PREFACE

These “*Stories From Heaven*” could not have been given to the world at a more appropriate time than now. The world is in a terrible state of corruption and confusion politically, religiously and socially. Honesty, modesty, genteelness and morality seem to have been eliminated from our way of life, at least in effect if not consciously. However, God has given the world a Miracle it needs.

On July 28, 1967, *The Miracle Of Saint Joseph* was formally announced to a True Mystic. God had chosen a woman to give us the sound direction, hope and example we need. It was not the first time God had chosen a woman to accomplish His Purpose, always for a specific task in a particular time. This True Mystic for our day is Frances Marie Klug. She resided in Southern California as a wife, a mother, and a grandmother until her death on November 15, 2009.

In *This Miracle Of Saint Joseph*, Many Saints have come forth to speak through Frances Klug. These “*Stories From Heaven*” are just a few of the thousands of Revelations received through her. Very often these

Revelations were preceded by extensive Teachings which time and space did not allow us to put in print. However, some of these Teachings will be found in several of the many Volumes of “*Stories From Heaven*”.

In these Revelations The Saints refer to Frances as “the child”, “the funnel”, “the spoon”, “the instrument” and “the little one”. God made her our Spiritual Mother. For many years now, because of this fact, she has been called “Mother Frances”, or simply “Mother”. Heaven also refers to people of all ages as “children” and emphasizes time and again, This Miracle is for people of all races, all colors and all creeds.

For someone turning the pages of these “*Stories From Heaven*” for the first time, they will easily recognize the sound logic and sound direction the Messages contain. Mother Frances heard the Words with the Ears of her Soul, and would repeat Them aloud when she was told to do so.

This Teaching Miracle is a direct parallel to the time Our Lord walked the earth. He did not loudly proclaim to everyone, “I am The Son of God.” He taught in a quiet manner, simple, extensive, but always detailed

in repetitiveness, instilling in those listening what He wanted them to remember. He taught in parables, short, simple stories containing moral lessons. He knew men could more easily understand and remember the point He was trying to make this way. His “Teaching Stories” pertained to everyday living, practical matters, and how to become a Saint. He gave hope through these stories. He gave example.

Now in our time, God is once again giving us “Teaching Stories” through Saint Joseph and His instrument, Mother Frances. Through her, in a quiet, unassuming and genteel way which appears so “natural”, mankind is again being taught the Purpose of life, and what God expects man to be like in his daily living. People feel hope in these Teachings, Example always given.

Two major Revelations of significance have been given for us in our day. Our Heavenly Mother is Part of The Divine, and Saint Joseph is truly The Holy Ghost. These should not bring an immediate rejection, but should pique our curiosity and interest.

Our Faith in God is based upon many mysteries. Whether it be The Holy

Trinity, the Incarnation of God, or The Holy Eucharist, men strive to understand These, trying to grasp a small glimpse of the Beauty of the Truth They Are. These mysteries also pique our imagination and interest. However, even though we know God revealed these mysteries to mankind and we accept them in Faith, they still remain just that, mysteries.

One has only to look at these "*Stories From Heaven*" to see the value They are, and to feel the hope They instill. No man can logically deny purity of thought when it is so obvious. No man can deny purity in direction, when it is based on sound morals, sound values, sound standards. Do not be blind to truth. Skepticism is for people who are unable to see the truth of a matter or situation, and many times skepticism drowns out purity because it is full of ego and pride in one's self. Skeptics find it an easy out to disclaim truth.

There is no doubt that it takes time for such Phenomena as This Miracle to penetrate even those minds who feel they are capable of discerning such Phenomena. We must not be governed by purely another man's determination, but we must understand that logic, sound reasoning and purpose must be the criteria of our Faith in God.

In some early volumes of “Stories From Heaven”, many Revelations describe edifices to be built on Saint Joseph’s Hill Of Hope. As just one facet of The Miracle Of Saint Joseph, God invited men of all races, colors and creeds to participate in building a “City Of God”. Every building, chapel, bridge, shrine, garden, amphitheater, and even a hospital and a research center, to be included in this Magnificent Project, would be designed down to the most minute detail by Heaven.

This City Of God would be a place of great beauty for men throughout the world to visit, to gain true spiritual strength and to learn firsthand that which Heaven wants all men to know.

Much to the great loss of every man, woman and child in the world, this City has not been built. Innumerable obstacles were placed in the way of Its completion by those who would have benefited the most. Not enough men volunteered to return the gifts of their time and talents to God. Not enough people came forward with the money needed to participate in God’s Plan in a monetary way. Donations became less and less, because the men in the Church said, “Don’t give.” They discouraged people from participating.

For many years, Mother Frances and a handful of volunteers made every effort to overcome all opposition to men’s lack of wisdom, to build this City for God. However, we are not at a total loss. The Sound Teaching and Sound Direction given by Heaven in the many volumes of “Stories From Heaven” continued through the years, and will benefit people everywhere for many generations to come.

In the future, if the hearts and minds of men change, the world will one day see the Beautiful City Of God.

All Revelations are delivered spontaneously and continuously as witnessed by all those present at the time.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

Logic is evident to all of human life that I Exist. I am The Creator of All Things.

First of all, I have instilled in human life a Portion of Me, giving to human life an intellect, an understanding, a sense of logic and an understanding of what hope means.

I have chosen *one voice* for thousands of voices to repeat What *the one voice* speaks, because in this way, It could be distributed to millions of individuals, men, women and children of all ages, the Importance of Who I Am, What I Am, and that it was I Who created All there is.

I will not speak long because of the Power I use through *one small body*, but it is My Will that This Gift of My Divine Love, wherein so Many Saints Here in the Heavens speak Words logical to the human minds of human beings, the time has come that those who feel so intellectual, bear in

mind that they have not created the world; I Have. They have not created life; I Have, And I Have A Purpose For All I Have Created.

In many ways, My Creations are Gifts of My Divine Love, sharing Part of What I am capable of doing, and giving a Goal for human beings of all ages to reach that Goal, that without My Intercession, would not be possible.

I could speak hours on this subject, but What I have just spoken is sufficient for now.”

MARCH 10, 2003 AT 12:47 P.M.

SAINT TERESA OF AVILA OUR HEAVENLY MOTHER

“I am Saint Teresa of Avila.

The little one smiles. She says, ‘Did I pronounce it correctly?’ I say to her, ‘The love in which you speak the Words is sufficient, because it pleases The Father in many ways.’

There are so Many Saints Here in the Heavens Who, when They are requested to speak, find it such a privilege, honor, to participate in The Father’s Love for mankind so openly, so lovingly, so directly, and with so much Instruction helping the Souls of each human life involved.

Throughout the world there is so little being spoken, instructed, or even hinted at, regarding what a Precious Gift human life is, and that it has a Goal. All through life individuals of all degrees of intellect, all backgrounds, are inclined to seek goals for satisfaction personal, mentally, psychologically, or for many reasons that each one feels necessary to help their life grow in different

ways. Even small children have goals. It is rarely considered a goal, but it is innate when a child tries to accomplish something suitable to them, for the moment maybe, but it is innate in the human mind.

The Father has given to the world a Gift of His Divine Love, not ordinary, but so logical and so full of Divine Love. Logic would say that if He did not want What He spoke or had The Saints Here in the Heavens speak, put into script so It could be remembered, followed, and give strength when it is needed, counsel when it is needed, consolation when it is needed.”

“Today as I speak, I speak with Deep Love for human life because, do not forget, a very long time ago when I was upon the earth, I walked in a Special Way to bear The Son that would give to the world of human life the Importance of the family way, and how life is created and the beauty of it, special in many ways.

When individuals try to ignore the History of human life, the History of spirituality in human life, and the innate Divine Love that is evident

in the very Creation of human life, individuals who try to ignore these things are empty in so many ways. They look for satisfaction in places and things that are not worthwhile, that will give no strength to them and are just temporary.

I will close My Words, because so much has already been delivered, not just alerting human beings of all ages, but instructing them in a close manner of existence, helping them to understand that human life was created for a Goal, all designed by Divine Plan.

As I close My Words at this time, I bless you with a Mother's Love, because you see, I am aware of how meaningful this Love is, automatically understood to be warm and caring.”

MARCH 11, 2003 AT 12:28 P.M.

SAINT BERNADETTE

“I am Saint Bernadette.

If you were requested to bear the burdens of another individual's sins, how would you respond? Would it be similar to loaning them something of your personal possessions, or would you understand it to be a moral issue that you would possibly be Judged for at a later time? Would it not be foolish to ask for more details and a fuller understanding of reasoning at such a request?

Every day an individual lives, they are faced with decisions, oftentimes with no thought of what the decisions will incur their mentality, their physical, their emotional or their Spiritual acceptance or rejection.

I say These Words in the manner I do, because in the human way of thinking, if an individual would awaken each day and had to make decisions of this nature, how much happiness would their life contain? From one day to the next, would they look forward to having to make this

type of decision that basically would bear an attitude different than they are used to, and also, what effect would it have on their emotions or their ability to see that they should think before accepting such a responsibility?

I will not speak long, because what I have spoken is something to think about, because it does happen many times, and very often it is not spoken in the wording of sound, but just through the actions seen.”

MARCH 11, 2003 AT 12:58 P.M.

SAINT JOSAPHAT

“I am Saint Josaphat. I have come today to speak on an important subject.

Throughout the world, human beings of all ages innately feel they have great dedication to All The Saints, but this, in truth, is not the case. There is far more attention given to humanistic versions of situations, and humanistic values and humanistic pleasures, than there is on prayer and on devotion to The Saints, but also to The Creator of All Things.

There are many excuses, many saying that time is different now in which they live, and they are busy, involved in so many humanistic responsibilities. Also, there is another point to this. The understanding of what Sainthood means is far less in understanding than all ages realize.

So much is taken for granted, so many excuses made, and so little attention is given to the Importance of what human life is gifted with, a

Soul, a Portion of The Creator of All Things.

To some, this is past-history thinking. That is why This Gift, wherein so much is being delivered, not in a formal way, but in a loving, giving, earnest and hopeful way.

At the moment I speak, there are thousands and thousands and thousands of individuals, all ages, that never think of the Importance of human life because of the Goal that it is created for.

It is rare for someone to think that every day they live should be honored in some way through a prayer, through the desire to speak to The Heavenly Father, because of the Soul they are the custodian of, and one day they will be responsible for, to The Heavenly King.

When We hear individuals make excuses to not believe because they find humanism more entertaining and more suited to their way of thinking, this sadness is greater than I can describe in words. The Father does not say, 'Do not enjoy life.' That is why He gave this Gift to enjoy things, but so many individuals of all ages ignore

Where their life started, why they were created, and they have a Goal to reach.

My next Words are a sadness beyond what I can say. A human being very often wants to succeed in a manner and way that others will see them in a higher place, whether it be through their personality or their ability in the labor way.

I know I speak harshly today, but it is not really harsh, it is strong in My Love for human life. Rarely does The Father's Will come into play. It is rarely ever thought: 'Am I pleasing my Creator today? Do I feel I have fulfilled His Will regarding my Soul that will be returned to Him one day?' This list is endless and yet simple in content, meaningful in its very essence of value, and of ability for an individual to think, act, or practice.

I could speak hours, using Words that everyone in the world could understand. There would be no language barrier, but today as I close My time with you, I beseech you: do not use prayer in a manner or way that is not respectful, because of Who you are talking to. You are not talking to a

stone or some object. You are talking to The Divine, and it is important that you remember this every time.

We hear so many individuals pray rapidly just to get it over with, feeling secure that they have accomplished a certain degree of prayer. I beseech you: when you pray, do it with respect, honor, because Those Who you pray to want you to succeed in the Eyes of The Creator. They want you to show love and they want you to be respectful, which in many cases is not how the prayers are spoken.

I could speak endlessly on this, but I beseech you: think about What I have just said, and perhaps you will be example to others who are not present for These Words because, do not forget, example is one of the greatest gifts a human life has been given: the ability to give to others a manner, a way, a degree that casts out anything ridiculous or unbecoming to what the situation speaks.

As I close My Words, I remind you: you have been Blessed abundantly, and in This Blessing, it has given you the strength, the courage, the ability to aid others through what you do, how

you act, what you say, and how you speak it.”

MARCH 12, 2003 AT 12:14 P.M.

GOD THE FATHER

“Always remember that ‘silence’ is oftentimes an opportunity to say prayers that are meant to be your communication privately with Me.

I am always happy to hear them, because through them We are One in how important Our Closeness is in many ways.

Your Soul is happy too, at this time, because as your Soul is a Portion of Me, it completes the relationship We have and it gives It all that It was created to be.”

MARCH 12, 2003 AT 12:42 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

As I speak, I must admit I am smiling at *the little one* through whom All Messages are delivered, because she oftentimes asks Me if I am present physically, and of course, I say, ‘Yes, I am in a physical degree, manner, way, not seen by you, but there are Thousands and Thousands of Saints standing Here with Me, and Thousands and Thousands and Thousands of Saints that are available for you to pray to daily.’

The world has been Blessed abundantly through *one small voice*, but *the voice* only repeats Our Words, Our Will, Our Way. There is no injection or word that is not Ours.

Today as We stand Here with you, it may be difficult for some to understand how close Our Presence is always to man, but it is important that you understand a mental prayer, a vocal prayer is heard by Us Here.

Every day is an important day, because as you have duties and promises you have made that you are obligated to fulfill, always remember that it is important to human life and you must not reject your responsibilities, but always keep in mind in everything you do, everything you say, We are present every moment of every day.”

MARCH 12, 2003 AT 1:20 P.M.

SAINT ROBERT BELLARMINE

“I am Saint Robert Bellarmine.

Every day to human life is an important day. It begins with the day you were born and then each day that follows that time, because as you develop into the ability to understand the meaning of many words, you eventually begin to learn that there is a Creator of All Things, and it is He Who has the Goal for you to reach for All Eternity.

Blessings abound in your relationship with The Holy Trinity. Because of the importance of this relationship, a day will come and the earthly part of you will end. Your Soul then will be Judged for another Plan, and that is to live with The Creator Forever and ever and ever.

The Creation of human life is oftentimes misjudged, taken for granted and not seen in the Greatness it is, and in the privilege it is, because the human mind oftentimes diminishes so many things, but The Father has given to the world a Gift of His Divine

Love wherein He allows so much Instruction to be given, so much Truth to be seen, because of the Importance of the Souls of human beings that He designed to one day return to Him in Heaven.

Blessings come in many ways, but all of them do not have the Goals that The Father has for the Souls of all human beings. Human life is a gifted creation, far greater than anything else created; also, the Gift of knowing prayers in Honor of The Holy King and All The Saints, because through prayer the mind develops an understanding, and also the ability to realize that there is a Higher Place than earth, a Greater Place to be, and through the way of human life, the Souls will return to The Father once again.

As I close My Words, I bless you with The Father's Love and with The Heavenly Mother's Love. I add My Love to this, because you see, I know what a Beautiful Place Heaven is, and can be."

MARCH 13, 2003 AT 12:50 P.M.

SAINT ATHANASIUS

There are Many of Them Here.
Saint Athanasius will speak first.

“Daily life in every human life is important, because of what each individual is the custodian of, and that is a Portion of The Creator that no other living matter or thing has.

The Soul is ever present, no matter what the individual is participating in, practicing, or even when they are asleep. It is difficult for thousands of individuals to perceive such a Gift, and not be able to sense It within themselves, or be aware of It in some form understandable to the human mind and human senses.

The world has been Blessed, and yet the dependence for This Gift of Divine Love is to be in print, because of the nature of so many individuals finding it difficult to believe that a Gift of This Greatness exists. That is why the Words are not spoken to large groups of all ages of human life. Resistance or rejection, whichever

word you want to use, is oftentimes a misguiding factor on important issues.

Today as We All speak through This Gift of Divine Love, it is The Father's Will that more is spoken out regarding All that has thus far been delivered, because it is important for all ages of human life to understand that at the moment of their conception, they have placed within them a Portion of The Creator, called 'the Soul'. All other living matter or things are not the recipients of the Magnitude that the human beings are gifted with, giving to human life a different standard for living, and a Goal that nothing else created has.

Throughout the world, there are so many who teach how they feel life is all about, many ignoring the fact that the Main Foundation in life is the Soul. Most individuals put the accent on mentalities, or other Gifts of nature that they feel exceed all Gifts that they are capable of bearing.

Children are not being instructed on why they should be honest and good in their decisions on all areas of life. There is so little instruction on the Importance of why they were born,

and that they have a Goal to reach, Greater than animals, trees and all other things.

Respect is the foundation, and there is very little of this throughout the world: respect for the ability to speak proper wording, respect for another's presence; also, respect for the ability to learn so much regarding What The Father has given thus far and allowed to be put into print — Words that speak honoring The Father, and letting individuals of all ages more fully understand The Son of The Father, and why The Father put a Son upon the earth, basically showing the lineage that causes security and a way of life that has Purpose, a Meaning for life to go on and on and on, to reach the Goal for the Soul that each human being is the custodian of.

Though the Soul is never seen in the human way, It is obviously present, based on morality, logical morality, and a logical understanding that The Father does not mean the body to be returned to Him, but a Portion within the body that He implants at the moment of conception, a Portion of Himself, thus giving strength for morality, spirituality, hope, and the

understanding that human life has a Goal, because of the Soul that is to be returned to The Father and be seen in the Heavens as ‘a Saint’, not always remembered by those who are left behind, but the Logic and the Goal are evident, and it is time that human beings of all backgrounds, all intellects, understand what a terrible sadness it would be to live the life of a human being with no promise of a Portion of that life to be returned to The Creator at a given time.

As I close My Words at this time, I close Them with much Hope and Love, because it is important that individuals of all ages begin to understand that human life is created and always has been, for a Place of Glory at another time.”

MARCH 14, 2003 AT 12:38 P.M.

SAINT BERNADETTE

“I am Saint Bernadette.

We All smile when We approach this *little one* to speak Our Words so They can be put into a manner for reading to thousands and thousands and thousands of human beings of all ages. What is difficult for most who read Them, is for them to understand that The Father’s Love for human life would be in This Particular Manner and Plan, because it is expected that He uses other means, past Writings for many things, and at this time it is not usual for His Words to be heard through *another voice*, but it is His Love for human life that does it this way.

The world has been Blessed abundantly. All ages of human life, through All the Words that have been delivered, will find security in some way, or much help in how they should respond to The Divine.

It is sad for Me to say that a lot of so-called ‘Spiritual understanding’ is neglected, because some say, ‘Reading

It does not make me feel the presence of the individual Saints, so I am reading literature that anyone else could have put into script.' This is difficult for All of The Saints Here to agree with, because All the Script that has been and is being delivered, is obviously not from an ordinary human source, but Its very content says that a Greater Divine Being is allowing It to be, or even participating in It Personally.

The world has been handed through the written Words, so much to be easily understood, because It is obviously logic, and also full of concern to be seen for Its Meaningful Directions and Love for human beings.

Thousands of men, women and children need to read All that has thus far been delivered. It will help their mentality awaken, that The Father has not allowed time to separate human life from The Divine. Children should be instructed to remember to recognize each day, that as a human being they should have a gift of thanks for giving them another day to be happy in, to learn much in, and to grow closer spiritually in The Father's Way.

Thousands, even millions of Words could be spoken on this subject, because the closeness human life has with The Divine is unlimited in many, many ways. Men, women and children have been given the privilege to speak privately to The Father, to The Holy Mother, and to All The Saints.

Every Word is heard, even though there is no open response returned, but ask yourself: Have you not had the experience in the way you live, to speak to someone or others on an important issue, and they do not respond immediately in an open manner? So The Father's Way is not that different than the human way, but The Father responds with Divine Blessing, not always understood in the Fullness It is, the Greatness It is, but eventually It shows up when It is needed; of course, what appears as a human pleasure or gift or aid.

As I close These Words today, I close Them with much Love for human life, because All of The Saints Here in the Heavens want This Gift that is so Important, to give strength to millions of others to remember that the Creation of human life is a Gift of Divine Plan, and it has a Purpose

and a Goal for That Portion of it that is within each living human being. It is called ‘the Soul’, and even though some say, ‘I cannot see my Soul,’ they are innately conscious of an inward understanding that there is always Someone present, even when they are totally alone.”

MARCH 17, 2003 AT 12:05 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

There are Several Saints present Here with Me today, and Each of Them, in Their time in walking My Way, serving Me for My Will to be done, many times found it difficult to deal with others of the human race who did not have the same association with Me, Who I Am.

Through This Gift of My Divine Love, I have Blessed the world. Granted, All I have spoken thus far, and Others Here with Me, has not been translated; thus, those who do not read in the language I speak here, may not be able to understand All My Will is to give to human life, through Divine Plan, the necessary knowledge for them, to guide them in guarding their Soul that is a Portion of Who I Am.

I hear others speak and say, ‘If This Gift is of such Great Importance, why is It spoken only in one language?’ It is important for them to realize that if I were to speak in all the languages

that are practiced throughout the world, they would not be translated in the same degree, helping even those who can read the language, because the intellect, the knowledge and the ability to discern properly the reasoning, the meaning of words spoken, are oftentimes not understood in the concept in which they were created to be understood.

The little one I use worries for all men, women and children, and the need they have to know My True Existence and My Divine Love for human life. I created it because it was a manner and a way to take a Portion of Me and give strength in a loving way, thus sharing What I Am, and What I Am All About.

Many individuals find it difficult to believe I truly Exist. I do, and it is My Love for all that has been created, all who have been created, because in This Love it was My Will to share All I Am. This will be difficult for some, perhaps many to comprehend, but there are so many Gifts in human life that could lead individuals of all degrees of intellect, to realize that I would want all dimensions of human life to know My Existence, and that I, in All I have thus far given, would

be willing to share even more with them. Faith in Who I Am, What I Am, is logically obvious, because how else could there be all there is?

I bless *the little one* through whom I speak and all those who associate with her, because I know that to stand so alone in the world takes a Spiritual strength beyond what the human mind can perceive strength to be.

I will close, but as I do, I, in My Way, have given This Gift, delivering so much Instruction, allowing all degrees of intellects and backgrounds to know that I Divinely Love this creation of human life, and it is My Divine Will that is constantly concerned that All of the Souls I have instilled in human life will return to Me, bearing the names of the ones in whom They were placed at the moment of their conception.”

MARCH 17, 2003 AT 1:30 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

Throughout the world men, women and children are using escape routes so they will not be criticized by others. The escape routes are based on their degree of Faith in The Creator, their degree of love for The Creator, and their desire to be close to The Creator.

There are thousands of individuals who find it difficult to believe in The Creator, even how it was instructed regarding The Creator, for hundreds and hundreds of years. Children are not learning the importance of prayer. The main subject is obedience to senior authority, and those who feel the necessity to dominate through corrections, what a young individual thinks.

The need to more fully understand the Greatness of Divine Love compared to man's, is beyond what the human mind can perceive It to be.

