PREFACE

These “*Stories From Heaven*” could not have been given to the world at a more appropriate time than now. The world is in a terrible state of corruption and confusion politically, religiously and socially. Honesty, modesty, genteelness and morality seem to have been eliminated from our way of life, at least in effect if not consciously. However, God has given the world a Miracle it needs.

On July 28, 1967, *The Miracle Of Saint Joseph* was formally announced to a True Mystic. God had chosen a woman to give us the sound direction, hope and example we need. It was not the first time God had chosen a woman to accomplish His Purpose, always for a specific task in a particular time. This True Mystic for our day is Frances Marie Klug. She resided in Southern California as a wife, a mother, and a grandmother until her death on November 15, 2009.

In This *Miracle Of Saint Joseph*, Many Saints have come forth to speak through Frances Klug. These “*Stories From Heaven*” are just a few of the thousands of Revelations received through her. Very often these

Revelations were preceded by extensive Teachings which time and space did not allow us to put in print. However, some of these Teachings will be found in several of the many Volumes of *“Stories From Heaven”*.

In these Revelations The Saints refer to Frances as “the child”, “the funnel”, “the spoon”, “the instrument” and “the little one”. God made her our Spiritual Mother. For many years now, because of this fact, she has been called “Mother Frances”, or simply “Mother”. Heaven also refers to people of all ages as “children” and emphasizes time and again, This Miracle is for people of all races, all colors and all creeds.

For someone turning the pages of these *“Stories From Heaven”* for the first time, they will easily recognize the sound logic and sound direction the Messages contain. Mother Frances heard the Words with the Ears of her Soul, and would repeat Them aloud when she was told to do so.

This Teaching Miracle is a direct parallel to the time Our Lord walked the earth. He did not loudly proclaim to everyone, “I am The Son of God.” He taught in a quiet manner, simple, extensive, but always detailed

in repetitiveness, instilling in those listening what He wanted them to remember. He taught in parables, short, simple stories containing moral lessons. He knew men could more easily understand and remember the point He was trying to make this way. His “Teaching Stories” pertained to everyday living, practical matters, and how to become a Saint. He gave hope through these stories. He gave example.

Now in our time, God is once again giving us “Teaching Stories” through Saint Joseph and His instrument, Mother Frances. Through her, in a quiet, unassuming and genteel way which appears so “natural”, mankind is again being taught the Purpose of life, and what God expects man to be like in his daily living. People feel hope in these Teachings, Example always given.

Two major Revelations of significance have been given for us in our day. Our Heavenly Mother is Part of The Divine, and Saint Joseph is truly The Holy Ghost. These should not bring an immediate rejection, but should pique our curiosity and interest.

Our Faith in God is based upon many mysteries. Whether it be The Holy

Trinity, the Incarnation of God, or The Holy Eucharist, men strive to understand These, trying to grasp a small glimpse of the Beauty of the Truth They Are. These mysteries also pique our imagination and interest. However, even though we know God revealed these mysteries to mankind and we accept them in Faith, they still remain just that, mysteries.

One has only to look at these “*Stories From Heaven*” to see the value They are, and to feel the hope They instill. No man can logically deny purity of thought when it is so obvious. No man can deny purity in direction, when it is based on sound morals, sound values, sound standards. Do not be blind to truth. Skepticism is for people who are unable to see the truth of a matter or situation, and many times skepticism drowns out purity because it is full of ego and pride in one’s self. Skeptics find it an easy out to disclaim truth.

There is no doubt that it takes time for such Phenomena as This Miracle to penetrate even those minds who feel they are capable of discerning such Phenomena. We must not be governed by purely another man’s determination, but we must understand that logic, sound reasoning and purpose must be the criteria of our Faith in God.

PLEASE READ

In some early volumes of “Stories From Heaven”, many Revelations describe edifices to be built on Saint Joseph’s Hill Of Hope. As just one facet of The Miracle Of Saint Joseph, God invited men of all races, colors and creeds to participate in building a “City Of God”. Every building, chapel, bridge, shrine, garden, amphitheater, and even a hospital and a research center, to be included in this Magnificent Project, would be designed down to the most minute detail by Heaven.

This City Of God would be a place of great beauty for men throughout the world to visit, to gain true spiritual strength and to learn firsthand that which Heaven wants all men to know.

Much to the great loss of every man, woman and child in the world, this City has not been built. Innumerable obstacles were placed in the way of Its completion by those who would have benefited the most. Not enough men volunteered to return the gifts of their time and talents to God. Not enough people came forward with the money needed to participate in God’s Plan in a monetary way. Donations became less and less, because the men in the Church said, “Don’t give.” They discouraged people from participating.

For many years, Mother Frances and a handful of volunteers made every effort to overcome all opposition to men’s lack of wisdom, to build this City for God. However, we are not at a total loss. The Sound Teaching and Sound Direction given by Heaven in the many volumes of “Stories From Heaven” continued through the years, and will benefit people everywhere for many generations to come.

In the future, if the hearts and minds of men change, the world will one day see the Beautiful City Of God.

All Revelations are delivered spontaneously and continuously as witnessed by all those present at the time.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

Though it brings a sadness to Me to have to speak regarding certain things in human life that are practiced momentarily and daily that are obviously impure or unjust, or even could be based on a lack of fake understanding, due to the fact that the individual wants to be counted, not dismissed, regarding the Importance of what the Soul is to mean to them, for many throughout the world it is impossible for them to consider that they have a Portion within them that is Divine.

I have given to the world *one small voice*, but based on many responsibilities, courage, and willing to speak Words that millions of others would not want to be heard saying, because My Words are Words that most individuals do not concentrate on, and use excuses abundantly, resisting What I Will them to know, practice, because in their thinking of being a human being, as being a human being, their

intention, their logic, their instinct, their interest, would be human in all aspects of how they think, how they feel, how they adapt to all challenges, all commitments, all strengths, all vows.

Through This Gift I pass through *one small voice*, I have instructed thousands of individuals regarding the Importance of human life, what I expected them to understand regarding it, and a Goal I have waiting for them to return to Me, a Saint.

I hear some say: ‘I cannot see myself a Saint. All I have read about were individuals who lived a manner of life different than I have ever been introduced to in a personal degree, or manner of encouragement, due to the fact that I live in a world wherein human beings do not stress that they will to be Saints, or do they feel as being a Saint.’

The world is obviously humanistic in every facet that human beings are faced with mechanically, physically, morally, mentally.

I could speak hours on end, on the Importance of human life and why it was created, in many ways Blessed

by the innate understanding instilled that the mentality understood, without question, what morality is over immorality, justice over injustice, purity over impurity, and ‘Sainthood’ over what the enemy is all about.

I will close My Words at this time, because each time I speak, I do it in a period of a certain degree of Words, knowing that the amount I speak is possible to understand What I Will human beings to learn about, and to mentally use as the Guidelines for what will help them, and hopefully make them one day be called ‘a Saint’.”

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena. I smile when I announce My Name, because so many present here know Who I am, perhaps have read how I walked a long time ago. I have come today to speak on The Father’s Love for human life and His Innate Desire to have all Souls return to Him, and They be ready to be called ‘Saints’.

You live in a time when there are many statements, talks regarding spirituality, but in so many degrees of the speech, there is evidence of little understanding of not just the motive for spirituality, but the greatness it is when an individual practices it, and in many ways uses it to the degree of wanting to please The Father, The Creator, in all actions, ways and means.

Children are not being instructed on what a treasure it is to see the meaning in a prayer, to feel what the prayer is speaking about, or for, regarding the individual’s manner of living, way of thinking, or the Goal

that the words automatically speak of, for the Soul.

Throughout the world, there are men, women and children who find idolization of humanistic values, humanistic goals, humanistic persuasions, to be a gift to more fully understand things that are obvious to them daily, many times ignoring what one prayer will speak of, or what one prayer will make them think of: the Importance of their Soul over and above the materialism they basically adore.

Many times it has been said, 'You live in a time worse than Sodom and Gomorrah.' The Words are heard, many times read, but the meaning is overlooked, thus addressing Sodom and Gomorrah only to the past, not to the present, because I assure you, there are many things occurring that could be judged in the same category as Sodom and Gomorrah. Morality is oftentimes overlooked, because there is so much humanism that appeases the human mentality, the human needs.

Today as I speak, I speak with much Love, but with much Hope, because The Father has given to the

world the chance for numbers and numbers and numbers of individuals to put into script What He Wills them and thousands more to know. The Words are All understandable. Nothing is hidden. It is All out in the open.

Remember when a person would sneeze and most in the room would say, '*God bless you*'? How often do you hear that today? Not often, because no matter where you are, whether it is in a home, a building, or a public place, it would be simple to say without a loud sound, '*God bless you*' in a quiet way.

So much is thought of as being or having to be updated now, thus allowing so much ignorance to apply to what is morally practical, logical, and also pleasing to God.

As I close These Words, I beseech those who take Them and those who read Them, to not 'to update oneself' so much, but to see the reality, the purpose, the reasonability of Words that give hope, strength when it is needed, and where it will help someone to think of The Creator, that otherwise would not have thought of the word, 'God'. It is important that this 'Word'

be spread more than it has for a very long time.

So, as I leave you at this time, I must say, ‘God bless you for what you have chosen to be a part of, a Miracle of Divine Love that God has designed for the Souls of millions and millions of human beings.’”

JANUARY 27, 2004 AT 1:30 P.M.

SAINT ANDREW

He's smiling. He says:

“I am Saint Andrew.

When This Gift was first announced, I spoke often through this *little one* who would repeat the Words in a tiny voice, but with a strength that showed love for The Divine.

The reason I say these things is to alert those who read Them, to remind the little ones that they are constantly in the Company of Heavenly Beings. The Father is forever with them, The Heavenly Mother they are never without, and All The Saints Here in the Heavens oftentimes check on what they are doing, no matter what age, no matter what nationality, no matter what degree of intellect, because Sainthood is a Gift of Divine Love, and The Saints are directed to aid in sometimes urging someone to practice something different than the individual planned on doing, due to the fact that one term may change the thinking, the situation into a more

moral or a more advantageous or a more Spiritual act, or even an act that would give strength to someone who needs it.

So little is understood about the importance of human speech, actions, or how an individual terms something to be.

I speak this way today to remind those who read the Words: You are a living example to everyone you meet, everyone you are related to, because how you think, and how you show what you believe in, oftentimes is a key to someone changing their method, their position, or their intelligence in how they respond to things, thus helping them to see not just a renewal in what they are doing, or an urgency, but the importance of how they affect the lives of others they know or they meet.

I could speak hours on this subject, because so few people ever take into consideration that they are example to even strangers, in how they walk, how they may make a move, what they might say, what they might just do automatically.

Human life is gifted in a multiple of ways, not always understandable,

but it should be a ‘conscience’ or a ‘conscious effort’ to be good example in all you think, do, partake in, and say.

As I close These Words, I add to this: Never forget, to be born a human being has many responsibilities, but it also has a Goal Greater than you can think It to be.”

JANUARY 28, 2004 AT 12:38 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

You live in a time wherein so many men, women and children do not fully understand the Importance of being given the life of ‘man’.

Human life has many characteristics, many different intellects, plus many advantages that nothing else created is gifted with. The human mentality is oftentimes responsible for facts that are of great importance, but the individual ignores the importance and seeks only what attention he or she will be the recipients of.

I do not speak These Words in a pessimistic or angry mood, because the list is so long, wherein human beings have the advantage to lead others to a higher degree of understanding the Importance of life, the privilege it is, and of course, the usefulness that it contains in so many areas, directions, on so many abilities that it is selected to administer, or to instruct others on, or to use fundamentally for good,

sound, practical reasoning, giving strength, hope, sharing what all these things are for: the betterment of not just the lives involved, but for the Souls of these lives that possibly would not have had the opportunity if they had not been at the right place, at the right time, with the right person or persons.

The Father has given to the world a Blessing far beyond what It is known to be. It is not just a Blessing of His Hand making '*The Sign of The Cross*' over every human being born, but the Blessings within the human mentalities give hope, logic, realism, benefits. The number is endless, the Words unlimited, because in the human birth there is more instilled, thus allowing the little one to be able to reach places in life, states of life, that allow what the individual is capable of understanding that nothing else created will ever have.

The first thing to a child is the fact that the child automatically eats what it is given to eat. The child responds to the voice. The child cries when it is in need, and the child shows happiness in his or her own way at the

slightest move, motion, word of the one who speaks.

Human birth has a beginning of being able to grow in many ways, to expand what it thinks, what it wills to think. As time goes on, and more is instructed just by a physical move, or a physical thought spoken out loud, the child has the ability to eventually repeat in a different tone, but from the moment of conception, even when the child was still in the canal of growing into a degree for living, it was a learning process greater than any human being can understand it to be.

I speak this way today, because so much is taken for granted. So much is ignored through the so-called 'growth' of another human being's mentality, thus not seeing the Miracle of life, the Gifts that human life is capable of learning to increase on, in different ways, different degrees, different subjects.

The Gift of human life is beyond what it is thought to be. It is not just a child that will come forth, but it has a Goal for a Portion of that child that is a Portion of The Creator, called 'the Soul'. That is rarely ever thought about, because within each human life,

The Father places a Portion of Himself, to give to human life benefits that nothing else created is gifted with, in the manner, degree, purpose and way, and the Goal for the Soul that nothing else receives, at any time, from the moment of conception on, until the human life ends and the Soul returns to from Where It came.

I have spoken like this today for many reasons, because so much is taken for granted and not seen for the Blessing it is, the Gift of Divine Love it is, the Goal for which it is created, and yet, during life in the living way, human beings keep searching for progress, for enlightenment, for reasonability, to give them what they personally want there to be.

The Creation of human life is far greater than it is ever understood to be, because human life is a Gift of Divine Love, proven to be this, because The Creator of All Things put a Son upon the earth to show for the rest of time, for all human beings to see, that human life was and is created bearing a Gift Greater than it ever perceives It to be.

If this were to become a daily understanding, ‘a thankfulness to The Creator’, human life would find a happiness, a purpose, a Goal, and a condition giving them an in-depth thanksgiving for having been created a human being, for the Purpose The Creator of All Things designed it for.

I speak differently, I know, but hopefully it will be an awakening for some, hopefully many, after reading These Words to more fully understand that human life is not just an ordinary thing. It was designed by Divine Plan and gifted with a Soul, a Portion of The Creator of All Things.

As I close, I must say, ‘Each time a child is conceived to one day live a life as a human being, the Gift of life is a Blessing of Divine Love that nothing else created is the custodian of.’ So be it.”

JANUARY 29, 2004 AT 12:30 P.M.

SAINT ALPHONSUS LIGUORI
SEVERAL SAINTS

“I am Saint Alphonsus Liguori. There are Several of Us present, Each of Us ready to deliver hope and much encouragement in different ways to those who will put into script the Words We speak, and those who will read the Words and remember Them, the importance of Them, because of the way an individual lives.

The human mentality is privileged to have many subjects to think about, to act upon, and to be engrossed in, according to how they will it to be in This Great Gift that has been given through *one voice* for the whole world to more fully understand a precious subject based on Divine Plan, a subject to instruct, to uphold, to encourage benefits to the Souls Who are able to read What is spoken, and discuss the subject matter regarding how It instilled hope in them, encouragement in them, to more fully understand the Goal for human life is Greater than they had learned It to be, or on their own degree of planning.

Many of Us are present now, because it is important for This Gift The Father has given to the world, to be put into print for millions to read the Words and be able to learn more than they could have, or will have, in just thinking the subject matter that they are concerned with, about and for.

Children are not being helped to understand that there is a Creator, Greater than they understand It to be, but in This Creator that creates more than human beings, has Power Unlimited, not perceivable by the human mind, thus giving to human life Information in how to deal with all that human life is approached with, about, on many subjects and under many conditions that are not thought about as ordinary.

When One of Us say that you are Blessed today in a special degree, a special way that will give strength to the mentality, give hope to the reasonability in how you live, how you speak words of and on subject matter you do not have the full measure of understanding regarding, so in speaking about it, you learn from others a fuller degree of meaning.

The reason I say These Words is, the mentality of human life is greater than the human mind can perceive it to be. The Importance of human life regarding the Soul that is a Portion of Divine Love, is Greater than the human mind can perceive It to be, but the very existence of daily living through conversations, through learning, or contributing one's understanding regarding morality, sincerity in how the human life responds to many things.

I will close now, because I know My Words are much to be thought about, but before I close, I beseech you who read Them, to remember one thing: You were created a human being which is a Blessing of Divine Love, Greater than you can perceive It to be, because It has a Future, a Goal, separated from the body. It is called 'a Soul'."

JANUARY 30, 2004 AT 12:18 P.M.

SAINT ANGELA MERICI

“I am Saint Angela Merici.

All of Us Here in the Heavens desire to speak, to aid those yet living to more fully understand the privilege they walk in, live in, and are much a great part of at This Time, because The Father has given, and is giving more than the human mind is capable of knowing, without the Instructions being Blessed by Him, for when He speaks, or He permits One of Us to speak, He Wills the Words to be His.

Each human being born is a gifted life, whether it remains living, or it is taken right at the time one would expect life to be evident. The Father’s Love for human life has Purpose beyond what the mentality of human life can perceive It to be. All ages of human life have the ability, responsibilities, to address each day, understanding that their Gift of life has a Purpose, a Goal that nothing else has.

Each day, All of The Saints in the Heavens pray that more human

beings of all backgrounds, all degrees of human understanding, will see that to be a human being has within it Something no other living matter is conceived with, so human life obviously has a Purpose beyond what the human mentality perceives It to be.

The Words are different than the Words usually spoken on this subject, but it is to awaken some mentalities who restrict what they understand, and oftentimes omit a simple statement that describes more evidence, more proof of what human life is gifted with, for the Purpose of one day returning to The Creator and be called 'a Saint' by Him.

There are many individuals who do not have the privilege of being recognized in how they walked, how they lived, and how they bore all the responsibilities necessary to please The Father, but there are times that individuals do say something in favor of them.

Remember, every Soul placed into a human life is a Portion of The Creator of All Things, and do not forget, there is a Goal for living the

life of a human being. This should be a natural understanding, since, during the living years of human life, it is innate to want progress, to want hope, and to want security.

I will close These Words now, because They are endless in how so much could be spoken on enlightening the mentalities of millions of human beings on the Worth of the human mind, body, and of course, the Soul that is That Portion of The Creator that is given to human life at the moment of his or her conception.”

JANUARY 30, 2004 AT 1:03 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

We All smile when *the little one* that We use is aware of Our Closeness in such a personal, direct, orderly way.

The world has been Blessed abundantly because of The Father’s Will to give more Instruction, more Direction, more Understanding, and more obvious Help, in encouraging all ages of human life to realize that human life has a Purpose and a Goal.

Now, a Statement like this is automatically felt in the human way on subject matter that is different than one’s life. Other things are materialistic, humanistic, and bear value according to how the human mind has been created to understand so many things.

Today is a very important day in the lives of millions of human beings. I say this, because when a day begins and there are millions who have the privilege to live the day, along with

the responsibilities of what they must accomplish, practice, or reject because of what it is and how it could affect their Soul.

The world, in many ways, is not in confusion; it is based on the mentalities of so many unidentifiable issues that human beings are encouraged to think about, to practice, and to use in a manner, degree, that even they do not understand, but in a direction of causing the human mentalities to stress their thoughts on a subject other than the subject of how they live, how they use each day of life, and how they practice what they know is according to The Father's Will.

Needless to say, hours could be spent on this subject, because the human mentality has the ability to think on many issues, not all practical, or pure in what they contain; so, as I close My Words at this time, I beseech all of human beings that are alive today, to remember to face each day in the manner and degree that pleases The Father is important for the Soul that you are responsible for to Him, at some time, some day."

JANUARY 31, 2004 AT 10:50 A.M.

**OUR HEAVENLY FATHER
OUR HEAVENLY MOTHER**

“I am your Heavenly Father. With Me Where I am, your Heavenly Mother says to please ask all who read These Words that are about to be given, because in Them, hopefully much will be understood regarding what a Precious Gift human life is through the Portion of it, and the Goal for which it was designed to be returned to at another time, even though thousands of men, women and children do not understand the Importance of, or how Precious human life is, because so much emphasis is addressed on what they see practiced in a daily way of life. Human life has a Goal, and in this Goal there is a Purpose addressed for there to be one day, Another Saint in Heaven.

I hold *the little one* deeply, because My Words are not ordinary in her manner of speaking, her concern within her for all to be as it is Willed to be, and that is to help millions of human beings understand more indepthly what a Precious Gift of

Divine Love it is to be born as 'man'. Now, when I say 'man', this includes the other gender of life, humanly called 'woman'.

What is not understood by the average individual is that there is a Goal. One would think it would be automatic, due to the fact that it is innate in the human mentality to reach for goals of all dimensions that human life feels necessary, or is just wishful thinking on certain subjects.

I know I speak differently today, but do not forget I, too, once walked the human path, thus helping Me to understand how to aid, to encourage, to direct, to emphasize and to more clearly state the Importance of human life as it is lived day by day.

My Words through this *little one* rob her of a certain degree of physical strength that is not understood by others, but it is necessary in the manner of how We speak through her, thus giving her the ability to separate what she would think if Our Presence was not put in the Degree of Power for her to be able to take Our Words and repeat What We tell her to say, because

she does not hear Our Voice as a voice of the human way.

Today there are thousands of all ages of human life doing many things, accepting much advice from those they meet, they know, or are related to them. Human communication is a Gift of Divine Love, greater than it is understood to be.

I must add My next Words to show to all who read the Words, that to walk how this *little one* walks, there is no thought that is hers, what is Willed to be spoken for the benefit of others to learn, to understand more, and to be able to grow closer to The Divine.

Our Words are spoken One at a time, basically from Another Source, of not hearing, but it can be termed 'an Instilling' that The Father has designed to allow a Gift of This Greatness to be passed on to millions who could not be present when Someone from Here speaks; but also, the Wording is to help human beings increase their understandability of how close The Creator is to them, plus All The Saints He uses to deliver Words that are not ordinary in Their Purpose, but are definitely of Divine Plan, to aid, to

instruct, to encourage, helping those who read the Words to more deeply, more consciously, more deliberately, more emphatically know, that only The Divine would care to help human beings of all ages to understand that in the Creation of human life, all things in the past, up to this time, and it will continue through time, are meant to give to human beings the value, the purpose, the goal to become more understanding, that within them they possess a Portion of The Creator, called 'the Soul', and it is That Portion of life that is to return to The Creator and be called 'Saint'."

