## PREFACE

**These “*Stories From Heaven*” could not have been given to the world at a more appropriate time than now. The world is in a terrible state of corruption and confusion politically, religiously and socially. Honesty, modesty, genteelness and morality seem to have been eliminated from our way of life, at least in effect if not consciously. However, God has given the world a Miracle it needs.**

**On July 28, 1967, *The Miracle Of Saint Joseph* was formally announced to a True Mystic. God had chosen a woman to give us the sound direction, hope and example we need. It was not the first time God had chosen a woman to accomplish His Purpose, always for a specific task in a particular time. This True Mystic for our day is Frances Marie Klug. She resided in Southern California as a wife, a mother, and a grandmother until her death on November 15, 2009.**

**In This *Miracle Of Saint Joseph*, Many Saints have come forth to speak through Frances Klug. These “*Stories From Heaven*” are just a few of the thousands of Revelations received through her. Very often these**

Revelations were preceded by extensive Teachings which time and space did not allow us to put in print. However, some of these Teachings will be found in several of the many Volumes of "*Stories From Heaven*".

In these Revelations The Saints refer to Frances as "the child", "the funnel", "the spoon", "the instrument" and "the little one". God made her our Spiritual Mother. For many years now, because of this fact, she has been called "Mother Frances", or simply "Mother". Heaven also refers to people of all ages as "children" and emphasizes time and again, This Miracle is for people of all races, all colors and all creeds.

For someone turning the pages of these "*Stories From Heaven*" for the first time, they will easily recognize the sound logic and sound direction the Messages contain. Mother Frances heard the Words with the Ears of her Soul, and would repeat Them aloud when she was told to do so.

This Teaching Miracle is a direct parallel to the time Our Lord walked the earth. He did not loudly proclaim to everyone, "I am The Son of God." He taught in a quiet manner, simple, extensive, but always detailed

in repetitiveness, instilling in those listening what He wanted them to remember. He taught in parables, short, simple stories containing moral lessons. He knew men could more easily understand and remember the point He was trying to make this way. His “Teaching Stories” pertained to everyday living, practical matters, and how to become a Saint. He gave hope through these stories. He gave example.

Now in our time, God is once again giving us “Teaching Stories” through Saint Joseph and His instrument, Mother Frances. Through her, in a quiet, unassuming and genteel way which appears so “natural”, mankind is again being taught the Purpose of life, and what God expects man to be like in his daily living. People feel hope in these Teachings, Example always given.

Two major Revelations of significance have been given for us in our day. Our Heavenly Mother is Part of The Divine, and Saint Joseph is truly The Holy Ghost. These should not bring an immediate rejection, but should pique our curiosity and interest.

Our Faith in God is based upon many mysteries. Whether it be The Holy

**Trinity, the Incarnation of God, or The Holy Eucharist, men strive to understand These, trying to grasp a small glimpse of the Beauty of the Truth They Are. These mysteries also pique our imagination and interest. However, even though we know God revealed these mysteries to mankind and we accept them in Faith, they still remain just that, mysteries.**

**One has only to look at these “*Stories From Heaven*” to see the value They are, and to feel the hope They instill. No man can logically deny purity of thought when it is so obvious. No man can deny purity in direction, when it is based on sound morals, sound values, sound standards. Do not be blind to truth. Skepticism is for people who are unable to see the truth of a matter or situation, and many times skepticism drowns out purity because it is full of ego and pride in one’s self. Skeptics find it an easy out to disclaim truth.**

**There is no doubt that it takes time for such Phenomena as This Miracle to penetrate even those minds who feel they are capable of discerning such Phenomena. We must not be governed by purely another man’s determination, but we must understand that logic, sound reasoning and purpose must be the criteria of our Faith in God.**

## PLEASE READ

In some early volumes of "Stories From Heaven", many Revelations describe edifices to be built on Saint Joseph's Hill Of Hope. As just one facet of The Miracle Of Saint Joseph, God invited men of all races, colors and creeds to participate in building a "City Of God". Every building, chapel, bridge, shrine, garden, amphitheater, and even a hospital and a research center, to be included in this Magnificent Project, would be designed down to the most minute detail by Heaven.

This City Of God would be a place of great beauty for men throughout the world to visit, to gain true spiritual strength and to learn firsthand that which Heaven wants all men to know.

Much to the great loss of every man, woman and child in the world, this City has not been built. Innumerable obstacles were placed in the way of Its completion by those who would have benefited the most. Not enough men volunteered to return the gifts of their time and talents to God. Not enough people came forward with the money needed to participate in God's Plan in a monetary way. Donations became less and less, because the men in the Church said, "Don't give." They discouraged people from participating.

For many years, Mother Frances and a handful of volunteers made every effort to overcome all opposition to men's lack of wisdom, to build this City for God. However, we are not at a total loss. The Sound Teaching and Sound Direction given by Heaven in the many volumes of "Stories From Heaven" continued through the years, and will benefit people everywhere for many generations to come.

In the future, if the hearts and minds of men change, the world will one day see the Beautiful City Of God.

**All Revelations are delivered spontaneously and continuously as witnessed by all those present at the time.**

NOVEMBER 9, 2004 AT 10:55 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**All that has thus far been delivered by Me, and Many Others Here with Me, must never be ceased in how They are spread, for thousands of men, women and children to learn What I want them to know and to understand what I Will them to have as Guidelines for their Souls.**

**Today as I speak, I speak firmly through *one small voice*, because throughout the world there is so little understanding of My Will for the good of Souls.**

**The Soul of every human being is a Portion of What I Am, because in My Creation of human life it was My Gift of My Divine Love, because I knew that without It, human lives would not see that they were created for a Purpose greater than anything else.**

**I will not speak long at this time, but I speak Words through this *small voice*, wanting millions of human beings to be reminded that I Exist and**

**I am aware of all that occurs in every facet of living matter or things.**

**As I close These Words, I must add to what I have spoken: My Love for this Creation of Mine is Above and Beyond what It can be perceived to be. Remember, human life was designed and created to one day share with Me the Beauty of living, once in the human way, and then by the Soul that every human being is the custodian of. The Soul is a Portion of Who I Am, What I Am.”**

NOVEMBER 9, 2004 AT 12:45 P.M.

## OUR HEAVENLY FATHER

**There are so Many present. They are All smiling.**

**“I am your Heavenly Father.**

**The Statement just made was One of Truth. Whenever I am going to speak, Many Here in the Heavens smile and are anxious to hear What I have to say.**

**The world has been Blessed abundantly by This Gift that speaks Words of Great Value, Encouragement and Divine Love. Many outside here would find it difficult to believe that This is occurring, but the written Words will help them at another time and give them strength to persevere in and on the important things that give them hope, perseverance, and a Manner of Divine Love in just knowing that they have pleased The Father.**

**You live in a time in and where there are so many things that are called ‘important’. Many are only important to the ones remembering them to speak about, to think about.**

**The real important things in human life are many, but the very, very important things are sometimes just words that you read or you hear. The words are based on how you are, how you live, how you think, and your participation in what you do, practice and know; also, how you express to others the right things to do and your willingness to do them.**

**My, I have given you a long list, but you are capable of so many things to be accomplished. First, for your Soul that will one day return to from Where It came; then, the body that is yours, giving you all the energy and manner of living to help you one day become 'a Saint'.**

**So much has been given to human life, so much Divine Love is expressed in just a few Words, causing you to be aware of the closeness you are to Heaven.**

**I could speak hours on end, so could All The Others Here with Me, because it is so important that every human being born, for them to understand there is a Great Purpose for human life, and a Beautiful Goal**

for the Soul of every human being born.

**You are always Blessed for the good you do. Remember this, and you are always helped when you request help, even though it might not appear in your way or manner of thinking, but I promise you, it does occur.**

**As I close These Words at this time, I beseech you: Never forget there is a Portion of The Divine in you, and It will aid you and give you the strength to choose what is right, proper, moral and good.**

**When you say to someone, ‘God bless you,’ you can be assured the request is granted, so as I leave I say to all who take the Words and who will read Them, ‘God blesses you for your Faith and your love for The Divine.’”**

NOVEMBER 10, 2004 AT 12:30 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**My Presence is continuous through this *little one* I use to deliver My Love in an open, Personal Way.**

**I smile at My next Words, because They will make a Statement that you may not have heard before.**

**My Fatherly Love for human beings of all ages is Above and Beyond what a human being can perceive It to be, because My Love is Divine, and there are so many reasons why human lives are able to see, to feel the Presence of The Divine; first of all, through how an individual thinks: Is it moral or is it immoral? Is it pure or is it impure? Is it just or is it unjust?**

**In the Creation of human life, there were so many Gifts instilled, giving to human mentalities many abilities to be able to perceive what would be correct, what would be wrong, what would be feasible for their conditions in how they lived over what would be wrong for their Souls.**

**I speak differently at this time, but I felt it was time to use These Words, because it is important that every human being understand that there are different ways, means; also, right and wrong, pure and impure, just and unjust thoughts, words, deeds, practices, that human beings are exposed to every day, some more than others.**

**I speak this way today because of My Deep Love for human life. It is important that All that is delivered be cast out amongst thousands or even millions of people, because even though there is a conscious understanding normal to human lives of what is right, what is wrong, what is pure, what is impure, what is just over what is unjust, there are still many errors, or I should say, a lack of concern for what is best for the Soul for an individual to take part in, or speak in, or practice a method, a means of communication with others like themselves.**

**I could speak hours on end on this important subject, because the Souls of so many men, women and children become threatened by how the body, the mind of the individual**

**are, in whom They are a Living Source of Divine Love.**

**Today is an important day like all days, but What I have just spoken, I beseech all who take It in print and who will read It, to remember one important thing: Human beings have been given the privilege to speak, to act, and to make decisions on how they will use every day of their life in everything they do and speak, and they are accountable for this.**

**As I close, I close with much Love for human life, and I am fully aware of how important the human mentality is to everyone born to this manner of life, to one day return to Where I am.”**

NOVEMBER 11, 2004 AT 11:51 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**F**or each human life created, it is important that they understand their creation of human life is all in Divine Plan. When certain individuals hear the Words ‘Divine Plan’, they think only of past occurrences that led up to the time now in which they live, thus ignoring that I, The Creator, use time ‘now’ for Important Facts, Learning and Introductions to What I Am All About.

**B**lessings come in many ways. Oftentimes it is only placed on material gains or adventures of the mind and the body.

**T**here is so much for human beings of all ages to learn about and to understand in a more in-depth manner of how I use time to give strength, hope, more understanding of The Divine, of Who I Am, and the importance of how an individual should respond, understanding that human life is created, has been since the first Creation of human life, to not

**just believe, but understand there is a Reason for this Gift of Mine, because I have within it a Portion of What I Am, Who I Am. It is That Portion of every human life that basically instills in it the logic of My Existence, and the Purpose of My Divine Plan.**

**I will close now, but I am always where you are. Remember this.”**

**NOVEMBER 11, 2004 AT 12:36 P.M.**

**“Yes, there are Several of Us present because of the need there is, due to the fact that throughout the world there is so much, there are so many impure actions, thoughts, practices, and what they call ‘needs’. Much of this was only the eagerness of an individual to want attention, to want to be seen. The sad part is that it is usually the cause of an impure action for someone else to take, to appease the one who claims there is no happiness in their way of life.**

**What I have just spoken may be difficult for some to understand, but all times in the History of human life, many human beings of all backgrounds did not see the value of human life, and exaggerated what they call ‘incidences of weakness’ according to material measures, or the thoughts and actions of those close to them, not dealing with them in the manner that was wanted or needed.**

**What I have just spoken is fact, but not always thought about in that**

manner. You do live in a time where many individuals seek education so they can see life in a higher degree, manner, practice and/or monetary means. There is nothing wrong with this, but it should be looked at, on and in the importance of what the subject matter is all about. Does it help your ego, your pride, or does it help you mentally, morally, psychologically?

So much energy is spent on emotion, rather than the logic in a condition, a situation, or a value. Prayer is a wonderful way to go. It innately gives an individual hope, respect, and a closer understanding to what would be correct, rather than a demeaning factor of self-righteousness, self-pity.

I speak differently I know, but in the creation of human life, it is gifted with so many beautiful ways to think, to practice and to be a part of.

It is hope and it is Divine Love Who will assist when there is a need. That is why it is important when the mental awareness is unhappy, the greatest help for this is to call on The Divine and let The Heavenly Father know that you want to do His Will and

**you want Him to help you. He will. He may send Saints. Never forget this, but you must look at life as a Gift of Divine Love, always with the ability to call on The Heavenly Father, The Heavenly Mother, and All The Saints. They are always available. Remember this.”**

NOVEMBER 12, 2004 AT 11:39 A.M.

## OUR HEAVENLY FATHER

**“Personal communication in verbal form to emphasize the logic, the necessity, and the purpose for more understanding to be realized and used, not just to accommodate, but to be the Foundation for the progress that is necessary to develop My Will in the Order I Decree it to be, I have given to the world *one small voice*, but one immediate to What I Will certain factors and additional aids to progress, for human beings of all ages to be able to instill into others the Value of how I think, in how I recognize human beings to bear strength in facts, figures, conditions and logical results.**

**There will be more on this later, because I have given to human lives so much understanding, helping them to value their communication with Me as hope, purpose and reality.**

**I will speak more, because communication used to make a subject more valuable, takes more innate understanding than it is ever truly seen to do.**

**I pass through this *little one* many Directions that bear the strength of human understanding necessary to spread What I speak for the benefit of Souls in an insurmountable amount, to learn more and to sense My Closeness to them more indepthly and more complete.**

**I could speak more on this. I will at the time I know It will give a sound condition of understanding based on What I have just spoken.”**

**NOVEMBER 12, 2004 AT 12:42 P.M.**

**“There are Many of Us present, because each day that you gather for the work you are doing, Many of Us are present that you do not see or hear. Always remember, when you allow yourself to be an instrument of The Father’s Love for other human beings, you walk a path of Divine Love in more ways than you ever see.**

**Children should be instructed on the importance of doing favors for other human beings, always not wanting a return gift, but just the Blessings from The Creator for participating in an Act of Divine Love.**

**You live in a time where there is much curiosity and many other things that thousands of individuals are participating in that are basically immoral, unjust, impure, but each time human beings do this, it is offensive to The Father’s Will, because purity of the mind and the body are important assets to one’s Soul, and the Soul is the recipient of all an individual thinks, says and does.**

**Think about this next Statement: Would you want to be accused of something wrong if you yourself did not commit it, or permit it, thus making you 'a victim' of someone else, a situation that was impure? I hear you say 'No,' because you have the understanding that logic in surrendering one's will to The Creator has much responsibility, much purpose. Remember this.**

**I speak differently I know, on this day, but sometimes when this occurs, it awakens someone's mind to what they are thinking or what they are encouraged to do: Is it pure? Is it impure? Is it just? Is it unjust?**

**Each day of human life is a Gift of Divine Love. It gives every human being the privilege to practice what is pure over what is impure, what is pleasing to The Father or displeasing.**

**When human beings were created in the beginning, there was much help to them in a different way than you receive it, but as time went on, it became more understandable and more adjustable to the human mentality, the human will, the human understanding.**

**As I close These Words, I know I have spoken differently, but do not forget, so do you many times when you are making decisions on whether you are going to do what is correct, pure and just, or you are going to allow yourself to weaken.**

**Remember, your Soul never leaves your body until the time The Heavenly Father Decrees it to be. It is not always at the moment of death. It is many times a period of time unseen.”**

**NOVEMBER 12, 2004 AT 1:15 P.M.**

**SAINT MARGARET MARY ALACOQUE**

**“I am Saint Margaret Mary Alacoque.**

**The Father’s Permission is always a Heavenly Gift to Any of Us Here, because it gives Us a chance to share The Father’s Love through the prayers that are spoken by those who yet live.**

**Many times when a prayer is heard, We immediately try to help, so the individual receives the Blessing that is due for communicating so personally, and speaking the sadness that is within them for something they have done that was not pure.**

**So few people understand or realize that prayers are heard, and many times the willingness to aid them is greater than they know.**

**I promise you, to become ‘a Saint’ in the Eyes of The Creator is a Gift beyond what the human mind can perceive It to be, but I assure you, It is worth every effort you choose to make when you are yet in the living state,**

**because your prayers are heard by The Heavenly Father and Many of Us Who are Saints.”**

NOVEMBER 13, 2004 AT 12:42 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**It is important that All that I have delivered thus far, and Others Here with Me also, must be delivered to hundreds, even thousands if possible, men, women and children to read and to help them more fully understand My Closeness to them and My Love for them. Also, when they pray, speaking to Me in this way, I hear what they have to say and I am happy they communicate, even when they are in a hurry to walk away.**

**Throughout the world there are men, women and children who many times ignore spending time with Me because they cannot see Me, but I want them to know, no matter where they are, alone or with someone else, I have a way of knowing their thoughts, their desires and how they act.**

**Prayer is many things. It is not always a formal act. It is sometimes a silent communication in the way of words making contact. Do not forget this.**

**T**oday I have gone through many things with *the little one* who speaks My Words. Her obedience to My Divine Will is a necessity that I introduced to her a long time ago.

**A**s I close These Words today, it is just for this time. Remember, I am available every moment of every day for you to think of My Presence.”

NOVEMBER 15, 2004 AT 12:37 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**In My Creation of human life, I Willed it to have so many things that would help an individual more fully understand how important it was to be created ‘man’: the Gift of understanding, plus the Gift of sight, plus the Gift of hearing, plus the Gift of speech.**

**The Gifts are too numerous to mention at this time, but I ask you to see the importance of receiving a Blessing from The Divine. You know you do each time you make an act that gives aid, hope, help, or sound treatment to another individual. Blessings are multiple when there is kindness shown, decency, purity, and a constant or consistent understanding of what is right over what is wrong, what is good over what is evil, what is love over hate.**

**These Words are common to most, and it is important to remember These Words, because they signify how you think, how you feel, and also your**

judgment regarding what is morally sound, morally correct, morally pure, over it being impure in any fact that you know it is being handled improperly.

**I** have given to the world a Gift of My Divine Love through *one small voice*. It is important that All that has thus far been delivered be remembered as not coming from her, but coming from Me through her, to give you the strength and the logic that Divine Love projects whenever you know Words are passed through her for the good of your Soul, and for the good of your way of life when it is needed.

**T**hroughout the world there are so few who understand the importance of how they think, how they speak, how they act. They call it ‘casualness’, they call it ‘the human way’, and many other words that do not really convey the importance that I place upon all that an individual thinks, speaks, acts or participates in.

**A**s I close These Words, I beseech you: never forget that you have a Portion of What I Am within you that I want returned to Me, a Saint.”

NOVEMBER 15, 2004 AT 1:04 P.M.

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother.**

**There are Several Saints present where you are at, at this time, All desiring to take part in helping you in some way to go indepthly into what you have chosen, what you have accepted in the way of receiving Words from The Divine.**

**It is important that human beings of all ages be given the opportunity to be reminded of the opportunity of dedicating their lives to The Father’s Will, many times by using Saints to pray to, and to use as their manner of living when They walked the earth that gave Them the strength to accept being example to others, giving hope to others in the words They would speak, but also, in Their dress of the day, Their clothing, clean, respectful and important, because clothing to the human way of life is oftentimes the first thing that is seen.**

**When The Father delivered This Gift a long time ago, of so Many speaking through *one voice*, there was**

so much in the decisions that were being made of what It would cover that would be normal, natural and easy to understand. Thus far it has worked well, because to be born a human being it is automatic in the human mentality, because it is instilled in the human mentality to know what is pure over what is impure, what is truth over what is untruth, what is love over what is hate; and what is beneficial in understanding when it pertains to The Creator and to The Saints is worthwhile to remember and follow it through in one's daily manner of life, because it gives more than strength physically, but Spiritual understanding, and of course, more Grace for the Soul.

I could speak endlessly on this subject, because since This Gift has been delivered to the world, We have had the privilege to enlighten, to encourage, to instill in many mental conditions, the very Importance of being created a human being, and the Beauty of the Goal that is created to one day reach.

Needless to say, hours could be spent on this subject; in fact, there are many, many Writings, Records of What

**is important for human beings to learn about, to understand and to follow.**

**As I close These Words, I do it with much Sincere Love for those who desire to please The Creator, because the Soul is the recipient of all you think, do and say. Remember this.”**

NOVEMBER 16, 2004 AT 11:37 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**I am always so pleased when you lean upon Me to give you the strength to fulfill What I Will you to do for the Souls of millions of human beings.**

**Some might say millions do not pass her way. I smile at this, because though they do not or are not physically seen, many times they speak about where they received Me and alert others near them to be able to understand that I, The Creator, am never real far away.**

**Today as I speak, I speak with much Love from The Holy Trinity. There are so many men, women and children who do not see the Worth, the Importance of the Divine Love that is available for them to choose, reminding them that each time they receive The Holy Eucharist, It is a Closeness that nothing else could be.**

**I will close My Words because *the little one* is straining to fulfill What I Will others to know. This is always a**

**pleasure to see. Dependence of this nature is a Gift greater than it is seen to be.”**

NOVEMBER 17, 2004 AT 11:02 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**This *little one* I use is in a temporary weakening physical condition, due to the fact that when I make a Presence to her, the Power I Am weakens her because of her gentleness, but also because of her weakening physically, due to the fact of the Tasks I have appointed to her for some time now.**

**Through This Communication I have with her, It is to aid millions of human beings to more fully understand that My Closeness to them is more than they understand It to be.**

***The little one* is consistently obedient to My Will, and All that is delivered through her is to give strength and much purpose to all ages of human life. The world has been Blessed in more ways than it is seen by the human mind, but nonetheless, the Blessings cover every facet of human life.**

**I** come on this day to awaken some who will read These Words, allowing them and letting them to more fully understand I did not create human lives and then walk away from them. My Love and Reasons for this Gift of My Divine Love is above and beyond what the human mentality can perceive It to be.