This Gift that was given some time ago, with so Many of The Saints

Here in the Heavens speaking against idolatry and many other wrong ideas, practices, interests, devotions, must soon be spread in a rapid manner in every area of the world, because It is a Gift far greater in Direction than humanity has the ability to do, to deliver, and to instruct.

As I speak to you today, there are thousands, perhaps even millions of Souls throughout the world never considered by the one in whom They were placed, because that would be ethereal in the modern age of thinking, and yet so many things are practiced in a modern manner, I should say, so-called ‘modern manner’, because it is sometimes easier on the morality, values, than to see things or practice them in the degree that would be more morally acceptable by The Father.

I will close My Words, because I could speak hours on end with no stops, on how important it is for all ages of human life to more fully, personally understand that you do live in a time worse than Sodom and Gomorrah, and by your silence, by your acceptance of so many things, you are openly ignoring the Importance of That Portion of you

that will one day be Judged for all It participated in.

As I close My Words, I beseech those who put Them in script and those who will read Them, to think more indepthly on the full meaning of each Commandment that Moses was given a long time ago. So much is put into fewer words, basically ignoring the full meaning of What The Father Willed human beings to base their way of lives on, thus ignoring the Soul that is a Portion of The Creator that every human being is born Blessed with, for another time.

Each child born is a Gift of Divine Love, because within it there is a Portion of The Creator to human life, and That Portion is to be returned to Him, because of His Love of human life, and That Portion will always be recognized from Where It came.

Blessings abound that the human mind sometimes ignores because of the responsibility, but I beseech you, remember: Human life is a Blessing above all other creations that The Father has given life to, because of His Divine Love to share one day with them, His Love in Heaven.”

MARCH 19, 2003 AT 12:07 P.M.

GOD THE FATHER

“You live in a time wherein there are so many heretical ideas, excuses for them, and thousands and thousands and thousands of individuals accepting them because it is easier for them to feel, through their way of life, that it is normal to practice what is popular with so many other individuals. By popular, I mean a lack of resistance to understand morality over immorality, purity over lust.

There are millions of words to describe the Importance of human life because of the inability to understand that I, as The Creator, would put a Portion of Myself in human man. Of course, it is immediately recognized as flesh, as man knows the human body to be, but basically it is in the mentality of human life that so much is accepted that can be right or wrong, good or evil, pure or impure, just or unjust. Excuses abound according to an individual's mentality; also, according to what they desire to practice morally.

Thousands of words could be printed on the importance of human nature, human understanding, human courage, human abilities, human desires, and of course, human desire to judge what is morally sound over what is immoral.

I will close My Words, because All I have just spoken is sufficient for many to more fully understand that in the human mind and the human practices of morality, there is much to be considered that could be only pleasing to the enemy of the Souls of millions of human beings."

MARCH 19, 2003 AT 12:56 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph. The happiness that is within My Soul today is more than I can express to all of human life. The privilege to have been The Foster Father was a privilege beyond what can be explained.

Today, as I speak in your time, I speak with much Love for human life, and within My Being I pray that all Souls will be returned to The Father one day.

It is difficult for human beings to understand that within them they have a Portion of The Creator. If they would but think about it, it would be logic to their mentality that to be born in the human form, manner and degree of intellect, is a privilege far beyond what other things created have.

In the beginning of time, ‘The Father’, as We call Him, designed a purpose for everything, designed a goal for everything, and designed all things to have a special purpose. Needless to say, to be created a human

being has more than a Purpose, it has a Goal.

The Father, in His Love for this creation, put within each human being created Something of Himself. It is called ‘the Soul’, but the Soul is never spoken about in the full measure of life It is, of meaning It is, of abilities It is, and of course, is never seen in the same manner that the body in whom It is, is seen.

Children are rarely spoken to about That Portion of The Creator that they carry with them every moment of every day, under all conditions, because the Soul never leaves them. The Soul is based on encouragement of what is morally good, sound, realistic, and the Soul encourages happiness over sorrow, hate, evil.

The Soul, to human life, is The Father’s Love for human life, because the Soul is That Portion of human life that will return to The Creator of All Things, bearing the name of the one in whom It walked the earth. A name is of great importance. Even The Son of The Creator had a Name, and all those who walked with Him had names distinguishing one from the other,

thus giving to this an importance and a particular point of recognition to be remembered by.

Think about this: If All The Saints in Heaven did not have names in the human way, would you feel any closeness to Them, any relationship with Them? No, you would not, because when you pray to a Saint, you are assured mentally that as you call the Saint's Name, the Saint hears you, and you depend upon your communication to gain help or courage, or something that you desire to have.

The close communication human life has with The Divine is that human life was created with human life having a memory; also, the ability to communicate with each other and remember each other, and have a sense of reality, of closeness. If this were not so, then human life would miss the ability to cope with many things, but there's hope in communication, and many times love in communication, and of course, the list is endless on what communication can do, how it can serve when it is needed, how it can give strength, hope.

I could speak endlessly on this, but I will close My Words now, because All that is delivered through This Gift of Divine Love is to not just enlighten the mentalities of human beings, but to strengthen their communication with all the Beauty of what exists, not seen, but does exist through The Father's Love for human beings.”

SAINT ATHANASIUS

“I am Saint Athanasius.

Throughout the world heresy is prevalent. Many individuals question what causes heresy in another human being, what makes them devoted to thinking wrongly.

There are many, many men, women and children who find their attitude and their mentality strong, favoring many things that are wrong, but it would be difficult to change their thinking, because of their own determinations in how they feel, their self-righteousness, their opinions, and how they picture a situation to be stable, and not something that would be difficult to follow.

The human mind is a Generous Gift of Divine Love, because it allows so much to be retained, to be understood, and in many ways it is a safeguard against many dangers.

In so many places throughout the world, children are not being instructed, because those in charge of

them allow them to follow all that is put before them, whether it be right or wrong, foolish or diabolical.

It is sad for Me to say, but the mentality that a human being has is oftentimes weakened by one's own insecurity in understanding the full measure of some information that could be critical, or it could be defined as 'immoral'. The average human being does not look for the full measure of what a word can mean to them, and how much effect it could have on their actions, or their conversations with others; also, on how their strictness in their morals could be weakened.

I will not speak long on this, because I could dictate pages and pages and pages, opening the mentalities of thousands of individuals to see things in their full measure of meaning, rather than just in what the moment calls for.

The Father created human life with talents and a mentality to be able to accomplish right over wrong, good over evil, love over hate, but innately, some individuals personally need to be exceptional amongst others, so to gain attention they use the opposite

of what is right, knowing that this will give them the attention they crave to have.

I will close My Words now, but what I have spoken is of great importance, because all ages are the recipients of the ability to think purity over impurity, love over hate, but also to know that human life did not create all there is. The Creator of All there is, is Greater than the human mind can perceive It to be, but never forget, It is also The Judge of every human being at a particular time.”

MARCH 21, 2003 AT 11:59 A.M.

GOD THE FATHER

“In My Design and Creation of human life, I had a Purpose Greater than any human being can know it to be. Though it is difficult for many men, women and children to understand, My Existence is in a Higher Plane than the human mind can perceive It to be. To some so-called ‘highly learned’ individuals, they oftentimes omit how I create everything that I Will to be created, even at the present time at which mankind now lives. I have a purpose for all I allow the human capabilities to design, for purposes that appear totally for the human mind and workability.

I am speaking this way today to remind all of human life that the Gifts I have instilled in human life are numerous in number, giving to human life more understanding regarding Who I Am, and that as The Creator of All Things, I am capable of observing all things that occur daily throughout the world of human life, human living, human abilities.

As I speak through *one small voice*, I deliver only a Portion of My Love for human life. I have given to human life the ability to give them strength to be able to participate in higher goals, higher advantages, and a greater knowledge to accomplish things that will, in many ways, give to the future of human life more outstanding features, factors that will help human life in many ways. Some of these things are present in your time in which you live, but in the Creation of human life, I proceeded slowly because and due to the fact, that what I can encourage human life to learn to understand, is beyond what is capable for them at this time.

There was a time in the History of human life that I chose particular men to walk with That Portion of Me, called 'The Son'. Their time, too, was a learning time, and as My Son led them, they were capable of instilling more into others' human minds than could ever have been done without My Son's Intervention.

I will close My Words at this time, because it is important that human beings of all degrees of intellect understand that I Exist, and

in My Existence, My Love is Great for human man, My Purpose beyond what the human mind can perceive It to be, but I constantly mention that within human life, there is a Gift from Me called ‘the Soul’, and the Importance of this Portion is Greater than the human mind can perceive It to be, because one day, when the Soul returns to Me, do not forget, It will bear the name of the one in whom I placed It at the moment of his or her conception in the human way.”

MARCH 21, 2003 AT 12:49 P.M.

GOD THE FATHER

“*The little one* that I speak so many Words through, instilling in the minds of hopefully thousands of men, women and children, My Will for them to more fully understand that My Presence is oftentimes wherever they are because, do not forget, the Soul that you bear is a Portion of Me, and I am ever aware of where It is and also the situation that surrounds you and the Soul.

Today as I speak, perhaps it is different for you, but I speak with Deep Love for human life, because when human life was created, it was instilled with a Portion of Me, so there is no living human being that does not have a Portion of Me within them.

In the design of human life, it had a Great Purpose, because through human life I was able to give to them Something that nothing else would have.

Some individuals say: ‘Why cannot I see It? Why cannot I feel It?’ I must answer this question in a very

logical way: Your conscience, your understanding of what is right over what is wrong, what is pure over what is impure, what is just over what is unjust, your conscience is constantly aware of, and everything reflects in the Soul that you are the custodian of.

Human life is truly a Gift of My Divine Love, a Desire to share many things for a Purpose, a Goal, giving to human life a special reasoning, a special desire, because of the Soul that is to be returned to Me in a State of Purity.

If I were to give These Words to thousands and thousands and thousands of individuals, the number that would understand the importance of These Words would be so minute, because the average mentality thrives on what they feel, they understand, they accept, or their emotions come first, or what pleases them, or how they understand what life is all about.

Throughout the world, human life is different, even when they are close in relationship, close in the same manner of learning things.

For one thing, when a child is born, many times there is little happiness because of the responsibility that is not wanted to be a part of one's life, and many unreasonable factors appear, eliminating the fact that the child did not ask to be born, but those who acted carelessly ignore the fact that they have a responsibility beyond what just eating food would be to them, or going for a walk or being friends with someone.

Human life has many facets to it, all the facets instilled for good reasons; but, in so many ways, the human mentality sometimes ignores what is pure over what is impure, what is just over what is unjust, what is faithful over what is unfaithful, what is logical over what is illogical.

The birth of a human being is a Precious Item, but in so many ways, it is not seen that way. It is oftentimes seen as a burden and much unhappiness surrounds this burden, thus ignoring the fact that the child had nothing to do with being created, because the act of creating another human being is through two individuals who supposedly know what they are doing, how they are caring, and what their

responsibility could amount to, should amount to, will amount to.

You live in a time worse than Sodom and Gomorrah. That Statement has been made often, but there have been other times that Sodom and Gomorrah was not the only time when the morality of human beings was total immorality, ignoring the Importance of human life and the Purpose for which I created it.

I will close My Words, but I beseech you to call on The Saints to give you the strength to help some you know to more fully understand that a Gift of a human life is Greater than any gift that can be given any time.

Right now you live in a time when there is much abuse to the human body, almost a ravaging state of confusion.

Today as I speak, I speak with Deep Love for this Creation of Mine, because I also instilled in it logic, sound understanding, responsibilities that would give strength to their decisions, and of course, hope in how they would accept their responsibilities.

I will close My Words, but as I do, I beseech you to offer your time

up; that is, time that you can spare without interfering with your own life, to give hope where it is needed, understanding where it is needed, but also direction where it is needed.

All that has passed through This Gift of My Divine Love, was and is to help human beings of all degrees of intellect, all backgrounds, to look at being born a human being, a Gift of My Divine Love, My Hope, because in the Creation of human life there was a Great Purpose.

It is sad for Me to say that when I mention the name ‘Soul’, it is the most misunderstood word, because so many say: ‘I cannot see It. How do I know It’s there?’

The ever-presence of the Soul is logical, because you innately know that Something inside of you is telling you what is pure over what is impure, what is just over what is unjust, what is right over what is wrong.”

MARCH 24, 2003 AT 12:09 P.M.

OUR HEAVENLY FATHER

“I Am your Heavenly Father.

In My Creation of human life, I designed within it so many abilities that I felt, I knew would give to human life more happiness to be able to follow in My Footsteps, My Love for this Creation of Mine. I use the word ‘footsteps’ in a way, in a manner, in a degree, not as mankind would use it, but I use it in a form of following, in being able to aid others in hope, more understanding of the Importance of human life.

Throughout the world there is so little understanding of what human life was created to be. Injustice reigns in so many areas and in so many degrees. So many weaknesses are allowed to develop with no reasonable understanding to justify them.

My Love for human life is to return to Me, That Portion of it that I instill at the moment of conception. This Portion of human life is strengthening in many ways, even though It cannot be seen to be. I

made It Part of life, Part of the natural advantages, abilities, and concerns. I instilled a sense of justice, a sense of hope, and a sense of commitment to follow what would be seen as logical and acceptable to Me.

I have Blessed human life abundantly, and My next Words are sad to Me. There is so little justification in the human minds of millions of human beings, in their judgment and their justice in how they respond to the abilities they are conceived with, and that they perceive in daily life to be rational, helpful, considerate, and beneficial to a way or a part of how they live.

In My Design of human life, I instilled the senses that would automatically instill in the mentality the proper necessity of usefulness and the necessity to practice what would be logical for the physical design I created, to not bind human life or trap human life, but to give it abilities to do many things.

I will close My Words at this time because I could talk endlessly on this subject. It is innate in human life to know right over wrong, and it is sad

when I say My next Words: There is not enough ‘right’ being exercised by millions of human beings; the weaknesses please more the enemy than Me. I Will Cause This To Cease At My Command, When I Decree The Time To Be.”

MARCH 24, 2003 AT 2:24 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

All of Us Here in the Heavens desire for This Gift of The Father's Love to spread throughout the world in a rapid degree of speed, because there are millions of men, women and children who need All It says, and All the Directions that are delivered in Words understandable, because of the Souls of millions of human beings who, without These Words, will not fully understand the Value of What they possess, that True Love of Divine that each human life becomes the custodian of, and is to be returned to The Father at a given time.

We hear so much emphasis on morality, but in the wording there is rarely, if ever, the Words of The Heavenly King. So much is on humanistic evaluation, consideration, purpose and understanding.

At this time in which you live, the Word 'God' is rarely spoken. So much emphasis is put on the humanistic evaluation, interpretation of material

matters, or the association individuals have with each other.

Needless to say, volumes could be written on What I have just spoken, but I have put It in a concise manner, degree and way, so that more will read Them, and hopefully will allow their minds to see the importance of Them, because so often when an individual or several individuals are faced with a degree of importance, they find it difficult to speak about.

I will close My Words at this time, but I beseech those who have put Them into print to spread Them. They are meant to awaken, in a quiet way, the mental blocks that so many individuals do not like to discuss, because they have already made decisions their way.”

MARCH 25, 2003 AT 11:57 A.M.

SAINT ATHANASIUS

“I am Saint Athanasius.

Though it is difficult for many men, women, and even children to understand that they walk at a time, live at a time when there is so much heretical acceptance, ignoring totally the Value of The Divine, the Importance of The Divine Intercession, mentally and physically, it is not just ignorance that causes them to ignore the vast volume of all things that are immoral, indecent, corrupt, in many areas, and worthless to what human life was created for.

The Father has given to the world a Miracle of Great Importance, constantly instructing, directing and using His Divine Love to instruct what is morally sound, practical, and beneficial to the lives of all ages of human life.

More will be spoken on this subject, because it is important for human beings of all ages to be aware of the conditions that are evident, and in so many ways harmful to the

importance of how they live, and their goals that are basically to give them more hope and more reality regarding what their lives were created to reach.

I will close, but I will speak more on this because of its importance to all ages of human life.”

MARCH 25, 2003 AT 12:46 P.M.

SAINT MARGARET MARY ALACOQUE

“I am Saint Margaret Mary Alacoque.

Throughout the world men, women and children are asking The Father to send a Gift in His Love, helping all degrees of intellect, all degrees of monetary measure, and all degrees of backgrounds, personalities, natures, characteristics.

The world of human life, in so many ways, has been given a Blessing far beyond what the human mind understands It to be.

So many individuals use material things as a blessing, monetary means as a blessing, ignoring their ability to survive under all circumstances, but also ignoring the Greatest Gift that they are the custodian of, a Portion of The Creator, the Soul.

To some individuals the word ‘Soul’ only means something for a word that they use regarding their association physically with another individual. Usually the individual they

use this word with is someone very close to them, that they feel confidence in, understanding, and other means of cooperation, beliefs.

Today as I speak, I speak with a sadness also, because throughout the world there are so many individuals of all dimensions of intellect who rarely see what a Precious Gift human life is, and that it has a Goal to reach Greater than anything humanistic could understand, could design, could fulfill.

Children are not being instructed on what a privilege human life is, and then there are those who are spoken to so much that they lose sight, understanding and conscience on the Fact that they are accountable to The Creator of All Things, and they become totally involved in themselves, ignoring what a Beautiful Gift human life is because it has a Goal, and that is to return to The Creator; a Blessing beyond what anyone can describe for the Soul that The Father instills at the moment of every human conception.

I could speak volumes on this subject, but as I close My Words today, I ask those who read Them to allow

yoursself to sense, to understand, and to realize what a Precious Gift of Divine Love you have, you are the custodian of, because it is through your personality, your kindness, your nature, and all those you associate with, will be important to your Soul in how you respond, how you react, and how you imitate what is important.

I will close My Words, because volumes could be spoken on this subject, but before I leave you I say, ‘Let no day go by that you do not greet The Father in a loving way, and at the close of day remember to ask Him to guide you through the night with His Love, and do not forget to pray.’”

MARCH 26, 2003 AT 12:34 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

**All The Saints Here in the Heavens
wait for The Father’s Direction, asking
Them to speak openly to the human
beings that are yet in the stage of
living the human way.**

**Today as I speak, My Words are of
great importance. There are so many
different opinions on all subjects,
but the subject matter that is called
‘morality’ is rarely delved into to a
degree that is accountability for all
facets of it.**

**Human life was created for a
Purpose, a Goal. The Creation of
human life is a Gift of Divine Love,
always has been, and always will be.
Human beings should not take credit
for it, but many do.**

**As I speak to you today, I speak
with deep concern for the failure
human beings have in their obedience
to The Commandments that were given
a long time ago. Each Commandment
had a reason, a purpose, but it is sad to**

see so many re-evaluate the meaning according to how they act, how they feel, how they want it to be.

I choose one Commandment: *Thou Shalt Not Kill.* Most who read this Commandment apply it to the physical life alone, ignoring how an individual can be killed morally, spiritually.

You do live in a time worse than Sodom and Gomorrah. I use These Words because they are commonly known, but there is so little understood at this time on what Sodom and Gomorrah consisted of: impurities of the mind and the body, yes, but also other serious sins against the Souls of millions of individuals.

It is easy for human beings to emphasize words that describe something, but it is better to see it in a definite wording capacity, pointing to the area, and of course, the indepthness that causes it to be evil, even satanic in its practice.

All of The Saints Here in the Heavens constantly request The Father: ‘May I speak in This Gift of Yours? My Words I want to be known, because the Souls need the Protection,

but the individuals in whom They are do not understand that every action, every word, every thought, every move, the Soul takes on how it is done, whether it is done just out of rudeness, crudeness, or impurely.'

Ask yourself: 'Do I remember every day that I bear a Portion of The Creator of All Things within my being? Do I think twice before I act impurely? Do I question my fairness in my dealings with others? Do I pray for help from The Holy King, or do I just live my daily way associated with other human beings? Am I example for all they see in me, hear from me?'

The world has been Blessed by This Gift of Divine Love in which The Holy Spirit, Saint Joseph, is always ready to help when there is a need, always ready to aid in times that a question might be necessary to be answered.

In These Words, some will say: 'I cannot hear the answers. I cannot hear because He does not speak openly to me.' Let Me put it this way: Everyone answers through your conscience, your stability in understanding things, your ability to choose

purity over impurity, right over wrong, justice over injustice, no matter what degree of mentality you claim to have.

I could speak hours on this subject, because it is important for all ages of human life to have a constant awareness of how they think, how they respond to others, and what their actions portray. The list is endless, and it is an opportunity to examine one's own mentality, one's own Faith in a Supreme Being, and one's own love to return to This Divine Being in a Stage and a Light of Purity.

Granted, you did not ask to be born, but you were born, and it is an innate understanding that in living the human life you have responsibilities. You learn that through the first stages, when you are asked not to cry, you are asked to obey when it is necessary, and with each stage of life you become more accustomed to the value of what life is all about, and that it has a Goal. Logic is evident, hope is evident, and the realistic understanding that there has to be a Divine Creator that creates All things, and has a Purpose for that creation of All things.

You live in a time of much contradiction amongst human beings. You live in a time when there is so little so-called ‘understanding about the Goal that the Soul is to return to’.

I will close My Words now, but I beseech you: do not close your mind to all there is, all you have, all you are capable of doing, expressing, practicing, because you have a Goal to return to The Creator, That Portion of Him, your Soul.”

MARCH 27, 2003 AT 1:27 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph. I come today with much Love, due to the fact that those who walk, using My Name to help millions of human beings more fully understand that My Love for human life is beyond what the human mind can pretend or understand.

As I walked the earth with The Heavenly Mother, We were approached with many obstacles that had to be handled with discretion, but always with the desire to accomplish the end results to be proper, correct, and not harmful.

The world has been Blessed abundantly by This Gift that bears My Name, but it could not be unless there were those who are yet living, using their way of life to deliver the Instructions, the Hope, and the Divine Love that pours forth from This Gift for the Souls of millions of human beings.

Though it is difficult for many men, women and children to understand what the Soul is, it is innate

in the human mentality to sense that the Soul means an Important Part that must be respected, even honored, because of Its Title alone.

I bless those who walk the path of giving their time to desire to deliver All that they learned regarding The Divine. It is not always an easy task, because there are so many individuals who have never been instructed on That Portion of them that cannot be seen, cannot be felt, but It is a Portion of the human life, and in this human way the Gift of Divine Love is consistent, and promises a Goal for the Soul to have one day.

I bless those who walk the path of using their time to put into script All that We Here in the Heavens desire to have delivered, to help the Souls of millions of human beings because, do not forget, the written Word can last what mankind would call 'forever', and in the written Word Instruction lingers all through time, and gives strength, hope, understanding, and assurance that It comes from The Divine.

As I close My Words, I bless you with The Father's Love and with The

Heavenly Queen's Love, and with My Love, for All Time."