FEBRUARY 2, 2004 AT 12:05 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

You who live at this time have been, in many ways, given the opportunities to personally learn more about how I feel about human life. In the Creation of it, I immediately created it for a Purpose, a Goal, because within it I placed, from the beginning, a Portion of Myself in it, thus giving to human life an improvement over what all other things created consist of.

I also instilled in human life Something that would give to human life a fuller, greater understanding of the Goal for a Portion of human life that is a Portion of Who I Am, What I Am. It is called ‘the Soul’.

All other things created to surround human lives, were created and are created to in some ways support what human life can use, can lean upon, but also, to give to human life the sound reasonability that human life is superior, and logically has more to look forward to at a later

time, that nothing else consists of, or is enabled to do.

I hold *the little one* tightly, because as I speak Each Word, she automatically weighs mentally, in her mentality, the value, the consistency and the indepthness in What I speak for the benefit of human life's way and Goal.

In the beginning of the human creation, when only a smaller group of human life was created, the foundation for many things for human life to be instilled with, and to be able to use productively, physically, mentally, morally, was far less than the number that were created after the beginning of what I have just spoken about.

So much is taken for granted that oftentimes is not based on the importance of what it consists of, because it is not in the manner, degree, way, purpose I Will it to be used through the human mentality or physical strengths.

I know, to some, the Words I speak are different than they expect My Time with them, but I speak in this manner to give, to instill, and to support the sound basic values of human life's

abilities, conditions, and usefulness to how I created human life, and for which I created human life to be able to mentally, more fully understand the freedom of human thoughts, actions, abilities gives to human life more than anything else created consists of.

Even though I speak in a concise manner at this time, it is important for those who read the Words to understand in My Creation of human life, it was well-planned. In the beginning, those who were created were based on what would be called 'the initial introduction' to what human life would conceive, perceive, and be able to understand as being a means to how they were to live, how they were to speak, and how they were to use their mentality.

Many who read These Words might find Them difficult, but many times when learning important issues, concerns, values, takes more time to be seen in the correctness of it, the logic of it, the importance of it, and of course, the usefulness that eventually shows.

I know I instruct differently through this *little one* I have chosen

for such a Major Task, but it is a step leading to a Gift for more human beings to develop within their mentalities, their actions, their abilities, to not walk as if they are alone, but to give them the hope that what they do, what they practice, they are accountable for to Who I Am, What I Am, because I created all there is that is feasible, factual, and fundamentally good for the human side, and for That Portion within each human life, that is a Portion of Me, a Part of Me, with a name so easy to know, to speak, to remember. It is called ‘the Soul’.”

FEBRUARY 3, 2004 AT 11:58 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

There are so many situations, conditions that are of importance in the ways of human lives: some are called ‘social’; some called ‘business’; some refer to ‘politeness’ regarding the attitude towards another human being.

I will not describe more of these terms at this time, but it is important that in the human state of life, ‘respect’ for each other, ‘good intentions’ toward each other, are two very important terms that automatically reflect that recognition of the dignity that is necessary in human life, should always be respected.

Today as I speak, I speak regarding the value, the importance, and the necessity for human beings of all ages to never dismiss the privilege of being a human being, and that in its way, its Purpose and its Goal, it should be seen as a privilege, respecting what it was created for, because in human

life, at the moment of conception, is gifted with a Soul.

The Soul is More Important than the human mentality understands It to be, because the Soul is a Portion of Who I Am, What I Am, thus being the Strength behind human life through My instilling in it the Gift of abilities, such as knowledge, understanding, communicative measures of speech, of hearing, and of being able to rationalize purity over impurities, reality over what is unreal.

I speak oftentimes on subjects that those who hear Them and/or read Them, do not realize how close I am, how willing I am to encourage what they do, practice, think, or become part of, because it is not easy for the average thoughts of all ages of human life to keep in mind that they represent a manner of living, of communication with others that was and is basically based on the Divine Reasonability, Values and Sound Perception of kindness, respect for each other.

The world, in some places, is full of individual human beings that do not respect what life is all about, and they basically misunderstand that human life

is the foundation for Another Time to come, because all of the time in which they live, everything they do or communicate in, is recorded in their Soul, and this Soul, as the recipient, will stand before The Creator, like nothing else created has the privilege to do.

I speak differently, but I have opened a path of reasonability that gives strength, and a deeper understanding of the Importance of human life that nothing else living is the recipient of.”

SAINT ATHANASIUS

“I am Saint Athanasius.

You live in a time wherein Spiritual hypocrisy is prevalent. It is never seen as this, as hypocritical. It is only seen as what an individual wants others to call it: Spiritual, Holy, and all words such as these refer to.

The world is saturated with confusion: Spiritual, moral, psychological. They say, ‘It is a sign of the times.’ We Here in the Heavens call it something else: ‘It is worse than Sodom and Gomorrah.’

Even though there are a good deal, number of Spiritual edifices, there is a tremendous degree of Spiritual hypocrisy, because ‘Spiritual understanding’ is on a plane of Faith in The Creator, belief in the fact that there are Saints that can be prayed to, and They will do all They can to help an individual, or several individuals at one time, perhaps more fully understand the situation that is more immoral than moral in basics alone.

Throughout the world there is much hypocrisy. So many individuals never think of the word. They only think of what they feel justifies what they say, they practice, they partake in, they commit to, or they are leaders of. So much of this is based on humanism, rather than the importance of what it means spiritually.

Children are not being instructed on the conduct they use. They are allowed what is called 'modernism', and even more than modernism, it is called 'bearing the social life as it is at this time', keeping up with it, being a part of it; many thus ignoring that a long time ago when satan was used continuously, even then, the people thought it was all right for them, because it was 'the sign of the times'.

I will not speak long on this subject because it is in many ways ugly, and as it is read or spoken, it has a sadness in it that it even has to be spoken about.

Today could be a very important day to a lot of individuals if they would but look at the Purpose for which they were created, and the necessity for following The Father's Method of

doing things, and His Willingness to share The Commandments He gave, to share with all races, all colors, all creeds, all ages.

When human beings share, it oftentimes gives strength to the relationship, hope, encouragement, and a deeper understanding.

Today, needless to say, immorality is prevalent in all degrees, all ages of life, because immorality is more attractive, more interesting to some.

As I close These Words, I close Them with a sincere hope that morality will soon take charge, and will be seen for its purpose, and of course, for Who it represents.

I know My Words are different, but I beseech you, as They are put into print, remember: the Truth and the Value of What is spoken is oftentimes a Gift, greater than It is thought to be by the one who puts It into print in innocence and loyalty.”

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I smile when I speak These Words, because as I speak to this *little one*, she cannot resist What I Will to say to thousands of human beings, aiding them and encouraging them to not just believe in Who I Am, but to follow what I Will them to do in their physical manner of life.

Without the Gift of speech, human beings of all ages could not handle all there is to be part of, and to understand all the actions, the directions, the communications, and the human plans. Speech is a Blessing beyond what it is understood to be, so as I speak through *one small voice, body*, My Words are being delivered so that millions of human beings will better understand My Closeness to human life, and Who I Am.

So many individuals try to ignore My Existence because they cannot see Me, but this, of course, is only an excuse, because they are surrounded with all I created that no one else could

do; also, My Presence is evident, even when the human mentality cannot hear Me.

I designed the human way to be able to discern important factors, issues, through the sight in the eyes, and through the way the mannerisms of others are used.

I hold *the little one* tightly, and I stop her tears, because she is so conscientious on Every Word I deliver through her for others to read and to more fully understand the Importance of human life, and that I, as The Creator of it, left nothing out of it that would not aid what the human mind can understand.

I close These Words with a Blessing, and in My Way, I say to *the little one*, ‘Thank you for loving Me, else Our Relationship would be sad.’”

FEBRUARY 4, 2004 AT 12:43 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I am going to ask you to think about something, and as you think about it, put it in a questionable form: ‘What makes me believe that there is a Creator above and beyond what I could possibly know One to be? Would it not have to be Something innate in me to think this way, and to rationalize the obvious, natural situation that obviously does exist, because without it, human life would have nothing to place values on, depend on, or something to look forward to? Would it not just be daily life with all that occurs?’

This would be sad to everyone created in a human way, because in the design of human life, there were many, many Gifts assigned for all ages to be able to understand more than the animals understand, or any other living thing understands.

Human life is gifted with a Soul, a Portion of The Creator, thus giving to human life a definite sensitivity that

within them they have Something More than anything else created, because It gives strength where it is needed — physical, mental and moral. It gives hope where it is needed, hope in many areas of how an individual lives, acts, thinks, practices, or becomes part of morally, mentally, socially, physically.

I know as I speak, My Words to some will be termed ‘heavy’, to others it will be a joy to hear It spoken so openly.

So little is thought about regarding the Gifts of human life. Oh, some depend upon the fact that they can hear or they can see gives them a strength for many things daily. Then, there is the Gift of being able to learn about so many things indepthly at times, thus giving hope and an inner energy to use human life to more fully grasp, understand, and fulfill obstacles that need help, or social life that gives life more meaning physically, that gives to life the strength to endure.

I know I speak differently than you have heard before, but it is important that in the human way in how an individual practices subject matter to think about, or activities

that to some will mean nothing, and yet to some will give strength, hope, and a new lease on life.

As I speak through This Gift of Divine Love, I must add My next Statement: There are millions of Words available, not just to hear, but to see the value of, and how These Words, many of Them, can pertain to a more realistic understanding of the Gifts of human life are sometimes, oftentimes based mainly on the mental sensitivities, or the different degrees that an individual practices in seeking The Father's Will for what an individual is about to do, even to think.

Logic should tell every living human being that there is a Creator constantly present that gives strength and more understanding to the way of human life, but also instructs on the Goal for which human life was created.

I could speak hours on end, on these Gifts of Divine Love that are available to every living human being but are oftentimes ignored, because the mentalities in some feel fulfilled to the rim, and they do not feel they

need any more to learn about; but as I close These Words at this time in which you live, I beseech you to remember: All you are, all you have, all you are capable of doing, learning, practicing, do not forget, it is All recorded by The Divine.”

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

This Gift of Divine Love in which, through which, by which, The Heavenly Father Declares so many important issues to be important for the lives of human beings, not just living for this time, but for the future lives to come.

Children are not learning the basics of responsibilities that are pertinent to how they think, speak, act, or participate in unusual situations, conditions that could cause them a vulnerability that they cannot perceive in an intellectual manner.

There is so much to be given to the world, aiding all degrees of mentalities to more readily understand the full concept of what they are hearing or becoming a part of.

Basic languages throughout the world oftentimes are not considered what would be called ‘dignified’ and/or ‘presentable’ to all ages of human life, because in so many areas, speech

or the written words are two things that are not very often considered regarding the necessity of dignity, or what man would call 'in good taste' morally, psychologically, beneficially or socially.

As a day begins, every human being is gifted with the ability to make the day special, giving to it all the essential facts, actions, that help the individual in certain phases of what is important physically, morally, or in their association with friends or strangers.

So much is taken for granted as being acceptable, even when it is 'shallow' in its meaning, or the next word I use, 'hollow' in its need, necessity.

I will make My time short, because there is so much to be looked upon and to be studied in how an individual approaches all the facts of the day, all the facets that take place in the day regarding morality, or essential needs that give to the day a reasonability of dignity, honor, and usefulness.

As I close These Words, I know some will read Them and understand fully that this Message is given to

attract many individuals to a ‘higher degree of living’, but as I close These Words, I beseech all who read Them to understand one important point: your Soul is the recipient of all you think, you say, you do. Remember this.”

FEBRUARY 9, 2004 AT 1:05 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

Through This Gift of Divine Love, The Beloved Heavenly Father has given to human beings a way to serve in many ways. As ‘this piece of land’ is spoken about, All of Us Saints Here in the Heavens smile, because though the land looks desolate, unwanted and unable to be used, this is only what individuals see it to be, not what it really is.

The Father has put upon this land *a messenger* of His Divine Love, thus able to distribute to millions of human beings What He Wills them to know, and to more fully understand His True Presence, and the Goal that awaits human beings of all dimensions of life, all ages.

These Words may seem simple to some, but They are Words of greatness, because in The Father’s Love for human life, He has given a Gift greater than It is seen to be.

The creation of the land was The Father's. All land was created by Him, but certain places that He Wills special edifices to be put, He uses human beings to assist Him and be accountable for a place, for others to be able to pray and to grow closer to The Divine in many ways.

I come on this day because of What was spoken a short time ago. I assure you, 'this land' that you stand upon is for Souls, to help individuals of all ages to more fully understand that the Soul they were Blessed with at the moment of their conception has a Part in Divine Plan.

The Soul, though It cannot be seen, is evident in an individual knowing that there is a Goal for life, there is hope in life, there is strength in life, and there is a Master of Kindness that is constantly concerned with how every individual lives their life, because within them they have a Portion of Him, and That Portion is called 'the Soul'.

There are many outside 'this piece of land' that you walk on, who feel they are instructing others in the conditions in which life should exist.

The Goal that they were taught by someone is to return to The Father, but how many times in their description, do they impress this fact indelibly, so indelibly that it is spoken about many, many times; or, is there more emphasis on the place where they attended a service, or is there more concern over the one who performed the service?

These questions to some will not make them happy, but logic has a way, Divine Love has a way of directing What The Father Wills to be done, and it is oftentimes quite different than how a human being would design it to be.

All that has been delivered by The Holy Trinity, and by Many, Many Saints Here in the Heavens, will live on long after a building that people would cling to, an idea that people would be so charmed by that they could think of nothing else, only the fact that if the building was not built, there was failure to look at. Not so.

There is only one thing human beings should stress to themselves and to others, in thinking and in speech, and that is the Importance of the Soul they are the custodians of, the Soul

to be returned to The Creator, and be called 'a Saint'.

I smile when I say My last Words. God does bless those who desire to serve for the sake of Souls of individuals they do not know.”

FEBRUARY 11, 2004 AT 12:03 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius.

At this time in which you live, there is much to be looked at, thought about, and perhaps changed, due to the fact that immorality supersedes what is morally sound, morally important.

You live in a time wherein there is much good being practiced by certain individuals, but you also are exposed to what some individuals do not think is impure, because they feel that what they are doing has purpose, even though what they practice is diabolical in nature, in every portion of it. Though it is not understood to be detrimental to their Soul, they do not innately sense that human life must practice what The Father Wills, according to The Commandments that were given, and are yet to be obeyed, even though the time span is of a great distance.

Children are not being instructed on what is morally sound, nor are they being instructed on their behavioral attitudes, acceptances, even when they

are sensitive to a degree that what they are acting out is impurity of the body, or of the mind; sometimes it is combined. They feel that they have the right to act 'humanly' when they desire it to be for what they will at a certain time.

My next Words I have spoken oftentimes; so have Many Others Here Where I am: 'You do live in a time worse than Sodom and Gomorrah.' It is ignored as being in this state of morality, immorality, truth, untruth, obedience to The Heavenly Father, but also, to the evil that exists in their midst, always available to them.

I know I speak differently. We All do, because at this time there is so much confusion on morality and immorality, purity and impurity, truth and untruth, hope and despair.

Many who read These Words will say, 'I do not understand Them.' I say, 'It would be good if you would study Them in the value of what Each Word stands for, so then you would have the privilege to compare logically.'

I will close My Words, but as I do, I say, 'Use wisdom regarding the privilege it was to be born a human

being, and to know what is right over what is wrong, what is just over what is unjust; and never forget, the value of Truth will always win out over all the lies, impurities, injustices, and demonic interferences you might be exposed to.”

FEBRUARY 12, 2004 AT 3:20 P.M.

“There are Many of Us always present when This Gift of Divine Love is available for Words to be spoken that will aid, encourage, and help thousands of human beings to more fully understand what a privilege human life is to man, though it is difficult for many to believe that The Father would allow so Many of Us to speak, regarding the situations, the conditions, and in many ways, what to expect from Us in the Words He chooses for others to read.

The human will is a Gift of Divine Love, because when it is used to advise, to correct, or to instill valuable wording, suitable for different occasions that the human mentality would not automatically think about, or be able to describe what it really consists of, in helping human beings to more fully understand so many phases of human life, or companions in human life that are important for the benefits to be received, that in essence, of what would be needed to fulfill certain important things.

So Many of Us Saints are available momentarily when We feel *the little one* We use will speak What We instill into her mentality for others to learn about, and to be strengthened by, because there are so many facets of human life that in learning about them in the correct manner, gives many degrees of strength on issues, situations that nothing else is ever spoken about, or is ever discussed, because it is above or beyond how individuals talk on the subjects.

The world has been Blessed abundantly, but it will take time for thousands of individuals to understand how close The Creator is, and how much interest He has in helping the human mentality become fully aware of the Closeness He is to them every moment they live.

So many secrets are not secrets. They are private to some individuals, but secrets are thought to be what others should not know, or hear, or see. Human life is an open book. No page does not show, express, or is without an important subject, because human life is so much a part of The Creator; thus, when The Creator speaks, many individuals have the ability, or I

should say the Gift to feel good about something, and more interested in something that was not even being discussed.

I could speak hours, but as I close These Words, I want those who read Them to know human life is a Gift of Divine Love. Remember, it was shown when The Son of The Creator was born a human being, like all other living life.”

FEBRUARY 13, 2004 AT 12:00 NOON

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I have Blessed human life in the manner and degree not fully understood by them, but the day will come and they will remember This Time in Human History.

In the Blessings that pass forth through My Will, each time I express that I am speaking to instruct and to help the human side, but the Soul that is a Portion of Me, because these two things, the human part and the Soul are what give to human life a greater understanding of this creation of human life, and that it has a Goal that nothing else created is the recipient of in this Exact Manner, Way, Purpose and Love.

Throughout the world there are millions of men, women and children who do not have the privilege to learn firsthand, or even through script, the Importance of human life, and how close I am to it, within it, because I have Decreed what it stands for, and that within it, there is a Portion of Me

that is to be returned to Me in 'Purity' greater than the human mentality understands it to be.

Though it is difficult for those born the human way to fully understand why I have chosen This Time in their day to speak so openly, Personally, confidentially, is Something greater than the mentality can perceive It to be. Perhaps I can compare It to the human way of living to help it to be better understood, because of the closeness individuals have in feeling and emotion and caring.

I have chosen This Time in an open manner, requesting What I speak to be put into script so It cannot just be dependent on the memories of those who are present, but the script will reveal My Love, My Intentions, and how I Personally feel about this Creation of Mine, human life.

At one time, a long time ago, a Portion of What I Am was put upon the earth, and He was called 'The Son of God'. At that time it was not as openly discussed, but there were many who looked upon this time, at this time, realizing that His Way of Life, His Manner of doing things, was not

termed in the same means, manner, or characteristic of how others His age stood.

Today as I speak, I speak with much Love for human life, because within it there is a Portion of Who I Am, What I Am, and My Love for That Portion to be returned to Me and be called 'a Saint'.

Though there are millions of human beings throughout the world who might or would find My Words difficult to understand, or believe, I do, in My Own Way, use many means to give them strength, hope, and opportunities to allow their mentalities to be able to not just feel My Presence, My Love, but to cope with the necessities morally, mentally, physically, socially, and of course, spiritually.

As I close My Words now, I do not close Them from those who believe in Me. I only close What I am speaking, because the human mentality can be able to learn more, feel closer, and be more capable of understanding that My Love for human life is Unending."

FEBRUARY 14, 2004 AT 11:10 A.M.

SAINT ANGELA MERICI

“I am Saint Angela Merici.

The little one I speak through today, many times called upon Me when she was very, very young. At that time, Many of Us suspected, and Some knew, that her love for The Creator would open up avenues to many areas wherein human beings of all ages would grow more in understanding of Divine Love, because this *little one* was chosen to carry on what she willed The Father to help her with in all areas of life.

Today as I speak, I speak with sincerity, with hope, that more human beings of all ages of life learn to depend upon Those Who at one time walked the earth, are now proclaimed ‘Saints’ Here Where I am.

The Heavenly Father smiles at These Words, because there are so many needs in the human way of life that can be helped if help is asked for. This Statement may sound different than some would suspect it to be put in this way, but oftentimes, when there

is a need or a desire for something good, or an improvement of something is seen by the one or ones close to it, so much is taken for granted or just accepted, but it would be wise for human beings of all ages to remember to request aid, and then give thanks when circumstances were obviously aided.

Today as I speak, there are millions of human beings of all ages, all backgrounds throughout the world who rarely, if ever, use prayer for aid, for understanding of, for dependence on, giving them the strength to act in the proper, orderly way that basically would ease whatever the situation may be, whatever the problem could cause to their way of life. Prayer is the communication rarely thought about as a consistent communication. I do not mean every moment of the day, but I do mean to occasionally, during the day, to remember that no human being is ever totally alone, even when no other human being is present.

The Father, in the Creation of human life, implanted a Portion of Himself called 'the Soul', thus giving to human life a Means different than what the physical knows or under-

stands fully. The Soul, as a Portion of The Creator, is able to ease, to aid, to comfort many, many things, not always in an obvious way, but in a Divine Way, thus giving to the individual or individuals, the ability to understand that when help is needed, there is always Someone available.

Granted, all things are not put into the same manner, or applied to the same conditions that the human mind understands, but no prayer is never heard. Remember, your Soul is ‘the Connecting Link’ of Divine Love between The Creator and every human being born.

Some who read These Words will find Them helpful. That is My purpose for what I have just spoken, because there is never a resistance to a prayer that requests aid. Granted, what help does arrive, or replaces what is asked, is definitely given to the degree and the way that the individual is helped in the way The Father sees it best for all things it is associated with, for all things occurring.”

FEBRUARY 16, 2004 AT 1:20 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

The Gift The Father has given to aid all of human life to more fully understand that The Creator had to be More than a mere man. The world has been Blessed many times and in many ways.

