Voice comes from Here. The Words are delivered from Here.

You live in a time of great turmoil, much egotism, and little respect for The Divine. You live in a time of much injustice, based on many individuals’ opinions of what they will to be acceptable, thus ignoring totally the Will of The Creator regarding

morals, justice, sound perception of a Statement, and the reality that a human being is gifted with a Soul.

The small voice that is used to dictate, is used for This Miracle alone, because to have too many voices uttering, explaining what they feel is necessary for others to know, to accept, to believe, to practice, would be chaotic throughout the world. *The one voice* used is capable only of hearing the Way The Divine Wills It to be. All other things are erased immediately.

Children are not being instructed on the importance of formal prayer, because it is necessary for them to learn how to pray in this manner, this way, due to the fact that the human mind finds it easy to stray, either because of something in sight, or something the individual practices in their own way.

Millions of Words have been passed through This Gift of Divine Love. They are not Stories to entertain; They are Words to give strength to the mental, the moral, and the physical way.

In the choosing of *a small voice*, We hear some question why The Father

did not choose a powerful voice that could be heard hundreds of feet away, but the intimacy of All that is delivered has within It a Closeness to all who put It into script, and who will read It personally, and then as they speak It to others, it has a continuity to It that is logical, and is immediately noted and noticed when It is changed from what is originally stated.

The Father has placed into one small area of the world His Love for human life, but He says, 'Deliver It throughout the world,' because if It was done another way, there would be too many misinterpretations. Those who put the Words in print must have the dedication and perseverance to always remember that words in print have more than appeal when They are Words of Value and Truth. There is strength within every stroke that it takes to put Them into print.

The whole world has been Blessed through This Gift of Divine Love, and each day We All pray that human beings of all degrees of intellect will be touched by What the Words mean to the Future that awaits each one, a given time, a given way.

As I leave you at this time, you are Blessed for your courage, your perseverance, and your Faith. So be it.”

AUGUST 1, 2001 AT 12:44 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

Mercy is rarely thought about in its full meaning, especially when an individual ignores the value of it at given times. Mercy is a word, but in reality, it has an in-depth meaning.

Biblical History openly speaks about how unmerciful human beings were to The Son of The Creator. It was part of their nature, and definitely part of the act to cause pain, even though it was unjust to The One they were jealous of.

Today, throughout the world, little mercy is extended or practiced when there is a great need for it, either physically, mentally, or spiritually.

I speak differently today, but My Words are of great importance, because They are Words to awaken the minds, the sensitivities, the rationalization that human beings should become very aware of, and use acts of mercy instead of acts of injustice, egotism, or revenge.

Prayer is not one of the most popular actions of human beings, because they omit the fact that prayer can be said silently. No one has to know that one is communicating in this way with The Divine.

Children are not being instructed on silent prayer, but children are not being instructed on many ways to become more sincere; not just practical, but more sensitive to what is going on.

If I were to give you the hours of the day in number, of how much prayer is spoken in a personal way to The Divine, you would be shocked at the comparison of this to all the other things human beings are involved with, on, for, because of the human side being more apt to be available.

There are so many words that could describe the vacancy in human lives every day, due to the fact that everything is either materialistic, humanistic, or based on totally self-concern. The word 'concern' obviously covers many facets of human life.

I will close My Words now, but hopefully They will be spread so others may have something to think

about regarding their way of life, and the need they have to change what they call 'their human way', and think more about the necessity for the mind and the body, the senses, the intentions, and the associations with other human beings to have a Spiritual connecting link to everything they do, everything they say, everything they feel, everything they wish, because without the spirituality human life is empty, because the mind, no matter how brilliant it is, cannot compete with the Importance of the Soul, and all the Soul is capable of participating in, for the human mind to make better decisions, or to be helped in a fuller understanding that The Creator is a Portion of the Soul, The Creator of All Things.

I could speak hours on this important subject, and perhaps I will at a later time, but All that has been delivered through This Gift of Divine Love should be passed throughout the world, and never kept behind walls where no one can see, read, or more fully understand what a privilege it is to be born the human way, because of the Soul that is within each human being.

The Soul, as a Portion of The Creator, is a Gift of Divine Love, Greater than any gift a human being can acquire. So be it.”

AUGUST 2, 2001 AT 12:45 P.M.

PADRE PIO

“I am Padre Pio. It is indeed a privilege that The Father allows Me to speak to those who have the Faith to understand, to believe that The Father allows Direct Communication between Himself, with All The Saints, and man.

Each day, every human being should acknowledge the fact that logic says there is a Creator in control of All that has been created. The universe would come first in the reality of this fact.

There are so many men, women and children who want to believe that a Creator Exists. Then there are those who automatically believe, because the reality of such One as This is, is logical, due to the fact that so much that is in existence proves that no human being has the ability to control such magnificence that bears the necessities for human beings to live, to exist.

Children are not being instructed properly on the Importance of Who

created the world, and Who they should look to for guidance, also thanks, because to be a human being is a privilege, due to the fact it has a Goal that nothing else created has.

Granted, That Portion of human being called 'a Soul' is not seen physically, but logic tells a human being that as they have all the attributes that nothing else in existence has, proves that human life has Something beyond what exists within them each moment of every day, and logically it is a Goal for a Portion of them they cannot see, but through time has been called 'a Soul', also described as 'The Creator's Gift of His Divine Love', proving to human life that this Creation has benefits, and must be remembered that it also bears much, and many responsibilities.

It is foolish to ignore understanding these Facts, because there is nothing greater to know than that you live in the human way, you are Special and you have many Gifts, plus the Most Important One, a Portion of The Creator that will remain when the physical ends.

For some, My Words may be deep in understanding, but logic will win out, because it is so logical to understand that life in the human form, as man, has so many Blessings that nothing else created is gifted with.

I could speak hours. You could write books as you write My Words, but in The Father's Love for human life, He gives only Portions at a time regarding His Part of human life, His Reason for human life, His Love for human life, and His Desire to have That Portion of it returned to Him that is a Portion of Him, because It is marked with the Sign of Divine Love, by the one who bore the Soul.

As I leave you, I bless you and I say: 'Where there is doubt, there is sadness. Where there is Truth, there is Hope, and where there is Divine Love, there can be no Greater Gift.' So remember, in the human form, in the human life, you bear a Portion of The Creator with Divine Love. So be it."

SAINT ROBERT BELLARMINE

“I am Saint Robert Bellarmine. There are numerous Saints standing Here with Me as I speak through *one small voice*. Each Saint represents a different facet of importance in human life.

***The little one* keeps looking at All of Us, trying to associate the Name with the appearance of the individual Saint. This is always a joy for Us, because indepthly she knows that human life was created with a Soul that one day would be called ‘a Saint’.**

There is great sadness throughout the world, because there is so little attention paid to sound morality, and also dedicated to the Goal for which each human life was created.

It is difficult for many, I should say thousands, maybe millions, to even fathom the idea that they bear a Portion of The Creator of All Things within them, because they base everything on humanistic evaluation, concern, ability, and reality.

I take *the little one* now to a place where there are thousands of individuals, all of different races. She looks at them, and tries to determine what their basic culture is. She is confused, because as each one smiles at her, she feels the responsibility in the genuineness of their smile, because each one represents a different country, a different upbringing, a different foundation, making her aware that All that has been delivered, The Father Wills to be put into different languages, so that those who do not speak English will have the benefits of All that has been delivered through This Gift of Divine Love, for Souls to be returned in a Pure State for another Way of Living.

She stares at all she sees, because We show her all different types of clothing, representing where the individuals are from. There is a child she focuses on, and the child stands staring at her. She cries for the child, for it is confused.

She tells Me to stop the Vision, to aid her. I will take a portion of it away, because she sees the child lost in the midst of confusion. I withdraw her from the scene.

The Father is entering in full sight to control the tears, as her heart aches because of her sensitivity in seeing confusion, and the lack of full understanding that so many human beings use, basically to ignore practicing what is morally correct; also, ignoring that they have a Portion of The Creator within them that they must protect.

Though it is difficult for many human beings to hear that within them they have Something that is connected to The Divine, they hear It is called 'a Soul', but many say: 'What is a Soul? I cannot see It, I cannot feel It.' It is sad to hear so little acceptance of such a logical Fact to human life, in human life, for human life.

Without the Soul, a Portion of The Creator, life would be like all other living matter or thing; also, there would be no Goal, which makes human life Special because there is a Goal. It gives strength to the physical, but also much strength to the mind, aiding every human being to see justice over injustice, right over wrong, truth over untruth, purpose to being a human being.

Needless to say, so much could be spoken at this time, but many who read **These Words** are more compelled to read if there is not too much to read. That is why so many **Revelations** through **This Gift of Divine Love** have been shortened, thus to encourage more reading to absorb the benefits that human life is gifted with. **The Father**, in **His Love** for human life, proved **His Love** by giving to human life a **Portion of Himself**, to be returned to **Him** in thanksgiving for the life that gave them so much.

I want to speak hours, because there is so much yet for human life to learn, but as **The Father** says, the **Facts** already given are **Foundation** for individuals to more fully understand that human life is **Precious**, because within it, it has a **Portion of The Creator** that nothing else has, and it is **This Portion** that instills logic, hope, understanding, and so many more **Benefits** that will be listed at a later time.

With **Each Lesson**, **Blessings** are evident because **The Father**, through **His Love** for human life, uses **His Communication** through their **Souls**

more times than an individual ever understands.

As I leave you at this time, I beseech you: don't look at human life as an ordinary thing. It is a Gift beyond what any human being realizes, because within it, it has a Portion of The Creator, and The Father waits for That Portion to be returned to Him in a Pure State of Love for Him, at a given time. So be it."

THE HOLY TRINITY

“*The little one* I use fears Spiritual errors, medical errors and social errors, more than anyone could possibly perceive. She looks to Me for all goals, interpretations and actions. Her time is of the greatest importance to her because she also realizes that to waste time can lose Souls.

We All smile at her concerns because they are for the good of all things, not just what she is responsible to Me for.

I bless all who use This Gift of Mine to grow closer to Me, because in this way Sainthood is obviously the Goal, and it pleases Me, more than I can put into words that human life of all dimensions could possibly fully understand or perceive.

I bless My *little one*, but also all who love Me. I know My Words are unlike you would expect of Me, but do not forget, I am The Holy Trinity.”

AUGUST 6, 2001 AT 11:50 A.M.

GOD THE FATHER

“This *little one* I use for so many Words of Hope, Direction and Love to all of human life, must see there are areas of life that make her vulnerable to others not understanding the way or reason or purpose she is seen to act in.

My Love for human life is unlike the love man shows to man, but it is important that human beings of all degrees of intellect, and/or belief in Me, see the importance of everything they do, because the enemy is constantly trying to intimidate or guide actions that are detrimental to the Purity of Souls of all human life.”

OUR HEAVENLY FATHER

“I am your Heavenly Father.

It is difficult for many to believe or even understand that I would choose *a small body, a woman*, at this time. Most are saying I would choose a man.

All that has been delivered thus far is to awaken the minds of millions of human beings of the Importance of human life, and that human life was created in a Special Way, for a Special Goal that nothing else can claim.

Why it is difficult, for so many to act indifferently toward such an Important Issue, Statement, Fact, causes Me some sorrow, because the very evidence is obvious that a human being would not have the ability, or the daring, to say My Name in connection to what they were delivering verbally.

Throughout the world men, women and children are continuously active in many ways that please only the evil that exists. We hear some say: ‘Why does not God erase the devil, and

all that is evil? He has the Power to do this.'

For Me to explain My Reasoning is not necessary at this time. The important thing at this time is for men, women and children to base their love for Me on purity of the mind, the body, due to the Fact that they are a custodian of a Portion of Me, a Favor from Me at the beginning of human life that I created for a Purpose.

Every day when I see Souls being tormented by ugly sins of the flesh, of the mind, to describe what I feel would be impossible. There is so little real instruction by so-called 'learned' people on the Importance of why I created human life, why I gave to human life a mind to make choices. It was a Gift, a Gift Greater than most human beings perceive it to be.

There have been many horrible times since the beginning of human life, because in the minds of those who have the freedom to use their minds, they chose wrong over what was right, impurity over what was pure, injustice over what was just. This was My Gift to human life, the ability to make decisions.

If you think about it logically, it was because human life would walk in all different manners of thinking, feeling, sensitivity, insensitivity, using talents, abilities that nothing else created has. Without all of this, human life would be like a plant, an animal. I gave to human life certain things that I had, I have, but I gave them in a different degree.

I could speak without stopping, for periods of time that a human mind or body would be incapable of coping with. I love this Creation of Mine, human life. I care about everything else I created, because each thing has a purpose, a need, a reason.

At this time in which I dictate These Words, I think back to the beginning of time, and it was a time similar to this. It was necessary for Instruction, to help human beings understand indepthly My Love for human life, My Will for human life, My Goal for the Soul that is a Portion of Me that each human being is gifted with at the moment of conception.

***The little one* through whom I speak, walks a Path in total obedience to My Will. It is important that as you**

believe in This Gift of My Divine Love, always remember you have within you a Portion of Me that I want returned to Me in a State of Purity, because then It will be constantly with Me, and nothing will be able to change that. So be it.”

SAINT MARGARET MARY ALACOQUE

“I am Saint Margaret Mary Alacoque.

If you were to walk throughout the world, cover every inch of it where human beings were located, you spoke to them in the language of their way, but you would be on the subject of how they felt about God, what do you think most would say?

This question is very important, because many would have reasoning in what they would answer that would be totally opposite of how you were instructed to think about The Creator, God.

Today as I speak to you, the number of men, women and children who never think of God during the day would shock you. It is important that All that has been delivered through This Gift of Divine Love be sent throughout the world.

Hopefully, you will find translators that will be able to translate properly, and in the True Essence of What is

being spoken, written, because what most people do not understand is that there is very little logic in the understanding human beings have for the True Existence of a Creator. Everything is put into script in what is termed 'a logical format', easy to understand the human way.

Children are being taught prayers, but somehow or other the prayer is only words, is only an idea that That Saint or Saints exist somewhere. There is very little explanation to children about the background, the necessary logic that connects the Truth of a human being becoming 'a Saint', and now can be prayed to for help. Some might say, 'How can the Saint help me when They have nothing earthly to use that I am praying for?' My, oh my, this is a sadness for All of Us Here in the Heavens to see, to watch every day.

There are so few clerical, or so-called 'clerical' knowledgeable people who have the ability to explain the Importance of a Soul that every human being is the custodian of; thus, the Soul becomes the Saint, not the body of a human being.

Needless to say, many who pride themselves on being wise in Spiritual facts are not practical in how they express the Importance of the Gift of Faith instilled in a human being: Faith in The Creator First, and then Faith in the Purpose for which human life was created, and then, of course, the Goal for the Soul that every human life is gifted with at the moment of conception.

Children are not being instructed properly. Many adults have no real concept of the importance of everything they do, they say, they think, or they act out. They place so much value and responsibility on being human, thus ignoring the Soul that was given to them at the moment of their conception.

I can hear some say now, ‘Well, I cannot see my Soul.’ That’s true, but volumes could be written on how the intellect of a human being can perceive the Fact, adjust to the Fact, be thankful for the Fact, that they were created for a Portion within them that is a Portion of The Creator, in a manner and way not understandable to human life, but obviously there, because a human being understands purity over

impurity, justice over injustice, right over wrong, love over hate, caring over uncaring, thus making human life have so many valuable understandings, thus logically saying to human life there is Purpose to human life, and Purpose must have a Goal.

Each day when you awaken, a small prayer would comfort you. Maybe it would take awhile to do this, but it would be nice to say:

‘Good morning, God, I love You. Please help me in everything I do today, for the good of my Soul, and also that in doing this, I will prove my love for You for Another Time, Another Way.’ So be it.”

SAINT ROBERT BELLARMINE

“I am Saint Robert Bellarmine.

Too few men, women and children understand the importance of every day they live as man.

The world has been Blessed by a Gift of Divine Love, bearing the Name of The Beloved Saint Joseph. It is a great sadness when We see indifference to This Gift of The Father’s Love, to such an Important One as The Beloved Saint Joseph.

Children are being instructed in so many phases of human life, but very little is even being spoken about the Soul that every living human being is the custodian of, responsible for, and will be the Living Portion of that individual at a given time.

We hear men, women and children talk about life, how important it is, and they fear losing life through illness, accidents, or through some danger that they come upon that is definitely life-threatening.

Today, as so Many of Us Saints speak through This Gift, it is important that much attention is not just enforced but utilized, regarding why human life was created, and the Soul that is a Portion of The Creator that lives with each life, and is That Portion of life that will be one day Judged for all the actions, thoughts, words, deeds, practices.

For some, this may be difficult to believe, but the logic is so rational, because every human being innately senses the Importance of human life, and logic says it is not through their own great ability, but it is through a Source Much Higher, More Knowledgeable.

As I speak to you today, I am fully aware of many places throughout the world where so much wrong is being accomplished against the mental, physical bodies of human beings, with no thought, of course, of their indiscretions on what is morally correct to all parties involved.

It is sad when We hear so little regard for human life, when it is taken for granted on issues that should be corrected or helped or changed,

regarding the moral or the physical aspects.

So Many Saints Here in the Heavens request to speak through This Gift of The Father's Love, because in watching so many wrongs, so much desecration, so many foolish, rash actions, it is a sadness beyond what a human mind could handle.

As I speak to you now, I can truthfully say there are millions of Souls Here in the Heavens Who want those who yet live in the living state, to fully understand that the human body, the mentality, and all that helps an individual exist, will one day no longer be evident, but the Soul will live on Forever, and hopefully be declared 'a Saint', and not have to suffer for any time to erase all that was practiced impurely, even when the individual in whom It was placed knows that a Portion within himself or herself can be returned to The Creator for All Eternity.

We hear some say, 'What is really meant by Eternity?' The only answer I can give is: The day will come and your Soul will receive the answer from a Higher Authority. Never forget,

every human being is the custodian of a Portion of The Creator. Though this may be held in some doubt by some, All of Us in the Heavens pray that human beings of all backgrounds will awaken to the Fact that there is a Goal for human life, for That Portion of human life called ‘the Soul’.

We All say, ‘Treat It at all times for the Greatness this Gift is, that The Father allowed to partake your life in with you, because you have the responsibility to return It to Him, a Saint.’ So be it.”

AUGUST 9, 2001 AT 1:08 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother. The Father requested I speak to you today.

It is important that human beings of all ages, degrees of intellect, background, learn to more fully understand the Importance of what it is to be man. When I say ‘man’, this of course, includes women.