MARCH 28, 2003 AT 11:58 A.M.

GOD THE FATHER

“*The little one I use is going through a ‘Preparation’ greater than the human mind can perceive it to be, and for this ‘Preparation’ to finalize, I am in the process of removing certain factors of personal needs and replacing them with not just the Will, but the Strength needed to fulfill the Will of What I need accomplished.*

As I bless the world of human life, I use *one small instrument* to transmit What I Will others to know, because My Words should give them the strength to fight the enemies that are prevalent throughout the world. It is sad when I see and I hear indifference to what is logical, thus ignoring the Soul they have, and only acting on their human version of what they desire to accomplish, to practice, to fulfill.

Too few men, women and children of all ages are seeking answers through prayer My Way. Granted, I do not give them the answers as another human would, but I do direct them to see

more clearly the reasonability of what is logical, what is beneficial, and what should be priority.

My Power is so intense at times on this *little one*, but My Messages and Love for all human life must reach all degrees of intellect. A *Victim Soul* is oftentimes necessary for All I Will others to know.

There is so much immorality throughout the world. I am being ignored, and so many are indifferent to the Purpose for which they were created. Human creation is a privilege because it has a Goal.

I could speak hours on the necessity for human beings of all ages to think more prudently, more sensitively, more logically, and more cautiously, but there is so little understanding that human life was and is created bearing a Portion of Me, to give it the strength to return to Me their Soul.

Throughout the world there are millions of all races, all colors, all creeds of human life that never even think of My Presence continuously with them. They feel they have the freedom to practice all they desire,

never considering that the evil could be instructing them, encouraging them to defy Me.

As I close, I close because *the body* I speak through oftentimes becomes weakened with the Power I Am, but I come today, as always, to awaken the mentalities of all human life, all races, all colors, all creeds, to think morally and remember that I have within them a Portion of Me. It was My Way of never allowing human life to not be close to Me.

I beseech you, do not just read My Words but use Them logically, and see in Them My Love for humanity.”

MARCH 28, 2003 AT 12:48 P.M.

SAINT COLUMBKILLE

“I am Saint Columbkille.

Due to the fact of there being so much advancement in so many areas of human life, it is causing many innate problems on individuals' understanding, and also sensitivity to importance, thus ignoring that each individual is responsible to a Creator, but ignores this Creation of Communication, thus spending more time on what is physically more interesting, more productive, and more apt to feed the egotism of the mentalities.

I speak differently, because there are so many areas in the lives of human beings that are distracting the morality that is necessary to The Creator, and not just to an individual human being like they are used to associating with.

Prayer is an important practice, because it is an individual's communication with The Divine, closing the gap of not just friendship, but understanding that to be born a

human being has a Goal Greater than any human practice, or advancement, or valuable plan that brings monetary measure to a greater degree.

As I speak, I speak with deep Love for human life, but also, I am obligated to awaken the human mentalities of what is primary for them to practice, because of the Importance of their Soul that financial gain has no entity of, no value to the Soul that will one day stand to be Judged for a Higher Goal.

I could speak hours on this subject. I have only delivered to you a small portion for you to think about, and help yourself more fully understand that you have the opportunity to gain more than the human life can possibly give you monetarily.”

MARCH 29, 2003 AT APPROXIMATELY 11:00 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

The Love I use at all times to deliver What I Will human beings of all ages, all backgrounds, all intellects, to more fully understand the Importance of being born a human way, woman or man.

I have given to the world another Gift of My Divine Love; difficult for some to believe, and sometimes not understand, but oftentimes important matters, directions, concerns are not understood because of the innate desire in some individuals to not want to understand, because it would give to their lives more responsibilities than they care to have.

As I stand Here in the Heavens, surrounded by Saints, Angels, the Beauty of All that occurs has within It a Greater Gift than the human mind can perceive It to be. When the human mind enjoys happiness, it gives hope and strength that is not always perceived in its full form, but I assure all of human life that the Souls I have

instilled in this Gift of My Divine Love, will be one day seen for the Greatness this Gift is to human beings.

Each day a human life exists, That Portion of Me, the Soul, is the recipient of all the individual speaks, practices, and is the example of. Purity of the mind is happiness because it radiates within the Soul that is a Portion of Me.

Impurities, or as some say, ‘immoralities’, are hindrances to the Souls that cannot be seen, but the sadness it gives to the Souls is a sadness to the Souls and Me.

I have instilled in human life many abilities, and the greatest abilities are purities above all things, in all ways of human life: purity of the mind, the actions, the example, the hopes and the dreams of what happiness means.

Each human being is created with the ability to choose. This is My Gift in a manner and way inconceivable to many minds, but when I created human life, I instilled a ‘free will’ because of the importance of the judgments that each individual will have to make

decisions on, through their whole living time of life.

The day a child is born, the ‘will’ begins to show openly. It is My Love for the Gift of human life and I treasure it more than anyone knows, because with all the Gifts of human life that instill in it many abilities that are and can be used in daily living, the Greatest Gift is the Portion of Me, the Soul, because the Soul is the recipient of all an individual thinks, practices, or accomplishes in the human way.

My Gift of human life is greater than anyone can perceive it to be. It shows through in all the Gifts I have given human life to partake in, according to their human desire, capacities.

As I close My time with you now, I want you to remember: there is no moment from your conception on, that I am not present within you.”

MARCH 30, 2003 AT 12:43 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

Throughout the world there is so much misconception in all age groups and all backgrounds of human life regarding The Father's Will for how He Wills human life to respond to what is morally sound, just, and according to His Will, on this Gift that human life is gifted with.

I hold *the little one* tightly, because the Power We use her voice for, and her submission of her will, is far greater than any human being can perceive It to be.

The world has been Blessed abundantly through The Father's Love for human life, giving to it at this time, Personal Messages of Instruction; also, giving His Will in an open manner, way, because of the Power that is involved in His Will, to be able to be more indepthly understood. There is no power anywhere in the world as His Power is, for His Love is Greater than the human minds have the ability to perceive It to be.

All that has been delivered and put into script was the Directive of The Creator of All Things, so that all degrees of intellect and backgrounds could read and more fully understand the Closeness The Creator of All Things is to all human beings.

At this time children are not being counseled strongly enough on what is important for how they think, how they act, and also, how they understand the importance of their behavior regarding the Soul they are the custodian of, that will one day be returned to The Father, hopefully a Saint.

***The little one* We All use to speak the Words of such importance, has been instructed for a long time to always be aware of the Presence of The Divine, because at this time in which you live, it is of a Greater Importance than you can perceive it to be.**

In so many areas of life there are many demonic practices, due to the fact that the individuals ignore the Importance of the Goal The Father has for the Soul within them, at a given time.

So many excuses are acceptable, but I beseech you to remember, excuses are oftentimes unmeaningful, due to the fact that what they say carries only the enemy's manner of doing things and encouraging wrong directions.

There are Many of Us present through this *little one's* voice today, in The Father choosing 'this time' and '*this little instrument*' for The Divine Will to be spread to all areas wherein human life exists.

I will close My Words with a Blessing, and that is to help you who read the Words, and perhaps have heard Them spoken, will promise The Father that your intentions and your will, will understand more indepthly what a privilege it is to be created a human being, Blessed with That Portion within you, called 'the Soul'."

GOD THE FATHER

“*The little one* I use in so many ways, so many areas of life amongst other human beings, is truly physically weak due to so many unknown pressures that are placed within her, never to be seen, never to be recognized, because others would find it difficult to comprehend or be able to discern what Power My Love is, and so much of It passed through *one human life* for the benefits of thousands and thousands and thousands of all ages of human life.

What I request to be put into script is to enlighten the mentalities of thousands upon thousands, to aid them in more fully understanding that they have been created through the Love of a Supreme Power Who designed human life for a Purpose beyond what the average individual recognizes it to be. I speak through *one small body*, because it is not a distraction because of its genteelness and obvious sincerity in how My Words can be revealed through her, and difficult for others to ignore because of how I

have designed This Gift of Mine for all human life throughout the world.

Though I speak through a *small body*, I speak Words of Greatness based on My Deep Love for human life. The Power I use is not a Power known to human life in Its full concept, but it is My Love for human life that I use this *little one* who repeats My Words in the exactness I request and require Them to be read and heard.

As I close My Words, I thank those who serve Me, because in this service to Me, Souls are the recipients, and the Souls respond in happiness and thanksgiving beyond what human words can describe Them in Their full measure to be.

As I close, I bless those who serve Me, because the results, I assure you, have been and have become more magnanimous in helping the minds of many individuals that are never present where this *little one* is.

I bless those who walk for Me, because in this togetherness, the Souls of millions of human beings are more grateful than any words can describe Them to be. In My Blessing, I say to all who walk the path for Me, ‘I love

you and I am happy that you were created to serve Me for the benefit of a greater number of Souls than your human mind can perceive it to be.””

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. I am here to speak on an important subject, and that is that human beings of all ages are gifted with human life which, in many ways, is a Gift totally of The Divine.

Children are not being instructed on what an Important Gift they have been given, and how it should be cared for in many ways, not just in the changing of clothes from one time to the next, but how they approach each subject daily with The Father in mind.

It is important for youngsters to be instructed that their creation was a Gift of Divine Love, different than the love human life has for each other, Greater than the love that human life is the producer of, and the evidence of.

I speak differently today, because it is important for all ages of human life to stop playing games where spirituality is considered. The Father, in His Creation for human life, gave it many Gifts: the Gift of sight, the Gift

of hearing, the Gift of speech, the Gift of breathing to be able to live each day and use each day in a productive degree and manner.

Children are not being instructed on the fact that being born is a Gift of Divine Love, not just they are Special, but their responsibilities take place and they must be cared for, dealt with, and used in the proper manner and way; also, the Gift of being able to make decisions regarding what they do, what they must do, and what they can aim for physically, mentally, spiritually.

So much is not given to the young. So much depends upon impractical degrees of actions mentally, physically, psychologically.

I know I speak differently on this day, but there have been other times in the History of human life that so little was understood by all degrees of mentalities on why they were born a human being, and the Goal they have the right to have if they work for It, and they see It in the perception of Its Glory The Father intended It to have.

Each day so Many Saints Here in the Heavens ask The Father, ‘Can I help

in a certain decision regarding aiding what should be practiced properly, correctly, purely?" Sometimes The Father says: 'Should not the wills be what makes the decision? Are they not responsible for how they think, they speak, they act?' And yet The Father, in His Love for human life, wants all things to be beneficial to the Souls of millions of human beings every day, but He wants the will that is a Gift of His Divine Love to be what will speak, what will choose, and what will practice purity over impurity, justice over injustice, love over hate.

The human mind, when it was created, was to give to human beings a Gift that animals do not have, and that Gift was to help them understand that within them they possess a Portion of The Creator, giving them the knowledge, the logic, the sincerity and the love, to always think of The Father's Presence. It is not impossible because of the Soul each human being bears, and the Soul depends upon what the individual understands, but also, the Soul prays for decisions to be pure instead of impure, and all the other facets that give to the Soul happiness and thanksgiving to The Creator.

I know I speak differently than some will understand It totally to be, but I plead with you: Do not use each day for foolishness, or without an act of love openly made through your mentality, through your senses, because the senses are very important to how you live, how you feel, and of course, what affects your Soul every moment of every day.”

SAINT JOSAPHAT

“I am Saint Josaphat.

In the beginning of the Creation of human life, The Father made many decisions when it was decided that He would create human life in a degree, a manner and a design that would give it opportunities to do many things. Because of His All-knowing Abilities, He decided to give the human design the means to be able to think and to remember what the thoughts contained.

The designs of human life came in stages, because He did not allow a final design until He was completely assured that all the facets of human life would be Gifts of Divine Love and not just something that would not have a Goal for its existence.

How I speak These Words today may be troublesome for some individuals to understand, because they have a preconceived idea of how they feel, or how they have heard how The Father made decisions on the

creation that was to be so close to Him, and have a Great Purpose.

Today there are Many of Us Saints present, and We smile at the happiness it brings to Us to be able to speak on this Statement of such great importance, the beginning of human life, and how The Father decided all things must be beneficial to this creation, and it would have to start at a beginning stage of design, because of the Importance of What He was going to instill in this design, a Portion of Himself, called ‘the Soul’.

It would be difficult for human beings to fully understand every degree and measure of The Father’s Decision on the full creation that He Willed to be.

Today, as Many of Us Here in the Heavens speak through This Gift of Divine Love, We have been told about The Father’s Love for human life and His Reason and Purpose for developing it, thus putting a Portion of Himself in it, because of the close Association He wanted to have with the design, and also with the practices that human life would be gifted with.

Since the beginning of that time, up to the time in which you now live, many things have given to human life the Purpose for which it was created, and there is no Greater Purpose that a human being can strive for, and that is to one day return to The Father bearing one's own name, but also returning to The Father what is called 'the Soul' that He began the human way of life, using a Portion of Himself to create a living entity of His Divine Love, and also having a Goal for it Greater than the human mind can perceive It to be.

There are millions and millions and millions and millions of Words that could be put into script, regarding the Divine Love that was the Foundation for human life to be created in the beginning and continue on, and to be continued on from here, according to The Father's Will and Love for this Creation of His. Within human life, there is within it that Touch of Divine Intervention that nothing else created has.

As I close These Words, I want you to remember, that to be born, to be created and to be Loved in the degree human life is, this should be sufficient for every human being to want to

return to The Father, in thanksgiving for the privilege they were given at a time when The Father decided He wanted the Souls of these individuals to be returned to Him.

Millions of Words could be spoken by All of The Saints Here in the Heavens, but We plead with those who read These Words, to be thankful for the Gift of being created a human being.”

APRIL 2, 2003 AT 12:50 P.M.

SAINT THERESE OF LISIEUX

“I am Saint Therese of Lisieux.

The little one I speak through today is never without One of Us drawing her attention on something to say, or something to see, that We feel will inform her of a situation or condition that is necessary for her to know about.

With All that has thus far been delivered by so Many Here in the Heavens, I plead with you, I beseech you to spread the Words as best as you can, in every area of the world. Do not worry about their language barrier, because I have a suggestion for this. Oftentimes a picture of the One Who is speaking introduces the subject matter in an opening manner and way, giving help to the one seeing it, and more desire to find out what the Words say. All ages of human life respond to this type of getting their attention more rapidly, and also, sometimes more understandably.

The Father has given to the world in very natural terminology, the

Importance of Sainthood, that each human being has the ability to reach, but also the Words enlighten the minds of all age groups; granted, in a different degree, and many times a different purpose, but in All that The Father has requested to be delivered, His Will and His Hope is that the Words will give individuals more understanding that when human life no longer exists, there is a Goal for Great Happiness for the Soul.

We hear some say: ‘How do I know I have a Soul? I never see It.’ But I must add here, ‘You feel It in your logical understanding that you are not alone, and that there has to be a Purpose to life, giving credence to the Goal that was set forth by The Creator Himself, a long time ago.’

All ages of human life need to be spoken to like this, not to just give them hope, but to remind them that within them they are the custodian of a Portion of The Creator that will live on Forever and ever; that is, the Soul. There is hope in this knowledge that gives strength, energy, and the ability to think that there is a Future to life. It doesn’t just end.

As I close My Words, I smile at those who take Them and those who will read Them, because you see, I have spoken the Truth, I am a Living Example of It. There is a Future to life. If there was no Future to life, how could I be dictating My Words to you?

The world has been Blessed through This Miracle of The Father's Love, bearing the Name of The Beloved Saint Joseph, Who in reality is More than a Saint, but He prefers the Name 'Saint' because He, too, walked the earthly road at another time, for Another Way.

As I close My Words, I beseech all who take Them and who will read Them: never ignore your communication with The Divine. There are Thousands and Thousands of Them that you bring happiness to when you pray."

APRIL 3, 2003 AT 1:32 P.M.

SAINT IGNATIUS LOYOLA

“I am Saint Ignatius Loyola.

There are many Words I desire to speak at this time on the Importance of human life and how The Father, in His Way, cares so deeply, because within human life He has placed a Portion of Himself called ‘the Soul’. It is His Way of giving to human life a strength that nothing else created has.

Children are not being instructed on This Portion of them that is to one day be ‘a Saint’.

Many Blessings come with Words delivered through Many Saints Here in the Heavens, because in these Blessings there is an eagerness to give hope, more understanding of the Purpose for which human life was created, and the Divine Love that is instilled at the moment of conception.

The little one who speaks so many Words that We deliver is totally aware of the Importance of Our Presence, and All that is spoken, giving hope to all degrees of intellect for a Future

different than the manner of life they are used to.

Children must be instructed more indepthly on how they use each day. Granted, this must be done in the degree they can understand, but it must start to be accomplished, because there are so many who, in just learning prayers, are not understanding the Purpose, the need for a Higher Goal than they are used to learning about.

In the beginning many might become frightened, feeling they cannot handle such important Instruction, but with the right delivery and with the personal love that partakes in how they are instructed, it will strengthen their understanding to be more able to see the value in the words, and the hope in the results that they personally can attain, through their proper order of using their means of prayer in many things that they practice, they do, and they say.

I hold *the little one* tightly, because These Words are of such great importance to all ages of human life.

Be aware of how you approach each day, but also, how all the things you do that are seen by so many others,

will be for them to more fully express what is beneficial to their Soul in every way.

As I close My Words, I must add: I have used a very strong Power today, because of All that this *little one* has had to endure physically, mentally, that in many ways stripped her of strength because of the importance of how she had to handle others' thinking in the right way.

The Father Wills that This Gift of His Divine Love never stop revealing All that He has allowed to be put into script because of the importance of what the written Word is capable of doing.

I bless *the little one*, and all who take the Words that All of The Saints Here in the Heavens want to be heard, to be read, because of the Souls that are at stake when there is little or no direction.

I will release her slowly, because as a victim of all that is impure in so many Souls, The Father says, 'I use *one* to help strengthen the hope, the need, so that there will be more understanding regarding the Importance of My Love for human life that I created.'

APRIL 4, 2003 AT 1:31 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. I come on this day, because there is much concern for men, women and children throughout the world who do not have the privilege regarding the knowledge that is necessary for them to fully understand The Father’s Will for a Portion of them, their Soul.

An animal does not have a Soul, nor does a tree, or a bush or a flower, nor does a physical structure designed and created by man. The only entity that human life has to accept a Soul in, a Soul being a Great Part of, is in the human lives created by The Creator of All Things.

The Soul, as a Portion of The Creator, gives to life a meaning, an understanding, and the abilities to be able to recognize the privilege it is to be human, but also, the Goal for which human life was created to reach, and that is to return a Portion of it, a Portion of The Creator, called ‘the Soul’.

Millions of Words could be spoken at this time on the reasonability of how The Father created All things. A tree has a purpose, the oceans and lakes have purpose. All that human beings are subjected to have a purpose within them, about them, radiating from them, to aid human life in many ways, for many purposes.

First of all, the very belief in a Creator of All Things gives strength, hope, and yes, the beauty of knowing that there is a Future to life, for life, and that is to return to The Father for All Eternity. No other living matter or thing can claim this. That is why human life has been given the ability to have Faith in the True Existence of The Creator, because in it there is hope, justice, love and caring, but there is also an innate Indelible Connection, due to That Portion of life, the Soul.

I will close My Words, for I could speak endlessly on what a Precious Gift human life is to everyone born to it.”

APRIL 5, 2003 AT 11:21 A.M.

GOD THE FATHER

“The whole world has been Blessed by This Gift I have given, allowing so much to be put into script, helping all of mankind to more fully understand My Closeness to them and My Love for mankind.

The Creation of human life is My Will to give to the Souls a time with Me that nothing else created has the privilege of. I use *one small voice* for All I desire the whole world of human life to know, to understand how I love this Creation of Mine, and that in My Design of it, I placed an Important Portion of Myself, to give to human life more than anything else I created.

Children are not being instructed on the Importance of their Soul because too few individuals care to speak about the Soul, only because they feel they should be able to see the Soul so they can use more wording in describing It, thus ignoring that I have spoken much through time, that I have implanted in human life at the

moment of conception, a Gift of My Divine Love for human life.

As I close My Words, I want all who read Them to understand that in This Gift, bearing the Name of The Beloved Saint Joseph, I have used It and am using It, to spread throughout the world what I feel will give strength to the mentality of all ages and to all nationalities, that there is a Goal to reach that is above and beyond what the human mind can perceive It to be.

I beseech you, remember What I have spoken, because in These Words I have shared with you My Divine Love of human life, and the Purpose for which I created it.”

APRIL 7, 2003 AT 12:02 P.M.

GOD THE FATHER

“As I announce Myself so openly, it is to remind all of human life that I am forever close to them, through that Portion of them that I place at the moment of conception, namely, called ‘the Soul’.

As I use *a small body* and *a small voice* to deliver All I Will to deliver in Words understandable, so that My True Presence can be received in close Association with human life of all degrees of intellect and understanding that the closeness to Me is consistent and constant every moment of their life.

As I speak today, I speak to encourage more understanding of this Gift of life and the Goal for which I have designed It to be reached. Though it is difficult for thousands and thousands of individuals to perceive in any degree, My Closeness to them is within them first, and then through other means that give them the opportunity to see structures that

are to remember Me; of course, in man's manner of association.

Too few human beings of all ages are given the chance to read My Words I deliver through *one small voice*, that I request to be handed throughout the world, hopefully at a greater speed than They have been, because hearing about Me does not always enlighten individuals as readily as the written Word has the ability to do. That is why I have designed the ability for human lives to put into script important Facts, thus allowing the mentality of millions, all ages, to be able to return the importance of communication that I am to man.

The world has been Blessed through This Gift of My Divine Love in more ways than It is seen to be, but I am coming to the world in an Open Manner, by delivering so many Words of My Will, My Way, My Existence, proving the Reality of Who I Am and how close human life is to Me.

I raise My Hand in a Blessing and I use My Words that I feel will give more understanding to what is called '*The Sign of The Cross*'. On the forehead say, '*To You, My God, I want my Soul to*

be returned to You in a state of purity,’ and then as you touch your chest say, ‘Through Your Love for human life, my heart beats, giving me the life to be able to communicate directly with You’; and then in the crossing of the shoulders it gives the sign, including the whole of the human body, in thanksgiving to The Divine.”

APRIL 7, 2003 AT 12:58 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

It is important that I speak My next Words, because They are to remind human life on the importance of time. Time gives to human life the ability to do many things, but also, time, when it is connected to the mentality, must be used in the proper manner, degree and purpose.

The human mind is a Gift of Divine Love, because it has the Gift of being allowed to be instilled with knowledge and with understanding, and also with the privilege of growing in degrees to aid each human being to learn more regarding the Purpose for human life, and also the Goal for human life.

So many times the human mind is not thought about in the purpose it was designed. It is taken for granted, and oftentimes dismissed as being a ‘Gift of such magnitude’. Now These Words do not pertain only to the knowledge in books, but These Words pertain to time that gives the human mind more

understanding of The Divine, and that in this understanding there is a Future Greater than the human mind would understand, if it did not have the time to learn about it.