**In** the Creation of human life, I had a Purpose and a Goal that never stopped at any time or way. I continue to have this Goal. Remember this.

**I** would like to add a small Note to My previous Words: Children are not being instructed on how close they are to Me, and that the Mission and the Gift of human life is a Gift of Divine Love, because within it there is a Portion of What I Am, Who I Am. If this were not so, human beings would not know purity from impurity, justice from injustice, hope from despair.

**I** speak through *one small voice*. I have for a very long time, and All My Words should be seen, because I never did not give some Sign of My Close Association in The Divine to human lives created by Me.

**Many things have been spoken through This Gift wherein I use *one small voice* for so many things I want to share with human beings. I bless those who use what they have to more fully understand that human life was designed to be returned to Me in The Divine.”**

NOVEMBER 22, 2004 AT 3:12 P.M.

SAINT THOMAS AQUINAS

**“I am Saint Thomas Aquinas.**

**There are always Many of Us that are attracted to This Gift of Divine Love that The Father has given to the world for reasons difficult for some to understand. All of The Saints Here in the Heavens see This Miracle as a Treasure to behold by all of living mankind, the young and the old.**

**My Words are not what They would be expected to be, but My time that I speak now is to hopefully awaken all ages of human life to realize the Importance of life and what a Treasure it is to have as a Goal, to return to The Creator one’s Soul.**

**So many Words have been delivered, trying to enlighten, to encourage, to instill in the human minds of those close to this *little one*, the privilege it is to be created a human being and the closeness it has to The Divine.**

**So many times when individuals are given Truths to aid them, and to**

ensure what Gifts they have in being a human being, it is ignored and not fully understood, the importance of hearing reasoning in this manner and/or degree.

There are millions of children of all ages throughout the world who need to understand the Importance of being created a human being, because it has the privilege that nothing else created has.

Daily living in the human way is gifted in the understanding mentally, morally, physically, psychologically, that there is a Goal for the Soul that is to one day return to The Creator, a Saint. This privilege is not understood as it should be, because the human mind cannot fathom the Beauty, the Wonder of a Goal such as This is.

Children are not being forced to understand the importance of morality, dignity, and being able to speak to The Holy Creator of All Things through their Soul, plus their mind, in a daily manner of living.

So many times when words of directions are spoken, they are neglected to be used in a beautiful communion with the one who is

teaching the words, or identifying the words, or are practicing the words openly to show what the words mean.

**So many individuals being instructed only hear what someone wants them to think, but oftentimes a deeper understanding is necessary, and that is to respect the one who is teaching, because the one who teaches must be the example of what is morally pure, sound and realistic.**

**As I close These Words I know some may not agree, but I assure you They are Words of sound, orderly ways to give a true picture, a true understanding of what 'example' should be."**

NOVEMBER 23, 2004 AT 3:20 P.M.

## OUR HEAVENLY FATHER

**“There is much misunderstanding to this *little one* I use in many ways to promote amongst others of all ages, My Love, My Hope, My Concern for the Soul they are the custodian of that bears Who I Am, What I Am.**

**Just as a long time ago there was no need for the hurt that was done by individuals who felt that they could use a Cross to such a length for so much suffering to be practiced, logic would say that those who crucified Him did not become Saints for this act of treason, but also this act that bore with it jealousy, weakness and hate.**

**I speak this way on this day for My Words to be read another day, to awaken the mentalities of so-called ‘learned’ individuals to value and/or evaluate if they acted in a pure state.**

**To be a victim of human beings destroys many things in many ways. It can never be heard about or seen to justify wrongdoings.**

**I will close My Words, but I have given Them to remind those who will read Them that it is important to practice what is morally correct, and never use any other fact or reason to reduce what you practice, making it evil in many ways.**

**As I close I remind you, you are never alone. Divine Love has designed it this way, because of the Souls that are victims of all an individual thinks, says and does. Remember this.”**

NOVEMBER 30, 2004 AT 11:51 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**Since the time I created living matter and things, My Will, My Love, My Concern was for the creation I thought would give hope, more understanding and an innate desire to return to Me. This was in My Creation of human life.**

**As I come to the world today through *one small voice*, I come prepared to back What I Will for the Soul of every living human being, and that is to return to Me and one day have the Title ‘Saint’.**

**I speak through *one small voice*, but I do it because of My Love for human life. Without This Gift, it would not be known how much I cared, and the Goal I have set for the Souls of millions of human beings.**

**My Implant of a Soul in a human life is a Gift beyond what the human mentality can perceive It to be, because this Gift, as a Portion of What**

**I Am, Who I Am, I Will It to return to Me and be called ‘a Saint’.**

**I bless *the little one* through whom I speak so many Words, but I also bless those who take the Words, because These Words are to instruct, to encourage, and to instill My Love for human life and for the Soul that each human being carries in it, to one day return to Me and be called ‘a Saint’.”**

NOVEMBER 30, 2004 AT 12:53 P.M.

## SAINT JOSEPH, THE HOLY SPIRIT

**“I am Saint Joseph.**

*The little one* We All use to transmit to others, to deliver to others in a manner understandable, regarding that human life is Important and it has a Goal above and beyond what the human mentality can perceive It to be.

Oh, there has been many descriptive Wording describing the Importance of human life because of That Portion of human life that is a Portion beyond what the human mind can perceive It to be. It is a Gift of Divine Love instilling in human life the logic, the beauty, and the necessity, giving to human life a strength beyond what anything else created is gifted with.

In the Creation of human life, it was given a Portion of Divine Love, thus giving strength morally, mentally, physically, and in many other areas of the necessities human life needed to make human life different than anything else created, because the

**Soul in human life, never seen, is a Gift far greater than the human mentality can perceive It to be.**

**Remember, when you cross yourself and you call upon ‘*The Father*’, reminding Him that you exist and you know about Him, and then you bring your hand down, you call upon ‘*The Son*’ Who walked the earth noticeably, obviously in a human manner, way, purpose, and then you cross from one shoulder to the next and you call upon ‘*The Holy Spirit*’, or as you call It, ‘*The Holy Ghost*’, and you know within your heart, within your mind, that you are addressing a Gift of your love for The Divine; but also remember, when you say ‘*Amen*,’ you are not just closing the prayer or the wish, you are acting out of respect for the Beauty, the Dignity and the Magnitude of what you have just said.**

**As I close These Words, I close Them with a small prayer:**

***‘Father in Heaven, God of All True Love, bless those who speak words drawing Your Attention, asking for Your Protection, and thanking You for Your Participation in how***

*they practice communication regarding their Soul and their love for The Divine, sometimes in a very quick way, but sincere in every aspect of it.'*

**I speak differently, I know, but sometimes it is to awaken an understanding of more than it is known to be. God loves you. Remember this, and when you return love to Him, He blesses it abundantly."**

DECEMBER 2, 2004 AT 12:01 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**I am announcing at this time a Very Important Statement, and that is, that this *little one* I have chosen for such a Major Task, parallel to the time The Son walked the earth; at that time also, human beings of all ages, all backgrounds, felt the Power but resisted the Greatness in What was being delivered for the good of Souls.**

**As I have given to the world *one small body* to aid, to instruct, and to show example for The Divine above all other things based on personal opinions of human mentalities, I speak differently, but I speak with My Intentions for This Gift of Divine Love that supersedes any human concerns, knowledge, understanding. This list is endless.**

**As I speak through *one small voice*, I do it at her request, because in her manner of understanding the importance of all that occurs, she still wants kindness to show in every**

facet of every move, every word, every source.

**As I hold her tightly, I feel her tears inside as they fall, because the Magnitude in which this *little one* walks is inconceivable to the human minds, even when they are present when the body is being used in a manner and way unfamiliar to the human mind.**

**As I close I say, ‘I warn all who know her and all who want to know her, that she does not belong to them. She is Mine.’**

**I help her up at her request. Her body cries for help. My next Words I say with Love and Respect: She is Mine.”**

DECEMBER 3, 2004 AT 12:31 P.M.

## GOD THE FATHER

**“Today is an important day, because I have on the onset of this day, injected into this *little one* I use the importance of her perseverance and her accountability for My Will to flourish in many ways.**

**It is easy to say, but I promise you it is not difficult to follow My Will the human way. Since the beginning of the Creation of human life, I have directed it according to what I knew those in the living state could follow and could use to fulfill all that was necessary physically, morally, mentally, psychologically. I have never driven human life beyond what it was capable of doing.**

**In My Choice of this *little one* for My Will to be spoken about, to be instructed, took a lot of love for Me that is rarely understood in how one serves My Will to be.**

**I have given to the world so much, based on the Fact that in My Creation of human life, I had a Goal Worthy to work for, Worthy to desire.**

**Today as I speak, I speak repeating What I Will human beings of all backgrounds, natures, to look at what each day is capable of giving to you and your Soul — a Higher Place Here Where I Am. Remember this, because in My Creation of human life, I can sincerely say that this Gift of My Divine Love is Beyond what the human mentality can perceive My Love to be.”**

---

**“I have just whispered My ‘Thank you’ to this *little one*, for as I use her, it takes a toll inconceivable for others to recognize or to feel or to understand.”**

DECEMBER 3, 2004 AT 1:16 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**It is a sadness at this time, as many other times, because of this *little one*'s sacrifice that is requested to help others understand the indepthness in how I Will others to see her, because to work for the Salvation of Souls is not a matter or means or way or joy to a human life. It is all based on My Requests, due to the number of Souls that need help to grow stronger morally, mentally, physically, psychologically and obediently.**

**So much has been delivered through This Gift in which I have placed so much effort to give others the importance of how they live, how they speak, how they act, how they think: Is it in kindness or rejection? Is it in hope or despair, or is it in egotism, ignoring that through their Soul, I am always there?**

**I will close My Words, but as I do I say, ‘Human lives must learn that the Gift of this life is to return a Portion**

**of it called “the Soul” to from Where  
It came a long time ago.”**

DECEMBER 6, 2004 AT 12:03 P.M.

## GOD THE FATHER

**“I have given to the world a Gift understandable in What It speaks, how the Words are delivered. It is a Gift of Direction and a Gift of Concern for the Souls of millions of people, not just in the language you speak, but in the language that covers the world with repeats of What I Will mankind to speak, to act out on, and to use according to the ability, but also the security for their Souls.**

**Though each time I speak through *this voice* I use now, My Words are to instruct, to encourage and to cause others’ minds to read the Words, to understand the Words for protection of the Portion within them that is a Portion of Who I Am, their Soul.**

**I know I speak firmly, but I speak It with Divine Love for those who live the human life that I created a long time ago, for a Purpose beyond what human life endures, practices, or fully understands.**

**My Divine Love is the  
Cornerstone; also, the Important Part,  
Portion of human life of All I Am.”**

DECEMBER 6, 2004 AT 12:39 P.M.

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother.**

**We All smile when The Father desires Us to speak Words understandable to those who are present, and hopefully those who will read the Words that will be put into print because of the importance of Them and the aid the Words will be, guiding others to more fully understand the privilege of human life and the beauty of the communication it has with The Divine.**

**Children must become aware that every word they speak is heard, every act they take in life is seen, because in the creation of human life, a Gift of Divine Love is given, first at the moment of conception, and then It is carried in an important way for that life's Protection and Divine Love that is instilled, constantly aiding the Soul and the body to more fully understand that human life is a portion of Divine Plan and it has a Goal for a Portion of it, their Soul.**

**I know Many of Us Here repetitively speak Words that sometimes individuals do not understand the reason for it, but it is to strengthen the moral values, the Spiritual values, and the growth of one's mentality to more indepthly sense, accept that human life plays an important role. It is the protector for the Soul, it is the guidance for the Soul, and it should be based on love for the Soul.**

**For the average human being, it is not often understood how Important human life is. Only the surface is seen and recognized as there being nothing more important than what the human mind can practice or be the custodian of.**

**So Many of Us Saints are speaking more about the definition of things, because it is important for the human mind to be able to perceive that human life has a Goal Greater than It is seen or known to be, but the very fact that there is a Goal speaks highly for human life, and that it is important for all it does while it is in the living state.**

**I could speak hours on end on this Gift, because through this Gift, the Soul is the recipient of all you think, say and do. Your Soul is a Portion of The Creator of All Things, not just one or two.**

**I close and I say, ‘Those who take the Words are Blessed abundantly, not always understood in its full measure, but those who have the privilege to read the Words, the Words will help them think about the Importance of life and how much Divine Love is within each human life, along with a Portion of The Creator, a Soul.’”**

DECEMBER 6, 2004 AT 1:30 P.M.

## MANY SAINTS

**“There are Many of Us present, because in This Gift of The Father’s Love, He has allowed so much to occur, not necessarily on holidays or Holy Days, but at each day, giving to human beings the privilege, and of course, the help to more fully understand that in the human mentality and the physical practices of human life, there are many Gifts aiding the individual to see the beauty of example, the beauty of understanding, the beauty of practicing, and the beauty of being a part of humanity that is able to serve The Creator and always gives strength to others morally, mentally, psychologically and physically.**

**What is rarely seen are the advantages that human life is gifted with: the senses, the mentalities, and the ability to express what is morally sound, morally advantageous to the Souls of those an individual comes in contact with.**

**Needless to say, All of Us Here in the Heavens treasure What The Father**

**Wills Us to do to aid human beings of all ages to more fully understand that to be created a human being is the greatest Gift that human life can have, due to the fact that human life is gifted with a Soul, That Portion that expresses morality and the Beauty of being a human being, thus being able to be example on all that is what The Father Wills it to be, and become ‘a Saint’.”**

DECEMBER 7, 2004 AT 12:49 P.M.

**“There are Several of Us present. We ask The Father if We may speak. He said, ‘Yes, what do You intend to say?’ We said:**

**‘Heavenly Father, there is so much to be learned at this time about the Importance of human life and the Goal You have for it, but so much is being ignored with excuses, and a switching of what is important to what is possibly likeable for someone to hear.**

**‘We want this to change. We want it to go back to consisting of the Beauty, the Necessity, the Hope and the Divine Love that is recognized for What It is, for What It has, for What It can do.**

**‘Children throughout the world are not learning, because no one is teaching the Facts of what caused “this time” to be, what gave Beauty to being able to celebrate The Birth of The Divine King.**

**‘So much must be recaptured, so that those who are of the very young ages will be able to receive the sensitivity, the closeness that helps the mentalities, the desires, and the wills to more fully understand what a Precious Gift human life is, and that within it, it is closely associated with The Heavenly Father, The Heavenly Mother and All The Saints.**

**‘Heavenly Father, please bless This Gift You have given to the world, to give instructive Information and to help the Souls receive from the ones in whom They are instilled, more understanding of What awaits the Soul at a given time, based on Divine Love in all facets of It.’”**

---

**“As These Words are closed for now, I am grateful for the privilege offered, because when this occurred, I was assured that if I did not want to accept what was important, I had the privilege to say ‘No,’ but my love for The Divine carried me through, in spite of any obstacle that could have caused me to walk away and ignore my participation and my desire to show love where it was deserved.”**

DECEMBER 8, 2004 AT 12:16 P.M.

## SAINT JOSEPH, THE HOLY SPIRIT

**“I am Saint Joseph.**

**I speak often through This Gift that gives to so many human lives a fuller understanding, a greater ability to pray in many ways, because of the Importance of the Souls that in Their Own Way encourage human beings of all ages, reminding them that prayer could be spoken to aid them, to give them strength, and to help others in need.**

**When The Saints speak to Each Other, granted it is never heard by the human mentality, the Gift of being able to hear, but I assure you more attention is paid to how human beings of all ages, all backgrounds, all degrees of intellect are seen by Those Who have the privilege for Their Souls to be present to give aid, to give hope, to give assurance and direction.**

**Never, never omit the privilege of speaking privately to One Who walked the earth the human way and is now pronounced ‘a Saint’, announcing the Holiness of how It is Blessed by The**

**Divine for using the manner of life to give good example and leave a worthy recommendation for the Soul.”**

DECEMBER 8, 2004 AT 1:10 P.M.

## SAINT ATHANASIUS

**“I am Saint Athanasius.**

**It is a privilege for All of Us Saints Here Where The Father is, to be able to speak to those who at this time have the capability to be instructive in many ways, helping others who are in the living state to become more aware that the privilege of human life has a Goal Greater than It is seen or understood to be. The Goal is based on the Importance of the Soul, because each human being is created with a Portion of The Creator within it, thus giving to human life a Superior Acknowledgment of Its Presence, Its Purpose, Its Reasonability, and of course, Its Goal.**

**So many times when Some of Us request to speak openly, leaving Words to other human beings who are yet alive, to help them more fully understand that the Goal for human life is greater than they suspect It to be, because the Soul is a Portion of The Creator, and the Soul wants only to return to from Where It came.**

**Children of all ages are not spoken to about What they carry within them just being a human being, how Important It is, and what a Treasure it is to be a human being, bearing a Portion of The Creator within them. Some say, 'A young individual will not understand.' Not so, because it is innate in the human mentality to want to be important, to want to be special, and to want to feel that as they live each day it is a privilege and it has a Goal.**

**Today at this time My Words pour forth. There are thousands and thousands of human beings hoping within themselves to one day reach a Goal greater than the one they are walking in as a human being. Granted, not all are thinking of there being a Soul, but it is innate to know, to sense, to feel, that human life has a Purpose beyond the human state of it, because human life innately knows that life is Important and that it was created by a Higher Entity of Divine Love than shows.**

**As I close These Words, I close Them with much Love for those who live the human life, and especially for those who want to give hope through**

**what they write to others, giving them strength, perseverance, and yes, a sense of justice in how they live, why they live, and that is to become ‘a Saint’.”**

DECEMBER 9, 2004 AT 11:22 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**Though it is difficult for many to read What I have spoken, Fact, Truth, It is meant to be strength morally and physically and psychologically; needless to say, spiritually, on the behalf of their Souls Who walk with them every moment of every day.**

**The human way of life is Blessed because of the Goal for which it was created, and that is to return to Me That Portion of What I Am in human life, barring no individual from being a participant of My Love, or this Gift of My Divine Intercession, because as a Portion of human life, the Soul is a Portion of Who I Am, What I Am, thus assuring human lives of how close I am to them, reasonably logical because of how I would aid them when it is needed, strengthen when it is necessary, and be present at all times in Protection of them physically, mentally, morally.**

**I did not create human life without My Intentions for it, logically placing within it an innate value of**

**their Association, constantly alert to Me because of That Portion within them of My Divine Presence.**

**Children are not being instructed on this obvious Factor of Truth, nor are many so-called 'adults' practicing what is logical for That Part of them to give strength, due to the necessity for value morally, mentally, psychologically, to be the guidelines of all that the Soul receives through the acts, the speech and the memory: right over wrong, justice over injustice, and aid over insecurity that can be detrimental to how one responds.**

**The Soul in each human life is the recipient of what I Will it to be seen as, using My Intentions, My Purpose, and My Divine Love to aid the Soul to be returned to Me as I once placed It at another time. The Soul and Its desire to have all things as I Will them to be, always acts as the circumstances are necessary, but the mentalities of human beings are often versed on their insensitivities to the Beauty of the Treasure of a free will.**

**The free will automatically chooses the subject matter according to its place from where it came, and**

**from Whom I Am, but the enemy tries to interfere because of the jealousy, the hate that is felt by him; but the Purpose is logically instilled, but sometimes is weakened because of a mood.**

**I close These Words, but I await millions of human beings to read Them and adjust to the importance of Them, because their Soul is either the One Who stands firm on what is correct, or can be weakened by the dominance, by the object, project.**

**I bless those who take My Words and I must say, ‘As you write What I speak, I know you agree with My Love of human life and your innate hope It will give hope by many people.’”**

**DECEMBER 9, 2004 AT 1:07 P.M.**

## **OUR HEAVENLY FATHER**

**There must be Ten to Twenty Saints.**

**“I am your Heavenly Father.**

**Yes, there are Many Saints Here with Me now, because Each One feels the Importance of This Gift of Divine Love at this time in which those who take the Words are living parts and receive All that is given with love, concern, devotion, and yes, the ability to sense the Importance of each human being’s way of life.**

**Children need to know about This Gift because children are usually set aside. They are talked to about the existence of, but not how close Many Saints are to them.**

**In the Creation of human life so much was looked into, giving to human life many advantages, many talents, many abilities, and yes, the knowledge, the logic of what would be moral over immoral, truth over untruth, love over hate.**

**Right now, there are millions of human beings throughout the world who have no concept of This Gift that is a continuous Relationship of Communication daily, through *one voice*, to all who will listen and/or put into script the verbiage, the subject matter, thus realizing that This Gift of Communication is beyond what It would ever have been expected to be, as such a Close Relationship of Communication from The Divine to those yet living in the human state.**

***One voice* was all that was needed, *one voice* obedient to the Will of The Creator and All Who walk with Him, because of the Importance of the Souls that in many ways treasure This Gift because of What It gives to the ones in whom They live as Companions.**

**I could speak hours on end, but I feel at this time I have given enough points to be thought about, and truly I have shown the Love of The Divine for those present here, and those who walk in a manner of accepting what is pure, what is honest, what is just, for the benefit of their Souls to one day return from Where They came and be called ‘Saints’.”**

DECEMBER 10, 2004 AT 11:48 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**To honor Me through words or gestures is pleasant for Me to see. Even though I am not in your physical sight, I find your actions, your thoughts, your words and your deeds a delight.**

**There are so many things I Will human beings to know, but I am also aware of the necessity for control. I speak so often through *one small voice*, but as you see and you know, I use the Words by putting Them into print through her, for others to be aware I am always present, though not in their sight.**

**Today as I say the Words, I am happy to know that it is that time to celebrate throughout the world, the Birth of a Son that gives Hope to everyone, just by recognizing a Time when He was Born.**

**I could speak hours and hours and hours continuously, because My Love for human lives is important to Me; so each time I speak, it is to remind**

**all who read the Words, all who hear the Words, that My Presence is never a distance from them that they cannot speak to Me, and I hear all they speak, whether it be to others or in the form of prayers to Me.**

**I close These Words, reminding all who will read Them: Your Soul is a Portion of Who I Am, What I Am. Remember this each day you live the human form the human way.”**

DECEMBER 10, 2004 AT 12:53 P.M.