The Greatest Example of these two ways of life were shown a very long time ago, through The Beloved Saint Joseph, The Heavenly Queen, and The Son Who was a Portion of The Creator, giving to human life the beauty of family life, what it could be, what it should be, and the Goal for which it was created.

As We hear some individuals say, ‘Why would so much be given through *one voice*, on so much Information on the Importance of human life; and All The Saints Who speak, would we not learn more if They spoke to us personally?’

There are many ways for human beings to speak to The Saints, and to understand that the Saint is hearing what is spoken, and can very easily point to the beauty and logic in an answer form, but the human mind does not always respond to the logic in what is instilled, because it is not always how they think, how they feel about certain things, or how they want to contend with certain facets that are necessary to fulfill the result they want.

Many Saints are Here with Me, and Each of Them want you to know that human life is a privilege, but mainly a Gift of Divine Love, because of the Soul.

We hear many individuals talk about Saints. Have you ever asked yourself, 'What is a Saint?' Logically, you can only feature the physical, not realizing that the Saint is basically the Soul of the individual in whom It was placed at the moment of conception.

Each Soul is Important to The Creator, because It represents that this Soul passed through a period of time with a human body, a human mind. The Soul, many times, was a

recipient of many things that were on the verge of being not quite right, but oftentimes the Soul had the ability to encourage the mind to think twice.

The Soul is the Greatest Gift of Divine Love that a human being can possess, because the Soul is the Connecting Link that no other living thing has been created with.

The Father, each day, watches over all that is right, all that is wrong, that mankind is practicing throughout the world. Needless to say, the Soul is of Great Concern to The Father, because of the Importance of the Soul for the individual to eventually become ‘a Saint’.

Needless to say, Divine Love is evident in many ways, and through This Gift of The Father’s Love for human life, He has allowed so much to be spoken in an explicit way, helping all degrees of intellect to more fully understand what a Close Association The Father, The Creator, is to man. So be it.”

AUGUST 10, 2001 AT 11:46 A.M.

GOD THE FATHER

“In My Design of human life, I designed it according to how I would use this Gift of My Divine Love.

I have given this Gift of My Divine Love a hidden Portion of Me, called ‘the Soul’. It is never seen by the human eye, but It is oftentimes felt by the inward sensitivity of what I have instilled in human life, so human life would feel the sense of justice over injustice, truth over untruths, love over hate.

It is important that All I have delivered, and have allowed to be delivered, be read, and be able to better understand the Close Connection I am to man.

I have given the world This Gift of My Divine Love, allowing so Many Here with Me to speak in a constructive, instructive way, so that human beings would more fully understand that they have a Portion of Me within them that bears a very easy name to associate with — ‘the Soul’.

My Love for human life cannot be compared to how My Creation, human life, fully understands, but as human beings relate to loving each other, it is but a small segment of My Love for this Creation of Mine. I instilled this Gift into human life as a Foundation of understanding My Love.

I will talk more on this at a later time.”

AUGUST 10, 2001 AT 1:15 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius.

There are many heresies throughout the world. Not all people want to recognize them, because to be obvious in what one thinks, many times causes much speech, and it leads to positives, negatives, beliefs, disbeliefs, thus causing unnecessary confusion on important subjects.

The world has been Blessed by This Gift of Divine Love, because The Beloved Saint Joseph knows what is important for human life to know, to understand, to accept, to believe. That is why This Miracle bears His Name.

Today, as so Many of Us are with you, We hear you talk about things you are aware of that occur. Many are business, many are natural occurrences, and much of it family concerns. This is normal, and this is always a pleasure for All of Us Saints Here in the Heavens to hear.

When We hear impurity on any subject, We immediately think of the

Souls of those involved, because the Soul is always ‘the victim’ of what an individual does, and ‘the victim’ tries in some way, to alert the other one to look at what is right over what is wrong, what is pure over what is impure, but so many times the human side ignores that they are the custodian of a Portion of The Creator that is constantly aware at all times of every act, thought, word or participation, that the individual is using for some reason or other.

I speak differently today, but you must remember you live in a time where all ages of human life think according to the time, the circumstances, and what others do, but they ignore their responsibilities, and are oftentimes caught up in what is wrong for the Soul that they are the custodian of.

As I close, I plead with you: never let a day go by that you do not say a few words to your Soul, because your Soul is The Father’s Gift to you, and That Portion of you that will return to Him at a given time. So be it.”

AUGUST 11, 2001 AT 5:45 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph.

It is important, All that has been delivered through This Gift that bears My Name, because The Father has Willed human life of all dimensions to more fully understand and practice sound moral values, sound moral standards.

Some may say ‘I do, but I do not always understand what the difference is between values and standards.’

Let Me put it this way: The Father has given to the world a Blessing with no disguises, because all of human life is to fully understand that human life as man has a Goal.

The enemy oftentimes offers temptations of all degrees, to distract and encourage men, women and children of all ages, to justify what they accept, even when it is totally wrong for their whole being. The words used for this would be: impurity, immorality, injustice, and vile mannerisms, only

pleasing to the enemy and disgraceful in human understanding.

The world is in chaos because of the indifference, or lack of concern regarding the Importance of human life, why it was created, and that the Soul within it, as a Portion of The Creator, is the 'victim' Soul.

This Gift of Divine Love has been given to the whole world through *one small voice*. Some might say, 'Certainly *one small voice* cannot speak loud enough for the whole world to hear.' That is why All the important Words to be remembered have been and are yet being put into script, so there can be no excuses for anyone to say, 'I cannot remember what I was told and I cannot remember the day.'

The enemy uses all weaknesses, mental, physical, Spiritual, to encourage all ages of human life to find excuses to practice vile, contemptible abuses in every facet of human life, thus ignoring the Soul that is to be returned to The Father in a Pure State, so the Soul can be called 'a Saint' and live as a Saint for All Time.

So much more can be spoken, but the Facts covered are of Great

Importance, because They are the Foundation for all of human life to base what they say, what they think, what they do, what they take part in, on what is important for the Soul that they are the custodian of, since the moment of conception.”

AUGUST 13, 2001 AT 1:18 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

Let us stand in a room. Let us call it a ‘Room of Laws’, a ‘Room of Courage’, and yet a ‘Room of Love’.

When the time comes and The Father stands before Him a Soul, ask yourself: What questions does The Father ask this Portion of Himself that He placed within a human being some time ago?

The Soul is responsible in many ways, for many things, but a human being never sees the Soul that he or she is the bearer of. The Soul is a Guardian, in many ways a Protector. The Soul gives advanced warnings of danger. The Soul wants the one in whom It was placed to see purity over impurity, love over hate.

Ask yourself: How often have you seen a small child stand before you, appearing in an innocence that was attractive, and what you felt from this child was a need for you to show strength, courage, hope, love?

I know it will be difficult for some to understand, but The Holy Spirit of The Creator of All Things, constantly stands with a Watchful Eye, protecting Souls throughout the world, because of the Importance of the Souls to The Creator.

It is difficult for some to understand that within them they have a Portion of Divine Love. No other living matter or thing is gifted with This, but it is time that men, women and children begin to understand that human life is a Special Gift of Divine Love, and when it was first created it was part of a Great Plan. The Plan has never changed, It never will, because it is how The Father Decreed that human life would have intellect, understanding, courage, hope, and innately believe in a Supreme Power, Supreme Being.

As I leave you, I beseech you: let no day pass that you do not thank The Creator of All Things for That Portion of you that is a Portion of Him, called 'the Soul'. So be it for now."

AUGUST 14, 2001 AT 12:37 P.M.

SAINT GREGORY THE GREAT
SAINT ROSE OF LIMA
MANY SAINTS

“I am Saint Gregory the Great. Many of Us smile each time this *little one* is approached to deliver What the Father Wills for human beings of all ages, all degrees of intellect, all backgrounds, to more fully understand what a Great Importance it is to be born as man.

There are many enemies throughout the world, all based on jealousy of This Gift of Divine Love that so much Direction, Information, Truth, and Divine Love is being obviously apparent in the Words, in the reason for the Words, and of course, in the topic of the Words.

The world has been Blessed abundantly, but there are so many doubters, so many sinners, so much jealousy, envy, interfering, interrupting what is necessary for All that has been given to be seen by millions of men, women and children, because of the Soul each one of them

has, and the Soul is the recipient of everything an individual partakes in, believes in, and/or practices in daily actions, thoughts, words.

We hold *the little one* tightly, because of the Power that Each Word has, to deliver to her mind What The Father Wills for all of human life to understand the Importance of being a human being, no matter what part of the world you are born in, come from, or presently live in.

As These Words pass through, she is staring at Our Faces, and as Our Words flow through her, her words are given to Us, asking Us Our Names; of course, One by One, and then asking how to be able to pass All The Father Wills throughout the world, because of the Souls that are in great need of What is spoken.

We hold her more tightly, because her body is less strong than she appears on the surface. She asked Me not to say that. The Father blesses *the little one* and smiles. She says, 'Yes, now I can go on.'

I am Saint Rose of Lima.

There are so many innocent children, even innocent adults, who do not realize how Important human life is, and that it has a Goal, a Purpose, that nothing else has.

She stares at the Vision We are showing her. There is a Light, and Many Saints are staring at the Light. She innocently asks, 'What is the Light?' We All smile at this, for you see, the Light shines forth from The Holy Trinity. It is a Light she has never seen before in this way.

Children are not being instructed properly that they have a Portion within them that is a Gift of The Divine, making human life different than all other living matter or thing. Children are not being instructed on how they should end the day, remembering to thank The Father in a loving way for the privilege of the day.

Needless to say, We could speak hours without a stop, but *the little body* The Father uses many times is close to what other humans would call 'ready to drop physically', because of the Power that pours forth that is far greater than a human mind can fathom It to be.

All that has been delivered through this *one voice* is to spread throughout the world, even when rejection shows. The Word from The Father is: ‘Be persistent in what you know is right to do for the Souls of millions of human beings that have no way, other than This, to understand that they were created by Divine Love, Blessed with a Portion of The Creator, and are expected to return to The Creator, the Soul, because the Soul belongs to The Creator.’

As I close My Words, I plead with you: never let a day go by that you do not speak in some way to The Divine. So be it.”

AUGUST 15, 2001 AT 12:50 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius.

As I speak today, there is a deep sadness within Me, because so many who say they believe in the Facts that appear in the Holy Bible, and they believe in a religion that stands in all truth based on the life of The Son of The Creator, you must understand My Words to be Words of great concern, and deep Love for human life, because there are thousands, if not millions of Souls that are being abused by the one in whom They were placed at a given time.

We hear some say: ‘If I truly had a Soul, I would see It. God would make It obvious to me, thus I would be able to see my logic more clearly in how I think, how I act, how I lead others to believe.’ I have one Statement to make: If this was the sound basis for how you speak, why does not The Creator of All Things show Himself openly in a manner and way that you would see Him as you see all other human beings?

In the beginning of time, The Father gave to human beings Lessons on the Importance of human life, and the Goal He had waiting for a Portion of human life to one day receive, to be returned to Him Forever and ever and ever. All the problems of human life would be gone, would no longer be evident in any way.

Throughout the world there are many men and women and children who feel that pleasing God The Father is to do things the way they feel are normal, natural, and expected of them, thus ignoring the possible impurity that could be connected, involved, part of, or even in the whole situation of how they perform what they are doing.

Let us take The Commandments. One of The Commandments remembered is that *Thou Shalt Not Kill*. That is remembered more times than *Thou Shalt Not Commit Adultery*. Possibly because of the innate fear of death, human life can associate with being killed, but adultery is supposedly a human pleasure, a normal act.

There are so many words to explain, and for human beings to

absorb the importance of All The Commandments that were given to a man some time ago. Granted, They were given in a more in-depth manner when he received Them, but human life has a way of cutting things short.

It is important for all Faiths, all ages, to begin to make it a practice to ask themselves questions on what they truly believe; also, how they live each day, first alone, and then with other human beings. They should also ask themselves: What example do they leave with everyone they meet, they live with, when they are with those they know, or strangers? Do they leave the other person or persons feeling a gift of strength, hope, also a feeling of wanting to imitate the goodness in the other person, an awakening to the Gift of life being more than just living, working, and associating in general with other people?

Needless to say, this subject could take volumes of answers, directions, enlightening millions of individuals of all backgrounds to awaken to the Fact that human life has a Goal, human life has a Portion of The Creator within it, namely 'a Soul'.

This Gift of Divine Love that bears the Name of The Beloved Saint Joseph, was given to the world to awaken the minds of all of human life that human life was created for a Special Purpose and a Special Goal.

Sometimes it is so easy for someone to say, ‘*God bless you.*’ It is often just a matter of speech, not truly meant in its full measure.

This Gift The Father has given to the world, bearing the Name of The Beloved Saint Joseph, was and is to awaken the minds of millions of human beings to see the Value of human life, and the Importance of the Intended Goal for which it was created, and that is to return to The Father, in Glory, the Soul He gave quietly, lovingly, at the moment of the individual’s conception to human life. So be it.”

AUGUST 16, 2001 AT 11:53 A.M.

GOD THE FATHER

“The weight of My Will, for My Will to be done, is Greater than a human being can fathom.

Weight such as I Am bears much responsibility, because through My Will I deliver Messages for greater things than the human mind can perceive.

Some might say, ‘How much does a Soul weigh?’ I smile at this because a Soul’s weight is no comparison to what a human being understands.

The Soul is a Gift of My Divine Love and I Will It to be returned to Me in a Pure State. This can be compared to your human feelings about something you have that is of great importance. You want nothing to harm it or destroy it.

This comparison is not in the concept some would think I would use, but all degrees of intelligence who will read What I have said, will see the importance of what I mean.

I love this Creation of Mine because it is the custodian of a Portion of Me. I beseech you to remember that as your Creator, I Am All Things, and want All Things to be pure in all ways, all degrees, because It is to be returned to Me as ‘a Saint’.

My Way of speaking is because I love this Creation of Mine called ‘human beings’.”

**“Love from hate
Right from wrong
Justice from injustice
Hope from despair
Purity from impurity”**

SAINT ATHANASIUS

“I am Saint Athanasius.

There are many heresies throughout the world. All of them are not recognized, because men, women and children accept what is presented rather than questioning all the facets of what is important, necessary, realistic, right.

This seems like a very odd subject to preface My next Words, but I am doing it this way so you will more fully understand that when men, women and children begin to think in certain degrees of fair play, of honesty, oftentimes the thing they abuse most are The Commandments of The Creator.

Many times, Many of Us Saints feel a sadness when We see The Commandments that were given to one man. They were given in full detail, but human beings have a way of shortening a subject even when it is important, thus diminishing its full concept, meaning, reason, purpose.

All The Commandments do not speak in Their fullest measure, way, because men, women and children find it easier to obey something that is easier to accept themselves, in doing, in practicing, in omitting, in caring.

Let us take one Commandment, *Thou Shalt Not Kill*. I ask you to think about this Commandment. At the time in which you live, for every abortion, do you get a telephone call asking for permission, or just giving you the information that a life was taken for some personal reason, never indicating the moral issue, or The Father's Reason for that child to be conceived?

Needless to say, human life with all its Gifts, and the Special Gift of learning that there is a Supreme Power Who created All things, doesn't seem to really exist in the minds of all degrees of mentalities of human life. That is why This Gift of Divine Love, bearing the Name of The Beloved Holy Spirit of The Creator, has been given to the world. That is why so Many Saints want to speak in a way, in a manner, and a degree, alerting the minds of those who listen or those who will read the Words, the Importance of

human life, the Purpose for which The Father created all of human life, and the Goal that awaits the Soul that is present in every human being.

This Generous Gift is Far Greater than the human mind can perceive, but today as I speak, if I still walked the human road and I could say These Words, I would cry in agony, but Here All of Us look at the Importance of The Father allowing Us to deliver Messages, awakening those who are in the life form to more fully perceive, conceive, understand, and realize that human life has within it a Portion of The Creator that nothing else in existence has, so it is wrong to take the life of a human being for a purpose or cause that only pleases the enemy of God and man. So be it.”

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

There are many unjust judgments being made by all degrees of men and women, regarding This Gift of The Father’s Love. It is important that Everything that has been delivered through This Gift be scattered throughout the world. Nothing must stop It.

Oftentimes We hear an individual say, ‘Please help me, Father, I want to accomplish certain things.’ Sometimes the individual never follows up in asserting any help to their own request, but I assure you that when We Here in the Heavens make a request, Everyone Here helps in some form, some way, using the power of individuals, the intellect of individuals who are yet living, so that The Father’s Will will be accomplished His Way.

Many human beings request in print, what they will others to accomplish or be responsible for. The Father, in His Love for human life, has instructed All of the Heavens to

dictate openly so the Words would be heard, and then put into print so millions more could read Them, and understand what a Treasured Gift human life is to man.

So many men, women and children take every day for granted, never wondering if they accomplished one act to please The Creator Who gave them the day. Children are not being instructed properly on the Importance of human life, or the Goal for which it was created, and yet there is a constant manner of speaking, telling children to accomplish things that are humanistic or monetary.

It is important that human life be seen for the Gift of Divine Love that it was created for, in, with, by, because human life is the Greatest Gift a human being can be proud of. It has a Goal, it has a Purpose, it has a Soul that is a Portion of The Creator, that nothing else has. The Soul is What will live on Forever, bearing the name of the one in whom It was placed.

Rarely are children instructed on that Portion of them, that Part of them that is a Connecting Link every moment of every day, since the moment

of their conception, and that is called 'a Soul'.

There are so many beautiful ways to handle the situation in enlightening children on how Important human life is, and the Beauty of its communication with The Creator of All Things.

As I leave you, I must add These Words: The 'Goal of Sainthood' is worth every effort an individual can make to please The Father, because Sainthood is truly a Gift of Divine Love. So be it."

GOD THE FATHER

“This Gift of My Divine Love must be passed throughout the world.

Mankind only uses excuse to not spread All I am giving for the betterment of mankind, understanding that at This Time I have openly spoken through *one body, one mind, one's love* for Me.

My Words are not being spread enough, because too few men, women and children are hearing Them or seeing Them.

I have so much Love for this Creation of Mine and I want all to know it.”

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

There are Several of Us standing close to this *little one*, All wanting to say Words to help human beings of all ages, all degrees of intellect, on the Importance of what human life was created for, and what human life was presented at the moment of his or her conception, a Portion of The Creator, called ‘the Soul’.

So much has been delivered, enlightening all ages of human life that human life is Special, because in its Creation it had a Purpose, and the Purpose was to use the life to one day return the Soul with the individual’s name attached to It. This was The Father’s Way of sharing with His Creation of human life, a Gift of His Divine Love.