Even children seek goals, seek roles of importance, and also seek prominence in what they do. The human mind has the ability to discern right from wrong, good from evil, purity from impurity, justice from injustice.

My next Words are of great importance. Oftentimes individuals feel that the greatest Gift that they have is to know all about subject matter, many ignoring that within them they have the Greatest Instructor in the world on what is pure over what is impure, what is just over what is unjust, and that is their Soul.

I speak differently, because there are so many who read the Words from Here and can only categorize Them in what they all call ‘down-to-earth’ understanding, or because of their background; rarely do they understand the Wording connected to their Soul, and the Purpose for which The Father instilled It in human life.

I could speak hours on end, because All I have spoken must be understood in the value It is, the importance It is, and that It will give to human life more purpose, and a closeness to The Creator that otherwise they would not have.”

APRIL 8, 2003 AT 12:03 P.M.

**SAINT ALPHONSUS LIGUORI
SAINT ALOYSIUS**

There are Two of Them: One is Saint Alphonsus Liguori, and One is Saint Aloysius.

“Many times, all ages of human life make excuses, but the excuses are only their rejection of particular issues that would cause them to make right decisions in different matters of life.

As I speak today, I speak to alert human beings of all ages to stop making excuses and look to what is truth, right and beneficial for the Soul, and also for one’s own reputation in the midst of other men, women and children who might be present and need the importance of truth, rather than excuses.

I speak differently today, but throughout the world, human beings of all ages try to resist the importance of what is logical, what is beneficial to their mind, their body and their Soul.

Children are not being instructed properly or are they being taught that truth is the foundation of what The Father Wills their Souls to receive, so their Souls can be returned to Him in Purity.

I know I speak differently on this day, but what I have to say, certain individuals will benefit by immensely if they will but see the value in the Words I speak, because truth, logic and sound values are the foundations for Sainthood in many ways.

There are Several Saints standing Here with Me now, All smiling as I speak to you, because We are in agreement on this, and these subjects, because of the Souls that are involved with human life.

We hear some say: ‘How do I know I have a Soul? I never see It.’ We All say: ‘Do you know what is truth from untruth, safe from a lack of safety, what is valuable over what is not valuable?’

These Words are All different than you are used to hearing, but the Facts are important for the Souls of millions of human beings to think about.

I beseech you, see that These Words are not held in abeyance, but scattered far and wide, because though They are different than the Words that are usually spoken, there are human lives that These Words are necessary to reach.”

APRIL 8, 2003 AT 1:29 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori. It is a privilege for All of Us that are so close to The Father, to be able to speak through a Gift of His Divine Love that He Wills so many Souls, through What is spoken there, to be returned to Him and be Saints. There are no excuses available to human life for any human being to not become ‘a Saint’. All the goals that a mentality reaches for, Sainthood should be at the head of the list.

Children are not being properly instructed on the Goal that The Father has designed for human life. So much humanism interferes with the proper instructions and the necessary times when much should be spoken about the Future Life with The Divine.

Throughout the world there are millions of human beings who have no concept of the importance of how they live, and that they have a Purpose beyond the human body and mind, and that Purpose is to return to The Creator, not necessarily known by the

whole world, but the importance is that when The Father receives that Soul, the Soul is Blessed and Greeted with more Love than the human mind can perceive human popularity or human greatness to be.

This Gift of Divine Love in which so much has been instructed, so much Direction instilled, allowing It to be put into print, not just in story form, but in factual Words, opening the mind of whoever reads It, that there is a Goal Worthwhile when the human life no longer lives.

I could speak endlessly on how important each day, each hour, each moment is, because even in a moment a Soul can be hurt by the one in whom It was placed, due to what actions, speech, the individual accepts as being human, thus ignoring that there is a Portion of them that receives all that they speak about, all that they do, all they become in their daily way of life.

We hear some say, ‘If my Soul is so Important, why can I not see It, feel It?’ You do, through your conscience, but also through your understanding of what is morally sound, pure, just, beneficial to who you are; also, what

effect all you do has on others that you meet or you know. You are responsible for everything, because the Soul is the recipient of everything you think, say and do, but also how others are affected by you, and how their Soul is affected by how they imitate you, or accept something that is wrong in what you say, think or do that causes confusion, but also harm.

We hear some individuals say, ‘I cannot see my Soul, how can I believe I have It?’ Do you not feel when you do something wrong, or impure or unjust? Do you not feel good when you do something that is pure, right and just? Do These Words not make you more fully understand, that just because you are flesh and blood and have a mind to use, and have many Gifts in your physical form, that these are not important in all you do every moment of every day, and how much example you are to others, whether they are close to you, or you just meet them in a casual way?

What I have said would be considered concise to All The Saints Here in the Heavens, because there are so many facets to human life that individuals are alert to, conscious of,

and know how important they are, but they find it easier to resist or reject, and just act in a manner and way feasible to them at that moment, that time, that day.

Needless to say, logic tells human life of all degrees of intellect, they are responsible for more than they sense their responsibility to be.

Thousands of Words could be spoken and put into script on how Important human life is, because it bears a Portion Greater than what can be seen or felt, a Portion of life that The Father Wills to be returned to Him, a Saint.”

APRIL 9, 2003 AT 12:45 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. There are always Many of Us present where *this instrument* of The Father’s Will is.

Today as I speak, I speak with Deep Love, Divine Love, for those who utilize their time, their abilities, and what they practice openly, showing others the Importance of human life and an innate appreciation for what this Gift is all about. Human life is a Gift greater than the intellect of human life understands it to be.

There are so many ways for individuals of all ages to show honor, respect, and love for The Divine. True, many individuals think of a prayer only, and feel that the prayer is sufficient for their communication, thus ignoring the fact that their speech, their mannerisms, and the way that they treat others in their daily manner of life affects their Soul, and the Soul is the recipient of everything an individual partakes in.

This Statement is not understood in its fullest measure, because men, women and children feel they have to see the Soul, because they want proof It's there, but they have proof in their very innate understanding of what is truth over untruth, right over wrong, purity over impurity, and justice over injustice, on all factors in human life, all actions in human life, all intentions in human life, and all the other Gifts of human life.

The Father, in His Deep Love for this Creation of His, instilled a Portion of Himself that cannot be seen, but It is obviously present, because an individual, no matter what age they are, are sensitive to what is pure over impure in their thoughts, in their will, in their actions, and in their intentions with other individuals, for other individuals.

So much has been delivered touching on subjects that give strength to the morals, and also to the mind of all ages of men, women and children. Morality is not a thing of the past. Morality is a daily practice of how one lives, thinks, speaks.

Throughout the world there are so many individuals who feel that they have the ability to instruct because of their title in their position in life. They feel worthy of it also, because they feel they have the ability to instruct others on judgment, no matter what the subject is.

Now I will mention an important part of human life, the ‘will’. The ‘will’ gives an individual energy, and also helps an individual of all ages express how they feel, what they think, and of course, their actions pass through the ‘will’ before the actions show to others.

There is a word that some people use very freely when they say: ‘I am “willing” to help you all I can, to instruct you in what I feel you do not know. I am “willing” to be with you.’ This may be a very acceptable statement, but always remember, the individual bases what they feel is good for you, and also, it oftentimes shows their aggressiveness, their ‘willingness’, but also whether they really know if it is moral or immoral, pure or impure, according to The Father’s Wishes.

As I close My Words, I know that how I have spoken is different than I usually speak, but hopefully it will help certain individuals who read It, to see the indepthness of how words can express issues, and are not always as pure as they seem to be.”

APRIL 10, 2003 AT 11:56 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

Many would find this Title difficult to believe because they cannot understand how close I am to all human life, and I use My Name openly where this *little one* is, so that All that passes through her is seen, is understood and remembered, because of the Importance of All I Declare to use to help all ages of human life, all backgrounds, to value human life, because in the Creation of it, I have a Goal for it greater than the human mind can perceive It to be.

You live in a time wherein there are so many distractions, many on immoralities, impurities, indecencies regarding the mental and physical attitudes, actions, and practices of human life.

I have Blessed the world through *one small voice*, but I assure you that What *the voice* reveals is not her thoughts or forms of direction. They Are Mine. I use *a voice* because it is what human life can associate with,

and also hear What I Will to be spoken for the benefits of the Souls of all who are living now, and those to come.

All that has thus far been delivered over a long period of time is of the Greatest Importance to millions of Souls, from this time through a long period of time to come.

Some wonder why I would choose such a *small voice*. I smile at this. If the voice was loud, demanding, uncaring, it would not be listened to, and the wording coming from it would not be suitable for the conditions I deliver so much to be heard and to be read.

The Souls of all human life, no matter what background they are born from, there is no Soul not a Portion of Me. It is important for all races, colors, and creeds of human life to understand What I have spoken, not just now, but for a very long time.

As I close My Words at this time, I assure you, I am always ready to speak on the Importance of this Creation of Mine, because it has a Portion of Me within it that nothing else has the privilege of."

APRIL 10, 2003 AT 1:04 P.M.

SAINT ROBERT BELLARMINE

“I am Saint Robert Bellarmine. The Father has permitted Me, at this time, to speak on issues, circumstances, and many other things.

Throughout the world there are so many misconceptions on what The Creator of All Things is like, and His Existence is oftentimes misunderstood because of interpretations that are not devoted to the Importance of Who He Is, What He Is, and the valuable understanding of the Greatness He Is.

Through This Gift that has been given to the world, allowing so Many to speak with not just Directions, but with many subjects, describing important issues that human life consists of.

At this moment that I speak, throughout the world the number of individuals who can be counted saying prayers with dignity are so small in number.

I am showing her a vision difficult for her to see. The vision is one of

disgrace regarding immoralities. We stop her from shouting, ‘Make them stop!’ We will, but the picture was just to show her the necessity for This Gift that is to instruct all of human life on the importance of morality. So many men, women, and even some children have no concept of what is proper over what is improper, regarding the flesh.

She sees another standing by smiling, but she also sees the happiness is because of the impurities others are practicing. We hold her tightly. She cannot stand the scene. She says, ‘I will pray for them, but how will I let The Father know who I mean, because this scene is obviously being practiced in more places than here where I am.’

She is correct, but there is so little rejection of millions of individuals on the subject of what is morally unsound, what is immoral, what is displeasing to The Father and pleasing only to the evil one who is always pictured underground.

I will not speak too long on this subject. It is difficult for her, because she sees so much being done to please the enemy of The Creator and everyone.

We smile at her next remark: ‘God has the Power to destroy the evil, and the one who causes so many to practice evil.’ We tell her: ‘We know, but The Father’s Will must be recognized for the Purpose He Decrees, because in human life He has given the ability to choose, through the freedom of thinking, thought, word and deed. He has given The Commandments to live by. He has given human life the opportunity to earn a High Place with Him.’

In giving to human life a free will, the Generosity of The Creator was Greater than the human minds can perceive It to be, because freedom of the will helps all degrees, intellects, and ages of human life, to understand freedom, but also to remember that their Soul is gifted to return to The Creator and be called ‘a Saint’.

Some might say, ‘The choices should be stopped and only commands of what is pure be allowed.’ The Father’s Love for human life is Greater than the human mind can perceive It to be. In the Creation of human life He placed so many Gifts, but He also placed a ‘Gift of choice’, not binding

individuals like slaves, but allowing them the freedom they need.

‘Freedom’ is a Great Portion of The Creator, because within it He has allowed so much to be created that gives to human life more than any human life can understand it to be. Divine Love is beyond human understanding. It is not binding, It is giving. Some day those who read These Words will understand the Generosity in Them, and the Divine Love that All Things are based on.

I could speak endlessly on this subject, because of so much that a human being has to work with, deal with, and choose from, every day of his or her life. The Greatest Gift of Divine Love was the ‘freedom of the will’, because within freedom there is strength to choose what one desires to do.”

APRIL 11, 2003 AT 12:47 P.M.

"At different times since the Creation of human life, The Father has given to an individual chosen by Him, a Special Gift based on obedience to His Will, according to the manner and way He wanted all others to more fully understand the privilege of human life, and that there were Rules that He designed to be able to help all ages of human life more fully understand that morality, fairness and purity had to be what they willed their life to follow, because so many other words could have meant many different things.

I smile when I speak, because of the importance of so much that has been deliberately delivered, to not just awaken the minds of millions of human beings, but based on the importance of the will, for all to be done for the good of the Souls that would be touched by the Wording, or the sight or the practices of different individuals they would be acquainted with, or who they would follow because of attraction to them.

There are Numerous Saints Here in the Heavens Who smile each time One Here speaks, because The Father's Love for human life is so evident and so obviously showing His Love for human life that He created for a Purpose and a Goal Greater than the human minds of human beings can perceive It to be.

Oftentimes when We hear of individuals in some sort of what you call 'a show', and they are portraying One from Here Where We are, We All are concerned over the fact that the individual has no real perception of how the individual lived each day of His or Her life, so all that the individual stresses bearing the Name of the Saint is not, in reality, how the Saint really was.

What I have spoken may be difficult for some, because they will ask, 'Why would a conversation such as this even be entered upon?' Throughout the world there are many so-called 'learned' men, women and even children who feel that they have the insight, the understanding, and the ability to imitate a Saint.

Many will wonder why I choose These Words to speak about, but

it is important, because so many individuals are driven through their mentality of wanting to imitate, that they may take upon themselves what they feel would imitate to the letter an individual Saint.

The Father has Blessed human life with a multiple number of Gifts, giving to human life the ability to more fully understand that all things are not exactly alike, and that there are so many ways for an individual to find happiness, to find Truths, and to follow what is morally sound, good, and beneficial to their Souls, plus their physical roles in their lifetime.

We All smile at These Words, because some individuals will wonder why We would speak on this subject matter. For some it is to awaken them to the Goal for which they were created. For some it is to awaken them to think of all the things they practice privately and openly, and for some it is important for them to realize that their individual lifetime is a Gift of Divine Love, and should be remembered as such, and not take chances on following what is impure, immoral, improper, because their Soul is the recipient of everything they

think, they use, they do, and they've done.

**I end My Words with a Blessing.
Remember, your Soul is a Portion of
The Creator, and wants to return to
The Creator, Pure in every way.”**

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

The little one is always ready for Us to speak. We All smile at this, because in her love for The Father, and All Here in the Heavens, her wish is to be obedient above all things.

As an instrument of The Father's Love, He chose one who He knew would not resist or reject the manner in which He would Decree would and could be His Communication at this time, with all ages of human life, all backgrounds, and all degrees of belief in Him.

I hold her tightly, for she is more fragile physically than it appears to be, and as I speak she innately is concerned, even worried that she will not repeat exactly what We Will for others to learn about regarding their Soul. The Soul is to one day be returned to The Creator, because It is a Portion of Him.

Millions who hear These Words or read the Words cannot find it in

themselves, cannot associate their being so close, physically or mentally, to The Creator of All Things. The time will come and they will one day see the reality in What they were told at another time.

All that is passed through *one small voice* is far greater in Meaning, in Instruction and Divine Love than is understood by human beings. The Father's Manner of doing things should never be questionable because, do not forget, He created All things. Though He is pictured in statuary form and in film pictures, nothing has the ability to capture the Magnitude of What He is in appearance, or in how they can associate the sight of Him with human life as it is.

The world has been Blessed abundantly, because in each human life, no matter what the background is, they possess a Portion of The Creator, thus giving to life more than human life understands it to be.

The beat of the heart, the purpose for the lungs and the blood has a purpose beyond what the human mind fully perceives it to be, but the design of human life was designed

by The Creator of All Things, and this Statement is often dismissed or forgotten and it should never be, because the mentality of human life would not be able to understand the Greatness in Divine Love, because The Father's Love for human life is beyond human understanding.

I will close My Words, but as I do, I have a smile upon My Face, and I am grateful for those who believe in All that is given to them, and their desire to please The Father mentally, emotionally, morally.”

GOD THE FATHER

“There are many evidences that at this time I am speaking to the world of mankind, instructing in many ways, the important parts, habits and conditions that human life is confronted with at all times, but My Gift of human life is greater than the human mind can perceive it to be, so I have given to the world *a small voice* to instruct and to deliver through the Instructions, My Will for all human beings.

A long time ago, I directed one man to deliver what is called ‘The Commandments’ I want human life to live by. I yet hold Them as the Foundation for the Souls of all human beings, but at this time, for some time now, I have requested Many Here with Me to give Directions that will also aid their Souls to be able to be returned to Me in a Pure State that I Will It to be.

My Love is Greater than the human mind can perceive It to be, because My Love is a Divine Love that

**nothing on earth can compare It with,
or to be.**

**A few simple Words that I deliver
must be seen as Words of My Divine
Love for this Creation of Mine, that
shows My Love for all human beings.”**

APRIL 15, 2003 AT 8:28 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

The little one prays for the strength to do My Will as I Will it to be, irregardless of all the obstacles she knows she must meet.

I have Blessed the whole world through This Gift of My giving to human life a Message necessary for the Souls that each human being is the custodian of.

Though a Soul cannot be seen, It is obvious through the mentality of each human being because of the innate understanding that human life has, innately knowing what is pure in actions, thoughts, words and deeds, over what is impure in any of these things. Excuses do not change what is right over what is wrong, what is pure over what is impure, what is just over what is unjust, what is obedience over what is disobedience.

I have, since the beginning of human time, openly enlightened all who were born, of what would be right

over wrong as they lived each day, practicing in how they were learning to understand the human way. This, of course, is a very long time ago. So as I speak These Words today, all of human life should know that I do not accept excuses based on ignorance to what is right over wrong, because it is innate to know what is pure over what is impure, what is just over what is unjust, and what would be My Will over any excuses a human mind can feel and understand the reality of What My Will would be.

I speak through this *little one* in the same manner you speak to each other. This will be difficult for some so-called ‘learned’ men and women to understand, but I use a *small instrument* for My Will to be spread throughout every land, because throughout the world there is so much diabolical acceptance, making excuses for it instead of rejecting it for the sake of the Souls involved that are ‘the victims’ of what human beings speak, act, practice, and are example of.

I close My Words, and I hold back the tears of *the little one* I use, because there is so much Responsibility she is forced to accept each day, at all times,

**for My Will, through My Words, giving
Direction and Divine Love My Way for
the good of Souls.”**

MANY SAINTS

“We All smile at *the little one* that waits for Us to speak, when Our Presence surrounds her with so Many of Us at one time.

Throughout the world there are millions of men, women and children who need to read All that has thus far been delivered through This Gift of The Father’s Love for human life, but also for the Souls of human lives, because so much is spoken, not just alerting the mentalities of those present or those who read the Words when They are in print, but the Directions and the Hope in What is delivered to guide human thinking to how The Father Wills their way of life, and how they approach each day, not just filling it with humanistic patronizing or activities, but to take the time and speak to The Divine regarding many things; first of all, requesting the ability to think more purely according to The Father’s Will, and to lead others to a better way of life through their actions, their intentions, and their goals.

There are so Many of Us standing Here. *The little one* keeps looking around Where We are, asking Us if she has remembered Their Names as she knows Them to be. We All smile at this, because The Father's Love for This Gift of His to the whole world of human life is a Gift of Personal Communication for the Souls of millions of human beings to more fully understand how close the human life is to The Divine every day, every moment of every day.

We show her some Faces. She knows she has seen Them before. We All smile, because she promises Us she will not reveal the Presence of so Many of Us. This, of course, is amusing to Us, delightful to Us, because of her protection of Us in her little way, showing her love for The Divine.

In all lives of human life there are many times that We are present in number, but We are not felt or seen, but Our Presence is to give strength when it is needed on situations or conditions or values that give to an individual, or more than one individual, the strength to more fully understand that what they are doing is not just acceptable, but gives happiness because of their desire

to please; but also, their intentions are never missed on any subject.

The Souls that human beings are gifted with are far more Important than They are thought to be, because it is difficult for the human mind to fully understand that the Soul is constantly in Communication and close to The Divine every moment of every day.

Children are told they have a Guardian Angel, but oftentimes the subject ends and is never spoken about in a continuous reminder, that within them they have a Gift of The Father's Love to strengthen them and to give them a series of help when it is needed.

As We speak, We show her things that oftentimes place much Responsibility on her, but Everything that she is requested to deliver openly is to help all who will read the Words, to never forget that they are never far away from The Divine, because The Divine is always close to them. That is why The Commandments The Father Willed for human beings to learn, and follow the importance of Them in how they live, how they think, how they act, should never be passed over.

I know What I have spoken is somewhat different than other times, but the subject matter is to return to the memory that each individual must never forget, and that is that they have a Portion of The Creator within them every moment of day and night.”

APRIL 16, 2003 AT 12:20 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph.

The word ‘time’ is mainly based in the human mentality on a measure of time, according to the instruments that have been designed to keep a schedule on timing, but as All of Us Saints see time, it has much more importance attached to it than the striking of a clock or the speed of minutes, how they add up.

The time for human life is a Gift of Divine Love, based on The Father’s Love for human life, and of course, the Divine Purpose for which, and in which, human beings are born, and they go through periods of growth, always learning that in time that passes they can do many things, some practical, some impractical.

Time gives human beings a schedule, allowing them to judge different portions of time for important problems, situations, conditions, practices, that the individual schedules regarding the possibility or the ability to accomplish certain things that many

times are of great importance, and then there are times when they are not as important as an individual makes them.

I know what I speak about is different, but I come today to alert, remind, caution, and also cause an ‘awareness to timing’ in an individual’s life. So many times an individual wastes time in not preparing for something that is important, like making one’s Goal ‘Sainthood’.

If you who are taking My Words would talk to one thousand people, each of you a different one thousand people, and ask them how they spend their time, you might be shocked, disappointed, or become very upset, because the average human being takes time for granted, thus not using time in the right manner, purpose, degree, or goal.

Children are not instructed on the importance of time, because those in charge of them do not instruct them on the importance of it, and what a Gift of Divine Love ‘time’ is to human life.

I could speak hours on this one word ‘time’, but My Words today are

just to awaken those who will read Them, to use time for what is good, not just practical, and to remember that The Father is willing to hear what you have to say at any time throughout the whole day.

I know What I have spoken about may be difficult for some to understand, but I plead with you for the sake of your Soul, remember that how you practice your time every day is recorded in your Soul, and hopefully when the record is read, it will show that in your way of spending time, you were capable of, able to do, and made it a point, thanking The Father for the time He gave you to one day become ‘a Saint’.”

APRIL 17, 2003 AT 12:32 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

We All smile at *the little one's* remark, telling those with her that Many of Us are in a big discussion over other issues, subjects.

The world has been Blessed through This Gift of Divine Love that gives to human beings of all ages, Words that give them strength, more understanding, and a greater degree of hope that they could not have without All that passes through *one small voice, one small body*, All according to The Father's Will.