## SAINT AGNES

**“I am Saint Agnes.**

**We All smile as this *little one* We use listens so intently to Our Presence, and What she hears Us decide upon to use to transmit through her, The Father’s Love, The Father’s Will for thousands and thousands to read, to learn from, and to use.**

**The sound of Wording has many benefits. It instructs, and the sound helps individuals remember what was spoken, but the written Word, the One put into script, will remain in the same format It was delivered when It was requested to be put into script.**

**Many of Us Saints smile at this Statement that was just made. First of all, if All of Us Saints Here in the Heavens would speak with sound, nothing would be understood, but it would be enjoyable to see those who would be listening. Is that not so?**

**What I have just spoken has humor in it, but the Divine Love in it supersedes all things.**

**Today there are millions of men, women and children preparing for what they call ‘a special time’, a time of enjoyment, a time of remembering and a time of communicating personally with others, due to the fact that a Date has been made, saying: ‘The Birth of The Son of The Creator is to be celebrated for what It means, for what It has given for millions of human beings to realize the Importance of human life, and that The Creator Himself put an Important Point on being born on a Special Date, at a Special Time, by Special Parents.’**

**So much can be thought at this time that gives Purpose to human life in many ways. It gives to all ages the ability to remember that for The Son of The Creator to be born was a Great Gift of Divine Love, a Gift that would always be practiced in memory, enlightening those who remembered that The Creator Himself gave to the world One to follow Him in the human role.**

**I could speak hours on this, but as I close These Words I say, ‘The Stories regarding such an Event give strength, hope, and a deeper understanding for the Gift that was passed**

**on to human lives, and that is to bear a child or children, to perpetuate what The Father Himself did at another time.’”**

**DECEMBER 13, 2004 AT 11:50 A.M.**

## **OUR HEAVENLY MOTHER**

**“I am your Heavenly Mother.**

**It is important that much is talked about regarding the need for prayers as a communication for every human being to use to speak to The Heavenly Father and to All of Us around Him, because the Souls of every human being treasure the time that the one in whom They are, uses time to communicate with The Divine.**

**Needless to say, everyone has time to do this, but oftentimes it is neglected. I say These Words to encourage the communication between the Soul of an individual and The Divine because it is Blessed abundantly every time it occurs.**

**As I close These Words, I beseech you to remember: All of Heaven is available when you desire to speak, to pray. It is The Father’s Divine Love that designed the communication that no human being does not have. Remember this and pray.”**

DECEMBER 13, 2004 AT 12:35 P.M.

**“*The little one* so Many of Us are requested to use when The Father Will Important Messages to be transmitted so that others will learn more, or even much about different subject matter that the human mentality will gain from, and will be better able to use for important situations, conditions, and basic understanding of what is morally correct, morally sound, feasible and/or justifiable.**

**So many times human mentality, human nature, human experience and human association is not seen for the worth it can be to others mentally, morally, socially, even mathematically.**

**One of the greatest Gifts to human life was when the words were allowed to be put into print and be read regarding the subject matter as important to some portions, some facts that human beings would be able to grow in, grow from, and grow stronger about.**

**When you watch a child learn the ABC's, it is amazing how exciting**

**this can be, because the learning state has much hope in it and guarantees that the individual will be able to read the written script that covers so many subjects that give to life strength, understanding, hope, and a need that is obviously present.**

**I know for some, for Saints to be speaking in this manner of subject preference or understanding will be difficult for many; to wonder why The Saints would be chosen for such a task.**

**When a child is born, it takes one step at a time, usually by imitating the older ones present. Each step gives strength morally, mentally, physically, psychologically, but it instills in human life a greater ability to associate important issues, conditions, situations, and associations.**

**I know to some My Words are not necessary, but My Words are to strengthen the understanding that is so basic to human life, and yet can give hope when it is needed in many situations that do not openly say, 'This is for hope.'**

**So Many Saints Here in the Heavens, in having lived all Their**

**different lives, are happy to be able to give Words that can help those yet in the living state to more fully understand the importance of language, because language to the human mentality is basically a Gift of Divine Love. It is a process of communication that other animals living have in a different way, definitely not as complete, but communication is an important fact, faction, factor of human life.**

**I could speak hours on this, but I know the subject is best taught in this manner, or is used in a practical, communicative way.**

**I smile when I leave you at this time, but I also add to this smile: Never forget, The Father loves you.”**

DECEMBER 13, 2004 AT 3:12 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**There is very little time in the hours of a day that I, or One Other Here with Me does not speak Words of importance through *one small voice*, to give strength, purpose and important understanding that would not ordinarily be part of human life.**

**Thousands of times this *little one* has been used to transmit Words of importance, and yet They sounded natural, ordinary, logical to those listening, but in reality, They were delivered to draw attention to a subject matter that otherwise would never be brought into the open consideration for being connected to either a place, or a condition, or an occurrence that needed to be seen for what it was, to perhaps many other living human beings.**

**I hold *the little one* tightly, because each time We speak We draw from her a strength that in many ways is not ordinary to even other human beings, let alone to her.**

**You live in a time in which so much is not understood in the value it is meant to be, because in so many ways, the mentalities of human beings do not see the seriousness, or the logic, or the value, or the meaning, that a few words could cover something that should be not just alluded to, but seen for the danger it could be, the moral problem it could be, or what it causes to another person's financial means, moral means, and many other such distractions.**

**These Words are spoken for a reason, because this *little one* is used to speak on subjects others would not think about, especially when they are busy on subject matter or conditions that occurred immediately when there is a problem and it is taken care of quickly.**

**I value this time, because it helps others know that the conditions this *little one* walks in are not normal to the average body or Soul.**

**As I close These Words I must add: Those who walk with her are Blessed in many ways, because What occurs through her are not considered average or normal in many ways.**

**Blessings abound, and yes, Many of Us Here say, ‘Thank you for having the Faith to stand by and use your time, your abilities and your conscience so openly, fairly and necessary.’”**

DECEMBER 14, 2004 AT 12:35 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**I smile when I say My next Words. I oftentimes speak Words I desire to be heard, but I do not announce My Name.**

**As you live in a time that is known for its great progress in many areas of mentalities, many areas of language, and many areas of abilities to discern the importance of situations, characteristics, motivations and value of truths that basically give strength to what you are thinking, practicing, or are about to do, at this time the world has been Blessed abundantly many times through *one small voice* that stresses, introduces, and promotes many things to be thought about, many interests to be seen as important to the moral values, moral standards, moral views.**

**You do live in a time of progress, but progress is not always seen by some, because they tend to be happy with what they feel is acceptable to them, for them, by them, due to the**

**mentality or the energy or the concern, or lack of concern regarding different purposes, and the importance of what and how it will affect one's life.**

**I speak differently I know, but it is Divine Love that I speak with, because each human being has the Purpose of one day achieving a Goal. The Goal, of course, is Sainthood. This should never be ignored, never cast aside, because this Goal is what you were created for. It has a Gift within It beyond what It is understood to be.**

**My Words are to bless you, those who take the Words and those who will read Them, because you see, human life is gifted with a Goal to reach The Divine and one day be fully aware that all he or she did was worthwhile.”**

DECEMBER 15, 2004 AT 8:42 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**I smile because this *little one* I use worries about her human associations being pleased with her manner of doing things and her devotion to Me. As a child I talked to her then, and those in charge of her, her parents, knew.**

**Today as I speak, hundreds should be aware that My Love for human life is evident when I speak through *one small voice* to make them aware My Presence is always close to them, That Portion of What I Am that is in each human life created to walk the path of the human role, bearing a Portion called ‘the Soul’.**

**The Soul is never seen with the ordinary sight, but the Soul is felt by the Soul in each human being, because It is a Gift of Divine Light.**

**So, as I speak on this day, it is to remind those present and those who will read the Words, that the Gift of human life is more than it is realized to be, because within it I Am Present and**

**that is why I Will so much perfection,  
purity and love for The Divine to be  
revealed.**

**I will close now, but I am never  
any distance away.”**

DECEMBER 15, 2004 AT 12:37 P.M.

**“There are Many of Us present because This Gift of The Father’s Love is greater than It is seen or known to be. This should not be difficult for many to understand the reality of, the Beauty of, and the Divine Love that exists within This Gift wherein so much is stressed consistently, and constantly devoted to subject matter that includes the human mentality, the Spiritual understanding, the obligations of obedience to The Divine, plus the exactness in wanting to serve in a polite, loving manner, all things that are Willed to give strength, motivated to give strength, and consistent in the strength for the Soul to be the recipient of.**

**Throughout the world prayer is in many ways important to certain individuals, but many times, too, it is not spoken in a respectful manner. It is put in a rapid source, force, to accomplish it. Prayer should be listened to by one’s self, for the importance each word declares the meaning to be.**

**In This Gift where *one human being* is the recipient of receiving It, it must also be understood that in Divine Love for all human lives, those who participate mentally, physically, must understand that as they approach the desire to become part of Divine Plan, it is Loved by All Here in the Heavens, because the stepping stone to Sainthood starts when you are a living example at the moment you are born, and everything that is learned, used and followed from that point on, is recorded in the Heavenly Bible of Divine Love for your Soul.**

**All of Us Here know that to write Words that are not always thought about in a personal way, the very act of putting These Words into script give strength to your values, your mentality, and your sensitivity to how close The Divine is to you and your way.**

**I could speak hours, but that is typical of All of Us Here in the Heavens, because The Father, in His Love for human life, allows no stone to remain silent, not seen, not heard.**

**As These Words are closed at this time, you must understand They were delivered to remind those who**

**print Them and those who will read Them, that every day is a treasure to the Souls of every human being who thinks of what is right, what is pure, what is just, and what is necessary to be practiced in the human way.**

**Always remember, the guidelines to Sainthood are in your will every moment of every day.”**

DECEMBER 16, 2004 AT 11:53 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**I have given to the world an obvious Act of My Divine Love, using *one small voice* to transmit, to deliver, and to give Hope according to Divine Will, thus encouraging all ages who read My Words to more fully understand the consistent, constant Wording that applies to every human being able to hear It, to feel It, to sense It.**

**Though My Way is different than It is expected to be, My Way is given with Divine Love, Blessed by The Holy Trinity.**

**So many times when I see others read the Words I deliver, they do not always understand how close I am to their way of living. The Power of Divine Love is Greater than It is seen to be, because men, women and children find that they are more entitled to what they feel is their manner of living, thus ignoring that My Presence is evident continuously to them in ways they do not want to see.**

**I will close at this time, because I could go on endlessly. My Love for human life is evident every moment of every day. My Presence is never eliminated from some form, some manner, some degree, some way.**

**I close with a Blessing. It is a Symbol, Fact of Love. Remember, the Gift of human life is a Gift of Divine Way, and the Soul of every human being waits for My Words to give strength to the one in whom They are every day, in every way.”**

DECEMBER 16, 2004 AT 12:55 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**I speak These Words that I want to sound in a manner and degree and way that expresses My Personal Love for human life, because it is important that everyone created in the human way understand that in their living a life created by Divine Love, this life should be protected against all that is vile or contemptible, never to be abused physically, and of course, morally.**

**Children are not being instructed on and with The Commandments that were given a long time ago. The Commandments are Rules to safeguard the Souls of millions of human beings.**

**First of all, when it is said: ‘*I Am The Lord Thy God; Thou Shalt Not Have strange gods Before Me,*’ how many individuals understand that Statement in its full measure? Sometimes that is the most abused Commandment because of the nature of an individual that ignores what the Commandment requests of them.**

**Each Commandment is given to help the Souls of every living human being to more fully understand that the body is a Gift of Divine Love, the mentality a Gift greater than it is seen to be, and the sense of touch is for the close Association human lives have with Me.**

**When they make ‘*The Sign of The Cross*’ from the forehead to the chest, then to the shoulders, it is repeating to Me that they understand My Presence within them, and that I will be aware each time they bless themselves with the Words I gave them to be.**

**Today as I speak, it is a day of thanksgiving; also, because those who mentally and physically yearn to participate in What I Will them to know, receive a Blessing beyond what they really can feel, because as they innately understand, their Association with Me is Greater than their association could ever be with one that they hold dear to them.**

**My Love for human life is expressed continuously, and when I hear prayer mentioning My Name, I always answer the prayer according to what I see will help them. So, as**

**I close My Words now, My Prayer is reversed from them to Me. It is now from Me to them: I love you, for do not forget, you carry within you a Portion of Who I Am, What I Am. It is your Soul that is constantly a Part of The Holy Trinity.”**

DECEMBER 17, 2004 AT 11:50 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**Though I have spoken many times, I come on this day because of the importance of it.**

**Throughout the world there are so many discording understandings regarding My Will, My Way; in fact, even What I Am, Who I Am.**

**I speak through *one voice* who has accepted Me willingly, a number of years far beyond what it is known to be.**

**You live in a time in which other times have been as guilty in not understanding the importance of The Commandments that were given a very long time ago. Ignoring Them will not change Them, will not dismiss Them, and will not eliminate anyone from Them in obedience to My Will.**

**I come through *one small voice* that many times I must force to speak louder, because My Words are for the Souls of millions of human beings,**

**thousands of them ignorant of My Existence or resisting to understand My Existence.**

**I will slow down now, for I have used *the little one's* physical beyond what human strength is, but I come on this day to awaken the minds of as many as I can to be aware that to become a human being has a Purpose, a Goal, higher than they can possibly understand It to be, but the Goal is to be with Me Forever. What more could you ask?**

**I will close My Words at this time, but I am always ready to speak when I know it is necessary to awaken the mentalities of human beings.”**

**DECEMBER 17, 2004 AT 12:35 P.M.**

## **OUR HEAVENLY MOTHER**

**“If All would have been said on this last Statement, it would have been difficult for anyone to take the Words in the full measure of how Many Saints were standing at one time.**

**I am your Heavenly Mother.**

**It is beautiful when We hear Our Words come forth to aid all others who are present to more fully understand We are always where human beings are. It is a privilege to serve The Creator in this way.**

**Children are important, but adults are also important, because in each human life there is a Soul, a Portion of The Creator Who designs All things, and yes, creates All things.**

**Today is not a day of what mankind would call ‘exciting’, ‘interesting’. It would only be to those who would be celebrating a specific event that brought them happiness, but for the average human being it could be a workday, or a day of causing themselves to get the records straight**

**financially, emotionally, mentally, or even psychologically.**

**In the Creation of human life, The Heavenly Father thought of all facets connected to it that would give to human life energy, hope, understanding, and many advantages to becoming important in their way of life. Each human being has the privilege, and yes, the possibility to use what human life is gifted with, whether it be on speaking, learning, or giving hope to others that one meets.**

**Hope has many facets to it, many subjects in it, for it. Even a child has hope on a subject or a situation, even though it is not talked about or expressed. Hope is one of the greatest Gifts of Divine Love instilled into the mentality on many, many different subjects.**

**Needless to say, so much could be spoken on addressing what human life is capable of being part of, or practicing, to give to each life of an individual. Everyone created has the ability to make it happy, or accept sadness; to make it worthwhile, this life that has so much Divine Love in it.**

**I could speak endlessly on this subject, as All of Us could Here in the Heavens, but remember, those who take the Words and those who will read Them, there is always hope, and there is always Someone Here that will aid you, maybe not in an open manner, but in a very quiet way, giving you strength to persevere where it is needed. Never give up on perseverance, because there are always Several Here willing to help, willing to give you the chance. All it takes is your willingness to say you care.”**

DECEMBER 20, 2004 AT 12:51 P.M.

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother.**

**There are so Many Saints Here in the Heavens that delight in using this *little one* The Father has chosen for a Major Task, allowing her to be a Part of His Gift of Divine Love for the Souls of millions of human beings.**

**Some individuals wonder why The Father chose one with such a small voice. The Father’s Love for human life uses *a small voice*, because the voice is secondary to What He Will to be spoken to guide and to guard, to aid and to help millions of human beings who will read the Words, learn from Them, and follow the Direction for the purpose of the Words. That is the important issue here.**

**There are thousands, if not millions of human beings throughout the world that need All that is delivered in Concept, in Content, in Direction through This Gift of Divine Love that at all times desires only to strengthen and to encourage understanding, because the Soul is**

**the recipient of what an individual uses, but the Content in meaning is of the utmost importance. A voice alone would be nothing. It is the Content that gives strength, better understanding, and yes, a degree of hope for That Part, That Portion of human life that is called 'the Soul'.**

**Needless to say, thousands of Words could be spoken on This Gift of Divine Love that allows others to more fully understand that everything created by The Heavenly King has a purpose, a goal. Your daily life is this way. I beseech you, remember this."**

DECEMBER 20, 2004 AT 1:30 P.M.

SAINT CATHERINE OF SIENA  
MANY SAINTS

**“I am Saint Catherine of Siena.**

**This Gift of Divine Love in which The Creator partakes in Words to strengthen, to give hope, and show the Importance of Divine Love playing the Role for the benefits of the living human lives that in many ways do not fully understand what a close Association they have to The Father’s Love, and All Others Who work with Him and do as He requests of Them for the benefits of human beings who would not have the abilities on their own; so, Many of Us speak through This Gift, always at The Father’s Acceptance of What We are going to speak, and what strength It will give, and what Divine Love It will show when the Words reach the ears of those who yet walk the human role.**

**You live in a time wherein so much is being talked about because of the issue that ‘this time’ emphasizes; that is, The Birth of The Son of The Creator. We All smile at These Words,**

because the Love that is shown is totally Divine. Children should be instructed on the Importance of 'this time', and that it is a Gift of Divine Love that carries on What occurred a long time ago.

Today as I close These Words, there are Many here present with Me, All smiling, because you see, to be born a human being is a Blessing beyond what the human mentality can perceive this to be, but as We All close, We smile and We say, 'Remember to thank The Creator for your life that will be returned to Him, a Saint.'"

DECEMBER 22, 2004 AT 12:30 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**Is it not so that when a human being admits to another human being on an important issue, a condition, a situation, should it not be followed through with sincerity, and yes, awareness of it being correct in every facet of it?**

**I know I speak differently with Words I do not oftentimes use, but so many times even the most so-called ‘honest intellectual’ human being practices what I just spoke, and yet, then ignores it or resists it when the time comes for the decision to be made that will give strength, purpose for the situation that could be accountable for the life or the lives of those involved.**

**I will not speak much on this. It is just a Fact that I would like you to think about.”**

DECEMBER 22, 2004 AT 12:59 P.M.

### THREE SAINTS

**“Yes, there are Three of Us present, All anxious to please The Heavenly Father’s Love for human life and for the Souls Who are now present in Many Places Where He is.**

**Today is a beautiful day for those who will find hope based on how they pray, how they feel about the importance of prayer, and their obligation to see it as a Gift of Divine Love, given to human lives to strengthen their mentality, their understanding, and their manner of seeing things in the right light.**

**I could speak hours on the importance of communication with The Divine. It is a Gift of Divine Love that never dwindles at any time.”**

DECEMBER 22, 2004 AT 1:32 P.M.

SAINT JOSEPH, THE HOLY SPIRIT

“I am Saint Joseph.

We All smile to hear this *little one* speak on important subjects, defining the importance of how an individual can reflect and give honor, dignity, hope, and good example.

Today, throughout the world there are millions of men, women and children who feel the need to talk, to act and to be a part of what is occurring in an open manner, way and purpose, such as...(He is showing me something. He is showing me a golf course. He is showing me airplanes. There are three. He is showing me a huge, huge area where people are laughing and talking and enjoying each other.)