Human life was created with so many Gifts: the Gift of ability to learn, to speak, and to do many things that would give to human life personal enjoyment, as well as the insight to

know that there was a Goal to human life awaiting the Soul.

It is sad when We hear individuals try to not understand All that is delivered through This Gift of The Father's Love to man. They feel that to understand It, they could not act the way their senses tell them to act. This, of course, in man's terms is 'ridiculous', because human life is gifted with a mentality that learns, instructs, and is capable of using in so many areas, giving to human life the abilities to understand, to project, to share so much that gives to human life benefits that no other living matter or thing has been gifted with.

In The Father's Announcement that He would use *a voice* at This Time, and ask so much to be put into print, was a Greater Gift than is understandable to most, but nonetheless, it is Fact. All that has been able to be put into script should be passed throughout the world.

Granted, there are some individuals who have been given the Gifts of understanding, and giving hope, but This Gift coincides with the Time The Son of The Creator walked

the earth. It is a Gift of Divine Love, because The Father Decreed This Time to be, for the Souls of all human beings.

The Soul is a Portion of The Creator, not understandable to the human mind, but important to human behavior, practices, and It has a need to be believed, because It gives strength, hope, and a Goal that nothing else in the human way can assure a human being of, and for.

As I leave you today, never forget: As human life is Blessed with a Soul, human life is constantly in the Presence of The Creator of All Things; plus, Every Saint is aware of what is occurring throughout the world. I plead with you: make ‘Sainthood your Goal’, so you can one day be a Part of how God Willed Souls to be returned to Him, Saints. So be it.”

AUGUST 22, 2001 AT 1:08 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. I come here today to speak on a very important Mission The Father Wills to be done, accomplished, to its fullest degree.

All that has been put into script for others to read must not be kept from spreading throughout the world. Do not worry about languages. I hear some say, ‘But how will they read it?’ Ways will be found, but also remember this: If the hand of a human being holds what is called ‘a Bible’ in his or her hand, there is always some feeling deep within that what the Book contains has an importance that is needed.

Do not stop from delivering the written Words that have passed through This Gift of Divine Love, because I guarantee, it will give many hope, and an obvious understanding of Divine Love. Time will make many changes in how All that is written for human beings throughout the world to more fully understand that The

Heavenly God, Father, Who created All things, is Present where the Words that describe Sound Spiritual Values, Hope, are present.

Too many try to understand indepthly regarding how others will act. I beseech you, erase this thought, and penetrate the world with All that has been delivered, because there are many Souls in human beings that need the help you will extend when the Words are read, and the reality in Their meaning understood. So little is being instructed throughout the world on the Importance of the Soul. All things are humanistic in interest and belief.

As I speak today, I speak with hope and care, because throughout the world there are millions of men, women and children who have no concept that they have a Goal to reach, and they were created for a Purpose, a Reason, not just ordinary to human life, because within them they have a Gift of Divine Love that has more Strength in It, more Purpose than any part, portion of their being.

As I leave you, I leave with a deep Love for you who write My Words,

because These Words hopefully will encourage more understanding, more obedience, and more feeling for What a human life has as a Connecting Link to The Divine Creator. It is called 'a Soul'.

Time is a Gift, because through time an individual human being can do so much in service to The Creator, helping those who have no way of understanding that they have a Portion of The Creator within them, called 'a Soul'.

As I leave you, I bless you with The Father's Love, but I also bless you with My Love, because through the script that you have so generously accepted to do, hopefully millions of Souls will not suffer Purgatory, because of you.

All that has been put into script has been to instruct the physical of not thousands, but millions of human beings to more fully understand there is a Goal to life, for the Soul that they were made the custodian of during their lifetime, and this Soul will remember them.

I could speak hours, but The Father has Decreed it is easier for

the human mind to see the Value and remember It, when there is less script involved in describing such important subjects as this. So be it.”

AUGUST 23, 2001 AT 12:53 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

It is with much Love, Divine Love, that The Father has expressed to human life, giving to human life a Gift called ‘a Miracle of Divine Love’. It is difficult when We hear those who feel they cannot believe in The Father’s Generosity, Divine Love for human beings.

So many Blessings have been delivered, not understood by the individuals receiving Them, but nonetheless, the Blessings are permanent, never requested back, but will always remain with the individuals because of the Souls that are involved. Each individual is gifted with a Soul. No other creation has a Gift of this Dimension, this Divine Love.

Today as I speak, I hope to encourage all who read These Words to remember that they were created for a Reason. Basically, the Creation of human life is truly a Gift of Divine Love, not human love. True, sometimes, many times, when a child

is conceived, there is much happiness, enthusiasm, concern, and human love attached, but the Divine Love is the Greatest, because It is The Father's Love for human life, and the Goal that He has designed for human life to one day partake in.

So much more could be spoken on the Importance of human life. It is sad when We hear doubts or impure thoughts on the birth of a child.

It is important that All that has been delivered on instructing human beings on what a Treasure human life is, for all to read the Words thus far given, because there is no place throughout the world that The Father has Blessed in such a Personal Way, as He has This Blessing, bearing the Name of His Holy Spirit, but humanly known as 'The Foster Father of The Son of The Creator', thus He also bears the Name so human beings could relate to Him. The Name is well-known. It is 'Joseph'.

As I leave you, I beseech you, those who put the Words in script and those who will read Them, to always remember the Gift of human life is a Gift Greater than man can perceive

it to be, because it is a Portion of The Creator that He wants returned to Him at a time; but also remember, He wants It to be Pure, not just in Its Design, but in Its Whole Being.

I would like to say more, because there is so much for human beings of all ages, all degrees of intellect, to be more informed mentally, morally, physically, spiritually. It is sad when We see the full Content delivered with an Important Message, and the Fullness of Divine Love is oftentimes passed over, and only the human thoughts remain.

As I leave you, I bless you with a Mother's Love, because as you are the instruments to reach millions of other human beings, you can be assured the Blessings are far beyond what you could ever count."

AUGUST 24, 2001 AT 1:02 P.M.

SAINT ANDREW

“I am Saint Andrew.

This Gift The Father has so generously given, helping all of mankind to fully understand the privilege it is to be born the human way, the logic is continuously associated to how an individual thinks, eager to learn, eager to have, and eager to be a part of.

These Words are important. It gives to human life energy, enthusiasm, hope, and a sincere understanding of what progress means in the way of human life.

Many of Us are present at this time, and We All smile, because This Gift of Divine Love has opened the minds, the intellect, the hopes of thousands of individuals. Granted, they do not come forward and speak of how they feel, how they think since they heard about This Gift, but inwardly they feel they understand that human life has a Goal that nothing else can compete with, and nothing else has a Soul.

The Soul is rarely, if ever, thought about in daily life, but the Soul is a Portion of The Creator, thus easily allowing the communication of prayer to be important, understood, and logical.

To communicate, one does not have to speak out loud, or write what one thinks. All an individual has to do is to speak in a personal way, through the mind, through one's will, and one's understanding of the closeness human life is to The Divine. Nothing emotional needs to show. No sound needs to be heard. It is a one-to-one communication, no matter what time of the day it is.

Children are not being instructed on this Portion of their lives, when they can talk to The Creator, or Any of The Saints privately, and they are heard through the minds.

When one becomes 'a Saint', They have certain Gifts, because Sainthood has a Reason, a Purpose, and it is through becoming 'a Saint' that One is allowed more communication with Divine Will, more understanding through the Soul, that there was a

Purpose for life, and it is the Greatest Gift that anyone could ever receive.

There is no cost, no price tag, but the communication that one allows to develop between herself or himself with Divine Will, is the Perfect Communication to assure the Soul that there is a Goal to reach that is Important, and it is Greater than any human goal, any monetary goal that an individual can achieve.

As I leave you now, I beseech those who read My Words to pass Them to others, because there is so little true, full understanding on the close Association human life has to The Divine through the Soul. Granted, the Soul is not something seen by the physical eye, but the Soul is obvious because of the sensitivity human life has to what is pure over what is impure, what is just over what is unjust, what is right over what is wrong.

All of The Saints Here in the Heavens love This Gift of The Father's to mankind, bearing the Name of The Beloved Holy Spirit of The Creator, humanly known as 'Saint Joseph'."

AUGUST 27, 2001 AT 11:41 A.M.

GOD THE FATHER

“Yes, I am your Heavenly Father. My Words to you today are to remind you that many portions of your body say many things.

Let us take your hands. Do they not have identification marks on them?

Now, let us take your feet. Do they not speak many things about you?

My Words like this may seem odd, different, and may be even difficult for you to understand Them coming from Me, but I put Them in a way you can relate to the body you have, having identifying marks on it.

There are so many things you have been Blessed with, depicting your individualism in the eyes of other human beings.

Now let Me say one very important thing: Each Soul is the recipient of all an individual says, does, thinks, and/or represents. It is important for

all men, women and children to more fully understand this, but also the Fact that every human being is gifted with a Portion of Me that is the recipient of every thought, word, deed, action that takes place in the human life of an individual.

These are important for the Soul, because each Soul I place at the moment of conception, I want returned to Me, a Saint.

I could speak more lengthy on this subject, but this is important for all of human life to begin to associate My True Existence in them, so one day they will return to Me their Soul, as ‘a Saint’.”

AUGUST 27, 2001 AT 12:48 P.M.

**SAINT ALOYSIUS
SAINT AUGUSTINE**

“You have heard this Statement before: ‘You live in a time worse than Sodom and Gomorrah.’

Many people of all ages reading these Words become angry, because they do not like those Words brought to their attention. Some even say there were many ugly times, immoral times in the History of human life. There is no question about this. Basically, though, every time in the History of human life had times to be ashamed of.

In the Creation of human life, The Father gave to human life a free will. Even in the very beginning human beings had to learn many things. They had to learn how to judge their movements and others’ movements. They had to learn how to associate with other living human beings. They had to acquaint themselves to the circumstances that they were surrounded with. All things did not begin with the advancements

that mankind has in these times, in your day.

Human life was created out of a Gift of Divine Love, willing to share the Beauty of What The Father Was Surrounded With, Who He Was With, and Who He Was Initially.

Stories are very important to human beings. Some are entertaining, some are for mere conversation, and some are very enlightening in concept, in content.

All of Us Saints Here in the Heavens lived in the human form in some way, some manner, some degree, and in some part of the world. Granted, much has never been spoken about the times before human life was created, because it would be impossible for the human mind to understand the full concept that existed.

As We gather with you to give you What We feel will help millions of human beings become more enlightened, more understanding, in areas that they do not come in contact with every day in a very physical one-to-one basis, Many of Us are every place you are, because as Saints, We are not just attentive to where the Souls exist,

but We, in Our Way, are able to see all that is occurring in human ways.

How I speak today may be difficult for some to understand, but nonetheless, it is a small introduction to how close We are to wherever you are.

To define what life is after one's death would be impossible for human beings to fully understand, because walking the human road, most times, totally ignores the Fact that every human being has a Portion of The Creator within them. It is called 'a Soul'.

Without this Soul, there would be no reason to have intellect, or sound reasoning on what to do, how to act, what to say; also, there would be no need for a language, or all the other things that a human being uses to exist, also to communicate, also to learn more, using the mind to absorb, to understand, and to be able to put together the rationalization of all that is created, that is allowed to be seen as a part of human life.

The Father has given to the world a Gift different, bearing the Name of What mankind remembers as

a human being, but in reality, the Man called 'Joseph' was and is More than a human being.

Many reading These Words will find fault, and perhaps desire to argue facts, because no human being can fully comprehend the Magnitude of Power that The Creator of All Things has.

The world has been Blessed at This Time, as in other times. This Time, The Beloved Saint Joseph is The One that The Father Wills human beings of all degrees of intellect, all backgrounds, to know more about, and to more fully understand that logic would automatically tell them, that to allow a man to be The Husband of The Heavenly Queen, and The Foster Father of The Son of The Creator, had to be Something More than a human being.

That is why This Miracle has been given to the world, to enlighten the minds of millions and millions of men, women and children of all backgrounds, to more fully understand that The Divine is not a natural form of life. It is Above the natural form of life, but through learning about

The Divine, men, women and children can more fully understand that to be created as man must have a Goal for Something within them that they cannot see, they cannot feel, but It is obviously there. Yes, It is called 'a Soul'.

Volumes could be written on this subject, and it is important that All that has been delivered thus far, from the First Announcement of This Gift of Divine Love, it is important that mankind receive What All of The Heavens has so generously released.

As I close My Words, I will say one last thing at this time: Never let a day go by that you do not remember that to be created in the human way was and is a Gift of Divine Love beyond any other thing created, because within human life there is a Portion of The Creator with a very easy Name to remember, called 'the Soul'. So be it."

AUGUST 28, 2001 AT 1:23 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. We All smile because Many of Us walked the road forcing Us to stand for the importance of truth, and the sound value it is in all areas of human life.

Human life is the only living matter that has the responsibilities of speaking what is right over what is wrong, what is truth over what is untruth, what is sound over what is unsound; otherwise, there would be so many errors in communication, or in the importance of information that is valuable to the minds, the bodies, and the Souls of millions of human beings.

We All smile at *the little warrior* that The Father chose, because truth is important, logic is important. The Father’s Will can be based on nothing else, due to the fact that The Father’s Will is the One Thing that will Judge the Souls of millions of men, women and children who had the privilege to live in the human way, with human knowledge, and the understanding

that human life was designed and created for a Goal, for a Portion of it, namely called 'the Soul'.

Blessings come in many ways, but it is sad to say there is so little understanding of the Importance of a Blessing The Father's Way. Humanism oftentimes avoids sound logic, sound truth, sound values, sound goals.

I will close My Words, because so much has already been spoken before I began to speak, but as I close My time with you, I would like to say one thing: Always remember, in The Father's Justice and Love for human life, He dictated The Rules to live by. Not one is impossible for a human being of any degree of intelligence to fully understand the value of it.

As I leave you, I beseech you, once in awhile remember to scan through The Commandments in Their fullest degree. It will help you remember that you have a Portion within you that every day wants you to remember that It, meaning your Soul, wants to return to The Father, a Saint."

AUGUST 29, 2001 AT 12:35 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius.

Since the beginning of the Creation of human life, human life depended on signs. There are many signs in a human being’s life that are important to the Soul, as well as the body. Signs are oftentimes through word of mouth, or the actions of another human being, or one’s own actions also. Because signs openly speak, openly show, openly divulge many things understandable to mankind, The Father, in His Love for mankind, designed it this way.

At the time that This Gift of Divine Love was assigned to *one voice*, It was meant to spread throughout the world, through the mentalities and voices of millions of human beings. Logic would spell out the obviousness necessary, that to spread The Father’s Will, Love, Concern, Hope for human life, He would see to it that What He Willed human life to know, would be executed in a manner and way understandable to all degrees of intellects.

Today as I speak, it is with The Father's Direction I do this, because there is so little understanding of Divine Will that is logical. There is too much misinterpretation on every facet that pertains to human beings understanding that they have a Portion of The Creator within them. No other living matter or thing has been gifted with this Ultimate, Close Association with The Divine.

To speak further, more indepthly on this would take much time, but What I have spoken is logical, factual, and there can be no denial to the Importance of it. All of The Saints are eager to help human life of all degrees of intellect to see the Value of human life, and that it is different than any other living, created thing.

I could speak endlessly, but it is important that All that has been delivered thus far and will be delivered, must circulate to all parts of the world. As it was in the Time of The Son of The Creator coming to the earth, His Life, His Time, His Reason, was meant for the whole world, even though He was normally understood to be in a particular area of the world.

As I leave you, I beseech you: spread All that has been given thus far, because there are millions of Souls pleading with The Father for the one in whom They were placed at the moment of conception, to see, to understand, and in many areas change how they think, what they are doing, and the manner that they live morally, mentally, physically, and spiritually.

As I close My Words, I say: ‘All human life is a Creation of Divine Love. Respond to that Love by spreading What The Father Wills others to learn, to follow, and to grow more in understanding and love for Him Who created them.’ So be it.”

AUGUST 30, 2001 AT 11:51 A.M.

GOD THE FATHER

“Everything created by Me has reason, purpose, and My Will in it. This may be difficult for some human beings to understand because they are so used to human decisions, interpretations, ideas and goals.

I have now given all of human life a Gift of My Divine Love through *one small voice*. It is important that when *this voice* speaks My Words, They are to be seen as important in reason, content and purpose.

Many, Many Saints work with Me in My Endeavor to enlighten human beings that they were created for a Purpose, Goal and Reason.

I speak often through this *small voice*, and it is many times construed as her thoughts, reasoning, and way of communication.

All that I have and am giving to human life through This Gift of My Divine Love, must spread throughout the world, because It has reason,

purpose and logic in Its obvious content.

I bless this *little one* I use because it is not easy to express My Words, because in the human minds of those who hear Them or read Them, personal interpretation sometimes, even often, takes it in a manner conceivable to the individual's perception of the content, no matter what Words I choose to define and/or use firmly.

I bless This Gift of My Divine Love, because it is My Will that all of human life realize I created human life with My Love, My Reason, My Purpose, and of course, for human life to be aware of My Being a Portion within them, called 'their Soul'."

AUGUST 30, 2001 AT 1:27 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius, but I must add, there are Several Here with Me.

The Father’s Love for This Gift of His Divine Love is beyond what a human mind can fully understand. First of all, His Love in creating human life had more Reason in it, for it, than human beings can fully understand.

Divine Love is a Love beyond what any love can be compared to. It is a Love of Giving, it is a Love of Wanting to Share The Divine in many ways, because of not just the Importance of Divine Love, but the Beauty of It.

Human life will look at a picture, a flower, or some other item, and automatically make a remark emphasizing the beauty they see, they feel, but I assure you this beauty is only temporary, and there is no comparison with the Beauty of The Heavens to what a human being is capable of seeing or understanding it to be.

As so much is spoken on the Importance of the Soul that every

living human being is presented at the moment of conception, there is a Beauty in the Love that is given in this, but there is a Beauty in the Soul indescribable to the human mind or eye, because the Soul is a Portion of The Creator that nothing else has.

Children are not being instructed on the Goal that human life was created for. There is so much humanism emphasized, and very little spoken about the Soul that is present from the moment of conception; also, that the Soul is the Living Portion of human life that will return to The Father, Forever.

We hear some question, ‘What does Heaven mean by “Forever”?’ That, of course, would be impossible to answer, because only The Creator has the full Understanding, Concept, and Ability to describe a word of this greatness in its value.

Today, as Many of Us look around the world, there is so much dissension that could be prevented with kind acts, or just human caring. There are so many children not being guided morally, because what they are doing is put in a category of being taken

for granted because of the age of the child, the conditions of the situation, and many such excuses as these.