Children are not being taught regarding their behavior. So much is being allowed, calling it 'modernization' and accepting it wrongly. The Gifts The Father has thus far given are multiple in number, and should be received with the dignity, the Love that is meant for the Souls of all human life.

For a long time now, Many have been allowed to speak through This

Gift of The Father's Love for human life. You can compare it to how you live in the human life, being able to be close to several other people, getting their opinions, enjoying their personalities, their natures, their characteristics, and your association with them that makes life a happier way than it would be otherwise.

I will close, because I could speak hours on this subject, but I have one request to make: Make it a habit for yourself personally, that you will say a prayer several times a day, and not allow yourself to be on a schedule, that a prayer is only spoken early in the morning or before you retire in the evening.

I speak differently, I know, but so many times it is important to be reminded that you are the custodian of a Portion of The Creator, called 'the Soul', and this Gift of Divine Love is Greater than you understand It to be, because as It walks through life with you in the human way, It will one day be with you when the human way is no longer how you live, how you understand things, and how you are accustomed to the ways of life that the

human mind and body has used for a given time.

As I close My Words, I make '*The Sign of The Cross*', because remember, a long time ago The Son of The Creator allowed Himself to be put on that Cross for human life to remember many Important Issues, Claims, Conditions, Sensitivities, and of course, the Reason for living."

APRIL 18, 2003 AT 11:50 A.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

We All smile at *the little one's* sadness at this time, when all things seem to be put in a state of secrecy, but also obligation. It saddens her to see even the statues covered,¹ because she says, ‘It is void of Their Presence when we cannot see the vision of Them being Who They are and Their Presence here drawing attention to the Importance of Who They are.’

Children throughout the world, of all ages, are losing sight, mental, Spiritual, regarding the Importance of The Father’s Love for human life and what He has allowed to be seen in statuary form to remind human beings that He once walked the earth disguised as a human being, through The One He called ‘a Son’, *Jesus* by Name. It was to give more understanding to the reality of His Existence Above and Beyond the human way.

¹ Refers to statues in Church being covered during Holy Week.

***The little one* shakes inside because it is difficult for her, knowing that so few human beings truly believe, or can understand the reality of The Divine Holy Family that once lived upon the land.**

I will close My Words, but as I do, I bless all who honor what they see visibly, even though it is statuary form or a picture, thus being able to recognize the Importance of Divine Love that truly created all human beings, even though human beings give credit to human life for the lives of conception, for children to be created in the manner, degree, that The Father designed human life for all ages and all time.

She tries to see My Face as I speak. My Presence is evident to her, but My Words are what must pass to millions of human beings, because of the Souls that will one day greet The Father personally.

I could speak hours on all she asks of Me, but *the little one* knows that I know what is best for all of humanity to understand to a logical degree.”

APRIL 18, 2003 AT 12:56 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

The little one The Father chose for such an Important Task listens for Us throughout the day, throughout the night, because Here in the Heavens she is fully aware We do not see time in the same way that those who are alive do. To Us, time, twenty-four hours in what is called ‘a day’, We are ever present. Remember this, if you want to pray.

I have come today to request that in your daily life you do not use just one time to speak words directed to The Divine, for do not forget, you have within you a Portion of The Divine, a Gift from The Father that was placed there to give you more understanding of the Importance of human life, and the responsibilities that are automatically part of human life, because you have a Soul that is That Portion of you that is to return at a given time.

Though These Words are oftentimes easily dismissed from the minds of millions of human beings,

it is still a Fact of The Father's Will and Love for human life, that the Soul is ever present, does not walk away, does not sleep, but is aware of every moment of every human being's day.

I hold *the little one* tightly, because she stares at Where We are. There are Several of Us present, All willing to do What The Father Wills, to give to human beings of all ages more understanding of the reality that human life is created, always has been, with a Portion of The Creator within it, the Soul. We hear denial of this constantly, but denial is not just rejection, but in many ways an innate fear covered up by rejection. There is no need to fear one's Soul, because It is the only Gift of Divine Love that gives to human life more than anything else created has.

Human life is Special, because within it there are many Gifts: the Gift of understanding, the Gift of speech, the Gift of memory, the Gift of being able to understand what others say, do, think, feel; also, sympathy is a Gift that animals do not have, but to human life it is a precious Gift, because sympathy is oftentimes a deep understanding that gives strength to

someone else, or many others, that nothing else does.

Human life should be treated with respect at all times. It is sad when We see otherwise. So many excuses are used regarding one's personality, nature, born characteristics, and other words designed by human beings, mainly used as excuses.

Children of all ages rely upon those who are in charge to tell them what is right over what is wrong, what is beneficial over what is detrimental, even when the child appears uninterested and/or disregarding to the subject matter being spoken. Never feel that what you have to instruct regarding The Creator can be totally dismissed by one or more others who hear you speak, or watch what you practice in your way of life.

Right now, there are thousands throughout the world who are committing great sins because of their own mental disregard for what is correct, what is proper, what is good, what is beneficial, ignoring what effect their life has on others' lives. Some will call this 'ignorance', some will call it 'egotism', some will

call it ‘just an innate disregard for anyone else’. Here in the Heavens, We call it something else; basically, it is ‘disrespect for what is morally sound’.

When human life was created, it did not have all of the Gifts those who are now living have, but they had been given the physical abilities to grow, and to be able to understand so many things that would give them a better understanding of morality, purity of the mind and the body, and definitely a greater realization of what the word ‘justice’ would mean to them, and to all others. Justice is important in human life. It is The Creator’s Way of being Example first, and then giving to human life the importance of what justice can do to the mind, the body and the Soul, that nothing else created bears so much caring, understanding.

There are Many of Us standing Here. Our Presence is felt, because We have allowed It to be felt, giving to *the little one* The Father uses, a stronger physical, to be able to follow Our Words, speak Our Words, that in Value and Truth are Lessons for everyone to see the Beauty of, and also the Importance of.

One at a time is leaving. I smile at this, because *the child* becomes more relaxed when there are not so Many present. Even her shoulders are able to move in a stronger way. This fact might be difficult for many to understand, but the truth must be heard, because in truth there is strength, importance, reasonability, and definitely a Divine Love that nothing else has.”

APRIL 19, 2003 AT 11:00 A.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

This Gift of The Father’s Love that is called ‘*The Miracle Of Saint Joseph*’, is Greater than the human minds who hear about It, or even those who participate in It, do not fully understand what a Great Gift of Divine Love This Miracle is to man.

All that has thus far been delivered through *one small voice* must travel throughout the world, because there is so much for all human beings to more fully understand: that as a human being, they were created according to Divine Plan, thus giving to them a Reason, a Purpose and a Goal that nothing else created has, or ever had. When I say ‘nothing else’, I mean things that are not human and do not have a Soul.

So Many of Us Saints are requested by The Father to speak Words of Direction, and also Words that describe many beautiful facets of human life; also, that all human beings are gifted with a Soul.

We close *the little one's* hands tightly and tell her to raise them pointed to The Father's Love and Will. Also, through this act of obedience, it is to show others that when they pray, they should point their hands to Heaven so The Father sees that in their prayers they are directing their love for Him, and thanking Him for His Love for them.

There is too little respect in times of prayer that all ages are practicing, thus ignoring the importance of what prayer should mean when they are addressing The Divine through words of communication. In human life, from one human to the next, this would not be practiced or necessary, but in prayer to The Father, The Heavenly Mother, and Others Here in the Heavens, the hands also are a form of respect. The casualness of human life oftentimes diminishes the importance of certain Spiritual acts.

Today I speak differently, but what I say is to alert all of mankind, all of human life, to respond to The Divine not just politely, but improve in how they associate with The Heavenly Beings that are with The Creator of All Things at all times.

I hold *the little one* tightly, because I am showing her that though many will reject this open act of respect, it was My Duty to deliver this important Fact.

As I close My Words I smile, for though so many think it is easy, practical to say a prayer, it is oftentimes done because of times of need, worry or despair.

I add to what I have spoken: I understand that the hands could be a problem if one were to be speaking, praying in certain areas wherein they would be abused miserably for showing such an act; so be aware, be logical, be understanding, but do not forget, you are alone with Me many times, and I am always there.”

APRIL 19, 2003 AT 1:05 P.M.

“There are Many of Us present whenever this *little one* The Father has chosen, for a Major Task to be accomplished for the sake of thousands of Souls. My Statement may sound exaggerated to some, but you must remember, The Father’s Will is Special, and It has the ability to travel far and wide when It is activated for a good reason, a good purpose, and for the end results to be special for the Souls of up to a million people at one time.

I smile when I say These Words, because the numbers are so staggering to the mentality of millions of people. The Father has given to the world, through *one small voice*, a Gift that would not be as acceptable if a thousand voices were involved, because the number would be so large, the reason in the Words so much The Father’s Will, that many individuals would not be able to handle the results that would occur.

I smile through this *little one*, because her innate desire for

exactness to What We speak is beyond what human minds of others can fully relate to, what others perceive to be.”

APRIL 21, 2003 AT 12:00 NOON

GOD THE FATHER

“*The child, the little one,* is in a deeper ‘Preparation’ than she has been for a long time; basically, it is to give her the strength mentally and physically, to go on to What is Willed for others to learn from. A sacrifice of the human way is easy for others to see, but not for *the one* who is given so much Responsibility. First of all, the most difficult part is to be seen by others in a state wherein the body is prepared in ways different than the human minds can understand a ‘Preparation’ to have to bear.

The world has been Blessed, and it is sad for Me to say it has not been recognized for This Gift that has been given to teach, to instruct others on the Importance of human life, and that it was created for a Goal Greater than any goal the human mind or body can fully understand, and yet it is innate in human minds to sense that there is a Purpose to human life for a later time, different than what the human body goes through in the human way, but the Goal is The Father’s Love for

the Soul that the body is instilled with at the moment of conception.

Though These Words cannot be fully understood, They are given now to awaken the minds of millions of human beings to realize that life has a Reason. Why would there not be a Goal? All things created have a purpose, but all, or I should say, none have the Goal that the Creation of human life is gifted with.

Though the Soul cannot be seen, It is always felt according to the mentality, intentions, and reality that the human mind is capable of realizing, that there is more to life than what they experience daily, because so much is emphasized on the human part and the degree of knowledge that pertains to the human structure, abilities, understanding. The list is endless.

I have picked *a small body* for All I Will all degrees of intellect and all sizes of human life to be able to easily comprehend, that My Love for human life is not meant to be felt as coming with, or being part of favor to Me, in favor to Me, according to their structure, their human abilities.

***The child* is staring at My Face, or I should say the Place Where I am, because she fears to speak a wrong Word because of the Importance of the Souls for which This Gift of Divine Love has emphasized.**

We hear individuals say: ‘How can I have a Soul? I cannot see It; I cannot feel It.’ Yes, you do. The Soul is ever present in your conscience and in your will.

I will close now, because What I have spoken must be read by many and understood by all. I have given to the world a Gift Greater than the human minds want to perceive It to be. My Closeness is through My Words one way, and the Souls of human beings another way.”

APRIL 21, 2003 AT 1:12 P.M.

SAINT JOSAPHAT

“I am Saint Josaphat. It is a privilege for Me to be given the permission to speak Words according to The Father’s Will, and have Them put into script for hopefully millions of others to read, to learn from, and to better understand, more fully comprehend what a Gift human life is to man.

There are so many different statements and interpretations of wording that are being passed out regarding The Creator of All Things. It is important for every human being born to the world to be made fully aware that in the Creation of All Things, all Gifts that were delivered to human beings were to enlighten their mentalities to the reasonability that human life had a Purpose, a Goal beyond what anything else created was gifted with.

There are so many misinterpretations of this subject matter, that at this time, hopefully will be cleared to the point where

there will be more realization in the understanding of why The Creator of All Things created human life, but also the Love behind this creation that is above and beyond human understanding or human imagination.

When two individuals shake each other's hand, it is used as a greeting, but it has behind it an important statement: human flesh meeting human flesh, making the meeting human in its presentation, and its action and its association. Man does not shake hands with an animal or a material thing, but the shaking of the hands of two human beings basically and actually commits to the reality that each one is of a human nature, background and birth, in a degree of life Special, and that they understand is superior to all other living matter or things that they can be accustomed to seeing or enjoying the presence of.

I will close My Words, because with the Statement I have made, I feel it is The Father's Way of instructing human beings to realize and to more fully understand that human life is Superior in many ways, and also, is in a Special Place in Divine Plan."

APRIL 22, 2003 AT 12:20 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

There is no time in a day that We do not want to speak openly to those who We know will hear What We have to say. That is why The Father has given to the world *one voice* to use, so that All that is possible be learned regarding the life of a human being or the Souls that are involved that are never seen.

Throughout the world at this time, there are many men, women, and even children practicing immoralities, indecencies, claiming that what they are doing is natural to the human way of living. There are no thoughts regarding what these improper, indecent actions are causing their Souls to be one day responsible, and will have to pay for the impurities in another way.

Throughout the world there is so little attention or acceptance on what is impure, unjust, regarding the Soul. All We hear many say is: ‘How can I have a Soul? I cannot see It, I

cannot feel It, I cannot hear It.' I ask you a question: 'Do you believe in a Creator?' Most will say, 'Yes.' Now I ask, 'Do you see The Creator at any time?' The answer has to be: 'No, not in my way of sight.'

All We deliver to give human beings of all ages is oftentimes cast aside, ignored, saying 'It is unrealistic that He would speak to me so openly when all I have known is through things I have read, or have heard others who preach, speak about.'

Children, at a very young age, should be told that when they were created they were given a Portion of The Creator to help them be good, and never do anything wrong; also, that they were given human life to one day become 'a Saint' and live with The Father Forever in a Beautiful Place.

I speak differently today, but the Words are important Words because the human mode, code of ethics, are based on how they think, the mood they are in, or acceptance to weak moments of immorality, using their bodies or their minds for what they call 'natural' to accept, thus ignoring that through the eyes and the mentality many sins can

occur, violent to the Souls of those who partake in them.

I could speak volumes on this day regarding the importance of all ages of human life seeing human life as a Gift of Divine Love with a Purpose, a Goal, and a continuous Association with The Creator of All Things.

The world has been Blessed in a Greater Degree, Way, than the human minds of so many can understand, but hopefully time will help them to see that to be created a human being had to have a Purpose beyond any other living thing.

As I close My Words, I beseech you who take Them, to spread throughout all the lands you possibly can reach, to deliver All that has thus far previously been delivered and is presently delivered, in spite of any rejections that might occur.

As I close My Words, I beseech you to remember: human life is a Gift of Divine Love, and it has a Goal Greater than any goal the human mind can perceive equal to It."

GOD THE FATHER

“This Gift of My Divine Love is a Gift beyond what the human mind can perceive It to be. I do not use many individuals, nor have I ever used several individuals to deliver My Love to human lives.

I speak today through *one small voice*, giving What I Will men, women and children to see, to understand, that as a part of My Creation of human life, they have responsibilities different than anything else created.

Children are not being instructed on the importance of how they must practice morality and truth in all ways, through how they speak, how they act, and how they accept all things available to them.

There has been so much indifference to the Importance of human life, thus allowing so many wrong practices and lack of understanding on why human life was created; also, that within each human life I have a Portion of Myself, not seen but obviously a Strength to the

individual in all that is moral and truthful.

I could speak endlessly on this subject, but throughout the world too many individuals are ignoring My Will, My Intentions, My Existence, thus accepting what they call ‘comes natural’; of course, based on impurities of the mind and the body and carelessly acted out often, thus ignoring That Portion of Me within them, called ‘the Soul’. Excuse abounds through their saying: ‘I cannot see my Soul. Where is It?’

Now I ask a question: ‘Do you see your thoughts as you think them, or do you just understand their existence?’ The same thing, the same situation can be attributed to your Soul. The Presence is evident, because you know purity from impurity, justice from injustice, right over wrong.

I will close My Words only because I know it is difficult that if I speak for a lengthy time, some individuals find it difficult to understand My Purpose for speaking, and also the importance of What I have spoken.

I end My Words with a smile. My Love for this Creation of Mine is

because I am a Portion of It, in their Soul.”

APRIL 23, 2003 AT 1:26 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

Human life is so Important, because it has within it The Father’s Will, His Love, and His Desire to have a Portion of it returned to Him, because His Love is so strong for this Creation of His.

In human life He placed many Gifts, Gifts that sometimes are abused because of the individual’s lack of understanding the importance of the Gift, such as the Gift of memory, the Gift of speech, the Gift of understanding, and the Gift above all things, remembering that they were born for a Greater Purpose, according to The Father’s Will and Goal for the Soul that He wants returned to Him at a given time.

It is sad when We hear so little spoken regarding the Importance of human life, thus ignoring what a Special Gift of Divine Love it is meant to be. Let Me give an example: When you are close to someone you love, you enjoy sharing some item, or

some place, or something else that draws you closer to the individual or individuals.

The Father, in His Innate Love for human life, placed a Portion of Himself in every living human being, because It would give Strength and a close Association, so the individual would know that they belonged to a Higher Being, and are innately subject to This Higher Being for a Future time in life.

I will close My Words, but as I do I raise My Hand in a Blessing, because What I have spoken is important, due to the fact that human life is the Greatest Gift of Divine Love that The Father could give because, do not forget, the human way is Special to Him because it is of His Design and of His Manner, in how He sees living as a Special Gift designed to give Strength, Hope, Love, Purpose, and a Goal, returning a Portion of it to Him, the Soul.”

APRIL 24, 2003 AT 11:48 A.M.

GOD THE FATHER

“I have given *the little one* time on this day to accomplish the so-called ‘chores’ necessary for living conditions that she feels are important. As I speak today, I speak with Deep Love for her obedience to My Will each day.

The whole world has been Blessed by This Gift of My Divine Love, wherein I speak so many Words of Direction through Communication that is put into script, for millions of others living a human life can learn from and use as important things to be done, because I Will it through their wills that I gave to them, to be able to understand what is right over what is wrong, what is truth over what is untruth; also, that I do Exist and am available to them every moment of every day.

She listens for Me and says, ‘I cannot hear You as I know hearing to be.’ All of Heaven smiles at this statement, because of her conscious effort to be sure that All Things Where I Am and for Who I Am, will not be lost

because of her inability to accomplish My Will for the Souls of millions who now live, and millions who will one day read What I delivered for all of human life to understand that My Presence is real, not mythical or imaginative.

She listens for Me to speak My next Words. I smile at this, for she dares not to speak something that she knows would be just her mentality regarding the subject matter.

Today thousands, if not millions of all ages of human life, will walk what they call ‘the natural living way’, most only concerned about the financial or practical association with others, but also in their financial concerns.

I speak through this *little one* as I did the time when the Apostles were learning What I Willed them to learn, and that was the Importance for which I created human life, and That Portion of Me that I instilled in it, and still do instill in human life — the Soul.

I will close My Words with My Blessing, because My Love for human life is not a natural love; It is a Love that could only be expressed as a Love Divine in every way.”

APRIL 25, 2003 AT 12:07 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

Standing Here with Me is your Heavenly Mother. We join together at this time, because of the importance of how you all walk for The Divine. Your conscience, your efforts, your participation is widely known, even Here in the Heavens.

It is important that All that has thus far been delivered never cease in traveling to areas you would least think of. There is no human life that does not need What I can deliver for the benefit of their Souls and their physical, along with the mental.

Throughout the world there is so much demonic pleasures based on the enemy who stands in the pits of Hell, but yet has access to the mentalities of those who live upon the earth. The power to the human mind would be unbelievable.

As I speak to you today, I do it because of My Innate Love for those who were created according to My

Manner of Creation, and My Reason for Creation of human life because, do not forget, there is a Portion of Me in you that I want returned to Me so I can call It ‘a Saint’.

This topic is rarely thought about by most of human life. It is inconceivable for the Magnitude of What It is, What It stands for, and the Deep Love I have for human life, wanting it to return to Me, That Portion of Me that is in it, basically called ‘a Soul’.

I see tears on *the little one* who speaks My Words, because within her she wants to please All I Will to be done for the sake of millions and millions and millions of Souls that are Portions of Me.

Faith in this Gift of My Love is Greater than the human mind can perceive it to be, but I promise you, it is so worthwhile to be created a human being and have the Goal I have waiting for you and many others, to be returned to Me, Saints.”

APRIL 25, 2003 AT 1:12 P.M.

MANY SAINTS

**There are so Many Saints Here:
Three, Four, Five.**

**“*The little one speaks the truth in
announcing that there are Several of
Us present at this time.***

**Today as We gather, We are
discussing many subjects, most of
them on the importance of serving The
Father in a manner and way for the
good of Souls of those who have lost
the Gift of life and are now without it,
and the Soul is the One, That Portion
of them, that The Father is blessing
and also directing in Divine Way.**

**Very little has ever been spoken
openly on this subject, because in the
human way of living, one is not aware
of That Portion of them, the Soul.
They are told they have One, and they
are told It will be the Living Portion
of them that will remain to be Judged,
according to the practices and the
manner in which the one in whom
They were placed at the moment of
conception, walked the path of life.**

I know I speak differently, but it is important for many to read These Words, think about Them, and then understand that when the physical life no longer can be active, alive, there is a Portion of human life that does not die. It is called ‘the Soul’, because the Soul is a Portion of The Creator of All Things, and is held responsible for all an individual had practiced; that is, the one in whom They were placed at the moment of conception.

I know how I speak is not usual, but it is something important to think about, because the flesh will not be the recipient of the Judgment The Father will give; the Soul will be the recipient. So as I speak, I sincerely hope that all who will read These Words will begin to more fully understand the responsibility they bear in the human way for that Gift of Divine Love that they receive at the moment of their conception that is the Living Part of all human life, because that is the Part that is returned to The Creator, hopefully bearing the Name ‘Saint’.

It is not necessary for the Soul to be called ‘a Saint’ by those in authority. There are thousands and thousands and thousands and thousands and

thousands of Souls, even more than that, Who have never been pronounced that They became ‘a Saint’, but They are with The Heavenly Father and They serve Him in many ways. In the human way, no one would know Who would be helping them. Many times, it is Someone The Father sends, depends upon the circumstances, or the place, or the individual who needs aid.

I know this is the first time that this subject has been spoken this way, but it is so logical, so realistic, and yes, a Blessing far greater than the human mind can perceive It to be.

I beseech you to remember These Words, because though you have perhaps never heard Them before, remember Them as The Father’s Love to help you to more fully understand that the Soul that is a Portion of Him, is oftentimes returned to Him in a Degree, a Way, a Manner that He is able to say to Them, ‘You are a Saint.’”

APRIL 26, 2003 AT APPROXIMATELY 2:00 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

Though it is difficult for thousands of human individuals to accept What I have given, It must not be stopped, because all of human life should read and learn from This, that I am always present. I have given many Words through *one voice*, but the Meaning is meant for all generations to come, and to be properly translated into all languages, leaving out none.