There are Several of Us present. We have shown this *little one* something to awaken her memory to how important it is for human beings of all ages to partake in association with other human beings, hopefully always to find a more in-depth understanding of what is morally correct, morally pure, and morally an asset to what

**human minds, actions and practices can use to enjoy the physical of human life and the mental association it draws them to.**

**What I have just spoken is important, because you do live in a time wherein there is so much misconception to what is morally correct, morally pleasing to The Creator, and morally beneficial to the Soul or Souls of others.**

**Human life has an advantage above and beyond what it oftentimes shows. Human beings of all ages do not always act in an example way, giving hope, assurance, and a better understanding of the Gifts of human life and how they can be easily portrayed.**

**I know I speak differently at this time, but it is important for individuals of all ages to see and to understand that human life is not created for an ordinary manner of living or goal. Human life was designed a long time ago, according to The Creator of All Things to show that human life was created to follow a path that nothing else created was the custodian of. It is called 'a Soul'.**

**We heard *the child* speak on a statement she understood to have been. This pleased Us All, because so few, so little is ever talked about that was an ideal situation for the past, but also important for it to be practiced in the same format at this time in which you live, with dignity, assurance and respect.**

**I have not spoken like this for a long time, but the life of a human being is of the Greatest Importance, because the human being has a Portion within it that is a Portion beyond what It can be seen to be.**

**I could write pages, I could deliver thousands and thousands of Words, but at this time I have spoken in a manner that I know will be remembered, because It stated things that were automatic to know, because it is lived with every day by everyone who lives what We call 'the human role'.**

**So many Blessings pass through This Gift of Divine Love that gives strength, because It has such purpose for the Souls of those who will use This Gift to be example, aiding others**

**to follow a more Divine Consideration and Hope.**

**I could speak hours, because those in the living state have no idea how Many Souls Here Where I Am, want so much for those in the living state to see human life as a Gift of Divine Love for the Greatest Goal ever created, and that is for the Soul to be returned to The Creator and be called ‘a Saint’.”**

DECEMBER 23, 2004 AT 1:30 P.M.

OUR HEAVENLY FATHER  
MANY SAINTS

“There are Many of Us present each place this *little one* walks or is seen, because it is important many times that what she hears Us relate to her, We want spoken openly so that others can hear the Words that many times will be important regarding some necessity that they are confronted with and not sure of how they should act regarding it.

We speak slowly. There are Several of Us. We All want This Gift to exceed what It is expected to deliver according to the mentalities of thousands of people. This Statement may be difficult for some to comprehend, that the number would be so large regarding such a Silent Gift of Communication to be so important for them.

Silence oftentimes is a great instructor, because in its giving time the privilege to use perhaps something inexplainable and yet important, also reasonable to hear about, to learn

about, or possible to use in a future manner of decision.

**All of The Saints Here in the Heavens constantly request that special things They feel will aid human beings to more deeply understand, or even be able to cope with regarding their Souls and their in-depth ability to be more acceptable to what is not natural in the human way.**

**So much can be spoken, so much can be delivered, because human life was created for a Great Goal for the Soul which is many times spoken lightly about, or indifferently about, or in a very light manner, ignoring the Greatness of this Gift that was instilled when it was decided to be present in the human mentality, the human mind, the human interest, the human needs, and the human conscience.**

**Needless to say, some will read These Words but not fully understand, at first anyhow, what they have just learned that will give them so many facts, figures, abilities to be more capable of understanding Others Who speak, that they could not have had until they learned how to accept a new manner of accepting What they hear.**

**I speak differently, but I speak firmly. This Gift of Divine Love is a Gift far greater than It is seen to be, but nonetheless, It will continue as long as I Decree.”**

DECEMBER 29, 2004 AT 1:43 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**Time is of the greatest essence of importance since the time My Son walked the earth. Granted, there have been many important issues, conditions, necessities and purposes that were subjects of My Compassion for human beings of all ages.**

**Human lives carry a big responsibility, due to the fact that human lives are created with a degree of understanding, a degree of knowledge, a degree of patience, and a degree of being able to follow through, to carry on; also, to protect what is morally sound, morally beneficial, and morally advantageous for My Will to be What is used to accomplish many acts that will be eventually seen as important for not just the mentalities involved, but the Souls of every human being involved with what is occurring, what is logical in protecting What is My Will for the sake of the Souls that are not seen, but They are evident through the innate understanding that the Soul is a**

**Portion of Who I Am, and I have placed It in living men, women and children to be able to carry the brunt of such an Important Status that initially gives to the mentalities involved, the commitment of remembering Who I Am, What I Am, and that I, as The Creator, want all things to be as I Will them to be for the Souls that are the victims of, or the receivers of all that is good for the present and for the Future Life of the Soul when It is returned to Me.**

**Hours could be spent on this subject alone, because the Soul is a Gift of Divine Love, thus giving to human lives a moral strength and an innate sensitivity of what is pure over impure, just over unjust, and many more such descriptions of something that can affect the human being's right or wrong, good or evil, pleasing to Me or pleasing to the enemy, for the Souls that are to be returned to Me and be called 'Saints'.**

**Needless to say, I could speak hours at a time, but the human mentality has a very busy mind, capable of so many diversions of subject matter that can give to human life, that were given to human life because of all the Gifts human life is capable of.**

**H**uman beings should never forget, in My Creation, My Design of human beings, I gave many Blessings that every human being is capable of following, because I want the Souls to be the benefactors and be returned to Me, representing the one in whom They were placed at another time.

**I** beseech you, remember These Words. Each time you think about Them, be sure that They were given because of a Deep Love for human beings, and of course, for a Great Purpose for the Souls to be returned to from Where They came, thus giving Them the Promise that was made to Them at another time.”

DECEMBER 30, 2004 AT 12:39 P.M.

## OUR HEAVENLY MOTHER

**“I am your Heavenly Mother.**

**Happiness reigns where those individuals practice happiness and sound interest, ideas, concerns, motives and love. Happiness to some individuals is an everyday Gift of Divine Love, because through these individuals, they are able to cope with many things that ordinarily would not address happiness, but the sincere desire within them oftentimes gives to others more strength mentally, morally, physically, socially.**

**I know My subject matter is different than I usually speak, but with so much for individuals to be able to give to others happiness, aid in how the other individual might be thinking, also the strength to endure what could possibly be harmful to their Soul.**

**So much is given through the Gift of conversation, through the Gift of being able to speak what one thinks; also, to give hope where it is desperately needed.**

**There is no price tag on happiness or sincerity or hope, only an individual's personal perspective in how they will address it in their own mind, and to help others they know.**

**Though I speak differently, I speak in this manner because I love you, and I know My Words will be put into script, hopefully to help others.**

**I bless you with Divine Love and I say, 'Never forget, you were created by The Father, not for sadness, not for unhappiness, but to live a life that would lead you to Sainthood.'"**

**JANUARY 1, 2005 AT 6:15 P.M.**

**OUR HEAVENLY FATHER**

**“I am your Heavenly Father.**

**I know you do not expect Me to speak at this time, but My Desire and My Love for My Creation of human life is a Gift beyond what It is understood to be by the human mind.**

**Each day is a day of importance, but also a time in which human beings of all ages should use certain amount of times, certain degree of times to speak to Me personally, to let Me know they are aware of My Presence.**

**I share many hours with human lives, because with each human life there is a Portion of Who I Am. Even though there are many misunderstandings regarding the fact that I do speak to certain individuals who I know will respond to My Presence so that My Message or Messages will be delivered for others to more fully understand, I am always available to them. It is an Important Portion of Divine Plan.**

**So many times, when a man, woman or child feels the need to say a prayer, I am available, but so are Many Others Who are Here with Me, because sometimes I beckon Them to follow the words so they will be remembered for the sake of the one who is requesting to be heard.**

**So much has been delivered through *one small voice*. Thousands of Words, hundreds and hundreds of hours spent on this Communication that is rare to the human mentality, but yet yearned for in Its Beautiful Communication of Divine Love.**

**Many times I speak through this *little one* who I am speaking through now. She constantly listens for My Presence.**

**I am always aware of what human lives of all ages are partaking in, and the condition in which they live. My Love for human life is sometimes not seen for the Importance it was created, because human life is gifted with abilities, with talents, with sound observance of Those Who talk to them from Here, Where I Am.**

***The little one* I use is always aware of the importance of others**

learning that My Presence is where they are. Also, when an individual uses the manner of praying, the communication of praying, you can be assured it is always heard.

**As** communication is important in the personal living world, would it not be important for the physical and Soul of a human being to communicate verbally, spiritually, mentally and physically, not only to be seen and heard, but to gain the strength for more communication, because the Soul craves it and it aids the Soul to be the Transmitter of more strength morally, mentally, physically?

**I** will close My Words now, and I will return at a time when I know you will be listening to Me, because My Love for human lives is a continuous Goal, due to the fact that human lives have present within them a Portion of Who I Am, What I Am. The Soul is a Gift of Divine Love that no other living matter or thing bears.

**As** I close These Words I smile, because *the little one* says: *'Thank You, Heavenly Father, for sharing this with us. I know it will strengthen us in many ways. We all love You. Remember this.'*

JANUARY 4, 2005 AT 12:11 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**It is with Great Happiness and Deep Love that I use this *little instrument* of Mine to be accountable in My Name, for what I Will her to accomplish, to care for.**

**I am always present when necessities are needed. I am present today.**

**I know it oftentimes takes courage to work for Me, but the courage is always Blessed with My Divine Love for All Eternity.”**

JANUARY 5, 2005 AT 12:43 P.M.

OUR HEAVENLY FATHER  
SAINT ANDREW  
SAINT PHILIP  
SAINT MARGARET MARY

**“There are Many of Us present. I am Saint Andrew. I am Saint Philip. I am Saint Margaret Mary. He is smiling. He says, ‘I am your Heavenly Father.’**

**This *little one* I use, who has been given the privilege to deliver so much Direction regarding many factors, factions of human life.**

**Even though the monetary means is of the greatest importance, there are many ways in which human life must be seen as a Wonderful Gift of Divine Love, to be protected against all enemies, even more than the monetary situations that arouse more attention than what the human mentality or structure ever receives.**

**The Holy days are important, because in them so much is thought about, and given to be thought about in what the foundation of human life is part of.**

**Each time an individual says, 'Thank You, Father, for what I have received,' the Guardian Angel loves to know that It is in a condition, a situation, a place, closely connected to The Divine.**

**As so Many of Us speak through This Gift of Divine Love, it is to give strength, hope, a deeper understanding, and definitely a purpose to be understood as a Purpose for the Goal for which human life was created to reach.**

**There are thousands of human beings who rarely mention the words in a prayer. They say they do not have the time and they feel that No One hears what they have to speak.**

**I am here today with you to announce: Every thought you have is recognized as coming from you. Every word you speak is heard from you. Do not forget, your Soul is the Transmitter of all you do, you practice, you think, you participate in, or you are the victim of. The Soul is a Living Matter of Divine Love. It is aware every moment of the day and night of your presence, what is occurring, what you are participating in, and what you**

**are projecting for others because, do not forget, as you stand in the human form and way, you are in the sight or the hearing side that others recognize you by, and they hear what you have to say. You are example in more ways than you understand it to be. I beseech you, remember this.**

**So many Words have been spoken on what a Gift human life is, because it is important that this be understood as the foundation for Sainthood, for the Soul to be returned to The Creator and be called ‘a Saint’.**

**I close at this time, but I say with Deep Love and Divine Meaning: ‘Do not forget, your Gift of human life is a greater Gift than you understand it to be. It is the foundation for one day to be called by your name when your body is a Saint.’”**

JANUARY 6, 2005 AT 12:00 NOON

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**As logic in actions, speech and living daily is necessary for all things to be practiced in the human manner, human reasoning, it is important that order is evident, else there would be no sound mannerism in human life. So many human beings try to justify how they think, how they feel, but there must be order to life. There must be dignity and obedience to what is logical spiritually, physically.**

**As I speak through *one small voice*, It is meant for all human beings to think about; also, prayers must be seen for the importance of their communication with Me and All Others in the Heavens to Whom they pray for many things.**

**As I close These Words, I remind those who read Them that human life was created by Who I Am, What I Am, so at a given time That Portion of human life that is a Gift of My Divine Love, I expect It to be returned to Me,**

ready and able to work with Me in the manner I designed it to be.

**As I speak much through *one small individual human being*, My Words are to travel in an endless manner by those who read Them and by those who hear Them. It is for the benefit of millions and millions of people, in other ways would never know how close I am to them and they are to Me.**

**I beseech you, remember this.”**

**JANUARY 6, 2005 AT 1:10 P.M.**

## **MANY SAINTS**

**There are so Many here, I cannot count. They are smiling. Several of Them said:**

**“We are always present where you are. We do not always show you Our Presence, because it would only wear you out to have this much Company visit you so many hours of the day, and so many Voices you would have to hear to accommodate Our desire to fulfill The Will of The Father in All Spiritual matters, manners, and degrees of understanding that human life is a privilege because it has a Goal to work for, to reach, and that is to return to The Creator in the manner and way of being called ‘a Saint’.**

**You walk in a world of much confusion, but I must add to this: You are surrounded by much Love and concern, even by those who walk with you in the path of serving The Creator for the sake of Souls.**

**Each day of life, living it the human way, is a Gift far greater than**

**it shows, but always remember, those who take the Words that will help millions of human beings learn what they could not learn in any other way, any other place, except Heaven of course; but when the Gates of Heaven do open, you will have the privilege to walk in and be a Part of That World. It is different than the one in which you live now, but it is a World of Happiness and Divine Love that nothing else possesses.**

**I smile when I end My Words at this time, because as I have revealed to you Truth and Divine Love, I beseech you to remember: Those who walk, learning so much on such important items, conditions, situations, are gifted with the beauty of responsibility, to give to others like yourselves, All that is needed to return to The Creator as ‘a Saint’.”**

JANUARY 7, 2005 AT 12:25 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**I often speak at times I would not be expected to speak, but I do this to keep My Communication understandable, personal, evident, because My Presence is more continuous than human beings understand It to be.**

*The little one* I use has heard My Words for such a long time, because it is important Our Communication be available when I want her to repeat What I desire others to personally hear. Her body is small and has been used to a degree inconceivable and/or unbelievable to the average human being.

**I speak through her now to say that in My Love, plus My Gift of human beings, All that I deliver would count to millions of men, women and children for the benefits they would derive to help them better understand My Motives for creating them the human way, based on My Divine Love for human life, because it was created bearing a Portion of Who I Am, What I**

**Am, so one day It will be returned to Me for an endless period of time.**

**The Power I use is a very strong Power, One her small body finds difficult to handle, but the Power I use is different than the human element of living knows power to be.**

**I have gathered you in a room because of your willingness to work for Me. The Blessing I extend is beyond what you can perceive It to be.**

**I will close because *the little one's* body could collapse if I continued with this Wording, because she, too, has great respect for human beings.”**

JANUARY 8, 2005 AT 11:03 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**This *little instrument* I use smiles when I say My next Words. She says, ‘God, I am not a dictionary.’ I say to her, ‘I know, but you have the vocabulary to say All I Will to be spoken, and more.’**

**Her manner of life is different but also difficult, because each hour of every day she listens for what I Will to be spoken, what Direction she must take to be able to fulfill My Will for the sake of millions of human beings that are unaware of the Importance of The Gift that is rare, for the sake of Souls that are to be returned to Me as Saints.**

**Each time a Soul is given, the Soul is the recipient of all the human mind and body participate in; also, They are responsible, along with the mentality, because so much wrong, impure, can be delivered indelibly, not allowing It to be seen as a Beautiful Gift of My Divine Love.**

**I bring tears to *the little one's* eyes because she cannot bear what the ugliness of sin can impair a Soul with, that only causes the Soul harm, hurt, and an inability to immediately be Where I Am. The human mind oftentimes demands more from the one in whom they were placed, but the human mind is the victim of one's nature and one's wrong impurities: physical, moral, suggestive to what is foul in many ways.**

**I must close now. It is difficult for her to speak My Words this way.”**

JANUARY 8, 2005 AT 4:10 P.M.

## MANY SAINTS

**“Many of Us are always present where this *little one* We All speak through is available to hear What We Will her to know and be able to repeat for others to learn about.**

**Our time with her is more than it is seen to be, or heard about it to be, because her gentle manner on all issues, all circumstances, is used to allow certain other individuals to be at ease with her and yet aid her in times when it is needed. What looks ordinary to others is rarely ordinary in her concept of understanding, because her Responsibilities outnumber ordinary circumstances that are accustomed to the minds of other human beings.**

**This *little one* in many ways walks in two or three areas, yet is only seen by others as the area they are acquainted with. By areas, We mean places or situations or conditions wherein things occur that can be memorable when needed to be remembered.**

**Many individuals prefer not to be accountable for their time with**

her, because they feel they will be criticized, due to how she walks due to a double or triple Role.

**As These Words are spoken and explaining important Facts, there are Many of Us present that are active in the Gift of The Father's Love, because in This Gift wherein so Many in the Heavens have the opportunity to speak Words They feel are of importance for others to know and to learn from, things that maybe at a later time will affect their manner of life, or living their daily life.**

**Thousands of Words could be dictated, put into script, based on and in discussions regarding the importance of human beings living at a time wherein so much is obviously taking place, making many individuals aware of the Importance of human life, human living, human practices and human responsibilities.**

**I close These Words with a Blessing because This Gift, in so much has been delivered to help the Souls of human beings who in their own way of living would have strayed in the wrong direction, would have been drawn to the wrong interpretation of what would be**

**important for their Soul and for their physical manner of living.”**

JANUARY 14, 2005 AT 11:20 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

*The little one* I use for many things, does not want others to know the strength it takes to persevere and to deliver Messages of What I desire others to know, thus using Many Saints to deliver the Words I Will them to understand the importance of.

I smile when I say My next Words. I have given to the world My Personal Communication through *one small voice* that continuously accepts What I Will others to sense, to understand, and to be proud of morally, mentally.

I speak differently, but I take this time to remind those yet in the human life how close I am to them. My Divine Love never diminishes in My Love for the human way that I created to one day return to Me and be called ‘a Saint’.

As communication is important in the manner and way of human lives, I beseech you: never forget I am available whenever you wish to speak.

**I love this Creation of Mine and I have instilled into it many Gifts, allowing communication in several ways: morally, mentally, physically, psychologically.**

**My Love is Greater than It is understood to be. Please remember this. I love human life because it has so many attributes to allow a closeness that nothing else has. Please remember this.”**

JANUARY 14, 2005 AT 12:43 P.M.

SAINT CATHERINE OF SIENA  
SAINT MARGARET MARY ALACOQUE  
SAINT MARGARET MARY  
SAINT FRANCIS OF ASSISI

**“There are Four of Us.”**

**She says: “Would you like Our Names? I am Saint Catherine of Siena. I am Saint Margaret Mary Alacoque. I am Saint Margaret Mary.”**

**There are two Margaret Mary’s. She’s smiling.**

**“I am Saint Francis of Assisi. It is not often that We use this *little one* in this manner, this degree, and I add enjoyment to this, because this *little one* is very wise to Who We are the moment We make entrance to her through her Soul.**

**There are so many things that could be spoken by Each of Us, instructing, encouraging, instilling Words that would give a tremendous amount of knowledge that is usually not spoken about where the Spiritual is considered. So much is delivered in a very soft, easy way, so those hearing**

**It will be better able to sense and to understand that when you speak as a Saint, it is with Deep Love for The Divine.**

**At this moment there are millions of men, women and children that should be listening to Words that give strength, more understanding, more enlightenment regarding what the Soul is all about, and how the Soul can communicate through *one* The Father instructs to hear What is spoken in such a silent manner, way, degree. The mentality is trained to receive; not understood by the average human being, but the importance of What is delivered gives to those who hear It or put It into script, more understanding and a closer association to be able to cope with, or to use the advantage of learning more through their manner of living, their manner of association with others, because the Words never truly are gone in Their full measure once the written Word is completed. It leaves a Mark of association, of remembrance. The individual never forgets that one time or more, a Particular Saint spoke and they were given the privilege to put It into script.**

**You live in a time wherein so much diabolical interference is obvious in so many ways, always trying to encourage the mentalities of human beings to think another way. That is why This Gift of being able to put into script understandable Wording, is to give strength to the mentalities who hear It and those who read It.**

**I know What I have spoken is different than usual, but I assure you, at some time, in some way, there will be a thanksgiving for This Communication to give strength to how one who has written the Words will be the factor of being able to handle what others, when others make a mistake.”**

**JANUARY 15, 2005 AT 11:30 A.M.**

**“We All smile when We make this next Statement.**

**It is important that All that has been delivered through This Gift of Instruction based on Divine Love be scattered into many places. Even those who are present in these places are not familiar with Our Presence or how We address Our Words, instructing those yet living that there is an Important Factor, an Important Gift, to being created a human being.**

**We All smile at this *little one* that speaks Our Words so others will be able to remember Them in print.**

**The Father’s Will is more Generous than It is anticipated or understood to be. All of The Saints Here in the Heavens cherish the moments that so-called ‘Revelations’ can be put in script, thus not allowing only a few present to have the privilege to read Them and to be able to follow the Beauty that is taught in Them.**

**Speech to the human mentality and mind is a Gift far greater than it is understood to be. Without it, nothing could be learned, giving strength to the mentalities involved, because the Words instill into the minds, memories that give hope in many areas of life.**

**Whenever We get the nod from The Heavenly King to participate in sharing What He Wills others to know, to understand, giving them the ability to grow spiritually, thus giving strength to the Soul that they are entitled to have, due to the fact that in the Creation of human life, this Gift was a surprise to many, but truly a Gift of God's Love for all the human mind and body would be capable of, in not just instructing others, but a sense of communication, instilling how close a human mind is to The Divine.**

**The Soul of a human being is not seen, but It is that Link of Association that connects a human mind, body and Soul to The Divine.**

**So much could be spoken on the privilege that human life is endowed with, because to be this close every moment of every day, bearing the option to see, to understand, to participate,**

and be able to practice the importance of purity of the mind according to The Creator's Will, in order for the mind to be in an understanding manner to being able to cast out what would be immoral or pleasing to the devil.