Human life has a Goal. Human life has a Soul. Human life has an intellect, a conscience, and the ability to know what is right over what is wrong, no matter what the circumstances, conditions.

In This Gift that bears the Name of The Beloved Saint Joseph, human beings are learning more about life than ever before, if they will but read What has been delivered thus far regarding the Importance of human life having a Soul.

It is easy for some men, and even women, to preach what they believe in, what they understand conditions or situations to be, but the interpretations oftentimes are merely opinions of a human being. That is why it is so important for This Miracle of Divine Love, with All that has been put into script, to be passed throughout the world to awaken the minds of millions of human beings, that human life is a Great Gift of Divine Love, above all other things. There is a Purpose to human life, a Goal, and It can be easily

attained by those who decide to value Truth instead of fantasy or myth, and those who will conquer their faults, their misbehavior, their immoral acts, thoughts, deeds.

As I leave you, I want you to know: Human life is Loved by All The Saints because They, too, were once in the human role, and that is why They All treasure This Miracle of The Father's Love, because It was so needed at this time, giving to human life in a very understandable way, that the Goal for human life is to return to God, a Saint, through one's Soul that is a Portion of The Creator that nothing else is the custodian of.

As I leave you, I bless you with The Father's Love, because All that is delivered in This Gift of Divine Love is His Will for all the Souls throughout the world."

AUGUST 31, 2001 AT 12:45 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. I smile at your remark. It pleases Me much to be remembered.

Human life has been Blessed with the abilities to know right from wrong, purity from evil, and justice from injustice, Faith in The Creator that Exists, logically understood because no human being has the ability to truly understand the Importance of the Creation of mankind.

Children throughout the world are not learning properly, they are not learning correctly on why they were created, Who created them, and that there is a Goal for the life they live in the human form, way.

Throughout the world so much importance is placed on opportunity, and on those who have the abilities to be open, energetic, and become popular in many facets of life. What is often never seen are those who walk a quiet road, and yet in everything they do, they think, they say, they feel, they remember that they have a Soul

that they must take care of morally, mentally, in every facet of every day they live as a human being.

There is so much effort, encouragement placed on popularity, disregarding the Purpose for which human life was born, and that is to return to The Father, the Soul. The Soul is never hidden from the human being It is placed in at the moment of conception. It is evident by Its Presence, because of the human response, actions and abilities.

Hours could be spent on this subject. We have never spoken quite like this before, but human life has responsibility, sometimes on different subjects, in different degrees and for different reasons, but responsibility bears strength, truth, and it should always be carried out for the good of one's Soul.

Needless to say, volumes could be written on this subject. Today is only the beginning of the first few paragraphs that can be expected at a later time. So be it."

SEPTEMBER 4, 2001 AT 1:16 P.M.

SAINT IGNATIUS LOYOLA

“I am Saint Ignatius Loyola. I have been requested by The Father to speak, for My Words to be put into script so that millions of human beings will be able to more readily understand the Purpose for which human life was created, and that within it The Father put many demands, due to the fact that when He instilled into human life a free will, He knew that the will would oftentimes need to be handled in a way that would be beneficial to the Soul, and not just use inadequate, unimportant values that the individual in whom It was placed would find entertaining to their whims, their likenesses, or their humor.

My Words are serious, because throughout the world there is so much interference in men, women and children doing what is necessary for the good of their Souls.

We hear many ask: ‘If I cannot see my Soul, how can I be sure I have a Soul? What does It consist of? What does It look like? What am I supposed

to feel?’ Human life was given an intellect, and a sensitivity to what would be wrong or what would be right, what would be pure or what would be impure, what would be just or what would be unjust. This foundation of logic no other animal has, no other living matter has. When the grass grows, it is called ‘living grass’. When an animal grows, it is understood that the animal’s way of existence was determined to be the way it shows.

Today, as Many of Us stand Here, We All join in, through The Father’s Will of course, to encourage all men, women and children to at least try to understand that they were born to the Image and Likeness of The Creator. Oftentimes, when this Statement is made, but instead of Creator, the word ‘God’ is used, it causes confusion and a lack of understanding, because the word ‘God’ says Ultimate in All Things, The Designer of All Things, and The Creator of All Life.

We hear some say it is difficult for them to believe that so much Instruction, plus details in the Instruction would be passed through *one voice*. They ask also, ‘Why would not thousands of voices have This Gift, or

this intellect, or be appointed, so that it could be wider spread throughout the world, All that is delivered?’

Ask yourself one question: How many Sons of The Creator do you remember the count of? Was it not One? Logic says, if you think more, you will think logically if you understand that the Point from where the learning came for the others to follow, was One Voice, One Body, One Instrument.

Thousands of pages of paper, millions of Words could be written on these pages, but What has just been spoken before this last, tells you that The Father, through shorter ways, can describe Facts, Values, and alert human minds to the Value of their life as they know it to be, and the responsibilities that each human life can accomplish for the Soul they are the custodian of.

Through This Gift of Divine Love, so much Love has been delivered. So much Truth is available for all degrees of mentality to read, and to more fully understand that the Goal for human life is to return to The Creator That Portion of Him, and each human being has the opportunity to realize that in The Creator’s Eyes, The Creator’s Love

for this Creation of His, each human being is separated from all other living human beings, because each one has a Portion of Him, and That Portion is Judged through what the individual in which It was placed, used the human life for and in.

I know My Words may be difficult for some, but if you think about it, the difficulty may only lie there open to those who respond, looking for a false line, a wrong word, and ignore the Importance of Truth and Divine Love for each human being born with a Portion of The Creator, called ‘the Soul’, within them. So be it.”

GOD THE FATHER

“All that has been delivered through This Gift of My Divine Love must not be held in abeyance in any way, because as I have and still do deliver Messages of Importance, it must not stop at this point.

Men, women and children are starving for My Love, but they are not receiving It properly or clearly from others who proclaim they have the task of speaking in an instructive way, so that men, women and children will be updated on what I want them to know.

Also, the Book, the Bible, is not always interpreted properly. Individuals have a way of interpreting the content in the degree of their mental understanding, which sometimes is based only on human interpretation that is not right.

I love this Creation of Mine. Remember this.”

SAINT JOAN OF ARC

“I am Saint Joan of Arc.

At This Time that The Father has chosen so Many of The Saints to speak, instructing men, women and children, first on the Fact that there is a Goal for human life, and the Goal is to be with Him for All Time, All Eternity.

Children are not being instructed properly. There is so much ‘foolishness’, and I say this word in its full measure on how adults are handling the importance of instructing on what human life should practice, and what it should not practice, mentally, physically.

When it is announced that there is a terrible storm coming to land, alerting human life of all ages to be aware of the severe problems that could occur, We see a lot of hustling, bustling, scurrying, to make decisions on where they will feel the most protected from the possible events, but when We see individuals exposed to impurities of the mind, of the body, there is no such scurrying. Many

times there is just a lax attitude on the conditions, the situation.

Logically, this is a time when the human mind should come into action, and see the importance of every move they make to avoid being caught up, or party to the destructiveness of their Soul. What We hear is: 'I am told I have a Soul, but I never see It, so how can I relate to It?' This, of course, is a foolish statement, a statement of escape from Truth, Value, and Divine Love.

Children are not being instructed properly. So much is spoken, but so little is truly defined properly, discouraging a child from becoming a part of what is wrong, physically or mentally, when others are encouraging the child to act improperly, impurely.

There are so Many standing Here with Me now. Many of The Saints you are used to hearing from, but today as I speak, I speak with deep concern for the Souls of millions of human beings Who, at this time, are in much danger of the actions of the ones in whom They were placed.

I could speak hours on this subject, but it is important that there

should be no age considered on All that has been delivered. All ages should be given the Books that have thus far been put into print, because all ages should know the Importance of human life, and how The Father, in instructing and allowing All of Us to instruct, shows a Personal Care for every individual born in the human way.

As I close My Words, I remind you: No prayer spoken or thought silently is cast aside as not having been heard. Please remember this. Every Saint hears all that occurs, and Every Saint wants every Soul to be returned to The Father in a Pure State. So be it.”

SAINT ELIZABETH

“I am Saint Elizabeth. I find this time with you a privilege. There are so Many Saints Here in the Heavens Who have been able to speak openly in This Gift of The Father’s Love for human life.

Due to the many obstacles based on purity of the mind and the body, it has caused many individuals of all ages to accept participation, thus ignoring what the participation would do to That Portion of them, called ‘the Soul’.

Today as I speak, I speak more slowly than Others, because I am present with you, and I feel as though I am Part of what you all are all about. To perpetuate the Will and the Words of The Creator is a Gift beyond what any human being can perceive it to be.

All of Us Saints Here in the Heavens cherish This Gift of The Father’s Love, because It has spoken openly in directing all who will read the Words, to become more aware of

the Soul that is a Portion of them, that is also a Portion of The Creator.

As I am surrounded by Many Here at this time, They All smile at My Words, because as I am speaking Them, I am also fully aware of the presence of everyone here where you are.

Children are not being instructed on the Importance of the Goal for which they were created. We hear some adults say: ‘I feel it is too early in their age to understand such phenomenon.’ This statement, of course, is wrong. A child wants to be told stories; is that not so? And many times the stories that are told have an in-depth meaning to them, and give them joy, and more understanding of the communication that is part of human life.

In so many areas children are never told about their Soul, because those in charge of the children feel it is beyond young minds to understand. This is false thinking. First of all, the mind of a young boy or girl has a sensitivity to remember things, especially when they feel it was delivered to them, spoken by someone who knew a lot about the subject, and that the subject, if it is about God

and their closeness to The Creator, it gives them strength beyond what some older people do not understand, because they are too preoccupied with many other things; but the young mind absorbs the words because the young mind connects the words to their way of life.

Learning brings happiness, gives strength, and permits the young mind to remember at a later time, when some other subject arises that needs the exact wording that was spoken at another time. I beseech you, when you participate with the young, do not underestimate their memory, because even though it does not appear activated, it is most times deeply imbedded for a later time.

As I leave you, I beseech you to use your knowledge, your understanding of what is right over what is wrong, and if you address this in a manner and way, you can be assured that even though time lapses for it to be heard again, it has remained somewhere in the mind of the one to whom you spoke the words at another time.”

SEPTEMBER 7, 2001 AT 11:53 A.M.

GOD THE FATHER

“I smile at this *little one* through whom I speak so often. She feels My Presence and always asks if I am going to speak.

The world must hear of This Gift I have given them through *one small human being*. So much has been and is being delivered and put into script so It can be read, not just heard from *a voice* saying the Words.

Men, women and children are playing games with their Souls, thus showing to Me that they only feel the humanism and are ignoring why they were created.

Many of the so-called ‘clergy’ are ignoring This Gift of My Love, because of their not wanting a Gift of This Magnitude to be handed to an individual who walks a natural, normal role of daily living.

I have so much more to be said by Me and to be put into script for thousands, hopefully millions of human beings to read and be willing

to accept This Gift of My Divine Love, ignoring the jealousy that some feel because they would like the recipient to be them.

Much Love comes to all of mankind when My Name is mentioned and ‘*The Sign of The Cross*’ made in respect, honor and love, for the well-known Information regarding The Son Who was crucified for the world of human life to better and more fully understand that I gave to human life a Sign of My Divine Love, and made human life aware of the weaknesses, jealousies that were and are evident in some who do not have the innate understanding that the Creation of All Things came from a Superior yet Loving Entity of Power.”

SEPTEMBER 7, 2001 AT 12:45 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

The Father has given to the world a Gift beyond what the human mind can fully comprehend. Just as a child is told he or she has a Soul, a Portion of God within them, the Magnitude of this Statement is difficult to comprehend.

When human beings discuss situations that give them joy, happiness, and a feeling of belonging, they remember these times as special because of what it did to them. Today The Father is giving to the world a Gift. It is obviously a Gift of Divine Love because of All that is spoken, plus What is being said.

Throughout the world there are men, women and children hungry to learn more about what life is all about, but in many ways, the Beauty of having a Soul is never discussed, the Importance of Its Presence never discussed, even by many so-called ‘theologians’ who feel they have learned much on Spiritual matters, situations.

This Gift that bears the Name of The Beloved Holy Spirit of The Creator, humanly known as ‘Saint Joseph’, is a Gift beyond what human beings fully want to understand because of the Names that they associated with in a particular manner, in Bible History. The human mind has a way of interpretation that is within their mentality, their degree of understanding, or their human perception of what things were meant to be, or are meant to be.

As I leave you, I beseech you to never forget that as you walk in the human role, you have the responsibility to be the guardian of your Soul. Logic says an animal does not have a Guardian Angel; so then, does this not make the Statement before this, obviously very important?”

SEPTEMBER 10, 2001 AT 12:40 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius.

It is sad for so Many of Us Saints to see throughout the world, so little understanding regarding the outward sign that is evident, that you do live in a time worse than Sodom and Gomorrah.

We hear men, women and children brag about the modernistic version that is taking place in all facets of life, thus using the changes, or I should say, drastic changes that are evidence of degradation in many ways, in many areas, morally, physically, and definitely spiritually.

So much emphasis is acceptable on what is new in experimentations, in inventions, and in how people live in beautiful areas, homes. There is very little accent, if any, on the morals, the conduct, and the attitude of people of all ages. Crimes are almost acceptable, thus putting crime and morality in the same category. Immorality is in every age, mentally and physically. All We hear are excuses, but the most

so-called 'logical' excuse is: 'Times have changed. We are more modern, updated.'

I will say there is no sin in updating, no moral corruption in updating when it is based on sound moral values, sound moral standards, not based on so-called 'freedom of the will' to occupy one's time with not just acting disorderly, but impurely in so many facets of life. Rarely is the word 'immoral' mentioned, rarely is the word 'indecent' mentioned, because they have become commonplace in the attitude and practice of so many, many human beings.

The young are not being instructed properly, and they are being led into perdition because they are not being instructed on the Soul that they are the custodian of, and that human life was created to have moral standards, and to remember constantly that every act, every thought, every deed, would pass through their Soul as part of their values that they show, always to remember that The Father Who created them must weigh every move that is made regarding every human being's Soul, because the Soul is the recipient, and is That Portion

of human life that is a Portion of The Creator of human life, and that He Wills to be returned to Him, Pure.

Human beings must remember, that as it is taught, because of the sin of the first living lives put upon the earth, every human being is the recipient of that sin. It is a mark difficult for some to understand and believe, and I do not base What I am saying on what was and is being taught. I am basing it on Fact.

As I leave you, I ask you to be aware that human life is gifted with a Portion of The Creator, a Blessing beyond what a human being can perceive, but is obviously there by the innate understanding of a human being of what is pure in thought, word, deed, action, over what is impure in these things. There is too much acception of all that is wrong, and the Soul is the recipient, though never seen, but logic should tell every human being born, even the little ones at a young age, that they are innately capable of understanding what is right over what is wrong, what is good over what is bad, what is true over what is false, what is sincere over what is insincere; and as they grow to seek

more attention, higher places in the eyes of other people, it also tells them that they have within them an open sign to look for the Goal for the Soul that is to one day become 'a Saint'.

Ignorance or ignoring this Statement is irrational, because in human life success is rarely not wanted, and hope is in all things.

As I leave you, I bless you with The Father's Love, and I beseech you to pass throughout the world All the Words that have thus far been given through This Gift of Divine Love. So be it."

SEPTEMBER 14, 2001 AT 1:30 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. The Father requested I speak today on a particular subject. The subject is one that which, and in which, all of human life is cognizant of, understanding of, and see it as a necessity, giving to human life more respect, more dignity.

Today, as the world seeks much interest through the human actions of others, The Father Wills that all of mankind, all degrees of intellect, all backgrounds, more fully understand that to be born in the human way has many responsibilities. The main responsibilities are based on The Commandments that were given to human life a long time ago.

Children are not learning The Rules. They are being sidetracked, because those who are instructing the children feel they are too young to fully understand the full measure of its meaning, and of course, the purpose for which They were given to human life such a long time ago.

You live in a time worse than Sodom and Gomorrah, and yet in so many ways, Sodom and Gomorrah is mentioned in a normal tone, manner and degree, as if it was to be acceptable in its existence.

The world has been Blessed in many ways through time. The Time The Father came to the world, The Son of The Creator, much was instructed to men and women, giving them the Basics, the Foundation, the Values, and the Way for each human being to follow a path suitable to human life, with dignity, with purpose, with a Goal.

So little of this is being instructed in so-called 'religious circles'. That is why This Miracle of Divine Love was given, encouraging All The Saints in the Heavens to partake in It and to be able to have Their Names become known, showing those who would take the Words and those who would read the Words, that human life was created for a Goal, not one that human life could associate with while living the human role, but a life to return to The Creator, the Soul that each human being is gifted with at the moment of his or her conception.

Each time One of Us teaches on this, instructs, it is perhaps done in a shorter manner than most would like to read, but it is important that All that has been delivered through This Gift of The Father's Love, be seen for the Value of It, and the purpose in how It was delivered, not all at once, but perhaps repetitively on subjects that were and are important for the benefit of every human being's Soul.

As I leave you, I want you to know: Through This Gift of Divine Love, the Love that is shown through All that is delivered, is more than the human mind could ever, on its own, fully understand or reveal to the whole world in Its exact context, purpose, reason; also, encouraging to the fact, to the degree that The Father Wills It to be. So be it."

SEPTEMBER 15, 2001 AT 10:42 A.M.

GOD THE FATHER

“There are so many areas and practices in human life that ignore the Beauty and Purpose for which human life was created.

So little thought is on the Purpose of this creation that has within it a free will, but also gifted with knowledge to be developed for this creation to accomplish so very many things, that nothing else created has the ability and/or knowledge.

I have given the world, through *one small body, one small voice*, the responsibility to spread Words of My Way, My Will for all of human life. Ignoring These Words will not erase Them, because They are Words and Directions to give to all of human life the logic, privilege, and understanding that in My Creation of human life, I have put human life above all other things I created, thus making human life aware that they are Special to Me and I have a Goal for them, because within them I have and still do, place a hidden Portion of Me to give them

knowledge, purpose, understanding and goals that nothing else created has.

I use *one small body* to address All I want mankind, of all degrees of knowledge, values, understanding, to more fully understand that this Creation of Mine is in My Divine Plan, to be returned to Me through their Soul that is a Portion of Me.”

SEPTEMBER 18, 2001 AT 12:41 P.M.

“Many times men, women and children add to Our Words, because in their acceptance of What We say, they desire to deliberate on Them. There is so much meaning in All that has been given through *one voice*, meaning pertaining to all areas of human life.