My Love for human life is beyond what the human mentality can understand, but yet the human mind of all of human life knows I Exist and am in charge of Divine Plan.

Thus far, That What I have delivered, and so Many Saints Here have delivered, must not be held but scattered to every land, where human lives need to know that I am this close in the life of every human being. Though it will be difficult to spread, because so many will reject what they are asked to do, but the Souls in many

of them will encourage them to follow through.

My Purpose for human life is Greater than the human minds can perceive it to be, because most human beings find it difficult to understand that I have within them, a Portion of Me. In a simple term, a small word, it means more than the human mind can perceive it to be. The word is ‘Soul’.

I smile each time I hear all ages of human life mechanically refer to a closeness to someone else, say they are ‘soul mates’. This, of course, is different in their meaning than My Meaning is to the Souls Who will return to Me, but the word, when it was discovered in the context humans use it, I must say made Me smile, because they unknowingly used a word in a different manner and way, and yet the full meaning referred to My Statement that within each human being I have placed a Portion of Myself, called ‘the Soul’.”

APRIL 28, 2003 AT 11:53 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

There are Many Here with Me as I speak to *one small child* regarding the Importance of why I created human life and the Divine Love I have for it.

To many men, women, and children, the words spoken to them, telling them that some individual openly tells them of his or her love for them, it gives a feeling of security and happiness that nothing else does.

I have Blessed the world with This Gift that is not fully understood, even by so-called ‘learned’ individuals, because they cannot comprehend what the Words mean, because they only associate the word ‘love’ with a special love and concern for another human being. My Love is Greater than the human mind can perceive It to be, because My Love has a Goal that nothing else has the power to do. My Love is a Goal of returning the Soul, a Portion of What I Am and Who I Am, to Me.

In the loss of human life, individuals who felt close to the ones in whom they associated or were related to, the love has to dwindle and yet be remembered that love is a natural love to human life, but My Love for human life is Divine and constantly active in all areas of every human being born.

Thousands of definitions regarding how I treasure what human beings do could be spoken about and put into print, but needless to say, it would take hundreds of years to not just initiate this practice or cultivate it, but to achieve it, because My Love is indescribable in many ways understandable to the human minds of human beings.

I have Blessed the world with a Gift of My Divine Love, through what is called '*The Miracle Of Saint Joseph*', because It was needed to help all ages of human life to hear firsthand from so Many Here in the Heavens, the closeness human life has to Me and the Divine Love I have for it, in allowing so much to be instructed on the Closeness I am to human beings of all backgrounds, all natures, all ages, and all degrees of understanding.

I have Blessed the world with This Gift of My Divine Love, not fully understood by human lives, but there is an innate showing, at different times, that individuals think about Me and use prayer or mere thoughts, asking for My Attention to things important to them, asking My Intercession to take place to help them.

To speak All I Desire for human lives to understand would be impossible, but through This Gift of My Divine Love, I have awakened the mentalities of many to the Fact that I am close to them, and I am speaking regarding many things, but I am also wanting them to see the Importance of why I created human life, and that all human beings bear a Portion of Me, called ‘the Soul’. The Soul is the recipient of all an individual is, and the Soul is in constant communication with Me.

I will speak more on this at a later time, but as I close My Words, I bless you with My Love to give you the strength to remember I created human life with a Portion of Me so it would have the ability, the strength, the perseverance, and an innate love for The Divine.”

APRIL 28, 2003 AT 1:03 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius.

At different times, in different eras of human life, men, women and children were forced to learn what was called ‘advancement’ in mathematics, in reading, and in historical achievements. Many times when new achievements are found in the medical industry, not all can profess to be medically astute at understanding their abilities in the newest, the latest, the most modern advancements.

As I speak to you today, I am not the only One Here. It would be impossible to count how Many Saints are present when One is requested to speak.

The Father, in His Love for His Creation of human life, very often will introduce new ideas, helping individuals more fully understand, or more individuals to pray to Another One they had not prayed to, only because the diversion gives a new feeling and a new understanding, advancing an individual’s feeling of

protectiveness, hope, and assurance, that there are Many, Many Saints Here in the Heavens Who are available to hear what you have to say, and They are willing to help in every way.

Needless to say, The Father addresses every subject matter with Divine Love, because as each individual is the custodian of a Portion of The Creator, it goes without saying, He Wills all things to be pure, just, so that the Soul will be taken care of, and will be returned to Him in a Pure State.

The Story of the Soul; that is oftentimes a big issue with many people, that the Soul is born to a human being, created in a human being, bearing the sin that the Sacrament of Baptism will remove. Maybe some who read These Words will not be familiar with What I have just spoken, but there are so many facets to The Father's Love for human life, and so many ideas that will give to human beings of all ages strength to conquer any impurities.

I speak differently today, but the Love for human life is Greater than the human mind can judge It, fathom It, or understand It.

I must add something now: When this *little one* through which so much is spoken, is in battle many times with the enemy of all things, the battle is greater than anyone can perceive it to be. The Father though, in Protection of His Love for all of human life, is The Only One that can protect her when it is needed. She is passing through a tremendous ‘Preparation’, and when it reaches What He Wills it to reach, perhaps you might find her somewhat different.

As I close My Words, I beseech you to be thankful for This Gift with so much direct Communication, Spiritual encouragement, but important Facts that help you more fully understand there is a Divine Plan for the Soul that you bear every day, that is a Portion of Divine Will, that allows only you to be the protector of, because of the Importance the Soul is, and will be for you at a given time one day.”

APRIL 29, 2003 AT 8:46 A.M.

MANY SAINTS

“There are Many of Us present, All anxious to give her the strength to persevere in the obstacles, and yet the need for thousands, if not millions of human beings to one day fully understand the Love of The Holy Trinity that used *one small voice, small body*, to deliver to them so much encouragement to follow the Will of The Creator, the Love of The Creator, for all of mankind to fully understand that within human life there is a Portion of Him, called ‘the Soul’.

The little one goes through many stages of ‘Preparations’ to be better able to deliver Words understandable to the human way of life, because of the Importance of human life that bears a Portion of The Creator, the Soul.

Though it is difficult for many so-called ‘intelligent’ human beings to perceive the Father’s Way of doing things, nonetheless, The Father knows best in how to reach His Creation of human beings. Divine Love is Above

and Beyond what human life is capable of, but as I close My Words today, I bless those who are close to This Gift of Divine Love, but I also say, ‘You have the privilege and also the obligation to spread The Father’s Love and Will and Way, through the means you have been requested to use.’

Always remember, the sound of a voice is important, but the written Word remains. In this way, What is put into script cannot be dismissed as quickly as a memory of the human mind of hearing Words can change, thus omitting important Facts.

The Creation of human life is a Gift of Divine Plan. It will never be erased, because it was given according to The Father’s Love for how He created human life, to have the privilege to walk a role and bear a Portion of Him in doing it, but always with His Will to have That Portion returned and one day be called ‘a Saint’.”

APRIL 29, 2003 AT 12:08 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius.

Upon awakening each day, human beings of all ages have certain duties, practices and intentions of what they wish to accomplish the human way. The Father, in His Love for human life, allows this freedom that is so natural, that He instilled into human life for many reasons.

In so many ways and in so many times that an individual practices what they do naturally, there are those close to them who draw their attention another way, even when the individual sets a specific time to pray.

For a very long time now, prayer has not been practiced like it used to be. The excuses made regarding this, refer to how busy life is nowadays. Let Me take you back two hundred years. What did the people living then do, to the necessities that would be needed to help them through the day, and did they oftentimes find prayer easier to say than you do today?

So many individuals, of all ages, forget an awakening prayer in the morning, asking The Father to bless the day. Not much has to be spoken, just recognition of His Constant Presence, and knowing that He will hear what you have to think and to say. The morning prayer is not practiced as often as it should be. There seems to be more of a concentration on a prayer spoken when the day is done, but even that is not in its full measure of love, understanding, reasoning and purpose, because the human beings of all ages find distraction, drawing them away from remembering to pray.

Throughout the world, there are millions of men, women and children who let days go by without referring to The Father's Love or their love for Him, because they find that what they have to accomplish takes precedence over what a prayer would supply them with: basically, not just moral strength but physical strength, and also a fuller understanding of what a privilege it is to be a human being.

I know I speak differently, but as I do, I beseech those who take My Words, and those who will read Them from What you put in script for others

to read: the will in each human being acts in a different manner, degree, even when it knows that something is superior in importance, and should be accomplished in a manner, way, time, that will give more of a response from The Divine.

My Words, I know, are not as you are used to hearing Our Words, but I promise you, sometimes it is more beneficial to awaken to a different format for approaching each day, because you can accomplish twice or three times more if you do not follow a routine that binds you to timing, thus forcing you in many ways to not open your mentality or your understanding or the realization that at any time during the day, All of Heaven waits for those who are yet living to say a prayer.

I could speak hours on this subject, but at this time, I will close with a prayer:

'Heavenly Father, give me the ability to tell You several times in each day that my love for You is necessary, because when I am praying to You, I am strengthened'

*by Your Love for me in ways
I do not understand, but I
know some of the words that
pertain to what occurs, is
and are basically to give
me the strength to do what
I must, and to make me
conscious of morality, but
also to remember, as my Soul
is a Portion of You, You are
always within me.””*

APRIL 29, 2003 AT 2:11 P.M.

SAINT PETER

“I am Saint Peter. As I speak today, it is first with deep Love for The Creator; secondly, deep concern for all human individuals who, at this time, must not resist checking on many things, especially where it regards their understanding what is moral over what is immoral, what is just over what is unjust, but also, what decision The Father would be pleased with when a decision must be made regarding the Importance of His Will to be practiced, accomplished, at this time in which you live.

There are thousands of men, women and children totally unaware of What The Father has given to the world at this time. The Beauty of It is, it is done through *a human voice*, making It more easily understood for It to be put into script, and then delivered, instructing What The Father Wills human beings to more fully understand, that in the Creation of human life there was One Plan, Divine, in every facet of it.

It is sad to see individuals who cannot follow what is logically factual, understanding and logical to their instincts, their abilities, and their Goal for life. There are Thousands of Saints Here in the Heavens Who desire only one thing, and that is, that when an individual becomes confused on moral issues, facts, conditions, they seek the correct way, area, to help them more fully understand the full meaning of what their actions will amount to regarding how their Soul will be the recipient of all they say, think and do.

Children are not being instructed that within them they have a Gift of Divine Love that no animal has, no blade of grass, and no ship that is built, or plane that is constructed to be able to fly in the sky according to the instruments that are used.

Throughout the world, human beings of all ages are not oriented to what is valuable morally, mentally, socially, consciously; they are sidetracked by what they see others do, and all that they see that distracts them from how they should be. The word ‘morality’ is rarely used, but the practice of immorality is presently, mentally,

physically, morally, used continuously, accepting it as a fact of life, of nature, and how the human mind accepts what supposedly makes them feel good.

I could speak endlessly on this subject, because all that is impure, immoral throughout the world, is multiplied by the millions in every facet of life, every talent of life, every mood of life, every desire, because even in the most pure desire, it is oftentimes made into something impure by merely a suggestion, or a quote from someone's writing that was read to attract attention.

I could speak hours on this subject, but as I do I must add a Personal Note to this: My Heart aches, not the heart that you know a heart to be, but My Soul Who is now My Heart, because My Soul is The Father's Love for Me."

APRIL 30, 2003 AT 12:05 P.M.

GOD THE FATHER

“*The little one I use to communicate with others, will speak Words I Declare for others to know and to more fully understand, that to be created as a human being is a Special Gift of My Divine Plan.*

I have placed into This Precious Gift of Mine, the ability to understand so many Facets of The Divine, because of the Importance of this creation that bears a Portion of Me that nothing else has.

So few individuals understand that the Soul they are responsible for is What will be returned to Me when the physical life ends. It is the Soul that is Important every day you live, because all you say, think, do, reflects in That Portion, allowing Me to know how you walk, how you think, and yes, if you pray.

To some individuals prayer is not important, because they do not consider it a communication with any important individual. Others use

prayer to request many things. This, to Me, is special.

The Creation of human life has so many Gifts, plus the Goal for the Soul that as a Portion of Me, must be cared for with dignity, honor, self-control, and always conscious of the Purpose It is a Portion of you.

As I close My Words, I want you to understand: no human life is not important to Me, for I created human life as Part of My Divine Plan.”

APRIL 30, 2003 AT 12:50 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I is important that This Gift of My Divine Love be spread throughout the world. There must be no concern for what others will admit to, commit to, or practice.

Today as I speak, I speak with a Firmness and a Love, but I also speak with a Command that All that has thus far been delivered through *one voice*, and through this *one voice*, several have heard the Words, it is important that millions of men, women and children become aware of This Time in the History of human life.

It is true and it is right that much emphasis is put on the Time around two thousand years past, but now We come to a Time when This Gift of My Dimension is to awaken the minds, not just the hearts, but also the ability to value learning more in a personal way, a direct way, regarding what is expected morally, mentally, psychologically, spiritually.

The Plan is so simple, the Reasoning so logical, and of course, the Importance not behind or far from the minds of what an individual can perceive It to be.

Today as I speak, I speak with much Love for human beings. Many times excuses are made, due to the language barrier, understanding, and inability to perceive, but this is not the case here, because All Things are spoken clearly, precisely, and with a purpose, leaving no doubt, allowing no doubt to interfere.

I could speak hours, but I beseech those who put These Words into script for others to read, I beseech you to be sure They are passed out to millions of human beings who will never have such a close communication as it is through This Gift of Divine Love that bears the Name of The Beloved Foster Father, Saint Joseph. His Greatness, His Purity and His Love will reach out if individuals of all races will but take the time mentally or openly, to accept so much that has passed through The Divine, from The Divine, to the human minds of human life.”

MAY 1, 2003 AT 12:36 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph.

I come today in an appreciation for the Honor that is directed to My Way. Throughout the world there are millions of human beings who ignore acknowledging special days, especially when they pertain to a Saint.

It is important that all ages of human life understand that human life is gifted with a Soul, and that Soul is to return to The Creator and be a Saint. The Greatest Gift The Father gave to human life, besides the human way, was to give a Portion of Himself to give strength, hope, and a deeper understanding of many things, all in union with The Saints.

Even though individuals do not understand how closely connected they are associated with The Saints, it is obvious many times in how they decide to make the right decisions, moral decisions over the opposite of this.

All Saints are Precious to human life in more ways than it is ever perceived to be, because The Saints automatically care deeply for the Souls of all human beings.

What I speak may sound unusual, but I promise you in The Father's Name, It is All factual.

As you celebrate a specific time in the way of human life, it usually brings much happiness, joy. Well, I beseech you: never forget that when you celebrate a special day, announced, pronounced to be that of a Saint, it is important that you more fully understand how the Saint became 'a Saint' in the way of life, the human way.

As I close My Words, I bless all who take Them and all who will read Them, and I plead with you: see the Beauty in being a human being, and what a privilege it is, because a Portion of human life has a Goal Greater than the knowledge of human life understands It to be, but the Goal is to return the Soul to The Creator, The One Who placed the Soul within the newborn child at another time.

I know All I speak is unusual to some, but I assure you, each Word is to help you understand, encourage you to more fully protect that Special Gift of Divine Love within you, your Soul.”

MAY 2, 2003 AT 8:38 A.M.

SEVERAL SAINTS

“There are Several of Us present at this time, because This Gift of The Father’s Love is Far Greater than the mentality of human beings can perceive It to be. So much is understood in humanistic manner, way, understanding, even to the point of questioning What We say.

As This Blessing passes through *one small voice*, it must be realized that *the voice* that speaks the Words is only *one small voice*, but This Gift of Divine Love is meant to attract the mentalities, the abilities of thousands of human beings, perhaps even millions. This is possible because of the nature of human life and the needs for human life to more fully understand that there is logically an Entity of Divine Existence and a Communication, giving to all of human life the reality that human life is, and that it has a Purpose and a Goal, that with Divine Intercession in daily life, and All that is delivered, is Direction to the mentalities of human life.

We speak through *a little one*, obedient in more ways than are known to be a daily manner of life, living: obedience, caring, understanding, because within her We All speak, to instruct all degrees of human life, all backgrounds, of the necessity for which they were created, but even more, the necessity, the Goal they are to understand as a Gift of Divine Love, originated in Divine Plan.

We All smile at *the little one*. She fears missing one portion of Our Words. That is why, sometimes how We speak through her is different than you would expect it to be, but the Gift of This Divine Love has been and is allowing all degrees of understanding so much about human life that The Father Wills them to know.

Several of Us are present here at this time. Our Presence is very heavy on *the little one*, but her obedience supersedes more things than the human minds can perceive Them to be.

I add one Note: This time in which you live has been Blessed abundantly, due to the fact that The Father has allowed so much to be instructed

that, without It, the previous written Words would not be sufficient for the full understanding of the Purpose for human life, and the Goal The Father has created for the Souls to one day be returned to Him.”

PADRE PIO

“I am Padre Pio. I have spoken many times, not always announcing My Name, but it is important for all men, women and children to understand that their creation in the human way was based on Divine Love, because The Father Willed a Soul to be placed within a human body, in the manner and degree and purpose for the sake of the Soul.

Now, many individuals will not quite understand What I have spoken, but nonetheless, It is Fact. Human life of all ages sometimes does not see the necessity for their mentality to more fully understand things other than what they are accustomed to in their daily way of life, and their associations with relatives and friends, yet every human being has mannerisms, ideas, and ways of discussing issues of all kinds; also, find different pleasures in how they move about, what they partake in, and how they feel about life as they live it their way.

I speak differently today, but hopefully it will awaken some individuals who never see life in its full measure of mentality, based on the Gifts of so-called ‘personality’ and ‘mentality’, that oftentimes are the main source that give to their lives enjoyment, and yes, the capability of learning more about life and the lives of others they know personally.

I speak differently, but the subject is something to think about, because the subject is oftentimes passed over as a natural fact of life, never seeing the importance of all the things I mentioned.

I will close My Words now, but it is important, every moment of life, because you are either thinking or doing something else pleasurable for your way of life, or taking care of things that are natural to what life is all about.

All I have said is not what you usually read, but life is many-faceted, and each facet has an importance to it, because in life an individual has the ability to practice morality or immorality, kindness or unkindness, justice or injustice. The list is endless.

Each day a human being lives there are so many places, ways, conditions that can make the day interesting, unforgettable, and a pleasure to have partaken in it. Then, there are days that the physical does not respond, because of an individual not feeling well, or not interested in what is occurring.

Human life has been Blessed with so many assets, and so many ways to address every day morally, psychologically, productively, memorable, and yes, time to thank The Creator for all that human life offers to the human minds, human capabilities, human goals, human happiness.”

OUR HEAVENLY FATHER

“I am your Heavenly Father. Who I Am, the Power I Am is Far Above the ability of human life to understand, but through This Gift I have delivered to the world, instructing and having Many Others Here with Me deliver Words, not just comforting, but enlightening to the Greatness of being created human man.

I have delivered so much through one small voice who basically does not hear Me. I instill in her What I Will her to speak, so It can be put into script for all of human life to share in My Love for them, through their being able to better understand the Close Connection I have with them every moment of every day, from the moment they are conceived until the time that human life stops breathing in the form it is natural for the body to live, having all the traits that give to human life abilities, understanding, association with others like themselves in the human way.

Humanly, life is a Gift of My Divine Love, because it is through this Gift that as the human body passes each day, there is a Soul within the human body, a Portion of Who I Am, What I Am, thus giving to human life the senses of what is right, what is pure, what is wrong, what is impure, what is just over what is unjust in all they do.

The Foundation for the Soul that is instilled at the moment of conception, is a Greater Gift than a human mind can perceive It to be, because though It is difficult to be understood by human beings, it is natural for them to wonder What gives them the knowledge they are capable of, the understanding they are capable of, and the human abilities greater than anything created.

In My Preparation for human life to more fully understand the Importance of human life, I gave to the world a Portion of Myself, called ‘The Son’, in which He, too, had a Soul like all other living matter in human life.

***T*he little one stares at My Face because of the Responsibility she**

innately feels when Words are spoken from Me to her, constantly aware that the Words are to be delivered so that millions of human beings will be more able to understand the Close Association I am to man. The burden on her is far greater than any human being can perceive it to be, because she is totally aware of a Major Responsibility in which human life is the recipient of All she repeats, and It must be done correctly so there is no misunderstanding of What I spoke and the Value of It that is important to the Souls of multimillion people that have no concept of the reality of My Presence that they carry with them, from the moment of their conception.

As I close My Words at this time, I smile at *the little one*, because through her earnestness and deep concern for All that she speaks in My Name, and the Names of Many Others Here, it is beyond human understanding, and in many ways difficult for many to fathom such a Gift of Personal Communication, so humanly seen as an inability to human life, and yet What is spoken has an obvious logic, sincerity, responsibility and Divine Love.”

MAY 5, 2003 AT 12:54 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

We All smile at this *little one* who is always eager to allow What has been spoken to be of such great importance that it is sufficient for thousands of Souls to be helped by the ones in whom They exist.

The written Words, the spoken Words, she feels should be instilled into the minds of the individuals so they are always prepared to follow to the degree, that What they heard was to give them the strength to better understand more things than they did before, thus giving to them the ability to say they do not expect any more to be spoken.

We All smile at this, because in *the little one's* mind so much has been delivered, covering all subjects and all degrees of intellect.

I close My Words with a smile. It is important for All that has been delivered to never stop being delivered throughout the world. Do not worry

about the language barrier, due to the fact that translation is prevalent and is oftentimes the greatest way to help certain individuals concentrate more on what they read than you could ever imagine.

As I close My Words, I bless all who take Them and all who will read Them, because This Gift of Divine Love is, in many ways, to instill in the minds of millions of human beings what a Special Gift it is to be born a human being.”

MAY 6, 2003 AT 11:50 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

In My Design of human life, I did it in a manner, a way, and a degree necessary for it to be all I Willed it to be able to handle mentally, morally, spiritually, wisely, so each human being would be equal to each other in the Foundation of how I planned all things to be. I instilled also, a Portion of Me, never to be seen but to be felt according to Its Purpose, Its Reality and Its Association with Me.

Through time, many steps in so-called ‘advancement’ were allowed by Me to give a deeper degree of motivation, of abilities, of understanding what a privilege human life was, and it had a Purpose, with a base of many things to help the mentality more fully understand that the human way was created to reach a Goal that I created, so that there would be a greater number of Portions of Me to be returned to Me, in what I would call ‘Purity’.

I speak differently on this day, but it is to alert human beings that the Foundation for human life was My Love, and also, My Desire for each human being to realize that human life was not like a stone, a piece of wood or something of that nature, but that human life had a Future, and that was and is to return to Me, That Portion of human life that is a Portion of Me, called 'the Soul'.