I will close at this time, but I must add: When Any of Us receive the privilege to enlighten those yet in the living state on what a Treasure human life is endowed with and has the capability of using, is more than the human mentality can perceive it to be.

Is it not so that those who many times feel the desire to say to another human being, '*God bless you,*' this can be done silently. Do not forget, The Heavenly King knows even your silent thoughts every day you live in the human way."

**JANUARY 18, 2005 AT 12:31 P.M.**

**SAINT ELIZABETH  
SAINT VERONICA  
MANY SAINTS**

**“I am Saint Elizabeth.**

**I am Saint Veronica.”**

**They are smiling.**

**“If We were to mention All of Our Names and Our Titles, it would be some time before We would have the time with you to write What We want you to hear from Us.**

**In the human creation of men, women and children, a Specific Gift of Divine Love is instilled to give to this creation of human life abilities, understanding, motivations and many things that many walk through life enjoying, not caring what the title of what they are involved in describes.**

**A Gift of Divine Love to the human way of living is a Gift of Divine Love not fully understood. It is taken for granted, because it is a practice in the living form, way and reasonability.**

**I know the Words are different than you are used to receiving, but sometimes We Saints Here in the Heavens enjoy pointing out to you, yet in the living state, how close We are in communication and in caring.**

**Children should be instructed in a manner and way that they can perceive in their degree of mentality, that human life is a Gift greater, because it is in close Association to The Divine Creator of All Things.**

**Today many individuals are celebrating special days, special times; also, find that this day will be a day to remember by them, what occurred and what gave them happiness for a period of time that they will remember a long time.**

**Though the Words are different than you are used to hearing Us speak, We find happiness in sharing times such as these.**

**You live in a time wherein there is much dissension mentally, morally, physically, because in the human state so much is taken for granted, or out of concept regarding its reality.**

**Many of Us are present here now, but We have come to awaken your mentalities to look at human life in a deserving way, and that it has a purpose for you to live in your daily manner of doing things, always remembering that All of Heaven is aware of every move you make, every word you speak.**

**Human life was created to be able to enjoy many things. As you enjoy whatever it is that pleases you, do not forget, The Heavenly Father designed you and gave you the Gifts that would make your life a happy life, one to remember.”**

JANUARY 19, 2005 AT 12:37 P.M.

**“There are Several of Us present.**

**When We alert this *little one* We All use that We are about to speak, We All smile because she immediately feels indepthly Our Presence. We smile sometimes and say in a kidding way, ‘It is not weight you feel, but the Love in Our Hearts for Divine Will.’**

**This Gift in which so much and so Many have spoken, giving to human lives of all ages a deeper understanding and a more sensitive ability to value What is spoken, based on giving not just moral strength to the individual, but Divine Love, helping the individual to more fully understand what a privilege it is to be born what is called ‘man’.**

**The human element, design, that is instilled into what a human being absorbs, adapts to, and is capable to follow, is beyond what the human mentality can perceive it to be. It is a Power of Divine Will that causes a human mind to absorb, to understand, and to repeat what is heard.**

**This Gift is beyond human imagination or human ability on one's own manner of trying to practice It. Divine Love is a Gift that urges individuals, encourages individuals to understand more indepthly that human lives are created for a Goal, a Future, a reasonability beyond what daily activities show it to be.**

**As Many of Us speak through This Gift, it is to enlighten, to encourage more indepthly, the reasonability of the Association a human being has with The Creator that created All things.**

**Today is a special day in the lives of many, many human beings because of a personal situation, or a memorable situation, or a condition of happiness that is not always present to the mind.**

**Before We close Our Words in this Communication, you must remember that at the birth of the human way, it was a Gift beyond what was understood to be, because it was a foundation for a Future that is not always seen for the Beauty and Divine Love it was designed to be.**

**So much has been delivered in a simple, logical form. All that has thus far been delivered through This Gift in which you read the Words now, you hear the Words now, because it is important for thousands of men, women, and even children to know, to feel the security of, that their presence is an Act of Divine Love, and what they represent was designed by The Creator Above; and also, the Goal, beyond what the human mind can perceive It to be, because the Goal is a Gift of Divine Love from The Holy Trinity.”**

JANUARY 19, 2005 AT 1:09 P.M.

## GOD THE FATHER

**“We surround this *little one* because of the importance of What We are about to speak.**

**Throughout the world there is One Source of Communication with Me that I Will everyone to follow and to use it in everything they think, say and do. It has a name. It is called ‘The Ten Commandments’.**

**These Commandments were given to give strength and a deeper understanding of how an individual could face life each day and to come one day Here with Me, bearing the name of an Important Saint.**

**The world has been Blessed abundantly, but so often what is good, what is natural, what is strengthening, what is hope, is ignored because of personal sensitivities or insensitivities, thus denying very easy Rules of giving to human life, through their mentalities, through their natures, through their sensitivities, and through their manner of wanting to know more, to aid them in some way,**

**for some purpose, reasonable to their necessity or their manner of how they think mentally, morally.**

**No human being is not gifted with the ability or an innate sensitivity to sense or to realize that I would allow them to not know things that were important for them to follow, so one day they could return to Me Forever and ever and ever.**

**Volumes could be written, put into script on What I have just spoken. It has been to a great degree already, but in so many ways the human mentality ignores what is logical and also what is acceptable for the good of their bodies, their minds and their Souls.**

**As I close These Words at this time, it is important, each thought, each word, each action should be looked into regarding the importance it is to what a human life needs to follow for the good of what the human life is made with and for.**

**I smile when I say My next Words. Human life is Blessed by the very Gift of human life. I know, I created it. Remember this.”**

JANUARY 20, 2005 AT 12:37 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**Though it is difficult for many men, women and children to believe, to understand that I would speak so openly to them, requesting What I speak to be put into a print, capable for all who read the Words to understand Them, I speak many times, but do not announce Who I Am or that I am speaking, because in This Gift of My Divine Love, I have promised those who have heard the Promise, that I am present and am aware of all they think, say and do, because it is important that the mentalities of human beings be refreshed by what is morally important, to be able to be more morally correct.**

**I use *one small voice*, and I smile when I say, ‘There was a time a long time ago, that I spoke through what is called “masculine voices”, but even They, many times feeling What I was speaking, softened the tone in respect to Who I Was, Who I Am.’**

**This *little one* I use is aware of more than she is expected to be aware of, but I did this, I do this because so much, so many important things are being brought to light for all ages of human life to more readily understand the meaning, the importance of what they think, say and do, because the Souls are the recipients of all things that a human being is capable of expressing, becoming part of, or acting in a manner and way that will affect the Soul of the one doing it, practicing it, or the Souls of those present at times when Wording means so much worth to the mentalities listening.**

**I speak often through This Gift of My Divine Love, not always announcing Who I Am, but I assure you, your Soul is a Portion of Who I Am, so though you walk in the human state, I am close to you every moment of every day, and I bless you when you are kind and I bless you when you use what you are, how you are, always remembering that within you, you have a Portion of Who I Am, What I Am, and one day We will meet in a different manner, different way, but We will know Each Other. Remember this.”**

JANUARY 21, 2005 AT 12:10 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**Those who yearn to walk a path, a way for Me, must understand that their willingness is not always pleasing to them once I hand them the Grace to proceed.**

**I speak through *a voice* who has walked My Way more years than she understands to be. As a child she was different, and those close to her knew it, saw it, and oftentimes revealed it to others close to them.**

**When I use an individual to fulfill My Will for the Souls of sometimes millions of human beings, I, too, am hurt by the manner I have to use, also the means; but Souls to Me are so Important, because in the Creation of Them, They are help to Me.**

**Many individuals say, when they say ‘*The Sign of The Cross*’, they know there is Existence of Three; so, the next time you cross yourself and you say ‘*In the Name of The Father,*’ do not forget, there are Others you must also**

mention, because in reality We are Three; so when you say *'In The Name of The Father,'* and then you go to your chest and you say, *'I include You,'* — My Son — *'because You are The Son of The Creator of All Things,'* and then when you go to the left and then to the right of your body, you are admitting and committing recognition, but also service to The Holy Three.

I speak through *a small voice,* but I have used *this voice* for many years, since she was created in a place where I knew they would support her and the way she would walk, different than others, but honest, truthful about what she would say, what she would speak, even as a child growing, to one day be able to be with you at this time, thus helping Souls throughout the world to return to The Divine.

I could speak hours, but her small body is close to collapse. I promise her I will give her the strength needed for the next request I will ask.”

JANUARY 21, 2005 AT 12:49 P.M.

**“There are Several of Us present, as is always the case, even when We only mention one Name.**

**The Father, The Confessor, The Controller, and The Almighty One has Blessed This Gift through *one small voice* more than it is understood to be, because in a Communication of This Nature, This Value, and This Divine Concern, logic should tell human beings that He would not let *a little one* alone without the correct Instructions because of the Souls that are involved that He uses This Gift to give strength for, in and to, because the Souls are a Portion of Him.**

**I know I speak differently than you are used to, but there are Many Here in the Heavens Who find This Gift of Divine Love so Extraordinary in Divine Love, because It comes through so naturally through a human voice, understandable in sound, in Words, reasonability, dignity and honor.**

**Throughout the world there are millions of human beings that do not**

have the privilege to hear firsthand, so much Divine Love given, to give strength, courage, and an in-depth understanding, so that those hearing It have the privilege to use What they learn to help others who do not have the privilege to hear the same Wording as they do, Direction that is of great concern, and Hope that is instilled to give more to human life than it is practiced by the human mentality.

**I** know My Words are different. There are Many of Us Here. We All speak, even when We do not announce Our Name individually, because This Gift is of such Great Importance, allowing the Words to be put into script, not just using the memory of one, two, three or four human beings.

**I** will close for now. I smile when I say ‘I’, because We All agree We will shorten this Message due to the time, but as you know, We speak oftentimes automatically.”

**JANUARY 21, 2005 AT 1:26 P.M.**

**“I cannot resist What I have to say, because it is of great importance the way you respond to The Father’s Love for you; reaction, the way it shows when This Gift of Divine Love is given a Task to promote the Beauty, the Greatness and the Worth of not just The Holy Trinity, but All Here in the Heavens Who speak Divine Words.**

**There are millions of human beings who desire to have the power to know more about The Divine and The Father’s Plan. This would be fine if they could fully understand that Divine Love gives strength, hope, and sometimes may not look as great as the next one has, but if you use the degree you have, do not forget, you have a sufficient amount to one day become ‘a Great Saint’.”**

JANUARY 24, 2005 AT 11:18 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**Throughout the world there is lesser and lesser and lesser understanding, and even belief in and on the Importance of My Communication with human beings. In so many ways, they try to accent how I should respond to them; of course, in a human state.**

**I have given to the world *one small voice, one small body, and yet a mind* that I use to dictate simple Facts, simple to the mentalities, because it encloses and connects how I Will human beings to understand they were created for a Goal Greater than they know It to be, because the Soul, as a Portion of Who I Am, What I Am, was given to human lives to aid them in understanding there was a Purpose to their creation, not just dictated by Me, by Who I Am, but instilled as a Portion of What I Am, thus giving to human lives Something nothing else created is the custodian of.**

**For many years, in the time man understands time to be, I have**

**Delivered, I took Part in Physically with a Portion of Who I Am, What I Am; thus, basically showing human beings My True Existence was to and is to help them more readily, more fully understand that human life called 'man', is a Creation of Divine Love, instilled with a Soul, a Portion of The Divine, of Who I Am.**

**Human creation is a Gift beyond what it is understood to be. That is why, through time, there were Messages delivered pointing to this Fact, so that human beings could not say that they did not know The Divine Connection that human life has with It.**

**I will close at this time, because as I speak These Words, the Power in Them and The Divine Love in Them is sometimes difficult for the human body to withstand, because Truth of This Nature, This Value, This Purpose, is not always seen by the human standards of living the human way.”**

JANUARY 24, 2005 AT 12:15 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**I know many times when I speak, the timing is different your way than Mine, but I do appreciate your response so readily.**

**I have given to the world a Gift, based on My Divine Love. It is a Gift of Instruction, instructing on the importance of human relationships with The Divine.**

**The closeness We are to Each Other is much more than you realize, because you see, the Portion within you called ‘a Soul’, is a Portion of Me, of Who I Am. That Portion alerts Me many times to what you think, what you say and what you do, because do not forget, your Soul desires to return to Me another time, another way, representing you.**

**Many will not be able to understand such personal, intimate meaning, but nonetheless, it is Fact; so each time that I am able to communicate with you, giving Words of Divine Love to assist**

**you to grow strong, and instill in you the desire to be more understanding of the closeness We have, the Purpose that you have for the life you live and were created for at a given time, this Relationship is greater than It is seen to be, but I beseech you, handle It with care and love, because all that has been created and all that you are capable of, will one day be Judged for you to be placed either close to Me, or within My Sight, but do not forget, in the creation of your way, it was Divine Love that caused it to occur.”**

**JANUARY 25, 2005 AT 11:45 A.M.**

## **OUR HEAVENLY FATHER**

**“No human child is created without My Intercession. This Fact is logical, because within each conception there is a Portion of Me. Most so-called ‘intellectual’ human beings find this difficult to perceive, according to the knowledge they have and their abilities morally, mentally, psychologically.**

**In the creation of human life, I always have a reason. The world of human beings is a Gift of My Divine Love, greater than it is understood to be, or I should say, willing to handle that it comes from Me, from Who I Am, and not just from those who are only capable of believing that they are the ones. Only because they are human, do they think they are the only ones involved in this Gift of human life.**

**Today as I speak, it is important that children understand that their life is Important to Me, because there is a Goal for them, a Portion within them that I desire to one day be ‘a Saint’.**

**I will close These Words at this time, but I will speak more on this because of its importance to Me, because do not forget, every human being created has a Portion of Me within it, their Soul.”**

JANUARY 25, 2005 AT 12:43 P.M.

**“Yes, there are Four of Us present. We are All smiling at this *little one’s* pleasure to see Us, but concern over how much We will speak.**

**Each day you live in the human way is a Gift of The Father’s Love, because in having the strength to endure of what the physical body uses in activities, is worth more than it is understood to be; also, the voice of a human being takes strength, energy. Each portion of the body was designed to be able to use the living one that bore the body, very small at another time, and then as the mentality grew, the physical portion of life grew in a greater size.**

**We All smile Here in the Heavens at These Words that were just used, because do not forget, the human body is more special than it is understood to be. It has many parts in it, many reasons for it, but it has an Important Gift of Divine Love in it. It is called ‘a Soul’. You cannot see It, you cannot feel It, but It is That Portion of The**

**Creator. The Father Himself places that Soul within the conception of a human being.**

**Remember to thank The Father for His Love, because everything a human being is, is designed by The Holy Trinity to one day return a Portion of it, the Soul, through that one body that was gifted with so many abilities: physical, mental, moral, and so on and so on and so on.**

**As I close These Words at this time, I beseech you to remember that to be created a human being is more than you understand a Gift of Divine Love to be, because that Gift will be returned to The Creator, and whether It gains a title or not, It will be a Saint Forever.”**

**JANUARY 26, 2005 AT 11:21 A.M.**

**“Since This Gift of Divine Love has been given to the world through *one small voice*, the Words that have been put into a script for others to read, must be scattered throughout the world.**

**This Blessing in which so much has been designed to awaken the minds of all those who will read the Words, and find in Them a close association of The Father’s Love for human life, through His Participation in presenting to those who will accept It, a Gift to encourage and to strengthen not just the morality, but the Faith in Divine Love. It is called ‘a Sacred Host’.**

**Today, thousands of human beings have the privilege to learn more about The Divine that is in so many ways a Gift greater than It is understood to be. Basically, It spreads What The Holy Trinity is All About and how It should be received physically, morally, mentally, to strengthen an individual human being’s understanding how close**

**each one is to The Divine, or I should say, can be close if the individual takes the time.**

**So much has been delivered in so many ways to enlighten the mentalities of all age groups of human beings, that in the reception first of humility, and then the Gifts that are physical in measure, that logically gives strength in all human lives.**

**In the design of human life, all things were taken in consideration, because human life bears That Portion, the Soul, that encloses the human mind with The Divine in a Sacred Manner of togetherness, bearing the responsibilities of the Purpose in which, for which, they were designed.**

**I could speak endlessly on this subject, because it is important that more understanding must be an important factor of daily living; thus, for all human beings to recognize that in the human Gift of life, it automatically has more credibility than it is seen to have, because it is a Blessing of Divine Love that exists in every step of human life, from the moment of conception until the human way is taken at a given time.**

**Some reading These Notes might say they do not understand, but I say, ‘You must see it for the reasonability and the logic that only Divine Love would portray and convey.’”**

JANUARY 26, 2005 AT 1:23 P.M.

## GOD THE FATHER

**“As in times gone by, I have many times requested that What I Will many to know — many yet living, I mean — What My Purpose for human life was created for, and the Importance of it. Because of My Love for it, I placed within it a Portion of What I Am.**

**This Gift is Greater than It is seen to be, but I add to this: If this Gift was not so Great, would I have allowed there to be a Purgatory and a Heaven? No. I would have just allowed a Hell. Remember These Words.**

**Within each human being there is a necessity to think before you speak, and never allow yourself to be a victim of anything satanic, or other than what you would expect Me to deliver for you to act upon, for you to fulfill, because My Love, My Will, My Way for human life is to return to Me in Glory, not hate; in Love, not something that is questionable. Remember this.**

**I have chosen *one small body, one mind*, for a long time to repeat My Words, follow My Directions, and**

to aid Me in delivering to them the Importance of why they were created, and that is to perpetuate My Will, My Love, My Hope for all human beings to understand more indepthly, the Goal.

I could speak hours on end regarding this subject, but it would be difficult for the human mentalities to hear more than they could absorb on this subject. It would be and could be questionable, in not hearing It correctly.

I close These Words with the Desire for My Divine Love to supersede any impure thoughts, words or deeds. Remember this.”

**JANUARY 27, 2005 AT 11:40 A.M.**

**OUR HEAVENLY FATHER**

**“I am your Heavenly Father.**

**This Gift of Divine Love that is a Gift greater than the mentality of human beings can perceive It to be; when you hear that someone receives a Message from a Saint, you automatically feel the worth of It, the importance of It, and the reality of It.**

**In This Gift of Divine Love that bears the Name of The Beloved Saint Joseph, there are Hundreds Here in the Heavens Who are present when you are given the privilege to put into script What The Heavenly Father wants Saint Joseph to speak about, or remind you of, because of the Soul that you are the custodian of, that The Father Wills will be returned to Him, a Saint.**

**Though it will be difficult for some who will read These Words to understand the full measure of Divine Love that is within Them, These Words must travel throughout the lands to awaken the mentalities, the minds of thousands of human beings, to open**

**the path that they were created for, and that is to return to The Creator as a Saint.**

**So much must be understood in the worth of human life, why it was even created. Logic should tell all human beings that it was created for a Reason, a Purpose, a Goal. Logically, the Goal would be for the Soul to be returned to The Father as a Saint.”**

**JANUARY 27, 2005 AT 12:41 P.M.**

**There are Three of Them here.**

**“We feel it is time to alert you, to let you know that when One of Us gives Our Name as the Speaker to be heard, We oftentimes are in a Number higher than One; sometimes there are Many present, All anxious to be a Part of giving to those yet alive, more understanding of the privilege it is to one day be Judged by The Father and bear the responsibilities to help others who are yet alive, to one day they too become ‘Saints’.**

**So much is requested by The Father to speak on issues, conditions, values that will give strength, hope, and a deeper understanding of what it will mean to the Soul to be one day called ‘a Saint’.**

**The world has been Blessed by This Gift, that in so many ways is consistently and constantly describing what those yet living have to look forward to at another time, in another**

way, but the Purpose and Goal always a Treasure.