Human life is gifted with the ability to discern what is valuable over what is not valuable, what is truth over what is untruth, love over hate, wisdom over imagination, and poor perception of the meaning of things that are spoken openly. In so many ways, so many times, men, women and children use what they read to make them think more clearly on particular subjects.

Today, as All of Us Saints Here in the Heavens speak, it is to remind men, women and children that there is a Divine Entity of Life, not seen but obviously present every moment of every day. That is why it is so important that men, women and children use The Commandments that were given to

them as Guidelines for all they think, practice, say. To some this may sound difficult, but logic should tell all, that to follow in These Guidelines is the Greatest Gift that the human mind can follow.

Children are not being instructed properly. Many are being commanded to understand what is being spoken, but there is very little explanation of the full meaning for them to be able to see the value. That is why The Father gave to the world of human beings, The Commandments that point to specific things that every human being will be confronted with at some time or another during their lifetime.

All of The Saints Here in the Heavens, when given permission to speak through This Gift of Divine Love, thank The Father, because to Them it is so important that every age group more fully understand what a Treasure human life is, and that it has a Goal that is not seen by man, but is felt inwardly.

I could speak without stopping for days on end, because of the Importance each human being is, because of the Soul that is a Portion

of The Creator within them. Each day on awakening, remember this, and do not forget to ask The Father to remind your Soul that He expects Them back in a Pure State of Light, Purity, Love for Him. So be it.”

SEPTEMBER 19, 2001 AT 1:03 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph.

The Father has designated This Time for mankind to more fully understand My Place, How I Am, because it is important for human beings to more fully understand more about the Spiritual areas for them to cling to, for them to understand that The Divine is available.

It is beyond what a human mind can comprehend, but logic says that It does exist, and is available to all denominations of belief in there being a Supreme Power over mankind. The Love that radiates from Here to where you are, is a Love beyond what a human mind can possibly discern or see in the Greatness It is, because human love has, in many ways, a limit to it, and of course, a purpose according to the situations, the associations that individuals are involved with, care about, or feel physically, emotionally, mentally.

All that has been given through This Gift of Divine Love is

of the Greatest Importance to every mentality, every background of human life.

It is sad for Me to say that children are not being alerted to the importance of prayer as they should be. There are so many who feel they should be telling them more, but time seems to be short because of other interests or areas that have to be taken care of.

As I close My Words with you on this day, it is important that This Gift The Father has given to the world is a Gift more than just Instruction, but a Personal Gift of delivering more understanding of the Association that human life has with The Divine.

In the human way, when people feel close to each other, secure with each other, or love each other, it is in many ways only a condition that exists that is important to give to the ones concerned, a security in friendship, in closeness; but what each human being has above this, is beyond what two human relationships, three, four, five, can consist of, because the relationship with The Creator of All Things must be understood in a Greater Dimension,

because human life was created to one day return a Portion of it, called ‘the Soul’, to be with The Creator for All Time to be.

I could speak hours on this subject, and sincerely be happy doing it, but What I have just spoken for the present has a Sincere Love in It, Desire in It, and Hope in It, that human beings, when reading What I have spoken, and All the Other Things that have been delivered through This Gift of The Father’s Love, be understood as a Communication that is important, because each human being has a Soul that is a Portion of The Creator, and it is important that it be remembered that this Connecting Link must be protected, and definitely loved. So be it.”

SEPTEMBER 20, 2001 AT 12:35 P.M.

SAINT THOMAS AQUINAS

“I am Saint Thomas Aquinas.

Every hour of every day human beings of all degrees of intellect, understanding, perseverance, honesty and hope, use their intellects and their wills, oftentimes without question, without reasoning.

Today as I speak, I speak with great concern for the different opinions human beings will encourage amongst their fellowmen. At this point in time, there is much immorality and much lack of integrity in the minds and the wills, the practices of millions of human beings.

Ask yourself: ‘Do I repeat to myself every day The Commandments The Creator gave for me to guide my life by, and give me strength in all I would do, encouraging me to never stray immorally, unjustly, impurely in any way?’

If each human being learned to practice the Values of life, the Reason for their life, and the Goal

they innately know to be, they would not walk in slime, they would walk on clean ground, thus being equal to their mind.

I know I speak differently than you expect Me to speak, but the Words spoken many times through This Gift of Divine Love, have been overlooked consistently, constantly, and those Words I repeat: 'You live in a time worse than Sodom and Gomorrah.' To some, these Words are so easy to write, and to some so easy to read, thus ignoring that these Words must be seen for the wrong that they permit men, women and children to act in, act for, and accept as a normal way of life for human beings.

I speak differently today, but My Words are to alert the minds of all who will read Them that each human being has within them a Gift of Divine Love, called 'the Soul'. It cannot be seen, but It is obviously felt. If It were not within the human body, the mind, human beings would not know right from wrong, good from evil, love over hate.

Every day of everyone's life, there are certain things that occur

that should be recognized as helpful or harmful, useful, or something that should be cast aside and not allowed to even be present.

All Here in the Heavens speak through This Gift of Divine Love, even when it is not requested to be put into script. *One voice, one body*, that is all The Father needs as *an instrument*, because His Will, His Way, His Power, and His Love for this Creation of His, human life, is a Gift Greater than any other creation that has the so-called 'abilities' to do certain things.

Animals do not think as a human being thinks, but animals were given for many reasons, some even to eat, food for the bodies of human life; some for companionship when needed, and some to be used to accomplish other things.

You do live in a time worse than Sodom and Gomorrah. Remind yourself of this. Do not act as though you never heard these Words. They are important Words, because They awaken the mind to remember that purity over impurity, love over hate, oftentimes forces decisions to be made

**on issues and in areas of life where
one's Soul is at stake. So be it.”**

SEPTEMBER 21, 2001 AT 12:51 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius.

You live in a time that is saturated with heresies of all dimensions. They are not seen for what they are, because human beings talk, think, and act many heresies out, ignoring totally that they have a Soul that is the recipient of all they think, do, and say.

Morality is not a thing of the past. It will always be an important part of human life. It was in the very beginning, and it is now. You live in a time where many Spiritual changes are being practiced, and many accepted, even though they are not what they should be, according to the sound Spiritual value they are supposed to be accepted by, for and from.

Children do not have the example they should from all age groups, because satan works in many ways, making some things look practical and acceptable.

In This Gift of Divine Love to all dimensions of human life, it is to

awaken the minds of millions of human beings to the Importance of why they were created, and not just accept being created as a fact of life.

So little understanding exists regarding The Commandments that were given a long time ago. Like all other things diminished, The Commandments have lost Their full meaning, and They are not being upheld as sound, reasonable Facts that should be looked at in Their full measure, and for the reason for which They were given.

Ask yourself: If you were The Creator of All Things, and you had chosen 'one man' to follow your instructions regarding millions of human lives from that point on, helping these lives to live more as The Creator wanted them to live, and to see the importance of purity of the mind, the body, and the Soul; also, to be instructed on the Importance of the Soul as the Connecting Link to The Creator.

Do not pass These Words over lightly, because there have been several times in the History of human life that morality was ignored, and it

is now in your time. Immorality is not a joke; it is a sadness to the Souls of those who practice it. It is demeaning to the Soul, and very little thought is thought about, that the Soul, as a Portion of The Creator, is the recipient of all that an individual thinks, does, practices, or is example of.

Why it is difficult for any living human being to not understand what a Precious Gift human life is to man, does not ring truthful, because it cannot not be seen for the Importance of what a human being has mentally, morally, physically, and in knowledge.

All of The Saints Here in the Heavens could speak twenty-four hours a day on helping human beings of all ages, all degrees of intellect, all backgrounds. As I speak These Words I know it would be difficult for you to understand, but when The Saints Here in the Heavens see so much diabolical acceptance, the tears that We shed are not the tears like you have, because the Souls that are being abused cry out for help. That is one reason why This Gift of so much Instruction has been delivered, put into print, so human beings of all ages, all degrees of background, mentality, could read

firsthand and find in the Words what they need to more fully understand the Creation of human life was and is Special, because within it there is a Portion of The Creator that is to be returned to The Creator to become ‘a Saint’.

I could speak endlessly on this subject, but I beseech you: spread All that has been delivered, because as you have been chosen to be a part of This Gift of The Father’s Love, never forget you have been gifted with responsibility to help Souls be returned to Him, Saints. So be it.”

SEPTEMBER 22, 2001 AT 10:40 A.M.

GOD THE FATHER

“This *little one* I use is beyond physical exhaustion. This statement is common to mankind because it is so often spoken regarding one’s own sensitivity to how they feel, but when I say this about her, it is different than mankind knows it to be. I use *a small body, a human mind*, and obedience unfamiliar to the average individual human being.

All that has been delivered must not stay in one place, but must be seen by millions of human beings.

You do live in a time worse than Sodom and Gomorrah, but when people of all ages hear these Words they think only of the physical aspects of how man uses mankind for sexual activities.

The time now is a time that all of human life feel confusion in so many areas. Some seek power, some feel that they are being deserted by those they love. I could make this list so long that it would take a long time to read it.

There is so little importance on how human life was created. The main emphasis is on opinions of certain areas of how human beings live. There is much importance on control, demanding submissiveness to others.

I have given a Beautiful Gift of My Divine Love to the world, openly saying I am speaking, and I have requested Many Here with Me to speak on the Importance of human life. There is so little attention to All I have given, am giving, and willing to give, letting human beings of all ages realize how close I am to them every moment of every day.

There are so many diabolical practices, and basically they are only encouraging unhappiness, despair, impurities of all sorts.

The time has come that there can be no shortage in copies of All that I have delivered and have allowed The Saints to deliver.

It is sad for Me to see so much ugly control over men, women and children who feel they do not have what it takes to fight the enemy. The word 'enemy' should be spoken as 'enemies', because throughout the world, the

mentality of millions of human beings ignore My True Existence, My Will for the Souls of all human life, and that I Exist for all human life, wanting them to remember the Goal for human life is to return to Me That Portion of Me in each human life, the Connecting Link of My Divine Love, called ‘the Soul’.”

SEPTEMBER 24, 2001 AT 12:53 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph. Through This Gift of Divine Love, it has been announced that when I walked the earth, I walked as man, but to be The Foster Father of The Son of The Creator, should help human life understand that an ordinary man would not be What I Am.

Though it is difficult for many to understand My Title, and What I Am, the world has been told through This Gift of Divine Love, that I am First, The Holy Spirit of The Creator. To some this may sound difficult, but nonetheless, It is Truth.

You live in a time not just where courage and strength is needed, but sound values and truths must be the basic rules for how you live, and what you live with and for. To be a human being is Very Important; it always has been. There have been many decades of time in which human life, that is, men, women and children, began to learn more, understand more, and be

able to cope more logically with all kinds of problems and affairs.

As I speak, I speak with the Love of The Divine, hopefully to give strength to all of mankind. There have been many times when individuals needed someone, something to lean upon, to give them hope and balance in what they were to do, to practice, to accomplish.

Today, I announce to you and the whole world: The Father knew that when a great tragedy would come, it would be important for millions of human beings to feel the strength in their Faith in The Divine, and to feel that they, as an individual, understood the difference between human values and Divine Love.

The difference in these two things is phenomenal, because human life is limited in many ways. There are no limitations to The Divine. That is why it is necessary to encourage all men, women and children to pray, to speak openly, and feel the closeness that they are to The Divine because of the Soul they are the custodian of, because this Soul is a Portion of The Divine, giving strength where it is needed, when it is

needed, because as each human being is conceived, there is placed within it a Portion of Divine Love, no matter what area in the world the conception takes place. All of human life is gifted with what is commonly called 'a Soul'.

You have been told many times through This Gift of Divine Love, that you live in a time worse than Sodom and Gomorrah. This Statement of Fact was not always thought about in its indepthness, its purpose, its value, because there was no real attack on what was important for a human being to more fully understand, that within them they had a Portion of them that no other living matter or thing has, and that is the Soul.

You must also remember where strength comes from, knowledge comes from, bravery comes from, hope comes from — within you, and that, of course, is through that unseen Living Portion of you called 'the Soul'.

I could speak hours on The Father's Love for this Creation of His, human life, but He has given it so many Blessings to live with, to live for, to live by.

As I leave you, I bless you, because as you are the custodians of so much Script that is Important to the whole world of human life, I beseech you to spread It so It will give aid to those who desperately need help in a particular way, because some, when they pray, do not see the Magnitude of The Divine.

As The Father created All things, and in the Creation of human life, placed a Portion of Himself, it is That Part of human life that is affected by everything an individual does, thinks, says; and when the body no longer exists, the Soul returns to The Father all that occurred while the Soul was in an individual created at a particular time.

Millions of Words could be spoken on the Importance of human life, and the Goal for which it was created, but at this time All that I have spoken should give you the strength, and the strength to all who read These Words, what a Beautiful Gift human life is, because within it, it bears a Soul that nothing else is gifted with. So be it."

SEVERAL SAINTS

“There are Several of Us standing Here, ready to speak The Father’s Words and Will, for human beings of all degrees of intellect, understanding, behavior. All that has thus far been delivered is of the Greatest Importance to the lives of all human beings throughout the world.

It is important that This Gift of The Father’s Love, bearing the Name of The Holy Spirit of The Creator, called ‘Saint Joseph’, be seen by all degrees of intellect for what It is trying to instruct the minds on, regarding the Importance of human life, the Reason for which it was created, and the Goal that awaits it at a given time.

It is sad to hear negativism regarding the Soul that is described as a Portion of The Creator. In truth, the Soul is what gives to each human life the abilities to see, to hear, to speak, and also to accomplish through their acts, simple things, important things.

The Father created human life for a Purpose. The Purpose was to

share All He Is, in degrees that human life would be capable of; now, this does not mean the physical portion of human life, but the Soul of every human life. The Soul is an extension of all that a human life does, thinks, acts out, believes, or creates.

The Soul is a Gift of Divine Love, and should be treated in a special way. The Soul will remain when the body no longer exists, because as a Portion of The Creator, the Soul will remain as It was in the beginning. There is no human portion in the Soul.

When an individual says to another one, 'We are soul mates,' it is usually meant as a caring manner of speech; also, that it will remain longer than the ordinary friendship.

Today as I speak, My Words are of Great Importance, as All Words are that are dictated through This Gift that instructs on so many subjects, in so many ways, for so many men, women and children to fully understand that human life is a Gift of Divine Love, and is Important in The Creator's Plan.

All ages must understand that they have the responsibility to act in purity over impurity, truth over

untruth, love over hate. When it is not this way, the Soul is saddened in a manner and degree the human mind could never perceive.

As I speak today, I ask you to remember that within you, you are the custodian of a Portion of The Creator, and you are responsible for everything that this Gift of Divine Love is used for. Do not forget My Words.

We hear so much slander to Divine Will, Divine Way, Divine Purpose, Divine Love. This must cease! Thus far, through This Gift called '*The Miracle Of Saint Joseph*', so much has been delivered in an understandable way, so that every human being could feel the Generosity of The Creator, giving at This Time, This Personal Communication of Divine Love, drawing human life closer to Divine Hope, Divine Reasoning, Divine Understanding, and the Goal that The Creator has for the Souls of every human being born.

As I close My Words, you must read All of Them well, and be sure that They are not held in abeyance for any reason. They are to be scattered throughout the world to cause human

beings of all degrees of intellect, understanding, to more fully understand the Purpose for the Creation of human life was and is a Gift of Divine Love, because it is the custodian through this life, of a Portion of The Creator called 'the Soul'.

Children must be encouraged to see the Importance of having been born. All ages must recognize that human life is a Gift of Divine Love that nothing else created is the recipient of."

SAINT JOHN OF THE CROSS

“I am Saint John of The Cross.

As you kneel before the Crucifix, do you feel the Importance of this Act of Love that was given for a Very Important Reason? All that It was for has never been written, because to some it would be difficult to write the story of how vile, contemptible, that what caused this Cross, this Event to occur. Jealousy, anger, are two of the most important factors that this Crucifixion was based on.

Today, the time in which you live, and you have the privilege to write What is spoken, describing many Facts regarding the past, and the Purpose for which there was a Crucifixion, you do not always see, feel, or understand that this Event was based on jealousy, hate. There was no love, only violence, too difficult for all human life to truly evaluate.

Sometimes We hear men, women and children speak about This Time to be remembered. It is often said in a matter-of-fact manner, way, not

truly feeling or understanding the vile actions, and the pain that it caused to The One Who was being nailed to the Cross.

There are several types of pain; some is physical, some is mental. I will not mention them all at this time, but pain comes and it is never truly examined for how it could have been avoided through kindness, through humility, and of course, through justice.

All that has been delivered through This Gift of The Father's Love for human life, is not being translated into Its full concept, even though the script is understood in the Wording, but definitely not in the Values of what is meant.

My next Words may be difficult for some who read this to understand, but whether it is believed or not, Saints sometimes find unkindness, meanness, and They bear tears, beseeching The Father to stop what is occurring, and to not allow the so-called 'free will' of human life to cause so much harm morally, mentally, physically, spiritually.

Needless to say, I could speak hours on this subject, but *the little one* through whom I speak, We All speak, many times finds What We say difficult, because injustice, harm — physical, mental, Spiritual, is more than she can bear.

Those who surround her do not know her. Those who say they love her do not realize that the love is not the love that gives strength, but it is a love of human concept, concern, condition, regarding human relationship.

The world has been Blessed through This Gift of Divine Love. It is a Gift that should give Strength, Hope, and alert those who read the Words, those who write the Words, a fuller understanding that speech is not the only communication man has, because the written Words can pass to thousands and thousands and thousands, even millions, and when They are Words of worthwhile content, consideration, concern, They give hope, strength, and many times, happiness.

As I close My time with you now, I beseech you to never ignore the privilege it is to speak personally to

The Creator of All Things, to The Son Who gave His Life for human life, and All the Words that were given and are being given, to give strength to the mind, the actions, the goals, of your own life.

I could speak hours in this Personal Way to you, but What I have said thus far is to awaken you to the importance of what a privilege you have, to use prayer, kindness, sincerity, hope, with your fellowman. So be it.”

SEPTEMBER 27, 2001 AT 12:40 P.M.

SAINT IGNATIUS LOYOLA

“I am Saint Ignatius Loyola. You live in a time wherein The Father has given to mankind so much Information to more fully understand what a Precious Gift human life is to man.

Blessings like This are not always appreciated, because all ages of human beings make determinations into what degree they believe a subject is good for them, or something that would be meant to give them strength, understanding, advice, concern, or hope.

Though it is difficult to say the next Words, I feel I must say Them. All ages of human life oftentimes ignore Truth, and accept what is more pleasing to what they feel at the moment, even when it has no real advice, concern for them in any way, but just pleases their emotions or their humor or their attitude.