When The Son of The Creator arrived as a human being in the midst of human life, at that time it was a Greater Beginning of Divine Will than It is ever understood to be, to have been, and to have continued on for a great length of time.

Children are not being instructed on how they should pray; in other words, how they should speak to The Heavenly King, The Heavenly Mother, and All The Saints. So much is passed over in a common, ordinary way.

More emphasis should be emphasized on the reality that there has to, and had to be, a Creator Greater than the human can perceive It to be, because human life is not the

only creation of This Divine Entity. All things, living matter, were created for a purpose, a reasonability, a logic, in many ways supporting human life, and in many ways giving strength with just their appearance, or their purpose for how The Father Declared it to be.

Human beings of all ages inwardly feel they understand so much, and feel that they are supported morally, mentally, psychologically, physically, by the degree that they understand to be, but so often they ignore The Divine Power that is used to give them the understanding, the courage, the strength, and the proof of all these things.

It is so easy for individuals, men, women and children, to use their imagination, and even put it into print, hoping to instruct others on what they know, what they feel, and what they represent; but, today in the time in which you live, human lives have been gifted with an in-depth understanding put into script, regarding so many facets of human life, that give to it not just support, but the Importance of the role for which it was created, the Purpose, and the Goal.

All of The Saints Here in the Heavens speak in a way not just to encourage others to believe, but to give the Foundation of how The Father, in His Love for human life, cares Personally with every human being that is conceived in the human flesh, because at the moment of conception, The Heavenly King puts a Portion of Himself, unseen but obviously present, to give to this creation of humanity a Strength beyond what the human mentality can perceive It to be; but also, a Goal, to be returned to Him Who created It, the Soul.

I could speak hours and hours and hours on All the Divine Love that is passed forth, passed through, given deliberately, to not just strengthen the spirituality in human lives, but to give hope for a Future, not seen but obviously present, else how could The Saints speak? Is it not Their Souls that deliver the Words? Also, is it not Their Souls that are used to protect you, or to give you what you ask for at certain times? It is not Their flesh and blood. It is More than that. It is Divine Love that is stored in the Souls for every human creation The Father Wills to be.

As I close These Words, I do not close Them permanently, just long enough for you who read Them, to help you, to give you the strength to more fully understand what a privilege it is to be created a human being, and to be continuously present in the Love, in the Heart, in the Hope of Divine Will.”

FEBRUARY 17, 2004 AT 11:53 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

The multiple weight and degree of burden on this *little one*, and within her, are beyond what the human mind can perceive it to be.

Through This Gift of My Divine Love, I have allowed so much to be revealed so that all ages of human life would understand that I am always aware of all that every human being uses or acts upon, whether it be special, or for other reasons regarding their wishes, or anticipations, or goals.

So much has been given through Words, and so little has been responded to, based on the Words. Human beings have the capability of reading script. Some call it ‘wording’, but many times they ignore the full concept of what the words mean. This often happens when it refers to their manner of living, or how they respond to life morally, psychologically, intimately, or just through acquaintances they come upon in their daily manner of living.

As the little one listens to what I speak, she apologizes for what I Willed others to know but It was not spread far enough, or indepthly enough. Human beings, human life, human mentalities, have a way of accepting what pleases them personally, what they can relate to personally, and what they feel is adequate to their manner of life, to how they live, how they speak, and what they practice morally.

You live in a time where all things look natural, acceptable, and pertain to the time; of course, based on the year or years you are acquainted with personally.

Since the beginning of human life, I have addressed thousands and thousands of subjects, never leaving human lives alone, to be totally at their own perception of how to determine My Will, how I would want them to respond.

What I am about to say next is also of great importance. It is called 'religious understanding', based on what an individual should understand on What I Am All About, and What All Others Here with Me Are All About. The answer is simple: 'purity' in one's

thinking, actions, words, and goals. Some individuals ignore the word 'purity', oftentimes suggesting that it is a word that over-expresses what individuals understand it to mean. Of course, this is an excuse, and not a just one.

Today, as many read What I have just spoken, they will find It not My Way to speak, but I assure you, every human being created is Blessed with a Portion of What I Am. It is called 'a Soul', because in the Creation of human life, and as it being what I Decreed it to be gifted with, I would never have not given to it a Portion of What I Am, because this is Support, it is Strength, it is Logical. I did not create human life without My being a Part of it.

If you see a stone on the ground, or anywhere, very often the stone represents an area of placement, and that in the stone there is something from the earth that can make this stone either unbreakable or softer in how it is. It all depends upon the area it comes from.

Human life is created in many areas of the world, and oftentimes,

every area has a different manner of how they think physically, or morally. You hear some people say, 'No stone must not be overturned,' as you are looking for something that is buried with stones some place. This expression has an importance to it.

Human life can be compared to something I created, I built, that is never to be overlooked, because within it I have put a Portion of Myself, to protect it, to give it strength to endure, and to stand up against all the odds that it will be imposed with, because the odds will be immoral, impure, unjust, and if they are not removed, the Soul will be the recipient, because the body will not remain beyond the time it is declared to withstand how the body is no longer human in any way.

The little one knows that All I have just spoken will be difficult for many to handle. I will guide her on this. She depends upon Me."

FEBRUARY 18, 2004 AT 12:52 P.M.

SAINT CATHERINE OF SIENA

“I am Saint Catherine of Siena.

Today as I speak, I speak with much concern, because there is so little attention paid by human beings of all ages regarding The Commandments that were given a long time ago. In so many ways, They are ignored. In so many ways, They are misunderstood, even though it is known by intelligent people that sin is against The Creator’s Will. There are so many excuses used to adjust what an individual thinks, speaks, practices, or participates in, ignoring what the subject matter is, what the intentions are the results of, and also, the indifference to what it takes to either please one’s self, or to please someone else.

I speak strongly today, because it is important that more time be spent by all ages of human life, to recognize The Commandments of The Creator and the Purpose for which They were given at such an early time; thus, allowing Them to pass down through time, or up through time, as some would call

it, because The Commandments are based on important segments in which human life becomes involved.

Let Me take a few to bring attention to Them.

Thou Shalt Not Kill. Some individuals think this is only with a knife, or a gun, or some instrument.

Thou Shalt Not Bear False Witness. How many individuals make it a habit to discuss other individuals, whether they know them or not, but they have heard something that can be called 'gossip', or just dismissing the dignity in a relationship, and using it as a conversational piece to draw attention to something that some listening to may find interesting, exciting, or even inviting.

I speak differently today, I know, but you do live in a time that could be called 'Sodom and Gomorrah'. To some this would be a happy thing, believe it or not, because they do not see or understand that in the Creation of human life, The Father instilled a Soul, a Portion of Himself, giving to human life the basic understanding of the Importance of becoming 'a Saint', returning to Him in Glory.

I could speak hours on this subject, and use every facet of it deliberately describing how many human beings ignore the privilege of using human life to become ‘a Saint’.

As I close These Words, I have asked The Father if I may bless those who take Them, and those who will fight for the cause that will diminish all that is foul and pleasing to the enemy. *In Nomine Patris, et Filii, et Spiritus Sancti. Amen.*”

FEBRUARY 19, 2004 AT 12:27 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

So Many Saints gather when They decide to send a Message to aid those who are in the living stage, to more fully understand how close Heaven is to man.

The world has been Blessed abundantly by This Gift wherein so much is revealed, not just discussing a situation, but pinpointing it for what it is worth, helping those who need the Direction to more fully understand the full means, measure of intentions, and also, how it will affect their lives in some form, manner, degree, way.

As I speak, there are so Many Saints present Here with Me. We do not walk in the Heavens alone. We live in a Manner and Way that is understandable, because Each of Us are gifted with responsibilities according to The Father’s Will.

For some to hear a Saint speaks, it is difficult for them to fathom the fact that This occurs, but Our Heavenly

Father, in His Love for human life, uses many means to attract those who are yet in the human state and have responsibilities; thus, when a Saint speaks and the Words are put into print, it oftentimes is a saving factor to aid, to assist, to encourage, and to give hope when nothing in the human way has the ability to do, or is not concerned with the situation that is obvious and yet personal.

I will not speak long, but as I speak, it is important for all who take the Words from All Here Who deliver Words, and use What is spoken to give strength to their way of life, their manner of doing things, and also, to aid them in more understanding of Divine Love, for allowing such Communication to take place.

Many of Us are standing Where I am now, and are very grateful to The Father for giving Us the opportunity, the privilege to assist those who are yet in the living state, even if it is just for one human manner of life. It is a privilege, because when Sainthood is announced and You know that You are Part of 'This World', a different World than the living world, Your main desire is to constantly request The Father to

aid all human life in so many areas where it is needed; many times, where it is pleaded for.

Though All We speak is not acceptable to many who read the Words, the important thing is the results that the Words obtain are greater than the human mentality can perceive Them to be; also, as We speak from Where We are, there is such a desire in All of Us to want All Souls to be gifted by being allowed the privilege to live a life as a Saint, aiding The Father in many ways, at any time, because of the large amount of Souls that can be helped, aided and saved.”

SAINT ATHANASIUS

“I am Saint Athanasius.

It is truly a pleasure and a joy when We are requested to speak through This Gift of Divine Love. The Father’s Love for Gifts such as This is, is beyond what the human mentality can perceive It to be. So Many of Us Saints are able to express in a ‘formal way’ so Our Words can be put into script, giving aid, help, encouragement, and Divine Love through What We are chosen by The Father to deliver in Words understandable.

You live in a time wherein there is much immoral corruption. Granted, all times since the beginning of human life were not perfect in every measure of time, because the human mentality, in the privilege of speaking or being able to describe different aspects of human life, did not always speak Holy, but practical, logical, and yet sincerely.

You live at a time wherein The Father has given so much to be understood regarding human life, the

Importance of it. This is a Blessing when it occurs, but there are so many individuals who do not have the Faith to understand how The Father works.

All through the History of human life, The Father has used ‘timing’ to extend to those who were presently alive at that time, and those who would read Words later on. The Wording was always constructive, instructive, protective, and energizing, because who better, who more important could a Lesson be given from, than The Creator Himself; also, allowing some close to Him to repeat What He Willed others to learn, to know, to use, and to be able to be guided by, because of the Importance of the Soul they were the custodian of, Which of course, is a Portion of The Creator.

The Father’s Love for human life is Deeper and Greater, Personal and Unending. Remember this, because every day an individual lives the human way is a privilege, and it is beneficial to their Soul, because the Soul is the recipient that reports to The Father, is Part of The Father, and all that is practiced, spoken or used, is never passed over. It is always seen

for what it is meant for, how it was meant to be used.

Needless to say, thousands of Words could be used on The Father's Love for human life, because It is not ordinary; It is Divine, and It comes from The Creator of All Things. Basically, It is a Treasure that gives strength, hope, assurance, and sometimes in a very short time.

As I close These Words, I beseech those who put Them into print, to see that others are given the privilege to read Them, because Messages such as This One is, give hope, and many times change many portions of another's human life in how they act, how they think, how they respond, and the Goal that suddenly they see as the Goal to return to The Creator, a Saint."

FEBRUARY 21, 2004 AT 11:17 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

At this time that so many men, women and children have been gifted with living the life of a human being, I chose ‘this time’ for much to be released for the mentalities of all who live, to more innately understand what a Precious Gift human life is, and that it has a Goal to return to Me, because in My Creation of it, I desire That Portion of Who I Am in it, to one day be happy and see all that is and was necessary to follow, and be a part of the Goal of Sainthood.

Many will find My Words difficult to understand, because basically they have never really considered their human body being created by Me. They see only the physical human method of how human life is created, thus dismissing that I used a method Greater than it could be understood, as being a Portion of Me.

I hold *the little one* tightly as I draw her in more deeply to feel My

Presence, but also, thus bringing her closer to Who I Am.

A long time ago, when I entrusted her, choosing her to walk a Path other than the human role, she asked Me, 'How far will It go?' I smile at this, because this *little one* wanted the Facts understandable to her, so she would never not know what was necessary to speak, to see, or to commit total responsibility for.

I hold her so deeply at this time, because her life with The Divine is quite different than the human role of what human life is part of, in many areas of knowledge, communication with others, and different human abilities that are needed to support all different degrees and abilities that human life is responsible for morally, mentally, socially, physically.

Though it is difficult for many to understand what a difficult position of life I have instilled within her, she openly denies any infractions to become a disturbance to What I Will her to achieve, because of the Souls that are the victims of so many disgraceful practices, actions, or thinking.

As I close My Words at this time, she says to Me, ‘I want to cry, but I cannot shed the tears because My Words will not allow them to show.’ I smile at this, because there are many times her tears are kept from showing, because others could not understand the indepthness of What is instilled within her. They only see the Words and understand the Words to their dimension of mentality.

I know I speak differently, but these times have been many over the years, due to the fact that her small body is the recipient of more than what others determine the Words to mean. So much is thought of in a light manner, but to her, it is deep in Responsibilities.”

FEBRUARY 23, 2004 AT 8:44 A.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

The little one The Father has chosen for a Task greater than is understood to be by human beings of all ages, because the Responsibility she bears is to speak the Words The Father Declares for thousands, or even millions to be able to read, because the Words are to guide them mentally, morally, personally, for the benefit of their Souls that are the recipients, and/or the victims of all they partake in, say, or do in the human time of life.

The world has been Blessed abundantly by This Gift of Divine Love, even though some refuse to accept It as coming from Above, but the Importance of It is what counts, because that is why It is being put into the printed Word, not allowing the memory to be the custodian of It, due to the fact that the memory is limited, but the script that is applied to the Words can remain forever and ever and ever.

All ages of human life should be inducted into, and encouraged to This Gift of Divine Love that has been given to strengthen all degrees of human mentalities, to learn to base their values and their goals on the Future of their Souls; that is, to return to The Creator with love and with the assurance that He promises will be a Happiness, a Contentment, a Joy that nothing else can instill in the human mentality.

I will close My Words now, but as *the little one* has used this time in a dignified, loving manner, unknowingly, but with respect to The Divine.”

FEBRUARY 24, 2004 AT 9:00 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

If some were present when I say Who I Am that is going to speak other Words, it would be difficult for them to comprehend such a Phenomenal pleasure and/or reality. I often speak through this *little one* and do not announce Who I Am.

I have given to the world a Personal Association, Personal in that it is logical to see It as this, because the Words I speak logically pertain to the human way that I am directing My Words to be understood by.

I have never left human life without some Form of My Presence, because human life, as it was designed, is to use what it stands for, for the benefits of other human beings, giving them strength, hope, and a conscious understanding that within them I Exist. The Word I gave to this is simple to remember. It is called ‘the Soul’.

When individuals of all degrees of mentalities decided to call each

other 'soul mates', it was to give them a closeness that no other word seemed to fit. I find it a very beautiful word when it is used in the proper manner, way and purpose.

I know there are thousands of all ages, all backgrounds, all mentalities of men, women and children who can only adjust or accept or believe what their mentality allows them to see as natural, human, and comfortable.

The Beauty of human life truly never ceases. It is just that it is sad when immorality becomes the focal point of how individuals think, speak, act, or are example of, because impurities in any dimension, any facet of human life, causes harm to their Soul.

The Soul is a Portion of What I Am. The Soul is the recipient of all an individual is any part of. The Soul pleads with Me many times to help the one in who They are, to think more prudently, more justly, more purely in every facet of life, whether it just be an acquaintance or a permanent relationship, such as in friendship, or family life, or in the work areas of human life. There are no exceptions

that cannot be used to be moral and pure in what life is created for.

As I close These Words at this time, They are to reveal to many that I do care about this Creation of Mine; but, before I close, I must add one important line: Never think or feel I am not Present because you cannot see Me physically. I know All things and I am Ever Present every place throughout the whole world, and other places too difficult for some to understand, but Truth is many times greater than what the human mentality can comprehend.”

FEBRUARY 25, 2004 AT 12:55 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

In the design of human life, I instilled all things that would make each human life capable of using, thus giving to human life a variety of sensitivities because of the Importance of the Soul within the body that would be either the Giver or the Receiver of all that the mentality and sensitivities of a human life would use.

In the Creation of human life, there was an In-depth Love, because this creation was to bear a Portion called ‘the Soul’ that nothing else created would have, did have, or could create on their own.

Human life has many responsibilities, along with many Gifts that give to human life the understanding that it was created for a Goal Greater than anything else created. This, of course, is ‘the Soul’. It cannot be seen by the human eye, but It is felt by the mentality, by the senses that a living human being is gifted with, thus making the Soul an Important Asset;

plus, It being That Part of human life that would return to from Where It came, and have a Title attached to It: either 'Blessed' or 'Saint'.

So many individuals study subject matter that others have written regarding the human capabilities, the human talents; also, that the human body has an importance to it — physical, moral, and definitely a Goal.

Throughout the world, there are millions upon millions of human beings who do not understand what a great Gift human life is, because they do not feel it or see it as a Divine Gift, due to the place wherein they live, because nothing is spoken about regarding the Gifts of human life, the Goal for human life, and that it has a Portion of The Creator of All Things within it.

Granted, the first human beings that were created did not know many, many things, but The Father and The Heavenly Mother instilled an understanding within them that life was different than other things, and they had something they could not explain, but they felt it was a surge of more

understanding than they were capable of discerning.

All I have just spoken, for some will not be understood because they see human life in such a practical way of living, but human life is more than just a Gift of life. It has a Goal for a Portion of it that The Creator of All Things instills into human lives at the moment of their conception. It is called 'the Soul'.

I will not speak longer at this time, because there is so much to be spoken about the Importance of human life, and in the design of it, it had to be done in certain stages, certain degrees of mentalities, certain degrees of understanding, learning about what it was created for.

I will close These Words, but I assure you more will be spoken, because human life has a role different than any other living matter or thing. It is a Gift of Divine Love for not just when it lives the human way, but there is a Portion of it that will return to from Where It came, a Blessing beyond what any human mentality can fully understand.

Be blessed by What I have spoken, and allow yourself the privilege of Hope, the privilege of Truth, the privilege of a Goal that will give to you a Place different than you know any place to be. They call it Heaven on earth for All Eternity.”

FEBRUARY 25, 2004 AT 2:04 P.M.

SAINT ANNA MARIA GORETTI
SEVERAL SAINTS

“We are always present. I am Saint Anna Maria Goretti.

The little one’s sense of humor has the strength to encourage hope, love, and more understanding in the Importance of human life, and in the Treasure it is to one day bear the Name ‘Saint’.

It is a Beautiful Gift to Us, This Gift of The Father’s Love that, in so many ways, strengthens those who are yet living to more fully understand and to see the importance of everything they do, they practice, or they plan, because through This Gift that explains so much and becomes such an important part of how an individual thinks, and what an individual learns about: the Fact that through the ‘human state’ the Soul can become ‘a Saint’.

Throughout the world, very learned individuals do not instruct others in an orderly way, or friendly way, or in a way that encourages hope.

Several of Us are present now, and as We look upon those who take Our Words, remember: The creation of human life is a Gift of Divine Love. The abilities in human life are Gifts not just to strengthen the Soul, but to give hope to a Future return to from Where the Soul came, but after living the human life, the Soul has the privilege to be called ‘a Saint’.”

FEBRUARY 26, 2004 AT 11:45 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

As human life has been accustomed to the word ‘time’, it has given to human life logic and the ability of order in one’s life, because time, as it is spoken to be by the minute or by the hour, it allows the human mentality to be more orderly, and to be able to exercise responsibility logically, and in the order best suited to them and for them.

When a child kneels, a child of any age of life, and prayers pour forth in what they want to say to be heard, to be accepted as communication from them to The Divine, it, to All of Us, is a pleasure in this communication that in so many ways is silent, and many times only involves a subject matter that possibly is important to remember morally, mentally, spiritually, or just because of the need for the results that will result from the words.

I speak differently, I know. By this Statement, I mean most human beings do not expect Me to speak on

humanistic values, subjects and/or what they think I can help them with in their way of life, even when it is not a Spiritual communication, so to speak.

I close These Words at this time, because My Closeness to human life is instant, continuous, and cared for, because in communication on any subject, I have the opportunity to instill a certain degree of what I feel the individual might need for correct results to be attained.

My Love for human life is beyond what a human being can perceive It to be. Do not forget, I Designed and Created the first human beings.”

FEBRUARY 27, 2004 AT 12:27 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

I speak at this time because when there are Several gathered and We desire a Message of importance to be delivered, it gives Us happiness when so many will hear the same Words and not have to wait until They are written.

In the design of human life, the Purpose for it became the leading factor of how it would be designed, and also, what Gifts it would contain for the Purpose and the Goal it was to live for at another time.

Human beings of all ages should think of the privilege it is to be created a human being, and given the opportunity to help a Portion of their creation to return to The Heavenly King and be called ‘a Saint’.

It is not necessary for a group of people who are living to be the ones who create or name an individual ‘a Saint’. The Saints in Heaven did not All have groups of individuals who got

together and who, in their own way of doing things, proclaimed someone 'a Saint'.

I know I speak differently, but I speak this way today to human beings of all ages, that Sainthood is a Goal, not always spoken about, not always thought about, because the Soul, as a Silent Portion of human life, is the receiver of all an individual partakes in, participates in, and how the receiver lives the human life in all dimensions of what It is exposed to; but also, the Soul is the recipient in a greater degree than a human being can perceive It to be, because the Soul, through every act, every thought, every word, every deed, is connected to The Creator Who is Above all things.

Now, What I have just spoken may be difficult for some to understand, but I beseech you to remember, and also to place your Faith in The Creator's Way, Hands.

I bless you from Where I am, and I say, 'Today is a day to begin to promise yourself you will always remember: through your actions, your thoughts, your values, and your manner of living, that you will reach

**for Sainthood, innately feeling that
That's what you were created to do.'"**

MARCH 1, 2004 AT 1:00 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I have selected this time to speak because of the necessity for all human life to know that everything they think, speak, and act upon, affects their Souls.

We hear some say, ‘I cannot see my Soul, so how do I know It is present in me every day?’ This answer is easy. First of all, the human perception of what is right over what is wrong, what is good over what is evil, what is truth over untruth, is logically based on the values of what the subject matter is, what it pertains to.