**I take you to the top of a Hill. You are standing with Me. There are no other human beings at this time, but this Hill was chosen to give strength, more understanding, and an inner hope that one day to partake in being a Saint, will be the Reward for what you have accomplished for the good of Souls that you did not know; but your actions, your prayers, and the way you handled the beauty of reaching for a Goal to one day return to The Creator, your Soul, representing you in a High Honor, Place. Think of These Words and think of Them in the Beauty of Divine Grace.**

**So Many of Us Saints want to speak through This Gift to strengthen the motives, the motivations of those who are yet in the living state, because one day when a particular time comes, and The Father beckons you it is time He wants you to return to Him, but be aware He might say, 'Because I want you to be a Saint.'**

**Sainthood is not a Place of leisure. It is a Place of sincere dedication and service to The Creator, but always for**

good results, because in the Creation of human life, human life was meant to be capable of many things; but also, to lead others in sound moral values, sound moral standards, but even over and above this, giving an individual the strength to cherish the Goal that awaits every Soul, because remember, as each human being is created and becomes capable of using all that it has been instilled with, there is another step, and that is to return to The Creator and help others do what you did — become ‘a Saint’ and become Part of the Heavens amidst All The Saints.

As I close, I do it with sadness, because I would like very much to talk consistently and constantly on This Measure of Divine Love that has so much Strength, Purpose, and a Goal for the Soul that was given at the moment of your conception. Maybe when others read These Words, it will awaken them to what a Precious Gift human life is, when it can offer in a final way, that their Soul returns to Heaven.”

JANUARY 29, 2005 AT 10:45 A.M.

OUR HEAVENLY FATHER  
MANY SAINTS

**“Yes, there are Many of Us present because This Gift that represents so many important issues, conditions, situations that are needed for the Gift to be spread far and wide throughout the whole world.**

**Human beings of all degrees of intellect would never suspect that I would choose *one small voice* for such a Major Act of My Divine Love, because in This Gift I make Myself noticeable and available, reminding those close and thousands through What is spoken and put in script, for the benefit of Souls to be treated in a manner and way suitable to Who They are, and the Purpose for which They are Participants in This Gift of Divine Love.**

**As each day arises, We All smile because it is another time for those who walk with this *little one* to be reminded of What passes through her, for others to learn more in the privilege of being created a human being.**

**Divine Love never resists giving the attention to aid all ages in and on the importance of one's manner of speech, of actions, and of how they practice human experiences with others like themselves.**

**I will close, but there is so much to be addressed at another time.”**

JANUARY 30, 2005 AT 10:14 A.M.

## OUR HEAVENLY FATHER

**“I never say no to a request for My Services to uphold, to give strength from any duress. My Response is not always heard or seen, but I assure every human being of My Presence, My Divine Love, and My Will and My Wish for their Soul to return to Me.**

**Though I speak through *one small voice*, They, in What I would say is your proof, is My Closeness to you of every moment of every day. Even when the responsibilities seem so great and time-consuming, you are never without your Soul which alerts Me on all conditions, all situations, and I smile when I say My next Words: all complaints.**

**It is sad when I see those who feel only that their desire to change is based only on their own strength, never asking Me to help them in any way.**

**I know it is difficult to fully understand My Closeness to living human lives, but I assure you, I hear**

**all prayers and am happy to be a Part of them.”**

JANUARY 30, 2005 AT 11:35 A.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**As I speak today in a manner and way understandable to those who are present, I speak because of My Love for human life and the importance of it bearing circumstances, duties and knowledge that other living things do not have in the same degree or for the same purpose.**

**I speak many times through *one small voice* that I have trained to sense My Presence and then repeat What I Will others to know. I have given to the world a Gift that is to enable thousands of human lives to more fully understand My Will and My Love for this Creation of Mine.**

**Justice to human beings is an important word and way. Justice is a Gift that works both ways. I smile at this Statement because it bears Truth, not always thought about in its full meaning and way.**

**In My choosing *a small voice* to speak so much What I Will others to**

**know, I chose *a voice* I knew would also have control, based on respect for My Will to be available to all who would recognize It being My Will in the Words spoken, communicating verbally My Love for human life that is never heard like the human voice of human beings of all ages, all backgrounds, and all manner of using what life is all about.**

**I could speak hours on end, but as I close These Words now, it is to give to *the one* I use, rest, for there is much more to come.”**

JANUARY 31, 2005 AT 12:40 P.M.

## SAINT ATHANASIUS

**“I am Saint Athanasius. I have spoken many times through This Gift of The Father’s Love for human lives, from The Divine. Today as I speak, I say My Words differently, because I want those who take the Words and those who will read the Words, to more deeply understand what a Precious Gift human life is to man.**

**There is nothing else created that has what this Gift has. It is a Gift of belief, understanding, and a Gift that instructs in many ways, the Importance of Divine Plan; first of all, through the knowledge of a human being, entitling the individual to fully understand morality over immorality, justice over injustice, hope over despair, and yes, love over hate. This list could be spoken endlessly because of the nature of human lives, the dependence that human lives use on almost everything, but also, the Gift of understanding that The Creator is available every moment of every day.**

**All The Saints Here wait to be spoken to, because in Their Love for The Divine, They have accepted service at both ends.**

**The Words I speak are different I know, but it is done to give those who take the Words and those who will read Them, the strength to persevere and see the necessity for evaluating what is proper over what is improper, what is just over what is unjust, what is The Will of The Divine over the human mind.**

**I close These Words and I remind you: Do you not oftentimes say, *‘God bless me, God, and help me through this day’?*”**

FEBRUARY 1, 2005 AT 12:25 P.M.

**OUR HEAVENLY MOTHER  
MANY SAINTS**

**“I am your Heavenly Mother.**

**There is so much to be understood by you and all other human beings regarding the Purpose for which you were given a Soul.**

**The Soul is not seen by you, but in reality, the Soul is felt by you at times when you are thinking what is right over wrong, good over evil, but also, the gesture of kindness over an excuse that is not necessary.**

**To be created the human way must be understood as being a Special Gift of Divine Love, based on an individual’s age, manner of thinking, and the act of response to words and to the company of the presence of another individual.**

**Today, if you were to walk down the street and stop another person of your own gender, ask them a question of how they began the day and how they intend to end the day, would these words open a conversation, or would**

there be more of a rejection of you, even in an unkind way?

To speak These Words is in some way a sadness, but They are spoken to alert you that everything you think, say and do is important for That Portion of you that you cannot see, you cannot feel, but Its Presence is constantly Part of you, a Portion of you that remembers all you think, say and do.

I know a Message like this one is, is not one of happiness or joy, but I beseech you to remember that if you think sometimes of more than what a question is all about, or a subject is all about, think of the reaction it will have to your mentality, to your Soul, and sometimes even to your body.

Very few individuals would think a Saint would deliver Words such as These are, but I assure you, it is to keep you constantly aware that everything you think, say and do has an importance to it and because of it.

When you ask The Father to bless you and you make *The Cross* on yourself, obvious to you and perhaps to others present, it leaves a Mark,

**sometimes happy, sometimes just a feeling of obedience occurs.**

**I will close These Words, and I know to some who will read Them, they will ask why They were spoken. My answer to this is: All facets of human life bear responsibility, and also, should be remembered that each act spoken to a Saint or to The Divine, is remembered by Them a very long time.”**

FEBRUARY 2, 2005 AT APPROXIMATELY 11:15 A.M.

**“We All smile when We hear this *little one* that We All use in many ways, many times. We call her sometimes, ‘*the fragile one*’, because of her deep love and sensitivity to The Father’s Will, The Father’s Love for human lives.**

**I bring tears to her eyes because Our Presence is very strong on her, and her awareness of Our Presence is far greater than it is seen to be by others. We have used this *little one* so much and so many times that when We make entrance to get her attention, she says to Us, ‘Don’t worry, everything is fine.’**

**Every day We use her to give Messages to those present and those who will read the Words, to always remember that human lives have the privilege to know and to understand that there is a Goal for living this way, and being called ‘man’.**

**Today as I speak, I speak with much thanks, because this *little one* We All use never says ‘No,’ but takes**

**for granted We use her Soul to contact her and to speak through her for others to learn how close Heaven is to their daily way of living, and to all things they practice that their Soul is the recipient of, and will one day be Judged by The Heavenly King, The Giver of life, that instills in human lives the understanding that there is a Goal Greater than It is seen to be, or even known to be.**

**I bless those who believe in This Gift, but I also say, ‘Everything that you read, be sure that you use It in the manner and degree The Heavenly Father Wills It to be, for the benefit of your Soul.’”**

FEBRUARY 2, 2005 AT 11:57 A.M.

**OUR HEAVENLY MOTHER  
OUR HEAVENLY FATHER**

**“I am your Heavenly Mother.**

**Many of Us are present wherever this *little one* is present, because there is so much The Father Wills for human beings of all ages to understand why they were created.**

**The Creation of human life is based on a Gift of Divine Will. All the attributes of life are based to give human beings more abilities and more understanding and more Gifts, encouraging them to use human life as a force, as a source, to one day return the Soul to Heaven.**

**The Soul will represent all that the individual practiced and was accepted for in the eyes of other human beings.**

**So much has been put in script, allowing all ages of human beings to more indepthly understand that human life was a Gift far greater than the human mind could perceive it to be, because so much was given**

to human life, for it to walk a road to one day return That Portion of it, the Soul, to The Creator, Who I Am.

Many of Us speak through This Gift of Divine Love on a daily basis. Many of Us speak at times when it is not comfortable for others to listen to the Words.

We use *a small body*, but this body is dedicated to Divine Will, and has been since it was created. *The instrument, the little one* I use is a Gift, because the human mentality of living matter and things and human beings could not bear the stress, the strain, the endurance serving Me takes.

As I close These Words, I close Them with Deep Love for those who listen to What is spoken and see the importance in the Wording, because you see, the Souls that are instilled in human beings at a given time in creation, the Souls want so much to return to Me. The privilege is in the human being that They become a Part of, when I Decree it to be.”

**FEBRUARY 3, 2005 AT 12:00 NOON**

**OUR HEAVENLY FATHER**

**“I am your Heavenly Father.**

**My Love for human life is different than you know love for others like yourself to be.**

**Human life is a Gift greater, because it has a Future to it that I am in care of, because I want your Soul that is a Portion of Who I Am, What I Am, to return to from Where It came.**

**The Soul is More than It is understood to be. The Soul is that Connecting Link, giving you the understanding, the ability and the way to act in the human way, always assured that in this Gift of being created a human being, you have a Goal to reach for your Soul.**

**Certain individuals ask Me why they cannot see their Soul. I sometimes smile at this question, because in so many ways every human being knows that within them they have Gifts greater, because the Gifts are of Me, from Me.**

***The little one*** I use is now accepting the pain openly that All that is delivered causes to her physical, and yet is never seen.

**I** will keep My Words short at this time because of the Power I have used is far greater than It is known to be. The Power in many ways is My Love from The Holy Trinity, giving to human beings Words of Hope, Words of Instruction, Words of Divine Love. Remember this.”

**FEBRUARY 3, 2005 AT 12:44 P.M.**

**“Yes, Our Presence is with you and *the little one* We All use to transmit to others, things to aid them in more fully understanding the Importance of being created a human being, and the Goal for which it was created, for the Soul to return to The Creator and be ‘a Saint’.**

**The Word ‘Sainthood’, to many, is a word not understandable, like a word used in the past for things that occurred. I assure you, human beings of all ages can become ‘Saints’. It is how you use the human life according to The Father’s Will, according to how you were created to be like, what you were to accomplish, and all the Gifts you enjoyed being a human being.**

**One of the main Gifts was you were one in a family, whether you were the mother, or you were the father, or you were created by them in the state of unification, the state of caring, the state of understanding the privilege of human life that is and was, was and is, the privilege to share a life.**

**T**oday there are so many Lessons to be spoken about, so many ways to speak Them. You live in a time wherein so much is based on progress, so much is based on material things, and so much is based on the importance of how you live, how you act, and how you address all subjects. Times have not really changed. They have just become more evident.

**S**ome might ask why I would even pick this subject to speak about. Because it is a subject that is daily with most individuals, it is important to think about, that you were created as an individual. You have a mentality of your own. You have the Gifts of a natural way, and you have the ability to say ‘Yes,’ or ‘No.’

**I** know These Words are not what you are used to hearing, but I smile when I say, ‘You were created to one day return to The Creator of All Things’; but I also say, ‘God blesses you more than you know it to be.’”

FEBRUARY 4, 2005 AT 1:05 P.M.

**“There are Many of Us present. We are speaking openly so *the little one* can hear Us and remember Our remarks to Each Other.**

**This Gift of The Father’s Love is a Gift greater than It is seen to be. Though It is delivered through *one small body, one small voice*, It is meant for millions of human beings of all ages, all backgrounds, to read It and to see the Beauty of It helping human beings to more fully understand what a Precious Gift of Divine Love they have been gifted with, at one time.**

**Human beings are different than any other matter or thing created, because it is obvious that the Gifts of human life, human living, matters and conditions, bears a multiple number of Gifts, that without these Gifts it would bring human life down to an animal level.**

**I speak of the Gift of mentality that constantly instructs the one in whom it is, on many important points that give strength, hope, under-**

**standing, and a desire to see more of what is available to it, for it.**

**These Words are endless in how The Father, in the beginning, decided that human life would be Special, and be associated with Him on many areas of Divine Hope.**

**This Divine Love is Greater than It is seen to be, but I promise you, if you follow It, you will find Hope indescribable that will give you the strength to live with The Creator for All Eternity.”**

FEBRUARY 5, 2005 AT 12:15 P.M.

## OUR HEAVENLY FATHER

**“I am your Heavenly Father.**

**There are Many Others, Saints, Angels, present Here with Me, because They, too, are interested in The Gift of Divine Love that exists through *one small voice*, but one who will, in many ways, never fail the Task of repeating Wording that is intended to give strength, hope, assurance, based on Divine Love.**

**The Power I use to speak These Words is difficult for her body, for in many ways she is fragile to the Power that she is confronted with day by day.**

**There are so many ways human beings of all ages have the privilege to one day arrive Here in the Heavens and be called ‘Saints’.**

**Let us take the path that would be necessary to aid one’s Soul in this rank of direction for It. So many times when an individual is reminded that they are the custodian of a Portion of Divine Love, namely ‘the Soul’, It is a**

**Gift beyond what they understand It to be, but in the Creation of human life, in the beginning, the Soul became an Important Part of this living manner in the human way.**

**So little is being spoken on the Presence of an individual's Soul. It is not a thing of the past; It is a Gift of Divine Love that always has been, is now, and always will be. Without the Soul there would be less moral strength, less humility, and less understanding that the Goal for human life was to become 'a Saint'.**

**I could speak hours on this Gift of Divine Love that is so important to know about in one's own manner of living, that within them they have a Gift Greater than the human life was in the beginning, when It was created to walk a path, giving to human life a Reality, a Purpose, and yes, a Goal for a Future Life of living.**

**I will close, because My Words will be to some difficult to handle, but sound logic in the Kingdom of Heaven will once again give to those who read the Words, a beautiful understanding that the Goal for human life is based**

**on their Soul to one day return to Heaven.”**

**FEBRUARY 5, 2005 AT 6:40 P.M.**

**“Yes, Our Presence is evident to her, because you see, it is often that she is surrounded by More than One of Us Who wants to speak. This *little one* is very alert to Our Presence. This in many ways is a treat to Us because of Who she serves in The Holy Trinity.**

**Spirituality has many different areas that are evident to the mentalities of human beings. So often a Saint will speak with an important Message that must be heeded by those present, because it is to alert an interruption or a condition or a situation that is not justifiable to What the Gift of Divine Love is all about.**

**So many men, women and even children read Bible Stories and Spiritual Stories, but do not fulfill what is requested to them in the Stories, nor do they follow the procedures that are advisable for the Soul of the one who is hearing the Words, but not repeating the Words in the manner of way that will change the situation to the degree that is best for it to be understood.**

**Many of Us Here in the Heavens ask The Father if We may speak. He smiles, but He does not always give Us a nod or a word that says 'Yes.' Today is a day that so many human beings could act in another way, another form, another degree of practicing more Faith in The Holy Trinity.**

**I will close These Words at this time, but I ask you to remember that every day is a day for you to personally speak to Any in the Heavens, because you see, The Divine Way of Living is Greater than It is seen or known to be.”**

**FEBRUARY 7, 2005 AT 12:06 P.M.**

## **OUR HEAVENLY FATHER**

**“I am your Heavenly Father.**

**I speak often through This Gift of My Divine Love. I designed It to be this way so that much of What I wanted you to know, would be put into a print so It could be read many times to refresh your mentalities to My Way of My Divine Love, because each time I address you in print, it is to instill in you My Existence, but also My Divine Love for you.**

**Today as I speak, it is to encourage you to not be weak but strong in how you face moral issues, or degrees of sincerity in how you show to others your respect for The Holy Trinity.**

**I will close, but there is much more I Will you to know. I will see to it that you receive It. I promise you this.”**

**FEBRUARY 7, 2005 AT 12:47 P.M.**

**SAINT ATHANASIUS  
SAINT BERNADETTE  
SAINT PETER CANISIUS**

**“I am Saint Athanasius. I am Saint Bernadette. And I am Saint Peter Canisius.**

**We have been given this opportunity to find a way to be closer to those yet in the living state. We have been directed to the correct manner The Father Decrees this association to be — dignified and understandable, for all to hear the exactness of What is delivered for them to be able to more better understand that each human being has the ability to communicate on given subjects; the companionship, due to the fact that the Words are no longer lost, but shared with one such as the deliverer is mentally oriented, and socially connected.**

**My Words thus far had to be, to give the proper strength, logic ability to what the Words would mean if practiced verbally in this manner and way for These Words to be remembered, because one day They may be the**

**Words that will be the strength behind some weakness, or a direction towards some decision, or a practice of Faith in What they learned to be shared in a natural format of communication.**

**This *small voice* has been used thousands of times so that the Words delivered by The Divine and requested by her to be able to instruct, or to counsel, or to console according to what is needed by another Soul.**

**I hold her so deeply. She is more with Me in The Divine, because What I have thus far spoken, and await more that is to come, the Lesson must be one that pleases The Divine, and gives strength to those who evaluate the Messages and are able to give credence to Them, for the Beauty in which They aid, console, contribute, and even condense many possibilities that should be spoken more about, or healed much through the Wording; but also, given a Gift innately of The True Existence of The Divinity.**

**Each time an Individual speaks, it has purpose, reasonability, and a goal. The goal is prepared to give strength, balance, endurance, and a logical entity to improve what an**

**individual needs to possess, due to the fact that in intercommunication, the Words oftentimes leave another human being with a stronger outlook on many, many things.**

**Granted, not All are bragged about, but innately sensed and used because of the logic that is produced from Them, giving a different approach and/or a different evaluation of a form of communication mentally, socially, morally, physically.**

**So much is always spoken but not put into print; but today, We felt it would give strength to many individuals for them to see the values in everything they think, say and do, and that these values can change other individuals into a stronger understanding in the beauty of silent communication that gives them the hope to give to others what is strengthening to the will and the mentality, thus extending this to others who never have this association in the degree, manner, way and/or purpose that would give to not just the receiver, but the instructor, to better understand that human life is totally a Gift of Divine Plan, and should be remembered in this way, this degree, for the rest of their days.”**

**FEBRUARY 8, 2005 AT 11:49 A.M.**

## **OUR HEAVENLY FATHER**

**“As a blind human being desires to see, I, your Heavenly Father, desire all who are created by Me to earn the right to follow The Holy Trinity. So little is spoken on this necessity, but I assure you The Holy Trinity strengthens you when it is needed, helps you in other ways when it is needed; so do not forget to thank Them for favors you receive, help you receive, and a deeper sense of love for Me that They strengthen you with, on and for.**

**Do not forget, being born in the human way has responsibilities, and yes, a Goal to reach that nothing else created is the recipient of.**

**I love this Creation of Mine, human lives, and I assure you, every step you take, every word you say is recorded in The Divine.**

**I bless you and I say again, ‘Walk the path of purity, because one day, at Judgment Time, you will find this act of love is greater than you knew it to be.’”**

FEBRUARY 8, 2005 AT 12:30 P.M.