Today, as so Many of Us Saints speak, even when it is not asked to be put into script, What is spoken is not heard for the degree of Value It

is meant to be. This Specific Gift of Divine Love, bearing the Name of The Beloved Saint Joseph, means more to mankind, in many ways, than human minds understand it to be. The Father is allowing so Many Saints to speak openly, giving to each one who will read the Words, something important to think about, that they would never hear or never see in print from any other manner of communication, or in script.

The world has been Blessed to a degree beyond imaginable to the human mind, but All of Us Saints Here in the Heavens plead with those who are close to This Gift of Divine Love, to spread All that has been delivered, far from where you are, and be sure that what you say when you deliver It, alerts those who will receive Them to wonder what the Content means. Sometimes this type of communication causes the receiver, the recipient, to look deeper into the Words, to see more logic in the Wording than if it was explained verbally.

The Father has requested so Many Saints Here in the Heavens to continuously deliver All that will help men, women and children more fully

understand how Important it is to be born as man. As We hear so many individuals speak about their future plans, All that has been delivered through This Gift of The Father's Love is to enlighten all of human life that The Father has a Plan available to every human being, and that is, to return to Him a Portion He placed within them at the moment they were conceived in the human form, thus giving to human life a Goal, a Reason, and a Way to live with The Divine again, but in a different way.

As I close My Words, I beseech you, remember, All that has been delivered, put into script, has purpose, reason, and The Father's Will within It. So be it."

SAINT ANNA MARIA GORETTI

“I am Saint Anna Maria Goretti. Sometimes, before I speak, I ask a question. I desire an answer because then I know you are recognizing Me as a Saint Here in the Heavens.

The world has been Blessed in many ways by The Father’s Love for human life. It is sad to see so many men, women and children not understand their Close Association, the Close Association The Father has to man. As each human being is born with a Portion of The Creator within them, it makes human life different than any other species of life, because others do not have a Soul.

As I speak to you today, I speak as in a human way, but I am the Soul of the one who speaks. Remember My Words every day.

Souls do communicate with Each Other, even when you are living in a human way. That is why it is so important that respect is shown for the human way, and also the understanding that as each human being has a Soul,

the Souls recognize Each Other in a Special Way.

Children are not being instructed on what a Magnificent Gift human life is. They are taught only about the mechanics of human life, and things they should know on terms and ways and degrees, totally humanistic. That Special Part of human life that is different than anything else created, is What will remain of human life, for Another Time, Another Way.

Though it is difficult for one to perceive or conceive that they walk each day with a Portion in them of The Divine, they must recognize the fact that the Soul is dependent on all an individual thinks, does, participates in, and acts.

As I leave you, I request, that those you know of younger ages should know about the Soul that they are the custodian of. So little is being instructed on the importance of the facts of human life, and that it has a Goal within it that must be taken care of, because It will be That Portion of human life that will remain in a Form of Existence not seen by human life, but important to the Soul, because

It was created to be returned to The Father, a Saint.

I know I have spoken differently than Most Who have spoken, but I beseech you, I plead with you: awaken the young to the Gift of human life. It is a Goal beyond any goal they can strive to reach with their mentality, with their eagerness.

Remember the Words, and please remember to repeat Them in a loving manner, because They are Words that will remain with the young forever. So be it.”

GOD THE FATHER

“Human life is the only Creation of Mine that I have instilled a Portion of Myself. All other creations that bear a living factor to act, even think, are not the custodians of What I have placed within each conception of human life, because as I created this way of living, I instilled into it the ability to read, write, think in extensive terms that would help human life more fully understand that it was created to be, in some ways, closer to All I Am, with the following abilities that give to human life Gifts that nothing else is created with: first, a mind to be able to choose what is logical, necessary, and helpful to the whole of the body, mind and abilities that would be necessary to live on a greater plane of understanding more of and about Me.

True, human life is not All I Am, but I love this creation, because all it is and has, is portions of understanding that one day the Soul of a human life has the ability, possibility, to return to Me Where I Am, and be called ‘a Saint’ by man.

In the human sources, forces, talents, intellects of human life, there are innate needs to accomplish specific things that give an individual outstanding acclaim. This, of course, is likened to the Soul of human life. Spiritually, it is important that I, as The Creator, would give to this Creation of Mine a Special Goal, due to the fact that I made it to My Image and Likeness, to a degree that would be a Goal for Sainthood, thus returning to Me, bearing the name of a Saint.

Many men, women and children ignore this Goal, yet in earthly measures, constantly strive to reach goals that will only be for the human glory and/or feeling of accomplishment.

Make ‘Sainthood your Goal’, so when your Soul returns to Me and I proclaim It ‘a Saint’, you will have reached a Place Greater than you can imagine a Place to be.

This Success is and should be everyone’s Goal, because It will live Forever with Me, in a Way, Manner and Degree no human goal could ever achieve.

I beseech all of human life to strive for Sainthood. It was why I created human life, to have a means and a Source to return to Me.”

OCTOBER 1, 2001 AT 1:00 P.M.

SAINT IGNATIUS LOYOLA

“I am Saint Ignatius Loyola. All of Us Saints find it a privilege to be able to instruct at This Time, hopefully to millions of human beings, through the Words The Father allows Us to dictate through *one voice*, that is to be put into script so that It will remain in a manner, and degree, and a time that millions of human beings will find It and be strengthened by It, hopefully encouraging them to recognize what a Great Gift of Divine Love The Father has given to human life, the Soul, a Portion of Himself that is to be returned to Him in Glory, a Saint.

So much emphasis in humanism is placed on the value of money, the importance of individuals who are prominent, and also those who stand out scholarly in many areas of science, literature, and many other ways that the human mind is able to write about, that in many ways has the capacity to strengthen in moral ways, physical ways, mental ways.

The world is in great need of All that has been delivered through *one small voice*, because there is and has been so much logic capable for all human beings to understand the privilege of human life to man; also, that human life has a responsibility morally, mentally, socially, that no animal in life, or plant in life, has the responsibility.

So Many of Us Saints constantly stand, waiting to be asked to speak Words We know will help those who are in the human life, to regard human life as a Treasure, protect it morally, mentally, physically, and to see that human life has a Goal that nothing else created has.

When We see individuals cherish a flower, a plant, We smile at this, but We also know that at one time in the future, the plant will not live. Many things cause the circumstances to affect the plant's existence, non-existence.

Every human being born has a Portion of The Creator within them, giving to them a Goal for life that nothing else is gifted with. The enemy, called 'satan', uses many ways, means,

and much effort to annihilate the subject of the Soul, so that human lives will not understand the Importance of their human life, and the Fact that they have a Portion of The Creator within them, that they are to return to The Creator, a Saint.

To some who will read These Words, it will be cast off, because they do not have the understanding of what a Precious Gift human life is. It is not just ignorance of logic, it is the enemy of The Creator who works diligently to erase what is good from the minds of those who are weak morally, sensually, sexually.

Needless to say, this, what I am speaking on, could take volumes of descriptive words, encouraging all ages of human life to realize that in the ability to choose what is pure in actions, thoughts, deeds, over what is impure, is the individual's choice, thus instinctively knowing that there is a Heavenly Creator, and there is an enemy of This Creator, and all of human life.

Never be blinded by impure thoughts, actions, participations. It is only that you are accepting what

is wrong for your Soul, that no other living matter or thing is the custodian of. Only human life has been gifted with this Gift of Divine Love. Remember My Words.

Pass These Words on to others. Granted, it will be their decisions in how they understand what has been spoken, to affect their way at a Future time when life in the human way no longer exists. So be it.”

OCTOBER 2, 2001 AT 12:46 P.M.

“You do live in a time much worse than Sodom and Gomorrah. To some individuals, this does not mean the indepthness of these Words, because at this time, so much is accepted as modernism, a way of life, progress.

As I speak to you today, if it were up to Me, I would shout My Words so that the whole world could hear What I have to say.

Mankind of all degrees of intellect, all ages, are obviously ignoring what is occurring regarding the immorality that is acceptable at every age of life, and not forbidden as it should be. Historically, there was a time commonly called ‘Sodom and Gomorrah’. This time violated Every Commandment, and every rule of life.

This time in which you live is now comparable to, and at times surpassing the vulgarity, the indecency, and all that is impure of the mind, the body, and the Souls of millions of human beings. Crudely, it is called ‘modern times’. There is nothing modern in

what is occurring in the minds, the bodies, the participations, and the acceptances of what human life in all areas of the world are accepting as natural to human life.

Needless to say, I could speak hours in anger, but hopefully always in justice, but as I speak today I have an innate desire, because My Will tells Me that you do exist in a time worse than Sodom and Gomorrah, and It Must Cease!

The Father has given to the world, at least to this area, and It is to be spread, the privilege of so Many Saints speaking in a manner and a way understandable, gently sometimes, firmly other times, addressing subjects that should be looked into and rejected for what they are doing to the Souls of millions of human beings of all ages, all backgrounds, all degrees of intellect.

I could speak hours in anger, because it is sad for All of Us Here in the Heavens to see so much lack of self-discipline, and so little understanding, or even rejection of what is right, what is pure, what is just, what is moral.

If every living human being was given the privilege, as We have been, to see all that is catering only to the demonic behavior of the enemy of The Creator and of mankind, hopefully it would awaken the minds to make immediate changes, and see the ugliness and the horror the poor Soul of every living human being is enduring because, do not forget, as the Soul is a Portion of The Creator, the Soul is the victim, the recipient of all that an individual man, woman or child uses in what they do, what they say.

I could speak hours on this subject. It is important that My Words not be held where They cannot be seen by those in the churches who profess to believe they are working for The Creator, but I guarantee you, much is not being done, because most are living what they call 'a vocation', but it does not, in any way, represent what the vocation was designed for.

I cannot say 'So be it' at this time. All I can say is, 'Force yourself to awaken to what is really occurring; the impurities of the minds and the bodies and the Souls are unbelievable.' So be it."

“This Miracle was not given to the world to console mankind or to patronize mankind, but to awaken mankind to the Fact that they have a Soul, a Portion of God within them, that is to be returned to Him with the Title ‘Saint’.”

OCTOBER 3, 2001 AT 12:45 P.M.

**GOD THE FATHER
MANY SAINTS**

“I am Saint Athanasius. You live in a time of many heresies.”

“I am Saint Alphonsus Liguori. You live in a time of many ways in which people find to annihilate other human beings.”

“Saint Josaphat. Family respect is, to many, a thing of the past.”

“I am Saint Constantine. There are many errors in legal decisions that are ignored.”

“Saint Boniface. Spiritual understanding is according to an individual’s likes or dislikes.”

“I am Saint Peter Canisius. Learning is not what it should be. It has more personal opinion on how it should be accomplished for the good of the one who is the student.”

“I am Saint Aloysius. Spiritual matters, manners, goals, perception, is weakened because of so little correct instruction.”

“I am Saint Pius V. Human beings disregard what is morally sound, and accept what is morally acceptable according to the time in which you live, even when it is immoral in every concept of it.”

“I am Saint Peregrine. Those who follow in the so-called ‘religious vocation’ of life, many times use it or even refuse it to be totally dedicated to The Divine.”

“I am Saint Bernadette. Many individuals of all ages may mention the purpose and reason for the Beloved Holy Rosary, but in many areas it is never practiced.

This list is endless, because All Saints would like to add to the list to awaken human minds that they do live in a time of more rejection of what is Divine, than acception of what is morally sound and pleasing to The Divine.

There are Many Saints Here in the Heavens Who, in a humanly term, are ‘aghast’ at what is occurring in the so-called ‘religious circles’ of the world. They All plead with The Father

to make it stop. He says, 'I will,' but He said:"

GOD THE FATHER

“There is so little sincere understanding of My True Existence. That is why I have given to the world a Gift of My Divine Love through *one small voice*. *The voice*, though it is small, speaks My Words, thus making My Words the Important Part of This Great Gift.

Human beings of all ages, human life of all ages, has in so many ways put more emphasis on the human part, and have and has utterly rejected that within them they have a Living Portion of Me, else they would not be human, and this Portion is called ‘a Soul’.

I could speak hours, but I want What I have spoken thus far, and have allowed Many Saints to speak, to be passed throughout the world in spite of what the language is, they claim it to be.

I bless those who walk in Honor of Me, but in many ways the work has just begun. The Foundation has been laid.”

OCTOBER 4, 2001 AT 11:54 A.M.

GOD THE FATHER

“A *child* of years, who lives for My Will to be done, faces many obstacles and people who innately feel the strength from her appearance and actions, but so many try to ignore the Responsibility that emanates from her and through her, regarding the Importance of human life, its responsibilities, and of course, its Goal.

I bless This Gift of Mine with so much Knowledge and Direction, because as each human being bears a Portion of Me, I have given them the strength to understand and realize that human life has a Goal Greater than anything they can achieve through their talents, ambitions and theories.

The Soul, as a Portion of Me, I want returned to Me Pure in every way. It’s not impossible. I have given the means through the understanding of purity over impurity, love for Me over what the evil can intimidate in

the logic of decisions all humans are made to make.”

OCTOBER 4, 2001 AT 12:43 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

You live in a time of much immorality, much injustice, many heresies, and definitely impurities that are defined as ‘natural’ attributes, conditions, situations, for human life.

Children are not being instructed on the Importance of why they were created, and of course, the Goal that they should try to strive for. There is so little discipline in all ages of life, self-discipline that is, but as We look around the world, the turmoil is a sadness to The Father because it desecrates all that is good, pure, giving to human life dignity, honesty, and a natural inclination for kindness and justice.

All of Us Saints Here in the Heavens want you to understand, that as it was spoken many times, saying that you live in a time worse than Sodom and Gomorrah, that Statement is not as fully spoken as it should be. You live in a time of satanism. It is he who wants to take over, and human

beings of all ages, all cultures are responding to him, ignoring totally that they have a Soul, a Portion of The Creator that constantly protects them in many ways.

Thousands upon thousands of Words of Direction could be put into print for all ages to fully understand what a disastrous time this is for man, but so much indifference, carelessness, avoiding the logic in how to understand all the wrongs that are being permitted, acted out, thus avoiding the reality of what is occurring.

If you were to ask one hundred people at this time: 'If you were to die right now, would your Soul go to Heaven?' many would laugh at you. Some would say: 'I have never seen my Soul. Why should I take the word of preachers telling me I had one? If I had a Soul, would It not be ready to protect me from myself, and any other wrong? Would It not come forward and be heard, be seen?'

Throughout the world men, women and children are blinded by humanistic evaluations, allowing their minds to think wrongly. Children are not being instructed on morals, and

that they are subject one day to being Judged by The Creator of All Things.

We hear some say: ‘If there was such a Creator that you claim there to be, would I not feel His Presence or see something that would help me to understand what The Creator is like, being more than man?’

There are so many things for All of Us Saints to talk about today. The Father speaks openly, constantly through This Miracle, does not announce Himself, for in Each Saint The Father is Present. This may be difficult to believe, to understand, but human beings know what is moral over what is immoral, what is right over what is wrong, what is just over what is unjust, what is pure over what is impure, and they also innately know that there has to be a Goal to life, because the human mind is sensitive to reaching a Goal.

I could speak constantly, consistently on this subject, to impress millions of human beings, but the free will of human life oftentimes ignores truth, sound values, sound standards, and logic.

As I close My Words, I only close Them because it would be impossible to write All I would be able to describe in full detail on the Importance of human life, the Goal for which it was created; also, on the Gift of the mind in human life that is oftentimes forced to be all that is impure, unjust, unkind, evil. So be it.”

OCTOBER 5, 2001 AT 12:43 P.M.

**SAINT MARGARET MARY ALACOQUE
SAINT PEREGRINE
SAINT ALPHONSUS LIGUORI
SAINT JOSAPHAT
SAINT TERESA OF AVILA
SAINT MARIA GORETTI**

**“Saint Margaret Mary Alacoque.
Saint Peregrine. Saint Alphonsus
Liguori. Saint Josaphat. Saint Teresa
of Avila. Saint Maria Goretti.**

**As I speak through this *little one*,
I do not mention My Name, because
there are so Many of Us standing Here
with her, because of the Importance of
This Gift of The Father’s Love for not
just the Souls of human beings, but
the bodies and the minds.**

**It is so difficult for some to
instruct children on what is moral, what
is immoral. Oftentimes they feel that
to mention the immoral would cause a
lot of impure thoughts, actions, ideas,
but today as We All gather and know
how much resistance there is to Truths,
to purity of the mind and the body,
We All agree protection is sometimes
misleading, and the children are led**

to make decisions different than they would have, had they known more in-depth understanding of the wording.

As Several of Us speak, sometimes it appears as though One is speaking, but in truth We gather as a group, as human beings many times do, thus permitting What We say to be the Thoughts, the Privilege, and the Truth to be understood by all who write the Words, read the Words, because as We Saints walked the earth with different personalities, natures, characteristics, ideals, and degrees of intellect, We sometimes find it more helpful to those who write Our Words, read Our Words, to feel the Opinions more indepthly, the Directions more indepthly.

The Father allows this to be, because in human life, all ages, there is a great need for direction, and All of Us Saints have permission from The Father to, in some ways We call it 'Direction'. Some may feel the impact of a Word, others present may not see it, but will find another Direction in some other Word or Words in What We speak.

You do live in a time worse than Sodom and Gomorrah. It is difficult to believe that anything could be worse than this time in the History of human life, but nonetheless, ‘The time now,’ as it has been spoken before, ‘is worse than Sodom and Gomorrah.’

In these words, ‘Sodom and Gomorrah’, the first thing that comes to most minds regarding these words, are words that refer only to the body, not to the minds, because of the stories that were written about Sodom and Gomorrah, but time now is of the essence for all ages to prepare to more fully understand that within them they have a Portion of The Creator. It is logically there. What else would give human life the innate knowledge of what is pure over what is impure, what is just over what is unjust, what is kind over what is unkind, what is valuable over what is worthless?

In the Creation of human life, The Father gave many Gifts that in most individuals are ignored, passed over, because they become so steadfast in the rules they set up for themselves in the subject matter they choose is what they will all things to be like, ignoring totally the right and the wrong, the

good and the evil, the purity from impurity.

I hold *the little one* tightly, because All We speak is difficult on her in ways inconceivable to anyone else. Her listening is not how you know listening to be. It is Our Presence that causes it to be this way. She does not hear Our voices, or the rustle of Our garments, only the Power of Our Existence that is so different than what a human being feels as a presence of another human being.

Children are not being instructed on the importance of truth. There is not enough emphasis put on their remembering the value of understanding what is pure over what is impure, what is just over what is unjust.