Throughout the world there are many different degrees of mental intellect. There are many excuses made due to the fact of so many different forms of language is used in discussing an important issue. Some would say that this would not be the case with them, but I, your Heavenly Father say, ‘The mentality has a way of placing much assurance to others on what they will to say, to think, to be a

part of, and to practice how they see it and refuse to see it any other way.'

You do live in a time wherein there is much irresponsibility and irrational decisions regarding many facts in human life.

Speaking this way will be difficult for some to understand, but if they look at It long enough in print, they will be able to associate with It according to how they think, how they live, what they practice, and how they determine facts, because dealing with human life is not a fictional character or characteristic that should be seen as perfect. The human mentality oftentimes digresses into what they feel emotionally secure with, and also, emotionally more than what others see the situation as it is.

I know My Words are different, but sometimes it takes things spoken like I have just spoken to awaken certain facts that are never thought about: certain conditions, certain evaluations, certain practices to how an individual responds in life to all that comes its way.

Children are not being seen many times for their inability to discern, thus

allowing them to choose wrong over right. Also, emotionalism in human life can be a disaster to many areas, because emotionalism oftentimes is based on not right and wrong, or right over wrong, but based on one's opinion that is not one hundred percent what it should be. Oh, it can have a certain fraction of it that is logical, reasonable, and hopefully helpful, but you do live in a time where so little is looked at in its full distinct value of what it pertains to.

I know I speak differently, and I know some will find it difficult to include What I have just spoken in how they think, how they feel, but nonetheless, It will be an awakening to some who will profit from It a great deal.

Divine Love for human life is beyond what the human mentality can perceive It to be. Human life grades love on how they feel about others, or about certain things, many times dismissing sound facts, sound values, sound logic, beneficial to what they will it to be.

Yes, I speak differently today, but sometimes it is necessary, because

it awakens perhaps one fact that is necessary for an individual to grow physically, morally, mentally, socially, even monetarily.

In closing, I say: ‘Do not look at These Words as ordinary. They are Words to give you the courage to think before you act or speak.’ The list is endless.

I smile when I end My Words with: ‘I love you. You were created by Me in the manner I designed human creation to be, and those who were involved in your creation were also created by Me. The lineage is a long, long way.’

I smile when I say, ‘I bless you for your patience, I bless you for your love, and I bless you to want to please Me, but I also bless you for your intentions in all you do that give to your life and others’ lives, more help, more assurance, and a more Spiritual view.’”

MARCH 2, 2004 AT 12:43 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I have alerted *the little one* I use to the many major catastrophic occurrences that could occur because of the excess amount of human interpretations of what is morally sound, pure, just, and acceptable, though the average individual knows but rarely speaks of immorality, impurities physical, mental, using the body or the mind in suggestive motives to appease only what would be called ‘sensual, sexual advances’.

I speak differently, I know, and it is sad for Me to speak this way, but you do live in a time wherein morality has diminished in every facet of it, every need for it, in every use of it.

Freedom of action, freedom to do what one wills to do has a proper place, because of the human Gift of being able to do so many things physically, mentally, but there is one big factor that should never be dismissed, and that is, if I were present, would you feel right doing it? Would you feel that

I would be pleased? Would you feel that it should be acceptable because it is of the human nature, stature, inclination, and/or willingness to practice the freedom to do what you will, any time you will to do it?

Today you do live in a time wherein there is much indifference to not only The Commandments of The Creator, but to the decencies of morality that exclude what morality is all about, and why The Father allowed morality to be created, giving to human life an important issue or fact that is beneficial to the Soul, or it can harm the Soul in more ways than a human mind can perceive it to be able to do.

I could speak hours on this subject, but there will be many who will read It and ignore It, because within their mentality they say, 'As a human being I have the freedom to think like I want to think, speak as I will to speak, practice what I feel is comfortable for me.'

Needless to say, I could speak hours on this subject. I have only touched on it, but I assure you of one thing: There is a time when every living human being's Soul will be the

victim of what the individual, in whom They were placed, will cause Them to suffer, or walk in Grace.

I could write thousands of Words on this subject, because you see, it is important that purity not be a thing of what others use, but to be constantly thought of as a portion of life that would be rejected by animals if it were wrong.

I can say no more at this time, but I leave These Words with much concern.”

MARCH 3, 2004 AT 11:52 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

In My Design and Creation of human life, I instilled many Gifts, one at a time. So many men, women and children do not understand the Importance of My Will in the Design of My Plan.

As each human life is created, it has a Purpose and a Goal. Granted, the main Goal is to return a Portion of it to Me, That Part being the Soul, but all other facets of human life have reasons, advantages, and can be used in many ways, allowing the individual to choose how he or she desires to take part in all other things that are created.

My Will, of course, is that they choose what is pleasing to Me, thus using many ways to walk the path, sharing with other human beings all that is good, moral, and uplifting; of course, first to the Soul, but then to the mentality, thus allowing so much to be accomplished, using many portions

of human life that are acceptable morally.

I will not speak long at this time, but it is important that All I have spoken before this, plus What I have just spoken, be shared with others who live the human life. Some will find their Goal that they never thought of before. To some, they will find a sharing of My Love through the talent or the ability that they are gifted with. I did not create human life to not have the benefits of giving to life knowledge, purpose, understanding and a Goal.

I smile when I say My next Words. I bless those who share What I speak, and What I desire to be put into print. This is My Gift to assure My Closeness through the Souls that are Portions of What I Am, and are Portions in whom They were placed at another time. I share all human lives and many other things.

My Love for human life, spoken openly when the time was that a Son of Mine was created the human way, to partake in and to be Example of What I Willed all other human beings to see, to feel, that in My doing this, I

spoke openly, showing the Importance of how I felt and still feel about the Creation of human life. It is a living matter of My Love that I have shared and am still sharing, thus expressing openly that this Gift is unending.”

MARCH 3, 2004 AT 1:03 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

What *the little one* saw at this time was a preview for her to consider, and to remember that certain changes must be looked into indepthly. As these changes approach her, she must not skim over them and take for granted that all views are not exactly as she wills them to be.

Throughout the world, there are millions of men, women and children who do not seek Truths or sound values, nor do they seek Spiritual understanding, because so much is being given to them verbally and through books that are incorrect in how they discuss certain points of direction dealing on important issues that are available in what appears innocently.

This Gift of Divine Love is far more in-depth in Value than It is perceived to be. Only the surface understanding is sometimes understood, because it is easier for the mentality to handle what the mentality

can feel is safer to handle, safer to agree with, safer to give as an excuse.

So Many of Us speak many times through this *little one*, because you live in a time wherein there are so many interpretations of important issues that are misleading to what is necessary, or valuable, or beneficial to the Spiritual manner, way, practice, that should be seen more indepthly.

It is easy for a human being to dismiss what they feel is important, because it eases their responsibilities, so they think, but I assure you responsibility in many ways saves lives, protects Souls, and gives strength abundantly when and where it is needed.

There have been many times in the History of human life, when certain individuals found pride in a boasting manner of explaining to others what they felt was necessary or was beneficial, not always really understanding the full measure of the subject matter they were pointing to.

I could speak hours on many subjects, but it is important that you understand, you who read These Words, you who instruct others on the

importance of what is morally right, sound and beneficial to the whole body, of themselves and other human beings, because it is easy to think in a lighter manner, a lighter degree of responsibility, thus ignoring that responsibility is a Gift of Divine Love, giving to human beings of all ages, even the very young, the personal help, treasure, that sound understanding encourages to many portions of life, many degrees of helping others to live a pure manner of moral views, standards.

Needless to say, I have spoken differently, but with a drive to understand that human life is a Portion of Divine Plan, and in it there is a Goal Greater than the human mentality can see It to be, for in reality, how little is truly understood by so many who pass it off as just being part of human life, human living.

As I close These Words, I know I have spoken in a manner, perhaps will be found difficult for some, but I assure you, if you pray to The Heavenly Father for guidance, for help, for hope, you will also find much Love coming your way.”

MARCH 4, 2004 AT 11:48 A.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

I smile when I speak My Name, because of what occurred when this *little one* knelt to pray, and when The Beloved Host of The Holy One came her way, she automatically repeated My Name. In hearing her say ‘*Hail Mary,*’ We All responded in a degree, in a manner unseen by her, but her dedication to all that she is exposed to is important to her in every way. Because I was the First she thought of when she walked into the room, it was natural for her greeting to be to Me.

Throughout the world there is so little recognition by millions of human beings, for them to even think that oftentimes We are present when We are not even being spoken to, or seen. All words that are spoken in the human way are not ignored, nor are they passed over, because the human communication, the human response that Many of Us Exist, able to hear, able to see, able to feel when an individual thinks of Us or speaks Our Way.

The Love of The Divine is Far Greater than It is thought to be, or understood, capable of being present even when It is not needed in a special way.

Today, as Many of Us are present, because the joy of delivering Words to those that are in the living state, for them to be able to read What We Will to say to aid them, to guide them, and to help them remember that We Exist in Another Way.

Divine Love is Greater in Concept and Degree than It can fully be understood, because human love is a different kind of love, and it differs in concept, in motive, and many times, in belief.

Today as I speak, I know it is different than some might assume My Words to be, but there are many ways for all ages of human life to be able to understand that human communication with The Divine is, in many ways, not just one-sided as it is thought to be, because The Father, in His Love for human life, has designed a manner of communication, or I should say, the value of being understood by The Saints to every living human

being who requests something, or who contacts Them with an act of love, hope, or a willingness to aid in some format, some form, some degree, that is needed to give strength for other human beings that need help, in their human version of need.

Through much that We speak to all that We deliver Words to, it is always to give strength spiritually, mentally, physically, morally. Love such as This, is a Love of Divine Will and Way, based on The Father's Participation in all that We Saints communicate to those who request aid, or support, or regard to some concern. The Heavenly Father is ready at all times to receive human requests, or human words that thank The Father for being present when He is needed.

The Divine World is of such Magnitude in so many areas, wherein every human being is never without being seen or heard daily.

As I close These Words, I close Them with Divine Love, because as love for another individual in the human way is important for many things, many reasons, Divine Love covers many more areas than the

human mind can perceive. Never forget, silent communication with The Divine is never out of your presence, because you have a Soul to alert you and to help you make what is called, ‘a connection’.”

MARCH 4, 2004 AT 1:00 P.M.

SAINT TERESA OF AVILA

“I am Saint Teresa of Avila.

You live in a time wherein The Creator has Blessed the whole world in a manner, way and degree, greater than it is understood to be. To discern a Gift such as This is would take a lot of logic, and an individual or many individuals discussing not just the progress of human life, but the value of human life morally, mentally, psychologically, physically, and yes, obediently.

In so many ways, individuals of all ages innately know when something is being practiced, or being a part of, that describes openly the wrong, the impurities in it, and how it pleases the enemy and rejects The Divine.

The world was not meant to be the wrong place to put human life, but because of the Greatness for which human life was created, just in the Goal for the Soul, is Greater than anything physically created.

So few take the time to think about thanking The Father for giving to them life in the human way, because human life is a preparation for a Greater Goal. Commonly speaking, it can be compared to learning the basics of an important issue and then being able to apply all that one learns, to one day, as a Saint, living with The Creator in a Beautiful Way.

We hear some say, ‘What will my body be like if this occurs?’ but rarely do they ask during their time in life, is what their Soul was created for, and the Soul’s Importance over and above all physical factors, features, portions of human life.

In the design of human life, there were many things taken into consideration, thus giving human lives certain abilities to base their Future on; the Future, of course, was for the Soul that will represent them in a Greater Way of Glory by The Holy One.

In nature, human that is, people understood cleanliness in all the facets that contains the need for cleanliness: the mind and the body, their actions, and all the things that surround them

as they live amongst many things that were created to give them protection.

So many times We hear individuals dwell on whether something they live with is clean or unclean. Is it attractive or unattractive, but few compare this type of thinking to the Most Important Part of their life; their body first, of course, but the Soul is the recipient of all that a human life partakes in, practices, or uses in daily life, basically feeling that the importance of these things give their lives more happiness, and also more understanding, because they live in the midst of so many others who are human, thus they, too, making the goal physical; many times, most times ignoring the Soul that they cannot see, but without the Soul, they would be like an animal, not having all the talents that human life is gifted with, abilities to do so many things. To be able to sing is one; to be able to understand rational meaning in so many ways, such as in earning one's living, or having a family, thus using their Gifts given to allow them to want to be part of the lives of those who they can give life to, but also, enjoy others that they know just by name or association.

I know as I am speaking These Words, They are not what many would expect Me to say, but within each human life, there is a Major Gift of Living Matter and It is called ‘the Soul’. The Soul is not like the flesh on your body or a bone, but the Soul is a Portion of The Creator, that through living the human life, it gives you the privilege to reach the Goal for the Soul, to one day bear your name and be called ‘a Saint’.

I could speak hours on this subject, but I implore you, that as you read the Words already given, you will find in Them, The Father, in His Love for this Creation of His, wants all to know that living the human way of life, there is a Goal Greater than anything that can be reached in the mere human way of doing things, if the individual uses The Father’s Love, purity of the mind, and the ability to understand that human life was created to one day return That Portion of it to The Creator, that lived the human way a long time or a short time, and This is called ‘the Soul’.”

OUR HEAVENLY FATHER

“I am your Heavenly Father. I smile when I say My next Words. There is so much I want all men, women and children to know, to understand, and to be conscious of at all times, in spite of where they live, who they know; conscious of how they must reject temptations oftentimes delivered through irritations by those who feel the need to speak on subjects that they know would not be acceptable morally, mentally, physically, or even socially.

I have given to the world *one small voice*. Some ask Me why I did not choose hundreds of individuals, even thousands, to repeat What I wanted others to know. This statement, of course, is out of line with how My Way is, in The Divine.

In the birth of a child, I place within it a Soul. The Soul is the recipient to guide, to guard, to encourage and to instruct the one in whom It was placed at that great moment of conception when a human life is conceived, because of the

Importance of human life, and of course, its Goal.

There are thousands of human beings, all ages throughout the world, who have no concept of the Importance of human life. They live each day as if it was something they had to do, but they do not realize that there is so much Importance to being created a human being, because within human life, at the moment of conception, there is a Portion of What I Am, Who I Am, placed, and in this Gift of Divine Love, it is the beginning of a Soul that is to be returned to Where I Am, because It is a Portion of What I Am.

The Soul is constantly aware of all the things the ones in whom They are placed practice, participate in, or are examples of. The Soul is not able to be seen by the human eye because the Soul, as a Portion of Who I Am, What I Am, is the Custodian, the Protector, the Aid, the Hope, and that Connecting Link to The Divine.

I could speak hours on this subject. Perhaps for some, All I have just spoken will be difficult to perceive such a Gift of My Divine Love, but before I close My Words, I want all

of human life to know, to realize and to never forget, that within their human life I have implanted a Portion of Who I Am. It is not seen by the physical eye, but It is what makes human life different than all other things created, because It innately instills hope, understanding different degrees of intellect, and above all, the realization that there is a Goal for human life, that it does not just end when the last breath shows, because That Portion within it is a Gift of My Divine Love, and when It is returned to Me, It is welcomed for all It did to help the human life of an individual practice, believe, and understand that there is a Goal to walk in the human way of life.”

MARCH 5, 2004 AT 2:05 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother. I speak to you today with My Love for how you desire to encourage others regarding their Souls.

It is important that all ages of human life learn more about the Importance of human life, and that it has a Goal. This Statement should not be difficult for anyone to understand, because it is innate even in the very young to want a goal to reach, giving them a strength in what they feel is good for them. Many times, when the goal is on the importance of what they have learned to help them become ‘Saints’, it is much more prevalent in their mind than it is perceived to be by those around them.

So often, the young do not like to discuss the progress they feel they are sensitive to, especially when it comes to a personal manner, way that they act, or can become victims of, according to circumstances, or who they are associated with.

Human life is a Gift far greater than it is understood to be. There are so many abilities available mentally, physically, spiritually. There is nothing dull in human life, because through the mental awareness that is available, anyone can address subjects that give strength to how they live, how they feel, and how they associate in their communication with other individuals, no matter what age the others are.

Human life, as a Gift, and is a Gift of Divine Love, Divine Hope, and Divine Service, because it is the foundation for a Future of returning to The Creator of All Things, to be with Him Forever and ever and ever. This may be difficult for some to understand, but with the reality of so Many Saints in Existence, this alone is proof there is a Future to life. It is called 'Sainthood'. I beseech you to remember this."

A GUARDIAN ANGEL

“I am a Guardian Angel. We All smile when *the little one* is so shocked that a Guardian Angel would speak so openly and announce Who They are.

Yes, it is rare for individuals of all ages to understand that many times a Guardian Angel has the privilege to speak, encourage, instill, and also to guide the one in whom It was placed at a given time.

To so few men, women and children, does a Guardian Angel truly exist in their understanding that The Father, in His Divine Love, gave to each human being born, a Protective Part, a Portion beyond what a human mind could perceive It to be.

Ask yourself, how many times were you close to being hurt, harmed, or something else occurred to you that was beneath what you would like it to be: something moral, immoral; something that would leave a mark on you emotionally, always letting you wonder how it happened, and why would it have occurred.

What I am speaking about is a Very Important Part of human life, because oftentimes an individual is not concentrating on what they are surrounded by, who they are surrounded by, or what the subject matter involves. So much is accepted, taken for granted as being natural in concept, in content, and in reasonability.

I smile when I say My next Words. No age proves one's innocence, or does not accept things that seem natural, normal, without looking into the indepthness of the subject matter, or the rational meaning of what is occurring.

I have spoken these things not just for those who have taken the Words, but to remind you, and even alert you too: As you deal with all different degrees of human life, you cannot expect everyone to see things as you see them, but you have the right to respond in the manner you know is correct and understandable to those who receive what you speak.

I will close These Words because, for many, What I have spoken may be difficult to understand why I

would speak in such a way regarding communication the human way.”

MARCH 8, 2004 AT 1:50 P.M.

SAINT ANGELA MERICI

“I am Saint Angela Merici.

We All smile, Those Who are Here with Me as I speak My Words, hopefully to aid those who take Them and those who will read Them, in a fuller, greater, more in-depth understanding on the Importance of This Gift of Divine Love that has given to human lives of all ages, and is still giving, Words to help them think more indepthly, more directly, more logically on what a privilege human life is.

Throughout the world there are men, women and children who in many ways are starving for such Information as is being passed through This Gift of Divine Love. So many are dependent on those who feel they know what is good to speak about, but basically it is irrational in concept, content, and direction, even when the individual instructing is supposed to be well-informed on the Spiritual meanings, concepts, and the importance of it that human beings are the recipients of.

It is sad when something calls for a word of encouragement, spiritually-oriented, giving more strength, purpose to what is needed to give to an individual, or several individuals, a fuller, more in-depth understanding of the closeness they are, they have, they are capable of calling upon, such as The Heavenly Father, The Heavenly Mother, and/or All The Saints in the Heavens.

Though spirituality has taken on a different role in many ways, places, situations, conditions, due to those who feel they are updated on a more realistic version in how to deal with prayer, or Spiritual direction, but I assure you, much is done out of pride, ego, and little true understanding of the importance that The Father Wills something to be explained in a manner, way, and degree more feasible to the mentality receiving it.

I do not mean that the person receiving it is an illiterate, inconceivable to understand, but what I am saying is: so many times, there is so much pride in how one explains spirituality to someone else, thus not really saying it in the full, true measure of how The Father Wills it,

how The Mother Wills it to be delivered, thus making it more personal for the one hearing it, or more Spiritual in concept, content, giving hope and Divine Love along with it.

I could speak hours on this subject, because it is so important that spirituality be understood as a strength for hope, in hope, and a Gift of Divine Love beyond what the human mind has heard in a casual way, or perhaps in a formal written way, that left out the Warmth, the Sensitivity, and the Divine Love that does exist, because The Father loves all human life, and wants them to know this.”

MARCH 9, 2004 AT 12:54 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

All of The Saints Here in the Heavens are so pleased with The Father’s Choice on This Gift of His Divine Love.

Though some individuals do not fully understand why All that is delivered, verbally and in writing, is a necessity greater than the human mind perceives it to be, to hear a subject verbally oftentimes eliminates important points of logic and sensitivity to the purpose for which the Words are being delivered. The human mind oftentimes forgets what is spoken, not due to their lack of knowledge, but oftentimes due to their lack of concentration on the importance of the subject matter, or what the subject should and would and will have to be accountable for.

So many times, all ages of human life like to hear only compliments or positive statements, or things spoken that help them enjoy certain things that they would not have thought

about. All these things are important to think about, because the Goal for human life is rarely understood because of so many differences of opinions on important subjects, such as how an individual lives each day, what they are accountable for, and how they responded to morality over immorality, purity over lust, anger, and of course, security over insecurity in many facets of what their life consisted of during that time that they were alone, or with family, or with friends, or with individuals they did not know.

The Gift of human life is a Gift of Divine Love, giving to human life so many things to fully understand, to aid the mental, to feel the necessity in morality over immorality, goodness over wickedness.

Human life has many facets, but All that I have thus spoken only adds up to a few important facts in human life, but I would like to add one thing: Thousands and thousands and thousands of children, all ages, are not being introduced to, or even given the ability to see, hear, practice, what is not just normal, but pleasing to The Father. This makes it a happier

understanding, and of course, it has greater response, control, and goal.

I know I speak differently, We All do, but you do live in a time where so much regarding the importance of a subject, or a feeling, or a way of life, is passed off and put into a category of being natural, thus accepting things that are basically destructive to the Soul of the one in whom a decision must be made: ‘Am I pleasing God, or am I pleasing those around me to help me be popular in their eyes, in the human way?’

Needless to say, I could speak hours and hours. I have only touched on a suggestion to be thought about, because many, of all ages, never think of life in the facets or the abilities that provides right or wrong in their daily way of life. I could go on for hours. There are so many ways to speak, to help, to encourage, and to give hope.

I smile when I say My last Words. Though I speak differently at this time, My Love for The Creator, The Divine, encouraged Me to deliver What I just requested of you to take down.”

MARCH 10, 2004 AT 12:43 P.M.