Though it is difficult for so-called many 'learned' individuals to be able to fully understand what a privilege it is to be born as man, My Will must be seen for the Love I instilled in this Creation of Mine, that no one, or nothing has the privilege or the power to imitate.

I speak differently, I know, but the time has come for all human beings to see the reality and the Divine Love that they were created with as a human being, and that in My Love for this Creation of Mine, I have promised that the Goal for That Portion of each human being, the Soul, that is also a Portion of Me, be returned to Me in a Pure State that I instilled It, to be attached, a Part of a living matter of life.

Human life has a Purpose, but it has a privilege greater than anything else created.

I will close My Words for I could speak hours on end on the Importance of My Communication, My Association, and My Close Union with every human being born to the world.”

MAY 6, 2003 AT 1:16 P.M.

SAINT ANTHONY OF PADUA

I t is Saint Anthony of Padua. He is smiling.

“The Father has Blessed the whole world with This Gift of His Divine Love. He chose a particular area in which He felt would spread the Words He Desires all of human life to learn about, no matter what language they speak.

The enemy that tries very hard to stop others from requesting the written Words will not stop, because it is innate in this evil to want to eliminate All that has thus far been delivered through This Gift of Divine Love, for the sake of Souls of all human life.

It is difficult for many to fathom the Fact that, as a human being, they have a Portion of The Creator of All Things within them, and that This Portion is responsible for how the individual responds to every act, thought, deed, that the individual is exposed to, takes part in, and many

times is even the victim, but ignores this fact and continues to go on and on and on, hoping that what is affecting them will be erased and they will be able to show openly their innate understanding of things, their innate belief in things, their innate hope.

All I have thus far spoken may be difficult for some to understand, but time perhaps will give them the mental awareness to important Facts regarding human life, the Importance of The Creator, and that one day they will face The Creator.

I speak differently today, because you do live in a time wherein there is much diabolical intercession, and much open immorality acceptable to even the so-called ‘finest moral’ human beings in existence. So many individuals do not see the reality in temptation. They say it is part of life, and they will just have to endure it or accept it.

I speak differently today because there are millions of men, women and children throughout the world who do not think one time during the day about their behavior or their acceptance of what is immoral for

their Souls; in fact, they do not even think that they have a Soul, because they immediately feel that if It was a Portion as Great as It is claimed to be, they would be aware of Its physical presence, thus ignoring that in the mentality of human life, the sense of what is right over what is wrong, what is truth over what is untruth, what is just over what is unjust, speaks loudly to the intellect, to the senses, and to the imaginations.

I will close My Words, because I could speak endlessly on how many individual human beings daily ignore the privilege of being a human being, and that it has a Purpose Greater than any physical matter, condition an individual is faced with, but I will add one thing: The Father has given Me the privilege to make '*The Sign of The Cross*' over those who take the Words, put Them into script for others to read."

MAY 7, 2003 AT 11:05 A.M.

GOD THE FATHER

“When a child is conceived, and then the child is then born for Me, this child is a Blessing beyond what the human mind can perceive it to be.

I created human life for a Special Reason. It was to give, to share, and to extend My Divine Love beyond what It originally was. My Love for human life is beyond human dimension of understanding or realizing that I have designed a Future beyond what the human life can perceive, so do not fear leaving the human way. It is just a step of My Divine Love for That Portion of human life to be returned to Me Forever and ever and ever.”

MAY 7, 2003 AT 11:50 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

The little one I have chosen to speak so many Words on My behalf, so that thousands, hopefully millions of human beings of all ages will respond to My Words, because I have a Portion of Me within every human being. It is called ‘the Soul’.

Some might ask, with so many millions of people born to the world, why I would choose *one voice* to speak All I Will human life to understand and to commit themselves to. I smile at this state of human understanding. When My Son walked the earth, instructing millions of living human beings, you must remember He stood alone, giving to all mentalities What I Willed them to learn about and to know, but also, to understand that *one voice* can be heard, understood, because of the quality of the Messages, logical to man.

So many Blessings have been passed through, so many Lessons revealed through *one small voice*. I say These Things because it is innate

in human life to want to recognize progress, but oftentimes What I Will human life to understand is released in small dimensions so they are not overcome by All the Words that are used. It would confuse them, and they would not concentrate on what pertains to them spiritually, morally, mentally, physically.

I have given to the world a Gift Greater than the human minds who take part in It fully understand, because the Words that they hear and read are so simple, so logical, that They are taken for granted many times as 'natural'.

I love human nature. I created human nature, and I created all dimensions of mentalities; also appearances, so that each human being would be an individual and not confused with such a definite likeness to each other that they would not be separated in all the reasonable purposes for which All I deliver is to be seen as important and not to be cast aside, without at least sensing the Value for not only the Soul, but the physical practices that are natural to the living part of lives.

I close My Words with a Blessing, for I feel great pleasure today in All that has been spoken regarding the Importance of Souls; also, that *one small body* accepted the Responsibility to walk, to speak, to obey, and abide by My Rules, thus allowing millions of human beings to at least have the opportunity to recognize the Importance of human life, My Love for it, and a Goal that awaits it at a given time.

I smile as I leave, but never forget, I am leaving only in the sound of the Words I have requested to be spoken, for I am always present through your Soul.”

MAY 7, 2003 AT 1:35 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

I am sad at this moment, only because all of you cannot see the happiness Here in the Heavens that This Gift of Divine Love is accomplishing, in more ways than you can comprehend it to be. Your closeness to This Gift of The Father's Love is a Gift Greater than any human gift could be.

The Father, in His Love for human life, thanks all in His Way, who participate in helping to give to others All the Directions, and the Divine Love that passes through Many Saints, to all ages, all backgrounds, and definitely all degrees of intellect. Granted, This Gift has been evident for many, many years, and thousands and thousands and thousands of Words have been spoken, instructing, encouraging, and giving hope where it is needed.

So Many Saints Here in the Heavens daily request to speak, to be a Part of helping Souls of millions of human beings to more fully under-

stand that to be created in the way of man has a Greater Goal to one day receive, and that Goal, of course, is for the Soul that no human being ever sees, because It is a Portion of The Creator, and He instills It at the moment of conception because of His Love for human life, and it is through the Soul that an individual is capable of understanding the reality of life, and also the intellect that human life is gifted with, thus not allowing for one portion of human life to not understand the Importance of being created as man.

Children are not being instructed properly, because too much is taken for granted that they will learn through their experiences, what is moral over what is immoral, what is right over what is wrong, what is pure over what is impure, what is just over what is unjust.

When The Father chose the Time for This Gift to be given to the world, He did it when He knew that human life of all ages, all backgrounds, would have the capability to understand It more indepthly than they would at another time.

The Father's Love for human life is a Love Far Beyond what the human mind can perceive It to be. It is a Love Beyond, that only The Divine can fully explain at a later time.

We hear human beings of all ages tell someone they love them. Basically, the word 'love' is understood as special, which, in the conversation makes it that way, but in reality, love has many beautiful facets to it, many areas, and much more indepthness than it is understood to have. Love, in many ways, is not just caring, nor is it just sharing, because love, as The Father Willed it to be, is helping the mentalities of human beings see the value, physical, moral, even monetary.

Some individuals find themselves caring, but not to the point they desire to be in the fullest manner of sharing. The Father, in His Love, is Example of All that is Special, because in the Creation of human life, He placed within it a Portion of Himself. The word is simple; It is called 'a Soul', a Connecting Link for communication, and so many other things. The Soul is the Strength to help individuals practice what is pure over what is impure, just over unjust.

As I close These Words at this time, I hope those who take Them and those who will read Them, remember one Special Wish that The Father has for everyone, and that is to return to Him, That Portion of Him, because It will be a Part of the one in whom It was placed at a given time, for more reasons than a human individual has the ability to perceive, because it is Far Greater in Essence, Fact, Value, and Divine Love, than the human mind is capable of.”

MAY 8, 2003 AT 12:34 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

The little one I use, and so Many Others Here with Me, has been requested to take more time in what the human mind calls ‘resting’.

The world has been Blessed abundantly with Personal Direction, and also Direction that is basically for all facets of all lives. I have given to the world a Gift of My Divine Love to help human lives of all ages have strength, understanding, and the knowledge to know that the Creation of human life has a Purpose and a Goal. This should not be difficult to understand, for is it not innate in human life to want to be successful and have goals in many areas, many ways, for many reasons?

The Goal for men, women and children should be understood as a Goal Greater than anything else created, because the Goal is for That Portion of human life that is a Portion of Me, What I Am, Who I Am, that is to be returned to Me, in a Pure State, Forever and ever and ever.

When I hear individuals discuss what they term the ‘Hereafter’, it is only a discussion, but rarely is it based on facts that Part of them is a Portion of Me, and that is what will make it such a Tremendous Gift. That is why it is important for human beings of all ages to understand the beauty of morality, purity, honesty, truth; also, dignity in how they live, how they treat others through their actions, their intentions, their mannerisms, and their goals.

I have given to the world a Gift of My Divine Love, using *one small voice*, which proves What is being spoken comes from Me, because to be heard in the human way would have to be done differently.

I bless *the little one* that I use, but I bless all who work with her, who desire to extend All I Desire for others to read, to learn from, so that in reality thousands of Souls will be given the chance to be returned to Me in a Pure State, because of the one in whom They were placed at another time.

I could speak endlessly on this subject, but I know that too much

reality, indepthness of such a major subject is easier to understand when it is not complicated, or too lengthy for the memory in man, but as I close My Words at this time, I assure you: I Am Fully Aware Of What Is Occurring In The Souls Of Every Living Human Being, Every Moment Of Every Day."

MAY 8, 2003 AT 1:30 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph. I come on this day because it is important that I say My next Words.

The Father has Blessed the whole world, even places not close to you, but there are too few who see it that way, or even desire it to be that way. You live in a time worse than Sodom and Gomorrah. That would be difficult to understand even if you really were able to perceive the degree of immoral ugliness, plus many other types of sins that occur every day.

Children are not being given the right direction, or are they being shown through the actions of others, what is not just proper, but what is pleasing to The Father physically, mentally, morally, even in secretive plans, ideas, ways.

At one time, when a man of God, a Priest, would raise his hand in a Blessing of those who were present, everyone present felt that the Blessing was seen by Heaven, and it would

give strength to their physical, their mental, their moral, in every way.

Today so much is missing throughout the world. So many men, women and even children, ignore the importance of, the value of, the dignity of, how they act, how they speak, and what their basic intentions are in everything they do. Immorality is prevalent in every facet of it, and I add, in the greatest degree it could possibly be practiced. By 'greatest' I do not mean good, I mean in measure that is ugly, when it is compared to what is morally sound and acceptable.

I could speak pages of the written word on so many facets of human behavior that are more pleasing to the enemy of The Father and of human beings. There is so much disrespect to what is pure, what is right, what is dignified, and what is pleasing for the benefit of the Souls of thousands or even millions of human beings.

Another subject that I could speak endlessly on, is the impurity, the indifference in how individuals use their personalities, their natures, their characteristics, their language, and all the other facets of human

behavior that, in true essence, is only pleasing to the enemy of all there is.

I will close My Words, but hopefully What has thus far been spoken through This Miracle of The Father's Love, will help to erase many of the impurities and replace them with more sound reasoning, more understanding that each human being has the responsibility given to them at their birth, the Soul, That Portion of The Creator that is the recipient of all an individual does at all ages of life.

I will close My Words, but there are hundreds of pages that could be put into print regarding the atrocities of behavior that so many individuals practice for no reason, just feeling they are part of human life, totally ignorant, totally remiss of what the Beauty of human life can give to them: happiness and an inner joy that nothing else is capable of.

My Words are different, but hopefully They will be read in the manner and degree that will help individuals more fully understand that every action, every thought, every word, every deed is recorded in the Soul that is a Portion of them

**since the moment of their conception,
until the day God chooses the time to
be that the human life ends.”**

MAY 9, 2003 AT 12:24 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

I know that to some individuals when they are told that they live in a time worse than Sodom and Gomorrah, the inner resentment is difficult for them to handle. Granted, they know only by the words what Sodom and Gomorrah were fully, truly like, but to most of them it is an insult, which should automatically alert all people to the fact that sinful times in the History of human life were wrong when they practiced so much immorality openly and with no conscience, and to what degree they abused their Souls.

Many of Us are Here today, and We All agree that the time has come for human beings of all ages, all stations in human life, begin to understand that as it is innate in human beings to seek high goals, high standards, and high potentials in respect to how they think, how they act, and want to be accountable for in the eyes of others, you live in a time that all good things could happen, and the beauty

of this would be that sound realistic happiness would be available, but more than this, it would be practiced in all age groups, and of course, more pleasing to The Creator.

Children are not being instructed properly. There is so much relaxation in how they are directed in their behavioral attitudes, conditions, and wants.

Needless to say, so much has been given verbally through This Gift of Divine Love, and in so many ways depicted in a manner and a way understandable to individuals with short memories, and little understanding of factual matter that is important to the human way of living.

I could speak hours, All of Us could, on the necessity for human beings of all backgrounds, all intellects, all types of learning through educational sources, that each day has an importance to it, because it is accountable to the Souls of every living human being at a given time, a given place, and in a given way.

I close My Words. I know I speak differently. We do, Those Here with Me, and My Way of saying things, but

I beseech those who take the Words, and who will spread the Words, to be sure that you never doubt What you hand to others as being factual and beneficial and realistic in the Eyes of The Creator, especially when It comes through This Gift of Divine Love that so much is spoken and put into script, that is logical in every facet of It.

I close My Words with a Blessing in The Father's Name, and I say: '*In Nomine Patris, et Filii, et Spiritus Sancti. Amen.*'"

MAY 10, 2003 AT 11:35 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father. I speak often through This Gift of My Divine Love because of the Importance of My Creation of human life, and I am a Portion of it. The Soul is My Protection, but also, My Gift for a Future Time with Me for the Soul, but also for the one in whom It was placed.

Blessings come in many ways to human life. One is for the ability, for the mentality to be able to absorb important issues, items, facts, thus giving to an individual's life purpose, and a degree of more understanding how closely they are connected to Me.

I speak often through *one small voice*. My Words are direct; there are no thoughts in between that could enter the importance of What I have to say.

There are millions of human beings throughout the world who have no understanding of this Gift of My Divine Love. That is why it is so important that All that is delivered,

be scattered in a dignified manner of way, to millions of men, women and children to be able to learn and to better understand that to be chosen to walk the human way does not bear just responsibility, but a Future, because of That Portion of Me that exists within each one, making them Special, Higher than the flowers in the earth, the trees and all other things that human beings treasure, because it is part of their way of life to live in the midst of things I have created to support human life in many ways. By this word 'support', I basically mean not monetary, but physically. The monetary has another means.

I know to some My Words will sound much different than I usually speak, but there is no matter or condition that I do not want understood because of the importance each thing is in the lives of millions and millions and millions of human beings.

Human life is the flesh; the Soul is a Portion of Me, thus giving to human life more than anything else created, because I created human life with many Gifts, many abilities, helping them to more fully understand that

human life separates itself from all other things created, and the Goal for what I planned by putting a Portion of Myself within human life, thus making human life a Gifted Portion of All I Am.

I will close My Words, but as I do, I want all who believe in Who I Am, What I Am, that in My Creation of human life, I have a Goal for it Greater than the human mind can perceive It to be. It is ‘the only creation’ that is gifted with the Soul. I beseech you: Remember This.”

MAY 10, 2003 AT 7:10 P.M.

“There are Many of Us present because of the Beauty of This Gift of Divine Love that is a Far Greater Gift to the whole world than It is perceived to be. The Father, in His Love for human life, His Goal for human life, used This Time to deliver Words of encouragement so individuals of all ages will fully understand that there was and is a Purpose Greater than what is understood to be; that is, the Creation of human life called ‘man’.

A small voice was chosen to repeat Words not heard, but instilled in the mentality so there could be no mistakes in content delivered with important Instructions regarding the Divine Love that is evident to mankind.

There are Many Saints Here in the Heavens Who are eager to speak through This Gift because of the Importance of It, not just reminding those who are alive in the world in the human way, but encouraging and alerting them that there is a Goal to

be reached, Greater in many ways than It is ever described in Its full meaning and degree.

Blessings abound when Anyone from Heaven speaks, because It is not a natural phenomenon but Supernatural, based on Divine Love to give strength mentally, morally, psychologically; also, reminding human beings how closely associated they are with The Divine King.

When you hear an individual say to another one, ‘*God bless you*,’ or ‘*God be with you*,’ it has a sound to it that awakens the mind of another individual, that calling on The Creator is a natural act of love.

I will close My Words at this time, but I beseech you to be constantly aware that you are never alone, because as your Soul is a Portion of The Creator of All Things, there are Many Saints present Who walked the human role.

As I close, My last Words will be at this time, ‘*God bless you for your Faith in The Divine.*’”

MAY 12, 2003 AT 11:57 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

The little one I use for so many important Messages and means of Communication to millions of men, women and children, is always available for My Presence and ready to obey What I Will to be spoken, though I hear criticism regarding opinion on, if This Gift of Mine was Truth, I would have chosen a totally different nature, personality and voice, for others to receive What I Willed them to know.

All ages should become aware of This Gift of My Divine Love and I add to this, all backgrounds of life, all nationalities, because to believe in Me was not meant to be for specific reasonings regarding human interpretation or human understanding regarding how I would Will, or I would practice, or I would deliver My Love for all of human life. I have no favorites of any kind, any background, any dimension of mentality.

The little one hears Me only as I speak, but is aware totally all the

time of My Presence. I have Blessed thousands of human beings by allowing so much to be spoken and put into script, to allow more ability to see human life with Me, as The Creator of All Things.

Children are told to learn prayers. This is good, but it is not sufficient in helping them to more fully understand My True Existence and My Divine Plan for what I created human life to be, and to return to Me a Portion of them, within them, that I Am. It is called ‘the Soul’.

I will close My Words because I speak with Divine Love for human life, but I know that I cannot talk too lengthy at one time, because All I speak has so much indepthness in It for It to be remembered, for the sake of all parts of human life to more fully understand that in the creation of them, I become Part of them in the Soul I place at the moment of conception.

I bless *the little one* and all who spend time with her, because it is through their love for the Importance of This Gift of My Divine Love that millions of Souls will be returned to Me in the condition, the way, the

manner, and the Divine Love that I Will It to be.”

MAY 12, 2003 AT 12:55 P.M.

SAINT JOSAPHAT

“I am Saint Josaphat.

What I am about to say will be different than I usually speak, but The Father, in His Love for human life, and His Divine respect for Me, is allowing Me to speak Words I would not ordinarily deliver.

When human life was created, it had a Purpose immediately. The Father’s Will was to share All He Was, and All He was capable of doing. Logically, before this began, there had to be many preparations throughout the universe, because only The Father could have designed and put into place all things in the correct order, reasonability, and for future use, as well as the present use that was needed for it. The world that human life lives on is taken for granted in every facet of it. What surrounds the earth is also taken for granted.

The reason I speak These Words is because so few human beings ever think what an Ultimate Source had to be, not the discoverer, but The Creator

of All there is. In so many ways, those who live at this time and some time before this, either do not think or never thought that all that exists did not just occur; it had to be created for a purpose, a reasonability of logic.

When individuals read, either in what is called a ‘Catechism’ or a ‘Bible’ or a ‘historical novel’, the greatness of how all things began is impossible for the human mind to understand; thus, then not being able to write it in its actual, logical perception of how it all began.

We hear so many scientists use their theories on so many issues, their views of perception on how all things truly were able to reach a point of conclusion, workability and logic. For one day to have human life created, and be able to live a human manner of all there is to life, this is rarely thought of.

Now, as We take a step more into this time in which human life is active, has abilities, and also is capable of seeing the important things that exist to a degree that gives more attention, but never can they see how The

**Father, in His Way, created All things.
Remember, I said, ‘His Way.’**

I feel very sure that for many thousands or millions of human beings, it was an impossible situation, thus allowing their mentality to only accept what was occurring as ‘natural phenomena’, thus also ignoring that there had to be a Creator beyond what was logical in the beginning of time, for human life to be created.

I know I speak beyond what some will understand, and some will find difficult to follow in their minds that all things began by The Creator. Books were not written, but as each thing was created, there was behind it not just an Individual, but a Source, a Force, beyond what the human mind could or will ever be able to perceive It to be.

Some may ask, ‘Why would they not think of God?’ Well, ‘God’, at that time, was not a word understandable to what existed at that time, because God, as we know The Creator to be, is beyond what the human mentality could ever fully understand, or be able to perceive the True Existence of.

Now, All This has been spoken, so that when It is put into script and will be read, It will give some individuals, not all, a greater belief, and hopefully a thanksgiving, that ‘The God that we talk about so easily, so practically, so personally, we will one day be able to meet in a way understandable to us, but also obviously showing what a privilege it was for us to be created a human being.’”

OUR HEAVENLY FATHER

“I am your Heavenly Father.

The resistance that the human minds of so many individuals that refuse to understand My Deep Love for man and do not accept My Presence through *one voice*, in many ways it is due to the responsibility that they would have to feel regarding their daily ways of life, and a fuller understanding of the importance of morality over immorality, justice over injustice, and Faith in what is expected of them, from them, for the good of their Soul, for the benefit of their Soul, for the belief that they have a Soul, a Portion of Me within them.

I have given to the world *a small voice*, not a voice that would echo so loudly that it would be disturbing, but the softness of *the voice* tells them that in My Love for human life, I would speak gently yet firmly, but lovingly because of the Importance for which I created human life and am a Part of human life, within each human being. It is called ‘their Soul’.

In reality, in My Creation of human life, My Purpose for putting a Portion of Myself in it, was to give strength, logic, hope, and a greater degree of desire to value human life for the Purpose for which I created it.

Today as I speak, I speak with Deep Love for human life, but also Concern, because so many individuals are careless morally and This Must Cease!

I will close My Words, but before I do, I want all who read Them or hear about Them, to remember Them. My Divine Love is Greater than the human mind can perceive It to be; My Power, Greater than that, and My Purpose for human life is a reality that I hold it with much Divine Love because of it being a Part of Me that I Will to be returned to Me at a given time, to be with Me in The Divine.”

SAINT ATHANASIUS

“I am Saint Athanasius.

There are so many interesting facets, degrees and subjects in which human life consists of and is able to cope with, but also to learn more about as each day passes. There is no other living matter or thing that has a Blessing of this degree or ability.

So many times, when One of Us speak, We know that those who listen to the Words when They are spoken through *a voice* like their own, their attention is multiplied to a greater degree than when their own voice is speaking. Is that not so?

I open My Words today with a question different than you are used to hearing from Me, but all points in human life, all Gifts in human life, such as the Gift of understanding, the Gift to be able to discern the meaning of what is spoken, or perhaps written in a language understandable — without these Gifts human life would be based on totally imaginative measures of understanding.