**“*The little one* says, ‘There must be Ten of Them Here.’ We All smile at this statement. Yes, there are Several of Us present. For Each One of Us present, her small body understands Our Presence to be One of Importance, One of Divine Love, and One in which Something will be spoken to enlighten the mentality of hopefully all present.**

**So few individuals understand or are sensitive to the fact that when one’s Soul becomes ‘a Saint’, it is important that others, through their association with this individual’s human way of life, there had to be a Soul, due to the fact of how much an individual treasured morality over immorality, and Sacred Associations over any evil, any slight chance of a misguidance to Divine Will.**

**Our Presence is many times very difficult on her body because of the sensitivity that she has been instructed to and with, regarding What she was chosen to follow a long time ago.**

**So Many Saints Here in the Heavens find it such a pleasure to help in some way, Souls Who need just a fraction even, of aid, so They can return to Heaven.**

**Small children are not being instructed on the importance of association or consideration or communication through prayer. They know they speak to those who are with them, but it is important for them to learn that The Father, in His Love for human lives, wants them to see what is pure over impure, just over unjust, and definitely truth over untruth.**

**The mentality of human beings of all ages has the ability to understand what is not just politely correct, but morally correct, because if it is immoral, it is a sadness to The Father and The Son and The Holy Spirit.**

**I could speak hours on end on The Divine Love that decided that human beings would be created, giving them a Portion within them of Divine Love, thus allowing them at a time they would return the Soul in Glory, Purity, Justice and Service, so that they could participate in helping other individuals learn about this, and use**

**It as a Guideline so their Souls would one day return to The Creator and be Members of The Holy Guard in many ways.**

**I speak differently, as We All do, because This Gift is Important. It has been practiced in many ways, so that putting It into the script understandable to the ones who are hearing the Words, It would give aid to the Souls Who will read the Words and sense the Beauty, the Justice, the Hope that the Words display.**

**I will close now, but as I do, I say, ‘Never omit prayer in your daily way, and never ignore the importance of how you live, how you act, and how you, in your way, are example for everyone you see, you talk to, you are friends with, or you are close to in a family way.’**

**As I close These Words, I bless you with the hand of *the one* in whom I speak, but the Power of this move is Mine, but I assure you, she is not weak.”**

**FEBRUARY 8, 2005 AT 1:14 P.M.**

**SAINT ANTHONY MARY CLARET**

**“I am Saint Anthony Mary Claret. There are Many of Us present as I speak My Words, hoping that These Words will be seen by many, many people of all ages, all degrees of understanding.**

**As The Father has given to the world the privilege for so Many of Us Saints Here to speak on subjects that will awaken the mentalities, to more fully understand the Importance of the Gift of human living that aids the Souls of each human being created to this manner of living.**

**Education is a subject many cling to and sometimes abuse, because they use it and practice it only to control another’s manner of living or mental acumen that shows.**

**Children are in need of understanding when they learn something that is above and beyond their natural intellect of absorption into their mentality.**

**So much emphasis is placed on what an individual is forced to**

**compete with and about and for. This is many times done in silence, causing weakness to the one who feels responsible for the words.**

**In the beginning of life, a baby listens to all that is said, and is directed to respond in the emotional way, what the elder one says.**

**Today as I speak with Words not usually spoken this way, but I do it to help those who read It, regarding the importance of human life in every degree of learning, every degree of emotion, every degree of understanding, and every degree of intellect. Sometimes an individual excels in one and not another, or excels in two; but many times the atmosphere they live in has a tremendous effect in how they live daily life, whether it is with others, or they are alone.**

**I speak differently, I know, but the subject is important because the actions, the words, the example of how a human being practices life, can affect the lives of others close to them, or sometimes just those they casually pass by.**

**You might say, why would I speak like this? My Answer is this: The**

**moment you are aware of what is pure over impure, just over unjust, love over hate; but there is one more: logic over an illogical approach, action, reaction. Much harm can be done on this one, all alone.**

**I will close My Words. I know that We All speak differently of late, but it is to give strength where it is needed, more understanding, because the Soul is the recipient of all you think, say and do. I plead with you, remember this last Statement, because your Soul wants to return to The Creator as a Saint.”**

FEBRUARY 9, 2005 AT 11:40 A.M.

**“There are Many Saints present where this *little one* We use receives what is important for others to know about, because of the Souls that are involved in the results of what others do.**

**All ages of human life, all backgrounds of human life are considered when We speak Words of Direction, and Words that apply to how an individual should see human life for, because human life is gifted with a Gift of Divine Love, the Soul.**

**The Soul is the recipient of all an individual thinks, speaks, acts out and automatically projects, thus allowing those who are present sometimes to learn from, learn about a different manner and way of doing things.**

**We hold her tightly, for her body is close to collapse, bearing the burden that no one else has. Some would say, ‘To speak the Words of The Creator cannot be a burden.’ The word ‘burden’ is thought of differently in this case, as so Many of Us Here want**

**to deliver to those yet upon the earth, Words of Comfort, Direction, giving strength to how they use the Soul that they are the custodians of since the moment of conception.**

**My Words are different, I know, but My purpose is to instill more indepthly, how Important each human life exists.**

**We will not speak long because much more has occurred, using her physical in ways not seen and her mind not able to express the indepthness of what she has been exposed to.**

**Always know that when you hear Words from Any of Us, They are Words directed to alert you, to remind you, and to help you more deeply understand that as you are created in the human way, you are part of Divine Plan.”**

**FEBRUARY 9, 2005 AT 12:32 P.M.**

**“To be created a human being is a Gift far greater than it is ever seen, ever felt.**

**Today as Many of Us Here in the Heavens speak, it is to share with those yet in a living state, the Importance of human life and that it was created for a Goal beyond what the mentality speaks about. The Goal, of course, is to return.**

**Some people say, ‘But You say only my Soul goes to The Father.’ That is true, but do not forget, your Soul represents that body that you were in for a lengthy time, or ‘for a length of time’ might suit your taste better in the expression in how long your Soul was connected to you, and then became ‘a Saint’.**

**Sainthood, to many, is a thing of the past, thought about in different ways, of course; but I will close My Words at this time, because I could speak hours on end, defining Divine Plan and the Purpose in which The**

**Creator of All Things plans what is best when we are man.**

**I close the Words with a Blessing, and I ask you when I finish the Blessing, to say ‘Amen.’ Be Blessed by what you know is Faith.**

**You are Blessed with the Gift of life, a living means to give you many talents, many areas wherein you alone can communicate with other lives. Never forget that the Gift of life is more than just being a human being. It is a Gift Blessed by The Divine, and the Soul within you is to return to Him, a Saint.”**

**FEBRUARY 10, 2005 AT 11:26 A.M.**

## **OUR HEAVENLY FATHER**

**“A victim Soul is difficult for Me to see because the Soul, in Its innocence, looks to Me for Help, Guidance, and My Expression of Love for It, to give It the Strength to go on as I Will it to be.**

**Though a Soul is not physically seen with the eyes of other human beings, when a Soul is abused it is a sadness to Me. It is not always in the one in whom the Soul is a Part of, that causes the Soul to be sad or to be abused. It is many times those who associate with the body and use unkind words, immoral indecencies in suggestions, causing the Soul to be hurt, disfigured, and yes, made unavailable to do many things to assist the Soul to be in harmony with Me.**

**It is sad to see human beings feel only accountable for monetary measures, or to receive satisfaction from others they know that flatter them wrongly.**

**A Soul is a Portion of What I Am, Who I Am, and for It to be happy,**

**I want It to be treated justly, morally and sensually.**

**I could write thousands of pages, large pages, on what indecency does, but many reading the Words would feel they are not practicing all that is difficult for the Soul to handle.**

**I close These Words, because *the little one* I use cannot handle hearing what I must suffer. She is not anything like this, and finds it difficult to hear Me say what effect others have that act so impurely, with no reverence to what the Soul is to the human body.**

**It is not a case of individuals having an unawareness to wrong, but sometimes they practice it beyond what is acceptable in the Holy Realm. The slightest wrong is wrong. The slightest impure act is impure. The slightest lie is a lie. The slightest jealousy is inconceivable. There are thousands of Words that can be used here, and it is sad to say, because it affects the Soul of the one saying it, but also the Souls Who are in the ones hearing it.**

**I hear so many contradictions to Truth, because the enemy that exists tries to have it grow, to cause**

**individuals to pay more attention to that manner of living, than the one where the Soul desires to return to from Where It came, called 'Heaven'."**

**FEBRUARY 10, 2005 AT 12:40 P.M.**

**SAINT ANTHONY MARY CLARET**

**“Yes, there are Many of Us present. I am Saint Anthony Mary Claret. It is a treasure to Those of Us Here when We hear someone choose Our Name, reminding them that We existed and We had a Purpose for Our lives, but We also one day were requested by The Heavenly Father to return to Him. So much could be written on this Fact alone, because the Soul is a Great Portion of it.**

**Throughout the world, We hear individuals make remarks about their Soul, but they do not fully realize that the Soul is a daily Companion to their way of life. They mentally understand it, but often they do not speak about it in Its full manner, degree of what It does for the individual’s body and mind.**

**We do not speak often on this subject, but it is obviously a very important subject, because the Soul is to return to The Creator as a Saint.**

**Every human being has a mentality to the degree they know**

**it to be. They have a heart. They have lungs, and they have arms with fingers attached to the hands. I could describe the whole body, but the hands are very important, because within the hands they can use these instruments for purities or impurities, justice or injustice, hope or despair.**

**I know I speak differently at this time, but there is a necessity for individuals to recognize all the Gifts of human life, and how each human life can use these Gifts for good things and for improvement in how they think, they speak, they act.**

**Each part of human life was designed for a purpose. It is important to see human life as truly a Design and Gift of Divine Love, giving to it a strength for so many things: the sight for so much; the mouth, the ears, and even the nose; the neck has an important part.**

**Many might wonder why I would choose a subject like this. Its purpose is to awaken your understanding in this Gift that is a Blessing to aid you through life, to help you in many ways through living the life as a human being.**

**Today I could speak hours on the Importance of your birth and the way you were taught so many things, and the purpose for everything you are about. With all the Gifts of human life, you have been granted the Goal to return ‘a Saint’, a Saint being able to face not just the challenges of Sainthood, but the Goal of Sainthood for a very, very, very long time.**

**My Words are different, but My Love for human life far beyond what it is or could be understood to be, because human life is qualified in so many ways. So much can be accomplished mentally, morally, psychologically and physically.**

**The Father’s Love for human life is obvious in every facet that He instilled into this Gift, to one day return to Him and be called ‘a Saint’.”**

**FEBRUARY 13, 2005 AT 11:37 A.M.**

**GOD THE FATHER**

**“Even though I have delivered thousands of Words through this *one small voice*, I am ready to deliver more regarding the Importance of human life, and Purpose for which it was created in the measure and way it is seen to be.**

**Today, in so many places throughout the world, there is much desecration to My Will and My Way.**

**It is important that human beings of all ages understand that human life is Important to Me, as it is to them, but My Reason for it has a greater Purpose than it is perceived to be.**

**At this moment there are millions of human beings not understanding, not knowing, not considering, and not interested in their manner of living or the Purpose for which they were created, and that is to one day return to Me, That Portion of Me that I Am, within them, their Soul, their mentality.**

**At this moment that I speak through *one small voice*, there are hundreds or thousands of dedicated individuals who beseech Me constantly to help them, to protect them, to guide them, and to give them the strength to persevere on a higher degree of understanding.**

**I could speak endlessly on this subject, because human lives were created for a greater Purpose than anything else created.**

**Think about this: The moon, it has a purpose. The sun, it has a purpose. The clouds, they have a purpose. The sky, it has a purpose. The list is endless.**

**And now, let us take the things on earth that are seen daily: The ground, and the ability for some to make flowers grow; some to be able to make food grow to help the body. The list is endless.**

**I hold *the little one* tightly because My Words are difficult, due to the Power I use for others to learn about what I Will them to know, to more fully understand that logic would tell human lives there has to be a Higher**

**Entity of Living, else why could they be surrounded by all there is?”**

**FEBRUARY 14, 2005 AT 12:36 P.M.**

**OUR HEAVENLY MOTHER  
OUR HEAVENLY FATHER  
ALL SAINTS IN HEAVEN**

**“I am your Heavenly Mother.**

**I am your Heavenly Father.**

**I have the privilege to say now,  
‘We are The Saints that surround  
Them.’**

**It is a privilege to be in Heaven.  
It is a privilege beyond what the  
human mentality can perceive it to be,  
but We All are present at this time to  
assure those who take the Words for  
others to see, that the Goal of Heaven  
is Greater than It is understood to be.**

**Just as you wish happiness  
in the human way, and a nice place  
to reside according to your way,  
remember, These Words were spoken  
today because, never forget, you were  
created to share Another Life, Another  
Way, with The Holy Trinity.”**

FEBRUARY 15, 2005 AT 11:43 A.M.

## OUR HEAVENLY FATHER

**“When I alert this *little one* I use for My Communication verbally, I oftentimes use her body to be able to have the strength to repeat What I Will to be spoken because of the importance of It.**

**As I instill Each Word, it is to her as though I am speaking in her voice. I smile at this. She is right on this measure, this detail.**

**Every day of human life has an importance in it, for it, that is not always seen as such by the one who even in absorbing some feeling, some sensitivity different than ordinary, usually ignores what is occurring, or I should say, very often, instead of what I am meaning.**

***The little one* knows of My Presence, but does not see Me in the Full Scope of How I Truly Appear, because if My Presence was allowed to be different, she would not be able to repeat My Words that she does not hear.**

**Each day in a human life has a purpose. Some are for personal reasons, some are just to grow in more understanding that they were created for a Goal Higher than anything they can comprehend It to be.**

**As I close These Words, I say to all who take Them, who read Them, that My Divine Love is Greater than It is understood to be, but nonetheless, the Creation of human life has a Divine Purpose, a Divine Love in it, and one day at a given time It will be seen.”**

**FEBRUARY 15, 2005 AT 12:46 P.M.**

**“In the beginning of human life, there were many changes necessary, because in the design of human beings, so much had to be considered, concerned about, and designed to be able to fulfill the Purpose for which it was created. The mentalities of human beings has developed into many areas wherein the ability to do many things has grown to an ultimate source, force, regarding many things.**

**In the Creation of human life, much was planned so that one day human beings would be able to act out, not just comprehend the important Gifts of Divine Love that were to be fulfilled one by one so that they would be developed to be able to not just handle progress, but excel in progress regarding many portions of human life: the mentality, the physical aspect, and the moral necessity that would be what would be called ‘The Lightning Rod of Hope’ for the Soul to one day return to The Creator, a Saint.**

**I will close, for What I have said thus far I Desire, I Will you to remember It. It is of Great Importance, and It will give strength when strength is needed. It will give hope when hope is a necessity. It will help an individual of any age conquer the necessity for purity over impurity of the mind and the body because of the Soul that each human being is the custodian of.”**

FEBRUARY 16, 2005 AT 11:05 A.M.

## OUR HEAVENLY FATHER

**“To prove a point, sometimes much evidence is necessary to confirm the facts and the reasonabilities regarding what the subject matter has to be accountable for.**

**Many individuals go through a very long lifetime telling stories that please others, but basically have no foundation or purpose for their content.**

**Children oftentimes repeat without understanding what they are repeating. The reasonability behind this is the child’s need to be part of what is occurring.**

**Thousands of Words pass through this *little one* We use, All understandable to the nature of the subject matter, but oftentimes the individuals involved do not see the value or the importance of memory and the ability to repeat what was spoken about a long time ago.**

**Bible History has in many ways the power of longevity that**

**is interesting to those who read it and find the Words interesting, plus necessary for many subjects that are point of concern.**

**I will close at this time, for I have the ability to write, to dictate thousands of Words, but many times when there are too many Words, the reader becomes disinterested.”**

**FEBRUARY 16, 2005 AT 12:25 P.M.**

**OUR HEAVENLY FATHER  
MANY SAINTS**

**“I am your Heavenly Father.**

**What I am about to say may be shocking to those who will read the Words, but I guarantee you, I speak in Truth.**

**There are thousands and thousands and thousands of human beings searching in very many places for the ability and the logic they want to hear openly spoken regarding that there is a Heaven, there is a Hell, and there is a Purgatory. Also, along with this concern, there is another question. They ask it all the time. ‘Heavenly Father, if You are for Real and there is a Heaven, can You promise me that one time, one day I will be with You for All Eternity?’ The Heavenly Father smiles at this remark, because it is said with sincerity, hope, and an innate love for What is Divine.**

**Children should be reminded that when they speak a prayer, they should feel that they are communicating with The Divine. When they ask for**

help with Someone they cannot see, they cannot feel, but they want to be there as a Saint, tell them there are Many Saints Who listen every day for someone to speak to Them so They can help in some way, maybe not the way the individual chooses to be, but there is always a response the Heavenly Way.

Hours could be spent on this subject alone, but as These Words pour forth and They are read, you can be sure that as you read These Words and your love for The Divine shows in how you do it, why you do it, and in the terms you use, you will be sure to find some manner, some way, some degree of help, I promise you, because in the Creation of All there is, and in The Divine Way of showing how They care, never think you have not been answered, because Someone is always available to hear what you have to speak and always ready to help if the help is right, and in the right way.

As I close I say, 'Those who take These Words and those who will read Them can be assured, your Soul is the recipient of all you think, say and do, and your Soul is as close to

**The Heavenly King as His Love is for you.’”**

**FEBRUARY 24, 2005 AT 8:31 A.M.**

## **OUR HEAVENLY FATHER**

**“Though it is difficult for many human beings to understand why I have assigned certain things connected to Who I Am, What I Am, it is important that all ages of human life understand that I, as The Creator of All Things, also created them, and My Desire for this creation is for them to be close to Me in Who I Am, What I Am, because it is important that each human being created understand they were and are created for a Goal, to return to Where I Am, Forever and ever and ever.**

**Children are not being instructed in how close they are and how close I am to them. In My Creation of human life, My Will and My Desire was to share so many things, because in this creation I instilled a mentality capable of learning, believing, understanding, and the desire to one day be with Me for a limitless time in Another Way.**

**As I close These Words, I want all of human life to understand, all the Gifts of human life are based on things that I have created for them.**

**As I close These Words I say,  
'I, your Heavenly Father, love this  
Creation of Mine, the human way.'"**

**FEBRUARY 24, 2005 AT 11:25 A.M.**

**“There are Several of Us present many times where this *little instrument* of The Father’s Love for all of mankind is present. Her availability is necessary, and will be found to be justifiable because of how she was chosen to comply with, and to be able to oversee the importance of What The Father Wills at ‘this place’ chosen by Him.**

**Today she has heard certain measures of what is expected, but not all have been completely described. Time is of a great importance, because time will give to the world a valuable evaluation on the Importance of human life.**

**I close at this time, but I expect These Words to be spoken out loud so that many individuals will understand the Importance of the Gift of Divine Love that human life was delivered a long time ago.”**

**FEBRUARY 24, 2005 AT 12:36 P.M.**

**SAINT ALPHONSUS LIGUORI**

**“There are Several of Us present. I have been requested to give My Name. I am Saint Alphonsus Liguori.**

**A Gift of This Measure, This Greatness, This Value, This Truth, This Personal Association with The Divine, is greater than the human mind can perceive It to be. Logic should tell those who read many times, many of the Revelations that have been put into print, giving aid, more hope, much responsibility, has to be a Gift from The Divine Love, not from an ordinary measure of mentality.**

**Human lives of all ages never cease wanting something special, something important. The time was seen. That is why This Gift of Divine Love has permitted so much to be delivered, put into script for thousands, even millions to read.**

**Many times, those who partake in putting the print available for others to read, they do not visualize or fully understand they are handing a Gift of Divine Love personally to those**

who will read the Words, learn from Them, give hope where it is needed, strength where it is needed regarding why they were born, why they think of The Divine in a manner and way aside from how they feel physically, mentally, morally, or sensually.

We hold *the little one* tightly because she is used for so much Communication that is not openly requested, but openly yearned for in a noticeable manner, way. It is logical that the human mentality wants to know things that are obviously important for how they think, how they will human life to be.

Human beings of all ages hear sermons, but do not always feel that the sermon was associated totally with how they think, act, feel. The human mind sometimes resists what it does not feel comfortable with, or knowledgeable regarding the concept, the content, and/or the value it is to them.

I could speak thousands of Words on this subject because of the importance of it. That is why This Gift of Divine Love is so Important. All of The Divine is ready to not just comfort,

**but to instill Direction, Hope, Divine Love, in What They deliver that sounds so rational, so common, and based on the opportunity for those reading It to look at situations, conditions, in a more personal concept or affiliation even.**

**All of Us could speak hours, because the human lives created by The Creator of All Things is a Gift greater than it is seen to be. All the assets of human life, the body alone is responsible for the mentality, the sight, the smells, the odors that give to the one using it, an answer on many situations, conditions or things.**

**So much could be spoken on this and it will be at a later time, but right now I want you to know your best interest and the Love of your Soul for The Divine is consistently looking for help from The Divine, and It is delivered with Divine Love because, do not forget, the day will come and you will be Face to face with The One Who created you and all other human lives and living things.”**

FEBRUARY 24, 2005 AT 2:13 P.M.

## SAINT CATHERINE OF SIENA

**“I am Saint Catherine of Siena.**

**There is so much that All of Us Here in the Heavens want to speak about and to address the importance of these things, so that these situations or conditions or values or necessities will be used in what and how they were created to be. Needless to say, the list has various meaningful objectives, subjects to be elaborated upon.**

**First, let us take what a home means. The home is a manner of safety. It gives the human being privacy and the abilities of many matters that men, women and children are able to use daily.**

**Today, as Many of Us Here speak, the values of human life are innumerable, but so many of them are ignored. What the reasonability is, differs with each individual who acts out how they feel, how they address the importance of a condition, a situation, a product, or a personal understanding that includes their manner of approving or disapproving**

if it is satisfactory to their mentality or their physical abilities.

I know to some What I am speaking about is what would be called 'out of sight', but none of this is out of sight, because as you live each day, you are confronted with many areas that cause you to make decisions, and the decisions can be of great means mentally, morally, psychologically or physically. The human mentality is consistently and constantly active, giving to human life the ability to see what a human being can accomplish, or can resist, or can invent, or can refuse to be part of.