SAINT TERESA OF AVILA

“I am Saint Teresa of Avila.

The Father has given to the world Facts, Truths, Logic, and the ability to understand the Purpose for which He created human life, calling one ‘man’, one ‘woman’, giving to human life a relationship designed for many, many beautiful ways of life, areas of life, wherein hope radiates, truth radiates, and Divine Love is ever present, many times noticeably when there is to be a birth of a child.

So much can be spoken to encourage individuals of all degrees of Faith in The Divine, understanding of the Purpose for which human life was instilled with Faith to understand Something beyond the human manner, way, or degree that the human way is limited to, in.

The Beauty of human life is oftentimes dismissed, ignored, rejected, due to some lack of interest in what can occur morally or immorally; also, that human life, in the sound reasonability of understanding

the Importance of human life, the Gifts of human life, and the ideal communication that is instilled into human life, helping the mentalities of millions of human beings to more fully understand that for all this, there had to be a Higher Source to give such a degree of being able to handle so many options of how to live, how to speak, how to care, and how to use logic as a basic formula for truth, understanding, along with the ability to share in the birth of a human life and be part of its creation, bearing the responsibility of how it was created, and what it is expected when it begins to progress into a higher learning stage, but also, a higher understanding that in its creation, there was a Goal, unseen but spoken about, encouraging in every way to seek the Goal of Sainthood at another time, another day, to return to The Creator as He Wills it to be, because at the moment of conception, there is personal intention, personal meaning, that The Father is Part of. Granted, it could be spoken as His Will for human life to be created by other human beings, thus giving to human life a lineage of understandability, and also of learning that this Gift of Divine Love was to be returned to The

Creator of All Things, perhaps not the body, but That Portion within human life that is never seen, only by the very, very Holy, but That Portion is called 'the Soul', and is a Portion of The Creator of All Things.

I will close These Words with Words natural for you to be happy to hear: God bless you in all you say, think, and do, and all you remember regarding that there is a Goal for you through your Soul, and that is to return to The Father and be called 'a Saint'."

MARCH 11, 2004 AT 1:30 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

There are so many times, since The Father’s Gift to the world, that many individuals are asking questions, not just requesting the validity of This Miracle, but help in what they feel will give them strength that they never before had.

The Words encourage many to speak, request, and beseech The Father’s Love to help them live a life pleasing to Him and more in keeping with His Love, thus not using humanism as their main manner of concern.

Today as I speak, there are thousands of men, women and children not praying, thus ignoring the help they might receive if they were to call upon Someone Here in the Heavens that would be ready to aid them, guide them, or enrich them with hope and more acceptance of the value of the way they live.

Children oftentimes need someone to care, but this also is needed by those

who are older in years. I do not say carry their weight of their mentality, but give them strength in how you speak, how you can encourage what they are speaking to you about. If it is not feasible to speak encouragement, I would say, 'Discuss with them the options they have in the decisions they are about to make.'

The human mentality has many facets of understanding and ability that nothing else has, and that is to speak to other human beings logically on subjects that are innately part of human life, and each has a different opinion, but in conversation it gives strength, encouragement, and many times hope when there is a slight bit of concern or despair.

All of The Saints are ready to help when a request in prayer is offered to Them because, do not forget, Most Saints lived the human way at another time, Some in a different way, but the Beauty of being a human being is that the challenges are not detrimental in a horrible way, because when the human mind feels the necessity for strength, The Father knows, and He encourages the one who is concerned to bear with Him and to talk to Him. He gives,

in His Way, more answers than an individual understands to be, because there are so many facets of human life that are available to be used through the mentalities of the human lives, according to what is needed, what is requested, whether it is for personal reasons, or just consideration on other views.

As I close These Words, I must say: Each time a human being requests help, the prayer is answered, maybe not at that moment, or not exactly the way the request is presented, but All of The Saints Here in the Heavens reassure you that as They walked the human role, They are aware of what some area of help will give you: the hope, the strength, and the way to be able to see the purpose and the reasonability of how it will help you think.

As I close These Words, I say with sincerity, ‘You are never without The Creator, because your Soul is constantly with The Creator on your behalf, and is always aware of what you think, and yes, your needs.’”

MARCH 12, 2004 AT 12:06 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

I speak through this *little one* today to in some ways instruct those who read These Words, that in the Gift of human life there is a necessity to constantly protect mentalities and the physical, plus what an individual partakes in, not knowing how detrimental a situation could cause to their Soul, to their body, to their mentality of understanding.

In the design of human life there were so many areas to be covered, due to the fact that human life was instilled with understanding that animals do not have, or any other things that breathe and walk the land: the ability to make decisions regarding purity over impurity, justice over injustice, right over wrong, and/or the necessity for purpose to be seen as important, rather than to dismiss it as just something that was thought about, or had personal meaning to it that could be detrimental morally, mentally, physically and/or spiritually.

Right at this moment, there are millions of men, women and children who rarely think of the necessity for communication personally with The Divine. It does not have to be formal, put into script by someone else, but just a personal association of the closeness that human life has with The Creator of All Things, All Places.

What I have spoken should be read, but also thought about, not just cast aside as Words they know speak Truths, but they do not feel that communication with The Divine should be a daily communication, more than one time, because the Soul oftentimes requests help, but is not heard by the one in whom It exists.

The Soul is the recipient of more things than the human way of life understands is possible. That is why it is so important to make it a habit for a prayer, or just a communicative association, speaking as a human life to a Living Entity of Divine Way.

I will close now, but as I do, I know that some who will read These Words will use Them, and there will be those who will not find it necessary, because their communications are

through the prayers they have learned to say in a formal written way.”

MARCH 12, 2004 AT 12:46 P.M.

“The human individual does not fully understand the importance of their mentality, because in their daily thinking, they many times understand subject matter that is never discussed openly, due to the fact that even though it is of an important nature, so many feel that no one will be interested.

Now I will speak on another way. When an individual hears a sermon, and the sermon enlightens their mentality to a subject matter regarding the Importance of life and how they live, it should be looked at and seen for what it does to them mentally, morally, psychologically, physically, but also to others who hear what they speak. Were the words important, interesting, or deliberately unkind?

The reason I speak at this time on this subject is because a voice is oftentimes remembered to give strength or despair, hope or a sadness, but sometimes it leaves the association with the individual fearful of certain things.

I know I speak differently, but the speech of the human way, the words can be so beneficial, because in them, they do not just tell a story, but they are also meant to enlighten the mentality, or mentalities of those who hear them.

That is why it is so important that as you know how to speak, remember when you do speak, those who are listening to you, whether it be one or more, will be affected by what you say, how you mean what you say, and it can affect them mentally, emotionally, or in many ways due to the fact that is oftentimes ignored, the words remain, either to encourage the ones who are listening to a better way of life, more hope in life; also, more direction in how to think, act, speak, and encourage.

That is why, when there are sermons on The Holy Trinity, or on The Saints in Heaven, it is important that all ages be aware that their memory is important, and how they remember to repeat all they hear is important to whomever is listening to what they say.

I know I speak differently on this day, but human communication is

far greater than the average human being understands it to be, because oftentimes what is spoken remains within another's mental capacity, and can be useful at a time of necessity.

I could speak hours on end on what the Gift of speech can give to all human life: strength, hope, understanding, and good intentions for the Souls of the one speaking and for the ones listening to them."

MARCH 13, 2004 AT 11:56 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

At one time in the History of human life, I chose particular men to walk a path that would instruct others on the Importance of human life and the Goal that I had for it, because of My Love for this Creation of Mine that would be capable of so many things to accomplish, to aid those who would need them, or who would use them to better their life, to protect their Souls, and look to the Future to one day return to Me, their Souls.

***The little one* I use is a target for so many inconceivable reasonings; human jealousy is one. I cannot name them all at this time, as I have Blessed the world through This Time, instructing in so many areas to who read the Words, and then apply What I mean in the Words, to how they live and what I expect of them, and the things perhaps that do not please Me. The Commandments are just one of these that point to Definite Wording, but there are more times that I spoke**

for human behavior to be seen as a Gift, but also a responsibility.

I have given to the world *a small voice*, thus allowing those who hear to not feel a demanding of what the Words would mean, but more likely a sharing of an Importance regarding the responsibilities.

I add to this: I am grateful for What has been spoken previous to this time. I now speak because in It, the knowledge of It, will help *the little one* stand up to what she ordinarily would want to ignore, not for her sake, but for the sake of others, because she has the quality within her to be strong.

As I close These Words, I close Them with My Divine Love for Truth that was spoken, thus giving an important issue more understanding, and the chance to face it with strength that others do not know about in her manner of expression.”

MARCH 13, 2004 AT 2:30 P.M.

SAINT GREGORY THE GREAT

“I am Saint Gregory the Great.

Few human beings understand the privilege of living as a human being. In The Father’s Creation of human life, He instilled in it many rights, along with privileges in a multiple degree and number.

Today as I speak These Words, there are millions and millions and millions of human beings who do not understand the Gift of life, the Importance of life, and the Goal The Father has for it at a time when He feels it is correct for Him to accept the Souls.

The whole world has been Blessed with This Gift of Divine Love wherein so much is being brought to light, allowed to be understood for what a great Gift It is to every human being born. Sometimes, more acceptance of the mentality is treated better than the Gift of life, because the mentality is recognized in what is called ‘intellect’, so some, in their own way, ignore the Gift of life as the

greatest Gift, because without the Gift of life, there would be no reason for the mentality.

I speak differently at this time, but many times it is important for certain individuals to be reminded that their life in the human way has much more reasonability than they perceive it to be.

I will speak now on a different subject. The world has been Blessed by This Gift that speaks so openly in a logical reality of instructing those who read the Words to remember that the Gift of life for human beings was first shown how Important it was at the Crucifixion of The Son of The Creator, called 'Jesus Christ'. This Sacrifice was far beyond what it has ever been understood to be, because in it The Creator of All Things opened the mental understanding that there would be some human creations that would not practice the Gift of life in honorable understanding of how it should be treated, used and/or seen.

Much has been instructed on the importance of the living part, but it is important that only the human life is gifted with the Soul instilled,

for It to be one day returned, bearing the name of the one in whom It was placed, thus allowing all human beings to realize, to be born a human being is to one day have the privilege to return to The Creator and be called 'a Saint'. No other living matter or thing has this privilege, because human life is instilled with a Portion of The Creator that is never seen in an ordinary way, but is obvious even in how an individual knows, through one's actions and speech, where purity, justice are the responses, not allowing unclean words, actions, and other such things to enter the daily activities of an individual.

Though it is difficult for many to understand that The Creator would allow such as this to be, the Gift of a free will, along with the Gifts of so many advantages and abilities to accept morality over immorality, purity over impurity, justice over injustice, hope over despair, love over hate, logic over what would be illogical. The list is endless, so I will stop here.

So many individuals have the ability to understand what it will take for them to become 'a Saint' and return to The Creator, being able to

say personally to Him, *‘Thank You, my Father, for blessing me with the privilege of the Name.’*”

MARCH 15, 2004 AT 12:00 NOON

OUR HEAVENLY FATHER

“I am your Heavenly Father.

The little one I use is being prepared by Me to accept more than would be feasible for a human being to be able to endure the Responsibilities.

Today as I speak, I speak with Deep Love for This Gift I have given to the world, not just where you live, but to the whole world.

It is important that human beings of all ages more fully understand that as they were created in the human form, there was a Superior Entity of Life that caused this to occur.

I speak firmly, because though there are doubts of individuals that I would use *one* such as she is for a Task such as I am delivering for Souls, a Soul is Important, because It is a Portion of What I Am, and This is what I have shared with human beings since the beginning of the Creation of human life. The very knowledge that a human being has a Soul should give them the understanding based on a *‘Thank You’*

for sharing What I Am, Who I Am, for them to have the strength to one day return to Me and be called ‘a Saint’.

This *little one* is so obviously concerned that All that passes through her is What I Will her to learn to use in My Name, but for others to learn so they, too, can become ‘Saints’.

I will close now. Her physical is spent, but I bless those who use This Gift of Mine, sharing It with others, whether the others accept It or reject It. The time will come and they will need the Strength of the Words they once learned, to become ‘a Saint’.”

MARCH 15, 2004 AT 12:48 P.M.

MANY SAINTS

“The little one says: ‘There must be Twelve around me at this moment. I feel Your Presence, I feel Your Intentions, and I feel Your Desire to help all ages of human life begin to understand that morality is more than they think it to be.’

Morality is sincerity, kindness, and being good example to everyone you meet, know, live with, and see. Morality is what shows morally, but is also part of how you speak openly.

The Commandments of The Creator were given to one individual, the Foundation for a life of purity. Ask yourself: Do you repeat The Commandments once a day, remembering all the things that each Commandment conveys: every facet of human activities, thinking, practices, and walks in example to others, ones they know, and ones they just meet casually and have no communication with?

Some individuals feel if they pray enough, they will get what they

are requesting, but oftentimes, the prayers they speak are not suitable to how they basically think on what they are praying for.

Throughout the world there are millions of human beings who have no conception, no innate understanding of the Importance of human life. Some feel the word 'Importance' causes them to reject everything that is happiness, joy, or pleasing to them. This 'irrational understanding' must change, because logic is important, and the importance of how one understands prayer to be, entitles the individual to speak to The Creator and to All The Saints, feeling a closeness that nothing on earth can help them to feel.

I know what I speak is different in concept to some, but it is important to remember that some who have spoken regarding the importance of what is right over what is wrong, pure over impure, just over unjust, only put their interpretation into what these words mean, thus resisting what The Creator of All Things would probably see as not quite the way He judges things.

So many times men, women and children feel so justified in their decisions regarding others' lives, others' actions, others' close association to what is morally sound, pure, and consistent with Divine Will.

Personality is a Gift of Divine Love; responsibility also. Genteelness comes into this fact of living, but there is also another important factor, and that is to look at one's self in a realistic, orderly way, and think about how they approach all subjects that act out what they think, and also, how they pray. Added to this is: what example are they to all ages of other human beings? The list is endless that I could speak, because human life has many Gifts, but does not always see the Gifts in the proper order, manner, degree, purpose and way.

This Gift wherein so much is spoken openly, It is for all ages of human life, all degrees of personality, background, nature, understanding and beliefs.

I beseech all who write the Words and who will read the Words, to look at the reality that is obviously there, and thank The Heavenly Father for

giving you the time to resolve many things that you take part in that are not always fair in judgment, in justice, in cooperation, and in caring what impression you are extending, even if it is just momentarily.

I know I speak differently, but it is important to awaken the mentalities of those who desire to fulfill The Creator's Will, because daily living is oftentimes a distraction, but also, it allows a way, or room, or a place for accepting what is not feasible.

I bless all who take the Words and all who will read the Words, because human life was created to one day return a Portion of it, and to use This Forever and ever and ever, a Goal Greater than any human mentality can perceive It to be.

I close These Words with much Hope and much Faith, because I know those who take the Words and those who will read Them, will find in Them the Precious Gift of Divine Grace.”

OUR HEAVENLY FATHER

“I am your Heavenly Father.

There are so many reasons why I have chosen this *little one* I use for the Purpose I decided, to instruct all ages of human life, all backgrounds, to understand the Importance of being created a human being, able to learn, step by step, what a Precious Gift human life is, over and above all other things created.

Within human life I have placed Gifts beyond what is openly spoken about. It is all taken as matter-of-fact for a human being to be able to speak, but first to think, and then to, what is called, ‘be educated’ in different facets for living human life in different ways, physically, mentally, morally, and I add the word, psychologically.

Human life, in the Gift of understanding that there had to be a Supreme Power Over and Above what is a daily acceptance of living each day the human way, in the Creation of the first ones I created, I used them

to give a foundation for all the others that were to come at a later time.

The Foundation for human life I planned was for the Souls that each human being born is the custodian of, are the custodians of, will always be the custodians of, because the Soul is a Portion of What I Am, Who I Am, and to be created in the human state is a Gift beyond what the average human being realizes it to be, understands, that it is a Gift that is the foundation for one day returning to Me, a Saint.

The word ‘Saint’ is oftentimes misunderstood, but I assure you It has great in-depth meaning in It, because the Soul of a human life is a Gift of My Divine Love that is inconceivable in Greatness to the human mentality, understanding, or ability to perceive What It is in Its meaning.

I will add a note to What I have just spoken, that I am sure will give more strength in understanding to those who read What I am speaking verbally and have requested to be put into print:

In My Creation of human life, the Portion within it is a Part of What I Am. That is why it is so important

that human life be treated with respect at all times, but also, to remember that there is a Goal, Greater than the human mentality realizes It to be, and that is to return to Me and be called ‘a Saint’.

Life does not end when the heart stops, when the body can no longer respond, but the Future for the Soul is a Gift of My Divine Love, thus allowing the Souls of those who return to Me, are capable of assisting and giving to those in the living state, aid when they request it, hope when it is requested, and also, strength morally, mentally, psychologically and physically.

I will close My Words at this time, but My Love for human life is of The Divine Reasonability and Love that nothing else created can compare to. As I close These Words, I say to those who read Them, ‘Remember What you have read, and always be sure that in everything you think, say and do, I am close to you.’”

MARCH 17, 2004 AT 12:31 P.M.

SAINT PAUL

“I am Saint Paul. I do not speak oftentimes in This Gift of The Father’s Love, but I do, in many ways, try to instill into some individuals by My Presence that they do not see, hear, feel, or realize is there.

Decisions to human beings oftentimes causes them to misunderstand the reality that they are faced with, so they do not think of the importance in how they respond to situations that could possibly be a threat to the protection, to the piety, to the purity of their Soul.

I could speak constantly on how little, how few human beings, of all ages, ever ask for help on moral decisions. They feel that they would not hear the answers directly, so they do what they will, at the time, would help them in a physical way, mental way, thus ignoring that their Soul is the victim, the receiver of everything they think, say and do, no matter what time of day it is, no matter who they are with, and no matter what conditions

are surrounding them, giving them excuses to act impurely.

I could speak hours on this subject, but the average man, woman, of any age, does not always think before they act, nor do they consider what they participate in, that it could be driven by the enemy called 'satan' or one of the ones that is close to satan where he is at.

It is important that more human beings, of all ages, begin to see openly the Importance of human life. Logic says they do not want illness, they do not want to be hurt in any way by anyone. Then why can they not rationalize logically, that to act impurely, sinfully, abusive to what The Father would Will them to do, it is important for all ages of human life to stop thinking of what is acceptable by so many, using words of 'It is currently being practiced,' when it is so impure and unjust to the Soul that they are the custodian of?

I know what I have spoken, and there are Several of Us Here, is not what most individuals want to hear, want to read, want to be a victim of, and that is to have to see purely, what

their intentions cause them to partake in, in every thought, word, deed, action, that they are capable of.

As I close My Words at this time, I beseech those who put Them into script to never forget, that as you have accepted, and some even chosen, to be an important part of This Gift of Divine Love wherein so Many Saints Here in the Heavens, and of course, The Father Himself and The Beloved Heavenly Mother have spoken many times, should This not be proof enough that the Gift of human life bears responsibility that an animal does not have, but human life has the Goal to reach, and that is to return to The Creator Forever and ever and ever.

Purity is not something impossible. Purity of the mind, the body, is never impossible. Please remember this as you read These Words that are delivered to give you more strength to understand that you are the custodian of a Portion of The Creator, purposely delivered to you at the moment of your conception, thus giving to you the strength to avoid all impurities of the mind and the body and the Soul.

As I close My Words, I say, 'Remember, The Creator that created all that surrounds you, that has allowed you to be created a human being, you are never without His Presence every moment of every day you live.'"

SAINT ATHANASIUS

“I am Saint Athanasius.

Even children walk a tightrope when they try to balance what they speak against what they should balance it with, and that is truth, honesty, sincerity and justice.

Throughout the world, though there are many Lessons on the importance of what is spiritually pleasing to The Father, there are so few who take this Statement to heart, because they feel the need, or feel irresistibly close to a situation, a condition, or an evaluation that would be interesting to not just themselves, but to others who would read about it.

Today as I speak, I know it is different than you are used to hearing Me speak. I repeat some Words that were spoken a long time ago through This Gift of The Father’s Love for His Creation, human life. Since the beginning, He used Wording so that those listening would understand His Approval or Disapproval of what they

were planning or thinking or willing to do.

You live in a time where so little instruction is cared about, because the human mentality feels and wants the freedom to speak, to act, to practice and to portray what comes to them, no matter what the subject applies to, or encourages them to practice, do or say.

The Father, in His Love for human life, has given to human lives *a personal contact*. Though it be only *one voice*, the subject matter is of such great importance, The Father felt it would be wiser to have What He Willed to be known, spoken by *one voice*, rather than allowing several individuals to speak in the manner, the degree, the way they felt the subject would be more in fitting with the lives of more people of all ages. This, of course, is not so.

I hold *the little one* tightly, because so much has been delivered quietly to her during periods of a personal closeness, hoping to give her the strength to bear with All that is important to be passed on to others,

whether it be verbally or through the written Word.

You do live in a time of great sadness, due to so much impurities that in many ways are attractive, and yet are detrimental to the Souls of those who partake in what they feel are important for some reason; of course, basically always ignoring or passing over what will affect their Soul.

I speak differently, I know, but All that is delivered is to aid, to encourage, or to give help in different degrees, due to what the one receiving the Words has the ability to understand more clearly, more factually, more for the benefit of their Soul.

As I close My Words, I must add: *The little one* The Father puts so much Responsibility on at this moment, says to tell you, that as you walk the human role and you feel the weight of all you are requested to think, say and do, you, too, have a Soul that bears the weight of all you think and do.”

MARCH 22, 2004 AT 11:50 A.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

It is important, All that is delivered through This Gift that is beyond human understanding, but is obviously Greater than the human mentality wants to perceive It to be.

Today as I speak, I speak with Great Understanding and Hope, for the sake of the Souls Who are the custodians of so much responsibility that They are handed at the moment They are placed in human lives, and other degrees of importance for The Father’s Will to be accomplished in a degree, a manner and a way, not just suitable to the occasion, but above and beyond what the human mentality cannot discern, because the results that are projected are beyond the human mentality.