Several of Us are present and *the little one* keeps asking, ‘Which One of You will speak?’ We smile at this because of her innate logic, practicality, and desire for only Truth to pass through her at any given time that she is with one or more others.

We hold her tightly, because her body is physically weak at this time, due to the degree of Power that has been used in so many ways, so many times, for so many reasons, and she has been requested to rest the body in a manner suitable to her, so that it is not too weak to be able to communicate with Us and with you.

She is staring at Our Faces. We smile. She is asking Us questions, but she wants the answers clearly given, and We tell her it will be done when the time is right, but first We have things to say to give strength to millions of human beings regarding the privilege they have of being a human being, and they have a Goal to reach through this Gift of human life, and that human life, though some think it ends, it continues on through the Soul. The physical is not necessary then; the Soul takes over where The Father places It.

In human life there is never a total loss of an individual life's way, purpose, dignity and Goal. We All smile, because she says, 'Is that all You have to say?' and We say in unison at this time, 'Yes, but you can be sure that We will All return, perhaps separately, or Two or Three or Four at a time, according to The Father's Will, and What He wants delivered for the benefit of the Souls of millions of human beings who do not fully understand What they are the custodian of, and that they were created by Divine Plan.'"

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

All of The Saints Here in the Heavens are so pleased to be Part of This Gift of The Father’s Love for all of human life. So much is delivered to enlighten the mentalities to a stronger way of living, encouraging more belief in The Creator of All Things, more love for The Creator of All Things.

Today as I speak, I speak with deep sincere care that all ages of human life learn about This Gift of Divine Love, that basically is a rare Gift, because the Importance of It is to help human beings of all degrees of intellect to more fully understand that within them they have a Portion of The Creator, and it is This Portion of His Divine Love that is to be returned to Him. Without this Gift, life would be like all other living matter and things.

Today as I speak, I speak with a sincere hope that This Gift of The Father’s Love is delivered throughout the world. Granted, it would take

many languages of understanding regarding the Wording that would have to be checked, so it would be the correct Wording, as It is delivered through this *little one*.

I will close My time with you now, but I will return at a later date, because of the importance of What I have spoken, but also, because The Father, in His Divine Love for human life, wants what is easy for mankind to understand that is Truth on all issues, and Everything applicable to the manner of living that human life has.

Blessings abound in many ways where This Gift of Divine Love speaks on many subjects, in many ways, but always to help men, women and children of all ages to more fully understand there is a Goal for a Portion of them that The Father placed within them at the moment of their conception to life, called ‘the Soul’.”

MAY 14, 2003 AT 1:35 P.M.

SAINT ROSE OF LIMA

“I am Saint Rose of Lima.

The little one We All use to communicate with thousands of men, women and children of all ages, is by nature quiet, so when she hears or feels Our Entrance, she immediately says, ‘Will I have to talk?’ We All smile at this, because What We speak through her is beyond what a human mind would choose.

All that is delivered is to help Souls, through the ones in whom They are placed to more fully comprehend, understand, and accept more things than the average human being would accept, because the Soul is the recipient, sometimes the victim, and most times the One that is left to account for all the individual thinks, practices, becomes a part of, and also stands firm on their own intentions.

Today is a beautiful day because of the importance of how it began. The Father smiles at this Statement, because what human beings of all ages forget, or do not fully understand, that

to put The Father at the beginning of the day is greater than the human mind can perceive it to be. So often and through most lives, when the day begins, men, women and children immediately begin to put forth all their efforts on what the day is planned for, or what they are expected to participate in, or even to the point where sometimes they become vulnerable to what others think or cause them to become a part of.

So much can be instructed daily in This Gift of Divine Love, because each human life has a variety of choices, or a variety of conditions that they become involved in, not always suitable to the Importance of their Soul, but oftentimes the Soul is disregarded and many things occur that could be disastrous to some Souls because of the sinfulness, or the lack of purity mentally that an individual becomes involved with.

I say These Words because They are something to be thought about. The realistic meaning to every moment of human life is obvious, and should never be disregarded in the terms, 'That's life.' No, because human life can make changes that are proper and

more to what they know that should be, and that is to take everything into the understanding that the Soul must be protected continuously, and that an individual's personality must never be acceptable to what is impurely stated, practiced or encouraged.

I could speak hours on this subject, but what I have so far spoken must be seen for the worth It is, the importance It is, and that in It there is much Direction.”

MAY 16, 2003 AT 11:52 A.M.

“There are too Many of Us present for the Names to be put in script. Our Heavenly Mother smiles and says She will speak. Each Word She speaks will be a Treasure. We All know this.”

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

The Blessing that the world has received is Far Greater than the human mind of any living human being can perceive It to be. It is above what human life is used to, and for some perhaps difficult to believe that as so Many of Us Here in the Heavens speak through *one small voice* to instruct, to encourage, and to aid all ages of human life to more fully understand that their creation in the human way, was a Gift of Divine Plan, and the human way of living, based on the Gifts that were given, such as the mentality, the ability to speak, and all the other things that give to human life understanding that there is a Goal.

Some might say, ‘Why is it so easy to accept a Goal in the manner You say it?’ I smile at this, because one of the Gifts in human life was an innate desire to achieve; granted, according to their understanding and needs, but the Greatest Goal is when human life closes and then the Soul, after having been the recipient of all the individual practiced, participated in, is left alone to return to The Creator in the degree and way the Soul was left, the individual walked with one day.

I know that many that will read These Words will find It astonishing. Some will find It frightening. Some will find It exciting, because human life, in the time it is a living thing, has the ability to learn so many things that give them the treasure of the ability to speak and deliver what they know, sometimes to thousands of people. The mentality can be developed to great lengths, great degrees, if the one in whom it is desires to do so.

The Father has given to the world a Gift unlike any Other One before this; also, to the degree higher in so many areas, allowing human beings of all ages to not just realize, but see the advantages of being born and having

all things that give to human life a sense of understanding in a deeper depth of reality.

I could speak hours on this subject, because it is important that the mentalities of human beings look to the advantages that are pleasing, beneficial, and part of the Goal for the Soul that an individual is gifted with at the moment of conception. The Soul lives on when the human part is set to rest.

I will close My Words, but as I do, I plead with you and I request you to remember every day of your life, that being created a human being was and is a Gift of Divine Love.”

MAY 16, 2003 AT 1:35 P.M.

SAINT TERESA OF AVILA

“I am Saint Teresa of Avila. I come on this day, because of The Father’s Will for Me to speak, in a degree and manner that all ages of human life will be able to understand that in His Creation of human life He had a Beautiful Plan.

The Plan was to give to this creation Blessings that nothing else would be the custodians of. First, He gave to human life an understanding based on what He knew would give them a Foundation different than anything else created had. He also instilled a sense of judgment, thus giving strength to all that a human life would be exposed to.

Each step of creation has a purpose, and each step is important because of the Soul that each living human being is responsible for, along with their own understanding of what they were created to be able to do, to practice, to partake in, and use as the Goal for their Soul at another time in their way of life in the human way.

Human life has been Blessed abundantly, and there have been many eras of time wherein little was thought of how Important human life was.

Today as I speak, and Many Others Here with Me, it is important that no day pass without a personal communication through what is called ‘prayer’, thus admitting and committing to the dignity that human life has with The Divine that nothing else living has. Prayer, to many, is not always what they think of doing, unless someone close to them does it, either in a habit way, or in a scheduled way.

Children are not being instructed on dignity in every part of life. There are too many excuses made for them, because those in charge of them do not want to take the time to instruct them.

Thousands of pages could be written on the closeness human life has to The Divine, but also, all the reasons for human beings of all ages to address The Divine with dignity, concern, and yes, understanding how close they are, through their Soul, with The Divine.

It is a Connecting Link that is logical, but rarely thought about.

I could speak hours on this subject, but What I have thus far spoken, hopefully will enlighten some individuals to be reminded that they are not like the animals created, but they have a Soul within them that is a Portion of The Creator, thus causing them to have more respect for everything they think, they do, they say, they practice, every moment of every day.

I close with a Blessing; you know it well: *In Nomine Patris, et Filii, et Spiritus Sancti.*"

MAY 19, 2003 AT 12:50 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

Legal issues that human beings are subjected to are necessary in many ways, to keep law and order, also honesty, also truth, available for all degrees of mentalities, ages, backgrounds, and interpretations of facts, figures, issues, and situations.

The Father has Blessed the world with a Gift Greater than the human mind can perceive It to be. In doing this, He does not say: I am criticizing your mentality or your ability; but, ‘I am instilling in all of human life, that though there are laws, regulations concerning the physical part in the world, you must never forget that the physical actions, thoughts, words, deeds, are oftentimes part of your Spiritual practices, duties, obligations, and understanding that with all you know, all you understand, all you feel obligated to, is accountable to The Divine Plan of your human life, your human manner of living, your human practices, your human behavior, your

human mentality, understanding that you are subject to one day facing The Divine Creator.' Thousands of Words could be spoken on this important part of human life.

My next Words are sad, because even the so-called 'most Holy individuals' allow themselves, permit themselves to ignore what is right over what is wrong, what is pure over what is impure, what is just over what is unjust.

All of The Saints Here in the Heavens have thanked The Father for allowing This Gift to become so important in What It delivers, because of the necessity of the protection of the Souls of millions of human beings, all races, all colors, all creeds. Thus far, These Writings have not passed the major distance for others to read and to begin to see that The Father's Love for human life is Open, It is Available, It is Concerned, and It Desires all human life to more fully understand that human life bears a Gift Greater than anything they could buy, they could make, or even steal, because the Soul is the Important Entity of the Communication between The Divine and human life.

The Soul is the recipient of all an individual thinks, practices, participates in, and shares with others. We see so many individuals buy or receive something materialistic that they dearly love, and they protect it without question because of its great importance to a certain facet of their life. This is not wrong, but oftentimes it supersedes how they feel about their Souls.

I could speak endlessly on this subject, but I beseech those who put the Words in print and those who will read Them, to use your logical mental ability to see that there is a Future to life that is different than you are used to, but It is Greater than you can achieve in any facet of human life.”

MAY 20, 2003 AT 8:42 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

There are more reasons and much more purpose for This Gift of My Divine Love that I have given to the world several years ago, through *one small voice*.

The Soul that each human being is gifted with, is a Portion of Me that I want returned to Me in a Pure State. I ask you to compare This to something valuable you own. Do you not fear losing it, or putting it somewhere difficult to find, to be able to use it? This comparison, of course, is far less than what I spoke about the Soul, because the Soul is basically gifted with more than the human mind can conceive It to be, or compare anything human that mankind is acquainted with.

The Creation of human life is a Gift greater in so many ways than it is understood to be, because it is the only Gift I have instilled into, the privileges and the Goal to be returned to Me.

I will close My Words now on this subject, but I want Them to reach all dimensions of human life and not be held in a quiet place, not to be seen.

As I speak today, I speak firmly and yet with a Deep Love for the Souls of all human beings. More will be spoken on this at a later time.”

MAY 20, 2003 AT 1:13 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

The world has been Blessed with This Gift of The Father’s Love that instructs in so many ways, degrees, the importance of becoming ‘a Saint’. Through so many Revelations that have thus far been delivered, The Father has encouraged, and allowed so Many Here in the Heavens to speak, to give strength to those who are yet in the living state.

We hear you speak. We understand your concern, and even the turmoil that is presented because of so much diabolical intercession in so many areas of human life.

The world has been given a Gift to help all of human life understand that there is a Creator, and that many portions of life are gifted with the ability to return to The Creator, a Portion of themselves called ‘the Soul’. Many who hear These Words try desperately to discern Them in a degree, a manner, and according to their ability to believe in All that is

instructed, taught, encouraged and delivered.

There is great sadness Here in the Heavens when We see millions of human beings practice their routine, daily ways, time, and never think of The Divine, never think of Who gave them the strength physically, mentally, emotionally, to walk through the day and do what they were expected to do, many times for a payment from someone else, many times for an act of kindness, and many times just because they felt like doing something that would please.

All the facets of human life are beyond what the human mind could count, because the number of advantages are far greater than the numbers in the human life could reach. This may sound strange to you, but it is fact. Just think of the times that you have raised your hand to shake the hand of another human being in an act of friendship, or just meeting them. Multiply this by all the individuals throughout the world. How many do this every day? Now compare this to the acts that individuals practice talking to The Creator, asking for aid

of some kind, some source, some force, some need.

The reason I talk like this, because in hearing what you just spoke about, there is no definite answer in the human way to fully comprehend or commit to a source, or a manner, or even a degree of what an individual can accomplish, because the human mentalities all differ, the human personalities all differ, the human capabilities all differ, and the human earnestness and sincerity all differ. That is why, when The Father gave to the world, through a man called 'Moses', the privilege, the responsibility and the duty to put into a script of that time What The Father Willed, knew would pass down through time, or I should say 'up through time', there would be different interpretations and different degrees of understanding, and many different emotional aspects of how individuals felt they could achieve what The Father Willed.

All of the Heavens smile as I say These Words, because your sincerity and your concern is far more than acceptable. It is Loved by The Divine, but I beseech you: look at what you understand things to be, and your Faith

in what you know The Father would be pleased. You have the foundation, you have the will, and you have the way for the Soul that is a Portion of you. You cannot speak for the whole world of human life, but you know within you, that you want to return to The Creator and have Him be proud of you.

As I close These Words, I close Them with Deep Love for human life, because it is the ‘only living matter’ that has such a Magnificent Goal, and that is to return to The Father your Soul, That Portion of Him, that you will one day see the Beauty in the Relationship you shared with The Divine King.”

MAY 21, 2003 AT APPROXIMATELY 10:00 A.M.

GOD THE FATHER

“I am God The Father.

There is much jealousy, in many areas, where this *little one* is concerned. They cannot figure out why I would choose one such as her when they have so much knowledge in Spiritual terms. She stands alone, she is alone, for it would be complicated otherwise, for if there were too many individuals with a Blessing of This Degree, there would be automatically extreme jealousy, competition that would destroy All I Will human life to fully understand, that as I created human life, I created it as an individual entity of life, placing within it a Portion of Me, the Soul. Any other way, This Love of My Divine Love would have confused humanity, and they would not have been able to understand the Importance, the Value and the Love I have for an individual human being.

I ask *the little one* not to cry, but make ‘*The Sign of The Cross*’, knowing that even I am known as Three Portions, Three Individual Areas of Who I Am,

What I Am, because, as you see The Cross in Honor of Me, you call on *The Father* and honor Him. You move to *The Son*, your chest where your heart is, because that is what beats for Me. Then, as you cross your shoulders, you speak the words; either you say, ‘*The Holy Ghost*’ or ‘*The Holy Spirit*’, thus naming a Particular Important Portion of What I Am, What you understand consists in Me, because in the human mind, the word ‘*Spirit*’ means more than it is thought to be, because in many ways, it speaks of Energy, Love, Hope, and a Degree of Understanding that is beyond the human source of meaning; and then you close with the word ‘*Amen*’, meaning that you have finished, you have closed what you are saying, using the description of a word that says, ‘That is the end.’”

MAY 21, 2003 AT 12:10 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

Through *one small voice* I have instructed so many things, important for the Souls of millions of human beings. Many times My Words are ignored through individuals who feel the meaning is meant for others; they are not included in what is spoken.

Today as I speak, I speak with much Love for This Gift of Mine, and for *the little one* I chose to deliver What I Willed for the good of all mankind. It is sad for Me to say that so many things that are precious, or should be precious in such an obvious manner, degree and way, but oftentimes those who need These Words the most, ignore or deny and choose their humanistic versions as equal to, or superior of What the Words I speak, because the excuses made are their mentalities can more fully understand the version, the meaning, and the innate willingness that shows as demand for them to remember they were created for a Higher Plan.

Small children are not being instructed on their communication through prayer, as a daily manner of connecting themselves to What is Supernatural, and has so much meaning for them and their Souls, that nothing else has.

The whole world has been Blessed through This Gift of Divine Love that has not only revealed so much Information, but has instructed as if in conversation, so It could be better understood and more applicable to the human way that man lives and listens to and learns from.

As I close My Words I want you to know, I would be willing to instruct all day if I thought that Souls would be saved, but I realize that the mentality of human life can only perceive a certain degree understandable to their mentality, so each time I close before I have spoken everything I want all ages to know.

I bless those who take the Words, those who deliver the Words to others, and I bless those who see the value of the Words pertaining to their way, their manner of living, and of course, their Souls.”

MAY 22, 2003 AT 11:45 A.M.

GOD THE FATHER

“This *little one* that I have chosen for such a Major Gift of My Divine Love, is also used by Many Here in the Heavens, because They, too, ask Me if They can use *the little one* regarding issues, facts, circumstances and needs for so many thousands and thousands and thousands of Souls Who are neglected by those in whom They are, because the physical ignores and/or rejects the possibility, the responsibility, that they are responsible for More than their physical that they hold so dear, so special, because they cannot see with their eyes All that the human body and mind is gifted with. Human beings of all ages look only at the surface and their own sensitivities to what their physical life and the mental responds to.

I have Blessed all human life at the moment of conception. This is never heard about and never understood that I, as The Creator of All Things, instilled in all conceptions of human life, a Gift of Me.

It is sad for Me to say My next Words, but human beings of all ages like to talk about and make important points on the logic of situations, conditions, and what they feel is logical and right. Little, if ever, is there any sound relationship — physical, moral, mental or Spiritual — connected to how My Design of human life would be created. If I did not have a Great Sensitivity in this, on it, for it, the Creation of human life would not be so consistently orderly, and be able to occur, unless I allowed the means for it to be.

I have given to the world a Gift of My Personal Love, allowing so much and so Many Saints Here in the Heavens to partake in This, giving to human beings of all ages, the reality of My Intercession in the birth of human lives, but also My Purpose for them.

I have one more Statement to make: Granted, no human being has the knowledge, the intellect, or the in-depth perception of Who I Am, All I Am, but with all that surrounds you, and that you were created a human being, proves that an Ultra Source of Living Matter Exists and should be held in a dignified degree of thanksgiving.

I will close My Words at this time, but I want Them to spread as far as you can spread Them, to awaken the mentalities of My Existence, My Participation in what they are, and also, I designed their creation; plus, I will be The Judge at a given time for all they accomplished, practiced, or were committed to, as they lived the human life.

There is so much to be learned by all of human life, but there are many things to be remembered first, and that is, that within them I have a Portion of Me they cannot see, but their innate understanding of what is moral over what is immoral, what is just over what is unjust, what is pure over what is impure, is obvious in every way and means that human life uses automatically.”

MAY 22, 2003 AT 12:57 P.M.

SAINT ANGELA MERICI

“I am Saint Angela Merici.

There are Several of Us present, because of the Importance of This Gift of Divine Love, wherein The Father, in His Love for human life, uses Many, Many Saints Here in the Heavens to instruct, but also to explain many subjects regarding the Importance of human life, and The Father’s Will for how it should be treated, cared for, understood, and respected.

In so many areas throughout the world, even in the area in which I speak, there is so little respect for The Saints, thus for The Creator also, because All of Us Saints desire to help all human beings to not just sense the responsibilities of life, but to respond to them mentally, physically, emotionally, and with much love.

Whenever We hear two people tell each other they love each other, it sounds so simple, and yet We often question what their meaning of love is. Love is basically kindness, concern, and also a closeness that nothing

else can be compared to. The human life, as it was created, was a Gift of Divine Love, because The Father, in the Creation of a human life, allowed it to be because He placed a Portion of Himself within it, to one day be returned to Him, a Saint.

Thousands of children are not being instructed properly; in fact, they are being allowed to act according to their mood, or their sensitivities or insensitivities in how they feel. This is a sadness beyond what I would like to reveal openly, because sensitivity begins at a very early age, and The Father Wills it to grow to such a great degree that the individual will resist anything immoral, indecent, unkind, impure, unjust, but at this time in which you live, so little emphasis is put on the True Existence of a Divine Creator that everyone will have to report to at a given time.

Even those who have taken on high Spiritual roles in life in teaching others, many, many times ignore the value of what they are talking about, and the necessity for attention to be given to The Divine Way and Rule, but there is so much self-love throughout the world that The Divine is not the

uppermost thought; it is what the individual holds important, even when it is impure.

I know I speak differently on this day, but you do live in a time of much immorality, disgracing the Soul that you were gifted with at the moment of your conception; also, there are very few apologies for this, and very few excuses. All is acceptable because of the mentalities that are involved in human beings of all ages. The Laws of The Creator are erased in many ways. I did not say They were not learned in the format They were given, but I did say, ‘They are being ignored, erased from the mentalities of even individuals who have very intelligent minds.’

Many might say, ‘Why would I talk on an issue like this, at this time, on this day?’ My answer to this is: because it is necessary to awaken the mentalities of human beings of all ages to stop ignoring what is right over what is wrong, also what is pure over impure, what is just over unjust.

Children are not getting the example they should have; in fact, they are being allowed, encouraged to

practice things that are basically only catering to the evil one.

You do live in a time of great sorrow for All The Saints Here in the Heavens, because there seems to be no understanding regarding the Souls that should be thought about, cared for, protected, and remembered to be That Portion of human life that is a Portion of The Father.

As I close My Words, if I walked the human way, My tears for What I have had to speak would not have allowed your script to be able to be read, because of the Importance of human life, The Father's Love for it, and the Goal He has awaiting it that so few individuals care to recognize, and yet the very same people look at other human beings, and want to have important places in their eyes.

I will close My Words, but I do with deep Love, because human life is gifted with a Portion of Divine Love that nothing else has."

MAY 23, 2003 AT 11:45 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

The little one that I use for so many things, constantly waits for Me to speak What she cannot hear, but What I speak, her whole physical responds to, and understands My Wording clear.

This, to the human minds of millions of human beings would not be understandable, but I have delivered thousands and thousands and thousands and thousands of important Words because of the necessity of the millions of Souls that, in many ways, are not being treated properly. That is why I have given so many Words, to awaken the mentalities of human beings to look beyond what they call ‘natural’ in living, and see that there is only a natural way of life because of Me.

I created All things and I have placed within each human being a Portion of Me called ‘the Soul’. The Soul is far more Important than the human minds of any individual can perceive It to be. The Soul is a

**Connecting Link of My Divine Love,
and the Soul is to be returned to Me in
a Pure State.**

I hear many individuals wonder what part their human way will place in the Soul that they cannot see, they cannot hear, they cannot feel, any time, any way. In reality, that is not so, because of My instilling into human life the innate ability and conscience, plus understanding right over wrong in all facets of life, not just one, but many facets of life that an individual uses daily.

I have Blessed the world abundantly in such an Outward Gift of Divine Love, by giving through *one small voice*, plus All that is written for those who are not close, to be able to read, to understand, to study, helping them be conscious of how close they are to Me, through everything they think, every word they say, every move they make in life's way.

I give a Blessing to These Words because of the Importance of human life that is gifted with so many abilities, so much understanding, and is the 'only living matter' that has the Goal to return to Me, a Saint."