No parent would say to their child, 'Eat that food, it is tainted, but it is all right to eat, all right for you to eat.' Remember also, that children learn from those who they are with, all ages.

I could speak hours on the Importance of This Gift of The Father's Love, and the world has been Blessed by so much previous Instruction, but

The Father's Love for human life is endless, and He uses every type of Wording, because it is necessary to reach all different personalities, natures, backgrounds, and forms of intention, goals.

As We close These Words today, I beseech you to see All that has been delivered through This Gift of Love, beyond human ability, because the world is in a desperate need for the Words to be seen, understood, and realized as being from The Divine, not just a human mind."

GOD THE FATHER

“Financial gain, status and wealthy recognition is oftentimes the most valuable assets for many human beings. Security is not always evident at these times, but egotism and personal satisfaction is important, more important than being seen as an individual who is dedicated to the importance of morals in all with whom they participate in life. There will be more on this later.”

“A human being cannot see their Soul, but It is obviously present because it is innate in human life to know right from wrong, morally, mentally and physically, also spiritually.

Beware and be aware of so much liberalism that is being accepted on all subjects, because it is life-threatening, and also, many times threatening to the purity of one or many Souls.

I speak differently, but My Words are very important to the physical, mental, moral and Spiritual portions of how I will Judge the Souls when They are returned to Me.”

SAINT ATHANASIUS

“I am Saint Athanasius.

A long time ago, when The Father chose *a small voice* to repeat All that He wanted human life to know, to understand, it was difficult for some to understand that The Father would choose such *a small voice*; why not a booming voice that would be heard from land to land?

There have been so many Beautiful Lessons delivered by All The Saints, helping human beings of all ages to realize, and to better understand what a Beautiful Gift of Divine Love it is to be man.

Children are not being instructed on the Purpose for life, and the need for them to understand that they were created to one day return a Portion of them to The Creator, and remain with Him Forever and ever. It is innate in human life to want things to remain, especially when they are beneficial, and there is gain to some portion of life.

Today, as so Many of Us Saints are ready to speak through *one voice*, The Father chooses *one small voice* to deliver Logic understandable to all minds, all degrees of intellect, the Importance of human life, and that it has a Goal.

For human life to not understand it has a Goal, is in human terms 'ridiculous', because it is innate in human beings of all ages, men, women and children, to reach for something more, something higher, something more pleasing to them, something they want. Is this not a sign of the Importance of the Gift of human life that was instilled?

If this Gift had not been instilled, human life would be like all other animal life. The only thing it would feel would be an innate desire to strike out if they were attacked. There would be nothing to live for, nothing to truly gain. There would be no purpose other than for the moment at hand.

So much Logic, Instruction and Divine Hope has passed through This Miracle of The Father's Love for human life. Every human being born has a Soul, a Portion of The Creator of All

Things. That is why it is so important that This Present Gift of Divine Love has been directed to put so much into script, because in the reading, some individuals will find hope and more interest in why they were created, because there is a Goal for the Soul.

You hear about it in different ways. Then why not see it as a reality, instead of ignoring it by practicing in some form, some way, impurity of the mind and the body? It is not worth it, because everything an individual does is reflected in his or her Soul, and the Soul is a Portion of The Creator, difficult to believe perhaps, but logical in its full context, full essence, because of all the Gifts that human life is gifted with: a mind, a memory, a will. Logic says there has to be a reason for these things, because these things help the human mind choose what is best.

Needless to say, thousands and thousands of Words could be written, spoken on this subject, but thus far, through This Gift of Divine Love, there have been millions of Words spoken, perhaps not All put into script, but hopefully the memory, when needed, will help an individual make the correct decision, especially if the evil

one, the enemy of God and man, tries to interfere with what an individual wants to say to another human being, and have it correct.

For those who write the Words, We All say there is a Blessing, and for everyone who passes the Words on, for others to better understand what a Beautiful Gift of Divine Love The Father has given to the world, allowing so Many Saints to speak, and the Words be put into script for those who could not be present.

Remember, you are in many ways messengers of What The Father Wills for the Souls of millions upon millions upon millions of other human beings. So be it.”

SAINT MARIA GORETTI

“I am Saint Maria Goretti.

All ages of human life, at this time in which you live, do not fully understand what a Blessing The Father has given through *one small voice*.

The world is in chaos due to many grievous conditions; much is in jealousy, much is in power, much is in envy. This list could go on and on and on.

Throughout the world, instead of prayer doubling or tripling in number, in ways, in concerns for all that is occurring, there is more general talk, speech, on what is occurring, leaving out important issues and only striving to consider the humanistic evaluation of all the wrongs.

Most, at this time, would not admit who is the driving force behind all of this. It is the enemy of God and man. Some call him ‘satan’, and there are other names that, believe it or not, he thrives on. It stimulates his eagerness to become more known,

because when things are being acted out in a pure state, he is ignored in many ways.

It may be difficult for some individuals to not quite understand What I have just spoken, because they do not see the logic as quickly as they do see things interesting or just factual.

There are men, women and children dedicated in so many ways, to all the sins against The Commandments of The Creator. They see no wrong in them. They say it is part of human life; it is human to think the way they think.

The Father has given to the world a Gift with so much Beneficial Direction, and Explanation of why men, women and children should seek purity of the mind and the body, and stop succumbing to what is evil.

Children are not being instructed properly. They are being allowed to think to the degree they can understand. There is so little sound direction, helping them to more fully understand that they have a Soul, a Portion of The Creator of All Things,

and the Soul is the recipient of all they do, think, say.

So Many Saints Here in the Heavens beseech The Father every day to help those who are innocent, no matter what age, because you do live in a time that surpasses all the immoral times in the History of human life.

As I leave you, I bless you, and hopefully the Blessing will give you the strength to speak up against what is wrong, and stand up to those who feel they know it all. So be it.”

SAINT FRANCIS OF ASSISI

“I am Saint Francis of Assisi.

We listen to conversation and understand the prediction of turmoil, because all through time human beings of all degrees of intellect have succumbed to weaknesses unnecessarily.

It is so important for human beings of all ages, backgrounds, and degrees of intellect, to understand morality over immorality, justice over injustice, hope over despair.

The Father, in His Creation of human life, allowed many years to pass before this time, because it took time for human life to learn how to adjust to many things, and how important it was for the intellect of human beings to better understand, more fully understand that the human mind would be the acceptor or the challenger of all that was set forth to be considered for a decision worthy of the cause or situation, but also, always to remember that as a Creation of The Creator, human life would have, and

does have responsibilities greater than the average understanding of human life accepts.

Ignoring what is right does not justify accepting it. Ignoring truth, and then using it in the wrong way, is a sadness for All of Us Saints to watch, to see, to hear. Children are not being instructed on what is morally sound, morally pure, morally just.

Throughout the world so many great decisions are based on what man calls 'intuition' or 'the easy way out', so confrontation will not take place and embarrass them, or make them use what they know is fact, truth, because circumstances could be unpleasant to their physical or their mental.

I speak differently today. In some ways I speak in what mankind would call 'a form of anger', but it is not anger; it is justice over injustice, purity over impurity, eliminating confusion in every facet of life, because confusion destroys what is morally sound, what is morally pure, what is morally acceptable, advisable.

In decisions, rarely is the Soul thought of. This is a sadness to All of Us Here in The Heavens. The Soul,

as a Portion of The Creator, is ‘the victim’ of what an individual accepts, uses, portrays, or applies in the wrong way, at the wrong time.

I know My Words have been different, and will be difficult for some to understand, but nonetheless, They are given to enlighten human life of all degrees of intellect, to think of the Importance of human life, and that each human being is responsible to The Creator of All Things for That Portion of Him that is in each creation of human life, the Soul.

With this I say, ‘Amen.’ So be it.”

OCTOBER 12, 2001 AT 11:55 A.M.

GOD THE FATHER

“The little one I use has an in-depth understanding of All I deliver through her. Her understanding is above and beyond the ordinary preference of human lives.

Her tasks are multiple and important, because All I deliver through her, and All Others Here with Me deliver, must be seen for what worth They are to the necessary actions, activities I expect of human life.

Much jealousy is seen to appear in all places, but what This Gift of Mine is all about will survive all interferences.”

OCTOBER 12, 2001 AT 12:47 P.M.

PADRE PIO

“I am Padre Pio.

You live in a time of much idolatry, humanism, and unfortunate errors against The Divine.

Today as I speak, I speak with great concern for all ages of human life, because the enemy tries in many ways to interfere, to erase, to confuse what is beneficial to the Souls of millions of men, women and children throughout the world.

I speak strongly through this *little one*. My Words shatter her frail body, but it is important that men, women and children of all so-called ‘Faith in a Creator, The Creator’, stop and look indepthly in how they live regarding morals, obedience to The Commandments of The Creator, and also, the Importance of the lives of children who are being misled, misdirected and confused by so many unorthodox values, temptations, characteristics, and leadership.

As I leave you, I am sorry My Words are not pleasant to hear, or will They be pleasant to read, but nonetheless, What I have spoken is important, because all ages of human life must understand The Creator of All Things is not just a man, but ‘Divine’ and ‘In Control’. Also, there is so little taught in so-called ‘religious circles’ on the Fact that every human life conceived by human flesh is gifted by The Creator with a Portion called ‘the Soul’.

As I close My Words, I beseech you to not keep These Words in a closed drawer, but allow Them to be passed as far as you can throughout the world.

I close with a Blessing that you know Me for: *‘In Nomine Patris, et Filii, et Spiritus Sancti. Amen.’*

OCTOBER 15, 2001 AT 11:55 A.M.

GOD THE FATHER

“No human being realizes or even comprehends the full Value of human life. Much is taken for granted and cast off as it just being human nature.

In so many ways, the true, full understanding of the Goal of human life is not just ignored, but not understood for the Purpose of it, or the Beautiful Goal that human life is directed to work for.

It is sad to see this, because in human life there is not just an eagerness to obtain success of a drive, mentally and physically. Wouldn't this be the foundation for the Goal for which I created it?

I did not create it as I did a blade of grass, a tree, or the sky that bears light, darkness, and the means of change.

I beseech all of human life to be aware that at This Time I am giving a Lesson, or I should say, many Lessons on this Creation of My Divine Love, alerting human life that there is a

Future for them through their Soul that is a Portion of Me.

The Soul — it is This Portion of My Divine Love that makes human life understand so much logic that is helpful in many important facts, factors and abilities, giving to human life an understanding of hope that nothing else created has.

As I close, I bless human life, and in answer to the Words I have just spoken, My Hope is that human life of all dimensions of mentality will see the Divine Love I have for them.”

OCTOBER 15, 2001 AT 1:06 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

There is no place throughout the world that there is a Gift of This Magnitude to all of living life; human life, that is.

Human life has an energy, also the ability to want to know what is right, what is wrong, what is good, what is evil, even those who do not practice all that is beneficial for their Souls, thus omitting many times, obedience to The Father’s Commandments; but All that has been delivered through This Gift of The Father’s Love automatically interests most who read Them. It is different than other words, because It has a sense of Direction, and definitely bears within It much Information that is unknown to the human mind of human beings, even when they have read a so-called ‘religious book’ of some dimension.

The Father has given This Miracle of His Divine Love, and it is a Miracle that *one voice* is used for so much Direction, so much Care, so much

Love, and yes, so much Hope. As Many Saints Here in the Heavens speak, the content of Their Message is logical, understanding, and has Direction. Nothing is complicated to the human mind, human understanding, or the human ability to see justice over injustice, hope over despair.

It is sad when We hear people of all ages reject a Gift of This Divine Love. Why they reject It, We do not know, because the very same people, in reading other material that is just ordinary or humanistic, find enjoyment; and yet All that has been delivered in such a Personal, loving way, so logically put into a context of understanding for every mind who reads It, It has Hope in It, Direction, Clarity, and there is an innate understanding that It does not come from a human ability. It is a Higher Source because of What It says, means, directs, and permits the minds of those who read It, to more fully understand that human life has been gifted with Divine Love, and bears a Portion of The Creator within them.

The Father smiles when We dictate What He Wills Us to say, because We oftentimes do not want to stop Our

Words, but go on and on and on, due to the importance of what is spoken, and how the Soul of every human being needs the Words, loves the Words because, in reality, the Soul is the recipient of what every individual thinks, acts, participates in, and yes, encourages others to do the same.

Every human being is example to another human being, or more human beings. That is why These Words must travel throughout the world. Do not fear translation. When help is asked for, it will be received because of the necessity of the individual Soul that wants the one in whom It is, to please The Creator, so the Soul will return to The Creator from Where It came at a given time, given place, because without a Soul, a human being is like all other animal life.

The human mind has been gifted with a conscience, but also the ability to know that there has to be a Goal for human life because of all of the Gifts that human life has been bestowed.

As I leave you, I must say to you, 'There is not a Saint Here in the Heavens that would not speak twenty-four hours a day to save one Soul

because, do not forget, the Soul, as a Portion of The Creator, is Special, and All The Saints have a sadness within Them when a Soul is put into such a state that It will have to pay for what the one in whom It was placed, practiced impurely, unjustly.'

Remember What I have spoken. The Facts are Truth, and the Love, Boundless. So be it."

OCTOBER 16, 2001 AT 12:36 P.M.

SAINT BONAVENTURE

“I am Saint Bonaventure. Though I have not announced My Name many times through This Gift of The Father’s Love, I have spoken many times on situations, circumstances and conditions that should have changes in them to avoid misconceptions, misunderstandings, and of course, misinformation.

You live in a time wherein so many men, women, and even children, feel that within them they have many abilities of discernment, understanding, perception, and of course, needless to say, subject matter.

Today as I speak, My Words are firm; first of all, because it is a privilege for All Saints to speak through This Gift of The Father’s Love that is One Alone in the world. Many things have been spoken about on subject matter that was not just of a Spiritual nature, but on human responsibilities, abilities, care, and practicality of how an individual should feel about certain

human measures of discretion, time, and association with others.

The world has been Blessed with This Gift of The Father's Love, and it is sad to see so little attention drawn to It, but I speak today to not just encourage those who write the Words, but all who read the Words, to be sure that Everything that is delivered through This Gift of Divine Love be spread to many areas where human life has the ability to more fully understand that The Father, in the Creation of human life, would give a Miracle of This Dimension to help human beings not lean on human opinion, but see the Importance of All that is delivered, and follow It according to what degree, what responsibility, or what situation calls for a sound Spiritual reaction, to put into the right context what is best for all Souls involved.

Rarely, if ever, in any conversation is the Soul, or are the Souls involved in the minds of those who are speaking. The thoughts are all humanistic, based on humanistic favor, or just a form of communication for something to speak about.

I shout to the whole world of human life: ‘You were created by The Creator of All Things. You are Blessed to be a human being, thus giving you the ability, but the responsibility also, and mainly to use what you are, for the sake of your own Soul and all the Souls you come in contact with, because there is a Goal for your Soul; the body, no, but to return the Soul to The Creator bearing your name, thus hopefully making you what you were created to be — a Saint!’

Sainthood is not a myth. It is a Fact. Remember These Words. They are to give you strength, hope, encouragement, and a positive understanding of the realization for which human life logically has a Goal, this being of course, your Soul, returning It to The Creator in a State of Divine Love.”

OCTOBER 17, 2001 AT 12:42 P.M.

SAINT ANTHONY OF PADUA

“I am Saint Anthony of Padua. Being a Saint is a Privilege beyond what the human mind can perceive a Privilege of This Degree.

The world has been Blessed in a way Greater than mankind will understand it to be. The Father chose This Time for so Many of Us Here in the Heavens to speak, letting those who live more fully understand there is a Goal to human life, Greater than any human plan.

Today as I speak, I speak with much Love for human life, also much concern. As We Saints see throughout the world so little understanding of what human life was created for, We always look to The Father, The Creator, and say: ‘Is there any way We can help human beings of all ages understand that there is a Greater Place for human life to one day be a Part of, and to be with You in every way?’

***The little one* The Father chose is innocent in All that is delivered. Our Words are very often unlike anything**

a human being would think, especially in the Greatness of What They say. The Power that passes through from The Divine causes the mind of *the little one* to capture the Words in a manner, degree, way, not discernible by the human mind in any way.

Children are not being instructed on the Importance of human life. Everything is so humanistic that children do not see or understand, or conceive that they have a Portion within them that is Greater than human life. It is called 'the Soul'. The Soul, as a Portion of The Creator of All Things, The Heavenly King, is definitely a Gift beyond what the human mind could possibly imagine in any degree.

At the Crucifixion, some individuals cried in much sorrow at seeing what they saw: a Man, Pure in Mind, Spirit, Love, Hope. Those who crucified This Gift of Divine Love were truly unconscious mentally, morally, spiritually, of the reality that they were taking part in. The humanism in their minds made a decision, but there were many present who questioned the true necessity or validity of such a crime.

Needless to say, thousands of Words have been put into script, awakening the present time of human life to be aware of the Importance of human life, and that it was created by an Ultimate Divine Being, Greater than the human mind can, in any way, realize Its Full Structure, Value, Meaning.

In This Gift that bears the Beloved Name of The Beloved Saint Joseph, so much has been given through All Who wanted to speak, helping those who are alive and who will live at another time, the Importance that they bear, as a human being: a Portion of The Creator.

Never allow the inability to take over in understanding such an Existence, because by doing this, you weaken the chance of your Soul returning to The Creator of All Things, because doubt sometimes causes more attention to what is wrong, what is evil, what is weak, what is indifferent.

Be mindful of these things, and through All the Words that have been put into script, They are meant to give courage, strength, reality, hope, and

**a desire to please The Creator, The
Divine Holy King. So be it.”**

OCTOBER 18, 2001 AT 11:56 A.M.

GOD THE FATHER

“So many men, women and children find it difficult to believe in Me, in My True Existence, because they have so little Faith in how it had to be a Supreme Power to create All things.”

OCTOBER 18, 2001 AT 12:44 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius.

Through This Gift of The Father’s Divine Love for human life, so much has been revealed and instructed upon for the benefit for all mankind to more fully understand what a Precious Gift human life is. If there was no Gift to human life, it would be like all other living matter or thing: no Goal, just existence for a period of time.

The monetary advantages of human life are oftentimes dwelled upon, and when these times occur, it is sad for All The Saints in the Heavens, because it usually happens to those who ignore that what they should be seeing as important, is first the Fact of human life, the Importance of it, and then, that it was created by The Ultimate One, God, Who created All things.

This thought rarely enters the mind, or minds, in the daily practice of human life. So much materialism supersedes the Importance of Who created human life, why, and the

Reason for it being created, and the Importance of the Greatest Gift human life can receive: a Portion of The Creator, named in a very simple word called 'the Soul'.