This Gift of *one small voice* would not have been sufficient for all who were to hear It, to be able to absorb, to remember, and realize what a close Association human life has with The

Divine, and how closely The Divine can assist where It is needed.

Children are not being instructed enough on the Importance of human life. So little is put into a concept, giving them strength, hope and the realization that there is a Goal for them, at a given time. Educationally, and in instructive degrees of learning, they are given what is humanly understandable, but it does not perceive the practicality of their emotions, their practices, their duties, or their responsibilities regarding the privilege of being created a human being, with a Goal Greater than the human mentality can perceive It to be.

So many things in human life address situations to reach goals that have purpose, understanding, but so little is truly understood regarding the Souls, because the Soul, though It cannot be seen, is That Portion that gives to human life that part of all the senses that an individual is capable of. Without the Soul, the human body would be limited, like an animal, or a weed, or a piece of iron.

I speak differently, because there are so many descriptive ways to not just enlighten the mentalities of human beings, but to instill within them that there is a Goal for a Portion of them.

It is unreasonable to believe, to think that The Creator of All Things would limit the creation of human life that has a Portion of The Creator within it, to be returned. It is inconceivable for this Statement to be ignored.

All things are in balance created by The Father. All things have a purpose created by The Father, because in His Love for sharing, for giving, for caring, He has allowed so much to be able for human beings, who bear a Portion of Him within them, to innately understand that human life has no comparison to it, because human life is the custodian of a Portion of The Creator, and It is called 'the Soul'. This Gift is above and beyond what the human mentality can possibly perceive It to be.

As I close My Words at this time, I must add a Personal Note: *The little one* that is used for so many things,

so many Words giving strength, hope, understanding, and many in-depth abilities to all ages of human life, to all degrees of mentalities, she is a *Victim Soul*, but a Caring One, used to enlighten millions, through Our Words that are put into script for all others to learn from, regarding the Beauty and The Divine Love in the Creation of human life.”

MARCH 22, 2004 AT 12:51 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

I have come today to speak Words that may be difficult for some to understand, and many who read the Words will not understand, because once a Degree of Fact necessary for certain individuals to react to, to respond to, and to carry out, their intentions dwindle and their actions almost stop.

What I have just said will be difficult for some to even read, and wonder why I would speak These Words, when there is so much understanding regarding My Existence and What I Will human lives to participate in, or to think about, or to practice mentally, morally, physically, spiritually.

You live in a time wherein there are thousands and thousands and thousands of human beings, but you rarely, if ever, think that every human being is the custodian of a Soul, a Portion of Who I Am, What I Am.

The Souls cry out to Me many times, 'Heavenly Father, help Me please, because the one who walks with Me is sinful in so many ways, and is diabolical in conscience, but no one sees it this way.'

I have given to the world many Gifts: time that I walked the earth with men, and many women followed the way. It was for a Purpose. It was to instruct the Foundation for the day in which you live, to always bear in mind that I am always present, and in the Creation of human life, I even placed a Portion of Myself to give strength, capability, and a rational intention based on logic, that human life was and is created for a Goal.

When some hear that the Goal is for the Soul, they somehow or other lose interest in how they will act, because to them, they cannot see the Soul, they cannot feel the Soul. All they know is the physical and the mental abilities they have.

So many times, total logic is dismissed, because they do not want to see the importance of all there is. They want only to accept or receive what they feel is the Goal, Higher than

they even know a Goal to be, and that is to return to Me their Soul, a Portion of them that I created, for them to return to Me, a Saint, so they would always be a Part of Where I Am, and of course, Who I Am.

The world is a Gift of My Divine Love. All the Gifts of human life are to give human beings various degrees of intellect, of understanding, of reality, and of the beauty of being able to accomplish what nothing else created can, even down to writing their name, or using color to make something outstanding. The Gifts are endless to aid human life, giving them the basics of not just one thing to look forward to, but many things, to give them the strength to sense that there is a Goal for them to reach, Greater than what they are involved in, in the human way.

What I have spoken, to some, will not register as indepthly as It should, but My Creation of human life was My Love for it, because in My Love for human life, I wanted to share so many Gifts I had, I have, that will give happiness, joy, contentment, security, and a Goal Greater than It is conceivable to understand.

When you share a diamond or something favorite that you have, you find joy in it, but you also find that you develop a closeness that you did not have before. It gives happiness, strength, but would it not be a very lonely world without other people of all dimensions of life?

My next Words to some may not be understandable, but in My Creation of All I have created, I feel and felt an In-depth Sensitivity to share the Beauty of Divine Love, and how indepthly It can give to lives of human beings, more understanding of Who I Am, What I Am, and that in My Creation of human life, it gave Me joy beyond what you feel when a child is born, and the child grows and the child has a chance to become ‘a Saint’.

I have not spoken All I Willed to speak at this time. I have put It in a very brief form, but I assure you, My Love for human life is Greater than any human being can perceive It to be, because I created it for a Goal, and that Goal was to return to Me and be called ‘a Saint’.”

MARCH 23, 2004 AT 12:33 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

Though it is difficult for hundreds or thousands of human beings to truly, fully understand My Presence at this time in such an obvious manner, due to the fact that I use this time to instruct, to notify, to encourage, and to give Direction regarding the importance of the responsibilities that each human being is the custodian of.

You live in a time of great sadness, even though the surface appears very light, airy, and acceptable. This occurs because so many individuals are adept at covering what they fully think and practice in ways, degrees, never seen by others that they are associated with. Yes, there are some who are bold enough to stand firm on their nature and their innate manner of walking the human way, yet oftentimes appease through a diabolical manner, way.

I know My Words will not be clearly understood by all who read Them, because it is difficult for many to fathom, in what they call ‘their

wildest dream' that I would speak through *one small voice*, say so much, and continue to do it.

You live in a time where so much is seen for what it is, but individuals partake in it because it is 'the sign of the times'.

Needless to say, there are thousands of Angels present upon the earth. Do not forget, at the conception of a human life, it is the receiver of much more than it is understood to be.

More people understand purity over impurity, justice over injustice, truth over untruth, but it is easier to ignore how they act, because in the act, whatever they choose to do, practice, be example of, they oftentimes indulge in a facade, thus hoping that the others who are present, even if there is only one present, that everything is updated, correct and easy to understand.

I speak differently today, because so much throughout the world, in the human way of living, is acceptable because it is based on a word called 'modern', thus giving credence to whatever they feel others will accept

in the degree that is portrayed in the act, or action they are receiving, accepting, on their own.

I hold *the little one* tightly because My Words are so strong. Each Word I speak is a weight to her, greater than the human mentalities of others can perceive It to be, or could understand It to be.

My Love for human life, My Desire for human life is to face the Goal that awaits it, and that is Here in the Heavens Where I Am, and Where so Many Saints have been able to make claim to becoming so close to Where I Am.

I must allow *the little one* to be released, because her whole being is weighted down because of the Power she has endured for so long a time, and now, but before I leave, I ask those who take the Words and those who will read Them: never forget, you have the opportunity to return to Me with a Title of 'Saint'."

MARCH 24, 2004 AT 12:53 P.M.

SAINT ATHANASIUS

“I am Saint Athanasius. It is important for Me to speak My next Words, because of the deep Love for those who take the Words that We deliver for the good of hopefully millions of Souls. The Words written, put into script in all languages, will be a Saving Factor, and will definitely be considered a Gift of Divine Love.

There are so many men, women and children throughout the world who have no concept, no understanding of the Beauty and the Purpose and the Goal for a Portion within them that they cannot see, cannot feel, but they instinctively know that human life is Special in a way they cannot describe it to be, but the very fact that human life is gifted with the talents, the understanding, and the desire to please, but also the desire to learn important things.

Today as I speak, I speak with deep Love for those who will transmit These Words and All Words thus far given, hopefully to millions of other

human beings, because you see, there is no other place throughout the world wherein so Many of Us speak. The Father has appointed 'this place', '*this voice*', and Many, Many Saints Here in the Heavens to convey to all human beings possible in number, the Beauty of human life and the Love He has for it, because within human life He placed a Portion of Himself. Nothing else is created with this Particular Gift of Divine Love in the degree human life has with it. Of course, the very Gift puts much responsibility on the one in whom It is: one's mentality, one's emotions, one's personal interests, one's ability to be example for every move, every task, and everything they say or think.

I hear some say, reading These Words, 'That's not quite possible.' Oh yes, it is, because all it takes is a sincere understanding and the sincere acceptance that human life is different than anything else created. I have to say, 'Yes, all other creations that are important have a purpose, but not the Main One that human life is the custodian of.'

Too little is understood on this issue, or really spoken about indepthly,

because the Beauty of becoming a human being is not in how an individual looks, but in how they act, and how deeply they respect The Creator Who created them, Who created the means in how they would be created.

Right now, those who live, live in a world of much confusion and much wrong understanding regarding the importance of how they think, how they speak, how they treat others, and what they, in their own way, tell others regarding their Faith and their love for The Creator.

The word ‘Creator’ is omitted every moment of every day. It is something that many individuals never think to say. They put all the emphasis on their daily tasks, what they are involved in, and what they think their lives need, or are a part of.

I could speak hours on end with no stops, because the Gift of human life is greater than the human mentality can perceive it to be. It is a stepping stone to Sainthood, to live with The Creator in the Way He has designed it to be. No Greater Gift could be offered. Remember this.”

MARCH 25, 2004 AT 12:00 NOON

OUR HEAVENLY FATHER

“I am your Heavenly Father.

In My Creation of human life, it was My Desire to share so much of What I Am, How I Am, because it gives happiness, it instills happiness, and encourages happiness to prevail.

So many human beings, of all ages, do not understand My Divine Love is a Love beyond what the human life consists of, and is so Important, because It shares with other human beings a communication of respect, of caring, understanding the abilities present, and an in-depth communication that causes human lives to be capable of communication that no other animal or thing created is in total communion with.

I use the word ‘communion’, and I know some will not understand why, but as I speak today and all other times, I speak in communion with the Souls of those Who hear My Words, read My Words, and remember My Words, because of the Importance of

the meaning I always extend through What I speak.

I will not speak long today, but I will close what I have to say with Sincerity and My Divine Love, to be recognized by all who are created the human way because, to Me, human lives are Important; also, through them, their Souls are the Strengths that give to human lives My Will for human life in every facet of its abilities.

I smile at this moment, though no one will see it who read the Words, but My Love for human life is more than the human mentality can perceive It to be.

I will say one more thing: In some ways, My Love for human life is a Gift to give hope, balance, understanding, creativity, and also, the value of communication to a degree that nothing else created has the ability to receive.

I smile when I say, ‘I bless those who speak My Name any time of the day, because I do not carry a timepiece with Me. It is not necessary where My Association is so close in reality to every human being, man, woman or child.’”

MARCH 25, 2004 AT 1:21 P.M.

SAINT AGNES

“I am Saint Agnes. I rarely speak in an open manner. My Words are usually delivered to *the little one* We All use for communication of major important facts, factors, conditions, and communications that reveal to other human beings, things they would not hear any other way.

The world has been Blessed abundantly, the world of human life that is, because you do live in a time of great sorrow to The Father because there are so many misconceptions, misunderstandings, based on egotism, self-righteousness and/or egotism. There is no excuse that can justify all the wrong that is being practiced by all ages of life that is caused by indifference mentally, morally, psychologically, physically.

Human beings of all ages openly brag about the progress that is occurring in so many areas wherein people have become more adapted to doing many things, or I should say, practicing many things that are in

many ways only an excuse, basically ignoring that the time could and should be used in a more protective goal for the Souls that are constantly present in every human life. The Soul is the recipient of all an individual practices morally, mentally, psychologically, and all that is based on humanistic favoring of one's self-concern.

I could speak hours on end, but I would find What I had to say difficult for many to be able to handle, because oftentimes truth or rejection of what one speaks out against what another one is doing, causes much friction and/or discord in the relationships.

I will close My Words, but as I do, I remind those who take the Words and those who will read the Words: I beseech you to see the value of what the Words mean, and how important it is for the Souls of millions of human beings to stop practicing so much desire for gratitude, in expressing how they feel things are, or should be, but they begin to look at the privilege human life is, and that there is a Goal for it Greater than the human mind can perceive It to be.

Logic says wisdom is the wisest action that any human being can use, and that would be to please The Father's Will in every facet of every day that one lives the human way."

MARCH 26, 2004 AT 12:48 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

I requested The Father if I might speak on a few issues I feel are important. He answered Me in His Usual Manner and Way, ‘Yes, My Son, do what You know will aid those who read Your Words, to give them strength and more understanding of the Purpose for the birth, and the Goal for their Soul that awaits each human being born to the human way.’

Throughout the world there are individuals pleading with help from The Divine, many different subjects, many purposes, and yes, many ideas that they feel will give to them a fuller understanding of how to live the human life.

So many times when this question occurs, We Who hear it, immediately try to put something in the sight of their eyes, or in the sound of their hearing someone speak, helping them to choose what they have requested, but so many times they ignore the

obvious, and forget they asked the question.

Physical illness is always desired to be helped immediately, and in most cases, one or several individuals do act on some means to aid the one asking for help. If human beings request of The Creator of All Things, help for something personal, they do receive some sign hinting to them, perhaps not always encouraging them, because many times to follow takes much more Faith, energy, logic, understanding, and acceptance of what is the most valuable practice or thing to act upon.

Prayer is an important issue in human life, because in it, it has a purpose for the individual praying for a specific item, or condition, or situation. It is important for human beings of all ages to understand that they may not receive exactly what they requested to have, but they will receive a Blessing for asking the question, and of course, the Blessing always has within It more than the receiver understands there to be.

Whenever a question is answered, a prayer of thanks should be given, because so many individuals, of all ages,

ignore the importance of thanking for what they received, because sometimes they receive something greater than what they requested, but they do not perceive it to be an answer to what they requested in the language of their way.

I will close My Words, but as I do, I say, ‘Never forget, your Soul is in constant communication and contact with The Creator of All Things, and your Soul is Blessed with being this Gift that gives to human life more than any other thing created has.’ Blessings like this are rarely thought about, but They are Factual in what The Father responds to, no matter what you speak, or sometimes how you deserve what He responds to please you with.

I sign off My Words with: Never forget, being human gives you the privilege of understanding the Facts that connect you to The Holy Trinity. No other living matter or thing is gifted in this Greatness.”

MARCH 29, 2004 AT 1:05 P.M.

SAINT ATHANASIUS

“There are Several of Us present. I am Saint Athanasius.

All the Gifts in human life have purpose, reasonability, and there is no language that does not have the ability in regard to the importance of what is called ‘different sex heritages’. The word is common. That is why I use it.

I could speak in a terminology that would not be understandable to many so-called individuals who feel they have the knowledge to understand explicitly, the nature of human life and what is expected of them, but oftentimes the mood, or the psychological changes change a human’s desire to remain as they know they should, so they, in their own way, practice impurities, injustices, and incorrect behavioral patterns of how to live their daily life.

Many Saints Here in the Heavens have the privilege to assist an individual, helping them to remember the Importance of what they are gifted with that nothing else created has,

and that is a Portion of The Creator within them, commonly known as ‘the Soul’.

The Soul is much Greater, much More in concept, in realism, and realistic understanding, because the Soul, as a Portion of The Creator, cannot be seen, even when It is prayed to, or requested for help on some fact, or incident, or reason that is important to the one in whom the Soul is present.

The Soul is spoken about, but the Soul is also That Portion of human life that gives moral strength, moral hope; plus, in Its consistency in how It remains a Portion of human life, never is part of an impure act, thought, or indiscretion that involves impurities, or an undermining meaning to the human life It is in.

I could speak endlessly on this subject, but if you were to ask someone you know a question, ‘How does your Soul feel today?’ even though this question would be dignified, honorable, even logical, the individual who was asked the question would respond definitely in the wrong way, because they would

not have the innate sensitivity that the Soul, as a Portion of human life, living in a life It was assigned to at the moment of conception, believe it or not, It would hear as It does hear all things, but the human understanding would not expect the Soul to openly respond; but, what I am going to say you should know: The Soul responds to the one in whom It is, in a degree, a way, a manner, in thanksgiving and in the ability to assure the one that It is within, that the Soul, in Its Very Presence, is available to respond at all times, in all manner of what is being spoken, practiced, thought about, or taken part in.

My Words, to some, will not sound the way they will Them to sound, because many cannot fathom their Soul having the capability It has, and that is to respond in every moment of every day, in the one in whom It was placed at the moment of his or her conception to human life, at a given time.”

MARCH 30, 2004 AT 12:28 P.M.

SAINT MICHAEL

“I am Saint Michael. I have spoken so many times through This Gift of The Father’s Love, in which He has given to the world the understanding that human life is gifted with a will, to be able to one day be the recipient of all that the will was able to please The Heavenly Father with, and to accomplish through acts of obedience, and all human understandings that allowed the will to act in union with Divine Will in a beautiful memorable way.

So Many Saints Here in the Heavens pray each day for those who are yet in the human way, because The Father’s Love for human life instilled in it, and instilled in All Other Creations of His, the desire to help all Souls be returned to Him, Saints.

So much could be spoken on the Logic in how human life was created and the Goal that The Father chose to give to human life, not just a remembrance of Him, but a closeness to Him Forever and ever and ever.

Though it is difficult, the mental mentality that human life uses every day, it oftentimes is remiss in seeing the full beauty of what it can participate in, because in the human way of living there are so many distractions, so many misconceptions. The list is endless, but The Father, in His Divine Love, always tries to divert the mentality to what is not just practical or feasible, or fashionable or interesting, but to direct the mentality on the Future that is Forever, to be returned to Him in the Manner He Declared it to be created in the first place.

I could speak hours on this subject, but the Words I have just given are concise enough for now to open many mentalities to the prospect of what they are capable of participating in, to give them an in-depth understanding of what they are capable of achieving.”

MARCH 31, 2004 AT 12:48 P.M.

“As We gather in a large Group, drawing the attention of Our Presence to *the little one* who has been given not just permission, but the Blessing to speak All that she is requested to speak, aiding others who cannot hear the Words, to more indepthly understand the Beauty, the privilege that it is to be born ‘man’.

Today, as Several of Us are present, it is a sadness to Us that there are not as many as there should be who open the day with prayers honoring The Heavenly King, thus putting all humanistic measures of life before they think of Him.

The world has been Blessed abundantly, more than once. A long time ago, The Son of The Creator was put upon the earth, blessing all who He was able to reach, and instructing them Personally on the importance of not just believing in The Creator of All Things, but remembering that there had to be a Source of Life, such as He Is, to allow so much to occur, and be

given the chance to learn more about The Holy Trinity and All that Exists that is the Foundation for the Beauty and Divine Love based on The Holy Trinity.

On earth, when there is something someone wants, there is a format of exchange, monetary for the most part; but, to be able to one day be 'a Saint', constantly close to The Creator, has no monetary necessity as man knows in his way, but to live a life in obedience to The Commandments that were given, supporting all that The Heavenly King felt was important for the Souls to be able to one day return to Heaven.

I hold *the little one* so deeply, and yet I must add: I have passed before her Eyes what I have just spoken, showing her what a Treasure human life is, because it has a Goal Greater than the human mentality can perceive It to be, and that is, to return to The Creator and be constantly present Where He is, Forever and ever and ever and ever.

There is no monetary necessity Here. The Gift is based on how an individual lives in the human way, in obedience to The Commandments that

are more important than They are thought to be, because to most, They are Words that were spoken mainly for others; but as I speak today, I could speak endlessly on how fortunate human life is, because within it, it has a Portion of The Creator of All Things, and the Soul is the constant Communication in more ways than an individual perceives It to be.

So much is emphasized on the mental communication, but I assure you, your Soul, as the recipient of all you say, think, do, ask and promise, is and will be more accountable for how your Soul is Judged by The Holy King.

I bless all who read These Words, and All the Other Words that have been previously put into print, but in My Blessing, I always help in the way I can, thus asking The Divine One to give the strength to do His Will, according to His Rules, because of the Importance of what human life means to Him. It was created based on Divine Love, wanting to share the Beauty and the Importance of being with Him.”

SAINT ANGELA MERICI

“I am Saint Angela Merici.

There are so many times I have worked with *this instrument* of The Father’s Love, because in Our Association, there were always so many internal decisions that had to be discerned completely, before any other means or conditions were considered.

Today as I speak, I speak because of the Importance of how this *little one* walks at this time. The value of standing for Truth against all odds has a strength in it that nothing else has, because Truth is based on The Heavenly Father’s Wishes and Desires for each human being to see and to value as a strength beyond what anything other than Truth could cause.

So much has been delivered through This Gift that has instructed so many Facts of moral values, many times based on courage of the mind, or the understanding that, without Truth, there could be a great false solution that would be devastating to many areas of another person’s

life, or several other people's way of thinking.

I will not speak long, because on a subject of this degree, there are thousands of Words to be spoken, helping all who read Them on different issues in life and how important it is to value the conditions that are the best application for Truth to be seen, felt, honored and remembered.

What I have just spoken may be difficult for some to comprehend, but as I close My Words, I remind you: the Gift of human life is Precious in many ways, and it is faced with so many times wherein the discernment of how they should respond means so much, many times more than they can perceive it to be.

Some might wonder why I would talk this way today. It is, in many ways, the first step in What The Father Wills human beings of all ages to begin to see that human life has many facets to it, and also, should always remember that when decisions must be made, Truth should never not be the focal, vocal, positive reason to accept openly.

I will close My Words, because to some They will be difficult, but to some They will give hope.”

APRIL 2, 2004 AT 11:53 A.M.

“There are Several of Us present. Some of the reasons for such a large Group is because *the little one*, many times, has to be held in some strength for what she endures that is done for more indepthness, for her to be able to handle circumstances, situations, conditions, and other human beings, for the sake of their Souls.

Time is of the greatest importance for This Gift to be spread in a greater degree, thus ignoring those who reject It, who feel they cannot see It as coming from Where It comes.

Many times, even when an individual makes ‘*The Sign of The Cross*’ on their physical, they do it in a way that automatically does not include Who the Cross is dedicated to, or the reason for which this Gift of openness is not seen for the Importance of It, the Worth of It, or the Blessing that comes from It.