I know some who read this might question why would I discuss a subject such as this one. My answer is: All that is created has a purpose. The human body, the human mind, the human sensitivities physically, mentally, morally, psychologically, address each subject according to the nature, the capabilities, the need, or what an individual senses is helpful to make a daily, or longer than this period of time, something valuable in some manner, way, suitable to how they live daily the human way.

**I speak differently, I know, but if one individual reading this Message will be helped morally, mentally, physically, psychologically, emotionally, it will have been worth the time it took.**

**Human life is a Special Gift of Divine Love, faced with all the facts available to the mental, moral, physical, psychological. Nothing is left out of this Gift that has the ability to reach Sainthood. Remember this.”**

FEBRUARY 25, 2005 AT 12:30 P.M.

## SEVERAL SAINTS

**“There are Several of Us present, because where this *little one* is, We are All drawn to use her for important issues, conditions, situations, and various Words from The Divine.**

**I speak differently, I know, but it is always a Gift of Divine Love when One or More of Us is privileged to speak Words to encourage important issues, ideas, situations, helping human beings yet in the living state to be able to learn more and to understand more indepthly, the privilege of human life.**

**Without the human way in all its Gifts, the animals cannot write like you can, and the animals do not feel all the sensitivities in the right manner, way, that the human element of living is gifted with.**

**Every move you make, every step you take, every word you speak is seen when you are with another human being, so remember how important your actions are, and your thinking, when you display it openly.**

**These Words are possibly difficult for some to perceive in Their fullest measure, but All of Us Saints want you to remember the Gift of human life is above all other living matter or things. The responsibilities are numerous, but most of them are very easy to cope with, to handle, and very often cause praise.**

**So, as I close These Words at this time, I remind you: Being created a human being is a Treasured Gift from The Divine.”**

FEBRUARY 28, 2005 AT 11:55 A.M.

## GOD THE FATHER

**“T**hough it is difficult for many to understand why I would choose a small, frail body for This Task that is greater than It is seen to be, of how many times she is chosen to repeat What she does not hear, but What is instilled into her mind so that others will be able to more fully understand the Importance of human life, and how it is Willed to be used by Divine Plan.

**M**illions of human beings are not present when We speak, but it is the responsibility of those who walk with her and print the Words for others to read, that have the opportunity to support This Miracle of Divine Love and be able to help those who are not present and those who must understand the Importance of human life.

**M**any times individuals study Great Works based on Spiritual worth, but this number is not as great as it could be. That is why *one small body, one mind*, has been given the Responsibilities more numerous than they are seen, but through *this*

*voice*, much is delivered to help the mentalities more deeply feel the closeness they are to Me.

Though many times Saints Here in the Heavens speak, They do not always announce Their Names. She waits for Them to be recognized properly, personally, but time and strength oftentimes gets in the way.

The world has been Blessed abundantly by All that is delivered in Words understandable to the human mind.

I am showing her a Vision. She is standing before a Crucifix. The Body is bleeding and there are tears in His Eyes. She cries for Him because she loves Him, and works at His Command all the time. You have never seen her in this degree of sadness, but it has been done to allow you to know in a deeper understanding, that the Path she walks is a difficult role.

Thousands and thousands and thousands of Words have passed through *one voice*, accepting All that was to be learned by millions of people. This Gift of Divine Love is greater than It is seen to be, because when Words are clearly spoken and are given to

**aid the Souls of human beings, It is a Gift of Divine Love, openly expressing Hope for the Souls yet to be returned to Him, a Saint.**

**I could speak hours on end, but *the little one's* body is spent, due to the Power that surges through her because of the importance of What is said.**

**As I leave, I remind those close to her to never omit What you have learned, because your Souls depend upon This to help you to come Here Where I Am.”**

**FEBRUARY 28, 2005 AT 12:42 P.M.**

**“All the Gifts instilled into human life had a reason, a purpose, because without it there would be no communication, just sounds.**

**Remember one thing: When you pray, you are communicating with The Divine. The words draw attention Here, just as if you are talking to someone close to you. Our Response may not be verbal to you, but there is a certain sense of Communication that is innately felt. You feel you have reached Whoever you are calling upon, and sometimes that Saint responds, but not in such an open manner that causes you to be so obviously recognized, telling others close to you that you have been returned in how you pray, how you think. Your association responds in the human manner, way.**

**I smile at this, because inwardly, anything you think or say is recorded in a different manner and way than you know it to be. Take your sins, for instance: No matter how little**

**you think the sin is, is it not so it is recorded Our Way?**

**This Statement is just to remind you that Divine Love cares so much about you, because your Soul is the recipient of everything you think, do and say.**

**God loves you. The Saints love you. Keep that Relationship on an even level, you returning the love through purity in how you pray.”**

**FEBRUARY 28, 2005 AT 1:57 P.M.**

## **MANY SAINTS**

**“So many times when We must speak Words difficult, Many of Us Saints have tears, because You see the Importance of human life, and all human life is capable of doing, of acquiring and giving, to aid others in the progress for Souls.**

**So Many of Us want to speak at different times during one day. We smile at The Father and draw His Attention, and He says, ‘Just pray.’ We know then that He will take over What He Wished to be, to help those yet in the living state always remember The Holy Trinity.**

**Today, as Many of Us spoke and said things not fully understandable in the degree They were meant to be, it was a time that was necessary to be, because hopefully it will awaken the mentalities so What We delivered can be passed on in memory, in consultation, and for a purpose that otherwise would not have been able to be accomplished at this time in which you live.**

**Though We speak rapidly through this *little one*, her love for The Divine accepts What We speak, and I smile when I say, ‘the timing We use’, for she is not weak.**

**Children should be instructed on what is proper, what is good. Children should also be taught how to pray, not just formal prayers, but personal conversation so they can express how they feel on what they know.**

**All of Us Here in the Heavens could speak at one time, All on different subjects from The Divine, but it would be difficult because the Wording would be of such great measure, it would be difficult for some to write.**

**So, as We close Our Words at this time, We say, ‘Always remember, The Heavenly Father, The King of Justice and All that is Right, blesses you each time you walk, you pray, you speak, you suggest what is morally sound, and yes, politely correct, because these two things shed a bright Light.’”**

MARCH 1, 2005 AT 11:41 A.M.

## OUR HEAVENLY FATHER

**“I show you this only to remind you and others that the human body is very important in that it represents that My Existence is realistic, and My Purpose for human life is based on being a Gift that bears within it a Soul. Though the Soul cannot be seen by the human eye, the Soul is always present and always available to everything you think, speak and do.**

**Human life has been gifted to all who become a human being. A Goal awaits That Portion of it at a given time. So much is misunderstood on this Beautiful Gift of Divine Love, but I assure you, It is evident in more ways than you understand It to be.**

**The Gifts in human life are numerous: The Gift of speech comes second to the Gift of hearing; the Gift of understanding there is a Creator of All Things; the Gift of knowledge and the Gift of perseverance; the Gift of understanding other human beings verbally, physically, mentally, morally.**

**In the Creation of human lives, all the Gifts were taken into consideration, thus giving to human lives a greater understanding that the Gifts would increase what they could learn more in an educational format, regarding what the physical was capable of.**

**There are many factors in the physical that are taken for granted and should not be. First of all, the soundness of the creation instilled into the physical bodies, necessary logical conditions, situations, and valuable means to allow human life to do many things: to see, to speak, and to understand that many physical portions of the human body gave strength, purpose, and a way of being handled for what they were designed to be.**

**I do not expect What I have just spoken to be passed amongst millions of people, but I do want it remembered in a professional understanding that as the human life, the body and other portions of it have a reason for each portion of it, the mentalities instilled have been created to be able to absorb and to be able to understand the Gifts they were meant to be, for an**

**individual to think, to speak, and to use logic, thus benefiting from what they were capable of learning about, to use it in the highest degree.**

**I have only spoken in a short measure of Words, but hopefully it will give all who think about it, a deeper understanding of how Important their life is to Me.**

**I bless those who pray My Way, and I bless those who use their communication with Me every day.”**

**MARCH 1, 2005 AT 12:43 P.M.**

**“In the Creation of human life, there were many things considered. First of all, the safety that would be allowed so that nothing would be destroyed by it, because it would have to be put and designed into a major manner of Beauty.**

**Each day a human being lives, it is their privilege to see it and to act within it morality and love of The Divine. So many individuals that bear high standards of living ignore important times for certain opportunities that in these things give hope for the mental, the physical and the Spiritual way of lives.**

**Today as I speak, I speak with happiness, joy, because to deliver such Words that I have been told to deliver, are Words of happiness, hope, giving to human beings of all ages a definite purpose and degree for their Souls.**

**A Soul is not given to be unhappy. A Soul is given to instill in a human life courage, hope, happiness, and a consistent and constant urge to help**

**the one in whom It was placed at the moment of conception, to see what a Treasure human life is, because in its Design by The Heavenly King, it was designed to bring beauty into the life, giving to human life security based on happiness, hope based on truth, stability and strength.**

**Some people reading These Words will not see the value of Them, but I assure you, All that has been created is a Gift of Divine Love, greater than it is seen to be. Even the birth of a child, though there is great happiness, joy, hope, sometimes there can be a little hurt, harm, but it does not last. It, in itself, gives strength for the future, because in the future there are plans to help the life of a human being flourish, to one day return to The Creator and be called ‘a Saint’.**

**Those who take These Words pretty well know that without all the Gifts of human life, there would be a sadness to face each day without having a Goal pleasing to The Creator, but also to one’s self.**

**You are Blessed for What you put into print and for What you read, and always remember: As you are created a**

**human being, you have a Gift awaiting you, and your Soul will look forward to It, because your Soul then will return to The Creator, and in His Company will be ‘a Saint’.”**

MARCH 2, 2005 AT 12:07 P.M.

**“In the Design of human life, many Gifts were instilled, not just to aid a human being, but to supply them with the ability to do, to practice, to accept and to participate in manners and ways not known by them at another time.**

**So much has been described and put into script for a long time, helping human beings of all degrees of intellect to grow more adequate, more understanding to the various degrees that they are exposed to, because of how much has been created above and beyond the given time when the first human beings were created.**

**So much has been spoken and instructed upon through This Gift of Divine Love wherein human lives of all ages have been caused to alert what a Special Gift human life is, but also the fact that in hearing, in understanding and the ability to respond, put not just strength into the mentality, but the abilities beyond what they were first**

seen to be, because it would be needed and is needed for progress to succeed.

Though I speak differently, I speak clearly because the human mind sometimes does not realize the Importance for which it was created, and that there is a Purpose Divine for it to return to The Creator, called 'being a Saint'.

Thousands of Words can be spoken on this Specific Gift of Divine Love, but the human mind also has the capability of learning much because of the instilled mentality, and also the Gifts acquired through being a human being, gives the opportunity to learn what is Willed for them to know, Willed for them to participate in, and Willed for them to practice, because The Creator of All Things, in Design of human lives, knew that the time would come and it would be necessary for human beings to be ready to understand in a greater dimension of learning because, do not forget, The Divine is Capable of Many, Many Things."

MARCH 2, 2005 AT 12:52 P.M.

**“This Gift of The Father’s Love is so Special, because His Closeness to Where He speaks is far closer than it is anticipated to be.**

**When We hear He will speak, Many of Us Saints gather because of Our Love for The Divine, and what a privilege it is to be a Participant in What He Wills to be done, thus teaching All of Us to think and to use What We are capable of using to help those who are yet in the living state, in helping them to return to The Divine.**

**Though it is difficult for many to understand how such a Phenomenon could be occurring, and knowing that It was a Gift of Divine Love One is sharing in, and knowing the Beauty and Perfection and Love of The Divine, there are so many things We are All so happy to reveal. We smile at The Father, because sometimes He says, ‘Not yet, not now,’ and then We step back.**

**If all human beings could understand that being created a human**

being is based on Divine Plan, but logic says, 'Be a part of it, and allow The Father to know it is your desire to walk close to Him at another time.'

The very fact that human beings have been gifted with learning prayers and saying these prayers at any time they wish, quietly or verbally open to be heard, prayer is a Gift of Divine Love, because through prayer, the communication is direct. When it is spoken directly to Whomever you want to refer it to, All The Saints listen all the time, and Our Heavenly Father smiles at this.

I speak for Many. I speak for Myself and I speak for Many Here with Me. The Names are announced so you who are yet upon the earth, will be able to associate a communication of speaking for help, or because you desire to communicate in a personal manner and way.

The Saints are ready to hear you every moment of every day, but They know that you have many times when you are busy practicing what you should be doing, for yourself or for others that you know, plus the fact that you have the ability to share your

**love for The Divine when you speak to others of your kind.**

**Everyone Here in the Heavens could speak hours on end, but We are limited, because Our Communication, even when It is put into script, takes time for you to respond, or for you to think about What was said.**

**When a child is born, it is a Gift of Divine Love. Each moment of the child's life, every moment of the day is a Gift of Divine Love. Each year is a Gift of Divine Love. That is why it is so important that even children learn how to speak to Those of Us Here, because We do hear, and We do respond when We know it is The Father's Will for it to be done.**

**As I close These Words, I say, 'Whether you know it or accept it, you are a child of The Creator that was created one day with a Portion of The Creator within you, to give you the strength to see life as it is, and to always remember you have the privilege to pray in a personal way to The One Who created you with Divine Love, to one day be close to you in Heaven, with All The Other Ones. Remember this, I beseech you.'**"

MARCH 3, 2005 AT 12:20 P.M.

## SEVERAL SAINTS

**“There are Several of Us present, and it is a beautiful sight to see human beings of all different ages happy to know that We are present. If they were not happy, they would not be putting Our Words into script, wanting to remember the Words We will speak and the importance They are to their manner of living.**

**Throughout the world there are millions of men, women and children who do not fully understand that each human life has a Soul that urges them on to be pure, to be honest, and to be under self-control. These, of course, are Gifts of Divine Love instilled, constantly reminding the mentality of human beings that human life has a Purpose, a Goal, plus all the Gifts in the human way, living each day in circumstances, under Rules that give strength, purpose, and direction to the human role.**

**Many of Us Here in the Heavens smile when We see others who are yet upon the earth desire to hear Our**

**Words, because they feel that What We are able to speak is ‘for the good of our will and our Soul’.**

**I will not speak long, but Many of Us feel that your manner of using the time to address What will come from The Divine is more than a privileged role, it is a Blessing to your Soul that nothing else can take credit for.”**

MARCH 3, 2005 AT 12:54 P.M.

**“As most of the time there are Many of Us present where this *little one* is, her presence is many times to alert Us to what is not just impractical or unnecessary, but not morally sound to those who are present and those who will hear about what has been spoken verbally.**

**You live in a time where so much freedom is an act of acceptance, of necessity, and of personal desire. The Saints Here in the Heavens automatically say, ‘Every act of human life should have a purpose, a goal, and a sense of security, but all things should be based on what is morally sound, morally correct and morally beneficial.’**

**So much is occurring throughout the world wherein ‘freedom of speech’ is an act sometimes of violence, also of impurity, thus not putting anything of good into the time through such wording; basically, it is time spent pleasing only what is evil, what is immoral, and what is appealing to the**

**desire to be irrational, or cunning, or in a manner of vile contempt.**

**Let Me take now the Words that basically give happiness to a human life: purity of the mind; also, a balanced version of mentality that allows an individual to have moral strength, moral standards, moral courage, in spite of all that one is surrounded by and with, that is ugly, unimportant, and pleases only what would please the enemy of God and man.**

**Millions of words could be written on this subject, because it is a subject that is used every day, every part of the year, no exceptions. The reason Many of Us speak on this at this time, is that there has been a period of time that has increased impurities of the mind, the body and the actions, thus justifying what an individual wants to practice, even though it is immoral, impure, diabolical and insulting to those who are present.**

**Yes, you do live in a time worse than Sodom and Gomorrah, but it has been disguised in a manner and degree beyond what the human mentality understands it to be. That is why This Gift of Divine Love has been delivered,**

to enlighten the mentalities, encourage the abilities, the interests of all ages of human life, of human living.

Each day rings with sadness, because so many human beings of all ages are ignoring what is morally sound, morally beneficial, morally practical, and morally in tune with The Commandments of The Creator.

The Words just spoken will be cast aside by some, because in what they call 'modern thinking', they will feel that in these times that they live, a broader scope of wording is understandable, and more apt to be more what explains the attitudes, the actions, the morals, and all other things that human beings openly accept or become a part of, updating themselves with what they term, 'time'.

As I close These Words, I beseech those who read Them to remember: The Creator of All Things, even the earth you stand upon, the sun that gives you strength, and all the progress medically, is a Gift in its own way for you, in every way.

I will surprise some when I say My next Words: When you stand in

**truth, dignity and Divine Love, you are Blessed abundantly.”**

MARCH 3, 2005 AT 2:29 P.M.

SAINT FRANCIS OF ASSISI  
SAINT ANGELA MERICI  
SAINT JOAN OF ARC  
SAINT PEREGRINE  
SAINT JOHN OF THE CROSS

**“There are Several of Us present. *The little one* says, ‘Will You name Yourselves?’ We smile at this, for she likes clarity in all things she partakes in. I am Saint Francis of Assisi. I am Saint Angela Merici. I am Saint Joan of Arc. I am Saint Peregrine. I am Saint John of The Cross. There are so Many of Us present wherever this *little one* is, We All cannot mention Our Names because it would take pages and pages and pages of paper. We are continuing to smile as she hears Us speak These Words, because she is very conscientious on how she serves.**

**Today there are thousands, even millions of human beings active, busy, and many are sharing great responsibilities. The life of a human being is a Gift of Divine Love, because in this human part that is created a human being, there are many ways,**

times, and chances to serve in a loving manner on important things.

This *small voice* that has been given so much to say, shares with all who hear the Words, The Love of Divine Way. The sharing is far greater than It is seen to be, because *the voice* is expected to say only Words regarding the Souls that are already Here, and the different personalities that are used in Those Whose willingness to speak openly, for those who yet living can learn from, learn about, and understand more of the Beauty, the Responsibilities and The Divine Hope that is within Them.

Today is a normal day in many ways, but it is a day wherein We want the Souls to grow spiritually. It is a Beautiful Gift of Divine Love when an individual cherishes That Portion of them that is a Portion of Divine Love, not seen in this Dimension of Greatness, but they have learned It to be.

Many of Us Saints want to speak consistently, but were told it cannot be, for *the little one* We talk through could not stand the Power that We use to repeat to her many things. Those

**who feel the Presence of a Gift of This Divine Love, know instinctively the Blessing they carry now is Greater than It is seen to be.**

**You are Loved, and Many Saints look forward to speaking, so you can cherish What They say and give It to others.”**

MARCH 4, 2005 AT 11:50 A.M.

## GOD THE FATHER

**“Is it not logical that you would understand there to be a Higher Source of Mentality than human life is the custodian of?**

**Intellect means many things, but it also gives to human life abilities beyond what anything else created possesses or is the recipient of. The mentalities vary in their abilities to speak and to commit to many great, not just events, but conditions and situations that are above and beyond human perception.**

**Today as I speak, it is to awaken and to alert thousands, hopefully, of human beings to understand that they do not have the capability to do the things that they live with, and many things they are exposed to, and many areas in which what is occurring is above and beyond human capability. I talk about the sun, I talk about the moon, I talk about the stars, and I talk about all that surrounds the earth for the safety of human lives to be able to live upon the earth day by day.**

**All I am saying now is to awaken the mentalities of those who refuse to understand that there is an Ultimate Creator of All there is, and definitely, of man.”**

MARCH 4, 2005 AT 12:49 P.M.

**“We are always present where this *little one* is, because she is the one who has been chosen to give The Father’s Love in an open manner, way, aiding all ages of individuals to understand and to realize that there is a Divine Entity of Divine Souls that is not seen with the human eye, but it is innately sensed by one’s understanding in how The Creator does things for the benefit of Souls of millions of human beings.**

**We hear so many differences of opinions. It is sad when We hear this, because logic does not seem to enter the picture, only the interest in what is spoken wrongly. Opinions are either assumptions or personal understanding on particular words that do not always project the value of the words, the truth in the words, or the value that is being openly spoken, openly written.**

**We hold *the little one* tightly, because there are so many times Our Words, in Their rapidity of delivery,**

affect What is being spoken in a practical, logical, formal manner.

So Many of Us stand by This Gift continuously, because It is a Gift beyond what It is discerned to be. There is jealousy that is based on wrong intentions, wrong understanding, and of course, jealousies.

All of Us Here in the Heavens could speak hours on end with no stop, because there is so much to be learned by those yet alive throughout the world. Time is endless as far as how much the mentalities can perceive as important, because as human beings learn from each other, the present generations and those yet to come, will be able to absorb All that was given at an earlier time.

We All speak differently at this time, because it is so important for Truth to be understood, and the value of What is being projected for the sake of millions of Souls has an importance in It, beyond what the human mind perceives It to be.

Many of Us Saints, after One speaks, We say '*God bless you.*' The individual does not hear it, but

**sometimes What We speak gives  
strength unbelievable.”**