We hear all ages of human life brag about the fact that they are 'soul mates' with another individual, thus making this association ultimate and special, in the fact and for the fact, that they are associated with someone with whom they can feel comfortable, feel assured, and have much in common in certain facets of life.

Today as I speak, throughout the world there is much confusion over what is important in human life. Most would say, 'It is my life.' Others might say, 'It is what I have worked for in my lifetime.' Some might say, 'It is my family.' How many would say, 'My Soul, for without my Soul I am not connected to The Creator of All Things'?

Children are not being instructed on their close Association, Connection to The Creator of All Things; also, the word 'All Things' is oftentimes misunderstood. This definition must be cleared up.

In the Creation of the world, of the universe, the human mind had no part in this. This is an important Statement, and it should be brought up in a conversation when so much emphasis is placed on what human life possesses, is a part of; of course, omitting the very fact of the universe, the earth, what man breathes, and all that takes place, controlled by an Ultimate Source, such as weather, such as the stars in the sky, the moon at night, the sun in the day. More emphasis is placed on the human association, the human idea, practice, concern.

How many men, women and children say at night, say in the morning, opening the day with a few words of importance:

‘Thank You, God, for making me a human being to live another day, able to give to my Soul more Grace, and for me to better understand that living in the way of a human being, I am a Part of Divine Plan’; also, being able to say, ‘Bless me, God, to do Your Will in every way I can.’”

OCTOBER 19, 2001 AT 1:08 P.M.

One is Saint Athanasius. One is Saint Bernadette. One is Saint Constantine. Saint Gerard. This One is smiling, saying, “Yes, I am Saint Valentine.”

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. Yes, there are Many present each time One of Us speaks. All the Names are not mentioned at different times, because it is more important for the Words that are to be said remain in the minds of those who read What is important.

Human life was chosen above all other living matter or thing, to be gifted with a Soul, a Portion of The Creator of All Things. It is sad when We see men, women and children of all ages concentrate on matters, situations, conditions, that have no sound reasoning, thus ignoring the importance and the value of concentrating on the Worth of their lives, the Importance of their lives,

and how they use each day of their lives morally, mentally, physically.

There is so little attention given to an *'Examination of conscience'*. It is not a thing of the past. It is just something that can be called 'bothersome', because conscience is ignored, and more attention is emphasized on what an individual or group of individuals find entertaining, interesting, enjoyable.

The world has been given a Gift Greater than the human mind of any individual can perceive the Greatness of It, the Importance of It, the Divine Love in It. The Gift is a Gift enlightening the minds of all ages that there is a Supreme Power in charge of All things, and that all of human life is indebted to This Power, openly known as 'The Heavenly Father', 'The Holy Trinity'.

Why this is so difficult for all degrees of mentality to not fully understand is not just a forgivable sin; in essence, it declares human life to be irrational on the Importance of being given the Gift of human life, and not seeing that it has a Goal beyond what any other living matter has. Human

life is not a tree, a flower, a plant or a blade of grass, it is not an animal. Human life has a conscience, an innate understanding of values, of truths, of what is moral, what is immoral, what is good, what is evil, what is just, what is unjust.

Sad to say, even so-called 'highly learned' individuals forget or ignore that human life has a Goal, and to reach the Goal The Father intends human life to reach, there is a Portion of The Creator within each human being that will be the Representative of the one in whom It was placed at a given time; that is, at the moment of conception.

Without responsibilities, human life would be like all other living matter or thing — no goal and no reason to live, because purpose is important to human life. It is innate in human life to see purpose for many things.

I could speak endlessly on this subject, but The Father always instructs Us to give the amount that will be able to be understood, because of the Importance that the Words are directed to, for, and From.

As I close My time with you, I bless you with The Father's Love, and I beseech you to let no day pass that you do not remember or respect That Portion of you that is a Portion of God Himself."

OCTOBER 22, 2001 AT 1:10 P.M.

SAINT STANISLAUS

“I am Saint Stanislaus.

A Gift of This Magnitude that The Father has Blessed the world with, is beyond what the human mind of mankind can fully understand, because not just the beauty in the Words, but the logic in the soundness of what is spoken, always gives to the mind of the one reading It, a sound, reasonable Fact, that whether the individual remembers the Words or not, the Fact or Facts are indelibly marked, perhaps for a future time to be remembered because of circumstances, or a situation that calls for the individual to respond or to act.

Children should learn in a very natural way, the Importance of human life, and that all things were created by a Supreme Power, such as the atmosphere, the moon, the sun, and the lives of so many different species of animal life that, without a Creator in control, none of this would exist. Children are instructed in the practical forms of education,

on issues and matters that they will be responsible for in their way of life, no matter what vocation they choose, such as reading, writing, and other practical forms of knowledge that are dealt with in all areas of life.

Without All that The Father instills into human life, human life would be like all other animal life or vegetation, but it is important that human life be understood as Special in every factor of it, because human life has a mission on earth, and that is to return a Portion of it, the Soul, to The Creator of All Things. This is the most important Mission that anything created has, because the Soul, as a Portion of The Creator, will represent the individual in the Heavens, along with All Others Who walked the human role, and looked at it as an Important Gift of Divine Love; some, not always aware that the Soul, as a Portion of The Creator, will represent them when It is returned to The Creator with their name on the Soul.

Children, in modern language, can be called ‘sponges’, because so many times they hear things and they absorb it in a greater degree than others expect them to. That is why

it is so important that children are instructed that within them they have a Portion of The Creator that is to be returned This Way, and through These Words there is a Goal for life, a Higher Goal than is imaginable, but so little is spoken about the close Association that human life has with The Creator of All Things.

Today as I speak, I speak with a deep Love for human life, and All of Us Here in the Heavens want all who walk the earth at this time, and later, to realize they are gifted with the Greatest Gift possible to have. Think of it in a humanistic way. When you are presented a gift, and it is something that you truly enjoy, you love having it. It gives you happiness, and each time you think about it, it helps your mind feel good.

I could write, I could speak thousands of encouraging Words on this subject alone. It is important that This Gift of The Father's Love, delivering to human beings of all ages, all backgrounds, not just Stories, but Facts to encourage the human mind of every individual to be aware that human life has a Goal, a Purpose, and it is to return to The Creator a Portion of

it given at the moment of conception, called 'the Soul'; thus, when the Soul walks with The Father, is returned to The Father, It represents the one in whom It was placed at the moment of his or her physical human conception.

All of Us Saints could speak hours on this subject in a loving way, wanting all who read These Words to be aware that there is a Goal to life above and beyond what the human mind can perceive such an Ultimate Goal for being born a human being. So be it."

GOD THE FATHER

“A *child* of years, who is entitled to shed tears because of the lonesomeness of her way of life, it is not possible for others to see the indepthness of Responsibilities that she is confronted with each day of every year.

She calls My Name. I answer her, but not in the way that gives her a consoling feeling of understanding.

She looks like all other people, acts in many ways like all others, but is burdened with multiple Responsibilities. These Responsibilities are for the Souls of millions of human beings. No human mind or body could perceive the weight of this burden.

Time will give the world the chance to one day hear about This Gift of My Divine Love and how much I truly love mankind.

Prayers to Me are important. It is this communication that binds Us together. Remember, I created you for a Reason. I want the Purpose to be

fulfilled according to My Will, because each human being is gifted with a Portion of Me, never seen, never heard, but obviously Present in every move, every word, every act the mind and body make or partake in.

As I close My Words, I leave you with My Love, but also, hopefully with the desire to do My Will and one day return to Me That Portion of Me you are gifted with, known as ‘the Soul’.”

SAINT LAWRENCE

“I am Saint Lawrence. As I speak to you through *a voice* you know, I want My Message to be delivered throughout the world.

There are so many diabolical actions, ideas, theories professed as being part of the time in which human life now lives. Sad to say, there are millions of individuals of all ages who openly take these words as facts, as truths but, in reality, do not understand the full meaning of these words, because they do not entertain the idea that these words could be expressed on many immoral acts that are not identified in the proper way, manner, degree, fullness.

Children are not being instructed in the proper way. There are two words used that are thought to be the two words children would understand: ‘Is that the truth?’ or ‘Did you lie to me?’ The receiver of these words can easily misunderstand how many facets of truths there are, and how many lies can appear as truths. It

all is determined by how they are structured, what leads into them, and how they end in concept.

It is sad for Me to say, but the full degree of The Commandments that were given to Moses are rarely, if ever, delivered in Their proper form, Their full meaning, or full purpose for which They were given at a time when it was important to know Facts that pertained to the main subject of each Commandment.

I could take one Commandment: *Thou Shalt Not Bear False Witness Against Thy Neighbor*. Ask yourself: How many subjects could this cover, this one Commandment alone?

Now: *Thou Shalt Not Kill*. Most individuals feel that it means the killing of the body, the physical force, portion. How many areas of a human life can be killed by not just a weapon, but by lies, untruths, and so many other means, but none of this is looked upon, because it is easier to just say the short version, and accept it to the degree one feels it covers all things.

Children are the last to be taught regarding the importance of how they think, how they should think mentally,

physically, morally, in regard to their association with other human beings. So much is left to an individual child's perception, ignoring totally that a child is limited in how they can perceive the meaning of so many things. Even some adults are limited in how they feel inwardly regarding what is proper, what is improper, what is moral, what is immoral, what is just, what is unjust, what is truth, what is untruth.

When The Father gave to the world This Gift of Divine Love, bearing the Name of The Beloved Saint Joseph, He meant for It to be a Miracle of Instruction to the degree, and in the degree, feasible for all human minds, all ages, to be able to perceive, to understand, to value, and to look indepthly into the Importance of being a human being, and that it had a Purpose, and it was not created just as a human creation, but it was gifted with a mentality of understanding thousands of things, and also, an innate ability to associate with all types of human beings, all generations, all temperaments. The Father did not just create a body, but gave this body more purpose, more reality of

understanding, than anything else He created.

I will leave you now, because it is important for Me not to go on and on more indepthly, for each one who reads These Words should look at Them to the degree, in the degree of the genuine purpose for These Words, and the Love of The Creator in These Words, because of every Soul that is a Portion of every human being will more fully understand the Purpose, the Importance, the Love, the Hope in Divine Plan.”

GOD THE FATHER

“This *little instrument* of My Divine Love must be seen for the burden she carries for My Will to be done, for the sake of millions of Souls that I have placed within millions of lives.

Some reading this cannot fathom what a Responsibility I have placed on *a small body, but an obedient mind*, for My Will to be accomplished for the sake of millions of human beings who do not realize that within them they have the responsibility to return That Portion of Me, Pure in every way.

It is difficult for thousands, even millions of human beings, to understand that I would speak in the manner I do, saying All that I say through *one voice, one small body*, for the sake of all human life present now and yet to come. *The little one* I use is of the proper age for My Messages to be understood as not coming from an infantile mind, but one who has experienced so many facets of human life, to better understand that in the

Creation of mankind I had Purpose beyond what the normal mind, the average mind could possibly comprehend in its full measure.

The world has been Blessed with My Love because I have placed a Portion of Myself within man. No human being is ever created without participating in this Gift, because human life, to Me, was designed to one day return to Me That Portion of Me that I have allowed to live with them, be a Part of them, because My Deep Love for this Creation of Mine always was and always will be, a Gift of My Divine Love, bears a Portion of Me that nothing else does. You call It ‘a Soul’. I call It a ‘Gift of My Love’, to return to Me for All Time to be. So be it.”

GOD THE FATHER

“I am your Heavenly Father. I smile at *the child’s* remark that, ‘So Many are here, I do not know which One will speak.’ My Presence oftentimes makes her feel this way, because of the fact that so Many Saints Here in the Heavens surround Me, in many ways.

It is sadness for Me to say what I am about to say. Too few of all ages, men, women and children, are responding to This Gift of My Divine Love, rejecting understanding It; in other words, rejecting My Gift of My Way, My Hope, My Instruction, My Presence, because they are so in doubt that I would come to the world at this time, in the Way I am reaching human life through *one voice, a quiet voice*; also, that I have permitted, also requested Many Saints Here with Me to speak Words understandable to the human mind, so that all ages of human life would understand that they were born for a Purpose, a Goal, and that they have within them a Portion of Me, called ‘the Soul’.

Children are not being instructed properly on the Importance of human life, and that it is the only living matter that is so closely connected to Me. I know it is difficult for the full understanding of What I Am, that I have created All things, but the lack of understanding is because human life is gifted with a certain form of understanding, and also a degree of being able to comprehend the Magnitude of The Divine that is logically present, but cannot be seen by the naked eye of human life.

Blessings have been many through This Gift of My Divine Love. I take none of Them back; in fact, I increase Them, because each human being has within them a Portion of Me called 'the Soul'.

There is so little being instructed by those who have studied Bible History.

It is sad for Me to say that interpretation can be detrimental to Fact, and the Value of Important Messages that have been revealed over the years for a very long time. No human being has the innate understanding of the full Importance of the

design of human life, the creation of human life, and I have allowed only a portion of it to be released.

As I close My Words, remember, I am always with you, always aware of how you think, what you are doing, because the Soul, as a Portion of Me, is never a great distance from Me. It is closer than you can possibly think.

As I close My Words at this time, I beseech all who read These Words to keep in mind at all times that human life is a Gift of My Divine Love, because I want to share so much with the Soul that you are the custodian of, that represents you to Me, giving Us a Close Association, not just for now, but Forever.

Though this Statement may be difficult for even some theologians to fully comprehend, I know that My Existence is a Mystery, but It is a Mystery of My Divine Love, because of What I Am, Who I Am. I beseech you to remember this.”

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

There are three very serious attitudes, actions, that many in human life use and take for granted as being necessary, or being practical, or making them important by the statement. The three words are: bigotry, immorality, skepticism. So much of this is taking place amongst all ages, all degrees of intellect, and of course, all degrees of Spiritual understanding, Spiritual theory, Spiritual dedication, Spiritual skepticism.

Today you live in a time where the human mind is saturated with so much diabolical satisfaction, curiosity, pretense, and also, addiction. Children are not being instructed on the Importance of a Creator of All Things. For some adults it is too impossible to comprehend such an Entity of Life in Existence. It is amazing to hear so much negativism regarding prayer, justice, morality, insensitivity to what is morally sound, practical, useful, and necessary.

So Many of Us speak through *one voice*. We have heard some say, 'If All This is true, What is spoken, *the voice* should be heard around the world.' This, of course, is human opinion, ignoring the Fact that All that is important for mankind to know is being put into script, able to be translated into all different languages.

Today as I speak, I sound in anger, because there is so much permission being allowed for all ages to follow what is proper, but in reality it is only negativism, and definitely against all that is good, all that is pure, all that is entrusting to The Creator of All Things, one's life in obedience. There are so many attitudes that should be wiped out, so many permissions on actions that should be not just ignored, but never accepted for human life.

I sound angry in the human way; I am angry. It is important that human beings of all background, all natures, all degrees of understanding, see the value of what is pure over what is impure, what is just over what is unjust, and look to The Commandments of The Creator in Their fullest form, not the concise form that is acceptable, and has been for a long time, thus

diminishing the full measure of Value in The Commandments the way Moses received Them.

Mankind, in all degrees of intellect, has a way of shortening a very important subject, rather than looking at it in its full measure of understanding, of meaning, of purpose.

Ask yourself: If you were to visit twelve homes of people you did not know, you were a stranger to them, and ask them about how they feel about The Creator of All Things, and also, how do they follow The Commandments that were given a long time ago, the logical answer to this is, could be, a drastic response of ugliness to you. You know this.

As I close My Words, I know I do not speak as I usually speak, but there is so much for human life of all degrees of intellect to awaken to the Fact that human life has a Purpose and a Goal, a Soul rarely spoken about, but also, remember that each Soul of every human being born wants to return to The Father in the Light and the Love in which It was placed at the moment of conception to a human being.

Human life knows what is right, what is wrong, what is good, what is evil.

This Miracle has been given to the world to awaken human beings of all ages to the reality that there is a Goal to reach. The time will come and Judgment will take place. Ask yourself, ‘How will I be Judged?’”

NOVEMBER 1, 2001 AT 11:50 A.M.

GOD THE FATHER

“This Gift of My Divine Love must be spread throughout the whole world. My Words must be translated perfectly, so no man, woman or child will not know What I Will them to know.

Throughout the world there is so much heresy accepted. This must cease.

My Words, and the Words of All Who have spoken, must be seen and understood to be Messages of My Divine Love for the Souls that need Them, in the one in whom They were placed at the moment of conception, because too little is being recognized as important in the lives of all human beings.

My Will is not seen, but It is obviously available to recognize as It being present, because of the effort I have Personally given to help all of human life understand My Existence is Real.”

NOVEMBER 2, 2001 AT 12:38 P.M.

GOD THE FATHER

“I am your Heavenly Father.

It is so beautiful to see so Many Saints Here in the Heavens willing and anxious to speak Words of Encouragement, Direction, Love and Hope, for those who are yet to be Judged for how they lived in the physical world.

You live in a time difficult in many ways, because there are so many areas in which the enemy has entered, and is using many devices to encourage wrongdoing, harm, and rejection of what will make you ‘a Saint’.

Sainthood is a reality for the Souls to be returned to Me. There is so much Love Here in the Heavens, and in your human way you cannot realize how Many Saints enter your lives every day in Their own way, helping you to seek what is pleasing to Me, because of That Portion that is within you. They want It to become ‘a Saint’.

***The little voice* that is used cannot hear Me in a manner you understand**

hearing to be. The 'implantation' of All that is passed in her and through her, is a Miracle of My Divine Love, for the Soul that you are the custodian of, and I want returned to Me, a Saint.

I speak a little differently today, because *the little one* through whom I speak, and All Others speak, is physically exhausted, in terminology you understand.

The world has been Blessed by Me. I created man.

Today is an important day for each one who hears My Words, and it is up to you to pass My Words on, to awaken the mentality of others who do not have the privilege to hear What is spoken.

As I leave you, I beseech you to carry on in seeing that All that has been given thus far will reach many thousands of individuals throughout the world. Do not worry about the language barrier; We will help them in Our Way. The translation sometimes will be difficult for them, but they will always be left with Hope, and a degree of Love that they will feel, perhaps more than understand.

As I leave you, it is only My Voice that leaves you, because I am forever with you through That Portion of you; you call It ‘a Soul’. It is a Portion of Me that no human being is conceived without, born without, or lives without.

As I close My Words, I bless you with The Father’s Love, but I want you to remember that you have the ability to pray, to speak, and to talk in a personal way to All The Saints Here in the Heavens that one time walked the human way.”