Humanism is natural to those born in this state of living, but there are many divisions in which humanism

is active, but also personally involved mentally, morally, psychologically, physically, socially, based on the individual's compatibility of the one they are calling upon.

Needless to say, so much could be spoken on the necessity for more human beings to recognize, and to value their innate Gift to recognize the beauty of having been born a human being, and the privilege to learn so much because of the Goal for which they were created, at a given time returning their Soul to The Divine Forever and ever and ever.

I will close My Words now, because though I speak so clearly through this *little one*, My Presence is oftentimes heavy on her because of her understanding that her obedience and her love for Me is more than the human mentality can perceive such a weight physically.

As I close My Words at this time, I remind those who read Them: To be created in the human way of life is a Gift beyond human understanding. Human life was and is created to one day be with The Holy King of Heaven, perhaps not in body form, but the

Soul yearns to return to from Where It came.

Millions of Words could be spoken on what a beautiful Gift human life is, and precious beyond human words. That is why so much has been and is being delivered in a degree of Speech, so that when the Words are put into print, They were witnessed by individuals who were present, who can verify Their continuity, Their indepthness, and the impossibility that so many individuals would think It to be.”

APRIL 3, 2004 AT 11:12 A.M.

**SAINT JOSEPH, THE HOLY SPIRIT
SAINT JOHN OF THE CROSS**

“I am Saint John of The Cross. I am Saint Joseph. There are Several present, due to the need of this *little one* who walks for the sake of millions of Souls. Her strength is spent, but her desire to fulfill her obligations will give her help in some form, some way. Granted, it is not the type she is used to, because her body has been put through so much more than it is understood by others.

In a Blessing of This Magnitude, there is and always has been ‘a Victim Soul’; obstacles from disbelievers, or those who are unable to perceive the Gift of Divine Love that is given to strengthen their morality, also their spirituality, to a degree that will give strength in other ways that they do not even think they need What This Gift of Divine Love has been capable of instructing so much on: the Gifts of human life, and how worthwhile human life is, because it has a Goal for its Soul beyond what the human mentality can perceive It to be.

There are millions of human beings negligent in the smallest return of Divine Love. So much emphasis is placed on humanism, which basically only emphasizes what an individual uses human life for.

Human life was created for a Special Goal. Granted, the Goal was for the Soul that is More Important than an individual perceives It to be, because the Soul is That Portion of The One Who created It, that is to return to Him at a time appointed by Him.

So much has been delivered, encouraging all who will read the Words to innately understand that to be born a human being is The Holy Father's Plan.

There are so many things that could be spoken regarding the Foundation of Divine Love and Its Close Association with The Divine Entities of Existence that are beyond what the human mind can perceive Them to be. At this time in the History of human life, there is so much more emphasis put on humanism, thus ignoring that they were created by The Divine.

I know I have spoken differently, and there is so much more to be put

into script, but I will close My Words, because the Power I Am and that I use at times like this is a weight far greater than It is known to be, because It is not just the sound, but the Responsibilities of What and How I speak.”

APRIL 5, 2004 AT 11:56 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

There is, there are a multiple Factors, Intentions and Degrees of My Divine Love that This Gift of Mine tries to alert, instill, and help thousands of human beings to more fully understand and accept Who I Am, What I Am, and that in My Creation of human life, I instilled so many conditions and available situations to aid the human mentalities to more fully understand how close I am to them, by sharing with them how deeply I love human life, by instilling in them for the basics in so many factors, conditions, understandings, abilities, and degrees of intellect that are to be used for the good of the Souls in the ones all these things were placed.

I instilled the Foundation for Sainthood in a degree and a manner open to all characteristics, all mentalities, and all different natures that human beings are the custodians of. No one is ever left out.

There are thousands of Words I could speak in all languages that are adopted and adapted by different human beings, but as I chose this *little one* I deliver so much through, I use the one means that she is accustomed to.

My Love for all of human life is boundless, and I have given to the world *one small voice*, but she was instructed to put into print What I Willed others to remember, but also to have the advantage of learning about all the advantages that human life can use, thus giving them the privilege to know that in My Love for human life, I did not ignore the importance of being close to them in a manner and degree beyond what the flesh was instilled with.

The design of human life was for one Portion of human life, but the abilities to hear, to speak, to act, to control their manner of thoughts, and also their manner of living, the list is so endless, too long for this *little one* to repeat, but each time I speak, it is to express openly to those who will read the Words or hear about Them, to more fully understand I created human life to one day return That Portion of it to

Me, for It to be called ‘a Saint’, Here Where I Am.

As I close My Words I smile at *the little one*, because when I speak, she always is concerned that the Words she repeats are exactly What I deliver to her and through her, to help others learn and follow What I Will them to use to return to Me, a Saint.”

APRIL 5, 2004 AT 1:08 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

Several of Us are present, due to the fact that the Importance of the Souls of millions of people, men, women and children, automatically depend upon What This Gift of Divine Love will instruct them in, for, on, because This Gift has been given to the world, and is noted by more individuals than it is perceived to be. Daily, We hear questioning on how close individuals can come to being close to ‘the place’ where This Gift is.

So many individuals who feel they must be before The Blessed Sacrament to give an accounting of their moral views, practices, actions, is very, very important, but in doing this, they oftentimes omit what they sense is being returned to them in answers.

The world has been delivered a Gift greater than it knows to be, because in all humanism and all the various immoralities that are prevalent, human mentalities feel

they should make decisions suitable to how they live, because they feel comfortable in their surroundings and what they are participating in.

Needless to say, thousands of Words could be spoken on how important it is for individuals, of all ages and backgrounds, to realize that they are responsible for a Portion of The Creator within them, and it is important for them to use more than just theory, but the real facts of how they think, how they move, how they act, and how they participate with all others that they know.

I have spoken differently today, but My Words are of great importance, because My Words are to give hope, strength, perseverance, and more logic to how an individual discerns what is best for them in how they live their daily life, irregardless of what responsibilities they have absorbed over time. Sometimes responsibilities can eventually be earth-shattering, because they are wrong in what they consist of.

As I close These Words, I say: Human life is a Gift far greater than it is perceived to be. It is a Gift presented

by The Creator of All Things, and it is given the opportunity to return to The Creator, and be able to be called ‘a Saint’.”

APRIL 6, 2004 AT 12:43 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

When I speak These Words, I speak Them in a degree and a way for all who read Them to understand that as I announce Myself in this Format, there is so much that I could speak about, helpful to the mentalities of all ages of life, human life, and all backgrounds created in the human way.

In My Creation of What I Willed human life to be like, I used many different degrees of how I would expect, or how I would direct, or how I would design all that would be to come, capable of addressing this Gift of My Divine Love for all time.

I speak differently, because to speak in a simple form regarding the Creation of human life, would be and is beyond what the human mentality could fully understand Each Step I Took, Each Move I Made, Each Decision I Declared to be, thus allowing those who would be created in the lifestyle of the time in which they were created,

would be capable of understanding what surrounded them, what was expected of them, and My Purpose for the creation of them.

I have, of late, delivered and requested Many Here with Me to deliver important Words, thus allowing those in the state of life now, to more fully understand the Gifts of human life are numerous. One, of course, is the learning state, to understand the basic knowledge of the Creation of man; thus, it having to be from a Higher Plane than the human mentality can perceive it in knowledge or in fact.

Since the Creation of human life, I have allowed stages of knowledge and many other abilities, for human lives to be able to more readily understand that to be created in this degree of living matter was a privilege, is a privilege, not just a Command.

So much has occurred since the first ones were created in the human way, form, mentality and abilities. It took time — many, many, many, many, many years to fulfill My Will to occur, thus helping those who were in the living human state, to more fully understand that it also was to make

them see the Importance, the Reality, the Dignity and the Goal that each one created was instilled with, a Portion of What I Am, Who I Am, thus giving to them more than anything else created, or would be created in My Future Plans.

I will speak more on this at a later time, because the Power I have used on *one little body, one mind, one* who walks for Me in the world and listens only for The Divine.

Today is a day to be remembered by even those who feel they have studied so much regarding Me, What I Am, How I Am, Who I Am.

As I close These Words, I bless those who have put Them into script, and I bless *the little one* for her love of Me, because I use her and have used her for a very long time, to give to the world more than what is already inscribed, but to give them the strength, the courage, the knowledge to use all they are gifted with to help others more fully understand that human life should be seen for the Greatness of this Gift because, do not forget, I put One upon the earth called 'The Son of God' at another

time, thus pointing to human ways, understanding, that through human life, thousands and thousands and thousands would be given the Gift of human life, all bearing a Portion of What I Am, Who I Am.

I will close now, for *the little one* can take no more of My Power at this time.”

APRIL 7, 2004 AT 8:44 A.M.

GOD THE FATHER

“It is sad for Me to say this *little one* I use is going through a ‘Preparation’ for the sins of the world unlike what human beings of all ages understands to be, because it is impossible to understand My In-depth Love for this Creation of Mine that numbers millions throughout the world.

In each human life, I have a Portion of What I Am, Who I Am. I have done this so there is no one created, even when the conception is impure, that I am not present for the sake of the Souls that are so Important to Me.

***The little one* I use cries for help for all throughout the world to more fully understand that in My Creation of human life I placed within it a Portion of Who I Am, thus giving it the Strength, Understanding, Purpose and Goal that I Will them to have, because then logically, it is easier for them to understand the closeness they have in the human way to Who I Am.**

I close My Words with assurance for all who will read My Words, that My Love for human life is beyond what the human mentality understands, but I beseech all who live this way to remember: You have a Portion within you of Me, that nothing else created has the privilege to have.”

APRIL 8, 2004 AT 1:38 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

This Gift of Divine Love was not just introduced by The Heavenly Father, but It has been used for His Will to be accomplished regarding the Importance of the Souls of millions of human beings.

Human life is Special, but there are so many errors, mistakes, and miscalculations on what it was created for, and of course, the type of Gifts it has been granted to live with and for and in, for That Portion of it that is called ‘the Soul’.

We hear individuals of all ages resist, even reject the Fact that they are the custodian of a Portion of The Creator of All Things. Why? Because they do not want the responsibilities they understand to be associated with the human life that they are gifted with, because within it, This Portion of life will aid them in many ways for the Goal intended, to one day return to The Father and be called ‘a Saint’, thus giving to This Portion

of life a worthwhile Gift of not just remembering that you were created the human way, but that there is a Future, a Goal of Divine Plan, for That Portion within you to one day bear your name in a Place called 'Heaven'.

To so many individuals, this is difficult for them to comprehend, but for a very long time now, since the beginning of human life, The Father has allowed so much to be instructed on what a Precious Gift human life was meant to be, because it was The Father's Love for this Gift, giving it a Goal to be returned to Him in a High Place, that humanly is called 'Heaven'.

Though it is difficult to comprehend such a Prediction as this is, nonetheless, it is the Foundation, the Basis for Truth, thus giving to human beings of all times, that there is a Goal Greater than they can perceive It to be.

So many men, women and children find it difficult to believe that there is a Goal that they have never seen, but through historical Stories regarding Sainthood and The Heavenly King, and All that has thus

far been written about regarding the Gifts of The Saints, it is to instill into human lives that human life, when the last breath is taken, only the physical is gone, but there is a remaining Portion of that life. It is 'the Soul'.

The very fact that this should be easy to understand, because many Souls have been seen for many, many years, thus giving to this Goal for human life, assurance, and something to remember 'Exists'.

As I close My Words, I do it with much Love for those who have taken the Words, those who will read the Words, but also, I close the Words with much hope that everyone who lives the human way, knows that there is a Future for a Portion of them that they have never seen. It is called 'the Soul', but the beautiful part of this is, The Creator of All Things is The One Who gives to the Soul a Blessing beyond what the human mentality can perceive It to be."

APRIL 9, 2004 AT 12:24 P.M.

OUR HEAVENLY MOTHER

“I am your Heavenly Mother.

There are many smiles Here in the Heavens when We announce that One of Us will speak. The smiles that occur Here are due to the joy seen in those who will be hearing the Words and/or being able to record What is spoken. These Facts alone should tell all of human life how innately the closeness is that mankind has to The Divine.

This Gift of Divine Love that has in so many ways delivered Words of not just Encouragement, not just Direction, but a Personal Association, encouraging those who yet live in the world, have the privilege to be this close to The Divine, and learn through Words spoken that they can copy, and know that they are a Portion of The Father’s Love because they have the privilege to put into script What is spoken by Someone of Us Here.

Many smile at this, What I have just spoken, because it is so important for thousands, millions of human

beings that are still in the living state, to be reminded that they are talked to by so Many Here in the Heavens, and are able to put into script, Words to remember for the Time given for This.

There are millions of young children throughout the world who should know about This Gift, so when they say their prayers, day or night, they will more fully understand, more deeply comprehend the closeness that each human being has with The Father's Love, because in the time of communication that prayers are spoken, I assure you there are More than One present, listening to what is said; but This Communication is far more important, because it is proof to all of human lives, that when the time comes and the physical body no longer can communicate with others who are alive physically, they have the privilege to have spoken to them, and can communicate in a more personal manner when they no longer live in the human way, the way of life, as it is known to be.

I sincerely hope My Words will be understood in the degree They are meant, to give all who will read Them the strength, the security and

the happiness, because when Those of Us Here in the Heavens are allowed to speak Words such as These are, Happiness reigns because of the Gift of Communication can give Strength, Hope, Direction, and also be felt in a personal degree, that the one who is praying never before this time felt.

As I close These Words, I close Them with much Divine Love, because human life is gifted with a Portion of The Creator's that nothing else created has.

I will talk more on this later."

APRIL 13, 2004 AT 8:48 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

This Gift of My Divine Love should be available to the whole world of human life. Never should It be put in a quiet, hidden place. In many ways I have revealed to the world, through *one voice*, the Importance of human life, My Goal for it, and My Divine Love that has created All Things, giving strength, hope, and yes, perseverance to accomplish My Will for all the Souls that are in the lives of human beings.

As I close These Words, I bless those who partake in My Will. It is difficult for some to believe I would speak so much through *one voice*, but it is more logical in many ways, because It has, in This Appointment of Time and Usefulness, seen the Communication that human lives can succumb to, practice from, and use fully, understanding that only I would have designed This Gift.

All prayers that come My Way I handle, but in the human way, *one voice* is all I needed to communicate

with all of human life, because of My having It put into script readable, understandable, and direct.”

APRIL 13, 2004 AT 12:42 P.M.

SAINT ANGELA MERICI

“I am Saint Angela Merici.

There are so Many Saints Who continuously absorb Their Time, Their Love, Their Care to This Gift of The Father’s Love for all of human life, not just those who are here. The Words are plentiful when They are spoken, alerting a specific subject of importance to be cared about, and be conscious of.

The Father has given so many Blessings openly at this time through *one small voice*. We All smile, because from the beginning of This Act of His Divine Love, many men, women and children questioned He would use *one small voice* for so much to be spoken Directing, and in His Caring, because of the Souls that were the Custodians of a Great Part, but also a Portion of individuals, not speaking out loud to the individual in which They were using Their time and/or Their abilities to intercept when it was necessary.

I know My Words will be difficult for some to understand, but if the

human mentality is so alert, has so much ability in it to understand all that it does understand, would it not then also understand the Closeness The Creator has to human life, every facet of it, every portion that He created them to be alert to, and to have a conscience about, and an innate understanding that to walk the human road was a Gift of Divine Love with a Goal Greater than the human mentality can perceive It, or could perceive It at the beginning of time?

I speak differently, I know, but I speak to assure you that to live your daily way is a Gift of Divine Love. It has purpose to it, it has reasons for it, and it has an acute understanding of ways to help you. You do not feel them, but sometimes you wonder why something occurs that you know you would not have thought about doing, or being part of.

The closeness human life has with The Divine is beyond what the human mentality can perceive it to be, but I assure you, it is a Gift of Divine Love, doing everything to encourage a human being to reach for the Goal that they have heard about, 'Sainthood', Another Way of living The Father's

Way, for His Will to be accomplished in a way different than you walked as a human being.

I know I speak in a degree and manner some might question who read These Words, but nonetheless, These Words are to give you the courage, the strength, the understanding, and the innate logic that The Creator of All Things thought of everything, and when human life was created, He instilled in it many Gifts, but the Greatest Gift He instilled was a Portion of Himself, but bears a very small word called 'the Soul'. He blesses you with this Gift every moment of every day.

I beseech you, for the sake of your Soul and for the Future of your way, never let a day go by that you do not thank The Father for all that He has instilled in you to give life hope, talents, energy, allowing abilities to abound, giving you the freedom to make human life interesting, but even more than this, to have a Goal Greater than anything earthly could be considered.

As I close, I say, 'Remember, as you speak about love in your way of human ways, never forget, The Father

created you because of His Love for human life.’”

APRIL 14, 2004 AT 12:39 P.M.

SAINT MARGARET MARY ALACOQUE

“I am Saint Margaret Mary Alacoque.

When The Father introduced This Gift of His Divine Love through *one small voice*, He meant It for the whole world to hear Many Things that were spoken, and also All that was put in print regarding What He Willed human beings to more fully understand, that the Creation of human life had a Purpose, a Meaning and a Goal; the Goal, of course, to return to Him the Soul representing the one in whom They were placed at the moment of conception.

The little one has tears, because she knows that many do not understand the Importance of the birth of a living boy or girl.

Today is an important day, because there are so Many Saints Here in the Heavens Who want so much for All that has been thus far delivered, reach every area of human life, not worrying about the language spoken by others in other places in the world, but

counting on the translations to be able to be correct, delivering the exactness of this Beautiful Gift, creating human life, because human life at the moment of conception is presented a Soul, a Portion of The Creator. No one sees It, but nonetheless, this Entity of Divine Love, a Living Portion of The Creator, exists in every human being born. Granted, It is not seen, but It assists the one in whom It is, in knowing right from wrong, purity from impurity, in actions, thoughts, speech, and their will to do things.

When We see children playing on a playground, it is a natural thing, but when We know that some of them have not been told about their having a Portion of The Creator within them, it is a great sadness to Us. It only allows the fact that they are human beings, and they have the right to do what they are capable of doing.

This Gift that bears the Name of The Beloved Saint Joseph has been received by a small number of people. It is sad but true, but the saddest part of this whole Statement is that those who accept the life of preaching, teaching, and supposedly instructing on the Importance of human life

and that it has a Goal, are failing to speak the right words and follow them through with commitments of honesty, of value, of assurance, of direction and of truth. Sometimes it is so easy for someone to make a point that they believe in, but they omit or dismiss what will give someone they are talking to or writing to, an in-depth sensitivity to the importance of what the words mean, and the purpose for the words can be to strengthen the will, the actions, the motives, the practices, to the one these words reach.

I will close These Words, but My Love would like to continue Them on continuously without stop, but I know that would be the wrong thing to do, only because it takes time to strengthen the understanding, the motives, the practicality, the reasonability, and of course, The Divine Motive in doing things.

As I close I say, 'Know that you are Blessed when you pray, Blessed in a manner, degree you do not know, but it is evident in your mentality at sometime or other when it is needed to show.'

As I close These Words, I smile and say, ‘Every move you make, every word you speak in purity and love of The Divine, it helps your Soul as well as the Souls you come in contact with, in a casual way or in a formal way, because all things are heard and seen by The Divine.’”

APRIL 15, 2004 AT 12:54 P.M.

SAINT ANTHONY MARY CLARET

“I am Saint Anthony Mary Claret. Standing Here with Me as I speak to you, there are Many present Who feel that what you are speaking of at this time is of great importance, not just to the minds, but to the Souls of millions of human beings.

The Creation of human life was designed by The Creator of All Things. The Importance of human life was and is seen by all that it is capable of doing mentally, physically, psychologically, spiritually, morally, and many other ways of using this mentality to cover every facet of human life.

Most human beings stress certain facets of life, the ones that they feel they use to the greatest measure of how they live, what they want, and how they feel regarding their Gift of life. There are thousands, or even millions of children at this time that are victimized by what is called ‘adult direction, acceptance, and abusive correction’.

I know I speak differently than usual, but oftentimes when We are the recipients of hearing what human beings think, speak about, or are involved in, The Father allows Us to understand all facets that are being represented, and in a Gift such as We speak through, The Father will give What He Wills others to know, to understand, and realize the values of, or the destructiveness of.

I speak differently today, but never forget: As you walk the road of the human life, you are never alone. Your Soul is ever present, and in constant communication with The Divine.”

APRIL 15, 2004 AT 1:12 P.M.

OUR LORD

“There are about Seven Saints. Our Lord is standing in the center. He has grouped Them together, instructing Them on What They must deliver at different times, so that those who are yet in the living state will begin to more fully understand that The Father is ever watchful, and is always aware when the living human lives are making plans, or issuing orders to others.

There is no time He is not present to those who walk with Him because of His Love for all He has created is above and beyond the human mentality; thus, His Reasoning is at this time for this Purpose: to aid those in the living state to be able to never compromise the good in them, or to patronize those who fall short in understanding the greatness of morality and what it gives to human life, practically unknowingly, because the human mentality does not think this indepthly on what they feel, or their intentions, or what they practice when they are alone or with other human beings.

Human life, unto itself, is a Blessing beyond what it is seen to be, but the very fact that human life is gifted with so many abilities to use for the betterment of their way of life, but also for their Souls, that even though they do not see the Soul, their conscience is evident at all times, thus giving them the ability to be able to practice only what is morally sound or pleasing to The Creator of All Things.

As I close These Words, I bless you, and desire you to read the Words once in awhile to give you the strength to one day be ‘a Saint’.”

APRIL 16, 2004 AT 12:56 P.M.

SAINT ALPHONSUS LIGUORI

“I am Saint Alphonsus Liguori.

The Father has given to all of human life, a Gift Greater than the mentality of human beings can perceive It to be. We hear some say, ‘I read the Words. They are Beautiful, but I would like to hear His Voice when He speaks.’ This, of course, would not be good for those who insist on The Father changing His Ways.

The Design of This Gift was not just to encourage all ages to more fully understand The Divine, but to learn about the Importance of the Powers of The Divine Love based on caring, instilling, and sharing what would be good for the human body and mind.

So much has been instructed. Not always is It read. It is sad for Me to say These Words, because the Wording is to not just instruct, but to instill the Importance of The Creator Who has given to human lives a Gift Greater than millions and millions of dollars could buy. The Gift of Divine Love and What it contains is Greater

than the human mentality can perceive It to be.

In the Beauty of how The Father has designed human lives, He has also given to human lives the Foundation for the Future, to return to Him more understandable of What He is All About, and that when the time comes, the Souls of those who walked the human way could, would share with The Father at another time, being closer than they can fathom the Closeness to be.

Just as a Soul, a Portion of The Creator, is instilled in every human being, you do not feel It, you do not see It, but you know It is there. It gives you strength on many issues, in many ways. Its very presence does this. It also aids you when you must make a decision. Even though you cannot hear It, It oftentimes encourages you to make the right decision for the good of what you are planning to do.

I could speak hours on end, on what a Precious Gift The Father has given to human lives, never leaving one life out of it. I beseech you, remember These Words, because one day when

**you are in need and you remember
These Words, it will strengthen you.”**

**OUR HEAVENLY FATHER
SEVERAL SAINTS**

“I am your Heavenly Father. There are Many Saints Here with Me Where I am, and All are aware that I constantly, continuously use *one small voice* to be heard by those who walk in the living state of human life. So many times I speak, or Some Others Here speak, and those who hear the Words feel that she is speaking to them in a degree and manner they understand.

Many Blessings abound through This Gift of Divine Love based on the Importance of Communication that gives to each life more moral strength, more physical strength, and more understanding of how close they are every day with The Divine.

Language is an important part of human life, and the ability to speak it coherently is a Blessing, giving to those who speak, the ability to communicate in a verbal way, more understandable regarding the content of the message that is the subject at that time.

We All smile at this *little one* through whom We All speak, because her Faith in The Father's Will and in the Blessing He bestowed upon her, is in many ways just as natural as in the communication she has on normal things.

There are Several of Us present, and as We listen to the Words We give her to be transmitted for others to learn how close All of Us in the Heavens are to the living ones yet who walk the earth, This Gift is The Father's Way of awakening the mentalities of all who read the Words, and all who will hear about the Words.

So few men, women and children fully understand that they are not alone in the world. There are always Saints present many times, many ways, many degrees, for many reasons.

This Gift of Divine Love has Blessed all who have the privilege to, at some time, be close to It, and then there are others who read the Words to help them gain more strength, more perseverance, more understanding that they are never alone.

In every act, thought, word, deed they practice, or are in the presence

of, reflects in their Soul. The Soul is rarely understood in the Importance It is, because it is That Portion that will represent the one in whom It was placed at another time.

Thousands of Words could be spoken and elaborated upon, giving more insight, more understanding regarding how close every human being is to The Divine.

The little one that is used listens continuously to What she cannot hear in the way of sound, but those who have the privilege to practice The Father's Way, to perform What The Father Wills, will have the Faith to not just believe, but to understand, to grow more spiritually in how close The Father and All Saints are to man.

As I close These Words, I do it because What I have just spoken will give to some who read It, the strength they need to value morality over immorality, truth over untruth, and yes, to remember that within their being, they are the custodian of a Portion of The Divine. They are never without It. It never leaves until It is released at a given time.

As I close These Words, I bless *the little one* who has given her life, because so much has been given to strengthen many who hear the Words, to more fully understand that human life is gifted with the Greatest Gift it could have, and that is to be assured that within them they have a Portion of The Father's Love that other living matter and things are not gifted with.

I raise My Hand in a Blessing, but as I do, I say, 'The Father's Love for human life is beyond what the human mentality can claim.'"

OUR HEAVENLY FATHER

“I am your Heavenly Father.

Many Saints are present Here with Me as I speak My Words, based on My Love for human lives.

As this *little one* goes through a ‘Preparation’ necessary for what is to be, it is sad for even Me to have to see it, but without all the ‘Preparations’, she would not have been able to continue doing My Will because of the Importance that each ‘Preparation’ was based on, fulfilled for the needs of those who were to hear the Words, to read My Words, and to follow What they read to be in My Words, as I use *one small body, one small voice* that I knew would accept My Will for the Purpose I Willed it to be.

Granted, her small body without her will could not have endured the Power I Am and the Purpose I Willed for This Plan of Mine, to not just update all ages of human life, but to instill into them that I used *the human life*, open to them, to show My Closeness to human life so they would

understand that as I would be close to *one*, would I not be close to all of them in a degree they could handle physically, mentally?

So Many Saints have spoken to aid, to guide, and to give Directions and My Divine Love, encouraging them to understand that I truly Exist, and that every human life has a Goal for a Portion of them, their Soul.

I will close My Words at this time, but as I do, I hope millions of human lives will see This Gift of My Divine Love as a Personal Encouragement to them to value being born a human being, and to be able to one day be able to reach the Goal that awaits them, and that is ‘Sainthood for their Soul’.

I smile when I say My next Word: Amen.”

APRIL 19, 2004 AT 12:48 P.M.

SAINT ELIZABETH

“I am Saint Elizabeth. I do not speak often in an open way, but it is a privilege for Me today that The Father has given Me, to speak Words that I sincerely hope will help those who read Them.

Though many men, women and children claim to believe in The Divine, they oftentimes only think this Fact for a very short time. So much emphasis is put on what is a daily practice, or how they live in the time in which they live.

Prayer is an important fact, issue and practice, because through prayer, every word, every thought, every deed, is heard by Someone Here.

Today as I speak, it is My Love for human life that I requested The Father for Me to speak, because there are so many ways to ignore the beauty, the greatness, and the love that each human life, man, woman or child, should see the privilege of, the importance of, but also, the ability to speak in a private way, what they

think, what they feel, what they want to disclose to gain help for.

I could speak hours on end, on what a Beautiful Gift human life has in its ability to communicate with The Higher Authorities.

I close My Words with a Love for human life, because as you know, I lived it at another time.”

APRIL 20, 2004 AT 8:50 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

All I have thus far delivered, and intend to add upon, must be delivered throughout the world, no matter what language is preferred to speak, for many will get It translated, wondering what the Words say and mean. It is important that What I have just spoken be remembered.

I have given a Blessing that all of human life can understand, because it is important that those born to the human way must know that there is a Goal for them to reach for, and that is to return to Me and be called ‘a Saint’.

Granted, with thousands of people, this Statement they cannot understand, but as I speak through *one voice*, the Power I Am, Who I Am, is now delivering to the world a Gift of Divine Love that is to give to all of human life a Goal that awaits their name and who they are, to be returned to Me, and be called ‘a Saint’ by Me.”

APRIL 20, 2004 AT 12:29 P.M.

SAINT ANGELA MERICI

“I am Saint Angela Merici. I smile when I say My Name, because *the one* The Father chose for such an Important Task, was educated in a church, a building, a school that bore the Name of Mine. She used to ask Me questions. I always smiled at this, because her innocence in how she felt, knowing I was a Saint and she was in a school that bore My Name, she prayed to Me a lot.

Today I have come on a Mission of Great Importance. Today hopefully will be the beginning for all present here, and all who will read the Words I am delivering.

To be created a human being is special in many ways. There is hope in its very conception, and then the hope grows through the years. Hope is important to human life. It gives strength, energy, and closes out fears that are weakening, and many times diabolical.

Today as I speak, I speak with much Happiness, because in This Gift

designed by The Father, wherein so Many of Us Saints have the privilege to dictate Words of Direction, of Hope, instilling more understanding of the importance of prayers, and living a life dedicated to The Creator, and then, of course, automatically love for The Mother of The Creator. This alone is a Gift to all of human life, just knowing these points of what would be called 'logic', 'interest', and something that in the beginning of time was not known.

My next Words are Words that you have heard before: You live in a time of great sadness, because there is so much diabolical intercession, thus ignoring the Gifts of The Holy Father that created human life, with only in mind for it to live Forever, to be returned to Him and be called 'a Saint'.

I could speak endlessly on this subject, because it is so important that human beings of all ages never ignore that there is a Goal for That Portion of them that basically is obvious to them, even though they cannot see It or hear It, but the Soul many times is That Portion of human life that awakens the mentality to think in a more beautiful

way, and not in a manner to please the enemy who uses every way possible to intercept, interfere, and cause an individual to sin.

As I close These Words, I must say first, ‘I thank The Father for having so much Patience, and so much Love for the human way of life, thus giving to it so much Caring in allowing This Gift of His Divine Love to speak openly, and allowing It to be put into print so that every human being can read It or hear about It, because It is enlightening the mentalities of so many to become Saints.’

As I close, I say, ‘God bless those who have taken My Words today, and please, Father, give them the strength to never walk away.’”

APRIL 21, 2004 AT 2:08 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

There is no doubt in My Divine Way that I have not chosen correctly at this time, for What I Willed human life to more fully understand is reaching many, many more than It could have under any other plan.

The world has been Blessed abundantly, and My Love for all of human life has been shown in a Personal Manner, a Loving Way, through *one voice*, but My Will uses *this voice* to deliver to thousands of others, the Importance of That Portion of them, within them, that is a Portion of What I Am, Who I Am.

Today, as I speak, I speak with a Strength, showing those who take the Words and others who are present, that nothing can supersede My Willingness, My Caring, My Devotion to this Creation of Mine, called ‘man’.

As I close My Words at this time, I bless those who have accepted the responsibility to use their time to

work, spreading What I Will thousands and thousands and thousands to learn about.

I bless you in a way you cannot know, but I also thank you in My Way, for one day you will see It when We are together in Another Place at another time.”

APRIL 22, 2004 AT 1:12 P.M.

MANY SAINTS

“There are Many of Us present. The Father Decreed it to be this way, because He wanted to be able to share important facts, situations, conditions, and valuable steps in life, in an open way with human beings, so human beings could more fully understand what a Precious Gift human life is.

Today, as Many of Us speak through this *one small voice*, We All smile and are happy to see others join with her in putting into script What The Father Wills other human beings to read and to learn from in many ways, how He feels about particular situations, conditions, or human activities because, do not forget, every human being is responsible to The Father for how they use human life, especially in how they remember that it has a Goal unlike anything else created, and this Goal is to return to The Father, That Portion of life that is a Portion of The Creator of All Things. It is called ‘the Soul’.

Human lives are gifted in so many ways, on so many subjects, giving to human life a greater understanding of The Father's Love for the mentality He placed within human life, thus allowing so much to be practiced, enjoyed, also encouraged to learn a lot about a lot of things that without this, human life would be like a vegetable, a plant, and never really be sensitive to the important issues that the Soul of every human being is responsible for.

Very little is thought about regarding the Soul because It cannot be seen by the human eye, but oftentimes within the human mind, an individual will sense deeply what would be right over what would be wrong, what would be pure over what would be impure, what would be just over what would be unjust, and yes, what would displease The Father by the individual ignoring The Father, and just being foolish in how they thought, spoke, acted or participated.

All of The Saints Here in the Heavens are so pleased about This Gift wherein so much is allowed by The Creator of All Things, thus giving to human life a reasonable understanding of what is expected of them.

As I close My Words today, I know I have spoken differently than you are used to hearing, but always remember, the Gift of human life has a Goal, and that Goal is worth all you can do that is good, that is moral, that is serving in many ways, your way to Heaven.”

APRIL 23, 2004 AT 12:38 P.M.

SAINT PEREGRINE

“I am Saint Peregrine.

The Father has requested I speak, encouraging those who take the Words and who will read the Words, to always remember that the birth of a human life is gifted in many ways. It is not always understandable, but it is always open to a logical descriptive clarification when someone seeks out what appears to be hidden from how they see it.

Today as I speak, it is important, because to become ‘a Saint’ is a privilege beyond what the living part of life oftentimes ignores: that time in life should be dedicated, because it is obligated to use time to hopefully one day return to The Father and be called ‘a Saint’.

I know I speak differently on this subject, but this Gift of The Father’s Love was delivered at the beginning, to alert the mentalities of human life to the Beautiful, Reasonable Goal that life was created to reach, far beyond what is occurring during the living

part of life; but, when the Soul at a given time returns to The Father, this is the Greatest Gift that the human mentality and actions and abilities should look forward to, because the Soul will always reflect the one in whom It was placed at the moment of conception. Though the body no longer remains as it was created to be, the Soul lives on Forever and ever and ever with The Holy Trinity.

The Father's Love for this creation blesses it by allowing so much to be learned, for human life of all ages to realize that the time in the human way immediately and automatically is created for the Goal, and that is to return to The Father a Portion of it, That Part that is a Part of The Father, called 'the Soul'. Just as human life in the living state wants what belongs to them, would it not be natural for The Father to have instilled into human life this desire, and of course, in a little different way?

As I close My Words with you now, I beseech you to remember: This Gift that has been given to the world, speaks with such clarity and much Divine Love, because there is nothing else that the world has that could instill

into the mentalities what a privilege it is to live the human way, and have a Goal to return to The Father and be called 'a Saint' through That Portion of human life, the Soul."

APRIL 24, 2004 AT 3:00 P.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father. I smile when I say My next Words. *The little one* I use must understand that as I depend upon her allegiance to Me, I also want her to know, My Will is to protect her all I can, because you see, in the world you live, she is surrounded by much jealousy. This, of course, is not a pleasant way to live each day.

My Love is Greater than It is understood, because no human being has the ability or the knowledge or the sensitivity to fully understand the Power I use is different than man's.

Today as I speak, it is to give *the little one* the strength to endure the obstacles and the injustice that sometimes she must face.

I have given to the world a Gift greater than It is seen to be, but through It, I will, at one time, stand so strong against all obstacles that she is continuously faced with, which in many ways is wrong, due to the fact that jealousy supersedes the logic, the privilege, and the Divine Love that

is delivered through her as a human being.

It is sad when there is any rejection or jealousy, because neither of these things stabilize the importance of how an individual feels.

Today as I speak, it is My Way of saying I have given to the world Reasonable Wording to help them better understand the Power I Am, and how I use It to give to human lives the privilege and the way to follow Me, because oftentimes there is so much distraction in a humanistic version that allows men, women and children to place so much importance on what they are confronted with, that they ignore the Foundation, the Purpose and the Divine Love that they are the recipients of, in just being a human being.

As I close My Words now, I say to all who will read Them, ‘The world has been given so much Reasonable Direction and Encouragement to be able to become a Saint.’”

APRIL 27, 2004 AT 11:56 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father.

As you oftentimes cherish the time with others like yourself, sometimes a relative, sometimes a friend, even sometimes just someone you meet accidentally, I, too, as The Creator of All Things, find times of joy when one or more men, women or children turn to Me for the first time and speak to Me in a loving manner.

As I created All Things, I instilled in human lives a fuller understanding of the importance that human life is instilled with, and that is to share, through the words one can speak, or the actions that the mentality registers in some form, some way, some degree.

Today as I speak, it is My Love for this creation, through *one small voice*, that I request to be put into print What I Will them to know. My Manner of speaking through her is silent, as you know speech to be, but I assure you, I instill into her mentality Words for her to repeat.

You live in a time wherein so many individuals of all intellects do not understand how close they are to Me, I to them, in every thought they have, every word they speak, in everything they do physically, morally.

I could speak hours on this subject, because in the Creation of human life, it was instilled to have the ability to hear sounds and to be able to use sounds with each other, calling it 'speech'. There are many countries, that in each country a different speech can be recognized in communication and in the manner of sharing life in a daily way.

All I have delivered through *one small voice* is meant to give Purpose, Hope, and yes, to more fully understand what a Close Relationship I have with them.

As I close These Words at this time, I say, 'Do not forget that when you speak My Way, getting My Attention when your words are clearly spoken, and your love or your need is requested, I hear you and I do answer in My Way, because I do, in the Divine Love I have for you, a Love beyond

**what the human love is capable of.’
Remember My Words, I beseech you.”**

APRIL 27, 2004 AT 12:43 P.M.

SAINT CATHERINE LABOURE

“I am Saint Catherine Laboure. I smile as The Heavenly Father permits Me and requested Me to speak Words to aid those yet in the living state, to more fully understand that human life was created to share All that The Heavenly Father was instilled with, and that was the Power of Divine Love. That is not a common asset in what mankind calls ‘humanly possessed’.

The world has been Blessed abundantly, and All of Us Here in the Heavens are so happy when Our Words are passed on to those who would have no way of hearing Them or reading Them, because those around them would not have received Them.

Each human being has a Purpose in life, a Goal, but also the ability to not just use it or accept it, but to develop it in a Spiritual form, degree, and Divine Hope.

In This Gift that instructs so much on the Purpose of human life, and the Divine Goal that awaits it at a given time, this Blessing is beyond what the

human mentality can perceive It to be, but The Heavenly Father has allowed a Gift of Instruction to be open for millions of human beings of all ages, to be able to more fully understand that human life has a Goal to reach, and to serve, to be happy, and to constantly be aware of the closeness to The Creator of All Things.

When someone doubts the Goal for human life, it is a sadness, because they see only the human body which, in itself, is gifted with a Portion of The Creator. Some say, 'We cannot feel It; we cannot see It.' That statement is not so.

In human life, there is instilled in a very, very early age, right over wrong, but as time goes on, it becomes more evident, because basically the spirituality that is oftentimes questioned, that is a sense of Something beyond what the human mind oftentimes ignores.

Today as I speak, it is to encourage all who partake in This Gift that bears the Name of The Beloved Saint Joseph, to do all they can to spread the Beauty of Divine Love that is evident through the human mentality understanding

purity over impurity, right over wrong, good over evil, justice over injustice, hope over despair.

I could speak hours on this subject, and Many Saints Here in the Heavens constantly request The Father if They can instill into those in the living state, the Importance of human life and that it has a Goal.

As I close These Words, I request those who have put Them into print to never let These Words stray unseen, because if you have the privilege to save one Soul because you have enlightened the mentality of the one in whom the Soul is, you have pleased The Father in an ultimate way, and He thanks you for your aid and your participation in What He Wants to occur, and that is to return the Souls to Him, not the enemy, because the enemy only faces and is part of what is evil, what is demonic, and what is totally opposite of Divine Love for the Souls of all ages of human life.”

APRIL 28, 2004 AT 12:56 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph. I have come on this day to speak on an important issue: the Faith that is shown in regards to how I walked the earth, what Position I had, and My Innate Love that was expressed through how The Father entrusted Me to be with The Heavenly Queen, to protect Her, and to serve Him in an Ultimate Way, Source, Purpose and Degree.

Today as I speak, I speak differently. You live in a time wherein there is much discourse and much of a lack of loyalty to what is important, not just for the body, but for the Soul of all individuals meeting, discussing, and claiming their abilities and their goals.

As I speak different than you know Me to be, it is because The Father’s Love for human life has given to the world the privilege for *one little one, a woman*, and also the privilege to All of Us Here in the Heavens to use her as *an instrument*, to deliver

What The Father Wills to allow to be known.

So much at this time is not being practiced in an orderly Divine Manner, Way, but All of Us Here in the Heavens try very hard to give strength where it is needed, hope where it is needed, and the desire to fulfill What The Father Wills, because of the Souls that are involved in every human being. Without the Soul, the body would not be able to handle all that is necessary for the individual to fully understand that the Goal for human life is to return It to Heaven.

I could speak endlessly, We All could, on this Logical Point of View, giving It in script, innately desiring all who will read It to understand that to be born in the human way is a privilege, thus allowing the mentality to more fully understand the Importance of the Creation of human life, and that it has and can look forward to being 'a Saint', returning to The Father in a Heavenly Manner, Way, Pure of heart, Pure of Soul, and then in the final way, in service to The Father, aiding other Souls to be able to serve the ones in whom They are placed, in a better way.

As I close, I say, ‘There is more meaning to a Heavenly Blessing than it is understood to be, so remember, every time you bless yourself with *‘The Sign of The Cross’*, you are calling on All of Heaven, and when you make your wish, your desire on a particular situation, condition, or plan, when it is of importance for the Soul or Souls concerned, you can be assured it is heard in a Manner and Way Higher than the degree of the human way.’

As I close, I say, ‘You are Blessed in a manner, degree, because of your Faith that gives you the strength to pray.’”

APRIL 29, 2004 AT 11:55 A.M.

OUR HEAVENLY FATHER

“I am your Heavenly Father. I smile when this *little one* asks Me if I am going to speak.

Today there are thousands, even millions of human beings who have no contact with Me mentally, or verbally. It is sad for Me to say These Words.

My Design and Creation of human life had a Special Purpose, beyond what the human understanding ever perceives it to be. In My Creation of human life, I prepared to instill in it a Portion of What I Am, Who I Am, that could not be seen in the human way, but logically It is in many ways felt, due to the fact that human life has the ability to sense what is immoral over what is moral, plus many other things. So much is taken in a casual manner, way, degree, but it is innate in the human mentality to sense that there is more to the mental than is seen.

So many times I have given to human lives My Reasoning and My Intentions for creating it. I have done this through instilling what is pure

over what is impure, what is just over what is unjust.

There are millions of men, women and children in the past, now in the present, who try every day to ignore that I Exist because they cannot see Me, but their very way of life, how else could it have occurred? How could they have been created without an Ultimate Source? The very creation of what surrounds them, even a tree, should openly say that Someone Special has to be The One Who was capable of doing so many things.

I say these things to awaken those who find themselves mentally and morally weak, thus ignoring the importance of the Gifts that human life has been endowed with: sight, smell, taste, and the ability for activity, using the arms and the legs for various important reasons; and do not forget, the beat of the heart points to the fact that there is an important part that has to exist, giving strength to all the other factors of human life to be used for a purpose, or many purposes that give to human life reasonability.

I will close My Words, but it is important that when I speak on

specific Words, I have reason to do so. I have taken this time, amounting to many years, to give to human beings of all backgrounds of life, of many ages of life, to better understand that the Gift of human life has purpose, reasonability, and the logic that there is a Goal for having lived the human way, and of course, that is for the Soul that is a Portion of Me, of Who I Am, and My Reasonability in allowing a human life to one day return to Me, never to be forgotten for having lived, never to be erased, because the Soul, as It is returned to Me, continues to be a Portion of the living matter of a human life.

As I close My Words at this time, I bless human life, because I want it to be understood how Important human life is to Me, because it is much a part of My Divine Plan.”
